MAIL ORDERS. We ship out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the order in which they are received, and customers can always depend on our doing everything in reason to give prompt dispatch.

Our Office is connected with the N. B. Telephone by two separate lines insuring prompt attention.

MORE HONORS FOR CAMPBELLTON

Lieut. Stewart McLean Awarded Military Cross—Now in England.

Citizens of Campbellton were again pleased to learn on Tuesday that another of her boys, Lieut. Stewart McLean had received the Military Cross for valor on the field of battle.

Lieut. McLean in a letter to his parents just states that he has received notice of this and is now wearing the ribbon. He will be invested by the King in London later.

While no mention is made of the particular act for which this decoration has been awarded it is presumed to have been in the fighting which took place August 1916.

CHIEF INSPECTOR IN SURPRISE VISIT

Making Many Seizures of Liquor Along International—A Wedding Party.

Chief Inspector Wilson was here Monday looking over prohibition matters, in Restigouche and environs, and himself as well pleased with the way the law is being enforced here.

Tuesday morning in company with Inspector T. Mann, he went out to the N. B. to Five Fingers, and Anderson. Places reported to be selling illegally were visited and a quantity of liquor was seized and brought back to Campbellton as evidence in pending cases. One of the most successful seizures of the law was secured, but before the Police Magistrate. After hearing the evidence he was fined \$100.00 and costs. In default of payment he went to jail.

Summons have been issued in a number of cases which will be heard in due course.

During the Inspector's visit to Five Fingers a wedding party was celebrating at the hotel. Upon the table was a bottle of liquor with glasses and all the guests were having a merry time. The Inspector seized the liquor and now the hotel keeper faces a charge of allowing liquor to be drunk on his premises.

Altogether the trip was very successful. The need of a good inspector for this section of the county was clearly evident but it is extremely difficult to get the right man.

LITTLE BUSINESS BEFORE COURT

His Honor H. E. McLaughlin Speaks Strongly in Favor of Victory Loan.

Dalhousie, Nov. 14.—The November session of the Restigouche County Court was held here yesterday. Judge McLaughlin in his address to the Grand Jury made strong appeal to the people of Restigouche County to subscribe liberally to the Victory Loan. His Honor said that in the matter of furnishing men for overseas this county held a most enviable position and expressed the desire that in the matter of subscribing to the Victory Loan Restigouche would continue to uphold her noble traditions.

The Grand Jury found a True Bill in the case of The King vs. William Fortin, charged with abduction. Fortin is the prisoner who lately made good his escape from the Restigouche Common Goal. Mr. E. R. Richard, on behalf of the Crown, entered a nolle prosequi in the case of The King vs. John McDonald.

NO UNION PARTY FOR RESTIGOUCHE

Conservatives Holding Private Meetings but No Invitation to Liberals.

In Restigouche the old dyed in the wool Conservatives are dying hard. Even though the dispenser of patronage here states that "Carvell has a bitter pill to swallow" there are evidently many others in the Liberal ranks who are just as distasteful to his taste and that of the other Conservatives.

Although in other constituencies the leaders of both parties have met and talked Union matters over and agreed to call a convention of both parties, here in Restigouche no such course has been followed and if any convention is called the liberals in the different parishes are hereby advised that the Liberal executive in Campbellton have not been consulted in any way.

The Conservatives have held a number of private meetings to endeavor to put something over which will give their candidate at least a chance to save his deposit, but to date nothing definite has been framed up so they are talking of holding a convention on Friday.

A committee interviewed Hon. Mr. Carvell on Tuesday in reference to providing "the sinews of war" but they got no encouragement in this line, so despondency reigns in the ranks.

VICTORY LOAN CAMPAIGN ON

Canvassers Now Hard at Work and Reports Show Fair Response.

The Victory Loan canvassers are now hard at work in most of the districts allotted to them and their daily reports show that they are meeting with a fair measure of success, but not with that spontaneous response that the nature of the Loan warrants. However this is the first week and we hope that Restigouche will uphold its reputation in regards to patriotic work of all kinds.

The subscriptions report at the Victory Loan headquarters up to noon to-day are as follows:

Campbellton	\$25,150.00
Dalhousie	14,000.00
Durham	21,400.00
Colborne	7,000.00
Addington	3,400.00

The other parishes have made no reports.

POLITICAL POT BEGINNING TO BOIL

All Shades of Politics Represented in Candidates Now Emerging.

The political pot is beginning to boil, and the fusion of the two parties is making many peculiar fights throughout this province and the Dominion as a whole. Not until after nomination day which is Monday next will the decks be cleared for action.

In some of the counties candidates are already announced and in others they will be chosen this week.

In Restigouche-Madawaska—P. Michaud, M. P., Liberal is in the field. No Conservative or Union candidate is yet named although it is stated that if no one else offers Mr. W. S. Montgomery will run as a Conservative.

In Gloucester O. Turgeon, M. P. is again in the field.

Northumberland is in line with a Union Liberal, W. S. Loggie, M. P. and Hon. John Morrissey, Liberal in the field.

Kent County has named Mr. F. N. Robidoux as the Unionist candidate. He is a Conservative.

Westmoreland has a hot fight on hand, A. B. Copp, M. P. is out as a straight Liberal. No Union or Conservative has been named to oppose him.

WHY IS HE.

Alex. M. Cunningham, of Bathurst, has announced himself a candidate for a seat in Gloucester as a union government supporter and advocate of conscription.

ST. JOHN.

Commissioner H. R. McLennan announces that he is in the field for federal honors, as an Independent Liberal, without any colleague, and irrespective of party nominations. His platform will be announced on nomination day.

MANY CASUALTIES FROM BATTLE FRONT

Campbellton and Restigouche Boys in Thick of Fight.

Suffer.

The recent heavy fighting in which the Canadians took part in taking it all of casualties and many are reported during the past week.

Sgt. GEORGE McRAE.

