57TH YEAR. NO. 23135

BISHOP FALLON BUYS CARLING HOMESTEAD FOR ARTS COLLEGE

Beautiful Site and Historic Land mark, On Banks of River
Thames Included in Important Real Estate Deal—
To Bring Part of Assumption College Here.

The old T. H. Carling residence at 677 Talbot street has been purchased by Bishop M. F. Fallon.

This interesting real estate transaction, important in itself, is made more so by reason of the fact that it is generally believed that the bishop intends to use the building to house the arts department of the Assumption College at Sandwich, which will be moved here. It will be affiliated with and become a part of the Western University.

Head of the Soldiers' Civil Re-establishment in Rebuilt Ministry

HON. R. J. MANION, M. P.

Fort William, Sept. 22.—Hon. R. J. Manion, chosen as a member of the British cabinet, is a well-known figure here. He is a "native son" of Fort William, which seat he represented since 1917 in the House of Commons. Hon. Dr. Manion is a son of the late Dr. J. E. P. and is the author of "A Surgeon in Arms," a war book which attracted a great deal of attention throughout Canada. He won the Military Cross at Vimy Ridge.

STENCH FROM HIDES CREATES A NUISANCE

Offices Abutting On Market
Square Are Made Almost
Uninhabitable.

Stench from the hides of dead animals, arising each market day from numerous piles of skins in various states of preservation, worries the occupants of the offices banking the eastern side of the market square. These office holders, as a result, are in arms against the practice of the dealers, who, even in the hottest weather, carry on their trading directly beneath the office windows.

Through every open window, door and crack, the disgusting smells penetrate, and so on each Tuesday, Thursday and Saturday many of the merchants and businessmen are forced to keep windows and doors tightly shut. Some of the offices on the ground floors have doors opening both on Richmond street and the market square, and when both doors happen to be open a draught is created, which draws the stench through the whole building.

Nuisance Created.
Every farmer, butcher and cattle dealer with a collection of hides disposes of them to hide dealers within an allotted space immediately behind the market square and near the arcade of the skins are taken from bodies several days old and lay on the ground for some time before being created. The occupants of the buildings in the vicinity see no reason why the hides could not be bought and sold in some place out of sight of the public, set aside for that purpose. Aside from the stench, they claim that piles of hides in the very center of the city create a most offensive odor.

Some action to remedy the trouble was taken at the meeting of the health board on Tuesday, but the occupants of the building do not think that the board went far enough. According to the new ruling, all fertilizer wagons and hides must be removed from the market by 9 o'clock each morning.

SOFT COAL PRICES ADVANCE.
St. Louis, Mo., Sept. 22.—Prices of soft coal, virtually unchanged since April 1, have been advanced 25 cents a ton here by some companies, according to an announcement today, which declared that other concerns would make an equal advance on October 1.

South Essex Liberals May Not Have Any Opposition

By Staff Reporter.

Windsor, Sept. 22.—Although South Essex United Farmers have scheduled a rally for 8 o'clock tonight in the town of Essex, it now develops that no selection of a candidate will then be made. The Liberal nominee for the coming general election.

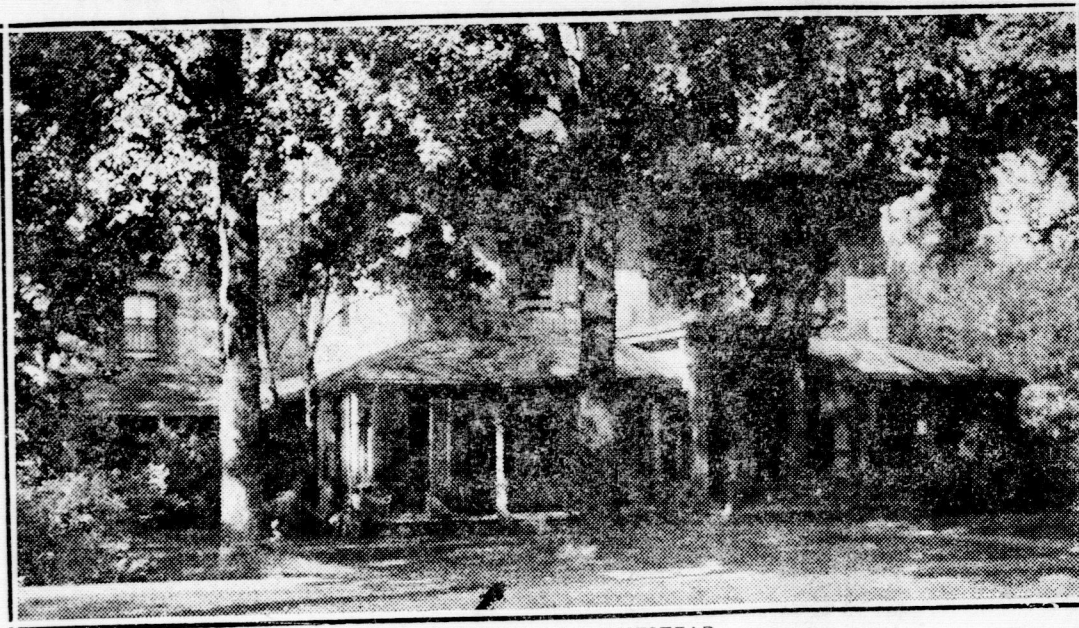

B. A. Smith, Essex, secretary of the local U. F. O., advised The Advertiser at noon today that the gathering would be purely to lay plans for organization and, incidentally, to set a date for nomination day.

As yet no out and out, real U. F. O. possibility has been suggested who would meet with the approval of all the party. Thomas Arthur of Malden is spoken of in many quarters as being the

only person persistently seeking the honor of U. F. O. standard-bearer in the south riding. Mr. Aiken was the unsuccessful Liberal candidate in the 1917 contest, and a certain element of the U. F. O. apparently is somewhat doubtful of the sincerity of his unqualified turn over to the U. F. O. In short, it is generally reported that he wants the nomination, but the U. F. O. stalwarts maintain a somewhat distant attitude.

Dr. J. Wesley Brien, Unionist, and sitting member for South Essex, is determined not to continue in federal politics, and the Conservatives have sounded the call to arms for September 27. That they will ultimately withdraw from the field is considered quite possible at this moment.

PROPERTY PURCHASED FOR COLLEGE

HISTORIC CARLING HOMESTEAD.

This old landmark, one of the most beautiful homes of the north end, has just been purchased by Bishop M. F. Fallon and will be used to house the arts department of Assumption College, Sandwich, which is to be moved to this city and become a part of the Western University, with which it is already affiliated. The Carling home is known to everyone in London. For years it stood out alone on the west side of Talbot street, its spacious and well-kept grounds always calling forth the admiration of passersby. Of late years that side of the street has been built up quite closely.

WILL PETITION DR. C. WILSON TO RUN FOR MAYOR

Forms Are Distributed Widely
For Signature by His
Supporters.

Evidence that interest is growing in the near approach of the municipal elections, and that this event is not being altogether overshadowed by the proximity of the federal general election, was forcibly brought to the attention of an Advertiser reporter yesterday, when two copies of a petition asking Dr. Cameron Wilson to consent to being placed in nomination for the mayoralty were shown him.

While not asking him outright to sign the petition, the evident expectation of those who carried the copies was that the reporter would jump at the opportunity of placing his signature on them.

The usual phraseology of such petitions is used, and Dr. Wilson is assured that it is the great service which he has rendered as an alderman which compels those whose names are attached to urge upon him the still greater opportunity of service which awaits him as chief magistrate of the city of London.

The reporter was informed that "quite a large number of copies of the petition had been distributed" so that Dr. Wilson may be well impressed with the wide-spread interest in the election. When interviewed by The Advertiser, Dr. Wilson declined to state his intentions for the coming municipal elections. He further stated that he has not yet decided whether he will consent to be a candidate, but pointed out that election day is too far distant to concern him at present.

FORMER CANDIDATES FOR N. S. RIDINGS

Hon. T. A. Crerar Expected
To Visit Province About
Middle of October.

Truro, N. S., Sept. 22.—It is probable that a number of constituents in Nova Scotia will nominate former candidates for Dominion elections, according to forecasts at the session of the provincial executive of the United Farmers' Association of Nova Scotia, held here.

Hon. T. A. Crerar, leader of the National Progressive Party, is expected to visit Nova Scotia about the middle of October.

"OPEN SHOP" FIGHT MAY BE CALLED BY PRINTERS

New York, Sept. 22.—Possibility of an open shop fight in the printing industry here faced the executive council of the International Typographical Union and officers of Big Six local union today, when they met to consider demand of employing printers for arbitration of a new wage scale, effective October 1.

The National Publishers' Association, comprising publishers of many magazines of wide circulation, made public a resolution yesterday, calling on the printers to arbitrate and asserting that the association would "earnestly request" the New York Employing Printers' Association to put the open shop to effect unless arbitration was agreed upon. The publishers have demanded a 20 per cent wage cut, which the union countered with a demand for an increase from \$50 to \$55 a week.

CHINAMAN COMMITTED ON A CHARGE OF MURDER

Quebec, Sept. 22.—In the course of sessions the preliminary investigation into the case of King vs. Chow Tong, accused of the murder of five of his companions on the steamship Maskinonge on the morning of August 27, came to an end, when the Chinaman was committed to stand trial at the coming term of the criminal assizes, which will open on October 18.

The case was that of a man who ran amuck about 4:30 on Saturday morning, August 27, firing a revolver on the ship. Four of the dead men were killed in their bunks, while the fifth succumbed to his injuries a week later. A sixth was injured, but not seriously.

OIL WORKERS VOTE TO STRIKE

Los Angeles, Sept. 22.—All locals of the Oil Workers' International Union in Southern California, representing 8,000 men, have voted to strike in sympathy with the Kern County oil field strikers, who are also obtaining good results.

Canadians Are Investing \$1,000,000 Every Week in Savings Certificates

LONDON, Sept. 22.—Canadian Press Cable.—Despite the fact that there is a good deal of unemployment throughout the country, the sale of savings certificates shows little falling off. The weekly sales remaining in the neighborhood of one million. The total number of certificates sold since the inception of the scheme during the second year of the war now amounts to \$475,000,000, while the figures indicate that the big wages paid to the munition workers, etc., were not entirely dissipated through purchases of grand pianos, fur coats or other extravaganzas.

ARE POSITIONS ENDANGERED BY SUB-CONTRACTS

Citizen Asserts That Trustees
Should Not Work On
New School.

Interested ratepayers have called the attention of The Advertiser to the fact that a few city officials, whose positions are elective, have been in the habit of engaging in fulfilling contracts on civic jobs and question whether such action on the part of these officials does not render them liable to disqualification.

For the information of these ratepayers, The Advertiser has obtained a copy of a declaration to be attached or written upon all vouchers and accounts paid with municipal funds here. The voucher reads as follows:

"I do solemnly declare that the within account is correct; and I do further declare that no member of (name of department of city inserted) or officers of the Corporation of the City of London have been engaged in the performance of the work, goods or materials mentioned therein, or in the money hereby claimed."

Working on School.
It was learned that the firm with which the trustee is connected was awarded a sub-contract for work on the new high school by the Kingston Construction Company.

Such an arrangement arises whether school, and city officials are whether the trustee will not be paid directly by the board of education for his services, but he will derive a revenue from the body of which he is a member, which fact, the citizen claims, is not in accord with the clauses of the declaration quoted above.

Supplies are also occasionally purchased by civic bodies from firms with which elected officials are connected, the defence of those awarding the contracts being that the firms involved are incorporated companies. Once more the clauses of the declaration conflict, with elected officers of the municipality "indirectly" benefitting on such deals.

AGRICULTURAL FILMS PROVING A SUCCESS

Ottawa, Sept. 22.—(Canadian Press).—The employment of motion picture films in connection with agricultural instruction is proving a notable success, according to the September-October number of the Agricultural Gazette of Canada. Attendance at short courses and institute meetings in Manitoba have been increased 50 per cent by their use. Quebec, Nova Scotia and Saskatchewan men, have voted to strike in sympathy with the Kern County oil field strikers, who are also obtaining good results.

BODIES OF 850 VICTIMS TAKEN OUT OF RUINS

Explosion at Oppau, Germany, Due to Experiment
On New Gas.

Paris, Sept. 22.—Up to this morning 850 bodies had been recovered from the ruins at Oppau, where the plant of the Badische Anilin Company blew up yesterday. It was announced in Mayence dispatches received here. Injured persons to the number of 2,500 had been attended.

It is reported, added the advices, that the explosion occurred during experiments for the compression of a gas, the qualities of which had not been fully ascertained.

2,500 INJURED ARE TREATED.
Mayence, Sept. 22.—While estimates of the number of dead from Wednesday's explosion which destroyed the Badische Anilin Company's great chemical plant at Oppau, the total of persons actually found to have been injured exceeds the first figures by a wide margin. Already 2,500 persons have received treatment for burns sustained through the effects of the explosion.

Bodies of the dead number 850 recovered up to this forenoon. The French and German authorities in the district were continuing the rescue work today in the closest co-operation. A German hospital train has arrived at Frankfurt, and a French train at Treves with injured from the scene of the disaster.

REBELLIOUS HINDOOS DEFEATED BY BRITISH

Natives Are Put to Flight in
Engagement at Sullid-mala.

Calcutta, British India, Sept. 22.—A British column inflicted a severe defeat on the rebellious Indians at Sullid-mala, near Karavarakundi, says an official statement issued today. The rebels were dispersed and are being pursued by the British, the statement adds.

THE WEATHER

LOCAL TEMPERATURES.
Following are the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest 70, lowest 56.

The official temperatures for the 12 hours previous to 8 a.m. today were: Highest 77, lowest 56.

BAROMETRIC STANDING.
Wednesday—28.99 at 8 a.m.; 29.07 at 8 p.m.
Today—29.11 at 8 a.m.

TOMORROW—FAIR AND COOLER.
Toronto, Sept. 22—8 a.m.
Forecasts.

Today—Fresh to strong southwest winds, fair.

Friday—Moderate to fresh west and southwest winds, fair and somewhat cooler.

Temperatures.
The following were the highest and lowest temperatures for the 24 hours previous to 8 a.m. today:

Stations.	High.	Low.	Weather.
Victoria	60	48	Cloudy
Calgary	60	32	Cloudy
Winnipeg	60	46	Cloudy
Port Arthur	64	54	Cloudy
Parry Sound	74	60	Fair
Toronto	75	60	Clear
Kingston	68	56	Clear
Ottawa	68	58	Fair
Montreal	60	58	Clear
Quebec	62	52	Fair
Father Point	64	48	Fair
St. John	58	50	Cloudy
Halifax	58	44	Rain

Weather Notes.
The disturbance which was over Northern Ontario yesterday is moving slowly eastward and moderate gales and showers have occurred from the Great Lakes to the Maritime Provinces. Except for a few light, scattered showers, the weather in the west has been fair.

WILL NOT CLOSE VICTORIA PARK TO AUTOISTS

Public Utilities Commission
Decides On Compromise
Traffic Regulation.

ONE-WAY TRAFFIC ONLY Claim Danger to Pedestrians Will Be Reduced by Half.

Contrary to general expectation, the public utilities commission, which meets this afternoon, will not pass a bylaw authorizing closing of Victoria Park to vehicular traffic. Instead the body will pass a bylaw restricting traffic in this center. That is to say autos and carriages are to be limited to a speed of 12½ miles per hour in the park, while bicycles and motorcycles must cut their acceleration down to 5 miles per hour.

Keep to the Right.
One-way traffic is to be instituted in Victoria Park by the commissioners, all vehicles entering the park at any point will be required to keep to the right, with turning around and reversing directions prohibited. Upon entering the park, the drivers of vehicles must turn to the right only, according to the new rules, thus insuring one-way traffic.

A bylaw to this effect has been prepared by City Solicitor Meredith, and will be passed by the commission this afternoon. The city council requested that the park be closed to vehicular traffic, but the commissioners were reluctant to do this, but willing to compromise with the above restrictions.

Cut Danger in Half.
By doing this, they point out that if danger to pedestrians is present in Victoria Park as claimed by aldermen favoring the closed-road idea, this danger will be cut in half with only one-way traffic, and the possibility of children or adults being caught between two vehicles proceeding in opposite directions is eliminated. In addition to this, the cutting down of the speed limits in the park as noted above will serve as an additional precaution for the safety of the citizens enjoying a stroll.

Effective At Once.
The bylaw will become effective immediately following ratification by the public utilities commission, and motorcycle and foot police will likely be put to go on duty in Victoria Park in an effort to educate motorists and cyclists into the manner of conducting their vehicles under the new regulations. When the bylaw has become familiar to the majority, a "top" will likely be on permanent duty at the park to preserve order regarding those who disregard it with a view to further developments in police court.

