STILL IMPROVING.

Reports of President McKinley's Physicians Continue Emphatically Hopeful.

Czolgosz Still Maintains He Had No Accomplices - Federal Government Will Probably Prosecute - Emma Goldman Arrested in Chicago.

MILBURN HOUSE, BUFFALO, Sept. 11. - The following bulletin was issued by the President's physicians at 6 a. m. - "The president has passed a very comfortable night. Pulse, 120; temperature, 100.2; respiration, 26."

MILBURN HOUSE, Sept. 11. - The following bulletin was issued by the President's physicians: "9 a. m. - The President rested comfortably during the night. Decided benefit has followed the dressing of the wound made last night. His stomach tolerates the beef juice well and it is taken with great satisfaction. His condition this morning is excellent. Pulse, 116; temperature, 100.2."

MILBURN HOUSE, Buffalo, Sept. 11. - Dr. Rixey was seen by an Associated Press reporter shortly after the six o'clock bulletin was issued. He seemed in an excellent frame of mind and supplemented the statements in the bulletin by saying there was absolutely no alarm over the president's condition; that his condition was not serious, and the facts were just as published in the statements made by the attending physicians.

THE BULLET WOUNDS. BUFFALO, Sept. 11. - When the operation was performed on Friday last it was noted that the bullet had carried with it a short distance beneath the skin a fragment of the president's coat. This foreign material was, of course, removed, but a slight irritation of tissues was produced, the evidence

of which has appeared only tonight. It has been necessary, on account of this slight disturbance to remove a few stitches and partially open the skin wound. This incident cannot give rise to other complications. Dr. Rixey today said that the opening of the wound was in no sense an operation. "It was more in the nature of a redressing of the wound, an antiseptic dressing to allay the slight irritation that had appeared."

The fact that the wound in the president's abdomen is not healing by "first intention," is not a feature at all unusual in such cases, explained one of the president's physicians. On the contrary, it is usual for gun-shot wounds to heal by what is termed "second intention," through granulation. Especially is this the case with older persons, whereas in the case of young people they usually heal by "first intention."

"There is absolutely no indication of blood poisoning in the president's case," said the doctor, when a newspaper man hinted that the irritation which had appeared at the exterior wound might have pertaken of that nature. Dr. Roswell Park, who came from

the house two minutes later gave the most positive assurances of satisfaction at the condition of the president. "What was done last night," said he, "should not be called a second operation of any operation at all, as it was nothing of the kind. It was just that ordinary care given to an incision called for by the requirements of surgery. In fact as affecting the patient it was little more than opening his vest - so the opening of the incision should not be given an erroneous interpretation. None of us in particular performed the work, as might be the case if anything in the nature of an operation had occurred, but all of us assisted in what was done. Two stitches were taken out, but it was not necessary to make any new stitches."

Dr. Park was asked as to the result of the beef juice taken by the president last night. "The results have been ex-

cellent," he replied, "and this morning we have increased the quantity of beef juice fed by the mouth. The natural digestive processes are operating and the wounds in the side of the stomach are not interfering with the proper assimilation of food going into it."

RECOVERY WILL BE SLOW.

The conference of physicians broke up at 3:15 a. m., and five minutes later Dr. Mynter left the home. "It's all good news," said he, "as he reached the street, where the newspaper men were congregated. 'The action we took last night has proved beneficial, and I feel more confident of the president's recovery than at any time since he was shot. Everything is favorable, and we have tripled the amount of nourishment, giving him now three teaspoonfuls of beef juice every hour instead of one. But the president's recovery will be slow. All talk of his sitting up in a few days and leaving Buffalo in a week is nonsense. I shall be satisfied if he can be moved in six weeks.'"

Dr. Mynter said that Dr. Mann had taken out the stitches in the wound last night. He described the necessity

for the action as an irritation of the skin not unusual in such cases. He said, generally speaking, that the president was doing excellently. He drank water freely, passed it freely, and the condition of his bowels was satisfactory.

THE DEATH PENALTY. NEW YORK, Sept. 11. - An interesting interview with W. W. Ewida, a criminal lawyer, who defended the Homestead strikers, comes from Minneapolis. Mr. Irwin said: "Under the common law in force in that state, which has not with reference to reason been modified by statute, it will adjudge the crime as an act of treason, the punishment of which is death. The state of New York will prosecute Czolgosz for treason in attempting the life of the sovereign executive recognized by New York, for he has committed common law treason against the highest authority owed by all citizens of New York to the chief executive of the United States."

