CITY NEWS.

Recent Events in and Around
St. John,
Together With Country Items
from Correspondents
and Exchanges.

Rev. L. I. Donaldson has been elected
rector of Trinity church, Halifax.
He will take charge at Easter.

The season for book and fish salmon
fishing opens February 1st.

Stephen Hope, youngest son of Capt.
Stephen B. Atkinson of Sackville, died
at his father's residence Tuesday
morning, aged 22 years.

Dr. J. H. Ryan is attending a young
man by the name of Whitcomb at Sussex
for severe inflammation of the
middle ear. The doctor operated on
Wednesday, giving the patient great
relief.

Supplies are coming into the country
market slowly this week, and prices
on produce are still ruling high though
a slight decrease is shown. Hensley
eggs bring 30 to 35 cents, and butter
of good quality calls for 25 to 27 cents.

The parish of Norton, in Kings Co.,
will in future have two polling places
for municipal elections. This was de-
termined upon at Wednesday's meet-
ing of the Kings county council. Coun.
Allison, who secured the change, had a
largely signed petition in favor of it.

At Chubb's Corner yesterday, E. T.
Lantam offered for sale the property
on the north side of King square
known as the American House. The
auctioneer tried hard to sell the prop-
erty, but withdrew it at \$400.

Some Problems in Connection with
the Erection of the Miramichi Bridge
was the theme of Dr. Martin Murphy's
presidential address at the annual
meeting of the Canadian Society of
Civil Engineers, which session at
Montreal closed yesterday.

A North End correspondent writes:
The concert given by the Juvenile C. T.
U. of St. John (north) was held at the
home of the president, Mrs. Gilbert
Dykeman, Main street. The proceeds,
\$435, were in aid of the Little Girls'
Home.

Edward Durant of Moncton, who
went to South Africa with the first
contingent and who was seriously in-
jured at the memorable battle of
Paardeberg on Jan. 23, has been ad-
vised that Great Britain will pay him
a pension of 180 a day for life.

Little Jack Ring, son of the late De-
fective Ring of the I. C. E., who fell
down the stairway of the I. C. E. of-
fices at Moncton, and who was badly
injured some weeks ago, is able to walk
on a short distance on crutches. It
will be some time yet before he will
be fully recovered.

Mayor White has been reluctantly
compelled to decline the invitation of
the Canadian Club, New York, to at-
tend the ceremony of unveiling the
tablet to the memory of the late Mor-
ris Robinson. In writing his regrets
the mayor said one reason he would
have liked to attend was because
many relatives of Mr. Robinson are
among St. John's best citizens.

In the Turin journals recently ap-
peared an announcement that a large
banquet would soon be given, at which
the only guests would be those hus-
bands in Turin who did not live hap-
pily with their wives. The banquet,
in a word, is to be a sort of consolation
feast, and the utmost care will be
taken that while it is in progress the
unfortunate spouses shall not be
interrupted by their wives.

TO CURB A BOLD IN ONE DAY.
Take Laxative Bismut Tablets. All druggists
return the money if it does not live hap-
pily with their wives. The banquet,
in a word, is to be a sort of consolation
feast, and the utmost care will be
taken that while it is in progress the
unfortunate spouses shall not be
interrupted by their wives.

COASTING ACCIDENT.
ST. ANDREWS, N. B., Jan. 28.—
Mariner, the twelve-year-old son of
Theodore Holmstrom, this forenoon while
coasting down Williams street on his
sled ran up against a tree near the
residence of Post Master Stevenson.
As a result the boy suffered disloca-
tion of one of his knees. He was con-
veyed to his home, where the services
of Dr. Harry Love was requisitioned,
who succeeded in putting the knee joint
in place again.

FEAR OF THE FUTURE.
Most people who dread the future
are victims of some terrible disease.
Mrs. W. Francis, 204 Colborne street,
Kingston, was in a bad state with
kidney disease. She had severe pains
in back and legs, was gradually losing
flesh and felt a dread of the future.
A friend recommended Dr. Chase's
Kidney-Liver Pills and the result was
a complete cure. There is no medicine
more reliable, none so certain to pro-
duce a thorough cure. One pill a dose,
25 cents a box.

