Terms of the Provisional Anglo-Soviet Agreement Are Made Public City Council Restores to Mayor Church Perquisites He Surrendered

TERMS OF AGREEMENT WITH SOVIET RUSSIA PENDING FORMAL PACT

**Britain Makes News Public—
Bolsheviks Agree to Refrain
From Encouraging Asiatic
Peoples and Both Sides to
Abjure Propaganda — Re-
patriation of Subjects —
Blockades Forbidden—Re-
newal of Communication
Facilities.**

London, Jan. 24.—The terms of the
British-Russian preliminary trade
agreement, which Leonid Kraevskii, the
Soviet representative, has taken to
Moscow for consideration officially
have been made public. The most
important follow:

Each party agrees to refrain from
hostile action or propaganda outside
its borders against the other's insti-
tutions. The Soviet particularly agrees
to refrain from any encouragement
of Asiatic peoples to action against
British interests, especially in Asia
Minor, Persia, Afghanistan and India.

British subjects in Russia and Rus-
sians in Great Britain will be per-
mitted to return to their homes if they
so desire. Each agrees not to impose
any form of blockade against the
other, or any discrimination against
trade not imposed on other foreign
countries. Ships in the other's har-
bors shall receive the treatment
usually accorded foreign merchant
ships by commercial nations.

The agreement provides for the
clearance of mines from the Baltic,
and the exchange of information regard-
ing mines. It also provides for the ad-
mission to both countries of persons
appointed to carry out the agreement,
with the right to restrict them to spe-
cific areas, and the exclusion of any
who are persona non grata and also
for free communication and exemp-
tion from taxation. A renewal of
telegraphic and postal facilities in-
cluding parcels post, will be arranged.
Will Not Attach Securities.

Great Britain agrees to refrain
from attaching any gold securities or
commodities identifiable as British
government property, which may be
exported from Russia as payment for
imports, or securities for payment,
and to refrain, as well, from legisla-
tion against the importation of specie
or bullion from Russia, and from re-
quisitioning such.

The preamble sets forth that the
agreement is necessary "pending the
conclusion of a formal general treaty
between the governments, whereby
their economic and political relations
shall be regulated in the future."
The agreement shall continue in
force until the treaty is arranged,
except that either party may after a
year give six months' notice of its ter-
mination.

Infringement by either govern-
ment of the other's obligations,
but the aggrieved party shall give the
other a reasonable opportunity of ex-
plaining or remedying the default.
The Russian government recognizes
in principle that it is liable to pay
compensation to private persons who
have supplied goods on services in
Russia. All claims of either govern-
ment or its nationals against the
other in respect of the actions in-
curred by existing or former govern-
ments, shall be equitably dealt with
by the treaty.

The proposed Russo-British trade
agreement is declared by The London
Times to be a complete surrender to
Soviet sentiment.
The Times says the document differs
in letter but not in spirit from the earlier
draft, and adds:
"It will in no wise make the business
community less hostile than it has per-
sistently shown itself to any treaty with
the Soviet authorities."
The phraseology with reference to re-
cognition of the Russian state debts and
their obligations is also criticized. It is
"so vague that it affords no ground for
any sort of satisfaction. Debts are not
mentioned as such, but simply as stat-
ing claims to compensation."

LIQUOR FOR SALMON IS NOVEL PROPOSAL

Canners Ask Premier to Buy
From Countries Which
Would Reciprocate.

Vancouver, B. C., Jan. 24.—That an
order in council be passed providing
that all purchases of liquor made under
the moderation act shall be placed
in countries prepared to purchase an
equivalent value of British Columbia's
natural products, was the novel pro-
posal made to Premier John Oliver
here today by a delegation of promi-
ent salmon cannerymen. The premier
said he was favorably impressed with
the idea.

As one of the basic industries, it
was pointed out, salmon cannery
was the mainstay of the province. In
000 cases of salmon on hand and the
market is dull.
It was urged that the government
should import direct from the coun-
tries where there are large supplies of
brandies, wines and liquors, which
owing to prohibition in the United
States, the French people have been
unable to dispose of.

EXPERTS TO REPORT MEASURES TO FORCE GERMANY TO DISARM

British and French Premiers
to Discuss Privately the
Reparations Question.

MAY INVITE GERMAN

Paris, Jan. 24.—The supreme coun-
cil, composed of representatives of
Great Britain, Italy, France, Belgium
and Japan, today heard the military
experts, and later conferred together
regarding the failure of Germany to
disarm, as provided for by the treaty
of Versailles. The experts were asked
to make a detailed report on the sub-
ject, with recommendations regard-
ing measures to insure execution of
the disarmament clauses of the treaty.
The experts will meet to-
morrow morning, while the council
will, contrary to expectation, take up
the situation of Austria, instead of
reparations.