Word was received here Tuesday from Ottawa that Sgt. George McRae who enlisted with the 122nd had been wounded on the 5th. It is said that George has received seventeen shrapnel wounds. His many friends here hope none of them are very serious and that he may have a speedy recovery.

A NEW PRIVILEGE

Finance Minister Announces that All Victory Bonds May be Registered.

The following announcement has been made from Ottawa:—The Finance Minister of Canada has issued a new instruction in connection with the Victory Bonds, which will be of much benefit and importance to many small investors. He has decided to grant the privilege of the registration of all bonds, that is to say, that bonds of all denominations, including the \$50 bond, may be registered as to principal and interest.

In previous years the privilege of registration was necessarily confined to bonds of the larger denomination, such as \$1,000 bonds or more. Bonds of lower denominations were issued as bearer bonds, with coupons attached, and while carrying equal benefits as to principal and interest were liable to being lost by the owners. Under the privilege now given by the Finance Minister, the buyer of any bond (whatever the denomination), may have it registered, in which case the interest will be paid by cheque, and the bond, if lost, may be replaced after proper evidence has been shown.

It is believed that this privilege will be greatly appreciated by many thousands of small investors, who will thus be assured of the absolute safety of their investment even against fire or carelessness or any other accidental cause of loss. This improvement in the issue will involve extra work upon the Department of Finance, but Sir Thomas W. H. considers that its benefits will more than offset the labor involved.

DIED AT CHICAGO.
Mr. and Mrs. H. B. Anslow received word this morning of the death at Chicago Wednesday night of their sister Miss Mary Anslow.

Miss Anslow, who has been in the Canadian West for the past few years was taken ill about a month ago and went immediately to the home of a sister in Chicago where she passed away as above stated. Many friends here will remember her as she was an invalid while living here before the fire, but later recovered.

FOOD REGULATIONS MUST BE OBEYED.

Notice Served by Food Controller.

Ottawa Nov. 14.—The order-in-council regulating the serving of beef and bacon in public eating places, requiring that substitutes for white bread be provided at all meals, must be obeyed. Hon. W. J. Hanna, food controller, left no doubt about his intention to see that the law in this respect is enforced when he called before him yesterday six Ottawa restaurant keepers, against whom police court proceedings had been instituted for failure to comply with the regulations.

"This must be stopped," he said. "If it does not stop under this order, then there will be no other course open to us but to put every restaurant under license and, if it becomes necessary for us to do so, we shall see that every restaurant keeper who does not obey the law shall not get a license, nor shall a license be granted for the premises which he occupied. This is not intended as a threat, but the order must be met in the spirit in which it was issued."

LOST HIS REFRESHMENTS
A lumber time keeper who was visiting his home at El River, and who claims to have procured his stock of liquor at Matapedia lost it here Sunday. By the way Matapedia seems to be doing a rushing business this weather. He drove into town Sunday afternoon to take the Monday morning train. In getting out of the wagon the inspector who was near noticed a suspicious bulge on his hip and upon investigation found a quart bottle partly full. The was seized and the accused was fined \$75.00 and costs for having liquor illegally in his possession.

IS THIS THE CAUSE?
The United States military draft shows that the number of those physically defective is from 7 to 20 per cent higher in rural districts than in cities. The officials blame this on the lack of medical inspection in country schools.

WANT STEAMER FOR GASPE COAST

Farm Produce and Fish Piling Up With No Way of Getting It to Market.

At a meeting of the Council of Montreal Board of Trade held recently the matter of transportation to points along the Gaspe coast was discussed.

The president said he had been approached regarding the need for the immediate provision of a steamer to bring to Montreal from ports on the Gaspe Coast surplus stocks of potatoes and fish which had accumulated owing to the regular steamers being taken off the route. The places at which the produce is stored are far from the railway, none being nearer than sixty miles and its conveyance by vehicle is not possible owing to the bad condition of the roads, so that unless transportation by sea be provided it must spoil and thus the several owners thereof will not secure the return its sale would bring, upon which they largely depend for support through the winter months. The Council unanimously agreed to support the request of the Gaspe people for the provision of a steamer, an added reason for this action being that, in view of the present demand for all food supplies, it is grievous that the stocks of transportation facilities the stocks of potatoes and fish should not be available where they are so much needed.

Since the Branch of the Women's Institute has been organized in Sept. 1914, the efforts of the members have been devoted exclusively to patriotic work. The taking up of this work by the "Institute" secured the hearty support of the people of Dalhousie and vicinity and the members wish to extend their sincere thanks for all assistance given, and contributions received. The members of the Knitting Committee wish to extend hearty thanks to the many ladies who have assisted them in their work. Over 5,000 pairs of socks having been received and shipped. Special thanks are due to the ladies of the "Soldiers' Comfort Association of Summerside, Restigouche County."

NO GRAIN OF ANY KIND USED FOR MAKING LIQUOR

This is New Order of Food Controller Affecting Barley, Corn and Rye As Well as Wheat.

No grain of any kind and no substance that can be used for food shall be used in Canada after Nov. 30th for the distillation of commercial liquors. An order-in-council to this effect has been passed, upon the recommendation of the food controller. It will remain in force "until the governor-general-in-council has, by order, declared that the present abnormal conditions have ceased." The penalty for violation of the regulation is a fine of up to \$5,000, or imprisonment for a term not exceeding six months, or both fine and imprisonment.

Under an order-in-council of Aug. 9 the use of wheat for distillation or manufacture of alcohol was prohibited except the use of wheat in the distillation of alcohol for manufacturing or munitions purposes. The new order will save for food purposes considerable quantities of barley, corn and rye, although for months the distilleries have been using these grains principally in the manufacture of industrial alcohol and not for beverages.

Safety First For Tommy.

"Oh, hubby, such an instructive lecture. The gentleman told us that what you eat, you become."

"Huh?"

"What you ate, you become."

"Take that all-day sucker away from Tommy."

