Britain, U. S. and Italy Join France on Ruhr Evacuation Plan

BOYS SAVED FROM RUHR WATERS

ULTIMATUM IS PRESENTED TO GERMAN ENVOYS
Withdrawal of Belgo-French Troops Within Year is Proposal.

TEUTONS RESENTFUL
Some Delegates Now Fear For Final Success of Conference.

(British United Press)
London, Aug. 14.—What amounts to a virtual ultimatum was handed to Germany today when representatives of Great Britain, the U. S. and Italy joined hands with Premier Herriot of France on the plan for Franco-Belgian military evacuation of the Ruhr within one year.

The decision was handed to the Germans with the demand that they reply to the agreement by 3 p. m. today. The Germans are waiting an answer from Berlin before replying. They are resentful of the ultimatum-like character of the proposal, one member of the delegation intimated.

The French delegation bluntly refused to discuss the matter. Later in the day French sources said that Herriot told the Germans that one year after the present protocol was signed military evacuation of the Ruhr would be carried out.

Will Not Press Report. According to a report circulating at the French headquarters, Ambassador Kellogg, Prime Minister MacDonald and the Japanese delegation have assured Premier Herriot they have cancelled the situation regarding the Franco-German dispute and will press the French for no further concessions regarding the date of military evacuation of the Ruhr. The report cannot be verified.

ERNEST SHAW AND EDW. O'NEILL ARE HEROES OF RESCUE
Co-operate in Saving Edwin Titus, Who Falls in While Fishing.

SHAW IN FIRST
Having Difficulty When O'Neill Jumps to the Rescue of Both.

Two more names were added this morning to St. John's list of heroes when Ernest Shaw, son of Henry Shaw, 49 Britain street, and Edward O'Neill, son of Mrs. G. W. O'Neill, 68 Pitt street, jumped into the waters of the harbor at Reed's Point and rescued Edwin Titus, 12-year-old son of Mr. and Mrs. Horace L. Titus, of 254 City road, who had fallen overboard while fishing from the trestle which runs from the Eastern Steamship wharf towards the Atlantic Sugar Refinery.

The accident happened between 10:30 and 11 o'clock. Young Titus, who was accompanied by his younger brother, Arthur, aged 10, was walking along the trestle with his fishing pole in his hand prospecting for a spot in which to drop his line. His foot slipped on the edge of one of the stringers and he fell into the water.

Ernest Shaw, known amongst his pals as "Diner" Shaw, however, caught sight of the boy struggling in the water and he dashed out along the trestle. By this time the lad was sinking and he was in danger that he would be carried under the trestle by the tide. Without waiting to remove even his coat, Shaw dived into the place where the boy had disappeared, and in a few minutes had brought him to the surface and started towards the steps.

He had the boy under his right arm, while he struck out with his left for the wharf. He was helped, however, on account of the fact that the tumb and the two first fingers on his left hand are missing as a result of an accident.

Outside of a soaking and a bad scare for young Titus, none of the participants in the rescue was any the worse for the incident. The lad was able to walk to his home and get his clothes changed, and it was reported from there at noon that he was all right. A Times reporter talked with Mr. Shaw after he had got his clothing changed and beyond being a little unstrung on account of his experience he was not suffering on account of his heroic act.

NEW BRUNSWICK
BIRTH RATE BEST

Encouraging Reports Are Submitted at Provincial Health Bureau Meeting

New Brunswick led all Canada in the birth rate for 1923, according to an announcement made by Dr. George G. Melvin, chief medical health officer, at the opening of the quarterly session of the provincial Bureau of Health this morning at the Health Centre. Dr. Melvin quoted from the tentative report, just issued from Ottawa on vital statistics, which shows that this province's rate of 26.9 per 1,000 population led Manitoba, which stood at 26.6 in second place. British Columbia was third with 17.8. Quebec is not included in the figures compiled. Commenting on the figures, Dr. Melvin declared it was a matter for congratulation, and he praised the work of the registrars throughout the province in this respect. Not the same favorable report, he said, could be made for the infant mortality rate for the province which, according to the report, stood at 108 per 1,000 live births. In 1922, it was 103. All but two other provinces, however, showed increases, while New Brunswick's was less in proportion than any of the others. The mortality rate for all causes, however, has again lowered for New Brunswick—now being the lowest for the maritime provinces and only slightly higher than that of Ontario, which is considered the standard in this respect.

IT LOOKS WELL.
The committee in charge of the proposed "Made-in-St. John's" exhibit at the St. John Exhibition continued their canvass this morning and, according to reports, are meeting with excellent success. While a definite decision regarding the holding of the exhibit will not be made until a meeting in the Board of Trade rooms tomorrow afternoon, the members of the committee are most optimistic. Yesterday one pair of canvas shoes interviewed 30 manufacturers and 22 of them contracted for space at the exhibit. The record of the other pair was approximately the same.

TRAIN KILLS FOUR.
Bride of Two Days Also Terribly Injured at Level Crossing.

Hamilton, Ohio, Aug. 14.—Four persons were killed and another was probably fatally injured when an east-bound Cincinnati, Indiana and Western passenger train struck the automobile in which they were riding, eight miles from here.

