Everybody is welcome to come and enjoy the jubilee celebration.

West Adelaide

One of the most successful school fairs ever held in this district took place at Adelaide Village, on Tuesday Oct. 7th. The weather was ideal and the grounds in fine condition. The Arkona Brass Band enlivened proceedings with sweet strains of music. The children's exhibits were exceptionally good and the large attendance of interested spectators highly appreciated.
The W. M. S. of West Adelaide church, met on Thursday, Oct. 2nd, at the home of Mrs. David Wilson, with an attendance of seventeen members. Ladies Aid Collection \$3.75. Business regarding the fowl supper was discussed during the afternoon. Roll-call for next meeting will be answered by a verse including the word "Poor." The next meeting will be held on Thursday, Nov. 6th at the home of Mrs. W. J. McChesney.
The fowl supper and bazaar held in W. A. church sheds was a decided success with the exception of the lighting system. Gate receipts totaled over \$250. The short program included the Arkona Orchestra, which produced splendid music and everyone was more than delighted with Mrs. Carson's violin selections. Mrs. McKean of Centre Road also Mr. Gale and Dr. Woods of Arkona, entertained vocally, and Mrs. Murray and Mrs. Arrand gave readings.
Mrs. Minnie Wiley has returned after spending the last few months with brothers in Essexville and Pigeon Mich.
Mrs. Robert Conkey is visiting her sister, Mrs. Hodgson, of Dorchester.
Mr. Bert Herrington, of Flint, Mich., was home for the Fowl Supper.
Mr. and Mrs. C. Wallace of Woodstock, were home for the week end.

Constipated Children

Constipation is one of the most common ailments of childhood and the child suffering from it positively cannot thrive. To keep the little one well the bowels must be kept regular and the stomach sweet. To do this nothing can equal Baby's Own Tablets. They are a mild but thorough laxative; are pleasant to take and can be given to the newborn babe with perfect safety. Thousands of mothers use no other medicine for their little ones but Baby's Own Tablets. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

FRIDAY, OCTOBER 17, 1924

Note and Comment

A slump was seen coming in the United States by Henry Ford so he arranged to spend \$7,000,000 in newspaper advertising this year. The moral is obvious.

The Province of Ontario gave dry majorities in 1894, 1898, 1902, 1919 and 1921. What she will do in 1924 depends on the interest or indifference of the voters.

Another buggy was demolished when it was struck by an automobile during a heavy rainstorm on Sunday night, near London. Had the vehicle been equipped with lights the accident in all probability would not have occurred.

The autumn has arrived. Colder winds and chillier rains are now the rule, and it will not be long ere the snow flies. Nature has been at work, the trees are beginning to put on their gorgeous fall clothes, the leaves are turning to brilliant colors and are found here and there scurrying and scraping along the sidewalks. Brilliance and browns have replaced greens. Christmas and winter are almost upon us.

Wm. Monkhouse, of Thedford, while strolling along the creek, near the old slaughter house, on the 4th con., picked up an old Indian relic, in the form of a solid copper kettle. The utensil has about a quart capacity, had no handle, but the lugs were on the kettle. The probability of its origin, is, that Indians many years ago had left it there, it becoming covered with the earth, and the stream in time had washed the soil off and left it exposed.

It is recorded that at an A. Y. P. A. meeting near Tillsonburg a furore of laughter was created when in a debate it was stated that the present bootleg whiskey being sold was nothing but embalming fluid. But why laugh? Embalming fluid consists mostly of formaldehyde, which something tells us is also used extensively in the modern method of curing bacon to get it quickly on the market. You get the odor of it in the cooking. Well, when you get a whiff of somebody's breath who has been indulging in a bootleg jag, just note the resemblance of fried hog.

Local radio fans who listened in on Friday evening's concert last week would get the news from station W. F. B., Atlanta, Georgia, of the safe arrival there of two well-known young men, La Verne Morden, Wyoming, and Chas. Patterson, Arkona, who were present at the concert that evening, having stopped there over night on their motor trip from Detroit to Tampa, Fla. Later word has been received here of their final arrival in Tampa. They report the weather ideal there and their journey accomplished with very little motor trouble, three blowouts and one puncture. Charlie has a large orange grove at Tampa and he expects to be very busy until spring when he and Verne plan a further trip to Lower California before returning to their homes here.

Those of us who were inclined to doubt the benefits of athletics in the schools would have had this dispelled after attending the "Wossa" exercises in Watford last week. "A sound mind in a sound body" can only be secured by vigorous exercise, and hard, everyday work cannot take the place of pleasurable recreation such as competition on the athletic field awards. It was gratifying to note the clean, sportsman-like manner in which the events of the "Wossa" meet were conducted and the good feeling that prevailed among the competitors. Such augurs well for the return of the days of real sport in the larger world of athletics when the young of today enter into the years of maturity. Commercialized, unprincipled sport, so common in recent years, will then, it is hoped, have had its day.

In Ypres, Belgium, where so many of our Watford boys saw severe fighting during the war, the tourist is assured that no attempt will be made to reconstruct the famous Cloth Hall, which is to be preserved as a memorial of the great war for all time. But from a central office source it is gleaned that this is a sentimental fiction. The Cloth Hall, like the Cathedral, is presently to be rebuilt precisely as it originally stood. Some of the most famous churches in Ypres have already been thus restored, with marvellous precision and skill. The Square is once more practically as our first divisions saw it in 1914. The ramparts blossom with shrubs and flowers. The British memorial at Menin Gate is being built. Hell Fire Corner is a delightful spot of civic suburban rest. Flowering beds surround a band-stand near the railway station. The derelict canal is once more in smooth working order.

