Middleton Branch W. I. Hold Annual Meeting

The annual meeting of the Middleton Branch of the N. S. Women's Institute was held on Thursday evening Nov. 28 in the school auditorium. President, Mrs. G. F. Freeman presided.

The work of the past eight months was reviewed in the Secretary's report, showing that a very successful period had been spent. The treasurer reported that the sum of \$272.74 had been raised during that time, and had been largely expended for hospital supplies and furnishings.

The need of protection of the unguarded railway crossing on School and Commercial Streets has been brought to the attention of the Institute. A resolution has been drawn up, and will be sent to the proper authorities to determine what can be done to protect the lives of pedestrians at these crossings.

A nursing class is to be formed the first of the new year, which will we

feel be very beneficial to those anxious to learn more about home nursing. The sum of \$25.00 previously prescribed to the Inter-Provincial Home at Moncton was voted paid.

A very interesting paper on the Public Health prepared by Miss A. Young and Mrs. Spurr was read by Miss Young.

A solo by Miss Marjorie Parker, beautifully rendered was greatly appreciated by all present.

The officers who were instrumental in the success of the past eight months were re-elected and are as follows:

Mrs. G. F. Freeman, President.
Mrs. Turner, 1st Vice President.
Mrs. Crocker, 2nd Vice President.
Mrs. W. G. Parsons, Secretary.
Mrs. J. D. McKenzie, Assistant Secretary.

Mrs. Sponagle, Treasurer.
An entertaining Committee was also appointed to prepare the programmes for the next twelve months. The meeting adjourned.

S. E. McKenzie, Ass't Sec'y.

Doings Of Springfield

Dec 1—Mrs. Wm Conrad is on the sick list this week.

Mrs. Elwood Mallman returned last week from visiting friends in Woods Harbor.

Rev. Mr. Prosser was the speaker in the Baptist Church on Sunday.

Mrs. S. A. Grinn and little Ted of Middleton visited her parents last week.

Mr. J. C. Roop who has been on the sick list is able to get out and call on his neighbors.

Mrs. J. R. Mackenzie is visiting friends in Bridgewater this week.

Mrs. Louise Mason and Mrs. Durling were guests at Mrs. Emma Roop's last week.

S. T. Lobman who has been on the construction work along the South Shore line has returned home.

The ladies of the Sewing Circle intend holding a fancy sale on Dec. 9th in the vestry.

Torbrook Mines Happenings

Dec. 2nd—The concert held in the Church here on Sunday evening was well rendered and did much credit to all who so willingly gave their services. Quite a good crowd gathered in spite of the inclemency of the weather.

The young folk met at the Hall two weeks ago to organize a young peoples' society. Rev. Mr. Distant was present and proceeded to elect Mr. Mark Kelly as president; Miss Jessie Swallow, 1st Vice; Miss Jessie Banks, Sec. and Treas. A very pleasant evening was spent and all looked forward to another meeting.

Our community was shocked and saddened on Tuesday last when the news reached us that Mrs. G. E. Spurr had passed on to the great beyond. Though in failing health for almost one year there was no particular signs of the great change, until only a few hours before the death angel entered the home, and her spirit answered the Call "Come up Higher where your suffering will cease", and she with the great apostle Paul could say "I fought the good fight, I have finished my course, I have kept the faith" and her happy spirit took its flight to be forever with the Lord, and the loved ones gone before.

The funeral was held from her home with her son, W. V. Spurr, where she had been tenderly cared for by both Mr. and Mrs. Spurr and all that loving hands could do had been done to cheer and comfort her during her declining days and months of suffering. Her two sons, Messrs Harry and Heber came from the U. S. to attend the funeral. Her pastor, Rev. Mr. Distant conducted the services. Very comforting words were chosen by Rev. J. Hookin, Supt. of the circuit from Job 3:17. A large circle of friends filled the house as mourners for one who was held in highest esteem a relative, neighbor and friend. The floral offerings were beautiful: the ladies of the W. M. S. Auxiliary and the W. M. S. Aid Society followed the mourners to the grave where they, after the burial service marched by dropping a flower on the casket of their dear sister departed. The body was thus laid to rest beside that of her husband and only daughter, Carrie, who predeceased her some number of years.

Townpeople Bid Them Adieu

A large number of townpeople gathered at the D. A. Hall on Friday last to bid adieu to Dr. H. W. Kirkpatrick wife and children, who left for Halifax, where the doctor is opening an office. Coming here in 1916, a graduate of Dalhousie Medical College, Dr. Kirkpatrick soon built up a splendid practice. Not being satisfied to be unprogressive in his profession, three years ago he took a post graduate course in New England, specializing in eye, ear, nose and throat work. Returning to Middleton he abandoned his general practice. Ambitious by nature, the doctor soon decided that a larger field offered greater opportunity for advancement in his chosen work, and after carefully looking over various towns and cities, he decided to locate in Halifax.

