Great German Army Marching Eastward Situation is Causing Much Alarm in Berlin

Erzerberger Agrees to Continue Armistice Negotiations to Prepare for Peace—Half Million Released Prisoners Advancing Through Ural Mountains

London, Nov. 19.—The situation in the east is causing anxiety in Germany and the Lokal Anzeiger of Berlin learns that a great German army is marching eastward, according to a Copenhagen despatch to the Exchange Telegraph Company.

TO CONTINUE NEGOTIATIONS

Basle, Nov. 20.—Matthias Erzerberger, secretary of state without portfolio in the German cabinet and head of the delegates who were sent to Marshal Foch's headquarters, has agreed at the request of the government, to continue the negotiations relative to the armistice to prepare for peace, according to the Post of Strasbourg. He thus, strictly speaking, is secretary of state for peace, it is said.

GERMANS OCCUPY MINSK

London, Nov. 19.—A Stockholm despatch to the Central News says German troops have occupied Minsk, in Lithuania. A half million released war prisoners, the despatch adds, are advancing through the Ural Mountains. Arrangements are being made to supply them with food and clothing.

SOLDIERS IN RIOTS

Copenhagen, Nov. 19.—Soldiers returning from the front are responsible for riots in Baden and Wurttemberg. They are plundering shops and farms. The necessity is organizing patrols to protect property.

FIRE WAS DISASTROUS

Brussels, Nov. 20.—(Havas Agency)—A fire in the east-central portion of Brussels resulting from explosions at the steel station lasted eight hours and all the buildings in the street nearest the station are in ruins. The region near the station has been evacuated in a radius of more than one mile.

EXPORTING FUNDS

Basle, Nov. 20.—The banks of Germany and Austria are secretly exporting large sums in securities to Switzerland since the signing of the armistice, it is learned here. This is being done because of the fear that a heavy tax will be levied by the Allies when peace is declared and a further tax imposed by the governments of Germany and Austria.

EX-EMPEROR IN BERLIN

Amsterdam, Nov. 19.—A semi-official despatch received here from Berlin says the former German emperor is temporarily remaining in Berlin at the request of his husband.

SHOULD SEE WHAT HUNS HAVE DONE BEFORE DECIDING TO ABDICATE WHEN DEMAND WITHDRAWN

Paris, Nov. 20.—(Havas Agency)—All the delegates to the peace conference should be asked to visit the departments of France invaded by the Germans and see for themselves the damage and devastation committed by the enemy, declared Raoul Percé, president of the budget commission of the chamber of deputies, and Deputy Louis Dabois. The deputies have just returned from an official visit to the liberated regions and express the belief that France must exact from Germany not only reparation in money but also the restitution of tools and raw materials carried away.

NO MORE PARCELS FOR THE PRISONERS OF WAR

Ottawa, Nov. 19.—A telegraphic advice has been received from the Canadian high commissioner at London to the effect that on account of the repatriation of Allied prisoners of war all individual parcels for prisoners of war have been stopped. No further parcels are therefore to be forwarded to prisoners of war interned abroad. The needs of these prisoners are being attended to by the Canadian Red Cross Society or similar help societies.

NOT A FORMAL ABDICATION

Geneva, Nov. 20.—Emperor Charles of Austria has not formally abdicated, but only their exercise, says the Neue Freie Presse of Vienna. This form of renunciation was new and unforeseen by the Austrian constitution. The emperor demanded that the state council grant him permission to remain in Vienna, which permission was accorded. The emperor, the newspaper adds, is still popular with the masses, who do not consider him responsible for the war.

Where the armistice was signed, Seals, to the north of Paris, shown on the above map, will be historical from now on.

Twenty Submarines Are Surrendered

London, Nov. 20.—Twenty German submarines were surrendered to Rear-Admiral Reginald W. Tyrwhitt, thirty miles off Harwich this morning at sunrise, according to press association dispatches. These are the first U-boats to be turned over to the Allies by Germany.

Admiral Tyrwhitt received the surrender of the German craft on board his flag ship, a British cruiser. The surrendered submarines will be proceeded to Harwich in charge of their own crews.

The U-boats will then be boarded by British crews and interpreters and proceed to Parkstone, nearby. The Germans will leave the submarines there and board transports for their return to Germany.

Twenty additional submarines will be surrendered on Thursday and twenty more on Friday. The remainder of the submarines to be handed over in accordance with the armistice terms will be given up later.

RECORD OF THE CANADIAN ARMY IS MAGNIFICENT

In Last Two Years Never Lost a Gun, Failed to Take an Objective, Nor Lost an Inch of Ground Taken

Calgary, Nov. 19.—J. H. Woods, chairman of the delegation of the Canadian editors who visited Great Britain this year as the guests of the ministry of information, has received the following cablegram from Lieut.-General Sir Arthur Currie, commander of the Canadian corps in France.

The Canadian corps warmly appreciates the congratulations of the Canadian newspaper delegation. Tell the people of Canada that the corps is more than proud of its efforts to satisfy those at home. In the last two years of strenuous fighting it has never lost a gun, has never failed to take an objective and has never been driven from an inch of ground once consolidated, while its casualty list among the rank and file bears the smallest percentage in proportion to its strength of all the British forces.

FIRE DESTROYED ARMY TRANSPORT

Washington, Nov. 19.—Destruction by fire of the army cargo transport Ophir in the harbor of Gibraltar, November 11, with the loss of two members of the crew, was announced tonight by the navy department. The vessel was en route to Marseilles, France, with army supplies, which also were lost. The fire started while the ship was at sea.

SOLDIERS HAVE SAVED SUM OF \$16,000,000

Ottawa, Nov. 19.—Plans for demobilization are proceeding rapidly. Inquiry into militia headquarters reveals the fact that there is in the hands of the receiver general a credit to soldiers of the C. E. F. approximately \$16,000,000 deferred pay. This represents money saved by members of the C. E. F. since the commencement of the war.

ARRANGE FOR RETURN OF A HUNDRED THOUSAND ITALIAN PRISONERS

Berne, Nov. 20.—Arrangements have been made for the transportation of one hundred thousand Italian prisoners of war from Austria and Germany to Italy by way of Switzerland.

AUSTRIAN DELEGATES ARE IN BERLIN TO NEGOTIATE UNION

Copenhagen, Nov. 19.—Delegates from Vienna have arrived at Berlin to negotiate a union of German-Austria with Germany.

PETITIONS ARE APPROVED AND DATE IS FIXED

Recall Election Will be Held on December 30 — Water Main Contract Cancelled — New Figures Invited

At a meeting of the common council this morning Herbert E. Wardroper, common clerk, announced that he had examined petitions and supplementary petitions handed to him by representatives of local labor organizations asking for the recall of Commissioners McLellan and Hilyard and found that both had been signed by a sufficient number of duly qualified voters.

The report was duly received and a resolution presented asking that the election be held on December 30, and that the common clerk make the necessary arrangements for holding such election.

When Mr. Wardroper certified that the petitions had been signed by a sufficient number of qualified voters, Commissioner McLellan moved that it be accepted and then moved that the election be held on December 30. He said that he asked for the election to take place on this date because of the fact that thirty days from today would bring the election on Monday of Christmas week and he felt that the date chosen would be the most convenient for commercial travellers and business men.

He also wished to move that the names signed on the petitions be printed in the local papers. He did not think the cost would be more than \$200 or \$250. He thought this should be done so that everyone could see the names and be sure that no one had signed a wrong name. He asked that the expense of the publication of the names be borne by the city.

As Mayor Hayes was called from the meeting on urgent business, he asked that the matter be allowed to stand until tomorrow morning, when it will be taken up at the regular committee meeting.

Commissioner Fisher said that he thought that the press would publish the grounds for the recall. He said he was not prepared to vote for the motion. He said he felt that it would be establishing a precedent.