Mr. Lloyd George and the president
of the French council, Aristide
Briand, it is understood, desire an
opportunity to talk over the different
phases of the reparations question
before the subject comes up for dis-
cussion at the full council. Thus the
change in the council's program.
In this connection the premiers are
said to be considering whether or not
it is feasible and advisable to have
the German representatives sit with
the council before the final decision
on reparations is taken. The British
delegation is believed to favor invit-
ing the Germans to take part in the dis-
cussions after the allies come to an
understanding among themselves.

Pending a decision on this ques-
tion, Herr Bergmann, the German
delegate, it is expected, will confer
with Loui Loucheur, the French min-
ister of finance, and it is reported
he will make an official offer to
pay two billion marks in gold
within a year, one-fourth of that
sum to be paid in kind.

The possibility of a German being
invited to sit with the council de-
pends partly, upon Herr Bergmann's
proposal to the council, and partly
upon the attitude of the allies. It is
said that the British government
will be asked to make a decision
before the council meets to discuss
the reparations question.

The premiers are understood to be
greatly alarmed at the situation in
Austria and will endeavor to find
some way for the continued existence
of that country. The eastern ques-
tion and the treaty of Sevres, will
be taken up after the council has
finished considering the Austrian
situation.

TIGHTENING NET AROUND GARFIELDS

Man Says He Saw Them in
Woodstock on Night of
Murder.

Woodstock, Ont., Jan. 24.—That
Norman and Detton Garfield were in
this city the night Ben Johnston was
shot in his store, was the positive
statement handed out by Chief of
Police Moore tonight.
The chief, who has worked unceas-
ingly on the Johnston case, claims that
he has a witness ready and willing
to state that he talked to the two Gar-
field boys here on the night of the
tragedy. Chief of Police Moore has
been complimented on the way in
which he has handled the Johnston
murder case.

This afternoon, between the hours
of two and three o'clock, the blinds
in all the stores here were drawn,
while the funeral procession passed.
The Masons had charge of the ser-
vices.

FOR U.S. REGULATION OF PACKING INDUSTRY

Senate Passes Long-Fought Bill Establishing Commission of
Three, With Wide Powers and Jurisdiction.

Washington, Jan. 24.—By a margin of thirteen votes, the senate late
today passed the long-fought bill for federal regulation of the meat packers
and other agencies of the live stock industry in the United States.
The vote was 46 to 33 and the legislation, the centre of bitter controversy
for a decade, now goes to the house with its supporters hopeful of final
action during the present session of congress. A special rule to expedite
house action is to be sought.

The bill would create a federal live stock commission of three members
appointed by the president to have jurisdiction over the live stock industry.
This commission would have power to issue orders, collect and disseminate
information, have access to packers' books and have general supervision
over packers, stockyards, commission men and similar agencies. Review of
the live stock commission's orders would be provided by the bill, which also
prescribed rules for conduct of the packing business and stipulations against
monopoly, unfair trade practices, engaging in unrelated industries and other
similar acts.
Voluntary licensing of packers also is provided, an attempt, by Senator
Pomerene, Ohio, (Democrat) to eliminate this feature, having been defeated
today, 43 to 34.

BUSINESS SURE FOR TORONTO-EASTERN, ENGINEER DECLARES

Enormous Freight Trade Cer-
tain, Expert Tells Radial
Commission.

WOULD BOOST ONTARIO

Officially compiled estimates of the
enormous freight business assured for
the Toronto and Eastern Radial Rail-
way was presented before the royal
commission yesterday by W. S. Hew-
son, the prominent railway engineer,
who prepared them for the Ontario
Hydro-Electric Commission.
The witness was closely questioned
by I. F. Hellmuth, K.C., respecting the
freight business expected for the sec-
tion of the Toronto and Eastern Radial
Railway between Toronto and Oshawa.
He presented estimates of the sec-
tion between Oshawa and Toronto,
which showed that the Toronto and
Eastern Radial Railway's share would
be 170,550 tons. This would be 75 per
cent of the total carried by all lines.
The Hydro engineer stated that ship-
ping from a point west of Toronto
to a point east thru Toronto to the
radial would enable the steam roads
almost 100 per cent.
Regarding international business Mr.
Hewson said that conditions at the
border would enable the radial to
make a heavy bid for this freight.
Asked how electric railways paral-
leling steam lines could increase
freight traffic, the witness replied that
this would be accomplished by build-
ing up industries in the districts thus
boosting the industrial expansion of
Ontario.