While Dr. Kirkpatrick will be missed here in his profession, it is the business and social life of the town that both he and Mrs. Kirkpatrick will be greatly missed from. Of an excellent executive ability, public spirited, and of strong convictions, the doctor soon made his influence felt here. Besides serving on the town council, he has been an active member in Masonic circles, where he held the highest office of Grand Master. He was also always ready to support any movement for the welfare or progress of the town. Exceedingly interested in athletics, he served as president of the M. A. A. A. and took an active part in the tennis club.

In Mrs. Kirkpatrick, who is one of Middleton's young daughters, the doctor had fine support, she always taking her share of responsibility in every community affair. As a soloist of the United Church she rendered a great service to that church, but she was also ready to assist at any time, in other churches or in other functions in the town.

For the past year she has held the position of Regent in the local chapter of the I. O. O. F. and has always taken a leading place in the social life of the town among the younger people.

While the many friends of the family in this town regret the departure of these useful and excellent citizens, it is to be felt that they will find a larger field for service in the city where they are to reside.

Double Wedding

A double wedding of more than usual interest took place on Saturday night, November 22nd at the First Baptist Parsonage, Waltham, Mass., when Ernest E. Lantz of 5 Taylor Terrace, Dorchester and Miss Georgie Nogier of Milton and at the same time Albert Nogier and Miss Elizabeth M. Hayward both of 966 Hyde Park Ave., Hyde Park, were united in marriage.

The ceremony was performed by Rev. A. A. Rideout, pastor of the First Baptist Church using the double ring service. Each couple acted as best man and bridesmaid for the other. A large number of their friends accompanied them to witness the ceremony.

The brides were attired in traveling suits. Miss Nogier carried a bouquet of white roses and Miss Hayward, pink roses.

After the ceremony the bridal party went to Framingham where a supper and reception was held at the home of Mr. and Mrs. D. W. Newcombe. Mrs. Newcombe is a sister of Mr. Nogier. After a trip Mr. and Mrs. Lantz will reside at 55 Sanford St., Dorchester and Mr. and Mrs. Nogier at 966 Hyde Park Ave., Hyde Park.

Albert Nogier and his sister, Miss Georgie Nogier are son and daughter of Mr. Jas. Nogier, of Middleton.

Wedding Bells

Married at Chelmsford, Mass., on Nov. 8th, 1924, at 9.30 a. m. at the home of Rev. L. L. Greene, Mr. Levi H. Nichols and Mrs. Clara M. Nichols by the Rev. L. L. Greene. They were attended by Mr. and Mrs. Clarence G. Nickles as best man and matron of honor.

The bride wore a gown of blue canton crepe and grey hat, and carried white chrysanthemums. The matron of honor wore a gown of brown velvet with hat to match, and carried yellow chrysanthemums.

A wedding trip by automobile was taken through New Hampshire and Vermont and other places of interest, on which they were accompanied by Mr. and Mrs. C. G. Nickles, Miss Eva Cross of Chelmsford and Mr. Edward Higgins of Lowell, Mass. They will reside in their new home on Manahan St. Congratulations are extending the newly married for a long and happy life.

Song Service At Kingston

On Sunday evening there was held in the Kingston Methodist Church, the regular monthly song service, and despite the rather unfavorable weather the audience was quite large.

The programme of the evening was under the direction of Mr. Arthur Hilton. The choir was assisted by the Kingston Orchestra, a group of musicians who are steadily gaining a place in the community of Kingston by their talent.

The chorus selection were well rendered and the duet of Mrs. Morehouse and Mr. Hilton brought forth many expressions of praise.

The solo numbers by Mrs. Morehouse and Mr. Hartley were also fine and much appreciated. Completing the programme, Miss Power was heard in a very appropriate reading and two quartettes composed of all male voices and the other of mixed voices brought to a close an evening of splendid song. There will be a special service of Christmas Music at a later date announcement of which will come later.

Nictaux Clippings

Dec. 1st—The Women's Institute will meet with Mrs. Fred Chipman on Wednesday evening, Dec. 10th.

A large number of the young people from here were very pleasantly entertained by the young people of Torbrook at the home of Mrs. Judson Armstrong on Saturday evening, November 29th.

A singing school under the direction of Mr. McKenna of Kingston has been started here and will meet Saturday evening in the Baptist Vestry.

Mrs. W. A. Morse who has been sick for the past two weeks is slowly improving.

Mrs. Durpee FitzRandolph of Lawrencetown spent last week the guest at the home of Mr. Judson Barreau. Mr. and Mrs. Horace Rogers went to Boston recently where they intend spending the winter.

An ordinary steel nut-pick is a handy kitchen tool. It can be used to remove the tops from milk bottles and to remove the rubbers from jars.

