FOUGHTER PREY O CRAZY FATHER

**Wild Act of Ontario Farmer Who
Shot Daughter and Then
Took Poison.**
WAS INSANE.

On Aug. 18—Thomas, a farmer living about two miles from the town of Dundas, Ont., shot his daughter, aged 16, with a .22 calibre rifle. The girl was sitting on a bench in the woods near the house. After the shooting, the father went to the house and took a dose of poison ending his own life.

The only witness of the tragedy is a boy about six years of age who can not give a very full account of the crime. The father, who is a well-known man in the community, was found by the police in the woods near the house. He was in a state of insanity and was taken to the hospital.

The girl was found lying on the ground near the house. She was taken to the hospital and is now recovering from her wounds. The father's act is being investigated by the police.

H. B. ANSLOW, EDITOR AND MANAGER

CAMPBELLTON, NEW BRUNSWICK FRIDAY, AUGUST 20th, 1909

Old fashioned honesty should never be allowed to drift into the has-been class.

The bark of the average dog is worse than his bite; the bark is usually kept up all night.

Deer are becoming so numerous in parts of Massachusetts that they are working grave damage on farms.

We really don't care whether they call it an aeroplane or an aerodrome so long as they don't drop the monkey wrench.

A western editor married a woman who used to contribute verse to his columns. It's the only way to stop some of 'em.

A postman in Shrewsbury who wore a celluloid shirt front, was terrified to find it suddenly ablaze with fire. His chest was badly scorched.

What the bald-headed eagle will think when he first sees an aeroplane swooping towards him is what some nature fakir should try to find out.

The Canadian team at Bileys won \$4,400 in cash. This fact may serve to reconcile some anti-militarists to the dangerous practice of rifle shooting.

A grave digger at Rochester, N. Y. has been arrested on a charge of murder. It is presumed he killed himself rather than started in to stimulate it.

And so Harry Thaw is insane by legal decision. All sane people will hope that he will remain insane, and that they have heard the last of this tragedy of the rich.

They have discovered that kerosene is a remedy for snake bites. But try to imagine a devoted angler taking with him on a week's fishing trip a jug of kerosene.

Almost every day brings stories of new finds in Ontario's silver area. But it's not only a place of new finds, for the output record of shippers continues to grow.

A Pittsburgh millionaire used less than half a hundred words in his will to dispose of over \$15,000,000. The money itself will do almost all the talking necessary.

The Chinese methods of covering up the retreat of the murder of Elsie Sigel in New York reveal the superior cunning of the Oriental mind. Their cunning, linked with what, according to western morality, is unscrupulousness seems to battle western pursuers.

The judge who sat on Harry Thaw's case probably did what was just and right; if he made a mistake on that he at least accurately interpreted the sentiment of about ninety millions of people who compose the society of this continent.

The Grimsby Independent says:—Why, there are hundreds of ladies today moving in the best society, prominent in the church and yet they dare hardly go into a dry goods store without their hands tied behind their backs, and in their tendency to steal everything they lay their eyes on.

The record for ecclesiastical poverty has been broken, and the exemplar is a Roman Catholic. Dr. Doyle, the Bishop of Lismore, New South Wales, whose estate was proven lately, left property valued at one shilling and sixpence, or about 35 cents. He at least left no treasure on earth. His estate must be in heaven.

HEADACHE.

In all cases of headache the first thing to do is to unload the bowels and thus relieve the afflicted organs of the overfull blood vessels of the brain; and at the same time to restore tone to the system, re-establish the appetite, promote digestion and invigorate the entire body.

FOR THE BLOOD

will remove the cause of the trouble and restore the system to healthy action and buoyant vigor.

SAY PEARY HAS DISCOVERED POLE

Washington Sharps Believe Explorer Has Reached Goal of his Ambition

WASHINGTON, Aug. 18.—Those sharpshooters who made a specialty of Arctic exploration are inclined to believe that Commander Peary has at last discovered the North Pole. They have no positive information on which to base this belief, for no word has been received from him since he disappeared into the frozen waters of the far north.

The indication in general, borne out by reports from the far north, are that the present has been an extremely favorable season for Peary's purposes; whereas the special ground for the belief that he may have won his goal is Peary's letter from New York just a year ago, prepared to remain in the far north, three years if necessary, but before he left he told President Roosevelt who had given the expedition his blessing and half a cargo of food, shoes and four leaf clovers, that he really expected to get to the North Pole in the summer of 1909.

Since he has been heard to both poles this year by experienced explorers. The impression prevails that the South Pole is likely to be found before the North, because of the marvellous thickness of the Shaktleton expedition which got nearer to the South Pole than anybody had ever before got to either pole.

