THE TWENTY-NINTH ANNUAL REPORT
OF THE
PROTESTANT INFANTS' HOME.

SECRETARY'S REPORT.

"Do thy duty that is best,
Leave unto the Lord the rest."

In reviewing the year just closed, we find it has been one of greater activity for us than many of the preceding years.

We have attempted many things, and with the help of kind friends, have accomplished much, but we are still striving after greater achievements than at the present moment seem possible.

Each year finds our work increasing, and the demands upon our resources greater, and though in the evening we often feel disheartened, fresh courage comes with the brightness of the morning, and we again take up our burden, ever hoping to place our institution on a better footing than it hitherto enjoyed, and longing for the day to dawn when we will find our position, from a financial point of view, much more secure.

At the beginning of the year just closed there were 61 children in the Home, 70 have since been admitted making a total of 131.

Of this number 51 have been removed by parents or friends, 4 transferred to the Orphan Asylum (they having attained the age of five years), 5 have been adopted, 22 have died and 49 remain in the Home.

Of the total number of children received into the Home during the year, 7 were the children of widowers, 9 of widows, 7 with mothers sick in the hospital, 3 with mothers in the Insane Asylum, 18 children of deserted wives, 6 of parents unable to provide for them, 1 foundling and 19 were illegitimate.

Owing to the prevalence of measles, chicken pox and scarlet fever in the Home at different times during the year, and our inability at such times to receive little ones, the number of children is not nearly as large as it otherwise might have been.

Last year we were quite convinced that all we required was an Isolation Ward; but as the tenders came in, and the cost of a new wing fully estimated, the majority of the Committee felt it would be

folly to add such a building to our present old one, and all were unanimous in desiring to sell our present Home, and erecting a new one at the western extremity of the city. Accordingly, the property was placed in the hands of Estate Agents, who we hope will be successful in disposing of the same.

We feel that the general health of the establishment would be much improved if we could place our Home in one of the open spaces at the west end. A new building, with the improved plans of ventilation, and all the modern ideas of convenience, isolation ward included, would greatly add to the comfort and health of the inmates. We trust the sale of our present building will provide us with the wherewithal to erect such an ideal place.

We have received more than the usual amount of kindness and consideration from our friends this year, for in all our undertakings they have valiantly come to our assistance, thereby making our unusual ventures a series of unqualified successes.

In April Prof. Norman kindly offered an entertainment in our behalf, "The Carnival of Nations," which added some \$200 to our funds, causing us all to feel very grateful for his kindness and the trouble taken by him to make it a success.

On the 20th and 21st of October, with the assistance of many of the churches, viz., Erskine Presbyterian, American Presbyterian, Church of the Messiah, and Douglas and Dominion Square Methodist Churches, we held a Bazaar, or "Festival of Holidays," as it was called, in the Windsor Hall, which netted the handsome sum of \$1,300 towards our New Wing. We now take the opportunity of again thanking the many friends who assisted us in that undertaking.

Some of the churches preferred giving a sum of money towards our project rather than taking an active part in a Bazaar; these churches were St. Andrew's, St. Paul's, Knox and Crescent Presbyterian Churches, and we are very grateful indeed for the substantial assistance from them. We also received many subscriptions towards the New Wing.

The Ladies of the Church of St. Mathias, Westmount, sent us a very generous offering of fancy and useful articles, which went a long way towards helping us make the display we did, resulting in such a substantial return.

We have also received two bequests during the year, one from the estate of the late Mrs. Watson Smith of \$500, and another, also of \$500, free of legacy duty, from the estate of the late Mrs. Hutton, both of these are left towards the permanent fund; and a gift of \$200 from Walter Drake, Esq., the interest of same to apply as his late wife's yearly subscription to the Home. Such gifts gladden our hearts, and seem to draw the day nearer when we will be upon an

independent footing, and our ardor not dampened by the decrease in the subscriptions as at present.