The Prince of Wales has tired of the simple life on the ranch and has left for other parts. He is a bundle of nerves and simply can't stay put. He seems to crave excitement and it is said what he does day after day would kill most men. We advise him to buy a weekly paper. Then all he would have to do would be poke about here and there for anything to make a news item about, edit the correspondence, attend Town Council meetings and listen to an hour's dissertation on how to keep the expenditures for the remaining two months down to a minimum so as to balance with the tax rate and not have a deficit for nomination night; collect accounts, explain why an important item was left out of last week's issue, explain why an important item was put in last week's issue, rejoice with the living, sympathize with the sorrowing, urge upon advertisers the necessity of handing in copy for their advertisements early (which they forget the following week) read proofs, feed the press when the "devil" has a social engagement, explain the difference between news matter and advertisements, tell—but why continue. He'll learn it all when he heats the editorial seat.

No need to suffer with corns, or to run the risk of paring them. Remove them surely and painlessly with Holloway's Corn Remover.

"Squibographs"

It is claimed for a new patent wringer that it is only excelled by the good right hand of the Prince of Wales.

The proposed new palace for the League of Nations is to cost \$2,400,000. Rather an expensive coop for the dove of peace.

The Quebec poultryman who recently had 500 chickens drowned by floods has decided to raise ducks in future.

Although unemployment is rife in the Old Country there are few applications for the office of fence viewer on the Ulster boundary.

A market report predicts an increase in the price of canned fruit. Prunes are an ever-ready substitute and do not require a can opener.

A special ward in a Chicago charity institution is reserved for snores. Maxim silencer walls protect the other inmates from the trombone chorus.

The Shanghai rooster is noted for its size and aversion to engaging in a fight. The defenders of the Chinese city of that name appear to have the same characteristics.

A newly married couple in England had their wedding breakfast served on an airplane. The groom is said to have felt more at ease than he did during the ceremony.

An American railroad reports that its lost \$98,000 on its dining service last year. Passengers who were charged 25 cents for a baked potato can not understand the deficit.

The effects of war are far-reaching. A San Francisco paper fears that the ruction over in China may result in a shortage of firecrackers for Fourth of July celebration.

The Washington scientist who, simply for the love of digging, tunneled under the streets of that city, would probably register a vigorous protest if his wife asked him to dig up a mess of potatoes in the back garden.

Unquestioned Security For Depositors

THE Sterling Bank has never departed from the rigid policy of conservative management adopted by the Bank's founders. As a result, our resources and liquid position to-day present positive security for savings. Deposit your money in our Savings Department. We will keep it securely — return it promptly on demand. Or we will lend you OUR money — if you can give it the same protection we give yours.

THE STERLING BANK OF CANADA

Mark Tapley had nothing on the Quebec farmer who, when his crop was destroyed by floods, was grateful that the watercress was spared.

High River, Alberta, the Canadian home of the Prince of Wales, is much in the limelight at present. When winter comes White River, Ont., can shade it by several degrees.

Dr. Mayo is credited with saying that the way many people eat resembles putting molasses in the gasoline tank and sand in the gears. This results in parking in a hospital ward.

The old saying, "corporations have no souls" does not apply to the Home Bank. The investigation of that defunct institution revealed that a shoe factory was included in its long list of doubtful assets.

An incident of cold commercialism is reported in Valdez, Alaska. The peak of the famous glacier that forms the background of the city is reported to be receding rapidly. To keep step with nature local taxi drivers have added 10 per cent. to the fare for taking tourists to the top.

Scientists are puzzled over the fish recently taken from water holes in an oasis of the Sahara Desert. Their discovery gives a new angle to the art of angling. Instead of being hauled out with a rod and line they can be dug out.

An Oregon barber offered a special prize of a free hair cut at a local fair. It was won by a bald-headed man.

An Ohio woman boasts that she has baked a fresh pie for her husband every day for twenty years. Some men are gluttons for punishment.

Owing to the light wheat crop in France dog owners are urged to not feed their pets white bread. Most dogs prefer a bone to bread of any color.

At the National Horseshoer's convention held in Baltimore last week delegates deplored the scarcity of apprentices. The muscular youths who formerly recruited this useful trade now devote their energy to cranking flivvers.

Hamilton's chief of police is not worrying about the practice of pasting bathing girl pictures on the windshields of automobiles. "Let them ride," he says, "they are safer on the glass windows than sitting beside the driver."

When a blacksmith in Westbourne England, was married to his old "spark" the ceremony was performed in his smithy. In keeping with the environment Tubal Cain's wedding march and the anvil chorus would have been appropriate.

Booze Must Not Come Back!**Only By Voting Can Ontario Citizens Defeat the Desperate Liquor Interests**

THE lawless liquor traffic dies hard. But good citizenship is a patient executioner in Ontario. Again and again Ontario citizens have registered their determination that the moral and economic waste caused by booze must cease. On October 23rd the men and women of this Province must tell the self-seeking liquor interests still more emphatically that booze shall not come back. A half-million majority for continuance of The Ontario Temperance Act is language that brewer, distiller and bootlegger will understand.

O.T.A. is Hated for Its Good Work

Desperate because the O.T.A. has cut down drinking by 90%, the liquor trade seeks the death of the finest temperance measure Ontario has ever had. Distiller, brewer and bootlegger are arrayed against the forces of reform. The issue itself is sharply drawn, but John Barleycorn is using a new disguise. Only his desperation can explain his reckless effrontery and his astonishingly low estimate of the common sense of the people.

