DEFEAT IN COMMONS INDUCES GOVERNMENT TO YIELD TO CERTAIN URGED REFORMS

Foremost Among Them is a Return to Cabinet Responsibility and More Regular Attendance of Premier.

IRISH QUESTION DIFFICULT ONE

Cabinet Committee Having Question in Hand Will Not Be Able to Make Report This Session.

London, Oct. 27.—Last week's defeat in the House of Commons and the seriousness of the country's finances revealed in the revised estimates submitted to parliament today, showing that the estimated deficit for the year exceeds £447,000,000, instead of £250,000,000, as fixed in the budget, seems to have induced the Government to yield certain reforms long demanded by the press.

Foremost among these demands was that for a return to cabinet responsibility and also more regular attendance of the Prime Minister in the House of Commons. The former apparently has been granted in the announcement of a return to the peace time form of cabinet, whereby all the ministers will be responsible for the decisions taken, instead of the few ministers forming the war cabinet.

With regard to the second demand, an inspired statement was issued to the effect that as soon as his duties in connection with the Peace Conference are ended, the Premier will revert to his old practice of personally answering questions in the House. He will begin to do this once weekly, and later may attend or two days.

The cabinet, at a meeting today, drafted a motion which will be proposed by Right Hon. Atkinson Chamberlain, Chancellor of the Exchequer, on Wednesday, "that this House, realizing the serious effects upon the trade and industry of the nation of the enormous financial burdens resulting from the war, proclaims its hearty support to the Government in all reasonable proposals, however radical, for the reduction of expenditure and the diminution of debt."

It is expected that the debate on this motion, and the amendments moved by the independent Liberals and Laborites will extend over at least three days. The Laborites advocate a levy on capital, and the revision to the state of all fortunes made as a result of the war.

The Irish question still provides the Government with a difficult problem, and it is stated that the cabinet committee having the matter under consideration will not likely be able to present a satisfactory scheme in the limited time now available. It is thought that the Government will be compelled to introduce a bill, again postponing the operation of the Home Rule Act, which otherwise would be automatically operative with the formal ending of the war.

The war cabinet has been changed into a peace cabinet, announced Right Hon. Bonar Law, by inviting the following to become members: Lord President of the Council; Lord Lieutenant of Ireland or Chief Secretary for Ireland; Lord Chancellor; Home Secretary; the secretaries of state for foreign affairs, the colonies, war and India; First Lord of the Admiralty; Secretary for Scotland; President of the Board of Trade; Minister of Health; President of the Board of Agriculture; President of the Board of Education; the Ministers of Labor and Transport; Lord Privy Seal, and George Nicoll Barnes, minister without portfolio.

OLD CLOTHES LEAGUE BECOMING VERY POPULAR IN LONDON NOW

London, Oct. 28.—Fashionable London tailors are said to be somewhat perturbed over the reported popularity of a clothes conservation "movement."

The "movement" has manifested itself in the organization of "old clothes leagues"—societies with the single pledge slogan—"No more clothes of the new variety until prices go down." Those who assume this pledge are expected to regard patches on trousers, shiny coat sleeves and worn-up spats in boots and shoes as badges of honor. The turning of old suits, sewing in of new linings and other things which make old trousers, old coats and vests serve the purpose of new suits at a third the cost, is another of the league's precepts.

WINTER, MOVING SOUTHWARD FROM ARCTIC REGIONS, PROVING GREAT AID TO BOLSHEVIK FORCES

Yudenitch troops are reported to have fallen back along the front, south of Petrograd, but unofficial reports would seem to indicate they have moved nearer Petrograd and have taken running from Gatchina to Krasnaya Gorka.

Furious fighting is going on in and around Kiev, which was taken last week by General Denikin's forces. At some points the Denikin troops have been forced to retire slightly. Lettish troops are now holding Dunanovsk, below Kiev and have maintained their control of the right bank of the Duna River.

N. B. CHAPTERS I. O. D. E. APPROVE WAR MEMORIAL

The Chapters Unanimous in Their Approval of the Proposal to Establish a Fund of \$500,000.

Moncton, N. B., Oct. 28.—At the quarterly meeting of the Provincial Chapter of New Brunswick Imperial Daughters of the Empire, held here today, with the president, Mrs. Robert Fitzandolph, of Fredericton, presiding, the proposal of the Dominion Chapter, with all provincial chapters co-operating, to establish a war memorial fund of half a million dollars was discussed. The delegates from the different chapters unanimously approved of the proposal and all agreed to participate in the work and help to make this worthy cause a success. The war memorial fund proposed has for its purpose the assisting of dependents of those who fell in the war, and to educate children of fallen heroes. The chapters of the I. O. D. E. represented at the meeting included St. John, Fredericton, St. Stephen, Chatham, Sackville, Hampton, Rothesay, Moncton and others.

MARIE EMPRESS DISAPPEARS FROM THE LINER ORDUNA

Popular English Comedienne Was on Her Way to New York from London—Presumed She Was Drowned at Sea.

New York, Oct. 28.—Some time between six thirty p.m. Saturday and ten a.m. Sunday morning, Marie Empress, the popular English comedienne disappeared from the Cunard liner Orduna, while the vessel was on her way from Halifax to this port.

A general search of the ship failed to find her and it is presumed that she was drowned in the ocean. There were travelers on the Orduna, however, who discount this, as they had found Marie Empress to be in cheerful spirits throughout the run from Liverpool to Halifax.

A vigorous search of the vessel to-day failed to give any clue to her disappearance. Her efforts will be turned over to the British consular general.

ALLIED COMMISSION LEAVES SOON FOR BALTIC TO EVACUATE GERMANS THERE

Paris, Oct. 28.—The Supreme Council decided today that the Allied commission to supervise the evacuation of the Baltic provinces by the Germans should leave for the Baltic within a few days. This decision was reached at a meeting of the council presided over by Premier Clemenceau and attended by Marshal Foch, Gen-

PROROGATION OF PARLIAMENT THIS WEEK REGARDED AS A PRACTICAL IMPOSSIBILITY

The Failure of the Commons to Get the Grand Trunk Bill Out of Committee Stage is Cause of Delay.

BILL TO SENATE MIDDLE NEXT WEEK

Opposition Attitude Suggests Possibility of Liberals Keeping up Fight for a Long Time Yet.

Ottawa, Oct. 28.—The failure of the Commons to get the Grand Trunk bill out of committee stage yesterday, makes prorogation of parliament this week a practical impossibility. With only two of the twelve clauses of the bill disposed of, consideration to take up another day or two. The bill cannot reach the Senate until the middle of the week and the debate in the upper house is certain to occupy several days.

Although the attitude of the Opposition in the House yesterday suggested the possibility of the Liberals keeping up the fight for a long time, they say that they have no intention of persisting in their opposition to an annual length. It has occurred to them that they might have to put through by closure, the government stating that they desire to consider it.

While the government is confidently counting on a majority for the Grand Trunk legislation when the bill reaches the Senate, it is realized that the margin of safety for the measure may not be a wide one and that the situation is one which will keep the ministerial whips on the alert until the final vote is taken.

The progress of the bill in the upper house, the progress of the bill in that chamber will be watched with intense interest at the capital. Then the railway legislation is finally of the way in the commons, it is anticipated that the government's prohibition legislation will be proceeded with.

There have been rumors this week that these bills would be dropped for the session, but there has been no official intimation from the government to warrant such an assumption.

The indications are they will be proceeded with. The amendment to the Dominion Temperance Act, the more important of the two bills, will make provision for home dry prohibition in any province following an affirmative vote on a referendum taken on the authorization of a resolution passed by a provincial legislature.

It is expected that the report of the special committee of the commons, which under the chairmanship of Hon. J. A. Calder, has been considering the bill to amend the act relating to soldiers' civil re-establishment, will be reported to the commons today. The house will probably devote a couple of days to the discussion of the report and the bill to which it relates.

In addition there are a number of government bills of minor importance to be dealt with so that parliament is not likely to conclude its business before the end of next week.

HEAVY DEATH TOLL WHEN SEAS POUND STEAMER TO PIECES

Great Seas Smash Muskegon to Pieces on Piers at Entrance of Muskegon Harbor

Muskegon, Mich., Oct. 28.—With fourteen known dead and a number missing, only one can bring an accurate count of the toll of the great lift, which early this morning bodily lifted the Crook passenger steamer Muskegon, formerly the City of Holland, and smashed her to pieces on the piers at the entrance to Muskegon Harbor. The list of dead is being added to almost hourly. The steamer, a side wheeler, bound from Milwaukee, after outriding a night of gale, made for the harbor in the early morning darkness, but is said by Captain Edward Miller to have struck the bar at the entrance. The wheel paddles jammed in the sand, checking the headway and the great combing threw the ship about and hurled her on to the pier, the huge mountainous seas pounding into the wreckage.

Fifty of the seventy-two passengers and crew, guided to safety by a signal flashed by a light in the hands of a coastguard, were tonight known to have been saved from the vessel. Fear is held that several were caught between the decks. Survivors, most of whom escaped only in their night gowns, were being cared for by the Red Cross.

\$1,000,000 PRIZE FOR AROUND THE WORLD AERIAL DERBY

Scheduled to Start July 4th, 1920, and End on or Before January 3rd, 1920.

Los Angeles, Oct. 28.—The first aerial derby around the world, for prizes totalling \$1,000,000, is scheduled to start July 4, 1920, and end on or before January 3rd, 1920, according to announcement made here last night by O. Hawley, president of the Aero Club of America, and a member of the commission which is making a tour of the world to locate central stations for the aircraft expected to participate in the derby.

TRAINMEN STRIKE NOT SANCTIONED BY BROTHERHOOD

Washington, D. C., Oct. 28.—The strike of trainmen in the Chicago switchboard district called by local union leaders for Thursday unless certain wage demands are granted "in full," would be "wholly unauthorized and without the sanction of the Brotherhood of Railway Trainmen," it was said here tonight by W. G. Lee, president of the brotherhood.

MANY CRIMINAL CASES BEFORE WLAND COURT

Grand Jury Unable to Finish Labors on the Opening Day—Many Serious Offences.

Moncton N. B. Oct. 28.—Not perhaps within the memory of the younger generation has the sheriff's calendar in the County of Westmorland contained so many criminal matters as that which was before the Supreme Court, King's Bench Division, which opened at Dorchester this afternoon with Chief Justice McKewen presiding. Some thirteen cases were presented to the Grand Jury for consideration with the result that the grand inquest was unable to get through with half its business this afternoon. SENATE FIGHT OVER TREATY IS AT STANDSTILL

Washington, D. C., Oct. 28.—The Senate fight over the Peace Treaty is at a standstill today and the only reference to the treaty, during the session, was incidental to prohibition debate which is still in progress.

