Postage extra to United States and all other foreign countries. Subscribers are requested to advise us promptly of any irregularity or delay in delivery of The World.

MONDAY MORNING, MAY 27, 1912

PROFITABLE PUBLIC OPERATION

After deciding a few months ago that its street railway system should be privately owned and operated, the City of Brandon, Manitoba, will be asked to reconsider the matter. The decision of the city council to take advantage of the withdrawal of Mr. T. D. McGregor from the field and to take immediate steps for the construction and operation of a municipal system, has met with general public approval, and there is little doubt that the bylaw to be submitted on June 13 will be carried with practical unanimity.

Some Canadian newspapers opposed to the principle of municipal ownership and operation of public services and utilities are resurrecting an old complaint of its enemies in Great Britain, that the municipalities of that country do not set aside enough for depreciation. It has been shown year after year from the accounts of the city undertakings and from those of private franchise holding companies, that the municipalities set aside amounts for depreciation from two to three times greater than the companies do.

We in Ontario can look forward with confidence to the hydro-electric policy of Sir James Whitney and Hon. Adam Beck, to bring to our relief the "white coal" of Niagara power, which is being preserved for the people and not for the trusts.

LATEST BRITISH BY-ELECTION

Altho South Hackney by-election has resulted in the return of the Liberal candidate by 5239 to 4536 votes, it can scarcely be regarded as encouraging for the Asquith Government. At the last general election Mr. Horatio Bottomley, whose bankruptcy created the vacancy, running as an independent Liberal, headed the poll with 5083 votes. The Unionist polling 3243 votes, and the straight Liberal candidate 176 votes.

For some time Mr. Bottomley has largely filled the role of a parliamentarian. He is a man of high standing in the Liberal party, and his influence accounts to some extent for the drop in the Liberal majority.

SAND FILTRATION

In a memorandum recently prepared by the engineers of the Edinburgh and District Water Trust (a public body representing the corporations of Edinburgh and Leith) an instructive comparison is drawn between the cost of the ordinary sand method of filtering and mechanical filtering. It is based on the actual working tests at Alnwickhill and Fairmilehead and shows that while mechanical filters are cheaper to install in the first instance, they are rather more expensive to work than sand filters on a fairly large scale.

HARD COAL A HARD MASTER

Years ago the New York American represented the big trusts of the United States as a negro minstrel troupe, rendering with great gusto their favorite song: "How We Love to See the Cotton People Squira." Indeed, the cartoonists practiced by them were and are so outrageous as to suggest a sinister motive such as much as an aversion disposition.

A FINANCIAL DEAD-FALL

It is said to be only an "experimental twist," and large orders are being solicited and freely given on prospect of further increases before the end of the summer.

The recent increase in the pay of the miners is the excuse for the present raid upon the consumer. That raise was five and one-quarter per cent, and if the figures of the coal trust are to be believed, increased the labor cost per ton of its product from two dollars to less than two dollars and twelve cents.

As a matter of fact, the cost of the coal at the pit-mouth, including investment, royalties, upkeep of machinery, care of live stock and cost of labor and superintendence combined, does not exceed what is claimed to be the cost of the mere labor employed, to wit \$2.13 per ton. The coal can be transported from the mines to Lake Ontario ports, with only a fair rate charged, at sixty cents per ton.

The lion's share of the princely profit goes to the eight railway companies which purchase and transport the output of the mines. Roads like the Lackawanna, the Reading and the Lehigh Valley are piling up surpluses and dividing dividends in a manner which suggests the failure of railway regulation to bring about the beneficial results which would undoubtedly accrue to the consumer from public ownership.

As a matter of local interest, we may observe that anthracite coal can be carried cheaper than any other freight. This was the contention of M. K. Cowan, K.C., in resting the recent application to the Dominion Railway Commission for an increased freight rate upon anthracite coal, and it is fully sustained by the elaborate investigations recently made by the United States Government. It may also be noted that our tariff on coal does not apply to anthracite.

For this relief at least the consumer may give thanks. If the trust continues to put up the price of this product it will soon be a difficult problem for a family to have something to burn inside the stove and something to cook on top of the stove at the same time.

NEW YORK, May 25.—New evidence purporting to show that the Titanic was going full speed, with all but five of her 24 boilers lit, on the night she met her fate, was obtained to-day aboard the White Star liner Olympic, just before she sailed for Liverpool, by Senator William Alden Smith, chairman of the senate investigating committee.

