The copy filmed here has been reproduced thanks to the generosity of:

MacOdrum Library
Carleton University

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol $\rightarrow$ (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

MacOdrum Library
Carleton University

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole $\rightarrow$ signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

Explanation of the Articles in the Calendar.

These pages are calculated for Toronto, Quebec, Fredericton and Halifax, and for ordinary purposes will serve sufficient accuracy for every city in the Dominion of Canada.

The times of the SUN'S RISING AND SETTING are given for the upper limb, and are corrected for refraction for Toronto, Quebec, Fredericton, Halifax and Fort Garry.

The civil times both for the rising and setting of the Moon's centre are given for every day for Toronto, Quebec, Fredericton, Halifax and Fort Garry.

The column, SUN ON MERIDIAN, gives the time that a watch should show when the shadow of a sun dial is on noon mark.

MOON'S AGE.—This column shows to the nearest tenth of a day the Moon's age at Toronto noon.

The column, MOON ON THE MERIDIAN, gives the mean time at which the Moon's centre passes the meridian of longitude 4h. 46m. W. When in the column headed Moon's rising or setting, or Moon on meridian, the letters A.M. unaccompanied by any number, they denote that the numbers given for the succeeding days relate to the morning and those for the preceding days to the afternoon, and that the Moon does not rise or set or cross the meridian (in case may be) on that day.

The MOON'S MERIDIAN ZENITH DISTANCES are given to the nearest tenth of a degree for a point in latitude 48° longitude 4h. 46m. W. They are not corrected for parallax or refraction.

The column, UPPER TRANSIT OF POLE STAR, shows for every day the mean time at which the Pole Star makes upper transit across the meridian of longitude 4h. 46m. W. It passes the meridian in the morning from April to October 8. It passes the meridian twice on October 9; and in the afternoon during the rest of the year.

The time at which the lower transit of the Pole Star occurs may be found by adding 11h. 58m. 2s. to the time preceding upper transit.

The six last columns will serve with sufficient accuracy for the whole of Canada.

From the time of the upper transit of the Pole Star may be found the time of its greatest western or eastern elongation, by adding or subtracting the constants given in the annexed Table.

Latitude	42°	43°	44°	45°	46°	47°	48°	49°

MOON'S PHASES.—This Table gives the times for the four meridians when the Moon passes the geocentric longitudes of 0°, 90°, 180°, and 270° east of the sun. It gives also the times of her greatest and least distance from the earth.

TWILIGHT.—In this Table are given the times at which twilight begins in the morning and ends in the evening, the times when the Sun's centre is 18° below the horizon.

GREATEST ELONGATION OF THE POLE STAR.—This column gives the greatest azimuth of the Pole Star east of the meridian as observed at a place in latitude 45°. When the greatest elongation corresponding to any latitude is required, the number given in the column should be corrected by means of the following Table.

The 1st correction for the degrees of latitude is to be subtracted from the greatest elongation given in the calendar added to it, according as the degrees of latitude are less or greater than 45°.

The 2nd correction, which is always additive, is found by multiplying the number given in the third line of the table by the number of minutes in the latitude.

For latitude 43° 20'... 1st correction	= -3' 51"	2nd correction	+1.0 × 20 = +0' 39"
" " 47° 40'... " "	= +1' 16"	" " +2.5 × 40 = +1' 32"	
" " 45° 10'... " "	= +0' 0"	" " +2.1 × 10 = +0' 21"	

THE PLANETS.—The times of rising and setting of the five chief planets are calculated for Toronto, and are corrected for refraction. The times of culmination, although computed for the meridian of Toronto, will serve approximately the whole of Canada. The meridian zenith distances, being designed merely to aid in finding the planets, have been given only to the nearest tenth of a degree, as seen from the latitude of 45°.

Star Table.

From the times of the upper transit of the Pole Star may be derived, with the aid of the following Table, the times of culmination, and of the rising and setting of the principal fixed stars, as seen from the parallel of 45° north latitude. To ascertain when any star found in the following Table will be on the meridian, add the number in the left-hand column of figures to the preceding meridian transit of the pole star given in the calendar. To find the time of rising of a star, subtract the number opposite to it in the right-hand column of figures from the time of its meridian passage. To find the setting of a star, add the same number to the time of its meridian passage. Those stars marked (....) revolve in a circle of perpetual apparition, and do not rise or set at places in and to the north of latitude 45°.

