JAPAN AND TURKEY PREPARE FOR WAR

MORATORIUM AND FEDERAL INCOME TAX IN CANADA

JAPAN SENDS AN ULTIMATUM TO GERMANY

Must Withdraw Warships and Evacuate Kiaochau Pending Its Return to China, Disarm all Warships in Far Eastern Waters and Withdraw From China Sea.

MUST ACCEPT BY SUNDAY NEXT OR JAPAN WILL DECLARE WAR.

Canadian Press Despatch.
TOKIO, Aug. 16, 2.30 p.m.—Japan has sent an ultimatum to Germany, demanding that she withdraw her warships and evacuate Kiaochau. Unless Germany unconditionally accepts by Aug. 23, Japan will take action.

The news that Japan has sent an ultimatum to Germany is officially confirmed.
The newspaper Jiji Shimpo, which is usually well informed, in an extra gives some additional details of the Japanese ultimatum to Germany. It was forwarded on Saturday night, according to The Jiji, and, besides demanding the turning over of Kiaochau to Japan pending its return to China, asked that the German warships in far eastern waters be disarmed, and the forts in Kiaochau dismantled. Germany is also requested to withdraw all her warships from the China Sea.

CHINA NOTIFIED.

BEKIN, Aug. 16.—Copies of the Japanese ultimatum to Germany were handed to the Chinese Government and the foreign legations today.

As it is not considered likely that Germany will comply with the Japanese demands, preparations are proceeding for a campaign by force of arms. Three British regiments in China have received instructions to hold themselves in readiness for transportation.

CHINESE HOPEFUL.

The statement in the Japanese ultimatum, that Japan proposed to return Kiaochau to China, is regarded hopefully by Chinese officials. The Chinese foreign board announced tonight that China realizes that she cannot forcibly prevent transgression of her territory. She is, however, strengthening her forces at Tsinan, with a view only to regulating Chinese affairs. A protest will be lodged if the allies land troops beyond the 50 kilometre limit allowed German troops for manoeuvres.

According to Japanese figures, the German troops at Kiaochau number 3500. There are several hundred reservists at the various treaty ports. It is not known where the German fleet has gone. It left port about ten days ago with soldiers.

UNITED STATES HAS NOT INTERFERED.

TOKIO, Aug. 16, 10 p.m.—The text of the Japanese ultimatum has created a profound impression, and it had been predicted that Japan was making ready to participate in the war.

Count Okuma, the premier, and Takaaki Kato, the foreign minister, addressed meetings of merchants, members of parliament, and others, and counseled a calm attitude. They declared that Japan had no ambition for territorial aggrandizement.

In reply to a question propounded by a merchant, the foreign minister denied the reports that the United States had interfered in any way in the situation, and, he added, the United States was not likely to. Later, he said, the American Government would be fully informed as to the Japanese position.

TURKEY AND BRITAIN MAY SOON BE AT WAR

If Great Britain Insists on Turkey Yielding Two German Cruisers the Latter Will Forcibly Resist.

Special to the Toronto World.
WASHINGTON, Aug. 16.—The ambassador to the United States from Turkey today intimated that his government will become involved in the struggle in Europe between the entente and alliance. The intimation was made when the Turkish ambassador said that if Great Britain insists on Turkey yielding the two German cruisers, Goeben and Breslau, which have taken refuge in the Dardanelles, Turkey might forcibly resist.

lan Osman and the Rechaide, in construction for Turkey in British shipyards, have been seized," said the ambassador. "If this is true, then Great Britain and her allies will have lost the right to make representations to Turkey."

GOEBEN AND BRESLAU WERE GIVEN POUNDING

German Cruisers Did Not Find Safe Haven Without Being Damaged.

Canadian Press Despatch.
ROME, via Paris, Aug. 16, 9.05 p.m.—The commanders of Italian steamers arriving from the orient state that the German cruisers Goeben and Breslau did not escape unmolested. They were attacked several times by English cruisers, which, however, were not able to overtake them. It is believed that the Germans took refuge in the Dardanelles only after they had been damaged.

MILLIONS OF MEN IN OPPOSING ARMIES LINE OF BATTLE STRETCHES 266 MILES NO DECISIVE RESULT EXPECTED FOR DAYS

TURKEY AND GREECE NEXT!

COPENHAGEN, Aug. 16.—Russia has demanded that the Turkish Government shall grant free passage to the Russian fleet thru the Dardanelles.

LONDON, Aug. 16, 5 a.m.—A Reuter despatch from Rome says that the Paris correspondent of The Tribuna hears that Greece has decided to demand explanations from Constantinople regarding the concentration of Turkish troops on the frontier. Unless the reply is satisfactory, Greece will mobilize forthwith.

MORATORIUM IN CANADA DURING PERIOD OF WAR

JAPAN'S ULTIMATUM

TOKIO, Aug. 16.—The ultimatum sent by Japan to Germany is as follows:

"We consider it highly important and necessary in these present situation to take measures to remove the causes of all disturbances of the peace in the far east and to safeguard the general interests as contemplated by the agreement of alliance between Japan and Great Britain.

"In order to secure a firm and enduring peace in eastern Asia the establishment of which is the aim of the said agreement that the imperial Japanese Government sincerely believes it to be its duty to give the advice to the imperial German Government to carry out the following two propositions:

Must Withdraw Warships.

"First—To withdraw immediately from Japanese and Chinese waters, German men-of-war and armed vessels of all kinds, and to disarm at once those which cannot be so withdrawn.

"Second—To deliver, on a date not later than Sept. 15, to the imperial Japanese authorities, without condition or compensation, the entire leased territory of Kiaochau, with a view to the eventual restoration of the same to China.

"The imperial Japanese Government announces at the same time that in the event of its not receiving by noon, on Aug. 23, 1914, an answer from the imperial German Government, signifying its unconditional acceptance of the above advice offered by the imperial Japanese Government, Japan will be compelled to take such action as she may deem necessary to meet the situation."

Defensive Action Necessary.

Inspired utterances express regret at the inability to maintain neutrality, but say that Great Britain, the ally of Japan, is compelled to defend herself against the aggressions of Germany. Moreover, it is pointed out that Germany is making preparations day and night at Kiao Chau, where it is strong many is making preparations day and night at Kiao Chau, where it is strong provisions, while its warships are scouring the seas of eastern Asia to the great detriment of commerce, and that converted cruisers are seizing English merchant vessels. Such actions, it is argued, are directly calculated to disturb the peace of eastern Asia. Accordingly, after full and frank communication with Britain, Japan has found herself compelled to send an ultimatum to Germany.

GERMANS RETREAT AT SEVERAL POINTS

Paris Temps Says French Show Brilliance in Aggressive Tactics.

Canadian Press Despatch.
LONDON, Aug. 16, 4.05 a.m.—The Paris Temps, according to a Reuter despatch, thus summarizes the military situation:

"The German forces stretch from Liege to the Muhlhause district, with marked density north. Their front seems to follow the course of the Ourthe River, then the frontier, which is crossed at Longwy and Cirey. A large part of this front has been dismantled by the French, and the German columns are now falling back. They left behind many dead and wounded, in addition to prisoners.

U.S. GUNBOAT SALUTED PASSING THRU CANAL

Special to the Toronto World.
ST. CATHARINES, Aug. 16.—A striking incident occurred on Saturday afternoon, when the U. S. gunboat Dubuque was passing the headquarters of the 19th Regiment doing guard duty on the Welland Canal. The guard of that division was drawn up facing the American craft and saluted it by presenting arms, while the marines aboard the gunboat stood at attention on the forward deck.

KAISER HOPES FOR POLAND AS ALLY

Strong Inducements Offered to Poles to Break Away From Russia.

Canadian Press Despatch.
LONDON, Aug. 16, 3 a.m.—A St. Petersburg despatch to the Lloyd News says a newspaper correspondent who had just arrived from Warsaw, reports that city quiet up to the time he left. He says that a lively campaign is being waged by German sympathizers along the border, for the support of the Poles. A Polish newspaper, printed under German supervision at Czestochowa, is publishing accounts of German successes. In its latest issue it reported that Sweden and Japan had declared war on Russia.

