## The Church Society of the Diocese of Toronto,

INCORPORATED BY THE STATUTE OF CANADA,

7 VICTORIA, CAP. 68,

FOR PROMOTING THE FOLLOWING OBJECTS:

**FIRST**—For the encouragement and support of Missionaries and Clergymen of the United Church of England and Ireland within the Diocese of Toronto, and for creating a fund towards the augmentation of the stipends of poor Clergymen, and towards making provision for those who may be incapacitated by age or infirmity, and for the Widows and Orphans of the Clergy of the said Church, in the said Diocese.

**SECONDLY**—For the encouragement of Education, and for the support of Day-schools and Sunday-schools in the said Diocese, in conformity with the principles of the said Church.

**THIRDLY**—For granting assistance, where it may be necessary, to those who may be preparing for the Ministry of the Gospel in the said Church, within the said Diocese.

**FOURTHLY**—For circulating in the said Diocese the Holy Scriptures, the Book of Common Prayer of the said Church, and such other Books and Tracts as shall be approved by the Central Board or Managing Committee of the said Association.

**FIFTHLY**—For obtaining and granting aid towards the erection, endowment and maintenance of Churches, according to the establishment of the said Church, in the said Diocese; the erection and maintenance of Parsonage-houses; the setting apart of Burial-grounds and Church-yards; the endowment and support of Parsonages and Rectories, according to the same establishment, and the management of all matters relating to such endowments.

### I.

That before the Society shall enter upon business at any of its meetings, the following Prayers be said:—

PREVENT us, O Lord, in all our doings, with Thy most gracious favour, and further us with Thy continual help; that in all our works begun, continued and ended in Thee, we may glorify Thy Holy Name, and finally by Thy mercy obtain everlasting life, through Jesus Christ our Lord. *Amen.*

O GOD, from Whom all holy desires, all good counsels, and all works of piety and charity do proceed, we beseech Thee to visit with Thy favour our Sovereign Queen VICTORIA, and so rule her heart, that she may in all things seek Thy honour and glory.

Prosper with Thy blessing the designs of this Society. Comfort with Thy grace those benefactors who contribute to its support. Bless the ministry of Thy servants the Clergy ; the endeavours of all who are engaged in spreading the knowledge of true religion in this Province, and the labours of those Missionaries, who are promoting the same in foreign parts. And may Thy Holy Spirit direct all our consultations to the advancement of Thy glory, and the good of Thy Church, through Jesus Christ our Lord. *Amen.*

**O MERCIFUL GOD,** who hast made all men, and hatest nothing that Thou hast made, nor wouldest the death of a sinner, but rather that he should be converted and live : have mercy upon all Jews, Turks, Infidels, and Heretics, and also upon all those Heathen Nations on whom the light of Thy glorious Gospel hath not yet shone : especially the Indians of this Continent. Bless the means used for their civilization and conversion, and take from them all ignorance, hardness of heart, and contempt of Thy Word : and so fetch them home, blessed Lord, to Thy Flock, that they may be saved among the remnant of the true Israelites, and be made one fold under one Shepherd, Jesus Christ our Lord, who liveth and reigneth with Thee and the Holy Spirit, one God, world without end. *Amen.*

**OUR FATHER,** which art in Heaven, Hallowed be Thy Name. Thy kingdom come. Thy will be done in earth, As it is in Heaven. Give us this day our daily bread. And forgive us our trespasses, As we forgive them that trespass against us. And lead us not into temptation ; But deliver us from evil ; For Thine is the Kingdom, The power, and the glory, For ever and ever. *Amen.*

AND WHEN BUSINESS IS ENDED :

**ALMIGHTY GOD,** Father of all mercies, we Thine unworthy servants, do give Thee most humble and hearty thanks for all Thy goodness and loving-kindness to us and to all men : more particularly, for the providential support by which this Society hath been enabled to spread abroad the knowledge of Thy sacred truth. But above all, for Thine inestimable love in the redemption of the world, by Thy blessed Son, for the means of grace, and for the hope of glory, which Thou hast given us in the same our Lord and Saviour Jesus Christ ; to Whom, with Thee and the Holy Ghost, be all honor and glory, world without end. *Amen.*

THE grace of our Lord Jesus Christ, and the love of God ; and the fellowship of the Holy Ghost, be with us all evermore. *Amen.*

# NINTH ANNUAL REPORT

OF

## The Incorporated Church Society

OF THE

### DIOCESE OF TORONTO,

PRESENTED AT THE ANNUAL MEETING AT TORONTO,

HELD ON WEDNESDAY, JUNE 18TH, 1851.

THE Ninth Annual Report of the Church Society of the Diocese of Toronto, exhibits a statement of affairs which, on the whole, is encouraging, and affords ground for devout thankfulness to Almighty God, that He has been pleased to visit the labours of the Society during the past year with His favour and blessing.

The following is a brief statement of the Society's income for the past year:—

Receipts of the Society, for the year ending 31st March, 1851 (not including moneys received on trust, and sales in the Depository).....	£1799	9	10
The estimated income of the several District Branches, and Parochial Associations in the Home and Simcoe Districts, has amounted to .....	£3354	11	5
From which deduct the sum remitted to the Parent Society .....	591	19	0
		<u>2752</u>	<u>12 5</u>
Total receipts of the Society and its District Branches for the year .....	£4552	2	3

This statement shows an increase in the receipts of the Parent Society of £223 0s. 8½d., and an aggregate increase of about £1150. This large increase has been caused by the return of nearly £1700 collected in the parish of London for local purposes, which if deducted will, whilst it shews an increase on the income of the Parent Society as above, exhibit a decline in the aggregate of the several branches.

Only three sermons have been preached during the year on behalf of the special objects of the Society, as provided for by the 19th Article of the Constitution, viz:—

For Missions, made in May, 1850, at 178 stations.....	£244	6	10½
For the Widows and Orphans' Fund, in October 1850, at 206 stations.....		360	11 5
For the General Purposes' Fund, Jan. 1851, at 170 stations ...	257	5	11

The sales in the Depository have amounted to £949 9s. 10½d., an increase over the past year of £33 8s. 9d.

There has been another increase in the number of District Branches—the Western District having been separated from the London, Western, and Huron. This division bids fair to be a useful one, and will no doubt be beneficial to the new Branch, and also promote the general interests of the Society. As has been before observed, there is a decrease in some of the District Branches, but not of so great a nature as to leave room for despondency. Whilst those Branches which have, from the first, been energetic in their operations, still continue to exert themselves with unabated zeal. Several of those which heretofore have done but little, are now endeavouring to make the Society what it is intended to be, and capable of being, viz: the means of carrying out the object of the Church, which is to bring the Gospel to the homes of all who live within its bounds.

There are now twelve District Branches:—

1 Newcastle,	7 Gore and Wellington,
2 Midland and Victoria,	8 London and Huron,
3 Prince Edward,	9 Brock,
4 Johnstown Deanery,	10 Talbot,
5 Bathurst Deanery,	11 Colborne,
6 Niagara,	12 Western.

*Newcastle District Branch.*

This Branch presents reports from eight Parochial Committees, and the Committee express a confident hope that, as the number of Clergymen in the District has happily increased by the acquisition of three more, they will be able at the next annual meeting to congratulate the Society on the successful working of three or four additional Parochial Committees.

The collections made by five of the Parochial Committees of this Branch, viz., Cobourg, Port Hope, Colborne, Grafton, and Cavan, have been £184 5s. 0d.

*(Extracts from the last Annual Report of this District Branch.)*

**COBOURG ASSOCIATION.**—The method pursued in this parochial branch, during the two preceding years, of distributing its limits amongst several collectors, has proved, in a most satisfactory degree successful. Owing to the zeal and Christian earnestness of these gentlemen, the amount raised within this

seventy pounds. The donations and subscriptions necessary to effect this most Parochial Branch seems progressively to increase; and for the past year, it has reached the satisfactory sum of £104 9s. 10d.

Of this amount one-fourth, according to the established rule, must be transmitted to the Parent Society to aid in its general purposes. An equitable appropriation has been made towards missionary operations within the District; and a small amount is appropriated annually to secure the tuition of a few scholars in Mr. Dorn's flourishing school. An annual appropriation is also made to meet the expences of the Sunday School. The balance remaining, after defraying these necessary expences, is applied to meet the monthly payments upon five shares in the Newcastle Building Society now owned by this Parochial Branch, and which are available for any pious and benevolent object which the Committee may decide upon.

The amount realized by this Parochial Branch for the past year is the more creditable to the parishioners of Cobourg from their being now engaged in an enterprise of great magnitude, the extension and completion of their Church, upon the plan commenced in the new front and tower erected some years ago.

When this undertaking, so much called for by the increasing population of this town, and the corresponding augmentation of the number of members of the Church, is completed, accommodation, it is calculated, will be provided for at least one thousand persons. Although this improvement will cost, it is estimated, about £1,500, the congregation of Cobourg, long so distinguished for their liberality in all religious undertakings, will, it is felt, not allow any such consideration to delay the completion of what, on all hands, is admitted to be so imperatively called for.

**PORT HOPE.**—This growing town is not, by any means, an exception to the onward progress of the Church, so characteristic of the whole Diocese. The Church Society, which has been found there, and elsewhere, a great means of awakening Churchmen to a sense of their duty in contributing to promote the glory of God, continues to be a great help towards keeping up the spirit of liberality, in expending not only money, but, what is often more difficult to obtain than money, *time* in the extension of the Church. Within the last six months one hundred and two pounds have been raised for local Church purposes, by means of the monthly sales of the Sewing Society maintained by the self-denying and praiseworthy efforts of the ladies of the congregation. The increased demand for Church accommodation requires every exertion on the part of our members to enlarge the present Church; and to build a Sunday School-house in some central part of the town, which may be used also for Divine Service, preparatory to the erection of a second Church in the West end, which is already in contemplation. But though, under these circumstances, the Port Hope Parochial Committee might ask to stand excused from lessening their local funds beyond the fourth of their annual collection, belonging, by the constitution, to the Parent Society, yet they are prepared to contribute their quota, as usual, to the Travelling Mission fund; and this, indeed, they are the more especially bound to do from the fact that the Church at Perry Town, having been lately included in the charge of the Travelling Missionary, leaves more of the Rector's time at the service of Port Hope. At the annual-meeting, which was well attended, these matters, and also the support of the Sunday School from the funds of the Parochial Committee, were provided for. The whole amount of the collection for this year is thirty-three pounds one shilling

and two pence-half-penny. Of this two pounds twelve shillings and sixpence, were special donations to the Widows and Orphans Fund, and one fourth of the remainder was transmitted to the Parent Society.