The matter pertaining to the delay occasioned in the work of extending the water main to East St. John was discussed to some length and after Contractor Tobias and Engineer Hare had answered questions regarding the amount of work done and the expense already incurred, the council decided to cancel the contract of Mr. Tobias and award it to some other firm in a position to do the work through to completion.

Mr. Tobias said that he did not wish to stand in the way and was willing to relinquish his claim if he was given credit for the work he has done. He confessed that he would be unable to complete the work.

The contract was cancelled and Engineer Hare was instructed to make arrangements with Mr. Tobias and submit the amount due the contractor to the council.

C. Carmel, engineer, and J. J. Herbert, secretary-treasurer of the Bedford Construction Company were then summoned by Commissioner Hilyard. They said that it was to their own interest that the new main be extended to East St. John and were anxious to have it completed. They said they would contract to do the work and unless something extraordinary happened they would have it completed by December 30. They said they would do the work for fifteen per cent. on the cost. They were requested to look into the matter and submit an approximate cost of the work to the council in time to present at tomorrow's meeting.

The question of the extension around Lake Fitzgerald and the discontinuing of work this winter was then taken up. The engineer was instructed to inform the contractors to suspend operations and a question as to who would be responsible for any damage to pipe during the winter was left to the city solicitor. During the meeting J. B. M. Baxter, the city's solicitor, was present and gave the members advice on several points.

Baptist Convention is in Session in Amherst

Represents 583 Churches and 62,465 Members in Maritime Provinces; Reports Show Gains in Numbers and Increases in Contributions; Acadia Budget Passes Million Mark

Amherst, Nov. 20.—About fifty members were present when the Rev. C. R. Freeman, president of the United Baptist Convention of the maritime provinces, called the convention to order in the First Baptist Church of Amherst yesterday at three p. m. After devotion led by the veteran preacher, Rev. D. W. Crandall, who has preached the gospel for nearly sixty years, President Freeman explained the unique circumstances of the gathering.

After some routine matters were disposed of the following were appointed a nomination committee: Rev. J. W. Manning, Rev. W. B. Beauson, Rev. L. R. Ackland, Rev. E. H. Cochrane, Rev. A. H. Whitman, Rev. B. D. Knott, Rev. M. L. Gregg, and J. P. Gordon.

The first report presented was that on the state of the denomination, prepared by the Rev. R. Osmond Morse. This report reviewed the contributions of the churches for denominational work for the period 1912 to 1918, showing that there had been a gain in the giving of the churches for this work of \$11,649.06. Three hundred and thirty-five churches had shared in this gain, while 304 churches showed a decrease in giving in 1917 as compared with 1912.

After some routine matters were disposed of the following were appointed a nomination committee: Rev. J. W. Manning, Rev. W. B. Beauson, Rev. L. R. Ackland, Rev. E. H. Cochrane, Rev. A. H. Whitman, Rev. B. D. Knott, Rev. M. L. Gregg, and J. P. Gordon.

RESTRICTION ON ISSUE OF SECURITIES HAS BEEN LIFTED

Ottawa, Nov. 19.—War time restrictions have been rescinded on the issue of securities of provincial governments, municipalities, commissions and local governments. Under an order-in-council issued last December it was provided that such issues could only be made or sold with the approval of the minister of finance.

CANADA WILL ISSUE WAR SAVING STAMPS

Ottawa, Nov. 20.—Announcement is made that the government will inaugurate a war savings stamp campaign. The first war savings stamp has just been issued to His Excellency the Governor-General.

The government will become the repository of the nations savings up to a total of \$50,000,000. Savings will be placed with the government by means of the purchase of war saving stamps. The stamps are to be redeemable in January 1924. They are to be sold by the government at a price which will work out to an interest rate of somewhat better than 4 1/2 per cent, compounded semi-annually or five per cent, simple interest if computed at the end of the period.

THIRTY-FIVE PASSENGERS IN HUGE AIRPLANE FLY OVER PARIS

Paris, Nov. 19.—A huge airplane, carrying thirty-five passengers, flew over Paris yesterday. The machine started from Combes La Ville, forty miles from the capital, and returned without a hitch.

CZECHO-SLOVAK NATIONAL ASSEMBLY CHOOSES HEADS

Amsterdam, Nov. 19.—A despatch from Prague, Bohemia, says that the first session of the Czecho-Slovak national assembly in addition to ruffing Professor P. G. Masaryk, as president of the Czecho-Slovak republic, chose Dr. Karl Kramarz as premier and Franz Tomasek, former member of the Reichstag, as president of the national assembly.

HONOR FOR PETAIN IS GREETED CORDIALLY

Paris, Nov. 20.—The elevation of General Petain to be a marshal of France is greeted most cordially by the newspapers. It is declared that if the battle of the Marne stopped the tide of invasion, General Petain's heroic defence of Verdun permitted the Allied forces to await the day of final victory with increased hope.

Entry of Marshal Petain into Metz Gave Rise to One of Most Picturesque Demonstrations in History of Lorraine

Metz, Nov. 19.—(night, by the Associated Press)—The historic event accomplished at two o'clock this afternoon when Marshal Petain, commander-in-chief of the French armies, made his entry into Metz, the great stronghold of Lorraine and the pivot of Germany's effort to crush France, may be said more than any other happening to consecrate the victory of the Allies in this war. The occasion, in which the commander-in-chief for the first time as a marshal of France, also gave rise to one of the most picturesque demonstrations ever carried out by the people of Lorraine.

From early in the morning all the roads leading to Metz were crowded with Lorrainers on their way to the city to raise their voices there for Marshal Petain and for France.

NEW STEAMER SERVICE STARTED BETWEEN JAPAN AND NEW ORLEANS

New Orleans, Nov. 20.—The steamer Panama Maru, 8,200 tons, of the Osaka Shosen Kaisha, one of the largest Japanese steamship companies, arrived here last night, marking the beginning of actual service of the first regular steamship line ever operated between New Orleans and Japan. The vessel brought a cargo of coffee from Brazil.

TRAGIC INCIDENT OF THE EPIDEMIC IN NEW BRUNSWICK.

Peter Robichaud, his wife and daughter, were found dead in their home near St. Mary's, Kent county, on last Saturday morning. All three died as a result of influenza, and were found by the parish priest who had called at the home.

The family, which consisted of father, mother and seven children, lived outside of St. Mary's some distance from neighbors. A brother, Nicholas Robichaud, resides in St. John.

AUSTRIA WANTS COAL AND FOOD FROM ALLIES

Vienna, Nov. 19.—(Via Basle, Switzerland)—M. Zerlik, minister of public works, has asked the Austrian foreign minister to address a telegram to the governments of the United States, Great Britain and France showing the extremely critical situation in Austria concerning coal and food.

WAS TO HAVE BEEN KAISER'S VICEROY IN WEST CANADA

Alvo Von Alvensleben to Have Been Governor of British Columbia—Held in U. S. Prison Camp.

Vancouver, Nov. 17.—The news from Chicago that United States federal authorities have begun an investigation to discover the identity of a syndicate of German-Americans to whom many millions of dollars' worth of Canadian timber and mineral lands actually owned by ex-Kaiser William, were transferred by the former emperor's agent in British Columbia, Alvo von Alvensleben, has aroused considerable interest here, where von Alvensleben for ten years prior to the war had his headquarters.

Large Holdings.

Of von Alvensleben's large transactions there is no question whatever. He acquired immense holdings and the purchase money was certainly money from Germany. That he was the Kaiser's agent in more respects than merely a financial one is also fairly well established, and, since his interest in the United States, the public here has woven many stories about him, his transactions and his personal ambitions—some of which are not without good basis in fact.

Modest Arrival.

The arrival of Alvo in British Columbia was modest—hardly keeping with his importance as an imperial commissioner. But Alvo von Alvensleben is a German of keener intelligence than the majority of his countrymen and it is altogether likely that his object was to "spy out the land" before announcing himself. He engaged at first in the salmon fishing business on the Fraser river, and married the daughter of one of the most successful canners in the district. It was shortly after this that he established himself in Vancouver as a financial agent and built up what was regarded as the largest business of the kind in the province.