SIR ERNEST CASSEL EXPIRES SUDDENLY

Noted British Financier Is
Found Dead by His
Footman.

London, Sept. 22.—Announcement of the death of Sir Ernest Cassel, financier and philanthropist, was made here today. He was born in Cologne on March 3, 1852, and was a son of Jacob Cassel, a banker of that city. When he was 15 years old he came to England, where he completed his education and entered business. His extraordinary financial abilities gained recognition, and he became internationally known as a financier.

He was a member of the House of Commons, and was a prominent figure in the development of Egypt, Argentina and Mexico. Sir Ernest was financially adviser to the late King Edward VII, and was called to the monarch's death-bed shortly before Edward passed away. He was created a knight in 1905, and was decorated by the Governments of France, Sweden, Japan and the United States.

Sir Ernest died suddenly at his London residence in Park Lane late yesterday. He was apparently quite well, but a half hour later a footman discovered him lying on his back on his writing table, and a physician who was summoned found that he was dead.

Sir Ernest had suffered at times from heart disease. He was very ill last year, but since then had apparently been in much better health.

Secret Cache of Booze Used As Get-Rich-Quick Bait

A WELL-KNOWN civic official is today relating to his friends an incident connected with the vain efforts of a "get rich quick" specialist, who had singled him out as a prospective victim. According to the official the get-rich-quick enthusiast entered his office Wednesday and asked for a private hearing.

The request was granted, and the visitor blandly announced to his proposed victim that he had several cases of whiskey stored at Hyde Park.

"What has that to do with me?" asked the astonished official.

"Well, it will cost \$200 to get the whiskey, and I only have \$180," replied the visitor.

"What can my department do for you?" inquired the official.

"I thought that you might lend me the \$20 and get your share of the whiskey," explained the stranger.

Upon being asked why he singled out this department, and why he was not afraid of the official calling the police, the man with the proposition declared that the official "was a good scout," and that he used to know him, and for this reason he was honored by the visit.

Not recalling having met his caller before, and not being interested in the proposition, the official declined to enter into it, but politely intimated to the stranger that he had better "go" while the opportunity presented itself.

Upon informing other civic officials of the interview they volunteered the information that the scheme has been worked successfully in London recently. The manner of procedure they explained as follows:

Upon interesting the victim in the proposition the caller obtains the \$20 usually in quick time, as the deal looks up well on the horizon. Then he departs, but no booze is forthcoming. But the man putting it over does not leave town, as is usual in such schemes, but looks for another victim. If the first victim threatens to have the swindler arrested he politely advises him "to go to it," pointing out that both he and the victim are liable, and that publicity will not improve the situation. Usually the victim marks his \$20 down as a loss, and determines to beware of such schemes in future.

SEARCH FOR HEIRS OF ESTATE REVEAL YOUNGEST TO BE 86

Administrators Had To Go Back Over a Century To Trace
Beneficiaries of Elgin Resident, Last of her Family
—Stratford Woman Will Share in Division.

A remarkable estate, in which the youngest beneficiary is 86 years of age and the oldest 97, is now in the hands of the administrator and in the course of being settled up. Every feature of the estate goes back over three-quarters of a century, with the exception of the death of the owner of the estate, and in the settlement it has been necessary for the administrator to start back at the year 1740 and gradually eliminate the relatives of the deceased not entitled to share before the estate can be divided.

Vancouver Member Who Is Now a Minister in the Meighen Cabinet

A charming youthful Scotch lady of Stratford, a native of Canada, but a true highland lassie, just passed her 86th birthday, was a visitor to London yesterday in connection with this estate. Being the youngest of the five survivors of the owner of the estate, a former Elgin County resident, she was summoned here to try and trace the five, and not one of them having light on the family tree, so that the estate might be wound up.

The woman who died was one of a family of five children, three brothers and two sisters. She was the last of the five, and not one of them having married it was necessary to build up and eliminate those of the family tree, to find out to whom the estate should go.

Children Will Share.
The lady from Stratford is a first cousin of the deceased. She is one of the children of the deceased's mother's brother. At the time of the death of the owner of the estate, there were six of these cousins, some on the father's side of the family, and some on the mother's. Since then one of them has died. Of course the one that died was to have shared in the estate, and the fact that he was alive when his cousin died and so entitled to a share of the estate, means that his children will share up his portion of the estate.

But most interesting is the method of eliminating different cousins, who, if alive, would share in the estate.

Back to Year 1740.
The father of the Stratford woman was born in 1739, and her grandfather was born in 1740. The grandfather lived and died in Scotland, but the father came out to Canada in 1780 and settled in the Eastern Townships, Quebec.

In searching for the relatives of the brothers and sisters of the parents of the deceased, it has been found that all excepting two of nine families have been traced. The last of the nine, the remarkable memory of this bright old lady from Stratford came to the rescue. She remembered that her grandmother had told her that she had been born in 1740, and that she was the daughter of a man who was born in 1740.

The Advertiser asked the administrators of the estate, The London and Western Trusts Company, to give particulars of the estate and the names of those who are to share in it, but it was stated that such information was always considered confidential. However, it can be surmised that there were five children of the immediate family of the deceased, and the estate was divided among them. The last survivor of the five must have been, what might be termed, pretty well fixed.

S. R. MEN RECEIVED THEIR WAGES TODAY

Pay Day Delayed by Sheriff's
Seizure of Company's
Funds.

London street railway employees received their wages this morning in accordance with the agreement carried exclusively by The Advertiser Wednesday to that effect. The payment followed arrangements made between the company and Mayor E. S. Little and City Solicitor Meredith, whereby proceedings by Deputy Sheriff Ben Waterworth to attach the company's funds were halted.

Pay day for London Street Railway Company employees was scheduled for last Tuesday, but seizure of \$154 by the sheriff on Friday last in satisfaction of a judgment for \$7,500 awarded the city caused the regular pay day to be postponed. At that time officials of the company announced that wages would be forthcoming in a few days, this morning the promise was fulfilled.

This morning there was made on instructions issued by the city council for legal action to be taken to collect the debt which is due for paving of the track allowance on Rectory street by the city last year. The company has agreed to pay \$100 per month on this account, with interest and costs, starting October 15, the city retaining the \$154 seized.

ENGLISH STOCK PAISERS TO FIGHT BRINGING IN OF CANADIAN CATTLE

London, Sept. 22.—(Canadian Press Cable).—Intention on the part of the agricultural interests of England to continue the fight against the admission of Canadian cattle into British lands, was strongly expressed again yesterday by Lord Bledisloe, chairman of the federation of county agricultural committees, and of the Government's central agricultural advisory council. He said that the raising of the embargo was recommended by the recent report would strike a serious blow at livestock raising, which owing to the embargo had developed to be the backbone of the agricultural industry of the country.

RAILROAD TRAFFIC IN AUSTRIA IS TIED UP BY EMPLOYEES' STRIKE

Vienna, Sept. 22.—Railroad traffic throughout Austria has been completely tied up by a strike, and thousands of visitors in this city from all parts of Europe are marooned here. The walk-out was called because of the objections of the workmen to Government allowances.

Vienna, Sept. 22.—Railroad traffic throughout Austria has been completely tied up by a strike, and thousands of visitors in this city from all parts of Europe are marooned here. The walk-out was called because of the objections of the workmen to Government allowances.

EINSTEIN FOLLOWER SEEKS INFORMATION ABOUT KU KLUX KLAN

White-Robed Crusaders Are Hard To Locate — Searcher
Seeks Aid of Einstein Without
Success.

It seems that the Ku Klux Klan had invaded Western Ontario, had all but captured St. Thomas, and were at the gates of London, have created within the past several days varying ripples of interest in the ordinarily prosaic and humdrum social consciousness of the populace. As yet the scheduled parade of the white-robed crusaders, carrying fiery crosses, has not broken the monotonous scenery of popular-priced automobiles, abbreviated skirts and occasional street cars along Dundas. Richmond and other night-packet-telephone other business and editorial writers have taken the time to speak out loud in protest against the alleged invasion of the Ku Klux Klan. The mysterious, night-packet-telephone other business and editorial writers have taken the time to speak out loud in protest against the alleged invasion of the Ku Klux Klan. The mysterious, night-packet-telephone other business and editorial writers have taken the time to speak out loud in protest against the alleged invasion of the Ku Klux Klan.

Half-way to Richmond street he discovered that fearful citizens were already organizing a counter-organization of vigilantes to constitute an army of defence. At Richmond street the traffic officer related that a touring car with a Georgia license had been sighted at the Four Corners only a few minutes previously. Further west on Dundas street a prominent lawyer vouchsafed the information that a stranger, evidently wandering into the wrong office, had asked him one yesterday if he would enroll there in the Ku Klux Klan. When the lawyer informed his visitor that he knew nothing more about the new organization than what he had read in the newspapers, the stranger withdrew quickly in great embarrassment, after stating that he had made a rendezvous with the local grand kleeagle at some office in the vicinity, but had forgotten the number.

Was it K. K. K.? Not far away is a barber shop where a young barber some time ago achieved temporary fame by vouching for the authenticity of the Thimmes Park ghost stories. In reply to a question as to whether the alleged ghost in Thimmes Park might have been a solitary Ku Klux Klansman sporting himself in a new uniform, the barber admitted that he might have been mistaken to this extent. But he is still quite certain that he did see something mysterious and ghostlike in Thimmes Park, whether it was a genuine disembodied spirit, Ku Klux Klansman or what-not.

Retiring to a shady but quiet seat in the Courthouse Square, the reporter was suddenly startled by a voice coming from his vest-pocket, where he had stowed away the Edison long-distance telephone apparatus. The voice purported to be the voice of one of the Murrell boys, now a full-fledged member of the Ku Klux Klan organization in the mountainous regions of Kentucky. Information was added that when he escaped from the jail he had cut his knee on one of the pieces of glass strewn along the jail wall, and that the Ku Klux Klan was preparing to invade London in retaliation for this piece of inhuman practice on the part of the prison authorities.

Sought Advice. Turning to page 577, paragraph 13, in the handy volume of "Psycho-Analysis,"

the reporter found that the Edison apparatus is sometimes unreliable, and that instead of the voice actually emanating from far-away Kentucky, it was more likely the result of a vagrant thought form or a detached fragment of thought form, which had emanated from the mind of the escaping prisoners, and hung around the jail buildings ever since, until the delicate mechanism of the pocket-telephone detected and reproduced it in words.

Quite nonplussed by the actual phenomenon and the phenomenal explanation given by psycho-analysis, the reporter decided to return by way of Capturing street, and ask one of the police detectives to show him some fingerprints of Ku Klux Klansmen.

The checker club in a storage building and second-hand furniture store on Carling street was out for noon, and a well-known auctioneer who was minding the shop expressed a willingness to be interviewed. But as to Ku Klux-klan, a thousand times no. The auctioneer is not positive there were no Ku Klux hidden away in the crevices of the furniture in the shop. All the furniture had been fumigated thoroughly less than a week ago. The health department was at present an outrageous thing to prevent auction sales of furniture on the market square, but to suggest that a new kind of insect, inhabiting old pieces of antique furniture, was constituting a new menace to the health of society, was really carrying uncharitableness too far.

At Stated Periods. Returning afterwards, the reporter suddenly remembered that he had not yet called upon Einstein to assist in locating the Ku Klux. Hastily telephoning a professor of physics and astronomy, he was informed that the Ku Klux Klan only invades Western Ontario on certain days in the month or week. Einstein, it must be remembered, shows by mathematics that a yardstick is not always a yard long. When you turn it around, it gets shorter, according to Einstein. Similarly, parallels of longitude and latitude get shorter as the earth, other planets, sun, moon and stars revolve on ever-changing orbits from day to day. Georgia, the headquarters of the Ku Klux Klan, is relatively speaking a tentatively fixed but actually varying distance east and south of London, Ont.

The Ku Klux Klan has not yet pledged its allegiance to Einstein, because of its alleged antipathy to the Semitic racial origin. Hence the Ku Klux Klan only extends a limited distance from its headquarters, and only touches Canada on certain days, when the parallels of longitude and latitude are shorter than usual. It is not due in London again before Monday. Ordinarily it should appear here on Saturday, but that is the Hebrew holy day, when the organization of the double-breasted and the very cross finds it impossible to work against another popularly named kind of cross. And the Ku Klux, being very religious itself, goes to church on Sunday. Hence next Monday will be the Monday, according to mathematics, Einstein, astro-physics, ethnology, and a few other sciences, for all those fearful souls who quake at the name of the terrible Ku Klux Klan.

CONDITIONAL LABOR CANDIDATE. Winnipeg, Sept. 22.—J. S. Woods, prominent in local labor circles, was last night nominated as conditional candidate of the Independent Labor party to contest Center Winnipeg in the federal election.

100 Russian Anarchists Enjoying Freedom in United States.

Washington, D. C., Sept. 22.—More than 100 Russian anarchists are at liberty in the United States, under bonds which are covered by \$500,000 in Liberty bonds deposited with the secretary of labor, it was stated today at the department of labor. On account of the refusal of the Russian Soviet Government to accept them it has been impossible to deport them. Efforts of the United States Government to induce the Soviet Government to open its borders to receive these extremists as well as to receive about 100 insane and other undesirable Russians so far have been futile.

Continued From Page One

BODIES OF 850 VICTIMS TAKEN

As 1,500 early today, but definite figures were obviously impossible. More than 200 bodies had been recovered, however, and it was known that at least 1,500 persons were injured by the blast. Oppau was virtually swept away, and the explosion hurled desolation over a wide district on the west bank of the Rhine between Mannheim and Frankenthal. The scene of the explosion was more than three miles from Mannheim, but every window of that city was shattered by the concussion. The shock was felt in towns fifty miles away.

Immediately after the blast, means of rescuing injured and bringing out the dead was utilized, but several minor explosions prevented workers from entering the grounds for a long time.

Probe Is Ordered. An investigation of the explosion has been ordered by the authorities, but those who have visited the ruins declare there is little upon which a finding can be based.

It is a theory of those familiar with the plant that at least two gasometers exploded, and that nitrogen compounds stored in the buildings, or in process of manufacture were detonated. Nitrogen products are unstable as a rule, and it is believed the first explosion, which was relatively light, set off great masses of chemicals. Another theory is that a nitrogen tank let go and that four others were set off by the concussion.

Order is being maintained in the town of Oppau and vicinity by French soldiers, that district being within the French zone of occupation.

This is the second time that Oppau has been destroyed. In 1883 a dam burst above the town and the place was swept by a wall of water.

The Iron Food for Vitality

She needs it—
"The Iron Food for Vitality"

The Bread of Iron

—great food for all who work. Full of tender, luscious raisins, rich in iron and energy

Stewed Raisins

Serve for breakfast every morning and get your daily iron this way.

Cover Sun-Maid Seed Raisins with cold water and bring to a boil and allow to simmer for one hour. Sugar may be added but is not necessary. Sun-Maid Seed Raisins contain 75 per cent natural fruit sugar.

Raisin Pie

Men are quickly refreshed at night by a dessert like this.

2 cups Sun-Maid Seed Raisins
2 cups water
1 teaspoon salt
1 tablespoon lemon juice
1 teaspoon sugar
1 tablespoon corn starch

Wash the raisins, put in saucepan with 1 cup cold water and bring slowly to a boil. Add sugar, salt and corn starch, which has been mixed with 1 cup cold water. Boil 3 minutes; add lemon juice. Pour in pie tin which has been lined with crust, while hot, cover with top with cold milk and bake in moderate oven until brown.

All measurements for these recipes are level.

Free We'll send 100 Luscious Raisins

Recipes in a free book to anyone who mails coupon.

A DELICIOUS bread is made with plump, tender, juicy raisins. It will be a pleasant change in your home from the regular plain bread.

The attraction lies in more than merely flavor.

For adding to your bread and the "staff of life" becomes a practically perfect food.

Rich in the food-iron of the raisin, and increased in energizing nutrient.

Food-iron fortifies the blood. True vitality depends on it. Men can't be efficient nor women nor

children retain the natural bloom of youth without it.

So delicious raisin bread, great food for workers, is called "The Bread of Iron."

You need but a small bit of iron daily, yet that need is vital. Get it through raisins.

Have them in every other loaf of bread you serve.

Delicious raisin bread and raisin pie are sold by bake shops and grocers everywhere. Buy of them to save baking at home.

Real raisin bread is made with lots of raisins. Insist on it. First-class bakers do not stint.

SUN-MAID RAISINS

Use Sun-Maid Raisins, made from California's finest table grapes—American raisins, processed and packed immaculately in great modern California plants. Seeded (seeds removed); Seedless (grown without seeds); Clusters (on the stem). Also a fine ever-ready dessert.