**CAVAN.**—In the flourishing Township of Cavan, there are two Parochial Committees, one in each of the congregations of St. Paul's and St. John's both increasing in zeal and usefulness.

In the scattered congregations in country places, of course, the same results cannot reasonably be expected as among the more populous, and comparatively richer congregations of towns. It is no less true, however, of the former than of the latter—and this is an observation which applies universally to every part of even this Diocese, remarkable as it is, amongst others, for the unexpected liberality with which it has supported the Church Society. It is, your committee would repeat, no less true of country places than of towns, that very much more can be done than has ever yet been done in promoting the best interests of our people by the agency of the Church Society.

**DARLINGTON AND CLARKE.**—Owing to the late absence of the Rector in England, the Committee in these townships have not effected as much as might be expected from parishes of such magnitude, and so thickly populated. For the reason just mentioned, the Stations in rear of the Townships, which the Rector was in the habit of attending periodically on week-days, had not been kept up, and, in consequence, he feared that we should have but few subscribers from those places. The subscriptions of the congregation of St. John's Church in Bowmanville, will be found, however, to exceed those of last year. Much good had been effected by holding periodical meetings. The people had begun to take a greater interest in the affairs of the Church, and to see that its temporal prosperity mainly depended on the exertions of the laity; as he could testify by the readiness with which they came forward to carry out all local objects. They had augmented their Sunday-school Library, paid their share of the sum required by the District Association for Missionary purposes, and they now had taken active measures towards enlarging, if not wholly rebuilding their church. At the Annual Meeting, resolutions were adopted pledging the congregation to renewed and increasing efforts in support of the Church Society.

**GRAFTON.**—The Parochial Committee in this interesting Parish, is, as usual remarkable for its exertions in the good cause. Through the zeal and exertions of several ladies of the congregation a large amount, for that locality, has been done in addition to various improvements connected with the church and parsonage, which have been effected during the past year. Amongst these encouraging signs of rapid onward progress, it may be mentioned, that an excellent Organ has been purchased at an expense of nearly seventy pounds, which has been obtained by the unceasing exertions of the ladies of this congregation. Seventeen pounds one shilling and six-pence have been contributed by the members of this Committee in the year just ended.

**COLBORNE.**—Here, also, the same unremitting Pastoral care evinces itself in like fruits as those which gratified your Committee in Grafton. In both Parishes, in addition to the fourth transmitted to the Parent Society, the Travelling Mission has been aided. The Sunday-school, also, has been assisted in Colborne, by the purchase of an excellent Lending Library. Here, also, within the last few months, an excellent Organ has been procured at a cost of nearly

desirable object, were procured by the zealous and unremitting efforts of the same lady who so efficiently conducts the Sunday-school. The reports from these Committees conclude with the following significant words: "Your Committee beg to exhort the various members of the Church to unity, peace, and concord; for at a time when our Church is assailed by enemies without, and lukewarm friends within, it behoves every faithful member to give her his hearty and most zealous support. If ever there was a day when the Church required the best exertions of all her children, for her peace and prosperity, that day is the present." This Parochial Committee has collected the sum of thirteen pounds, twelve shillings and six-pence during the past year. It must be a great satisfaction to the Incumbent of these two Churches to find so large an annual contribution as £30 14s., testifying to his exertions in behalf the Church Society; and exhibiting so marked an example to other rural parishes.

SEYMOUR AND PERCY.—Owing to the untoward state of the weather, the more distant Clergy were unable to give their attendance at these places at the time appointed for meetings.

Your Committee do not feel disposed to press any large or general contributions there, on behalf of the Society, until the Church in those townships can be more fully organized, and they have had time to recover from the expenses incident upon the erection of Churches, and other similar enterprises. Connected with these, not the least is the charge of bearing one-half the expense of the Clergyman's salary.

CARTWRIGHT AND MANVERS.—The same reasons have operated with the Clergy of the District in not pressing the claims of the Church Society in these townships, which now also enjoy the ministrations of a settled Clergyman; and are bound, by the recently established regulations, to contribute one-half of the maintenance of their Clergyman. Besides this, they are actively engaged in Cartwright in completing their Church, and arrangements are in progress for the erection of a Church in Manvers.

TRAVELLING MISSIONS.—The happy circumstance of resident Ministers being placed in Seymour and Percy, at the eastern part of the bounds of our Association, and in Cartwright and Manvers at the west, have narrowed considerably the extent of the Travelling Mission in this District. In consequence of this, the inestimable benefit of the ministration of the Gospel is now afforded to places where it was before impossible to include in appointments so frequent and stated; and stations, formerly served by Clergymen whose entire time is now demanded in their own immediate localities, by the increasing requirements of growing towns, have, by the late arrangement, the advantage of services of a more settled and satisfactory nature than they ever enjoyed before.

The charge of the Travelling Missionary includes the Church at Gore's Landing; Saint Paul's Church, Perrytown; two new and very promising stations in the north-west of Hope, and at the village of Bewdly, on Rice Lake, where measures are now in progress towards the erection of a Church. It may be here mentioned, as showing the importance of this mission, that the western portion of it, including the rear concessions of Hope, contain by the last census members of our Church numbering one hundred and twenty-two families, containing altogether six hundred and eighty-three souls. Besides the places already mentioned, the Travelling Missionary attends occasionally a station in Monaghan, long served by the indefatigable exertions of the Rector of Cavan, though at a great distance from his residence. He has it also in charge to visit the township of Alwick.

It says a great deal for the growing interest manifested in the Church, and the beneficial effects of the Church Society, which has in great measure originated the call for these multiplied ministrations, as it contributes to support them, that in the case of the welcome additions lately made to the clerical body in this District, a large amount of their stipends is made up by the members of the Church who enjoy the advantage of their services.

*Midland and Victoria District Branch.*

The Travelling Missionary in this District continues to perform services on Sundays at the several stations which have been mentioned in former reports. His week-day services are more liable to changes of time and place.

The appointment of an additional Clergyman to the immediate neighbourhood of Kingston, which was anticipated in the last report, has recently taken place. The Rev. E. Patterson is now resident in Kingston, and his ministrations extend to Wolfe Island as well as to Portsmouth. A stone church has been erected at Portsmouth during the past year, in which two services are performed every Sunday, by the Rev. W. M. Herchmer and E. Patterson.

The cash account exhibits a receipt of £209 6s. 10d., and an expenditure of £147 9s. 1d.

The grants made by this Branch to the Missions of Barriefield and Pittsburgh, and to the Travelling Mission of the District, are about to expire. The Committee state that it is highly important that these Missions should be maintained in full efficiency, but that cannot be, unless a new and immediate effort be made throughout the District. The Committee, though acting for the whole Midland District, have seldom any other funds at their disposal but such as are collected within the single Parochial Association of St. George's, Kingston.

The Committee express their desire of continuing to the Barriefield Mission such a measure of support as may be found compatible with their new and nearer obligations; and express an opinion that, as the District Travelling Mission is evidently the care and concern of every Parochial Association alike, it must for the future be maintained by the combined exertion of every part of the District.

Remittances have been received by the Parent Society from the following Parochial Associations within the limits of this Branch:—St. George's, Kingston; St. James's, Kingston; St. Paul's, Kingston; St. Mark's, Barriefield; Pittsburgh, Portland, Storrington, Sydenham, Camden East, Napanee, Mohawk, Loughborough, Adolphustown, Frankford, and Port Trent.

*(Extracts from Reports of Parochial Associations in this District.)*

PAROCHIAL ASSOCIATION OF ST. PAUL'S CHURCH, KINGSTON.—The Parochial Association of St. Paul's Church is not yet quite a year old, having been organized on the 12th of February, 1850. It has, however, already been

productive of some good to the Church; and while we thank God for having prospered our past endeavours, we look forward with humble confidence for His blessing upon our future labours. Our Parochial Association has much to accomplish; our pews are still unpainted; something remains to be paid upon the organ; and a debt of more than thirty pounds has just been incurred for repairing the roof of the church. When all these liabilities shall have been met, a more important object remains to be accomplished in the establishment of a school. A Church university and Church grammar-schools are not enough: every congregation must have its youth instructed under the eye of its pastor. This would effectually arm them against Latitudinarianism on the one hand and Romanism on the other.

**BARRIEFIELD CHURCH ASSOCIATION.**—If past success be an indication of future prosperity, the Committee of this Association can not only look back with thankfulness, but also look forward with hope. Though Church-members in this vicinity are neither numerous nor wealthy, yet our subscription list is by no means a short one; and though the amounts subscribed are not large, yet there seems to be a desire on the part of all to assist in the good work; some, of their abundance, contribute liberally—others, who have but little, gladly giving of that little.

The amount subscribed last year was £15 6s. 6d., shewing an increase over the preceding year of about £4. For this increase in our funds, the Society is indebted to the active exertions and earnest zeal of the ladies, who so kindly acted as collectors, and in that capacity visited every family in the neighbourhood attached to the Church.

Besides this Association, other or Sub-associations have been formed in different parts of the townships: viz., one in connection with St. James' Church, Birmingham's, another in connection with the congregation at Franklin's School-house, and a third in connexion with the congregation at McLean's School-house. At these several points subscriptions, very creditable in number and amount, were received. For instance, at St. James', £3s. 15; McLean's £4; and Franklin's £2 10s.; amounting in all to £10 5s. Of the three fourths reserved to be expended in the several localities where the money was raised, a part was appropriated to the travelling mission fund of this District, and with the residue a small but select Library was purchased for the use of each congregation. It is in contemplation to make additions to these libraries year by year, and so place within the reach of every member of the Church in the Township, standard works of an interesting and instructive character.

In Storrington, a subscription has been opened for a new Church, to be built in that township, and ninety pounds have been collected, of which sixty pounds was contributed in the locality itself. During the past summer, your missionary established a monthly service in the remote township of Hinchinbrooke, where he was encouraged by the good attendance of the inhabitants.

The Baptisms administered in the district mission during the past year have been thirty-seven, including one person of riper years.

In the Parochial Association of Bath, the sum of eleven pounds three shillings has been collected, and applied to the purchase of a Melodeon for the use of the Parish Church.

The Mission of Barriefield and Pittsburgh, continues in a satisfactory state. Divine Service is performed at two stations, in addition to the two churches of St. Mark and St. James. The largest congregation in the mission consists of about 150 persons.