Eclipses.

In the year 1876 there will be two eclipses of the Sun and two of the Moon.

A partial eclipse of the Moon, March 9th, 1876, visible in Canada.

The following Table shows the local astronomical times at which the various phases occur at different stations:—

Magnitude of the eclipse (Moon's diameter = 1) 0.295.

The first contact with the shadow occurs at 176° from the northernmost point of the Moon's limb towards the east. The last contact is at 118° towards the west.

II.—An annular eclipse of the Sun, March 25, 1876, visible as a partial eclipse throughout the Dominion of Canada. At Toronto, the first contact occurs at 3h. 25.4m. p.m.; angle of first contact from North Pole, 86° towards the west for direct image. The greatest phase is at 4h. 22.9m., and the magnitude of the eclipse (Sun's diameter = 1) is 0.377. The last contact is at 5h. 16.3m. p.m.; angle from the North Pole 20° towards the east.

The Greenwich mean times of first and last contacts for places near Toronto may be found from the following formulae:—

First contact.

$$\cos \omega = 1.02851 - [0.16888] \sin l + [0.02737] \cos l \cos (43^\circ 19' 28'' - \lambda)$$

JANUARY.

The lee-bound stream, the cutting gale,
The crunching snow and driving hail,
Attest old Winter's sway;
But still the sleigh-bell's merry noise,
Proclaims that Winter has its joys,
To sweep dull care away.

When summer, in its youthful prime,
Sheds hope on all around;

Pomona now prefers her welcome suit,
 And brings her offering of luscious fruit,
 To magnify our debt:
 The rosy apple bends the yielding twig;
 The downy peach, the apricot, and fig,
 In tempting order set.

FISHERIES OF THE DOMINION.

The following tabular statement exhibits the yield of our fisheries last year as exceeding considerably that of the preceding year. Their money value, in 1873, amounted to \$10,754,998. It amounts, in 1874, to \$11,081,880. An increase of nearly one million of dollars.

These figures comprise chiefly fish produced for exportation. It is computed that about ten per cent. more should be added for domestic supply. The produce of British Columbia, Manitoba and the North-West Territories, is not at present accounted in these returns.

POPULATION OF THE UNITED KINGDOM.

Previous to 1801 there existed no official return of the population of either England or Scotland; nor was it till that statement had anything more than surmise to guide them respecting Ireland, and the census then taken of that country was far from correct. The estimate formed of the English population at various periods, calculated from numbers of baptisms, burials, and marriages, was, in the year 1570, 4,160,221; 1600, 4,811,718; 1630, 5,800,517; 1673, 6,446; 1700, 6,045,008; 1750, 6,517,035.

No. 1.—*Rates of Postage on Letters within the Dominion of Canada including the Province of Ontario, Quebec, New Brunswick, Nova Scotia, Manitoba, British Columbia, and Prince Edward Island.*

WEIGHT.	Posted Prepaid.	Postage insufficiently paid.
Not more than $\frac{1}{4}$ an oz.	3 cents.	Double the deficient postage.
More than $\frac{1}{4}$ oz. to 1 oz.	6 "	
More than 1 oz. to $\frac{1}{2}$ oz.	9 "	
More than $\frac{1}{2}$ oz. to 2 oz.	12 "	
More than 2 oz. to 2 $\frac{1}{2}$ oz.	15 "	

and so on, 2 cents being charged for every additional $\frac{1}{4}$ oz., or fraction of a $\frac{1}{4}$ oz.

The rate of postage on a letter posted within the Dominion of Canada for transmission by mail to any place in Canada, 3 cents per half ounce weight; but the Statute provides that this rate must be prepaid by postage stamp at the time of posting the letter.

Any such letter posted wholly unpaid cannot be forwarded to its destination, but will be sent to the Dead Letter Office, with the reason plainly written or marked upon it—"postage not prepaid."