Tomorrow, leaders hope to get a vote on the last of the amendments reported by the foreign relations committee, that by Senator Ross, New Hampshire, to exclude all of the British dominions from taking part in any league decision affecting any one of them.

WASHINGTON PINS ITS HOPE ON U. M. W. OFFICIALS TO PREVENT STRIKE

Washington, Oct. 28.—Officials today pinned their hope on averting the strike of bituminous miners called for Saturday on the meeting tomorrow in Indianapolis of the executive board of the United Mine Workers of America.

Study of union by-laws, officials said today, revealed that the executive board has power to call off the strike, or at least to order a postponement. Should President Wilson's appeal to the miners be heeded, to the extent of a postponement, officials here are of the opinion that the strike will be averted, for a postponement would be certain to bring with it negotiations for a new wage agreement.

BILL DESIGNED TO AMERICANIZE ALIENS IN U. S.

There Are 8,000,000 Illiterates Over Ten Years of Age in the U. S.—Fuel for American Melting Pot.

DRASTIC MEASURES TO BE PURSUED

Government Does Not Intend to Allow a Few Hundred Thousand Anarchists to Overthrow the Country.

Washington, Oct. 2.—Legislation designed to Americanize aliens is contained in a bill reported today by the senate committee which investigated the steel strike. The bill, which was placed on the calendar with a view to early consideration, provides for co-operation between the states and the federal government in educating aliens.

In presenting the bill Senator Kenyon of Iowa, chairman of the committee, emphasized education of illiterate aliens as a measure to curb radicalism. The senate, he said, will be "astounded" at facts gathered in the steel inquiry regarding alien illiteracy.

"Give those illiterate aliens a chance to become good citizens," said Chairman Kenyon, "and after that if they do not do it they ought to be compelled to leave the country."

Referring to the anniversary of the birth of former President Roosevelt Senator Kenyon said he was "the supreme American" and it was fitting that the Americanization bill should be launched on his birthday.

Members of the labor committee at a meeting today discussed the report which the committee will submit to the senate as a result of its strike inquiry but Chairman Kenyon said the committee, he said, will be in session on Thursday, at which time each member will submit a draft of a report and from these the committee's final report will be prepared.

There is understood to be some difference of opinion among the members of the committee as to the cause of the strike and also inclination upon the part of some to criticize Judge Gary of the United States Steel Corporation. Chairman Kenyon however is anxious to adjust these differences so that an unanimous report can be submitted.

CABINET READY TO FIGHT MINERS

Plans Perfected for Handling the Strike Should it Occur Friday Night.

Washington, D. C., Oct. 28.—How to deal with the soft coal strike, in event the miners ignore President Wilson's command to stay on the job and walk out on Friday night, was definitely agreed upon today at a two-hour meeting of the cabinet.

The plan of action was not disclosed as one man for protection of the rights of the public, which would suffer with the closing of the mines, in which ordinarily more than half a million members of the United Mine Workers of America are employed.

SPRINGHILL MAN KILLED WHEN AUTO TURNS TURTLE

Halifax, N. S., Oct. 28.—An automobile accident at Springhill Mines this morning resulted in the death of Malcolm H. Sprague, a prominent shop dealer of the town. Mr. Sprague was driving along the road near the park when his car skidded into the ditch, crashed into the park fence and turned over. The body was found about five o'clock by a man going to work. Mr. Sprague managed one of the largest retail shoe stores in the province. He was prominent in boosting sport, and this season donated a trophy to the local baseball league. He belonged to Charlottetown. His wife at present is visiting in Western Canada.

WOMEN'S INSTITUTE IN SESSION INSPIRED BY FINE ADDRESSES

Large Attendance at All Three Meetings Held Yesterday—Clever Speeches Delivered by Mrs. Muldrew, Mrs. Godman, Miss Helen Macdougall and Others—Visitors Entertained—Programme for Today.

There was a large attendance of delegates at the opening session of the Women's Institute Convention held in the rooms of the St. John W. I. (Congregational Church), Union St., yesterday morning.

Miss Hazel McCain, provincial supervisor, presided. Addresses of welcome were delivered by Hon. W. E. Foster, Mayor Hayes, Miss McCain and Mrs. J. W. V. Lawlor.

The meeting opened with the playing of O Canada by the Misses Lynch. Miss McCain briefly welcomed the delegates and introduced Mayor Hayes.

His Worship, on behalf of the city, extended a cordial welcome to the representatives of the institutes.

Mrs. David Martin, St. Leonard's replied to the civic address. She said the women would give of their best to help solve the problems of the country. The women are here to help the country in the time of turbulence and unrest.

Premier Foster was then introduced. Mr. Foster pointed out that the work of the Institute was closely identified with that of the government, as the Institute operated to a certain extent under the jurisdiction of the department of agriculture.

Premier Foster referred to the help given by the women throughout the war and asked their assistance for problems of peace especially hoping that they would further the Victory Loan in every way.

Mrs. J. W. V. Lawlor, president of the St. John Institute, extended the greetings of that body. Mrs. Lawlor then addressed the French delegates in their own language, assuring them of the city's most cordial welcome.

The report for 1918-19, presented by Miss Hazel McCain, supervisor, said that since the sixth annual convention twenty-one new branches have been organized, making an enrollment of 5,900 persons in 132 branches.

From January, 1918, to July, 1919, the receipts of 82 of the institutes, aggregated to \$14,541.30, and the expenditures \$10,898.67. Brief reference was made to the work of the Institute during the influenza epidemic.

Short courses in household science were given in English at Woodstock, Edmundston, Fredericton, Newcastle, Bathurst, Sussex, St. Stephen and St. John, and in French at Chatham, St. Quenin, Carleton Place and Cornwall. A total of 12 courses was given. As high as 125 students were registered in a class.

During July, 1919, a campaign on milk was commenced, with the view of spreading knowledge. Much was made of the bulletin work in connection with the campaign in regard to the preservation of food—canning, preserving, drying and storing fruits and vegetables. Reference was made to the Dominion Conference held at Winnipeg in February last. The constitution of the Federated Women's Institute of Canada was drawn up.

Each and every province has equal representation in the Dominion Conference. A letter of regret not inability to be present was read from Lieutenant Governor Pugsley. A telegram from Her Excellency, the Duchess of Devonshire, patroness of the Dominion Federation, contained congratulations and best wishes for the success of the convention.

The delegates present are: Mrs. W. James, Mrs. W. S. Everett, Andover; Mrs. J. W. Robinson, Beauséjour; Mrs. O. J. LeBlanc, Pictou; Mrs. Robt. Macdonald, Centre; Mrs. Robt. C. Thompson, Chatham; Mrs. Ira Wetmore, Clifton; Mrs. Lucy Calder, Fair Haven; Mrs. A. L. Nutter, Fredericton; Mrs. Geo. B. Reid, Glasseville; Mrs. Walter Alexander, Hammond Vale; Mrs. Henry Bradley, Mrs. Frank Plummer, Hartland; Mrs. Darg Taylor, Mrs. A. H. Robinson, Mrs. F. H. Alward, Havelock; Mrs. C. J. O'Neil, Mrs. F. O. Ebb, Hillsboro; Mrs. Jacob Hoyt, St. John; Miss An-

nie Ullian, Mrs. Paul Doyle, Mrs. John Culligan, Jacques River, Forbes; Elizabeth Robinson, Kennecobasis Valley; Mrs. Patrick Grant, Mrs. J. L. McCoombe, Levesville; Mrs. Alfred Splane, Lorneville; Mrs. Elsie Boyd, Nachwaak; Mrs. D. D. Stockton, Newtown and Smith's Creek; Mrs. W. S. Teakles, Penobscot; Mrs. Thomas Sisson, Miss Alice Mansour, Pictou; Mrs. J. J. O'Connell, Pictou; Mrs. Gertrude Davis, Queensdown; Mrs. Alfred Smith, Salmon Beach; Mrs. John King, Smith's Creek; Mrs. John Ward, South Tetagouche; Mrs. John Eddy, South Tetagouche.

Mrs. J. W. V. Lawlor, St. John; Mrs. J. W. Ingh, Oak Point; Mrs. Kate Sanderson, Mrs. B. L. Grant, Mrs. A. Henderson, Debec; Mrs. Y. Y. Stohard, Newcastle; Mrs. Y. Y. Stohard, Newcastle; Mrs. A. Comeau, Miss Maud Rishay, New Bandon; Mrs. Melina Forsyth, Miss Lella Mackenzie, Whiteville; Mrs. Romald Leung, Clairville; Mde. Adolphe Richard, St. Ignace; Mde. Marcel Poirier, St. Louis; Mde. Euldyne Potkin, Kedgewick; Mde. Henri Duguay, Miss Yvonne Blanchard, Carleton; Mde. J. E. de Grace, Shippagan; Miss Alice Robb, Inkomar; Miss Cecile Johnson, St. Paul; Mrs. Henri Nowlan, Mont Carmel; Mrs. Frank Moore, Moore's Mill; Mrs. Hedley Sivart, Arcook; Mrs. Annie Stewart, Perth; Mrs. A. D. Bouse, Cornhill; Mrs. J. F. Roach, Sussex; Mrs. W. Daniel, Miss Hazel Murphy, Fredericton; Mrs. Edwin Sanson, Stanley; Mrs. S. J. Beckingham, Mrs. N. McNeill, Dalhousie; Mrs. C. Phipps, Excolet; Mrs. Branscombe, Penobscot; Mrs. A. A. Stuart, Lamberville; Mrs. J. S. Lord's Cove; Mrs. J. Price, Havelock.

The returned men will be a strength against all evil. Remember they were good enough to fight for us against the Hun; they are good enough to stand back of now and to help in every way we can.

This was the keynote of a splendid straightforward address given at the afternoon session by Mrs. Jean Muldrew, Ottawa.

In the absence of Mrs. H. W. Reid, of St. John, Mrs. McCain presided and called for reports from several branches. These were given by Mrs. James of Andover, who told of endorsing the prohibition measure; Mrs. Ingh of Central Greenwick, and Mrs. Richardson of Gody's, also told of W. I. activities.

A demonstration of flax, and articles made by New Brunswick women, was given by Mrs. J. W. V. Lawlor. Several fine towels came from Carleton Place. A delightful solo was sung by Miss Louise Anderson, accompanied by her sister, Miss Agnes Anderson.