Detailed reports of the Shaktleton expedition have been coming to the National Geographic Society and have aroused the greatest interest all over the world that the Southern

TALKS ON ADVERTISING.

1.--IN WHICH WE GET ACQUAINTED.

By Henry Herbert Huff

'Hello, Mr. Business Man. And how is trade? Improving?'

'I'm glad to hear it. Oh, we'll have things moving nicely-pretty soon. Everybody's optimistic down our way. Got nearly an hour in town-want to catch that 4.29 out of here. If you're not busy sit down a few minutes and let's talk things over. Mail order houses bothering you?'

'Yes; they're cutting quite a hole in our trade. I thought that dull spell would fix them, but it didn't here in our town. Never believed they were getting so much business till I was shown the pile of goods from them that arrived on this morning's freight. Some of our best people buying there, too. Really I cannot understand why any one should send away and wait several weeks for goods he can buy just as cheaply right here in town.'

'Got any soap clubs here?'

'Yes; there are several, and it does beat all how these premiums take. Look as though one was getting something for nothing, but he pays for it all. I can sell the whole assortment for half their list price and premiums. Buy them separate and get what you want. Each of these clubs takes from \$100 to \$300 worth of business from our town every year.'

'And then there's Near City—only twelve miles away, and the fare is 40 cents. Many of our people go there to buy clothing, millinery and the like. Often they pay more than in their home town. We merchants had been charging up the bulk of our lost trade to the mail order houses, but found upon investigation that a large part is going to Near City instead. With our trade leaking out in every conceivable way it seems up to us to take what's left.'

'Do you have any trouble with "leakover" goods?'

'Yes; we lose a lot that way. In summer business goes on a vacation. Most days of the week are pretty slow too, except Saturday, and that's hustle, hustle, all day long. I wish we might shift some of this day's business to the others.'

'Mr. Business Man, I've a solution to all of your problems. I can tell you what will hold your trade at home, what will move your slow sellers and remainders, what will make business for you in the dull season, what will sell the new and better goods. It's no complicated mystery or trick of magic—just plain ADVERTISING.'

'I know you'll say you've tried it without success or that a competitor failed to make it pay or something else, but it resolves itself into this—if you ADVERTISE RIGHT, it will PAY you; if you do so in the WRONG way, it will FAIL. Advertising is no child's play—it's a science. A person of average ability can write good copy.'

'And now I must be going, but I'll be back next week and every week for several months, and I intend to have a little chat with you each time. I shall first show you how advertising will SOLVE your problems, and then I'm going to tell you how to advertise SUCCESSFULLY.'

Pole is really more accessible than the northern because there is not so much open water to be crossed. Jean Charcot is now in the Antarctic region with an expedition equipped for expedition, and Lieutenant Shackleton is expected to go south next season. If both poles are discovered this year it surely would be a remarkably record for 1909.

NAVAL AGREEMENT REACHED

Australia Will Spend Money on Cruisers and Control Her Ships

LONDON, Aug. 18.—The scheme of naval defence agreed to by the Australian representatives and the Admiralty is described as being completely satisfactory to Australian national sentiment. The Australian fleet does not pass automatically under the control of the Admiralty during war, but will be placed at its disposal. It is recognized in war time that the fleet must be under one central control, ample provision can be made for the interchange of officers, though sometimes the Imperial navy must supply officers and men. No doubt enough will be given the money being spent in cruisers.

MINARD'S LINIMENT CO., LTD.

Gentlemen.—In June, '98, I had my hand and wrist bitten and badly mangled by a vicious horse. I suffered greatly for several days and the doctor refused to heal until your agent gave me a bottle of MINARD'S LINIMENT, which I began using. The effect was marvellous; in five hours the pain had ceased and in two weeks the wound had completely healed and my hand and arm were as well as ever.

Yours truly,

BLACK CAPE

BLACK CAPE, Aug. 16.—Miss Maida G. Campbell of Baltimore, Md., and her sister Lily of Montreal are home for a short vacation.

Mrs. David Reid and children, of Montreal are spending a few weeks with her mother, Mrs. Angus Campbell.

Mr. J. S. of New Port, was in Black Cape last week, hiring men for the New Canadian Co. and offering \$2.50 per day.

Mr. and Mrs. Weston Kerr and children, of Worcester, Mass., have arrived here and are staying at the cottage. We understand they intend to remain in Black Cape. A welcome is extended to them by their many friends here.