The following report from Mrs. Jas. Miller was received stating the number of pairs of socks sent to us since March, 1917:

March, 50 pairs of socks.
April, 60 pairs of socks.
May, 21 pairs of socks.
June, 45 pairs of socks.
July, August and October 97 pairs of socks.

Let us hope that this good work may continue and that the Committee may meet with the same generous response in future, as they have in the past. The war is not nearly over and we earnestly ask the hearty co-operation of all to help supply the needs and comforts of those who are "over there" or on their way to fight our battles and win for us peace and liberty.

During the first week of October, the members met at St. Mary's Hall for the purpose of packing Christmas boxes for the Overseas Soldiers. Seventy parcels containing gifts were boxed. A parcel was sent to every Dalhousie boy who had enlisted for active service whether at the front or still in training, as well as to those from Ed River, Summerside and Dalhousie.

Among other shipments was a box containing fifty (50) Xmas stockings to be distributed to the wounded of the Hospital.

DON'T NEGLECT THAT COLD!

You never know what a bad cold may develop into. Many a serious illness has resulted from "only a cold." Take Peps at the start and you will have nothing to fear. When a Peps is dissolved in the mouth Pine vapor is liberated and breathed down the bronchial tubes into the lungs, soothing and healing all the sore and inflamed membranes.

Mr. J. Wall of South Nelson, N.B., writes: "I had a very obstinate cold and sent for a free trial package of Peps, which helped me so much that I immediately secured a box from the druggist. These I took regularly, with the result that my cold soon disappeared."

Peps cannot be equalled for such ailments as bronchitis, asthma, sore throat, laryngitis, catarrh, colds, coughs and all other affections of the throat, bronchial tubes and lungs. All dealers, 50c. box.

PEPS MILITARY CROSS FOR LIEUT. VENIOT

Son of Minister of Public Works Commended by General O. C. for Good Work.

Fredericton, N. B. Nov. 7.--Word has been received by relatives in New Brunswick of Lieut. Walter Veniot, son of the minister of public works, who has been in the trenches since March last, that he has been recommended for the military cross. Lieutenant Veniot went overseas with the 132nd Battalion. Recently he received a letter from the general officer commanding the Canadian forces warmly commending him for excellent work done in some operation carried out under his direction.

He was always boasting about his ancestors, and one day employed a genealogist to hunt them up. In due time the genealogist of pedigree returned, and was cordially received by his patron.

"So you have succeeded in tracing back my ancestors? What is your fee?"

"Forty pounds."

"Isn't that high?" objected the patron. "What's it for?"

"Principally," responded the genealogist, "for keeping quiet about them."

GREAT NEED FOR INCREASED PRODUCTION

Call on Farmers of New Brunswick to Speed Up in Production.

The following telegram is self-explanatory:

OTTAWA, Ont., Nov. 8th.

E. A. Schofield, St. John, N. B.

Necessity for greatest production of wheat very urgent, situation becoming more serious. Every farmer in the province should arrange to produce some wheat next year. Seed can be produced if early arrangements are made. Days count if frost has not reached province. Market for hay not promising. Advise some hay land for wheat. Acreage must be increased many times. Feeding here tense over gravity of situation.

W. R. REEK.

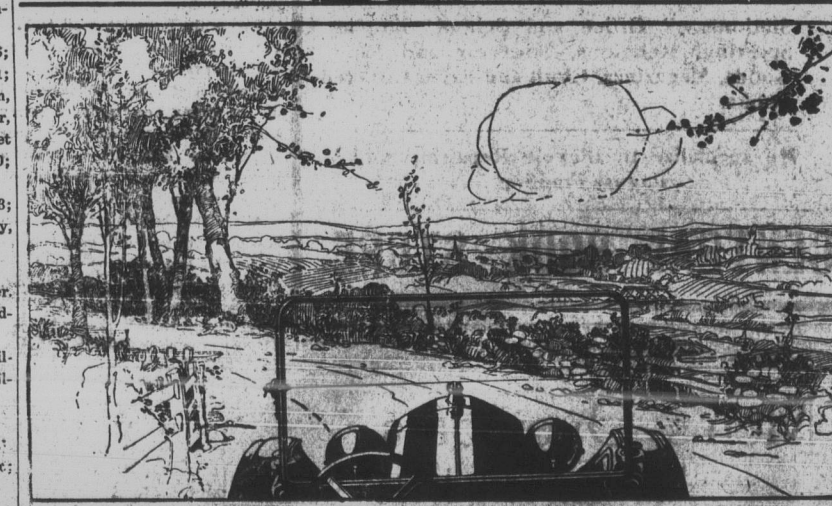

The provincial committee met recently and the following statement of their action is furnished by Mr. E. A. Schofield, the chairman.

The Provincial Committee on Increased Production met recently with the Agricultural Department of the government at Fredericton and it was decided, in order to protect any possible shortage in Seed Grain or fertilizer for the farmers for next season that the department would purchase:

15,000 bushels seed oats.
3,000 bushels seed wheat.
1,000 bushels seed buckwheat.
850 bushels seed barley.
1,500 tons 3-5-6 fertilizer.

All of the above will be available for spring, or sooner, through the Agricultural Societies, and will be sold for cash.

Private Alex. McMillan, an American who was wounded at Courcellette while fighting with the 42nd Canadian Highlanders, paid a warm tribute to those who are sending supplies to the men overseas. Talking with a Boston reporter, Private McMillan said the people who are sending articles of food, candles, writing paper, peanuts butter and other articles to the soldiers do not half realize the great work which they are doing, and how their kindness is appreciated by the soldiers who are at the front. That is the kind of appreciation that encourages. It makes the workers realize how grateful the soldiers are for the tremendous efforts made in their behalf.

Get Behind the Wheel of a Ford and Drive

TRY it just once! Ask your friend to let you "pilot" his car on an open stretch. You'll like it, and will be surprised how easily the Ford is handled and driven.

If you have never felt the thrill of driving your own car, there is something good in store for you. It is vastly different from just riding--being a passenger. And especially so if you drive a Ford.