A proclamation has also been published, the correspondent adds, urging the Poles to support the Germans, declaring that the Germans would give lavish presents to the Poles if they would refrain from interfering with the German advance.

The Polish leaders in Warsaw, the correspondent asserts, are bitter against the Germans, owing to alleged severe treatment of Poles who fled from Germany when war was declared.

SAY HE STOLE WATCH

Edward Pike, 74 Helena avenue, was arrested by Detective Arohobold, Saturday evening, charged with the theft of a gold watch and chain from Thos. Gerrard.

Parliament Will Authorize Postponement of Indebtedness, and Will Also Impose Federal Income Tax—Troops to Valcartier Wednesday.

By a Staff Reporter.
OTTAWA, Ont., Aug. 16.—It is regarded as probable that legislation will be enacted at the approaching session of parliament authorizing the government to declare a moratorium at this time while a state of war prevails.

The effect of a moratorium proclamation is to postpone the payment of indebtedness. It may be general or limited, and for such time and subject to such terms and conditions as the government may determine. So far there has been no necessity whatever for issuing such a proclamation in Canada, nor is it expected that such necessity is at all likely to arise in the future. It may, however, be considered advisable to enact a general moratorium act to be brought into effect in whole or in part by proclamation should emergency arise. Both Great Britain and France have recently declared moratoriums for limited periods.

Gift From J. K. L. Ross.
Hon. W. T. White, minister of finance, announces that he has received from J. K. L. Ross of Montreal a contribution of five hundred thousand dollars to be used for the general military and naval purposes of the government including provision for pensions to invalided soldiers, their widows and children.

The minister, in accepting the contribution, has expressed to Mr. Ross the thanks of the government for the splendid gift, and congratulating the donor upon his patriotic loyalty to Canada and the empire.

Federal Income Tax.
It is reported that the government has under consideration the levying of a federal income tax. While direct official confirmation is lacking, it seems to be generally understood that

(Continued on Page 2, Column 6.)

Advance Shipment of New Fall Hats for Men.
The Dineen Company received the first advance shipment of men's new fall hats, including those by Henry Heath and Christy of London, Eng., and soft and stiff hats, made by Etison of Philadelphia. We are now on the threshold of the fall season. Did you notice how brisk the air was yesterday? The city is crowded with visitors returning from the summer resorts. Many of Dineen's new fall stock gives them the choice of the very latest styles. Heath and soft hats, \$4; Christy & Co. \$3.50 to \$5; Etison, \$4 and \$5. See window display this week for new furs, new millinery, new fall hats for men, new touring coats. The W. & D. Dineen Co., Limited, corner Temperance and Yungo streets.

Impending Conflict is Without Parallel in History and It Will Be at Least Eight Days Before Authoritative News of Outcome Can Be Expected—Belgian War Office Says General Situation Unchanged—German Aeroplanes Drop Bombs at Namur—French Airmen Claim to Have Destroyed Several Zeppelins—More Restrictions Imposed by Censors—Germans, Continuing Advance Along Valley of Meuse Were Repulsed by French at Dinant and Other Points—Fighting on Austro-Serbian and Austro-Russian Frontiers.

Canadian Press Despatch.
PARIS, Aug. 16, 5.55 p.m.—The conditions under which the great battle between the Germans and the allied forces will probably be fought are made the subject of an official communication issued by the French minister of war this afternoon. By its development and the nature of the ground over which the battle will be waged, the communication says, this vast engagement will differ profoundly from the battles of other times.

"By reason of the abandonment of the attack which the Germans planned against Nancy," says the communication, "our concentration has been carried out with regularity and in its entirety, and thus the whole of the French army will battle with the whole of the German forces, with the exception of those German troops concentrated on the eastern frontier of the empire."

MILLIONS ENGAGED.
The violation of the neutrality of Belgium has extended the Belgian and French lines to the frontier of Holland. The next battle, therefore, will be from Esale to Maastricht, with several millions of men on each side.

"It is this enormous extension of effectives and of front, which will characterize the battle, and it will be profoundly different from all other battles.

"When two adversaries engage in battle along a front of from 20 to 30 kilometres (13 to 20 miles) the engagement is characterized by two features—it is rapid and immediately decisive. With a front extending over 400 kilometres (266 miles), it is not likely to be the same.

BATTLE WITHOUT PARALLEL.
"It would appear impossible, from all the evidence, that one of the adversaries would be able to gain decisive advantage upon this front of 400 kilometres. The operations along so great a line would have varying fortunes. We will have an advantage at one or several points; the Germans will have an advantage at other points, and the line of battle will continue to be modified until one of the adversaries succeeds by co-ordination of movements and mass of effort to gain, at some point, the superiority which will dislodge the adverse front and mark the end of the first battle.

"These observations have for their object the preparation of the public for a battle in new form and without precedent in history."

The communication adds that news of definite results need not be expected for at least eight days, or longer.

AUSTRIANS INVADE SERBIA.
LONDON, Aug. 16, 11.25 p.m.—A Vienna despatch to Reuter's Telegram Company says it is semi-officially announced that the Austrian troops have invaded Serbia at several points.

GREAT SUSPENSE IN BELGIUM.
Direct Copyrighted Cable to the Toronto World.
BRUSSELS, Aug. 16.—The great battle has not yet begun. An official announcement issued by the Belgian War Office says the general situation is unchanged. There are no large bodies of Germans on our front. No part of our army is in direct contact with the enemy. The impression produced by the reported cessation of hostilities is one of great suspense.

GERMAN AEROPLANES DROP BOMBS.
German aeroplanes are reported dropping bombs on the City of Namur. One fell on the bridge of Domarus, killing five men and wounding three seriously.

French aviators, it is reported here, flew over Metz, dropping bombs on the hangar sheltering Zeppelin airships. It is believed that several of the Zeppelins were destroyed.

French aviators generally, it is reported, are striking terror to the hearts of the Germans.

RESTRICTIONS ON NEWSPAPERS.
As the result of an order issued by the war office, newspapers are hereafter to appear only once a day, and on not more than six evenings each week, and then only after all matter intended for publication has been submitted to the censor.

The news of the history-making events which are occurring here hourly will, therefore, be more greatly restricted than ever.

BAVARIAN CORPS DRIVEN BACK.
PARIS, Aug. 16, 6.10 p.m.—An official despatch issued today says: "The French have succeeded in driving farther back the Bavarian corps which had already retreated near Cirey. Germans taken prisoners after the battle at Magienne and Billom declared that the French fire demoralized them. A number of Poles captured asserted that they were to be taken. Some of the Germans declared the war absurd, and said that it had been opposed in numerous cities. All the prisoners complained of being badly fed."

KAISER SEEKS TO INCITE UPRISING IN POLAND AGAINST RUSSIA

THE WAR AND THE FINANCIAL SITUATION

The financial aspects of the war command more and more attention, especially here in Canada and in the United States.

To carry on our ordinary business as a country, Canada will have to borrow, or raise money somehow, because of the dislocation caused by the war and the falling of its revenues. Our customs receipts grow less. And as we are at war, we will have to borrow.

Can we borrow from England? Hardly. Perhaps if a lot of gold were paid into the Ottawa treasury by our neighbors, on account of debts due in England. Some of that gold might be available to Canada for war expenditures. But England may want to use it herself for purchases on this side of the Atlantic.

Or perhaps Canada could borrow from our own banks. That has been considered, probably conferences have been held. But how much could the banks lend? Have they got the gold back that they loaned on call in New York? We hardly think so. But this is a delicate subject and always has been; the banks have never hesitated to declare that it could be recalled by wire and be there in the morning! Let us hope so.

We do not think Canada could borrow much in the United States—the present law has practically prohibited belligerents of this war looking for loans from New York financial agents.