A special subscription has been opened for the support of the new mission of Portsmouth and Wolfe Island, to which your Committee desire to direct your attention, as an important branch of their operations.

The sales of books and tracts at the depository during the past year have been but small. This is mainly to be explained by the fact that the stock on hand has been extremely limited, as the funds at the disposal of your Committee have not admitted of the purchase of an adequate supply.

**PORT TRANT.**—The amount collected by this Association is not so large as last year, but this is on account of the special contributions to the Church bell, which has just been procured at a cost with the fittings of upwards of £80, and all that has been received for it has been obtained by the laity collectors of the Parochial Association.

*Prince Edward District Branch.*

The Secretaries of this Branch, in submitting their annual report, rejoice in being able to shew a marked improvement in the condition of their Branch, as compared with last year. The Clergy have exerted themselves in a greatly increased measure to impress upon the minds of the people the bounden duty of aiding in the advancement of Christ's truth, and the laity have been found not indisposed to such impression.

Reports have been received from Picton, Carrying Place, Hillier, Marysburgh, and Ameliasburgh.

*(Extracts from the last Annual Report of this District Branch.)*

The Picton Association desire to express, on behalf of the Parish, thankfulness to God for the measure of success with which He has crowned the endeavours already made. They express the belief, that the amount subscribed would have been much greater than it is, were it not that a very destructive fire occurred there during the past year; many families having been almost ruined, and others so impoverished as to prevent their giving any considerable sum, even for so excellent a cause as that of this society.

The sum total collected by the Parochial Association of Picton amounts to £21 8s. 1d.

The Carrying Place during the Rev. J. McIntyre's Incumbency, has set an example of contributing the whole amount raised in the Parish, by its Association, to the Funds of the Society, which we trust to see followed at no distant period by all the Associations in the District.

The Committee of the Hillier Association report that, although in the first year of its existence, an association in a remote rural parish, by no means wealthy could not be expected to accomplish great things—yet, if they are able to shew that something has been done for the support of Missions, for the cause of a sound education, and for the repairs of the sanctuary, they prove that the Association was not organized in vain. The Committee report the collection of £5 3s. 9d.; which sum they have thus expended.

The Marysburgh Committee report—that they lament that Marysburgh has done so little for the “ General Purposes’ Fund ” of the Society—yet, as one of the objects of the Diocesan Church Society is, the encouragement and support of Missionaries and Clergymen of the United Church of England and Ireland within this Diocese, they can not only look back with thankfulness, but look forward with hope. Though the amount subscribed is not large, yet there seems to be an increasing desire on the part of all, to help in the good work ; those who have but little gladly giving of that little. The statement of moneys received is thus given :—

Though Marysburgh is able to contribute only £4 15s. to the District Funds yet with less means, perhaps, than any other Mission in the Diocese, the sum raised for Local Purposes may be honourably compared with that contributed by more wealthy communities.

*Johnstown Deanery Branch.*

The Report of this Branch exhibits a falling off in each Parochial Committee except from those of Cornwall and the mission of the Rev. Mr. Watkins. Out of nine Parochial Societies only five have made any report to the Branch Society, viz., Cornwall, Prescott, and the missions of the Rev. Messrs. Plees, Watkins, and Tremayne.

*(Extracts from the last Annual Report of this District Branch.)*

Of the Reports received, the first is from the parish of Cornwall, which always deserves to occupy one of the most conspicuous places, inasmuch as it has generally afforded the largest annual amount contributed to the funds of the Society. Such again is the case this year ; and besides the contributions to the Church Society, there has also been subscribed by this congregation, to the funds of the Church University, £205 15s. and 950 acres of land.

BROCKVILLE—The following report from this Association was sent to the Secretary of the Parent Society:—

Amount of moneys collected for the Parish of St. Peter's, Brockville, by the Committee of the Parochial Association of the Church Society, and how appropriated.

The moneys collected amount to £18 3s. 9d., and are entirely appropriated to the support of the Travelling Missionary for this District.

#### *Niagara District Branch.*

The ninth annual report of this energetic Branch states, that the Travelling Mission has been regularly kept up, and that some changes in the stated regular appointments of the Missionary have been made. Reference is made to the arrangement made by the Society for the Propagation of the Gospel, by which the missions or parishes which now become vacant, and which heretofore contributed little or perhaps nothing at all to the support of their ministers, will be required to make up fully one-half of his salary, as well as to provide for him a residence. This arrangement has already taken effect in three parishes within this District, and the salaries of the incumbents are now provided for in part by the people, in addition to which another parish has also been called upon to contribute, for the first time, to the support of an additional Clergyman.

The Committee remark that the only change in the District which they have to notice is the removal to another Diocese of the Rev. G. M. Armstrong, late Rector of Louth, whose regular attendance at their meetings, from the very commencement, and zealous advocacy of the Church Society's claims, will long be remembered by the Association.

Within the past year every parish in the District has been visited by one of the Secretaries of the Branch Society, and with a single exception the cause of the Church Society advocated before attentive congregations.

The total amount of the donations and subscriptions for the

past year appears to be £305 3s. 8d., which, compared with the previous year, shews a decrease of £9 6s. 9d., a deficiency far less than was expected, considering that so many parishes have had to contribute largely towards the maintenance of their own ministers.

(Extracts of the last Annual Report of this District Branch.)

The state of the Travelling Mission is about the same as usual. The Missionary reports that his stations for Divine Service are nearly the same as those mentioned in the Report of last year, and that the only changes he has made are at the Junction and at Stonebridge. The one at the Junction, he felt himself called upon to give up, in consequence of the indifference shewn towards it; and he did so with the less regret, as it is within a reasonable distance of Port Robinson, where there is a weekly Sunday Service, and it was with pleasure he learnt that some in the neighbourhood of the Junction availed themselves of it. This appointment he has transferred to Broad Creek, on the "Feeder," where he has now a promising congregation.

The one at Stonebridge he had expressly for the Coloured Company stationed there. Upon the latter being disbanded, the service was discontinued, and the appointment transferred to Marshville, where there is now Divine Service every Sunday, and the attendance is good.

The Rector of Grimsby authorized the Missionary to state to the Church people in Caistor, that he would consider them under his care; the Missionary, therefore, has no regular appointment there, but he occasionally visits them.

During the past year he has baptized fifteen children, married four couples, and buried three members of the Church.

He has made the quarterly collection at each of his stations, and though the people are poor, and many of them profess to belong to different religious denominations, the collections will be found to be respectable, and to have this pleasing characteristic, that they are generally made up of a little from each.

The Missionary has circulated the grant of books sent to his Mission by the Parent Society, for which he desires to return his thanks. He has likewise distributed four dozen Prayer Books and one hundred Catechisms.

GAINSBY.—The Parish of Grimsby Reports—

Donations for Widows and Orphans' Fund.....	£5 5 0
Subscriptions.....	30 13 9
Total .....	£35 18 9

This amount, which is indeed very creditable, the Parochial Committee hope will be deemed satisfactory, when it is considered that the Parishioners have now to contribute a large proportion of the Incumbent's salary.

LOURN.—This Parish regrets that, in consequence of having now to make up a considerable portion of their own Clergyman's salary, they are wholly unable at present to contribute any thing to the general funds of the Church Society.

The Parish of THOROLD reports that the sum contributed this year is less than that for last year, owing to various causes; the chief of which are, the removal from the parish of several contributors; the amount paid by the parishioners, as a voluntary offering, to the gentleman who officiated during the Rector's absence; the large contributions of the same parties to a new church, which is to be commenced early in the ensuing spring; and the cessation of the large

expenditure of money on the public works, which has for several years materially aided the Church Society subscriptions in the parishes on the line of the Welland Canal,

**STAMFORD AND DRUMMONDVILLE.**—The Committee of the above branch of the Church Society, within the parish of Chippawa, report that the amount which they have to remit does not equal that which was collected last year; but they must at the same time state that, while some of their largest subscribers have removed from the parish, and others have thought themselves obliged to withhold their annual subscriptions for this year, yet the number of subscribers will be found to be increased, which is rather encouraging than otherwise.

They would also mention another circumstance, as a reason for the small amount of subscriptions, and that is—these united charges have had, for the first time, to contribute, during the past year, towards the support of their Clergyman to the amount of between £30 and 40, independent of the collections at the weekly offertory.

**FORT ERIE.**—The Parochial Committee of the Church Society in Fort Erie, acknowledge with regret, that of late years much has not been done by this parish in furthering the objects of the Church Society. But this is in some measure to be accounted for by the protracted illness of the late much esteemed Pastor, which terminated in his lamented decease. This event caused an important change in the affairs of their parish, which was then called upon for the first time to assist in the support of their Clergyman.

This Parochial Branch of the Church Society was re-organized on the 7th June last, when they were favoured with the valuable assistance of the Venerable the Archdeacon of York; and on the 22nd of October following a sermon was preached by one of the District Secretaries in St. Paul's Church, which was attended with marked and, it is to be hoped, beneficial effects. Three collectors were appointed, and the sum of £14 17s. 6d. has been the result. This may appear small when compared with what has been done in other parishes; but when it is stated that a considerable outlay has been expended in the repair and improvement of the two churches in the parish, in addition to the raising of between £60 and £70 towards the support of their clergyman, which was never done before, the Fort Erie Committee venture to hope that it will appear evident that there does not lack any disposition, on the part of the parishioners, to assist to the utmost in carrying out the holy and benevolent objects which it is the design of the Church Society to promote.

**PORT MAITLAND AND DUNNVILLE.**—Port Maitland reports that the parish has been called on for several local improvements at the Glebe and also at the

Church; having constructed at the latter a shed, which cost £30; and at the former a well some twenty feet deep; and that the church still requires some substantial repairs.

When the depressed state of business in this place, and the removal of some subscribers, are taken into account; and when it is also considered that immediately preceding the collection of the Church Society subscriptions, the sum of £25 was raised for a local object, it must be admitted that it speaks well for the energy of this Parochial Committee and for the liberality of the members of the Church in Niagara, that this parish is enabled to make such a favourable return.

ST. CATHERINES.—This parish begs to report as follows—

Donations to Widows and Orphans' Fund .....	£3	10	0
Subscriptions for General Purposes (including £9 12s. 8d. from the Eight-mile Creek congregation) .....	68	8	1
			<hr/>
			£71 18 1

Being an increase over the amount subscribed last year of £27 15s. 7d.

