THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, MARCH 25, 1919

## GOOD THINGS COMING TO THEATRES OF ST. JOHN

### HIGH CLASS ACTS, FIVE, OPERA HOUSE

#### Covens of \$5,000 Value in Parisienne Feature of Tonight's New Programme

The vaudeville programme at the Opera House tonight offers five high class novelties, including Frances Renault, the Parisienne fashion plate, in a real sartorial novelty, displaying more than \$5,000 worth of manny gowns, and a feature that created quite a sensation recently at Keith's Theatre, Boston; Jerome and Herbert in a big laughing hit of songs, comedy, and vaudeville; a comedy, acrobatics and everything else to make you happy; Todocci, a comedy, and a comedy, acrobatics and everything else to make you happy; and a comedy, acrobatics and everything else to make you happy.

## LOCAL NEWS

### HOME FOR BURIAL

The body of Otto Brown, son of Malcolm D. Brown, principal of Muffin school, who died in Brookline, Mass., was brought to the city today, accompanied by the father, mother and sister, Helen. It will possibly be taken upriver for interment.

### BURIED TODAY

The funeral of Henry Graham took place this afternoon from his late residence, 66 St. Patrick street, to the Cathedral, where service was conducted by Rev. W. L. Moore. Interment was made in the new Catholic cemetery.

The funeral of Mrs. Thomas Larkin took place this afternoon from her late residence, 99 Prince William street. Service was conducted by Rev. F. S. Dowling, and interment was made in Cedar hill.

The funeral of Miss Jennie Kinney took place from the residence of her late brother-in-law, John I. Finley, 74 Waterloo street, this afternoon. Service was conducted by Rev. G. A. Kuhring, and interment was made in Fernhill.

The funeral of Joseph Sabean took place from his residence Millidge avenue, this afternoon. Interment was made in Cedar hill.

### MRS. MARGARET TWEEDIE

Mrs. Margaret Tweedie passed away early this morning in the Old Ladies' Home. She was the widow of Edward Tweedie, and was in the eighty-seventh year of her age. She is survived by one sister, Mrs. Alexander Donald of Moncton. Mrs. Tweedie was active and able to be about until two weeks ago when she fell and broke her hip and the shock was so great that she resulted. She was a woman of kindly disposition and beloved by all who knew her. During the war she did a large amount of work for the Red Cross and other patriotic organizations. A host of friends throughout the city will regret to learn of her death. This afternoon at four o'clock a funeral service will be conducted by Rev. J. A. MacKenzie, after which the body was to be taken to the Union station and sent to Moncton this evening for interment.

### QUEBEC SALARIES

Quebec, March 25.—A special committee of the city council appointed to revise the salaries of the city employees offered to pay the police and firemen \$1 a week more and to arrange for the double shift system for the fire department. An increase of 12 per cent on their present wages was offered to the employees of the waterworks and roads departments.

### Notice of Births, Marriages and Deaths, 50c.

### BIRTHS

McAVITY—To Mr. and Mrs. Allan G. McAvity, a son, March 24.  
HOPKINS—To Mrs. Frank E. Hopkins, a son, 60 Cedar street, on the 25th inst., a son.

### DEATHS

TWEEDIE—At the Old Ladies' Home St. John, on the 25th inst., Margaret Tweedie, widow of Edward Tweedie, of Moncton, N. B., aged eighty-seven years, leaving one sister.  
Service at the home this Tuesday afternoon at 4:30 p.m.; remains will be taken to Moncton on this evening's train for burial tomorrow.

WATERS—In this city on the 25th inst., John Waters, in the eighty-fifth year of his age, leaving two daughters and three sons to mourn.  
Funeral from his late residence, 69 St. Patrick street, Thursday at 2:30; friends invited to attend.

McMANUS—In this city on the 25th inst., Bridget Ferguson, daughter of the late Patrick and Ann McManus, leaving one sister to mourn.  
Funeral Wednesday morning at 8:30 p.m. from her late residence, 10 Germain street to Cathedral for requiem high mass; friends invited to attend.

GANEY—At her mother's residence, 56 Protection street, West End, on the 24th inst., Agnes L. Ganey, leaving her mother, two brothers and one sister to mourn.  
Funeral tomorrow, Wednesday morning, at eight o'clock to the Church of the Assumption for requiem high mass; friends invited to attend.

### MEMORIAM

VAIL—In loving memory of Prudence A. Vail, who departed this life March 25, 1918.  
You're not forgotten, mother dear,  
And never shall you be,  
As long as life and memory last,  
We will remember thee.

### FAMILY

KIMBALL—In loving memory of my dear sister, Catherine Kimball, who departed this life March 25, 1912.  
A loving sister and motherly friend.  
A faithful friend has gone from here;  
She parted from a world of pain,  
And only sleeps to live again.  
SISTER HATTIE

## MEETING OBJECTIONS OF U. S. SENATORS

### League of Nations Commission Makes Some Changes in Form

Paris, March 25.—(By the Associated Press)—During a three hour session last night the League of Nations Commission, considering proposed amendments to the covenant, formed tentatively of the first sixteen sections, agreeing upon some changes in form which the members of the commission believe will meet more than fifty per cent of the objections offered by Senator Lodge and other American senators.

- Pte. Stokak, Woodstock.
- Gr. C. F. Walker, Norton Station.

## MEETING OF VOCATIONAL EDUCATIONAL BOARD

### (Special Times)

Fredericton, N. B., March 25.—Fourteen discharges were given at the district discharge depot this morning. The technical education board will meet here tomorrow morning and afternoon. Those expected to be present are: Fred Magee, M. P., chairman; Dr. V. S. Carter, Dr. H. V. B. Bridges, R. P. Steves of Sussex, E. P. Bradt, secretary of agriculture; Rev. Father Foster of St. Joseph's and G. H. Maxwell of St. John.

The programme will include a statement of progress made in various localities toward the establishment of vocational schools or classes; outlining of the work for the Woodstock vocational school; general plans for the coming school year; consideration of plans for the training of vocational teachers; estimate for the school year 1918-20; discussion on the attitude of the province toward vocational education; and how it may be most quickly secured; amendments to the vocational education. The technical education committee of the Fredericton board of trade will confer with Mr. Magee, M. P., chairman of the board, at a moment when the Allied governments, who, having left no blunder unmade, are more than ever in need of support of public opinion, they raise a regular Chinese wall between the public and themselves.

Perfess writes in the Echo de Paris: "The Council of Ten Goes Under Ground." The Journal says: "The conference has made a heroic resolution. It has decided to drop its wounded dignity in the most absolute mystery."

Shoes are on sale from 98c up to \$4.98, every size and shape unmentionable. Stock promptly is brought from London so that plenty of footwear is always on display. This sale is expected to last the city by storm. Store open until 10 p.m.

## PERSONALS

Lieut. A. J. Coughlan, M. D., of Camp Hill Hospital, Halifax, returned last evening after spending the week end at his home in Dougan avenue.

## SOLDIER'S BRIDE DIES HERE

The home-coming of Pte. F. J. Hammond, of Vernon, B.C., was saddened yesterday afternoon, when his wife died from pneumonia, following influenza, at the age of thirty-three years, contracted while coming from England on the Metropolitan, and in New Brunswick. Pte. Hammond had been married only a short while and he was bringing her to Canada. They were going to British Columbia, where they intended making their home. When Mrs. Hammond arrived in St. John she was very ill and was taken to the hospital, St. James street, where everything possible was done that she might recover. It is expected that Pte. Hammond will take the body to Vernon for burial.

## SOLDIERS DISAPPROVE THIS ACTION OF THE RED CROSS SOCIETY

Quebec, March 25.—Disapproving action of the Red Cross Society requiring payment from prisoners of war for parcels sent, the Quebec branch of the Great War Veterans' Association passed a resolution last night. The resolution is that the Red Cross should be suspended from the right to sign the names of prisoners of war to ensure shipment of parcels to them. The Red Cross asks the prisoners receive only \$1.10 a day, and assigning about \$20 a month to the amount asked for by the Red Cross.

## KOREAN INDEPENDENCE

Seoul, Korea, March 25.—(By the Associated Press)—The Korean movement for independence is continuing determinedly. The movement for the most part is keeping to the previously decided upon method of passive resistance, but there have been numerous riotous disturbances in the interior, especially in the north, along the Manchurian and Chinese borders.

## EASTER SCHOOL HOLIDAYS

The public schools will close for the Easter vacation on Thursday, April 17, at the usual hour. There will be three school-day holidays—Friday, Monday and Tuesday, with the usual Saturday respite as well. On Wednesday, the 23rd, the scholars will return to their studies. In some of the buildings periodical examinations are now being held.

## YOU WILL APPRECIATE

Our many new and clean books. We have hundreds to rent for a few cents. Open evenings. Woman's Exchange Library, 158 Union street.

## Try our Home-made Candy, 60c. lb.

## THE BEST QUALITY AT A REASONABLE PRICE

Choosing a Watch  
A watch is something you should have kept help in selecting. In the standard good makes of watches, there are different grades and different prices. When you have these differences explained in detail, by some one who knows watches thoroughly, you get the watch best adapted for your needs and the best value for your money.

Where you buy a watch at Sharpe's you get this expert help. You choose from a large stock. The watch is returned to keep time in your pocket. You get thorough watch satisfaction and economy.