Young boys, girls, women and even grandfathers--thousands of them--are driving Ford cars and enjoying it. A Ford stays and starts in traffic with exceptional ease and smoothness while on country roads and hills its strength and power show to advantage.

Buy a Ford and you will want to be behind "the wheel" constantly.

HOW WOMEN WILL GET ON VOTER'S LISTS.

Enamellers Appointed by Returning Officers Have Matter in Hand.

Women who have the right to vote in the forthcoming Federal election will be called upon by enumerators before the election date. The enumerators are being appointed by the different divisions, and they will make a house to house canvass. Every woman who has a husband, son, brother or sister on overseas service, either in the combatant or non-combatant forces, will be entitled to a vote, and should the enumerator not call at her house she has the right to go to the returning officer for the division in which she resides, produce her qualification, and be put on the list.

ITALIAN SHOOT

FELLOW-COUNTRYMEN.

Louis Soloni Seriously Wounded Another Italian in Mysterious Affray at Pulp Mill.

Considerable mystery surrounds the wounding this afternoon at the pulp mill, of N. Juliano, an Italian by Louis Soloni another Italian laborer. Both men have been in Bathurst for some time, the wounded man for a period of nearly three years, and his assailant for a somewhat shorter time and until today were always thought to be on good terms. Nobody knows just what happened this afternoon, to alter their relations but it appears that they engaged in an altercation about three o'clock this afternoon while working near the pulp mill, and the shooting happened before the quarrel had lasted very long. Soloni fired two shots from a 38 revolver, one of which struck Juliano in the right side and lodged near his liver, and immediately took to his heels, throwing his weapon in the Nepisquit river as he crossed the bridge eastward. The wounded man was assisted to the Bathurst Lbr. Co's office where Dr. R. G. Duncan attended him, and ordered him taken to the hospital where he was lying this evening in a serious, although not necessarily hopeless condition. Soloni was apprehended on the Miramichi road not long after the affair, by Chief Bertin and Constable Boies and lodged in the town cells. He claims that Juliano made at him with an axe and that he used the revolver in self-defence. Juliano, on the other hand states that Soloni shot him without provocation.

The prisoner's preliminary examination will likely take place early next week, when the condition of the wounded man can be determined more accurately.—Light Bathurst.

MORE THAN 56,000 BUILDINGS IN FRANCE DEMOLISHED IN WAR.

Paris, Nov. 10.—More than 56,000 buildings had been demolished in France and more than 100,000 more or less damaged by bombardments and incendiary fires during the war, according to statistics completed up to the end of May. Sixty-three buildings had been destroyed. The total number of communes that had suffered from the invasion was 1,223.

Didn't Care About His "Religion."

The night watchman of a large hotel saw an apparition in white moving along the hall at 2 a.m. He hastened to what proved to be a man. "Here, what are you doing here?" asked the watchman. The man opened his eyes and seemed to come out of a trance. "I beg your pardon," he said, "I am a somnambulist."

"Well," said the watchman, "you can't walk around these halls in the middle of the night in your nightgown, no matter what your religion is."

THROATS CUT BY GERMAN FIENDS.

Fate of Ten Ontario Soldiers who Had Been Captured by Enemy on the Lens Front.

Hamilton, Ont., Nov. 10.—Word has been received here that the bodies of Captain Alex. Solomon and nine men who enlisted with the 129th county of Wentworth Battalion, had been found on the Lens front by their throats cut. They were captured by the Germans and when the Canadians made a drive they found the bodies.

YOU AND PTE. SMITH.

Private Smith was a modest man. He believed always that almost any other man in his part of the city was more important than he was. He felt that way and he looked that way.

Yet when the brunt of a German charge came against his section of trench, and he alone was left to operate the machine gun that saved the charge—he did his duty and saved the day.

You too may be modest. You may have no more than \$5 to spare for buying a Victory bond.

But by doing your duty with that same five dollars (more if you have it) when Canada's Victory Loan campaign opens on Monday morning at 9 o'clock, you will be true to your traditions and true to your opportunities—like Private Smith.

There is only this difference: Smith died. He invested his life for good.

You invest your money, for a few years only, and at a high rate of interest.

Don't fail.

PALES

Nothing known to science is better for this painful ailment than Zam-Buk. It reduces inflammation, stops bleeding, ends the agony. Easily applied and cleanly. Why go on suffering? Why not try it? Read the following cures.

Mrs. C. Hanson, Poplar, B.C., says: "I suffered for years with bleeding piles. The pain was often so bad I could hardly walk. I tried remedy after remedy, and finally underwent an operation, but only got temporary relief. At last I tried Zam-Buk. Perseverance with this remedy completely cured me, and there has been no return of the trouble."

Mr. W. J. Donovan, of New Edinburgh, Ont., writes: "For two years I suffered with bleeding piles. The pain was most intense. I tried one after another of the so-called remedies, but without effect. At last I decided to try Zam-Buk. This gave quick relief from the dull, gnawing pain, and perseverance with Zam-Buk cured me. The cure has been permanent."

ZAM-BUK ALSO CURES ECZEMA, BLOOD POISON, ULCERS, COLD SORES, CHAPPED HANDS, SCALP SORES, CUTS, BURNS, BRUISES, SCALDS AND ALL SKIN INJURIES AND DISEASES. All druggists and stores, or Zam-Buk Co., Toronto, post free for price. Refuse harmful substitutes and preparations advanced as "just as good."

SAYS LEMON JUICE WILL REMOVE FRECKLES

Girls! Make this cheap beauty lotion to clear and whiten your skin.

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

NO MORE TEAS?

Radical Suggestion is Made to Women Organizations.

The milk question was aired again at yesterday's meeting of the Women's Food Economy Committee at the Drummond Building. Mme. Fortier, president of the Housewives' League was asked to permit the milk committee of the League to report what information it could secure to the Women's Food Economy Committee.