The dead are Roy Fawns, 20; Lella Fawns, 15, a sister; J. E. Johnson, 35, and his daughter, Dolores, aged 11. Mrs. Roy Fawns, a bride of two days, was terribly injured.

According to the engineer of the train, the automobile was speeding up a grade preliminary to crossing the track when he first noticed it. The automobile was half way across, he said, when the engine struck it, throwing the machine about 50 feet. The gasoline tank exploded and the wreckage caught fire.

Mrs. Roy Fawns was burned about the head and body and physicians at the hospital here said she would die.

Hit By Lightning; Throat Paralyzed.
Freepoint, Me., Aug. 14.—The throat of Clyde Warren, 15-year-old son of G. Edward Warren, was paralyzed so that he could not swallow, as a result of being shocked shortly before midnight by lightning, which struck his home at Pleasant Hill. His physician expects he would recover gradually. He was sleeping with his younger brother, who also was stunned but was all right. A large mirror was shattered and a blaze started in a lounge.

KLAN BRAND PUT ON YOUTH'S BODY

19-Year Old Lad Says Three Men and Woman Were Involved.

Danville, Ills., Aug. 14.—Held by three men on a highway between Danville and Paxton, while a fourth member of the party, a woman, branded him with the letters "K. K. K.," Ralph Aaron, 18, son of Mr. and Mrs. Frank Aaron of Hankin, made no report of the attack for several days, until he was compelled to visit a physician. He was branded one week ago Saturday night, he said. As he was returning from Paxton, west of that town, he came upon a girl who was having trouble with her automobile. His offer of assistance was accepted, and he had just started work when three men grabbed him and tore off his clothing.

A few nights previously, he stated, he met three men who asked if he was a member of the Klan. He replied that he expected to become one, at which one of the men said, "Well get you for it."

Vermilion County Klan officials, who are investigating, express doubt that the boy had been branded.

Halifax Horse Races Postponed

Halifax, N. S., Aug. 14.—Rain, which has prevailed for several days, interfering with all outdoor carnival features, has caused a postponement of the horse races. The races will commence tomorrow, weather permitting. Silver Bell is the favorite in the 2:30 trot and Kate Vale in the 2:30 trot and pace. Keenah Aubrey in the 2:18 class are favorites. There are 16 men for the 2:22 trot and pace Saturday, which will probably be run on the elimination plan. Jean Bingen is favorite in the free-for-all Saturday.

LANDING FOR FLIERS UNCERTAIN

(United Press.)
Reykjavik, Iceland, Aug. 14.—An uncertain fog awaited the American flyers preparing to hop off from here today for the east coast of Greenland near the port of Angmagssalik.

After all plans had been made for the flight to be started at 8 o'clock today, word was received from the Danish steamer Gertrude that heavy fog again surrounded the island. The ice packs had become worse, and there was again some question of whether the flyers would be able to make a landing.

PUFFS HIS FAG AS AUTO IS DESTROYED

Caught Between Two Trolley Cars, Driver is Rescued Unruffled.

Boston, Aug. 14.—Max Richman of Malden, smoking a cigarette at the wheel of his automobile, suddenly found himself caught between two street cars, went through the excitement of a narrow escape and was still calmly puffing his cigarette when the wreckage extricated him from the wreckage. Nothing remained intact but the steering wheel of the Richman automobile and the imperturbable Richman himself. And, of course, the cigarette was unharmed.

Coming head-on against him was another automobile. Richman accepted the worse of two evils for himself and made a graceful dive between the two trolleys. Both trolleys, witnesses said, joined in the general demolition of the Richman automobile. Three wheels came off his car as neatly as if it had been done by machinery.

The whole business calmed in towards the centre. Richman was pinned underneath the wheel, his face scarred here and there with bits of glass from the window. Patrolman T. F. McCarthy and Thomas King lifted some of the necessities of Richman's shoulders and wiped the blood from his face.

It is expected that the play will be speeded up this afternoon, tomorrow and Saturday, to bring the finals in all events on this week.

After all plans had been made for the flight to be started at 8 o'clock today, word was received from the Danish steamer Gertrude that heavy fog again surrounded the island. The ice packs had become worse, and there was again some question of whether the flyers would be able to make a landing.

BLUEJACKETS ARE SEEN IN PARADE

Calcutta Men Drill on Barrack Green—At Home On Flagship.

This afternoon, Vice Admiral Sir James A. Ferguson, K. C. B., C. M. G., R. N., commander-in-chief of the North Atlantic squadron, will hold an address on board his flagship, the Calcutta, with invited guests present. The Calcutta has been decorated with flags and bunting for the occasion.

This morning about 50 bluejackets paraded through the city to the Barrack Green where they were put through several phases of company drill. The first performed that of a squad with fixed bayonets and carried it through with a precision that would have excited the admiration of a seasoned army man. Their clockwork regularity in handling the rifles elicited much favorable comment.

Tonight the Calcutta's concert party under the direction of Lieutenant Swinley and Lieutenant Wigger, two of the most popular officers on board the ship, will give a performance in the Seaman's Institute. A big attendance is expected.

Last evening the Vice Admiral entertained at dinner with the following as guests: Lieut-Governor Todd, Mayor Potts, Lt.-Col. H. C. Sparling, D. O., and Senator W. S. Daniel.

Yesterday afternoon a large number of citizens inspected the flagship, which will sail tomorrow for Halifax.