No good citizen, familiar with the miserable conditions before The Ontario Temperance Act brought sobriety to the homes and happiness to the women and children, would deliberately vote for a return to the bar-room. Yet today Ontario faces, as the only alternative to the O.T.A., a step that will lead to conditions in some respects even worse than the open bar produced.

Rally to Its Defence!

The same sordid story comes from every province where so-called government "control" has been blindly adopted. More drinking, more drunkenness, more crime, more accidents, more misery, more waste—and, above all, infinitely more of the curse of bootlegging. This prospect should send every earnest man and woman in Ontario to the polls on October 23rd to vote for the continuance, strengthening and vigorous enforcement of The Ontario Temperance Act.

To legalize the sale of booze for beverage purposes, though in sealed packages, is to re-establish the liquor shop

without the former restrictions of the licensed bar-room, and bring back the treating system, the hip-pocket flask, and the drinking club. To vote for government sale is to bring back to old Ontario the free dispensing of that bottled misery which will blight and destroy the hopes, the character, the life of young and old in every community where liquor shops are permitted to exist.

Your Ballot is Your Weapon

You know that, but you must VOTE. Your weapon, the ballot, must be used. Vote yourself, and use your influence to have every qualified elector within your home and your place of work do likewise. The only votes counted will be those placed in the ballot box on October 23rd, 1924.

Apathy and over-confidence have lost many a good fight. The liquor trinity—bootlegger, brewer and distiller—are at work, night and day. Foil their efforts by polling an overwhelming majority for The Ontario Temperance Act. Mark your ballot thus:

1	Are you in favour of the continuance of The Ontario Temperance Act?	X
2	Are you in favour of the sale as a beverage of beer and spirituous liquor in sealed packages under Government control?

Plympton Fall Fair Was Marked Success

Exhibits by Children Were Feature
Horses Prove Attraction

Wyoming, Oct. 5.—A crowd of 700 people enjoyed perfect sunshine and the finest exhibits yet shown at Plympton fall fair. The driving and draft horses attracted great attention. A class for ponies driven by youthful exhibitors, and afterward ridden bareback, elicited much applause and gave pleasure to the many children present. An exhibition of hurdle-jumping, horseshoe pitching and a baseball game between two teams of girls, Sarnia radio stars and Kertch amateurs, during the afternoon. The school exhibits were fully up to the standard.

The baby show resulted in first prize going to Pauline Case, second to Willard Scharf and third to Baby McRoberts.

The march past and drills and songs by public school children was an interesting feature. Matlock school, with boys and girls perfectly

disciplined and all dressed in the same color scheme of blue and white drew first prize. Wanstead came second, the costume plan being that of a gypsy camp.

The singing of Wanstead pupils was very favorably commented upon. Oban received third prize, with all points slightly below the other two winners.

The Catholic Women's League and the Presbyterian Ladies' Aid ran well-patronized lunch stands. Numerous games of skill added to the general fun.

In the evening an excellent concert was presented by the Sunset concert company of London. The rendering of classical music by the quartet and in individual solos was superb, and the lighter side was well maintained up to a high standard of humor, and at times pathos, by the comedian, Fred Gill. A crowded house greeted the performers.

The fair was the most successful from every viewpoint for several years.

WEDDINGS

LANCASTER—COWAN

The wedding was quietly solemnized at the home of John Cowan, K. C., and Mrs. Cowan, North Christina street, Sarnia, on Thursday, October 9th, at 5:30 p. m., of their daughter, Miss Caroline Mary Cowan and Percy Martin Lancaster, of Shanghai, China. The Rev. Dr. McGillivray of Shanghai performed the ceremony and was assisted by the Rev. J. J. Paterson, of St. Andrew's Presbyterian church, Sarnia. For the past three years Miss Cowan was secretary to Dr. McGillivray at Shanghai, and the groom was born in the Orient. The bride was given in marriage by her father, and they were unattended. Mr. and Mrs. Lancaster will return to Shanghai to reside in December, and meanwhile will divide their time between Sarnia and Toronto.

HOUGHTEN—EVANS

A quiet wedding was solemnized on Wednesday, October 8, at the Presbyterian church, Petrolia, when Margaret Dale Evans, eldest daughter of James Evans, Petrolia, be-

came the bride of Dr. Chas. Leon Houghton of Wyoming. E. Houghton of Toronto, brother of the groom was groomsmen, while Miss Donna Evans, only sister of the bride was bridesmaid. Only the immediate relatives were present at the wedding. After a short honeymoon they will reside at Wyoming where Dr. Houghton has a large practice.

HARPER—KILMER

A quiet but pretty wedding was solemnized at St. Mary's Rectory, Warwick Village, Monday, Sept. 23, at 2:30 in the afternoon, when Pearl, eldest daughter of Mr. and Mrs. Em-

erson Kilmer of Warwick, and Samuel Bruce, youngest son of Mr. and Mrs. William Harper, also of Warwick were united in holy matrimony. The Rev. Mr. Jennings, rector, performed the ceremony. The bride looked charming in a gown of ivory silk crepe-de-chene, and embroidered grey swede slippers with stockings, gloves and hat to match. She carried a sheaf of gladioli and asters and was accompanied by Mrs. William Turner sister of the groom, while Mr. William Turner supported the groom. They will reside in Warwick.

Government Control is People's Control

THE people of Ontario—not any narrow or isolated section of them—but the people of Ontario as a whole—have certain ideals of public and private life. British traditions have given us these.

These ideals are well understood.

Lawlessness, disrespect for law, lack of self-restraint, and excesses of all kind find no approbation in Ontario.

Government Control, in the present plebiscite, is simply a mandate by the people to the Government to proceed with legislation which, while dealing with and as far as possible eliminating excesses in drinking, will restore respect for law, and recognize the right of the citizen to regulate his private life in accordance with the principles of moderation and sanity.