Some seven years ago he was joined by three of his five brothers: Joachim, who was the presumptive heir to the countyship, and who subsequently was killed at Lille; Constantine and Bodo, the latter of whom, it was rumored, was shot as a spy in London.

Some months before the beginning of the war Alvo's three brothers returned to Germany, but Alvo himself remained.

This man is now serving sentence as a spy in a United States prison camp.

Do You Need Glasses?

Often glasses are necessary, where the vision seems perfect. Delicate muscles are put to too much strain to hold the eyes in focus.

Squinting and frowning are characteristic of this trouble. Headaches, eyestrain and inflamed conditions result. You will do well to consult a specialist that causes headaches, nervousness, tired, aching eyes—of course he can do better work. You can, too, if you let Sharpe's optometrist take care of your eyes.

OAK HALL MAKES LARGE PURCHASE OF CLOTHING AT ST. STEPHEN.

It was recently learned by Oak Hall that Mr. O'Donnell of St. Stephen was retiring from business on account of ill health and that his large, up-to-date stock of men's and boys' clothing would be sold at a great discount. Messrs. Bonnell and McNell, the well known Oak Hall buyers, immediately went to St. Stephen and were fortunate in making a large purchase of selected clothing at figures far below the present day prices. These goods are being brought to St. John and arrangements are being made to place them on sale at the large Oak Hall warehouse, especially fitted up for this purpose at 101-107 Germania street, opposite Trinity church. This will really be the greatest bargain clothing sale in the city for a long time and it will appeal especially to the working men and their families. See further announcements in tomorrow's papers.

HUNT'S WINTER SALE STARTS FRIDAY

Hunt's Winter Sale is an annual bargain-giving event that is looked forward to by hundreds of men in St. John. Our stocks this season are bigger than ever, mostly due to the falling off of business during October on account of the epidemic. You will find an immense display of clothing and furnishings at really wonderful prices, considering present day conditions, and we are warned not to look for a drop in prices for months, in fact clothing will be higher in 1919. SO BUY TO YOUR UTMOST, and supply your needs for months to come. The store will be closed all day Thursday to enable us to prepare the stock. Sale starts on Friday morning at 9 o'clock. For the convenience of our customers we will keep the store open on Friday evening of this week, as well as Saturday evening, until 11 o'clock. "Let the Big Blue Sign guide you."

Tomorrow evening the Temple Band has kindly offered their services.

PETAINE, NOW A MARSHAL, WAS A COLONEL IN 1914

Paris, Nov. 18.—The raising of General Petain to the rank of Marshal increases the number of marshals of France to three. The others are Joffre and Foch. General Petain, formerly chief of the general staff, was on May 15, 1917, appointed commander in chief of the French armies operating on the French front, which command he has since held, while Marshal Foch, as generalissimo, commanded the French and other allied armies throughout the field of operations.

General Petain, before his appointment as chief of staff, won his chief distinction for the heroic defense of Verdun. He was a retired colonel at the outbreak of the war, but rose rapidly through the ability he displayed. As commander on the French front he added notably to his earlier laurels particularly in the Meuse valley, where by the skillfully directed hammer blows of his force, in conjunction with those of the British, Americans and other Allied commands, were breaking down the resistance of the German army.

General Petain, who is sixty-two years old, was trained at St. Cyr, and became a captain in 1890 and later a colonel. During the early weeks of the war his ability as a tactician and a strategist brought him speedily to the command of a brigade and early in September, 1914, he was made a general of division.

A COSTLY ROOSTER

Frederickton, Nov. 19.—The outcome of an interesting case recently tried at Gagetown was that Paul Briggs, of that place, was fined \$100 or three months in jail for shooting and killing a rooster belonging to a neighbor, Fred Boyd. The shooting followed trouble between the two men. R. J. Higgins appeared for the complainant, and C. D. Richards for the defendant. The case after being tried before Shirley Peters, justice of the peace, was carried before Judge Wilson who sustained the judgment.

LACK OF COAL ADDS TO DESPERATE SITUATION IN AUSTRIAN CAPITAL.

Vienna, via Basle, Nov. 19.—The public works minister says there is no coal for the heating of houses and that the supply for cooking will not last more than a week. Mills and bakeries will be compelled to close within a few days. No further coal supplies are available to keep the railways running, he says, and the gas and electricity services in Vienna cannot be kept going more than two or three weeks.

A Tale of Two Widows
One receives each month a cheque for \$100 from The Imperial Life. She lives comfortably in her own home, free from worry or anxiety over money matters.
Her husband, when alive, invested his savings in Imperial monthly income assurance, adding an extra policy every time he felt he could save another dollar a week.
The other woman is a janitress in a down-town office building. Her husband earned just as much as the first man. But he speculated with his savings, and at his death left his widow penniless—in fact, with family debts to pay.
Now what about your widow? Will she be the respected and welcome guest of your present neighbours and acquaintances? Or will she be forced to join the ranks of poorly paid female wage-earners? There's only one answer—if you care.

CHARLES CANNOT GET FOOD FOR FAMILY
Employment Agencies to Help in Matter of Returning Soldiers
Vienna, via Geneva, Monday, Nov. 18.—The situation in Vienna appears to be that there is more talk than disorder, with urgent need for bread, especially for the poor of Austria.
Former Emperor Charles, who has retired for the present to his castle at Eckartsau, is asserted by the Socialist Arbeiter Zeitung, is living on the shortest rations and possibly may be starving with his wife and family. They have been unable to secure food in the neighboring village or even to have washing done.
Paris, Nov. 19.—An official of the Austrian court who was sent to the Schoenbrunn Palace to get some clothing for the former emperor was refused on the pretext that all crown property had been confiscated by the state.

ONE FORWARD STEP.

Happily for St. John it is not necessary to wait and argue to convince anybody that vocational training is needed. Manufacturers and business men generally have asked for its introduction. Labor organizations have adopted the same course. The local school board cites particular cases where its evening classes in mechanical drawing have brought higher wages to young mechanics taking the brief winter course. Everybody realizes that our present educational system does not give an equal opportunity to the boy or girl leaving school at the seventh or eighth grade, with those who can go on and take the full classical course in the high school. Aside from a little manual training and a little domestic science, and the evening class in Centennial School for working mechanics in the winter season, there is neither pre-vocational nor vocational training in St. John schools.

There is now to be a beginning, for we must assume that the city council will ask the school board to appoint a vocational school board, and that the council will provide the modest grant required. The school board, knowing the value of the work of its present evening classes, will be only too glad to embrace the larger scheme, which involves the appointment of an expert director of vocational training for the city, and the opening up of additional evening classes in school buildings. One particular work of the director would be to relate these classes to the various local industries, from which practical teachers of classes could doubtless be secured.

But evening classes, while very essential, and while they will always be needed, do not meet the problem of the boys and girls who do not intend to take the present high school course—and they are by long odds the majority of pupils of school age. Hence, the city must lay its plans for a vocational high school, thoroughly equipped, and at least as large as the present classical high school. We may perhaps look forward to the time when with federal aid the province will have a great technical college, but St. John must have its own vocational high school. We must not forget, moreover, that when the city provides the plant the provincial government pays half the salaries and cost of up-keep, apart from the equipment.

Briefly, the situation in St. John today is as follows—Representatives of employers and of labor have asked the city to provide the initial grant necessary to employ a director, and to open additional evening classes this winter; and to ask the school board to appoint a vocational board as provided by the new act. This latter board would consist of four members of the present school board and a representative each of capital, labor and home economies. It would have full control of vocational training for the city. It would relate the vocational training to local industrial conditions, secure the interest and give the moral and financial support of manufacturers; and prepare for the establishment at as early a date as possible of such a vocational high school as would be in its equipment and the advantages offered to boys and girls a credit as well as a blessing to the city.