Letters as aforesaid posted in Canada, and addressed to places in Canada, when weighing more than half an ounce, and liable therefore to two or more rates of post-

age, will be transmitted by mail to destination, though not fully prepaid, if as much as one full rate of 3 cents has been prepaid thereon by postage stamp; and in such cases will be forwarded charged with double the amount of deficient postage not prepaid. Thus, if such a letter weighing more than $\frac{1}{4}$ ounce and not exceeding 1 ounce in weight, be posted prepaid 3 cents only, it will be rated 6 cents unpaid—"more to pay"—and forwarded to its address.

On letters posted at an Office to be delivered from, commonly known as "drop letters," the rate is 1 cent per $\frac{1}{4}$ ounce; to be in all cases prepaid by postage stamp affixed to such letters when posted.

Postage to French Colonies of St. Pierre and Miquelon same as above, subject to an additional charge on delivery.

The charge for the Registration of a letter is 2 cents to be prepaid by stamp.

CANADA AND NEWFOUNDLAND.

Letters for Newfoundland are charged at the rate of 3 cents per half ounce, and must in all cases be prepaid.

The registration fee to Newfoundland is the same as to places within the Dominion, viz., 2 cents.

CANADA AND THE UNITED STATES.

The rate of postage upon letters passing by mail between Canada and the United States as the same as to places within the Dominion.

No. 3.—*Rates of Postage from Canada to the United Kingdom, British Colonies, and Foreign Countries by Cunard or other Steamers, sailing from New York or Boston, for England.*

On Letters, if addressed to the United Kingdom, 5 cents per $\frac{1}{4}$ oz. If addressed to British Colonies, or Foreign Countries, add to the rates, in Table No. 1, 2 cents per $\frac{1}{4}$ oz.

Newspapers, addressed to the United Kingdom, must be prepaid at the ordinary commuted rate, or two cents each paper, if transient. Newspapers, addressed to

British Colonies and Foreign Countries are not forwarded by the above Steamers.

On Book Packets and Packets of Patterns and Samples addressed to the United Kingdom, 8 cents per 4 oz. (See Table of Rates, page 63), which must be prepaid. Book Packets, and Packets of Patterns and Samples addressed to British Colonies and Foreign Countries are not forwarded by the above Steamers.

The Registration Fees are the same as by Canadian Steamers in Table No. 2.

No. 4.—*Rates of Postage to Bermuda and West Indies, by British Mail Packets, sailing from Halifax to Bermuda and St. Thomas, monthly.*

LEGAL AND JUDICIARY.

SUPREME COURT OF THE DOMINION AND COURT OF EXCHEQUER.

The Supreme Court, as a high Court of Appeal, constituted by Dominion Statute, 38 Vic. cap. 2, assented to 8th April, 1875, is composed of a Chief Justice and five Puisne Judges, and has appellate civil and criminal jurisdiction within and throughout the Dominion of Canada. The Judges reside at Ottawa, where the Supreme Court holds annually two Sessions, beginning respectively on the third Monday in January and June. The Exchequer Court, presided over by the same Judges, possesses concurrent original jurisdiction in the Dominion in all cases in which it is sought to enforce any law relating to the revenue, and exclusive original jurisdiction in all cases in which demand is made or relief sought in respect of a suit or action in the Court of Exchequer on its revenue side against the Crown, or any officer of the Crown.

Hon. William Buell Richards, Chief Justice.
Hon. William Johnston Ritchie, Puisne Judge.
Hon. Samuel Henry Strong, Puisne Judge.
Hon. Jean Thomas Taschereau, Puisne Judge.
Hon. Telephore Fournier, Puisne Judge.
Hon. William Alexander Henry, Puisne Judge.
R. Cassels, Jun., Registrar.

THE LAW SOCIETY OF ONTARIO.

