OBITUARY

Mrs. Dennis Colohan: Mrs. Dennis Colohan, widow of Captain Dennis Colohan, died Sunday morning at 7 o'clock after a comparatively brief illness. She survived her husband by only a few weeks. Since Captain Colohan died in December last Mrs. Colohan had been in poor health and recently pneumonia developed and this was the cause of her death. She is survived by one brother, Patrick Donohoe. Many friends will be sorry to learn of her death.

Mrs. Elizabeth Farmer: The death occurred in this city, on the 26th inst., of Mrs. Elizabeth Farmer, wife of the late Richard Farmer, who was one of the city assessors some few years ago. Mrs. Farmer was eighty years of age. Here in this city she resided in St. John all her life, being a pioneer member of St. Luke's church. The deceased had been in poor health for several years. She is survived by three daughters—Anne, Bessie and Alice, at home, and two sons—Richard V. Farmer, of the inland revenue department, and A. B. Farmer, with C. Miller, met, and A. B. Farmer, with C. Miller. The funeral will be held this afternoon at 2.30 p. m., from her late residence, 28 Main st.

Mrs. Annie Magee: The death occurred in this city, on the 26th inst., of Mrs. Annie Magee, widow of the late James T. Magee, at her home, 3 railway street. Mrs. Magee has been in poor health for the last three years, but suffered from a paralytic stroke last Thursday, which hastened her death. She is survived by her brother, Colonel Blaine, of this city; four sons—William J. Alexander, W. John and Harry P., all of this city; and two daughters—Mrs. J. W. Cameron, of this city, and Miss Fannie at home. The deceased was born in County Donegal (Ire.). For many years she was a prominent worker in the Women's Missionary Society of Remond street church. The funeral will be held on Tuesday afternoon from her late residence, 8 Wright street. Service will begin at 2.30.

S. Kent Scovill: It was with sincere regret that the many friends of S. Kent Scovill learned on Saturday of his death in Letbridge (Ont.). Mr. Scovill, who was a son of the late B. G. Scovill of this city, was thirty-five years of age and had been in the west about five years. Previous to going west he conducted a successful business in this city. Letters received by friends here indicated that he was well satisfied with his business prospects and western Canada and that he was looking forward to a successful career there. Consequently his death, at such an early age, is a severe shock to his family, circle as well as to his many friends. Mr. Scovill is survived by his widow, one son, his mother, two brothers and two sisters. The mother, sister, widow and son reside in this city, and brother, Walter B., is in northern New Brunswick, and another brother, E. C. Scovill, is residing in British Columbia. The body will be brought to St. John for burial and is expected to reach here on Wednesday or Thursday of this week.

Capt. Robert R. Blauvelt: At Tuxton on Tuesday last Capt. Robert R. Blauvelt died at the age of 82 years. He had been in feeble health for several years. When a lad he followed the sea, and was first employed on American vessels and afterwards, and went to Yarmouth as first officer of the first steamer owned in Yarmouth—the Eastern State—about 1856. He afterwards took command of the Endeavour, latterly the Dominion, and continued in charge until she was taken off the Boston route. His service between Yarmouth, Boston and St. John covered a period of about 30 years. He was born in Tuxton in 1827, and is survived by his wife, who was the late Mrs. Malala, eldest daughter of the late Asa Robinson of Tuxton; four sons—Frederick of New York; George, of Canada; Charles of Lynn, Arthur at home, and two daughters, Mrs. Edna Kelly, of Kelley's Cove, and Mrs. Ralph Binney, of Tuxton; also one sister, Mrs. Margaret Robinson, widow of Samuel Robinson, of Tuxton, who is 85 years of age.

In the equity court rooms on Saturday evening an interesting debate was held on "Resolved, that a railway should be built through the St. John Valley." C. H. McLean led in the affirmative and G. H. Adams the negative. J. S. St. John, who acted as judge, rendered a decision in favor of the negative.

Two Carlton youth, Roy Frye and Fred Smith, had a narrow escape from drowning yesterday afternoon by being washed off the "X-ray" breakwater while engaged in playing "chase."