MAYOR TO RECEIVE MONEY REFUNDED DURING ELECTIONS

Council Authorizes Payment
of Amounts Questioned by
Church's Opponents.

SALARY INCREASE NEXT

"That the salary of the mayor for
1921 be readjusted to enable him to
receive, as mayor and for all other
services, the items placed in the esti-
mates for him by the board of coun-
cil, and passed by the city council, in
the various estimates last spring, and
that the city treasurer and the city
auditor be instructed to pay the sum
returned by the mayor to him pending
the ruling of the city council, in
full of all services performed by him
as mayor and for all other services
during the year, which sums were re-
turned to the city auditor pending such
ruling, and that the salary of the
mayor for 1921 be fixed at \$10,000."

The first clause of the foregoing re-
solution was passed by the city
council yesterday, and authorizes the
payment to Mayor Church of the
extra \$3,250 which was voted to him
last year, but which he returned to
the city auditor when doubt on the
legality of the payment was cast by
mayor's candidate Sam McBride and
his backer, The Daily Star.
It also authorizes the payment of
\$250 representing salary as police
commissioner for the absent three
months of 1920. The total payment
of back salary which the auditor will
now make is \$3,500. Of this sum
\$1,000 represents the mayor's salary
as commissioner for 1919.
The readjustment gives the mayor
a total salary for 1920 of \$10,600.
As mayor \$7,500
Bonus 1,500
As police commissioner 1,000
Gas Company director 600
Total \$10,600

FIGHT NOMINATION OF F.F.O. CANDIDATE

Gordon, Liberal Candidate in
West Peterboro Deprecates
Agent's Course.

Peterboro, Jan. 24.—The nomination
of James Corbett Campbell, candidate
of the United Farmers' of Ontario in
the West Peterboro by-election, will
be protested on the ground that the
cheque for his nomination deposit
was made out to the local sheriff, Jas.
A. Hall, instead of to the receiver-
general. The protest was entered
after the formal nominations had
been filed this afternoon by Joseph Weir-
ing, a local lawyer, and the Liberal
agent, and a wire was immediately
sent to the minister of justice, Mr.
Campbell claims that he followed the
instructions of the sheriff in making
out the cheque. The announcement
came as a bomb-shell to the Camp-
bell supporters who say that he will
use the incident to damage the Li-
beral candidate's prospects.

Winnipeg, Jan. 24.—The Winnipeg
Free Press evening bulletin today
says:
"A blockade of the business of
legislature until labor members im-
prisoned on charges of seditious con-
spiracy are released, is planned by
the labor group in the provincial
house, according to information ob-
tained at the parliament buildings to-
day. The labor members plan to
continue the debate on the speech
from the throne until William Ivens,
George Armstrong and John Queen
are paroled, so that they will be given
an opportunity to reply to the throne
message and to take their part in the
business of the session."
The government intends choosing
Hon. J. B. Baird, M.L.A. for Mon-
day speaker again this session. The
three opposition groups in the house
decided at a convention held here re-
cently to uphold the government's
choice for Speaker of the house.
"The term of imprisonment im-
posed on the labor members does not
expire until April 6, but a number of
days will be taken off for good con-
duct, making March 1 as the prob-
able date for their release."
The sessions open February 7.

MRS. CRO'S RECOVERY IS NOW DESPAIRED OF

"Very, very low," was the report
from St. Michael's Hospital late last
night regarding the condition of Mrs.
Baby Cross, who was struck in the
abdomen by a revolver bullet during a
quarrel between the Hallam brothers
in the house at 12 Wood street, on
Sunday afternoon. What slim hopes
were at first held for the recovery of
Mrs. Cross are now dispelled, and it is
feared the woman may not live until
morning.

CARNIVAL OF CRIME IN UPPER SILESIA; TROOPS POWERLESS

Whole Communities Are Be-

of Bandits.

POPULATION IS ARMED

Oppeln, Silesia, Jan. 24.—The en-
tire population of Upper Silesia is
armed with rifles, revolvers and ma-
chine guns and is well supplied with
ammunition, which the entente mili-
tary forces and the plebiscite police
are hesitating to seize, in the fear
of a general uprising, said a member
of the inter-allied commission here
today. Widspread terrorizing and
fighting between the Germans and
Poles during and after the forthcom-
ing plebiscite cannot be prevented,
because of the hostile attitude
of the miners. The French venture
into the Rybnik and Pless districts
only in double patrols, the miners
there having been French war pris-
oners, who now are particularly an-
tagonistic to the French.