Prohibition is a denial of such a mandate. It consists of an absolute order of "MUST NOT".

That it undermined private and public life—that it made lawlessness profitable—that it took revenues which should be used for the public good—that it created evils harder to subdue than those it pretended to abolish—was the verdict of Alberta, Saskatchewan and Manitoba within the last year. They had tried Prohibition for seven years and found that period quite long enough.

Of course, the verdict was not rendered without a fight. Just as here, the people were told of the wonders of prohibition. They were told how rich they had become, how sober they were, how crime had vanished, how low taxes were and how happy and prosperous everybody was. "Impartial" writers wrote articles in the newspapers, "unbiased" speakers made speeches.

But the people were not moved. They knew better.

Then they acted. Just as soon as the opportunity arose they voted for Government Control. The Prohibitionists tried to prevent the people from expressing their views. Everywhere they said that a vote was unnecessary and sought to avoid one. Just as here.

But the people prevailed. They decided that, through their Governments, they would take control themselves.

Vote for Government Control as follows:

1	Are you in favour of the continuance of The Ontario Temperance Act?	
2	Are you in favour of the sale as a beverage of beer and spirituous liquor in sealed packages under Government control?	X

IN THE PUBLIC EYE
BY Carl A. Class

DO YOU EVER HAVE AN EYE-HEAD-ACHE?

An eye-headache some times accompanied by an earache and burning sensations of the eyes is caused by an over effort of the brain to understand a blurred image that has been thrown on the retina of the eye. In the eye-camera the foci are changed by the eye muscles that swell and reduce the shape of the crystalline lens. When these muscles become weakened an optometrist must prescribe the outer-man-made lenses to bring about this focus accommodation.

WHERE THE MONEY COMES FROM.

EXPORTATEUR Francais, the French commercial paper, in its issue of June 19 contains a report of the French Wines Exportation Commission (Commission d'exportation des vins de France.)

Canada is especially cited in the report, and Canadians will be interested to know that this foreign organization furnished funds, and other help, for the campaign in Manitoba, Alberta and Saskatchewan. It is now working and intends to give aid to the coming campaign in Ontario, and is in addition seeking to further its ends in the Provinces of British Columbia and Quebec.

The following is a literal translation of part of the article:—

French Wines Propaganda Abroad.

"The year 1923 will be reckoned in Canada as one of the most striking in the history of prohibition; the anti-prohibitionist campaign advancing from place to place, gained over two provinces, Manitoba and Alberta; two other provinces, Ontario and Saskatchewan, will soon yield to this effect. The Wines Exportation Commission may lay claim to a preponderant share in this success as being the only French or foreign organism which brought all its forces to bear in the battle. The President of the Council, Minister of Foreign Affairs, expressly intimated to it, on this occasion, his approval of the efforts it pursues for an expansion.

"Our action assumed the most diverse forms; drawing up tracts and pamphlets, editing of the latter and their distribution throughout Canada; press publication and controversies; furnishing of funds at the right moment.

"Our activity did not confine itself to 'moistening' the dry provinces where it appeared the effort might be useful; it was likewise exercised in improving the regime existing in the provinces where this effort had already borne fruit by the institution of the intermediary system represented by the monopoly. We had, for instance, occasion to express our point of view to the French Government upon certain details of the working of the Quebec Liquor Commission and quite recently, we organized a campaign in British Columbia for the adoption of certain measures favorable to the sale of our productions."

On The Trail Of The Moose

Have you followed the trail of the lordly moose through the flaming forests of the north and heard him call from the barrens or tracked the fleet-footed deer over newly-fallen snow, with the keen wind in your face while the trees cracked in the frost and the whole forest seemed vibrant with life? If you have you know the real joy of the Canadian autumn, which is never found on the city's streets nor in pulsing marts of commerce, but only in the clean open spaces and the fragrant silent woods.

Now that the leaves are turning crimson and gold you will begin to dream of the little hunting camp in the north woods, of sparkling dewy dawns, tramps through the fallen leaves, blasting camp fires, wonderful autumn nights and the bed of balsam boughs, for there is no tonic in all the world for a tired brain and a weary soul like a hunting trip in the Northern wilds.

Canadian National Railways tap the choicest of the solitary hunting districts of Northern Ontario, Quebec and the Maritime Provinces and if you are going off on a hunt this year go to the nearest ticket office and procure a copy of "Hunting in Canada" which contains full information as to the various districts, accommodation and guides. Then pack up your rifle, sweater and togs and be off.

ALVINSTON

A very pleasant time was spent at the home of Mrs. S. Brownlee on Monday evening, when a large number of friends of Miss Hazel Dodge, a bride elect of this week, met to honour her with a miscellaneous shower of gifts. Many and beautiful were the gifts received showing the high esteem in which the young lady was held by her numerous friends.

The regular meeting of the Y. P. S. of Guthrie Presbyterian church, was held on Monday evening. A large number were present. The meeting opened with devotional exercises, after which Robert Morrison favoured the audience with a solo, which was much enjoyed. Lantern slides were then shown on "Mrs. Wiggs of the Cabbage Patch," the intervening part being read by G. Thornicroft. A social hour was then spent during which refreshments were served.

Mr. Frank McCormick spent the week end at his home in Watford.

Miss M. Gairhart, of Detroit, is the guest of Mrs. W. A. McLean of the Grand Central.

Miss Wilda Rutledge of Dresden spent the week end at the home of her sister, Mrs. Herb Leitch.

Mr. and Mrs. L. Welch and son, Clifford, and Mr. and Mrs. Ross McRoberts spent Sunday in Thamesville.