Mrs. Jean Muldrew spoke feelingly upon the fitting back of the soldiers into civil life again. She told of the effect upon industry during the war and showed that it is for the women to do everything in their power to help re-establish the men. This, Mrs. Muldrew said, is often spoken of as a government job, but while that is true it is also an individual task. Every person who stayed home must see that every soldier has a chance to earn his living.

In Canada there are ten thousand widows, seventeen thousand fatherless children, and over seventeen thousand orphans. It should be for the mothers to make homes for these children, and to give them loving training. A wave of child crime has swept over the land. This must be checked unless we want a large number of criminals.

The Government will give money, but we must have a unified system of caring for these orphans and widows so that they may be hedged about with the love and tender care of other women.

The G. W. V. A. is a splendid institution and we must all stand by it, but it is not for the men who fought overseas to have to come back and fight for the rights of the children of their comrades.

Mrs. Muldrew very briefly told of the Soldiers' Settlement Commission and the Soldiers' Settlement Board, of which she is a member. She showed how the men who really want to be farmers are put on the land and then looked after. Realizing the close association between the home and the farm, a man is not given a farm unless his wife is willing to go, too. In the West, where soldiers have brought out the loneliness of the women, strangers in a strange land. The Government had appointed a woman who travelled among these farms advising and cheering the women, and this official had become a real friend who is welcomed with tears of gladness. She has testified that these new Canadian citizens are hopeful, resourceful and clever, standing by the men they have married, and a distinct asset to the country. It is for the Women's Institute to stand by them and help through the first difficult years.

The speaker pointed out that it seemed as if we had already forgotten the lessons of thrift learned during the war, and that the waste of food in these days of high prices is shocking.

ing. She reminded her hearers that the French paid the German indemnity after 1870 by the thrift, frugality and industry of the women, and asked where are those virtues today? To buy Victory Bonds we will have to save all we can.

Mrs. Muldrew praised the Free Kindergartens as she learned of them in St. John, and said that this city is known all over Canada for the loving welcome given to the soldiers and their dependents. She warned the women to be on their guard against those who would exploit and that this must be guarded against.

Mrs. Muldrew ended with a plea not to forget either those permanently disabled men who will not come back home, those disabled men who must be assisted, or any of the soldiers who fought for us.

After a solo charmingly sung by Miss Valde Penton, accompanied by Miss Louise Anderson, Mrs. Jean Muldrew, of the B. R. C., explained the hand loans which several men from the West Side Hospital worked. Examples of raffia and beading making were shown, and the very fine articles made by the men greatly admired.

Many were purchased and orders taken for others. Basket, trays, vests, bags and scarves were shown. The men present yesterday were Messrs. Japson, Young and Jeffrey, Mrs. Smith and Miss Eileen Keefe were in charge of the excellent exhibits.

The following committees were appointed: Credentials—Mrs. Frank Moore, Moore's Mill; Mrs. John Eddy, Tetagouche; Mrs. F. Y. George, Upper Sackville; Mrs. Frank Plummer, Hartland; Mrs. David Martin, St. Leonard; Mrs. H. Lawrence, St. John.

Resolutions—Mrs. Doyle, Jacques River; Mrs. O. J. LeBlanc, Buctouche; Mrs. Robert Thompson, Chance Harbor; Mrs. George Reid, Glasseville; Mrs. James Andoyer; Mrs. Lawlor, Miss McCain (convener).

Eveing Session. Mrs. J. F. Roach, Sussex; Mrs. W. Daniel, Miss Hazel Murphy, Fredericton; Mrs. Edwin Sanson, Stanley; Mrs. S. J. Beckingham, Mrs. N. McNeill, Dalhousie; Mrs. C. McMillan, Williamsburg; Mrs. C. McMillan, Devon; Mr. F. F. Plummer, Woodstock; Miss Annie Bates, Lower Jones; Mrs. J. M. Russell, Hopewell; Mrs. H. C. Coy, Mactougan; Mrs. S. C. This, Mrs. Muldrew said, is often spoken of as a government job, but while that is true it is also an individual task. Every person who stayed home must see that every soldier has a chance to earn his living.

In Canada there are ten thousand widows, seventeen thousand fatherless children, and over seventeen thousand orphans. It should be for the mothers to make homes for these children, and to give them loving training. A wave of child crime has swept over the land. This must be checked unless we want a large number of criminals.

The Government will give money, but we must have a unified system of caring for these orphans and widows so that they may be hedged about with the love and tender care of other women.

The G. W. V. A. is a splendid institution and we must all stand by it, but it is not for the men who fought overseas to have to come back and fight for the rights of the children of their comrades.

Mrs. Muldrew very briefly told of the Soldiers' Settlement Commission and the Soldiers' Settlement Board, of which she is a member. She showed how the men who really want to be farmers are put on the land and then looked after. Realizing the close association between the home and the farm, a man is not given a farm unless his wife is willing to go, too. In the West, where soldiers have brought out the loneliness of the women, strangers in a strange land. The Government had appointed a woman who travelled among these farms advising and cheering the women, and this official had become a real friend who is welcomed with tears of gladness. She has testified that these new Canadian citizens are hopeful, resourceful and clever, standing by the men they have married, and a distinct asset to the country. It is for the Women's Institute to stand by them and help through the first difficult years.

The speaker pointed out that it seemed as if we had already forgotten the lessons of thrift learned during the war, and that the waste of food in these days of high prices is shocking.

All Fat People Should Know This

The world owes a debt of gratitude to the author of the now famous Marmol Prescription, and is still more indebted for the reduction of this harmless, effective obesity remedy to tablet form. Marmol Prescription Tablets can now be obtained at all drug stores, or by writing direct to Marmol Co., 864 Woodward Avenue, Detroit, Mich., and their reasonable price (\$1 for a large case) leaves no excuse for dieting or violent exercise for the reduction of the overfat body to normal proportions.

The session this morning begins at ten o'clock and includes a model Institute meeting, an address on Mothers' Pensions by Mrs. Rose Henderson, and discussion.

After the luncheon at the Manor House, the delegates will proceed to the Imperial for the Child Welfare meeting. This evening's programme consists of an address by Narcisse Savoie, the secretary of agriculture for Quebec, and an address "The Women of the Future," by Mrs. Jean Muldrew.

FEDERAL BYE-ELECTIONS STILL CAUSE COMMENT AT OTTAWA

The Feature Which Continues to Excite Most Comment is the Large Majorities Secured by the Farmers' Candidates Especially in Carleton-Victoria Constituency.

Ottawa, Oct. 28.—Members of parliament this morning were wondering whether the five members-elect, who received the endorsement of the majority of their constituents yesterday, will be able to take their seats in parliament before prorogation takes place. If the House remains in session until the end of next week, as is altogether likely, they will be able to do so.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts if your Back hurts or Bladder troubles you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become over-worked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with litmus, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

You Don't Give—You Lend

In deciding how many Victory Bonds you will buy remember this important point—you are not giving—you are lending to your country!

You are lending at a good rate of interest.

You are lending on the highest security.

You are lending to maintain your own and your country's prosperity.

In your own personal interest you should make strenuous efforts to buy as many Victory Bonds as you possibly can.

You couldn't put your money in a better place.

You want to save money—everybody does.

It is the only way to get ahead.

And Canada needs to borrow your money to bridge the gap from War to Peace.

It's your duty to lend.

Take the proper view of this Victory Loan.

Say to yourself—"I am going to buy all the Victory Bonds I can pay for now and in the next ten months."

What if it is an effort to pay for them!

Look ahead a little.

Think of what you will own when your Victory Bonds are finally paid for.

Every cent you pay on your Victory Bonds, you lend to your country—and save!

COMING TO ST. JOHN.

Special to The Standard. Fredericton, N. B., Oct. 28.—Mrs. J. W. Hart and son are leaving on Thursday for St. John, where they will take up their residence. Mrs. Hart's eldest son, Lieut. Gilbert Hart, has resigned his position with the Royal Bank of Canada and accepted one with the Burroughs Adding Machine Company at St. John. Mrs. Hart has made many friends since her return to Fredericton from the Southern States, and during the war has taken an active part in all work for the returned soldiers. Her departure is deeply regretted.

Plans For Hockey League This Year

North Shore Towns Keen for Series to Include Fredericton and Marysville.

According to information received from a reliable source plans are already on foot for the organization of a senior hockey league this coming winter in the northern part of New Brunswick. While it is yet early to make announcements, the fact that a meeting is to be held here in the near future to consider the plan shows that some such organization will likely be formed this winter and that the men who are taking up the matter are not going to wait until it is too late before they have the organization complete. A considerable amount of correspondence has been carried on between interested parties in some of the North Shore towns and a league may be formed in which Newcastle, Chatham, Bathurst, Campbellton, Marysville, and Fredericton will be represented.—Fredericton Gleaner.

THE GOLF BUG.

I spoke about the weather but he answered not a word. He looked across the distance like a man who hadn't heard. I thought the League of Nations was a topic he'd discuss. But he wasn't interested in our latest verbal fight.

He was cold and strange and silent till I mentioned golf, and lo! His eyes began to twinkle and his words began to flow! He talked about his struggles with the royal and ancient game. He told of pros he'd been to and he called them all by name. He talked of shots he'd mastered and of holes he'd made in two. He praised the Vardon pivot and the Vardon follow through. He held me in a corner while he raved about his play. He was on his favorite topic and I couldn't get away.

He talked of drives and brassies and of iron from the rough. Of his troubles with the putter he could hardly say enough. He told of holes he'd taken by some shrewd and clever stroke. His speech came fast and furious, I thought the man would choke. Then I opened wide the window and I shouted: get a cup! I've got this golf bug started and I cannot make him stop! —By Edgar A. Long Drive Theory Again Shattered

Golfing Tests Tried Out in England Showed That "Impossible" Drives Were Not Realized.

The theory that first class golfers can drive the ball "impossible" distances was upset again on Saturday at Sandy Lodge, England. The drives of Harry Vardon, James Braid, J. H. Taylor and Alec Herd were measured at the twelve holes which could not be reached from the tee, and with an almost complete absence of wind and on a perfect fairway, only once was 250 yards exceeded, while the best average—that of Braid in the morning—was a little less than 231 yards.