The Parochial Committee cannot forbear expressing their satisfaction and thankfulness at being enabled to make so favourable a report, more especially as just before the collection of the Church Society subscriptions, the congregation contributed a large sum for the purchase of an excellent Bell; and that all these efforts are in addition to the quarterly Church Society collections, and to the sum of about £220 annually contributed for local Church objects. And they deem it but justice to say that much of the success of the present year is owing, under God, to the zeal and energy of the collectors, by whose means several new subscribers have been added to the list.

#### *Gore and Wellington District.*

The Gore and Wellington Branch has ever taken a prominent place among the Associations of this Society. Its parochial collections and subscriptions have amounted to within a few pounds of the Home and Simcoe District, although the collections in churches have not been nearly so large.

The receipts from Parochial Associations and dividends have been £399 1s. 5d., an increase over the past year of £11 5s. 3d. The reports from the Parochial Associations are of an interesting and encouraging character.

*(Extracts from the last Annual Report of this District Branch.)*

**GUELPH.**—This Association continues in a very prosperous state. The annual meeting held in the Court House was, as usual, very numerous and respectably attended, the court-room being completely filled. The amount collected during the past year is £50 4s. 2d., exhibiting an increase in subscriptions of £2 over those of the year preceding. The amount reported at the previous annual meeting was £51 15s., of which £5 was a donation in Bibles and Prayer Books to that amount; while the only donation this year was £1 5s., so that, as regards actual subscriptions, there is an increase to the amount already stated.

The sales from the Depository were fourteen Bibles, eleven Testaments, fifteen Prayer Books, and six Hymn Books. During the past year this parish has acquired by purchase a piece of ground containing five and a half acres, for the purpose of a cemetery, at a cost of £217 15s.; and the wants of the congregation requiring the enlargement of the Church, measures are now being adopted to add to the present building a portion of a new church to be completed at a future period, and to form for the present an enlargement of the present structure.

**DUNDAS AND WEST FLAMBOURGH.**—The Parochial Committee of this Association beg leave to report that the amount collected during the past year is £41 17s. 4½d., being £4 6s. 8½d. less than the previous one, although the number of subscribers has not been materially changed. This deficiency is attributable to three causes: First, the removal from the parish, during the past year, of several of its largest subscribers: Secondly, the withdrawal of several subscriptions, and their appropriation towards liquidating the existing debt upon the Church: and Thirdly, that during the past year, about £75 was raised towards paying the last instalment upon the organ, and for furnishing lamps for the church. These things considered, your committee have no just cause for discouragement, but rather a ground for rejoicing, that this parish has been able to do so much for the interests of the Church during the past year.

**ANCASTER.**—The Committee of this Parochial Association beg leave to report that the amount of subscriptions for 1849 amounted to £17 5s., to which was added the thanksgiving collection. The amount this year exceeds that of the former by £1, being £18 5s. Your committee have reason to congratulate themselves that the interests of the Church Society have not been overlooked in this parish, and that they are enabled, year after year, to report a steady, though small increase in its funds.

**BRANTFORD.**—The Brantford Parochial Committee report the sum of £25, as the amount contributed to the general objects of the Church Society, during the past year, by the church in the town of Brantford. Last year the same sum was raised in the whole mission, including the collection made in the Hawley settlement, and that in the village of Mount Pleasant. As the Church in the latter place is at present making an effort to raise part of the salary for a clergyman, as the members of the Church in the Hawley Settlement have recently built a church, and have contributed to the Church Society an amount which will appear in the report of the travelling missionary, the report from Brantford indicates improvement; and the recent Annual Parochial Meeting evinced a general and warm interest in the progress and growing efficiency of the Church Society in this Diocese.

**GAULT.**—The Committee of this Association have great pleasure in being able to report that the interest in the objects of the Church Society in this

mission is still upon the increase. The amount contributed in the out stations, for this year, viz.: Beverly, Preston, and Doon Mills, is larger in each than it was the year preceding, whilst the amount subscribed in Galt is equal to that of the former year.

The Depository in this Mission continues in a prosperous state; and the Churchmen here shew a readiness to assist in every way, in extending the Church and her ordinances to all these places which are as yet unoccupied in this Diocese.

The amount remitted to the Treasurer is £30.

**MOHAWK AND TUSCARORA.**—The Rev. Mr. Nelles has remitted the sum of £1 17s. 6d., and remarks that though the amount is rather less than that for the last year, he does not consider this branch of the Society less prosperous than formerly. There are several new subscribers, and several persons have withdrawn their subscriptions in order to contribute to other objects recommended by the Travelling Missionary. He is happy to say that there are more Indians who have contributed this year than any former one.

**NELSON AND WELLINGTON SQUARE.**—This Association has proceeded with its usual activity, and has remitted the sum of £29 to the Treasurer. The Rev. Mr. Greene regrets his inability to attend the meeting, owing to sickness in his family. He writes as follows:—"You may report of our branch that it still continues to prosper, and to commend itself to the favourable consideration of the members of our Zion." He concludes by praying that the Father of mercies may be with you all, and that your meeting may enjoy seasonable refreshings from His presence.

**PARIS.**—The Rev. Mr. Ruttan remits £11 15s. from his Parochial Association, but states that their collections are not yet completed, but will probably amount to £14.

**ELORA.**—The Committee of this infant Association in remitting £3 15s. to the Treasurer, remark that the difficulties which they experience in common with all new missions, preclude their dwelling at any length on past success, nevertheless reviewing what has been done, they would not despise the day of small things, but would look forward with lively anticipation to the future, trusting that He who has hitherto blessed their exertions, will arouse all within the bounds of this mission to co-operate in the high and holy work—impressing upon all the high responsibilities which rest upon them as sheep of His flock, and members of His body, which is the Church.

**OAKVILLE.**—The Committee report that in consequence of the removal of our late estimable Minister at that particular period of the year when the operations of the Society require the direction of an experienced and influential Superintendent, and his successor having only recently taken charge of the Mission, the working of the Association has in some measure been interfered with. The committee are only able to report £10 as collected.

It would appear from the past operations of this Association that for several years the amount remitted to the District branch under the head of "Oakville" embraced the contributions of the whole of Trafalgar. No inconsiderable portion of this sum was derived from the rising villages of Hornby and Milton, situated in the rear of the Township, but as the former has, by a temporary arrangement, been assigned to the pastoral care of the Rev. Mr. Fraser, resident Missionary for Esqueving, and the latter is visited by the Travelling

Missionary for the District, the contributions of the friends of the Church in those localities find their way into the Treasury of the Society through other channels. If therefore the amount contributed this year by the Association should appear comparatively small, the Committee desire it to be borne in mind that the subscriptions have been confined to Oakville and its immediate vicinity.

**SALTFLEET AND BINBROOK.**—The Missionary at this station, the Rev. Mr. Alexander, deserves great credit for his exertions in behalf of the Church Society. He has remitted £20 to the Treasurer, which amount of subscriptions has not only been procured by his own exertions, but the money actually advanced out of his own pocket on the credit of the Subscribers. His self-denial is the more apparent from the fact that in the time of his predecessor, no collections were made for the Church Society, but £33 contributed to the support of the Missionary. At present the Missionary receives but £5 per annum from the people, and he sends £20 to the funds of the Church Society.

**SALTFLEET.**—In reference to this place, Mr. Alexander writes:—"The people of Saltfleet are determined, as they do not expect any assistance from the Church Society towards building a church at Stoney Creek, to retain, for that purpose all the collections they make among themselves this winter. They will avail themselves of the rule of the Society which permits them to designate the object they wish to contribute to, and thus make their contributions special donations for the above mentioned purpose. So that I fear there will be a considerably smaller sum contributed from my mission for the year, than was raised among us last year for general purposes.

This selfish policy is not of my suggesting, nor is it approved by me. On the contrary, I am resolved to fight against it.

The Church Building subscription paper is just out, and will doubtless interfere with our annual collection; but if I could go about myself for a few weeks, I think I could realize the usual amount, notwithstanding."

**NORVAL MISSION.**—The Rev. Donald Fraser has transmitted two pounds ten shillings, being his own subscription for two years, and expresses his regret that in consequence of the great local exertions which are still necessary to liquidate debts contracted before he came into the Mission, he cannot apply to the members of the Church for other purposes at present.

**TRAVELLING MISSION.**—Much praise is due to the Travelling Missionary for his exertions in behalf of the Church Society. By forming parochial associations at three of his stations, he has been enabled to return no less a sum than £20 to the funds of the Society. The first, St. Mary's Upper Cayuga, numbers forty-four subscribers, and pays in £6 8s. 9d. The second, Milton, enrolls sixty-three members, and subscribes £8 12s. 6d. The third, Waterdown and East Flamboro', numbers sixty-five members, and remits £5 5s.

The appointments of last year are still kept up, with one exception, viz.:—that at Mann's School-house, in the 5th concession of Ancaster. A regular monthly service was maintained at this station until October last, when it was removed to Newport, on the Grand River, near the borders of the Tuscarora township. This locality was found much more favourable than the former, the congregation being almost double, and the people more accessible and easier to be influenced by occasional ministrations of the Church. Taking these and other things into consideration, it seemed advisable to make the change, which has accordingly been effected, and seems in every way to answer the Missionary's expectations.

Upper Cayuga or Hawley's School-house (as it is known in last year's Report) enjoying an afternoon service in connection with the last mentioned place, your Missionary considers one of the most promising stations. Here a neat brick church has been erected during the past year, at a cost of £337, by the voluntary offerings of the people, assisted only by a grant of £22 from the Christian Knowledge Society. The corner stone was laid on the 15th June, by the Ven. Archdeacon Bethune, with appropriate ceremonies; and on the 27th of December, the church was opened for Divine service. It is still in an unfinished state, wanting seats and other furniture; but these will be supplied before many months. One great object has been to keep out of debt, and in this we have so far succeeded. The small additional sum of £25 (and that is not due for some time.) will ultimately enable the Building Committee to meet all their present engagements.

It is pleasing to relate of this congregation that notwithstanding the above large expenditure, they still remember the Church Society, and have forwarded to its Treasurer the sum of £6 8s. 9d. This may not appear so great when compared with what is raised in older parishes, but, considering the means of the people and the demands lately made upon them, it speaks stronger than words in favour of their liberality and zeal, giving hope for time to come. The congregation here is large, and fully averages one hundred, with every prospect of increasing under judicious management. Thanks are due to the Rev. Mr. Nelles, for providing a service once in eight weeks.

