## MANY ATTRACTIONS FOR DOLLAR DAY

Merchants are Making Special Inducements.—Ladies to Serve Tea

Tuesday, March 28th, is Campbellton's Dollar Day.

Our readers from the surrounding country are invited to come to town on that day and see what our merchants are offering. In many lines the offerings are exceedingly attractive.

## Special Rates.

Passengers coming to Campbellton should ask for the Market Day ticket which will be issued on that day. This is very much cheaper than the regular fare. The suburban from Newcastle, due here at 11:30 is a good train to travel on and nearly always arrives on time. Plan to spend the day in Campbellton. Last year's Dollar Day was a success, and we are sure Tuesday will also be successful.

Read the various advs. in this issue of the Graphic and make up a list of the articles you wish. This will facilitate matters and insure prompt attention.

Patronize those merchants whose names appear in the list on page one. They are the ones who are giving special bargains, and have made special arrangements to attend to all visitors.

## FOUR MEN KILLED IN WRECK AT VAL BRILLIANT

Heavy Freight Train Crushed Into Another Standing on Main Line—Two Men Badly Injured.

### THE CASUALTIES.

#### KILLED

W. KILLAM, Driver, Campbellton, died of injuries.

FELIX LECOUFFE, fireman, Campbellton, killed.

J. ST. AMAND, Ste. Moise, stockman, killed.

A. THIBIDEAU, Sayabec, stockman, killed.

#### INJURED

H. MAISEY, Driver, Campbellton, severely burned.

G. McNEISH, Fireman, Campbellton, seriously injured.

One of the worst accidents for years occurred at the station of Val Brilliant, a small village 70 miles west of Campbellton, Tuesday night about 11 o'clock, resulting in the loss of four lives.

North-bound extra No. 131, pulled by two huge freight locomotives of the largest class, crashed into south-bound regular freight No. 874, also a double header, standing on the main line in front of the station, instantly killing three men and seven horses, and injuring a fourth man so badly that he died at 7 o'clock Wednesday morning. Two other men were seriously injured.

No. 131 north-bound was in charge of Conductor Raymond, with Engineers W. Killam and H. Maisey and Firemen Felix LeCouffe and G. McNeish.

The south-bound freight was in charge of Conductor E. Gagnon. In the crash, Fireman LeCouffe was killed outright, while Engineer W. Killam was severely burned and died of injuries at 7 o'clock Wednesday morning. Engineer H. Maisey and Fire-

man McNeish are seriously injured.

As the 874 was standing still at the time, her engine and train crews escaped, all the casualties being on extra 131.

In a box car near the engine of No. 131 were three men and seven horses and a cow. One of the men was a lumber jobber for the Chaleur Bay Mills and he and his crew had been paid off here. He had loaded his horses, cow and camp equipment into a car, billed for Sayabec where he lived. The two men, Abel St. Amand and J. Thibideau were in the car with the driver, bound also for Sayabec. They were instantly killed while the other escaped uninjured.

The trains were not as badly broken up as would be expected by the heavy casualties, and the line was clear by eleven o'clock Wednesday morning.

An inquest is being held at Val Brilliant and a searching official railway investigation will be held.

The two trainmen killed belong here. Wm. Killam leaves a wife and two small children, while Felix LeCouffe leaves a wife and nine children. These bereaved families have the heartfelt sympathy of all.

The two injured men, Engineer H. Maisey and Fireman G. McNeish are now at the hospital here and were resting fairly well and are making satisfactory progress this afternoon.

The funeral of Engineer Killam will be held from his late home, Gorrard Street at 2:30, Friday afternoon, and Fireman LeCouffe's funeral will be held from his late residence, Friday morning at 6:45. Service at the Church of Our Lady of Snows at 7 o'clock.

## SAYS WAR WILL END IN JULY

Somewhere in France, March 3rd, 1916.

Dear Friend:

I now take the pleasure of dropping you a few lines again to pass away a few moments before I leave to go to the firing line. Time seems so long when a fellow is away from the trenches that he really don't know what to do with himself. Well, by this time next year I expect to be home to dear old Campbellton. I believe the war will be over by July coming. I don't mean the war will be all over the world. I mean the war will be finished by July coming. The reason I believe the war will be finished is because when I came here first the Germans used to shell us with real shrapnel, but now they use any old thing, old copper pipes, old iron nuts, bolts, etc. Why they are starting to shell us with door knobs now. So it looks to me like the war is soon to come to an end, unless they start to snow ball us, and I don't see where they are going to get their snow from in June or July, so I guess it is all day with the Hunns. Well, I'll expect to see the Campbellton boys here soon, but there

## W. FERGUSON KILLED IN ACTION

One of Campbellton's Most Prominent Citizens Does His Bit For His Country

Word was received here Tuesday morning by Mr. Wm. Ferguson that his brother Lieut. Harry W. had been killed in action on March 15th.