## JUDGE SPEAKS OF JUVENILE CRIME

(Continued from page 1.)  
to him that there was a wave of crime in the community, especially among young lads. Quite recently there had been numerous breakings into summer residences, apparently more through a spirit of bravado and for the purpose of destruction rather than for gain. Summer camps had been unlawfully entered at Duck Cove, at Woodman's Point, at other places on the C. P. R., at Dark Lake, at Crescent Lake, at Ashburn Lake and at different places on the Sandy Point road, while at Millidgeville three lads acting together, broke into one cottage from which they obtained rifle and cartridges and then proceeded to other vacant residences, obtaining access by firing through glass and in some cases through the key-holes, breaking in to no fewer than eleven cottages, in each of which they destroyed much property, upsetting and injuring furniture and leaving the interior in great disorder, and all the property taken was the rifle and cartridges and two wireless finger rings.

Then there had been very many breakings into stores. He could not speak from personal observation, but he had been informed that there was too much of the wild west scenes in the picture shows, and that the young boys and too many successful burglaries in which the chief actor was depicted as a young hero, and that the young boys through sympathy for the accused or his counsel, were inclined to sympathize with or bring about a disagreement.

A third consideration might well be put down lack of home supervision, and the tendency of the times as shown by the coroner's jury which recently recommended the immediate dismissal of a female teacher for the moderate corporal punishment of a boy pupil while in her classroom, and his subsequent death. Such an award challenging of disciplinary power, he said, must tend to Bolshevism in Canada.

The following are the petit jurors—Christopher J. Kane, Edwin N. Simpson (absent), Michael J. Kane (absent), H. Sterling, Thomas H. Haley, Harry P. Robertson (absent), William F. Kivern (absent), Michael J. Kane (absent), Frederick Watson (absent), Harold W. Stubbs, R. Wendell Quech, Harold D. Ferguson, Samuel J. H. Teed, George C. Estey (absent), Fred H. Logan.

The following grand jurors were summoned—Wellington H. Queen, James Myers, Runkin A. Sinclair, Alva H. Shipman, Ernest Whitley, J. Henry Dooly (absent), Thomas Nagle, Allan D. Barbour, William Donohue, J. Daniel White (foreman), Gilbert C. Gordon.

The criminal docket was as follows—King vs. John Hayes—bribe.  
King vs. McVey and Mayne—adultery.  
King vs. McVey—bribe.  
King vs. Connell, Kane and Kelly—breaking and entering.  
King vs. C. J. Kane—defending Hayes; William M. Ryan in the breaking and entering case, and K. J. McRae and C. J. Kane in the assault case.

On the civil side of the court there were no jury cases entered, one non-jury case was entered, and one non-jury case was entered. F. H. Teed appeared for the plaintiff.  
Kenneth J. McRae made application for naturalization papers on behalf of Edward Wilson, a Russian.

## NEW YORK'S WELCOME

New York, March 25.—Honored by congratulatory messages from King George and from the King of Belgium, the 27th United States division, composed of the 108th, 109th, 110th, 111th, 112th, 113th, 114th, LOCAL NEWS

The Laborers' Protective Union last night in Charlottetown passed a resolution for sale of beer containing not less than five per cent of alcohol.

An automobile owned by Dr. Edward J. Beagrieck was stopped before the doctor's house last night, but the brakes slipped and the car rolled across Union street and down Chipman Hill, bringing up against the curb with minor damages.

Detective Donahue yesterday placed two boys under arrest on the charge of stealing a watch from John Galles, 28 North street. In court the two pleaded guilty, but did not have their watch, having sold it to a man for \$1.50.

Major Victor Heron who has been general staff officer at local headquarters since his return from the front left for Washington last evening where he will become military attaché to the British embassy at that place. The position is regarded by military men here as a highly important one and Major Heron is to be congratulated on his appointment.

Unfavorable news for the sugar refiners of this city and Halifax was received yesterday by Secretary R. E. Armstrong, of the board of trade, in a lengthy communication from the directors of railway commissioners. The commissioners announced that in future days an order, No. 1888, previously adopted by order-in-council, will be put into effect, which means that railway freight rates on sugar refined in the cities named will be increased all the way from fifty to 104 per cent. The restoration of this order does away with commodity rates and re-establishes class rates, placing sugar refiners products in the fifth tariff class.

EVANGELISTIC SERVICES

United evangelistic services among the Carleton Methodists, the Ludlow street Baptist and the Charlotte street United Baptist churches have been fully arranged for and the first service was held in the Charlotte street church last night, where all the services will be held this week.

There was a considerable congregation and the service opened with a bright song service conducted by George W. Mot, of the Charlotte street church. The speaker was Rev. E. A. Westerland, who, taking no particular text, read from the Prophet Isaiah and the Acts of the Apostles and went on to point out the confusion, which exists in the industrial life of the world today, referring to the Bolshevism in Russia and Hungary. He described the industrial unrest in Britain and told of unsettled conditions in Canada and in New Brunswick, remarking particularly to the potato scandal.

He contrasted the days of the past and those of the present, when the old family altars are broken down and the voices of their parents raised in prayer are not heard by the children. Mr. Westerland suggested that the remedy of all this unrest could be found in the divine Power, that Power which in the beginning brooded over the spirit of chaos and darkness and brought from it law and order.

MAINE TO TRAIN RURAL TEACHERS

Skowhegan, Maine, March 25—A measure has just passed the Maine Legislature that promises to place the rural schools on a much higher plane of efficiency and the plan will be watched by many other states in the Union. Under the provisions of the new law, which was proposed by the state superintendent, Augustus O. Thomas, he will arrange for a special school of instruction during the summer months for 100 rural teachers, and teachers who are trained shall agree to return to the service of the towns from which they are chosen for a least one year, during which time they shall act as rural critic and helping teacher. For the present year there is appropriated \$20,000.

"Before you were married you said you'd lay down your life for me," she sobbed.  
"I know it," he returned solemnly, "but this wretched flat is so small that here's no place to lay anything down."  
—Philadelphia Public Ledger.

Cure That Cough Today Without Medicine

Easily Done by Breathing in the Healing Fumes of Ocatrhosone

No medicine brings such prompt relief, exerts such an invigorating effect or so thoroughly and speedily cures throat troubles as "Ocatrhosone." Doctors, hospitals, sanitariums—all say that for those who suffer from changeable weather, for those who are predisposed to catarrh, lung trouble, deafness, or bronchitis, no treatment is so indispensable as "Ocatrhosone."

For certain cures, for relief in an hour, use Ocatrhosone, the only direct, breathable medicine. Two months' treatment guaranteed, price \$1; smaller size 50c, sample size 25c, at all dealers everywhere.

Coconut Oil Makes A Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with.  
Don't use prepared shampoos or anything else that contains too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain purified coconut oil (which is pure and wholly greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

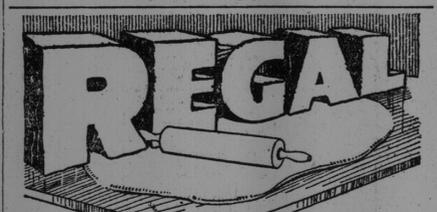

Simply moisten your hair with water and rub it in. One or two spoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rises out and easily removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get purified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

TRAVEL COST FOR MOTORIST

Depends on Size of Automobile and Number of People it Carries

(Toronto Globe).

It is quite understandable that at the present time motorists, and would-be motorists, should cost such-and-such a sum annually, as there are so many points to be considered. Laying aside, however, all "entertaining" costs, the cost resolves itself into the mileage covered each year. Seven thousand miles is probably the shortest distance per annum that anyone who is fond of motoring covers, as this represents something less than 135 miles a week. Taking that figure as a basis of cost, the solo motorcyclist's expenditure will work out at about two cents a mile, the side-car owner will spend about three cents per mile, the light car will cost about six cents per mile, and the larger car owner must be prepared to spend up to twenty-five cents a mile, according to the size and carrying capacity of the machine.

The last item plays an important part in costs as the more carried the greater the expenditure on fuel, tires and wear and tear on the whole machine. Few motorists keep an accurate account of what they spend in this direction, but the above figures are as near the minimum expenditure as it is possible to give and be relied upon. Putting the figures into dollars and cents, the motorcyclist will spend on tires, gas, oil, repairs, renewals, garage, etc., about \$100 for every 7,000 miles travelled. The side-car owner will spend, according to \$150 for the same distance, the light car proprietor about \$200, and the heavy motor car owner from \$400 to the chauffeur-driven car-de-luxe cost of about \$1,700 per annum.

USE The Wani Ad Way

A Talk on Bread

Most people in buying bread want the largest loaf in the store. You make a mistake, for it does not weigh any more than the medium sized loaf.

When a loaf of bread raises so high, it is over-proof. The life of the wheat has gone.

Buy the medium sized loaf and get full strength of the wheat. Oatmeal is worth more than a whole loaf of over-proof.

Many women look all over the city, when a new coat or hat is to be purchased, to save a few dollars; but, in buying groceries, which in a year's time amounts to many times the amount spent on clothing, they are negligent to find out where to get the best for their money.

Robertson's offers real economy—not a few specials, but every item a saving. Then the quality is right as we are not interested in bankrupt or salvage stocks of any kind. Goods that go on our shelves must be above criticism.

NOT A PARTICLE OF DANDRUFF OR A FALLING HAIR

Save Your Hair! Double Its Beauty in Just a Few Moments

"Danderine" Makes Your Hair Thick, Glossy, Wavy and Beautiful!

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes!—but really new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an income-heavy motor car owner from \$400 to the chauffeur-driven car-de-luxe cost of about \$1,700 per annum.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—your supply can have beautiful hair and lots of it if you will just try a little Danderine.

CHICAGO'S VICTORY AGAINST DISEASE

That no city in America faces sanitary problems so difficult to be solved is demonstrated in the victory which Chicago has scored in its combat with the typhoid death rate. It was a fight which almost changing the course of a river and causing it to flow southward into the Gulf of Mexico, instead of northeastward into the Gulf of St. Lawrence, as nature directed.