Mrs. Latham, in discussing the sugar situation, pointed out that the production of Canadian candy factories was larger than ever before, though a large part of the candy probably found its way to the soldiers overseas.

Mrs. Huntley Drummond, Mme. Fortier and Mrs. Clarence I. de Sola spoke of the advantage of curtailing refreshments offered at bazaars, etc. and letters on the question will be sent to Women's Societies. Dr. Ritchie England moved that the women's organizations be asked to eliminate the teas usually served at their gatherings.—Star.

FREE WAR MAPS.

A good war map helps one to follow and understand the war news. The Family Herald and Weekly Star of Montreal offers a fine war map in four colors about 21-3 feet x 31-4 feet in a neat cover free of charge to all who subscribe to that great paper at \$12.5 a year. The map alone would cost as much as the whole charge in most stores. The Family Herald is greatly improved this year and is wonderful value. It is a credit to Canadian Journalism. It should be in every Canadian home at the price offered \$12.5 a year, with the great war map free.

A PATRIOTIC AND PROFITABLE PURCHASE.

Everybody with \$50, \$100, or \$1000 to invest should buy Victory bonds. The Government has the money for war purposes, and every dollar of it will be expended in Canada. It is a patriotic duty to make the investment. And it pays well to do so. The security is not questioned. British dominions never repudiate their obligations. And the interest in, for Government bonds high—5 per cent. The bonds may be converted at any time into cash. The holder doesn't have to wait five, ten or twenty years for their money if they want to use it.

In making an investment one looks not only to security and the rate of interest but to the prospective selling price of the security he buys, and it is absolutely certain that, soon after the close of the war these bonds will sell at a premium of five per cent or better. Why? Because in the demand of money by Government will lower the interest rate, and Government bonds will eventually sell higher on the market. All the financial experience of the past absolutely demonstrates that a 5 per cent twenty year Government bond will sell at from 105 to 110 in a time of peace.

The purchaser is required to pay \$10 on December 1st, and may pay the other \$90, less allowance for interest, Jan. 1st, or may pay it in monthly instalments. The purchaser may have bonds payable to bearer, bonds that he may pay out on a purchase just as if they were banknotes, or he may have them registered at Ottawa so that he cannot lose them by fire, theft or otherwise.

A square in Chatham a few days ago of some fifty moose and deer hides, without government tags, is a convincing proof of illegal slaughter of game on a large scale. Also it is convincing proof that a better method of dealing with the big game problem is desirable. This North Shore seizes calls for a searching investigation, and for the punishment of all concerned in the illegal killing.—St. John Globe

The action of the city council in deciding to seek legislation to exempt Victory Loan bonds from taxation will be generally approved by the citizens, and similar action might well be taken by other cities. It is a patriotic move which will help to popularize the Victory Loan, and every encouragement should be given to the people to invest in these bonds. Canada must do her part in financing the war, and the opportunity is now given. The great nationwide campaign begins next week. St. John Times.

COBDEN'S PATCHWORK QUILT.

(By Augustus Bridle.)

Cobden—somewhere in Canada—is going to have a patchwork quilt the like of which never was known. There have been various sorts of patchwork quilts in this country. Cobden—wherever it is—will have such a quilt as any Frenchman, Lieutenant-Governor or would be proud to sleep under, and if ever he does he will want to take a trip off the corner for a good-luck souvenir.

It's all because Cobden is enough like a thousand other such farming communities to want to do something distinctive on his own hook. Maybe the original idea of this coverlet came from some bright woman who has a home fire to keep burning for a boy at the front. Very likely. Well, wherever she is, she deserves the thanks, not only of Cobden, but of all who read this.

A Single Record.
Cobden's patchwork quilt is going to be an honor roll. Not merely of people who had such ten cents or something else in it, but of people who for the sake of seeing their names on the quilt gave their autographs for the quilt.

The Popular Favour of "SALADA" Teas has been gained on account of their uniform goodness, and entire freedom from dust.

"SALADA"

Black, Green or Mixed. Served Packets only. Shutting out Contamination.

Cobden's patchwork quilt will be a thing of great and lasting sentiment. It will be the mute story of a hundred high-minded intentions; the simple record in a hundred styles of handwriting, of men and women who knew a good thing when they saw it, and when the chance came to do something worth getting on permanent record—did it.

Cobden's patchwork quilt will be a perfect democracy. It will be a plebiscite; a sort of referendum. Some day a visiting orator will get hold of it and deliver an oration on that quilt. It will go down to history with the old flag that Stonewall Jackson saw flapping out of the window, or Joseph's coat of many colors or the suit of armor hanging in the Abbey.

Cobden's patchwork quilt will be shown with pride to all the boys and girls of that community for a hundred years. If ever Cobden gets a museum that quilt will be the first thing to go into it, because it will express with marvelous eloquence the story of a united effort of Cobden in a common and glorious cause.

Cobden's patchwork quilt will be sold at auction. Somebody will bid a fancy sum for it. He will be proud as Lucifer and as pleased as Punch when he gets it. And if somebody stumps him he will do like Mark Twain and the red bathrobe in the streets of Coventry, wear it in broad daylight.

Why? Because Cobden's patchwork quilt is to contain the autographs of one hundred people each of whom in the neighborhood of Cobden signed up for a Canada's Victory Bond.

Now you have the whole story of Cobden's Patchwork Quilt.

BETTER THAN DUNN'S.

A contemporary says that newspaper subscriptions are infallible tests of a man's honesty. They will sooner or later discover the cheat. If he is dishonest he will cheat the printer some way; or sent the money and it was lost in the mail, or he will take the paper and not pay for it on the ground that he did not subscribe for it, or move away, leaving it come to the office he left. Thousands of professional Christians are dishonest in this particular at least, and the printer's book will tell fearful tales in the final judgement. If you need a man's financial and moral rating, ask your local newspapers.

PROFESSIONAL.