\$10,000 Cash Prizes

This season the Family Herald and Weekly Star of Montreal are making a remarkable offer to readers. Providing the subscription is received in time each subscriber will have a free opportunity to enter the big Election Contest in which ten thousand dollars will be given. This is a simple contest requiring no special skill or tireless work. The first prize is five thousand dollars. If that were not enough the Family Herald is also offering to each subscriber who comes in time a large calendar with a beautiful picture in colors, entitled "The Sale of Old Dobbin." There is also available a catalogue of valuable rewards to be given to those who secure new subscriptions. With such wonderful value it is no wonder the Family Herald and Weekly Star is the first choice of Canadians because as an interesting publication it has no competitor.

Given Farewell

An enjoyable social affair was held one evening last week in Fisher's Hall in honor of Dr. and Mrs. H. W. Kirkpatrick, who left last week to take up their residence in Halifax. A number of young ladies and gentlemen friends gave the dance and the guests numbered 75. The Bridgetown Melody Orchestra furnished the music. At the close of the dancing a dainty luncheon was served by the hostesses. Dr. Kirkpatrick expressed his appreciation for the honor bestowed upon him and Mrs. Kirkpatrick and his regrets at leaving this community.

Victims of Anaemia

NEED NEW, RICH BLOOD TO RESTORE HEALTH and STRENGTH

It is an unfortunate fact that nine women out of every ten are victims of bloodlessness in one form or another. The girl in her teens, the wife and mother, the matron of middle age—all know its miseries. To be anaemic means that you are breathless after slight exertion. You feel worn out and depressed. You turn against food and often cannot digest what you do eat. Sleep does not refresh you, and when you get up you feel exhausted and unfit for the day's duties. If neglected anaemia may lead to consumption.

You should act promptly. Make good the fault in your blood by taking Dr. Williams' Pink Pills, the most reliable blood enricher ever discovered. These pills purify bad blood, strengthen weak blood, and make good blood, and as the condition of your blood improves you will regain proper strength, and enjoy life fully as every girl and woman should do. The case of Mrs. Mary Trainor, Perth, Ont., shows the value of Dr. Williams' Pink Pills in cases of this kind. She says:—"I had not been feeling well for some time and I found it very hard to do my household work; had severe headaches and was very pale. I took doctor's medicine for some time, but they did me no good. I was growing weaker and used to faint and take dizzy spells. In this condition I began the use of Dr. Williams' Pink Pills, and after a time found they were helping me. I continued their use until I found the troubles that afflicted me had gone and I am once more enjoying good health and strength."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Flashes From Busy Wilmet

Dec. 1st—The Women's Institute held their weekly sewing meeting on Wednesday, Nov. 28th at the home of Mrs. Outhit Palmer. At present the W. I. are sewing to replenish their room in the Memorial Hospital. Mrs. A. P. Bowly returned last week from Boston where she has been visiting her daughter, Mrs. E. Fales for the past two months. Rev. Robert Miller repeated his lecture with lantern slides on Peter Pan and the Pied Piper at the home of C. L. Foss, Wednesday evening. There was a good attendance of children—and all enjoyed it. Mrs. W. E. Kelly is expected home this week from the States where she has been visiting her daughter, Mrs. Phinney. Mrs. Howe Splaney, her two children and her mother, Mrs. Smith, who since the fire which destroyed their home; have been living with Mr. and Mrs. Evans moved this week into the house owned by Mr. John Killam.

The new Nothard & Lowe warehouse on the Ruggies Road is now completed and is under the management of Mr. D. Smith of Nictaux. Mr. and Mrs. George Banks are receiving congratulations on the arrival of a little girl, Nov. 24. Mr. C. S. Young has gone to Boston. He expects to be gone some time.

Mr. Rufus Elliott recently purchased the house owned by Mr. Giles Jacques on the Corner of the Ruggies Road and Post Road. He moved there from Lawrencetown. Mr. and Mrs. Clarence Longly and son, Claude, are with Mr. and Mrs. Elliott for the winter.

The many friends of Mrs. J. B. Hilton are glad to see her out again after her recent illness. Mrs. J. P. Kelsall has been visiting her son, Mr. Arthur Kelsall and his wife in Annapolis.

Miss Bertha Curry has been ill for several days with an attack of quinsy.

Mr. Louis Wotton has almost completed his new house on the corner of the Bayard Road. The family hope to move in by Christmas.

We are glad to report that Harold, the young son of Mr. and Mrs. Neil Bowly is able to be out again after an operation on the throat by Dr. Kirkpatrick.

Miss Susie Troop of Belle Isle spent the week end with her sister, Miss Gladys Troop at the home of Mr. H. R. Pierce.