In last year's Report only a bare allusion was made to the township of Glanford. Your Missionary is now enabled to give a more lengthy notice of the infant congregation there formed, and can assert, that it has not been behind others in giving evidence of a desire to secure more frequent ministrations. There are in this township from three to four hundred professed adherents of the Church of England, without any opportunity of worshipping according to the faith of their fathers or the dictates of their conscience, save when visited by the Travelling Missionary. At the present time they are as sheep without a shepherd, having none to gather them within the fold of Christ. However, they have been induced to rally round your Missionary, and take counsel together concerning the best means of providing for the future. Until a church can be built, a house has been lent for the monthly service, and there we are content to assemble at present for the purposes of prayer and praise. But we hope, this is only temporary, and that during the coming summer another Church will mark the place where a congregation of faithful men are gathered and the sacraments duly ministered. To promote this praiseworthy object, an acre of land has been deeded to the Bishop in trust for the site of a Church and burying-ground, and a large sum of money subscribed sufficient to warrant the building committee in proceeding with the work. A suitable plan has been obtained from the committee in Toronto for building and enlarging Churches, which is distinctive in its character, and evidences a return to a better style than has hitherto been adopted in our buildings for religious purposes. It will be your Missionary's care to see that it is carried out as far as circumstances will admit; for he is firmly persuaded that external beauty and harmony of design contribute no little to promote reverence and foster religious feeling within the heart. Hence these matters, though comparatively little in themselves, cease to be so from their connexion with the worship of Almighty God. The material of this Church will be of brick; and its completion for Divine service may be looked for towards the close of the present year.

That portion of Barton Township extending from the brow of the mountain to the Glandford line has also been visited by your missionary, with a view of re-organizing the old congregation which formerly assembled at the Barton Church. He entertains the most sanguine hopes that this attempt will prove successful. Sufficient land for a site has been obtained adjacent to the old burial ground, along with contributions to the amount of near £300, which sum, it is confidently expected, will receive large additions. It has been resolved to commence the work early in the ensuing spring, so as, if possible, to render the edifice fit for divine service by next autumn. And there can be no doubt but this may be looked forward to as a certainty, from the zeal manifested towards the undertaking by many churchmen, whose subscriptions have been most liberal. That a house of prayer is needed in Barton, above the mountain, for those of our communion, will not be questioned by any one who is familiar with that part of the country. Many of the inhabitants attend no place of worship; others having none of their own, go elsewhere, and so the Church is losing yearly those whom she formerly claimed. At all events, if the old people remain attached to the Church of their youthful days, their children have not the same associations to keep them in the right way, and consequently if they join not other Christian bodies, they become indifferent to all religious teaching, and lose sight of the great truths of the Gospel.

The churches in the townships of Barton and Glandford will probably be joined together, forming one mission—as the people in neither place can raise the necessary amount for the maintenance of a Clergyman without the assistance of the other. Thus they will both obtain that pastoral superintendance so much needed—and our communion, instead of decreasing, may be expected, with the divine blessing, to expand and enlarge, exhibiting to all around the beneficial effects of a Scriptural system, combining evangelical truth with apostolic order.

At Waterdown, in East Flamborough, some progress has also been made in those preliminary measures necessary before commencing a church, though your missionary regrets to state, not equal to what has been done at other stations. From £6 to £70 are available to make a beginning, also a grant of £22 from the Christian Knowledge Society. This latter, however, cannot be had until the church approaches completion.

A branch of the Church Society has been formed in this township, under the name of the Waterdown and East Flamboro' Branch, and the contributions for this year amount to £5 5s. There has been no diminution of the congregation at this station since last year, though your missionary cannot report much increase. Without doubt, a large number might be gathered, if an efficient system of visitation could be maintained, as the Church population numbers over 400, while, lamentable to relate, more than 200 of the inhabitants profess no form of the Christian religion. To reach all these, and attend to other duties, is manifestly out of the power of one whose labours are co-extensive with the district. The offertory at this service has been continued with good effect.—From its proceeds a surplice has been obtained for the use of the officiating minister, and the recent collections have been appropriated to the building fund of the new church.

After morning service at Waterdown, another station ten miles distant is taken up in the afternoon. Here there are materials for a good congregation if it was possible to visit from house to house; and your Missionary deeply regrets that he cannot hold personal and familiar intercourse with the family of every

person attending public worship. This is the only way of overcoming their prejudices, and attaching the people to the English Church. So deeply impressed is your missionary with this opinion, that nothing but urgent necessity prevents him from carrying into effect a systematic course of pastoral visitation throughout the mission. But the Society is fully aware, that what is comparatively easy in a settled parish is altogether impracticable in such ministrations as are described in this report. At the Brock Road many infants have been baptized, and the people are generally attentive, orderly and anxious to obtain the means of grace more frequently.

Milton, in Trafalgar, always affords a large and devout congregation. It is a thriving settlement, and ought to have a Church and Clergyman to gather the people every Sunday. Your Missionary hopes to see this good work taken in hand early in the ensuing summer. Subscriptions to the amount of £240 have been entered into, which, with a small additional sum, it is hoped, will be sufficient to erect a frame building suited to their present wants. The infant association of the Church Society, here organized, continues to increase. The contributions this year exceed those of last, and amount to £6 13s. 9d. Churchmen here see the need of supporting the Society, and the advantage they themselves derive from it; obtaining, as they do, the services of a Missionary, and receiving back a portion of the Funds.

With this, they last year obtained a surplice, and from the proceeds of this season they expect to derive service-books. On the whole your Missionary cannot say that there is any decline in the prospects of our communion in this quarter since last year.

When at Milton in the morning, your Missionary officiates at Palermo in the afternoon, thus enabling the Rev. Mr. Givins to visit Bronte, a station where a favourable opening presents itself for future usefulness.

The Onondaga Township is the last locality which it will be necessary to speak of. The Church population of this new and rapidly increasing section of country is large, numbering 600, mostly new settlers and very poor. On that account it is most important to occupy the ground—and it is much to be regretted that a Clergyman cannot be specially employed for the spiritual instruction of those in this vicinity, as your Missionary is confident that the result would be more satisfactory than in an older settlement. The Service here is held in a small School-house, once a fortnight, through the kind assistance of the Rev. Mr. Elliot. It is well attended, especially in fine weather. The worshippers are very attentive and use their Prayer Books much better than at Srst. However, such places as this require time to effect anything permanent. We must content ourselves with sowing the seed, tending it carefully and waiting God's own time to bring it to maturity.

Your Missionary has admitted sixty-one persons into the Church by baptism, officiated at five burials, and solemnized one marriage. He has sold and distributed from seventy to eighty Prayer Books, besides a large number of tracts and other publications in accordance with the principles of the Church of England.

**HAMILTON.**—The Parochial Committee regret that their exertions this year in the cause of the Church Society have not been attended with greater success. They are fully aware, however, that the falling off in the funds can be satisfactorily accounted for, and, that under existing circumstances, it cannot be looked upon as an indication of diminished interest in the Society. In addition to the heavy demands made upon the members of the Church of England in this parish

during the last year, towards erecting the new church, they have very recently contributed the handsome sum of £70 to the Assistant Minister, who from letters recently received, appears to be deriving the benefit anticipated from a more genial climate; and who, it is hoped, will be enabled to resume the active discharge of his duties at no distant period. The amount collected is £92 14s. 1½d., being £15 less than last year.

The sales in the Depository during the past year have been to the amount of £21 19s. 9d.: viz., fifty-six Bibles and Testaments, one hundred and eight Prayer Books, and two hundred and sixty-one other publications. It is much to be regretted that steps have not been taken to enlarge this establishment, and to render it in some measure adequate to the wants of the district, and worthy of the importance of this rising city. The Committee would fain hope that the Managing Committee of the united districts will bestow their serious consideration on this matter, and that a special appropriation from the district funds will be agreed upon, to effect so desirable an object. There is another appendage to the parish, the want of which is seriously felt by the poorer members of the Church of England in this city, *i. e.* a Parochial School. A good elementary school where the children of the poor can be educated cheaply, and on sound religious principles, would be an unspeakable blessing. A school-house might be erected at a moderate cost, on ground adjoining the parish church; and means could, without much difficulty, be obtained to maintain a respectable master. The Committee would beg the subscribers to bear this object in mind and to appropriate their contributions another year to that specific object.

The Sunday-school has been supplied with books from a special collection, which amounted to £21 8s. 9d.

#### *London and Huron.*

This Branch, in its report, states, that in the County of Middlesex there are six Parochial Associations, viz., St. Thomas, Port Stanley, Port Burwell, Adelaide, Delaware, Caradoc, and the Town of London; from four of which, viz., Port Burwell, Delaware, Port Stanley, and the town of London, reports have been received for the past year; in addition to which, remittances have been received for the past year.

The account of the funds of this Branch, and of the subscriptions for local objects, within the past year, is as follows:—

For general purposes, not including collections after sermons ...	£	32	2	3½
Special purposes (collections made in the Churches for objects embraced by the Church Society) .....		31	19	0
<i>Special Contributions :</i>				
For erection of galleries and changes made in the church .....		355	0	0
For a peal of bells ordered from England and now on their way to Canada .....		456	0	0
For organ, just finished .....		450	0	0
For furniture for church, imported from England, from the house of Gilbert French, of Bolton, consisting of rich velvet cover for communion table, linen cloth and napkins for ditto, carpet, robes, &c. ..		108	0	0
For church debt .....		294	0	0
		£1727 1 3½		

The Committee express their gratification in being enabled to report that the object which the Branch has had so long in view has at length been obtained, by the appointment of Travelling Missionary for the townships of Biddulph, McGillivray, and Blanchard. The Rev. A Lampman has entered upon his labours in these townships with every prospect of success. Mr. Lampman has been occupied in his mission but a few months, and has furnished a report of his proceedings which shews the zeal with which he has undertaken his labours.

*Brock District.*

The Committee of this Branch, in their seventh report, state, that the apparent deficiency in the amount collected for the general purposes of the Society, arises from the necessity of devoting the whole of the offertory collections made in Woodstock, since the 23rd day of June, 1850, to the payment of instalments and interest on moneys borrowed from the Woodstock Building Society, for the enlargement of St. Paul's Church. These payments must necessarily continue till the operations of the Building Society are closed. The Committee state, that they have felt a great advantage has accrued to the Church by the loan made; the debt being easily repaid without any direct appeal for contributions, and an increase secured in the amount of accommodation, far beyond what might have been expected, if the alterations in the Church had depended upon *present* subscriptions. The report from the Huntingford Branch has been received, and exhibits much zeal in furthering the interests of the Society.