Raisins are cheaper by 30 per cent than formerly—see that you get plenty in your foods.

DEMOCRACY IS BASIS OF THE LONDON C. OF C.

All Members Are On an Equal Footing in the Organization.

MEMBERS' COUNCIL
Supplies Means For Checking Up of the Committee's Work.

One of the fundamentals of the expansion of the London Chamber of Commerce, which will be made next week, will be added emphasis on the democratic form of its Government.

Answering the question of "who is going to run the chamber?" it was said by the executive committee that the members are going to continue to run it.

In the modern chamber of commerce, it was pointed out, every member is an equal footing. Each pays the same dues, each has one vote only, each has the right to nominate for offices, each has as loud a voice as any other in the making of the program of work, and each will be called upon to exercise all those rights.

Elect One Half. The election of one-half of the board of directors and of officers will take place at once upon the completion of the membership campaign. The election machinery is of the simplest character. Each member will be provided with a ballot bearing the name of every member so arranged that he may vote for whom he chooses. The men elected to the board of directors will be the ones receiving the largest number of votes, cast secretly and uninfluenced by any other consideration than merit.

An important feature of the Chamber of Commerce is the members' council, a group within the chamber which offers a medium of communication between the officers and directors and the membership. Through meetings and luncheons held at frequent intervals, it endeavors to bring the membership together, to invite the presentation and discussion of new projects affecting the city's welfare and advancement. It offers a means of checking up on the progress of the committees. It brings speakers and authorities to the chamber to assist the community in the solution of its problems. It is the dynamo which will give motion and action to the chamber as an organization.

Members' Council. The members' council is so organized and conducted that it tries to reach the individual members and to make alive and representative of the membership as a whole. It is needless to say that the members' council is so organized and conducted that it tries to reach the individual members and to make alive and representative of the membership as a whole. It is needless to say that the members' council is so organized and conducted that it tries to reach the individual members and to make alive and representative of the membership as a whole.

The whole purpose of the Chamber of Commerce, first and last, it was said with emphasis by members of the executive committee, is to bring together the capable and responsible men and women of the community and lead them to think and work for the good of the community. Through frequent meetings and in committee associations, the acquaintance of each individual member is broadened, friendships are established and there grows up a confidence and optimism which are the intangible but compelling forces which carry a community forward.

ARRAIGNS MEIGHEN FOR BREAKING FAITH WITH THE PEOPLE

Victoria, B. C., Sept. 22.—Declaring that the Meighen Government had broken faith with the people of Western Canada in the matter of representation Premier John Oliver of British Columbia stated in his speech on the occasion of the opening of the new Liberal Club that the minister of justice at Ottawa referring to the voters' lists, had said that "they would take off that list and put on that list just when they saw fit."

Referring to the liquor tax, Premier Oliver said: "One dollar and six cents per bottle profit; that is what the Dominion Government is forcing the people of British Columbia and Quebec to contribute to the Government's exchequer. The incidence of this tax on liquor is taking away from the people of this province many millions a year."

TINT YOUR GREY HAIR! TRIAL PACKAGE FREE!

Just for a short time, in order to prove to many more thousands of women that Brownstone is in fact the perfect tint for grey, faded streaked hair, the manufacturers of this famous hair preparation will send a trial package free to those who write at once.

Brownstone is positively guaranteed and cannot injure the hair in any way.

but will quickly transform grey, faded hair in the most fitting manner so that your friends will marvel to see you growing younger instead of older. Winter Suiting and Coatings At New Lower Prices

We are showing this week a most pleasing range of Canadian Homespuns and Heather Mixed Coatings, including the popular frieze coating, and the prices quoted below will tell their own story, as they are little more than half of one year ago. The new colors and mixtures are very smart, and you will be interested in the new low prices.

New Coatings for Autumn and Winter

56-inch Canadian Frieze Coating. Not since the old days have you seen anything to equal this coating, thick and soft as down, no lining required for gentleman's or lady's ulster; made to stand the zero climate; see them on display; 56 inches wide. Price \$3.75 yard

54-inch Coating in the heather weaves, new color combinations forming very fashionable shades for autumn and winter coating; serviceable for motorizing, soft, thick and warm; special value; do not miss an opportunity like this; 54 inches wide. Price \$2.00 yard

54-inch Coating, heather weave, good heavy, thick, soft coating, seasonable colors, will stand any weather, for your winter ulster at a reasonable price; it is not equalled; 54 inches wide. Price \$3.00 yard

Canadian Homespuns, \$1.50, \$2.50

56-inch Dark Tweed, heavy weight for boys' school wear, girls' wear, separate coats, etc. This is positively as low in price as sold previous to war. Don't fail to see this bargain; full 56 inches wide. Per yard only \$1.50

56-inch Dark Tweed, good weight, blue and brown mixtures, suitable for ladies' winter suits, skirts, fall coats, etc.; all wool; 56 inches wide. Price \$2.50 yard

56-inch Tweed Homespuns, the celebrated Canadian make, in mid grey and dark grey, for suits, coats, boys' and girls' wear; solid wool, can't wear out; 56 inches wide. Price \$2.50 yard

56-inch Herringbone Tweeds, would make in a Burberry style and exquisite garment, all wool, does not crush easily, serviceable and durable; 56 inches wide. Price \$2.50 yard

WARMER UNDERWEAR FOR THE LITTLE FOLKS

Now, while assortments and sizes are so complete you will have little difficulty in securing your winter supplies.

Cream Wool and Silk Vests, high neck, long sleeves, button front, ages 4 to 16 years. Prices according to size \$1.85, \$2.25 and \$2.65

Natural Cotton Combinations, high neck, long sleeves, ankle length, drawers drop-seat closing, ages 4 to 10 years. Prices \$1.15 and \$1.35

Cream Wool and Silk Combinations, high neck, long sleeves, button front, drawers ankle length, ages 4 to 16 years. Prices according to size \$3.00, \$3.50 and \$4.00

White Cotton Bloomers, full weight, finished with elastic bands at waist and knees, ages 4 to 14 years. Prices 60c, 75c and 85c pair

Cream Wool and Cotton Combinations, high neck, long sleeves, button front, drawers ankle length, ages 4 to 16 years. Prices \$1.85, \$2.15, \$2.35

Black Bloomers, light fleecing, finished with elastic bands at waist and knees, for ages 4 to 16 years. Prices 65c, 85c and \$1.00

Natural Ribbed Wool Vests, high neck, long sleeves, button front, ages 4 to 14. Prices \$1.15, \$1.35, \$1.50

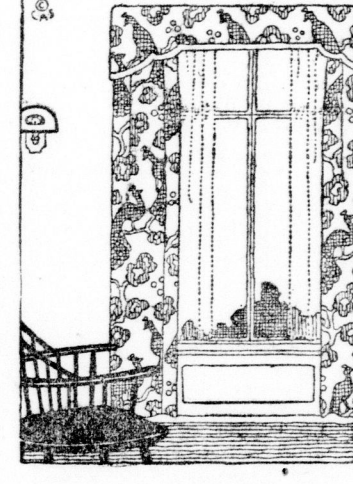

White Fleece Waists, with buttons for fastening the underclothes, ages 4 to 12 years. Price 60c

BEST QUALITY WINDOW SHADES AT NEW LOW PRICES

Our aim is to supply window shades of satisfaction. To that end we carry the best quality hand-brushed shade cloths (from manufacturers of years of experience and whose goods have a coast-to-coast reputation) in all wanted colors—dark green, terra, cream, ivory, also combination colors of dark green and white, dark green and cream, terra cream and cream, also shadowproof shade cloths, white both sides; this is a new and fast becoming popular shade cloth, overcoming the dark color on one side and yet being shadowproof, which is much desired today. This cloth is heavier than the combination cloth, and requires heavier rollers to carry it. We also have the famous King's Scotch Holland in white only, a very serviceable shade cloth, smooth surface, easily cleaned and dust does not cling to it. On all shades we use only the best Hartshorn rollers, and with our expert shade makers and hangers we are fully equipped to give you every satisfaction in window shades. We will be pleased to send a man to measure your windows and submit samples, giving you an estimate on your new home. A visit to our Drapery Department on the Fourth Floor or a telephone call will bring a man promptly to serve you.

ARE NOT READY FOR JUNIOR C. OF C. YET

Secretary Gordon Philip Believes Such an Organization Practicable.

"Why not a Junior Chamber of Commerce in London?" is a question that has been asked several times in the last few days, following the activity of the London Chamber of Commerce looking to expansion of its membership and usefulness.

Naturally the question of a junior chamber arouses interest in its development which has been attained. So far as The Advertiser knows, there is not now a Junior Chamber of Commerce in Canada, nor anything that approaches that form of youthful training and endeavor. Since the London chamber was the first in Canada, it has an opportunity to pioneer in the field of junior chambers, for it is a thought certain they will be established in the Dominion before many years have passed.

Experience Uneven. Where they have been founded has been a little uneven, but the reason for that was readily found. A Junior Chamber of Commerce is no different from an adult organization in that its success depends wholly upon its fundamental structure and the character of its management. Most of the junior chambers were started on the right foundation of principles, but not all of them were fortunate in the selection of executives. Just as an adult chamber cannot get far without capable directors, officers and

a secretary, no junior organization can succeed unless it has efficient direction. Thought of a junior chamber in London has not gone far enough to make possible specific suggestion regarding the formation of one. As for material, however, it undoubtedly exists in the Technical and Art School in considerable quantity and in the Collegiate Institute there are many boys and girls who might be interested.

Plenty of Activity. As to structure, the junior chamber would probably be in most respects patterned after the Chamber of Commerce of London. There would be the large advantage that when the young folks come into the business life of the community in a few years they could step automatically into the larger chamber and be familiar with its form of organization and operation.

There could be found plenty of activities for a junior chamber, both independently and in co-operation with the adult organization. Some that would readily occur are such things as clean-up campaigns, promotion of recreational facilities and schoolboy athletics and the like.

Method of Training. As a means of training, a junior chamber offers an interesting field of speculation. If the chamber should achieve the high record of the existing adult organization, official positions in the body would be eagerly sought, and ability alone would be the test on election day in the junior chamber. That would, of course, stimulate the young folks to fit themselves for leadership among their associates. Incidentally, they would be fitting themselves for leadership in the community when they come to riper years.

When the suggestion was brought to the attention of the Chamber of Commerce, it was said by Gordon Philip that no serious thought had been given to the matter as yet, and it was not likely that any would be given until the present expansion campaign is disposed of. He thought the idea had possibilities, however, but before anything definite could be undertaken, the matter ought to have the careful attention of a committee and of the directors.

enough members of the chamber like the idea to put it into the new program of work, we will certainly take it up," said Mr. Philip.

ECZEMA
ment for Eczema and Skin
Rashes. It relieves at once and gradually heals the skin. Sample box Dr. Chase's Ointment free if you mention this paper and send 2c stamp for postage. 60c a box; all dealers or Edmanston, Bates & Co., Limited, Toronto.

Asthma

Asthma and hay fever, even of long standing and of the most distressing severity, are robbed of their terror by this reliable remedy.

You can get Multifid coconut oil shampoo at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months. Be sure your druggist gives you Multifid.

One or two teaspoonful of Multifid will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

Hair Often Ruined By Careless Washing

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is Multifid coconut oil shampoo (which is pure and greaseless), and is better than anything else you can use.

SIR JOHN SIMONS
LAUDS CANADIANS

Noted Britisher Is Delighted
With His Stay in
Dominion.

London, Sept. 22.—Canadian Press Cable.—Sir John Simons, on returning to England after his visit to Canada, expressed himself to the Canadian Press representative as full of enthusiasm for the Dominion of Canada and her people. His stay across the Atlantic has been delightful.

Sir John begged to be excused, however, when asked as to his views concerning the Canadian attitude regarding legal appeals to the privy council in London. He said he did not feel disposed to deal with this subject.

It will be remembered that on his return from Canada last year, Lord Cave of the court of appeal gave an extensive account of his impressions of the matter of dominion appeals to the privy council, and much lively discussion was thereby provoked.

ALBION RECITAL TONIGHT.

DELAY IN FILLING
GOVERNMENT POSTS

Applications Sent to Ottawa
Over Two Weeks
Ago.

Many folks are coupling hints from Ottawa as to the return of patronage and the re-organization of the Meiklen cabinet, as explaining the delay in filling some of the vacant Government jobs now open in this district.

About the time that the local postmaster became vacant, or rather the change was made, the postmaster-ship at Windsor was also opened by the resignation of Mr. Wigle. It still remains open, the deputy, Joseph Casgrain, acting in the meantime. This situation, in marked contrast to the London situation, when the deputy, Thomas Dunlop, was appointed postmaster before the local postmaster, Peter McDonald, was retired.

Two Weeks Ago.
On September 8, applications for the local post of deputy postmaster were to be in at Ottawa, and though nearly two weeks have passed, Ottawa has not peeped in regard to the name of the successful applicant. There are those who now fear that the post will be used to best advantage politically instead of rewarding some of the old hands who have applied for it and who are entitled to it as a reward for long and faithful service.

Another local post remaining unfilled, although the applications for it have been in some time, is that of local supervisor of city dispatch, which became vacant by the superannuation of Mr. McNeil. William Skinner, the other supervisor, is an applicant for the deputy's post, and if he were successful in landing it, another supervisor-ship would immediately become vacant.

Seemingly the question is as to whether or not the civil service is still making appointments. The conclusion from the present delay is that the civil service is not, and this may wreck the chances of any of the local staff who have made a stab for the post.

FLASHES STOLEN.—Valuable "flashes" of the theatre were taken from in front of the Majestic Theatre on Tuesday night. This is the first theft of this theatre's property that has occurred this year, directors of it say, but a number of thefts were committed last season. They intend to appeal to the police department for added protection.

NEW MINISTRY
TO ASSIST IN
APPOINTMENTS

Dissolution Not Expected in
Time To Avert West York
By-Election.

DOHERTY'S JOB UNKNOWN
Former Minister of Justice
May Be Sent to U. S.
Capital.

(Special to The Advertiser.)
Ottawa, Sept. 22.—Comparative quiet reigns at the capital today following the announcement of the new Meiklen cabinet. A council was called for noon and most of the new cabinet members were present. Dr. R. H. Manion, the new cabinet minister of soldiers' civil re-establishment, arrived from Fort William this morning and was duly sworn in. R. B. Bennett, the newly-nominated minister of justice, is not expected to come for a week, as he is engaged in a law case at Calgary. In the meantime, Hon. Hugh Guthrie will be acting minister of justice.

Dissolution will not come in time to avert the nominations for the by-election in West York. The issuance of the writ will, however, cancel polling day. Dissolution may be expected at any moment, but whether the writ will be issued concurrently remains to be seen. It is considered probable that the premier will clean up the whole business before he leaves for the west at the end of the week.

Among the matters to be cleaned up and not the least difficult of them is the filling of existing vacancies in the senate and elsewhere. The reconstructed cabinet will have some say in the selection or in the approval of those selected, so that former predictions may be regarded as unfounded.

The decision to replace Hon. C. J. Doherty with R. B. Bennett was, arrived at on the eve of the new cabinet reconstruction, and was the decision to bring in Mr. Manion. The premier states that Mr. Doherty will receive some other appointments. Concerning what it shall be, there is much speculation. It is not considered likely that he would accept the high commissioner-ship, but there are rumors that he may go to Australia, where he has long held a position provided for two sessions ago, but so far never filled. There is a further rumor to the effect that Hon. William Shaughnessy has become solicitor-general and run for election in St. Anne's.

MUST ANSWER FIVE
CHARGES OF FRAUD

William Graham, of no particular address, pleaded not guilty to five different charges of fraud preferred against him when he appeared before Deputy Magistrate P. H. Bartlett in the Carling street court this morning. As crown witnesses had to be summoned on four points, his trial was postponed for a week. Crown Attorney J. B. McKillop, K.C., intimated that charges of forgery may also be laid against the prisoner.

When charged with obtaining \$18 from A. E. Wilkinson knowingly, fraudulently and with intent to defraud, on September 17, Graham pleaded guilty, but later changed his plea, saying that he did not do it "knowingly." He elected summary trial. The same plea and election was made in four other cases, namely, obtaining a coat and hat from Solomon Orth on Tuesday, attempting to secure \$150 from the Molsons Bank on Wednesday, securing \$50 from the Molsons Bank on Tuesday, and obtaining a McLaughlin-Bulcar car from the "Universal Motor Sales Company on Wednesday.

Extreme coolness was displayed by Graham when he answered the charges. So cool "was he in and out of the crown court, and on the strength of this expectation issued checks.

Detectives Harry Down and Thomas Bolton arrested Graham on Wednesday afternoon, and recovered the auto and other goods.