GOODSPEED CASE POSTPONED.
His worship the mayor has been in-
formed that his presence before the
supreme court at Fredericton to state
the reasons why a mandamus should
not be issued compelling him to sign
Goodspeed's warrant will not be re-
quired until Tuesday next. The hear-
ing of the case has been postponed
to the absence of the attorney
general in Ottawa. The case for the
mayor will be argued by Hon. Q. N.
Skinner.

TO VISIT LUMBER CAMPS.
Messrs. W. H. Murray and Theo.
Cushing have gone on a tour of
inspection of the respective lumber
camps of Murray & Gregory and Andre
Cushing & Co. on the best waters of
the St. John River. Conditions so far
this season have been reported very
favorable.

A MILLION DOLLAR COMPANY.
James Robertson, of Millerton; C. J.
Coster and T. M. Robinson, of St.
John; J. J. McNeill and E. P. Brown,
of New York, seek incorporation as
the Aluminum Production Co. of New
Brunswick, limited, capital a million
dollars, chief place of business New-
castle, Queens Co.

NOTICE.

The canvassers and
collectors for the SEMI-
WEEKLY SUN are now
making their rounds as
mentioned below. The
Manager hopes that all
subscribers in arrears will
pay when called on.

Edgar Canning is in
ALBERT COUNTY.

F. S. Chapman in Kings
County N. B.

J. E. Austin in the Coun-
ties of Queens and Sun-
bury, N. B.

NEW I. C. R. ROUNDHOUSE.
Contractors Beginning Preliminary
Work for the \$30,000 Building.

Messrs. Flood and Bates the contrac-
tors for the new \$30,000 I. C. R.
round house, have begun work at Gil-
bert's Island preliminary to the con-
struction of the big building. The pro-
visional stone crusher has been brought
from the local government and a gang
of men with steam drill are at work
on the island blasting out rock to feed
to the crusher, which will break it in-
to the necessary smallness for the
making of concrete.

Owing to the marshy nature of the
ground on which the round house is to
be built, piles will have to be driven
deep down to give a firm primary
foundation on which a solid bed of
concrete will be laid. The main founda-
tion of the building will be construct-
ed on this.

The work of preparing rock for the
concrete will continue for the next
couple of months, as the work of pile
driving cannot be done until the ground
has thoroughly thawed out.

20 YEARS OF ITCHING PILLS.
Mr. Alex. McLaughlin, Bowmanville,
Ont., writes that for twenty years he
suffered terribly from itching piles.
Seven years ago he asked a druggist
for the best cure for piles, and was told
to use Dr. Chase's Ointment. He con-
tinued the treatment until he was fully
cured, and as he has never had any re-
turn of his old trouble considers his
cure permanent, and remarkable on
account of the length of time he suf-
fered.

HALF-TON HEAVYWEIGHTS.
(Hartland Advertiser.)
Probably the heaviest train crew in
the dominion is that comprised of R.
M. Dow, conductor; W. A. Britton,
baggage; Hoses Denmore, brakeman;
George D. Sinclair, engineer, and
Robert Burton, fireman, whose com-
bined weights amount to 1,100 pounds,
an average of 220 pounds each. This
crew runs the St. Stephen-Edmund-
ston express.

KILLED IN THE WOODS.
Chief Clark has received a despatch
from a citizen of Staceyville, Maine,
asking for information regarding the
relatives of a man by the name of
James Given belonging to St. John's.
The telegram stated that Given, who
was employed with one of the lumber camps
near Staceyville, has been killed on
Tuesday afternoon by being struck by
a falling tree.

The man referred to is evidently
James Given of St. John, who has been
living with his grandmother, Mrs. Mar-
garet Given in a house in the rear of
181 Erin street. The body will probably
be brought home for burial.

REVOLUTION IN NEWFOUNDLAND
"Since the introduction into New-
foundland of the new Inhaler Remedy,
"Catarrozone," the treatment of cat-
arrhal diseases has been entirely revo-
lutionized. The old-time snuff and so-
lutional medicine has been cast aside
and everyone is inhaling Catarrozone.
It clears the head and throat in two
minutes, and is very agreeable and
pleasant to use. Catarrozone is a
wonderful cure for Coughs, Colds,
Catarrh, Asthma, Bronchitis, Lung
Troubles and Deafness. It relieves
quickly and cures permanently. We
advise our readers to try Catarrozone.
Price \$1.00, trial size 25c. Druggists,
or Polson & Co., Kingston, Ont.

Dr. Hamilton's Mandrake and But-
ternut Pills.