The Law Society was first established in 1797, by the act 37 Geo. III. c. 13, which enabled the then practitioners of the law to form themselves into a society and make rules for its government. By the act of 1822, 2 Geo. IV. c. 6, "the Treasurer and Benchers of the Law Society" were formally incorporated; and under these and other statutes the Society has continued to be governed by a Board of Benchers, in the same manner as the various Law Societies of England. By the act 34 Vic. c. 15, the Benchers theretofore appointed from time to time, by their own body, are made, exclusive of *ex officio* members, elective by the Bar, the *ex officio* consisting of the Attorney General for the time being, and all members of the Bar of Ontario who have at any time held the office of Attorney or Solicitor General of the former province of Upper Canada, and any retired Judges of the Superior Courts of Law or Equity of Ontario; the *elective* thirty in number, being chosen by ballot, for a term of five years, by the members of the Bar, in manner prescribed by the Act. Vacancies during the term to be filled by the remaining Benchers. The Judges of the Superior Courts are Visitors of the Society, and, on the first day of Easter Term, annually, the Benchers appoint one of their body to be Treasurer, who is also President of the Society. The Benchers sit in convocation every term for the call of Barristers, the admission of Attorneys and Solicitors to practise, and of Students to enter the Society; the fees paid by whom form the revenue of the Society. Osgoode Hall, appropriately named after the first Chief Justice, is the Ontario "Inn of Court," or head quarters of the Society, in which is provided accommodation for the Courts of Equity, and for the sittings in term of the Superior Courts; with a valuable and extensive library.

Chambers are held each day in Common Law and Chancery by one of the Judges of the said courts, and under recent statutes by the Judges of the Crown and Pleas in common law, and by the referees in chambers in chancery, for such business relating to suits therein as may be transacted by a single judge out of court. *Clerk, Common Law Chambers*—W. Sittings at Toronto, first Monday in January and July in each year. *Clerk of Commissioners*, W. B. Heward.

COURTS FOR THE TRIAL OF CONTROVERTED ELECTIONS.—The nature of these Courts is sufficiently indicated in their title. The Judges of the Court of Appeal and of the Superior Courts of Law and Equity meet annually in Michaelmas Term, and severally select, by a majority of votes, a Judge of their respective Courts to be placed on the rota for the trial of election petitions. The Judges so selected preside singly at such trials. In the case of death or illness of a Judge so chosen, the Court of which he is a member meet and elect another Judge. In cases referring to the Dominion Parliament, appeals lie to the Supreme Court at Ottawa. In those relating to the Legislature of Ontario, to the Court of Error and Appeal of that Province.

COUNTY COURTS.—Presided over by a resident Judge in each county, assisted in some counties by a Deputy or Junior Judge. Their jurisdiction extends to all personal actions where the debt or damages claimed do not exceed £50; and to all suits relating to debt, covenant or con-

tract, where the amount is ascertained by the acts of the parties or signature of the defendant, to £100; and to all bail bonds and recognizances of bail given in the County Court, to any amount; but not to cases involving the title to lands, validity of wills, or actions for libel, slander, crim. con., or seduction. An appeal lies to either of the Superior Courts of Law.

COUNTY COURT SITTINGS AND COURTS OF GENERAL SESSIONS.—The County Judge in each county holds a sitting of his Court and a Court of General Sessions in his county semi-annually on the second Tuesday in June and December, except in the county of York, in which county said court is held four times, commencing on the second Tuesday in March, May, September and December, the latter Courts for the trial of cases of felony and misdemeanor, but treason and capital felonies are exempted from their jurisdiction. The Judge may also, in his discretion, hold additional sittings at such times as may be deemed expedient to expedite business, but only for the trial of issues of fact without a jury.

COUNTY JUDGES' CRIMINAL COURT.—Persons committed to jail for trial, on charge of being guilty of any offence for which they may be tried at a Court of General Sessions, may, with their own consent, and subject to the provisions of the Act in that behalf, be forthwith tried by the Judge of the County Court and General Sessions without a jury, and if convicted be sentenced by the said Judge; and the Judge sitting on any such trial for all the purposes thereof, is constituted a Court of Record, and the record in any such case shall be filed among the records of the Court of General Sessions last mentioned.

COURTS OF REVISION.—The County Judges hold annually Courts of final revision of the Assessment Rolls of each Municipality, being in the light of Courts of Appeal from the first Court of Revision held by the Municipality; and also Courts for the Revision of the Voters' Lists, being equivalent to the Courts held by Revising Barristers in England.