Dr. A. Pierce Crockett, eye, ear, nose and throat specialist of St. John, will be at the St. Louis Hotel Campbellton, FRIDAY, NOV. 16th, where he may be consulted professionally. Nov. 16th 2-pd.

SCHOOL BOYS AND BIRDS.

The little 22 rifle in the hands of the boy is a serious menace to bird life. Give a young lad one of these miniature rifles, and he is at once ambitious to test it out on killing something. If school boys were taught their dependence upon the work the birds do to protect man's food supply from destructive insects, they would place a much greater value upon their feathered friends.

MAIL ORDER DEAL.

Down in Oldsdoma the other day a man went into a store to buy a saw. He saw the kind he wanted and asked the price. It was \$2.85, the dealer said. "Good gracious!" said the man. "I can get the same thing from Sears, Roebuck & Co. for \$1.85."

"That's less; ain't it cost me?" said the dealer, "but I'll sell it on the same terms as the mail order house just the same."

"All right," said the customer. "You can send it along and charge it to my account."

"Not in your life!" the dealer replied. "No charge accounts. You can't do business with the mail order house that way. Fork over the cash."

The customer complied.

"Now 2 cents for postage, and 5 cents for a money order."

"What?"

"Certainly you have to send a letter."

and a money order to a mail order house, you know."

The customer, inwardly raving, kept to his agreement and paid the nickel.

"Now 25 cents expressage."

"Well, I'll be —!" he said, but paid it, saying: "Now hand me that saw and I'll take it home myself, or be rid of this foolery."

"Hand it to you! Where do you think you are? You're in Oldsdoma and I'm in Chicago, and you'll have to wait two weeks for that saw."

Whereupon the dealer hung the saw on a peg and put the money in his cash drawer.

"That makes \$1.67," he said. "It has cost you 2 cents more and taken you two weeks longer to get it than if you had paid my price in the first place."—Squid Dealer.

And this applies to many mail order transactions.

VEGETABLES SHOULD BE PROPERLY STORED.

This year, in response to appeals for increased food supplies, Canadians have produced a record crop of vegetables.

That the greater use may be made of these products it is essential that care be exercised in their storage and preservation. A cool, dry cellar is the best place to store vegetables. Carrots, parsnips, beets, etc., if covered with sand, will not dry and shrivel up. Cabbage are best taken up and hung by the roots individually. Green tomatoes, when too late to ripen outside, should be wrapped individually in paper and kept in a dark place to ripen, and, while not taking on the sun, they are otherwise as satisfactory. Tomatoes thus ripened may be used till Christmas.

Potato supplies, for those who have not grown their own, should be secured this autumn. The farmers have grown large quantities, and in many cases losses will be heavy if they find it necessary to store them. In addition, during several of our winter months, it is not safe to market potatoes, which leaves the consumer dependent upon the middleman for supplies, usually at an advanced price. By early distribution, the storage problem can be largely solved and much of the waste due to freezing avoided.

If the same patriotic effort is given to the preservation of the 1917 crop as was exhibited in its production, very little waste will occur.

Excellent Practice.

"Little Stanley's writing shows a remarkable improvement," said Mr. Wilber smiling in pleasure as he surveyed his son's lesson book. "His writing was quite his weakest point. I suppose it is the reward I promised him which is making him practice."

"No," said Mrs. Wilber laconically.

"But I'm sure he's been practicing and pretty hard, too."

"Yes; but it wasn't because your rewards. He practices for two hours every day now; but it was I who thought out the scheme for making him do so."

"Indeed! What was the scheme?"

"I told him to make out a list of everything he wanted for Christmas."

It Works! Try It

Tells how to loosen a corn, tender corn so it lifts out without pain.

Good news spreads rapidly and drug stores have been busy dispensing Freeman's, the great discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the finger. Ask at any pharmacy for a quarter ounce of Freeman's, which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, itching corn and instantly the corn is relieved, and soon the corn is so loosened that it lifts out without pain. It is a sticky substance which dries when applied and never injures or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lock-up and infection in hospital wards from the corns which cause so much suffering.

There's a boy that's marching to the front. See its colors streaming wide. It waits for your protection. As it floats o'er land and tide, it floats for world democracy. And it floats to see it through. A million men have died for it. Is it anything to you?

It was the first week that the Jinkses, who had fallen heir to considerable property, had been in their new home, Mrs. Jinks was given a dinner party with the fond hope that from this occasion she would be fairly launched in society. "Lena," said Mr. Jinks to her new cook, "be sure to smash the peas thoroughly tonight."

"What, Ma'am?" exclaimed the amazed cook, "smash the peas?"

"Yes, that is what I said, Lena, smash the peas," repeated the mistress. "It makes Mr. Jinks very nervous at dinner to have them roll off his knife."

ANOTHER ASSIGNMENT

One Archibald of the name has made an assignment to the Sheriff's Office. He has only been in business a short time.

PROFESSIONAL

Dr. L. G. Proulx will begin his office on Wednesday, November 21st, after being in New York for several weeks attending the Post Graduate Medical School.

FLIGHT LIAISON KILLING

A battle occurred in Montreal announced the death of Flight Lieutenant Ross Kerr of the Royal Navy Flying Corps. The young officer is the eldest son of Mr. D. Ross Kerr of the Bank of Montreal and is well known by many in Campbellton.

ROSEBANK MILLS BURNED

A fire broke out early Tuesday evening in the International Shipbuilding Co. plant at Nordin, and in two minutes had been engaged in striking flames in them, to adapt them to the work of preparing timbers for shipbuilding purposes. The fire made a big blaze—World.

BOY SUPPER AND SALE

The ladies of the Methodist church are preparing for a hot supper and sale of work in the Methodist Church Hall, Thursday, November 22nd, from 4.30 to 5 p.m. Supper tickets 10 cents. This will be a good opportunity to buy your Christmas fancy work.

