

The Acadian

DEVOTED TO THE INTERESTS OF WOLFFVILLE AND EASTERN KINGS

Vol. XL, No. 21,

WOLFFVILLE, NOVA SCOTIA, FRIDAY, MARCH 11, 1921.

\$2.00, payable in advance

Professor McPhee

Lectures Before St. John's Young People's Society

The inaugural meeting of the Young People's Society of St. John's Church was held last Friday evening in the Parish Hall. There was an excellent attendance. The rector presided and explained the nature and objects of the Society. It has been got up, he said, for the mutual improvement and entertainment of the members, for promoting social intercourse among the younger members of the congregation and assisting in the work of the parish. It was not a children's society and all the adult members of the congregation of any age were eligible for membership but it would be managed by the Young people.

Professor McPhee then delivered a most interesting and eloquent address which was listened to with rapt attention. He said he was glad to find a Society that had been established not so much for the object of setting other people right, but for self-improvement. We had plenty of the first named kind, sometimes he thought too many, but we could not have too many of the latter. His subject was the beauty of common things. We could make anything beautiful if we looked at it a certain way, and the beauty of everything depended upon our attitude towards it. Viewed in the right spirit the most commonplace duty, or person or thing became beautiful, however externally unattractive it might be.

A hearty vote of thanks moved by Mr. R. Creighton seconded by Mr. Edmund Crawley was accorded by standing vote to the lecturer. Revs. Dr. McDonald and W. H. Watts spoke briefly and the Vice-President, Mr. L. Rudolph, said a few words. Just before the close of the meeting Mr. Patrinquin arose and expressed his great pleasure in being present and his appreciation of Professor McPhee's fine address. He wished the Society every success. The singing of the National Anthem closed the meeting. A large number joined the Society afterwards which now numbers over thirty members. The Sec.-Treas., Miss Angela Herbin, will be glad to receive members.

AN EXHIBITION OF BOY'S WORK

On the evening of Monday, March 25th, an unique entertainment will be given at the Opera House. This is not merely an entertainment and as such amusing, but an explanation and an exhibition of a modern system of work among teen age boys and therefore of extreme value to all who are interested in the coming men of this Canada of Ours. Such an exhibition has probably never been attempted in the Province and no one in Wolfville should miss it.

The program will open with an overture by the College Band, the members of which are always ready to co-operate with the Town, thus showing a splendid spirit. The Reverend L. A. Buckley, the well-known Secretary of the Y. M. C. A. for Boys Work in the Maritime Provinces, will then give an explanatory address on the Tuxis work. This will be followed by an amusing quartette extolling the merits of Mother Winslow's Soothing Syrup.

Four of the Tuxis Boys will then speak on the four standards of the Tuxis Program, slides illustrating the ideals of each standard being shown at the same time. Following this, Mr. Buckley will explain what is meant by "charting" and slides showing charts of some of our Wolfville boys will be thrown on the screen. Mr. Paul Tingley's Sunday School class, the "Quahbeets" will follow with a stunt in Pyramid Building.

The Wolfville Division of the Sons of Temperance having presented a cup to be given to the best all-round Scout at the age of fifteen, this cup will at this time be presented to the boy who has won it, the winner being "charted" on the stage. Between two portions of this charting, an amusing song with banjo and mandolin accompaniment will be given.

The College Band will then favor with a selection and the Entertainment will conclude with the Burlesque Grand Opera, "Uproar Grand." This is one of Witmark's best productions, and no explanation could do it justice. Its equal has never been produced in Wolfville. The principal parts are in the hands of well-known amateurs, who have given a great deal of time to careful rehearsals.

During the past year the Boy Scout funds have had to provide for the equipment and up-keep of the Club Room, which is now used by Girl Guides, Tuxis Boys and Boy Scouts. Permission has also lately been granted to the Philathea Class of the Baptist Sunday School to use the building. If the building is to continue its usefulness, a generous patronage of this entertainment is absolutely essential not only to provide funds but to encourage those who are devoting so much time to the work.

The Canadian Curiers have arrived home from their tour of the Old Land. The Cazucks won 29 of the 34 matches played.

MANUFACTURERS ON TOUR

J. A. McKinnon, President of the Canadian Manufacturers Association, who is heading a big delegation of manufacturers on a trip in Eastern Canada. He recently replied to the charges of J. J. Morrison, Secretary of the U. F. C.

GREENWICH LOSES PROMINENT CITIZEN

The death of Mr. Gustavus E. Bishop, which occurred at his home in Greenwich last Saturday morning, removes a gentleman well known and highly esteemed in the county.

The deceased was a son of the late Jesse Lewis Bishop and was 80 years of age, having been born at Greenwich in 1841. He lived practically all his life in his native village and was a good citizen of a type now rare, incorruptable and unselfish. Always ready to work for the public welfare, regardless of personal profit, he will be widely missed.

Some people do things if they get backing. Mr. Bishop did things and rustled his own backing, having the faculty of moving people against their "let well enough alone" inclinations. He may sometimes unavoidably made enemies, but he was never an enemy to any man.

He suffered greatly during the last five weeks of life, but his cheery disposition and never ending humor right up to the last unconscious moments will never be forgotten by those whom duty or friendship brought to his bedside.

Mr. Bishop came of a long-lived family of ten children in which this is the third death, he being survived by four brothers and three sisters. He is survived by one daughter, Miss Lillian Bishop, and one son, Burpee L. Bishop, both of Greenwich. Another daughter, Miss Blanche Bishop, died about three years ago.

The funeral was held on Monday afternoon, and was largely attended. Rev. Dr. MacDonald, pastor of the Wolfville Baptist Church, of which the deceased was a faithful member since 1859, conducted the service and the interment was in Willow Bank Cemetery.

THE COUNTY CLINIC

It may not be fully known to the citizens of Wolfville that by recent Provincial committees appointed by the Municipal Council and the Town Council of Kentville and Wolfville, a County Health Clinic has been established with headquarters at Kentville. Rooms have been fitted up in that town for the carrying on of Clinic work under the direction of Miss M. Hayden, County Nurse. The salary of the nurse is paid for the present by the Red Cross, while the expenses connected with the work is to be borne jointly by the Municipality and Towns. All bills to be paid by County Clerk and the town charges appearing in the joint service account. The Committee of Management as appointed by the joint committee are, the Warden of the County, and the Mayors of the Towns of Kentville and Wolfville. This matter has never been reported to our citizens and THE ACADIAN gives the information as soon as it could be secured.

PROF. BALCOM'S LECTURE

The closing lecture of the series given under the auspices of the Social and Benevolent Society of the Wolfville Baptist Church was delivered on the evening of March 3rd, by Prof. A. B. Balcom, of Acadia University. The topic was "Woman's Place in Society," and it was treated in the Professor's logical and lucid style. Prof. Balcom traced the place of woman through the earlier and later periods. He showed that three influences were at work in raising womanhood to her present status, namely, the religious reformation, the advance of science and the changed modern economic conditions.

A vote of thanks was extended to the lecturer moved by Prof. E. A. McPhee, and seconded by Mrs. Emma Whidden. The Seminary Glee Club, under the direction of Mrs. Gregory, furnished two musical numbers, and Mrs. Thompson rendered a violin solo. It was a profitable and enjoyable evening.

Kings Defeats Acadia

On Saturday night King's College Hockey team and Acadia College hockey team played an exhibition game in the Windsor rink that was won by King's score 5-1.

Referee Eric Boulden lined up the teams as follows:

Acadia	Goal	King's
W. Steeves	K. P. Harris	
Defense		
K. Fraser	A. Dunlop	
D. Wetmore	R. Parnell	
Centre		
A. Parker	J. Ruggles	
R. Wing		
K. Mason	G. White	
L. Wing		
M. Beardsley	E. R. Moulton	
Subs		
Kennedy	Burchill	
W. Monkley	Hickman	
R. Murray	Ross	

The game, played in three periods, was pronounced to be the best seen this year in the Windsor rink. It was swift, clean hockey from first to last, no penalties or rough house tactics and yet it was a hard fought game throughout.

In the first period, Dunlop scored first for Kings. Wolfville had the best chance on the play in this period but failed to make good on shooting. Beardsley scored one before the bell rang, this being the one and only tally made by Acadia during the game.

In the second period King's kept Acadia on the defensive, White scoring second goal for his team in this section of the play.

In the third and final struggle, the play was a series of end to end rushes, hot shots and brilliant dashing up and down the ice. Harris proved a perfect defender, allowing nothing to pass, but King's men in three hot shots, which placed the score 5 to 1 in King's favor, with Ruggles and Moulton being the lucky scorers. Each man on the team did his part and both teams kept up steam to the end.

After the game King's entertained the visitors to supper and the Acadia team came home on the last train.

