GREAT BRITAIN TO REQUISITION NECESSARY FOREIGN SECURITIES

Voluntary Mobilization Scheme Having Failed, Compulsion is to be Applied to Holders.

A despatch from London says: The Official Gazette announces that by a new order-in-Council the Treasury is empowered under the Defence of the Realm Act to requisition any foreign securities which may be required to strengthen Great Britain's financial position and also to require holders of such securities to make a return on them to the Treasury.

\$25.00 FOR A LETTER

CAN YOU WRITE ONE?

Thirteen Prizes to be Awarded in a Letter Writing Competition.

Some years ago the Dr. Williams' Medicine Co., of Brockville, Ont., offered a series of prizes to residents of Ontario for the best letters describing cures wrought by the use of Dr. Williams' Pink Pills for Pale People. Hundreds of letters were submitted in this competition, and yet there must have been thousands of other users of the pills who did not avail themselves of the opportunity to win a prize.

THE PRIZES:

The Dr. Williams' Medicine Co., of Brockville, Ont., will award a prize of \$25.00 for the best letter received on or before the 17th day of February, 1917, from residents of Ontario, on the subject, "Why I Recommend Dr. Williams' Pink Pills." A prize of \$10.00 will be awarded for the second best letter received; a prize of \$6.00 for the third best letter, and ten prizes of \$2.00 each for the next best ten letters.

THE CONDITIONS:

The cure or benefit from the use of Dr. Williams' Pink Pills described in the letter may be in the writer's own case, or one that has come under his or her personal observation. More than one cure may be described in the letter, but every statement must be literally and absolutely true.

The letter should be not longer than is necessary to relate the benefit obtained from the remedy in the case described. Every letter must be signed by the full name and correct address of the person sending it.

It is understood that The Dr. Williams' Medicine Co. shall have the right to publish any letter entered in this contest if they desire to do so whether it wins a prize or not.

The contest will close on February 17th, 1917, and the prizes will be awarded as soon as possible thereafter. Do not delay. If you know of a cure write your letter now. Observe the above conditions carefully or your letter may be thrown out.

Address all letters as follows: The Dr. Williams' Medicine Co., Brockville, Ont., Letter Contest Department.

\$500,000 IS PAID FOR A WESTERN FARM.

A despatch from Saskatoon says: The Welzen farm, situated eighty miles from Saskatoon, on the Elrose (C.N.R.) line, has been sold to the Scottish Wholesalers Co-operative Society for \$500,000, all cash. The farm comprises ten thousand acres, eight thousand of which are under cultivation.

WILL CARE FOR 200 BELGIAN FAMILIES

A despatch from Brantford says: Brantford and Brant county will undertake the care of two hundred Belgian families at a cost of \$500 monthly, doubling their previous promise, owing to public sentiment answering to the appeal.

DIVIDING BRITAIN IN SIX DISTRICTS

Civil Marshalling of Forces to Carry On War at High Pressure.

A despatch from New York says: The Sun on Thursday morning published the following special cable from London under Wednesday's date: The first steps toward civil mobilization indicating Great Britain's adamant determination to fight to a finish and to victory have crowded out any discussion of the attitude of the United States toward distant peace league schemes.

Labor's support, expressed at the Manchester conference, has greatly gratified the Government and will pave the way for Neville Chamberlain's fast-maturing plans for mobilizing all industries and cutting down the number of men working in non-essential trades to the minimum and increasing to the maximum the efficiency of all the vital trades.

Mr. Chamberlain's scheme contemplates dividing Great Britain into six districts, Wales and Scotland each constituting a division, the other centres being Leeds, Manchester, Birmingham, and Bristol. With these points as basis, he intends to push all the war work and food production to the limit of the laborers' capacity and maintain high speed until the war ends.

The first call for volunteers under the National Service rule was made, a few days ago. There is no age limit, and both men and women are accepted. Speakers are spreading all over the country to carry out a campaign of recruiting similar to the early days of the war, when soldiers for fighting were recruited. As fast as recruits are gathered they will be drafted into battalions according to their fitness for various kinds of work, the strongest women becoming members of the Land Service Corps and the weaker ones joining the munition-making army.

PARIS IS IN THE GRIP OF ARCTIC WEATHER.