*Talbot District.*

Hitherto the Talbot District has consisted of but one Parish. A Travelling Missionary now regularly visits the settlements in this District, and this Branch is endeavouring to provide half the Missionary's stipend; this it has done for nearly two years, with the assistance of £30 from the mission fund of the Parent Society.

*Colborne District.*

Small remittances have been received from the two Parochial Associations in this District, viz., Peterborough and Emily, but no reports.

*Western District.*

This is the second year of the existence of this Branch of the Society. It was formerly part of the London, Western, and Huron, but it was found that it would be more convenient if separated from the London and Huron, and established as a distinct Branch. Parochial Associations have been established at Sandwich, Colchester, Amherstburgh, Moore, Fromefield, and Mersea.

*Home and Simcoe District.*

It is much to be regretted that more favourable reports have not been presented from the several Parochial Committees in the Home and Simcoe Districts. It would probably have a good effect, if these several Associations were combined in one Branch, as in other Districts, and so, having a common object in view, would direct their united exertions to the attainment of that object.

Reports have been received from Barrie, Tecumseth, and West Gwillimbury, Penetanguishene, Orillia, West Medonte, Flos, and Mono, in the Simcoe District, which exhibit an aggregate amount of collections, amounting to £69 18s. 4d., and from Thornhill, Vaughan, Scarborough, York Mills, Georgina, Lloydtown, Chinguacousy, Newmarket, and Weston, in the Home District, whose collections amount to £86 10s. 8d. The particulars of the collections in the several Associations will be given in the appendix.

**SIMCOE DEANERY BRANCH.**—It has been customary for several years, for the meetings in this District to be held in immediate succession, so as to secure as large an attendance of the Clergy as possible. This result has generally been attained. This year, much interest has been created in the cause, and an opportunity has been afforded for the Clergy to meet and comfort one another by communing concerning God's blessings, and urging each one to renewed exertions in this missionary field: only those who are separated (as most of the Clergy in this district are) for twelve months together, can appreciate the pleasure derivable from meetings such as ours, in the February of each year.

Every year that comes round shews more clearly the wisdom of the promoters of our Society, so admirably adapted as it is to the peculiar circumstances of the Diocese, and doubtless, as its objects become more thoroughly understood, its funds will proportionably increase.

The meetings at Barrie, Orillia, and Penetanguishene were all well attended, both by Clergy and Laity—and strong evidences afforded of increased determination to use every effort to enlarge the means of the Society. Owing to the withdrawal of our Travelling Missionary, the Rev. John Fletcher, and his settlement in Mono, several townships have been left entirely without the ministrations of the Church. Since our meeting arrangements have been made, by which some part may be visited at intervals, until his Lordship the Bishop of Toronto can provide a travelling Missionary for the northern part of the District. The townships of Sunnidale, Nottawasaga, (a thickly settled township) Osprey, Collingwood, and the upper part of Easa, have been left to themselves for the past year, the missions possessing resident Clergymen being extensive, and their requirements demanding such continued attention as has hitherto prevented these destitute parts being visited.

In the township of Innisfil there has never yet been a resident Clergyman, but until the close of the year 1849, was visited once a month by the travelling Missionary, and occasionally by the Rev. S. B. Ardagh of Barrie. When the travelling Missionary was withdrawn, the ministrations of the Church could only be obtained at intervals and these very uncertain, owing to the great extent of the Barrie and Shanty Bay mission, which rendered it quite impossible to supply it (Innisfil) more frequently.

It was thought advisable to establish a Branch of the Church Society here, there being a large number of Church people scattered throughout the township. Accordingly, February 18th was appointed for holding the meeting, and to which all who felt any interest in the cause of Christ were invited; it was well attended, many coming from a long distance, and evidencing, by their attention and response to our calls upon them, their willingness to aid to the utmost of their power in furthering the objects of the Society. The duty of providing permanently for the religious instruction of themselves and children, was forcibly set before the meeting, and the immediate fruits of the appeal was not only a numerous list of subscribers to the Church Society, but a goodly array of names pledged to the support of a missionary among themselves. It is expected before the month of June, that a Clergyman from Ireland, sent out under the auspices of the "Propagation Society," will be labouring in this hitherto almost destitute part, and there can be but little doubt, that the spirit thus waked will not be permitted to die away, and the Church will still number within her fold many in this quarter, who were, from want of her ministrations, fast falling into the hands of those whose "they are not."

Six o'clock of the evening of the same day was appointed for a meeting in the rising village of Bradford. Soon after the time appointed, the capacious room was crowded, and here, in a place where the Church has hitherto been without a name and without a portion, was assembled a concourse of men of all sects and opinions to listen to the details and appeals of our missionaries.

The meeting having been opened with the usual prayers, and after an address from the Rev. Mr. Hill, as Chairman, detailing the objects of the meeting, &c., various resolutions were proposed and seconded in speeches of the most impressive character. Though ten o'clock had struck before the meeting was closed, the deepest interest pervaded the minds of all present. Nothing could be more encouraging than the result of this day's work, and the spur given by the energetic addresses to the exertions of our people, it is hoped and believed will be felt. On the following day, the annual meeting was held in Trinity Church, Tecumseth, the Rev. F. L. Osler in the chair. The following extracts from the report submitted to the meeting, will shew clearly the circumstances of this Parochial Association, and the efforts which have been made to further the cause of the Church in these townships, especially in West Gwillimbury.

"There was received during the past year in the townships of Tecumseth and West Gwillimbury, the sum of £24 11s. 4½d., one-fourth of which, by the Constitution of the Society, was remitted to aid the fund of the parent society; of the remaining three-fourths, £15 was devoted to the establishment of the mission of West Gwillimbury, and the remaining £3 8s. 6½d. was expended in insuring Christ Church, West Gwillimbury, and St. John's and Trinity (partly) Tecumseth, against fire. For many years past the whole of the funds at the disposal of the Committee was devoted to the support of a travelling missionary in the Simcoe District, nor was any portion withdrawn from that object, so long as a missionary was employed in that duty, but the Rev. J. Fletcher having been appointed as resident clergyman at Mono; and West Gwillimbury having been constituted an independent mission, it was deemed right to assist the congregation of that township, and to continue to assist them until the debt on the glebe and parsonage is liquidated. The committee have much pleasure in stating, that during the past year, a parsonage house has been erected in West

Gwillimbury, the frame of a church erected in the village of Bradford, and many improvements made on the glebe, and it is satisfactory to the Committee to be able to state, that all the Churches in the two townships and both the parsonage houses are insured, and the only debts are £65 duo on the glebe, payable in 1852, and £40 on the parsonage house, due in July of the present year."

Mono.—In presenting their annual Report of the state of the Church in this parish, the Committee think that the following statistics of the parish may not be uninteresting to the members of the Church, as they shew much better than mere assertions could do, what is the present state of the Church in this locality.

The population of these townships appears by the census returns to have been as follows:—

TOWNSHIPS.	In 1848.			In 1850.		
	Members of the Church.	Dissenters.*	Total.	Members of the Church.	Dissenters.*	Total.
Mono .....	814	1189	2003	985	1242	2227
Mulmer .....	265	237	502	349	258	607
Tosorontio ...	122	253	375	151	258	409
Adjala ..	394	1208	1602	416	1318	1734
	1595	2887	4482	1901	3076	4977

According to these returns it may be seen that while Dissent, in the eleven forms which (according to the last census) exist among us, has increased only 6½ per cent. during the last two years, the Church during the same period has increased 19 per cent.

The following is a more practical analysis of the returns for each township:—

In Mono, the Church has increased 21 per cent., Dissenters 4 per cent.

In Mulmer " " 31 " " 9 "

In Tosorontio " " 23 " " 2 "

In Adjala " " 5 " " 9 "

The sums contributed for Church purposes (exclusive of the Sacramental collections in the different Churches and the offertory in St. Luke's Church) since our last anniversary, are as follow:—

	£	s.	d.
Subscriptions to Church Society...	2	15	7½
Collections for Widows and Orphans .....	0	9	3½
Collections for general purposes.....	0	8	11
Subscriptions to stipend of Minister .....	63	13	0
	£67	6	10

\* including the Roman Catholics.

It may be noticed that the subscriptions in aid of the Church Society have fallen short of those in former years; but this is very naturally accounted for by the change of the circumstances of the parish, the members of the Church in this place being now required to contribute one half of the stipend of their Minister.

Towards this latter object, members of the congregation of St. John's Church, residing in Albion and Caledon, contributed £2 2s. 6d.; members of St. Mark's Church, residing in Caledon, £3 16s. 3d.; persons attending at Mr. Thomas Irwin's station, residing in Essa, 10s., and persons who are not connected with the Church, £2, leaving a balance of £55 4s. 3d., as contributed by the members of the Church in the four Townships, which may be properly considered as constituting this parish.

This sum has been collected in the following manner:—

Mulmur .. .. .	£4	5	10	
Tosorontio .. .. .	4	1	0	
Adjala—Mr. T. Irwin's station.....	£2	10	0	
In connection with St. John's Church .....	7	13	2½	
				10 3 2½
Mono — St. John's Church .. .. .	32	4	2½	
St. Mark's Church .. .. .	2	17	6	
In connection with St. Luke's Church .....	1	12	6	
				36 14 2½
				£55 4 3

If we compare these sums with the Church population of these Townships, as returned by the last census, we shall obtain the following results:—

Mulmur, containing 63 families, comprising 349 professed members of the Church, contributes £4 5s. 10d., giving an average of 1s. 4½d. to a family, or 3d. to each individual.

Tosorontio, containing 28 families, comprising 151 individuals, contributes £4 1s., giving an average of 2s. 10¾d. to a family, or 6½d. to each individual.

Adjala, containing 76 families, comprising 416 individuals, contributes £10 3s. 2d., giving an average of 2s. 8d. to a family, or 5¾d. to each individual.

And Mono, containing 171 families, comprising 985 individuals, contributes £36 14s. 2½d., giving an average of 4s. 3½d. to a family, or 9d. to each individual.

It should, however, be observed, that the subscriptions towards the stipend of the settled Minister, have been obtained from a comparatively limited circle, 95 families having contributed the amount, at an average of 11s. 7½d. from each family, and that 52 families of professed Churchmen residing in Mulmur, 20 in Tosorontio, 54 in Adjala, and 117 in Mono, or 243 families in the parish, have not paid anything towards this object during the past year, and that if the members of the Church in these townships had given to the cause of God, in proportion as He had blessed them, or had only given, as an average, two dollars from each family, they might have it in their power to procure the ministration of a second clergyman amongst them.