The story of this battle with bacilli as waged by the Windy City is told by William Joseph Showalter in an article on Chicago Today and Tomorrow, in the current number of the National Geographic Magazine, which says in part:

"Long ago Chicago discovered that if it were not to develop into a hotbed of typhoid fever and other diseases of the intestinal tract it would have to devise means of keeping the water of the lake from pollution. A mounting typhoid rate, making the city more nearly a pest-hole than a proper habitation for man, demonstrated that it could not continue to mix sewage with drinking water by draining the sewers into the lake.

"So heroic measures were taken to end the pollution. The Chicago river was made to give up an age-long right to contribute its water to the St. Lawrence, and was made to flow across the divide separating the Great Lakes from the Mississippi river. Thus waters that normally ran into the Gulf of St. Lawrence were dispatched into the Gulf of Mexico, and made to carry the burden of Chicago's sewage as they went.

"This was accomplished by the construction of a drainage canal thirty-six miles long from the south branch of the Chicago river to the Illinois river at Joliet. This waterway, twenty-four feet deep, sixty-four feet wide in rock and 202 in earth, has a fall of forty feet. It serves the triple purpose of drainage, navigation and power development. Its construction was begun in the World's Fair year and cost nearly \$70,000,000.

"It was built larger than the requirements of the hour for drainage, and sooner or later will form a part of the waterway that will permit river steamers to ply between the lakes and gulf.

"When the state legislation authorizing the canal was passed, a provision was incorporated providing that, in order to prevent the sewage from becoming a nuisance and a menace to the country through which the canal passes, there should be a flow of 383.3 cubic feet per second for every hundred thousand people. Realizing that the population would probably reach three million by 1930 the city provided for a flow of 10,000 feet per second, with an ultimate capacity of 14,000 feet.

"On the ground that a greater flow would cut down the lake level, the secretary of war kept down the allotment; so Chicago was between the devil and the deep sea of federal order.

"Although pointing out that Lake Michigan was higher in the ten years following the opening of the canal than in the ten preceding, and although showing that it was higher by fifteen inches in January, 1917, than it was in January, 1916; and further, that it was higher in 1916 than it had been in any January since 1876, the sanitary district authorities were unable to convince the secretary of war.

"A friendly suit, which is still pending, was brought in the federal courts to determine the relative powers of the state, the city and the federal government in the premises. Upon its outcome hinges the question of whether or not Chicago can send enough Lake Michigan water down the Mississippi river to protect the lake from pollution.

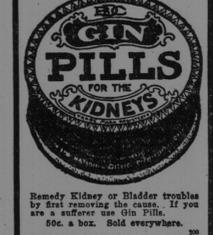

CITY MANAGER PLAN IN VARIOUS STATES

New York, March 25—State-wide optional laws permitting any city to adopt the city-manager plan of municipal government by referendum are now pending in Indiana, Illinois, Wisconsin, New Hampshire and New Jersey, according to the National Short Ballot Organization, which adds that the prospect of passage is fairly certain in four of these states, while in Indiana and Wisconsin the bills have passed one house.

Eleven states already have such laws, including Massachusetts, New York, Ohio and Virginia. The organization points out that when the states like Michigan and California, which allow cities to draft their own charters, are counted, it is seen that the city-manager plan is now, or soon may be, available in all the states containing numerous cities except Pennsylvania.

There are now 76 cities and towns operating under the city-manager plan, and 47 others that have appointed executives called city managers under various special arrangements. The 15 leading civic organizations of Chicago have united in an effort to secure the plan for that city.

The Evening Times and Star

ST. JOHN, N. B., MARCH 25, 1919

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

ARE WE ASLEEP?

The Times-Star desires to direct the attention of the provincial government and board of education to the following extracts from the laws of the state of Ohio:

Use of school houses and grounds for certain public meetings—The board of education of any school district shall, upon request and the payment of the proper janitor fees, subject to such regulations as may be adopted by such board permit the use of any school house and rooms therein and the grounds and other property under its control, when not in actual use for school purposes, for any of the following purposes:

1. For giving instruction in any branch of education, learning or the arts. 2. For holding educational, civic, social or recreational meetings and entertainments, and for such other purposes as may be made for the welfare of the community. Such meetings and entertainments shall be non-exclusive and open to the general public.

3. For public library purposes, as a station for a public library, or as reading rooms. 4. For polling places, for holding elections and for the registration of voters for holding general or similar meetings.

But the state of Ohio goes much further in recognizing the right of the people to use their own property and the law also provides: Use of school houses and grounds for public meetings—Upon the application of a committee representing any candidate for public office or any regularly organized or recognized political party, the board of education having control of any school grounds shall permit the same to be used as a place wherein to hold meetings of electors for the discussion of public questions and issues, provided that no such meeting shall be held during the regular school hours. No charge shall be made for such use, but the candidate or committee so holding a meeting shall be responsible for any damage done or expense incurred by reason thereof.

In St. John it is impossible to get the use once a month of a school assembly hall for a meeting of an Improvement League. The provincial school law should be amended, making it easily possible for the people to get access to their own property for legitimate purposes. The Board of Education should deal with this matter at the earliest opportunity.

THE INDUSTRIAL PROBLEM

In the British house of commons last week Mr. J. R. Clynes, the labor leader, endorsed the government view that there was need of expansion of industry and renewal of trade. He talked very plainly to men of his own class. A report of this speech says: "He would like," he said, "to expose frankly what he thought was a delusion in the working class mind. It was that, having spent so many thousand millions in a few years in prosecution of the war, there were unlimited financial means for meeting any demand made on the nation's financial resources. The working classes, in their own interests, should understand that the war had left an enormous debt, and not an enormous collection of wealth. The nation could not afford to live on its indebtedness and escape from difficulties. Prosperity could be found only in the greatly increased value of production. And in this connection he fervently hoped that the crisis of the week would end in a state of industrial peace. Otherwise the great burdens of a severe industrial struggle would fall with the greatest severity on the working classes, and housing and other social reforms would be further delayed. If they were to have the new social order talked of there must be a mingling of sacrifices on the part of all classes of the community."

It will of course be contended on the part of labor that in the past the sacrifice has been somewhat one-sided, and in support of that claim the relative financial position of the heads of great concerns and those whose toil contributes to their wealth will be cited. Nor can the force of this contention be turned aside. Nevertheless were labor to attempt to seize all wealth there would be Bolshevism. The industrial world is passing through a rare transition period. Neither capital nor labor can afford to attempt to exact too much. They must learn to co-operate.

Attorney General Byrne has furnished another reason why the Foster government should be defeated. He actually went outside of his own party and employed a Conservative lawyer to help him with a case. This is dreadful. No Conservative attorney general would for a moment think of giving a job to a political opponent. No wonder the opposition clamors for the political scalp of a man who would thus violate the sacred laws of patronage. If the Foster government goes on at this rate there will soon be no pickings at all for the patriot, and men will be chosen because it is believed they are qualified to do the work. No supporter of the old government would tolerate such a condition for a moment. Their motto is: "No pickings! Nothing doing!"

THE TARIFF ISSUE

The Toronto Globe supports union government, but also demands a downward revision of the tariff. In a recent issue it said:

"Sir Thomas White promises a general revision of the tariff at the session of 1920, after an inquiry to be conducted during the parliamentary recess by eastern and western ministers, and presumably in the west as well as in the east. That promise will not be satisfactory to those who believe that something ought to be done at the present session to lessen the crushing burden of tariff taxes on the necessities of life. Food, clothing, and the materials for house building still cost almost as much as they did during the war. The Minister of Finance may not be able to proceed with a general revision of the tariff while parliament is in session, but he can and should remove the war surtax, which took no less than forty-five million dollars last year out of the pockets of the people in the form of excessive customs taxation. Many of the absolute necessities of life in the humblest household—such as staple woollen goods—pay customs taxes of 42 1/2 per cent. This is an outrageous burden on that part of the population least able to bear it. The people expect something on account. Let Sir Thomas at least wipe out the war surtax now."

The McQueen and Friel reports are the order of the day for Thursday in the legislature, and since the members concerned in the McQueen report are apparently determined to brazen it out, we may anticipate the most bitter debate heard in the house for many years. The people will be watching keenly to see how many are willing to stand up and be counted as champions or apologists of the patriotic potato and Valley Railway transactions.

Hon. A. B. Hudson of Manitoba is suggested as possible leader of the Liberal party in Canada, to be chosen at a convention in Ottawa, in September. Many things may happen before September. Hon. A. B. Hudson is a native of Pembroke, Ont., and is forty-four years old. He was elected to the Manitoba legislature in 1914, and again in 1915, when he was made attorney-general.

A bill is to be introduced in the Nova Scotia legislature to provide for fair rentals for dwelling houses and to restrict the eviction of tenants. This is a very desirable measure. If seats in St. John were based on value and the accommodation provided there are many tenements which would either be closed or made fit to live in.

The Toronto Globe says:—"A cable announces that the Canadian Overseas Ministry has appointed a Board of Survey to be responsible for the inspection of troopships before the embarkation of returning soldiers. This reads a good deal like locking the stable door after the horse was stolen."

The exhibition of official war photographs and trophies under the auspices of Royal Standard Chapter, I. O. O. F., brings very vividly before the people the scenes and incidents of the war. It is of universal interest and great educational value.

Petrograd is suffering from spotted fever, typhoid fever, smallpox and cholera. The last named disease must be cured first—if there are enough left to do it.

WELCOME HOME FOR OUR SOLDIERS

A lively greeting was given the St. John men and sixty other New Brunswick men who arrived in the city last night by special train from Halifax. A large crowd was at the station, so large in fact that it was almost impossible to get through. The first special train of a dozen cars, containing mostly westerners, arrived in the Union Station at 8:45 and they were greeted by the Depot Station Band and the citizens reception committee. The train bringing the New Brunswick boys arrived at 9:37 and the cars stopped eastward of the shed. The boys were lined up outside in the railway yard to parade to the Local Battalion Depot, headed by Mayor Hayes, S. H. Hayes, R. E. Armstrong and the Depot Band.