LAMBTON LOAN CO. ARE ACCEPTING NOVEMBER BONDS

Interest Paid on Deposit or Conversion Made to Lambton Loan Debentures

The issue of the new Dominion government loan has established the fact that there is an enormous amount of money seeking profitable investment, the possessors of which are often unable to find an avenue which will offer a good rate of interest and at the same time provide the unquestioned security which is vital to the average investor.

In this connection attention is drawn to the debentures offered by the Lambton Loan and Investment Co. of Sarnia, an institution which for almost one hundred years has carried on a financial and investment business which has had few equals in the history of Canada. These debentures are for terms of one, two, three, four or five years bearing interest at the rate of 5 1/2 percent, carrying coupons payable twice a year. They are purchasable at any time and are backed by a capital and reserve of \$1,700,000.

Consideration of these circumstances show that the investment offered by the Lambton Loan and Investment Company is one of the most attractive on the market today and is sure to prove of unusual interest to those who desire to place their money in channels of assured safety and at the same time reap the benefits of an interest rate of 5 1/2 percent. The fact that this strong Lambton institution has served the public since its foundation in 1844 is a guarantee of integrity that cannot be overlooked.

The Lambton Loan and Investment Company is also accepting Government Bonds of November maturity, and will allow interest either on their deposit or conversion to Lambton Loan and Investment Company Debentures.

If advantage is taken of this offer now, it will mean a bonus of four weeks interest. The longer you wait, the less bonus of interest you will receive. The new Dominion Loan has been taken up, and the present holders of Bonds, maturing in November 1924, will have to find some other outlets for their money, and what better investment could be made than with a Loan Company, whose money is all placed in the surrounding country and consequently helping to build up Lambton County. The Company will be glad to supply any further information desired. A personal call at our office, 191 Front Street, Sarnia, is always appreciated.

Government Control

It is difficult to understand why those advocating the so called Ontario Temperance Act, claim for themselves the name of the Temperance party. The advocates of Government Control are equally working for Temperance.

The question for the people to decide is:-

Shall we retain the Ontario Temperance Act with its concomitant results of promiscuous bootlegging, illicit stills established in numbers where they were never heard of before, widespread clandestine drinking of spirituous liquor by the young of both sexes, etc., all of which we see about us, or---

Shall we have Government Control without the bar and under strict regulation which, wherever it has been introduced, is rapidly eliminating the evils which had previously been produced by prohibitory laws and is improving the moral tone of the whole community.

Rheumatic People Can Now Find Relief

By Driving the Poisonous Acid From the System.

Rheumatism attacks people when the blood is thin and watery, or charged with impurities, thus setting up inflammation on the muscles and joints. Cold, wet weather or sharp winds may start the pains, but the cause is rooted in the blood and to get relief it must be treated through the blood. As a blood builder and nerve tonic Dr. Williams' Pink Pills are unsurpassed, and for that reason do not fail to give relief to rheumatic sufferers when given a fair trial. Among the rheumatic sufferers who have proved the great value of this medicine is Mrs. Simeon J. Tutton, Indian Head, Sask., who says:—"For over two years I was an intense sufferer from rheumatism and until I began the use of Dr. Williams' Pink Pills no treatment that I took helped me any. The trouble grew so bad that I could not move around the house without help, and finally I had to give up and go to bed. Words cannot tell how much I suffered, and I could not bear to have anyone come near me. Finally one of my neighbors strongly urged me to try Dr. Williams' Pink Pills, and I decided to do so. In the course of a few weeks I could feel an improvement, and I was able to get up. I kept on taking the pills until all traces of the trouble were gone, and I could again do my housework, feeling like a new person. Three years have passed since that and there has never been the slightest return of the trouble, so that I feel safe in saying that the relief brought by this medicine is permanent."

You can get the pills from your druggist, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

OBITUARY

THE LATE JACOB CLINE

In the death of Jacob Cline, which occurred on September 30th, at the Private Patients Pavilion of the Toronto General Hospital, Warwick Township lost one of its most widely known, and highly respected farmers. Mr. Cline resided on the old homestead on the 4th line east, all his life. He was a Conservative in Politics, a staunch member and liberal supporter of Grace (Anglican) Church, which is situated on his farm. He was also a member of the Oddfellows Lodge, Watford, his brother Oddfellows acted as his pall bearers. Mr. Cline is survived by his sister, Mrs. M. J. Cowan, who resided with him in the home, and Mrs. James Dunkeld of Toronto, also a half brother, Samuel Burchill, of the 4th line east, and a half sister, Mrs. Earnest Crummer, of Windsor. A nephew and niece, Mr. and Mrs. Royden B. Cowan, of Miami, Florida, and Jack and Margaret, children of Samuel Burchill.

The funeral service was held in Grace Church, 4th line east, conducted by his rector, Rev. R. H. Diehl, of Adelaide, assisted by the Rev. T. B. R. Westgate, of Winnipeg. At the conclusion of the service at the church, the funeral procession, proceeded to the Watford Cemetery, where his remains were laid to rest in the family plot.

Mr. Cline was a very human man, that was how he enjoyed real happiness in this life.

He was so human whether strong or weak. Far from his kind, he neither sank nor soared, But sat an equal guest at every board

No beggar ever felt him condescend, No prince presume, for still himself he bare, At mankind's simple level, and where'er He met a stranger, there he left a friend.

No one is more to be envied than a man of this splendid type, no one more to be pitied than a man who forgets his kinship with his fellow-man.

He had a friendly nod for all, a kindly word, an understanding smile, he cringed to none, but neither did he show contemptuous indifference to any.