We can get some money from our own people by increasing the customs and excise taxes, perhaps, also, by new stamp duties.

But Canada has to get money in some way and that is one reason why parliament is called for next week.

The United States are even more concerned about their financial condition. First, and foremost, as a nation, they are not at all sure that they may not be involved in the war measures in some way later on. In that case, they will need gold. They have more gold than any other nation. They have at least fifteen hundred millions of it. They owe a lot to England and some to us. They owe a lot to Germans and others, who in the last days, when the New York Stock Exchange was opened, sold many millions of American railroad and other securities back to Americans. There must be settled for—the stock exchange was closed to head off these payments.

The United States at this moment, has great stores of gold; it owes a lot of this gold to England, Canada, Germany; she may pay England, she is paying England for the moment; and she has sent some back to the Canadian banks. But she will not be in a hurry to send it to Germany—it can't be delivered if she were willing. They have no confidence in their own securities, which were watered so generally in past year, sold to Europe, and lately returned and bought by American private lenders. Americans looking for bargains bought them; clients of the New York brokers. Americans looking for bargains bought them; clients of the New York brokers. Americans looking for bargains bought them; clients of the New York brokers. Americans looking for bargains bought them; clients of the New York brokers.

Under all these circumstances will the United States part largely with her gold? Some can be released from the banks if congress reduces the percentage of gold reserves in the banks as against deposits, say from 25 per cent. to 16 per cent. And some great increases in the issue of national notes is also planned—and this money can be made an emergency substitute for gold.

But the United States bankers and government have to decide this week what they are to do with their gold commitments to foreign countries and what they are to do as to keep up, or increase their own supply of gold, or its equivalent. They have been at sea for a fortnight, but the first sign of some kind of clearing of the air is the shipment of ten millions of gold from New York to Ottawa in account of England. They may get more light in other directions.

The United States has been further embarrassed because her export trade was dislocated, even stopped for a time by war. Now it is going forward, thanks to the British navy clearing the Atlantic of German warships. These exports will help pay the gold balances to Europe.

Big Canal and Japan Worry U. S. Officials

Administrators at Washington Fear Use of Panama Waterway by British Warships May Stir Up Anti-British Elements Against Government of Democrats.

Special to The Toronto World.

WASHINGTON, August 16.—The opening of the Panama Canal, linked with the imminent possibility that Japan will enter the European conflict, is the one factor in the present situation that threatens the strict neutrality of the United States and is causing the administration some anxious moments, according to some officials today.

Great Britain may desire to use the canal for the passage of her war vessels. The Panama Canal Act confers this privilege upon all nations, provided that their ships commit no act of war in passing thru. Naval experts entertain no doubt that Great Britain will transfer a portion of her fleet to the Orient when the present situation in the North Sea clarifies. When this is done, organized attempts to make political capital out of the

POLAND WILL BE GIVEN AUTONOMY

Czar Offers Big Concessions in Return for Loyalty of Poles.

Special Direct Copyrighted Cable to The Toronto World.

LONDON, Aug. 16, 5.17 a.m.—A despatch to the Exchange Telegraph Co. from St. Petersburg correspondent says that the Russian Emperor has addressed a proclamation to the entire Polish population of Russia, Germany and Austria, announcing his intention of restoring Poland to its original territorial integrity, and of extending to it complete autonomy, reserving only the right to appoint a governor. He further promised facilities regarding religion and language.

YORK RANGERS PARADE TODAY.

The 13th York Rangers will parade this afternoon at 2 o'clock and will march by way of Queen street and the Lake Shore road to the Long Branch ranges. The regiment has now recruited 33 men and 16 officers.

IRISH RIFLES WON IN E. YORK MATCH

Keen Contest at Markham Ranges on Saturday Afternoon.

The Irish Rifle Club shot off a return match with the East York Rifle Club on Saturday at Markham, and came out winners by 58 points. The range at Markham, being situated in a ravine, and subject to contrary winds, is said to be a difficult one to shoot over, which made the winners' score all the more creditable.

Match Score:

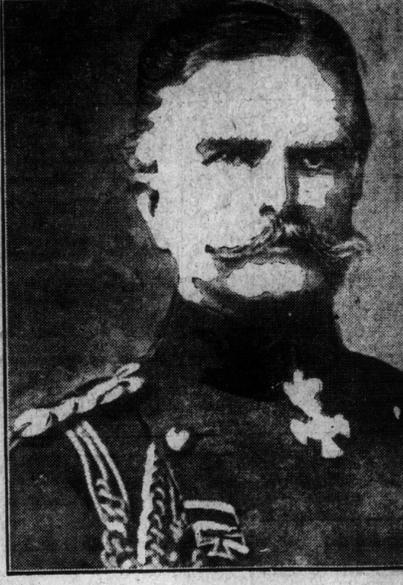

Irish Rifle Club—A. Elliott, 95; W. Corbett, 96; R. Doherty, 95; W. Latimer, 94; E. C. Coath, 93; W. J. Margrett, 92; W. Brodie, 91; R. McDonagh, 85. Total, 688.

East York Rifle Club—Helm, 94; Maxwell, 92; R. J. Rescor, 92; A. Little, 91; F. D. Heaton, 82; Mather, 81; Ormerod, 78; G. Little, 77. Total, 688.

Visitors Entertained.

After the match the visiting club was royally entertained, and both clubs made noble responses to the champagne upon them to contribute to the Hospital fund.

GERMAN GENERAL DEAD

General von Emmich, commander of the German army before Liege, who is reported to have committed suicide when reprimanded for his failure to take the forts at Liege.

WAR SUMMARY

While the German forces are pushing forward thru the valley of the Meuse, and still more extensive operations are in progress along the Alsace-Lorraine frontier, where the French and German armies are in contact, Japan has sent an ultimatum to Germany demanding the withdrawal of the German warships from the Orient and the evacuation of Kioochau, a German protectorate in China.

This territory comprises an area of 200 square miles, with 20 square miles additional in the bay. Taking the seat of the governor of the territory, is the port where the German warships were mobilized at the outbreak of hostilities.

Japan's ultimatum gives Germany until August 23 to comply with the demands. On account of the cable interruption, the seat of the German government is in London, and the ultimatum to Germany, and it is announced from Washington that

GERMANS ADVANCE TOWARD BRUSSELS

Belgian Capital Will Be Moved to Antwerp if City is Occupied.

FROM THE LIEGE ARMY

Cavalry and Machine Guns Form Detached Body of Main Troop.

By Fred A. Rorke, Special Correspondent of The Central News.

Special Direct Copyrighted Cable to The Toronto World.

BRUSSELS, Saturday, August 15.—(Delayed in transmission.) Very little doubt is felt at this hour that a considerable force of German cavalry supported by field and machine gun sections is advancing in the direction of Brussels. The Germans are apparently a detached body of troops belonging to the first German army corps now engaged around Liege, tho it is possible that they may be a portion of the German troops who have been operating during the past week in the district around Tirlemont, Diest Hasselt, and Hesbay, and that they have been sent forward with the object of diverting the attention of the Belgian army and driving them off the roads leading to Brussels via Huy, Hannut and Jodoigne.

While this movement was being effected, it is believed that a whole German division has been advancing along this road with very little hindrance.

According to Plans.

In this event it is presumed that the German movements so far have been in accordance with pre-arranged plans. A large German force is now believed to be advancing south of Louvain. Sounds resembling artillery firing are plainly audible to night, tho it is officially stated that these reports are explosions due to the destruction of bridges by Belgian engineers with the object of hampering the German advance.

From a reliable, but unofficial source, I am informed that in the remote event of the Germans entering Brussels, the seat of the Belgian Government will be removed to Antwerp. Entrenchments are being thrown up around Brussels, but it is announced officially tonight by way of explanation that this is being done as a precaution and to protect the capital against raid by stray bodies of German cavalry. "It is," says the official explanation, "a measure of policing, and of a measure of war."

LIEGE FORTS MAY NEVER BE TAKEN

American Gives Vent to This Conviction After Seeing Fortifications.