The four famous professionals played under medal rules in the morning, and every hole was completed by each man, the scores of Vardon and Taylor being pitted against those of Braid and Herd. The English pair, with 73 and 75 respectively, beat the two Scots, whose respective totals were 75 and 78. In the afternoon the couples were the same, but a four ball match was played. Braid and Herd winning by one up. Their best ball score was 70 against 71. The best drive to each of the measured holes were: Morning—1st hole, Braid, 227 yards; 2nd, Braid, 227; 3rd, Herd, 244; 4th, Braid, 244; 6th, Braid, 238; 9th, Braid, 249; 11th, Herd, 198; 12th, Braid, 240 1/2; 13th, Herd, 255; 14th, Braid, 228; 16th, Braid, 235; 17th, Braid, 233; Averages: Braid, 230 3/4; Herd, 221; Vardon, 213; Taylor, 203. Afternoon—1st hole, Braid, 247; 2nd Herd, 235; 4th, Taylor, 247; 5th, Braid, 231; 6th, Herd, 216; 9th, Vardon, 224; 11th, Herd, 203; 12th, Braid, 223; 13th, Taylor, 236; 14th, Braid, 250; 16th, Braid, 247; 17th, Braid, 221; Averages: Braid, 226; Taylor, 212 1/2; Vardon, 211; Herd, 205 1/2.

BOLSHEVIK ARE SUCCESSFUL IN COUNTER ATTACK

Paris, Oct. 28.—A wireless report from Bolshevik military headquarters, picked up by the station here, reports that the counter offensive against General Yudenitch in the vicinity of Petrograd had been successful. IMPORTANT CASE IN CHAMBERS

Bank of British North America Claims to Recover \$33,000 from St. John and Quebec Railway Company—Judgment Reserved.

The case of The Bank of British North America vs. The Saint John and Quebec Railway Co. was resumed yesterday morning in Chambers before Mr. Justice Chandler. The bank claims to recover \$33,000 under an assignment of a claim of Hibbard & Co., who were contractors to build the railway between Fredericton and Woodstock, and that the Railway Co. in 1916, when P. W. Sumner was president of the board, had improperly settled the claim without reference to the bank. It is also alleged by the plaintiff that there was fraud in the settlement, and that Mr. Gail, who was the treasurer of Hibbard & Co., had succeeded in getting \$17,000 for himself on a claim that was principally bogus and that the money should have been paid to the bank, and that the agreement was made between A. R. Shipp, who was solicitor for Mr. Gail, and R. B. Hanson, who was solicitor for the Railway Co. F. W. Sumner occupied the stand all morning and denied those statements and said that the directors had received no notice of the assignment of the claim of the Hibbard Company to the Bank of British North America. Judgment reserved. Judgment reserved. F. R. Taylor, K. C., for plaintiff; W. A. Jones, K. C., and T. M. Jones, for defendants.

CORPSE THAT SPOKE

Felt Quite Well But Had Rather a Sleepy Feeling.

Paris, Oct. 19.—A man named Laury has had an extraordinary experience. He was thought to be dead, and was taken to a hospital on Saturday, when his body was placed in the "cold room," pending removal to the Morgue. A doctor who came to make a post-mortem examination, entered the room, and found that the body was still warm. Presently the corpse rose up, and, feeling quite well, he was quite well, but rather sleepy. A neighbor was suspected of having tried to poison Laury. He was arrested, but strongly protested his innocence, and was released, when he explained that Laury, who slept in an adjoining room, roused so loudly that it prevented him getting any rest, so he gave Laury a sleeping draught.

ONLY FRIENDLY GAMES.

The London Daily Express understands that there is good authority for believing the Rugby county championship competition will not take place this season. Travelling difficulties seem to be the insuperable bar, but a few of the counties will doubtless feel aggrieved if the competition falls through, for in some districts provisional arrangements have been made. This applies particularly to the north, where several matches are already on the fixture list, and these will now have to be treated as friendlies, unless the northern counties decide to hold a "local" championship competition among themselves.

Mayor Announced That Board Was \$100,000 in Debt

At a meeting of the city council yesterday a statement was made by the Mayor that bonds to the amount of \$100,000 had been issued this year and was received that the city board was \$100,000 in debt. Commissioner Bullock said the government by making lower wharf charges could not drive St. John out of business, and the preservation of the old market building on the West Side was discussed. George S. Henderson and J. K. Watt, K. C., appeared on behalf of the Historical Society and urged the council to take measures to preserve the old market building on the West Side. Mr. Henderson said the building was 100 years old, and possibly 120 years old, but the timber in it was in a fair state of preservation. Mayor—Is there any way to white the building could be put? Mr. Henderson said it might be used as a community center, and place for the exhibition of pictures of historic interest. The building was near the old shipyard and pictures of this yard would be placed on exhibition there. The famous rattle shell of the crew that went to Paris might be installed there. Mayor—Has the Historical Society any souvenirs it would exhibit there? Mr. Henderson said the Historical Society had some collections that would not like to put in a building that was not fire-proof, it would, perhaps, supply some exhibits—pictures. Mr. Henderson also brought up the matter of putting the Old Burying ground in better shape. Commissioner Bullock expressed thanks to Mr. Henderson for bringing up the matter. He approved the suggestions in regard to the West Side building and hoped the Historical Society would make some collections that recommendations regarding the preservation of the graves of the Loyals in the Old Burying Ground. He decided to consider the suggestions in committee later on. The by-law providing for an increase in the harbor fees was returned to the council. The new rates are: Number 15 cents per m. feet; grain 10 cents per ton; general cargo 10 cents per ton; horses 10 cents; coal 10 cents; sheep 2 cents; cattle 10 cents; and from harbor 5 cents. Commissioner Jones—"I notice the papers that the government rates are less than the city's?" Commissioner Bullock said he had no official notice but he would be surprised if the government is to put something over the trait forces the city to sell the harbor less than its worth. It had been limited that the government would not build the new grain conveyer on the West Side till the city agreed to the harbor being put in commission, but he did not know if it was so. THE COMMON COUNCIL HELD REGULAR MEETING YESTERDAY

Mayor Announced That Bonds to Amount of \$200,000 Had Been Issued This Year—Statement Showed School Board Was \$100,000 in Debt—Preservation of Old Market Building on West Side Discussed—Other Business.

At a meeting of the city council yesterday a statement was made by the Mayor that bonds to the amount of \$200,000 had been issued this year, and that the school board was \$100,000 in debt.

Commissioner Bullock said the government by making lower wharfage charges could not drive St. John out of business, and the preservation of the old market building on the West Side was discussed.

George S. Henderson and J. K. White, K. C., appeared on behalf of the Historical Society and urged the council to take measures to preserve the old market building on the West Side. Mr. Henderson said the building was 100 years old, and possibly 120 years old, but the timber in it was in a fair state of preservation.

Mayor—Is there any use to which the building could be put?

Mr. Henderson said it might be used as a community centre, and a place for the exhibition of pictures of historic interest. The building was near the old shipyards and pictures of ship yard scenes might be placed on exhibition there. The famous riches shell of the crew that went to Paris might be installed there.

Mayor—Has the Historical Society any souvenirs it would exhibit there?

Mr. Henderson said the Historical Society had some collections that it would not like to put in a building that was not fire-proof, it would, perhaps, supply some exhibits—pictures, etc.

Mr. Henderson also brought up the matter of putting the Old Burying Ground in better shape.

Commissioner Fisher expressed thanks to Mr. Henderson for bringing up the matter. He approved the suggestions in regard to the West Side building, and hoped the Historical Society would make more definite recommendations regarding the preservation of the graves of the Loyalists in the Old Burying Ground. It was decided to consider the suggestions in committee later on.

An order was passed to pay the following additional amounts in connection with the celebrations in September last, subject to the same conditions as to payment previously made, that is to say:

T. H. Betabrooks Co., Ltd., \$4 56.10
St. John Globe Publishing Company, Limited, 3.75
The Standard Limited, 2.25

Trades and Labor Council, payable to F. A. Campbell, 230.65
The application of H. C. Groat, Esq., general superintendent of the Canadian Pacific Railway asking that they make certain alterations and improvements at the West Side terminals for the more convenient handling of passengers and freight, was referred to the commissioner of harbors and ferries and public lands, the City Engineer and the City Solicitor with power to act.

The by-law providing for an increase in the harbor fees was read a second time. The new rates are: lumber 15 cents per m. foot; grain 3 cents per ton; general cargo 25 cents per ton; horses 10 cents; cattle 10 cents; sheep 2 cents; coal alongside 10 cents; coal from barges 5 cents.

Commissioner Jones—T notice in the papers that the government rates are less than the city's?

Commissioner Bullock said he had no official notice but he would not be surprised if the government tried to put something over the trail to force the city to sell the harbor for less than its worth. It had been intimated that the government would not build the new grain conveyors on the West Side till the city agreed to the harbor being put in commission but he did not know if this were so.

The government was big enough to carry out anything, but it could not drive St. John to its knees on the wall. However, the city could not afford to meet the competition in rate cutting. The School Board audit showed an over-draft of \$100,000. The city needs money, and must put fair charges on traffic.

The resignation of Allan H. Wetmore from the Local Housing Board was accepted, and Cyrus F. Inches was appointed in his place.

The Mayor asked for a short article on what is doing in St. John, and pictures of representative scenes. No advertisements were sought.

Com. Jones—Lose no time accepting that offer.

Referred to the Mayor.

Isaac W. Hutchinson asked to be appointed city constable. Referred to the Mayor.

K. J. MacRae wrote saying the Salvage Corps Joy Day Committee had received a letter from Com. Thornton regarding expenses, and the committee desired audience of the Council. It was agreed to meet the committee on Monday.

Wm. Young wrote asking for the annual grant of \$200 to the Associated Charities, and it was filed till appropriations come up.