The manhood of others he as keenly sensed as his own manhood. He had no absurd notions as to his intrinsic superiority to those less fortunately circumstanced. Snobbery had no place in his make up. Consequently he passed from place to place sowing seeds of joy in other people's hearts, and in return harvesting an abundance of joy for himself.

What money cannot purchase was his without the asking. Even when alone he never felt lonely, for he lived all the while in an atmosphere of good will, created by his own intensely human outlook.—Cont.

Lambton Medical Society Meets in Watford

Interesting Address on Insanity Heard—Health Week Receives Endorsement

The regular October meeting of the Lambton county medical society was held at Watford on Wednesday. As special speaker, Dr. Harvey Clare, superintendent of the Ontario hospital for insane, Toronto addressed the meeting, his subject being "The Range of the general Practitioner in Psychiatric Diagnosis," with special reference to medico-legal work in regard to insane people.

According to Dr. Clare one in 340 persons in Ontario is insane. About 2000 insane people are admitted to the asylums annually. In New York state one in 220 are said to be insane, the larger number being due to the fact that there are far more organizations seeking the mentally feeble from the general population.

The medico-legal aspect of the subject was gone into most carefully and was greatly appreciated by all present.

Following these general remarks the speaker spent considerable time in the differential diagnosis on insanity. The great majority of insane people in the asylums know the difference between right and wrong, according to Dr. Clare.

An interesting discussion followed Dr. Clare's paper.

Public Health Week. Dr. J. W. Bell and Dr. McNally of the Provincial board of health and others spoke briefly regarding the public health week to be held at Sarnia, the first week in December. The scheme received the hearty endorsement of the county physicians.

Following the meeting the members of the society were guests of the physicians of Watford at a sumptuous banquet.

Physicians were present from: Camlachie, Theford, Forest, Petrolia, Watford, Inwood and Sarnia.

A Beneficial Meal-Time Habit Your Children Should Form

YOU naturally hesitate to give the children tea and coffee because of the poisons Caffeine and Tannin these contain. Yet it is hard to refuse when they want "the same as you have".

Serve as your family beverage Instant Postum—the wholesome, invigorating, delightful hot beverage which all may enjoy with safety and benefit. Have better health yourself through ridding your system of these irritating poisons. Form in the children's minds a habit which will keep them healthier in later life.

Carrie Blanchard's Offer

"I want you to try Postum for thirty days. I want to start you out on your test by giving you your first week's supply.
 "It seems to me that it would be a wise plan for mothers, particularly, to think of this test in connection with the health of their families.
 "Will you send me your name and address? Tell me which kind you prefer—Instant Postum or Postum Cereal (the kind you boil). I'll see that you get the first week's supply right away."

Toronto Mother Found Relief by Taking Lydia E. Pinkham's Vegetable Compound

Toronto, Ontario.—"I have found Lydia E. Pinkham's Vegetable Compound a splendid medicine to take before and after confinement. A small book was put in my door one day advertising Lydia E. Pinkham's medicines, and as I did not feel at all well at the time I went and got a bottle of Vegetable Compound right away. I soon began to notice a difference in my general health. I was full of aches and pains at the time and thought I had every complaint going, but I can truthfully say your medicine certainly did me good. I can and will speak highly of it, and I know it will do other women good who are sick and ailing if they will only give it a fair trial. Lydia E. Pinkham's Liver Pills are splendid for constipation. You are welcome to use my letter if you think it will help any one."—Mrs. HARRY WESTWOOD, 543 Quebec Street, Toronto, Ontario.

The expectant mother is wise if she considers carefully this statement of Mrs. Westwood. It is but one of a great many, all telling the same story—beneficial results.

Lydia E. Pinkham's Vegetable Compound is especially adapted for use during this period. The experience of other women who have found this medicine a blessing is proof of its great merit. Why not try it now yourself? C

District Apple Crop Smaller

Western Ontario Yield Placed at 75 Per Cent of 1923.

The apple crop in Western Ontario is placed at 75 per cent of 1923, according to a dominion government report just received. The leading varieties in yield are Kings and Russets 100 per cent, Spies and Greenings 70 per cent, and Baldwins 40 per cent of last year. The fruit is sizing well, but generally the crop is scabby. Owing to the lateness of the growing season which is about two weeks behind last year, apples are not maturing well, and lack color. In some orchards, aphids have done a great deal of injury, causing the fruit to hang in small clusters. Owing to the peculiar nature of the aphids of excreting honey dew on the leaves and fruit, sooty fungus is developing in this excitement wherever these insects have been prevalent.

Georgian Bay District—The apple crop in this district is reported to be 70 per cent of last year. Snows 150 per cent, Kings 75 per cent, Russets 50 per cent, Greenings and Cranberry Pippin 45 per cent, while Baldwins are 20 per cent of 1923.

Wyoming—The apple crop in this section has been greatly reduced owing to the work of aphids. Some varieties of fruit are rendered worthless. The total crop will be 40 per cent of last year with Snows and Kings 125 per cent, Spys 50 per cent, Greenings 40 per cent, Baldwins and Wagener 25 per cent, Russets 20 per cent of 1923.

Arkona—The apple crop is much below the average, being 30 per cent of last year. Scab is very prevalent and the apples are not sizing well; in unsprayed orchards they will be hardly fit to pick. Aphids have done considerable damage to the entire crop. Some sales have been made of winter varieties at \$3.25 for No. 1's and \$2.90 for No. 2's.

East Lambton Teachers' Convention

The teachers of East and West Lambton held a joint convention in the Iroquois Theatre, Petrolia, on Thursday and Friday, October 9th, and 10th. Practically all the teachers of Lambton County were in attendance and the meeting was a very decided success in every way.