MARKSMANSHIP DEADLY

Whole Countryside in Terror of Uhlans and Refugees Seek Brussels.

Canadian Press Despatch.

LONDON, Aug. 16, 4 a.m.—The Daily Telegraph publishes an account of the fighting at Liege by an unnamed American, who has been a resident of Liege for five years, and who has just arrived in London:

"When I left Liege," he says, "the forts were shooting grandly. It is the firm conviction of all Belgium that these forts will never be taken. A similar opinion is expressed by most foreigners who have seen the forts. 'For example, there are 500 steps to the top of the fort at the back of Heretaal and the cupola is even higher; so you will gain an idea of how high the guns of these forts are. Their range is tremendous and the marksmanship of the gunners has already been proved excellent.'

"The entire Belgian countryside is in terror over the Uhlans, who are prowling about in bands of ten to twenty. When they appear suddenly in the little villages the inhabitants rush off towards Brussels, shouting, 'The Uhlans are coming!' At first these alarms disturbed Brussels, but now Brussels is quiet, altho the city is crowded to its utmost capacity.

"Many wounded Belgians are in the Brussels hospitals; most of them have been shot in the legs or feet. Apparently the Germans shoot too low. The king and queen are constant visitors at the hospitals."

BRITISH CRUISER SAILS UNDER SEALED ORDERS

Special to The Toronto World.

HALIFAX, N.S., Aug. 16.—The British cruiser Good Hope, which was coaling at the dock yard yesterday, stopped coaling rather quickly last night and put out to sea right away under sealed orders, it is stated. This afternoon the British battleship Glory, 12,950 tons, arrived and steamed up to the dock yard, where she is coaling. She came here from Greenock and reports nothing out of the usual, having seen no German or Austrian ships on the passage. After coaling she will go out to sea again, but it is reported this will be her station for the present.

There were no other shipping arrivals today.

TWELVE HUNDRED IN ONE GRAVE

Correspondent Gives Vivid Picture of Bloody Battle of Haelen.

GERMANS LOST HEAVILY

Out of Five Thousand Engaged, Two Thousand Met Their Death.

(By F. J. Philip, Special Correspondent London Daily News and Toronto World.)

LONDON, August 16.—Across the battlefield of Diest there is a brown stretch of harrowed ground a half furlong in length. It is the grave of 1200 Germans who fell in the fight on Wednesday. All over the field there are other graves, some Germans, some Belgians, some horses. When I reached the place this afternoon peasants with long mattocks and spades were turning the soil. For two full days they had been at the work of burial, and they were sick at heart. Their corn is ripe for cutting in the battlefield, but little of it can be harvested. Dark paths in their turnpikes are sodden with the blood of men and horses.

The battleground should be called Haelen rather than Diest, for it was in and thru and about the little village of Haelen that the deadly test of strength took place, the result being as already stated.

The Germans lost three-fifths of the 5000 men. Two thousand were killed, 800 wounded and 300 taken prisoners. So far as the number of the British army in the field, but there is ample evidence that it was fierce, out of all proportion to its size. The battleground is roughly three miles long. Near one end is the village of Haelen, which was held Tuesday morning by Belgian troops. On Tuesday afternoon it was attacked by the Germans, and the Belgian troops, artillery and infantry, and entered late in the evening.

The ground on that side is occupied by German troops. In fact German outposts were reported only a mile distant, while we were in the village, so I was unable to examine the ground. Traces only of the fighting are left. Belgian troops raced at night across the railway track and a road to some open fields, stopping towards the village and snarling in a wood about a mile and a half distant.

There they placed their guns and stormed the walls, which are pierced by the rain. The windows are all broken, and the church spire stands half uncovered with the clock wrenched from its place.

Marksmanship.

The Belgians showed good marksmanship. Incidentally they despise German shooting, and in very little time they drove the Germans to retire or rattle again. The enemy chose the letter country, and had come into the open country by three routes, one over the hills, one along a road, another to the left behind the wood, and the third the outskirts of the villages. Five of these houses are burned to the ground and the furniture and other things are all pieces and burned. In a shed a peasant was weeping over the dead bodies of his cows. German shooting appears not to have been accurate enough to cover the advance of the infantry.

Made in Germany.

German weapons which are hardy, bent in the lancer's hand. One lance from which I took the bow and white pennon was bent like a black, as the man had been shot and in falling from his horse had leaned his full weight on it as the point struck the ground. By afternoon the Germans retired beyond the village, and there they are still waiting, as we on this side are waiting for another effort to pierce this gallant line. So much for the battle.

It would be easy now at the beginning of the war to write of its tragedy. The villagers have each a tale to tell of loss. All the twelve hundred men in the long grave were men and have wives, sweethearts and parents. All the Belgian soldiers and others are buried where they fell and have mourners. A letter which I picked up on the field and an endeavoring to have identified and sent to her for whom it was intended will speak for all. It is written in ink on a half sheet of note paper. There is no date, no place, and no name. It is written on the place and probably was written on the eve of battle in the hope it would reach its destination if the writer died. This is the translation.

Pathefic Letter.

"Sweetheart (here ami): Fate in this present war has treated us more cruelly than many others. If I have not lived to create for you the happiness of which both our hearts dreamed, remember my sole wish is now that you should be happy. Forget me. Create for yourself some happy home that may restore to you some of the greater pleasures of life. For myself I shall have died happy in the thought of your love. My last thought has been for you and those I leave at home. Accept this last kiss from him who loved you.

The signature, I think is 'Bottenne,' and on the back is a portrait that if his photographs should cause her unhappiness she should return them to his parents."

MONTREAL GAVE A SEND-OFF TO TWO THOUSAND BELGIANS

Messages From Duke of Connaught and Hon. Sam Hughes Were Read Amid Cheers—Sailed on Allan Line for London.

Canadian Press Despatch.

MONTREAL, Aug. 16.—Two thousand Belgian reservists sailed from Montreal Saturday on board the Allan liner Anconia for London.

"You are going to defend the liberties of all humanity and humble the greatest tyrant of modern times," was the message read to the reservists from Col. Sam Hughes when the contingent paraded at the Champ de Mars to hear an address from the Belgian consul, Clarence De Sola.

The Champ de Mars was crowded with friends and relatives of the reservists and crowds lined the route of the procession as it marched from the parade ground.

A telegram from the Duke of Connaught and the message from the minister of militia were read by the consul amid cheers for all the countries allied against German aggression.

"You German reservists who are leaving today for London, with God's blessing and good luck, and that I feel confident that they will soon emulate the gallant deeds of their companions on the historic soil of Belgium."

MORATORIUM WILL NOW BE DECLARED

Parliament Will Authorize Canadian Government to Postpone All Debts.

FEDERAL INCOME TAX

Measure to Raise Money Will Be Decided Upon This Week.

(Continued From Page 1.)

the tax will be applied to all incomes in excess of \$2500 a year.

Troops Go Wednesday.

Col. Same Hughes, who arrived from Valcour tonight, said that the water supply would not be ready before Tuesday or Wednesday, and the troops would not be able to go down until Wednesday. The Duke of Connaught also went down to the scene of the mobilization camp last night to inspect the preparations and returned here this evening. When the troops are all there he will go down and remain there until the contingent sails.

Col. Hughes was out on the camp grounds at 6 this morning and remained till noon. He found one thousand targets ready for the men, but on three days last week the work on the water supply and other preparations was delayed by the refusal of some of the men to work during the rain. The Austrians and Germans who are working there said Col. Hughes but with some Canadian workmen, weather and other things were fine they also demanded double wages. Finally they were ordered off the grounds. Some of them returned to work and good progress is being made now. Dr. G. G. Nasmith of Toronto health department has been superintending the installation of a pure water supply and will report to Col. Hughes tomorrow.

Weeding Out Men.

The minister states that there will be a weeding-out process when the troops go down to mobilization camp that will cause keenest competition among the men, and officers who want to go with the contingent. No permanent appointments will be made till the troops get to camp.