City Briefs

EX-BISHOP TO SPEAK HERE.—It is announced that Dr. Kinsman, former Episcopal bishop of the Diocese of Delaware, New York State, will speak in London next month. Bishop Kinsman will address the Catholic Club in St. Peter's Hall on October 6. His subject will be "Catholicism and the World."

REVIVE CHILDREN'S HOUR.—The children's department in the public library is again in full swing. Although it was open during the summer holidays, the attendance was small, the book clubs cancelled operations, and the story hour was shelved until the children returned to school. The attendance has picked up wonderfully in the past two weeks, and in a short time the story hour will again be one of the features of the department. Children of all ages attend the story-telling hour, when a qualified member of the library staff relates stories, about fairies, animals or anything which will prove interesting to the children.

Japanese Consul Will
Pay Visit to London

S. SHIMIZU, Japanese consul-general at Ottawa, will visit London within the next ten days to study business conditions here, and to familiarize himself with the various local industries. He will also tour Southwestern Ontario. The Japanese recently, through various communications received lately by the local chamber of commerce, have shown a desire to create closer business relationships with Canadian business firms.

MORE CHANGES
IN H. S. COURSE

New System Subject to Modification If Unfavorably Received.

Booklets explaining the changes recently made in the high school curriculum of Ontario have been sent out by the department of education at Toronto, supplementing the first booklet sent out some weeks ago.

The latest instructions are as follows: "Beginning with 1922 there will be no examination in reading and writing, and no special paper in spelling. Papers will be set in the subjects of Canadian history and civics, geography, art, botany, physiology, arithmetic, grammar, and zoology. For those candidates who elect to take agriculture and horticulture in lieu of botany and zoology, there will be a first and a second year paper in agriculture and horticulture. In addition there will be a paper in Latin grammar for those who wish to substitute Latin grammar for English grammar. In all subjects the standard for passing will be 50 percent on each paper.

"Under no condition should an attempt be made to subdivide the subject of physiology into physical geography and physics, taught by different members of the staff. To do so would be to defeat one of the main objects of the course.

In concluding his explanation the booklet says: "It will be surprising if minor amendments are not needed to bring the new course to perfection. But it is believed that in its main outlines it will be found to accomplish what is expected of it, namely, to regulate the curriculum which has long been the subject of complaint, and at the same time to enable the pupil to obtain a more thorough mastery of the subjects of study."

Under the new system, teaching periods will be of 35 instead of 20 minutes.

Booklets Not Received.
Secretary W. A. Tanner, of the board of education, has informed the advertiser that the supplementing booklets have not yet been received here so that the information contained therein is new to local educational heads concerned.

Regarding the first booklet issued, it is pointed out that instructions about the teaching of history and the new subject of physiology have not been received by some teaching staffs and no little confusion has resulted. This has in part been eliminated by the latest instructions.

Under the new system algebra is skipped during the second year of the high school course, and taken up again in the middle school. This may allow the pupil to become "rusty" during the term is the fact that the minds of the course. In favor of the new system, it is the fact that the minds of the pupils are not sufficiently trained for higher algebra in the second year, and therefore it is laid aside for one year.

The New Curriculum.
Under the new system, which is subject to change, the curriculum becomes fairly universal, being in the nature of an experiment, the obligatory subjects in the lower high school course are: English, Canadian history and civics, and physiology (each for one year). The optional subjects are: arithmetic, grammar, art, geography, botany and zoology, or agriculture and horticulture, Latin, French, Greek, German, Spanish or Italian, manual training, household science, music, bookkeeping and penmanship, stenography and typewriting.

"Composition, oral and written," says the booklet as to how the school work should form part of the English work. In each year of the high school course, Teachers of all subjects should demand good English composition in all written work.

"Reading should be taught throughout the high school course in connection with the English literature and not as a separate subject.

"Correct spelling and legible writing should be insisted upon in all subjects. At all departmental matriculation examinations marks will be deducted for errors in spelling in the papers on English literature, composition and grammar.

"Grammar as a formal course for one year should cover the general principles of syntax and etymology, together with a simple account of the development of the language. Aside from this formal course, grammar should be taken as part of composition.

"In connection with each of the courses of study, the necessary geography should be taught. A separate formal course in geography for one year forms part of the optional list."

ASK THAT BYLAW BE
DECLARED INVALID

Joseph Saurin Hill, on behalf of himself and all other ratepayers of Knollwood Park sewer section No. 2 of the city of London, has issued a writ in the supreme court of Ontario for an order declaring bylaw No. 6971 and assessment made in accordance therewith invalid. J. M. Donohue acted as counsel for the ratepayers in this matter.

This writ is the outcome of a meeting of the ratepayers of the park held recently, and at which they decided to take action in the supreme court to prevent the city from levying on them what they regard as unfair assessment for sewers.

NEARING A RECORD.—Another \$5,000 building permit will send the building total for the present year soaring past the \$2,000,000 mark, a new record for the city of London. The latest permit is one issued to W. C. Dodds, who will erect a 1 1/2-story brick and stucco residence on McKennie avenue. The cost will be \$4,500.

Attend City School Free
of Charge.

Secretary W. A. Tanner of the board of education is in a quandary as the result of a communication received by him today, and which will require him to seek legal advice before attempting a reply. The communication, which came from a woman in Middlesex County, the mother of a child who wishes to send to a local public school.

The mother is employed at the home of a retired gentleman who owns property in this city and is assessed as an owner. However, she claims no relationship to the gentleman, who she does claim is at owing to the fact that she is employed at the county home of a London taxpayer (who pays local school tax) her offspring is entitled to attend public school here free of charge.

Secretary Tanner is of the opinion that she is not entitled to what is claimed no more than county employees of a London taxpayer who conducts his factory in the county without being assessed for taxes. The children in London public schools. The board of education will likely decide on this point in the near future.

SLIGHT PROSPECTS
OF A CONFERENCE

Lloyd George and Advisers
Are Adopting a Strong
Attitude.

London, Sept. 22.—Prospects of a conference between Sinn Fein representatives and members of the British cabinet at an early date were declared today to be less hopeful as a result of a recent consultation between Premier Lloyd George and several of his ministers. The newspapers reflected this view, and reports from political correspondents at Gibraltar generally agreed that the ministers showed a more rigid attitude toward Southern Ireland.

It is declared there is a tendency on the part of the cabinet members who talked with the prime minister to insist that Sinn Fein should formally withdraw his claim that Sinn Fein delegates would enter the conference as representatives of a sovereign state. They are the overtones which have long been the subject of complaint, and at the same time to enable the pupil to obtain a more thorough mastery of the subjects of study."

Herbert Morrison, secretary of the separation issue, shall not be raised. The prime minister, according to the Daily Mail, is taking an unbending attitude in the matter. The Irish communication, and is supported by his colleagues. The London Times, however, remarks that yesterday's meeting scarcely represented all shades of opinion in the Government, and it expressed the opinion that, for this reason, Mr. Lloyd George desires to consult all the members of his cabinet before replying to Mr. de Valera.

METHODISTS HEAR
ABOUT RURAL NEEDS

William Thompson of Belmont Speaks at Financial District Meeting.

"Some Needs of the Rural Church" is the subject of one of the most important addresses on the afternoon program of the financial district meeting of the Methodist Church, which opened in Centennial Church Thursday morning. William Thompson of Belmont is to speak on this topic.

Other addresses on the program for Thursday afternoon, which will be given by Rev. Kenneth J. Beaton, a returned missionary from China; Charles Austin of Chatham, and Rev. A. Lloyd Smith, assistant secretary of home missions.

A district conference, which is under the direction of Rev. Walter E. Milson of the department of evangelism and social service.

Routine business largely occupied the morning session. Rev. J. A. Agnew, chairman, and Rev. S. Judson Kelly, financial secretary.

Assessments for the superannuation, general conference, annual conference, and sustentation funds were considered and the funds for the assessment are slightly lower than for last year. These two funds are the annual conference fund and the sustentation fund. Only three circuits in London district require assistance in meeting their obligations to the various church funds. Most of the reports were very favorable.

A resolution of sympathy was tendered to Rev. G. W. Dewey of Empress Avenue Methodist Church, who is present himself, and who recently was bereaved by the death of a daughter.

Luncheon was served in the lecture room by the women of Centennial congregation.

MONSTER BICYCLE HIKE
PLANNED FOR SATURDAY

The Y. M. C. A. Bicycle Club members have completed plans for a monster bicycle hike to be held Saturday afternoon, leaving the local "Y." at 2:30 o'clock.

Every boy in the city who possesses a bicycle, whether he belongs to the club or not, is requested to attend and W. E. (Curly) Newman, in charge of the hike, promises that they will have the time of their lives.

It is getting late in the season now, and it is doubtful whether any more will be staged this year.

W. E. (Curly) Newman, in charge of the hike, promises that they will have the time of their lives.

Each boy is requested to bring a lunch, as supper will be prepared and eaten somewhere along the road.

WILL ADDRESS KIWANIS.—The Very Rev. Prebendary Gough of St. Paul's Cathedral, London, England, will address the members of the Kiwanis Club at their monthly luncheon on Friday evening. The subject of Rev. Gough's address will be "Imperialism and Democracy." The members of the Canadian Club have been invited by the Kiwanis Club to attend the address of the distinguished speaker.

MEN EXCLUDED FROM
ARBuckle HEARING

Number of Witnesses Are
Summoned to Give Evidence Today.

San Francisco, Cal., Sept. 22.—The preliminary hearing of Roscoe Fatty) Arbuckle on a charge of murder, in connection with the death of Miss Virginia Rappe, before Police Judge Sylvain Lazarus occupied the attention of all connected with the case today. Men were excluded from the hearing under an order issued last night, the authorities ruling that the hearing was a woman's courtroom, no men, except witnesses, court officials and newspaper reporters should be admitted.

The prosecution will endeavor to prove at the hearing, District Attorney Matthew Brady has announced, the contention that Arbuckle attacked Miss Rappe in his suite of rooms in the Hotel St. Francis in testimony given by Miss Rappe which resulted in her death four days later. The complaint charging murder, and under which Arbuckle has been held in jail without bail, was sworn to by Mrs. B. M. Belmont, friend of Miss Rappe and one of those who attended the film comedian's party.

Brady said he believed the preliminary hearing would occupy at least three days.

The witnesses subpoenaed for today's hearing are as follows: Dr. Shelby Strange, acting autopsy surgeon, who performed the autopsy on the body of Miss Rappe.

Dr. William Ophuls, who performed an autopsy in company with Dr. Vin. Rocco, Miss Rappe's physician, who testified that she died of a heart attack.

Mrs. B. M. Belmont, complaining witness against the comedian and friend of the dead girl.

Miss Alice Blake, one of those who attended the party.

Miss Zell Prevost, former moving picture actress, and one of those who attended the party as Arbuckle's guest.

Miss Grace Hulet, nurse who attended Miss Rappe up to the time of her death.

The preliminary hearing will be held on a charge of murder, but it is withheld from the public by order of the court. The degree of crime he believes Arbuckle to be guilty of under the evidence.

Arrangements were made to open the hearing at 1 p.m.

Only Roscoe C. Fatty) Arbuckle himself had the key to the cellar of his residence here, according to Miss Katherine Fitzgerald, housekeeper for Arbuckle. The man, who is charged with the murder of Virginia Rappe, was arrested on the charge of murder, but it is withheld from the public by order of the court.

Arrangements were made to open the hearing at 1 p.m.

Only Roscoe C. Fatty) Arbuckle himself had the key to the cellar of his residence here, according to Miss Katherine Fitzgerald, housekeeper for Arbuckle. The man, who is charged with the murder of Virginia Rappe, was arrested on the charge of murder, but it is withheld from the public by order of the court.

Arrangements were made to open the hearing at 1 p.m.

Only Roscoe C. Fatty) Arbuckle himself had the key to the cellar of his residence here, according to Miss Katherine Fitzgerald, housekeeper for Arbuckle. The man, who is charged with the murder of Virginia Rappe, was arrested on the charge of murder, but it is withheld from the public by order of the court.

BETTER EDUCATION,
ROTARIANS' PLAN

London Delegates to District Conference Come Back Quite Enthusiastic.

The ninth district conference of the Rotarians from Western Ontario and Michigan was held on Monday, Tuesday and Wednesday of this week at Ann Arbor, Michigan, and turned out to be one of the most successful ever staged.

Mr. H. Houlding, boys' secretary of the local Y. M. C. A.; Clarence May and George Tambling represented the local Rotarians at the conference and returned to the city more than pleased with the results of the meeting.

London proved to have the strongest report, at least in the boys' section, in the sense that they are doing more for the boys than any other city represented. The local Rotarians cover the work of the Boy Scouts, boys' work board, Y. M. C. A., Roman Catholics and young Hebrews of the city.

Every Rotarian who represented at the conference reported that they had supported a boys' camp, at complete expense where the boys could not afford the money. Some of them reported that they had given money to attend the universities, and in one case, read to the effect that they had succeeded in sending every boy who had passed the entrance examination to the various high schools of the district.

Lloyd Houlding stated that the situation in London should be that every boy who is at all ambitious and desirous of obtaining a high school education, should be personally looked after.

London should relate itself more closely than ever before to the education system of the future citizens, endeavor to encourage a stronger and more efficient teaching staff in the schools, and create a stronger and graver wish to remain at school.

GIRLS RELEASED BY THE
LOCAL POLICE, WANTED
BY HAMILTON POLICE

Orders for the release of Catherine McGonegal and Lorraine Dement, who were arrested here on a vagrancy charge, were issued today. They had been remanded until next Monday, but as they are wanted in Hamilton on a theft charge, they were taken away by authorities from that city this afternoon. Police arrested the pair on Saturday, after they had been apprehended by the manager of a drug store, because one of them had slipped a little vanity box into her waist. The manager did not lay a charge against them. They were in company with a New York youth, who had gone into the store to buy a comb. He was allowed to go last Monday, as there was no charge other than vagrancy against him, and as he promised to go to Batavia, N. Y., to work as soon as he received his discharge.

HAND INJURED.
COWS AND OTHER THINGS.

A. Connolly of Hamilton, freight conductor on the G. T. R., suffered severe injuries to his hand when he was crushed while working on the tracks at Dundas on Wednesday. He was taken to the General Hospital in Hamilton.

VISITS HERE.
R. E. Newcomer, who was G. T. R. trainmaster in this city for some time before the work was taken over by F. R. Rutherford, and who is now holding an important position in the United States, visited many of his old friends in local railway circles today.

HEAVY SENTENCES.
That stealing from the ships of the Northern Navigation Company is an exceedingly costly business is a fact, which an Italian dockhand and a colored water found to their sorrow recently after they had been tried and found guilty by a judge in Sarnia. The dockhand, who, along with two others had stolen a quantity of merchandise, received a sentence of two years in Kingston, while the water received the same sentence for stealing silverware from the Noron. The two companions of the dockhands jumped their bail and have not been seen since. The arrests were made by members of the special G. T. R. constabulary.

SHOPS CLOSED.
Following the retrenching policy of the G. T. R., the local carshops will be closed down from Friday of this week until October 3. The Stratford shops will be closed during the same period also.

FEVER WEDDINGS.
London was blessed this year with only one-half of the number of 1920 weddings, according to the matron at the G. T. R. station. The matron based her estimate not on an actual count or on statistics, but on the amount of confetti which from day to day was, or was not scattered about the waiting rooms and the platform.

This year, she said, could not compare with that of last year, when at one time all wedding parties were either barred from the waiting rooms or admitted only after solemn warning.

The matron claims, however, that her statements could be proven by actual count. Last year, she said, it was quite a common sight to see three, four and even five wedding parties leave by one train. This year, she said, the largest number departing from the depot in any one day.

LIBERALS TO OPEN
QUEBEC CAMPAIGN

King, Gouin and Lapointe Will Speak at Big Montreal Gathering.

Montreal, Sept. 22.—The election campaign will be formally opened by the Liberals in the province of Quebec this evening, when W. L. Mackenzie King, leader of the Opposition, Sir Lomer Gouin, ex-premier of Quebec, and one of the strong men of the party, E. A. Lapointe, Mr. King's lieutenant in charge of the French-Canadian bloc in the House of Commons, and Premier Taschereau of Quebec, will speak at a banquet being tendered at the Hotel Royal in celebration of his 25th year of political life. It is thought that Sir Lomer Gouin will take advantage of the occasion to announce his entry into federal politics.

NEW WINTER EQUIPMENT
FOR CITY POLICEMEN

For the first time in ten years London's police constables will be outfitted with new greatcoats and new capes this year. As soon as the cold weather arrives this clothing, which is almost ready to be turned over by the manufacturers to the police department, will be issued. Contracts for it were let last spring.