Com. Jones said he had formerly been given authority to spend \$2,000 to provide water and sewerage facilities for certain properties on Mount Pleasant. There was some doubt as to whether they should lay pipes through private properties. After consideration he wished to move the following:

Resolved, That the order of Common Council of the 9th day of October, instant, referring to the proposition of Messrs. Armstrong & Bruce, be rescinded and that the following resolution be substituted therefor:

Whereas, This Council has an application from Messrs. Armstrong & Bruce to provide sewerage and water facilities to Mount Pleasant Court, which is now being developed; and whereas, Under the Town Planning Commission Act, it is enacted that whenever it is shown to the satisfaction of the Common Council that 25 per cent of the street front has been appropriated for building purposes and that there is a bona fide intention to build thereon, it shall be incumbent upon the Common Council to lay a sewer suitable for such street, and assess the owners of all the abutting property for the cost thereof; and whereas, Messrs. Armstrong & Bruce having expressed a willingness to comply with the terms of the Town Planning Commission and are prepared to enter into an agreement with the city for sewerage service to said property under the aforesaid Act;

Be it Therefore Resolved, That the Commissioner of Water and Sewerage be and hereby is authorized to undertake construction of sewer at an estimated cost of \$1,000, payment of which is to be spread over a period of 20 years, together with interest and sinking fund charges; and

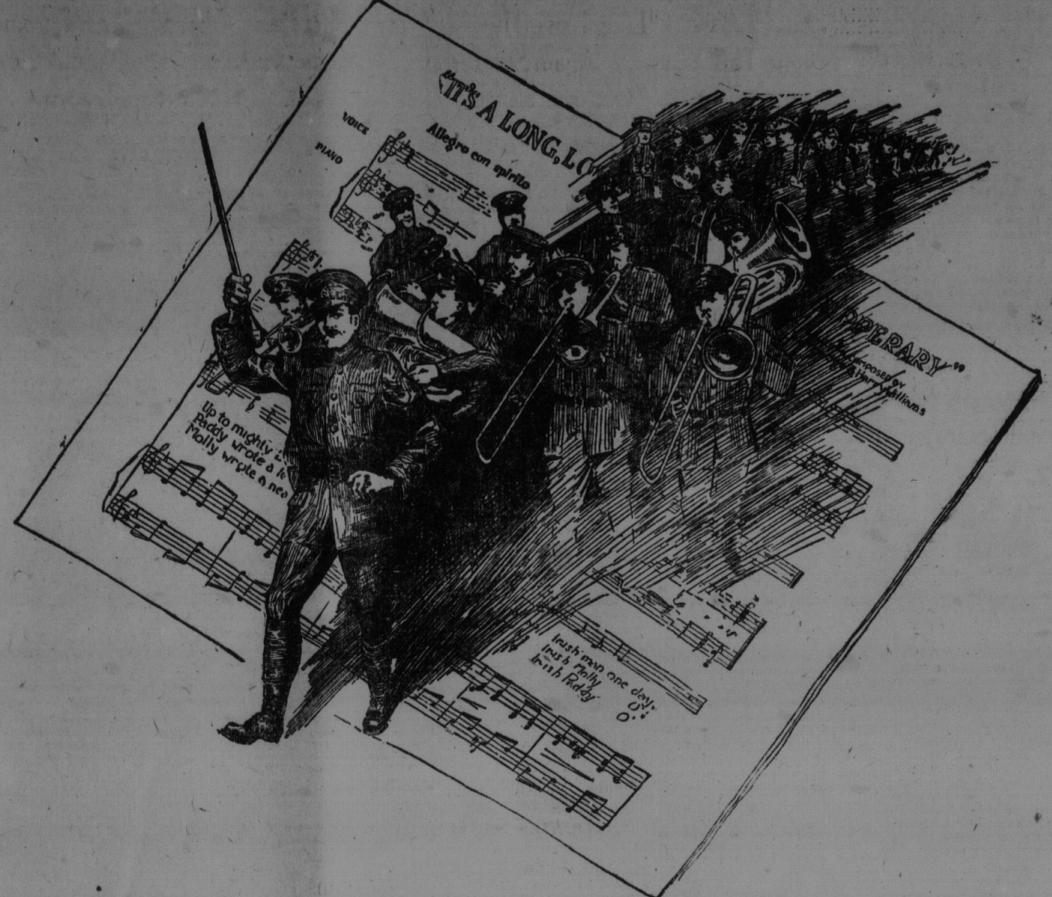

Further Resolved, That the Commissioner be also authorized to lay a water main at an estimate cost of \$1,000, to be provided for by bond issue, provided that Messrs. Armstrong & Bruce enter into an agreement satisfactory to the City Solicitor guaranteeing the annual payment of 30 per cent of cost of the water main until such time as the revenues therefrom amount to the said ten per cent.

Mayor—As the matter involves a bond issue and Com. Thornton is not here, it will have to come up again.

Com. Jones—I make it a notice of motion then.

Com. Fisher wanted money to put the sidewalks on City Road in shape, and thought he ought to have a bond issue.

Mayor—I think this should be a matter for temporary repairs. We have

When They Went Away Singing "Tipperary"

In those brave days of '14 and '15, they were indeed the idols of the Nation. To their support Canada brought all that the weight of money could bring.

And when they came to the furnace of their testing, we acclaimed them proudly as of no common clay.

"Tipperary" is forgotten, swept like a butterfly caught in a tornado or a catch of song in the throat of death. But Ypres, St. Eloi, Vimy, Hill 70, Passchendaele, Cambrai and Mons have placed its singers among the Immortals.

In these brave days—that to some of us are still but of yesterday—Canada proclaimed herself in the fight to the last man and to the last dollar.

Well has man played his fighting part. It is our Dollar that must now redeem the pledge.

To make the Victory Loan a success is a National obligation.

If the fighting were still raging you wouldn't hesitate to invest.

Be thankful then that it is ended, and be glad that your part now is but to lend money to pay the Debts of Honour.

The spirit that moved you to buy Victory Bonds one year ago and two years ago should impel you to buy them again.

But even if you suppress that spirit—grant that you may not—the material advantage of the investment cannot fail to appeal to your good common sense.

Think of it. The peerless security of a mighty nation—a nation at peace—the great uncertainty of war past—and 5% interest. Where can you find its equal?

Whichever way you look at it, if you are true to yourself you must

Laurier's Legacy.

When Laurier forced his Transcontinental railway policy upon the country he was in a great hurry, because as a history maker of the period remarked: "Senator Cox cannot wait." Now the Liberals are opposing the Grand Trunk bill because they have apparently become converts to the gospel of wait and see. When Laurier initiated the great scheme which was to crown his life work, an alternative policy was presented to the country, a policy which if adopted would have probably saved the country from the present unsatisfactory situation. Now the Liberals have no alternative policy to offer in place of that embodied in the Grand Trunk bill. When Hon. Mr. Mackenzie King was challenged to produce another and better solution of the difficulty, he answered that if and when he was called upon by the country to accept the responsibility of dealing with the problem he would endeavor to find a solution. Evidently the Liberal leader has no better plan for dealing with the question, or he would give the country the benefit of it. On the principle of the bill the Liberals are afraid to declare themselves; they are content with negative criticism of the bargain, and their general attitude is merely one of obstruction.

The Government did not create the present situation; that is a legacy of the Laurier railway policy, and a very undesirable legacy. Nor has the Government been showing any undue haste. For a long time they have been carrying on negotiations with the Grand Trunk authorities, who a good while ago admitted they were at the end of their tether. If the Government waited till the Grand Trunk got into a position where it could not handle traffic, the Liberals would be loud enough in their protests. That the Government must do something to save the country from the consequences of the ill-considered railway policy of the Laurier Government is generally recognized as inevitable. And apparently there is only one course for the Government to pursue in the circumstances—to take over the road and round out the national system of railways. At any rate the Liberals evidently do not know of any other practical course, or they are keeping it secret—which is not in accordance with their duties as His Majesty's Loyal Opposition. The conditions under which the Government will take over the road are a fair subject for criticism, but the Opposition are offering no criticism of any particular virtue or value; they are merely asking for time to consider them. The Government bill, however, does not strike a bargain with the Grand Trunk; it is an enabling bill, empowering the Government to proceed with the negotiations for the acquisition of the road. The previous negotiations have been made public; its later negotiations will no doubt be conducted in public and be subject to the review and criticism of the Liberal leaders. Moreover the adoption of the bill will not prevent the Government varying the terms of the bargain with the Grand Trunk to the interests of the country, if it is possible to do so.

CITY TAXATION.

The statement of Mayor Hayes that the city has issued bonds to the amount of about \$200,000 this year, taken in conjunction with the Comptroller's report that the Board of School Trustees is carrying a bank overdraft of over \$100,000, will interest those good citizens who are always querulously asking what the commission form of government is doing for St. John. These pessimists who are going around saying that St. John is standing still may undecieve themselves; the city's debt is growing any way. A short time ago at a meeting of the commissioners the need of finding new sources of taxation was discussed, and it was suggested that the value of land in the city limits might be increased, though Commissioner Bullock, of the Local Housing Board, has been complaining loudly enough that when he has gone out looking for land to build homes for the wage earners the prices asked by the owners have been altogether too high. In this connection it is interesting to note that in Halifax John McKean has started an agitation having for its object the requirement by the city of the right to impose taxes on all Government property within its borders. Mr. McKean points out that in Halifax there is not only a lot of properties owned by the Dominion Government, but extensive and valuable properties owned by the Imperial Government, which are exempt from taxation; and he argues that His Majesty ought to pay his share of the upkeep of the civic services which add to the value of his properties. In St. John the Dominion Government owns considerable and exceedingly valuable properties, too. In addition to the Government Railway property running through the centre of the city, there is the government harbor facilities built on land in some cases

of course every coal consumer would help pay the bill through increased coal prices. Since the vast majority of people are wage-earners, this would mean that their wages would be decreased by the amount of their contribution towards maintaining the preposterous system advocated by the coal miners. Labor has a right to demand full wages and fair hours. But Labor should fall in any efforts it may make to decrease production, and thus to place upon society—especially upon Labor itself—an impossible and intolerable burden.

Need Authority of People.

(Hamilton Times.) We need a new Parliament and a new Government to settle the Grand Trunk Railway deal. The present Parliament is not representative of the people. It is a war Parliament, elected for the purpose of carrying on the war. Before dealing with such a question as the nationalization of this railway, it should go back to the people for endorsement.

The America Cup.

(Philadelphia Record.) Sir Thomas Lipton, according to the latest news, is quite content that the old terms, under which he fought so often and so unsuccessfully to win America's Cup, shall govern the next contest, set for next June. Sir Thomas is a good sport. He has always been known as a "good loser." Possibly he wishes to perpetuate that reputation. At any rate, it is our hope that his popularity in this country will continue upon that basis. He simply must not be permitted to take the cup away.

SMALL INVESTORS.

Although the Victory Loan will not like some previous issues be exempt from the Federal income tax, this will be a matter of little or no concern to the great majority of investors. The principal of the investment is not affected by the income tax at all; only the interest is subject to this tax. And a comparatively few people will find themselves paying extra income tax by reason of their investment in the Victory Bonds of 1919. The average person with an income of \$1,200, if married, is not affected; and a single man with that income who invested \$200 in the Loan would only have to pay a Federal income tax of 41 cents on account of his investment. Married persons are exempt from the income tax unless they have an income of \$2,000, and there is a further exemption of \$200 for each dependent child under the age of 18 years. For instance, married persons with three children must have an income of over \$2,600 before they are required to pay income tax.

THE WHEAT EMBARGO.