Col. Hughes said that there would be no politics in selection of officers, but they would all be severely tested and have to secure appointment on their merits. They would have men march, shoot and show they knew how to handle their men. The names of 29,000 volunteers have come in, but only 20,000 will go. Progress is being made in the formation of a foreign legion will be taken up in a few days, said the minister. An offer has come from Vancouver of a regiment of 700 Serbians and others who want to enlist.

Government Relaxed.

The government censorship bureau has issued the following memorandum: "A further relaxation of the censorship on private cables of progress is being announced. Cable messages handed in for despatch to towns in the United Kingdom may be accepted without street addresses, if addressed to a firm by name.

"The telegraph companies have been notified to the foregoing effect."

The police have seized and dismantled three private wireless stations here which had not obeyed the government order of a few days ago to reach the station at Glace Bay and had an expert operator.

Ban Loans to Germany.

A royal proclamation, published in The Canada Gazette, declares that it will be an act of treason, punishable with the utmost rigor of the law, for any British subject to contribute to a loan raised for the German Emperor, or to enter into any contract with the German Government.

Scoutmaster's Enlist.

Seven local scoutmasters are enlisting with the first Canadian contingent. They are: Roy Humphreys, with the 23rd Battery; Oscar Speckler, Army Medical Corps; E. Rich, 23rd Field Battery; Reginald Mitchell, 23rd Field Battery; Riddell, Governor-General's Foot Guards; Assistant Scoutmaster Eardley Bliss, G.G.F.G.; P. Davis, 23rd Battery.

Justified in Shooting.

Col. Hughes said that, if the information he had received, was correct, the sergeant who was on guard at the Craig Street Army in Montreal and shot a man on the street on Friday night, was justified in shooting. He was told that the man had a revolver, and the sergeant stated that the man attempted to draw it.

"I justify the soldier in shooting if he tried to draw on me," said Col. Hughes. "This man came leading a mob, and with his hand on his hip, pocket. These guards have a great responsibility. They are guarding a place where arms and ammunition are stored."

EXPLOSION OF GASOLINE MAY COST MANY LIVES

Special to The Toronto World.

McCONNELLSVILLE, Ohio, Aug. 16.—One man was killed, four or five others were dying and five others were injured in a gasoline explosion which occurred in a garage here today.

Only the front wall of the garage was left standing. Three other buildings caught fire and were partially consumed.

MEET TOMORROW

A meeting of the captains and other workers in connection with the special work will be held on Tuesday (tomorrow) in the clinic room of the General Hospital, College street, when the returns will be announced and the ladies who engaged in the work in an organization for further efforts.

Montreal people have been saying that there are thousands of Austrian German reservists in that city, ready to rise and cause trouble. They have been pestering the city for the Victoria Bridge, and for everything about the city. If we acceded to all their requests, we would have 20,000 men on guard have themselves created a lot of the excitement that exists there.

"But if there are those reservists there, and if they were in that mob and had been able to capture the army and secure the arms they could soon take all the other armories in the city, and it might take some time to retake the city."

"However, the soldiers are under the law amenable to civil authority. The civil courts have to decide, and we take it for granted that there will be fair playing."

Col. Hughes referred also to Mayor Martin's letter stating that some of the soldiers on guard duty were reported to have been drinking and were in a state of deliberate up-and-down falsehood," said Colonel Hughes. "I find that our guards have not been drinking, but have been drinking true soldiers. Some of the guards employed by the civil authorities may have been drinking, and we know from a recent investigation that some of their own police have been careless about shooting."

GERMAN WOUNDED ARE ARRIVING AT MOSCOW

Prisoners Are Being Well Treated by Their Russian Captors.

Special Direct Copyrighted Cable to The Toronto World.

LONDON, Aug. 16, 1.10 a.m.—German wounded are beginning to arrive at Moscow, says a Reuter despatch from St. Petersburg, and they are being well cared for.

Several members of the Tolstoy family, including Tolstoy's widow, have offered their services to the government for Red Cross or other work.

HEARST AND CANADA

SAN FRANCISCO, Aug. 15.—Notification has been served on newspapers and press associations of this city by Rear-Admiral Charles F. Pond, U.S.N., supervisor of the twelfth naval district, that the act of a yellow newspaper of this city in sending out a "turbulent" and "unpatriotic" article containing information of the whereabouts and of the movements of the German cruiser Leipzig on the high seas off this port, is considered an unneutral service, and a violation of the president's proclamation of neutrality.

HEARST AND CANADA

The belligerent men-of-war referred to were the Canadian cruiser Rainbow and the British gunboats Shearwater and Algol. The above despatch has appeared in the Toronto evening papers and in other places. It is generally believed that the yellow newspaper referred to is the one owned and controlled by William Randolph Hearst. The World does not know whether the story is true. We do know, however, that Hearst has always been violently anti-British and anti-Canadian; in any case the matter should be investigated by the Canadian Government. The Hearst papers are to some extent circulated in Canada and every effort is being made to gain them a foothold here.

HEARST AND CANADA

The occurrence described in the San Francisco despatch is a deliberately hostile act against Canada and the British Empire. We have no control over Mr. Hearst, but the Canadian Government has a way of preventing the entrance or sale of his papers in our country. The Boston American and The New York American are the two leading Hearst papers.

BRILLIANT CHARGE MADE BY FRENCH

Great Gallantry Shown in Fighting at Blamont and Ciry.

BRILLIANT CHARGE MADE BY FRENCH

PARIS, Aug. 16.—It was officially announced today that the fighting at Blamont and Ciry was of the most brilliant character; the French forces covering themselves with glory. The attack began Friday against the German positions at Blamont, a town which had been strongly entrenched before the battle. After an artillery duel which lasted through the night, the French infantry, supported by artillery, early Saturday morning, entered Blamont and Ciry at the point of the bayonet.

THE GERMANS HAVE COMMENCED THEIR ADVANCE TO BRUSSELS

HUGE GERMAN ARMY NOW IN LUXEMBURG TO STRIKE HARDEST BLOW AGAINST ALLIES WHO KEEP WINNING MINOR ENGAGEMENTS

North and South Armies Engage in Battle Which Will Be the Greatest in History—Main German Force, Now in Luxemburg, is Ready to Take Part—Belgians Near Tirlemont and French in Alsace Are Successful—Austria May Abandon Trieste and Aim Only at Defence of Pola.

LONDON, Aug. 16.—Advices reaching here tonight from the scene of hostilities in Belgium indicate that the first really great clash of the European conflict, for which the commanders on each side have been marshaling their respective forces for the past week, has already commenced.

Step by step, slowly but surely, the German forces have drawn closer to the lines of the allies. Infantry and artillery are being rapidly placed in position along a line that extends for more than thirty miles, parallel with the Meuse; and having lines of communication well established with the base at Vise, it is obvious that the Germans are ready for the main attack.

Just where the Germans expect to strike hardest is largely a matter of conjecture, but the probabilities are that a concerted attack will be made on the allies' centre, while the German right wing will attempt to turn the left wing of the allied forces back on Antwerp.

According to despatches, a strong force of German infantry is in the vicinity of Tongres and St. Trond, and other forces equally as strong are said to be near Diest and Aerschot. Just what number of troops are massed behind the line extending from Diest to beyond Egeze is not known, but it is believed to approximate fully 500,000 men. Heavy posts of German troops are also reported south of the Meuse, prepared to check the French, who are rushing forward from Charleroi towards Gembloux. Charleroi is twelve miles west of Namur. Gembloux is almost due north of the fort.

CENTRAL GERMAN ARMY HAS NOT STRUCK

LONDON.—A Brussels despatch says the main part of the huge army with which Germany is attacking France has concentrated in the Grand Duchy of Luxemburg and the Belgian province of the same name. Immense numbers of German troops have been located in these regions, and several bodies of soldiers have crossed the Ardennes plateau near Florenville, Etalle and Arlon.