TITANIC MOVING AT FULL SPEED

Nineteen of Twenty-Four Boilers Lit When Iceberg Was Struck—Surviving Fireman's Story.

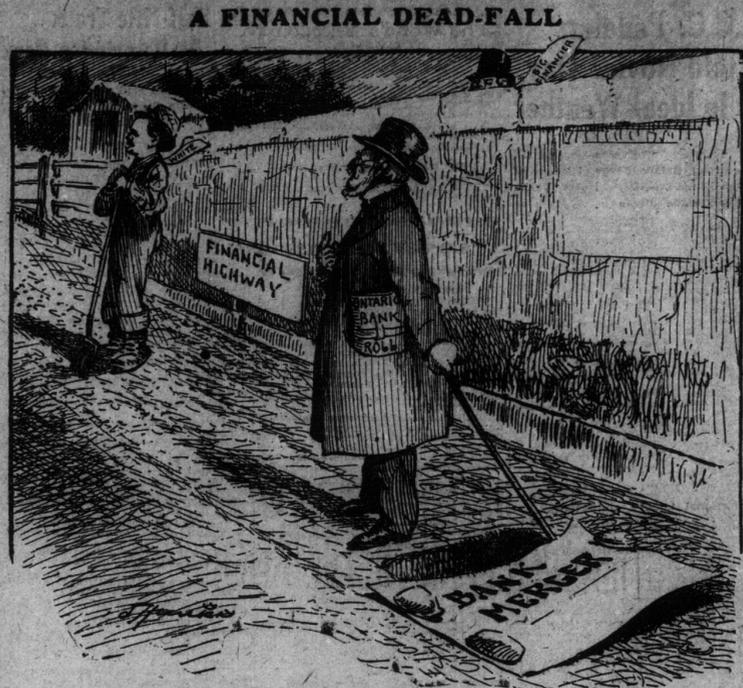

NEW YORK, May 25.—New evidence purporting to show that the Titanic was going full speed, with all but five of her 24 boilers lit, on the night she met her fate, was obtained to-day aboard the White Star liner Olympic, just before she sailed for Liverpool, by Senator William Alden Smith, chairman of the senate investigating committee.

Prof. Jackson Head Of Hudson Bay Party

QUEBEC, May 25.—Prof. W. F. W. Jackson, of the University of Toronto, will command the expedition which will be sent on the Canadian Government steamer Arctic to make soundings in the Hudson Bay with the Canadian Government steamer Minto, for the benefit of the Canadian navy.

PRUDENT PREPARATION IN YEARS OF PROSPERITY

"In your prosperity to-day, remember the lean years must come."—Monetary Testimony. The prudent man prepares for the lean years during the years of plenty. The easiest, simplest and safest way to do this is to deposit regularly such portion of your income as is immediately required in a strong and stable institution like the Canada Permanent, where it will be available when wanted, and in the meantime will be earning interest. Or all your receipts may be deposited and your payments made by cheque.

OLD MAN ONTARIO: Look here, Mr. Pathmaster, better see to this hole. All our banks will be falling in.

Pastor Russell's Sermon

CHICAGO, May 25.—Pastor Russell gave two addresses here to-day. We report one of his addresses on "Pentecostal Blessings," from the text: "The grace of God which bringeth salvation hath appeared for all men." (Titus II, 11). He said part:

As Bible students we find it more and more necessary to study the scriptures discriminatively. Hitherto, however, God's people have unwittingly narrowed down the graces of God and minimized the efficacy of Christ's redemptive sacrifice by asserting that the all blessings are for the church and none for the world—that they are for the present age, and that with its consummation all hope will expire, and that the world, the non-elect, will suffer to all eternity, without ever having tasted of the grace of God in Christ—without ever having come to a knowledge of that provision for sinners.

A more careful study of the Bible is revealing to God's people all over the world the fact that He has for mankind two distinct salvations, one for the church, the other for the world, and each of these salvations is introduced by a Pentecostal blessing. That the church is merely a "first-fruit" unto God of His creatures" is distinctly stated by St. James (1:18), and this implies most positively that there will be after-fruits.

Note the apostle's statement respecting the efficacy of Christ's sacrifice, both for the church and for the world—he says "He is a propitiation for our sins (the church), and not for ours only, but also for the sins of the whole world" (1 John II, 2). The church is the elect "first-fruit." Through this elect church the blessing of God is to be extended to all the willing and obedient of the world. This does not mean that all mankind attain everlasting life, but it does mean that to all will come the opportunity for escape from the curse of sin and death which came upon all thru Adam, and when thru the merit of His sacrifice all sin will be forgiven and all slavery to sin and death will be abolished.