ST. STEPHEN, Jan. 28.—Town elec-
tions were held in St. Stephen and
Milltown today, passing off quietly in
each town.

In St. Stephen A. I. Teed for mayor;
W. H. Dismore, A. A. Laffin, Jos.
McGuire and J. C. Henry, for council-
lors, were unopposed. In Queens ward
Walter S. Stevens and E. M. Ganong
had to defeat a perennial candidate for
councillor, who obtained fifteen votes.
For assessors, L. A. Mills was unop-
posed, while A. D. Taylor defeated J.
Loehary and T. E. McGeachter defeat-
ed Duncan Stewart.

In Milltown Frank C. Murphy was
elected mayor for a third term without
opposition. For councillors, F. Mc-
Laughlin, John Kerr, Jas. Smith and
Martin L. Young were unopposed. In
ward three D. Fitzsimmons, W. H.
Vines and Albert Burns with 29 votes
defeated Arthur Hills, who secured
twenty-two votes. For assessors, Isaac
Smith, H. Whitney and J. I. Andrews
had no opposition.

KINGS COUNTY
OPPOSITION

Nominate Messrs. Sproul,
O'Connell and Moore.

To Contest the Constituency at
the Next General Provincial
Election.

A Large Representative and En-
thusiastic Convention at Hampton
Yesterday Afternoon—Good Men
and True Selected as Standard Bear-
ers—The "Speeches of the Gentle-
men Nominated—Also Address by
George V. McInerney, ex-M. P.,
and George W. Fowler, M. P.

(Staff Cor. of the Sun.)

HAMPTON, Jan. 23.—The shiretown
of Kings county was the scene yester-
day afternoon of a convention of the
opponents in that constituency of the
present local government. It was held
in Smith's hall, the opposition party
finding it impossible to secure the
court room on account of its occupa-
tion by the municipal council. It was
hoped almost up to the last moment
that the court room could be obtained,
but so much business presented it-
self that the idea had to be abandoned.
Smith's hall is quite a spacious place,
and it was, when the party selected
their candidates, filled to the door, and
a matter of fact, quite a few peo-
ple were hanging just outside of the
entrance. The gathering was a most
representative one, voters being pre-
sent from all the parishes. In addition
to the old time liberal conservatives,
many liberals, formerly supporters of
the present provincial administration,
could be noticed. The latter gentle-
men seemed as enthusiastic as the other
gentlemen, and altogether it was a
successful convention. The hall con-
tained but a small group at the hour
announced for the convention, it being
believed by many that the court house
would be the place. But when it be-
came known that the hall was detail-
ed upon it was soon filled.

PARTIAL LIST OF DELEGATES.
It was impossible in such a large as-
semblage to attempt to name all pre-
sent, but among the gentlemen who
attended the proceedings with keen in-
terest and listened with attention to
the speakers with close attention, ap-
plauding the candidates and the other
gentlemen who addressed them, were:
Havelock—J. D. Seely, James H.
Brown, A. D. Branscomb, Chas. Potter,
Coun. J. F. Freese, J. W. Branscomb,
Coun. H. B. Brown, Albert Lindsay,
Coun. S. D. Alward, James Carson,
John C. Perry, A. W. Keith,
Cardwell—L. Murray, A. D. Mur-
ray, Coun. H. B. Freese, H. B. Freese,
Sussex—Geo. W. Fowler, M. P., Geo.
H. Barnes, G. W. Stockton, Robert
Cowan, Harlan Smith, Geo. Smith,
Newton Smith, T. E. Thus, D. Calvin,
T. W. Fenwick, A. Rudock, P. Fal-
mer, A. B. Smith, Judson Gray, W.
Borland, W. V. Beatty, A. Dixon, Geo.
Burgess, Sterling Humphrey,
North—Harry H. Cochran, J. P.
Frost, S. E. Frost, J. E. Price, Allan
Price, James Ryan, Geo. R. Campbell,
G. Pierce, Fred Chapman, Thos. Wil-
son, John Innes, Milton McLeod, H. P.
McLeod, Geo. M. Frost, Albert Lind-
say, Fred Prince, Elisha Fowler,
Hammond—Coun. Alexander, A.
Sherwood, Coun. Marchbank, Wm.
Gregory,
Springfield—J. A. S. Keirstead, Jos.
Gray, Wm. Case, W. A. Fowler, J.
Downey, A. Cosman, W. F. Downey,
Dixfield—Coun. H. P. Fowler, Coun.
J. M. Campbell, Irwin Wilson, J. H.
Wilson, A. S. Campbell, James Baird,
Joseph Beatty, Norman Keir,
Elisha Allaby, Wm. McDiarmid, West-
on Barnes,
Kingston—S. T. Lamb, H. A. Pitt,
Wm. Havelock, J. E. Price, A. D. Dob-
son, S. Piers, J. E. Ganong,
Kars—Councillors Helms and Palm-
er,
Westfield—Coun. Whelpley, Capt.
Gibbon,
Greenwich—Coun. Beyer, Geo. T.
Seely, Frank Seely,
Cochran—E. V. Dickson, Geo. T.
Saunders, Oscar Saunders, Capt.
Maynes, Wm. Neddie, Geo. Vincent,
Isabel Saunders, Robt. Sherwood,
In addition there were present Hon.
V. McInerney, one of the opposition
candidates in St. John city, and F. M.
Anderson of St. Margarets, the oppo-
sition man in the eastern end of the
county. General regret was expressed
because of the absence of J. D. Hazen,
the leader of the opposition, but a de-
spatch was received from him stating
that he had been unexpectedly called
to Fredericton. The mention of Mr.
Hazen's name was the signal for
cheers.