It is also definitely ascertained that there is a line of advancing German coming from St. Cécile into the Belgian province of Luxemburg, down to the regions opposite Longwy.

The German plan, as far as it is revealed in the latest movements of troops, appears to indicate an attempt to break thru the centre of the French line of defence and deal a crushing blow at the most vital point. It may be assumed that the attack in the centre will be accompanied by a forward movement in Belgium, to fully occupy the extreme left of the Franco-Belgian allied armies, and by offensive operations on the borders of Alsace and Lorraine.

BETWEEN TIRLEMONT AND HASSELT

BRUSSELS.—As day broke Saturday the prolonged roar of cannon heard in the direction of the Fret announced that a general attack is being made by the Germans on the Belgian line. The first of the fighting is reported to have been an attack by the artillery at La Grande. The German guns spoke continuously, in an effort to screen the slow progress of the infantry, which dug trenches as it advanced.

The Belgian horse took the offensive between Tirlemont and Hasselt, charging a cavalry column of the German forces which was reconnoitring about Tirlemont. The Belgians succeeded in forcing back the Germans, whose losses were considerable.

It is evident that the plan of the Germans is to hold off until the entire army can be massed, before an attempt is to be made to break thru the lines of the allied armies.

FRENCH SUCCESSES IN THE SOUTH

PARIS.—The French offensive movements are in great force along the line from Saarburg, on the Franco-German frontier, to Lanleville, in the Department of Meurthe-et-Moselle. The progress continued thruout last night with full force, and this morning a German standard was captured.

Blamont, 17 miles east of Lunville; Ciry, still further east; and Avricourt, occupied by a Bavarian army corps, were stormed by French troops. The Germans are in full retreat, having left many dead, wounded and prisoners. The French continue to advance thru the valleys of the upper Vosges, the Germans giving way before them. In upper Alsace we have retaken Thann.

Prisoners affirm that Gen. Von Deimling, commanding the seventeenth infantry corps at Thann, was wounded. At St. Blaise, in the valley of Bruche, a German flag was taken.

The towns near the Saale Pass are now entirely occupied by French troops, which yesterday took the neighboring plateau. The French artillery attacked the Germans' rear and its fire greatly helped our infantry, which had a few wounded but none killed. We found heaps of abandoned field kits and other equipment, showing that the flight of the Germans was precipitate.

PORTUGUESE FAVOR BRITISH ARMS

LISBON.—The minister of foreign affairs, in an interview, declared that the relations of Portugal and England could not be better. Never before, he said, had the advantages of an alliance with Great Britain been so clearly seen, since Portugal was now enabled to obtain coal and provisions.

The panic prevalent during the first days of the war has now largely subsided.

AUSTRIA MAY ABANDON TRIESTE

ROME.—An article in The Tribuna states that Austria is now concentrating her navy on the Adriatic Sea, for the defence of Pola, a city of some 50,000 inhabitants, and which is the chief naval station of the district, an important seaport, and the seat of the government observatory. It is further stated that measures will be taken, if necessary, to abandon Trieste, an important city of some 180,000 population, and the home of a number of iron foundries and shipbuilding yards.

The Giornale Italia says editorially that the situation is indeed grave for Germany, the economic crisis brought about by the war and the loss of the colonies having provoked symptoms of insurrection in the fatherland.

LOCATION OF VALCARTIER CAMP

Showing the Canadian Northern's double route to the place of mobilization.

GERMANS HOPE TO TRAP RUSSIANS CUTTING OFF THEIR BASE OF SUPPLY

Concentration of German Forces in Northeastern Prussia to Move in Southerly Direction Across Poland.

Special Copyright Cable to The World. BRUSSELS, Aug. 15.—Here is an authoritative statement of the present position and objects of the allied army of Germany and Austria against Russia.

First.—The prime object of the allied Teutonic powers is to give a setback to Russian influence in Europe, and break the back of the Pan-Slavonic movement.

Second.—Germany's immediate object is the possession of Russian Poland, including Warsaw.

Germany's northern army is therefore concentrating in northeast Prussia, with its base resting on a strong military centre at Danzig, whence it will move in a southerly direction across Poland to effect a junction with the Austrian northern army in the neighborhood of Lublin or Lutsk. By this operation the German military chiefs intend to force the Russian troops now in Poland to retire eastward, or by outflanking them to cut them off from their Russian base, and entrap them between the German army and Germany itself.

The latest developments show that this plan of campaign may be either considerably helped or hindered by the inhabitants of Russian Poland who are rising against the Russian authorities and establishing their own government. From the reports which so far have come thru, it is uncertain, however, whether this movement is designed to aid the German invasion or meant to re-establish the independence of Poland.

SPECIAL CONSTABLE STRUCK BY TRAIN

Duncan Carmichael of C.P.R. in Serious Condition at Western Hospital.

Duncan Carmichael, 97 Gladstone avenue, a special constable employed by the C.P.R., while crossing Runnymede bridge, near Lambton, about 9 o'clock last night stepped from in front of a westbound C.P.R. train and was struck by the incoming Teeswater train, receiving a fractured skull and injuries to his head. He was taken to the Western Hospital, where he is in a serious condition.

CHARGED WITH ABDUCTION

Charged with abducting 15-year-old Minnie Wurttemberg from her home in Lockport, N.Y., Robert Teale, age 28, was arrested on an instigation farm where he had secured employment, by the county police Saturday. Three weeks ago the pale eloped from Lockport, where he was married on Canadian soil and came thru to Toronto, where Teale got a job. The girl's parents laid a charge against Teale and he was traced here by the American police. He waived extradition and was taken back yesterday by two Lockport detectives.

THREE BROTHERS HELD

Three brothers, George, Albert and Robert Dowber, of 163 St. Patrick street, were arrested by Detectives Nicholas, Young and Miller, Saturday evening, on charges of extensive shoplifting from the downtown departmental stores. From the amount of jewelry and other stolen articles recovered in the brother's room, the police believe they must have carried on their systematic thefts for a considerable time. Over \$100 worth of stuff was got in trunks.

SETS AN EXAMPLE

The directors of the National Breweries, Limited, have notified the managers of the Dow and of the Daves breweries, as well as to the other breweries operated by the company, granting the fullest liberty to any of their officials and employees now serving in the active militia to answer any calls for special duty, and further, should any of them volunteer for special service, either in Canada or abroad, their salaries will be paid by the National Breweries, Limited, during such service, and their position secured for them on their return.

ANOTHER CHARGE PENDING

W. H. Farrelly, who gave his address as the Tremont House, was arrested by officer 137 Saturday night on a charge of theft. The police refused to give bail, and may bring a more serious charge against him when he appears in court today.

HAMILTON RAISES BIG SUM FOR SHIP

SEIZE WIRELESS PLANT

Police Confiscate Private One That Refused to Obey Orders.

HAMILTON, Aug. 17.—Over \$11,000 has already been received by the local branch of the Canadian Women's Hospital Ship Fund committee, including the offering taken in on Saturday, which was flag day. While this amount is now in the hands of the treasurer, there are many more subscriptions promised and it is expected, will be paid in a day or so. The women in charge of the fund for money there, pleased with the splendid way in which the citizens of Hamilton have answered to the request for money to fit out the hospital ship, and are confident that Hamilton will do more than its share in the aiding of the mother country. Over 1,000 people attended a concert by the 51st Highlanders' Band in Dundurn Park tonight for the fund. Over \$1,000 was collected.

Austrian Remanded. Domett, Okakuk, 448 Ottawa street, the Austriac, was arrested Friday afternoon on a charge of conspiracy and who, it is alleged, is a spy working in the interests of Germany and Austria in organizing bodies of Germans and Austrians to leave Canada for their own countries, was remanded by Magistrate Jells on Saturday, who will issue instructions from the military officials at Ottawa.

Wireless Plant Seized. When the war broke out those having wireless apparatus in this city were asked to discontinue using them, but Norman Stacey, James street north, did not comply with the request, as a result of which the instrument was seized Saturday night. It is claimed that Stacey was receiving some of the messages intended for the local military officials, which were being handled by the wireless corps under Major Inketter.