HON. A. L. SIFTON HONORED IN DEATH

Gathering Pays Tribute to the Memory of Late Secretary of State.

Ottawa, Jan. 24.—(By Canadian Press.)—Right Hon. A. L. Sifton, late secretary of state, was buried here this afternoon.

The ceremony, in a sense, was typical of the life lived by the deceased statesman—simple, unobtrusive.

The Chateau Laurier, where the remains of Mr. Sifton lay, was crowded with mourners, many distinguished in their country's affairs.

But the simple and unobtrusive funeral was held in the apartments which Mr. Sifton and his family had occupied, and there were present but few beyond relatives, friends, mourners and the honorary pallbearers.

Rev. Dr. Rose, pastor of Douglas Methodist Church, Montreal, conducted the service.

What were the characteristics of Mr. Sifton? The preacher asked. They were, he thought, variety and expansiveness.

Mr. Sifton had touched Canadian life in so many ways. As a man he had gone to the west, when it required faith to believe that the west would ever be worth while.

He distinguished himself as a politician—using the word in its better sense—and as a statesman, and in all these Mr. Sifton had displayed ability.

Many Mourners. The interment took place in Beachwood cemetery. Mourners were present from far and near.

The government was represented by the senior general, who was accompanied by Captain Kinnaird.

The prime minister and Sir Robert Borden were honorary pallbearers, with Sir Arthur Currie, who led the Canadian Corps at the front; Sir James Loughheed, minister of the interior; Hon. C. C. Balfour, minister of marine and fisheries; Hon. Mr. Justice, Toronto; Judge Huxley, Peterborough; and Lieut.-Col. O. M. Biggar, Ottawa.

The pallbearers were all either political or personal friends of the deceased.

Following in the cortege were other members of the Dominion cabinet, members of the supreme court bench, representatives of provincial governments, and consular representatives of foreign governments; representatives of government, and parliament, many from the department of state, over which Mr. Sifton presided, and representatives of the other departments of government, and the numerous friends of the late minister.

ROBBERY AT SHOE STORE AND SOLD BARGAINS

York, Pa., Jan. 24.—Nearly every man in Violet Hill, a suburb of about 500 persons, became the recipient of a parcel at a Sunday morning auction held here yesterday by alleged thieves.

Early in the day three men with a truck stopped in the town and announced they had been at an auction sale of shoes at Hanover, Pa., last night and would dispose of their purchases at bargain prices.

Shortly afterwards scores of men surrounded the truck, and shoes sold anywhere from a few cents to several dollars a pair.

Later in the day the local police were notified by the Lancaster authorities that three men had been arrested there for the robbery of a shoe store in that city last night.

Thirteen pairs of the shoes were brought to local police headquarters and identified as those stolen at Lancaster.

HOPE SOON TO CLEAR UP GARNEAU MURDER CASE

No Official Confirmation, However, of Report of Arrest at Sudbury.

Quebec, Jan. 24.—(By Canadian Press.)—Charles Lamoignon, deputy attorney-general, stated tonight that he had not been informed of an arrest at Sudbury, Ont., in the Blanche Garneau murder case. He said he did not expect any development in the case before five or six days, but was confident that by that time everything would be cleared up.

The mystery surrounding the murder of Blanche Garneau is one which has been puzzling the police since July 29, 1920, when the body was found in a clump of bushes near Victoria Park. The girl had been missing since July 22, and was last seen alive on the evening of that day, walking thru Victoria Park towards the suburb of Stadacona. An autopsy showed she had been strangled, and her head and stunned. She had been violated and strangled to death.

The statement says the trustees regard the additional \$250 bonus and not as a permanent addition to the scholarship, because they cannot be certain either of the value of money in the future or of the own capacity to continue the payment indefinitely. At the same time, they wish it clearly understood that the bonus will not be withdrawn from the fund.

It is pointed out that there is no suggestion that the stipend of \$350 is sufficient to meet the existing increase in living prices, and candidates are warned in the statement that they must make some small addition to it from their own resources.

RHODES SCHOLARS TO GET A BONUS

Fifty Dollars Added Temporarily to Stipend Now Received.

Boston, Jan. 24.—Temporary increase of the stipend granted all Rhodes scholars from \$300 to \$350 a year was announced today by Frank Ayleotte, United States secretary of the Rhodes scholarships.