A MYSTERIOUS LEADER. NEW YORK, Sept. 11. - James M. Trimble of Newark, N. J., who has just completed his work as commissioner for the state of New Jersey, to inquire into the killing of King Humbert by Bresci, is quoted as saying: "My investigation of the Bresci affair has shown plainly that there is a man in this country who is the conspirator in all these assassinations. I cannot now give his name. I sent all the evidence to the Italian government. Who was it that gave to Bresci and his colleagues the money necessary for them to accomplish their acts of violence? The answer to this question will give the name of the most dangerous man in America today."

HE SAVED THE PRESIDENT. SYRACUSE, N. Y., Sept. 10. - A fund for Jim Parker, the Negro who saved President McKinley's life, has been started in this city, the Herald being made custodian of the fund. The managers of the Grand Opera House have agreed to give 25 per cent of Wednesday night's performance to the cause. Parker is a waiter, a giant in size, and one of the most good natured of men. He it was who knocked Czolgosz down and prevented him from firing a third shot. Parker had just shaken hands with the president a moment before, and when he heard the shots he wheeled and threw himself on Czolgosz with the fury of a tiger.

EMMA GOLDMAN ARRESTED. CHICAGO, Sept. 10. - Emma Goldman, the anarchist, who was said by Czolgosz to have inspired him, was arrested today. She denied that she was implicated in any plot to kill the president, and said she believed Czolgosz acted on his own responsibility. The president's life or death, she said, were matters of supreme indifference to her - she was an anarchist. Czolgosz's act was foolish, and she believed it was inspired by the misery he saw around him. She denied that she saw him since July 22, when he was in company with her and Abraham Isaacs. The Chicago police think she and Isaacs were with Czolgosz in Chicago on August 18, and they are now seeking evidence to prove it. Miss Goldman says the police are making more friends for anarchy than the anarchists themselves could possibly do, and she has been an anarchist ever since the Haymarket affair in Chicago, and she has taught the creed of anarchy ever since.

THE CHICAGO ANARCHISTS. CHICAGO, Sept. 11. - An application will be made today for a writ of habeas corpus in behalf of the nine anarchists now under arrest, charged with conspiracy to murder the president. The names of Emma Goldman also probably will be included in the petition. Should the application for a writ be successful it probably would be made returnable Thursday morning, at which time all the defendants would be brought into court. In the evidence which can be produced to hold the prisoners, it is said the Chicago police have the following telegram from Buffalo chief of police: "Czolgosz was in Chicago August 18 in the company of Emma Goldman and Abraham Isaacs, at Isaacs's office." The Chicago police don't know on what evidence this statement is based, but take it for granted that it is a part of the confession of Czolgosz.

The case of small-pox on board the fishing schooner Thalia, at Halifax, is of a most virulent type. Two cases of small-pox were found on a D. A. R. train from Halifax to Yarmouth yesterday.

Monday evening, as Dr. Atherton, of Fredericton, was driving from Nashua, his horse took fright, the harness broke, the horse became unmanageable and ran into a ditch. The doctor was thrown and severely shaken up and bruised.

Angus Gidney, M. P. P., and Hon. A. H. Comeau have been selected to contest Digby County in the interests of the Murray government. Hon. Arthur Drysdale and Parker Koffelley have been selected by the liberals at Windsor. Premier Murray and John Morrison were again selected to contest Victoria County, C. B., for the liberals.

ARMENIAN MASSACRES FEARED.
CONSTANTINOPLE, Sept. 10.—Fifty Armenian revolutionists, according to Turkish reports, recently set fire to the Mussulman quarters at Mush, Turkish Armenia, where fighting afterwards occurred, the Armenians reported that Armenian and Turks blew up the barracks at Sassoun, Sept. 3, where 3,000 troops were stationed, and that a state of panic prevailed there in consequence. Such Turkish reports have previously been forewarners of massacres of Armenians, and it is generally apprehended by non-Mussulmans here that massacres have already taken place.

DEFEATED THE BOERS.
LONDON, Sept. 11.—Lord Kitchener reported to the war office from Pretoria as follows: Methuen engaged Vautour and Delany in Great Marais valley, Sept. 6 and Sept. 8, driving them from a strong position Sept. 8. The Boers left six dead Sept. 6, and 12 Sept. 8. Forty-one prisoners were captured.

THE FIRE RECORD.
SYRACUSE, Sept. 11.—A fire starting in the Syracuse Silk company's mill early this morning spread to the works of the Will-Bauman Candle company and completely destroyed both plants and their contents. The loss is more than \$100,000. During the early progress of the fire three firemen were injured by falling debris.

KING EDWARD.

WORD-FORMING COMPETITION.

