THE RESIGNATION—ACCEPTED

BRYAN TO WILSON WILSON TO BRYAN

SECRETARY Bryan's letter of resignation was as follows: "My dear Mr. President: It is with sincere regret that I have reached the conclusion that I should return to you the commission of secretary of state with which you honored me at the beginning of your administration..."

Action of Secretary of State Taken as an Indication That Wilson's Note is So Strong As to Mean Virtual Declaration of War.

THE PRESIDENT'S letter to Mr. Bryan was as follows: "My dear Mr. Bryan: I accept your resignation only because you insist upon its acceptance; and I accept it with much more than deep regret, with a feeling of personal sorrow..."

WILLIAM JENNINGS BRYAN Bryan gave up his portfolio rather than sign document which he believed might draw the United States into war.

AUSTRIANS FAIL TO CHECK GREAT ITALIAN OFFENSIVE

Enemy's Artillery Overwhelmed, and Italians Retain Positions Gained on Left Bank of Isonzo—Advance on Wide Front Continues.

Special Cable to The Toronto World. ROME, June 8.—Stubborn fighting continues in the Friulan section of the Austro-Italian battle line. The tricolor of Italy now waves from Caporetto, eight miles northwest of Tolmino, to Porto Buso, in the Gulf of Trieste. All along the line of the Isonzo the Italian artillery has beaten down the fire of the enemy. The Italians have succeeded in driving back the Austrians and establishing themselves at several points on the left bank of the Isonzo, where they are now entrenched. The most adaptable places for crossing in masses have been seized by Italian troops, preparatory to a general offensive.

Conservative Opposition Deposits Peace Chief and Chooses Pro-Intervention One. Special to The Toronto World. BUCHAREST, June 7.—M. Jean Hahoury, ex-minister of foreign affairs, who was elected chief of the Conservative party in succession to M. Marghiloman has addressed a statement to the Conservative party in other countries explaining the reason for the supersession of Marghiloman, whose views, he states, are incompatible with the policy now incumbent upon Roumania of entering into the war on the side of Italy and the entente powers. This document shows that both parties of the opposition are now in accord as to the necessity for Roumanian intervention.

Six Thousand Killed or Wounded Within Month of Leave-Taking.

Canadian Associated Press Cable. LONDON, June 8.—Speaking on behalf of the British Columbia church fund, the Bishop of London today related how he recently addressed ten thousand Canadian soldiers in a certain market town in France. "At the end of a long day," said the bishop, "for it was my eighth service that day, I had a great shout of welcome from these ten thousand Canadians. When I looked around I said to the men, 'This reminds me of Montreal and Toronto.' Instantly a voice said, 'Why not Winnipeg?' He was right, and I dare say somebody else was ready to advance the claims of Victoria."

SENSATION CAUSED IN WASHINGTON BY HIS ACTION

WASHINGTON, June 8.—Wm. Jennings Bryan, three times Democratic candidate for the presidency of the United States, and author of nearly thirty peace treaties with the principal nations of the world, resigned today as secretary of state as a dramatic sequel to his disagreement with President Wilson over the government's policy toward Germany.

FEARS UNITED STATES WILL BE DRAWN IN

Rather than sign the document, which he believed might possibly draw the United States into war, Mr. Bryan submitted his resignation in a letter, declaring that "the issue involved is of such moment that to remain a member of the cabinet would be as unfair to you as it would be to the cause which is nearest my heart, namely, the prevention of war."

ACTION CAUSED A SENSATION

The resignation of Mr. Bryan caused a sensation in the national capital, scarcely paralleled in recent years. Ambassadors, ministers and diplomats from foreign lands, officials of every rank and station, interpreted variously its effect on the delicate situation that had arisen between Germany and the United States. The resignation of the staunchest advocate of peace in the president's official family spread broadcast the belief that the policy of the United States, as definitely determined upon, would assert and defend the rights of the United States in any eventuality that might arise.

BELGIAN SHIP SUNK SEVENTEEN PERISH

Only Six Escaped When German Submarine Fired Torpedo.

SANK IMMEDIATELY

Russian and Three Norwegian Ships Also Pirates' Victims.