The statement says the trustees regard the additional \$50 bonus and not as a permanent addition to the scholarship, because they cannot be certain either of the value of money in the future or of the own capacity to continue the payment indefinitely. At the same time, they wish it clearly understood that the bonus will not be withdrawn from the fund.

Collective bargaining as opposed to the open shop policy, was taken up at the International Brotherhood of Paper Makers' convention, which commenced at the Prince George Hotel yesterday.

It was asserted that the paper manufacturers were trying to force their employees to sign individual contracts and thus prevent the possibility of collective bargaining. A resolution was passed taking a strong stand against the open shop policy.

President J. P. Carey of Albany, N.Y., was in the chair, and 150 delegates were present from the United States and Canada, including two women delegates from Holyoke, Mass. It was decided to ask for a five per cent increase in wages. This was asked last year, but not obtained.

O'CONNOR BACKS UP LABOR CANDIDATE

Neither Government's Nor Liberals' Policy Is Sincere, He Declares.

Peterboro, Ont., Jan. 24.—(Canadian Press.)—A meeting was held here this afternoon at the home of Thomas McMurtry, Labor candidate in the West Peterboro by-election. A feature of the meeting was the presence of the Hon. J. P. O'Connor, K.C., who announced his intention of supporting the Labor candidate, and opposing the other four candidates now in the field.

Mr. O'Connor condemned the Liberal policy, and during a reference to Hon. Mackenzie King's recent speech in the Ontario legislature, he said: "I speak the truth." Mr. O'Connor proceeded in spite of this and other interruptions and stated that the Liberal policy was not based on sincerity. He did not approve of the government candidate's policy for similar reasons.

Attitude on Tariff. Mr. O'Connor then launched into an exposition of his reciprocal tariff policy with the United States. He said the reason why the Canadian manufacturers of this country did not endorse his tariff policy was because it contained a penalty clause to be imposed on manufacturers, who abused the policy in an effort to make abnormal profits.

Other speakers beside the candidate were: John Bruce of Toronto; Thomas Thomas, M.L.A., and the candidate, Thomas McMurtry, who assured the audience, holding the floor to do what he could to better the living conditions of the electorate of West Peterboro and the Dominion at large.

BLUE LAWS RUMORS DENIED BY NORRIS

Winnipeg, Jan. 24.—(By Canadian Press.)—A wave of protest has been launched against the alleged order of Hon. Edward Brown, provincial treasurer, prohibiting the showing of any films of lantern slides at religious services in theatres on Sunday. Protests were made at two largely attended meetings in downtown Winnipeg yesterday.

Today Premier T. C. Norris announced that no order-in-council has been passed by the provincial government restricting on Sunday amusements. Skating, Sunday concerts and all forms of amusements will continue as far as the provincial government is concerned.

VOLCANO OR WHALES TAKE SHIP PROPELLER?

New York, Jan. 24.—Add to the mysteries of the sea the tale of the steamer Calamare, which limped into New York today from Central America with one of its propeller blades missing.

Captain, officers and passengers agreed that it was a rough day on the high seas when last Wednesday the ship began rolling so violently that persons were thrown out of their deck chairs.

But whereas the skipper held to the theory of a submerged volcano, his passengers clung to the most imaginative theory of the ship's propeller being cut off by a whale's tail.

First Stead Sermon THEN STOLE OVERCOATS

Wilmington, Del., Jan. 24.—Some of the attendants at the Grace Methodist Episcopal church departed without their overcoats tonight after three young men, who had listened to a sermon on "What is real religion?" entered the vestry and took with them all the clothing in the room.

The theft was the third which has taken place in the church this month. A curious feature was the fact that the pastor, Rev. J. R. Sumwalt, during his sermon declared that in a recent visit to the county prison he saw three cells which he "would like to see filled" with such young men thereupon arose and entered the vestry as they about to leave the church.

WOULD HANG THE PEOPLE WHO MINISTER TO VICE

Montreal, Jan. 24.—"When you get these ministers of vice hanging them on the highest gallows you can build. You hang ordinary murderers, why not hang these people who murder souls and poison bodies and morals?" With this slashing attack on the subject of commercialized vice, Rev. Dr. William J. Kerby, of the Catholic University of America, Washington, D.C., electrified his way to the front whom he addressed today at the invitation of the committee of sixteen, a body of ministers and prominent laymen of this city which is fighting vice conditions in Montreal.

Father Kerby insisted that the laws should be made so strict that the ministers who go to St. John, thence to Sydney, N.S., and Quebec, before returning to Ottawa.