IN CAMP AND BARRACKS

The officers' mess, both in camp and barracks, with the scores of scarlet mess uniforms, presents an interesting spectacle, even to the initiated. Everything is spotlessly clean, the food well cooked and the number of delectable dishes served is an evidence of profound liking for the good things of life. Here, as elsewhere, Rudner Water is the prime favorite, for it is unquestionably a far better mixer than any other mineral water.

DROWNING AT HAMILTON

Two Lads Lose Their Lives by Capsizing of a Canoe. HAMILTON, May 25.—Eric and Arey Simons, 10 and 12 years of age, were drowned in Lake Ontario, off Dunes Hotel, at the beach, shortly before 1 o'clock this afternoon. They were in a canoe, which capsized. They went down in the cold water before an attempt could be made to rescue them.

The Toronto Daily and Sunday World are now delivered to any address on the island.

Residents or transient visitors can receive a copy of their favorite morning or week-end paper by telephoning Main 5308. Subscribers moving to the island for the summer or for a short stay can have their regular copy transferred without trouble.

At Osgoode Hall

ANNOUNCEMENTS. May 25, 1912. Motions set down for single court for Monday, 27th inst., at 11 a.m.: 1—Kerr v. Colman. 2 and 3—Elliott v. Powell. 4—Re Ontario Accident Insurance Co. (Mills case).

Master's Chambers.

Before Cartwright, K.C. Master. Canadian Oil Companies v. Clarkson. W. N. Tilley for plaintiffs; E. B. Henderson for defendant. Motion by plaintiff for an order requiring defendant to answer certain questions which he declined on the advice of counsel to answer on his examination for discovery.

Single Court.

Before Middleton, J. A. G. Gibson for vendor; P. W. Carey for purchaser. An application by vendor to determine the validity of an objection taken by the purchaser to vendor's title. The testator devised all his property to his wife "to be disposed of by her as she may deem just and prudent in the interest of my family." An application by vendor to determine the validity of an objection taken by the purchaser to vendor's title.

British Business Men To Visit Canada

Will Make Exhaustive Tour of the Dominion—Party, Will Be in Toronto on June 18 and 19. MONTREAL, May 25.—When the D. P. R. liner Empress of Britain arrives in Quebec on June 6 she will bring out the most important body of business men and manufacturers that has ever left Great Britain on a visit to any of the British overseas dominions.

New Muskoka Train

Now leaves Toronto 10:15 a.m. daily, except Sunday, via Grand Trunk Railway System. This train is for the special accommodation of the Toronto people, and arrives Muskoka Wharf at 10 p.m., making direct connection with steamer for all points on Muskoka Lakes. A brand new train, consisting of baggage car, vestibule coaches and parlor-buffet car, is operated, and passengers are assured of a comfortable ride along the most interesting route to Muskoka Wharf, which is the original gateway to the far-famed Muskoka Lakes. The train runs right to the side of the steamer at Muskoka Wharf, making it very convenient for passengers. Return connection is made in both directions. Muskoka Wharf at 11:15 a.m. daily, except Sunday, arriving Toronto 3:10 p.m. Tourist tickets at reduced rates are now on sale to Muskoka resorts, good for stop-over at any point, and good to return until Nov. 30, 1912.

Putnam's Corn Extractor

DOES EASE YOUR CORNS. Takes the sting right out—doesn't smother it without pain. Thousands say it's the sweet thing to rid the feet of calloused, sore lumps of corn. Don't suffer—buy a bottle of Putnam's Painless Corn and Wart Extractor, it does the trick quickly, and is invariably satisfactory.

O'Keefe's Gold Label Ale. A good many men say that "Gold Label" is the finest Ale that we have ever brewed. It's all a matter of taste. If you prefer a rich, old, creamy ale—that proves its quality by its delightful flavor—just try "Gold Label." Every bottle sealed with an easily opened "Crown" stopper. O'Keefe's "Gold Label" Ale. "The Beer that is always O.K."

MICHIE'S GLEN-ER-NAN SCOTCH WHISKEY. Bottled in Scotland—Exclusively—for Michie & Co. Ltd. 7 King St. West, Toronto.

Music and Soldiers

Stir Parisians to Truly Fine Frenzy

PARIS, May 25. (Can. Press.)—With a big military torchlight parade to-night one of the most extraordinary musical festivals in history was opened. About 30,000 men, women and children, who are members of choirs, orchestras and brass bands, as well as trumpeters, buglers and drummers, have assembled here from all parts of Europe to participate in a three-day musical competition.