LONDON, June 8.—The Belgian steamer Menapier has been sent to the bottom by a German torpedo near the North Foreland. Out of 23 persons on board only six were saved. The captain, his wife and daughter, the first mate and the pilot and 12 members of the crew lost their lives. The Belgian steamer Menapier was of 1483 net tons and was 261 feet long. She was built in Sunderland in 1908 and was owned in Antwerp. Eight men of the crew were landed at Margate and one of them, badly injured, sent to a hospital. They said the submarine's first torpedo literally tore the steamer to pieces and that she sank in less than a minute. The body of the captain's wife was recovered. Two Russians Killed. Four members of the crew of the Russian schooner Adolf, which was sunk by a German submarine, have arrived at Leith. The men report that no warning was given them by the submarine, which overtook their ship 30 miles off Rattray Head and started shelling her. Capt. Krantz and Seaman Nagla of the Adolf were killed and one seaman was badly wounded. Three Norwegian vessels, the Trudvang, Superb and Gitterling, were today reported sunk by German submarines. No lives were lost.

GERMANS PREPARE TO LEAVE TURKEY

Consuls and Officers Send Families Home From Constantinople.

TYPHUS IN CAPITAL

Sultan Advised to Move to Koniah at Once, But Delays Moving.

(Continued From Page 1). Illness, especially the typhus, has been notably effective. Typhus in Constantinople. People who arrive here from Constantinople bring news which shows that the position in the Turkish capital is on the verge of becoming desperate. Typhus is claiming large numbers of victims, among whom are said to be nearly one hundred army doctors. The medical supplies have practically run out and flour is extremely scarce. More serious than that perhaps, have been the results of the Russian bombardment of Zungulduk. As a consequence of the destruction wrought at the mines there, coal has become extremely difficult to obtain and the water supply has been so seriously interfered with that the water famine is assuming alarming proportions. Officials Anxious. The official world in the Turkish capital no longer conceals its anxiety and the Germans have seriously advised the sultan to quit his capital for Koniah. His majesty, fearing that his departure would have on the population, has so far refused. Nearly all the German officers who brought out their families to Constantinople, have sent them back to the Fatherland again, among them being the household of the German consuls. Turkish wounded who are being brought to Constantinople do not attempt to conceal their despondency.

Latest Attack on Turkish Trenches is Described as Failure.

AMSTERDAM, June 8.—There has been received here from Constantinople the following Turkish official report: Our artillery has destroyed an enemy position near Avi Burnu, from which bombs were being dropped. The neighboring trenches also were destroyed. In the vicinity of Seddul Bahr the enemy, in a condition of exhaustion, has not shown any active activity since the latest unsuccessful attack. Our batteries on the Asiatic coast shelled the weary troops of the enemy in the neighborhood of Seddul Bahr yesterday. The artillery position and its ammunition transports also were destroyed. Two of the enemy cruisers unsuccessfully shelled the village of Ajanes, opposite the island of Mytilene. Subsequently the enemy sent a steamer filled with soldiers to the shore and attempted to remove some boats at anchor there. Fire was opened on this steamer from the banks and the vessel ran aground. Subsequently the cruisers retired.

order of number. As regards the citizen Canadian militia on the active list are eligible for appointment as recruiting officers, but remuneration will be on the basis of service performed. Selection of Officers. Officers to lead these forces will not be appointed until an opportunity is made for selection at various camps, and courses of instruction will be given throughout the country, where all wishing to receive appointment, whether previously qualified or not, will have an opportunity of proving themselves. It has been suggested that a premium be offered in each district for recruiting officers, not necessarily for those recruiting the greatest number of men, but in those doing the best service. Henceforward the term district, instead of the term division, is to represent the geographical military area.

AIR RAID ON GHENT DID HEAVY DAMAGE

Enormous German Transports Are on Way to Yser Line.

AMSTERDAM, via London, June 9, 2:38 a.m.—The Telegraaf's Sas Van Gent, Holland, correspondent says that heavy damage at Ghent has resulted from a British air raid. The correspondent adds that no details of the raids are available. Ghent is 12 miles northeast of Sas Van Gent. The Telegraaf also says that it learns that the closing of the Dutch frontier is in connection with enormous transports which are still going to the Yser line.

CANADA TO DEVELOP TRADE WITH RUSSIA

C. P. R.'s Arrangement for Thru Freight Service is Important Step.

REMOVES HINDRANCES

Lack of Transportation Facilities Has Been Great Barrier.