FIRST PRIZE - \$15.00
SECOND PRIZE - 7.50
THIRD PRIZE - 2.50

Thirty Compensation Prizes, each consisting of a handsome picture of the King.

Everyone has an equal chance to win the prizes offered, as all you have to do is to find as many words as you can, using all or any of the letters which are found in the words "KING EDWARD," according to the following conditions:

No letter can be used twice in the same word except the letter "D," which appears twice in the words "King Edward."

No proper names or compound words allowed.

Competitors may use any standard dictionary, the name of which should be stated at the end of the list.

Below will be found a coupon divided into twelve spaces. All the words sent in by competitors must be written on these coupons taken from the STAR, one word only in each space. Further coupons will appear in the Star every night until the close of the contest.

The first prize of \$15 will be awarded to the competitor who sends in the greatest number of words formed according to the rules of the contest as stated above. The second and third prizes will be awarded the competitors sending in the two next largest lists, and a picture of King Edward will be awarded as a compensation prize to the thirty competitors sending in the thirty next largest lists. The decision of the competition editor must be considered final.

Intending competitors should note the rules governing the contest, and observe them carefully. Lists not formed strictly according to the conditions of the contest will not be considered.

Keep the coupons until your list is complete, when all should be sent together in an envelope marked "Star Word-forming Contest," and addressed to the Star office, so as to reach this office on or before SEPTEMBER 30TH, on which date the contest will close.

Winners will be announced in the Star on Monday, Sept. 23rd. A good chance to earn \$15.00 with little effort. Try it.

ALCOHOL AND MORPHINE.
AN ANTIDOTE DISCOVERED.

A recent remarkable discovery in medicine which has been found to annihilate the appetite for alcoholic drinks and all drugs even in the most hopeless cases, is attracting a good deal of attention among those interested in temperance work. The medicine is purely vegetable, perfectly harmless and absolutely free from narcotics. It leaves no evil after effects and can be carried in the pocket and taken in absolute privacy, thus dispensing with the publicity, loss of time and expense of an institute treatment.

The medicine has been tested and is vouched for by "The Vice of St. Michael's," Rev. Father Quinlan, Rev. Joseph Egger, Rev. B. L. Fitzgerald, Rev. Father Strube, Rev. Father McCallen, Rev. M. Gaughren, Rev. A. M. Coventry, Rev. Father Gault, Sister Augustine, Sister William, S. S. H. Sister Ethelburga, and many others.

Full particulars regarding this medicine can be obtained by writing to Mr. Dixon, No. 51 Willcocks Street, Toronto, Canada.

The Yarmouth steamer Usher, Capt. Cann, which sailed yesterday morning for Cape Town via Louisburg (where she will take in coals), carried 46,694 bales of hay. It took 131 cartloads to fill the 120,000 feet of space contracted for by the government. On her former voyage the Usher took away 148 cartloads, which shows quite a difference in the stowage.

THE BUSH FIRES.

The forest fires surrounding the city, which have been blazing furiously for the past few weeks, assumed yesterday a most dangerous aspect. Last evening the southwest wind carried the dense smoke from those fires to the north and west over the city, and for hours all who were compelled to be out of doors were irritated by the acrid vapor which closed in upon the town and smothered it as if with a heavy blanket of fog.

All along the Shore Line railway the fires are burning fiercely, and last evening had reached the highway at Ludgate Lake, about a mile from Spruce Lake. The wind was rapidly bringing the flames along, and owners of houses and camps were yesterday making preparations to save their property.

Around Pisierino and Irishtown the fires were yesterday a source of dread to the residents. No buildings had been burned, but a number were threatened.

On the Ben Lomond road and around Red Head large areas of woodland have been destroyed, and late last night the fires there were still raging, as well as those on the Quaco and Black River roads. At Garnet town a barn owned by Mr. Naves was destroyed, along with a quantity of implements stored in it.

In the South Bay district, although the smoke hangs thickly everywhere and many fires are burning, no damage is feared at present, although a change in the direction of the wind will bring a number of buildings in the path of the flames.

The effect of the forest fires was felt by the inhabitants between Sussex and this city, last night to an extent not experienced in many years. A dense volume of smoke hung around the horizon on all sides, and though no reports of serious damage have been received, it is certain that the bush fires extend into Kings as well as in St. John County.

A RUMORED SAW-OFF.

It is said that the election petitions in this province, will all be dropped, and that an arrangement has or will be made to that effect. This includes the St. John city and county, Kings, Queens-Sunbury, Carleton, Charlotte and Beauséjour cases.

DR. MORRISON'S EVIDENCE IN THE CASE OF MORRISON V. ST. JOHN RAILWAY.