"Buyers, Beware!"

St. Kitts' Advice

Misrepresentation by Certain Land Exploiters is Charged—Paid \$150 for Almost Worthless Lots.

ST. CATHARINES, May 26.—The St. Catharines board of trade is following Willand's example and preparing to take active steps against real estate companies who are alleged to be misrepresenting local real estate in Toronto and outside markets.

Keeps the Skin Clean and Soft

Humors of the skin are especially prevalent in the spring. There is nothing more annoying than the irritation of the skin and disgusting eruptions breaking out to mar the beauty of the complexion.

Dr. Chase's Ointment

Dr. Chase's Ointment cleans out the pores of the skin and makes it soft, smooth and healthy. It is a food for the skin, and a beautifier of the greatest value.

Dr. Chase's Ointment

Dr. Chase's Ointment cleans out the pores of the skin and makes it soft, smooth and healthy.

THE WEATHER

OBSERVATORY, TORONTO, May 26. (4 p.m.)—Fine, warm weather has prevailed to-day through the Dominion. An area of low pressure now centered in the northwest states is likely to cause more unsettled conditions, both in the western provinces and in Ontario.

THE BAROMETER.

STEAMSHIP ARRIVALS.

Table with 3 columns: May 25, At, From. Lists arrivals from Montreal, London, Quebec, etc.

Street Car Delays.

7:45 a.m.—A large stone stuck on track, Bathurst and Front; 10 minutes' delay to Bathurst cars.

BIRTHS

EATON—On Saturday, May 25, to Mr. and Mrs. J. C. Eaton, a son.

DEATHS

ANSOMBE—Suddenly, at Toronto General Hospital, on Saturday, May 25, 1913, James Clement Anscombe, beloved husband of Sarah Strader.

RAILROAD STRIKE IN SPAIN

MADRID, May 25.—The railroad employees on the Andalusian lines started a strike at Malaga to-day and the men are also coming out at Cordova, Jerez and Granada.

HIS HAND BLOWN OFF

OTTAWA, May 25.—Hector Faucher, a boy residing in Eastview, a suburb of Ottawa, had a hand blown off last night by a cannon cracker while assisting in the celebration of Empire Day.

NOT A CONTESTANT.

Editor, World: A friend informed me that in your issue of the 24th inst. your paper's report of the Empire Concert held in Massey Hall on the 23rd inst. stated that Master Arlmen Davies competed in the recitation. As my son is a professional I would like you to kindly contradict this, as Arlmen won the same contest in 1911 and recited this year as last year's gold medalist.

TORONTO WATER RATES

Water-takers are reminded to pay their water rates early, secure the discount and avoid crowding.

Claims of Rival Republicans

WASHINGTON, May 25.—One more week will see the abandonment of Washington headquarters of the Republican presidential candidates. With about sixty delegates remaining to be selected, both the Taft and Roosevelt managers to-day gave out detailed figures intended to prove their respective claims to absolute control of the Chicago convention.

JUNE 20 DATE OF MILL TOPPLED

ELECTIONS IN N.B. INTO THE RIVER

FREDERICTON, N.B., May 26.—(Special.)—The order for the dissolution of the legislature of New Brunswick was signed at Sackville on Saturday by Lieut.-Governor Wood and the writs for the general provincial election are being sent out from the office of Provincial Secretary McLeod.

"BLACK PERIL" IN SOUTH AFRICA

Owing to Frequency of Outrages It May Be Necessary to Herd All Kaffirs in "Locations."

LONDON, May 25.—Public attention is focused once again on the "Black Peril" in South Africa, especially on the Rand and in Natal. At a recent public meeting of men in Pietermaritzburg, addresses were delivered by prominent residents, who made use of strong expressions regarding the question; while a recent meeting on the Rand ended with a stampede and a revolver hunt for natives, following on the announcement that an outrage had just been committed, a number of natives being roughly handled. The matter has also been taken up by the Johannesburg Town Council, who have passed a resolution in favor of an increase of the police force, for which the press is likewise agitating.

Put Up a Fake Story On Asylum Nurses

Got Their Daughter Out of Institution, But Wilful When the Police Arrived on the Scene.