INSOLVENT DEBTORS' COURTS.—These courts, which have reference to traders only, are regulated by the Act known as "the Insolvent Act of 1875," which consolidated and assimilated the practice in Bankruptcy and Insolvency in the several Provinces of the Dominion. The County Judges in the several counties preside, and official assignees are nominated by the Governor in Council, and are officers of the Court having jurisdiction in the County or District for which they are appointed.

SURROGATE COURTS.—The jurisdiction of these Courts relates to all testamentary matters and causes, and to the granting or revoking of probate of wills, and letters of administration of the effects of deceased persons having estate or effects in Upper Canada, and all matters arising out of or connected with the grant or revocation of probate or administration, subject to an appeal to the Court of Chancery. The County Judges are also Judges of the Surrogate Courts. *Chief Surrogate Clerk at Toronto*—Sir J. L. Robinson, Bart.

DIVISION COURTS.—For the summary disposal of cases by the presiding Judge, being the County Judge or his Deputy, or any Barrister appointed to hold the same; but a jury of five persons may be demanded in certain cases. Their jurisdiction extends to actions of debt or contract amounting to £25; injuries or torts to personal chattels amounting to £10; and personal actions to that amount, if not excepted from their jurisdiction; but not to actions for gambling debts, liquors drunk in a tavern, or notes of hand given therefor, ejectment, title to land, &c., or any toll, custom or franchise, will or settlement, malicious prosecution, libel, slander, crim. con., seduction or breach of promise, or actions against a J. P. for anything done by him in the execution of his office, if he objects to it. Each judicial district is divided into court divisions, and courts are held once in two months in each division, or oftener, at the discretion of the Judge. The Divisions are established by the Courts of General Sessions, and in certain cases by the Judges.

BOARD OF COUNTY JUDGES.—*Chairman*—J. R. Gowan, County Simcoe. *Members*—S. J. Jones, County Brant; D. J. Hughes, County Elgin; Jas. Daniell, Counties Prescott & Russell; and Jas. Smith, County Victoria.

POST OFFICE SAVINGS BANK, CANADA.

Post Office Savings Banks at the principal Cities and Towns in Ontario and Quebec are open daily for the receipt and payment of deposits, during the ordinary hours of Post Office business.

The direct security of the Dominion is given by the Statute for all deposits made.

Any person may have a deposit account, and may deposit yearly any number of dollars, from \$1 up to \$300, or more, with the permission of the Postmaster General.

Deposits may be made by married women, and deposits so made, or made by women who shall afterwards marry, will be repaid to any such woman.

As respects children under ten years of age, money may be deposited—

Firstly—By a parent or friend as trustee for the child in which case the deposits can be withdrawn by the trustee until the child shall attain the age of ten years, after which time repayment will be made only on the joint receipts of both trustee and child.

Secondly—In the child's own name—and, if so deposited, repayment will not be made until the child shall attain the age of ten years.

A depositor in any of the Savings Bank Post Offices may continue his deposits at any other of such offices, without notice or change of Pass Book, and can withdraw money at that Savings Bank Office which is most convenient to him. For instance, if he makes his first deposit at the Savings Bank of Cobourg, he may make further deposits at, or withdraw his money through, the Post Office Bank at Collingwood or Quebec, Sarnia, Brockville, or any place which may be convenient to him, whether he continue to reside at Cobourg or remove to some other place.

Each depositor is supplied with a Pass Book, which is to be produced to the Postmaster every time the

depositor pays in or withdraws money, and the sums paid in or withdrawn are entered therein by the Postmaster receiving or paying the same.

Each depositor's account is kept in the Postmaster General's Office, in Ottawa, and in addition to the Postmaster's receipt in the pass book, a direct acknowledgment from the Postmaster General for each sum paid in is sent to the depositor. If this acknowledgment does not reach the depositor within ten days from the date of his deposit, he should apply immediately to the Postmaster General, by letter, being careful to give his address, and, if necessary, renew his application until he receives a satisfactory reply.