LIBERALS HOLD THE OTTAWA SEAT

Deal Crushing Blow to Conservatives in By-Election—Plans for Parliament

Ottawa, Jan. 30.—The by-election in Ottawa, caused by Sir Wilfrid Laurier's decision to sit for Quebec east, resulted in a victory for Albert Allard, Liberal, over Dr. J. L. Chabot, Conservative, by a majority of about 650. In the French-Canadian and Irish Catholic portion of the city the Liberal candidates had a majority of about 900. In upper and centre town Dr. Chabot had a majority, but it was so much smaller than the Conservatives expected that there has been disappointment in the opposition camp. Central ward in which a Conservative majority of at least 600 was expected went against the Liberals by the narrow margin of eleven votes.

The Conservatives made the naval question the issue, Dr. Chabot declaring in favor of a "big" Dreadnought fleet, the Liberal party as an emergency measure, these to be returned to Canada to form a part of its navy. Mr. Allard endorsed the government's naval policy. The result of the election is, therefore, a hearty endorsement of the government's naval policy by a city constituency, in which all the classes which make up the Canadian people are well represented, and an emphatic refutation of the claim that the vast majority of the Canadian people believe in the so-called German peril and the necessity of raising into a heavy armament expenditure.

The poll was about 1,000 less than at the last general election, which is regarded as another indication that the people are not excited over the naval issue. Sir Wilfrid Laurier's majority at the general election was 625. On Tuesday Hon. Geo. P. Graham will make his annual L. C. R. statement and it is hoped that the most important railway estimates will be voted, as this is the last week Mr. J. Butler, retiring deputy minister of railways, recently appointed general manager of the Dominion Coal & Wood Company, will be available to explain details.

ACID DYSPEPSIA

Nervous People Are Frequent Sufferers From Too Much Hydrochloric Acid In The Stomach

A Trial Package of Stuart's Dyspepsia Tablets Sent Free. "Our stomach," or acid dyspepsia is a form of indigestion which chiefly affects the stomach. A sour taste in the mouth is the most common symptom of acid dyspepsia, and the white, which is normally changed to acid, or just the opposite of what it should be, and is a state of the secretion which causes rapid and extensive destruction of the teeth.

Everything eaten turns more or less sour in the stomach, but sugar and acid fruits are far worse in this respect than other foods. If the secretion of liquids from the stomach occurs, they have such an extremely sour taste as to set the teeth on edge.

Hydrochloric acid is an important constituent in the gastric juice, but when too much of it is secreted, it does positive harm to the mucous lining of the stomach and when acid dyspepsia is long continued it often sets up chronic gastritis, gastric ulcer, and other serious diseases. The premature loss of all the teeth has been caused by acid saliva, which was dependent upon the excessively acid condition of the stomach.

STUART'S DYSPEPSIA TABLETS, besides furnishing pure, aseptic pepsin to the stomach to dilute the excessive hydrochloric acid, and to digest proteins and albuminous foods very thoroughly, also contain bismuth subnitrate and salolium carbonate, which are antagonistic to the acid, and therefore neutralize the effect of the excessive amount of acid in the stomach, and the continued use of these tablets will change the perverted condition of the secretions to a normal state.

If you are suffering from "hyperchlorhydria" as physicians term it, or in other words, acid dyspepsia, and experience a sour taste in the mouth, with cold, crue, times or heartburn, begin at once the use of Stuart's Dyspepsia Tablets, using one or two after each meal or as may be required, and the same quantity at retiring time, for if this trouble is allowed to run on, it may cause serious organic changes in the stomach. There are cases on record where the lining of the stomach has been completely eaten away through perverted action of the secretions.

Stuart's Dyspepsia Tablets have been tried in all forms of indigestion and dyspepsia, with unflinching success, so that no matter which form you may be suffering from, the quickest way to bring about a cure is through the use of these powerful stomach tablets.

Secure from your druggist a fifty cent box, and get cured of acid dyspepsia, or whatever form of indigestion you may be suffering. Also send us your name and address for free sample. Address E. A. Stuart Company, 120 Stuart Bldg., Marshall, Mich.

Troubled Every Winter With Severe Colds. Dr. Wood's Norway Pine Syrup Cured Her.