By a Staff Reporter. OTTAWA, June 8.—The agreement between the Russian Government and the C.P.R. for a thru freight service between Canada and Russia, as announced officially in Petrograd today, is undoubtedly the first step towards a greatly increased trade between the two countries. The agreement encourages trade with Russia, by removing hindrances hitherto in the way of importers and exporters. The trade between Canada and Russia for the fiscal year ending March, 1913, was \$2,066,734, or more than three times what it was in 1909. The increase in the last two years is also known to be very substantial. In the year preceding the war nearly \$2,000,000 worth of farm implements were exported from Canada to Russia. The great trouble has been lack of transportation facilities. In 1913, out of \$2,145,000 worth of exports to Russia, no less than \$2,017,540 worth went through the United States. While eighteen foreign ships brought 63,000 tons of merchandise from Russia to Canadian ports, there was not one vessel that left a Canadian port bound for Russia. The exports from Canada to Russia increased from \$750,000 in 1909 to \$2,145,000 in 1913, while the imports from Russia grew from \$225,784 to \$221,498 in the same period. Many Articles Wanted. Besides farm implements, it is believed that there will be a big demand for all kinds of railroad supplies, and many other things manufactured or produced in Canada. Apart from the C.P.R. arrangement, it is expected that a line of steamers will be before long plying between Prince Rupert and Vladivostok. Mr. Canadian trade commissioner at Hamburg, was sent after his six months' intermission to Russia, where he is now touring the country and studying the possibilities of trade between Canada and Russia.

BRIDGE WAS FORMED BY BODIES OF DEAD

Russians Triumphed in Terrible Struggle on Banks of Bubbisa.

LONDON, June 8.—The fiercest fighting of the war as far as the Baltic provinces of Russia are concerned, occurred a few days ago in a battle for the mastery of the Dubissa River, according to The Post's Petrograd correspondent. The river changed hands five times in one day, and at nightfall the stream was completely choked with bodies of thousands of dead, so that the plank roadway for artillery was laid by the victorious Russians across a solid bridge of bodies, the correspondent says. The Dubissa, although wide, is so shallow that it can be crossed on foot at some places. The Russians and Germans met at a ford half a mile wide, north of Roslyng, where they fought all day in the water. There were several bayonet charges in mid-stream, and all who fell, even tho they were only slightly wounded, were drowned. Troops on both sides in their attacks and counter-attacks, late in the day advanced over the bodies of the dead.

Sympathy and Help

The longing for sympathy is one of the strongest instincts of the human nature. It halves the sorrows of the child and doubles its joys.

Sympathy with a child does not mean that you are trying to lift the child up to your plane of observation. It is to be taught to do things for himself, but that you are to adjust yourself to his and see things as he sees them.

Many mothers overdo and over-assist their children. One of the essential elements in education is the training of youth in self-reliance.

WORK OF WOMEN FOR TEMPERANCE

Toronto District W. C. T. U. Holding Twenty-Ninth Annual Meeting.

HEAR SPLENDID REPORT IN WINTER CAMPAIGN

Progress Made During Past Year Recounted to Many Delegates.

In Willard Hall, East Gerrard street, yesterday afternoon Mrs. F. C. Ward presided at the opening ceremonies of the Toronto District Women's Christian Temperance Union 29th annual meeting.

In a very inspiring address Mrs. M. S. Savage, who conducted the consecration services, spoke to the women of the existing conditions of the time and of the great work and urged as affected by the great war and urged which the union labors.

The afternoon session was full of interest, each and every report testifying the unquestionable progress and success of the past year.

There are now 234 members in Toronto, an increase of 13. L. Snider, secretary of the Lord's Day Alliance, was present and gave a short address before the treasurer's report was read by Miss Lottie Harris, which showed a splendid financial standing.

The treasurer's report was read by Miss Lottie Harris, which showed a splendid financial standing. The various missions have been given general approval—\$244.83 being the total and on travelers' report was read by Mrs. C. L. Hines, which showed a very gratifying report on the press work of all the branches during the year—327 files having been sent in by the local superintendents.

In the absence of Mrs. Hazelwood, Miss Hay read the report of the house committee, which showed that the efficiency of the home had been increased in many departments. A considerable decoration had been done, the department enlarged and the domestic work enlarged.

There have been 236 girls cared for in the home during the past year, and work has been secured for 37 girls and 58 women.

Mrs. Hopper read a fine report on the equal franchise work. Reports on the work of the various committees were given by Mrs. A. Ward in the evening, when a very excellent audience was on hand.