When a depositor wishes to withdraw money, he can do so by applying to the Postmaster General, who will send him by return mail a cheque for the amount, payable at whatever Savings Bank Post Office the depositor may have named in his application.

Interest at the rate of 4 per cent. per annum is allowed on deposits, and the interest is added to the principal on the 30th of June in each year.

Postmasters are forbidden by law to disclose the name of any depositor, or the amount of any sum deposited or withdrawn.

No charge is made to depositors on paying in or drawing out money, nor for Pass Books, nor for postage or communications with the Postmaster General in relation to their deposits.

The Postmaster General is always ready to receive and attend to all applications, complaints or other communications addressed to him by depositors or others, relative to Post Office Savings Bank business.

A full statement of the Regulations of the Post Office Savings Bank may be seen at any of the Post Offices appointed for that purpose.

TABLE OF STAMP DUTIES.

On every promissory note, draft, or bill of exchange, not more than \$25, 1 cent; over \$25 to \$50, 2 cents; over \$50 to \$100, 3 cents.

COLLEGIATE INSTITUTES AND HIGH SCHOOLS.—Each of the High Schools (which form the intermediate link between the Public Schools and the Universities) is managed by a Board of Trustees appointed jointly by the County and Town Councils. In cities the Trustees are all appointed by the City Council, except where there is only one School in the County. The head master must be a graduate of a British or Colonial University, unless certified and appointed before 18th September, 1905. Besides fees, local rates to the extent of half the Government grant must be raised for the master's salary. The grant is payable to those schools only which attain a certain standard, and is based on the average attendance of pupils in the prescribed studies. High Schools which have an average attendance of 60 male classical pupils, may be made Collegiate institutes and receive £750 additional grant. An extra grant is provided for masters taking certain meteorological observations and giving scientific knowledge preparatory to military instruction. Pupils attending these Schools are prepared for matriculation in the Universities. There were 100 High Schools and 8 Collegiate Institutes, with 7,871 pupils, in Ontario, in 1874. James A. McLennan, M.A., J. M. Buchan, M.A., and S. Arthur Marling, M.A., Inspectors of High Schools.

MEDICAL INSTITUTIONS AND SCHOOLS.

COUNCIL OF THE COLLEGE OF PHYSICIANS AND SURGEONS OF ONTARIO.—"The College of Physicians and Surgeons of Ontario" is the name adopted in its corporate capacity by the Medical Profession of the Province of Ontario. Every legally qualified Medical Practitioner in the Province being a member of this College; it will at once be understood that it is not an Institution for the teaching of medicine. The Medical Profession in Ontario was first incorporated under this name by an Act of the Parliament of Canada passed in 1868. This Act was subsequently repealed by the Legislature of Ontario in 1869, and now the affairs of the Profession in this Province are regulated by an Act passed in 1874 (37 Vic. cap. 30), which is commonly known as the "Ontario Medical Act." By this Act, the "Council of the College of Physicians and Surgeons of Ontario" is empowered and directed to enact By-laws: for the regulation of all matters connected with Medical Education; for the admission and enrolment of Students of Medicine; for determining from time to time the Curriculum of the Studies to be pursued by them; and to appoint a Board of Examiners, before whom they must pass a satisfactory examination before they can be enrolled as Members of the College, and thus be legally qualified to practise their profession in Ontario. The Council, moreover, has power and authority conferred upon it by this Act to fix the terms upon which Practitioners of Medicine, duly qualified in other countries, may be admitted as Members of the College of Physicians and Surgeons of Ontario; this being the only mode in which they can become legally entitled to practise their profession in this Province.

THE

MATHUSHEK PIANO-FORTES

ARE FAST GAINING IN POPULARITY THROUGHOUT THE DOMINION.

Our trade in them has extended to Prince Edward Island, New Brunswick, and Nova Scotia, where they are to-day the most popular Piano in the market. No Piano has as many strong points as it; none the volume and voice-like quality of tone. None keep in tune as well, or retain their new quality, and, with use, improve as do the MATHUSHEK. The secret of all this excellence is in their peculiar scale and construction—unlike any other; which is made clear and explained in descriptive catalogue, with testimonials of noted Artists, sent free to any address.

