Treaty Reservations Adopted By U. S. Senate.

SENATORS INSIST ON MONROE DOCTRINE AND HOME JURISDICTION—NO ARBITRATION ON INTERNAL AFFAIRS

WASHINGTON, Nov. 15. — A peace treaty was adopted today in the senate.

The vote was 78 to 16. Republican and Democratic leaders voted together for the closure which means that until the treaty is adopted no senator may speak in all more than one hour. It was estimated that this step would bring final action within a week.

The action involving closure for the first time in the state's history resulted in an immediate speeding up of the reservation program, the next reservation on the committee list being adopted within one minute without debate or a roll call. It related to mandates.

The text of the reservation adopted follows:

No mandate shall be accepted by the United States under article 22, part one, or any other provision of the treaty of peace with Germany except by action of the congress of the United States.

The committee's Monroe Doctrine reservation was adopted by a vote of 55 to 33. The reservation of domestic questions was adopted, 59 to 26, all opponents being Democrats.

The reservation of domestic questions follows:

The United States reserves to itself exclusively the right to decide what questions are within its domestic jurisdiction and declares all domestic and political questions relating wholly or in part to its internal affairs, including immigration, labor, coastwise traffic, the tariff imposition of traffic in women and children and in opium and other dangerous drugs and all other domestic questions and all questions affecting the present boundaries of the United States and its insular and other possessions, are solely within the jurisdiction of the United States and are not, under this treaty, to be submitted in any way either to arbitration or to consideration of

the League of Nations or any agency thereof, or decision or recommendation of any other power. The senate then took up the Shantung reservation by voting down, 56 to 42, a substitute by Senator McCumber, Republican, North Dakota, proposing that the United States refrain from entering into the Shantung settlement. Under the committee wording the United States would "withhold its assent." The Shantung reservation was adopted without change by a vote of 55 to 41. A substitute by Senator Pittman, Democrat, Nevada, was defeated, 50 to 39.

By Fifty to thirty-nine, the Monroe Doctrine reservation was adopted as follows:

The United States will not submit to arbitration or inquiry by the assembly of the League of Nations, provided for in said treaty of peace, any questions which, in the judgment of the United States, depend upon or relate to its long established policy, known as the Monroe Doctrine; said doctrine is to be interpreted by the United States alone and is hereby declared to be wholly outside the jurisdiction of said League of Nations and entirely unaffected by any provisions contained in the said treaty of peace with Germany.

A reservation giving congress authority to regulate appointment of United States delegates to the league and to international commissions also was adopted.

Without debate the next reservation was agreed to. It reads:

The United States understands that the reparation commission will regulate or interfere with exports from the United States to Germany or from Germany to the United States only when the United States by act or joint resolution of congress approves such regulation or interference.

The amendment reservation was also adopted.

Shots Fired on Marchers in Armistice Day Parade

THREE RETURNED SOLDIERS KILLED AND SEVERAL WOUNDED.

CENTRALIA, Wash., Nov. 11. — Three former soldiers, members of the American Legion, were killed, two other service men were probably mortally wounded and several other soldiers were less seriously hurt when persons, said to be members of the I.W.W., fired on an Armistice day parade today as it passed the I.W.W. hall. A man, said to have been one of those who fired on the marchers, is believed to have been lynched tonight by the citizens. At least eight I.W.W.'s are in the local jail guarded from a mob of several hundred friends of the men shot down today.

Heavy Sentence For Winnipeg Rioters

WINNIPEG, Nov. 14. — Judge George Paterson today imposed the first sentences on men charged in connection with the strike riots and assemblages on Winnipeg streets on June 21.

Adolph Derrill, Thomas Sheridan and Harold C. Pratt appeared, charged with rioting and with being members of an unlawful assemblage.

Derrill was convicted and sentenced to a term in jail for a period of 23 months.

Thomas Sheridan was found guilty of being a member of an unlawful assemblage and was fined \$150 or an alternative, one year in jail. He paid the fine.

Harold C. Pratt was discharged, owing to lack of evidence.

Verdict of guilty with a recommendation to mercy, was returned

Would Bar Aliens Entering Britain For Seven Years

LONDON, Nov. 16. — When the Aliens Restriction bill was before the commons last night a stiff fight was made to secure that enemy aliens shall not be permitted to return for seven years, without the home secretary's permission. Two years was suggested by the government.

A. Hopkins, a former soldier, protested against the perpetual hatred of the German, who, he said, had put up a magnificent fight for over four years and on some occasions had nearly beaten us.