A grand picnic will be held in New Richmond under the auspices of the members of the Agricultural Society on the 27th inst., which will take place in Mr. Alfred Gilker's field. We trust that the day will be fine and that a good time will be spent by all.

A large steamer arrived in the harbor of New Richmond on Saturday afternoon to load coal for the Cascapedia Lumber Co.

Mr. Harry Scott of New Castle spent Sunday here, the guest of Mr. Hugh Johnston.

Mr. Thos. Johnston and his grandson Roy, are in Heron Island. Mr. Johnston is visiting his sister after an absence of 15 years.

Mrs. Arthur McNair is visiting her parents, Mr. and Mrs. Robert Pettigrew of Heron Island. She is accompanied by Miss Rena McNair.

A very quiet wedding took place at the home of Mr. and Mrs. Augustus Kerr on Wednesday evening, when their daughter Lulu was united in marriage to Mr. John McCallan of New Richmond. The young couple will make their home in New Richmond. We all join in wishing them a happy journey through life.

Anemic women and children, who frequently feel chilly, are pale and exhausted, will derive great benefit from the use of Ferrovin, the invigorating tonic, which consists of iron in a form they can assimilate, fresh lean beef and pure sherry wine. Nothing can be better than this combination of strength-giving agents in such cases. \$1.00 per bottle.

CARD

To the Electors of the Parish of Dalhousie.

At the request of many electors of the parish, I have consented to become a candidate in the approaching election of Councillors.

I will endeavor to visit the electors before election day.

My past record as councillor will be a guarantee that your interests will be as much as in the past, and my best care and attention, if you honor me again with your confidence.

I will endeavor to give a fair distribution of office to all parts of the parish without reference to any party attachments.

TIMOTHY ROBINSON

CARD

To the Electors of the Parish of Dalhousie.

Having accepted the nomination so kindly offered me by my friends, I shall be a candidate at the forthcoming election of Councillors for our Parish. I thank you for your support two years ago when I lost my election by the casting vote of the Chairman. My defeat on that occasion was entirely accidental. This time, however, I am convinced that I shall obtain a majority of your votes. And if elected, I assure you that the interests of our Parish will not be neglected by me, as the experience I have had in the Council in the past will be a benefit to me, being familiar with the general business of the Council. It is my intention between now and election day to see you at your homes, and should I be for any reason prevented, I trust you will be so generous as to let me be elected by me, as the experience I have had in the Council in the past will be a benefit to me, being familiar with the general business of the Council. 70 Years with Coughs

We have had nearly seventy years of experience with Ayer's Cherry Pectoral. That makes us have great confidence in it for coughs, colds, bronchitis, weak throats, and weak lungs. Ask your own doctor what experience he has had with it. He knows. He can advise you wisely. Keep in close touch with your family physician. No alcohol in this cough medicine. *J.C. Ayer & Co., Lowell, Mass.* Be well, be strong. You cannot if your bowels are constipated. The best laxative is Ayer's Pills, all vegetable. Ask your doctor if he agrees with us. Do as he says.

WHY NOT OWN AN AUTOMOBILE?
If automobiles are needed anywhere at all they are in the country. One of the speakers of the Women's Institute, at Guelph, recently predicted that the time was near at hand when farmers' wives would run their own automobiles. Nor is the prediction a visionary one. Like the telephone and the trolley, the automobile seems destined to add to the comfort of country life, and the cost will not interfere with your buying. We can sell.

Good Second-Hand Machines
at a mere fraction of original cost. These cars are taken by us as part payment for the newest and latest models, and are such as we can thoroughly recommend. Any machine we send out is guaranteed to be in first-class condition, and beyond the fact that second-hand cars are not this year's style, there is nothing wrong with them in any way. We use them as a means of introduction to the country trade, and make the values extra special to encourage quick buying. If interested, send your name and address for fuller particulars.

FOR CAMPERS

Don'ts that May Save Many Thousand Dollars

1. Don't, when in the woods, throw down a lighted match, cigar stub or other flaming object, make sure that the flame has been thoroughly extinguished before throwing it away.
2. Don't build your camp fire larger than is necessary.
3. Don't, under any circumstances, leave your fire unguarded, even for a comparatively short time; see that it is dead out before you go away.
4. Don't build your fire in inflammable material.
5. Don't build your fire in a hollow log, where it is hard to be sure when it has been entirely out.

To these 'don'ts' it may be added that in windy weather or in a dangerous place, it is well to confine the fire in a hole dug down to the mineral soil. A fire may smoulder in the humus or 'duff' for days, only waiting for a strong breeze to fan it into a flame that may burn over miles.