PERSHING TO VISIT MILLERAND.
Paris, Sept. 22.—Gen. John J. Pershing, who arrived in Paris yesterday to place on the tomb of the unknown soldier of France the medal of honor voted by the United States Congress, will visit President Millerand at the Elysee Palace tomorrow.

MAY CANCEL BY-ELECTION.
Toronto, Sept. 21.—In the absence of any announcement of dissolution of Parliament, nominations in the West York by-election will take place tomorrow. In the event of dissolution before the poll is taken on October 6, the by-election will be cancelled automatically.

HAD \$100,000 IN
VICTORY BONDS SET
CAREFULLY AWAY

When Chief of Police Wills of Windsor left he left a small estate, hardly sufficient to allow much cash to reach the coffers of the province in the shape of succession duties. However, it is understood that the federal income tax-ation officers have been busy, and it is said they have unearthed the fact that the late chief had some \$100,000 in Victory bonds stored away. This alone would provide the Federal Government with a nice little sum in taxes, and when added to the salary the late chief drew, if he had the bonds at that time, would amount to a material sum.

The local taxation office declined to deny or confirm the matter this morning. This is in keeping with the policy of that department, which allows time for a peaceful settlement of a matter before it is made public through the intercession of the courts.

Just One Application
and the Hairs Vanish

(Modes of Today.)
A harmless yet very effective treatment is here given for the quick removal of hairy growths from the face, powdered delectable and water to cover the undesirable hairs, apply paste and after 2 or 3 minutes remove, wash the skin and the hairs have vanished. One application usually is sufficient, but to be certain of results, buy the delectable in an original package. Mix fresh as wanted.

WINTER REFUSES TO ACCEPT TORY POST

Ex-Mayor of Windsor Won't
Oppose Kennedy in North
Essex District.

WINDSOR, Sept. 21.—Denying this afternoon that he would consider the nomination as a Tory candidate to oppose William C. Kennedy in North Essex, Edward Blake Winter, twice mayor of Windsor, declared in the most emphatic manner, "I am not a Conservative and never have been."

Mr. Winter, whose name has been used by local newspapers as a possible Meighen candidate, told an Advertiser representative he would refuse to serve on the special election committee appointed at the Tory get-together, two weeks ago.

"I was asked yesterday by Bill Woolhart if I was going to attend a meeting of the Conservative committee," the ex-mayor said. "I told him I was not a Conservative and anyway, no one had been given the right to use my name in connection with that committee. They appointed me without obtaining my consent."

The idea of a Conservative-Labor alliance, as suggested in a local paper, this afternoon was scoffed at by labor leaders.

"It's meant for a joke, surely," remarked Ald. Strong. "That would be a worse combination than Labor and the Farmers."

WHAT CAUSES GAS ON THE STOMACH?

It is caused by fermenting, sour waste matter in the intestines. This old foul matter should be thoroughly cleaned out with simple buckthorn bark, glycerine, etc., as mixed in Ad-Er-Lax. This acts on BOTH upper and lower bowel, removing old accumulated matter you never thought was in your system. Ad-Er-Lax relieves ANY CASE gas on the stomach. EXCELLENT for sour stomach, chronic constipation, gas, indigestion, appendicitis. Standard Drug Stores, London.

BELIEVE BANDITS WHO ROBBED CAR WERE MURRELLS

Conductor Identifies Photos
As Those of Jail-
Breakers.

VICTIMS CORROBORATE

Close Watch Is Being Kept by
Police All Along the
Border.

[Special To The Advertiser.]

WINDSOR, Sept. 21.—That the two armed and masked bandits who held up the Tecumseh interurban car early this morning were the Murrell brothers, escaped from Middlesex County jail, was definitely established, the police believe, when pictures of the brothers, on file at Ford police headquarters, were identified as the bandits this afternoon by the pictures.

The bandits boarded the interurban when Motorman William Baldock slowed down at the Launzen road stop. Menacing the crew and passengers with 12-calibre automatics, the thugs lost no time in going through the pockets of the conductor and three passengers.

Their booty must have been disappointing, for less than \$50 was carried off. The police of Windsor, however, are not satisfied with the mounted and provincial police, have been engaged for the past twelve hours in a county-wide search for the bandits. Four suspects arrested by the Ford police were released tonight following Conductor Henderson's identification of Murrell photographs.

The police believe that the Murrells may be attempting to cross the Detroit River. Every barn and shack along the river bank is being subjected to a most thorough scrutiny and special plain clothes officers have been stationed at the two ferry docks and Michigan Central depot since an early hour this morning.

ALBION RECITAL TONIGHT.

35,000 ODDFELLOWS PARADE IN TORONTO

Rain Failed To Dampen Spirits
of the Grand Lodge
Delegates.

TORONTO, Sept. 21.—Rain this afternoon failed to dampen the spirits of Oddfellows who are here in connection with the meeting of the meeting of the sovereign grand lodge, and the staged their big parade, which was in reality more imposing than had been forecasted and vaster than any demonstration of the kind ever witnessed in Toronto. Thirty-five thousand members of the order, marching eight abreast, took more than three hours to pass a given point, and they marched every step of the way through solid banks of spectators, who filled the streets, doorways and windows, and did not stint their cheers.

Equalled Militia.
The command of the procession seemed to be that the regularity and precision of the marching files of cantons of the Patriarchs Militant was the equal, by an exhibition parade, of any given by the best trained battalions during and after the war. Some of the United States cantons, especially those of Akron, Ohio, and Jericho, did some oblique movement at the right angle turns which dazzled the onlookers and raised spontaneous cheers. Seventy bands were scattered through the long procession, and the music provided was of no mean order.

Bands in Line.
Most of the regimental bands in the city were in the line, as well as many from Ontario towns and cities, and among the visiting musical organizations was the Orphanage Home State Band of Indiana, composed of boys and girls in neat blue uniforms, and the Grand Lodge of Oddfellows in smart uniforms of white and black.

Over 10,000 had been expanded in the decoration of floats in the parade with very tasteful effect, which harmonized well with the bright uniforms of the men and the white, pink and green dresses of the women. Hundreds of members of the Rebekahs marched in dresses of gorgeously colored tissue paper, which thanks to the fact that the rain stopped soon, held intact for the distance. The men carried black oleographs, which they spread over their heads when the rain began to fall, while a large number of the women had provided themselves with umbrellas.

George Montgomery of Detroit, who is 17 feet 11 1/2 inches tall, was the feature of the parade. He led the Michigan cantons.

May Admit Maoris.
The L. O. O. F. Sovereign Grand Lodge refused today to amend the constitution to permit the lodges of New Zealand to admit members of the Maori race to membership in the order. The proposal was brought forward by W. A. Lucas, grand sire of Australia. The proposal to amend was defeated after some discussion. Past Grand Sire Pinkerton pointed out that although the order was established in Japan by special permission Japanese were barred from membership.

Propose Amendment.
Representatives from Wisconsin proposed an amendment to the code, providing that grand patriarchs shall be entitled to seats in the grand lodge of their jurisdiction on the same basis as representatives. The matter was referred to a committee.

New York representatives urged the creation of an emergency fund of \$100,000 to be drawn upon by the executive of the Grand Lodge for relief purposes in times of calamities.

A notice of motion has been given to provide that representatives to the Sovereign Grand Lodge must be members of the patriarchs militant branch.

FEAR REBEL MENACE.
LONDON, Sept. 21.—(By Canadian Press.)—A. A. Rutter, dispatch from Madras, India, says sporadic raiding and wholesale looting is still prevalent in parts of the Malabar district, and rebels are terrorizing the countryside.

'Twas Cruel Fate That Blighted Sleuth's Hopes at Strathroy Fair

[Special To The Advertiser.]

STRATHROY, Sept. 21.—Visions of the Murrell brothers and equally desperate characters flashed before one of the special constables on duty at the fair here today, when he saw two men standing suspiciously close to the ticket office provided over by two winsome damsels. Perchance another deadly daylight robbery was about to be attempted.

He had been told that two provincial officers from London were on the grounds and an S. O. S. was frantically sent out for Officers Palmer and Gale. Meanwhile Mr. Cop kept his eyes on the two strangers, whose hip pockets bulged strangely.

One of the pair "gave a hitch" to his trousers and something gleaming was seen for an instant. When would those two officers show up? That was always the way with these professional policemen, they were never around when there was real dangerous work to be done.

Finally a perspiring director who had made so many rounds of the grounds that he was dizzy, espied the two alleged gunmen. A real ear-to-ear grin broke over his special cop that the two suspects were no other than the provincial police from London. Thus a piece of good detective work was shot all to bits.

Clark Denies Group Tenets Won Support for Crerar

[Special To The Advertiser.]

CALGARY, Sept. 21.—(By Canadian Press.)—Group government was not one of the policies on which Dr. Michael Clark, M. P. for Red Deer, supported Hon. T. A. Crerar, Progressive leader, states Dr. Clark in a letter which he made public tonight in answer to the letter which he received from Mr. Crerar. Dr. Clark, in his letter, seeks to show that the Farmers' party is looking for support on grounds that sooner or later will lead to the disruption of the movement.

Dr. Clark's letter follows:

"Dear Mr. Crerar:
"My letter which you have now replied, was made brief by intention to avoid troubling you, if possible, with extra controversy when your hands are already full. However, your emphatic denunciation of my opposition to the Farmers' group in politics and class legislation and attempted domination, is worth very much at this time and was due to the public. Your personal references are far too generous, and I assure you I appreciate your kindness very much."

"I might very well have closed this letter at this point, but that you take up a controversial position, which it is incumbent upon me to meet at once, as you honestly seem to me to be unconscious of what is really a great national peril. You say the question I have raised is one of organization, and that the Farmers' party is not a group, but a movement. In my judgment, no one could be the victim of a more erroneous belief. It has been stated in the fact that a group is an organization, and that it is an organization, which to found it, and this interest must be an economic interest. Now, what is the inevitable conclusion from this language? It is politics for the express purpose of pressing its own economic interests. This is the very thing which you say Canada has too much of in the past, and to which you are unalterably opposed."

"Now, I only want to give you three illustrations of the extent to which our public life is already being affected by what I believe is a determined move towards reaction."

"In the recent election in Alberta it is beyond doubt that the farmers were canvassed by farmers on the express ground that the return of the Farmers' Government would result in the increase in the price of farm produce. It is very ridiculous to say that the Farmers' party will be swift and certain, but it is necessary to show the

ARMBRUSTER LIKELY WINNER OF TROPHY

BRUSSELS, Sept. 21.—Unless unforeseen changes are made in the available figures for the distances covered in the flight of the fourteen balloons which started in the Gordon Bennett Cup trophy, the Swiss aviator, Paul Armbruster, who landed at Lambay Island, off the east coast of County Dublin, Ireland, with a flight of 750 kilometers (515.44 miles), is the winner. The English balloon Margaret is second, with 675 kilometers (419.43 miles), and Ralph Ipsen of the United States, in a balloon loaned him by Lieut. de Meyster, a Belgian aviator, third.

CENTRAL EUROPE IS FILLED WITH HATRED

ROME, Sept. 21.—(By Canadian Press.)—The Marquis Tornielli di Toretta, former Italian minister to Austria, who recently went to Vienna to confer with the Austrian officials on the Burgenland situation, today reported to the cabinet the result of his mission. He said Central Europe was full of hate and rancor, one race against another. The "Little Entente" was displeased with the attitude of the Allied powers in permitting Hungary to violate for so long the treaty of Trianon.

Italy, it was said today, had succeeded in preventing armed intervention in the disturbed area, but she was particularly concerned over supporting the opposition of the "Little Entente" to the restoration of the monarchy.

CHOLERA INFANTUM THE FATAL DISEASE OF CHILDREN

Mothers should look well after their young ones during the hot summer months as this is the time of year when this summer complaint is most prevalent. It begins with a profuse diarrhoea, and purging set in, and the matter ejected from the stomach has a bilious appearance; the child rapidly loses flesh and is soon reduced to great prostration which in a great many cases terminates fatally.

To quickly offset the vomiting, purging and diarrhoea.

DR. FOWLER'S EXTRACT OF Wild Strawberry

should be administered.

Mrs. Charles Kretlow, Wideview, Sask., writes: "I have used Dr. Fowler's Extract of Wild Strawberry for summer complaint. I think it saved my little girl's life one time, as she was so bad I thought she was going to die. A friend advised me about 'Dr. Fowler's,' so I got a bottle and it helped her right away."

Don't endanger your child's health by accepting a substitute, but get the genuine "Dr. Fowler's" price 50¢ a bottle, put up only by The T. Milburn Company, Limited, Toronto, Ont.

workings of the 'economic interest'.

"An illustration in a wider field is found in the political position of the Grain Growers' Grain Company. There can be no shadow of doubt that the shareholders of that company are in politics as a group. It was the knowledge of this fact that prompted the institution of a recent grain inquiry, with the motives of which I have no sympathy in so far as they were political. But you may take it from me, there is a grave doubt whether it is wise for impartial minds whether it is wise for the company to join with other corporations to stop the inquiry."

"If this is as it may, if evidence is subsequently forthcoming, or even the suspicion widely held that the Grain Growers' Grain Company is as good as 'farming the farmer' as other corporations, is it not certain that much damage would accrue to policies which you and I believe are vital to the best interests of the nation and not harmful to the legitimate interests of any class or individual?"

"My third illustration is to be found in the fact that a statement has been published within the last week that a gentleman's agreement exists between the Independent Labor Party and the Farmers, by which the former are to incite upon me to meet at once, as you honestly seem to me to be unconscious of what is really a great national peril. You say the question I have raised is one of organization, and that the Farmers' party is not a group, but a movement. In my judgment, no one could be the victim of a more erroneous belief. "Now, I only want to give you three illustrations of the extent to which our public life is already being affected by what I believe is a determined move towards reaction."

"In the recent election in Alberta it is beyond doubt that the farmers were canvassed by farmers on the express ground that the return of the Farmers' Government would result in the increase in the price of farm produce. It is very ridiculous to say that the Farmers' party will be swift and certain, but it is necessary to show the

"I am taking advantage of this letter, which I shall send to the press, to let our friends throughout the country know that I am cancelling engagements already formed, and informing others. Believe me, my dear Crerar, Yours very sincerely,
(Signed) MICHAEL CLARK."

MORE SUBDIVISIONS NEEDED AT WINDSOR

[Special To The Advertiser.]

WINDSOR, Sept. 21.—Because some of the polling subdivisions used at the municipal elections have from 200 to 300 more voters than the municipal act allows, Miss Martha Dickinson, city clerk, will ask the council Monday night to pass a bylaw, creating 18 new subdivisions. At present there are 30. The first ward under the new bylaw will have 12, the second ward 12, third ward 8, and fourth ward 16. The greatest growth in population again is shown by the fourth ward on the east side, according to Alexander Black, assessment commissioner.

MINE FIRE MENACES 6,000-FOOT TUNNEL

TRINIDAD, Col., Sept. 21.—Fire which broke out Monday night in the Noshafte mine of the Colorado Fuel and Iron Company at Florence, Col., was still raging today, according to D. A. Sout, manager of the company's mines here.

Three men, two rescue workers and a miner, were overcome by gas and smoke.

The blaze, burning on a 50-foot surface at the entrance of the mine, is spread through a tunnel 6,000 feet under ground.

MONTREAL HEARS KLU KLUX PLANS LONDON PARADE

Bishop Fallon Will Make No
Statement Regarding
the Matter.

NOT DISCUSSING SOCIETY

President Declares Question
Will Not Come Before the
Convention.

[Special To The Advertiser.]

MONTREAL, Sept. 21.—At the opening session of the Catholic Truth Society held at Congress Hall this afternoon the Ku Klux Klan was mentioned. Following the receipt of reports from the branches, Mr. J. P. Murray, general president of the Catholic Truth Society, rose and said:

"I saw in one of the papers given out by the Canadian Press Association that the Ku Klux Klan would be discussed at our convention. I wish if any members of the press are here, they would give out that such is not the intention, also that they would go to proper officers before publishing such statements."

T. T. Smith, president of the Montreal branch, followed by saying: "On Monday morning some artful dodger rang me up on the phone and asked me if the Klan would be discussed. To me if the Klan was discussed, across the back, etc."

His Grace Archbishop McNeil, who was presiding at the meeting, announced that when he was leaving Toronto he met a friend and informed him that he was going to Montreal.

"Oh," said the friend, "you are going there to discuss the Ku Klux Klan?" This the archbishop denied. Telegraphic information having been received that the Ku Klux Klan would be holding a parade through the streets of London, Ont., this week, an attempt was made to interview Bishop Fallon, who was in attendance at the convention. Despite persistent efforts it was not possible to get farther than his secretary, Rev. Father Forrester of London, who gave out the information that the bishop would not grant an interview. He had already been approached, but was adamant. The secretary was then informed of the gist of the telegram, and he replied that up to the time of leaving London they had not heard anything about the parade or the organization.