Suggests Canadian For Governorship PHIL MACDONALD SAYS NO CAUSE FOR COMPLAINT

London, Aug. 14.—(Canadian Press Cable)—Discussing the difficulty in filling the governorship of Tasmania, which office James O'Grady, Labor member for Southeast Leeds, refused, the Daily Herald, Labor organ, suggests that the colonial office ask a Canadian or an Australian to be governor. The paper is of the opinion that men rich and democratic enough could easily be found in the Dominions and says that such an act would do more to show the British states were united than years of talk.

Charlotte, N. C., Aug. 14.—Phil Macdonald, Prince Edward Island's representative in the Olympic Games at Paris, who returned home last night, said that there was no foundation for charges of discrimination against maritime province men by Upper Canadian officials. Every man was afforded an equal opportunity, Macdonald said, and was courteously treated while training and in competition.

ECZEMA IN FORM OF RASH Face Utterly Disfigured. Cuticura Heals.

"Some time ago eczema broke out on my face in the form of a rash. It continued to spread and become more unsightly week by week. The irritation caused me to scratch my face, which after a few weeks was utterly disfigured. The trouble went on for at least two months."

"A friend advised me to try Cuticura Soap and Ointment so I purchased a box of Ointment and a cake of Cuticura Soap and before they were used I was healed." (Signed) Miss Emma McPherson, Cloverville, Nova Scotia.

this could be done under the existing laws governing the Senate.

Other prominent passengers on the Empress of France were Admiral Sir John Warre Slade, commander-in-chief of the East India, 1909-1912 and since retired, Viscount and Vicomtesse de Rostang de Paris, and Sir John Parsons, one of Great Britain's most eminent physicians, on his way home after an extended tour through Canada.

DEATHS

Allan W. Strong.
The death occurred at the Montreal General Hospital yesterday of Allan Wilnot Strong of Westmount, head of the Mathematical Division of the Actuarial Department of the Sun Life Assurance Company of Canada.
Mr. Strong was born 59 years ago at Summerside, P. E. I., the son of Charles Wesley Strong, collector of that port. At the age of 14 Mr. Strong entered Prince of Wales College, Charlottetown. At 16 he matriculated into McGill University, which he attended for one year, the following year he attended the Normal School at Fredericton, N. B., securing his teacher's license, he then resumed his course at McGill. He graduated with first-class honors in science in 1889, winning the British Association Gold Medal and obtaining the degree of B. Sc. in Arts.

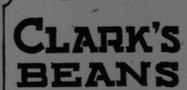

John Wilkes.
John Wilkes died suddenly yesterday at his home at Public Landing on the St. John River. He was stricken with paralysis while working in his field about noon. He leaves his wife, one brother, Eli, one sister, Mrs. Horgan, of Golden Grove, two sons, Benjamin and Arthur, and one daughter, Mrs. Peters, England.

Making wash day pleasant—

THE hardest part of wash-day, rubbing, rubbing, rubbing, has given way to the new method of soaking the clothes clean with Rinso. This wonderful new soap gently loosens the dirt and a thorough rinsing leaves things white and glistening as you never could get them before. Only spots where the dirt is ground-in, such as neck bands, cuff edges, and the like need a light rubbing, and a little dry Rinso rubbed on these spots quickly makes the dirt disappear.

Rinso is sold by all grocers and department stores

MANY ATTEND EAST ST. JOHN FESTIVAL

The lawn festival in aid of the building fund of the Stella Marie church in East St. John had a most auspicious opening last evening when large crowds attended and the tents set out on the Foley grounds to house the various attractions were scenes of bustle and thriving trade. The grounds presented a pretty sight with many Chinese lanterns effectively arranged to light the stalls and the games. The ladies served light refreshments but there was no regular supper. The festival will be continued each evening of this week but supper will be served only on Saturday, the closing night, when it will be a regular old-fashioned bean supper. The City Concert Band provided a pleasing programme of music last night.

Vice-Admiral Sir James Ferguson last night entertained at dinner in his private suite of the flagship, H.M.S. Calcutta, when his guests were His Honor Lieut-Governor W. F. Todd, His Worship Mayor Potts, Lieut-Col. H. C. Sparling, D.S.O., acting C. C. of military district No. 1, and Senator J. W. Daniel. The dinner was an informal occasion and there were no speeches, but during the evening the ship's orchestra gave an excellent musical programme. The Admiral's hospitality was much enjoyed by his guests.

The Byng Boys were hosts last night at their bungalow at Pleasant Point, and entertained eight of the officers of H.M.S. Calcutta at dinner and bridge. The gathering was a very pleasant and much enjoyed occasion, and the army and navy men sang heartily the familiar songs of war time and made apt speeches. Toasts to the King and to the Navy were duly honored, and songs were given by Lieut-Col. Alexander McMillan, D.S.O., and Engineer Commander Ward, R.N. Greetings were received from the officers of H.M.S. Constance who had been dinner guests at the bungalow a short time previously, and had much appreciated the friendly hospitality of the Byng Boys. The guests from the Calcutta were Commander Buchanan, Surgeon Command-

er Walsh, Engineer Commander Ward, Lieut. Commanders MacKenzie and Leach and Lieutenants Lawrie, Buller, Crisp and Wooten.