CANDIDATES CHOSEN.
The candidates chosen to contest
Kings in the interest of the opposition
party are Fred M. Sproul of Hampton,
Councillor James M. Moore of Water-
ford and James D. O'Connell of Sussex.
These gentlemen were the unanimous
choice of one of the largest political
conventions ever held in Kings. The
gentlemen accepted the same and ad-
dressed the electors briefly, pledging
themselves to stick together and pre-
dicting that success would be theirs.
It was quite late when the conven-
tion organized by appointing James
W. Smith of Hampton, on motion of
Geo. W. Fowler, M. P., to preside.
The chairman said it might be well

to have an address to occupy the com-
pany pending the arrival of some of
the councillors who were, without ex-
pecting it, detained at the council
meeting.

SPEPSIA
time to cure it. It's a poor
and a good thing to get rid of
some greater trouble—few are
so little account. You can
tame it with Dr. De Soyres.
Oh, only dyspepsia. Then it
out of you so! It spoils all
it makes the stomach
irritable, anxious, melancholy,
when undergoing torture—
what dyspepsia is
any more! It's absolutely
cured just as well be cured
worry along with dyspepsia
in companion. Perhaps you've
with some of the widely ad-
—and get disappointed. Such
and relief for a while—but

DR. DE SOYRES.
Impressive Sermon By the Great
New Brunswick Preacher.

The Religio Studiosus, Charity, Humility,
Obedience, Its Principles.

TORONTO, Jan. 28.—The first of the
course of sermons in connection with
the University of Toronto was delivered
yesterday morning by Rev. John
de Soyres of St. John, N. B. The ser-
mon was preached in the magnificent
new Convocation Hall of Wycliffe.
The service was conducted by Rev.
Principal Stratton, owing to the ill-
ness of Chancellor Burwash. It was
of a brief and simple character. The
officials and members of the staff
occupied seats on the platform. Five
of six hundred students from the vari-
ous affiliated colleges were present.
Dr. de Soyres is a man of 50 to 55
years of age, fair and of fine presence.
He speaks with great freedom, in a
full, rich voice, and his discourses
abound in historical references, as it is
in the field of history that he has
chiefly studied. Yesterday he made a
very deep impression on his hearers.

THE EXAMPLE OF CHRIST.

Dr. de Soyres prefaced his sermon
with a few remarks upon the occasion
and its auspicious character. He re-
called solemn memories of his own
university life and of his teachers. He
asked what subject he should take for
his sermon, and chose the person and
example of Jesus Christ, and would
let St. Paul be preacher. He based
his sermon on the first eighteen verses
of the second chapter of Philippians,
and the example of Jesus Christ, and
would let St. Paul be preacher. He based
his sermon on the first eighteen verses
of the second chapter of Philippians,
and the example of Jesus Christ, and
would let St. Paul be preacher.