Among those who returned to Canada by way of Portland on the S. S. Arago was Major A. R. Sprenger of the Canadian Engineers. He enlisted with the 118th Battalion and left here as adjutant, later in command of B Company. He was transferred to the Canadian Engineers and became adjutant of the training depot at Crowborough. He was then made staff captain of fortifications and works in France of aerodrome construction in England. Major Sprenger crossed to France with the second battalion of the Canadian Engineers and served with them on the Amiens and Arras fronts. At Cognicourt he was wounded on September 7, 1918, and has been in the hospital ever since. He will leave this evening to join Mrs. Sprenger at Three Rivers, Que., and it is expected that he will return to St. John.

THE PIBROCH

(Rev. George Scott.) In music's art I have no skill, With me 'tis primal instinct merely, Yet when I hear from off the hill The gathering pibroch sounding clearly,

I long to march with armed men To stricken fields where fowens battle, Where feeble hearts grow strong again, And conquer mid the cannons' rattle.

What fowens has not bleached to hear The battle pibroch's stern defiance? To know the Highland host was near— Our mother England's safe reliance; From Badajos, and Fontenoy, Where raged the tide of battle stark-est,

To Waterloo and St. Elia! When England's fortunes seemed the darkest, They marched up Lucknow's fevered street, Those stalwart men of Highland training.

The pibroch stirred its music sweet, To hosts all free of death-disingling; McGregors, Cameron, Gordons gay, All passed into the bloody shambles; The men from Argyle and Strathspay, From Brass of Appin with the Campbells.

In music's art I have no skill, With me 'tis primal instinct merely, Yet when I hear from off the hill The gathering pibroch sounding clearly,

The spirits of brave men who died, In every clime our right maintaining, In shining hosts all glorified, Pass round me, space and time disdaining.

Death and the sea give up their dead, Wherever brave men's bones are bleaching, They pass me with their soundless tread, Their silent ranks this lesson teaching.

That while on Highland hills the air Shall hear the pibroch death-defying, True Highlanders shall do and dare, And heed and conquer in their dying.

LIGHTER VEIN Makes Good. He borrows money now and then, But friends he doesn't lack; He's looked on as the best of men, He always pays it back.

A miller, noted for his keenness in financial matters, was a boat trying his best to get across the stream which drove his mill. The stream was flooded, and he was taken past the point at which he wanted to land; while further on, mistaking again overtook him, to the extent that he was obliged to return.

His wife, realizing the danger he was in, ran frantically along the side of the stream, crying for help in a piteous voice; then, to her sheer amazement, she was suddenly brought to a standstill by her husband yelling out: "If I'm drowned, Molly, don't forget that flour's gone up 60 cents a sack!"

"You swore off smoking at the first of the year?" "Positively. However, the Christmas cigars must all be consumed by this time. I think I may safely resume."

"Your father is unreasonable." "Why?" asked the dear girl. "Tells me not to do eight things, my object in life and then kicks because I call seven nights a week!"

Lawyer—Yes, sir. We can settle up this estate for you in about eight months. The Principal Heir—But can you wait that long for the money?—Judge.

Hubby—I will not stand these shopping bills of yours any longer. Wife—I don't care whether you stand them or not as long as you foot them.—Baltimore American.

"Papa," said Willie Hohenzollern, "aren't you worried about what they may do with us?" "No, Willie. There is so much difference of opinion as to what would be a 'good' redistribution that I think the argument may easily be prolonged indefinitely."—Washington Star.

TORONTO NEWS TO CHANGE ITS NAME The Toronto News will this week change its name to The Toronto Times. The following announcement appeared in The News last week:—"The undertaking, assets and liabilities of The News Publishing Company of

Toronto, Limited, have been acquired by a group of Canadians who see in Toronto an exceptional opening for an aggressive newspaper devoted to the public interest. "After mature consideration of all the circumstances the new proprietors have decided to produce an entirely new journal in keeping with the requirements of a progressive period. "The new paper will be called 'The Toronto Times.' It will present a novel and attractive typographical appearance. It will endeavor to give all the news that is fit to print, arranged under departmental heads so that the reader will immediately know where to look for what he wants. "The Toronto Times will earnestly promote the interests of Toronto, Ontario, Canada, and the British Empire. It will seek to inform, and, at the same time, entertain its readers. "The first issue of the new paper will make its appearance on Thursday, March 27th. "The Toronto Daily News will make its last publication on Wednesday next."

THE COME-TRUE WISHES. (Judd Mortimer Lewis, in Houston Post) When it is rainin' cats an' dogs, an' splashin' on the paws, My father laughs an' says that he does wish that it would rain;

An' then I tell him, "Don't you see it's these accordin' down?" An' then he says, "Why, so it is! There ain't a man in town That's luckier than what I am! My wishes all come true,

An' that there rain will fix the world an' make it look brand new!" I'm glad you noticed that I got my wish," he says to me, An' then he looks out of the door as glad as he kin be.

An' when the day ain't got a cloud, an' it is clear an' fine, An' I'm sure enough, I am, an' I have filled his life with joy! My father says to me, "O, dear, I wish the sun would shine! For I don't like these gloomy days, without no sun at all!"

An' then I tell him, "Don't you see the sunshine in the walls?" An' don't you see it out of doors, across the meadows lot?" "The sun is shinin' all it can, an' that's why it's so hot!"

And then he says, "Well, I declare! I am obliged to you!" You'll be rascal, you seem to make ev'ry wish come true!" An' that's the way my father does. Whatever kind of day The day is, then he makes a wish that it would be that way; An' ev'ry wish he makes he gets; an' when I grow up tall

UNEMPLOYED DEMONSTRATION IN QUEEN'S PARK, TORONTO, TUESDAY

GERMANS MADE HELIGOLAND A GREAT FORT

Spent \$10,000,000 in Erecting Long-range Guns—Two Years Provisions Delivered on Day War Was Declared

London, March 24.—(Correspondence)—Heligoland, lying forty miles north-west of the mouth of the Elbe, was a British possession from 1870 and until it was ceded to Germany in 1890, in return for concessions in East Africa. Immediately this island passed into the hands of Germany the Kaiser determined that it should be a great stronghold, behind which the German navy could hide carefully in defiance of the greatest sea power of the world—the British.

This island, one-fifth of a square mile in area, is triangular in shape, with two of its sides rising directly out of the sea to the height of 190 feet. To the south end of the island, there is a stretch of sandy beach between the rock of the Oberland, as the tableland is termed, and the sea, which has for years been popular for its sea bathing.

By 1911 the plans of the Kaiser practically were completed. Equipped with \$10,000,000 worth of long-range guns, capable of sinking a hostile fleet venturing within fifteen miles, the entire Oberland had been encased in an armor belt of steel, concrete and granite, providing protection not only from hostile cannon, but from the onslaughts of the sea. Natural fissures in the rocky sides had been filled up by thousands of tons of concrete. Buttresses sixteen feet thick and 240 feet high were erected on all three sides. Through cupolas and over the top of the island, cannon of all descriptions. Hiding behind the armor belt were as many more guns mounted upon disappearing carriages. Upon these carriages the ponderous

RUB LUMBAGO PAIN OR BACKACHE AWAY

Instant relief from pain, backache, soreness, stiffness, sciatica with "St. Jacobs Liniment." Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica, or maybe from strain, and you'll get blessed relief the moment you rub your back with soothing, penetrating "St. Jacobs Liniment!" Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on and out comes the pain. It is perfectly harmless and doesn't burn or discolor the skin. Limber up! Don't suffer! Get a small trial bottle from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years. Stop dragging kidneys! They don't cause backache, because they have no nerves, therefore can not cause pain.

For Piles

A Free Trial of Pyramid Pile Treatment Will Be Just Like Meeting a Good Old Friend.

Have you tried Pyramid? If not, why don't you? The trial is free. Just mail coupon below—and the results may amaze you. Others are praising Pyramid Pile Treatment as their "deliverer—why not you?" Mail coupon now or get a 50c box from any drug store anywhere. Take no substitute.

FREE SAMPLE COUPON PYRAMID PILE TREATMENT. Kindly send me a Free Sample of Pyramid Pile Treatment, in plain wrapper. Name: Street: City: State:

GERMANS MADE HELIGOLAND A GREAT FORT

Two thousand crack artillerymen were sent to the island and ordered to make their home there for the remainder of their lives. Once a force of gunners was well acquainted with their guns, the signals and systems, their services, should Germany go to war, were worth several times the services of a force of men comparatively strange to the fortress and its workings.

To the south of the island a harbor was constructed in which the largest ship could come directly up to the wharves that were built. Soundings of the sea for miles around in every direction were taken, and a military cable between the island and Cuxhaven was laid on the floor of the sea. A tall wireless tower of power sufficient to communicate with German war vessels in the North Sea, the Baltic and the Atlantic was erected, and all manner of test modifications and naval practice was indulged in.

The day was declared two ships loaded with provisions arrived at Heligoland and were stored away. The store rooms then contained sufficient to feed and provide for the garrison during a siege of two years, should one ever be conducted against the island. The ships that brought the provisions were ordered to the main-land of Germany every resident of the island. Not a single civilian—man, woman or child—was left. After the vessels had departed, every person on Heligoland was a soldier, sailor or a hospital attendant. The population of the island, which numbered about 2,500 was transferred to Hamburg, where the inhabitants were ordered by the Kaiser to provide for them.