The president's address was given by Mrs. A. Ward in the evening, when a very excellent audience was on hand. Reports on the work of the various committees were given by Mrs. A. Ward in the evening, when a very excellent audience was on hand.

The convention continues today and tomorrow, the sessions being at 10 a. m. and 2 p. m.

REALISTIC SCENE A GERMAN DEFEAT

First War Painting to Reach Toronto Tells Peculiar Story.

The first war painting to arrive in Toronto has been placed on exhibition by the Robert Simpson Co., Limited, on the fourth floor of the store.

It is a reproduction by J. E. H. MacDonald and Arthur Lismer of the famous French artist of the December painting, "Evening of a German Defeat." The scene is taken from the winter campaign in Poland.

Silhouetted against a cold and gray November sky, a long column of gray-clad German prisoners passes along a Polish roadway, guarded by Cossacks. The roadway is at the top of a steep embankment, and in the foreground, at the foot of the hill, runs a canal bank, being out in a startling fashion by the narrow stream.

Two shattered and overturned caissons, the dead bodies of the artillery horses, the slain gunners and the bodies and rifles of the infantrymen with a background of snow-covered ground, bring out in a startling fashion the story of the German battery's destruction.

The clear yellow sunlight which shines thru a narrow break in the gray clouds serves to bring out into clear relief the melancholy column of prisoners. The spectator appears to be standing with the artist on the far side of the creek so intense is the feeling that these captured Germans are actually passing before the eyes.

The spirit of dejection is brought out forcibly. Most of the captured men march with their heads bent; a few look down into the creek bed where their dead comrades of a few hours before stiffen in their long sleep. Some of the prisoners are wounded and trail along clinging to a comrade for assistance. The mounted guards are watching the long line keenly, carbine in hand.

CO-OPERATE TO KEEP PICTURE SHOW CLEAN

Complaints Regarding Certain Films Have Been Received by Police Commissioners.

At the regular meeting of the Toronto police commissioners yesterday the recommendations put forward in reference to films were received favorably by the board of control, and it was stated that the city would frame the necessary bylaws immediately.

It was also decided that the police and government inspectors would co-operate in keeping the picture show clean, as lately there have been complaints regarding the nature of films shown.

The resignation of Inspector Miller was accepted and Sgt. Rodden has been appointed to fill the vacancy at No. 10 station, East Toronto. Officer Birley was made sergeant and Southern advanced to patrol sergeant.

Permission was granted to the Toronto Humane Society to hold a tag day on July 1.

The Bryan Resignation

Nothing could be more inaccurate than to speak of a "cabinet crisis" at Washington. There is no cabinet, as we understand the term, at Washington any more than there is at Berlin.

While the published correspondence throws no great light on the breach between Mr. Bryan and his chief, it is a fair surmise that the latter has decided upon a firm stand in the dispute between Germany and the United States growing out of the former's submarine warfare and the sinking of the Lusitania.

There is no reason, however, to question Mr. Bryan's honesty of purpose. He is not angling for the German-American vote or for any other possible personal advantage.

"This is the way I feel about 'Ames Holden' and 'McCreedy' Shoes."

"They are a real asset to my business. True the margin is not large but the sales are large and the demand steady."

"And there always seems to be a style and a shape to suit every buyer."

"It is only natural that I should like to sell these Shoes, knowing that their reputation will add to my reputation, and will help to make my store known as 'The store where Quality is always first.'"

QUALITY—First, Last and Always.

inary strength in war time. There is a demand for promptness, efficiency, results. Each side naturally magnifies whatever success the other side has achieved and finds wonderful merit in their system, whatever it may be.

But are the people of this country or any other country a collection of weak-minded persons unfit to govern themselves? Should those in authority assume to know more than the people and refuse to carry out their will? Is that public man a demagog who pays attention to what the common people say or think? Our good neighbor, The News, thus describes that dangerous politician who thinks the will of the people should be carried out:

The demagog professes to represent the people. When the people say "Down with the trusts," he says "Down with the trusts." When the people say "Hurrah for the flag," he says "Hurrah for the flag," only more loudly.

The word "demagog" is much abused. It means a leader of the people, and his contemporaries who most admired Demosthenes called him as a demagog. Later on when the Roman emperor or the French king proclaimed himself to be the state person who professed to speak for the common people was contemptuously termed a "demagog"—because the leader of the mere people merited scorn and contumely. No doubt Emperor William of Germany, who believes in the Justianian maxim that "the will of the prince is the supreme law," looks upon any one who advocates rule by the people in much the same light as our neighbor, The News.