THE LESSON OF OBEDIENCE.
To humanity we added the third les-
son from the Saviour's life, that of
obedience. This, he intimated, was
perhaps the hardest of all, as in an
age of democracy such teaching was
not willingly listened to. The modern
danger was scorn of voluntary serv-
itude. He drew from the South Africa
of the blending of colonial individual-
ity with stern discipline. The blend-
ing of the forces of new and old, he
said, was the anxiety and the hope of
the present time. Both had to learn.
He quoted Matthew Arnold's words:

From the old world let someone answer
five,
Scorn ye the world, their tears, their
I say unto you, see that your souls live
A deeper life than this.

Children of man! Let that your age erect
in pride of life the sign of your
But that ye think, feel, deep, firm fruit
The bread of man doles.

SMALLPOX IN MAINE.

Eight New Cases Discovered at Sides-
ford Yesterday. Several of these
Cases are of the severe type.
Conferring with Catholic
Priests

BIDDEFORD, Me., Jan. 27.—Within
the past 24 hours eight new cases of
smallpox have been discovered in
Biddeford, and in all 65 people are
now quarantined at present. All dates
at the city opera house have been can-
celled up to February 15, and all
members of the board of health
have conferred with the priests of St.
Joseph's and St. Andrew's Catholic
churches, and the latter will next Sun-
day morning urge upon their parish-
ioners the necessity for exercising the
greatest caution, and ask them to re-
frain from coming in contact with
friends who had been exposed to the
disease. They will also favor general
vaccination. The board of health will
tomorrow legis the enforcement of a
compulsory vaccination order, and
nearly all the local physicians will be
requested to co-operate.

dition of his people in the west and
the mission of the three to St. John.
Following is a copy of a letter which
he recently wrote to James Hanley,
clerk of the Grand Union Hotel, city:
THUNDER HILL,
Swan River, Jan. 19, 1903.

J. H. Hanley, Esq.,
Excuse me for not writing earlier; I have
been too busy. Now let me say that we are
all again in the same way.
All Donkors' ailments now begin to
disappear and we are glad. I am very
glad, because all villages are united
again.

CATTLE BY FERRY.

Big Cattle Barge Proved Suc-
cessful Tuesday Morning.
This Method Will Probably Be Now
Used Altogether—St. John as
a Cattle Shipping Port.

The big barge St. Lawrence was used
for the first time Tuesday morning
and more than justified the enterprise
of its owner and constructor, John E.
Moore. It was used to transport a
trip made from Ballast wharf to Sand
Point yesterday, as owing to some
difficulties in the fixing of the insurance,
some of the shippers were unwilling
to run what they thought might be a
slight risk in using the new method of
transportation and sent their stock
around to Sand Point by rail Monday
night.

The load taken over yesterday
consisted of 100 cattle and 1,000 sheep,
and the ease and speed with which
they were loaded and transferred was
astonishing. It was the first time the
magnifying or any part of the gear had
been used, so there were found to be
a few delays. But in spite of these,
the sheep were hurried up the gang-
way to the upper deck of the big boat
in phenomenally quick time and the
loading of the hundred cattle into the
lower section only took about fifteen
minutes. The transfer to the steamer
at the other side of the harbor was
accomplished with equal ease and de-
spatch.

It is now practically a certainty, to
judge by the expressions of some ship-
ping men at Ballast wharf yesterday
morning, that this method of trans-
porting stock across the harbor will
be exclusively used in the future. Mr.
Moore's charge to the shippers is 20 cents
a head for cattle and two cents a head
for sheep. As the rate for haulage
around by the bridge is \$2.25 per car
this practically cuts the expenses of
transfer here in two. Then as soon as
the I. C. R. have built the drop in
Ballast wharf which they have prom-
ised to construct immediately, cattle
may be loaded on the barge and put
on board the ship at any time of tide,
which will prove to the vast conven-
ience of the steamboat men.

D. Munro of Montreal, one of the
largest shippers of cattle through this
port, expresses himself as delighted
with the facilities at this port for this
purpose.

"The I. C. R. are providing us with a
splendid service," he said, "and their
accommodations here are second to
none. But there is one thing against
them in the eyes of the shippers. They
don't finish their work. They haul the
cattle here, in sight of the ship and
then leave them, and we have to go to
the extra expense of getting them
across the harbor. The I. C. R. peo-
ple ought certainly to put the cattle
they bring down right alongside the
ship. If they don't do this, why, as
soon as the embargo on Portland and
Boston is removed their business, as
far as cattle are concerned, will drop
quickly. They should have worked this
bargue scheme themselves, and now
that a private individual has had the
enterprise to plan such a thing on his
own account they should certainly bear
the cost of the ferrage."