It is reported that the Washington Government is considering raising the embargo against Canadian wheat entering the United States. At the same time a bill is being introduced into Congress to impose a duty of 25 cents per bushel on wheat. What will be the effect of raising the embargo and imposing a duty, is problematical. As the present time the American millers are paying a high price for hard spring wheat, because the American supply of hard spring wheat is short. Possibly if the embargo was raised the premium being paid by American millers might drop to a point where it would be absorbed by the duty; but this is more conjecture. The interesting fact is that at a time Canadian farmers are talking of free trade the United States Congress is being asked to consider a bill to impose a duty on wheat. Canadian farmers are sore because the price for wheat fixed by the Canadian Government is not as high as the price being paid by American millers for the better quality of hard wheat. It is unlikely that the American farmers will market their whole wheat crop at anything like the prices quoted on hard wheat.

WHAT THEY SAY

Unhappy Bolsheviks. (Saginaw News.) The Bolshevik wouldn't be happy if he had his own way. He wouldn't work more than four hours a day and in that time he couldn't destroy enough property to suit him.

A Hard Crack. (Hamilton Spectator.) After the city of Toronto has constructed 256 dwellings under the Government Housing Scheme, it is now reported that there is no mad rush to occupy them. Possibly prospective tenants are hanging back to see if they won't be offered as a free gift.

Labor and Production. (Brandon Sun.) Everybody with any warm human blood has sympathy with the idea of keeping the hours of labor at tasks that are more drudgery down to a humane basis, but the coal miners do not even pretend that the thirty-five-hour week is justified on that score. They advocate frankly for the purpose of increasing the number of jobs in the coal mines. If it were granted,

A BIT OF VERSE

Aftermath—July 19.

Have you forgotten yet? For the world's events have rumbled on since those gaged days, Like traffic choked awhile at the crossing of city ways; And the haunted gap in your mind has filled with thoughts that flow Like clouds in the lit heavens of life; and you're a man relieved to go. Taking your peaceful share of time, with joy to spare, But the past is just the same—and war's a bloody game. Have you forgotten yet? Look down, and swear by the slain of the war that you'll never forget.

Common Troubles Caused By Eye Strain

Many ailments which are a menace to health begin with eye strain. Sight requires that the muscles which control the eyeball and its parts should work constantly. If the shape of the eye is not perfect, the work becomes too heavy and the muscles are strained. This strain causes headache, nervousness, exhaustion, tired, weak, painful eyes. Medicine does not cure. The only remedy is properly fitted glasses. You secure thorough, competent attention to your eye needs when you come to Sharpe's.

HOME-MADE BREAD

Home bread-making reduces the high cost of living by lessening the amount of expensive meats required to supply the necessary nourishment to the body. The increased nutritious value of bread made in the home with

should be sufficient incentive to the thoughtful housewife to give this important food item the attention to which it is justly entitled. Bread made with Royal Yeast will keep fresh and moist longer than that made with any other.

Some Canadian Political Topics

Mr. King Disappoints Followers—60 Farmers in Ontario Legislature—Ottawa Schools' Case.

Mr. King's Maiden Effort.
(Ottawa Journal.)
Mr. William Lyon Mackenzie King is a very charming gentleman. He talks and writes learnedly in a general way on many difficult subjects. He speaks impressively, also in a general way, and he enumerates beautiful ideals, likewise in a general way. Mr. King made his first speech in the Commons yesterday since he was elected leader of the Federal Liberal party. He had an attentive audience and he spoke with his usual impressiveness. He chose for his maiden effort the Government scheme for acquiring the Grand Trunk Railway. For any budding statesman we should have thought it was a good subject; but after reading Mr. King's speech we are forced to the conclusion that it was not a good subject for Mr. King. The topic required treatment other than in a general way; Mr. King made an attempt to treat it in a specific way. The result must have been somewhat of a surprise to his loyal followers—those who are not sad are probably splitting their sides with laughter.

Dangerous Discontent.

(Quebec Telegraph.)
The cold fact is that the average cost of living has risen well above the average earning power; that the benefits derived by the consumer from this abnormal export trade are extremely indirect and pitifully disproportionate. In ordinary times, competition with the manufacturers of other countries in the world's markets would tend to keep prices within reasonable bounds but, today, the demands of devastated Europe are almost unlimited, while Canada and the United States are virtually the only producing States in a position to fill these demands. Therefore the North American manufacturer is pretty well able to make his own price and, since Canadian production is unable to more than partially exhaust the field, we cannot agree that any attainable increase in production would have the effect of reducing prices.

THE FREIGHT HANDLERS.

In reply to the request of the Marine Freight Handlers' Union for a nine-hour day, instead of ten, and a rate of 65 cents per hour, an increase of 15 cents, H. C. Grout offered the men an increase of five cents per hour and gave them the option of working a nine-hour or ten-hour day as they wished; time and one-half for any overtime up to four hours and double time for time beyond the four-hour limit, and for work on Sundays, holidays and meal hours. The offer of the company will be submitted to the delegation which presented the petition, and the request of the men will be submitted by the general superintendent to Montreal headquarters.

U.F.O. in the Legislature.

(London Free Press.)
The United Farmers have decided to accept the responsibility of forming a Government if invited to do so. This is the logical and reasonable course. The farmers' party in the Legislature there will be forty-two, they cannot do otherwise than exercise that authority in Government for which they had desired an opportunity. They have complained, not without cause, that the control of public affairs in the province was in the hands of others than farmers to an extent inconsistent with the importance of agriculture. That complaint no longer can prevail, for in the next Legislature there will be forty-two or six United Farmers, eight Conservative farmers and seven Liberal farmers, or a total of 60 farmers, more than one-half of the membership of the House. No other class is similarly represented. Only one manufacturer has been elected. The law every farmer has suffered severely, there being but four. Of merchants and others engaged in a variety of businesses there are only four. There are few agents.

The Ottawa Schools' Case.

La Presse, commenting on the decision of the Privy Council, dismissing the appeal of the Ottawa Separate School Board, says: "The Lords of the Privy Council express a hope that this will be the last chapter in the history of the unfortunate disagreement between the educational authorities and the State. It is a platonic wish, and it will not in any way indemnify the French-Canadian of Ottawa for the expenses they have had to incur for having been 'legally' ill-treated. Happily, in default of the protection of the Lords, we may, perhaps, obtain justice from the new political element which seems to be in a position to dominate in Ontario in the future. Judging by the past, the way of speaking and acting there is every reason why the persecuted should indulge in the highest hopes."

Roaring John Robinson Angry.

(Toronto Telegram.)
Sir William Hearst is the most conspicuous of "the Lord's enemies" upon whose neck defeat has placed its heel. The defeated Premier of Ontario was the biggest and most heretic Methodist who ever tried to practice in politics the preaching of the church. The Methodist church, as far as W. H. Hearst is to be shown the wolves of anti-prohibition fury. The fate of W. H. Hearst, makes the denominational leanings of a stenodist leader a burden greater than any party can carry in the future. W. H. Hearst is gone. N. W. Howell is going. It will be many a long day before the Conservative party again accepts a Methodist leader in Ontario or looks for Methodist alliances at Ottawa. The actual fate of W. H. Hearst and the impending fate of Hon. Wesley Howell indicates that the only Methodists who thrive in Canadian politics are such denominational ornaments as Sir Clifford Sifton, Harley Dewar, K. C. and Hon. F. B. Carroll.

OBITUARY

John LeCain.
The death of John LeCain occurred yesterday morning at his residence, 26 St. Andrew's street, after a long illness. Mr. LeCain was a native of Annapolis, N. S., but had been living in St. John for some years. He leaves his wife, two sons, Harold, of Portland, Me., and Cecil, at home, and two brothers, George and William, and two sisters, Beattie and Louise, all of Annapolis. One other son, Arthur, saw service and died while in Germany. Mr. LeCain was an employe in the post office for the last two years, and was a very efficient and obliging official. He had a large circle of friends who will regret to hear of his death. The funeral will be held on Thursday afternoon at three o'clock from St. James' church, of which Mr. LeCain was an active member.

Foreman Asserts It Saved His Life

Mahoney Never Expected to Get Out of Bed Again—Now Back at Work.

Many wonderful endorsements have been given Tanlac but the statement made October 9th by James Mahoney, of 22 East 10th St., Los Angeles, Cal., is so remarkable as to be almost incredible.

Mr. Mahoney, however, is a man of unquestioned integrity and has been foreman at the Richards-Stansted Construction Co. ten years. His neighbors have corroborated his remarkable statements in every detail and will do so again if called upon.

"It was being talked among my friends," said Mr. Mahoney, "that I was going to die and I don't believe anyone ever had a more agonizing trial. Closely following an injury to my back, caused by lifting some steel last July a year ago, my whole system seemed to give away. My stomach commenced hurting me terribly and I suffered from gas and indigestion. There seemed to be a lump in my stomach and I could not eat a thing without intense pain afterwards. My appetite left me entirely and I got so weak I could not even lift ten pounds. Then I became constipated and my kidneys got out of order and disturbed me so at night I could not sleep sound. I was in misery all the time and so weak I could not lift my feet to go up the steps. I could not straighten for the pain in my stomach. Before the third bottle started I weighed one hundred and forty-five but dropped down until I weighed only sixty-five pounds, and if there was ever a living skeleton I was. I could hear my friends, who came in to see me, say, 'Poor Jim, he isn't last much longer,' and I had no hope myself of ever getting up and in spite of all that could be done I kept getting worse. Then I bought like feeling in my stomach seemed to get larger and the pain more intense. Finally I was told nothing more could be done except to operate and I was too weak to stand it."

"One day a friend, who had been coming to see me often, told me how Tanlac had helped his daughter and urged me to try it. At first I refused, as my wife was opposed to anything except prescribed medicines. But one day this friend offered to go and get me a bottle of Tanlac with the understanding that no one else knew about it. Well, I started taking it and by the time he brought me the third bottle I was feeling better. I stopped everything else, kept taking Tanlac and slowly improving. I soon noticed the pain in my stomach easing up and that lumpy feeling began to leave. I got to eating something and then commenced getting back my lost weight and strength. I kept taking it until I used twenty bottles and as a result I am in better shape than I was for years—seven years before I was taken sick. I now weigh one hundred and thirty pounds, so you see my weight has exactly doubled. I am working every day and can do the heavy lifting just the same as I ever could. I am not bothered any more with my kidneys or constipation and I sleep like a top every night. My food tastes good and my appetite is simply fine. My wife now thinks just as I do, that Tanlac is the grandest medicine in the world. I will praise it as long as I live, and I never expect to be without it."