In the two days that followed practically every dwelling, casino and bath-house was demolished by the soldiers. From every point of the island the wide sweep of the sea was visible. Not a single obstruction nor a single menace to the underground storehouses and magazines remained; a hundred shells might be exploded simultaneously on the island and not a fire would be started. At the same time more than 100 submarines were rushed to Heligoland and anchored close up to the Unterland, where they were protected from the storms that raged over the North Sea during the autumn and winter months. The most extensive mine field in the world was planted in the surrounding sea. Some of the mines were of the contact variety, sunk at various depths while others were connected to various trawlers running to the island by copper and rubber coated wires. A score of British steam trawlers, captured through having come too close to German cruisers or torpedo boats, were lined up the Unterland. Upon them were placed thousands of mines, and then, on a foggy night, and still flying their British flags, sailed away upon their deceitful and murderous errand. Aircraft arrived; two Zeppelins and a large fleet of Taubes were installed on the island.

The passage to the roadstead was protected by ten rows of contact mines. Fifty-one torpedo boats were placed just inside this barrier, and between them and the German high sea fleet was a flotilla of 242 torpedo boat destroyers. Every war craft was in readiness, painted a dull grey, so that in the lightest kind of mist those lying furthest away were merged in with the sea and the atmosphere.

CITY CLERKS ORGANIZING

A large number of clerks employed by wholesale and retail establishments of the city met last evening at the Red Triangle Club building, Charlotte street, to consider plans for the formation of an association whereunder their working conditions might be improved. Several committees were appointed to confer with the employers in various lines of trade to ascertain if they are willing to join an association. Another meeting will be held soon.

A. C. Wilson was chairman of the evening. After outlining the objects of the meeting, the first that has been held by the clerks, he called on H. W. Wetmore, who thought there would be much to gain by forming an association. Differences as to between employees and employers as to overtime, wages and hours, he thought could be settled more satisfactorily to all concerned on both sides if they were handled by a united organization. He suggested that an association of clerks would be a benefit to both employers and employees and the members would become much better acquainted in a social way.

PSEUDO WIDOW'S FANTASTIC STORY

Advised For Widowers and Obtained \$1,600 From One Victim

Toronto, March 24.—One of the most fantastic tales ever heard in a Toronto court was told in the session here, when Mrs. Ethel Yanny, alias Macdonald, a soldier's widow, was on trial charged with obtaining \$1,600 from John H. Russell and \$765 from George Shaw, by false pretences. The accused, who is a decidedly good-looking woman, dark-eyed and well-dressed, listened with close attention, and at times a good deal of amusement, while Russell told his story in the witness box.

Russell said that he first came in touch with the accused when he answered an ad. in an afternoon paper which stated that a young widow wished to meet young widower, object matrimony. There were some meetings. "Then," said Russell, "she told me that she had a great secret. Her real name was not Yanny, which she explained was only a trade name, but Macdonald, and her husband one of the two adopted sons of Sir William Macdonald, the tobacco man. He had gone overseas and was killed in action in 1918. A letter of condolence from Sir Sam Hughes was presented in corroboration of the story."

The witness had been asked to send to Montreal for a copy of the will by which Macdonald had left his estate to his wife. This, she explained, consisted of \$600,000 cash and \$300,000 in Bethlehem Steel stock. Mrs. Yanny said that her father owned the Ames Holden shoe factory. In all Russell gave her \$1,600 and bought an engagement ring for \$275. The last he saw of her was when she went to Buffalo to get \$10,000 a married sister was bringing her from New York. George Shaw told a somewhat similar story of how the woman got \$765 from him. The end of his romance was when he learned that she was Mrs. Yanny, who is in the movie business. Verdict of Guilty.

SMOKE MACDONALD'S INDEX DRAFT BILL ON CURRIER REPORT

Mr. Wardwell, a Boston lawyer, arrived in the city yesterday to frame a bill based on the findings of the Currier commission on New Brunswick Power Company affairs. He called first upon Premier Foster and then went to the City Hall to meet the mayor, with a view to meeting the city solicitor. The joint committee was in session at the mayor's office at the time, and Mr. Wardwell explained at the mayor's request that he was here on Mr. Currier's instruction to frame a short bill embodying the commission's recommendations. He desired to pay his respects to the city solicitor and the company's solicitor, and to get some assistance in framing the bill in accordance with New Brunswick procedure, but he was not to depart from the terms of the Currier report. In the absence of the city solicitor he was introduced to Common Clerk Wardrop, who agreed to facilitate his work in every way possible. At the mayor's suggestion Premier Foster arranged that Mr. Wardwell could use a room in the government offices, and he hoped to have a draft of the bill prepared by tonight.

This of course puts a new face on the whole situation. The joint committee will now wait for the bill prepared by the city solicitor, and then decide upon its course of procedure in pressing its own case to the legislature. It is felt that the adoption of a definite tariff procedure, but he was not to depart from the terms of the Currier report. In the absence of the city solicitor he was introduced to Common Clerk Wardrop, who agreed to facilitate his work in every way possible. At the mayor's suggestion Premier Foster arranged that Mr. Wardwell could use a room in the government offices, and he hoped to have a draft of the bill prepared by tonight.

Secretary Armstrong, of the board of trade, received notice from the Montreal Board of Trade yesterday that the latter has passed a resolution in favor of the government exercising some degree of special control of imports, either by the license system or other means, during the period of reconstruction, pending the adoption of a definite tariff policy by the British Empire. The St. John board is asked to adopt a similar resolution.

GERMANS PLANNED TO BURN ALL LONDON?

Air Raid Has Show an Organized Effort to Start Fires

London, March 24.—A German scheme to set the whole of London in flames has just been revealed by the chief officer of the London Fire Brigade. Before the war, he said, maps were issued with the annual report of the fire brigade with the positions of all the fires carefully plotted out. Year after year marked fire areas in certain manufacturing districts were marked on the map and no doubt were sent to Berlin.

When the air raids were threatened Commander Sladen, the chief of the Fire Brigade, deduced from the maps the districts likely to be attacked and prepared for any emergency by at once re-enforcing those districts with motor pumping engines. This arrangement was soon put to the test by the first Zeppelin raid. When the positions in which the bombs had fallen were plotted on the map, it was found that the track of the Zeppelin had followed a boomerang curve, passing over districts well known in the cabinet-making trade, and through a congested manufacturing area, and then turning sharply to the east near the bonded stores in Whitechapel.

PRESS CANADA'S CLAIM FOR WAR INDEMNITY

Ottawa, March 24.—That Germany, Austria and Turkey should be made pay as much indemnity as possible was the opinion expressed by Sir Thomas White, acting prime minister, in the commonsense tonight, in discussing a resolution moved by H. Drenthway, to the effect that Sir Robert Borden should be instructed to claim an indemnity from Germany corresponding to the amount the war had cost Canada. "It should," said Sir Thomas, "be a cold, economic proposition and should be based not only upon what the enemy countries may be able to pay at present but on their future prospects."

TO GREAT BRITAIN ON INSURANCE MISSION.

(Amherst News, Saturday.) J. R. Douglas will sail today for Great Britain on a mission in connection with a large number of American insurance corporations, which purpose entering the British and European field. Mr. Douglas is a large shareholder in several American companies and it is a tribute to him to be sent overseas as the representative of those American companies. The American Foreign Insurance Association, composed of nineteen leading American fire insurance companies, is now planning to enter the fire insurance field of Great Britain. J. R. Douglas is to conduct an investigation and report to the association on the best methods of entering the association companies in the British field. This will, it is understood, include suggestions as to which London office should be given the handling of the association's British business. Mr. Douglas is connected with the London firm of Foster, Douglas & Folsom.

Advertisement for W-S-S War-Savings Stamps. Text: 'BUY W-S-S WARSAVINGS STAMPS. MINIMUM WAGE IN EFFECT'.

Victoria, British Columbia, March 25.—The minimum wage, decided by a board appointed by the government, has gone into effect for women employees in the mercantile industries of British Columbia. For girls and women of 18 years of age and over it is fixed at 29 9-16 cents per hour and \$12.75 per week. In the case of girls under 18 the minimum wage starts at \$7 a week during the first three months of employment and rises 50 cents a week every three months to \$11 a week. On reaching 18 years of age the minimum wage for that age becomes effective. The apprenticeship term for women in the mercantile industry is limited to one year and, in the case of those 18 years of age and over, is divided into four periods of three months each. During the first period the minimum wage is \$9 a week and is increased by \$1 a week each successive period to \$12 a week for the fourth period. Any employer paying less than the minimum wage is liable upon summary conviction to a penalty of not less than \$25, nor more than \$100. Mercantile industry is defined as including all establishments operated for the purposes of trade in the purchase or sale of any goods or merchandise.

SOFT WATER FOR WINNIPEG

Sixteen Million Dollar Shoal Lake Pipe Line Completed.

Winnipeg, March 25.—The last gap in the Shoal Lake to Winnipeg Pipe Line has been closed. Soon Shoal Lake water will be pouring through the big pipe and into Winnipeg for purposes of cleaning, art testing, and within two or three weeks the soft water will be flowing from all taps. The great undertaking under way since 1914, has cost in the neighborhood of \$16,000,000. The pipe is ninety-seven and one-half miles long, and makes seven river crossings.

ACCEPTS 24 RESIGNATIONS. Lachine School Board Has Now Only Four Teachers Left. Montreal, March 25.—Lachine school board has notified the twenty-four teachers who sent in their resignations on February 24 that their resignations were accepted, thereby marking another episode in the campaign which the teachers of Montreal and vicinity have been conducting for more than a year for a minimum salary of \$800, and a yearly increase of \$50. The Lachine school board has only four teachers left on its staff.

Are Your Shoes "Overworked"?