Summer tourists and campers, unfortunately have a bad reputation among owners of timber as being often a cause of fires. Such fires could be prevented, almost without exception, by a little extra care on the part of the campers, who have been the unintentional cause of much forest destruction, and who have just as much an interest in the preservation of the forests as the owners of the timber themselves.

The rights given above are the result of long experience and observation on the part of many woodsmen and lumbermen as to the origin of fires from this cause, and are earnestly recommended to the attention of campers, sportsmen, and others.

If your liver is sluggish and out of tone and you feel dull, bilious, constipated, take a dose of Chamberlain's Stomach and Liver Tablets tonight before retiring and you will feel all right in the morning. Sold by all druggists.

CANADIAN CITIES AHEAD OF UNITED STATES

View of Glasgow's Senior Magistrate

NEW YORK, Aug. 18.—Mr. Jas. Shaw Maxwell, Senior Magistrate of the City of Glasgow, who is making an extensive tour of the United States and Canada, arrived in New York yesterday. Although Mr. Maxwell's purpose in visiting America is for the transaction of private business, he is taking advantage of the opportunity to study American institutions. He declares he has been greatly impressed with those he has already visited in Chicago, Boston, Toronto, and Ottawa. Coming, as he does, from the birthplace of municipal ownership, Mr. Maxwell professes surprise that the citizens are not more interested in that problem.

"From what I have already observed," he says, "the Canadian cities are far ahead of those in the United States in many respects. They appear to be better regulated and are kept cleaner."

In referring to yesterday's fire in Glasgow, the visitor expressed the opinion that New York was in more danger from serious conflagrations than his home city.

"We have no frame buildings in the city proper," he said, "and I believe that our fire regulations are more strictly observed."

GREEK FLAG PULLED DOWN IN CRETE

Situation Now as it was Before the Flag Was Raised

CANEA, Island of Crete, Aug. 18.—The Greek flag raised three weeks ago by the people of Crete in defiance of the sovereignty of Turkey, and as an evidence of their desire for union with the kingdom of Greece, was lowered at sunrise, this morning by a party of international bluecoats. There was no resistance on the part of the Cretans.

A landing party from the battleships of Great Britain, Russia, Italy and France, the protecting powers of Crete which evacuated the island on July 27 last, came ashore before sunrise, proceeded to the fort over which the flag was flying and removed the Hellenic emblem from the staff.

The four war-ships assembled in Canea Harbor yesterday afternoon, their presence being an outcome of the difficulty that has arisen between Greece and Turkey since the evacuation, and an indication of the purpose of the powers to maintain the status quo.

Yesterday the foreign consuls in Canea notified the Cretan government that the Greek flag would be hauled down this morning, and they warned the government that irreparable consequences would follow any attack made on the international landing party.

On receipt of this warning, the Cretan authorities issued an appeal to the people not to obstruct in any way the action of the powers.

A TYPOGRAPHICAL ERROR

FREDERICTON, Aug. 18.—A poster printed for the crown land department containing a summary of the amended game laws of the province, contains a typographical error. The poster states that the open season for ducks, geese, etc., starts on September 1st, whereas the season does not open until the 15th of September.

BOARD OF TRADE AND LABOR DIFFICULTIES

Amendment Demanded Compelling Acceptance of Board of Conciliation Reports

CHARLOTTETOWN, Aug. 18.—Forty delegates attended the opening meeting of the Maritime Board of Trade this morning. Premier Hazzard extended a welcome on behalf of the province. Mayor Prowse for the city, and President Paton for the local board. The vice-president, W. B. Snowball, was in the chair, and read an address of the absent president, Hon. Geo. E. Hughes, who is charged on the need of protection of forests and fisheries, of improvement to our transportation facilities and the reduction of excessive freight rates. He urged all the provinces to unite in pressing their claims against the Dominion. The agricultural advantages of this province were referred to, and a plea made for more encouragement to immigration. The chief feature of the morning session was a discussion on a resolution moved by A. M. Bell, seconded by Senator Ross of Halifax, that the meeting views with concern the difficulties facing industrial enterprise in Canada as illustrated by the present condition of affairs in connection with the coal industry. They regret that in cases of disputes between labor and capital it is possible for either party to ignore the feelings of the board of conciliation, and by strike or lockout to injure extensive outside business interests, and a view of the deplorable state of affairs at Cape Breton and Springhill, they call upon the government to amend the present law so that all parties to an industrial dispute shall be bound by the decision of a regularly appointed board of arbitrators, and also, urge a movement to protect Canada from domination of alien organizations of either capital or labor. The resolution was supported by Mr. Oak of Chatham; Mr. Johnston of Halifax and Mr. Williams of Moncton. The last clause was opposed by Mr. Hawke of Moncton.