EASTER SERVICES OF ACADIA STUDENTS

Arrangements are being made for special Easter services to be given in the Cathedral.

pastorate on Easter Sunday. The Acadia Evangelistic Band will assist the pastor, and a very attractive and helpful program will be presented. Many will recall a similar service on last Easter, which was largely and appreciatively attended. Plans for this year are for an even more helpful service. The Evangelistic Band will consist of about eighteen young men and women from Acadia University who are eager to proclaim the gospel message in music song and story. The program will consist of Ladies' quartettes, male quartettes, mixed quartettes, anthems, vocal and instrumental solos, and brief devotional addresses emphasizing man's immortal hope in the Easter message. A special seven piece orchestra will assist in the program of music. An Easter offering will be taken for church improvement purposes. Program will be published at a later date.

ACADEMY HOCKEY

The Acadia Collegiate Academy hockey team played a game with the King's Collegiate team at Evangeline Rink last Saturday morning. The home team displayed much better hockey and won by the score of 8 to 1.

On Tuesday the Academy team went to Antigonish where on Wednesday evening they played the St. Francis Xavier boys. The game was closely contested and although the Acadia boys put up a splendid game, they suffered defeat, the score being 7 to 6.

A Musical Treat

Helen Choate Made Hit Last Night

The Auditorium of the Baptist Church was well filled last night when Miss Helen Choate, soprano, of Boston, gave a recital which was greatly appreciated by the music lovers present. Miss Choate has a very sweet voice with a wide range and she sings easily and clearly. She has a splendid stage manner and captivated all with her pleasant smile. No small part of the success of the entertainment was due to the excellent accompanying of Miss Anna Mae Schneider, of the Conservatory staff. The program was as follows:

Finishing	Del Riego
Lady Moon	Coleridge-Taylor
The Unforeseen	Cyril Scott
What's in the Air Today	Eden
II.	
Aria from "Louise"	Charpentier
III.	
Les fleurs avaient des yeux	Massenet
Chouette	Granier
Chère de lune	Szulc
Plains des Alpes	Weckerlin
IV.	
Alors Love but a Day	Protheroe
Deep River (Negro Spiritual)	
Don't Come in Sir, Please	Cyril Scott
Know Where a Garden Grows	Densmore
V.	
God di Primavera	Strauss

GOD SAVE THE KING

THE CIVIC ELECTION

M. Wheaton Elected to Council

Probably Wolfville never experienced a more quiet election than that held on Monday. There were two polling booths, one in the Town Hall, in charge of Messrs. J. D. Davidson and Morgan Tamplin, and another at Rockwell's sample rooms, in charge of Messrs. J. W. Vaughan and J. West. Out of about a thousand names on the list, only 257 votes were cast, of which about one third were in favor of the small vote was due in a measure to the fact that very little canvassing was done and neither adequate supplied vehicles to carry voters to the polls. The result was as follows:

Wheaton	202
McNally	55

IS THERE A REASON?

These are the days when the small boys congregate in groups wherever the sidewalks are dry enough to play the time-honored game of marbles. Did you ever consider the psychology of the fact? Just now and for a few weeks marbles is the chief thought in the mind of the small boy, and then they are put away and never heard of or thought of until spring comes again. Can any one think of a pleasanter occupation in which the boys might indulge during the summer vacation than marbles? And yet did anyone ever hear marbles mentioned at that time of the year? Will some of the wise ones explain why this is thus in every generation? Perhaps one who is not wasting his time in playing "Bridge" or hockey may be able to explain.

By a majority of 51 the House of Commons Tuesday declared in favor of cabinet ministers being allowed to sit as directors of private corporations. The division, which came after a somewhat lengthy discussion of a bill introduced by A. R. McMaster, Liberal member for Brome, as a private measure, failed to receive unanimous support from the Liberal Opposition, split the Progressives into two sections, and met with the solid opposition of the Government supporters in the chamber.

SELECTED FOR IMPORTANT POSITION

J. W. Morcross, head of the Canada Steamship Lines, who has been appointed to represent Canada on the Foreign Commercial Commission.

WESTERN KINGS MEMORIAL HOSPITAL

A very large number attended the first annual meeting of the Western Kings Memorial Hospital Association which was held at Berwick on Monday afternoon in the school room of Wesley Church. T. H. Morse presided, and delivered a short account of the start of the movement. Rev. C. H. Johnson, the secretary, reported that the sum of \$30,000 had been promised, of which sum S. B. Chute had generously given \$10,000, and Capt. Robbins had sold the Association a site consisting of three and a half acres for \$500.

Two architects, Graham Johnson, Kentville and L. R. Fair, Aylesford, had submitted plans and specifications of a hospital building. The executive had chosen Mr. Fair's plan. Mr. Fair being present gave an idea of what the building would be like and the probable cost, about \$25,000.

The following were the officers for the coming year:

Hon. Pres., S. B. Chute; Pres. Dr. McNally; Vice-Pres., J. H. Chute; Secty., Rev. C. H. Johnson; Treas., Mrs. H. D. Patterson; Auditors, J. R. Patterson and R. L. Morse. The following were the members: Dr. McNally, J. N. Chute, E. W. Macrosson, H. D. Patterson, W. P. Parker, Dr. P. N. Balcom, G. R. Nichols, Jas. Cahill, W. B. Burgess, Councillor Gault, T. H. Morse, Mrs. Crichton and Mrs. A. M. Thomas.

SCHOOL BOARD MEETING

There was a meeting of the School Board on Monday evening with all the members present except Commissioner Vaughan, who was detained by illness. Accounts of J. C. Mitchell for \$1.30 and F. S. Crowell for \$10.00 for care of new school room were read and ordered to be paid.

Letters were read of persons anxious to have the opportunity of tendering for work and supplies for new school extension.

The estimates for the coming year were taken up and it was decided to ask the Council for the sum of \$19,500. This is \$2,000 more than was asked last year. Considerable discussion was had on the matter of the proposed additional school accommodation. It was reported that the difficulty of securing a site for a new building was being experienced. It was proposed to secure the property of Mr. N. H. Parsons either by purchase or expropriation. A committee of Messrs. Shaw and Sutcliffe was appointed to confer with Mr. Parsons and also wit Dr. Oakes relative to the matter.

Executive Meeting

King's County Boys Work Association

A special meeting of the Executive of this Association was held at the Town Hall, Wolfville on Wednesday, March 9th. Those present were, Dr. McKenna, President; Edson Graham, Secretary; R. Creighton, Treasurer; of Wolfville; Rev. D. S. Ross, Vice-President and Rev. A. B. Layton, of Kentville, and E. Percy Brown, District Commissioner.

The treasurer reported that a considerable number of subscriptions were still unpaid and the District Commissioner, Mr. Brown, was instructed to get in touch with the members of the finance committee in the various places and urge them to receive these amounts as soon as possible. The expenses of the organizer have to be met out of this year's funds and it is imperative that all amounts should be paid in at once and new subscribers obtained if possible. The salary of the District Commissioner is also in arrears.

Mr. Brown reported that the same policy as heretofore was being pursued. He believed in placing existing organizations on a sound basis before going further. Berwick, both North and South, is progressing favorably, as are also Waterville, Kentville and Wolfville. The difficulty of securing leaders and a place in which to meet, has held up matters in Canning; but this seems now in a fair way to be overcome.

Girl Guides have been finely established in Wolfville and this splendid movement will be rapidly extended to other places. A marked increase in Sunday School attendance has been noted in many cases as a result of this work with the boys and girls.

Boys from Berwick, Canning, Waterville, Kentville, Port Williams and Halifax have been given games of hockey in the Wolfville rink and been entertained by the Wolfville people at their homes. It is believed that this will do a great deal to promote friendly rivalry and set up a uniformly high standard among the boys. It is once more urgently requested that anyone in the County who is willing to start work with a group of boys or girls should communicate with the District Commissioner, Mr. E. Percy Brown, at Wolfville.

Mr. R. Creighton, the Treasurer, owing to pressure of other work, asked that Mr. George Munro, District Commissioner manager of the Bank of Montreal, be appointed in his place.

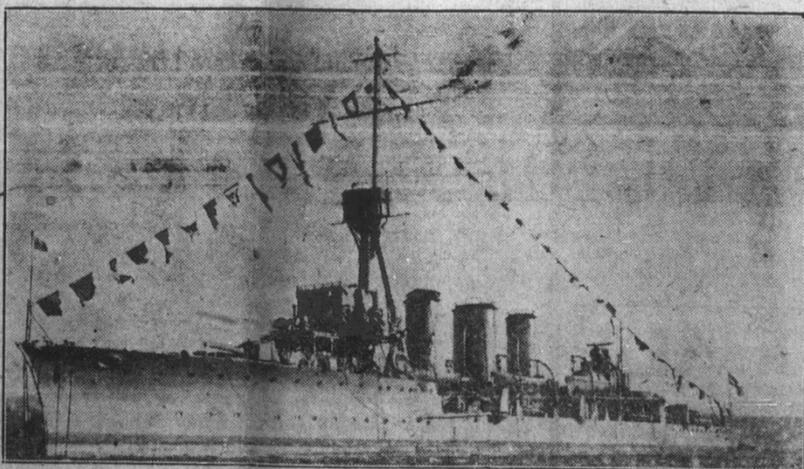

STELLARTON WINS FROM WOLFFVILLE

NEW GLASGOW, March 10—In the playoff game at the New Glasgow Arena tonight for the Morton and Thompson trophy between Stellarton and Wolfville hockey teams, the former won by a score of four goals to nothing. Notwithstanding that the ice was very heavy the play was at times exceedingly fast and the score does not by any means indicate the play as Wolfville had an equal share of the ice area but lost out mainly in their wild shooting.