A despatch from Paris says: France is in the grip of the severest cold weather for many years. The thermometer in Paris registered 17 degrees Fahrenheit on Friday and even in southern cities like Marseilles and Bordeaux there were several degrees of frost. The number of deaths from cold and the sufferings of the Parisians have been aggravated by the coal shortage. Edouard Herriot, Minister of National Subsistence, has taken energetic charge of the situation, co-operating with the city authorities. Mr. Herriot has decided to sell a large part of the reserve stock of fuel to the public and has lent military auto wagons to carry coal to the small dealers who have no conveyances. The cold has brought packs of wolves into the department, and bears are ravaging the fields in the Loir Valley.

IRISH-CANADIAN RANGERS ARE CHEERED IN DUBLIN.

A despatch from Dublin says: The Duchess of Connaught's Own Irish-Canadian Rangers, 700 men and 28 officers, arrived in Dublin Thursday afternoon and marched through the principal streets to Wellington Barracks. Crowds of workers watched them march along the quays. When the battalion turned into Westmoreland Street the music of the bands brought large numbers of people from shops and warehouses. The fine appearance of the men created a favorable impression. Also at College Green and Great George Street crowds collected. From here until Wellington Barracks were reached the men were heartily cheered.

BRITAIN FINANCES HERSELF AND ALLIES.

A despatch from London says: Sir Felix Schuster, speaking on Wednesday at the annual meeting of the Union of London and Smith's Bank, Limited, of which he is the Governor, discussed the British financial situation. Regarding operations in the United States, Sir Felix said: "In addition to loans, a great many American securities have been sold; it has been estimated that \$250,000,000 of American securities have been sold, but it is impossible to speak with certainty of the figures which, however, are very large. It must be remembered we are financing not only our own, but our allies' requirements."

FRENCHMAN BAGS 27 GERMAN PLANES.

A despatch from Paris says: An official statement issued on Thursday says: "Lieut. Gynemer on Wednesday brought down his second German airplane for this day near the railroad station at Chauhanes. This brings up to twenty-seven the number of enemy airplanes destroyed by this pilot. Lieut. Herteaux on the same day brought down his seventeenth airplane, which crashed to the ground near Parvillers."

LEADING MARKETS BRITISH FOOD DIRECTOR CUTS AMOUNT OF BEER TO BE BREWED

Only Half The Output of the Year Preceding the War Will Be Allowed.

A despatch from London says: In order to reduce the consumption of foodstuffs, by breweries, Baron Devonport, the Food Controller, has decided that the quantity of beer to be brewed for the year beginning in April shall be restricted to 70 per cent. of the output of the previous year. This means that only 15,000,000 barrels of beer will be produced, about half the output of the year preceding the war. Baron Devonport is explaining the object of his order, said the restriction must not be deemed a measure of temperance or of social reform.

HALF MILLION SPENT IN RELIEF WARRANTS. ADMIT LOSSES OF 2,000,000

Government Gave \$100,000 For Fire Sufferers, \$400,000 For Seed in West.

A despatch from Ottawa says: A statement of expenditure under Governor-General's warrants during the current fiscal year tabled in the Commons on Thursday shows that the Government appropriated and expended \$100,000 for the relief of sufferers by forest fires in Northern Ontario last summer, and \$400,000 for the purchase of seed grain for farmers in distress in Manitoba, Alberta and Saskatchewan.

WAR TO END IN AUTUMN.

Sir Gilbert Parker Says Economic Collapse of Germany Pending.

A despatch from Montreal says: Sir Gilbert Parker, Canadian novelist, and member of the British House of Commons, arrived in Montreal on Wednesday from New York, where he landed from a steamer on Sunday. Sir Gilbert predicts that the war will end next autumn, if not a little earlier than that. The end will come, he says, through the economic collapse of Germany and the smashing of the German lines on the western front by the Anglo-French forces.

GREEK GOVERNMENT APOLOGIZES TO ALLIES.

A despatch from London says: In compliance with one of the demands of the Entente Powers recently agreed to by Greece, the Greek Government on Thursday handed to the Entente Ministers a note formally expressing regret for the events of early last December, when Entente forces at Athens were fired on by Greeks.

FRANCE TO ADVANCE FARES ON RAILROADS.

A despatch from Paris says: Preliminary steps toward increasing railroad rates fifteen per cent. were taken Wednesday when the consulting committee of the French companies and Minister of National Subsistence and Labor Herriot approved the proposed measures. A bill to increase the rates will be introduced in the Chamber of Deputies shortly.

PEACE WITH VICTORY IS ONLY SOLUTION.