BUILDING FUND NOW \$2,000

Edna Squarbrick has so far succeeded in having pledged some \$2,000 for the new Salvation Army Citadel building fund. The work upon the building will not be started until early next spring. By this time it is confidently expected sufficient funds will be pledged to enable the Salvation Army to complete the building as was at first arranged, that is to have the officers' quarters over the Citadel.

FOOD CONSERVATION

The Committee appointed to undertake the work of organizing Campbellton in the food conservation work met Monday evening and made plans for this undertaking. Lady canvassers are being appointed to visit every home and explain the object of the undertaking and ask the ladies of the households to sign cards promising to conserve certain articles of food.

CALLED TO NOVA SCOTIA

Recently a call was issued by the congregation of St. Andrew's church, Paganash, N. S. in favor of Rev. J. R. Miller, Matapedia. The call is signed by about 200 communicants and accompanied by a guarantee of stipend of \$1200, the use of a manse and globe and four weeks vacation yearly. It will be dealt with by the Presbytery of Miramichi at a special meeting to be held at Campbellton on the 20th inst., and will in all probability be accepted by Mr. Miller.

A GREAT PICTURE

"WOMANHOOD, THE GLORY OF THE NATION," should create twice the stir that was created by "THE BATTLE CRY OF PEACE." This picture is bigger, better and the story with its patriotic taken away would still be soul-lifting.

The cast of other big spectacles of this sort do not compare with the cast of "WOMANHOOD, THE GLORY OF THE NATION." These names—Alice Joyce, Harry Morey, Naomi Childers, James Morrison, Joseph Kilhour, Peggy Hyland, Bobby Connelly, Walter McGrath, Edward Elkes, Temperance Saxe and thousands of others go to make this the greatest cast ever appearing in any play.

The aim of "Womanhood" is the exaltation of patriotism, the necessity of self-sacrifice, especially among the women of America in this troubled and anxious time. Will be at the Campbellton Opera House, Thursday and Friday, Nov. 22nd and 23rd.

LOST HIS RUM

A well known Campbellton citizen who wished to have a little "nip" occasionally ordered a jug of rum, but instead of getting it by express here, he had sent it to Sandy Hill Station, P. Q. He crossed the ferry and went to the station, got his jug and was returning home when he thought he would sample the contents. This he did, with agreeable results. He made several calls enroute home. When at last he went to the jug he found that it contained pure and unadulterated water.

CHATHAM CURLING CLUB

The annual meeting of the Chatham Curling Club was held in the Club rooms Monday night, when the following officers were elected: R. A. Snowball, President, M. F. Haley, Vice President, G. H. Harrison, Secretary, L. W. Strange, Treasurer.

ALL CAN HELP

Under the terms by which Victory Bonds can be bought there is no reason whatever why practically every man and woman in the country cannot have at least one. The first payment required is 10 per cent and the balance is spread over a period of nearly six months. It is a very poor person indeed who cannot lay aside enough in six months to pay for one bond, and the fine part of the whole scheme is that this money will be invested in a proposition that can have no peer.

SUPPER

A supper will be given in the Presbyterian Church Hall on Saturday evening, 17th inst., under the auspices of the organized boys' classes of the C. S. B. T. A strong committee of lady friends of the boys are making all necessary arrangements and a first class supper will be served. The boys are taking this means of raising funds to pay the expenses of delegates to the Boy's Conference at Fredericton and also in connection with the winter programme, and it is hoped that it will be well patronized. Tickets 25 cents.

EXEMPTION TRIBUNALS

The exemption tribunal has been hard at work for a week. So far between seventy five and eight names have been dealt with. The work of the board is held back from the lack of medical history sheets, and this should be remedied at once. A large percentage of exemptions are in category B, C, D and E. In category A, the exemptions are not numerous, and where there is not actual loss to the country the claims are being disallowed. In certain cases exemptions are being allowed for a certain specified time only so that men can complete useful work upon which they are now employed.

BORN

At Campbellton on November 9th to Mr. and Mrs. Harry Lyons, a daughter.

RED CROSS FUND

The young ladies of the Tupperary Club have not yet completed their canvass for funds for the British Red Cross, but we understand a considerable amount has already been pledged.

SUCCESSFUL DANCE

The Firemen's Whist Party and Dance held on Wednesday evening in the Murray Hall was a success in every particular. A good crowd was in attendance and a great deal was enjoyed in the Co. 10 orchestra, supplying splendid music. A good sum was realized which will be spent by the Firemen in sending boxes to the members of the Brigade who have enlisted for overseas service.

FOOD CONTROL IN CAMPBELLTON AND THE COUNTY

At a public meeting held in Campbellton October 30th addressed by Prof. W. G. Kierstead, Provincial Organizer of Food Control, a local committee was appointed to help here in this very important branch of War Work.

This committee held their first meeting Monday evening Nov. 12th in the Council Rooms where plans were organized for work in the town along the line of food service. This committee were asked by the Prov. Organizer to be responsible for the organization of the county as well and it is hoped the people will kindly co-operate with them in their efforts.

The different clergymen throughout the county will be asked to assist in this work in every way they can and also the different patriotic societies wherever they exist.

To win the war we must provide food for the people of Great Britain and the Allies. We must keep our armies fed—Save bread, save beef, save bacon.

RECRUIT WANTED

The No. 2 N. B. Forestry Coy. C. E. F. with Headquarters at Sussex, N. B. under command of Lieut. G. H. Curry, is still open for recruits. Category B 2, or all men who do not come under Class One, that is all men under twenty or over thirty-four years of age. The Company at present is stationed in the Provincial Dairy School building which is to be their winter quarters.

This building is furnished with steam heat and electric lights and is one of the best in Sussex. A splendid chance is here offered for the above classes especially men adapted to the forests.

VETERAN INJURED

P. J. Veniot, a returned soldier, who has been employed on the Valley railway at Gagetown, since July met with a severe accident a few days ago. He had the misfortune to fall from a pile of sleepers and sustained painful injuries to the abdomen. His parents, Hon. and Mrs. P. J. Veniot, of Bathurst, have been called to his bedside. His friends will be glad to learn that his condition is now greatly improved, and he is considered past the danger point.—Transcript, Nov. 8th.