New Car Line Opened. The new base-line street railway along Burlington street, in the north end of the city, was opened for service early Saturday morning. A twenty-minute service from James to Wentworth streets will be run.

Soldiers at Drill. The various units of volunteers for overseas duty were all given a stiff workout today in the form of marching and drill. The Fourth Field Battery were given a long tramp out into the country over the mountains, while the members of the 13th Regiment tramped the rifle ranges, where they engaged in the morning the mountain rifle practice. In the afternoon the chaplain, Rev. Mr. Drummond, they then marched thru the streets to Victoria park, where they put thru a stiff drill.

Boy Scouts As Guards. Scoutmaster Charles W. Hemm on Saturday offered the services of the local boy scouts to the city, as they were being used as guards at the legal sources of water supply and any other points where it seemed necessary to maintain order. The scouts are over-zealous German or Austrian sympathizers, Mayor Allan, who has enlisted them in a favorable light, and will bring the matter up at the next board of control meeting.

To Vote on Money Bylaws. On Monday the ratepayers of Hamilton will vote on a set of bylaws amounting to \$100,000. The bylaws to be alloted to include the purchasing of the municipal police and improvements to the City Hospital, libraries and sewerage system.

The civic officials do not anticipate that many will go to the polls and are not confident that any of the bylaws will carry.

Boy Scouts Parade. All the boy scout troops of Hamilton and the surrounding district paraded this morning for the purpose of bidding farewell to Assistant District Scoutmaster Smith and Prater, who have enlisted with the Fourth Field Battery, and who are expected to leave Canada for the front with the first Canadian contingent.

After having bid good-bye to their comrades the troops formed up and marched to St. Mark's Church, where a special sermon was preached by the rector, Rev. C. Sparling. A number of the volunteers in the other units were also present in uniform.

On Guard at Falls. Two companies of the 7th Regiment, from Dundas, left here Saturday night for Niagara Falls, where they have been sent to keep guard. It is expected that others will leave town for the Falls on Monday.

Light Infantry Gets Orders. Twenty men who have volunteered for active service with the Princess Patricia's Light Infantry troop will leave the city for Valcartier on Monday at 4.30. Orders to this effect were received here last night and the company was immediately mobilized. The other units are holding charge of jail-breaking. Davies made his escape from that institution a year ago with a man named Keenan, who has never been recaptured.

POPE PIUS AGAIN ILL

Aged Pontiff Deeply Affected by Outbreak of European War.

Canadian Press Despatch. ROME, August 16.—Pope Pius was today ordered for a complete rest by his physician, Dr. Marchisava. He is suffering from gouty catarrh, and the intense heat which prevails is contributing to weaken him.

His holiness has not been well for several days, and the warfare in Europe has tended especially to depress him. Today his condition was worse.

Dr. Marchisava ordered that all audience by the Pope be suspended.

JAIL-BREAKER CAUGHT

While walking along West Queen street Saturday night Acting Detective Koster of No. 2 division encountered William Davies, 445 Jones avenue, who has been wanted for over a year on a charge of breaking away from the Industrial Farm on Yonge street. Koster arrested him on a charge of jail-breaking. Davies made his escape from that institution a year ago with a man named Keenan, who has never been recaptured.

ENGLAND WOULD NOT ALLOW IT

In regard to the proposed switching of the Hamburg-American lines to the American flag as suggested by the News of Saturday, Capt. R. M. Melville, R.N., was asked what action Great Britain might be expected to take if these steamers were used for carrying food and other supplies to German ports. "England would not allow it," he said.

INDIA IS LOYAL, DECLARATION OF ASSEMBLIES IN TWO CITIES

Bombay and Calcutta Unanimous in Support of British Policy—Men of All Races and Creeds, But With One Heart, One Soul, One Mind.

Special Cable to The World. LONDON, Aug. 16.—A despatch to The Morning Post from Calcutta, dated Saturday, says: Immense gatherings, representative of every class in the community and attended by prominent citizens of all races and faiths, assembled yesterday at Bombay and today at Calcutta, to express the Indian solidarity in view of the crisis by which the empire finds itself faced. Sir Herosha Meta, presiding at the Bombay meeting, said: "At this juncture of supreme gravity, we meet together here today, men of different races and religions, English, Hindu, Musselman, and proclaim with one heart, one soul, and one mind that these differences distinguish but do not divide us, and that, in the presence of this solemn situation, we are merged in one general universal denomination—the proud denomination of loyal, devoted subjects of the British crown." The Calcutta meeting tonight was characterized by similar expressions of absolute solidarity from speakers representing every rank and faith.

SHIPBUILDERS HIT EMERGENCY BILL

Say Admission of Foreign Vessels to Trade Would Kill Industry.

MOVEMENT TO CANADA

Official of Cramp Yards Says Bill Would Force Them Out of U. S.

Special to The Toronto World.

PHILADELPHIA, Aug. 15.—The Cramp shipyard here will be forced to close and move to Canada if the emergency ship registry bill now before the congress is passed, according to Harry W. Hand, vice-president of the concern, speaking today. Representatives of the New York Shipbuilding Company in Camden also predicted the ruination of the shipbuilding industry in the United States within a year if cheaply built foreign vessels are admitted to the coastwise trade.

An official of the Hand and Holdingworth shipbuilding company of Wilmington, Del., said his company would go out of business if the bill became law. "Under this law," said Mr. Hand, "it would be the easiest thing for Swedish and English companies to establish offices here and thru a dummy director throw American shipyards out of business within a year. Seventy-five per cent of the cost of ships is wages. Wages here average sometimes almost twice as much as is paid for the same work in foreign parts."

The order to do so is received. The first troop of Canadian Engineers is expected to leave tomorrow. It is also likely that the Fourth Field Battery will receive orders to entrain early this week.

Aid Hospital Ship Fund. St. Cecilia Chapter I.O.O.F. held a bazaar at Grimsby Beach on Saturday in aid of the Canadian Women's Hospital Ship fund. There was a large crowd in attendance and a considerable amount was raised.

Benefit Dance Held. A benefit dance was held at the Brant House Saturday evening under the auspices of the women of Burlington and Hamilton Beach for the purpose of raising money in aid of the Women's Canadian Hospital Ship fund.

Rowing Club Victory. Another victory was added to the list of victories for the Rowing Club on Saturday at Britannia Park, when they defeated Cyanamids of Niagara Falls in a Niagara and district league baseball game. The score, 4-2, indicates the closeness of the contest. Good ball was dished up by both teams, but the locals outthrew their opponents.

Breach of Indian Act. John McGraw of Dundas, was arrested Saturday evening by Sergt. Cruickshank and Constable Gilmore on a charge of supplying liquor to Indians.

For the Hospital Ship. Five young women, contained by Mrs. S. D. Featherstonhaugh, collected \$40 in aid of the Hospital Ship fund.

ADVANCE GUARDS WILL LEAVE TODAY

York Rangers First Corps to Encamp at Long Branch Ranges.

OTHERS WILL FOLLOW

Royal Grenadiers and Highlanders Will Be Under Canvas by Thursday.

The banners of the vanguard of volunteers entering on camp life will be set up at Long Branch today. One of the first regiments to be represented on the ranges will be the York Rangers, and they, 370 strong, will parade from the armories at 2 o'clock and proceeding via Queen street will march to the grounds.

Two other regiments will lose no time in sending along advance parties. The Royal Grenadiers and the 46th Highlanders are both destined to appear in strength and detachments of each will leave today to set the place in order for the general influx of troops. On Thursday it is reckoned that the first actual camp operations will be begun. Although not definitely decided, the strength of the regiments going into training is fairly well understood. The Q.O.R., according to present expectations, will not leave the city at all, but make use of the armories when the greatest accommodation is provided. The Grenadiers will in all have about 350 or 400 men at Long Branch, and the 46th Highlanders is to have 1000 men, that 350 will be counted as some time.