GUEST OF ARBUCKLE AIDS CASE OF STATE

LOS ANGELES, Cal., Sept. 21.—Al Semanacher, manager of Miss Virginia Rappe and a guest at the party given by Roscoe (Fatty) Arbuckle in San Francisco that resulted in the movie star being held for Miss Rappe's alleged murder, today appeared before a Los Angeles judge and gave testimony, which officials of the district attorney's office said will be of great value to the prosecution.

According to the testimony given by Semanacher under oath to the judge, on the morning after the alleged attack on Miss Rappe Arbuckle admitted to Semanacher, Lowell Sherman, motion picture director, and Harry McCullough, a chauffeur, that he had taken Miss Rappe into a room.

For Hair And Skin Health Cuticura Is Supreme

The majority of skin and scalp troubles might be prevented by using Cuticura Soap exclusively for all toilet purposes. On the slightest sign of redness, roughness, pimples or dandruff, apply little Cuticura Ointment. Cuticura Tar Soap soothes and cures the skin and overcomes heavy perspiration. Delicate, delightful, distinguishes. Soap 25c. Ointment 25c and 50c. Talcum 25c. Sold throughout the Dominion, Canadian Dept. Store, Limited, 24 St. Paul St., W. Montreal. Cuticura Soap shaves without lather.

WE GIVE
IMPERIAL
Polarine
MAKES A GOOD CAR BETTER
CRANK-CASE
SERVICE

Quality maintains economy. No matter how much you pay "per gallon" for other lubricating oils, you get more lubrication "per dollar" when you buy Imperial Polarine Motor Oils.

Imperial Polarine Motor Oils are always of uniform high quality. Their use reduces repair bills, frees you from excessive carbon troubles, slows up depreciation and cuts fuel costs to the lowest possible figure. Quality maintains economy. If we could find a more forcible way of proclaiming the merits of Imperial Polarine Motor Oils, we would use it.

Make our Chart of Recommendations your guide to correct lubrication. Consult this Chart at your dealer's, or write to 56 Church Street, Toronto, for a copy of our booklet, "Automotive Lubrication," which contains the Chart.

IMPERIAL OIL LIMITED

A Canadian Company—Canadian Capital—Canadian Workmen.

FOR A CLEAN EFFICIENT MOTOR

This sign distinguishes dealers who are prepared and ready to give you expert crank-case cleaning service. Such dealers use Imperial Flushing Oil which enables them to promptly remove every bit of dirt and grit from your crank-case. It will save you hundreds of dollars per year if you have your crank-case cleaned and filled with fresh Imperial Polarine Motor Oils every thousand miles or less.

Imperial Polarine Motor Oils are always of uniform high quality. Their use reduces repair bills, frees you from excessive carbon troubles, slows up depreciation and cuts fuel costs to the lowest possible figure. Quality maintains economy. If we could find a more forcible way of proclaiming the merits of Imperial Polarine Motor Oils, we would use it.

Judge Spanks Unruly School Boys With His Own Shoe

KANSAS CITY, Mo., Sept. 21.—Halting a session of the juvenile court yesterday, Judge E. E. Porterfield removed one of his shoes and spanked four juvenile delinquents with it.

The four boys, in court on a charge of truancy, told the jurist they would not continue their studies, and asked him to send them to the county home for youthful offenders. The judge thereupon sent out for a suitable shoe, which could be found, so he used his shoe.

"What about school now?" he asked when the "ceremony" was over and he had replaced his shoe. The boys agreed to return to school.

NEW COMMISSIONER COMING.

LONDON, Sept. 21.—(By Canadian Press.)—Salvation Army appointments

NATURE PUT IRON FOR YOUR BLOOD

In the husks of grains and the peels and skins of fruits and vegetables, but modern methods of cooking throw all these things away—hence the alarming increase in anaemia—iron starvation of the blood, with its never ending trend of symptoms of nervous irritability, general weakness, fatigue, disturbed digestion, headaches, pains across the back, etc.

Either go back to nature or take organic iron—Nuxated Iron—to help enrich your blood and revitalize your worn-out exhausted nerves. Over 4,000,000 people annually are using Nuxated Iron from sold by all druggists.

Imperial Polarine Motor Oils are always of uniform high quality. Their use reduces repair bills, frees you from excessive carbon troubles, slows up depreciation and cuts fuel costs to the lowest possible figure. Quality maintains economy. Austria Hopes U. S. Will Waive Priority Payments

GENEVA, Sept. 21.—Austria still hopes that the United States will waive priority of payment of reparations and other credits to permit the application of the plan for the economic restoration of the country. Count Mensdorff, head of the Austrian delegation, informed the financial committee of the League of Nations assembly today.

"It seems most unlikely," he said, "that the great republic where people came forward when our distress was at the worst and when famine was threatening in Vienna, and in a magnificent movement of philanthropy for more than two years provided food for hundreds of thousands of children, should stand back when other countries have already released us."

The discussion of the situation began.

LOUTH BY-ELECTION BEING HELD TODAY

LONDON, Sept. 21.—(By Canadian Press.)—Polling takes place in the Louth by-election tomorrow. The contest, although interesting, has provoked surprisingly little general concern. Sir Alan Huchings, who is running as the Government candidate, avoids the term "coalitionist," preferring the term "conservative."

Mrs. Wintringham, widow of the late member, who is the Liberal contestant, owing to her bereavement made no platform speech. There is a Laborite also in the field, probably to figure at the bottom of the poll. He may, however, spoil the lady's chances.

BRANTFORD BYLAWS WERE BOTH CARRIED

[Special To The Advertiser.] BRANTFORD, Sept. 21.—Little interest was today shown in the voting on two civic money bylaws, but both carried by safe majorities. The Murray street bridge bylaw, which carried by a majority of 437, means that immediate construction will commence on a new concrete bridge over the power canal. This will provide work for the unemployed and make a much safer crossing at a point where accidents have occurred in the past. The Parkdale sewer bylaw, which carried by a majority of 394 votes, gives an annexed section of the city a good sewer service. Only 600 votes were cast on the two bylaws.

Surpassing all others in general excellence--

"SALADA"

is enjoyed by millions of devoted friends
Black, Green or Mixed Blends. Sealed packets only.

Genuine

Aspirin

Nothing Else is Aspirin

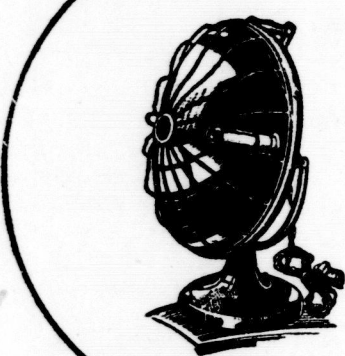

Warning! Unless you see the name "Bayer" on tablets, you are not getting Aspirin at all.

Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 21 years and proved safe by millions for Headache, Earache, Toothache, Neuralgia, Colds, Rheumatism, Neuritis, Lumbago, and pain generally. Made in Canada.

Handy tin boxes of 12 tablets cost but a few cents—Larger packages. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Mono-acetic acid ester of Salicylic acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

The last word in iron efficiency.

REV. T. T. SHIELDS TO RETAIN PASTORATE

Former Londoner's Supporters Win Out in Acrimonious Dispute.

TORONTO, Sept. 21.—At a meeting featured by much acrimonious discussion, and which spread over nearly four hours, the supporters of Rev. T. T. Shields, in Jarvis Street Baptist Church, won out over the anti-Shields faction by a vote of 251 to 210, and by this action they sustained Rev. Mr. Shields in the pastorate, and by the weight of their majority they put through resolutions which expelled from office a considerable proportion of the officials. The resolutions, dropping certain church officials, were aimed at all those who signed the original petition last spring calling upon the pastor to resign, and since it is expected to go into effect immediately it leaves the church fairly well stripped of its working heads. Out of the original eighteen deacons in the church at the time the quarrel broke out, there are but five remaining. Two had already resigned, while the resolutions which went through tonight put eleven more of them out of office. In addition to the thirteen deacons out of the original eighteen who have been lost to the church owing to the protracted dispute, which began early in the spring, and which has been raging with more or less vigor ever since, there are 32 others who must stop down out of office in obedience to the will of the Shields supporters. They include eight deacons, six members of the finance committee, four members of the Sunday school, and three members of the weekly offering treasury. Four members of the Young People's Federation, five ushers and plate-bearers, and two branch workers.

LIBERAL LEADER AWAITING REPLY TO HIS CHARGES

Has Some Decidedly Interesting Facts He Can Give To Public.

TORONTO, Sept. 21.—Hon. W. L. Mackenzie King left the city tonight for Montreal, where he is to speak at the big banquet being tendered in the arena to Hon. Rodolphe Lemieux.

Just before leaving, Mr. King said to a reporter: "I am anxious to see what reply will be forthcoming to the points raised in my speech last night, regarding the manner of awarding immense contracts by the National Railways. I have only begun to mention the contracts, which have been awarded by the directors of the National Railways to companies in which they are also directors. I will be glad, as opportunity affords, to enumerate some more of these awards. If any of my statements on this subject are questioned, I will be willing to provide the public with an interesting list of such contracts."

FILM FIRM WILL NOT STAND ROUGH STUFF

NEW YORK, Sept. 21.—A "morality clause," pledging actors and actresses to "conduct themselves with due regard to public conventions," on pain of forfeiting their positions with five days' notice, will be inserted in all contracts drawn up in the future between such actors and actresses and a large local film distributing corporation, the company's attorneys announced here today.

WOOL MARKET FIRM AS MARKET CLOSES

OTTAWA, Sept. 21.—(By Canadian Press.)—The Dominion wool market reported by the department of agriculture for the week ending September 20, says that the London wool auctions closed with competition well maintained and the advance in prices firmly held and reacting to the by-products of the wool industry.

Germany was not a big factor in the buying, but French and British buyers were active throughout.

1,500 KILLED AND 2,000 INJURED IN BLAST AT OPPAU

Bursting of Gasometers in Chemical Works Causes Catastrophe.

MANY DWELLINGS RAZED

Hundreds of Bodies Are Being Recovered From Among the Ruins.

MAYENCE, Germany, Sept. 21.—A great explosion today at the chemical products plant of the Badische Anilin- und Fabrik Company at Oppau, on the Rhine, wrecked the town and spread death and destruction on every hand. The number of killed is estimated at 1,500 and the injured at close to 2,000. The report says that there were 3,000 men on the spot at the moment of the explosion, and it is believed that about half of these were killed.

The town of Oppau is a scene of utter desolation, more than a third of the houses having been completely destroyed, while the roofs of the others were swept off as if by a whirlwind.

The explosion is attributed to excess pressure in two adjoining gasometers, the whole of this part of the works being literally pulverized. Where the gasometers stood is now a funnel-shaped hole 135 yards wide and 45 yards deep, while twisted girders and debris of every description lie scattered about. For a distance of several hundred yards not a wall is left standing.

The directorate of the company is quoted as saying that the explosion occurred in a storehouse containing 4,000 tons of nitrous sulphates, which had previously been examined and was believed to be free from danger of explosion.

Dwellings Razed. All the workmen's dwellings in the vicinity were razed to the ground. At Mannheim, on the opposite side of the river, 35 persons were seriously injured and 200 more slightly injured. Ludwigshafen reports that three workmen's trains were buried under the wreckage, and many children on their way to school were injured.

Heartrending scenes were witnessed on all sides. At the little cemetery on the outskirts of Oppau there are already more than 200 bodies laid on the grass. Numerous tombstones were lifted and hurled in various directions by the force of the explosion. There was not a door or window left intact for a radius of three miles.

French Are Helping.

French medical units are aiding in the rescue work. Assistance also has been rushed from all the neighboring towns, and all public and private motor cars and vehicles were requisitioned. The roads leading to Oppau were soon crowded with persons making their way to the scene of the disaster.

HAS EVIL SOUND.

LONDON, Sept. 21.—The name of the sound of an evil sound in allied ears, says the Daily Mail, "for there the first poison gas used in the war was produced, and through-out the war chlorine, phosgene and lacrimatory gas were manufactured there for the German army. The works did more than any other German industrial concern to prolong the war by supplying high explosives. They were severely damaged in the course of 23 air raids which the British and French made on Mannheim, one of the chief objectives of the allied bombing squadrons."

"The Badische works are recognized as the largest dye and high explosive concern in the world. More than 10,000 persons were employed there before the war, and recently between 10,000 and 15,000. The concern has wide ramifications in German copper, coal and sugar industries."

A TERRIFIC CRASH.

BERLIN, Sept. 21.—The Ludwigshafen correspondent of the Allgemeine Zeitung says the disaster at Oppau was caused by a nitrogen tank exploding, after which four other tanks exploded in the building at the time were 800 workers, and all of them, it is feared, perished. Pieces of machinery weighing half a ton were hurled into Ludwigshafen. The report says that a new method of manufacture was being tested in the laboratory.

The House committee has decided, in view of the lack of details concerning the damage to the Badische Anilin- und Fabrik plant, to omit its stock from the official list.

BATTLE JOBLESS IN RIOTS IN SCOTLAND

Police Attack Deputation Seeking Relief in Aberdeen.

LONDON, Sept. 21.—(By Canadian Press.)—Deputations of unemployed continue to harass the relief authorities by urging more or less extravagant allowances. These bodies have, however, generally stiffened their attitude to such demands lately.

John MacLean, the noted Glasgow Communist, was today sent to trial on a charge of sedition, it being alleged that he told the unemployed: "If you can't get food in a constitutional way, then take it."

The Trades Union Congress unemployment committee has sent a request to Premier Lloyd George to receive a deputation to discuss a national unemployment policy, and urge the assembly of Parliament immediately to handle the question.

October 9, will be observed as "unemployment Sunday" and public meetings will be held in every locality to urge a national policy for the relief of the people out of work.

Considerable rioting by the unemployed occurred at Aberdeen, where the police carried out baton charges following the appearance of a deputation of unemployed before the town council to ask for relief.

WOODSTOCK CLAIMS EARLY EGG RECORD

[Special To The Advertiser.] WOODSTOCK, Sept. 21.—A new record for early egg production is believed to have been established, locally at least, by an imported Buff Lehigh pullet owned by Wm. D. D. D. This pullet was hatched on May 17 and on September 17, exactly 121 days after it had left its shell, it laid its first egg.

MYSTERIOUS ESCAPE Baffles Officials

Investigation Will Be Made Into Jail Delivery At Ford.

[Special To The Advertiser.] WINDSOR, Sept. 21.—Houdini, the man who baffled jail experts by freeing himself from the best jails in the United States, has nothing on Maurice Dorrington, aged 35, of Detroit, who escaped this morning from Ford police headquarters.

Dorrington, with two other men and his wife, was arrested Sunday night by Chief of Police D. Maloney of Riverdale in a boat loaded with liquor. One of the men was wounded and further investigation disclosed a shotgun and two pistols.

Tuesday night Dorrington still was in jail, but this morning he was gone. The cell door was locked and the bars had not been tampered with. An officer was on duty the entire night. In order to get from his cell block to the street, Dorrington must have passed through the office where an officer was seated at a desk. The boat which was under seizure also has disappeared.

Dorrington's wife was arraigned in police court and pleaded guilty to carrying offensive weapons. A remand of eight days was ordered on request of Acting Crown Attorney Walker White-side. Chief of Police Maloney has been instructed by the police committee to conduct an investigation of the jail delivery.

LORD BYNG OPENS FAIR. PICTON, Ont., Sept. 21.—His Excellency Lord Byng of Vimy arrived here this afternoon and officially opened the Prince Edward Island Agricultural Fair. An address was presented to the distinguished visitor, and there was a military parade in his honor.

Col. Martin, who was in Ottawa today, said that the roadbed of the T. and N. O. was never in better shape. Over 60 miles have recently been ballasted, and new 90-lb. rails have been laid on 20 miles. In addition, a number of new concrete structures have been built during the summer, so that every bridge and culvert on the main line is now permanent.

There is now a considerable volume of traffic being moved over the T. and N. O. from the West, which comes as far as Cochrane on the Canadian National Line, and from there is taken over the Ontario Government Lines in order to make Toronto and Montreal in quicker time than by going all the way via Canadian National.

Col. Martin says that it will be only a comparatively short time before an extension of the T. and N. O. will be made north of Cochrane.

The gold mines in the Porcupine district are going full blast, he said, and there recently has been a small rush of prospectors into the Metagami area.

ALBION RECITAL TONIGHT. Wesley Hall, 8:15.