NEW BRUNSWICK NUMBER OF BUSY EAST

The New Brunswick number of the Busy East which is just out, is a credit to the Province which it describes and is worthy of careful reading. Some forty illustrations add interest to the text which is of usual excellence. The cover is perhaps the most attractive that the Busy East has ever used. The leading industries such as farming, lumbering, fishing and manufacturing are shown while the transportation system is well represented by the pictures of the Prince Edward Island ferry steamer and the Ocean Limited. A four color reproduction of Horn Husel's beautiful painting "Low Tide in New Brunswick" is given as a frontpiece and gives an air of distinction and dignity to the number which will help to arouse every New Brunswicker to a high appreciation of his province. The Busy East is on sale at leading bookstores.

MANN-ARBEAU

A quiet yet very interesting event, took place at the home of Mr. and Mrs. Allan Arbeau of Blackville, on the evening of Oct. 24th, when their younger daughter, Beanie, was united in marriage to Mr. Murdoch Mann of Wyer's Brook, Restigouche county. The nuptial knot was tied by Rev. A. E. Kochaly of Upper Blackville, the bride's pastor.

The bride was attired in white crepe de chene with silver trimmings. After dinner was served the happy couple motored to Newcastle where they boarded the Montreal-bound train. The bride travelled in a navy blue suit and a black hat.

Mr. and Mrs. Mann's future home will be at Wyer's Brook. Among the guests present were Mrs. Alex. Astles, Newcastle; Miss Lola Tracey, Fredericton Junction and Mrs. Peter Mc Laggan and Miss Jennie Walls both of Blackville.

If This Flag Is Good Enough to Live Under, It Is Good Enough to Fight For—

If you saw "Womanhood, the Glory of the Nation," you would appreciate the perilous situation this country is in. You would see how and why our shores could be invaded, with Belgium's fate as a result. Never was there a picture more timely, more stirring, in its appeal, more powerful in its message.

Some time ago Mr. Arthur Frenette of Bathurst and Mr. Edgar Frenette of Belledune motored to Black Cape. They left Bathurst in the afternoon and reached here the same day.

Mr. Preston Taylor manager for McLean & Edwards at Bonaventure motored through here on Tuesday enroute to New Richmond.

Some time ago a petition, largely signed by the citizens of Black Cape was sent to Mr. Gordon manager of the Quebec Oriental Railway asking for a siding to be placed at our station. Mr. Gordon replied that no siding would be placed here, much to the disappointment of our citizens. Potato shipments have been very brisk this fall and cars have to be loaded on the main line, all night work which is very inconvenient for our farmers and business men.

We had a light fall of snow on Saturday afternoon the first of the season.

JACQUET RIVER.

The saw mill of the Lonsbury Lumber Company has finished its summer run. Having completed a very successful season.

Congratulations are in order to Mr. and Mrs. Arthur Culligan on the arrival of a baby boy at their home recently.

Also to Mr. and Mrs. Austin Devaux of Black Point, where the stark deposited a baby girl last week.

Mrs. Arthur Francis who has been spending some time at her old home in Bathurst accompanied by her new baby boy. Congratulations also.

Mr. and Mrs. W. J. Davis are enjoying a three weeks' vacation in St. John and Sussex. Mr. Davis is filling Mr. Davis' position as manager of the Bank of Nova Scotia here, Mrs. Davis is accompanying Mr. Davis.

Mr. and Mrs. John Culligan motored to Dalhousie last week, and were guests at the Hotel Dieu.

Mrs. Culligan of Black Point was the guest of Mrs. M. Murphy over Sunday.

Mr. Allen Arsenault of Richmond spent the week end the guest of Mr. and Mrs. D. Shannon.

The monthly meeting of the Women's Institute was held on Friday evening at the home of Mrs. D. McAllister, a good attendance being noted. The meeting was opened by the singing of "We'll Never Let the Old Flag Fall." In the absence of the President, Mrs. Davis, the Vice President, Mrs. John Culligan presided. Roll Call was answered by a discovery after which a most instructive and interesting paper on, Systematic Housekeeping was read by Miss Marie Trives and discussed. Many Christmas recipes were exchanged and the programme of the December meeting read. It was decided to hold the next meeting at the home of Mrs. Davis. The meeting closed with the singing of the National Anthem, after which music was enjoyed and dainty refreshments served.

Mr. and Mrs. A. Barberie and family of Dalhousie motored down on Sunday and were the guests of friends.

Mr. Hinson Ward has returned to his position of night operator here. Mrs. Ward and little child have returned also. Mr. Watson who was filling Mr. Ward's position in his absence has been transferred.

Mr. Jams McRiessey has returned from the west, where he attended the harvesting.

The exemption bureau opened on Monday at the office of Mr. D. McAllister the judges in charge being Messrs. D. McAllister, Thos. A. Landry and James P. Doyle, a large number of cases of young men of the district having reported.

Mr. John Lawlor is in charge of the Victory Loan in this district and it is expected Jacquet River will take her share of the bonds.

NEW RICHMOND.

Montgomery & Son's Limited have closed down their mill after a busy season's work. They have not shipped any lumber by water, and a small quantity being shipped by rail.

This has been a very dull summer in our harbor, no lumber steamers, or sailing ships arriving here.

We are pleased to see that the S. S. Elaine is still plying between Campbellton and Gaspé, and made a call here on Saturday on her way to Paspebiac.

The tug Betty D. of the Bathurst Lumber Company made a few trips here taking over two rafts of logs to Bathurst.

We note that Messrs. Woodson Doddridge and Joshua Henry have opened store in the building formerly occupied by Mr. Nadler.

Dr. Ernest G. Cyr has been called to Quebec where he will spend a few weeks engaged in military work.

"Silence is golden."

"Maybe, but I'd like to see anybody get any money out of you without talking for it."