In the first period Stellarton got away to a good start, Appleton scoring in two minutes. Sullivan getting number two after sixteen minutes play. With one minute of the period left Appleton again beat Spicer with a nice shot which left the Stellarton boys three goals to the good. In the second session after fourteen minutes play Sullivan secured the fourth and final goal of the game with two minutes left of this period. Kirby had his nose broken by being hit with a shot, but showed great pluck by coming out and finishing the game. In the final session both teams seemed inclined to mix matters, but Referees MacDougall and Curry handed out some well-deserved penalties and had the game well in hand at all times. For the Stellarton team, Nolan, Appleton and Sullivan were the shining lights, while Tingley, Fraser and Parker did the heavy work for Wolfville. The lineup:

Stellarton	Wolfville
Kirby	Goal
Nolan	Spicer
Fraser	Defence
Sullivan	Fraser
Higgins	Centre
Appleton	Tingley
McDonall	Left Wing
	Kennedy
	Right Wing
	Mason
	Spares
	Beardsley
	Woodman
	Eagles

Many of our readers neglect so small a thing as a subscription debt. Put yourself in the editor's place; expenses have to be met week after week. We have to rely on such small accounts for our income, therefore we would be obliged if those whose subscriptions which are still unpaid will remit as early as convenient. Thanks.

WHY DOESN'T HE PROPOSE?

The Girl With the Ancestors

"There she goes now—the one on the outside with the short skirt—she has an aggravated case of ancestors."

Both of the men laughed. The girl was a general joke around the hotel—yet I hated to hear these men laughing at her expense. Chiefly because I hate a man to sneer at a woman in any circumstance, and also because in this case the girl was young. She just didn't know that she was making herself ridiculous, just never stopped to think that we all have ancestors and that some of us have had the time to get acquainted with them and some have not. In any case it's poor business casting up the doings of the dead and digging around to see who married who and when and where and why. Yet this child would dig. She knew she was descended from the first John Doe—and made as much fuss about it as if he were the head of a milk trust. She knew her ancestors came over on the Mayflower—that overloaded craft we forever hear about. According to all reports, that little skiff had the capacity of the Lusitania. But who ever else was not present on that trip, Nancy knew her ancestors were there bound for these parts in search of a suitable setting for Nancy! Poor child. Going about trying to impress folks with that long line of dead people. When as a matter of fact if she would only be herself alive, alight, natural, folks would be a great deal more cordial to her. Even that man her mother is trying to marry her off to is laughing at Nancy's "Aggravated attack of ancestors"—when he ought to be basking in Nancy's sunny smile; marveling at Nancy's youth and pep, and wholesome beauty. For be it known, Nancy is a little beauty and Nancy and Mama are trying to land on the matrimonial shore, the very man whom I heard laughing! But they made the fatal mistake of talking ancestors in an effort to impress him. And, having more ancestors himself than he knows what to do with, he naturally took both mother and daughter as a joke. And I must feel for ancestors having people like that blamed on them. If they could step forward and defend themselves, it would be different. But they are dead—and what can they do about it? Not a thing, and Nancy goes on being laughed at, not knowing it's lots more important to have descendants than ancestors anyway. And years go by and nobody marries Nancy the daughter of a hundred ancestors. While Mollie who doesn't know or can never remember her Grandma's maiden name, gets proposals by the score! Funny, isn't it—with ancestors so scarce?

PROCRASTINATION

My friend, have you heard of the town of Yawn

On the banks of the river Slow
Where blooms the Wait-while flower fair,
And the Some-time-or-other scent the air,
And the soft Go-easys grow?

It lies in the valley of What's-the-use,
In the province of let-her-slide,
The old tired feeling is native there—
It's the home of the listless I-don't-care—
Where the Put-it-offs abide.

The Put-it-offs smile when asked to pay up,
And they say, "We'll do it tomorrow,"
And so they delay from day to day,
Till death slides up and steals them away.
And the creditor's beg, steal or borrow,
—Walter Pultizer in N. Y. Globe.

"That Miss Gabbleigh reminds me of a church bell, only she hasn't the sense of one." "What do you mean?" "Well, a church bell has an empty head and a long tongue, but it is desecrated enough not to speak until it's tolled."

IN WESTERN CANADA'S OIL FIELDS

THE GENESIS OF A GREAT LINE

(From Sir Sidney Colvin's 'Life of Keats')

"One evening in the twilight, the two students, sitting together, Stephens at his medical studies, Keats at his dreaming, Keats broke out to Stephens that he had composed a new line:

A thing of beauty is a constant joy,
'What do you think of that, Stephens?'
'It has the true ring, but it is wanting in some way.' . . . An interval of silence, and again the poet:
A thing of beauty is a joy forever.
'What think you of that, Stephens?'
'That it will live forever.'"

Don't Use Drugs for Constipation

Bathe Internally—the One Natural Way.

Did you ever know of any person who was permanently cured of constipation by taking drugs of any kind? Drugs simply force nature, and larger doses are required from time to time until the trouble becomes chronic.

Internal Bathing with the J. B. L. Cascade is the only permanent relief from Constipation. It keeps the Colon, or large lower intestine, free from all accumulation. Soon the system performs its regular functions, and there is no further trouble.

Mr. F. Babin, Proprietor Alexandria Hotel, Ottawa, writes: "The J. B. L. Cascade has made a new man of me. I would not sell it for all the money in this world if I could not get another. Through my recommendation I know of a number of my friends who have been using it with the same satisfaction. For people troubled with Constipation, I say it is a godsend, and can heartily recommend it."

The J. B. L. Cascade is the only perfect appliance for Internal Bathing ever devised. It is endorsed by over half a million enthusiastic users. Ask to have it explained to you at A. V. Rand, Druggist, Wolfville, or write for booklet to Tyrrell's Hygienic Institute, 163 College St., Toronto.

ROD AND GUN

"Camping out along the C. P. R." is the title of a splendidly illustrated story by F. V. Williams in the March issue of "Rod and Gun in Canada". Bonnycastle Dale tells of his experience with snakes and eagles in various parts of Canada in this issue. In addition to these two stories there are six others of equal interest by such well known Nature writers as George R. Belton, Harry M. Moore, Harry W. Laughy and E. T. Martin. The fire arms permit law is dealt with editorially and in a strong appeal to the sportsman by Ira Lieghley entitled "An Undigested and Indigestible Law." This issue contains the final trapping department until the autumn and will be read with interest along with the other departments of guns and fishing which are up to their usual high standard. "Rod and Gun in Canada" is published monthly by W. J. Taylor, Limited, Woodstock, Ont.

SILVER THREADS AMONG THE GOLD, AND VAUDEVILLE

Is there a man, woman or child who does not know the song, Silver Threads Among the Gold. Hardly. And now Silver threads has been made into a photoplay, and has been one of the outstanding successes of the present theatrical season in Canada. In fact, Silver Threads has duplicated the success of the song. The picture is a comedy-drama of rural life, with the scenes laid "way down east." There are many laughs, and now and again a tear, which are quickly driven away by smiles. There are the straw ride, the barn dance, the chicken-dinner—the many rural scenes that are familiar to most of us. And Silver Threads is a story of real people. There is no vamp—and there is no villain. But—there is MOTHER!!!! Probably the dominant note of Silver Threads is Mother love!!!! And Mother love is the best love in life. It is the love that gives everything and asks—nothing. The love that never grows old—the love that never wavers. It is the love that trusts—the love that nobles—the love that forgives! Silver Threads owes its existence to the famous song, and, without the song, the picture would be lacking. To that end, A. J. Mason will sing the old songs. During the action of the picture Mr. Mason sings Silver Threads, When You and I Were Young, Maggie, and others of the old, sweet songs. At the conclusion of the picture, Mr. John Morrison, Comedian, assisted by Miss Clifton, comedienne will present his original comedy with songs.

Opera House, Monday evening only, March 14.