Mrs. W. J. Hammond, Hamilton, Ont., writes: "I beg to say that I have used Dr. Wood's Norway Pine Syrup for my youngest girl who was troubled every winter with bronchitis and very severe colds. After the first bottle was finished I got more, and always kept a bottle in her room for night. Dr. Wood's Norway Pine Syrup is certainly a wonderful thing in a case like the above mentioned and in one can prevent it too highly. I have taken every opportunity to recommend it to all my friends and relatives. WANTED TO VOMIT

A Condition Involving Both Liver and Stomach that was Quickly Cured by Dr. Hamilton's Pills.

The doctor told me my sickness was caused by complications of the stomach and liver," writes Mrs. E. P. Fourraire, well known in Williamsport. "The best relief came in eating your pills, and after a time actual vomiting was easily stopped. I grew very thin, pale, with dark lines under the eyes; my strength failed; that even light housework quite exhausted me. Of course, with a large family, I could not afford a doctor all the time, and when I was almost despaired, I tried Dr. Hamilton's Pills. From the very first they acted wonderfully in calming my nerves, and after a while my system became quite regular, and that horrid sick feeling only came now and again. This made me preserve, and it was a good thing I did so, because the continuation of Dr. Hamilton's Pills was the means of giving me my health again, and I am now the happiest woman I know."

Every person with stomach trouble can be cured with Dr. Hamilton's Pills—refuse any substitute. At all dealers, or the Carthage Co., Kingston, Ont.

**Your money back if Purity Flour does not prove entirely satisfactory in the baking.**

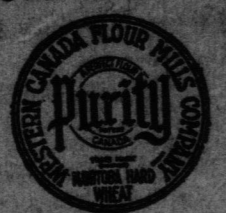

DON'T simply buy flour from the dollar and cent side of it. Buy high-quality flour. That means PURITY FLOUR. The first little extra cost is more than made up by the extra number of loaves of bread and more by the superiority of the bread and pastry in sweetness of flavor and moistening qualities. Buying Purity Flour is a safe investment. You get large returns, not only on account of Purity's ability to produce more, but because Purity contains the greater nutriment and the vim of a strong hard wheat flour. Food made from Purity Flour gives the consumer health, snap and force, which cannot be gained from the use of the weaker soft wheat flour.

**"MORE BREAD AND BETTER BREAD"**

## PURITY FLOUR

You can buy as little as a 7 pound cotton bag or in 14, 24, 49, and 96 pound sacks. Also in barrels and half-barrels.

Purity may cost a little more than some flours but you'll find it more than worth the difference. To be genuine, must bear the Purity trade mark.

George Melrose was on Saturday elected captain of the High School athletic team, that will compete next Saturday night against the Y. M. C. A. business boys. The entries for the meet will close Thursday night.

### Hockey

Moncton Transcript—It is possible that the Halifax Crescents will play against Moncton team here within the next two weeks. Captain Joe Gouding, of last year's Victoria has been announcing to arrange dates and says the chances are good for the Nova Scotia team to come here.

While a good deal of Moncton's hockey talent has been siphoned up by outside teams, there is sufficient left to make a pretty respectable aggregation. Gouding suggested that some one should try with re-organizing the Victoria team. He thought that with Wortman in goal, an intermediate point, Jack Brown at cover, Dayton at center, himself forward and Cash Dayton and Styles on the wings, the Victoria could give most of the teams hereabouts a run for their money. It is

like April. Nearly all the snow is gone and the ice is unsafe for traveling. Very few sleds are being taken and the price has fallen from 6 cents a pound to 2 1/2 cents. A large quantity of bass have been caught but many are too small for market.

Gus Campbell, of Bass River met with a serious accident a few days ago. He was driving a pair of horses when the animals became frightened and ran away. His body was torn by coming in contact with a hook on the sled. He lies in a critical condition.

A bill will be introduced in the U. S. congress to suspend the tariff on meat for one year. An ordinance will be introduced in the New York city council to prevent cold storage goods from being sold as fresh.

# A Fine Time to Wo the F

Certain it is that those who have not tried it, have some facts to learn by breaking this way:

- A LITTLE FRUIT either fresh or stewed
- A dish of GRAPE-NUTS and cream
- A cup of some hot beverage--Postum--Tea--Cocoa or Hot Milk
- Some bread and butter and there you are--

Plenty! Plenty! Plenty!

REPORT ON 'PHONES  
MAY BE WEDNESDAY

Board of Trade Committee Has  
Considered Company's  
Answer—A Busy Week

The special committee of the board of trade, which has been looking into the situation as regards the increase in rates will probably report to the council early this week, possibly on Wednesday. The committee has been considering the statement prepared by the telephone company in answer to their first report, and they are now ready to submit a report on the whole question.