Col. Martin, who was in Ottawa today, said that the roadbed of the T. and N. O. was never in better shape. Over 60 miles have recently been ballasted, and new 90-lb. rails have been laid on 20 miles. In addition, a number of new concrete structures have been built during the summer, so that every bridge and culvert on the main line is now permanent.

T. AND N. O. RAILROAD GAINING TRAFFIC

Lieut.-Col. Martin Declares, After Inspection, Roadbed Is in Excellent Shape.

OTTAWA, Sept. 21.—Traffic and conditions generally on the Temiskaming and Northern Ontario Railway have in the last two months shown improvement compared with the earlier summer months, according to Lieut.-Col. L. T. Martin of Ottawa and Renfrew, who, with other commissioners of the railway, has just completed an inspection.

Col. Martin, who was in Ottawa today, said that the roadbed of the T. and N. O. was never in better shape. Over 60 miles have recently been ballasted, and new 90-lb. rails have been laid on 20 miles. In addition, a number of new concrete structures have been built during the summer, so that every bridge and culvert on the main line is now permanent.

There is now a considerable volume of traffic being moved over the T. and N. O. from the West, which comes as far as Cochrane on the Canadian National Line, and from there is taken over the Ontario Government Lines in order to make Toronto and Montreal in quicker time than by going all the way via Canadian National.

Col. Martin says that it will be only a comparatively short time before an extension of the T. and N. O. will be made north of Cochrane.

The gold mines in the Porcupine district are going full blast, he said, and there recently has been a small rush of prospectors into the Metagami area.

ALBION RECITAL TONIGHT. Wesley Hall, 8:15.

Col. Martin, who was in Ottawa today, said that the roadbed of the T. and N. O. was never in better shape. Over 60 miles have recently been ballasted, and new 90-lb. rails have been laid on 20 miles. In addition, a number of new concrete structures have been built during the summer, so that every bridge and culvert on the main line is now permanent.

MYSTERIOUS ESCAPE Baffles Officials

Investigation Will Be Made Into Jail Delivery At Ford.

[Special To The Advertiser.] WINDSOR, Sept. 21.—Houdini, the man who baffled jail experts by freeing himself from the best jails in the United States, has nothing on Maurice Dorrington, aged 35, of Detroit, who escaped this morning from Ford police headquarters.

Dorrington, with two other men and his wife, was arrested Sunday night by Chief of Police D. Maloney of Riverdale in a boat loaded with liquor. One of the men was wounded and further investigation disclosed a shotgun and two pistols.

Tuesday night Dorrington still was in jail, but this morning he was gone. The cell door was locked and the bars had not been tampered with. An officer was on duty the entire night. In order to get from his cell block to the street, Dorrington must have passed through the office where an officer was seated at a desk. The boat which was under seizure also has disappeared.

Dorrington's wife was arraigned in police court and pleaded guilty to carrying offensive weapons. A remand of eight days was ordered on request of Acting Crown Attorney Walker White-side. Chief of Police Maloney has been instructed by the police committee to conduct an investigation of the jail delivery.

LORD BYNG OPENS FAIR. PICTON, Ont., Sept. 21.—His Excellency Lord Byng of Vimy arrived here this afternoon and officially opened the Prince Edward Island Agricultural Fair. An address was presented to the distinguished visitor, and there was a military parade in his honor.

Col. Martin, who was in Ottawa today, said that the roadbed of the T. and N. O. was never in better shape. Over 60 miles have recently been ballasted, and new 90-lb. rails have been laid on 20 miles. Pinto, p.	4	1	1	1	0	0	0	0

Better weather but worse treatment greeted the Ludington team in the second game of the inter-league championship series over the River yesterday, with 5-1 as the answer to the single sum in base ball addition.

Pinto, the London recruit, faced Brown, who gets attached to the payroll of the Brooklyn Dodgers next spring. If Brown is going up, then Pinto isn't long for this world, for he's due to fill a berth in the Celestial League. He lacked some of the finish of the Londoner's natural but he burned them into the teeth of the head wind so fast at times that the visiting batting order looked light as air while they sailed by. They nicked him for a total of six hits, four of these coming in small chunks of bases, and the third and fourth innings, but otherwise the big fellow was on a regular speed from the start, back seven in search of alibis. Napier, the head of the visiting sweat hit, was turned away three times, but managed a liner down to Shay his fourth time up. They either hit or didn't see them the first three innings. There wasn't an assist, and only two infield putouts until Curry dropped a strikeout in the sixth.

Wildness threatened to do more to Brown in the first part of the affair than the words told by the Tecs, but later, especially in the seventh and eighth innings, the local gangsters started to crowd him vehemently, and became unduly familiar to the extent of six hits three at the exchange counter for good.

Sarnia Blue and Whites Back Again

O. R. F. U. Thanks Sarnia Officials For Clearing Up Matter.

SARNIA, Sept. 21.—Harvey Douglas, secretary of the Sarnia Rugby Club, has received official word from H. H. McKee that the Blue and White have been reinstated in the "good graces" of the O. R. F. U.

The Toronto official, in his acknowledgment of the Sarnia letter, thanked the locals for clearing up the matter. McKee said that he had needed the Sarnia in the series. In view of the fact that the Blue and White was one of the real players at the game, and the game in this part of the country, they were entitled to some consideration by the union in the matter.

START THIRD ROUND OF TOURING TODAY

Yank Lady Golfers Remain Undefeated At Ottawa.

OTTAWA, Sept. 21.—(By Canadian Press).—In every match of the second round of the ladies' golf championship tournament at the Rivermead Club today the earlier selections came through victorious.

As a result, the draw for tomorrow's round promises some of the most spectacular contests in Canadian golfing annals. The premier event will be between the two American competitors, Miss Alexia Sterling and Mrs. W. A. Gavin. To Canadian followers of the game interest centres in the matches between Miss Mollie McBride of Montreal and Miss Helen Lesueur of Ottawa, and between Miss Edith Leitch of England. The fourth contest is between Miss Cecile Leitch, British Columbia, and Miss Sidney Taylor of Toronto. Play commences at 10:10, and with Miss MacKenzie and Mrs. Rideout leading the other pairs following at five-minute intervals.

The championship results today are as follows: Miss Edith Leitch vs. Miss Doris Chambers, won by Miss Leitch, 6 and 3 to play.

Miss Edith Leitch vs. Mrs. J. E. Rideout, won by Miss Leitch, 6 up and 4 to play.

Miss Mollie McBride vs. Miss Kate Robertson, won by Miss McBride, 2 up.

Miss M. Allan vs. Miss H. Lesueur, won by Miss Leitch, 5 and 3.

Mrs. M. K. Rowe vs. Miss A. Sterling, won by Miss Sterling, 3 up and 2 to play.

Miss J. Hutton vs. Mrs. W. A. Gavin, won by Mrs. Gavin, 3 up and 3 to play.

Miss C. E. Bosworth vs. Miss S. Fepler, won by Miss Fepler, 2 up.

STRATFORD JUNIOR NINE DEFEAT GUELPH BATTERY

Extra Game to Decide Finalists for O. B. A. A. Title.

GUELPH, Sept. 21.—The Stratford Juniors, champions of the North Wellington League, defeated the 29th Battery team of this city this morning in a semi-final O.B.A.A. game, thus necessitating a play-off, as each team has now won a game. The score today was 9 to 8 and a sudden-death game at a place yet to be decided.

Score: Stratford 210 020 011 2-9 10 5. 29th Battery 201 063 100 1-8 18 5. Umpire—J. McCall.

SARNIA INTERMEDIATES DEFEAT WANDERERS 11-10

SARNIA, Sept. 21.—In a practice game at the Athletic Park here tonight the Intermediates defeated the Wanderers, 1920 City League champions, 11 to 10 in a hard-fought game, featuring by good and bad rugby and several mix-ups. The Wanderers are about the fastest junior aggregation the city has ever turned out. The Intermediates, after two weeks' practice, are still lacking in several departments, and hard work is the order of the day from now on.

DIES FROM INJURIES. NIAGARA FALLS, Ont., Sept. 21.—William Dimmick, aged 62 years, died of injuries received yesterday while working on the hydro canal, when he was struck by a runaway car loaded with sand.

PIRATES LOSE, WHILE GIANTS BEAT CUBS

New York's Lead Now Four Games—Cardinals Drop One.

PITTSBURG, Sept. 21.—Rain interfered with the Brooklyn-Pittsburg double-header here today, only seven innings of the first game being played. Brooklyn was the victor, 2 to 0. The visitors scored in the first inning on doubles by Johnston and Griffith, and again in the third on doubles by Mitchell and Griffith.

The score: Brooklyn—A. B. H. P. O. A. E. Olson, 2b., 3 0 3 2 0 0. Johnston, 3b., 2 2 0 0 0 0. Griffith, rd., 3 2 2 0 0 0. Wheat, lf., 3 0 2 0 0 0. Schmidt, lb., 3 0 0 0 0 0. Ward, s.s., 3 1 2 3 0 0. Taylor, c., 3 1 0 0 0 0. Mitchell, p., 3 1 0 0 0 0.

Pittsburg—A. B. H. P. O. A. E. Bigbee, 1b., 3 1 1 0 0 0. Carey, m., 3 0 1 0 0 0. Maravich, s.s., 3 0 1 0 0 0. Koenigsmann, rd., 2 0 1 0 0 0. Cutshaw, 2b., 2 1 1 0 0 0. Barnhart, 3b., 2 0 1 0 0 0. Grinnin, lb., 2 0 0 0 0 0. Gooch, c., 2 0 4 3 0 0. Morrison, p., 1 0 0 0 0 0.

Totals: Brooklyn 25 7 10 26 10. Pittsburg 25 7 10 26 10.

Score by innings: 1st, 0-0; 2nd, 0-0; 3rd, 0-0; 4th, 0-0; 5th, 0-0; 6th, 0-0; 7th, 0-0.

Summary: Runs—Johnston, Mitchell. Hits—Griffith, 2. Two-base hits—Johnston, Griffith 2. Mitchell. Errors—Cutshaw, Morrison. Double plays—Brooklyn 2. Left on bases—Brooklyn 4; Pittsburg 5.

Base on balls—Off Mitchell, 2; off Morrison, 1. Struck out—By Mitchell, 2; by Morrison, 1. Umpires—O'Day and Quigley. Time—1:15. First 7 innings; second game postponed, rain.

CARDS' STREAK BROKEN.

ST. LOUIS, Sept. 21.—Doubles by Nicholson and Cruise in the ninth gave Boston a 7 to 6 victory over St. Louis in the final game of the series today. The defeat broke the Cardinals' winning streak of seven straight games. St. Louis won the season's series from Boston, twelve games to ten.

FOUR GAMES NOW.

CHICAGO, Sept. 21.—New York increased its lead in the pennant race to four games today, by taking the final game of the series from Chicago, 9 to 7, while Pittsburgh was being defeated by Brooklyn.

AT A GLANCE

NATIONAL LEAGUE.	Standing.	W.	L.	Pct.

MUTT AND JEFF—The Collectors Will Be Hounding Mutt Before Long.

MUTT WANTS TO SELL HIS AUTO! HE'LL HAVE TO USE DARN CLEVER SEAMANSHIP IF HE SEPARATES ME FROM MY ROLL!

IS THAT THE ASH CAN YOU WANT TO WISH ON ME, MUTT?

WHAT DYE MEAN, ASH CAN? IT'S A FINE CAR, YOU INSECT!

IS IT AN EXPENSIVE CAR TO RUN?

WHY, WOULD YOU BELIEVE IT, I AIN'T PAID A CENT IN REPAIRS IN ALL THE TIME I'VE HAD IT! IT'S A FACT!

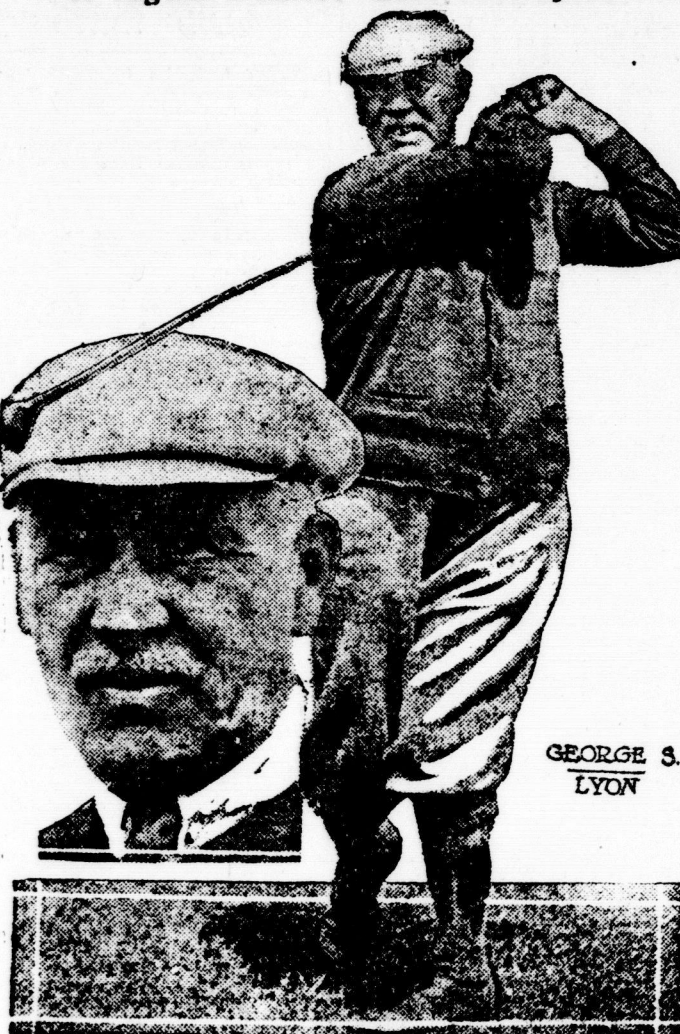

I BELIEVE YOU, OLD DEAR! THE GUY AT THE GARAGE WHO'S DONE ALL THE REPAIRING TOLD ME THE SAME THING THIS MORNING!

TEE HEE!

SAR!

SPORTS

Is Again Seniors Golf Champion

GEORGE S. LYON, the veteran Lambton Club player, again won the honors in the Canadian senior golf championship at St. Andrews by the Sea. He has won it three times since its inception, and shows no sign of weakness in his play.

Larger Program of Industrial Sport Favored by All Firms

That a plan of control of industrial athletics which would put this branch of sport on a bigger basis would have the support of the heads of manufacturing concerns throughout the city, was the gist of a report handed in by a special committee to the executive of the Manufacturers' Amateur Athletic Association last night.

It was found by the committee which canvassed the industrial heads that many firms had not been interested in sport of any kind because the matter had never been brought to their attention.

It was decided last night to hold a general meeting on October 3 at the Y. M. C. A. and go thoroughly into the situation. Representatives from each firm will be present as well as officials of baseball and hockey leagues who have built up this end of industrial sport for a number of years.

Central control of all industrial athletics is aimed at, and it is believed by those behind the plan that every organization will fall into line once the situation has been thoroughly explained.

First Candidates Will Be Out At Western U's Grid Preliminary

At 5 o'clock this afternoon right after the baseball game, the Western U. football squad will jump into harness for a first workout.

The whole squad will hardly be available tonight, but there are ten at least who may be depended upon to start the piskin on its long roll.

Coaches Reid and Taylor will have charge of the work and are enthusiastic over the squad's chances this year. They figure that with the experience of the last two years the 1921 crew have overcome one of their biggest defects. Inexperience begets inconsistency, and the Western collection were put off form and pace several times during the past two years when it wasn't necessary and wouldn't have happened to a team longer in years.

The candidates for the team this year are showing early interest, and this is a good sign, and indicative of the spirit which should be behind the team from the start-off.

Will Decide On Field Day For C. I.

Ballots Will Be Counted At Meeting of Students Tonight.

The result of the vote taken by the Collegiate Institute pupils in regard to holding a field day this year will be made known this evening, when the ballots will be counted. This was to have been done last evening, but all ballots had not been handed in, so it was decided to leave the counting till this evening.

There are three propositions on the ballot. First, whether the usual field day will be held at Tecumseh Park with rugby and basketball games; secondly, if rugby and basketball games will be held at Tecumseh Park and leave the track events over till next spring; and thirdly, if just track events will be held at Queen's Park without the rugby and basketball games.

CHICAGO, Sept. 21.—Bancroft B. Johnson, president of the American League, tonight declared himself in favor of a return to normalcy in the world's series prices of admission, and said he was in favor of restoring the 50c bleacher seat.

Mr. Johnson, John Heydler, president of the National League, and Federal Judge Kenesaw M. Landis, baseball high commissioner, will meet here tomorrow to arrange preliminary details for the 1921 championship series.