Infantry Relief Dragoons. The shifting to Valcartier of B Squadron of the Dragoons from Stanley Barracks has necessitated the substitution of infantry for garrison duty. This was partially performed yesterday; the relieving troops being provided from the Queen's Own Rifles. This morning the 13th Cavalry Field Ambulance, the only institution of the kind in the province, will also take up quarters in the barracks and share in the garrison duties. At full strength this ambulance force aggregates approximately 200 men, and the majority of these have been undergoing strenuous drill in the armories during the past two weeks. The move to the garrison is designed to complete preparation for active service.

A small guard of militia was detailed on Saturday to protect the wireless station at Hankin's from any interference.

FOUND DYNAMITE NEAR

WALKERTON, Aug. 16.—Chief Constable Ferguson on Saturday found 75 sticks of dynamite with caps and fuses, inserted and all ready for immediate explosion in a small toolhouse on the premises of Levi Greenhow, a section man on the C.P.R. It is believed the dynamite was left over from a section camp. The constable took the explosive two miles into the country and set it off.

FINGER AMPUTATED

George McGregor, 121 Spadina avenue, an employe of Elias Rogers Co., had his left hand run over on Saturday afternoon by a car and as a result had to have a portion of his hand and four fingers amputated at the Western Hospital.

SPECIAL 15-day 'WAR' OPPORTUNITY

Start sending the "WORLD" today to: NAME ADDRESS Also send me the Policy, Tag, etc., by first mail. POLICY TO BE VALID FROM DATE.

No Increase in the Price of COWAN'S PERFECTION COCOA

To reassure our customers and the Trade generally in the face of so many advances and rumored advances in the cost of food products, Tea, Coffee, etc., we have decided to announce definitely that there will be no advance in price of COWAN'S PERFECTION COCOA, 5-lb., 1-lb., 1-2lb., 1-4lb., and 10c tins, between now and Christmas. Further than this we cannot look ahead.

We believe it to be the duty of all Canadian Manufacturers to do their utmost during the present crisis to show their belief in the underlying soundness of Canada's commercial conditions. This announcement is made in face of the fact that the Cowan Company have had to pay an advanced price for some of their raw materials; but it is believed that increased demand from Atlantic to Pacific, because of falling foreign imports and embargoes on teas and coffees, will offset other conditions and enable our largely increased factory to run full time with full or increased staff at full wages.

The Cowan Company, as manufacturers of an article of unusual food value, are sincerely anxious to do their share in allaying anxiety as to employment, wages and food supplies.

Do You Realize the Food Value of COCOA and CHOCOLATE?

Cocoa and Chocolate are foods as staple as flour. Cocoa is not a luxury, but a staple necessity of life, and, considered from the standpoint of its value as nourishment in concentrated form pure Cocoa at 50c a pound is a most economical food.

The food value of Cocoa and Chocolate has been recognized for many years in Great Britain and Europe. The highest medical authorities have made the statement that Cocoa and Chocolate are the most sustaining of all foods in concentrated form. European soldiers almost universally carry Chocolate in their kits as an emergency ration in case of food shortage, or fatigue in forced marches, and viewed from this standpoint the late Queen Victoria's gift to her soldiers in South Africa takes on a new significance.

We all appreciate Tea and Coffee, but, after all is said, these beverages are merely pleasant, slightly stimulating drinks, with little or no food value. COWAN'S PERFECTION COCOA, on the contrary, is a splendid food as well as drink, and a delightful drink as well as food.

Cowan's Perfection Cocoa is Sold by All Grocers in 5 lb., 1 lb., 1-2 lb., 1-4 lb., and 10c Tins.

MONDAY MORNING, AUGUST 17.

Russia and Democracy

Among the reigning monarchs of Europe the Kaiser seems to be the only one who is impervious to modern ideas. His reaction from the ideals of British liberty and constitutional development is remarkable in a man with his opportunities, his maturity, and with a people so intelligent, so cultured and so modern as the Germans for his subjects.

There is in the Russian people, an essential democracy which perhaps needs much development yet, but those who understand it perceive the root of the sympathy that has long existed between the United States and the great empire of the North.

FORECLOSING MORTGAGES. Editor, World: A very serious and unexpected difficulty is being brought home to numerous mortgage holders in the city.

Russia and Poland

If the czar and his government are sincere in their promise to reunite Poland and grant autonomy under the protection of Russia, it will greatly strengthen their position in eastern Europe.

Germany Already Punished. Little impression will be caused by the statement of the German Government, intended to justify its violation of Belgian neutrality.

backward, for we cannot stand still. Mallet, in his "Northern Antiquities," observed:

It is no exaggeration to say that all the Teutonic nations entertained opinions on this subject quite opposite to the theory of our times. They looked upon war as an act of real justice, and esteemed it an incontestable title over the weak, a visible mark that God had intended to subject them to the strong.

There we have, in the century before the Kaiser was born, a statement of his point of view, and of the principle that inspires him. As Mallet points out, the rules of justice, far from checking prejudice, are warped and adapted to the bias of such minds.

Is there not something more modern than this in the Russian tendency and instinct? We have no brief for the Russian bureaucracy, but the Russian people, and the czar himself, seem to be struggling towards a brighter light.

There is in the Russian people, an essential democracy which perhaps needs much development yet, but those who understand it perceive the root of the sympathy that has long existed between the United States and the great empire of the North.

Russia and Poland

If the czar and his government are sincere in their promise to reunite Poland and grant autonomy under the protection of Russia, it will greatly strengthen their position in eastern Europe.

gations. Then, too, the Belgians would certainly have offered as strong a resistance to the advance of the French armies as it did and is doing to the German invaders.

Germany has justly suffered from her unrighteous disregard of her international obligations by inviting at one and the same time the armed opposition of Belgium and condemnation from the neutral powers.

British Supremacy at Sea

Britons everywhere cannot but be proud of the fine work done by the Imperial navy. Within a week of the declaration of war the main German fleet was bottled up within the shelter provided by the powerful fortifications that guard the North Sea coast.

Meantime the North Sea and the Atlantic Ocean have been so far cleared of hostile cruisers and patrolled as to render possible the resumption of the mercantile service, and the system of government re-insurance of eighty per cent. of the war risks will further encourage shipowners.

Canada Not Neutral

New York Herald: Few Americans realize that a section of this continent larger in area than the portion belonging to the United States is directly involved in this European war.

SEASIDE EXCURSIONS.

Funeral Monday, August 17, from Union Station at arrival of 12.15 train.

GRAY—On Saturday, Aug. 15th, 1914, at the Western Hospital, Toronto, after a long illness, James, beloved husband of Margaret Gray, in his 54th year.

Funeral from his late residence, 85 Roncesvalles avenue, Tuesday, at 2 p.m. Interment in Mount Pleasant Cemetery.

LOMAS—At his late residence, 38 Morley street, Toronto, after a lingering illness, James Lomas, beloved husband of Mary S. Lomas, in his 70th year; one of the original founders of the Sons of England Benefit Society.

Funeral on Wednesday, Aug. 19th, at 2.30 o'clock, to Norway Cemetery.

Friends kindly accept this intimation of the death of the late Mr. McKINNON—At the residence of his father, "Murray House," Oakville, Thomas McKinnon, beloved son of Alexander McKinnon, aged 15 years.

Funeral Tuesday, Aug. 18, 1914, on arrival of 1 p.m. train from the Union Station to Mount Pleasant Cemetery.

At his late residence, 451 Manning Avenue, Robert W., beloved husband of Annie Riddell (date of the postoffice department).

Funeral from his late residence Tuesday, August 18, at 2.30 p.m. Please omit flowers.

WEYMOUTH—On Sunday, 16th August, 1914, at the residence of Mrs. E. Phair, 1211 Queen street east, Ellen Weymouth (Aunt Nell). The funeral will take place from his late residence, 119 Dowling avenue, at 2 o'clock this afternoon to Mount Pleasant Cemetery.