We again have to report a shortage in our collections, the increase in some localities not being sufficient to offset the deficiency in others. No doubt the demands upon the funds of our friends increase each year. As the city grows in population other charities are started, and all are equally worthy of assistance. We have adopted a new plan of raising money, which we hope will prove successful. Each member of the Committee, and as many friends as will assist, are given a little book called the "Tithe Gleaner," which holds, when filled, exactly five dollars, and as the subscriptions are all in ten-cent pieces, we feel that we will meet with few refusals.

It is with feelings of deep regret that we record the death of our Honorary President, Mrs. James Hutton. Though the state of her health has prevented her from taking an active part in the working of the Home for some time past, yet her interest has never flagged, and we always felt assured that her sympathies were ever with us.

During the past summer our little ones had their usual outings, spending all fine days in one of the fields off Cote des Neiges, kindly placed at our disposal by Mr. McCord. We feel we must take this opportunity of thanking both Mr. and Mrs. McCord for the consideration they have shown us, and the little ones have been so generously entertained when overtaken by a sudden shower, that I am sure many of them have rather longed for rain. They also enjoyed a street car drive, making a very bright red letter day in their existence. They were taken to Maisonneuve, through Westmount and then around the Amherst line, a long and delightful ride, forming the groundwork for many a day's prattle in the nurseries.

We often wish it were possible to give the children more pleasure indoors than they have. The nurses do all in their power for them, but it is something from the outside world that is needed to brighten their little lives. A few years ago two ladies visited them every week, teaching them little songs and amusing them in various ways. The advent of the "Singing ladies," as they were called, was most eagerly looked forward to, and was a real source of pleasure to the children. We hope some kind friend will come forward to do the same work for the little ones now with us.

It is with pleasure we report five adoptions during the year, making 134 in all since the Home was established. The babies in the city have all been visited in their new homes, and appear very comfortable and happy, showing every sign of the affection and care lavished upon them, while the parents by adoption profess to be perfectly delighted with the children.

Many changes have occurred in the internal management of the

Home since the last report was presented. During the summer Mrs. Van Allan, who had served us faithfully for some time, found that her increasing years rendered her unable to perform the duties required of her, and accordingly left us on the first day of September. We were most fortunate in securing the services of Miss McIntyre, who, with her thorough knowledge of nursing and love for children, has proved herself a most efficient help. We also have two trained nurses in the upper nurseries, Miss Derry and Miss Cavanagh, and it is largely due to the precautions taken by them that the sickness resulted in only sixteen cases of fever. But the strain proved a little too much, and after all was over Miss McIntyre collapsed, and was obliged to go into the hospital for some weeks. Miss Chapman kindly came to our assistance in this predicament, and under her supervision everything appeared to be running along smoothly, when sickness again appeared in our midst, this time in the form of whooping cough, which we hope soon to overcome. Mrs. Campbell is still caring for the children in the lower nursery, with a nature broad enough to give to each and all a mother's love, affectionate care and consideration.

During the year Dr. Anderson was added to our medical staff as Bacteriologist, and has proved of very great assistance to the doctors in their work.

It is with feelings of gratitude that we refer to the kindness of the Infant and Foundling Hospital in receiving many of our urgent applications and caring for them until the sickness was banished, and we were again able to open our doors to the public.

We are indebted to several clergymen of different denominations for their attendance at the Home to hold services on Thursday evenings throughout the year, which have proved a source of pleasure to the inmates.

Our thanks are also tendered Mr. Peter Wood for Bible readings on Tuesday and Saturday evenings, and to Mrs. Fairman, Mrs. Gatehouse and others for readings on Sunday evenings.

During the year Mrs. W. I. Shaw and Mrs. George Esplin were added to our Committee.

The Managers' annual meeting was held on April 5th, 1899. The following officers were elected for the ensuing year :—

We cordially invite all interested to visit the Home; it is open for inspection at all times.

All of which is respectfully submitted by the Managers.

ANNIE BENALLACK,

Secretary.

REPORT MEDICAL BOARD.