A despatch from London says: The Bishop of Sheffield, presiding at a diocesan conference recently and making reference to President Wilson's address, said he believed with his whole heart in ultimate and complete victory in the war. He had no belief whatever in peace without victory. It was "a positively ludicrous impossibility." The bishop deprecated the talk of making compromises with evil.

1,430 GERMAN PAPERS SUSPEND PUBLICATION.

A despatch from London says: The Cologne Gazette says no fewer than 1,430 German newspapers and periodicals are no longer able to appear.

To Indemnify Losses by War.

A despatch from Paris says: The Chamber of Deputies has unanimously adopted a bill providing for the indemnification of persons whose houses and properties suffered damage by reason of the war.

SEVEN TURKISH VESSELS DESTROYED BY RUSSIANS.

Death of Michael Moran

In the death of Michael Moran Culross has lost another of her oldest and most highly respected pioneers. He was born in Ireland in 1846 and died Jan. 20th 1917. In 1873 he married Miss Johanna Molloy who predeceased him nineteen years ago. Of his eight children six are living, James of Niagara Falls, Thomas, of Detroit, Joseph, of Calgary, Frank Robert, and John of Culross and his sisters Mrs. Wm. Kelley and brother James both of Culross. He was a staunch R. C. member, a liberal in politics and a good kind father and neighbour. The funeral from the home of his son, Frank, Lot 6, Con. 2 Culross, on Monday to the R. C. Church Teeswater, was largely attended by neighbours and friends. Rev. Father Capps officiated. Interment took place in the R. C. Cemetery. —Teeswater News.

Items Of Interest.

Twenty Scottish intended brides arrived last week to become the wives of Canadian homes. Canadian young ladies should enquire who has the greater competency for home making they or their sisters over the ocean.

The Los Angeles Times is out with a good suggestion about Christmas trees. That paper says that a family requiring one should plant it in a tub and use it from year to year. In this way they will be giving a tree to the nation instead of destroying one every year.

The weather prophets, who predicted a mild, open winter, appear to be out about as far as they usually are in cases of this kind. Taking January so far as a sample, there has been nothing very open about it. In fact it has been much colder for the past three weeks than at any time during last winter. The prophets will simply have to revise their calendar.

That the cigar trade has been cut down immensely since the advent of prohibition was the statement made by a leading Ontario cigar manufacturer last week. Many manufacturers throughout Ontario, he said, have been forced out of business as a result of the falling off in business and the increasing cost of labor. "With the treating system," said another "the hotels used to handle three times the number of cigars sold by the cigar stores."

Good results of the change in railway service, which took place on the 15th, were felt in Toronto on Sunday and Monday, when more than eight thousand tons of coal were moved from Black Rock to the city. The G. T. R. alone pulled out 600 cars of coal. This would be welcome news to the city, where many institutions and houses were almost out of fuel. It will be good news to the rest of the province too—and right here in Mildmay—when the coal cars begin to come this way. We can't stand for coal famine in this country.

A Pitiful Case.

Under commitment of the police magistrate of Wingham, a girl named Roberts, whose parental home is at Gorrie, is in the goal here on a vagrancy charge. She tells a pitiful tale of neglect on the part of those who should have looked after her. Practically turned out of her home, and without a friend to care for her welfare, she wandered about for weeks, sleeping in barns or wherever else she could obtain shelter, until her case was brought to the attention of the authorities. She is only nineteen years of age and appears to be anxious to live respectably if given a fair chance. Some kind-hearted people in town have taken an interest in her and it is hoped happier days are in store for the young girl.—Goderich Signal.

Hogland Gets \$700

Orin Hogland, a son-in-law of John Bester, and who claims to have been included by Bester to give up his job and sell his property in Harbor Springs, Mich., and come to Walkerton with his family on the strength of a promise made by Bester that he would set him up on a farm, succeeded in obtaining from Judge Greig at the County Court here on Wednesday an award for \$700 damages against Bester for the loss he sustained through defendant's failure to carry out his promise and secure the farm. Mr. David Robertson, K. C., appeared for the plaintiff at the trial, while Bester who is ill in the Hospital here, was unrepresented at the court.—Herald-Times.