Review of Apple Situation From a Shippers' Standpoint

(Reprinted from Berwick Register, November 28th)

Now that half of the apple season has passed, it may be profitable for us to reflect somewhat to see what useful lessons may be deduced.

With such a bright, dry spring we naturally expected a crop of clean fruit. We also had ideal weather during the blossoming season, which we concluded would insure us a full crop of apples. But contrary to our expectation, we got neither clean apples nor a good crop.

There is no doubt that our fruit trees carrying a full crop of apples last year (although the cold season did not permit them to grow to sufficient size to fill a large number of barrels) had much to do with our short crop this season. But the greatest factor in the reduction of our apple crop was the neglect of proper spraying or dusting of the orchards. Careful experimental work carried on by the Government Stations, as well as by our best growers, has fully demonstrated that there should be at least four thorough sprays or at least five dusts. Not one of these can safely be omitted without endangering the crop. It is true that we have had bad seasons when there was little fungus development, but no person knows when these seasons will come. Dusting and spraying are an insurance. It would be as reasonable for a person to cancel his insurance on his buildings in a wet season, as for him to cancel one of these treatments of his orchard. And yet, in the face of super-abundant knowledge, about three-quarters of our farmers neglected the first, or dormant treatment. Far more made for themselves but, in reality, it was a clear case of stupid mismanagement of which every one of them should be ashamed. When lack of proper dusting or spraying was coupled with other bad orchard mismanagement, the results were most disastrous, resulting in

our country was only suited to the growing of coarse, cooking varieties, but these sod culture orchards are opening our eyes, and we now see new possibilities for our country. With our cheap land, labor and wood materials for containers, and with transportation cheap, we can put our apples on the English markets at a good profit, while our competitors in the West are growing at a loss.

Further than that, while in previous years our apples have not sold as high as Virginia and other United States apples, this year we find our prices comparing very favorably with theirs. Again, we notice that the highest priced boxed apples selling on the English market are boxes from Nova Scotia. The usual price for Fancy Western box apples has been about 14 shillings, and B. C. Coxes about 14 shillings, while N. S. Coxes have usually made 20 shillings.

While colonial preference is not likely to be granted by the present Parliament, there is no doubt that it is only a question of a few years when his preference will be given to the colonies. When this is granted, it will give the greatest boom to Nova Scotia orchards of anything that has ever happened.

In conclusion, if we can grow apples to turn \$700.00 per acre, and also the finest box apples in the world, selling to net us over \$10.00 per barrel, what need is there for our young men to go to the United States and become "hewers of wood and drawers of water" for the people of the Republic. My advice to our young men is not to "go west" or to the U. S., but to stop wasting their money and to invest it by setting out apple trees on our cheap land and become citizens of a country that will give as good results for work and intelligence as any country in the world.

An Irishman who had very long ears was being twitted one day by his mate who said: "Paddy, why don't you get your ears cropped?"

"Shure!" replied Paddy, "your mother must have had yours cut, for they are too short for an ass."

THE DISEASE THAT IS VERY HARD TO CURE

There is one disease that is hard to cure, but it cannot be cured by the medicine or work of any doctor. It is the mania people have now-a-days from buying away from home. Many folks buy from the bright pictures that fill the catalogues. Here they see things as they really ought to be, but few realize fully on their expectations. Yet, with the burn of the last goods still fresh, the same mistake will be made again.

More hard times are caused from the disease that has' affected so many people of this country than of any other contagion. Why not try and see what a difference it would make to the community, if every one would try their home town merchants first. They can see what the home town merchant has to offer. They can feel it, look at it, smell it and see whether the value is there or not and not have to wait for the goods to arrive.

Did you ever stop to realize that the local merchant could not stay in business if he were to carry the kind of goods many people pay good money for, and at the same time think they are getting a bargain.

The local merchant supports your schools, helps your churches, pays taxes, helps charity, buys produce, and assists to build up the community in many different ways. The catalogue houses are not in the same class in this respect, and therefore are not entitled to a share of this community's business. Let the cities keep up the establishments that are in there, midst; and let us care for our own.

Take your local paper, read the advertisements and see what your own merchants have to offer. Go to their stores and see the goods. You'll find that the local merchant's goods

have value for every cent asked. At any rate compare, and then use your best judgment.

All things considered, better times will result from home buying, because our local buying keeps your cash in the vicinity, and in the course of time it reverts back to you—but send it away, and you might just as well "kiss your dollars good bye."

Start your Christmas buying now; don't wait until some day you have a moment to spare to read the glaring bargains offered from the highly colored illustrations. Buy at home and do it now. You will save money in the long run, and you will be sure of real value. Think it over and give the idea a fair show. You will be surprised how quick times will improve.

Read the ads. each week and take your time to shop. It will mean money in your pocket.

When in need of credit, ask the big mail order houses for accommodation and see how quick they will be to refuse you; but on the other hand they will take your cash, and do it quick.