The opening exercises of Thursday morning opened with Mr. Kirke Evans, President of East Lambton teachers, in the chair. Rev. A. M. Stewart, Pastor of Petrolia Methodist Church, began the session by an able address.

A splendid report of the O. E. A. meeting at Toronto, was read by Miss Mary E. Davis, of Florence.

Mrs. F. C. Fisher and Miss Murray of Petrolia, then conducted community singing. Madelon McKaig gave pleasing recitations and Mr. F. C. Fisher of Petrolia, brought the morning session to a close with two excellent violin solos.

Mr. Fred Thompson, President of West Lambton Institute, presided during the afternoon session. Rev. Mr. Pitts, Anglican rector of Petrolia, conducted the devotional exercises after which the nominating committees were appointed and the general business of the Institutes was dealt with.

Mr. F. H. Thompson of Sarnia Schools, addressed the convention on the subject, "Discipline in the Public School." He pointed out the necessity of enforcing discipline from the beginning. The pupils honour a good disciplinarian.

Frank C. Irvine, M. A., addressed the teachers regarding what the Boy Scout movement stands for.

Mr. Kirke Evans, addressed the Institute, dealing ably with "The New Course of Study," which has recently been sent out by the Department. Teachers showed approval of the new course.

Mr. Geo. A. Cornish, of Toronto University, then took up with the teachers the subject of Nature Study. He ably set forth the importance of the subject and showed how best it could be taught.

Miss Hazel Lennan, of Petrolia Schools, gave a pleasing reading.

Inspector, Conn, of West Lambton dealt for a time with many points in the teacher's work requiring attention. The proper keeping of the register, catalogue of equipment and the making out of reports were explained by him.

Inspector Edwards of East Lambton, also dealt with points relating to the work in general. He urged teachers to be students themselves, always trying to adopt themselves to new conditions.

On Thursday evening the teachers attended a banquet given by the ladies of the Presbyterian Church, Petrolia. Thanks to the ladies the evening session was a decided success. A jolly time was spent in Community Singing and Fisher's Orchestra delighted all with their splendid music.

Prof. Cornish with the aid of lantern slides gave a most instructive address on the early history of Egypt and her early kings, dealing particularly with the search and finding of the tomb of King Tutankamen.

On Friday morning, Rev. Raithby conducted the opening exercises. Reports of committees were received and adopted.

East Lambton officers for 1925, were elected as follows:
Hon. President—Inspector Edwards.
President—Miss Florence E. Edwards.
Vice President—Mr. A. Doolittle.
Sec'y-Treas.—Walter Kelly.
Counsellors—R. J. Henderson; Catherine Campbell; Kirke Evans.
Auditors—Misses J. Leach and M. Reid.
Delegate to O. E. A.—R. J. Henderson.

The subject of Primary work in rural schools was taken up by Inspector Conn. He strongly recommended plenty of equipment for primary grades.

Prof. Cornish's address on Geography was enjoyed thoroughly by all. He outlined the method of teaching which should be employed. Children should be taught through their interests. Avoid teaching too many unimportant facts.

Mr. and Mrs. Fisher and Miss M. Murray then conducted community singing. Mr. Ed Fletcher sang a solo.

Edna and Dorothy Hunter danced Scotch and Irish dances. Mr. F. C. Fisher rendered a violin solo and Mrs. Fisher gave a reading. All of these numbers were most pleasing and greatly appreciated by the convention.

Rev. J. J. Monds opened the afternoon session.

The subject of entrance work was ably dealt with by Inspector Edwards. He dealt with the dangers which inexperienced teachers are

Rev. Mr. Pitts with some of the Petrolia Boy Scouts, gave a demonstration of physical exercises using a gramophone. The afternoon session was brought to a close by a comic picture kindly run off by Mr. Wallace the manager of the Theatre.

On the whole the Convention was very successful. The teachers and Inspectors were very well pleased with the success of the joint convention. Very fine samples of Art and other work was brought by several teachers and was on exhibition during the meeting.

OTTAWA BOYS' CHOIR

Ottawa, Oct. 15.—The development of a choir in Ottawa, from an unorganized group of forty boys many of whom had no means or facilities for the pleasures other boys enjoyed, into a well knit organization of over one hundred trained singers, is making a distinct addition to the musical life of this city. The choir was started two years ago by the Kiwanis Club of Ottawa, which carries on all the business arrangements. An annual concert is given by the choir in the spring. This organization, now known as the Ottawa Kiwanis Boys' Choir, has a director who gives a sound musical training in individual as well as group work.

In the schoolroom, while the quantity of fancywork and sewing was smaller than in some previous years, the quality was good. The flower display was most beautiful and the cooking and canned fruit would compare favorably with the best work of adults. The school work reflected great credit on the teachers as well as on the young exhibitors.

Vote For True Temperance But Not Government Control

The Moderation League is Afraid to Tell the Truth!

DRINKING FACILITIES ARE UNLIMITED UNDER GOVERNMENT CONTROL

In British Columbia one man bought 69 barrels of beer in one month. Another bought 3 barrels a DAY. One woman secured, in 86 days, 1,962 bottles of beer, 13 bottles of whiskey and 70 bottles of rum. A President of one "Beer Club" paid out for liquor over \$2,000.00 per month.

GOVERNMENT CONTROL PROVIDES A BOOT-LEGGERS' PARADISE

The "Vancouver World" has published a scathing editorial denouncing conditions in B. C. under Government Control. It said: "End the Boot-leggers' Paradise. The present system (Government Control) has made British Columbia the HEAD-QUARTERS OF THE BOOT-LEGGING BUSINESS."