Sir John Batcher expressed amazement and disgust at this speech.

Berlin Refused To Listen To Erzberger

BERLIN, Nov. 15. — Demonstrators last night stormed a meeting arranged by Matthias Erzberger, vice-premier and minister of finance, at which speeches favoring the league of nations were made. The police cleared the hall and order was restored.

Professor Shuecking, chairman of the meeting, was insulted and threatened with violence. Deputy Lorenz attacked Erzberger, saying he was responsible for the empire's ruin. The meeting concluded in confusion, the audience singing imperial and national songs.

Among the coolies and sloughs near Borden Ferry, on the Saskatchewan river, and along the trail in that vicinity leading from Saskatoon to Blaine Lake, members of the R.N.W.M.P. and Provincial police are searching for the body of Mary Wilson, who died in an automobile, according to the statement of her husband, John Wilson, on September 27, 1918, made on Tuesday of this week.

No record of her death or burial has been discovered by the police, who are working up evidence to lay a charge of murder against Wilson. The man is in the General hospital, Regina, with 100 stitches in his throat, and is expected to live in spite of a most desperate effort to end life by hacking at his throat with a small penknife.

Von Mackensen Allowed To Return Home

PARIS, Nov. 13. — Field-Marshal von Mackensen, one of Germany's most successful commanders on the eastern front in the campaign against the Russians and Rumanians, is to be permitted to return to Germany from Saloniki. The supreme council decided today to permit the return of the field-marshal, taking into consideration his age and poor state of health.

Von Mackensen was in command of the German forces in Rumania when hostilities ended. He tried to force his way through Hungary to Germany but was arrested at Budapest by French troops and was later reported to have been interned at Saloniki. He is nearly 70 years of age.

Hindenburg Prevented From Giving Evidence

BERLIN, Nov. 14. — Pan-German students today refused to permit Field-Marshal Von Hindenburg to testify before the sub-committee, which is investigating war responsibility and forced the field-marshal's chauffeur to return with the former commander-in-chief to his home.

The demonstration occurred this morning as the field-marshal's automobile was being driven toward the Reichstag building. The students surrounding it declared their unwillingness to allow him to be questioned by the sub-committee.

Von Hindenburg begged the students who clung to the running board of the machine to allow his automobile to pass, as he was due at the Reichstag. The students, however, replied by ordering the street closed, declaring that they were unwilling to allow the sub-committee to interrogate him. Again Hindenburg protested, but he was unable to quell the demonstration.

It was a nationalist demonstration for both Von Hindenburg and General Ludendorff and for a time it assumed serious proportions. The crowd which gathered consisted mostly of students of both sexes who carried with them an old German flag.

When Hindenburg's automobile was waylaid, the crowd cheered both Von Hindenburg and Ludendorff, and shouted "down with the Jewish government."

After Von Hindenburg's protest, the plea to be allowed to proceed was unheeded, but nevertheless, the automobile began to pierce its way through the crowd toward the Reichstag. Thousands of per-

OTTAWA, Nov. 16. — In view of the critical fuel situation, export of coal from Canada to all destinations has been prohibited except under license issued upon the recommendation of the Canadian Trade commission. Col. Lynch Predicts Republic of England

Irish Officer, Now in Toronto, Says Lloyd George is Sparing for Wind.

TORONTO, Nov. 7. — Colonel Arthur Lynch, former member of the British parliament for West Clare, Ireland, once under sentence of death for participation in the Boer war against Great Britain, and an active pro-British officer in the Great War, arrived in this city today in connection with a lecture tour. In an interview on the Irish situation, Col. Lynch said:

"The British government recently published the main lines of a bill which they hope will settle the Irish question, but which I think has no chance of becoming law, and is only for the purpose of gaining time. In the language of the prize-ring, Lloyd George is simply sparring for wind. The bill will not be accepted either by the Ulster referendum or by any nationalist, except the extremely small minority.

Usual Incapacity. "The bill, in short, is an example of the usual incapacity which the English cabinets have shown to wards Irish affairs.

"Ireland and England have come to a deadlock. It seems to me that it will require great tact and extraordinary luck to avoid a collision, which will result in more bloodshed and the storing up of much bitterness and hatred, which will continue for a generation.

"I believe that the eventual solution and the only possible final settlement will be that of an Irish republic, but I believe also that that solution will come too at the same time as the relations between Great Britain and the Dominions result in the latter becoming a republic. I firmly believe that England herself will become a republic. There is a wave of opinion throughout the world in that direction, but that will not be brought about by the Sinn Fein party, but by the Labor parties."