The sale in St. John by Ross Drug Company, and F. W. Munro, under the personal direction of a special Tanlac representative.—(Advt.)

DANDRUFF SOON GETS YOUR HAIR

Let "Danderine" check nasty scurf and stop hair falling out.

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Soon every hair on your scalp shows new life, vigor, brightness, thickness and more color.

PILES

Do not suffer another day with itching, bleeding, protruding Piles. No matter how long standing, this medicine will relieve you at once and as certainly cure you. See a box at Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

CAN YOU FORGET?

As long as you live you'll remember November 11th, 1918—Armistice Day.

That was the day the enemy surrendered.

That was the day of Victory for our army.

Day after day—year after year — through rain, cold, heat, mud, death — they had fought bravely, stubbornly, cleverly, faithfully—the spearhead of fate pointing inexorably at the black heart of the enemy.

Remember the Somme? Ypres? Vimy? Passchaendale? Cambrai? MONS?

Can't you catch this brave spirit?

Can't you see how small is our task compared with theirs?

Shall we fail to lend our money to the country for which they gave their lives?

The Victory Loan 1919 must be a victory too. It is needed to pay our obligations to the army and to keep the fair name of Canada writ high among the nations.

This is a War Loan.

Canada needs to borrow your money.

If the Victory Loan succeeds it will be another Mons for Canada.

Let us show the world again that what Canada undertakes, Canada accomplishes.

CLOSING STOCK LETTER

(McDougal & Cowans)

New York, Oct. 29.—The movement in the Steel stocks continued into the afternoon while the Motors were or less reactionary. R. B. C. 5 dozen points above the previous and other Steels were sympathetic strong except that U. S. Steel as recently, hung back.

The Sugar stocks were again in the sharp rise in call money rates per cent. checked the advance stocks and brought down a number of them. Just before the close money was again quoted at 6 per cent. In the late trading stocks showed a tendency to recover. There again no news bearing on the strike.

Irrespective of that the market the appearance of having exhibited a bullish impulse for the time the point is made that if there be much more of the bull market S. Steel must soon begin to in no uncertain fashion. Sale \$67,300.

VOCATIONAL EDUCATION SCHEME LAUNCHED LAST NIGHT

Committee Recently Appointed by Board of School Trustees Decide to Take Advantage of the 1918 Vocational Education Act and Start Schools—Strong Committee Appointed to Look After Different Phases of the Work.

That the St. John Vocational Education Committee make arrangements to take over the Mechanical Drawing Classes at present being operated by the Board of School Trustees and add a class in Architectural Drawing with other subjects connected with the building trades, and that arrangements be made to organize classes in Home Economics, to include millinery, dress making and cookery, was the decision arrived at by the Vocational Committee at its first meeting held in the office of Dr. A. P. Emery last evening.

The members of the committee in attendance were Dr. A. P. Emery (chairman), A. Gordon Leavitt (secretary), Mrs. W. Edmund Raymond, Alexander Wilson, George P. Hennessey, J. D. P. Lewin, Thomas Nagle, with Fletcher Peacock, of the Provincial Vocational Board.

The committee organized and it was explained that the object of the school was for the organization of classes to directly and quickly meet some educational requirements in a community and to increase the civic

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons from stomach, liver and bowels.

Accept 'California' Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious, fruity taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California."

and vocational efficiency of the people. This is done by training in practical work, related science, civics, public speaking, history of government, business, trade, industrial conditions, commercial geography, etc. The classes are to meet in the evenings or at other times convenient to the group concerned. The scheme is designed to be a means of escape for those in dead-end occupations; a means of advancement to those with jobs in which they can grow and develop; and a means to develop community spirit in all.

The committee went into the general idea of the movement, and the following committees were appointed to look after the different branches of the work:

Finance Committee—Messrs. Hennessey, Nagle and Wilson.

Building Committee—Messrs. Wilson, Hennessey, Lewin and Mrs. Raymond.

Home-making Committee—Mrs. Raymond, Mrs. Taylor and Mr. Wilson.

Teachers and Staff—Mr. Lewin, Mrs. Taylor, Mr. Wilson and Mr. Hennessey.

Industrial Education—Mr. Hennessey, Mr. Wilson, Dr. Emery, Mr. Nagle, Mr. Lewin.

Commercial Education—Mr. Lewin, Mrs. Raymond, Mr. Wilson.

Night Schools—Mrs. Taylor, Mr. Hennessey, Mr. Wilson.

School Co-operation—Mrs. Taylor, Mrs. Raymond, Mr. Hennessey.

Selection of Pupils for different trades and occupations—Mr. Wilson, Mr. Lewin, Mr. Hennessey, Mrs. Taylor, Mrs. Raymond.

Co-operation Necessary.

It was pointed out by the chairman that there must be co-operation with the School Board and the two branches of education must work with out friction and without overlapping. He also suggested that in this city there was need of a class for the teaching of matters connected with the fishing industry.

Fletcher Peacock then went into the matter of a programme of training and asked the members of the committee to look ahead for two or three years and not just plan for the present season. He pointed to the fact that the scheme would grow. At present it was understood that the City Commissioners had pledged to provide \$5,000 for the work this year.

If this were given, the Provincial Government would grant an additional \$4,000. This would make a total of \$9,000 available for this year, although this was a very small amount, it would start the scheme in a small way. Later on a much greater amount than this would be required.

In fact, Portland, Maine, had spent \$1,000,000 on its vocational education scheme.

Mr. Peacock suggested that a director be appointed to supervise the whole work of the committee. He thought that a director was essential at the start. Several suggestions were made in regard to the qualifications of such a man.

It was necessary that a night school be started at once in order to show the people the possibilities of the plan and in order to create interest in the work. This would be the nucleus of a much more elaborate programme. If possible, a course in mechanics, particularly for returned soldiers, should be started immediately.

In reply to a question by the chairman, Mr. Peacock said that a man to act as director should be easily secured, and he thought that a permanent man should be secured at once.

A Building Needed. He offered further suggestions for the working of the committee and the director. Eventually it would be necessary to have a building entirely devoted to vocational training. In other cities one building was used for teaching all subjects.

Mr. Lewin thought that with the money available at present it would be impossible to secure a permanent director for the start, and he suggested that a temporary appointment be made.

Mrs. Raymond explained how the Women's Institute here had been carrying on classes in millinery, dress-making and cookery, and she thought these subjects should be considered.

DON'T NEGLECT YOUR BREAKFAST

The Fear of Indigestion Often Prompts One to Start the Day Wrong. Eat What You Like, Take a Stuart's Dyspepsia Tablet And You're Safe.

Breakfast offers many of the most savory dishes of all the things we eat. And yet more people than otherwise go without breakfast save a roll and cup of coffee for fear of indigestion. If you like a fried egg, or some buckwheat or sausage for breakfast go to it and follow with a Stuart's Dyspepsia Tablet. You'll have no trouble. The average person who neglects breakfast will be hungry before noon. Most men smoke to kill the appetite, or munch on something to carry on till lunch time. An empty stomach under these conditions is not storing up energy, but on the contrary, is susceptible to many influences that may work hardship for the next meal.

It is advisable to eat three good meals a day and digest them. If the stomach seems to be weak, to help it or give it assistance is the rational thing to do. Try a good breakfast and follow it with Stuart's Dyspepsia Tablets and you'll soon learn that regularity of meals follows a natural tendency, not an acquired one. You will find Stuart's Dyspepsia Tablets on sale in almost all drug stores throughout the United States and Canada.

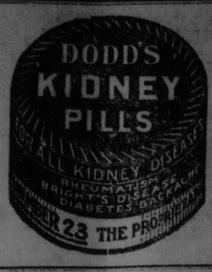

FIX STOMACH RIGHT UP

"Pape's Diapesin" at once ends Indigestion, Gases, Sourness, Acidity

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

When your meals don't fit and you feel uncomfortable, when you belch gases, acids or raise sour, indigestible food. When you feel lumps of indigestion, pain, heartburn or headache, from acidity, just eat a tablet of Pape's Diapesin and the stomach distress is gone.

Millions of people know the magic of Pape's Diapesin as an antacid. They know that indigestion and disordered stomach are so needless. The relief comes quickly, no disappointment, and they cost so little too.

THE FUNERAL WAS LARGELY ATTENDED

Impressive Service at St. Paul's Church Yesterday Over Remains of Late R. W. W. Frink—S. P. C. Executive Adopt Resolution of Condolence.

The funeral of R. W. W. Frink was held from St. Paul's church yesterday afternoon at three o'clock and despite the inclement weather was very largely attended by citizens representing nearly all the social and business interests in the city. The church was well filled with sorrowful friends of the deceased and a most impressive service was conducted by the venerable Archdeacon Crowfoot and the hymns were beautifully rendered by the full choir.

The pall bearers were F. J. G. Knowlton, Colonel M. B. Edwards, W. H. White, H. B. Robinson, Peter Church and Heber Yoom. Members of Nos. 1 and 2 Salvage Corps and Fire Police with members of the fire department preceded the hearse and following the mourners and marching in a body were the directors of Fernhill Cemetery Company, St. George's Society and the Society for the Prevention of Cruelty to Animals.

The many beautiful floral tributes from the city and outside places were numerous and included tributes from the St. George's Society, Union Lodge, of Portland, Masonic Board of Relief, Lodge of Perfection, N. B. Board of Fire Underwriters, Salvage Corps Company No. 1, Salvage Corps Company No. 2, S. P. C. A., S. P. C. A. Auxiliary, Directors of Fernhill Cemetery, Directors of the Eastern Securities Co., Western Assurance Co., London Assurance Corporation, North British and Mercantile Assurance Co., as well as contributions from private parties.

Interment was in Fernhill Cemetery. Mr. Frink, for the past six years president of the New Brunswick Society for the Prevention of Cruelty, is a severe loss, and Whereas, Mr. Frink had been for many years a member of the Society and of the executive, taking a deep interest in its activities,

Therefore resolved, that this meeting place upon record expression of its sorrow and regret at the death of Mr. Frink and its sympathy with his widow and family, and

Further resolved, that a copy of this resolution, under the seal of the Society and the hand of the Secretary be forwarded to Mrs. Frink.

Get On a Train and See Your Security

If you were to board a train at Halifax or Vancouver and ride for 3,500 miles across this broad country—you would see something of the security behind the Victory Bonds. You would ride for a week—but even then you would only see a narrow strip of Canada's hundreds of millions of acres—a country nearly twice as large as all Europe.