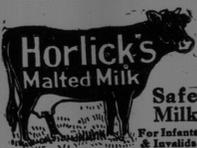

Mrs. R. H. Anderson was hostess at a very pleasant luncheon party at the Riverside Golf and Country Club yesterday when the honor guests were Mrs. J. A. McLeod, of Toronto, who is visiting Mrs. Crawford at Woodman's Point, and Mrs. R. Hutchinson, of Boston, sister of Mrs. Anderson. Other luncheon guests were Mrs. W. White, Mrs. George McAvity, Mrs. Crawford, Mrs. Hugh Mackay, Mrs. H. Enman, of Toronto; Mrs. Lawrence McMann, of Toronto; Mrs. F. M. Ross, Mrs. Leslie Peters and Mrs. Currie. Bridge was played in the afternoon and Mrs. Kenneth Golding, Mrs. W. A. Clark and Mrs. H. O. Clark came after lunch to join in the games.

Mrs. William Prime, formerly Miss Emma Allingham, of Quincy, Mass., is visiting friends and relatives in New Brunswick. Mrs. Prime formerly resided in West St. John, and has not revisited her old home for 13 years. She motored here and was accompanied by her husband and daughter. The party will return to Quincy this week after a pleasant two weeks' vacation.

Mr. and Mrs. William Stewart are visiting at their former home in Prince Edward Island.

S. B. Gregg left on the steamer Grand Mann on Tuesday on a short trip to the Island. He was accompanied by his daughter, Miss Audrey and son, Harold, who will visit their aunt, Mrs. Roy Guphill, of Castala.

Miss Rachael Senior Merrill, who last year was solo violinist for Sousa's Band and the star for that world famous musical company, is to visit Mrs. T. J. Gunn in St. John and is expected to arrive in the city the first of next week. Miss Merrill has studied with the eminent masters, Leopold Auer and Franz Kneisel. It was when they were fellow pupils of Kneisel that Mrs. Gunn became

personally acquainted with Miss Merrill. She comes from New York to St. John and will be Mrs. Gunn's guest for a few weeks.

Mrs. and Mrs. James Hamilton, of Gagetown, and their son, Murray, are the guests of Mr. and Mrs. William McAllister, Peter street.

GIVE BAND CONCERT.

A large crowd enjoyed the band concert given in Tilley Square, West St. John, last evening by the Carleton Cornet Band. Bandmaster W. Lanyon was in charge.

FAIRVILLE AND VICINITY. Mrs. Edward D. Jacobs, of Boston, arrived in Fairville on Tuesday evening, having been called here on account of the serious illness of her mother, Mrs. Elijah Lester, Prospect street.

CAMP SPONSORS CHEERED. Recent gifts to the Lady Byng Summer Camp at Fair Vale have brought cheers to the organizers and sponsors of the camp and there is every likelihood that there will be no large deficit if the entertainments planned and the amounts promised all materialize. Six of the children now in camp will return to the city at the end of this week and four girls and two boys will take their places. The number of children receiving care will be close to 40 when the six newcomers

ADVENTURES OF THE TWINS

By Olive Roberts Barton

WHY THE TWINS LEFT BUSTER BEAR'S.

"I think I'd kind of like to visit Buster Bear on my vacation," said Weeny, the elephant, to the Twins. "And I'm sure Buster would like to have you, too." "Where does he live?" asked Nick. "In a woods on the side of a mountain," said Weeny. "Nancy, will you please shake the wrinkles out of my nightgown and pack it up for me? I can't go to Buster's house all wrinkled up. And where are my specs?" "They're right on your nose," said Weeny. "Ha, ha, ha! I declare!" laughed Weeny. "If they'd been a snake they'd have bitten me. That's me for you! Here, Nancy, I'll take them off and you can pack them, too."

When Weeny climbed up and rang the door-bell, Buster answered it, for indeed there was no one else to do it. He was all by himself. "He was so surprised to see them that all he could say was 'Good-night!'" "You should say 'Good-day,'" said Weeny, wrapping his trunk around Buster's neck and giving him a kiss. "Good-night—I mean 'Hello,'" said

No vinegar can give what it hasn't got. The only use of vinegar is to impart and develop flavor, and to do this it must have flavor. Mere sourness isn't flavor. A poor vinegar on which you save a few cents, will spoil a salad—and where is the economy in that? Heinz Vinegars are made of the choicest materials in the most careful way, then slowly aged and mellowed to give them that delightful flavor and aroma which makes a salad worth while. SUPREME SALES SYSTEM, LTD.

A Genuine Forced Sacrifice!!

WE HAVE TO GET HOLD OF \$10,000 IN THE NEXT TEN DAYS OR CLOSE OUR DOORS
TONS OF MERCHANDISE—BUT NO READY CASH

As we all know, confession is good for the soul and it is good for the people to hear when it is the truth, even when it comes to the point where we have to expose our embarrassing financial condition, and now you have the story in a nutshell. The wholesale manufacturers, and jobbers, everyone from whom we have purchased our goods—haven't received their money. The time of giving credit by our creditors has elapsed and we have promised to move Heaven and Earth to get \$10,000.00 the first ten days of this sale—so what are we going to do?

To induce you and other economical buyers, in many, many instances we are going to cut the price right in two, and if you have the least inclination to save, you will stock up with this merchandise for even twenty years from now.