Provincial Government Deals With Coal Shortage

Hon. C. A. Dunning, Minister in charge of the Bureau of Labor, has announced that the Commissioner of Labor will endeavor to secure the fairest possible distribution of coal from the time that it enters the province, to avert hardship through coal shortage in various parts of the province.

Mr. Dunning explains that the present difficulty is due to the practical exhaustion of all stocks held by dealers at the commencement of the winter season, for while the Alberta mines are at present shipping some 16,000 tons of coal daily as compared with 9,000 tons at this time last year, the production is not sufficient to meet requirements.

The minister urges all persons living in the cities of the province not to lay in larger supplies of coal than are required for immediate use. Nearly every town and village in the province is living a hand to mouth existence so far as fuel is concerned, and any hoarding of coal by the people in the cities is sure to cause distress. The co-operation of all fuel dealers is asked in ascertaining that customers are in actual need of further supplies before making deliveries.

OUR ORGANISED GRAIN GROWERS

GRAIN GROWERS DISTRICT CONVENTIONS

District Conventions are being held during the present month, the first of which was held on the day of the Assiniboia by-election.

On that occasion the one for District No. 14 was held in the City Council Chamber, Swift Current, which was presided over by Frank Burton, of Vanguard, who is also District Director. He was supported on the platform by Mrs. Mitchell of Neidpath and Mrs. McNeil of Expanse. D. McIntosh of Beverley was appointed Secretary and there were 150 delegates present, in addition to a number of visitors.

A Committee on resolutions was appointed by selecting names from a hat, as follows: Messrs. Benn, Norris, Carefoot, Morland and English.

Frank Burton, in reporting on his year's work stated that he had held thirty meetings throughout his district, twenty-five of which were attended by Mrs. Mitchell. Mrs. Mitchell spoke of the enthusiasm manifest at the meetings; and concluded by scoring Mr. Motherwell for "butting into" the Assiniboia by-election.

Mrs. McNeill also made a fine address, in which she gave the delegates an interesting account of the Assiniboia campaign.

An address was also delivered by R. M. Johnson of Eastview; who as a member of the Central Executive and Secretary-Treasurer of the New Provincial Political Party, gave some interesting figures and facts relating to the Liberty Drive.

He also dealt with the Co-operative trading features of the Association, and also intimated that a campaign was about to be inaugurated in the cities of Saskatchewan for the support of the farmers' political movement, which will be addressed by T. A. Crerar.

Just at this stage of the meeting the last bulletin on the Assiniboia election was received, stating that the majority of O. R. Gould was 4,000. The audience then went wild and sent a wire of congratulations to Mr. Gould.

Another telegram was sent by the Convention to the President of the United Farmers of Ontario, which reads as follows:

"We, the Grain Growers here assembled, hasten to extend our heartiest congratulations on the wonderful results of your late fight. We are going to follow your example. Watch Saskatchewan. Signed: Frank Burton, Director for District No. 14."

No Return of the Trouble Since Taking "FRUIT-A-TIVES"

MR. JOHN E. GUILDERSON

P. O. Box 123, Parrsboro, N. S. "I suffered with Rheumatism for five years, having it so badly at times I was unable to get up without assistance. I tried different medicines I saw advertised and was treated by doctors in Amherst, also in my home town, but the Rheumatism came back.

In 1916, I saw in an advertisement that 'Fruit-a-tives' would stop Rheumatism, and took one box and got relief; then I took them right along for about six months and the Rheumatism was all gone and I have never felt it since.

Anyone who would care to write me as regards 'Fruit-a-tives' I would be glad to tell them what 'Fruit-a-tives' did for me."

Two Mennonite Congregations

Editor of the Courier:

Please allow me some space in your valuable paper. My article is necessary for the explanation of some facts in order to prevent misunderstandings among the reading public.

In the English papers we frequently read articles about the Mennonites in the Canadian West. Every time the writers of such articles are of the opinion that there exists only one congregation of these people. Now we read in a weekly an article entitled: "Action against Mennonites", which article goes on to say as follows:

"The patience of the Sask. Department of Education in connection with the Mennonites parents, who persist in their refusal to send their children to the Public Schools has been exhausted. This was made plain in an order issued to the provincial police to prepare summonses against every parent of children of school age. The Mennonites have made no efforts to cooperate with the Government."