Our neighbor would no doubt agree with Sir Rodmond Roblin that the advocates of the initiative and referendum are weak-minded and anarchistic. When the people of Manitoba cried "Down with graft" and "Hurrah for honesty" a demagog would have repeated "Down with graft" and "Hurrah for honesty" even more loudly. That would have entirely interfered with the parliament building contracts and the parliament building scandals.

ALL OFFICIAL RECORDS OF CONTRACT DESTROYED

Sir Rodmond Roblin Tells of Rescinding Agreement Prior to Elections.

Special to The Toronto World. WINNIPEG, June 8.—Sir Rodmond Roblin admitted in a witness box that he had consented to the rescinding of a contract for \$302,550, let to Thomas Kelly and Sons for steel for the parliament buildings just before the last Manitoba provincial elections, and that he allowed the destruction of all official records of the agreement. This was done on the recommendation of Dr. Montague, who had advised the letting of the contract, but who afterwards advised its rescinding on the ground that it was being awarded without the securing of expert opinion. Sir Rodmond signed an order to pay Kelly \$215,000 for steel for the parliament buildings, without reading the contract, but who afterwards advised its rescinding on the ground that it was being awarded without the securing of expert opinion.

Miles, K. C., of Belleville, will conduct the case for the crown. Sixty jurymen were in attendance, but were dismissed until this morning.

GENERAL ASSEMBLY IN FAVOR OF UNION

Decided to Submit Basis of Amalgamation to Presbyteries.

RESULT NEXT YEAR Church Will Continue No Matter What Happens, Declared Speakers.

Special to The Toronto World. KINGSTON, Ont., June 8.—Those opposed to church union had their innings at the morning session of the general assembly, Rev. Dr. D. D. McLeod, Barrie, and Rev. Dr. Fullerton, Charlottetown, P.E.I. were the chief speakers.

Dr. McLeod declared that the union bombs President Falconer had brought from Toronto had failed to explode and that the non-unionists were not afraid of them. Both he and Dr. Fullerton made it clear that no matter if a union church was formed the Canada Presbyterian Church would continue.

Dr. Fullerton dramatically declared, "A Presbyterian I was born and a Presbyterian I will die."

The resolution moved by Dr. McLeod and seconded by Dr. Fullerton was that the general assembly should take no further steps in the direction of organic union.

Dr. John Neil of Toronto said that if the assembly thought a change in the church would further the interests of Christianity, it should vote for union. He thought union would do this, and that was why he was supporting it. He hoped that the best of feelings would prevail in the discussion. Let us bring to bear upon it, all our horse, foot and artillery, and our aeroplanes and our submarines.

"And our gas, too," remarked a member, and much laughter followed. Rev. Dr. Fullerton said if the majority of the Presbyterian Church wanted to diverge, the minority would be sorry indeed, but the Canada Presbyterian Church would still remain. The union proposal if carried out simply meant the addition of another church in this country. The speaker seconded Dr. McLeod's resolution.

Dr. McLeod declared that the ministers opposing the basis of union were only carrying out their vows in clinging up, when they feared that the existence of the Presbyterian Church was in danger.

"There is nothing divine about government by the majority," said Dr. McLeod. The opinion of the majority of the people on a moral question, or on a spiritual question is not found to be wholly according to the truth. Nations have been saved by minorities. In this case, we are contending for the preservation of principles for which our fathers have shed their blood in past generations. The principles of the Presbyterian Church do not belong to the union committee, but to the whole church.

Dr. McLeod referred to President Falconer's declaration on Saturday that the great war was a providential war. "According to his remarks it would appear that the war was providential for the union committee," (Laughter).

Cable Favored Union. During the morning Rev. Dr. Somerville read a cable from Rev. Dr. Pringle, a chaplain with the Canadian troops at Folkestone, England. The cable reads as follows: "Christ and Canada need and demand the union. I daily pray for it."

The ex-moderator of the assembly, Rev. Dr. Herridge, was heard on the question of church union at the afternoon session. He said that owing to the fact that he was moderator he did not give his views on the matter during the past year.

We are agreed that this matter shall go on," he said, "and also that the final court of appeal must be to the membership of our church. Unless the vote is large and more decisive than the previous one, I will be the first to move in the assembly that we go no further."