The Grand Jury This Afternoon Presented an Address Asking for Necessary Repairs to the Court House.

The cross-examination of Dr. Morrison was continued at yesterday afternoon's session of the Circuit Court. He said that in 1900, with his brother, he was in the rooms district near Cannon, but he was there for his health, and Dr. Macaulay was recalled and testified in regard to the hospital prescription book.

The death occurred this morning at his home, Brussels street, of W. J. Cox. A wife and family survive. Mrs. Cox's sister, Miss Susie Kelly, of Fredericton, came down yesterday.

A little girl between two and three years old was found wandering around on King street this morning by Sgt. Ross. She was taken to the station and has remained there since. She gave her name as Jennie White.

Gilbert C. Jordan has received from the Sun Life Assurance Co. a magnificent gold watch, which is the prize given by them to the agent writing up the largest amount of business in Canada during the last six months.

An alarm was rung in this forenoon from box 241 for a blaze in a barn and woodshed on Winter street belonging to Mr. Kane. The firemen were on hand in time to prevent the flames from making any great headway and extinguished them without difficulty.

Two men with a barrel of water were out on Queen square this morning earnestly seeking to find signs of life in the long-neglected flowers and grass. It is a pity this action was not taken early in the summer, but some good should result, even now.

Sergt. Ross found a little boy about three or four years old wandering about on King street this morning. He was taken to the central station and was claimed this afternoon by his mother, Mrs. White, of Waterloo street.

The funeral of the late Mrs. Thomas Lynch took place this morning from her late home on Winslow street, west end. At half-past eight o'clock the body was taken to the church of the Assumption, where requiem mass was conducted by the Rev. Fr. Donovan. Interment was made in the Spar Cove cemetery. There were no pallbearers.

In connection with a paragraph in the Star on Saturday, stating that a landlord had been locked in by his tenant and kept a prisoner in a house on St. David street, till the constable came and let him out, the landlord informs the Star that he was not a prisoner. The tenant had locked the door, but he, the landlord, had others means of egress and merely stayed there to keep possession till the other constable came.

TRACKMEN'S STRIKE.

The strikers were dismissed this morning—There May Be Further Trouble.

A strike is now on among the I. C. R. yardmen. The trouble arose through the authorities sending Henry White, of Apohaqui here, to take charge of a section formerly looked after by Foreman Rafferty, who has received another appointment. The yardmen have several grievances against Mr. White, and refuse to work under him. During the C. P. R. strike he left the intercolonial to fill the place of a Brotherhood man on strike, on the other road. When the strike was over his services were not required, and he came back to the intercolonial. He has never been a section foreman and the yardmen consider it a grave injustice that he should be brought in from Kings County to fill a position for which there are several competent men here. Notices were given yesterday that the men would not work under Mr. White, and if he were retained they would go out.

This morning notice was received from Foreman Seaman dismissing the men on strike, seven or eight in all, and stating that he would be here this evening to get other men to fill their places. It is just possible that this action may precipitate a big strike on the road. The men are all members of the Brotherhood and it is not expected that a Brotherhood man will take the place of a dismissed member, when the cause for dismissal is such as in this case.

HE LOST HIS TRETEL.

Yesterday, while a gentleman was gazing meditatively at a catch basin on Charlotte street, he dropped a set of false teeth from his mouth, through the gratings. He stated his loss to those who could do the most for him, and in a very few minutes four men arrived on the spot. All of the refuse in the basin was shoveled over in search of missing grinders, while the loser furtively watched the work from the door of a neighboring store. As is generally the case, it was nearly the teeth and they were restored to the gentleman. He is not liable to let a catch basin for any length of time in future.

COUNTY COURT.

In the County Court today the Torribuen case was postponed until next Tuesday. In order to hear the evidence of James McLaughlin, a necessary witness.

The building that is to enable the people of the county to make their own use of a school. This school particularly should be a school with proper fire escapes. The law with respect to the other buildings mentioned in the act should in our opinion also be enforced. It is the same when some disaster occurs to learn that there is on the statute book a law which it had never been enforced. It is a pity that such a disaster should occur.

On behalf of the grand jury, and at the 11th day of September, A. D. 1901.

ST. JOHN'S NEFD.
Disastrous Fire—Oil and Seal Works Burned—City in Danger.

A telegram to the Star from St. John's, Nfld., states that a fire is raging on the south side of the harbor. Job Bros. & Co., and Bowring Bros. huge oil refining and seal skin curing works are burning, and the loss will be immense. There are no further particulars, but evidently there will be other great damage done, and doubtless shipping in the harbor will suffer severely. If the wind is in the right direction the whole city would be in jeopardy. The destruction of the oil and seal works will be a great blow to the city. This is the height of the cod oil season, with heavy stocks in store.