Next Friday, August 15th, is the day you want to start buying to fill your larder to overflowing, because you or any other careful buyer of merchandise has not been confronted in years with the same opportunity to save.

BROWNS' PENNANT HOPES LESS ROSY

Lose Two Heart-Breaking Games to Yankees—Pirates Gain.

New York, Aug. 14.—Within 24 hours the pennant chances of the St. Louis Browns have faded from a bright rose tinge to an olive drab. When Staler's men invaded the Yankees' home yesterday they were but four games behind the then second place New Yorkers. Today they are six contests to leeward of the world's champions, who once more are perched on the top branch of Ban Johnson's tree, seven points ahead of the Tigers.

The Browns lost two heart-breaking games to the Yankees by scores of 1 to 0 and 2 to 1. Both battles were decided by single combat between the rival moundmen. Honors were even in the opener between Pennock and Wingard, but Robertson turned the tide of victory in the former's favor with a two-base wild throw past first. Bush won a deserved triumph over Shocker in the final by uncorking a triple more stuff in the tight places.

After clinching the curtain-raiser by 5 to 4 and establishing a six-run lead in the second, Detroit collapsed at the feet of the Athletics in the fifth inning, the white elephants chasing seven runs over the pan in that frame and winning out by 8 to 7 in the eleventh. Covelick held Washington safe at all stages, while his fellow Indians hammered out 8 to 1 victory.

Practically hit-proof pitching was the principal factor in Boston's two-try killing of Chicago, 6-0 and 4-1.

Six games, instead of seven, today separate the Pirates from the leading Giants in the Nationals as a result of the former's 4 to 2 decision over the champions.

The other six Heydler clubs enjoyed a holiday.

DEMPSEY MAY BOX GIBBONS IN LONDON

English Syndicate Has Made Big Offer to Heavyweight Champion.

Los Angeles, Aug. 14.—A tempting offer which may carry Jack Dempsey, world's champion heavyweight boxer across the Atlantic to meet Tommy Gibbons in London, was made to the champion by an English syndicate this week. It was announced here by Jack Kearns, Dempsey's manager.

The offer, Kearns declared, is of such attractiveness that it is impossible to ignore, and comes at a time when the champion has expressed determination to abandon his more recent calling, motion picture acting. Dempsey, according to Kearns, had yearning to get back into the ring, will start training in an effort to condition himself by October so that he will be in a position either to accept the English offer or to meet the winner of the Willis-Firpo battle next month.

Despite previous declarations that Jack Dempsey would not defend his world's heavyweight championship this year, the possibility that the titleholder would engage in one bout either in this country or in Europe, developed over the weekend, has brought added interest to the heavy-weight situation in general and the clash between Harry Willis and Luls Firpo in Jersey City on Sept. 11 in particular.

Promoter Tex Rickard, who is in Los Angeles, containing the information that Dempsey planned to come to this city for the Willis-Firpo struggle, and adding that the champion was entering training hospital of being ready to defend his title against the winner in a bout in October, if Rickard cared to venture as an outdoor attraction at that time of the year.

Rickard expressed himself as agreeably surprised at the contents of the telegram he said he had received, in view of the fact that Jack Kearns, the champion's manager, had informed the promoter before departing for the Coast that Dempsey would not engage in a bout this year. The promoter said the message completely changed his plans, but added that he would make no definite announcement until Dempsey had arrived here and the situation was thoroughly reviewed between champion and promoter.

"I think a bout between Dempsey and the winner of the Willis-Firpo match could be held successfully in October, but I do not intend to make any definite plans for the match this year until after I have talked with Dempsey," said Rickard.

The champion has wired me he will be here for the Willis-Firpo bout and then we can get together and discuss matters. If he feels that he will be able to get into condition to defend his title, and I am convinced that such an important bout could be safely conducted so late in the year, I will proceed with the arrangements to have Dempsey box before the snow flies. Right now, however, I intend to mark time until Dempsey returns to the East. Everything depends on Dempsey."

Had Planned Only Bout. Rickard originally intended to confine his efforts to the Willis-Firpo bout and make that contest the most important ring struggle of the year. At the time he signed the Sept. 11 match, Rickard announced that Dempsey would not be called upon to meet the winner until late next spring or early next summer. This arrangement, the promoter announced, was definitely agreed upon by Kearns and himself during a series of conferences which preceded Kearns' departure for Los Angeles some time ago. At the time Dempsey was engaged in moving picture

work on the Coast and was understood to be bound by a contract which prevented him from boxing this year. Rickard stated, however, that his understanding of this contract was that it tied the champion's hands, as far as boxing was concerned, only until the middle of this month.

The promoter welcomed the news that Dempsey is about to return to England and accept the offer of Dempsey's being prepared to box much sooner than Rickard had expected. Regarding the reported offer, Rickard said that it was the London promoters who made the offer, and that it was the American League fairly teems with brilliant performances. The feat that pleases him most is that he has made a payout at every base in the infield, quite unusual for a catcher.

While Schalk may never again catch 100 games during a major league season, he is far from being through as a catcher and still is one of the most valuable in the major.

As a matter of fact there will probably be a place for Schalk in baseball long as he cares to stick to the game. His knowledge of the catching game makes him invaluable to a club in its development of pitchers.