CAVE WOMAN OF 20

Lives all Alone Except for Her Cat

BRADFORD.—The midnight appearance of a twenty-year-old girl cave-dweller in the Shipley Glen Ravine, near here, have caused considerable comment at Elfrick, a village on the other side of the ravine.

She is a pretty girl, about 5ft. 3in. in height, and wears a smart brown costume. She has been given the name of "Florrie All Alone," because her only companion in her cave home is a cat.

During a recent bad rainstorm she asked for shelter at the home of a local shopkeeper, but disappeared with her cat, a day later. Villagers returning late to their homes have been startled by the sudden appearance of the girl, with her hair dishevelled and her eyes staring wildly.

ANTS THAT WORK FOR MAN

Most people regard ants as a nuisance, especially in a garden or at a picnic, but the natives of Burma have found a use for them.

This country grows and exports sandal-wood, one of the most valuable and beautiful timbers, in the world. The greater part of every tree felled is useless, however, for only the fragrant scented heart has any commercial value, and to transport the whole log would make even that not worth the cost of removal.

So the trees, after being stripped of their branches, are allowed to lie where they have fallen. The soft, sappy wood, which is useless in commerce, attracts the billions of ants who inhabit the forest, and to whom it is a tit-bit.

In helping themselves the ants help the sandal-wood merchant for they leave the hard heart of the trunk stripped of all its worthless integument, and thus do for nothing the work of many human laborers.

Here and There

A contract has been let in Alberta for the erection of fifty cottages for Hebrideans who are coming in the spring, on the main line of the Canadian Pacific Railway, between Edmonton and Red Deer, and on the Hardisty line, as far east as Stroms.

The dances, customs and folklore of Old Quebec are still alive and show no signs of decline. Thousands of persons recently witnessed a performance of these at the Monument National, Montreal, and joined heartily in the well-known choruses which have made the picturesque aspect of Quebec world-famous.

The piledriver Tarzan is rapidly nearing completion at the B.C. Marine, Vancouver, B.C., and will be ready for launching soon. This piledriver will be the largest in the world. It is being built for the Sydney Jenkins Company for use in the construction of the new pier B-C for the Canadian Pacific Railway.

Erected at the cost of \$200,000, one of the handsomest marine terminals of the Canadian Pacific Railway was recently completed at Victoria, B.C. The terminal houses the general offices of the British Columbia Coast Service of the Canadian Pacific. The main building is 122 feet long, 54 feet wide and three storeys high, with a fourth storey erected centrally over the structure.

Russia will never again rival Canada as a wheat exporter, according to L. W. Lyde, Professor of Geography at London (England) University. He believes that grain growing in future lies with the Canadian farmer. Russia cannot properly supply its own needs. Pre-war export of wheat was purely artificial, drawn, not from a natural surplus, but from the needs of a very poor and ignorant peasantry.

A twenty per cent increase in the business over the Dominion Atlantic Railway, serving Nova Scotia, was the approximate summary of the summer's travel recently given by F. G. J. Goss, General Traffic Agent of the line. This is attributable to the growing appreciation of the beauties of the Annapolis Valley and the charm of the Evangeline county among tourists everywhere.

An extensive programme is being prepared in connection with the winter sports activities of the Chateau Frontenac, the Canadian Pacific Railway's famous hotel at Quebec. E. Des Balleis, newly appointed sports director for the hotel, is planning the formation of the Frontenac Winter Club and the holding of competitions in curling, skiing, ski-joring, skating and other pastimes of the season.

Surprise packets in the shape of crates containing two lions, a male cub and a full grown female, constituted the most interesting shipment handled by the Montreal and Toronto offices of the Dominion Express Co. this year. The animals, exchanged for specimens of Canadian deer, recently arrived from Dublin and were dispatched over Canadian Pacific lines to their destination, the zoological gardens at Toronto. Needless to say, they were carefully handled.

"Liver Trouble so Severe I Had to Quit Work"

Mr. Thomas Honey, Brantford, Ont., writes: "I was a great sufferer from enlargement of the liver for ten months, and finally I had to quit work. I would wake up in the mornings with a bitter taste in my mouth, had frequent headaches, yellow complexion, and pain in my right side, and between the shoulder blades. It was almost unbearable, and terribly weakening. I could not sleep at night and my heart also bothered me. But the whole trouble has now left me, thanks to that wonderful medicine, Dr. Chase's Kidney-Liver Pills."

First Woman Governor in the States

Mrs. Ferguson Ran to Vindicate Her Husband

Mrs. Ferguson, who was elected Governor of Texas on Tuesday, Nov. 4th, is about 50 years old. She is quiet—cultured, home-loving woman, who never took an active part in politics, never made a speech, and never even belonged to a political club until this summer. She made her fight on two main issues—vindication of her husband, who was impeached as Governor of Texas at the beginning of his second term, in 1917, and opposition to the Ku Klux Klan.