THE FISCHER PIANO.

The *American Trade Journal*, writing up the Piano trade, says: * * * "Messrs. J. & C. Fischer are, as we have said, not only the oldest and most experienced makers of fine instruments for the trade, but sell hundreds of their Pianos to good judges." * * * About 17,000 of them are now in use. They are certainly the best medium-priced Piano in the country.

ALL HAVE AGRAFFE TREBLE.

Desire to state to their Customers and the Trade,

FROM GASPÉ TO BRITISH COLUMBIA,

That in the development of their business they are aiming each season at

GREATER PERFECTION.

EACH DEPARTMENT

Of the House is complete and separate from the others ;

HAS ITS OWN BUYER,

ITS OWN STAFF OF ASSISTANTS,

In fact has all the attention, thought and oversight that it would have if a

DISTINCT CONCERN,

Dealing only in these

SPECIAL LINES.

The advantages of such a system are not only numerous but evident.

By narrowing the range of purchasing, each buyer becomes more conversant with the lines in his own room, and the customers of the house get the advantage in

BETTER STYLES AND BETTER VALUE.

OUR BUYERS VISIT THE HOME MARKETS TWICE EVERY YEAR.

We are not aware that this complete system of

DEPARTMENTAL BUYING

Is adopted by any House in the Dominion

EXCEPT OUR OWN.

We succeed in developing and

EXTENDING OUR BUSINESS EVERY YEAR,

And this we accomplish more by the attractions which we offer in the value and style of our Goods than by any attempt to force our Goods through the country.

WHEELER & WILSON'S LIGHT AND QUIET SEWING MACHINES.

A LONG TEST.

These celebrated Machines have been manufactured

A QUARTER OF A CENTURY,

During which time have been seen numerous Machines, with high-sounding pretensions, rise with a flourish, confound the simple, and vanish. So will it be while credulity lasts.

The WHEELER & WILSON through all these years has steadily gained in popularity, the constant aim of the Company being to produce the simplest Machine consistent with the requirements of great range of work, and

to manufacture it the best. How far they have succeeded, nearly a million purchasers, and the opinions of the best practical mechanics, can answer.

Every improvement is on the simplest and most substantial plan, and thoroughly made and tested. The hundreds of cheap-made Machines laid aside every year, from being worn out, or some imperfection or another, is the best proof that these points cannot be too highly valued.

In buying the "time-tried" "Wheeler & Wilson," you are safe, and have at the same time the latest improvements that mechanical genius and trial have proved worth having.

TO THE PUBLIC.

The "ISOLATED RISK FIRE INSURANCE COMPANY" having been the first Company established solely with the view of insuring against loss or damage by Fire the owners of ISOLATED or NON-HAZARDOUS Properties, the Directors therefore respectfully direct the attention of Insurers to the following:—It will adjust all losses without delay, and pay over the CASH AT ONCE. It being the first Stock Company to give REASONABLE RATES, and not impose on those whose Properties are NON-HAZARDOUS the burden of making up the losses by those whose Properties are HAZARDOUS, the Directors would, with every confidence, look to the public for support.

Very reasonable Rates given on application at HEAD OFFICE, or at any of the Agencies.

THE THALBERG PIANO.

\$290.00.

The want has long been felt of a good, useful family Piano, which combined the clearness of tone and the beauty of finish of the most celebrated make, with a moderate price. To meet this want "The Thalberg" is now introduced into this market, and the patronage of the general public is confidently solicited. If it be asked how it is possible to supply a good Piano at about half the price frequently charged, the answer is plain. There is no "Red Tape" in the making or sale of these instruments, there are no large show rooms to keep up, no grand Music Halls to maintain, or no expensive travelling agents to pay. The Piano can, therefore, be offered to the public at bottom prices, with a fair commission to agents for their trouble. These instruments are all made of a uniform standard, full seven octave, solid iron frame, overstrung bass, carved legs, round front corners, serpentine mouldings, and double-veneered Rosewood cases. Purchasers may, therefore, order these instruments with confidence, as each is fully warranted. The mottoes with the Thalberg Piano are—"A Piano for every family," "Small profits and large sales," and "Cheap for cash against dear on credit." In order to put this Piano within the reach of the public generally, it has been decided to offer it at the extremely low price of two hundred and ninety dollars (\$290) each, for prompt cash. Believing that this instrument will be largely used in schools and convents, an extra discount of 10 per cent. will be allowed for such uses, and also to clergymen and teachers for the use of their families.