Had Fine Reduced

The young Walkertonian who was fined \$200.00 and costs for giving a chum a friendly drink out of a booze flask while driving to Hanover to spend New Years, succeeded in having his fine reduced by the Ontario License Commission last week to \$50.00. His solicitor wrote the Commission, and on advancing the plea that it was the first conviction under the Act recorded in Walkerton, together with other extenuating circumstances, was successful in having the fine cut into a quarter of the original sum. However as \$200 is the lowest fine set for passing such refreshments in public and is being collected from offenders every day in Toronto, the next gent who gets off the track here isn't likely to see the color of a refund after conviction.

Bayoneted in Right Hand.

On Tuesday, E. W. Schneider, a foreman in the factory of Krug Bros. Co., met with a nasty accident. A stick four feet long flew off a saw with great force entering his right hand between the second and third finger emerging near the wrist. It was necessary to cut a piece off the stick before he could get his coat on and have it dressed by his doctor. He will be off work for nearly a month. E. W. now has a kind of idea what a bayonet thrust in the hand would be like.—Chesley Enterprise.—The injured man is a son of Mr Jac. L. Schneider.

Old Weather Signs.

Here are a few old English weather signs which are older probably than any one living to-day. Experience has shown them to be fairly reliable, and some of them can be explained on a scientific basis:

Moonlight nights have the heaviest frosts.

The higher the clouds the finer the weather.

The farther the sight the nearer the rain.

Dew is an indication of fine weather. When stars flicker in a dark background, rain or snow follows soon.

Expect a strong wind with stormy weather when smoke from chimneys hangs near the ground.

Here are a few in verse: They have the advantage of being easily remembered:

Clear moon, Frost soon.

Year of snow, Fruit will grow.

Rain before seven, Rain before eleven.

If the sun set in gray, The next will be a rainy day.

When the wind's in the south, The rain's in its mouth.

The wind in the west, Suits everyone best.

If you see grass in January, Lock your grain in the granary.

Evening red and Morning grey Help the traveller on his way;

Evening grey and morning red Bring down rain upon his head.

When the clouds appear like rocks and towers,

The earth's refreshed by frequent showers.

"ANURIC!" THE NEWEST DISCOVERY IN CHEMISTRY

This is a recent discovery of Doctor Pierce, who is head of the Invalids' Hotel and Surgical Institute at Buffalo, N. Y. Experiments at Doctor Pierce's Hospital for several years proved that there is no other eliminator of uric acid that can be compared to it. For those easily recognized symptoms of inflammation—as backache, scalding urine and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, it is simply wonderful how surely "Anuric" acts. The best of results are always obtained in cases of acute rheumatism in the joints, in gravel and gout, and invariably the pains and stiffness which so frequently and persistently accompany the disease rapidly disappear.

Go to your nearest drug store and simply ask for a 50-cent package of "Anuric," manufactured by Dr. Pierce, or send 10 cents to Dr. Pierce for a large trial package. If you suspect kidney or bladder trouble, send him a sample of your water and describe symptoms. Doctor Pierce's chemist will examine it, then Dr. Pierce will report to you, without fee or charge.

NOTE:—French scientists affirm that "Anuric" is thirty-seven times more active than lithia in eliminating uric acid, and is a harmless but reliable chemical compound that may be safely given to children, but should be used only by grown-ups who actually wish to restore their kidneys to perfect health, by conscientiously using one box—or more in extreme cases—as "Anuric" (thanks to Doctor Pierce's achievement) is by far the most perfect kidney and bladder corrector obtainable.

Dr. Pierce's Pellets are the original little Liver Pills. One little Pellet for a laxative—three for a cathartic.

Fined \$20 and Costs.

It wasn't whiskey that got the man into trouble this time, it was eggs. It wasn't a local case either, but it imparts a useful lesson to those who bring or send eggs to market. It happened at Kitchener last week. L. Schilling, a farmer of Waterloo Township, offered stale eggs for sale in Kitchener. He was charged with violating the Pure Food Act, asked to appear in court, and being proved guilty was fined \$20 and costs. This may happen to anybody in Ontario who offers for sale stale eggs or other food stuff that has gone bad. It is up to the seller to know that what he offers is good.

Pension Commission

The Dominion Government have appointed a Board of Pension Commissioners for Canada with offices in Ottawa. As this Board wish to cause as little delay as possible in dealing with communications with regard to pensions, they wish the public to correspond directly with the Board of Pension Commissioners, Ottawa.

A great deal of delay may be caused by communications being sent through other Departments of the Government.

The Patriotic Fund Association and the Military Hospitals Commission have kindly consented to give information and assistance to those wishing to write direct to the Board of Pension Commissioners. These societies have offices in certain localities throughout Canada.