Such organizations as the Board of Trade, the Rotary Club, the Retail Merchants' Association and others should join with the Manufacturers' Association, the Trades and Labor Council and other labor organizations to study and promote the necessary improvement in our educational system. The province has one of the best laws in America, relating to this subject. It should be studied and applied. The beginning is being made at the right end. Present facilities are to be utilized, others provided as time and funds permit, and the system built up from the bottom. St. John must assume the leadership or fall to do its duty. The long talked of period of reconstruction, of new world conditions, of new industrial and commercial problems is upon us. To be without a proper system of vocational training is to go into the struggle half-equipped and greatly handicapped.

Happily the work that is being done in a vocational way to fit disabled soldiers for wage-earning has opened the eyes of the people everywhere. The very remarkable results attained in so many instances present the very strongest possible arguments in favor of a thorough system of vocational training for the young as well as for those who may have taken up mechanical pursuits with insufficient training.

It is only a question of time when the Dominion government will make liberal grants to the provinces to aid in this work. The report and recommendations of the Robertson commission must be acted on at Ottawa. That report has already been made of infinite value to the United States, while our own parliament has done practically nothing.

pathetic, and whose lead will be promptly followed by the board of school trustees. The province pays its full share automatically when the city has done its part.

His Majesty King George greets today the members of the British parliament and representatives of the overseas Dominions and India, and together they "render thanks to Almighty God for the promise of peace, now near at hand." His Majesty, in today's speech, says that during the four years of national stress and anxiety "my support has been faith in God and confidence in my people."

The first batch of German submarines was surrendered yesterday to Rear Admiral Tyrwhitt, the famous British commander whose brilliant work while in command of cruiser and destroyer divisions of the British navy won worldwide praise. It is fitting indeed that he should be the man to whom the German surrender of U-boats is made.

Soldiers in the Canadian army have in the hands of the receiver general at Ottawa \$14,000,000 in deferred pay. It sounds like a lot of money, but it represents only about \$50 each for 300,000 men.

Reasons for Equipping Your Plant with Dominion Friction Surface Belting

Each factor is in itself a substantial, common-sense reason for using this superior belt but when combined these eight reasons are an overwhelming argument that you cannot afford to ignore.

- Low First Cost**
Dominion Friction Surface Belting is priced in true relation to the high quality standard which it represents, but low enough to make it the most economical belt for every transmission purpose.
- Power Conservation**
Over fifty years of research and experience have enabled us to develop a special friction surfacing which gives to our belting a pulley grip that transmits, of each power unit, the maximum force that can be transmitted by a belt.
- Increased Production**
Continuous service, minimum power leakage, less stops for repairs or replacements and satisfied operators are bound to "speed up" production.
- Economy in Upkeep**
By building our belting up to the highest quality standard and by using the correct belt for each particular purpose we have practically done away with the cause of most transmission repairs.
- Dependability**
In Dominion Friction Surface Belting the years of experience, selection of materials, process of manufacture and placing the right belt for a given purpose, combine to insure absolute dependability.
- Long Life**
The best proof of long service is contained in actual performance—one Dominion Friction Surface Belt has outlasted four other belts.
- Satisfaction of Employees**
Employees often recommend our belting because they seldom have to stop for repairs or replacements and can produce a satisfactory high average output whether on day's pay or piece-work.
- Service**
All of the other seven reasons are summed up in our unequalled special free service, in charge of belting engineers and backed by the oldest and largest rubber organization in Canada. Our technical experts can make these factors just as effective in your plant, as they have in many others.
Phone, wire or write our nearest Service Branch when you are ready to test this Service—it places you under no obligation and will undoubtedly prove profitable.

SCHOOL SHOES

Serviceable School Shoes

**For All Ages of Children
From Kindergarten to High School**

THE two cardinal points in the selection of children's shoes are
First: Correct Fit. Second: Sturdy wearing qualities—

This is, however, not so easy as it sounds, as years of experience are really required to determine just how growing feet should be fitted and just how to strengthen shoes where the wear comes hardest.

We offer to you our years of expert study on these very points and ask that you entrust to us the care and safety of your children's feet as well as the protection of your own purse.

RECENT DEATHS

Mrs. John Ferguson.
Bathurst, N. B., Nov. 18.—Death terminated a life of singular goodness and usefulness today, when Mrs. John Ferguson passed to her reward. Although a nonagenarian this estimable lady was in possession of all her faculties and had continued the activities of her younger days until the last two years, since when she had been a semi-invalid. A staunch and valued member of St. Luke's Presbyterian church she worked zealously during her whole life to further its activities in a spiritual as well as a material sense. The W. C. T. U. and kindred societies had a warm partisan in Mrs. Ferguson, and the poor and needy a kind friend who never failed them. Mrs. Ferguson was formerly Miss Mary Munro, daughter of the Vale Farm. She married in 1847. Her husband was a member of the well known firm of Ferguson and Rankine, prominent business and lumbermen and ship builders of that time. He afterwards occupied a seat in the senate of Canada. He has been dead for some years.

Mrs. Ferguson leaves the following children: Mary and Mrs. James Ferguson, of Bathurst; Dr. Gilmore Ferguson, of Dalhousie; Charles Ferguson, of Vancouver; Frank Ferguson, of British Columbia. Mrs. Marion Gilbert, of St. John, and Mrs. Anne Dufus, of Halifax, are nieces while Dr. R. Gordon Duncan of Bathurst is a grand-nephew.

Miss Nellie Burke.
Bathurst, Nov. 18.—During the last week John Burke received word of the death of his sister, Miss Nellie Burke, in Boston. The sad news was a great shock to her relatives and numerous friends in Bathurst. Miss Burke, to whom death came suddenly, without previous illness, was a native of this town but had been living in Boston for some years, spending a yearly vacation at her former home here. She is survived by

the following sisters and brothers: Mrs. Frank H. McAnson, of West Bathurst; Mrs. Frank Carroll and Miss Katie Burke of Boston; John and Joseph Burke, of Bathurst; and Henry Burke, of Wisconsin.

Mrs. Edward Somers.
Newcastle, Nov. 18.—The death of Mrs. Edward Somers, of Lyttleton, occurred last night. Pneumonia was the cause. She was about thirty years of age, and was formerly Miss Vera Holmes. She was a respected member of the Baptist church. She leaves her father, William Holmes, of Halcomb; the following brothers and sisters: William, of Halcomb; Fred, of Lyttleton; Henry, of Halcomb; Clara (Mrs. Chas. White), of Shilo (Me.); Ethel (Mrs. Wilfred MacAllister), of Shilo; and Bessie (Mrs. Albert MacAllister), Boom Road; and the following children: Katie, Anna, Gordon, Jean, Harold and Irene, the youngest five months old.

Jaddus Robichaud.
Rexton, N. B., Nov. 18.—Jaddus Robichaud, son of Fidele Robichaud of St. Charles, died at the St. John county hospital a few days ago of consumption. He was a soldier, having enlisted in the Kent-Northumberland battalion, but he was transferred to the home defence. He was twenty-seven years of age and is survived by his father and several brothers and sisters. Antoine Robichaud of this town is a brother. This is the second member of the family to have died within a month; another brother was a victim of influenza in Maine. The body of Jaddus was brought to St. Charles for interment.

Allan Carter.
Salisbury, Nov. 19.—Warden J. W. Carter received the sad news a few days ago of the death from Spanish influenza of his eldest son, Allan Carter at his home in San Francisco. Mr. Carter, who was thirty-nine years' old, leaves his wife and two children. He

had been in business in California for several years. He was born in Dorchester (N. B.), and spent his early days in Salisbury where he is held in kindly remembrance.

John Duffy.
Newcastle, Nov. 19.—The death of John Duffy, son of Mrs. James Duffy of Renous, occurred yesterday morning, from pneumonia. He leaves his mother; three brothers—James and Frank, at home, and Simon, of Renous; and three U. S. A.; Patrick, Jr., at home; Mrs. Patrick Whalen and Mrs. John Donovan of Renous.