KINGSTON, May 25.—Giving a fake story to one of the nurses in the wards, while the doctor in charge was absent, Lewis Mounsey and his wife of Belleville, succeeded in getting their daughter, Mrs. Jane Brewer, aged 22, also of Belleville, out of the Rockwood Asylum, but they were rounded up at the station where they were waiting for the train for Belleville. The couple told the nurse that they had been given permission from the doctor to take their daughter home on a month's trial, and the nurse believed the story. The father threatened one of the asylum attendants who pursued the party, in case he should lay hands on the patient, but wilted when the police arrived.

CHAMP PUTS OUT ANCHOR TO WINDWARD.

WASHINGTON, May 25.—(Can. Press.)—While expressing the conviction that the Democratic nomination for the presidency, Speaker Champ Clark to-day announced that he would file his candidacy for re-election to congress from the ninth Missouri district. In a statement, which was alternated by another signed by the entire Democratic Missouri delegation in congress he said he did so because of the pressure brought to bear upon him by his constituents.

CANADIAN CADETS AT ALGATE.

LONDON, May 25.—(C.A.P.)—At the Alate meeting of the Imperial and the Alate meeting, which concluded Saturday night, Sergt. Merrick won third prize in grand aggregate, competition in the form of the Ingle bronze medal, and Cadet Fox was fourth.

Time Has Come For Canada to Do Share

Premier McBride Had Consultation With First Lord of Admiralty and King on Naval Matters.

QUEBEC, May 25.—"The time has come for Canada to show to the world and to the whole world what she can do and what she intends to do to help the mother country, which has done so much for her children while they were growing up."

Canadian Guests Present.

But Council Will Pass Bylaw All the Same—Adverse Vote Was Only Five, and Light at That.

NORTH TORONTO, May 26.—(Special.)—By an adverse vote of five the high school bylaw for the expenditure of \$50,000 was on Saturday afternoon defeated.

The result came as a great surprise to the council, high school board and the citizens generally. The school board had counted for a certainty this time on the measure going thru, though some general literature had been disseminated that there was no concerted effort made to bring out the vote.

RICHMOND HILL, May 26.—(Special.)—Richmond Hill, A.P. 18, will hold its annual meeting on Monday evening, June 4, at the residence of Mr. J. M. Wilson.

Under the auspices of the Auxiliary of the Church, Miss Jessie Alexander, the well-known organist, will give a concert in the auditorium on Friday, May 31, at 8 p.m.

STOUFFVILLE, May 26.—(Special.)—Stouffville, A.P. 18, will hold its annual meeting on Monday evening, June 4, at the residence of Mr. J. M. Wilson.

Under the auspices of the Auxiliary of the Church, Miss Jessie Alexander, the well-known organist, will give a concert in the auditorium on Friday, May 31, at 8 p.m.

GREAT WEATHER FOR CROPS.

Reports from all over the county indicate that, while the earlier outlook following the heavy rains indicated serious loss in some districts, the glorious day of Tuesday, May 22, will save practically all crops from loss.

NEWMARKET, May 26.—(Special.)—The daily-dallying policy pursued by the town council in this village, since the late Mr. LeVoy Hoover has bought the residence of Harry Perry and will shortly take possession of the same.

WEST TORONTO, May 26.—(Special.)—West Toronto Orange Lodge held an enthusiastic and well-attended meeting yesterday afternoon in St. James' Hall.

Waring Markets Closed Over Week End - Commercial Reports

WEEK-END CROP REPORTS SEND WHEAT UP AGAIN

Chicago Pit in Nervous Condition, With Trade Inclined to Bull Position—Climatic Conditions Paramount Feature—Corn and Oats Higher.

CHICAGO, May 25.—On account of complaints from Nebraska that rain was needed, and because the drought in western Kansas had only been broken in part, wheat-to-day showed unexpected strength. Wheat closed firm, 1/2c to 1/4c above last night. Latest trading left corn varying from 1/2c decline to 1/4c advance; oats up 1/2c to 1/4c, and provisions unchanged to 1/2c increase in cost.

Wheat speculators first believed that the rainfall in Kansas was confined to eastern and central portions of the state, where moisture was not required, and that dryness still plagued the western plains, where the crop had been browning brown. A buying movement here received much impetus before word was received that the downpour had extended a considerable distance into Northwest Kansas. The break that ensued carried the market a little below last night's level, but prices could not be budged any further and soon rallied, helped by statements that many thousands of acres in Nebraska were in danger, if rain did not come quickly.

Irregularity in Corn.
Corn closed at intermediate prices, after having been sold alternately by the wheat strength and by a forecast of fine weather and of larger receipts. The country again sold quite freely to arrive. Cash houses led the buying of oats. Offerings were small and the wheat strength inclined south. Outside markets touched for July proved to be 50c and 5/16c. Provisions averaged firmer as a result of miscellaneous buying due to the general upward tendency.