Red Sox have the ideal build for record breaking catching, yet Hank Severid, the direct opposite, is able to keep up the pace of every day playing.

Schalk is built on sturdy lines, but does not possess a physique that appears able to stand under the strain of catching 100 games or more every year for 11 years.

From 1912 to 1924 Schalk has taken part in 1,441 games, an average of some 131 games per season over a period of 11 years. The big league schedule calls for 154 games. This will give some idea of how little the rest of the White Sox catching staff has had to do over that stretch of play.

Schalk's record of 11 consecutive years, in which he caught more than 100 games each season, is more than double the best National League performance, five years by Chief Myers when with the New York Giants.

Schalk's career in the American League fairly teems with brilliant performances. The feat that pleases him most is that he has made a payout at every base in the infield, quite unusual for a catcher.

THEATRE 'PLANES, LONDON TO PARIS

Go to Paris, See Show, Return Same Night, is Plan.

London, Aug. 14.—One of the plans now contemplated in the regular operation of the night airway is the running of special "theatre planes" between London and Paris.

Such machines, big, luxurious, and fast flying, will enable parties to leave London in the evening, witness some new play in Paris, and return again to London that same night.

Guided by a huge fiery beacon, mounted on a tower, which throws a brilliant reddish light a distance of 50 miles, big air expresses, carrying their passengers in armchair seats in luxurious, electrically lit saloons, have just begun to alight regularly at our "Crossing Cross of the Air" at Croydon after darkness has fallen.

The great new lower-beacon is made up of countless "neon" tubes, from which the air is exhausted, and which contain a small quantity of the pure "neon" gas, an electric current being passed through the tube to cause an extraordinary vivid "glow" which has caused onlookers to refer to it as the "pillar of fire."

Other big beacons, throwing beams of light upward, are now dotted all the way between London and Paris, while upon emergency, alighting grounds are ingenious automatic lighting-plants, which light themselves up in the evening, without any attention, and put themselves out again at dawn.

They not only guide the airman, should he need to make an emergency landing, but, by means of further automatic mechanism, they flash on little colored lights showing the strength of the ground wind.

STAGE FOLK ARE BARRED IN WILL

Terms of Will of Marie Corelli, Writer, Are Disclosed.

Stratford-on-Avon, England, Aug. 14.—The late Miss Marie Corelli left an estate valued at about \$120,000, and bequeathed all of her property to Miss Bertha Vyver, her life-long companion.

Mason Court, Miss Corelli's Stratford residence, is to be preserved intact with its garden and paddock, and after Miss Vyver's death, it is to be preserved for the benefit and service of distinguished persons visiting Stratford-on-Avon from far countries.

These visitors are to be selected and recommended to Miss Corelli's trustees by the council of the Society of Authors.

Miss Corelli, however, "absolutely excludes actors, actresses, and all persons connected with the stage," and "most strictly enjoins that no persons connected with Stratford-on-Avon, officially or otherwise, shall be permitted to co-operate or be concerned in the carrying out of the trust."

U. S. ARMY HAS ONE MAN DIRIGIBLE

(United Press.) Dayton, O., Aug. 14.—The army air service announces a new creation—the baby blimp, a one-man dirigible.

The craft is a mere pimple compared with present types. It is under construction at Hammondsport, N. Y., and will be ready to fly in about five months, according to officials of McCook Field here, where the ship was designed.

In general appearance the one-man dirigible will resemble a free balloon turned on its side. Its nose is blunter than larger dirigibles and Zeppelins.

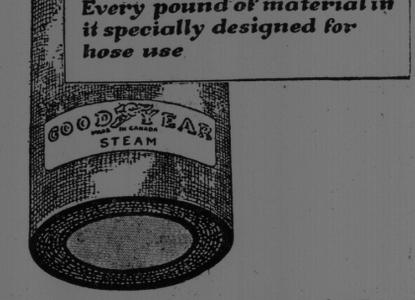

It will permit the ship to remain aloft five hours at a time. The baby blimp, as designed, is about 22 times smaller than the Shenandoah, the largest of lighter-than-air craft. The Shenandoah is 880 feet long and has a gas capacity of 2,000,000 cubic feet.

Special controls, designed by Corbett, make it possible for one man to operate the smaller ship by manipulating two rudders and two elevators.

On deflation, the mechanical parts may be removed and packed away.

GOOD YEAR INDUSTRIAL HOSE

Every pound of material in it specially designed for hose use

and the bag is 30 feet long. Filled with 20,000 cubic feet of hydrogen it will stand 50 feet high.

The ship was designed by Matt Corbett, McCook Field civilian engineer, who produced the famous "Jumping balloon."

LAVISH SPENDERS REACH LONDON

Great Display of Wealth in Restaurants and Ball Rooms of City.

London, Aug. 14.—The last few weeks have seen the arrival in London of the wealthiest and most distinguished cosmopolitan visitors that the capital is likely to have this summer.

As in previous years, July has been found to be the month when the most lavish spenders arrive. Any Londoner who goes into one of the luxury restaurants or ballrooms in the West-end must now can see the world's richest men and their women-folk on holiday.

This is the time when the most exclusive of New York society comes for a brief visit.

The influence of those best-dressed women from all parts of the world can already be detected in the general feminine display in the London ballrooms.