The number of religious services performed in this mission during the past year has been 120, on the Lord's day, and festival occasions, and 43 on week days, at various stations throughout the mission; there have been during the

same period 91 baptisms, (including one of an adult); 11 marriages, and eight burials, showing an increase over the previous year of 50 baptisms, three marriages, and five burials.

*City of Toronto.*

The anticipations expressed in the last report, of the favourable working of the Parochial Associations in the city, have been in a good measure realized. Reports have been made from four out of the five Parochial Committees, and a considerable increase has been made in the amount of their several collections; the amount received this year having been, from the four Associations, £194 18s. 3d., an increase upon the return of last year, from the same Associations, of £52 11s. 7d.

**ST. JAMES' PAROCHIAL ASSOCIATION.**—While the Committee have to regret that the same causes are still in existence which have for the last two years operated against the interests of the Association, and delayed the accomplishment of some of its most important designs, they can rejoice in the prospect of these hindrances being removed at no distant period, when they may hope fully and satisfactorily to carry out the objects they have in view.

It must be a subject of deep thankfulness to us all to witness our Cathedral Church gradually rising upon its ruins, and promising to exceed the former building in beauty of architecture and convenience of arrangement. May the work, at length so auspiciously begun, and thus far advanced, be carried forward under the blessing of God to a happy completion! It must be obvious that objects which require the united efforts of the whole congregation, cannot possibly be carried into effect while our people are scattered as they are at present. The Committee, therefore, would urge upon every member of the congregation the duty of manifesting the zeal which becomes true Christians and Churchmen, in contributing freely and bountifully towards the re-erection of their Church, remembering that the sooner this great object is accomplished, the sooner shall we be enabled to prosecute with energy and effect the minor, but not less important objects of our Association.

The Committee are happy to learn, that a handsome design has been adopted for the Parochial School-house, to accord in style of architecture with the Church. Contracts for this work have been entered into and the building actually commenced, and it is to be completed by the 31st of August next, at a cost of £928 15s.; as the expense of this erection will exceed the amount in hand for that purpose by about £200; the Committee recommend that a liberal grant be made this year in aid of the building fund. The sums set apart during the two last years towards the maintenance of the teachers of the Parochial School, and which may probably be augmented this year also, will materially assist in bringing the day school into early operation.

The Sunday-School which numbers between two and three hundred children in regular attendance, is upon the whole in a prosperous condition,—the library attached to it has been increased by about 100 volumes, procured by means of a subscription set on foot by some of the gentlemen teachers. To Messrs. Brett, Price, Holmes, and W. Baldwin, the Committee feel that their special acknowledgments are due, as it was owing chiefly to their zealous exer-

tions that the sum of £36 11s. 10d., was collected for this purpose. After supplying the library to the extent above-mentioned, a small surplus remains which it is intended to apply to the purchase of a few articles of furniture for the new School-house.

The Parochial Library has received an accession of some valuable works by means of the grant voted for that object at our last anniversary.

The subscription list for the present year in aid of our Association, exhibits a total of £100 12s. 6d., showing a considerable increase over the collections of former years.

ST. PAULS' PAROCHIAL ASSOCIATION.—In laying before the Society a statement of its transactions during the past year, the Committee have it in their power to point, with satisfaction, to a fair measure of success. It will be recollected, that the balance of the funds of the Society in hand, at the end of the year 1849, being the sum of £23 7s. 11½d., was, by a vote of the Committee, at the last annual meeting, appropriated towards the liquidation of the debt then due for the organ belonging to the Church. That sum has been paid accordingly, and there still remains only the small balance of £16 4s. 3d., due on account of that debt.

The amount of subscriptions during the past year is, £35 6s. 1d., of which there has been collected £30 0s. 4d. Of this last mentioned sum, in accordance with the rule of the Parent Society, one-fourth, namely, £7 10s. 1d., is payable to the general fund; leaving at the disposal of the Committee the sum of £22 10s. 3d.

If it be thought that the sum thus realised, is small in proportion to the number and means of the members of this Branch of the Society—and truly

\* Deposited in Home District Savings' Bank.

enough, the amount if divided by the number of parishioners would not give a large result for each—it should, at the same time, be remembered, that the contribution to the funds of the Society has not by any means, formed the only call upon the resources of the members,—that for the good purpose of forming the commencement of a building fund, with a view to the erection in course of time of a new Church in the Parish, there has been collected the respectable sum of £74 15s.; and further, that within the past year the congregation has subscribed upwards of £500 towards the establishment of the Church University,—an undertaking rendered necessary by untoward circumstances, which need not be here particularized.

ST. GEORGE'S PAROCHIAL ASSOCIATION—Before coming to those objects more immediately in connection with St. George's Church, the Committee would first allude to one object which is so essential to the well-being of the Church in this Diocese and the Province generally, and for furthering which this Association so warmly and unanimously pledged itself at the last meeting. The endowment of a University for the education of our youth, with which the necessity and duty of coupling instruction in the principles of the Christian religion, as taught by the doctrine and instilled by the discipline of the United Church of England and Ireland, would be both recognized and acted upon. Towards this holy object, a sum of upwards of £1,000, in donations of money, lands, and Building Society stock, was with alacrity subscribed by members of this Association; and your Committee look back with pleasure and thankfulness to this subject in particular, as your Society was privileged, at their last annual meeting, in being the first to take up the subject of the Bishop's Pastoral, and to prove their sincerity by thus promptly responding to the call of the Church.

With a lively interest, they have since watched the success of the appeal throughout the Diocese, and the crowning exertions of our venerated Diocesan in the Mother Country, which we can never sufficiently admire or be thankful for, superadded as they are to all his past labours for our happiness, both here and hereafter. Nor can your Committee leave the subject without a gratulatory reference to the fact of the site of the new University Buildings being chosen within the limits of St. George's Parish—another reason (though a secondary one) why our sympathies and interest should be warmly enlisted in this good and holy cause.

But it is not our province to allude more than passingly to these general subjects, which demand our interest and support as Churchmen (at all times as far as our own wants will permit), and we shall therefore now confine ourselves to a Report of the exertions made on behalf of the Church in our own district, and a review of our own strict sphere of duty yet to be performed.

Foremost, then, among our local claims stands the *Debt of the Church*.—Towards the reduction of this our efforts have been mainly directed; and your Committee have pleasure in recording the following sums collected and paid to this account since the formation of your Society:—

In 1849–50, By special collection.....	£100	0	0
“ 1850–51, By special collections and vote of Par. Association.	25	0	0
And, within the last quarter, the munificent sum collected at the Offertory, after the eloquent sermons preached by the Rev. Septimus Ramsey .....	100	0	0
Thus making the sum of,.....	£225	0	0

raised and applied to this purpose—to which, though not immediately available, has to be added the annual instalments paid on building society stock, by parties who have assigned their interest in such stock as the foundation of a sum to mature for the eventual extinction of the debt, and which have involved, and continue to involve, a payment from the donors of upwards of £100 per annum.

The sum of £45 has been also raised by special collection, on account of another debt of almost equally long standing—the cost of our church bell, on which a balance of £45 still remains due.

In the past year additional subscriptions have been also received towards paying off the balance due on the purchase of that beautiful Service of Communion Plate, which monthly, and on the high festivals of our Church is used in the celebration of the Sacrament of the Lord's Supper. And the allusion to the provision thus made for the becoming administration of the one Sacrament brings your Committee to record the supply during the past year, of the want so long felt on the occasions of the public celebration of the other holy Sacrament of the Church. At the west door has been erected a chaste and beautiful marble Font, the cost of which £60 10s., has been paid *in full* by thank-offerings from individuals impressed with a sense of special mercies received. The following inscription, inlaid in silver on the pedestal, commemorates lastingly the humble and pious spirit in which funds for the purpose were collected:—

“ This Font was erected in the Church of St. George the Martyr, from thank-offerings made on Whitsunday, 1849, being the tercentenary of the promulgation of the Book of Common Prayer; and on the 3rd day of Jan., 1850, being a day of general thanksgiving for the removal of the cholera; and on sundry other occasions. It was wrought by John Worthington, and first used on the fifth Sunday in Lent, 1850.

John Strachan, D.D. LL.D. being then Lord Bishop of Toronto.

Stephen Lett, LL.D. being Incumbent of the Church.

Henry John Lefroy and John Arnold being Churchwardens.”

Further to record matters of local interest, your Committee have to name that within the Church a *gallery* has been erected to meet increasing demand for Church accommodation, at a cost of £130, for the erection of which, (that it might not draw from the general income of the Church,) a member of this Association, joined by one or two more to a small amount, became liable, for the time, by an advance of funds.

An *Organ* has been presented to the Church by the ladies and gentlemen who so kindly assist in the musical portion of the service, subject to a small balance in the cost of erection of £15, and which has been since reduced by a thank-offering to £19. For this valuable instrument, while your Committee regret the want of a suitable case, yet they do not feel that they would be justified, under present circumstances in soliciting subscriptions while so many important objects press upon them.

Your Committee have an especial gratification in availing themselves of their Annual Report to record the gift, by a lady, of a valuable plot of land immediately adjoining the Church on the north side, as the site of a Parsonage; and your Committee would express a hope that the pious and benevolent designs of the donor may be realized, in due time, by the erection of a suitable residence on the land thus given.

Your Committee would, lastly call your attention to, perhaps, the most important object which presses itself upon our immediate care,—the instruction

of the numerous and increasing *infant* population of our Parish, and which has hitherto been almost entirely defrayed from the liberal provision made for that purpose by a single member of the congregation. To carry out a system of infant instruction upon an enlarged and satisfactory scale, a main want exists in the absence of a parochial school house. This subject has already been brought prominently before your Society at the last Annual Meeting, and the fund in hand from special subscriptions, and a vote of the Parochial Committee now amounts to £143 16s. 2d., including the liberal sum of £50, presented by a member of the congregation as a thank-offering to Almighty God for augmentation of worldly wealth, thus dedicating to the service of the Gracious Giver of every good gift the first fruits of that which we trust the donor may long live to enjoy.

Nor can your Committee omit to mention, as a further inducement to the provision of a school house, that the Sunday school in connection with our Church, and for want of separate accommodation obliged to assemble therein, is steadily on the increase, the average attendance now being 300 children. On this subject the Committee further add, that they have been in treaty for the purchase or lease of the lot of land to the east of the Church for the site of the school house, in the hope that the day is not distant when the Society may supply the want here alluded to, without prejudice to other claims.