YOUR shoes do more work in a day than all the rest of your apparel put together—and they get less consideration. Even a locomotive—a ponderous contrivance of unyielding steel—needs a rest once in a while, but many a pair of shoes never get a day's rest from the day they are bought until they are worn out. It is real economy to have more than one pair of shoes in active service at the same time. They will not only wear much longer, if the same pair is not worn every day, but they will look much better and be more comfortable. If you will give careful attention to the selection of your shoes, and take care of them afterwards, you will not only get better service for your money, but you will buy fewer pairs of shoes in the course of a year. Our Booklet—"How to Buy Shoes" will help you. It is sent with our compliments to any address in Canada. Write our head office at Montreal.

Advertisement for War-Savings Stamps. Text: 'BUY W-S-S WARSAVINGS STAMPS. WHAT CAN BE DONE WITH War-Savings Stamps. From Feb. 22nd, 1916, to Jan. 15th, 1919, War-Savings Certificates were bought in Great Britain to the amount of \$1,435,151,000.00. From Dec. 1st, 1917, to Jan. 31st, 1919, War-Savings Stamps were bought in the United States to the amount of \$1,042,908,904.00. If every person in Canada invested in one War-Savings Stamp each month, the sum raised by this method in one year would be \$336,000,000.00. Fill your War-Savings Certificate. W-S.S. Cost During March \$4.02'.

McQueen Report on Thursday

Fredricton, March 24—Consideration of the report of Commissioner McQueen on the potato transactions of his government and of Commissioner Field on the Carrie charges was made the order of the day for the coming Thursday, on motion of Premier Foster tonight. It is understood that the government will have a resolution to introduce when the reports are taken up and it is expected that an extended debate will follow.

ROTARY CLUB

National Educational Conference Discussed—St. John Club Asked to Raise Funds

The Rotary Club last evening was to have addressed by Chief Justice McKeown on the subject, Foundation for Educational Research. Owing to illness he was unable to attend. Bishop Richardson and Dr. Keirstead were also invited to be present, but wrote that they could not attend. Indeed an invitation had been extended to a number of educational leaders in the province who had very heartily endorsed the national conference on manual education in the schools, in relation to Canadian citizenship, which is to be held in Winnipeg next September; but none of them attended.

President R. D. Paterson expressed regret, and then proceeded to explain that the Rotary Clubs of Canada had undertaken to raise \$30,000 to pay the expenses of the great convention and place its findings in proper form before the educational authorities of all the provinces and before the national government and people. Rev. E. Leslie Pilgson had faced the matter before the Rotary conference at Halifax, as he had done before the Rotary Clubs of the west. The Winnipeg Club had pledged itself to raise \$10,000 and every other club west had undertaken a generous share. It was felt that the Halifax and St. John clubs might collect \$1,500 each and Charlottetown \$300. The question was now before the St. John club for decision. Halifax had already done its part or was doing it.

Several members wanted more information as to the exact purpose of this convention. J. King Kelley, K.C., said there might be difficulties because we have not a national system of education such as they have in the United States. He referred to our failure to honor the flag in our schools and elsewhere as they should, and teach what his blended crosses mean to a British subject. He suggested a conference with Lieutenant-Governor Pugsley, who was a man of broad vision in such matters. K. J. MacTae said that before asking for contributions the members of the Rotary Club should all be made so familiar with the objects of the conference that they could explain it fully. After some further discussion it was decided to have a great public meeting, if practicable, with some of the speakers suggested by Mr. Schofield, and to defer action until after that event. In reply to an inquiry, President Paterson said two communications had been sent to the school board relative to a re-

Doctor's Formula

OVER 100 YEARS OF SUCCESS  
JOHNSON'S ANODYNE LINIMENT  
(Internal as well as External use)  
A soothing, healing Anodyne that promptly stops suffering. Wonderfully effective for Coughs, Colds, Grippe, Sore Throat, Cramps, Chills, Headaches, Stomach, and many other common ills.  
For more than a century humanity's best "Friend in Need"

The Spring Rains Bring Grippe

This sort of weather brings colds and grippe. If it's just a common cold people say, "there's no danger in that!" But many a fatal sickness begins with a cold—with vitality weakened—the system is ready for the influenza germs. Begin early to ward off the attack. Purge the system of the toxins (poisons) by taking castor oil, or a vegetable laxative made of Mayapple, leaves of aloe, and alap, rolled into sugar-coated pills and to be had at all drug stores as Dr. Pierce's Pleasant Pellets.

If the cold starts with a cough, and it persists then some local treatment for this condition should be taken. A well known alternative extract which has been on the market for a great many years, and which has been highly recommended by thousands of users, is Dr. Pierce's Golden Medical Discovery. This tonic compound is composed of an extract of roots and herbs without alcohol, and has a soothing effect upon the mucous membrane, allays the irritation and at the same time works in the proper and reasonable way, at the seat of the trouble—the stagnated or poisoned blood.

COULD NOT STOP THE HEADACHES

Until She Tried "Fruit-a-lives"—Made From Fruit Juices

119 Coburg St., St. John, N. B.  
"I feel I must tell you of the great benefit I have received from your wonderful medicine, 'Fruit-a-lives'."

"I have been a sufferer for many years from Violent Headaches, and could get no permanent relief. A friend advised me to take 'Fruit-a-lives' and I did so. My headaches, and now I am entirely free of Headaches, thank you for your splendid medicine."

MRS. ALEXANDER SHAW.  
Box, a box, 6 for \$2.50, trial size 50c. All dealers sell. Postpaid, by Fruit-a-lives Limited, Ottawa.

quest to be heard regarding the wider use of school buildings, but either one had been acknowledged. He regarded that as a singular lack of courtesy. Several other members vigorously expressed the same view.

Captain Stokes was welcomed as a member of the club and Cyril F. Webster was elected to membership.

MRS. F. E. FLEWELLING IS FIRST PRESIDENT

Women's Auxiliary of Imperial League is Formed Here

A women's auxiliary of the Canadian Imperial League was organized last evening in the G. W. V. A. rooms by Mrs. E. Atherton Smith and has already taken up an active programme of work which will undoubtedly make it a stirring addition to the women's organizations of the city. The league itself has a membership of over 300 and has long felt the desirability of forming a women's auxiliary to assist in its excellent work.

Mrs. Smith gave a short address on the objects and aims of the league saying that it had been organized to keep alive the memory of the British Empire and to help in every way possible those who had served at the front and their dependents and to give all opportunities for social intercourse among its members. She laid emphasis on the facts that the league is non-partisan and non-sectarian, that its emblem is the Union Jack and its motto "For Home and Empire" and that its objects are to help in every way possible those who had served at the front and their dependents and to give all opportunities for social intercourse among its members.

After the matter had been thoroughly discussed a resolution to form a women's auxiliary was passed unanimously and the enrollment of those present took place. The first officers were appointed as follows: President, Mrs. F. E. Flewelling; Vice-presidents, David Hipwell; 2nd vice, Mrs. H. L. McGowan; secretary, Miss M. Simonds; treasurer, Mrs. C. E. Patterson; committee of management, Mrs. B. Patterson, Mrs. W. Stackhouse, Mrs. V. H. Ellis, Mrs. G. M. Breen, Mrs. W. A. Simonds.

The first meeting of the auxiliary will be the furnishing of the large room in the G. W. V. A. building which has been assigned to the Canadian Imperial League and has recently been enlarged. The auxiliary decided to devote its energies to the welfare of the British Empire and to help in every way possible those who had served at the front and their dependents and to give all opportunities for social intercourse among its members.

Mrs. Smith drew the attention of the meeting to a very pressing matter which it could help by the formation of a war savings society and Mrs. David Hipwell was appointed to take charge of this matter and bring it before the first regular meeting of the auxiliary. The evening of the first Thursday of each month was selected for the day for holding meetings and a membership committee was appointed.

POLICE COURT SESSION OF MONDAY AFTERNOON

In the police court yesterday afternoon Joseph Gilbert, of Gilbert's second-hand store in Mill street, was before the magistrate charged by the military authorities with buying and selling contraband to law. William M. Ryan appeared for the defence and Captain G. Earle Logan represented the military. Mr. Ryan argued that while Mr. Gilbert had purchased the goods he had kept them the eight days during which time they could be claimed by the military people. The magistrate promised consideration and said he would give judgment later.

The case of John Sims, proprietor of a hotel, who is charged with violating section 7 of the prohibition act which prohibits guests of hotels, lodging houses, etc., having liquor, was resumed yesterday. Rev. W. D. Wilson, chief inspector, asked that a fine be struck while H. A. Porter for the defendant said that the alleged handling of the liquor occurred without the proprietor's knowledge and therefore he could not be held responsible. The magistrate promised consideration and will make known his finding at another session of the court.

After the hearing a young girl was committed to stand trial for receiving stolen goods knowing them to be stolen. At first the girl consented to go into the Good Shepherd's Home for a year but following a consultation with her lawyer, W. R. Scott, she refused and the magistrate sent her up for trial.

QUIT MEAT WHEN KIDNEYS BOTHER

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver troubles, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

Take a Class of Salts if Your Back Hurts or Badder Troubles You

Some of these body uses to rebuild damaged or dead tissues; some, however, are not only useless and harmful but in some cases actually poisonous. Regular, thorough bowel evacuation gets rid of the latter.

Constipation permits stagnation and absorption of these poisons into the blood, with injury to the whole body.

During digestion certain kinds of food containing proteins, such as meat, egg white, milk casein, wheat gluten, etc., are split into many different substances.