Full particulars can be obtained from the agents of "The Thalberg" Piano, in all the cities and leading towns of the Dominion, with whom samples of the Piano may be seen. Parties desiring agencies apply to

ROBERT WILKES, Toronto and Montreal, Wholesale Agent.

WALTHAM WATCHES.

These watches are now before the public for over fifteen years, and, considering the large number sold, have given very general satisfaction. When first introduced the prices were high, but now they are in the various grades so cheap as to be within the reach of all classes. The popularity of these watches led to the introduction of sundry worthless Swiss imitations, with Trade Marks somewhat resembling those on the genuine Watches. No doubt in some instances this has injured the reputation of the genuine Watches, but every buyer should demand the Printed Guarantee Card of the Company. In this there is every protection against imposition by unprincipled dealers. The brands of American Watch Company, Appleton, Tracy & Co., Waltham Watch Co., P. S. Bartlett, Wm. Ellery, Home Watch Company, and the Broadway, are now universally known by the trade and by the public. The lowest of them will keep better time than almost any watch for the price. Those Watches, in Coin Silver Cases made by the Company, from 2 to 6 ounces, may be had through all watch dealers in the Dominion; we supply none to private parties. Also in Gold Cases, 14 and 18 carats, for ladies and gents, of all weights. The cases we supply are all of guaranteed quality. We are now offering to the trade the largest supply of these Movements ever offered in Canada; and to buyers of fair lines we offer greater inducements than were ever offered in the United States or Canada. Dealers should send to us for the Company's new reduced price lists, and should forward their orders at once.

ROBERT WILKES, Wholesale Agent.

TORONTO—48 and 50 Yonge Street.
MONTREAL—190 and 198 McGill Street.

ELECTRO-SILVER PLATE.

The almost universal use of our Electro Plate makes it needless to specify it very particularly. The line of SPOONS, FORKS and KNIVES alone embraces an immense variety, from the finest 16 oz. to the lowest-priced "star" quality, and all of them give undoubted satisfaction for the price. TRAYS and WAITERS are of our best Sheffield Plate, and being plated on German Silver are both strong and durable. CRUET FRAMES, TEA SERVICES, URNS, PITCHERS, BASKETS, PICKLES, EPERONNES, NAPKIN RINGS, BUTTERS, CARD STANDS, COMMUNION SERVICES, &c., &c., are all plated either on White Metal or German Silver, and are triple or quadruple plate. Persons purchasing our wares, stamped with the Trade Mark, R. W. & Co., from dealers in any part of the Dominion, may depend on the quality of the goods being reliable. Styles are unsurpassed, and assortment is the largest in the world.

ROBERT WILKES, Wholesale Agent, Toronto and Montreal.

SEEFFIELD CUTLERY.

Good quality is, after all, the only permanent condition of extensive demand. The mark of R. W. & Co., has been successful on this principle—whether high-priced ivory or cheap bone handled, the steel has been good stuff. The public can depend on this reputation being maintained. The assortment consists of Dessert Knives, Table Knives, Plated Knives, Carvers, Pocket Knives, Hunter's Knives, Butcher Knives, Scissors, Shears, Razors, &c., &c.

ROBERT WILKES, Toronto and Montreal.

GOLD CHAINS

Of reliable fineness, may be secured by purchasers asking for these stamped R. W. & Co., whether in bright or coloured gold, the quality of all such being fully guaranteed. No greater delusion can prevail than the purchase of cheap chains. Goods of that class are often imported from Britain, the net value of gold in which is not over eighteen pence per pennyweight. Those desiring reliable chains must pay a fair price, and rely upon the character of the makers to get value for their money. Guaranteed Chains in GUARDS, VESTS, OPERAS, LEONTINES, NECKLETS, &c.