Northwest Receipts.
Receipts of wheat at northern primary points, with usual comparisons, are as follows:

City	To-day	Prev.	Week ago
Chicago	12 15 75	12 15 75	12 15 75
Duluth	12 15 75	12 15 75	12 15 75
Minneapolis	12 15 75	12 15 75	12 15 75
Winnipeg	12 15 75	12 15 75	12 15 75

European Markets.
The Liverpool grain exchange was closed to-day and will not reopen until Tuesday next, owing to the Whitnitsun holidays.

Winnipeg Grain Markets.

Rio Leads in Toronto Market -- Lister's Trade in New York

WALL STREET IN APATHETIC MOOD AT WEEK-END -- PRICE CHANGES IN NEW YORK LIMITED.

NEW YORK, May 25.—Except for a further rise in some of the less prominent specialties, today's stock market was a fitting sequel to the almost uninteresting dullness of the preceding sessions of the week. The local exchange was without its usual vigor, the London and other foreign markets being closed. Advances from abroad were rather discouraging, with the grain market of Liverpool at the head of the parade. The steel market, however, was again in the limelight, Berlin bankers were again in communication with their correspondents here relative to an extension of existing credits. The result of these negotiations may show in next week's money market.

Home news was of a negative or unimportant character. The commercial surpluses expressed optimism regarding trade conditions, with the added declaration that fair weather and good crop prospects were the chief reasons for this. Indubitable evidence of the expansion of business is found in the statistics of bank clearings and railroad earnings. Further proof is furnished by continued increases in the output of smaller industries.

Prices advanced all around in the last hour, but trading was even less active than before. There was the usual setting of contracts over the week-end and perhaps some further clearing of the uncertainty connected with next week's political developments.

Accumulated highly encouraging statements as to crop prospects from his chief executive, who had just returned, presented a most excellent report of earnings for April. Gross revenue increased by almost \$200,000, and the net income was out down by \$20,000, leaving a net income of virtually \$200,000. The Southern Railway increase is not for the same month by over \$100,000.

STEEL OUTPUT SURE TO MAKE NEW RECORD

Every indication that the steel mills of the United States will be operated at a record-breaking pace for the next six months, and that the tendency of the industry beyond November will depend largely upon the willingness of consumers to use material at higher prices, and upon crops.

Wall Street does not seem fully to realize the extent of the improvement which has been going on in the steel industry over the last six months. The best illustration of the expansion is found in the output of steel ingots, the basis for semi and finished steel products. The United States Steel Corporation for some time past has been turning out at the rate of approximately 11,500,000 tons of Bessemer and open-hearth ingots a year. The largest output for a full year in 1910 when about 14,000,000 tons were produced.

Following table shows the annual steel ingot production of the United States Steel Corporation, in tons, since organization:

Year	Tons
1911	17,000,000
1912	12,000,000
1913	14,125,000
1914	13,850,000
1915	16,800,000
1916	18,800,000
1917	21,200,000

NO GETS UP RECORD

London Buying the Factor in Another Advance in Traction Issue—Toronto Market Quiet and Firm.

Rio resumed the leadership in the Toronto stock market on the resumption of business after the holiday, and under a strong buying movement the shares resumed the upward march, attaining 137-8, a new high record, before the advance was checked. London was again the big factor behind the spurt, buying for old country account being responsible for the bulge. Investors looked to the arrival of Dr. F. S. Pearson, the well-known financier, who is reputed to be the moving spirit behind the Rio, and Sao Paulo advances, to clear up some of the mystery surrounding the remarkable traction boom.

It was reported that the street at the week-end that Toronto brokers had been caught short on Rio early in the week, and had stood pat over the holiday in the idea that they might cover on their commitments with less difficulty later on. The story was that it was buying for these traders which had sent the stock up on Saturday. The report was not given credence in the brokerage offices, however, and it was freely hinted that the Rio advance was due to the fact that the shares had been trimmed so badly of late that they would have advanced considerably after the short sale after the stock had crossed 120.

The general list did not accomplish anything material at the week-end, and trading in the majority of cases was exceptionally quiet. Chief interest outside of the bulge in Rio, centered in Sao Paulo, which dropped back below 234 again, closing offered there, with no bids. The fact that the shares have reacted to so small an extent after a rise running into some 23 points, has caused no end of wonder among those unfortunate individuals who sold out their holdings after the preliminary rise to around 217.