- You would see—
the farm and forests
the prairie and plains
the mines and the mills
the docks and the elevators
the steamers and the railroads
the cities
the towns—

All this is the security behind your Victory Bonds. This is the security that makes Victory Bonds one of the world's

premier investments. Victory Bonds are the safest securities. Victory Bonds pay a good rate of interest—nearly twice as much as Savings Banks.

And you know how vital it is to Canadian Prosperity—and your own welfare—that the Victory Loan shall be successful.

It means that Canada's prosperity and your own prosperity will continue.

So don't buy just enough Victory Bonds to "square your conscience."

Buy to the limit of your ability.

Do your part in making the Victory Loan a huge success.

Put your present savings into Bonds and borrow against your future earnings.

MYSTIC VISION OF THE TANKS

Woman's Story of What She Saw in a Dream — New Joan of Arch.
The woman referred to by Mr. Justice Sargent as "having seen tanks in a vision" is Mrs. Ella Cloete Capron, the wife of a British officer, of Oxford gardens, North Kensington. She is a claimant to a bounty as a tank tender before the Commission on Awards to Inventors.
Mrs. Capron has written the story of her claim to the "Daily Express" of the tank for the "Daily Express".

MY VISION.
(By Mrs. E. C. Capron.)
A strange scene over me while dressing one morning at my old home at West Drayton and I became unconscious to all my surroundings.
I awoke to find myself on a cold and misty battlefield in France. I stood bewildered alone in this great world of mist. Suddenly I heard a voice calling "More help from Great Britain!"
I beheld drifting towards me a lovely white lily. Two oak leaves were attached to the stalk, and the bust of a most beautiful French woman was filling the centre of the flower, her long brown tresses waved back by the morning breeze.
I stood silent and amazed, eagerly watching her float through the mist, when, to my astonishment, she stopped above me and, looking down, said, "And it is come through you, I tried to speak, again she said, 'It is come through you.' Beautiful rainbow-colored clouds then enveloped her, and once more I was alone, lost in this great world of mist.
I endeavored to wander on, but my feet were cut by sharp thistles strewn round.

Suddenly a clap of thunder rent the Great Beyond, a heavenly light lit up a misty French village and battlefield, and I beheld the battle of the Somme, the village, great armored battle cars bristling with guns.
On and on they went over the trenches, each a plain but common figure, where called for mercy, but none was given.
A voice at my elbow, to my surprise, said: "Many more must come from Great Britain to help to win the war." I turned, and saw a tall, dark, young fellow, with a plain but common face. "There will be many more coming. These must be," he murmured. And then, with soft vibrations, my spirit returned slowly to my old cottage bedroom.
My first thought on gathering myself together was to obey this great call.

Mrs. Capron entrusted the design of the machine she had conceived to Captain Paterson, a young engineer. A patent was secured early in 1915, but the plans did not receive any practical support from the War Office.
Mrs. Capron is warm in her claim to the original idea of the tank, maintaining that the vision was an answer to her daily prayers, "Avenge, O Lord, the blood of the innocent!"

CONFERENCE SPLITS ON COLLECTIVE BARGAINING ROCK
(N. Y. Herald.)
Collapse of the Industrial Conference in Washington and failure to agree upon the language of a resolution endorsing what is known as "collective bargaining" have led to one phase of the long-standing struggle between employers and employed apparently to be decided by the court.
The question of "collective bargaining" and closed shop first came before the United States Supreme Court for judicial determination in the case of Coppage vs. Kansas in January, 1915. The Kansas Legislature had passed a law prohibiting an employer from making a condition of employment that the employed shall not join a labor union. The court by a vote of 6 to 3 upheld the law. On December 10, 1917, the United States Supreme Court handed down an opinion in the case of Hitchman Coal and Coke Company vs. Mitchell in which the majority of six Justices said: "Whatever may be the advantages of collective bargaining, it is not bargaining at all, in any just sense, unless it is voluntary on both sides."
On April 8, 1918, President Wilson created the War Labor Board. The first of the "Declarations of Principles" adopted by this Board was: "The right of workers to organize in trades unions and to bargain collectively through chosen representatives is recognized and affirmed." Former President Taft and Frank P. Walsh were the first joint chairmen of the Board. Every decision of this Board setting conditions between employers and employees conceded to organized labor "during the period of war" the right of collective bargaining.
This concession was directly opposed to the decisions of State and federal courts, and was recognized as a war emergency measure. The close of the war brought employers and employees face to face with court decisions on the one hand and War Labor Board decisions on the other. Naturally organized labor demanded "no backward step" from the War Labor Board decisions. Employers stood on the decisions of the courts.
It is unfortunate that the Industrial Conference could not reach a harmonious conclusion on this question. However, it is neither fair nor just to blame any group for the failure. The difficulty lies in the interpretation of "collective bargaining." After the labor group left the conference the employers group was invited to leave. The final act was the statement issued by the employers' group endorsing

YEARLY GIFT FOR PROTESTANT HOME
W. C. T. U. at Meeting Yesterday Voted \$50 Yearly for Orphans—Other Business Transacted.
The regular meeting of the W. C. T. U. was held yesterday afternoon in the Orange Hall. Mrs. David Hiram in the chair. The devotional exercises were led by Mrs. Seymour, the president, reading the 49th Psalm. The president read a letter from Mrs. Mary Gilmore of New Zealand asking that flowers might be put on her husband's grave, and enclosing a donation to the funds of the Union. A communication from the Board of the Protestant Home was read, and on motion it was decided to give \$50 a year to the maintenance of the Home. The sum of \$5 was also voted to the Associated Charities.
Mrs. James I. Davis reported one man as very ill in the hospital others improving. Mrs. Seymour will visit the hospital this week.
The treasurer Mrs. Hoar was asked to forward \$140, the proceeds of the sale recently undertaken by the treasurer of the Protestant Orphans' Home. Members were asked to attend their session of the Women's Institute. A collection was taken up for flowers.

The School Board Has Overdraft of Hundred Thousand

City Comptroller Submitted Report on School Finances to City Council Yesterday - Suggestion Made by Commissioner Bullock.

The report of the City Comptroller on school finances submitted to the city council yesterday showed that the school board was carrying a bank overdraft of over \$100,000.

The books and accounts of the board for the year ending 30th day of June last, were audited by me. The board expended \$119,637.60 more than its income in the maintenance of the schools during the past year.

The statements of receipts and expenditures on current and on capital accounts are also presented, signed by me, show the sources of income and for what the expenditures were made.

The liability of the board to the Bank of Nova Scotia on June 30th last was \$130,023.32. The Douglas avenue school, in March last, sold at auction, for the sum of \$2,025.00.

The Douglas avenue school, in March last, sold at auction, for the sum of \$2,025.00. This amount was placed in the sinking funds.

The annual interest on the bonded debt as it now stands is \$28,417.50. The amount assessed for sinking funds for the year was placed at credit of that account with bankers.

The bonds I inspected at their safety deposit box, also the securities held for Parker Medal Trust, and found them correct.

The Board carries fire insurance to the amount of \$374,775.00 as per schedule herewith, expiring on the 27th June, 1922, at a premium cost of \$5,970.14.

VICTORY LOAN SUBSCRIPTIONS TOTAL SPLENDID SUM OF \$534,350

Salesmen All Over Province Battled in Storm Yesterday With Much Success - St. John City and County Totals Are Now \$222,750 - Large Number of Investors Said to be Holding off Until First of Month.

Battling against adverse weather conditions which prevailed all over the province yesterday, the salesmen of the Victory Loan committee showed that nothing could daunt their ardour, in rolling in subscriptions which total the splendid sum of \$534,350.

The total subscriptions for St. John city and county are now \$222,750, representing 163 applications. This is not as big a showing as was expected, but a lot of investors are waiting for the first of November before they subscribe, as they wish to get the benefit of their interest from the savings bank accounts.

Charlotte county has reported a total subscription to date of \$42,950, made up of 39 applications. Of this amount \$3,000 has been contributed by nearly \$20,000 and is right after the special prize, the captured German cannon.

The subscriptions from York county have not been fully announced to date, but Kings ward, Fredericton Junction, and Marysville report \$31,200, and at Fredericton a subscription of \$25,000 has been received from the Catholic Mutual Benefit Association.

Madawaska county, up to last night, reported 27 subscriptions totaling \$13,750.

Northumberland, east, reported 22 subscriptions amounting to \$21,300 and Northumberland west reports \$37,000 from 10 subscriptions.

Queen and Sunbury county reports twelve subscriptions, amounting to \$14,650.

Gloucester, with 21 subscriptions, has a total of \$31,300.

Westmorland county has not reported, but yesterday morning Moncton reported subscriptions amounting to \$102,750, and yesterday afternoon it was stated that Chairman F. W. Sumner had received a subscription from the local branch of the T. Eaton & Co. for \$50,000.

Bathurst reported that all Gloucester county was under a heavy snow storm. In fact the whole province was "under the weather," yesterday with the southern section deluged with rain, and the northern part of the province in the grip of a real winter snow storm.

Good Local Subscriptions. Mr. Terry, manager of the local branch of the James Robertson Company, announced yesterday that his company will make application this week for a subscription of \$10,000 worth of Victory bonds, as an investment representing the local branch.

To Make Survey of City Timber Lands

Commissioner Jones Given Authority to Have Survey Made in Connection With the St. John Water System

Commissioner Jones was given authority yesterday to have a survey made of the timber lands, and if the city in connection with its water system. He said the work would cost about \$800.

By resolution of the Board, the Synagogue property on Hazen avenue was purchased at a total cost of \$6,063.30.

The bonds I inspected at their safety deposit box, also the securities held for Parker Medal Trust, and found them correct.

The Board carries fire insurance to the amount of \$374,775.00 as per schedule herewith, expiring on the 27th June, 1922, at a premium cost of \$5,970.14.

Hon. Mr. Sifton Coming To St. John

Minister of Public Works Will Come Here to Take up Port and Harbor Matters With Local Authorities After House Rises.

R. W. Wigmore, M. P., has advised Mayor Hayes that owing to the great pressure of business near the close of the session it is impossible that a civic delegation can be heard on port and harbor matters until after the House rises.

Hon. Mr. Sifton, minister of Public Works, appreciating the need of immediate attention to these matters, has offered to come to St. John immediately after the close of the session and take up these subjects with the local authorities on the spot, where he will have the advantage of making a personal inspection of the port.

An important meeting in the interests of Child Welfare will be held in the Imperial Theatre this afternoon at 4:30 when addresses will be given by Mrs. J. M. Hamington, President of the Victorian Order of Nurses, and Dr. Mabel Hamilton, Medical Inspector of City Schools.