Foreign Basic Slag

Farmers who may be offered Foreign Basic Slag should carefully look into the question of quality and not allow themselves to be hoodwinked into thinking they are getting a better article than is actually the case. For instance the importers of this Slag talk of it as containing 17% Phosphoric Acid, or even 18%, whereas the foreign sellers offer the goods on the basis of 16 to 18% Phosphoric Acid, with a minimum guarantee of 16%, of which only 75% is Soluble. Divested of all camouflage, this means a Slag containing 12% Soluble, or in other words Available, Phosphoric Acid. Then again the guarantee of Fineness given with the Foreign Slag is only 75%, whereas the Sydney product is guaranteed 85%. This is a difference of vital consequence in getting results. Another thing that should be known to Nova Scotia Farmers is that sampling of this Foreign Slag is done at the foreign ports of shipment, and analysis is determined by foreign chemists. If any agricultural organization or individual is foolish enough to do business on such terms, why should Canadian Farmers risk their money in buying goods purchased on such ridiculous conditions? It is wise when offered Foreign Basic Slag to ask for:

- (1) Guarantee of Soluble or Available Phosphoric Acid.
- (2) Guarantee of Fineness.

and compare same with the guarantees given in connection with the Home Product. Do not allow yourself to be fooled into buying a Foreign Basic Slag simply because it is offered as a 17% or an 18% article. Investigate first, and so avoid useless regrets later.

Chiropractic Health Talk

Who Hath Ears to Hear Let Him Hear

No one was greater master of the art of giving the World a message than Christ. It was He who urged that those who have ears to hear should use them to hear and to heed any message of good.

Chiropractic brings a message of good for those who are ill or suffering from disease. The twenty-four movable joints of the back-bone become disordered by strains, jars or accidents and in such disorder cause pressure upon spinal nerves at their exit between the disordered joints.

Chiropractic adjusting removes the pressure. It is a simple common-sense method of correcting bodily ailments that will bear all the investigation you can give it.

PROHIBITS SALE AND ADVERTISING OF CIGARETTES

Salt Lake City, Feb. 25—The bill providing for prohibition of the sale of cigarettes and advertising of cigarettes in newspapers and other publications published in Utah was passed by the Lower House of the Legislature yesterday by a vote of 33 to 13. It was recently passed by the Senate, and it now goes to the Governor for signature.

TRY THIS

Sing this to the tune of "The Old Oaken Bucket."

How dear to our heart is the steady subscriber, who pays in advance at the birth of each year. Who lays down the money and does it quite gladly, and casts round the office a halo of cheer.

He never says: "Stop it; I cannot afford it. I'm getting more papers now than I can read;" but always says: "Send it, our people all like it—in fact we all think it a help and a need."

How welcome his check when it reaches our sanctum, how it makes our pulse throb; how it makes our heart dance. We outwardly thank him; we inwardly bless him—the steady subscriber who pays in advance.

The publisher of the best Farmers' paper in the Maritime Provinces in writing to us states:

"I would say that I do not know of a medicine that has stood the test of time like MINARD'S LINIMENT. It has been an unfailing remedy in our household ever since I can remember, and has out-lived dozens of would-be competitors and imitators.

RISE OF THE HEN

(From the Ottawa Citizen) Has anyone commented on the startling intellectual development of the humble hen of late? Nobody has, so we will. A few weeks ago the news carried details of a hen that would only lay eggs on the broad back of a pig of which she was inordinately fond. Naturally, the conjunction one might almost say the pre-natal conjunction, of ham and eggs was evident and the discernment of the hen was much praised. Now comes another proof of advance along similar lines. Read this, from the Timber Trades Journal:

A hen which deposits a fresh breakfast egg on her owner's bed, and then awakens him at the proper time to consume the fruits of her industry, is the prized possession of a sawmill employee at Bend, Ore. Retiring at 3 a. m.—the end of his working day—the man leaves open the window at his bedside. Shortly before noon the hen flies in, nestles near her master's shoulder, lays her egg, and rising, picks the sleeper gently on the forehead.

Minard's Liniment for sale everywhere

Grand Pre News

Miss Mary Eagles spent the week-end with her parents here.

Miss Blanche Palmeter who has been visiting her brother at Yarmouth, has returned home.

Mr. Lochart Palmeter, of Kentville, spent a few days last week with Mr. Fred Palmeter.

Mr. Fred Middleton of Wolfville, spent the week-end with Mr. and Mrs. Harry Palmeter.

Mr. Harold Palmeter of Halifax, has been spending a few days at his home.

FUSE PLUG A SAFETY DEVICE

Many people have the idea that when a fuse plug "blows out," it is merely that a weak link in the lighting system has given way. Perhaps the plugs frequently blow out, and the occurrence is each time looked upon merely as one of those annoyances which must be borne.

A fuse plug is a safety device, and is so adjusted that it will "blow out," or break the connection as soon as the amount of electricity being used is greater than the wires can carry with perfect safety. Instead of simply replacing the plug—remedying the effect—the cause of the trouble should be sought.

Fuse plugs are usually placed near the meter, and the number of amperes to which they are fused is stamped plainly on the plugs. For instance, if the fuse plugs in your home are stamped "7 1/2 A," it means that this amount of current can be used at one time on each circuit without danger; using more than this amount causes danger from overheated wiring.

The electric wiring in a house is usually divided into a number of individual circuits, each carrying not more than 7 1/2 amperes, or the equivalent of 15 to 20 ordinary lights.

A five pound electric iron, such as is generally used, requires five amperes of electric current. If 7 1/2-ampere fuse plugs are in use, not more than five 50-watt lights can be on "the circuit at the same time as the iron without the fuses burning out. An electric toaster carries about the same amount of current as the iron. Under no circumstances is it permissible to use an electric iron and a toaster on the same individual ordinary lighting circuit at the same time. The fire resulting from over-heating wiring, occurs when two such appliances have been used, insurance companies are justified in refusing to pay claims for damages.

If an early warning of fire danger is desired, fuse plugs which are fused to carry a fairly low amperage, say 7 1/2 or 10 amperes, on your individual distributing circuits should be used.

Two hydroplanes will be used for forest protection purposes during the dry season in May and June next by the Forestry Department of New Brunswick. These planes will be located at Bathurst, and will patrol the forest areas communicating with directional finding wireless systems located at headquarters and Campbellton.

What To Do For Stomach Trouble

Good Advice From One Who Had Suffered Much

Nine-tenths of all forms of indigestion or so-called stomach trouble are not due to the condition of the stomach at all, but are caused by other influences. The great contributing cause of indigestion is thin blood. Good blood and plenty of it is required by the stomach to take care of the food. If the blood is thin the stomach functions sluggish, food lies undigested, gas forms and causes pains in various parts of the body. Instead of getting nourishment from the blood the system gets poison.

Relief from this condition can be obtained by the tonic treatment which Mr. D. Shaw, Mt. Stewart, P.E.I., tried and now warmly recommends to others. Mr. Shaw says: "I suffered from indigestion for over four years, and have tried many of the well known remedies for such troubles, but never obtained more than temporary relief. The trouble was aggravated by constipation setting in owing to the stomach failing to do its work, and the laxatives only gave relief to the bowels and left the stomach in a worse condition. The result was my blood was growing more and more anaemic. I did not sleep well at night and was growing despondent. I was in this wretched condition when a friend advised me to try Dr. Williams' Pink Pills. I got three boxes and by the time they were finished there was some change for the better. This greatly encouraged me and I continued taking the pills for some three months, by which time my stomach was all right again, my blood good, nerves strong and life was again worth living. My advice to all who suffer from stomach trouble is to give Dr. Williams' Pink Pills a fair trial."

Dr. Williams' Pink Pills can be obtained through any medicine dealer, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

The year 1920 was a successful one for the Maritime lobster fishermen, the total catch amounting to 160,000 cases, an increase of 30,000 cases over 1919. The value of the 1920 pack was \$5,500,000, an increase of \$1,000,000 over the previous year. The export of live lobsters to the United States was 20 per cent over 1919, whilst exports to England and Scandinavian countries were heavy.

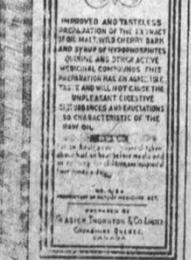

The local merchant is more interested in the home paper than in any other medium. It reaches his own customers and if the goods he handles are advertised in its columns it puts a punch behind his efforts. This is the sort of co-operation that he understands and can appreciate.

Lady Visitor—So they sent your little boy to the reformatory, Mrs. Grey? What a shame!

Mrs. Grey—Yes, and he was such a good boy too. Everything he stole he brought straight home to his mother!"

OLIVEINE EMULSION

Back to the Old Price \$1 a bottle.

Just recently, prices have dropped on the very finest Cod Liver Oil and the very purest Drugs used in preparing "OLIVEINE EMULSION". These lower prices make it possible to put "OLIVEINE EMULSION" back to the old price of \$1 a bottle.

Dealers everywhere have been notified that \$1. a bottle is now the price of this favorite tonic, blood purifier and health restorer. The quality is the same—you get the same big bottle—and you pay the old price \$1. Be sure to get "OLIVEINE EMULSION".

Druggists and General Stores sell Oliveine at \$1. a Bottle. Do not take a substitute. FRASIER, THORNTON & CO. LIMITED COOKSHIRE, QUE. 22

THE COUNTRY BOY'S CREED

I believe that the country which God made is more beautiful than the city, which man made; that the life out of doors and in touch with the earth is the natural life of man.