It seems that the writer of this article knows about only one of the congregations of Mennonites in Saskatchewan and that he and many other people are of the opinion, that all Mennonites are refusing to send their children to the Public Schools. These people do not consider it worth while to get exact knowledge of the conditions. They think all Mennonites are of the same kind and therefore is must be acted against all of them. But here is the great mistake, a mistake apt to injure the progressive part, and for this reason I should like to explain the matter.

In the old country there was just ONE religious community of Mennonites and just ONE has emigrated into Canada. The delegates of this community in the year 1873 had stipulated by agreement with the Federal Government of Canada as to some privileges given to them by the Government. Later on, about four or five years hence, some Mennonites not satisfied with the Main Community, separated from the main body and established a new one, which we now call the "Old Colony Mennonites".

This branch of Mennonites living then in Southern Manitoba, and always claimed to constitute the proper and real Mennonites, and that THEY have entered into the agreement between the Federal Government and themselves. The other part called the "Progressive", never have refused an education in English. They were always in favor of it, and from the very beginning of their colonisation in the Canadian West, they have organised school districts and erected schools according to the school ordinance. "The Old Colony Mennonites" living mostly in villages of their own, around Hague, Osler, Warman, and some near Aberdeen in the Northern part of Saskatchewan, others in the district South of Swift Current, have their own Private schools and teach in German only. "The Progressive" reside around Rosthern, Laird, Tiefenbrunn, Waldheim, Hephurn, Mennon, Dalmeny, Langham, and Borden, also near Waldock, Rush Lake, Herbert and Morse. "The Progressive" have besides the Public schools their own institutions of higher education in both languages, English and German: one in Rosthern, Sask., one in Altona and one in Gretna, Man.

It would be far proper and more in correspondence with the sentiments of the progressive part of this community, which every time has proved loyalty and subordination to the laws of Canada in every respect, that the press and public should distinguish properly between these two religious bodies, that is to say, when they speak and write of the objectors of better education in the schools, they should mention "The Old Colony Mennonites", because the "Progressive Part" has to suffer considerably by not distinguishing the two bodies and calling them in general "Mennonites". If one says Mennonites, it means one body only and therefore, by persisting in making no reservation it is made to appear, that all Mennonites are objectors, which is in fact not the case.

A Progressive.

You Need More Than A Laxative

To correct constipation, all organs of digestion and elimination should be helped. Try NR and see how much better you feel.

NR Today—Keeps the Doctor Away

To live and be healthy, your body mechanism must properly digest your food, extract all the nourishment from it and promptly throw off the waste that is left. This is accomplished by the processes of digestion, assimilation and elimination—the work of the stomach, liver, kidneys and bowels. The failure of any of the vital organs to do its work properly affects the action of all the others. A forced bowel movement does not help constipation; it only relieves for a few hours the condition that constipation brings about. Now if you are used to taking so-called laxative pills, oil, purges and the like, you know mighty well you've got to be taking them all the time. Moreover, if you stick to any one laxative, you've got to be increasing the dose all the time. That can do you a lot of harm. Stop doing yourself with such things just long enough to give Nature's Remedy (NR Tablets) a trial, and let the results show the difference. NR Tablets are not mere bowel movers, their purpose is to correct the condition that induces constipation and give you real, genuine, lasting benefit: to improve your digestion and assimilation, give you a good hearty appetite, regulate your liver and bowels, tone up kidney action and give your blood-clogged body a good cleaning out. Nature's Remedy (NR Tablets) is not harsh; it is mild, easy, pleasant in action; no griping or pain ever follows its use; but it is thorough and sure. By its action on the digestive organs it promotes assimilation, which means extraction of full nourishment from your food, and thereby gives you new strength, energy, better blood, better appetite. By toning and stirring your lazy liver, NR sends life into the intestines, improving intestinal digestion. Lastly, by gently encouraging more vigorous bowel and kidney action, NR drives out noxious impurities out of and cleans up your body. Try Nature's Remedy (NR Tablets) and just see how much better you feel in every way. Get a 25c box today and take one each night for a week. You'll say you never felt better in your life. NR is sold, guaranteed and recommended by your druggist.

New Temperance Act By Many Not Properly Understood

Bills at Ottawa Do Not Continue Orders-in-Council as Some Persons Think.