Mary Irene Boucher.
Rexton, N. B., Nov. 18.—The death occurred at East Galloway a few days ago of Mary Irene, one of the twin daughters of Mr. and Mrs. Robert Boucher at the age of one year and six months. The little one had influenza and pneumonia. All of the family consisting of the parents and ten children, with the exception of the father and one boy, were down with the disease at the same time, but now are recovering.

The first meeting of the W. C. T. U. since the ban on public gatherings was held yesterday afternoon in Orange Hall. Mrs. David Hipwell presiding.

Prayers were offered in thanksgiving for victory and peace. A letter was read from the secretary of the V. A. D., thanking them for a donation of \$2 for the diet kitchen. Arrangements were made for the quarterly meeting in January.

To Make the Sears Building, King
Street, Cosy and Homelike

For the Unhomed Girls of St. John
— Industrious Business Girls

ST. JOHN IS THE ONLY CITY of importance in Canada that cannot boast a commodious Boarding Home for its working women, the girls and older ones who come from outside places to earn an honest livelihood in our midst. The present quarters have long since been outgrown and now that the Sears Building, 23 King street, has been leased, a new era dawns for the Y. W. C. A. and the worthy objects of its ministrations.

To make this building a home in every sense of the word—well furnished, attractive, inviting and never dull and uninteresting—will take some money. Not much money to be sure but as much as Ten Thousand Dollars, if not a little more. So within the next few days ladies, whose hearts are in this grand work, will call upon some whom they think will be glad to help along the project. Already the handsome donation of \$2,000 comes from:

James F. Robertson\$1,000
George McAvity1,000

There will doubtless be a few more such splendid contributions but the majority will of course be in keeping with their smaller means although their hearts would make it a million. The canvass is on with a consciousness that every dollar spent in this direction is a wise investment for the good of this progressive city.

A QUIET HEART-TO-HEART CAMPAIGN to raise \$10,000 to put the recently acquired Sears Building at 23 King street in a comfortable shape, with Gymnasium and Cafeteria, so that the urgencies of Y. W. C. A. work will be met this winter with characteristic St. John efficiency and hospitality.

The Works of the Waltham

THE chief factor determining the grade of a watch movement is the number of jewels used as bearings—the highest grade movement having 23 diamond, ruby and sapphire jewels.

Other factors are absolute precision in the manufacture of small wheels, pinions and springs, and their exact adjustment to the work of time-measurement.

In the great factory at Waltham, every part entering into the mechanism of a watch movement is made under the personal supervision of experts of world-wide repute.

Ever since the foundation of the Waltham Watch Company more than 60 years ago, no effort has been spared to produce watch movements of flawless quality and unflinching precision. When you buy a Waltham—anywhere in the world—the Waltham guarantee holds good as your sure protection.

RAILWAY DEPOT NO HAVEN OF REFUGE

Rev. W. D. Wilson, chief liquor inspector for the province, left last night for Fredericton after spending a busy afternoon at the police court.

Mr. Wilson said yesterday that practically all liquor stored in Pooles' warehouse had been disposed of. Some of it had been sold to wholesale distributors

and the remainder donated to various hospitals and organizations engaged in combatting the Spanish influenza. Yesterday afternoon a donation of alcohol had been made to the V. A. D. for this purpose.

That the latest method of the bootlegger to avoid detection was the shipping of pure alcohol in tin cans covered with cardboard, the resulting packages resembling cartons of small merchandise, was a statement made by the chief inspector. He had no doubt that the alcohol was watered, colored and sold as a drinkable liquor.

Referring to a rumor that sub-inspectors McAlish and Garnett had been withdrawn from the Union depot as the result of a protest by railway officials, Mr. Wilson said that there was no truth in it. The inspectors had been busy elsewhere during the recent celebrations, he said, and would be on hand again at the depot in the near future. Inspector Garnett had sustained two fractured ribs as the result of the attack made on him and Inspector McAlish had not yet fully recovered.

Mr. Wilson said that he had a consultation with the solicitor of the C. G. R. at Moncton, and it was understood that inspectors not only had a right to go to the depot but also to examine the valises or satchels of passengers known to the inspectors to be engaged in the illicit traffic of liquor.

Big Sale

HELP WANTED

Telephone Operators Wanted

If you have had experience we can place you immediately at a good salary. If not experienced, telephone operating offers to the bright and ambitious girl more opportunity for advancement than most lines of business. To become a stenographer or clerk you must go to business school and pay for your education. We will teach you telephone operating in the Telephone School and pay you while learning. The course is one month and immediately upon completion you will be assigned to duty with salary increase. Further increases are then given at regular intervals until the maximum is reached. To girls who can qualify for toll operators and supervisors' positions higher salaries are paid. Requirements: Grade 8 education, age 17-27, and good health. Apply to Chief Operator between 9.00 and 12.00 a. m.

Major Sprenger Recovering.

The good news that Major A. R. Sprenger is recovering from his wounds has been received in a letter which reached a friend in this city yesterday. Major Sprenger was wounded on September 7, when he received a gunshot wound and had his foot badly injured at the same time. He now is in the Perkins Convalescent Hospital, near London, and is making satisfactory progress towards recovery. In his letter, Major Sprenger says he is looking forward to returning to St. John to settle here again when he leaves the military service. It will be remembered that Major Sprenger, who was the engineer in charge of the construction of the new highway bridge at the reversing falls,

A NATIONAL CONVENTION OF ALL LIBERALS

Sir Wilfrid Laurier Says It Will Be Called at a Not Far Distant Date.

London, Ont., Nov. 19—The Right Hon. Sir Wilfrid Laurier, at a banquet tendered in his honor here tonight by western Ontario Liberals, announced his intention of calling a national convention of all Liberals in the dominion at a "not far distant date" to consider problems confronting the country now that peace seems assured. He declared that any statement of the policies the party intends to pursue would be premature at this date, and intimated that such cannot be expected until the peace terms have been signed.

Rescued from Huns to Die of Starvation!

Hideous Plight of Belgians Demands Immediate Help

Peace does not mean Plenty in Stricken Belgium! Germany's hellish policy has been too thoroughly administered for Belgium to be able to feed and clothe herself again—at least, until the Government has been thoroughly organized on a permanent basis.

Little children, thousands of them, are hungry for a slice of bread, shivering in their worn-out rags. YOU can help to feed and clothe them. They haven't a cent to buy even what supplies are available.

The destitute Belgians need your help about as badly as a human creature could need it.

HOW TO HELP!

All the machinery of the Belgian Relief Fund is at your service to convert your contribution in money HERE into food and clothing THERE.

A dollar here and now means LIFE to one of the starving subjects of King Albert, but look here

NO ONE will come to you and ASK you for your contribution. If you do not voluntarily send it to the Belgian Relief Fund, Local Committee, or Headquarters, the opportunity is gone, and the Belgian you MIGHT have saved, dies of starvation or perishes for lack of clothing or proper protection.

Make cheques payable and send contributions to

In Western Ontario.

London, Ont., Nov. 19—First steps toward a greater democratization of the Liberal party in Canada were taken here today when Liberals in the western section of Ontario organized the Western Ontario Liberals Association to be composed of delegates of the party association of thirty-one electoral districts west of Toronto. It is apparent that by the establish-

ment of the association the framework of an organization with great possibility of extension from province to province has been effected. It practically provides the skeleton of a national Liberal convention.

The outstanding feature of the constitution is the provision for the appointment of a general advisory committee. This committee is to be composed of the officers of the association, the federal and provincial members and sixty-two members to be elected by dele-

gates from each constituency.