*Parochial Association in connexion with the Church of the Holy Trinity.*

The Parochial School-House on the South side of the Church has been erected and paid for during the year, by the contributions of the Parochial Association of this Church, in connexion with the Great Diocesan Church Society. At the last meeting of this Association, held after Evening Prayers on Ash-Wednesday, steps were taken gradually to secure to the Church the fee-simple of the site of the School-house.

A commencement has been made in the filling of the East Window with stained glass. The tracery in the head of the arch and in the division between the upper and lower tiers of lights, is already filled in. The artist, Mr. Bull, contributes his skill and labour gratuitously to this undertaking.

Arrangements have been made by the Churchwardens for the final purchase of the Organ erected in the north transept, which, independently of the additional dignity given thereby to the public worship, is a source of widely-felt, refining pleasure, to the large crowds frequenting this Church. It is earnestly hoped, that a generous spirit will be manifested in the assistance rendered to the Churchwardens in meeting the liabilities which they have entered into for the purchase of this noble instrument.

During the year, the sum of ninety pounds was contributed, independently of the Offertory, principally by the members of the congregation of St. James's Church, towards the Organ Fund. His Excellency the Governor General kindly gave five pounds.

Beyond this usual routine of steady usefulness, the transactions of our Church Society during the past year present nothing of sufficient prominence to call for special notice.

But to the Church at large, in this Diocese, the past year has been a memorable year. The incidents which have made it memorable may be briefly noticed, with propriety it is conceived, in the Report of a Society which must be directly affected by everything that materially affects the Church at large.

On the 17th of March last, the CHURCH UNION, which had been formed some time before, but from various causes had remained inactive, was revived on the same principles, and with the same designation, viz.—“*The Church Union of the Diocese of Toronto.*” It may be described, in brief terms, as a Protective Association of the Church, whose office it shall be to defend the temporal interests of the Church in matters which do not fall within the province of the Church Society. The Church Union promises to contribute greatly to the prosperity and strength of our Zion; and this more particularly by combining the laity in one confederation and system of tactics for the defence of our Church temporalities, and thus bringing their concentrated influence to bear—as our numerical strength would cause it to bear—with very apparent effect upon the political vicissitudes of the time.

On the 30th of April our venerable and beloved Diocesan, after the most energetic personal exertion, most cordially seconded by his people, laid within the limits of this city the corner-stone of an University to be called Trinity College, and to be devoted to the high and holy purpose of educating young men in secular and religious learning, under the tutelage and in harmony with the principles of the Church. A very numerous body of clergy and laity, comprising many of the most influential inhabitants of the Province, assembled to do honour to the occasion and to witness the gratifying scene. The ceremony was peculiarly impressive, and the demonstrations of feeling on the part of the congregated multitudes were, we need not hesitate to say, perfectly enthusiastic. Nobly conceived, and vigorously commenced, our rising University seems to possess, in a high degree, the confidence of the great mass of the Church population of this Province, who look forward to its future career with what we may venture to call a religious solicitude, because they are ready to receive it into their hearts' best sympathies, as being founded upon those sacred and immutable principles of truth which God has made conducive to His glory, and essential to the welfare of His people.

On the following day, being the Festival of St. Philip and St. James, His Lordship the Bishop of Toronto held in the Church of the Holy Trinity his Visitation of the Clergy, which was succeeded by the organization of a conference, composed of the clergy of the diocese, and of lay representatives previously elected from communicants in each congregation. His Lordship then proposed to the conference two great questions for deliberation; relating—the one to the protection of our Church property, the other to the privilege of holding Diocesan Synods. These two questions were taken up on the morrow, and discussed in an admirable spirit. “With one heart and one soul,” both clergy and laity professed themselves resolved to rally round the Church in her exigency, and by all legitimate means to protect the

threatened heritage of God. The meeting assented unanimously to a petition, addressed to the three branches of the Colonial Legislature, against the meditated disturbance of the 3rd and 4th Vict. ch. 78, which provides for the final settlement of the Clergy Reserves; and with similar unanimity resolved upon petitioning Her Majesty for the establishment of a Diocesan Synod. As further legislation upon the Clergy Reserves has been postponed, we may confidently hope that the breathing-time thus allowed us will bring about such an improved appreciation of sound and just views as may lead to a favourable result in the Provincial Parliament. Of this we feel assured, that the deliberations of the conference, and the animated meeting of the Church Union immediately after it, will exert a powerful influence over the public mind. Most cheering is it to entertain the persuasion, which the late proceedings force upon us with a cogency of evidence not to be doubted or resisted, that the heart of our laity is sound, honest, and true. The lay members of the conference, we feel convinced, will be each of them the nucleus of a strong and fearless gathering of our brethren in the towns and rural parts of this diocese. They have returned to their homes to aid—as we would venture to recommend—in the extension of the “Church Union,” and to circulate, as we hope, with augmented fervour and courage, those excellent principles to which they have not been ashamed to bear open testimony in the ecclesiastical conference and at the public meeting. We feel encouraged in no ordinary measure by what they have already said and done, and by the prospect of their strenuous endeavours hereafter; and we cannot allow ourselves to doubt that, for the time to come, the Church will continue to acquire a steadily increasing control over the tone of public opinion and the complexion of public affairs.

During the current month it has pleased Almighty God to remove from this earthly sphere the Rev. James Magrath, A. M., for many years Rector of St. Peter's Church, at the Credit, in the township of Toronto. The venerable deceased had attained the age of eighty-two years, and four months, and had been upwards of fifty years in holy orders.

The chief interest which pertains to our present meeting is derived from its connection with the Third Jubilee of the venerable Society for the Propagation of the Gospel in Foreign Parts.

One hundred and fifty years have now elapsed since the Charter of this celebrated institution was signed, an event as to which we should not greatly err, were we to consider it inferior in sacred interest only to the history of the Bible,—the Reformation alone excepted. During this century and a half, the Society for the Propagation of the Gospel has been prosecuting its noble, but arduous work; at all seasons, animating or disheartening, true to its weighty trust, devoted to its holy cause; at one time encou-

raged in its great designs by the government of the day, at another time repelled in its anxious and unrelaxing efforts by the chilling indifference of government, striving, in vain, by earnest representation, to urge home to the hearts of those in power the spiritual destitution of the Colonies, or its numerous missionary enterprises in other quarters of the world. But through good report, and through evil report, it has unweariedly pursued its career of Christian benevolence, dispensing light and knowledge to the American, and Asiatic, and African Pagan; to the Mohammedan; and to the famishing soul of the poor emigrant, for whose religious instruction it seems to repent the rulers of the land that any national provision should ever have been made. And in this last particular, as we especially can testify, it hath surely performed the part (if we may speak thus) of the "good and faithful servant," in doing the Lord's work. Not only has it made "God's name great among the Gentiles," but it has most affectionately watched over the Christian population of the British Colonies, and has laboured to the full extent of its means, to counteract those extensive and pernicious moral evils which might have been expected to flow, and have too abundantly flowed, from the want of a sound and religious scheme of colonization. The Society deeply felt what danger the soul of the emigrant must incur, when he makes his way into the heart of the forest, remote from the sacred services which blessed his early years. They felt and they feared this danger; and we, in a peculiar degree, have reason to gratefully acknowledge how untiringly they have pressed upon the public mind of Britain the responsible duty of following up the adventurous footsteps of the emigrant with the ministrations of the Church, and of doing every thing that might be done to preserve him from so fatal an event as falling away from the faith of his fathers. To humble faith the Divine Head of the Church may seem indeed to have set His seal of approval upon its labours. In common with the Church Missionary Society, it can point to many precious seals of an apostolic ministry amongst the Gentiles; and many churches in the Colonies, fully organized, in the possession of the Episcopate, speak of it with filial love, and invest it with the attributes of a mother's tenderness, and call it by a mother's name. More than three hundred and fifty missionaries are maintained in whole or in part by the Society. "In the lands which are, or have been within the limits of the Society's charter, where, a hundred and fifty years ago, not a dozen Clergymen of the Church of England could be found, there are now about 3,000,000 members of our communion, to whom the Word of God and the Sacraments are administered by 2,750 Clergymen, under the superintendence of fifty-seven Bishops."\*

The Society's revenue, both for general and for special purposes, amounted, last year, to £121,425 19s. 8d.; a large sum,

---

perhaps, compared with the resources of most other religious associations, but sadly inadequate to its vast field of operations. How soon is this income swallowed up, almost like a drop of water in the ocean, in the broad territories of the British empire! How scanty the provision which can be derived from it for the thousands of emigrants who annually leave their mother-land! And, after all that, in God's strength, a devoted band of self-sacrificing missionaries can achieve, how faint an impression has the Society the means of making upon the millions of unbelievers in four of the five great divisions of the globe, who, though they live under or in proximity to British sway, know as yet little or nothing of that gospel which has made Britain enlightened, glorious, and happy! On the present auspicious occasion of the Society's Jubilee, let us effectually testify the heartfelt interest which it cannot be doubted that we feel in the Society's continued prosperity, by cordially responding, in our several parishes or missions, to the invitation of our venerable Diocesan, and by giving to the Society all the help we can afford. It may be pleaded, indeed, that local wants will not leave us much to spare; but, in speaking of our local wants, we cannot keep out of sight all that the Society has done to relieve them. Something, at least, we can spare; and that, be it great or small, we will give, not grudgingly, but in a dutiful spirit and with warm hearts.

"The empire on which the sun never sets;" that is the proud and exulting language in which, as a nation, we describe our unsurpassed dominion. But in the broad expanse of that empire, unnumbered multitudes there are, on whom the Sun of Righteousness hath never risen; and others there are, on whose hearts His heavenly light is falling more dim and more deeply shaded day by day, through the total absence or the irregular participation of the Church's means of grace. These are solemn thoughts, which may well temper, with an awful sense of Christian responsibility, the high pretensions of national pride. We, who form no obscure portion of that empire, may appropriate to ourselves, in measure, this sobering reflection upon the coincidence of national responsibility with national elevation. Possessing already so respectable a position amongst the colonies of Great Britain, and eagerly ambitious to rise still higher in the scale, let us watchfully guard against those disturbing influences of the world—most likely to affect us—which too often turn away the spirit of man from the contemplation of better things. As we clear away acre after acre of our forests, let not the land thus gained to cultivation be lost to Christ; and as we advance in commercial wealth and political importance, let us not be a people to be measured by our diplomacy, our jurisprudence, or our trade; but let us study to approve ourselves a people faithful unto God, and "mindful of the duties of planting the kingdom of God in its integrity and perfection."