The feather-trimmed dresses of such obviously rich throngs have been replaced by gowns of severer lines, very plain, but of, so infinitely more expensive. The colors are still rich, but more subdued.

At the Savoy perhaps the most striking note which these visitors have introduced is the gravelly-out ecclesiastical gown, of dark rich colors, and held at the waist with a monkish girdle.

Non-sparking gems, like jade or amber, are favored by these wealthiest women of the world, rather than the glittering diamonds.

In one London ballroom the young wife of a Columbian mine-owner from South America was wearing a head-dress exquisitely carved from a solid piece of jade. It had none of the glitter of a diamond tiara, but it was probably much more valuable.

BOY IS DROWNED.

Millon Brown, 16 years of age, son of Cameron Brown of Tower Hill, Charlotte County, was accidentally drowned yesterday afternoon in Moore's Hill Lake while bathing. The body was recovered.

STAR CATCHERS ARE SLIPPING

Ray Schalk and Cy Perkins Feel Strain of Years.

Two of the best catchers in the American league, stars of the circuit for a decade, are gradually slipping. Ray Schalk, brilliant backstop of the White Sox, is unable to keep up the pace that has made him the most talked of catcher in years.

His services are lost to the Sox just at a time when they have rounded out another great pitching staff. Cy Perkins, Connie Mack's backstop around whom work has been the weakest since he joined the Mack organization.

For 11 years Schalk has caught 100 or more games, but this year he will be unable to accomplish that feat. He had hoped to go through a dozen years K-Sport-Star Catchers—stabilizer of work behind the bat with 100 games a season to his credit. It was a feat that had not been put across in the history of the American League and it looks now as though it will remain unaccomplished for many years to come.

Schalk makes no bones of the fact that the years of hard work behind the bat for the Sox have taken their toll. He believes that 100 games a season are too much for him now. His hands are in bad condition, but he says there's no telling what he might do if his hands rounded into good condition.

Three fingers of his throwing hand are badly injured, and that alone keeps him from going in regularly. He has grit, will power, and above all a love of the game which frequently has found him with the chest protector on when he should have been mending his hands.

GOES TO MAYOR AND CITY SOLICITOR

Question of Alleged Power Company Discrimination Taken Up.

The alleged discrimination by the New Brunswick Power Commission in advertising a rate for gas applicable only to those who were using the combined electric light and gas services of the company was mentioned this morning at a committee meeting of the council and referred to Mayor Potts and the city solicitor for a report. The matter was brought up by Commissioner Harding, who asked if the city council intended to take any action to protect the interests of the citizens.

Commissioner Wigmore expressed the opinion that action of this kind was discrimination and should be taken under consideration by the council. Mayor Potts suggested that the matter be referred to himself and the city solicitor, in order that the legal right of the city to take action might be determined, and this was agreed to. The petition for the repairs to the public wharf, Indiantown, was laid over until the Monday meeting as Commissioner Bullock wished to secure a fuller report on the matter.

The common clerk asked that an auctioneer be named to conduct the sale of old material to be held at the yard of the water and sewerage department on August 18. Commissioner Bullock said he had been spoken to by W. A. Steiger, who wished the work. On the suggestion of the Mayor the matter was referred to Commissioners Wigmore, Bullock and Frink to name an auctioneer.

Mayor Potts said that he had taken up with the city solicitor the matter of payment of the claim of R. K. Lee and that official was now looking into the matter.

His Worship also reported that he had written to three rowing clubs, one in France and two in England, extending the thanks of the city for kindness shown to Hilton Belyea while he was overseas, and was sending forward the letters today.

CONCRETE POURING TIME NEAR AT SITE OF HOTEL

Teams commenced to deliver gravel this morning at the new hotel site, and the pouring of concrete will start either this afternoon or tomorrow morning. The first concrete will be poured under the wall of the garage on the south side. The steam shovel will probably be moved back from near the sidewalk in Charlotte street tonight and the thin fringe of debris remaining will be removed by hand work.

An average of 200 cubic yards of earth and rock have been removed daily since the work commenced, and the contractors are well up to their schedule. It was said this morning. The excavation for the erection of the tower in the centre, which will be 142 feet high, is progressing rapidly. Nearly a dozen additional workmen have been taken on during the last two days for the excavation work.

ARRANGE EVENTS FOR CLOSING OF CITY PLAYGROUNDS

The St. John playgrounds will close for the year, next week, and in the following order: On Monday 18th, the young children will hold their closing exercises with an exhibition of hand work, on all six grounds. Tuesday afternoon the boys' sports will be conducted on the East End Improvement League grounds, beginning at 2 o'clock. The baseball team holding the highest points during the summer games will compete for a prize. If raining, these sports will be postponed to the same hour on Thursday, 21st.

Wednesday 20, in Carleton City Hall at 3 p. m. the older girls of the various grounds will present a health pageant with games, dances and songs. The citizens are invited to be present at these occasions.

FAST WORK DONE ON COURT HOUSE JOB

A crew of men started work this morning removing the debris at the old court house building, to have everything in readiness for next Monday, when a large crew will start excavating some of the rock and repairing the present structure. James Sproul, who has the contract, said this morning that there was a great lot of debris inside the building. Grass was growing in places.