Dr. Herridge claimed this was no time to call a truce. He regarded this as the best time to bring the matter up, as it would be given more careful attention. Just now it would receive the sober judgment of the people. The ex-moderator added:

If I have been opposed to union when I started out a year ago on my tour of the country, that tour would have been converted into a waste waste such as was carried on by the church, if carried out by the British Empire, would I believe that union, instead of destroying the Presbyterian Church, would yield it a life more abundant. You cannot destroy Presbyterianism, and we would not if we could. The question will not be settled in debate. It must be settled on our knees.

Unionists Won. By a vote of 386 to 84, the Presbyterian Assembly, late this afternoon, passed a cable from the committee on church union with the Methodist and Congregational Churches, recommending that the basis of union be submitted to presbyteries and congregations for their judgment, and that the result of the votes be reported at the assembly meeting in June, 1916. There was much enthusiasm among the supporters of the report as it was passed, but it was a foregone conclusion during the day that it would be passed and by a large majority.

The entire day was given over to the discussion for and against, and the debate was closed by the chairman of the union committee, Dr. W. J. Clark, Montreal. He stated that he was more than satisfied with the weight of argument in favor of the committee's report. The matter had been put before the Assembly in a clean out manner. It was a question as to whether the church should unite forces, or whether on the other hand say to other churches, we cannot have union.

After the vote had been taken, Dr. E. P. Scott, Montreal, moved, seconded by Rev. Dr. Heine, Montreal, that the taking of the vote be referred to the next meeting of Assembly in view of the present war conditions. This resolution met defeat by a vote of 368 to 74.

BREWS NEW BEER
BY COSTLY METHOD

J. A. Beaubien Has Established
 Canada's Finest Plant
 in Montreal.

QUALITY IS SUPREME

Frontenac Breweries Produce
 Beverage Excelling Favored
 American Beers.

Joseph A. Beaubien, president of the
 Frontenac Breweries, Limited, Montreal,
 has returned to Toronto yesterday after
 his annual inspection of the Canadian
 Manufacturers' Association. As a large
 employer of labor, the Beaubien takes a
 keen interest in matters of national pro-
 ductive, and particularly in the "Made-in-
 Canada" movement, of which he is an ardent
 supporter for both patriotic and busi-
 ness reasons.

Mr. Beaubien has established the Frontenac
 Breweries with the sole object of
 manufacturing in Canada, a beverage
 which will supply the high-grade Ameri-
 can beer which have heretofore enjoyed
 an exclusive preference on hotels and res-
 taurant tables.

A Scientific Process.
 In order to brew it has cost in the
 neighborhood of \$2,000,000, which has been
 spent in installing the latest appliances
 and methods which have been the result
 of a scientific process. The whole
 of both America and Europe have been
 heavily combated by the high-grade Ameri-
 can movements embodied in the production
 of Frontenac Beer. Enormous sums have
 been spent in laboratory experiment, by
 which superior quality has been achieved,
 and the result is a beverage which is
 superior to anything else that has ever
 been produced. The materials used are the
 finest that can be selected on the mar-
 ket, and the highest price is paid for
 them.

Almost unbelievable care is taken to
 guard against any impurities. The result
 has been that Frontenac Beer has
 many points to recommend it, among
 which is the very important considera-
 tion that it is low in alcohol and high in
 food strength. In color it has the extra-
 ordinary brilliancy of champagne. It is not
 a carbonated beer, but the carbonic acid
 is naturally formed by the yeast during
 its maturing, creamy foam, which clings
 to the glass, a sign of exceptional qual-
 ity. It will keep indefinitely and does not
 need or become dull when packed in ice.
 Mr. Beaubien will remain in Toronto
 during the remainder of the convention.

 in the battle of Langemarck, has re-
 turned to his home in Georgetown,
 heading thru Toronto yesterday. The
 officer was mentioned in the despatch
 for gallantry. Georgetown turned
 out en masse and gave him an enthu-
 siastic reception. He was given the

 and members of the deputation which
 met him.

Major Ballantyne, a veteran of the
 South African war, was in one of the
 hospitals in Boulogne after the big
 engagement and when sufficiently re-
 covered was given an extended leave.

DOVERCOURT LAND CO.
GET SMALL JUDGMENT

Decision Given Against J. J.
 Wishart for Selling Tusco
 Hotel on Jarvis Street.

The Dovercourt Land Building and
 Savings Company were awarded judg-
 ment of \$750 and costs of \$150 yester-
 day by Chief Justice Meredith in the
 non-jury assizes in a suit against J. J.
 Wishart.