I believe that work is work wherever I find it; but that work with nature is more inspiring than work with the most intricate machinery.

I believe that the dignity of labor depends not on what you do, but on how you do it; that opportunity comes to a boy on the farm as often as to a boy in the city; that life is larger and freer and happier on the farm than in the town; that my success depends not upon my location but upon myself—not upon my dreams, but upon what I actually do, not upon luck, but upon pluck.

I believe in working when you work, and playing when you play, and in giving and demanding a square deal in every act of life.—(E. O. Grover in National School Digest.)

SHE BOUGHT THE PIECE

From London Tit-Bits.)

"And this is the end!" Something glittered in the man's hand as he uttered the words. The beautiful girl before him looked up into his face and a doubtful look crept into her eyes. "The end!" She echoed his words wistfully, standing there in the beam of sunlight which caused the glittering thing in the man's hand positively to dance with fire. "You are quite sure?"

A smile flickered across the man's face. "Quite sure! This is the end!" The man creature shrugged her shoulders resignedly. "Then—" she breathed tensely. "I—I will take the piece!" and with a smile the man dropped the scissors and parcelled up the short length of calico.

Watch your step on the Income Tax. If you make a false statement you will be fined. If you make a true statement you will be assessed and have to pay a tax, so you are sure to be "got" going or coming.

Old friends of Red Rose Tea who have used it for many years find it the same good tea to-day as it was all during the war and for many years before.

DAVIDSON BROS., Printers and Publishers
Members of the Canadian Weekly Newspaper Association.

Subscription Rates—In British Empire, in advance, \$2.00 per week. To U. S. A. and other countries \$2.50 per year.

Advertising Rate Cards and information respecting territory and samples of paper mailed upon request, or may be seen at the office of any advertising agency recognized by the Canadian Weekly Newspaper Association.

Advertisers must have copy in by Tuesday noon in order to insure changes for standing advertisements. New display advertising copy can be accepted one day later.

Correspondence—Letters addressed to the Editor and intended for publication must be short and legibly written on one side of the paper only. The longer an article, the shorter its chance of insertion. All communications must bear the name of the writer, not necessarily for publication. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for the opinions expressed by correspondents.

Editorial Notes

Apropos of our reference last week to the need of some better adjustment of joint service between the towns and municipality, we note by the Kentville year book which, by the way, is an exceedingly well gotten up publication and contains very complete information for the citizen of our sister town—that something has already been done in the province relative to this important matter. Mayor Blair reports the appointment last spring of a committee to co-operate with delegates from the town of Glace Bay, at the request of the Mayor of that town, to wait on the Provincial Government relative to the joint service assessment in incorporated towns. The joint committee waited upon the Legislature at Halifax, and was received by a committee of the House, consisting of the Attorney-General and members. The matter was thoroughly discussed and it was agreed that a commission be appointed to go fully into the question of assessment throughout the Province and report on the result of their investigation. We do not know whether Wolfville was invited to send delegates to this conference or not, but would suggest to Wolfville's committee on joint service for 1921, as Mayor Blair suggests, to the committee from that town, that serious consideration be given to the matter and such pressure brought to bear on the Legislature as will tend to remedy the existing conditions.

In the opinion of this journal the methods followed in the Civic Election of this week are such as should obtain in all similar contests. No candidate ought to be expected to canvas for votes or furnish conveyances to carry voters to the polls, at his own expense. If a man gives his time and best effort in the service of his town that is all that should be expected of him.

Any man who can afford to pay voters to elect him or spend money freely on his election ought to be watched carefully. It is time that citizens realized that the electing of a Council is their business and not that of the candidates. Ideal civic government will not be obtained until this is understood and appreciated.

Citizens are asking why it is that the publication of the town year book has been given up. Formerly this was sent out each year and gave the rate-payers a fund of useful information relative to town affairs. For the past few years it has been "conspicuous by its absence." We need a greater interest on the part of the citizens in civic doings and a wider knowledge of town affairs than now exists. The publication of a full record of the Council's doings should not be longer delayed.

Over one million dollars worth of property was destroyed by 205 fires in Nova Scotia during the three months of October, November and December of 1920.

Now that the Legislature is in session THE ACADIAN would suggest that the Civic Club and Board of Trade might very profitably occupy their attention with a study of "The Towns' Incorporation Act" and other Acts which have to do with Civic Government. There are a number of provisions which could be amended in the direction of reform if sufficient influence were brought to bear upon the "the powers that be." We will get nothing, however, without going after it.

"THE MAN ON THE STREET"

Is interested in the town in which he has made his home for a goodly number of years. Through the columns of THE ACADIAN he would like from time to time to indicate some of the more apparent needs and suggest improvements that might be made much to the betterment of Wolfville. His remarks may sometimes seem like criticism but they will always be tendered in the interest of the public weal.

"The Man on the Street" was pleased to read in a recent issue of THE ACADIAN your statement concerning the need of real sidewalks in Wolfville. This work should not be delayed longer than is really necessary. As you say we cannot afford to do without sidewalks any longer. It is a disgrace to the town that the work should have been delayed so long but during the war there was a reason. If we have a live Council, they will get the sidewalk proposition in operation at once.

In the opinion of "The Man on the Street" the appointment of a town manager would be about the wisest step taken in Wolfville since incorporation. There are so many leaks in all the departments that a very considerable saving ought to be effected under the proposed arrangement. Good business management will spell prosperity for Wolfville as it has for other towns.

"The Man on the Street" notes that the Parrsboro steamer will soon be making daily trips again. If passengers are to be brought to the government wharf steps should be taken to improve conditions there. Last year the stench from garbage dumped in proximity to the wharf was simply awful. There ought to be some official whose duty it is to look after and this other matters.

Apropos of the above "The Man on the Street" is reminded that with the approach of spring a number of places should receive attention at the hands of the Sanitary Inspector. There are several places that are simply impossible. Wolfville is an attractive town always but might be made considerably more so if some officials would perform the duties more zealously. More anon, perhaps.

CANADA TO PAY OFF \$25,000,000 BONDS

NEW YORK, March 7.—The Canadian Government will pay off \$25,000,000 bonds that mature here April 1, it was officially stated here today.

Canada has rather large balances here at the present time, but paying off of this maturity will involve shipment of a certain amount of Canadian gold to New York. It is estimated that about \$10,000,000 in gold will be sent.

The United States now has a new President. Harding was inaugurated on March 4th.

CANNING AND VICINITY

The regular meeting of Scotia No. 28 R. N. S. was held in the Scotia lodge rooms, on Wednesday, March 3, the following officers being elected.

W. Master, Bro. Stewart Loomer; S. Warden, Bro. Wallace Porter; J. J. Warden, Bro. Leslie Baxter; Treasurer, P. M. A. M. Lockwood; Sec., Bro. A. J. Bigelow; S. Deacon, Bro. W. B. Burbidge; J. Deacon, Bro. Earle Bigelow; S. S., Bro. Charles Sinnett; J. S. Bro. Jack DeWolfe; Marshal, P. M. A. A. Ward; Tyler, Bro. John Roberts; Organist, P. M. L. M. Ward.

Installation of officers will be held on Wednesday, April 6.

Miss Gladys Dickie, Canard, was the hostess at a delightful meeting of the Dancing Class, on Friday evening.

The Fancy Dress Carnival, which was to have been held in Canning rink on Friday evening March 4, has been postponed, owing to the condition of the ice.

CHURCH DEBT WIPED OUT

The Wolfville Baptist Church is receiving congratulations, on ridding itself of the last vestige of church debt, contracted nine years ago on the completion of its present commodious edifice. On Sunday, February 27th, it was announced that the sum of \$640 would be required to meet the final claim of the Eastern Trust Company which held a mortgage on the Church property, and a collection was asked for to meet that obligation. Last Sunday an offering was made and the sum of \$680 was received at the morning and evening services. Dr. I. B. Oakes and Mr. R. E. Harris were the moving spirits on behalf of the Trustees in this worthy enterprise. The Church is making arrangements for the burning of the mortgage, which will no doubt be done with appropriate ceremony. THE ACADIAN begs to extend its hearty congratulations.

"Your corset must not be evident in the finished silhouette" is the edict of the fashion dictators

GOSSARD CORSETS

The Original—Unequaled Front Lacing Corsets

interpret this fashion for you in terms of your individual needs. Whatever your figure requirements there are many Gossard models that will mould your figure to correct proportions, assure you comfort and health, and do it all so deftly that there will be no evidence of corsetry in the finished silhouette.

Your Gossard effaces itself and leaves only the impression of natural beauty and grace.

Such corsetry cannot be attained by casual shopping. Our complete stock and the highly specialized service of our corset department assure your satisfaction.

Items of Local Interest

The thirty-seventh term of the General Assembly of Nova Scotia opened at Halifax on Wednesday.