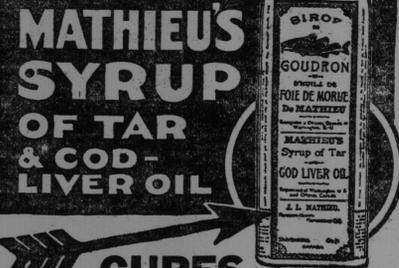

Over two hundred delegates, two-thirds of whom were women, attended the organization meeting and expressed confidence in the leadership of Right Hon. Sir Wilfrid Laurier, who replied briefly.

Resolutions were adopted regarding the rights of soldiers and sailors, congratulating the survivors of the Canadian army, and calling attention to the importance of industrial reconstruction. "The war-time elections act," was con-

demned in another resolution, the meeting also expressing "abhorrence at government by order-in-council." George S. Gibbons, London, was elected president of the association.

At the annual meeting of the Halifax Commercial Club, held recently, Andrew W. Bobb, formerly of this city and now secretary-treasurer of the Halifax Herald & Mail Publishing Company, was elected vice-president.

THE AMERICAN RAILWAY BANDIT

Modern Specimen a Weak Imitation of the Historic Figures Which Inspired So Many Dime Novels.

A rather weak attempt has been made by newspapers inclined to be sensational to revive interest in the American railway robber, the hero of the western hemisphere of the European highwayman, the occasion having been an exploit of one Roy Lancaster, who has been plying his vocation probably under an alias.

This belated American bandit, however, has present interest, not because of the romantic daring of any of his performances, but because his appearance on the scene serves to recall a time when railway robberies, in certain parts of the United States, were all too common, and when the deeds of the bandits challenged attention quite as much for the boldness of their execution as for the losses.

But to arouse interest through reminiscences of such episodes would perhaps be unjustifiable, if it were not possible to find in them, or to draw from them, a lesson that should be useful when the time comes for civilization to deal finally with the outlaw and his kind.

Highway robberies of the peculiar American type, or of the peculiar western type, began in the days of the overland stage and the pony express. The bandits were then called "road agents," and their exploits "holdups."

They watched for and waylaid the stagecoach having on board gold dust from the California placers and passengers carrying money for investment into the mining country, or the proceeds of successful investments out of the States.

A multiplication of trains, and a multiplication of guards, seemed to make little difference; actually made no difference. Daring robberies were periodically committed along all of the transcontinental lines, and, almost invariably, the bandits escaped. When caught, a morbid press painted them as heroes, a morbid public sentiment idealized their deeds. The train robber became a criminal apart; one who could settle down with his gains in a quiet community, under suspicion, perhaps, but not on the account without a recognized claim upon the respect of his neighbors.

but every individual believed to have been concerned in the latest robbery. The hunt began immediately, and with vigor. It was carried on in the mountains, on the plains, through the canyons and gulches as far north as the Arctic Ocean, as far south as Tierra del Fuego.

And so the chase went on, until near the end of the tenth year, the one robber missing until that time was run down in the mines of Sonora, Mexico. That is how the Union Pacific Railway Company and its allies made peace with their enemies, the train robbers.

EASTERN PROVINCES ASK FOR INCREASE IN SUBSIDY

Ottawa, Nov. 19.—The provincial premiers and ministers spent the afternoon in conference in the senate chamber over the question of handing over the natural resources in the prairie provinces, now held by the federal government, to the ownership and control of the provincial administrations.

The other provinces have no objection to this provided they are compensated by way of increased subsidies for the handing over of their interest in the federal domain.

The maritime province delegations headed by Premiers Foster, Murray and Arsenault, are pressing vigorously for a larger proportion of the taxes collected by the federal government. Their contention is that provincial taxation sources are limited by the British North America Act; that federal revenues have greatly increased; that the dominion government is encroaching on the provincial taxation field as for instance in connection with income taxation; that the cost of administration has greatly increased and generally that the needs of the provinces demand larger revenues.

The western representatives, while not actively supporting the demands of the eastern men for increased subsidies, will raise no objection so long as the easterners do not object to the transfer of lands. This was the general situation when the conference adjourned this evening.

The proposal of the eastern provinces is in a general way that the annual provincial subsidies be increased by five millions of which \$2,500,000 should be divided between Ontario and Quebec and \$2,500,000 among the three maritime provinces.

NEW BRUNSWICK PROPOSALS.

The New Brunswick delegation, which consists of Premier Foster, Hon. Messrs. Tweeddale, Robinson and Veniot, E. S. Carter and Chief Engineer Foss of the St. John Valley railway, are formally presenting to the government the proposal that the dominion take over the railway as a part of the government system and relieve the province of its liability thereon. This afternoon Messrs. Carter and Foss had a conference with Mayor Graham Bell, deputy minister of railways, with reference to the question. They were promised that the new government railway board of directors would soon go to the maritime provinces and make an inspection trip over the Valley Railway.

The value of the road as a part of the government system could then be appraised and a recommendation made to the government. The New Brunswick representatives believe that the case they have presented is so strong that the government here must recognize its equity and justice.

Hon. Mr. Veniot is also arranging with the minister of railways to re-open negotiations for the acquisition of the Caraquet branch line.

Premier Foster tonight said that he had been consulted in regard to the proposed appointment of A. P. Barnhill of St. John as a director of the government railways and had approved of the choice.

Hon. Messrs. Carvell and Foster are confident that the interests of the province will be amply safeguarded in his hands. When parliament meets the government will ask for legislation giving parliament's sanction to the placing of the Intercolonial under the control of the C. N. R. board of directors.

City Not Liable for Acts of Mob, Says Solicitor

No Action on Claim for \$1,300—Plans for Reception of Governor-General on December 4

At a meeting of the common council yesterday afternoon the city solicitor advised that the city was not liable for the damage done by a mob at F. Nicholas' place, Mill street, during the recent celebration. Mayor Hayes was authorized to sell the wood purchased by the city, which at present time is taking up the room on city wharves. His wharf was also appointed to look after the entertainment of His Excellency the Duke of Devonshire when he is expected to visit the city in December. The question of suspending operations at Lake Fitzgerald was discussed and the matter left with the commissioner of water and sewerage to take up with the city's solicitor and report back.

Regarding the wood purchased by the city, Mayor Hayes said that the commissioner of harbors and ferries told him that the large quantity on one of the south end wharves was the wood and he would like to have it removed. He thought the wood should be cut into stove lengths and sold. He said that there were ninety-two cords on one wharf, thirty at the foot of Indianatown and a car load on city property in the south end.

Commissioner McLellan said that as his wharf had the purchasing of the wood he should be retained in the case of disposal of it and made a motion to that effect, providing that it was not sold to any dealer. He favored it being left in lengths and sold. He said that the wood would be saved some \$2.5 or \$3. He felt that those desiring it would be able to cut it and thus save the additional expense.

Commissioner Fisher desired to know if it would be right to dispose of the wood in an emergency area as was feared, when it was purchased. The purpose for which it was bought should not be over-looked. However, if it was felt reasonably sure that such an emergency would not arise he was not opposed to selling it. The motion was carried.

The mayor then read a telegram he received announcing that His Excellency the Duke of Devonshire would pay his official visit to St. John on December 4. He recommended that the members of the common council constitute a committee to entertain him and arrange for a proper reception.

Commissioner McLellan moved that the matter be left in the hands of his wharf. The letter contained in this providing that if he so desired the other commissioners would assist him when he needed them. This was agreed to and the motion carried.

Commissioner Hilyard read a letter from S. E. Page, representing the Lock Joint Pipe Company, recommending that the water extension around Lake Fitzgerald be discontinued until the spring as weather conditions were unfit for concrete work. It was decided to place the details before the city solicitor as some important questions were involved.

Engineers have explained why the delay had occurred and said that there was still 830 feet of pipe to be laid. He said it could not be completed this year. Commissioner Hilyard was instructed to take the matter up with the solicitor and report back to the council.

East St. John Main. A letter was read by Commissioner Hilyard regarding the extension of the water main to East St. John. The letter was from the superintendent of the county hospital and explained that unless more water was furnished it would be impossible to open the new wing. The

letter explained that some forty patients were ready to be received into the new wing, but the lack of water would prevent the opening and was seriously handicapping the work of the hospital at present.