She is slender, about 5 feet 5 inches tall, and has clear-cut features, with a high forehead. Her hair is brown, just beginning to turn gray. Her eyes are bluish gray. She has a straight thin-lipped mouth, a pleasant smile and a soft voice. She is a life-long member of the Protestant Episcopal Church.

She was married to Mr. Ferguson in 1899. Mr. Ferguson is a prosperous rancher and banker.

Mrs. Ferguson is a college graduate. Her husband had been a railroad laborer and section boss out west before she married him. She encouraged him to read law and helped him progress in business and politics until he became Governor. After his impeachment she sold property that she had inherited from her father in order to help her husband fight for his vindication.

A DIFFICULT PROFESSION

There are 2,000,000 laws in force in the United States. If a man could familiarize himself with ten of them each day he would be qualified to act as a law-abiding citizen in the short space of 6,000 years.—Ex.

GONE

Weep not for me, my Loved One, Because I sleep— Sweet is my rest Where popples blush, Beneath the noon-day sun!

This shining blood of bitter pain, These tears for me, Have seared your soul; My spirit feels— Their touch, like burning rain.

Hushed, is my world of silent night, Above..... the stars, And, memories, with soft-spread wings, That whisper in their flight!

O, be not sad, because I've passed.... But love me still.... My heart enshrined— Within your heart. Until you come at last.

(In memory of Lieut. H.B.H., Kingston, N.S.)

Armistice Day, 1924 —BLANCHE B. Montreal.

PASSENGERS SHOULD NOT OFFER ADVICE TO MAN DRIVING

With so many people learning the gentle art of driving, experienced pilots are reporting considerable annoyance from those who voluntarily serve in the capacity of assistants.

These folks are not the people who used to sit on the back seat and offer suggestions that were never taken seriously. They are people who know just enough about driving to think they know a whole lot more than the party at the wheel. They are the people who grab the wheel when they think the pilot isn't working fast enough. They are the people who imagine they are assisting by pulling up the emergency brake when as a matter of fact, the safest way out of the predicament may be through the quickest possible acceleration.

Two persons cannot drive an automobile simultaneously with any degree of success. A passenger's suggestions with regard to danger points, approaching vehicles, blind roads, traffic regulations and the like are welcomed by the wise pilot, but he cannot tolerate assistance in the actual operation of the car's controls.

There was once a young man who quarrelled with his fiancée and married another girl. His former lady friend says the latter had a sense of humor and, deciding to get even with him, sent the bride a charming book to read on the honeymoon. It was Stevenson's Travel With a Donkey.

N. S. Derelict Attracted Attention

Is About 30 Days — Notable Exceptions of Vessels that Won't Sink

NEW YORK, November 15—Much interest has been aroused in the question of ocean derelicts by the adventures of the abandoned Nova Scotia schooner, Governor Parr. This vessel left Ingramport, Nova Scotia, on September 25, 1923, with a cargo for Buenos Aires, but was dismasted by a gale and abandoned on Oct. 3. Later, the liner Zaria encountered her in mid-Atlantic. A party was sent off to her, and she was set on fire. The fire seems to have burned itself out, however, for on July 29 of this year she was seen still afloat between the Azores and Portugal, and she has been reported by other ships since that date.

Derelicts like the Governor Parr are a serious menace to shipping, as was shown when the Allan Liner Ionian struck one in 1900. She made port with a forty-foot gash in her side. The average life of a derelict ship is about thirty days, but in exceptional instances derelicts pursue their lonely voyage for months or even years.

The American schooner, W. L. White, affords another instance of the derelicts powers of endurance. March 1888, will long be remembered for the frightful gale which swept the North Atlantic coast, in which 133 vessels were blown ashore, and about twenty abandoned by their crews. Among the latter was the three-masted schooner W. L. White, abandoned off the Delaware Capes on March 13. She did not sink, but started off across the Atlantic on a voyage which lasted ten months and ten days, during which she covered over 5,000 miles and was sighted no fewer than 45 times. On January 23, 1889, she went ashore in the Hebrides.

Even this record was beaten by the Ada Cummings, which started from near the New Jersey coast—crossed the Atlantic to Ireland and turning South, travelled as far as the Equator. Drifting westward through the Sargasso Sea, she finally went ashore on the coast of South America.

RED ROSE COFFEE

This wonderful, stirring serial will commence in our Christmas Edition, which will be published on or about the 12th of December. Be sure and read the first installment.

All paid-up subscribers will receive an issue of this Christmas Edition free.

on after a lonely cruise lasting no less than 549 days.