Hon. A. B. Crosby, Conservative senator from Halifax, died at Ottawa yesterday afternoon.

Miss Harwood has recently forwarded \$30.00 more to the Chinese and Armenian relief funds. Of this amount \$10.00 was donated by the Wolfville W. C. T. U.

The appointment of Mr. C. M. Vaughan as school commissioner for the town of Wolfville, for the unexpired portion of the term ending Feb. 1st., 1923, has been gazetted.

Premier Dato, of Spain, was assassinated Tuesday evening while returning home from Congress in a motor car. He was attacked by several persons who fired a number of shots.

Mrs. Mary K. Ingraham, accompanied by her class in History of Libraries, paid THE ACADIAN a visit on Monday afternoon. All were much interested in the printing process, especially the Monotype machine.

Mr. H. Y. Bishop, Town Clerk, has been housed during the week in consequence of a severe illness. The adjourned meeting of the Council which was to have been held on Wednesday evening was postponed.

Mrs. W. A. Chipman is about to make some changes in her property at the corner of Prospect Street and Highland Avenue. This will include the moving of the barn to Highland Avenue and converting it into a neat bungalow.

The Census commissioners who will have charge of the 1921 census, have been practically all appointed for the Province of Nova Scotia and Prince Edward Island. Mr. L. E. Shaw, of this town, has been appointed in that capacity for King's County.

Miss Lillian E. Bishop, Greenwich, N. S., being unable to answer personally the many letters of sympathy received since the death of her father, Mr. Gustavus E. Bishop, wishes through THE ACADIAN to send her thanks to all who have thus remembered her.

THE ACADIAN had a pleasant call on Friday last from Dr. S. L. Walker, of Halifax. Dr. Walker, who is a graduate of Acadia of the class of '85, spent four years overseas during the war and is now at the head of the soldier's re-establishment in Nova Scotia.

The annual meeting of the Valley Baseball League was held yesterday at Middleton. Representatives from Bridgetown, Middleton, Kentville and Wolfville were present. Dr. W. A. Coit was elected president, and Mr. Bath, of Bridgetown, was re-elected secretary. Dr. Coit was elected a delegate from the Valley League to attend the annual meeting of the Maritime Baseball Association at Truro. The by-laws of the Maritime Association were gone over thoroughly and improvements suggested.

VENTILATION

In the last issue of THE ACADIAN some fellow who was an officer of some health commission said, that if he advocated smashing of all storm windows that people would call him an extremist. Perhaps some would, but I should call him a plain, common fool. Let me cite a few facts. When I came to Wolfville about thirty years ago; there were only two doctors here, no hospital in the seminary and no nurses kept there. People appreciated the value of coal then (it was \$3.00 per ton), and kept their windows shut in cold weather with storm sashes. Now the slogan is, fling open your windows and sleep among snow drifts. We have now six doctors in town, two or three nurses and a hospital in the Seminary, a hospital in town and a nurse in the public school as well.

Only a few days ago at a meeting of the Board of Trade one of our prominent physicians stated that notwithstanding all this, the deaths from tuberculosis were steadily increasing. There has also been great prevalence of grippe, pneumonia, flu and other ailments far in excess of the conditions thirty years ago. So go ahead and smash your storm sashes (glass is cheap) fling open your windows and doors, and bid hail to the doctor, nurse, druggist, patent medicine man, undertaker, grave digger and fuel merchant.

Dun's Review, as compiled from reports from branch offices in the leading cities of the Dominion, reports a gradual trend toward business improvement. Quiet conditions still obtain in numerous lines, owing mainly to price uncertainties, but encouragement is derived from the fact that buyers in largely separated sections are displaying more confidence in their operations, and actually orders in many staple lines are said to be taking relatively satisfactory proportions.

DIED

MACLATCHY—At the residence her son, Reginald Laird MacLatchy, 16 South Park Street, Halifax, March 10th, Mrs. Edward MacLatchy, aged 76. Funeral at Grand Pre, Saturday, March 12th, at 2 p.m.

Coming Events

Notices under this heading are inserted at 10 cents a line. Each repeat, 5 cent a line; minimum charge, 30 cents. Contract rates on application.

A roll-call service is to be held at the Gaspereau Baptist Church on Tuesday evening, March 22nd.

A special musical service consisting of anthems and solos, will be given at the Presbyterian Church on Palm Sunday, at the morning service.

The A. C. A. Dramatic Society intend presenting two one act comedies at the Opera House next Tuesday evening. See posters for further particulars.

EXCELLENT RECITAL

By Students of Acadia Conservatory.

A recital was given in the Seminary Chapel last Saturday evening by the students of the Acadia Conservatory of Music. All the numbers were splendidly presented and much enjoyed by those present. The programme was as follows:

- Piano Solo
- Romance Porter
- Miss Nita Trethewey (Wolfville, N.S.)
- Vocal Solo
- Sweet is Tipperary Gaynor
- Miss Grace Stapleford (Houlton, Me.)
- Violin Solo
- Cavatina Bohm
- Mr. Robert R. Bishop (Greenwich, N.S.)
- Vocal Solo
- Dainty Damsel Novello
- Miss Grace Nutter (Fredericton Junction, N. B.)
- Piano Solo
- (a) Nocturne op. 37 No. 1 Chopin
- (b) Fantasie-Impromptu Chopin
- Miss Mitiara Baneroff (Annapolis Royal)
- Vocal Solo
- The Shepherdess in Love Wekerlin
- Miss Dorothy Giffin (Goldboro, N. S.)
- Violin Solo
- Berceuse Godard
- Miss Myra Alcorn (New Horton, N. B.)
- Piano Solo
- Hungarian MacDowell
- Miss Bernice Sproule (Springfield, N. S.)
- Vocal Solo
- Song of the Meadow Lark Jones
- Miss Elsie Smiley (Wolfville, N. S.)
- Violin Solo
- Adante Cantabile from concerto, Mozart
- Miss Verne Thompson (Oxford, N. S.)
- Piano Solo
- (a) Toccato op. 14 Jonas
- (b) The Lark Glenka-Balakirew
- Miss Olive Purdy (Wolfville, N. S.)
- (a) Cradle Song Schubert
- (b) The Night Has a Thousand Eyes Nevin

SEMINARY GLEE CLUB

Mrs. H. R. Gregory, Conductor.
GOD SAVE THE KING

BEDROOM VENTILATORS

Last week's interview of the Executive Officer of the Massachusetts Halifax Health Commission, advocating the smashing of bed-room storm sashes brought favourable comment from men and women in many walks of life. One of the best known teachers in the high school of Halifax branded the storm sash as an "invention of the devil" and as "sealing rooms to cause disease." A prominent lawyer of Halifax was prompted to relate how he came to smash a storm sash some three years ago while spending a night in a Truro hotel. This gentleman dressed for bed, turned off the light, threw up the window, as was his usual custom, and retired for the night. Finding the room stuffy and uncomfortable and being unable to sleep he investigated and found he had overlooked an outer storm sash with three small sash holes in the bottom frame. With his fist he smashed three panes of glass, then went back to bed and had a comfortable night's sleep.

In a further statement about ventilating bedrooms Dr. Royer has this to say: "The essential thing about bedroom ventilation is to secure a continuous current of air at the pillow zone. Whether the window is raised high from the bottom or pulled down from the top and pushed up from the bottom makes little difference. Air currents are best secured if two windows or one window and the door are open. The essential thing is to keep the air moving so that you feel its freshness on your face as you lie on the pillow. Anything less than this is not ideal bedroom ventilation. The tonic effect of currents of air should be sought. To enjoy this tonic safely sleeper and the bed should be warmly clothed. It possible one room somewhere in the house should be kept warm as an early morning dressing room. It is better however to dress by the kitchen stove than to sleep in a stuffy room."

TENDERS

are asked for up to February 1, 1921, for the purchase of one or several blocks of choice building property. Situated on Main street and Kent avenue as shown on surveyor's plans. No tender necessarily accepted.

THE BROWN TAIL MOTH SITUATION IN NOVA SCOTIA

By F. C. Gilliat, Annapolis Royal, in the United Farmers' Guide.

The Brown tail moth in Europe is normally held in check by its natural enemies, as are our well known native insects, viz., canker worm, tussock moth, etc., and like these insects the brown tail moth has periodic outbreaks which cause much damage. Now we know every species is held in check, in its native home, by its natural enemies. Accordingly, when foreign insects are introduced into a new country—as the brown tail moth has been into America, conditions being favorable for development, natural enemies being absent, we have a dangerous pest before we are aware of it.

How the brown tail moth reached Nova Scotia will always be a matter of doubt, but we are assured it existed here at least a few years previous to its discovery. In April, 1907, Mr. Perry Foot, Lakeville, N. S., forwarded a coil of leaves to Dr. Fletcher, then Dominion Entomologist, who immediately identified the same as the winter web or nest of the brown-tail moth.