Should the reduced prices for world's series admissions be proposed, Mr. Johnson said he would vote in favor of the 50c-45c minimum and maximum for the coming series.

Prior to the 1913 series, bleacher seats were 50c. In that year bleacher admissions were doubled and the top price was set at \$5. Last year top prices were \$6.60.

At tomorrow's meeting a tentative schedule for the series will be drawn. Pittsburgh in the National League, Cleveland in the American, and both the New York clubs being considered. The matter of selecting umpires for the series will be gone into, two to be selected from each league and their salaries for the fall classic will be fixed.

STOCKHOLM, Sept. 21.—R. D. Mountain, the Cambridge University runner, today at an athletic meeting won the 500 metres race in one minute and five and six-tenths seconds. It is claimed that this is a world's record.

The world's record for 500 metres previously was held by P. Rajz of Hungary, who made the distance in one minute, seven and six-tenths seconds in 1913.

ALBION RECITAL TONIGHT. Wesley Hall, 8:15.

OWEN SOUND PAIR WIN COOKE TROPHY

Sixty-Four Pairs Participated in the Guelph Scotch Doubles.

GUELPH, Sept. 21.—Despite an early morning rain the annual Scotch doubles tournament of the Guelph Lawn Bowling Club got away to a fine start today, with 64 pairs in the play. The final in the first event, which carries with it the Wilfrid Cooke cup, was reached at 10 o'clock this evening. W. Chisholm of Milton won the cup from W. J. McLinden of Owen Sound. The event and the special for teams losing their first two games will not be concluded until after midnight. The scores:

CUP EVENT.	First Round.

At tomorrow's meeting a tentative schedule for the series will be drawn. Pittsburgh in the National League, Cleveland in the American, and both the New York clubs being considered. The matter of selecting umpires for the series will be gone into, two to be selected from each league and their salaries for the fall classic will be fixed.

ALBION RECITAL TONIGHT. Wesley Hall, 8:15.

INTERMEDIATES TO BE HANDLED BY ALERTS

London Collegiate May Be Grouped With Sarnia.

SARNIA, Sept. 21.—Mr. plans of Ted Newton, convenor for this district of the junior inter-scholastic group, go through, London will be grouped with Sarnia Collegiate for the first time in a decade.

There are at present five teams in this district eligible under the inter-scholastic series, London Collegiate, London Technical, St. Thomas Collegiate, Woodstock Collegiate and the Sarnia Collegiate Institute.

The proposed grouping would bring the London Collegiate and St. Thomas Collegiate in one group, with a double schedule to decide a winner.

The larger group would contain L. C. I., London Technical, Woodstock Collegiate and the Sarnia Collegiate Institute. This would necessitate some long jumps on the part of the local school, but it would give them the games, and that is what they want.

ST. MARYS TEN MEET OSHAWA IN FINALS

Won Round From Durham by Six Goals—Goalie Good.

DURHAM, Sept. 21.—St. Marys qualified to meet Oshawa in the intermediate final when they won the round by six goals. Durham defeated them, 5 to 4, today in the fastest game seen here since the play was close and even until half time, with St. Marys leading, 2 to 1 at quarters and 4 to 3 at half.

In the last period Durham had the edge on the play, but with Stevens in goal and inaccurate shooting they could score once. The line-ups: St. Marys—McDonald, Mercer, Farrell, Saunders, McLachlin, Burnside, Huggill, Hiltz, Saunders, sub, Cummings, P. Burnside, R. Saunders, St. Marys—Stevens, Stewart, Wilson, Yates, Alberts, Luer, Smith, Lavelle, W. Lavelle, Cowan, sub, Neman, Heather.

LADY GOLFERS ELECT OFFICERS FOR YEAR

TWELVE

NO. 1 SIGNAL COMPANY
IS RAPIDLY FILLING UP

The regular weekly parade of No. 1 company, Canadian Signal Corps, commanded by Major M. L. Maitland, M.C., was held in the Armories last night. Owing to the repairs being made to the Armories' floor, it was impossible to adhere to the syllabus of training as laid down for the evening. However, good progress was made in instructing the new recruits in the rudiments of signalling. The more experienced men employed their time at telegraph and telephone work on the new system recently installed in the building. The company, the ranks of which became somewhat depleted during the summer months, is rapidly filling up with the desired class of recruits and it is expected that the unit will be at full strength within a fortnight. Instruction in wireless work for the more advanced signalers has been unavoidably delayed. A provisional wireless set is being made ready and as soon as this is completed and installed a new class will be formed. The out-of-town sections of the unit in Ingersoll, Chatham, St. Thomas and Goderich have also commenced fall training. The Ingersoll and Goderich sections are up to strength, while the other two have a few vacancies. Major Maitland inspected the Ingersoll section last week and was favorably impressed with the smartness of the men.

SANSONE TO SERVE TERM AT BURWASH

Provincial Secretary To Make Special Provision For Him.

Sylvia Sansone, now a prisoner in the county jail, will be sent to Burwash to serve his term of not less than two years and not more than five years for a robbery of which he was convicted in June, Crown Attorney J. B. McKillop, K.C., stated today. Inspector of Prisons W. W. Dunlop went into this matter thoroughly when he was here in connection with the recent investigation into the escape of the Murrell brothers, and as a result the provincial secretary has decided to send the youthful prisoner to the prison farm. This is being done under a special ruling that the provincial secretary may transfer a prisoner from one institution to another if such action is warranted. Since June, when he was sentenced, Sansone has been in the county jail, but is not desired there because of his misbehavior. He could not be sent to Kingston because of his age and St. John's Industrial School authorities refused to take him, saying that he could not be controlled by them. He could not be sent to Burwash until a special order was made, as his term was too long.

SHOT THROUGH ARM AT STRATHROY FAIR

[Special To The Advertiser.]
STRATHROY, Sept. 21.—Andrew Boulton of Adelaide Township was shot through the left arm late yesterday afternoon at the fair grounds here. Mr. Boulton was standing beside a shooting gallery and had stooped to examine an automobile tire, when a stray shot fired by a "poor" shot caught him in the arm. Mr. Boulton was rushed to the General Hospital, where the 22-calibre bullet was removed. Today he was reported as being greatly improved. Provincial Officer Palmer of London notified the man in charge of the shooting gallery that he would have to make several alterations to his outfit, which was immediately done.

BONUS WILL BE CUT OFF.
LONDON, Sept. 21.—(By Canadian Press.)—The bonus paid the London police to meet the increased cost of living ceases at the end of this month, which means a six shilling reduction per week for single men and two shillings for married men.

Indigestion and Stomach Trouble
WILL DISAPPEAR LIKE MAGIC

Redmac, the new Indian Tonic, made from Herbs, Roots and Bark, has worked wonders after taking a few doses. The stomach becomes sweet, all soreness will go. You will be able to eat anything. The pain in the Stomach and Back will bother you no more. You will feel fine. The bowels will work naturally. Your skin will become clear, your breath sweet. Redmac is the most wonderful of all tonics. It purifies the whole system. Sold in London at Taylor's Drug Store, 390 Richmond street, and one druggist in every town.

ANNUAL SPORTS HELD AT ONTARIO HOSPITAL

Program Varied and Interesting—Five Hundred Attend From City.

Entirely successful were the 34th annual sports of the Ontario Hospital held yesterday afternoon at London Junction. Four or five hundred visitors attended from the city, and the program was varied and interesting throughout. Excellent music was furnished by the McDonald Pipe Band. One of the most interesting events was the hat-trimming contest, in which each fair competitor was assisted by one of the visiting judges or patrons. The assistant had to wear the hat trimmed by the competitor, and the competitors marched twice around the course. S. Frank Glass, M.P., judged this event. The greased pole-climbing event was not officially decided, although the prize of \$2 was won by somebody. However, the pole was too well greased for anyone to climb it, according to the rules of the contest, and the \$2 remained in the contest, and the judges left the field. With the aid of ladders, undaunted youths finally surmounted the pole and divided the money somehow. The racing band, made up by attendants in costume, added much of both color and amusement to the occasion.

The Winners.
The following are the winners in the various other events:
Employees' boys, under 10—Willie Neale, M. Marshall, Billy Talbot. Employees' boys, over 10—W. Doane, Robert Rose, Tom England, Whitney Colbert.
Girls, under 10—Joan Duncan, E. Doane, P. Lewis, Mary Neale. Girls, over 10—Margaret McLaughlin, Elsie Neale, Annie Jones, Florence Lewis.
Men's Race—James Jacques, Cecil Vogan, Robert Treman, S. Clarke, B. Summers.

Tilting the bucket, open—Glover and Knight, Atkinson and Neale, Davis and Newman.
Chicken race, women employees—Miss Mary Miller, Miss Sproule, Mrs. Robinson, Miss Christie, Miss Grimmonson, Miss Hankinson.
Quarter mile, open—Harkness, Hayward, Newman.
Officials and Committees.
Credit for the success of the program rests with the following patrons, judges, officials and committees:
Patrons—Sir Adam Beck, S. Frank Glass, M.P., J. W. Freeborn, M.P.P., Dr. H. A. Stevenson, M.P.P., Major Hume Cronyn, M.P., Gen. Panet, Col. Hill, Mayor Lloyd.
Judges—Ed. Wield, Wm. Rhodes, A. Hunt, W. H. Chitlock, Chief Att. Ken, T. W. McFarland, Dr. Routledge, Capt. Thos. Robson, Sam. Bald, G. Garshore, Archibald McLean, Ald. G. Harkness, Controller J. Saunders, F. H. Drake, Skey, Rev. John Hosie, R. D. McDonald, T. H. Carling, Rev. A. L. Beverley, G. F. Pearson, J. M. Dillon, Wm. Turnbull, Robt. Brooks, Rev. W. L. Reid.
Committee of Management: Dr. Robinson, Dr. Stevenson, Dr. Kaiser, E. Webb, M. Walker, G. Ames, J. Stark, W. McFadden, Hunter, H. M. Marshall, S. G. Chalk, H. Colborne, F. Moffatt, W. H. K. Talbot, Sam. Roberts, R. H. Heighway, T. McLaughlin, R. Beatty.
E. Webb, secretary; T. McLaughlin, starter.

LATE ELIZABETH SCATES CAME FROM LONDON TP.

WOODSTOCK, Sept. 21.—The death took place today of two of Woodstock's oldest residents, Mrs. Mary Ann Tunks and Mrs. Elizabeth Scates. The combined ages of the two pioneers was 165 years. Mrs. Tunks was 84 years of age and came to this country from England when five years of age, and has lived in this part of the country ever since. Five daughters and three sons survive. Mrs. Elizabeth Scates was 81 years of age and was born in London Township, Middlesex County. She came to this city from Appin with her husband, who alone survives her.

LAYS HOSPITAL CORNERSTONE.
ONTO, Sept. 21.—Lieutenant-Governor Harry Cockshutt laid the cornerstone here today of the Soldiers' Memorial Hospital, which is being erected at a cost of \$110,000.

Clubs Forty Jobless Men As They Are Seeking Food.

NEW YORK, Sept. 21.—Thousands of persons in the vicinity of Bryant Park witnessed an attack yesterday by a police force on 40 hungry and jobless men, who had gathered about six elderly women distributing sandwiches. Bystanders who saw the police attack hundreds of unemployed men the other day as they entered the park for the proposed "auction sale" of jobless men and women by Urban Lehoux, declared the assault was even less justified and more violent. The policeman is said to have felled at least a dozen of the men with his club and to have beaten others across the back and legs while they sought safety in flight.

Bruce Liberals See Hot-test Campaign in Many Years.

[Special To The Advertiser.]
WALKERTON, Sept. 21.—A convention of the Liberals of South Bruce will be held in the town hall here on Monday next for the purpose of reorganizing and to nominate a candidate to contest the riding in the approaching federal election. In the Liberal ranks here there is great enthusiasm. It is stated by veteran Liberals that not since the general elections of 1896 when the late Sir Wilfrid Laurier was returned prime minister, has there been displayed so much interest concerning an election. A large delegation is expected to go from here for the convention.

BIG LUMBER MILL DESTROYED BY FIRE

Six Million Feet of Timber Burned At Parry Sound.

PARRY SOUND, Sept. 21.—Fire today destroyed the mill and lumber stocks of the Conger Lumber Company here, as well as a large number of boats, canoes and bathhouses along the waterfront. For a time the town itself was threatened with destruction, but the wind that blew from the southeast aided the firefighters, and as the fire is dying down tonight, it is believed the danger has been averted. Besides the mill and machinery, the loss includes 6,000,000 feet of lumber, 4,000,000 pieces of lath, piles, slabs or other mill products, as well as several company's barns and stables, dwelling-house, tramway and railway shop line. A large number of boats and canoes which had been stored here for the winter by private parties were burned. A. W. Daball's boat livery and repair works were destroyed. About half of the lumber was owned by Messrs. Pratt & Shaughnessy of Midland. The extent of the loss, which has not yet been estimated, is partly covered by insurance. About 80 men will be thrown out of employment.

THREE-CORNERED FIGHT LIKELY IN OXFORD

[Special To The Advertiser.]
WOODSTOCK, Sept. 21.—Election gossip in North Oxford is beginning to hum. With two candidates, D. M. Ross, U.F.O., and W. W. Day, Liberal, already in the field for the Legislature by-election, there is talk of two more candidates. The Conservatives will meet next week and it is almost sure they will nominate a candidate. The names of John Sisco, president of the association, and H. B. Neely of this city, are being freely mentioned as prospective candidates in the event of the Conservatives putting a man in the field. It is likely that the Labor party will also decide to enter the fight, making a quartet of candidates in the field.

FAST RACES FEATURE OF STRATHROY FAIR

Four Close Finishes Kept the Crowd of Ten Thousand On Its Toes.

[By Staff Reporter.]
STRATHROY, Sept. 21.—Old Sol, who flirled all morning with the directors of the Strathroy Fair, decided he would stay for the afternoon, and consequently 10,000 people swarmed the grounds and grandstand on the last day of the fair, which was voted the best show ever held.

The parade of live stock winners before the grandstand proved to be one of the features today, the prize horses being heartily applauded as they swept past with arched necks.

Finishes Were Close.
Owing to wet weather yesterday, all four speed events were run off this afternoon, and those who came to see some real races were amply rewarded, close finishes being in order.

The local race, with a purse of \$150, attracted eight entries and provided a merry chase. Belgo, owned by Harry Headley of Denfield, won in three straight heats, with Tomeco, owned by J. Mackey of Strathroy, second. J. Mackey and concession men did a roaring business. Provincial Officers Palmer and Gale kept a close watch on their proceedings, and no flim-flam games were noted. License Inspector J. E. Keenleyside of London was also present on the grounds this afternoon, and reported everything correct. Further judging results are:

Horses.
Chamber of commerce \$15, special, best mare and foal, general purpose—Oscar Daniels, R. R. No. 2, Denfield. A colt owned by Mr. Daniels won the special for general purpose colts. The Denfield man also showed the prize draught brood mare and foal. Leander Foster of Watford, Arthur Barrett of Ilderton, Eph. Eboy of Adelaide, and D. A. McNeill of Carleton Place were the principal winners among the agricultural class. W. A. Bryant, Strathroy, showed the best general purpose brood mare and foal, while Jas. Hill & Son of Carleton Place showed the best two-year-old mare, and D. L. Graham of Lobo the best three-year-old mare. The prize for the best span of heavy horses went to Thomas Hardy of Melbourne, with Ed. Murdoch of Walkerton, second, and Eph. Eboy third. Archie Barrett, Parishill, showed the best roadster foal, while R. Morgan & Son had the best pony. Miss Pearl McGugan, Carleton Place, was judged the best lady driver. She handled the reins for her brother, Harold Curry had the best single turnout on the grounds, and also the best single roadster. Morris McGugan took the prize for best single carriage, mare or gelding, and James Hill & Son for best span of horses.

Cattle.
William Connolly, Strathroy, took all prizes for Ayrshire cattle, while Jas. Pearson of Strathroy took all the firsts for Holsteins, and Jas. Butler, Strathroy, in the Jerseys. In the juvenile class S. S. No. 2, Adelaide showed the best collection of vegetables, while the Colborne school, Strathroy, had a better horticultural display than the Maitland school. Each school has twice been adjudged winner and next year will decide the superiority.

Donald Limon drew the best map of Middlesex, and Hunter of Maitland school the best Union Jack. Jack Graham, son of D. A. Graham, had the prize crate of apples and the biggest squash and pumpkin. Lucy Hunter, Strathroy, showed the best five potatoes. William Willmott, Fred Hoskin, Ralph Buttrey were also among the juvenile vegetable prize winners.

The Race Results.
Following is a resume of the speed events:
Local Race, Purse \$150, Half Mile Heats.