The defence claimed commission on
 the sale of the Tusco Hotel on Jarvis
 street that had been put thru by their
 firm. There had been no agreement in
 writing to pay a commission. The
 hotel was sold for \$55,000 and the
 plaintiff was asking for \$3,000 com-
 mission.

LIEUT. ART MUIR
HIT THREE TIMES

Died in Thick of Battle After
 Great Bravery Had Been
 Shown.

ARGOS HAVE SUFFERED

Some of Their Best Athletes
 Have Fallen in Recent
 Fighting.

Lieut. Art Muir of the 48th High-
 landers was wounded in the knee and
 throat but still led the attack until
 he was shot thru the head. Such in-
 formation was contained in a letter
 from Lieut. "Bert" Campbell, former
 captain of the Varsity rugby team,
 yesterday.

"The Argonauts certainly have suf-
 fered," says Campbell. "Geoff Taylor,
 Roy, Art Muir, Bill Jarvis, Ross
 Binkley, Ardagh Coe, killed and Bot-
 terill wounded." Speaking of Taylor,
 he said: "He was overcome by gas
 and didn't have a chance to grapple
 with the Hun. He was the finest
 all-round man and cleanest athlete I
 ever knew."

"Art Muir died in the thick of the
 battle. On May 21 we got orders to
 take a farm about 500 yards in front
 of our line."
 "We lost a lot of men going up and
 also a lot more in the communication
 trench." Around the end, Muir start-
 ed, followed by his men, then Mavor,
 Kay, etc., the machine guns bring-
 ing up the rear. I lost 22 men out of
 42. Art was wounded in the knee
 and banded it up. Then he was
 wounded in the throat but he didn't
 stop the big bird, as the boys af-
 fectionately called him, till they shot
 him thru the head.

"Captain Mungrove was wounded,
 and Bill Mavor, who is only a kid, but
 all right, was wounded in three differ-
 ent places. We also lost 158 men."
 "On our left were the 2nd Gren-
 adier Guards and on our right were
 the 5th Black Watch, so you see they
 think well of the Canadians to put
 us up with the big leaguers." Buck
 Pearce, former Varsity football player,
 is machine gun officer of the Mont-
 real Royal Regiment, the 14th and
 Max Reid of the 16th Red Gren-
 adier Guards, who has been in the
 front of clean hits that night one in
 the arm, the other in the shoulder."

WALTER BLUNT GOT
AWAY FROM GERMANS

Walter Blunt, 16th Battalion, who
 was captured in the battle of Langem-
 arck, escaped from a German deten-
 tion camp and is now back with his
 regiment. This information was
 received by Mrs. Elizabeth Marshall,
 a sister from official sources. No de-
 tails of his experiences have been
 forthcoming. Blunt lived at 155
 Bloor street, with his elder brother,
 Harry Blunt, a member of the same
 regiment, is missing and his fate un-
 known.

 thett, Pte. Lorne Sheriffe and Pte. Wm.
 Thorburn.

Recipe to Stop Dandruff

This Home Made Mixture Stops
 Dandruff and Falling Hair and
 Aids Its Growth.

To half a pint of water add:
 Bay Rum..... 1 oz.
 Olex Compound..... a small box
 Glycerine..... 1/4 oz.
 These are simple ingredients and
 that you can buy from any drug-
 gist at very little cost, and mix them your-
 self. Apply to the scalp once a day
 for two weeks, then once every other
 week until all the mixture is used. A
 half pint should be enough to rid the
 head of dandruff and kill the dandruff
 germs. It stops the hair from falling
 out, and relieves itching and scalp
 diseases.

Although it is not dye, it acts upon
 the hair roots and will gradually dis-
 streaked, faded, gray hair in ten or
 fifteen days. It promotes the growth
 of the hair and makes harsh hair soft
 and glossy.

HEROIC CANADIANS
DID NOT HESITATE

"It is impossible to recount the
 feats of courage and heroism dis-
 played by our men. There were thou-
 sands of them happening every mo-

PARI MUTUELS PAY BIG PRICES AT BLUE BONNETS

Commonada and Tom Elward Win Feature Races on Opening Day—Penalty at Great Price.

MONTREAL, June 8.—Serving as an introduction for the pari-mutuel system of betting, the spring meeting of the Montreal Jockey Club was ushered in at the course at Blue Bonnets this afternoon under conditions that could not have been improved on.