A number of inspectors were at once sent out from the Agricultural College, Truro. The result of their work proved the insect to be widely scattered, but the worst infested area to be between Deep Brook, Annapolis Co., and Doucetville, Digby County. The Provincial Department declared a bounty of three cents per nest to further control work. In June hand spraying was conducted in the worst infested areas, chiefly at Acacia Valley, Doucetville, North and South Range. In December of the same year, four inspectors working the badly infested areas found a marked reduction of nests, especially where the June spraying was conducted. The bounty system was again resorted to, paying as high as ten cents per nest. In all about four thousand nests were collected in this way, and the bounty paid. This was only done to interest the people, in order that as many nests as possible might be collected in the shortest time. No doubt by this system many nests were gathered which otherwise would have been left to breed again. However, it was known to be dangerous from the first; though only in force during the spring and fall of 1907 several unscrupulous persons were beginning to save nests to breed the following season in order to collect bounty.

From this time on until 1910-11, the Provincial Department of Agriculture carried on the Inspection work, placing about four inspectors in the field during

winter months, and adding college students for a few weeks in the spring. The end of this period showed no marked increase in most infested areas, but there was some spreading out into new territory.

In the spring of 1910, the late Dr. C. Gordon Hewitt visited the infested districts with the result that co-operation was obtained, and in the following season of 1910-11, the work was conducted jointly by the local and Dominion Depts. of Agriculture, under the supervision of the latter. The field inspection at this date was more or less unorganized. The extent of spread was not definitely known, therefore the work was carefully planned, not only to work thoroughly the old infested districts, but efforts were made to determine its outside boundaries. The completion of this season's inspection showed a slight spread west into Yarmouth Co., with very little east, as only two nests were found in King's Co. The seasons from 1910-11 to 1913-14 were favorable for the pest to increase. Although very strenuous efforts were put forth by all the inspectors, there was a steady increase both in number of nests collected, and new territory infested, especially in the western part of Kings Co. It seemed impossible at that time to prevent this increase, even with as many as twelve inspectors in the field, and we faced the problem, "Would the Brown-Tail Moth become a Permanently Injurious Pest?"

During these years there were heavy flights of moths from the New England States, and acres of the waters along the Yarmouth coast were at times white with moths, also steamers plying between St. John and Digby recorded passing through clouds of white moths. Many of

these were examined, and all proved to be males. In the summer of 1913, the flight was particularly heavy, due to very favorable winds, and there is no doubt but that some females reached Nova Scotia and deposited eggs, for in no other way can we account for the scattered nests, one in a place, all over Yarmouth and Shelburne Counties, also along the Fundy shore in Digby, Annapolis, Kings, Hants and Cumberland Counties. The total number of nests collected during the winter after this flight totalled 24,156. Their host plants numbered 22, although of course, the larger portion were found on fruit trees. It will be seen from the accompanying table, giving total number of nests collected each year since 1907, that the season above referred to, viz., 1913-14 was the peak of the infestation for Nova Scotia.

Year	No. of Nests Collected
1906-7	6,000
1907-8	4,000
1908-9	800
1909-10	1,496
1910-11	4,462
1911-12	8,070
1912-13	11,065
1913-14	24,156
1914-15	18,254
1915-16	14,845
1916-17	10,019
1917-18	3,021
1918-19	1,269
1919-20	358

The total number of nests collected has steadily decreased since the 1913-14 season, though for a while the situation looked serious in the eastern part of Kings Co. The well sprayed districts between

Berwick and Wolfville was considered a barrier to prevent spread, but this ceased to be, when in 1916 nests became well scattered in the eastern part of the country, particularly through Wolfville, Grane Pre, etc. Every effort has since been put forth to reduce the danger of further spread eastward with the result of a marked reduction of nests, and the situation well under control.

It is futile to attempt a definite explanation why the brown tail moth, after reaching such a maximum, should gradually decrease. There are, however, four factors which we know have, to a great measure, brought about these favorable results, viz.:

- 1.—Inspection.
- 2.—Parasites.
- 3.—Climatic conditions.
- 4.—Spraying.

1. Inspection—The value of the inspection work, collecting nests during the winter months cannot be over-estimated. Particularly does it have its advantage over these other controlling factors, as parasites cannot yet be relied upon; climatic conditions vary and the e are so many unsprayed areas.

2. Parasites—The Dominion Government has spent a large amount of money in introducing and liberating natural enemies of the brown tail moth. One of these, the *Apanteles lacticolor*, a small hymenopterous parasite, is already well established in the Annapolis Valley. The small maggot or larva winters over in the hibernating brown tail moth caterpillar, and when the caterpillar resumes its activities in the spring, the parasite does likewise; finally kills its host, emerges from its body, spins a silken cocoon about

THE BROWN TAIL MOTH SITUATION IN NOVA SCOTIA

Continued from page 6
 itself, and ten days later emerges as an adult fly. During the winter all the brown tail moth webs are saved and in the spring are placed in large wooden cages. The caterpillars that leave the nests are fed until all the parasites have emerged from their host, after which the non-parasitized caterpillars are destroyed. In this way the parasites are saved for another year which otherwise would be destroyed were the webs burned. Parasite cages have been located at different points in the infested area, viz., Bear River, Annapolis, Moschelle, Round Hill, Bridgetown and Wolfville. There were also nests saved from twenty-one localities during the winter of 1916-17, and in the following summer the caterpillars were reared at the laboratory to determine parasitism in this insect. The following shows the average number of Apanteles that emerged from each nest:

Locality	County	No. of Apanteles per web
Weymouth	Digby	1.33
Smiths Cove		4.2
Bear River	Annapolis	6.71
Annapolis		3.0
Moschelle		1.46
Deep Brook		4.5
Grenville Ferry		1.46
Belleisle		5.25
Tupperville		2.33
Round Hill		12.25
Upper Granville		.53
Bridgetown		1.1
Clarence		2.93
Williamston		5.46
Nictaux		3.
Middleton		0.0
Harmony	Kings	1.11
Somerset		0.0
Highbury		2.28
Sunnyside		0.0
Greenwich		4.2

I might also mention that about the time the Apanteles were imported into Nova Scotia, that this same species was recovered from a brown tail larva at Annapolis. It probably came along with the brown tail from the N. England States. It was considered worth while, however, to assist this particular parasite to increase rapidly, so its breeding has since been continued.

The Calasoma sypochanta, a brilliantly colored green beetle, was also liberated in Nova Scotia. This beetle has never been recovered, so it is not known whether it survives or not.

Another parasite, Compsilura concinata a tachinid fly much resembling the house fly, has also been liberated. This fly deposits a living larva beneath the skin of the young brown tail larva. Extensive work has been conducted, using very large numbers of caterpillars in order to recover the parasite, and it is of interest to know that the only Compsilura recovered in N. S. from a brown tailed moth larva from Annapolis, within two miles of where it was liberated.

3. Climatic Conditions.—For a number of years the first webs collected in the season were experimented with in this manner, viz., twenty-five nests were tied in a wire cage and one cage exposed in various places over the province where official thermometers registered. The cages were collected at the end of the severe weather and a count made of the living and dead caterpillars. The accompanying table shows results from this exposure during the winter of 1913-14.

Locality	Per-centage Living	Per-centage Dead	Lowest temperature
Bridgetown	54.5	45.5	-19
Kentville	60.6	39.4	-17

Locality	Per-centage Living	Per-centage Dead	Lowest temperature
Wolfville	70.0	30.0	-15.5
Windsor	45.0	55.0	-18.5
Halifax	75.0	25.0	-13
Truro	0	100	-24.6
Antigonish	35.0	65.0	-20
New Glasgow	43.0	57.0	-19.5
Parrsboro	4.0	96.0	-21
New Germany	0	100.0	-27
Yarmouth	49.0	51.0	-6.4

Now, in contrast, notice results from a milder winter, 1912-13.

These records show that where the mercury drops to 10 deg. below zero, the temperature cannot be considered as a controlling factor for each degree of cold below -10 deg. mortality increases, at -20 deg. 65-85 per cent. of the caterpillars are dead, and at -25 deg. all are dead.

4. Spraying—Spraying has aided control work to a marked extent. Never in a well sprayed orchard has there been a bad outbreak of brown tails. For a number of years a well sprayed section of Kings County prevented spread, but the moth, being such a strong flyer, finally crossed this area, and started colonies in unsprayed orchards. As the larva commences to feed in the spring, as soon as the buds begin to burst, it is only the early sprays that are effective. It has also been proved that the last regular spray of the season, with the usual arsenical strength, will either kill all the newly hatched larva in the fall, or else so weaken them that they are unable to form a sufficiently protective nest to withstand the winter.

In conclusion, the Province of Nova Scotia is particularly fortunate to be in such a favorable condition and to have escaped the ravages of the brown tail moth. In the New England States an immense amount of damage has been done, both to cultivated and forest areas, while in our province there has not been one dollar's worth of damage.