The commissioner said that the delay was due to the contractor, who was excavating the trench being behind as a result of his inability to procure men and also through sickness.

It was suggested that the contract be given to another firm, who had promised to complete the work by the middle of next month.

Commissioner Hilyard deplored the fact that contracts had to be let to people making the lowest tender for in many instances, he said, they had not the backing or equipment to carry out the prescribed work. It was finally decided to take the matter up in committee and have the contractor present this morning at 11.30 o'clock.

Commissioner McLellan read a petition from residents in Clarendon street, who were opposed to having a blacksmith shop opened in that residential district. He said he did not know what he could do in the matter and moved that it be referred to the solicitor for his opinion.

Commissioner Fisher said that he felt it would be undesirable to have a blacksmith shop opened in a residential section like that. He seconded the motion and it passed unanimously.

Damage in Celebration. A letter was received from J. A. Barry asking that the city reimburse his claim, P. M. O'Neill, \$48.25 for damage done by a mob to a building of his on the night of the celebration. Letters were also received from Wm. Tierney, of 683 Main street, asking for \$8, and Mrs. Birmingham, of 149 Brussels street for \$9, to pay for windows broken by a mob on the same night. All these were referred to the city's solicitor.

Commissioner Bullock moved that debentures be issued for \$79,561 for twenty years at six per cent. A letter of thanks was received from the Free Kindergarten for a grant of \$1,000.

Hon. J. B. M. Baxter, city solicitor, wrote that the city was not liable for damage done during a riot to the premises of Fortis Nicholas in Mill street. A claim for \$1,300 was made by H. O. McInerney, who is acting for Mr. Nicholas.

Mayor Hayes said that W. B. Wallace, K.C., had been retained by the city at the time the New Brunswick Power Company bill was before the local house and asked that the action of the mayor and council be approved so that his bill for \$702.80 could be paid. This was done and the bill ordered paid.

The following reports of the committee of the whole council were passed: 1. Your committee recommends that the sale of uniforms to the military and public lands be authorized to call for tenders for the purchase of the wharf property now under lease to George Dick and formerly known as the "Quinn Property", the minister of marine having stated that the department of marine is not disposed to offer any objection to the sale of the same by the city.

2. Your committee also recommends that a renewal lease issue to Frederick Taylor, of lot No. 933, Guys ward, for seven years from May 1, 1918, upon the common clerk being satisfied that he is entitled to the same annual rental \$17.

3. Your committee further recommends that the tender of Morrison & Newlands for 10,000 lineal feet of granite curb stone for delivery in 1919 as specified, be accepted, namely 3,700 feet of a foot according to point of delivery and 300 feet of circular curb stone at \$1.30 or \$1.25 a lineal foot according to point of delivery.

Stock already has arrived in large number. L. M. Anderson, of Sackville, president of the Farmers' and Dairy-men's Association, arrived today with twelve head of short horns. J. H. King arrived from Montreal with a carload of sheep which had been purchased in Quebec for stock purposes.

Men under the third class who are short of articles of clothing will be charged the unexpired value of articles missing deducted from the \$10 withheld from their first month's pay. The \$10 will be the maximum charge in such cases. This clothing allowance can not be utilized to liquidate any debit balances that may have occurred in a soldier's account at time of discharge.

Military authorities announced last evening that in all probability among the first men to doff their khaki uniforms would be the overseas section of the Artillery depot under Major W. P. Wetmore. It is believed that Friday will see several of the men from this section of the service give up military life for civilian.

Preference in demobilization is to be shown in all cases to overseas men, primarily overseas married soldiers. They will be let go first.

A. P. BARNHILL AND T. CANTLEY DIRECTORS

MAY LESSEN LIQUOR RESTRICTIONS advertisement.

Further information reached military headquarters last evening from Ottawa in reference to demobilization. It deals chiefly with the disposal of the uniforms of the various classes of soldiers. It sets forth, first, that all soldiers who saw overseas service are allowed to retain their uniforms and great coats, and in addition will receive a clothing allowance of \$35. The same applies to those soldiers who have seen only service in Canada and who received their clothing and great coats prior to July 1 last, and now have them. All men who have seen service in Canada only after July 1 last must turn their uniforms in to the military authorities but shall be entitled to the \$35 clothing allowance. The fourth and last clause comprises all men who while called up did not receive uniforms. These are not entitled to the \$35 allowance.

Y. M. C. I. BOWLERS
The Y. M. C. I. bowling league opened this evening, when the Hawks and Autos, after an exciting three string, divided honors with two points each. Veniot, for the Autos, bowled the highest three strings, 283, also the highest single 99.
The league will run for twenty-one weeks, three series of ten weeks each. A good-sized crowd of interested spectators was on hand to cheer the competing teams.

ALMOST BLIND FROM HEADACHES

It is hard to struggle along with a head that aches and pains all the time. Headache seems habitual with many people; indeed, some are seldom, if ever, free from it, suffering continually, and wondering why they can get no relief. In nine cases out of ten, persistent headaches are due to poisoned blood, the blood being rendered impure through some derangement of the stomach, liver or bowels.

The reason Burdock Blood Bitters makes permanent cures of all cases of headache, is because it starts the organs of elimination acting freely, and the poisons and impurities are carried off from the system, purified blood circulates in the brain cells, and instead of pains and aches there is revived mentality and bodily vigor.

Mrs. Geo. Monck, Arden, Ont., writes: "I have been troubled a great deal with sick headaches, and at times would almost go blind, and have to go to bed. I tried different kinds of medicine without any benefit until I was advised to use Burdock Blood Bitters. After taking it, I have not been troubled since."

B. B. B. is a purely vegetable remedy, and has been manufactured for the last forty years by The T. Milburn Co., Limited, Toronto, Ont.

At a meeting of the Diocesan Board of the Women's Auxiliary, which was held yesterday afternoon in Trinity church, reports were presented by Mrs. Alfred Morrissey and Mrs. Heber Vroom of the Triennial held in Winnipeg.

HEROIC MAX IS AT HOME AGAIN

Brussels, Nov. 19.—Adolphe Max, Burgomaster of Brussels, returned from captivity today and was given an enthusiastic ovation by the populace.

Burgomaster Max was arrested while performing his duties in Brussels late in September, 1914, after discussions with the German governor-general, Von Der Goltz. He was taken to Germany and refused offers of the German government to be returned to Belgium if he would change his attitude towards the Germans.

London, Nov. 19.—The Belgian cabinet will resign after King Albert meets the parliament this week, according to a despatch to the Daily Telegraph from Bruges. The message adds that M. Delacroix, a Brussels lawyer, will be asked to form a coalition government.

LOCAL NEWS

CONDITION STILL SERIOUS.
The condition of Mrs. Ethel Stewart who was badly burned at her home in Rothesay on Monday evening is about the same.

SOLDIER STUDENTS FREE
At militia headquarters today it was given out that all university students, mariners and college boys in general who were impressed into the service by the Militia Service Act are now to be immediately released—if they so desire—to resume their studies. Most of these men are with the artillery and engineering units.

NOVELTY SHOWER.
A novelty shower was tendered Mrs. Dorothy Whipple last evening at the home of Mrs. Arthur Betts, Woodville road. Mrs. Whipple received many beautiful presents including cut glass, silver, linens, and china. Games and music were indulged in and those present spent a pleasant evening. Mrs. Whipple is principal in an happy event which took place recently.

SOLDIER'S CHILD DEAD.
The sympathy of many friends will be extended to Quartermaster Sergeant Harry, now in England, and Mrs. Sellen of 141 Brittain street, in the loss of their youngest son George James, aged three years, whose death occurred last evening. He leaves, besides his parents, two brothers, Charles and Wellington, and one sister, Viola, all at home. The funeral will take place on Thursday afternoon from his parents' residence.