CONVENTION OF BANKERS AT THE HAGUE

LONDON, May 25.—The forthcoming banking conference to be held during June 15 next at The Hague, and which it is expected will occupy four or five weeks, will be of considerable importance, will take up many subjects; principal among these being the observations presented by various governments; the settlement of a definite text of a uniform law on bills of exchange and bills to order, and the text of the convention in virtue of which the states represented there will undertake to put the law into effect in their respective territories. The conference will also endeavor to arrange a range of uniform law regarding cheques. The governments and states which will take part in the conference have already appointed their delegates.

TORONTO MAN NEW PRESIDENT OF ACTUARIES

The annual meeting of the Actuarial Society of America was held at the Astor House, New York, Thursday and Friday, May 16 and 17. The following officers were elected: President, W. C. Macdonald, Toronto; vice-president, Arthur Hunter, New York; secretary, James D. Craig, New York; treasurer, Robert Henderson, New York; equities, David G. Alsop, New York; provident life and trust, C. Philadelphia.

The three members of the council elected in place of those retiring were Percy C. H. Pappas, actuary, Mutual Benefit Life Insurance Co., New York; Fred H. Johnston, actuary, Prudential Insurance Co., New York; William Young, actuary, New York Life Insurance Co., New York. One hundred members, fellows and associates were present at the meeting.

Dr. Macdonald, president-elect, will attend the Triennial International Congress of Actuaries, to be held in Amsterdam during the first week in September, as vice-president, representing the United States and Canada.

GERMAN SPECULATIVE ORGY

The amount of fresh capital invested in industrial enterprises in Germany during the first quarter of 1912 was \$102,000,000, as compared with \$77,350,000 in the corresponding period of 1911. The following approximate amounts were invested in the more important branches: Banks, \$33,000,000; engineering, \$18,000,000; electrical and gas, \$10,000,000; mining, foundries, etc., \$9,000,000; chemical industries, \$4,500,000; building trades, \$4,000,000; textiles, \$2,750,000.

STOCK EXCHANGE HOLIDAYS

The London (Eng.) Stock Exchange was closed on Saturday, and will not reopen for business until Tuesday next, owing to the Whit Sunday holidays. The mining exchanges in Toronto were also closed yesterday, in accordance with their usual custom over Victoria Day.

LONDON BUYS SAO FOR 300 SAYS RUMOR

A brand new story on Sao Paulo was circulated on the street on Saturday, and on account of the recent visit of Dr. F. S. Pearson, the well-known financier, who is reputed to be the moving spirit behind the Rio, and Sao Paulo advances, to clear up some of the mystery surrounding the remarkable traction boom.

It was reported that the street at the week-end that Toronto brokers had been caught short on Rio early in the week, and had stood pat over the holiday in the idea that they might cover on their commitments with less difficulty later on. The story was that it was buying for these traders which had sent the stock up on Saturday. The report was not given credence in the brokerage offices, however, and it was freely hinted that the Rio advance was due to the fact that the shares had been trimmed so badly of late that they would have advanced considerably after the short sale after the stock had crossed 120.

DROP IN C.P.R. DUE TO IRISH SALES

The recent selling of Canadian Pacific in Canada has been attributed to Berlin, and which it is expected will occupy four or five weeks, will be of considerable importance, will take up many subjects; principal among these being the observations presented by various governments; the settlement of a definite text of a uniform law on bills of exchange and bills to order, and the text of the convention in virtue of which the states represented there will undertake to put the law into effect in their respective territories.

ALBANIANS ATTACK TURKS

SALONIKI, May 25.—In an attack by Albanians on a Turkish detachment in the village of Novosheh, near the Montenegrin frontier, seventeen of the Turks were killed.

VERDICT FOR \$20,000 PLEASANT SURPRISE

COUNSEL FOR NEW YORK TRACTION COMPANY CAUGHT NAPPING IN LITIGATION OVER FORMER KINGSTONIAN'S DEATH.

KINGSTON, May 25.—(Special.)—Mrs. Nellie Middleton, New York, visiting the city, the old home of her husband, the late Lewis Middleton, has been notified that the jury before the Supreme Court Justice Gavegan, has returned a verdict of \$20,000 in a case brought by Mrs. Middleton against the Third-avenue Railway Co. for the death of her husband. The street railway company regarded the plaintiff's case as weak that no defence was put in, and the verdict was a great surprise.