Such gratifying results have been brought about chiefly by the several agencies, which I have attempted to explain. The insect is under better control than it was a few years ago. However, there is plenty of evidence at hand to show that, if one or more of these agencies should be removed, the pest is likely to again assume dangerous proportions.

The successful big and small business firms, the world over are regular advertisers. They are at it every day. It's the advertising voice constantly calling that gets the buyers attention.

A Gentle Laxative For The Children

Mothers—the surest way of keeping your little ones well and happy; whether it is the new-born babe or the growing child is to keep their bowels regular and their stomach sweet. Nine-tenths of all childhood ailments are the result of clogged bowels and sour stomach. The most necessary and the best medicine for little ones is a gentle laxative—something that will relieve constipation; sweeten the stomach and promote rest and natural sleep. Such a medicine is Baby's Own Tablets. They are a gentle but efficient laxative; are absolutely guaranteed free from opiates or other injurious drugs and may be given to the youngest infant with perfect safety. They banish constipation and indigestion; break up colds and simple fevers and give the baby that health and happiness which all children should have. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

WENT HIM ONE BETTER

It was in the smoking compartment of a Pullman, and an obviously self-satisfied little man had been doing most of the talking for some time:
 "I tell you," he declared emphatically, "there is nothing like the good old America stock that goes right back to the beginning. Now—I don't like to boast, but facts are facts—an ancestor of mine signed the Declaration of Independence!"
 "That so?" a young Jewish travelling man responded mildly. "Interesting of course, but—well, one of my ancestors signed and certified to a rather more important and older document."
 "Nothing on earth more important than the Declaration!" the little man bristled. "What sort of a document are you talking about?"
 "The Ten Commandments," was the gentle rejoinder.

Mr. Henpeck—Wot's yer steak like terday?

CANADIAN BULLDOG LEADS 'EM ALL AT NEW YORK

The Canadian-bred "Roxton Mickey" owned by J. Stroud, College Street, Toronto, who jumped on the bench at the New Westminster Dog Show at New York recently, hunched his shoulder, set his jays and intimated "Let 'em all come." He carried off first prize in the limit class, open class, breeders' class and winners class; also two specials. This is the first occasion that a Canadian-bred English bulldog has ever been so successful.

Thirteen is always an unlucky number to have at the table, when there is only dinner for twelve.

ALREADY KEEPING COMPANY

A Dutch pastor makes it a point to welcome any strangers cordially, and one evening after the completion of the service he hurried down the aisle to station himself at the door.

A Swedish girl was one of the strangers in the congregation. She was employed as a domestic in one of the fashionable homes, and the minister, noting that she was a stranger, stretched out his hand.

He welcomed her to the church and expressed the hope that she would be a regular attendant. Finally he said that if she would be at home some evening during the week he would call.

"Thank you," she murmured bashfully, "but Ay have a fella."

A new boot-boy at a hotel took up to one of the rooms a couple of boots, one of which was a top-boot and the other an ordinary shoe.

"What do you mean," said the visitor, "by bringing me two boots of different shapes?"

"I don't know sir," came the reply, "But what bothers me most is that there is another pair down stairs just like 'em."

Personal Paragraphs

Mr. W. H. Chase was in Halifax this week on business.

Mr. George Waterbury has been spending a few days in Halifax.

Miss Beatrice Rockwell arrived home from New Glasgow this week.

Mrs. H. E. Flick left on Wednesday for Halifax, where she will spend a few days.

Mrs. Primrose, of Bridgetown, is visiting in town, the guest of Dr. and Mrs. McKenna.

Miss Jean Hardy, of Kentville, has been visiting at the home of Mr. and Mrs. Herbert Stairs.

Mr. J. R. Black left recently for Chicago where he is taking a course at the Ambu Engineering Institute.

Mr. N. W. Eaton, of Canning, was in Halifax this week attending the Social Service Council Convention.

Miss Catherine Thompson, of Vancouver, arrived Wednesday on a visit to her sister, Mrs. A. M. Wheaton.

Miss Florence Cowie returned last Monday from Halifax, where she has been spending the past month.

Mrs. James Eaton, of Lower Canard, has been a visitor in town this week, the guest of her sister, Mrs. C. S. Barss.

Miss Annie M. Stuart, of Grand Pre, was in Halifax yesterday attending the Social Service Council Convention.

President Cutten, of Acadia, who has been in Boston and other centres in the U. S. A., returned home on Saturday.

Mrs. N. W. Eaton, who has been visiting her daughter, Mrs. C. H. Wright, returned to her home in Canning last week.

Miss B. K. Saxton, who has been spending the winter at Berwick, has returned to Wolfville, and is getting ready for her Spring millinery opening.

Mr. Vaughan Henshaw arrived in town last night from Halifax. He has recently undergone a serious operation and is home for a short leave.

Mrs. J. W. Smith recently returned from a very pleasant trip to New York, where she visited her sister, Mrs. H. W. Dodds, and her mother, Mrs. C. M. Murray.

To the Editor of THE ACADIAN:
Dear Sir:—In a recent newspaper advertisement I read a heading which appealed to me as sane and true, viz.—“The time has come to reduce prices.” There is no question about this and an impatient public is looking anxiously for some indications. During the war we patriotically paid four prices for our provisions and clothing as well as for our fuel and other commodities in order that business might “carry on” but as a mutual friend observes, “It’s a long worm that has no turning.” If present prices are going to continue, it is full time that the buying public, who have been cruelly “gulled” during the past few years, should get together in self-defence. Everyone seems to have combined against the consumer and it is high time for concerted action along the line of looking after our own interests. The war has made some men rich while it has kept most of us needlessly poor. Don’t knock the Government, but get after the real culprits.
INDIGNATION

SOCIAL NOTES

Prof. and Mrs. A. B. Balcom entertained a number of friends at “Auction” on Friday evening last.

Dr. and Mrs. W. L. Archibald were “At Home” to the members of the faculty of Acadia and their wives on Saturday evening. During the evening Mrs. Thompson played several violin selections which were much enjoyed.

Dr. A. J. McKenna entertained a large company of gentlemen friends very pleasantly at “Auction” on Tuesday evening.

Mrs. A. B. Balcom had a Thimble Party for some of her lady friends on Tuesday evening.

BASKETBALL NOTES

On Tuesday evening the Acadia boys played a game of basket-ball with the St. John Trojans in the Acadia Gymnasium. During the first period the score was very close, being 9 to 7. In the second period, however, the visitors outplayed Acadia and won by the score of 32 to 11. The Acadia team was composed of the following: Dobson and Murray, forwards; Flemming, centre; Fraser and Wetmore, defence; Corey, Lewis, Cameron and Bishop, substitutes.

Two games in the inter-class series were played this week. On Monday the Juniors defeated the Seniors by the narrow margin of two points. On Tuesday the Sophomores went down to defeat before the Freshmen, the score being 41 to 15.

The Acadia girls go to Halifax to-night and play a game with the Dalhousie girls to-morrow. Acadia should win this game as the girls have a splendid team and only lost to Mt. Allison last week in overtime play.

Acadia and Dalhousie play to-night in the Acadia gymnasium and a good game is assured.

GOVERNMENT WAS SUSTAINED

OTTAWA, March 4—By a majority of twenty-five in the House of Commons, the National Liberal and Conservative Government of Hon. Arthur Meighen was sustained, on the first division of this session, taken about four thirty a. m., this morning.

The vote was on the amendment of Hon. W. L. McKenzie King, leader of the Liberal opposition, expressing want of confidence, in the government, and demanding a general election.

The result was 91 for, and 116 against.

Here is the course the Allies are taking under the Treaty of Versailles, following Germany's failure to comply with the provisions of the treaty:

First—Occupation by the Allied troops of Duisburg, Duesseldorf and Ruhrort.

Second—Legislation by the respective parliaments requiring their nationals to pay a certain portion of all moneys due Germany on German goods to their respective governments, such proportion to be retained on account of reparations. This is in respect to goods purchased either in this country or any Allied country from Germany.

Third—Amount of duties collected by German custom houses on the external frontiers of the occupied territories to be paid to the reparation commission; these duties to continue to be levied in accordance with the German tariff; a line of custom houses to be established temporarily on the Rhine and at boundary bridge-heads occupied by Allied troops, the tariff to be levied on this line, both on the entry and export of goods, to be determined by the Allied High Commissioner in the Rhine territory in conformity with instructions of the Allied governments.

Gaspereau Notes

Miss Lily Payzant, of Falmouth, was the week-end guest of Mrs. P. J. Gertridge.

Mrs. Delmer Coldwell spent Sunday at the Windsor Hospital with her husband who has just recently undergone an operation for appendicitis. We are very glad to hear he is doing nicely.

The Gaspereau “Sons of Temperance” have extended an invitation to the “Lily of the Valley” “Sons of Temperance” to meet with them on Friday evening March 18th.

A pie social was held in the Gaspereau Hall on Friday evening, March 4. The sum of \$42.55 was raised for wiring the Hall.

**To Meet t
Price L**