C. P. R. STEALING CASE.
The case of the King vs. Durdon, charged with stealing from the C. P. R. at Fairville, was taken up in the county court this morning before His Honor Judge Armstrong and jury. This defendant was indicted with Achinson and McLellan on similar charges, but at the request of the attorney general, who is prosecuting each will be tried separately. Only one witness was examined this morning. The case will be continued this afternoon. Wm. M. Ryan is appearing for the defence.

MOTORISTS APPREHENSIVE.
The continued rain is making the enthusiastic automobilist feel especially sad. Not so much because it is raining and he cannot motor with pleasure but because the constant downpour is so rutting and soaking the highway routes of popular runs that, with the cold snap almost certain to follow, the thoroughfares will be ridges of frozen ground disastrous to tires. Just before snowfall the auto fraternity enjoy their country trips greatly, but just now the prospects seem dull.

REGULAR OLD-TIME BONFIRE.
A regular old-time bonfire with its accompanying shouts for "cake!" enlivened the dreary rainy night at the busy corner of Brussels and Richmond streets last evening in honor of the private correspondence to W. A. Quinton of Lancaster. It tells of the death in London on Oct. 15 of Robert Robertson, who, before the St. John fire of 1877, conducted a ship chandlery in Water street, and afterwards instituted and conducted a wool manufacturing plant at Penobscot, Kings county. In the latter enterprise he was associated with the late Bois de Veber. The lumber for the spoils was sawn and milled on the spot and the manufactured product shipped to the Old Country. More than twenty years ago Mr. Robertson took up his residence in England. His wife was sister of W. A. Quinton of Lancaster.

A FORMER RESIDENT.
A death notice which will create reminiscent thoughts among many of the older citizens of St. John and vicinity appears in a recent English newspaper and comes also through private correspondence to W. A. Quinton of Lancaster. It tells of the death in London on Oct. 15 of Robert Robertson, who, before the St. John fire of 1877, conducted a ship chandlery in Water street, and afterwards instituted and conducted a wool manufacturing plant at Penobscot, Kings county. In the latter enterprise he was associated with the late Bois de Veber. The lumber for the spoils was sawn and milled on the spot and the manufactured product shipped to the Old Country. More than twenty years ago Mr. Robertson took up his residence in England. His wife was sister of W. A. Quinton of Lancaster.

POLICE COURT.
Sergeant Fred Goslin, a returned soldier, was in the police court this morning charged with threatening the life of Andrew W. Haslett. Mrs. Haslett testified that the defendant came to her home, in Adelaide street, last Saturday night and asked to see her husband. He told her that he intended to take his life, that he had the goods to do it, and swore that he would do so. In cross examination, she acknowledged that he said he would kill her husband if he caught him on the street with his rifle again. Mr. Haslett then took the stand and said that, in consequence of information received from his wife, he laid a charge against the defendant, owing to the fact that his life was in danger. Under cross examination he acknowledged that he had been to dances in Tipperary Hall, to the nickle and out driving with Mrs. Goslin. He maintained, however, that he was related to her and that he had been at her place assisting her during the absence of her husband, who was at the front. At the completion of the evidence the defendant was bound over to keep the peace.

WESTFIELD SOLDIER IS KILLED IN ACTION.

Pte. E'don E. Elston Enlisted in Boston with 236th, and Won Military Medal in France

Mrs. A. H. Allen, of Westfield, has received official advice from Ottawa that her son, Private Eldon E. Elston, was killed in action on October 10. Private Elston enlisted in Boston in July, 1917, in the 236th McLean Highlanders. He sailed in November, 1917. From Seaford, Sussex, England, he was transferred to the famous "Black Watch" and went to France with the 18th Battalion. On August 8 he was awarded a military medal for distinguished service under heavy fire.

Private Elston was twenty-eight years of age and was born in Westfield. He is survived by his mother and two children in Westfield; his wife, Frances B. Elston, of Lowell (Mass.); three sisters, Mrs. Albert Vasey, of Chicago; Mrs. Wendell E. Dunbar, Lynn (Mass.); and Mrs. Reginald H. Connel, of New York; also one brother, Private George W. Elston. Private Elston resided for many years in Boston. A wide circle of friends will regret to hear of his death.

SPECULATIONS ON EFFECTS OF RAILWAY CHANGE

Transfer of Railway Headquarters From Moncton to Toronto and its Effect on Local Conditions Discussed.

The bare announcement that Canadian Government Railway headquarters are to be removed from Moncton to Toronto created considerable animated discussion in business circles today, all of a regretful tenor.

A. H. Wetmore, president of the Board of Trade, in speaking generally of Moncton's relation to St. John as a pivotal railway point, said that should the changes forecasted in the railway town become more extensive than the removal of the executive and clerical staffs the effect on St. John could never be serious, as McGiveny Junction, on the new Transcontinental railway, could be employed.

In fact, McGiveny Junction, which is about twenty miles northeast of Fredericton, might easily be a switching point for trans-Atlantic western freight over the Transcontinental which could be forwarded to St. John via the new Valley railway. This route would be between seventy and eighty miles shorter than by the way of Moncton, as at present.

Mr. Wetmore said he was not ready to suggest any new ideas with regard to a possible readjustment of railway service into the port, but he, like many others, has long cherished the hope that, with the completion of the Valley railway, St. John would be able by reason of its shorter haul to divert a still greater amount of western freight than it had been able to secure via Moncton, from which point Halifax and St. John both have been fed.

The late provincial government claimed to have had a promise that the Valley railway would be taken over by the federal authorities as part of the Transcontinental. It would still be a good thing, the Board of Trade president said, because the idea could be carried out. Premier Foster has only this week taken the matter up seriously at the Ottawa conference, and if it is feasible and advantageous to do so the federal government probably will listen to his urgent request.

"The advent of war and the terrible upset to natural progress for the last four and a half years have thrown so much scheming and aspirations out of joint," says President Wetmore, "that now with the coming of peace we must think quickly and carefully to bring about readjustments and extensions." It was pointed out in retail business and hotel circles also among some branches of manufacturing today that the removal of the railway offices to Upper Canada will divert a lot of money from this New Brunswick metropolis and shipping centre. Printing and bookmaking trades may be affected especially.

DEATH FOLLOWED SEVERE BURNS

Miss Kathleen Mooney Passed Away This Morning—Result of Accident on Monday Evening

It was with poignant regret and surprise that the community learned early this forenoon of the death of Miss Kathleen Mooney, daughter of Patrick J. Mooney, of 77 Orange street. Miss Mooney was burned, through an accident to an oil heating stove last Monday evening while sitting with her father.

Miss Mooney's relatives and friends believed her burns would heal quickly; and that her prostration through the first shock of the mishap would soon pass off, and that her recovery would follow. However, at six o'clock this morning she sank rapidly and expired. Naturally this unexpected demise created the deepest sorrow.

Miss Mooney leaves besides her father, Patrick J. Mooney, who has been ill and whose health has been further impaired by the experience he went through when his daughter met with her accident; Mrs. P. J. Mooney; a sister, Miss Beatrice, in the Military Service offices, and four brothers, Captain Edward J., assistant provost-marshal in Halifax; Thos. F., associated with his father in this city; John P., at home and Flight Cadet Bernard Mooney in England.

Miss Mooney was a graduate of St. Vincent's High school, an active member of the Alumnae of that institution and an enthusiastic member of the Young Women's Patriotic Association. Miss Mooney was one of the Imperial Theatre's grand of Y. W. C. A. ushers for this week according to the schedule of the association.

The untimely demise of the bright little Orange street lady will leave a conspicuous gap in a number of happy circles of workday, patriotic, church, household and social activity. As proof-reader in the Globe office Miss Mooney's well-assimilated school training made her valuable.

The sympathy of all St. John is naturally bestowed upon the darkened home in the loss of so bright a member, and particularly to the invalid father, now so ill as a result of the double shock to his already frail nerves.
