Not Assented To

As will be seen by reference to the report of the Commission on the Bill relating to the Legislative Council...

Whereas, the Legislative Council has agreed to surrender its separate powers and privileges...

The Redistribution Bill now before Parliament has been recommended by the Opposition in a strong and pleasant mood.

As will be seen by reference to the report of the Commission on the Bill relating to the Legislative Council...

It is not often one finds a system of waterworks in operation in a small city or town...

The Halifax Recorder of a few days ago contained a silly and false paragraph relative to the dimensions of the P. E. Island Bill...

A spirit of fairness and a desire to reach the standard of population as nearly as possible, without having recourse to such serious routes as those adopted by our local wisemen...