That the pari-mutuels have come to stay in Montreal was evident from the expressions of those who visited Blue Bonnets this afternoon. The system worked without a hitch. The greatest surprise given the public was the precision with which the amount of the winning ticket was posted on the large board in front of the stands.

10% ADVANCE IN THIS STOCK THURSDAY, JUNE 24th

Remember, the advertised price of this stock will be advanced on Thursday, June 24, and you must start your remittance at once or not later than that date, or it will have to be returned.

IMMEDIATE SEVEN THOUSAND FEET OF AN 8,000-BARREL PRODUCER.

The company has made a payment on a two-thirds interest in one hundred and sixty acres in nearly the center of the township that contains nearly all of the great Cushing oil wells.

There are probably fifty thousand investors figuring on a part of this stock. Enough deals are being made to sell all there left. This notice will appear in reliable newspapers all over the United States and in Canada.

We are going to raise this needed capital and push this big company ahead. Now it has already produced nearly one-third its value to raise new capital to prosper even under panic times.

The Uncle Sam Oil Company was organized by pioneer producers about ten years ago, during the Kansas oil war. Its original plans will finally be completed.

It now has a chain of three refineries. Refinery No. 1 is located at Cherraville, Kas., and has been in continual operation for nearly ten years.

Refinery No. 2 is located at West Tulsa, Okla., nearly the heart of the rich Oklahoma oil fields. These two refineries are connected with the oil fields of Osage, Washington, Tulsa, Creek and Pawnee counties by our own pipe line, now completed for 151 miles.

The pipe lines of The Uncle Sam Oil Company have been exempted from the common carrier liabilities by the Supreme Court of the United States. The Uncle Sam Oil Company built the first three refineries in Kansas and Oklahoma.

Built the first independent pipe-line west of the Appalachian Mountains. Established and has supplied for years the first marketing agents to reach the people direct in Missouri, Kansas, Oklahoma and Nebraska.

It has substantial distributing stations in nearly all the big cities in Kansas, Oklahoma and Western Missouri, where it has tanks for storage. Its products are delivered direct to the people from its red, white and blue tank wagons and automobile trucks.

The Uncle Sam Oil Company was the first bona fide competitor of the oil and gas monopoly that in forty years dared to invade the rich markets of the Middle West. It has met with vicious persecution in the past, but has always won out. These persecutions many times have been aided by misguided or corrupt state and federal officials.

The Uncle Sam Oil Company has always made steady gains by continually increasing its assets, until we now value our combined properties including our exempted pipe lines, good-will and established trade at four million dollars.

Refinery No. 3 is at Kansas City, Kas. The great majority of the most valuable factory lands in the big Armourdale district in Kansas City, Kas. were sold to the Uncle Sam Oil Company. We operate a grease plant and a big distributing station here. We have 122 oil and gas wells, 51 tank cars, over fifteen hundred acres of deeded land. We want to increase the capacity of our oil and gas wells and make a possible profit of \$500,000 per year.

Besides this, we have at least ten different properties in oil and gas fields where test wells should be started at once. The drilling of one well on any of these properties will open up a new oil pool, where we could quickly drill other wells and pour out millions for the stockholders. The greatest opportunities in America are in the Oklahoma oil fields at the present time, and with new capital we can develop these properties and secure and develop new properties.

There are fifteen thousand stockholders in our Company, owning 1,000,000 shares of stock. There are 45,000,000 shares yet unissued. We want 5,000 more good citizens to pay in from \$30 to \$50 each, thereby increasing the balance of the stock and putting cash in the treasury to accomplish big real-estate projects.

Over half the new capital raised will go directly into the purchase of crude oil and gas wells. The oil and gas monopoly has brought about a real crisis in the oil fields and now is the time for the stockholders to open up new oil pools, where we could quickly drill other wells and pour out millions for the stockholders. The greatest opportunities in America are in the Oklahoma oil fields at the present time, and with new capital we can develop these properties and secure and develop new properties.

When you become a stockholder you own a proportion of the oil and gas wells, refineries and all rights and property of the Company. We have a well on one acre, our big leases in Pawnee County that is 2812 feet deep. In a shut down a few days last fall this well filled up and flowed over the top.

A force that will push oil up over a half mile may develop a ten thousand acre well on one acre. This particular lease stretches across Pawnee County from farm to farm six and one-half miles long. It starts at three, four drills on this property.