A GRAND KIDNEY MEDICINE

"Fruit-a-Lives" Cured Him When Everything Else Failed.
Iverton, Que., March 17th, 1909.
I wish to place on record, for the sake of others who may be suffering in the same way that I suffered, that no medicine I ever took did me so much real good as "Fruit-a-Lives" did. I suffered for many years with kidney trouble, with bad pain in the back.

I took every known kidney remedy and kidney pills, but nothing gave me any relief, and I was getting discouraged. I was advised to try "Fruit-a-Lives" and did so—and this medicine cured me when everything else failed.

THE CRY IS FOR MEN

To Help Gather Saskatchewan's Great Harvest

REGINA, Aug. 16.—Already there are incipient signs of labor famine in connection with the gathering of the Saskatchewan harvest, and at points on the Arctola line farmers are offering as much as three dollars a day and board, without obtaining the required help. The great heat of the last ten days has brought harvesting on with a rush, with the result that cutting has started at scores of points in southern Saskatchewan at least a week earlier than was anticipated, with the result that no labor is available. The handful of men who arrived here yesterday from the east were at once snapped up, and at the present time there are points south of the C. P. R. main line which could easily absorb one hundred men each, with no prospects of the want being supplied until the next excursion arrives from the east.

A LITTLE HEROINE

ALICE STAIT, Twelve Years of Age, Plunged into Chippewa Creek and Rescued Nine Year Old Girl Who Had Got Beyond Her Depth.

NAGARA FALLS, Aug. 16.—After sinking twice and just as she was going down for the third time, Nina Greenwood, the nine year old daughter of police officer Greenwood, was rescued by Alice Stait, her twelve year old companion. Both girls reside at Chippewa, and were bathing in the Chippewa creek. A stiff wind was blowing and Nina was carried out beyond her depth. Her companion was sitting on the bank and did not notice the girl's danger until alarmed by her cries. With splendid presence of mind, Alice sprang into the water, and swimming rapidly, reached the drowning child just as she was about to sink. Bringing the inanimate form to the shore, she immediately rushed to procure help. A doctor was summoned, and after an hour's work, brought the child back to consciousness.

Suffered More Than Tongue Can Tell From Liver Trouble.
A lady, slow or torpid liver is a terrible affliction, as its influence permeates the whole system, causing Biliousness, Heartburn, Water Brash, Langour, Costed Tongue, Sick Headache, Yellow Eyes, Sallow Complexion, etc. It holds back the bile, which is required to move the bowels, and lets it get into the blood instead, thus causing Constipation.
Milburn's Laxa-Liver Pills will regulate the flow of bile to act properly upon the bowels, and will tone, renovate and purify the liver. Mrs. J. C. Westberg, Swan River, Man., writes: "I suffered for years more than tongue can tell, from liver trouble. I tried several kinds of medicine, but could get no relief until I got Milburn's Laxa-Liver Pills. I cannot praise them too highly for what they have done for me."
Milburn's Laxa-Liver Pills are 25c. per box, or \$1.00, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Rev. Father Morrissey

Father Morrissey's "No. 11" Cures Stomach Troubles.

When your stomach is working right you never know it is there. But when it feels as heavy as lead—when you have Heartburn, Belching of Wind, Sourness, a gnawing hunger, with distress after eating—when you feel irritable and depressed—then you may know that the digestive fluids in the stomach are not sufficient to digest what you eat.
Father Morrissey's "No. 11" Tablets supply these fluids in concentrated form. Each tablet, dissolved in the stomach, will digest 1 1/4 pounds of food, which is more than an average meal.
Read what Father Morrissey's treatment did for Mr. Coalline, of Salmon Lake. He writes Nov. 30, 1908: "I was troubled with indigestion, so severe that I really thought I had cancer of the stomach. I took much doctors' remedies, till I was forced to seek another resource, and this was the Rev. Father Morrissey. His treatment worked miracles, until I have been entirely cured, so that now I do not look to the quality of the diet but to the quantity."
Get it at your dealer's.

ALFONSO WANTS TO GO TO WAR

Only Restrained by His Premier's Strong Efforts

MADRID, Aug. 18.—King Alfonso is taking the hardest interest in the war. He is determined to prevent the influence of the Premier, who is opposed to going to the front. The King writes daily to officers at all the army headquarters.
Neither King Alfonso nor any member of the royal family has participated in any entertainment since the war has been in progress, and the social life at Madrid is almost at a standstill.