Owing to several other meetings having been arranged for this week, a definite time for dealing with the matter has not yet been fixed.

Tomorrow evening will be occupied with the Canadian Club's annual meeting and members of the board will probably be in attendance. Thursday night will be taken up with a session of the advertising committee.

Montreal, Jan. 31.—(Special)—The St. John boys, Nuttall and Ingraham, who came to Montreal expecting to go to Saratoga Lake for the speed championships, are somewhat disappointed on account of not being here for the trial. The M. A. A. has decided they should not risk under their colors, and they will go unattached.

CORSICAN IN, HAD  
A ROUGH VOYAGE

Steamer Brought 543 Passengers  
All But Forty Landing at Halifax

Allen line steamer Corsican, Captain Gambell, arrived in port early this morning from Liverpool via Halifax. Her trip across the Atlantic to Halifax was a stormy one, the big ship having encountered heavy weather on one day making only 100 miles. Until she arrived off Cape Race she met heavy westerly winds and on approaching the coast the winds shifted to southerly.

The Corsican had 543 passengers, made up of 36 stokers, 88 second cabin and 481 steerage. The cabin passengers were Fred Baker, P. E. Burns, Arthur T. Cooley, O. M. Crahanthorpe, Mark Hambour, Mrs. Hambour, Geo. Hay, J. A. L. Henderson, W. Hoop Henderson, F. A. Kinney, Mrs. Knapp, Capt. Mr H. V. Koske, Mrs. Koelle, Messrs Desmond Knoffe, Mrs. du Kureyo, Miss Helen Maclean, J. D. McLeod, Rev. Albert O'Neil, A. de Sanchez, Master Peter de Sanchez, Miss A. de Sanchez, Miss C. de Sanchez, A. L. Walker, Rev. B. J. Walker.

All were landed at Halifax except forty second cabin and steerage passengers, who came aboard to this port in the steamer. The Corsican is now at No. 2 and 3 berths west end.

Allen line steamer Corsican, which arrived this morning early from Liverpool, has a very large cargo for Western Canada. Her inward manifests took 100 pages of foolscap paper to file at the Customs house.

THE ELMA

Work of Pumping Out Completed This Afternoon—Portland Paper "Knocks" Not Justified

The work of pumping out the schooner Elma was completed this morning again at 10 o'clock. The tug Kitchener and Sprinhill are alongside and it is expected that their united efforts will result in her being pumped out this afternoon. The decks are already above water and she will probably be towed through the falls by tonight's tide by the tug Kitchener, and placed on Hilyard's blocks.

In last Saturday's Portland Argus, the following item appeared: "In marked contrast to the harbor conditions at this port the three masted schooner Elma, well known here, was sunk at St. John, N. B., a few days ago, by collision with a piece of running ice. She was totally submerged, being all of seven or eight feet under water, and will probably be raised in a few days."

The report is wrong, and for that poor information the Times makes public the true position of the schooner mentioned above. She was laid up for the winter at Marble Cove, on the St. John River.

SAILOR GETS TWO MONTHS' SENTENCE

John Burns, a sailor, belonging to England, was fined \$30 or two months' jail in the police court this morning on a charge of assaulting Stephen Shears, a colored man, in the Salvation Army Metropole last night.

Shears showed the effects of his encounter this morning, for his face was badly cut and his eyes swollen. There was considerable blood dried on his coat, and his general appearance was not altogether as though he had come off even second best in his "scrap." He said that he had not annoyed Burns in any way, and did not know why he had been hit.

He told the officer in charge of the Metropole of the occurrence, and Burns was at once arrested by Policeman Joseph Scott.

The letter said that the prisoner had been very unwell while being arrested, and had to be handcuffed. He spoke in no uncertain terms of the manner in which he was being treated, and made some very "unfriendly" remarks about "Canadian coppers."

A striking feature for this time of year was the departure, for the Nerepis bridge yesterday, of the tug James Holly with boom. The tug boat left about 1 o'clock and returned at 8. She went up to place some booms for some logs of W. F. Barnhill at the Nerepis bridge. She reports clear water all the way, and also clear water on one side of the reach as far as could be seen.