OPEN TO BRITISH TO DO THE SAME

British Chancellor Explains How Americans Are Getting Trade—Booking Orders Now

London, March 24—Speaking in the House of Commons on the second reading of the application bill, George Lambert, former civil lord of the admiralty, said there were two budgets this year, aggregating £1,500,000,000, and that if this sum were to be raised by taxes, it would mean fifteen shillings in the pound income tax, and the doubling of the duties on tea and sugar. The chancellor of the exchequer, the member added, would have to resort to borrowing.

He appealed to the government to be resolute in restoring the export trade, unhampered and unchecked by "absurd government regulations."

Sir Frederick Banbury, privy councillor, warned the government that a continuation of the present financial methods meant, eventually, national bankruptcy. Other speakers complained that control of exports permitted America to step in and capture British trade abroad.

J. Austen Chamberlain, chancellor of the exchequer, replying to the criticisms, said that the government was trying to abolish control as quickly as was safe.

The export of cotton was free to every part of the world except the blockade countries, he declared, and in this case restrictions were maintained for reasons of inter-allied policy. The house, he believed, would hardly assume responsibility for acting in opposition to Great Britain's allies.

Mr. Chamberlain said he was advised that the red coloring matter of the blood that life sustaining oxygen enters the body and enables the blood to change food into living tissue and brain. If people would only keep their blood filled with strength-giving iron by taking Nuxated Iron when they feel weak and run-down they might readily build up their strength and quickly become stronger and healthier in every way. If you are not strong or well you owe it to yourself to make the following test. See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Nuxated Iron will increase the strength of weak, nervous, "run-down" men in many instances. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. Nuxated Iron is on sale at Watsons Drug Store and all other druggists.

Westport, March 24—A very serious fire took place on Saturday at Westport and owing to a derangement of the telephone service along Digby Neck it is only just become known in this part of the province. The blaze originated in the rear of S. T. Payson's large general store and almost before anything could be done it had complete control of the building and spread rapidly to several smaller stores of his on his wharf containing practically the entire stock contained in the buildings.

A strong northerly wind prevailed at the time which greatly interfered with the lobster fishermen going to their traps. In consequence more men than usual were on hand and soon gathered to fight the fire and every effort was put forth to stay the flames and in due to the great work of these men that the fire was not more disastrous. Mr. Payson's dwelling known as the Central Hotel immediately opposite was badly scorched but otherwise was not seriously damaged. Several other nearby buildings also suffered to a more or less extent but work of the fire fighters kept the flames within the buildings in which they started. The loss to Mr. Payson is estimated at about \$6,000 with only a very little insurance.

TURKS HAVE STILL HOPE FOR VICTORY

They Have Not Yet Realized They Are Beaten

London, March 24—The Turks are by no means convinced that they are vanquished, and show few signs of regret that they were over the allies of the Central Powers, according to a French correspondent who has returned from Constantinople. The correspondent attributes this failure on the part of the Turks to realize their actual situation to the fact that the British and French commanders in the Turkish capital have not acted like conquerors and imposed their authority on the Turks.

The correspondent declares that he was unable to convince the leading Turks of the complete victory of the Allies and of the definite crushing of the German military power, and adds that it is due to the fact that the Allied troops did not enter Istanbul with flags flying, because the Allied officers did not install themselves as masters in the different ministries, and because the military authorities did not take over all the administrative offices and police the city.

The Committee of Union and Progress no longer exists, legally, say the Frenchmen, but its creatures still occupy their posts in the ministries and the police service. "They are very active, and offer us a very bitter and systematic opposition," he continued. "This situation is a source of great concern to the Frenchmen, and the subject of the future of Turkey. They assert that it

WOULD BE ACCEPTED

Atlantic City, March 23—A reciprocal agreement between the United States and Canada, if proposed now in the light of present conditions, would be accepted by Canada by a large majority, in my opinion, declared Senator William G. Edwards of Canada in an interview at the Traymore.

"As well as a vast majority of the Canadian people," he declared, "favor a lowering of all tariff barriers between Canada and the United States. The two countries are so alike, the people so near, and the interests so common, that a partition, that is a close bond of relationship now exists that did not exist before the war."

MANUFACTURED BY National Drug and Chemical Company of Canada, Limited.

Are You Losing Your Grip on Health?

Physician's Prescription to Increase the Health and Strength of Anemic, Run-down Men and Women.

As a result of the tremendous strain which the war has put upon so many people, the nerve cells have become devitalized, the whole system weakened and thousands of men and women are today losing their grip on health simply because their blood is thinning out and possibly starving through lack of iron. It is through iron in the red coloring matter of the blood that life sustaining oxygen enters the body and enables the blood to change food into living tissue and brain. If people would only keep their blood filled with strength-giving iron by taking Nuxated Iron when they feel weak and run-down they might readily build up their strength and quickly become stronger and healthier in every way. ST. JOHN PEOPLE GET VIEW OF WAR

Pictures and Trophies a Wonderful Exhibition

Place of Honor for Gun Taken by 26th - Addresses by Premier Foster and Mayor Hayes

The exhibition of Canadian official war photographs and trophies opened in the Eastern Steamship Company's new building at the foot of Prince William street yesterday afternoon and was a wonderful revelation to those who visited it.

The photographs are all greatly enlarged and beautifully colored by Canadian artists who were sent overseas for that purpose.

The trophies are of various types, and in all stages of the war, also included in the exhibit, the most interesting of them being a gun captured by the 26th battalion which is given the place of honor in the centre of the exhibition.

The Premier, Hon. W. E. Foster, performed the opening ceremony yesterday in the unavoidable absence of Lieutenant-Governor Fugleby.

Mayor Hayes, in acknowledging Mrs. Smith's remarks, crediting to his kindness that the exhibition was held at all, said it was true that at one time it had been thought St. John must lose the exhibition for lack of a suitable place.

The educational aspect of the exhibition was emphasized by both speakers but it is rather flattering to most children's conception of education to consider it as interesting and as great a pleasure as a study of the pictures.

The pictures vary in size but they do not vary in excellence, and it is almost invidious to specially praise any one of them.

The very large picture of a group of jolly soldiers returning to billet after victory and stealing a ride on a tank, is the most noticeable because of its size and certainly gives a very life-like representation of that weird moment of invention, the tank and of the indomitable spirit of the Canadian soldiers.

Another of the large pictures shows Cambrai in flames with a lurid light across the sky, and dense clouds of smoke rising from the ruins.

The coloring is remarkable in its accuracy and effect. Just below it is hung one of the most artistic of the pictures in which a wounded soldier is seen recording his vote in the Canadian elections.

LORD ABERDEEN TO SELL ESTATE

Will Retain Haddo Hall and 13,000 Acres Round About It

London, March 7.—(Correspondence)—Although Lord Aberdeen is disposing of the greater part of the Haddo estate in Scotland, he is retaining the house itself and some thirteen thousand acres round about it.

In its completeness the exhibition bears testimony to the most careful thought on the part of those who selected the subjects. The welcoming of the Canadians at Denain is one of the most interesting from the personal point of view as it shows H. H. the Prince of Wales and Lieutenant-General Sir Arthur Currie; another picture shows Sir Robert Borden decorating a man in the field.

The overheard remarks of soldiers at the exhibit yesterday were the best praise that could be given. Without exception they all said that the pictures were wonderful and started at once to describe the circumstances which would surround the one they were examining.

Since the exhibition aims to be a complete record of Canada's part in the war it contains some pictures of what Canadians did at home and of Canadian girls taking part in war functions and strenuous out-door war work.

The catalogue of the exhibition is in itself a really interesting study as each picture on the list is described in detail and information is given regarding the historical facts in connection with the picture.

For the convenience of the visitors at the exhibition the Royal Standard Chapter has provided an afternoon tea buffet and rest and refreshment room in which many groups of delighted visitors were found yesterday afternoon discussing the exhibit between the tours of inspection.

Many wanted to go back and have other looks at one or two particular pictures and it was found that to fully appreciate the exhibition one visit was all too short.

The fact that the exhibition will remain open for every afternoon in the week and that today there will be a half-price matinee for children is heard of with great pleasure.

No longer will automobile tourists in England detour to avoid bad roads; instead they will hunt them out. At least it is supposed that they will do that since the Guilford Urban district has employed girls for road repairing and cleaning.

PALM BEACH SEES SPENDING ORGIES

Munition Millionaires Crowding Out Regular Patrons of Florida Resort—Monte Carlo is Outdone

(Montreal Gazette)

"The habits of Monte Carlo in the old days were pikers compared to the players at Brimley's at Palm Beach," said George F. Driscoll of His Majesty's Theatre, who returned on Tuesday after spending three weeks at "The Breakers" with Mrs. Driscoll.

"You hear a great deal about the exorbitant prices and the difficulty of obtaining accommodation at Palm Beach, but this is quite understandable when you consider the shortness of the season, the quality of the service and the difficulties of stocking the larger hotels."

"Our own experience was perhaps not typical, but arriving without having made any reservations we succeeded in getting accommodation at a rate only about 20 per cent more than we would have had to pay at Atlantic City."

PUBLIC ARE ASKING FOR DAYLIGHT SAVING

Quebec, March 25.—The Quebec Board of Trade is daily receiving letters from the public asking that the board go on record as favoring the daylight saving scheme by the advance of clocks one hour.

It is felt that now that the United States has decided to advance the hour of the day this year again, Canada will follow, since the economic and commercial relations of the two countries are so closely bound together that one cannot go on with clocks showing a difference of one hour of time.

WILL HOLD BIG RE-UNION OF THE PRINCESS PATS

Mayor Church of Toronto has been in communication with the militia department at Ottawa in an endeavor to have the P. P. C. L. I. returned to Toronto as a unit in order that they might be fittingly welcomed there.

A group of far-visions manufacturers and proprietors of mercantile establishments of Chicago and vicinity are applying the co-operative principle to truck transportation, having organized what is believed to be the first co-operative motor truck freight line in the United States.