They were attended by a large number of guests, including cut glass, silver and furniture, received by Mr. and Mrs. McMaster testify to their popularity.

IN MEMORY OF DEAD.

The Memorial Day committee of the local Knights of Pythias lodges met last evening at Castle Hall, Union street, to complete arrangements for the observance of Decoration Day, Thursday, Aug. 28. St. Mary's and the St. John Fusiliers bands have been engaged for the parade. It is expected there will be a large turnout of the uniform rank this year, and they probably will be under the command of Mayor Potts. Cars will be on hand for members of the order who, because of age or illness, are unable to march. As the number of graves grows larger each year the committee hopes for a general response to their request for flowers.

FOR BRIDE-TO-BE.

The home of Mrs. George Gallagher at Kinghurst was the scene of a very pleasant gathering last evening when about 30 friends of Miss Bessie Gorman assembled in her honor, taking her completely by surprise and showering her with many beautiful gifts of linen. Mrs. Gallagher's home presented a very attractive appearance, yellow candles making a softening effect, with yellow and white flowers decorating the rooms. The gifts were daintily tied with daisies and sweet peas of delicate shades. The evening was pleasantly passed with bridge and music. Miss Edith Maher of New York, who is Mrs. Gallagher's guest, and Miss Nellie Gallagher assisted Mrs. Gallagher in serving refreshments. Miss Gorman is to be one of the principals in a happy event which will take place early next month.

GIFT COMES FROM RURAL DEANERY

Presentation is Made to Rev. Canon Armstrong by Clergymen.

The Rural Deanery of St. John yesterday said its official goodbye to Rev. Canon R. A. Armstrong, who is to leave soon to make his home in Toronto. At a luncheon, held at the Green Lantern, the Rural Dean, Rev. W. H. Sampson, on behalf of the members of the deanery, presented to Canon Armstrong a copy of the special services of the church, handsomely bound in morocco, inscribed on the flyleaf was the following: To Rev. Canon Armstrong: Dear Brother,—

In saying goodbye to you, the Rural Deanery of St. John expresses its appreciation of the pleasure and help it has received from companionship during the 17 years you have been with them as a member. Trusting that the great Father will be with you to guide and direct you in the new field of labor to which you are called and assuring you that our prayers will be that the blessing of God will rest upon you and that you may continue to see the fruit of your work for Him. The address was signed by Rev. W. H. Sampson, Rural Dean; Ven. Archdeacon A. H. Lawford, Revs. W. B. Armstrong, R. P. McKim, J. H. A. Holmes, N. T. Fairweather, W. P. Dunham, J. Young, A. J. Patstone, J. B. Belyea, R. J. McKim, C. W. Pollett, H. A. Cody, A. L. Fleming, C. P. Heaven, C. J. Markham, Mr. Cracknell and Mr. Gardiner.

WAGES MATTER TAKEN UP SOON

Commission Is Ready to Report to Government on Mothers' Pensions.

A report of its investigations into the matter of mothers' pensions has been completed by the commission named for this purpose by the Provincial Government, and will be presented to the Government in the near future, to Mrs. J. L. Sugrue, secretary of the commission, announced today. The matter of minimum wages for women, which was also placed in the hands of the commission for investigation, will be taken up in a few days. Dr. J. C. Kierstead of Fredericton, who is chairman of the commission, passed through the city this week on his return from Boston, where he was spending a holiday, and announced that he would be ready to proceed with the wages matter soon.

WANT ST. JOHN WELL REPRESENTED

It is the wish and desire of President MacMahon of the Maritime Board of Trade that the members of the St. John board and all other boards on the maritime provinces should work together in unity at the maritime board meeting in Kentville, N. S., on September 16 and 17. St. John has been asked to be well represented. The need for more publicity respecting the advantages and attractions of the maritime provinces and ports is also strongly impressed. The St. John Board of Trade is moving forward along port and city development lines, through its council and committees. One of the important matters now being dealt with is the placing of the port of St. John on the same marine insurance basis as Halifax and Portland, Maine.

BOARD OF TRADE NOTES.

Three trade inquiries from Rotterdam and one from Amsterdam have shown a desire to handle fresh apples from Canada. A New York concern is seeking the names of all St. John firms engaged in various branches of the dry goods business. The advertising of the port of St. John in one of Canada's illustrated papers is being recommended by a prominent New Brunswicker. As Hiram Sees It

"Well, sir," said Mr. Hiram Hornbeam to The Times reporter, "I shook hands with 'man this mornin' that I went to school to over fifty year ago—'n' he don't look as old as I do. An' I want to say right now that they don't turn out no better teachers today than he was. We hed to be ch' round all right—fer he hed a lumber cane that 'ud jist wind itself round a feller's legs without breakin'. My! But he hed a cold eye when he ketcht a boy, 'n' 'd'r rather take two lickin's any time than the talk 'ed hand out afore he went. You couldn't ferget a lickin'—but the things he said, made you feel as if you'd like to crawl under the barn. I didn't stay long enough to school to get a reel good education—but fer readin' 'n' writin' 'n' 'cippin' he gimme a great start. D' you know—I'd like to set down in the old school-house with him agin—but we'd hev a mighty small class. Yes, sir—the's only a few of us left—'n' we're scattered all over the country. Well, well, well—don't it beat all how times change!"