"The Hook," the most rabid anti-prohibitionist paper in British Columbia, in its issue of May 2nd, 1924 says: "Never since the downfall of the Prohibition Act has there been so many blind pigs and so much easy liquor around Vancouver and Victoria as at the present time. NEVER HAS BOOT-LEGGING BEEN DONE SO OPENLY."

"The Hook" of April 25th says: Boot-legging, estimated at the extent of 5,000 cases a month, is taking place in and around Vancouver, robbing the Dominion treasury of \$1,200,000 a year customs duty and robbing the Provincial treasury of about \$720,000."

SIMILAR CONDITIONS ARE FOUND IN OTHER PROVINCES UNDER "CONTROL"

Rev. R. R. McMath, of Ulverton, Quebec, writes: "I lived in Ontario two years, 1922-24, and in the meantime attended Toronto Exhibition. During my stay I only saw two drunken men. I have been three months in Quebec, and on a recent Saturday afternoon, in a town of about 8,000 population, I saw five drunken men inside 15 minutes."

GOVERNMENT CONTROL WILL NOT REDUCE BUT INCREASE—YOUR TAXES

The personal friend of a local pastor has seen the tax bills of a citizen of Vancouver on his property for the years 1920-24. These are a fair sample. The assessment remained unchanged at \$2610.00, yet the taxes increased as follows: 1920: \$68.19; 1921: \$78.06; 1922: \$101.61; 1923: \$106.69; 1924: 140.65. The house taxes have more than doubled under "Control."

Quebec, with its three millions—or more—profits from liquor sales taxes a Ford owner \$17 plus 2 cents tax on every gallon of gasoline.

Ontario, under the O. T. A. only taxes him \$14.

CONDITIONS IN BRITISH COLUMBIA ARE SO BAD THAT

The retail grocers of Vancouver publicly appealed, some time ago, for a referendum on the total prohibition of the liquor traffic.

The Mayor of Vancouver, last year, declared in open Council: "Conditions are deplorable. Every mail I get letters from wives complaining that their husbands are coming home drunk after they have spent their wages at the beer clubs."

An Alderman asserted that "some hotels had been turned into 'brothels,' and that PRESENT CONDITIONS—(Government Control)—HAD DAMNED MORE YOUNG LIVES THAN ALL THE PROFITS COULD AMEND."

Even the hotel men have presented petitions to the Legislature declaring against the present system, because it turns hotel bedrooms into drinking shops where the drunkard is beyond the control of the proprietor.

AND EVEN THE MODERATION LEAGUE PETITIONED THE GOVERNMENT OF B. C. AGAINST THE PRESENT SYSTEM. Yet the moderation League is working hard to foist a similar system upon Ontario. Consistent? Think it over!

INWOOD

(Crowded out last week.) Mr. and Mrs. W. A. Graham spent a few days with Sarnia friends. Miss J. Gorsnell, visited a few days in Oil Springs.

Miss Josephine Robinson, visited a few days with friends around Inwood.

We are pleased to learn Mrs. Jas. McLean of Petrolia is improving.

We are glad to see Mrs. W. J. Munroe is able to be out again.

Mrs. C. Wallis and Mrs. E. S. Lorrman, visited in Sarnia Wednesday.

Mr. and Mrs. W. H. Chapman, spent a few days recently in Sarnia.

Harry Richardson is in London with his uncle, George Liddon.

Mr. R. J. Richardson was on the sick list last Wednesday.

Mr. Percy Barber spent Sunday in Chatham.

Mr. and Mrs. R. B. Warner accompanied by Mrs. A. Trowhill, was in Port Huron Friday.

Mrs. Henry Cox of Dauphin, Man., will spend a month with friends at Inwood.

Miss Helen Richardson, accompanied her aunt, Mrs. Harry Liddon, to Niagara Falls.

Clifford, Edith and Ethel Hardy, of Melbourne, spent Sunday afternoon with Mrs. A. Trowhill.

Mrs. Catherine Smale, of Kylemore, Sask., is spending the winter with her daughter, Mrs. C. E. Atkin.

Mr. J. P. McVicar and daughters, Gertrude and Effie, visited at Dr. McVicar's of Port Huron, Sunday.

Mr. Sussex of the Dominion Alliance, occupied the pulpit in the Pres-

byterian church Sunday morning. Mr. and Mrs. S. S. Courtright, Mrs. Gertrude Courtright and Mrs. Duggan of Oil Springs, were in London last Tuesday.

Mr. and Mrs. Melbourne McKay, and daughter, Marjorie, accompanied by Mr. and Mrs. W. Wade, visited friends in Courtright Sunday.

Mrs. Mark Crawford of Inwood, and Mrs. Shibley of Haliburton, were the guests of Mrs. C. M. Trace and Mrs. Buck of London, a few days last week.

Mrs. Gertrude Courtright visited the public school here on Friday last and took the children on an imaginary trip to the cotton fields of the south. This was made most interesting by showing them cotton in its various stages as well as views of the natives at work. Both pupils and teacher appreciate very much Mrs. Courtright's visit, as well as the cotton exhibits, she so kindly donated to the school.

The regular meeting of the W. I. of Inwood was held at the home of the President, Mrs. Dr. McLean. After an interesting business session, Mrs. Shriers, of Arkona, District President, gave a talk on Institute work and Miss M. Lehrbass gave a splendid paper on "Literature in the Home." It was arranged to hold the next meeting in the evening, Oct. 28, at the home of Mrs. J. A. Bishop, to take the form of a masquerade. Light refreshments were served at the conclusion of the meeting.