Enquiries made indicate that there is still some confusion in the public mind as to the effect of the prohibition legislation passed in the closing days of the Dominion session. This is doubtless due to the fact that the proposal made by the government to introduce a bill extending war-time prohibition orders-in-council for a period of 12 months after the war was not proceeded with on account of the opposition expressed at a government caucus called especially to consider the matter. It will be recalled that at the regular session of parliament last winter, a bill was passed but rejected by the senate. There is nothing in the legislation passed by parliament Monday relating to the war-time prohibition orders-in-council. When these cease to be effective on the formal proclamation of peace, conditions which existed in regard to the transportation of liquor from one province to another before the orders became effective, will be at once restored. The amendment to the Canada Temperance Act in the nature of enabling legislation providing for local option in areas enlarged to provinces. The plebiscite will be taken by the Dominion government at the request of a provincial legislature, and if a bare majority of the people vote dry, the Dominion government will issue a proclamation forbidding importation of liquor into the province.

Delays Inevitable.

The provisions of the bill, in other words, do not become effective in any province until the legislature of the province makes the necessary move to have a plebiscite taken. Until this is done, importation of liquor by private individuals, but not for sale, will be permissible after the proclamation of peace. The bill to amend the Doherty act, also adopted, provides that liquor must not be manufactured for purposes contrary to the laws of a province, which means that it cannot be manufactured for sale in a province where such sale is forbidden. It may continue to be manufactured for export, however.

THAT CHANGE IN WOMAN'S LIFE

Mrs. Godden Tells How It May Be Passed in Safety and Comfort. Fremont, O. — "I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change — heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared." — Mrs. M. Godden, 925 Napoleon St., Fremont, Ohio.

Such annoying symptoms as heat flashes, nervousness, backache, headache, irritability and "the blues," may be speedily overcome and the system restored to normal conditions by this famous root and herb remedy Lydia E. Pinkham's Vegetable Compound. If any complications present themselves write the Pinkham Medicine Co., Lynn, Mass., for suggestions how to overcome them. The result of forty years experience is at your service and your letter held in strict confidence.

the act which can be invoked to prevent export of liquor from this province. With regard to the attitude of the provincial government, Hon. Mr. Brown stated that it is their desire to have the people express their wishes in regard to referendum, but it is unlikely that such referendum would be submitted at the time of the elections next summer as the issue might becloud party platforms.

IMPROVEMENT IN CAR SITUATION

CALGARY. — Some improvement in the car situation was experienced recently and Vice-President Coleman, of the C.P.R., was very hopeful over the situation. Ray Knight, one of the biggest ranchers in the south country, was in the city and stated his loss from shrinkage among his herds was already \$100,000 in the past two weeks. He has still 5,000 head to get out of the country and says the loss will be heavy if cars are not obtained soon.

HOSPITAL SAVED BY PROMPT WORK

CALGARY. — The prompt action of Sister Chouinard in using the hand fire-extinguisher and the arrival of the fire department prevented what might have been a serious fire in the Holy Cross hospital. As a result of a gas explosion in a ward which contained two men patients, Nurse Gilker and Harold Gillish and Victor Duteau, patients, are suffering from painful burns. The supposition is that the explosion was caused by a lighted match which one of the patients threw into the corner of the room. A gas pipe leads into the room near where the match was thrown.

RETURNED MEN REFUSED TO LET AUSTRIANS LAND

KELOWNA. — Twenty-seven Austrians and Hungarians who sought to settle in the Okanagan have decided to return to their former homes at Horizon, near Weyburn, Sask. The party was refused permission to stop off at any point in the district by an organized picket of returned men who guarded the gangplank whenever the Okanagan steamer stopped.

The party, which is composed of five men, seven women and 17 children, left Moose Jaw where they have been engaged in farming since before the war, last week, and with a carload of household goods, were bound for Kelowna with only enough money to cover their expenses of the trip. When the C.P.R. boat arrived at Kelowna from Okanagan Landing on Monday it was met by a delegation of returned men who refused to allow the party to land. Every effort was fruitless, so the travellers were returned to Okanagan Landing and remain as guests of the railway there. Similar attempts were made to land them at their destinations on Tuesday, but without avail. Now a squad of R.N.W.M.P. reached the scene and made the trip to Kelowna with the unwelcome newcomers. At Kelowna the mounted officers made a plea for the Hungarians and told the returned men of the consequences their action would bring.

As the soldiers then showed no disposition to make trouble, it was decided to have the Hungarians go ashore, but here a new difficulty arose, for, on account of the threats that they said had been made toward them, they would not land unless they were to have police protection, as they believe they will be attacked if the police left the scene. There was nothing to be done, so the party, now increased by the mounted police, returned to Okanagan Landing.