Mr. Chairman, Ladies and Gentlemen,—The Medical Board take pleasure in presenting the annual report for the year 1898-99.

Although on the whole the general health of the Home has been good, unfortunately during the year there have been several epidemics of contagious diseases, notably scarlet fever and whooping cough. These visitations impress us more and more with the necessity of an isolation ward, where suspicious cases might be kept under observation until a positive diagnosis could be made. Children also who are admitted should be isolated until the incubation stage of the most common contagious diseases has passed. You are all aware a child may be admitted in an apparently healthy condition, and yet have lurking in the system some little microbes which are steadily at work, and whose presence may not become manifest for some time after admission.

Notwithstanding all our precautions, disease will break out in our midst from time to time, and there is no doubt in the minds of the Board that in most instances the contagion has been brought into the Home through the carelessness and ignorance of friends of the children. But in the face of these facts, are we justified in permanently closing the Home from visitors? We think not. Love in the case of the poor to their offspring is just as strong as in the case of the rich, and it would seem cruel to prevent parents seeing their children.

We have said it before, and we repeat it, we can only do our best to prevent disease from entering our portals, and use every means to eradicate it when it does enter. The fight is oftentimes long and arduous, but in the end we generally succeed.

On looking over the causes of death, it will be noticed that the greater number occurred during the heated term of summer. This is one of the most trying periods of the year, especially on bottle-fed children.

We need a new and larger Home, with modern improvements. With better tools we can do better work. "All things come to him who waits." The new building and the modern improvements and the isolation wards will come. We have a Ladies' Committee, not a committee merely in name, but a working committee, one far-reaching in its influence. With the combined force of such a committee almost anything is possible.

The Board would take this opportunity of expressing the high esteem in which they hold Miss McIntyre, our matron, and how much they appreciate her untiring efforts to promote the interests of the Home. It was with sincere regret we saw her laid aside through illness. We extend to her a cordial welcome upon her return

to her post of duty, and trust the year which has now begun may be to her one of prosperity and happiness.

The new departure also in having nurses specially trained in the management of children has been of untold value. The Nurses Derry, Cavanagh and Chapman have all been faithful, and merit the thanks of the Board. Mrs. Campbell still exercises the same motherly care over the little ones who have passed from infancy to the higher rank of childhood.

The Board has been considering the advisability of establishing a training school for young women who would like to study the care and management of children. The treatment and nursing of children is very different from that of adults, and there are many trained nurses in Montreal who know nothing whatever in regard to the proper care of infants and young children. The matter has only been discussed, nothing so far being decided upon.

A report of this kind would not be complete without a few statistics. At the beginning of the year just closed there were 61 children in the Home; 70 have since been admitted, making a total of 131. Of this number, 22 have died in the institution, being a death rate of 16.8 per cent.

The causes of death were as follows:--

Laryngismus	1
Acute Inanition	1
Mycotic Diarrhoea	2
Convulsions	1
Marmasmus	12
Heart Failure	1
Acute Follicular Catarrh	1
Infantile Debility	3
Total	22

The ages of those who died are as follows:--

3 months	2
5 months	1
6 months	2
8 months	1
13 months	1
15 months	3
16 months	3
17 months	3
18 months	4
19 months	2
Total	22

The deaths were distributed throughout the year as follows :—

April	1
May	1
June	1
July	5
August	5
September	2
October	3
November	1
December	1
January	1
March	1
Total	22

The Board desires to congratulate the ladies upon the work they have done. We need scarcely say it is a good work—a necessary work. It has been before the public for many years. It helps to raise the fallen—it helps the widow and the orphan—it does good to those who help it.

“ The quality of mercy is not strained—
It droppeth as the gentle rain from heaven
Upon the place beneath. 'Tis twice blessed :
It blesseth him that gives and him that takes.”

To help assist others in less fortunate circumstances than ourselves is to know some thing of the “luxury of doing good.”

Respectfully submitted,

W. GRANT STEWART, B.A., M.D.,
Sec. Medical Board.