Still another vessel, the Fanny Weston, circled the North Atlantic for nearly four years after her crew had left her. Twice she was boarded and set on fire, yet still she refused to sink. At last she was sighted off Cape May and destroyed. She was then afloat for 1,408 days.

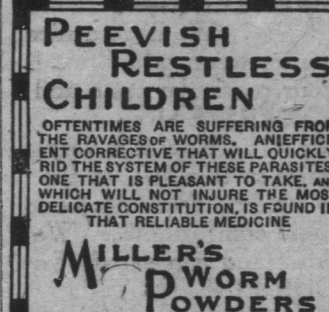

At any time there are at least fifty of these perils to navigation drifting in the North Atlantic and were it not that ocean currents carry most of them to certain spots, such as the neighborhood of Sable Island, the danger would be much greater than it is.

COURT DECISION RE NEWSPAPERS

Any person who takes a paper regularly from the post office or from a peddler in his name or not is responsible for payment.

If a person orders his paper discontinued, he must pay all arrears, or the publisher will continue to send it until payment is made and then collect for any arrears not yet paid.

The courts have decided that refusing to take newspapers or periodicals from the post office or from a peddler is prima facie evidence of intention of fraud.

THIS IS REAL LOVE. Would you wait 23 years for the one you loved? Here is a drama built out of the very fabric of life. Founded on Fact. Millions know it's true.

The Life Story of JOHN LEE known the world over as

THE MAN THEY COULD NOT HANG

It throbs with human interest! It vibrates with emotional chords! It trembles with rushing power! It crashes with towering thrills! While it whips with cutting truth, there is not one gruesome moment throughout the picture. Three times they tried to hang John Lee and three times they failed! Was the Almighty Power intervening for an innocent man?

SAY it with an 'Outlook' ad.

We wonder how many of our readers have noticed the difference between the man who has been married but a short time and one who has been married several years. You can always tell a young husband from an old one. When a man has been married a few months, you will generally see him working in the garden or fixing up about the house and while he works he whistles, or sings, or occasionally looks up towards the window to see if anyone is watching him. A year later he is still working in the garden but the smile has been exchanged for a frown and he occasionally looks up towards the house wondering why in thunder breakfast is not ready. Another year rolls by and his looks would sour milk, but he is still

at work, stopping occasionally to kick the dog or throw a brick at the cat. The next year we find him sitting on the front porch, smoking a pipe, while his wife does the digging in the garden. Now just watch our young men, as one by one, they are caught in Cupid's net and see if this rule does not work out the problem correctly.

If you are interested in the welfare of your town send in the items of local happenings. Let us know what goes on at your club, lodge, church, home, school or any place. As long as its paws for the public we would like to get it. Be a town booster instead of a town groucher.

MOSHER'S CORNER

Nov. 19—Miss Vera Rafuse, also master Albert North had their tonsils removed recently.

M. W. Rafuse and Miss Sanford were married last Wednesday. A reception was held in the evening. They were also given a saluting by the young people of the surrounding places.

Mr. W. B. Mosher had the misfortune to lose a fine steer and calf one day last week.

Mrs. Jane Bent and Mr. Wm. Bent; also Mr. and Mrs. Leslie Lewis spent Sunday guests of Mr. and Mrs. George Bent.

Here and There

Immigration to Canada for the month of August, 1924, totalled 20,186, of whom 5,706 were from the British Isles, 1,784 from the United States, and 12,696 from other countries. Immigration for the first five months of the fiscal year totalled 78,710. In the same period 23,861 Canadians have returned to Canada from domicile in the United States.

As an indication that the tide of settlers has definitely set in the direction of Canada, it has been made known by the Department of Immigration and Colonization that 5,000 acres of land near Leithbridge has been sold to ten families of 75 persons from South Dakota. This, it is announced, is only the advance guard of a considerable northward movement from that region.

"We will have a good report to present when we reach the Hebrides," said Rev. Father Alex. MacDougall, a member of the Hebridean commission of inquiry which investigated conditions of Hebrideans in Canada. The members of the commission, after visiting Alberta, reported the new settlers perfectly satisfied with Canadian conditions.

Among the passengers sailing for Europe aboard the Canadian Pacific Steamship "Empress of France" on October 8th, was Geo. A. Walton, General Passenger Agent, Canadian Pacific Railway, Montreal, who will represent the company on an extensive tour of Europe arranged for the American Association of Passenger Traffic Officers by the trans-Atlantic steamship companies and the railroads of Great Britain and the continent.

Charles J. Pernigotti, a native of Danbury, Conn., has received a commission from the Prince of Wales to paint some of his blooded stock on the E. P. ranch, near High River, on the Canadian Pacific lines in Alberta. Pernigotti, who has attained a reputation as a painter of animals, says the commission was awarded during the Prince's stay at Syosset. He will commence work the latter part of October.