"Now that western shippers have
had some experience with St. John,
will they continue to ship here after
the embargo is removed?" Mr. Moore
was asked.
"That's hard to say. A certain por-
tion of the trade will certainly go to
Portland and Boston on account of
shorter hauls and cheaper sea insur-
ance, but St. John ought to hold more
than she ever had before. With the
exception of this ferrage we can ship
here just as cheaply as at Portland.
The fast runs made by the I. C. R.
this winter have opened the eyes of
western shippers and removed consid-
erable prejudice against the port. But
that insurance business works against
St. John, for there is a half per cent
of difference between here and Port-
land, which makes an extra expense
of about 50 cents a head."
"But for the rest of the winter any-
way you ought to see about 2,000 head
of cattle being shipped from here every
week and about double that number
of sheep. The Monterey, now in Phil-
adelphia, is coming here Feb. 10 to
take 1,000 head. The Montreal next
week wants 1,000 more. Then every
other Donkors' boat takes a big load
and what with the other lines they
ought to take about 2,000 a week. I
intend to ship 200 a week right along
myself."

BURNED TO DEATH.

Five-two insane Persons Perish in
London—Falls
Sailed Them as Fire Spread
—Horrible Scenes.

LONDON, Jan. 27.—A score of insane
patients were burned to death by a fire at
the Colney Hatch Asylum this morning. The
outbreak occurred in the Jewish wing of the
institution. The flames spread with great
rapidity, and before they could be got
under control five wooden buildings, includ-
ing dormitories and the doctors' apartments,
were gutted. All the efforts of the officials
directed towards saving the insane in-
mates, but the latter became wild with ex-
citement and so panic-stricken that not only
were they unable to help themselves, but
greatly impeded the operations of those try-
ing to save them. There were nearly 50
insane women in the burned annex at the
time the fire broke out, and of these
thirty were safely transferred to the main
building, which was not affected. The re-
mains of the others were found in the
charred ruins, and are still at large, render-
ing it difficult to ascertain the actual number
of those burned to death.

LATER.
LONDON, Jan. 27.—It has since been
ascertained that the fire broke out in the
Jewish wing of the asylum, and that the
patients were burned to death. The
officials admit that fifty bodies have
been recovered, but it is feared that the
actual number is not yet known. Among
the victims were many ladies. The
charred remains of the patients were found
scattered in all quarters. Pitiable scenes
were witnessed as the relatives of the
patients who had perished in the flames
were shown the charred remains.

The nurses had a terrible experience in
trying to assist the insane people, who were
so panic-stricken that many persons lost
to be driven to a place of safety. The in-
flaming premises almost immediately be-
came a furnace, and the patients who
were crowded into the dormitories were
burned to death. The flames were
driven into the corridors and the patients
were driven to the walls and sacrificed
through the flames to the main building.
The latest estimate of the number of
deaths at 52; all the victims were women.

THEORIES ABOUT FOOD.

Also a Few Facts on the Same
Subject.
We hear much nowadays about
health foods and hygienic living,
and vegetarianism and many other
fads along the same line. In
Restaurants may be found in the
larger cities where no meat, pastry or
coffee is served, and the food cranks
in his efforts to improve the human
race. Theories advanced to prove that
meat was never intended for human
consumption, and almost make us believe
that our sturdy ancestors who lived
four score years in robust health on
roast beef, pork and mutton must
have been grossly ignorant of the laws
of health.

Our forefathers had other things to
do than formulate theories about the
food they ate. A warm welcome was
extended to any kind from bacon to
acorns.
A healthful appetite and common
sense are excellent guides to follow in
matters of diet, and a man who
grains, fruits and meats is undoubtedly
the best.
As compared with grains and veget-
ables, meat furnishes the most nutri-
ent in a highly concentrated form.
It is digested and assimilated more
quickly than vegetables, and the ex-
cess of the natural digestive prin-
ciples, pepsin, diastase, fruit acids and
salts, which actually perform the work
of digestion. Cheap cathartic medi-
cines, massing under the name
of dyspepsia cures, are useless for in-
digestion, as they have absolutely no
effect upon the actual digestion of
food.

Dyspepsia in all its many forms is
simply a failure of the stomach to
digest food, and the sensible way to
solve the trouble and cure the dyspepsia
is to make daily use of a prepara-
tion like Stuart's Dyspepsia
Tablets, which is endorsed by the
medical profession and known to con-
tain active digestive principles.