In addition, in order to facilitate the granting of pensions, the Board is opening Branch pension offices in Vancouver, Calgary, Edmonton, Regina, Winnipeg, London, Hamilton, Toronto, Barrie, Kingston, Ottawa, Montreal, Quebec, St. John and Halifax. All information with regard to pensions may be obtained from these offices.

Missing; Believed Killed

Many hearts were saddened by the news that came over the wires on Thursday that Alvin E. Wilton, only son of Mr. and Mrs. Dan Wilton of Walkerton was officially reported missing and believed killed on January 5th. Alvin was a manly intelligent young fellow in whom much hope was centred by his devoted parents. He was born and raised in the old town, was well known here and well-liked by everybody. If it be true that the young soldier has made the Supreme Sacrifice, it is comforting to know that his was a hero's death and he died manfully at his post in the performance of his stern duty.

Before joining the Tobermory Wireless Guard in 1914, Alvin was assistant to his father, Mr. Dan Wilton, Engineer

at the Waterworks pumping station. Later he joined the 71st Battalion at Galt and was one of the Walkerton boys who left Galt for Overseas on March 29th last. On the breaking up of the 71st Batt. in England, he was transferred to the 4th Trench Mortar Battery, 10th Infantry Brigade, 4th Canadian Division. In the battery he had several Walkerton boys for companions, including Chester Cunningham, L. B. Russell, Roy Oberle, Ed. Eidt, Ted Wilhelm, Everett Trux. It is worth noting that Alvin's is the first name of the Walkerton boys in the Battery to appear at all in the Casualty lists. It was on the 10th day of August that the boys crossed the Channel and they were soon in the trenches. After several months on the firing line, Alvin contracted rheumatism and was sent to the Hospital. On Christmas Day he rejoined his battery at the Front.—Telescope.

BELMORE

Anyone who failed to attend the Scotch concert, given by the Literary Society on Tuesday evening of last week missed a real treat, as it was one of the best programmes ever put up here. The evening's entertainment took the form of a contest, Rev. Mr. Sinclair and Mr. Henry Johann acting as captains on the respective sides; each side was given 45 minutes in which to put on as many numbers as possible and bring out as many phases of Scotch life and character as they could; Mr. Thomas Inglis, Mr. John Darling and Mr. Thomas Ritchie acting as judges. A few of the numbers given were:—

"Loch Lomond" by a quartette. "The Crooked Bawbee," a duet. "When You Gang Awa' Laddie," a duet. "A Hundred Pipers and a' and a'," by eight young men.

"Call'er Herrin," by six young ladies. "A Highland Sermon." "Sandy and Jean at Home," a dialogue. "The Gowk's Errand," also a dialogue. "Bairnies Cuddle Doon and Nicht," and "The New Kirk Organ," recitations.

Every number was well rendered, the costumes were perfect, the acting was well done, and the accent was very marked, showing that the Scottish element in this district is by no means extinct. All that is required is an opportunity of this sort to call it forth. The judges decided in favor of Mr. Johann's side, not on account of the way the different numbers were rendered, in this they were about equal, but because the latter side put on the greatest number in the given time. The punishment meted out to the losing side, in this case is the privilege of providing the lunch for the social evening to be given next month. At the close the members assembled in a circle on the platform and joining hands sang "Auld Lang Syne" in true Scottish fashion, the audience joining in heartily. The proceeds of the evening amounting to something over \$25 will be given for Red Cross purposes.

Housekeeping Is Not the Task It Used to Be

MODERN invention has done away with much of the hard work. For instance, the cleaning and polishing of hardwood floors, the dusting of moldings, the tops of high furniture, the stairs, under the radiator, etc. These back-breaking tasks are now made easy with the

O-Cedar Mop

With it you can dust, clean and polish a hardwood floor in the time it formerly took you to get ready to do it.

Besides, you do not have to get down on your hands and knees to dust under the bed or other hard-to-get-at places, or to stand on a chair to dust the top of the high furniture. All of the hard work is now made easy with the O-Cedar Polish Mop. It gathers all the dust or dirt from everywhere and holds it. The mop is easily cleaned by washing and then renewed by pouring on a few drops of O-Cedar Polish.

Try It at Our Risk. Try it two whole days with this understanding: If you do not find it satisfactory in every respect we will return your money. The price is only \$1.50 and it will save its price many times over in a short time.