To those who are really particular about the Coffee they drink, there is one brand that always pleases particularly well because it is particularly good—Chase & Sanborn's "SEAL BRAND" COFFEE.

In 1/2, 1 and 2 pound tins. Whole—Ground—Pulverized—also fine ground for Percolators. Never sold in bulk. CHASE & SANBORN, MONTREAL.

DON'T WASTE, DON'T STARVE

Save all the food you can for starving Europe—20 million tons are needed—but don't stunt the growing bodies of children by giving them poor, indigestible food. In

Shredded Wheat

you have every particle of the whole wheat grain prepared in a digestible form—nothing wasted, nothing thrown away. It contains far more real nutriment than many expensive foods. Ready-cooked, ready-to-eat. Serve it with hot milk or cream and fruits. Salt or sweeten to suit the taste.

**LOCAL NEWS**

**MAILS FOR MAGDALENES**  
Postmaster Sears has received word that the steamer Stanley will leave Halifax on March 29 for the Magdalen Islands. Mails will close here on the 28th.

**THE CHIEF'S CAR**  
Fire Chief Blake's car has just been thoroughly overhauled and painted. It is now working excellently. The bright red color with silver hubs and the word "Chief" done likewise makes the car very attractive.

**FEAST OF ANNUNCIATION**  
This is the Feast of the Annunciation, of the Blessed Virgin Mary, in the Catholic churches. No special services were held to mark the feast but there was a large number of communions with the various masses in all the churches this morning.

**THE POLICE**  
Commissioner Thornton hopes to today to have all the lists filed by the policemen relative to bank pay. He said this morning that the matter would likely come before the common council this week for consideration.

**BACK TO NEW BRUNSWICK**  
Allan Christie, a St. John boy, connected with the film business, who was for two years with the Perkins Electric Co., Montreal, is now attached to the road staff of the Allan interests, Toronto, handling a routed attraction. Mrs. Christie and child are in the city at present.

**BRASS TOKENS FOR FARES**  
Some of the Boston Elevated Railway's brass fare coins have reached the city and are considered quite a novelty, although the idea is not altogether new. The tokens resemble Chinese coins with the letter "B" pierced out of the brass and the name of the company and signature of an official stamped round about the edge. These coins are purchased in lieu of tickets and obviate the necessity of making copper change.

**THE HARBOR**  
Mayor Hayes said this morning that no time had been definitely fixed for an auditor to arrive from Ottawa to check up the expenditures made on the city's wharves. He added that he was assured of his coming. In answer to a question, the mayor said that in all probability the auditor would have to go back over a period of twenty-five years and check up the expenditures made. He anticipates very little difficulty in the work.

**TOLD OF MISSIONARY WORK**  
Edson Merrill, who has been a missionary among the Eskimos for some years, gave a very interesting lecture to the members of the Young People's Society of the Exmouth street Methodist church last evening. He described his travels in order to reach the field and the work among the natives. A number of people assembled to hear the interesting lecture. Vocal solos were rendered by Miss Greta Love and Miss Mabelle Shaw. Miss M. G. Myles, president of the society, was in the chair.

**PRENTICE BOYS' FAIR**  
The 'Prentice Boys' fair continued in their hall in Guilford street, West St. John, last evening with a very large attendance as the fair is proving very popular. The following prize winners were announced for last evening: Door prize, serving tray, William Lanyon; bean board, silver coffee pot, Roy Camp; bell; air gun, electric lamp, C. K. Seelye; silver box, silver salt and pepper shaker, F. Ferguson; bagatelle, oil stove, W. Hammond; ten pins, rifle, F. Ferguson and nine pins, silver dish, H. Daley.

**ST. JOHN CHILD BURIED IN KENTUCKY**  
The burial of Margaret Louise, sixteen-year-old child of Rev. J. C. B. and Mrs. Appel of Victoria street, North End, took place in the family lot of the little girl's grandparents, Lexington, Ky., on the afternoon of the 19th, the same day as the Douglas Ave. Christian church pastor arrived there with the body. Services were conducted by Rev. I. J. Spencer, pastor of one of the Christian churches in Lexington, who was the incumbent in that charge when Rev. Mrs. Appel lived in their home city. Rev. Mark Collis, pastor of the Broadway Christian church and Rev. Prof. DeWeese of the College of the Bible, Lexington, the Disciples of Christ Institute, where Rev. Mr. Appel studied, also took part in the obsequies. Rev. Mr. Appel will return to St. John in about a week. He is taking a sorely-needed rest.

**SAY TROJA HARD VESSEL TO STEER**

**Inquiry Into Stranding of Ship on Old Proprietor**

**Captain and Others Give Evidence at Inquiry Begun Here This Morning—No Apparent Sign of Negligence**

An inquiry into the loss of the S. S. Troja on the Old Proprietor ledge was held this morning in the board of trade rooms. Captain H. St. George Lindsay, R. D. R. N. R., presided and associated with him were Captain Gillies of the C. P. O. S. liner Tunisian, Fred. R. Taylor was present on behalf of the Shipping Federation.

Captain Kane, who was in command of the steamer, was the first witness. He was followed by Second Officer Percy E. Ferguson, Robert Medore, who was at the wheel when the steamer struck Amos W. Simonds, who was on the lookout, and George Stevens, chief engineer, who was on duty at the time of the mishap.

After the evidence had been taken the court adjourned until this afternoon at 2:30 o'clock. The evidence did not bring out any apparent negligence, but all were unanimous in saying that the steamer was hard to steer and that on the morning she struck it was thick.

Captain Kane said he was master of the Troja, which was owned by the Troja Steamship Company of Montreal. He was in command of the vessel from March 5 and was on his second voyage. During the voyage from Louisbourg to this port, he said, he had no opportunity to get an observation. He left Louisbourg on March 12 at 7 a. m. They had fine weather coming down the coast and until they neared Cape Sable. From that on the conditions became bad, the weather was thick and it began raining. After leaving Seal Island he changed his course and he was between Grand Manan and Brier Island. At 9 o'clock he ordered half speed and made preparations to drop the lead. The look-out reported breakers and he ordered the helm hard a port and full speed ahead. He said the tide was setting up and the seas were very rough with the wind blowing east by southeast. The breakers were about a mile and a half over the port bow when he ordered the helm hard a port. The vessel was steering badly and he put her south-south-east. He said she was a very hard steering ship. It became dense again and she remained on the south southeast course until she struck at 10:20 o'clock. At that time she was going full eight, which was between seven and eight miles an hour. There was a heavy sea running.

After she struck he ordered the boats ready and they got the haul foghorn on the bridge and sounded it for assistance. They remained on the ship all day and all night with the seas breaking over her.

The life saving boat appeared about noon that day. The boat was landed at White Head, Grand Manan. When he left the ship she was partially submerged and breaking up. He said they left the weather cleared and he saw the buoys, etc. They landed at Littlewood Light but were unable to get back to the ship again owing to the rough weather.

In answer to Captain Gillies, he said he tried to keep off from the Lurecher as far as possible because he had been warned not to put too much dependence on the light, which was said to be bad. He said he was handicapped by not having a tube for sounding. He said she was a very high ship and caught the wind.

He said he had not intended to remain as master of the ship and he had taken command only to reorganize and see that proper discipline was maintained. He had been sent to Louisbourg by the Troja Company of Montreal.

Mr. Ferguson said he had been on the Troja for six months. He joined as a carpenter and was appointed second mate in November. He said he went on deck at 9 o'clock on the morning the ship struck. The vessel, he said, was steering badly. After they sighted the breakers he heard the captain ordering the helmsman what course to take.

Robert Medore said he had been at sea for two months and had been on one other steamer. He took the wheel at 9:20. While on the steamer he had frequently taken his trick at the wheel. He said the vessel was hard to steer. After she struck he left the wheel and went to the lifeboats.

Mr. Simonds said he had been on the Troja for two months. He had been a fisherman prior to going to sea. He went on the lookout at 8:50 and remained there until she struck. When he left the wheel the captain was in the wickethouse watching and giving orders.

Mr. Stevens said he had been on the steamer from March 6 until the mishap. He told about going on duty on that morning and the speed the vessel was making, etc. After she struck he was left alone and remained on duty until forced to leave by the water which flooded the engine room.

**FURTHER REMOVAL OF WAR TIME RESTRICTIONS**

The special licenses required under the War Measures' Act for voyages of Canadian registered sailing vessels, have been dispensed with according to word received by the local collector of customs. An order-in-council has been passed rescinding that of last May which provided that no sailing vessel registered in Canada should proceed on any voyage other than a voyage from one Canadian port to another unless a license was granted.

Under "Notice to Mariners" advice has also been received stating that the public traffic regulations for the ports of Halifax and Sydney necessitated by the war are no longer in force also that notice of the removal of both war time restrictions has been received by the local Board of Trade.

**REAL ESTATE NEWS**

Transfers of property for the week have been recorded as follows:

St. John County,  
T. C. Brown to D. J. Owens, property in Queen street.  
Alice J. Russell to W. B. Purdy, property in Clarendon street.  
C. F. Sanford to G. O. Catter, property St. John river.  
Mary A. Vanwart to Harry Dastan, property in Douglas avenue, Kings County.  
Ellen D. Healey, per master supreme court, to M. J. Tierney, property at Havelock.  
H. D. Kinnear to R. A. Stockton, property at Cardwell.

**MILITARY.**

The following officers have been placed on the reserve of officers: Lieut. J. D. MacLean, M. C., Lieut. H. W. S. Allingham and Lieut. P. W. Vanwart. Matron J. Baldwin Graham, C. A. M. C., has been temporarily detailed as matron of the New Brunswick military hospital at Fredericton.