AGENTS

Give this your most careful consideration. Every man who invests in Dominion Oil will make big money. Now is the time to get in before the big oil boom commences. Turn your attention towards a proposition that will "PAY-PEAL" to the trained and discriminating investor. Sometimes getting started right means a great deal to you. We are offering shares in a sound oil proposition, and are willing to pay you a liberal commission on all the shares sold to you.

Your name on a card will bring information worth a fortune to you.

This Bank has unexcelled facilities for handling every description of banking business throughout the world.

LOMBARD ST. ON FINANCIAL CONDITIONS

In his special cable dispatch the London correspondent of The New York Evening Post says:—What we hear by cable of Wall Street's endeavor to accept various state primaries, and to adjust its views accordingly to the new situation, is not a wholehearted belief. We are not able to wholeheartedly accept any such optimism here. We are not a person who said in 1907, nor your market since that time.

It is not considered that a prospect of Mr. Roosevelt's re-election would be a serious curial inducement to any such optimism. American finance believes that it may be prevented in the price of such securities, and by recurrent apprehension of legislators yielding to demagogic pressure.

As I have forewarned in previous cables, the recent reduction in our bank rate has been followed by increased rather than decreased activity in the open money market, where private rates are the bank reduced its official minimum rate. This is partly explained by the refusal of the Imperial Bank to follow the Banks of France and England in lowering its 4 per cent. official rate. Next week's stock exchange settlement here is awaited with much anxiety. The trouble chiefly arises from the slump in Marconi shares, but many other departments are affected, and by further heavy selling will be the most difficult experienced for more than a year. Some further stock exchange activity is almost inevitable; indeed, they are desirable. Liquidation is to be completed and the financial position is to be made really healthy.

Iron and steel experts in this country regard your situation favorably—nothing in particular that you are less depressed than other states. The market is probably higher prices than of late, while your steel plants appear in many cases to be working almost at normal capacity. The prolongation of the agreement with the German Steel Works Union has had good effect upon some trade, and on the steel market in general. The latest news of new trade agreements pending in this market during June.

ON WALL STREET

Erickson Perkins & Co. had the following: Stocks showed a good undertone, but were dull. Grangers were the main reason for the good undertone, but public apathy was well illustrated by the lack of response to Atchison's fine April report, which showed a 10 per cent increase in net income, a gain of \$504,000. This was beyond all expectations. The winter wheat outlook in Atchison's best state (Kansas) is extremely good and this means millions in Atchison, yet the stock did not move. It is apparent that something is holding back the stock and resulting in withdrawal of buying orders. What is it? Some say fear that the United States Supreme Court next Monday will hand down some unexpected decisions, and big people have intimations of this. It is reported that the American Trust case and International cases will be among them. This would adequately account for the unwillingness of banking interests to buy stocks. Continue a cautious stock market policy; buy only on drives.

Charles Head & Co. to J. E. Osborne: Market opened dull and with little feature. B.T. reached 90, a high point, and the People's Gas reached yesterday's gain of 3-1/4 points. Evidently something is coming, and bull points are out that the stock will soon cross 120. Pittsburg Coal preferred regained a point in the first half hour, selling at 92. Robber was firm at a gain of 1-1/4, and Laclede Gas was up 3-4. There was no sale of Lehigh Valley for the first twenty minutes, but one sale in the first three-quarters of the hour. We are given to understand that it is advisable to take profits in Lehigh Valley and Reading, but that nothing more is expected in the nature of extra dividends for some months to come. Lehigh Valley stock was strong, however, gaining 4 on a very light business. Pacific Mall was higher on the vote in congress to permit American vessels to use the Panama Canal without a special regulation of the hour. LINENS

Specials for "June Brides" and Other Homemakers

Nearly every country has contributed to make the linen stock at the Simpson Store a most attractive one for June brides, and those who are searching for suitable wedding gifts. No pains have been spared to excel in all lines and to far outshine any previous showing.

Ireland sends us her famous table linens, towels, embroidery and crocheted work, etc.

France contributes delightful cluny lace pieces and embroidery work.

Germany adds her beautiful embroidery and lace edge goods.

Austria gives us of her beautiful fine Damask, luncheon sets, carrying cloths, towels, etc.

Japan sends a splendid showing of her famous embroidery and drawnwork.

Scotland also contributes some beautiful embroidery work on tea cloths, tray cloths, dresser scarfs.

All displayed for your inspection to a better advantage than ever before, because of our greatly increased selling and display space in our beautiful quarters on the second floor. Take the new Yonge street elevators, as they take you direct to our Linen Dept.