WINS ANOTHER PRIZE.

Former Champion Maritime Runner
Welded at Vera Cruz.
Announcement of the marriage last
month at Vera Cruz of Arthur J.
Brady of Halifax, to Miss Sarah Mac-
Donald, daughter of J. R. Macdonald,
brewer, of Sherbrooke, one of the
most prominent Oddfellows in Nova
Scotia, has been received. Mr. Brady
is a cable operator and has been in
the employ of the Central and South
American-Telegraph Company at Coat-
sacoalco, Mexico, during the past
three years. He is a native of St. John,
and was manager of the Western Union
Telegraph office at Sydney, has many
friends in Nova-Scotia. He went from
Nova Scotia to Vera Cruz, where he
was met by the groom, who came from
Mexico. The wedding took place in
the Municipal Palace, Vera Cruz, and
the ceremony was performed by Hon.
Judge Juan B. Reyes. The happy
couple left after the ceremony for their
matrimonial home. Mr. Brady is well
known, particularly in St. John, for
having been the amateur champion
sprinter of the maritime provinces in
1888. He will spend at least two years
more at Coatsacoalco, and then may
have an opportunity of visiting his
native city.

MURDER CHARGED.

The Trial of Mrs. Annie Marston for
Poisoning Her Husband.

FREDERICTON, Jan. 27.—In circuit
court this morning, Judge Gregory
presiding, the case of Mrs. Annie Mar-
ston of Meductic, charged with the
murder of her husband, was com-
menced. H. A. McKewen, K. C., for
the crown; L. A. Curry, K. C., for
the defence.
This afternoon George Higgins, a
blacksmith at Meductic, and one of
the first at the Marston house after
the death of the old man, was on the
witness stand. This evening Arthur
Best, tailor at Meductic, gave evi-
dence, and was examined by A. R.
Barry. No damaging evidence against
the prisoner was brought up in the
evidence today. The jury has agreed
to hold evening sessions.

ST. MARTINS.

At the close of the Presbyterian Sun-
day school on Sunday, Jan. 25, the
following officers were elected for the
ensuing year: Francis Macdonald,
moderator; Herbert Jackson, assis-
tant; Sarah Merdin, secretary; Mrs. J.
L. Carson, librarian; Muriel Pul-
ver, treasurer; and Mrs. J. H. A. Anderson of Florence-
ville, N. H., occupied the pulpit of the
Presbyterian Church on Sunday dur-
ing the absence of the pastor, Rev. D.
Stuart, who spent the day at Me-
Adam Junction.

VISITING SYDNEY.

(Sydney Post.)
James Kent, general manager of the
Canadian Pacific Telephone Company,
accompanied by J. P. Richardson,
chief electrician, arrived in Sydney
Saturday on a tour of inspection.
The significance of this visit lies in
the fact that the staron wireless
system has passed the experimental
stage and many indications point to
close business relations between the
two companies. The P. C. T. sys-
tem crossing the ocean, would
mean a combination that will cause a
stir in the electrical world.

**PERMANENT CURE FOR NEU-
RALGIA.**

remedy relieves neuralgia so quickly
as a hot application of Polson's Neu-
ralgia, the strongest liniment made.
Tablets, which is endorsed by the
medical profession and known to con-
tain active digestive principles.

RESTIGUICHE CO. NEWS.

CAMPBELLTON, N. B., Jan. 27.—
Charles Fawcett of Sackville was in
town yesterday. It is reported that
he was negotiating on behalf of the
New Brunswick Telephone Co. for the
purchase of the local telephone system.
Opposition has developed to the ap-
plication of those St. John gentlemen
who are applying for incorporation as
the Dalhousie Lumber Co. The ob-
jection appears to be based on the ground
that a manufacturing company's be-
sting incorporation with an authorized
capital of not more than the business
requires should not be granted pub-
lic franchises which in a few years
will probably become very valuable,
and that without the consent of the
county authorities. It is said that a
formal protest has been forwarded to
the provincial secretary.

a Bottle

**AMHERST, Jan. 28.—Geo. Perry of
Leicester, who is engaged in lumbering
with Joseph Anderson of Amherst, had
his left arm broken, one leg crushed
and his scalp so badly torn that retri-
culation was necessary. His condition
is precarious, but he will probably re-
cover, and be in healthy and in the
prime of life.**