THE DUTY OF THE HOUR.
Government Should Fire Big Guns to Bring Down Rain.

A Prince William street merchant, who has had a practical experience with the British artillery, and who keeps in touch with the world's advance, told the Star reporter this morning that, in his opinion, it was the duty of the government to step in and put an end to the prolonged dry weather that is parching this country from one end to the other.

Every great battle, said the Star's informant, is followed by heavy rains, and it is a matter of record that the park of artillery can bring down copious showers. This has been demonstrated in France as well as in the United States.

If all the big guns in and around St. John were put in action and fired for some hours a rainfall would be sure to follow. Powder might be more profitably burned in this way than in firing salutes—the only use to which our cannon have ever been put.

Rain is desperately needed, and if artillery can get it out of the clouds, this branch of the dominion's active militia will have done more for New Brunswick's material advantage than all the camps of instruction have accomplished in many years.

SALVATION ARMY CASE.
And the Awful Effect of a Queen Square Singer's Voice.

The case against the Salvation Army was before the police court again this morning. Mr. McAlpine endeavored to prove that other noises were prevalent in the neighborhood of the Charlotte street barracks, and that these escaped public condemnation, while the army had to bear the brunt.

James R. Woodburn, a prominent member of Queen Square Methodist church was called on by Mr. McAlpine, questioned him as to whether he had not at one time been "so startled by an extraordinary roar from one of the members of the Queen Square Methodist choir that he had almost upsetting the collection plate."

Mr. Woodburn acknowledged that he had been startled by an extraordinary sound. The collection plate had not however suffered disturbance.

T. R. Bullock testified that the Salvation army did not disturb him. A discussion followed as to the whole case, and the information was received from Mr. Jewett that last evening the noise was as loud as ever. It was finally decided to continue Monday morning.

CHRISTIAN ENDEAVOR.

Rev. Clarence E. Eherman, the new field secretary of the United Society of Christian Endeavor, is making a tour of the maritime provinces in the interest of C. E. work, taking in all the largest towns and cities.

The St. John union is making big preparations for his visit here. He will arrive in St. John on Saturday evening, and remain until Wednesday. Meetings will be held as follows: Mass meeting Sunday afternoon in the Main street Baptist church (Sunday evening after church service).

Mr. Eherman will speak in the Free Baptist church, and on Monday evening there will be a worker's conference in Germain street Baptist church, Tuesday morning, a conference of all the pastors in Y.M.C.A. and on Tuesday evening a grand mass meeting in the Baptist church, and on Wednesday representatives are invited from all the Evangelical churches in St. John county and east as far as Sussex. Entertainment will be provided for those outside representatives if their names are sent to the secretary of the local union, W. J. McAlary.

CONCERT LAST EVENING.

The concert held last night in Brussels street Baptist church by Mrs. E. A. Cain, under the auspices of the Y. P. U., was a decided success. D. L. Noble acted as chairman. The attendance was good. The programme was well carried out, and was greatly enjoyed. The programme was as follows: Piano solo, by Mrs. Dishart; Song, by Miss Currie, Miss Davis, G. P. Black and G. M. Wetmore, interspersed with solos by Mrs. Cain. The readings were very much enjoyed and loudly escorted. The performance closed with singing God Save the King.

APPLES NOT SO SCARCE.

The Fruitman's Guide of Boston has letters indicating that the scarcity of apples will not be as great as is often supposed. The south-western crop is heavier than anticipated. An abundant yield is promised in Kansas and Ohio. A Cincinnati letter says the estimates made at the last apple convention will be increased 10 to 20 per cent, and that growers are beginning to look for buyers. Florida will yield 2,000,000 boxes of oranges, and California will have more than last year. This will make oranges cheap, and if apples are high priced they will go slow. This writer says, "There will be plenty of apples to go around and to spare."

But that is what Mary Collins, of Spruce Lake, did yesterday afternoon, and in addition she was profuse in her thanks to the officer for supplying her with a cell in which to rest her weary limbs. Mary was found yesterday going down Union street making good headway towards her Spruce Lake home. This morning in court she did not think she had been very drunk, just had a little in, and was getting along nicely.

Liamis Francis, on her way to Hallifax, was gathered in on North Market street by Officers Sullivan and Crawford. To the magistrate today she expressed a wish to be allowed to continue her journey. Both of these prisoners were remanded.

Frederick Duncan and Robert Carson, two boys, were reported by Charles Millett, for beating his children on Portland street. Duncan was fined twenty dollars, which was allowed to stand against him.