As a result of the survey conducted by the newly formed Graphic Arts Association, printing and allied trades are now shown to constitute the second largest industry in Winnipeg, Man., representing an investment of \$10,054,318, and providing employment for 12,000 people. The report shows that during 1923 the sum of \$3,619,322 was paid in salaries.

With the approaching close of the tourist season, plans are being laid for the continuation of construction work at the Chateau Frontenac, the Canadian Pacific Railway's palatial hotel in the city of Quebec. Some of the interior decorating and the completion of rooms of the main corridor in the Chateau had to be left unfinished when the present tourist season opened, but it is expected that work on these parts of the hotel will commence very shortly. The billiard room and other rooms in the basement will also be completed as soon as possible.

"Did you hear about Mrs. Fastleigh motor accident?"

"No, what happened?"

"She ran down her own husband."

"But she's been doing that ever since she was married."

Running is of no use. The thing is to start in time.

XMAS MONEY FOR YOU

Search Your Attic For Fortunes In Old Stamps

Among the old letters of many families are hundreds of very rare stamps. Many have been found and sold for small fortunes. Single envelopes have been sold for as high as \$5,000.00 and many have brought upwards of \$100.00 each. It sounds "fahy," but it's true. They are rare, not because there are only a few, but for the simple reason that most of them have remained stored away and forgotten, in old trunks, family chests and closets. Make a thorough search through your attic or storeroom for these old letters—anything mailed from 1845 to 1875. I am a collector, not a dealer. Have nothing to sell or circulate to send, but am willing to pay for rare stamps more than the average dealer.

The stamps I am especially interested in are the early U. S. issues on envelopes mailed to Canada, the stamps of Canada, British Columbia, New Brunswick, Newfoundland, Nova Scotia, Prince Edward Island and Vancouver, also a few of the early issues of Great Britain and Colonies. Loose stamps I do not buy—only those on the original envelopes. So don't cut them off the envelopes.

Letters mailed since 1875 bear mostly common stamps, and these I do not care for. I collect nothing but stamps, and am not interested in buying old relics, old newspapers, books or coins. There are many stamps of different issues which are similar in appearance. It is therefore impossible for me to quote values from descriptions. I must first see the stamps.

When you have gotten all the envelopes together wrap the bunch carefully, using cardboard to protect them from becoming wrinkled or creased. Please don't write on the face of envelope—I am fully acquainted with the issues even though the postmark shows no year date. Don't use pins. Private letters inside the envelopes may be kept by you, as it is only the envelope I want. (This would not of course be possible with the old-fashioned folded letter, as the letter itself forms the "envelope.")

If you have reason to believe that your envelopes are of special value, send them by registered mail. In order to avoid having the package held up for customs examination, mark on the outside "Old Stamps, Not Dutiable." I hold myself responsible for the care of such envelopes while in my possession. On receipt I will examine them and if found of no value, or if my offer is unsatisfactory, I guarantee their safe return to you.

Make your search now, before the address is lost or forgotten. Tell your friends or ask permission to look over their old letters. Many elderly people have kept hundreds of such letters, and might welcome the opportunity of realizing money for them at very little trouble and no expense.

A REMINDER

THE ANNUAL POSTAL RUSH IS AT HAND

Everyone is asked to help to relieve the congestion by mailing Xmas parcels early.

This year all parcels for the United States of over four ounces except those containing books or printed matter must have customs declarations. This will cause much additional delay. By obtaining declarations forms at the post office and filling them in at home you can help the postal staff.

As all mails at the Middleton office come in the middle of the day it will greatly facilitate matters if as far as possible Patrons will transact money order and parcel business in the afternoon thus permitting the staff to give their attention to outgoing and incoming mails.

Mr. C. B. Tupper spent the week
end in this and adjoining commu-
nities. Mrs. Tupper was the guest of
her parents, Mr. and Mrs. L. W. Hines
in the meantime.

During their absence from home
recently the sneak thieves visited
J. N. Hines cellar and helped them-
selves to preserves. They seemed
especially fond of pears.

We noticed an error in last week's
items. The cable is to be laid from
Quarco, instead of Truro.

BARSS' CORNER

Dec. 2—On Monday evening this
community received another sad
warning that life is uncertain in the
passing away of Mrs. Kate C. wife
of Deacon L. P. Morton. Mrs. Mor-
ton was seized with appendicitis on
Sunday. Operated on at her home
the same evening by Dr. Davis and
wife, also Dr. Cole. On Monday her
heart failed and she was gone, thus
removing one of our most talented
and respected citizens. Great sym-
pathy is extended to Mr. Morton and
family.

ville Saturday night and spent Sun-
day the guest of his family.

The neighbors are taking advan-
tage of the fine weather to gather in
their crops and prepare for winter.

A sign in a western city reads,
"Boots blacked inside." Most per-
sons prefer the old way of blacking
them on the outside.