The telegram was the usual one sent out from Ottawa and contained no other particulars.

The news spread rapidly and cast a gloom over the entire community, as Lieut. Ferguson was one of Campbellton's most prominent young men, and expressions of regret at his untimely death were heard on all sides.

Lieut. H. W. Ferguson was interested in military matters for a number of years. He was Lieut. in the 73rd regiment, and at the beginning of the war was anxious to go in any capacity, but was not accepted as the Militia Officers at headquarters fore-

saw that officers of experience would be in demand later.

LATE LIEUT. H. W. FERGUSON of 26th Battalion Killed in action.

When the 26th was authorized he again applied and was given a Lieutenancy. In this position he made good and was later given command of the Machine Gun section. Always a conscientious worker he made an exceedingly efficient officer, and was highly respected by all.

During his short life time spent in Campbellton, he was one of the town's most promising business men, being associated with his brother under the firm name of Ferguson Bros. He represented Ward II for a term at the council board, and proved his ability there, where he worked hard to place the town fire department upon a proper basis.

In church and musical circles he also took a leading part, being a member of the Baptist Church choir, and of the town quartette, and his voice will be missed at musical events, as he was a most willing singer.

Generally he was a worker in every good object. In sports as well as business he was ever ready to do his share and all will miss Harry, as he was familiarly called. He had a large circle of intimate friends, both here and other parts of the province, and on the morning word of his death reached here, a number of letters were received from him by his family and other friends.

The Graphic joins with all in extending sympathy to the bereaved.

## OBITUARY

The death of Pearl, the nine year old son of Mr. and Mrs. Clifford Chatterton, took place Saturday last. The little fellow was a great favorite and the bereaved family have the sympathy of all. The funeral was held Monday afternoon, Rev. J. E. Purdie officiating.

won't be much for them to do. They can help us to do nothing and I'm sure they won't mind that much. Well, I must ring off and go and get my dinner. Give my best regards to all the boys.

I remain, Your friend

## GinPills FOR THE KIDNEYS How They Help

St. RAPHAEL, Ont.  
Four years ago I had such pains in my back that I could not work. The pains extended to my arms, sides and shoulders. I read about Gin Pills and sent for a sample and used them, and found the pains were leaving me and that I was feeling better. So I bought one box and before I used them all, the pains were almost gone and I could keep at work. After I had taken six other boxes of Gin Pills, I felt as well and strong as I did at the age of 20. I am a farmer, now 61 years old.

## SEELY JOHNSON WAS ONLY SLIGHTLY WOUNDED

Writes Interesting Letter of His Experiences.—A Narrow Escape

Somewhere in France, March 2nd, 1916.

Dear Friend:

I now take the pleasure of dropping you a few lines to let you know that I am still playing the game with the Hun. I am enjoying good health and hope to find both you and all your friends the same. As regards to my friends here, they are all O. K. Well, I got back from the trenches quite safe. I had one little visit from the Hun, they shelled us one day and I got quite a shock, it put me out for a little while, but I soon came around on my feet again. I was just 24 hours in the field hospital till I got better. I was a little nervous for a few days, but I am O. K. now. Do you remember I said I'd get you a German nose cap. Well the day they shelled our trench I said to myself, now is my chance to get a good nose cap, but the nose cap nearly got me instead. I often laugh when I recall the days which have just passed. I don't see many of our boys here; I met Captain Roy and was speaking to him for quite a while. I was very glad to meet him over here. It is quite a relief to meet your old town boys over here in this world. I also met Whitney Tope and Bobby Steeves. Why you can bet we had a glad shake hands. Both Ross and Boss Malcolm are here, but I haven't got much time to go and see them. I often recall the time not long ago, when we were fighting with snowballs around Joe Duncan's corner and now we are fighting with the real thing. How the time changes. Don't forget to tell the boys to come over soon. They are missing a time of their life. Why just think how nice to hear guns singing all day and all the air fights, and your never in darkness the sky is bright all night with flares going up; and rats and homeless cats running all about the parapets. Why even the cats got a good time here playing with the rats and the hares running about no man's land. Why just think what their missing.

Well, I am soon going to the trenches again and I am glad to say I am a sniper while in the trenches, so I am feeling better this time than the last time I went, so I am going to get my own back and a little more if I can, and I'll pick one off for you to save you the trouble of coming over, because I know you are very busy and can't come. Well, I will close my short letter for this time.

Yours truly,

SEELY.

P. S.—Here is my latest picture I got taken here.

They can't slip with the bull-dog grip

Many farmers are surprised to find Maritime fencing, even when it has been up for a number of years, remarkably free from loose or broken uprights and lateral. Examination shows, however, that the Maritime "bull-dog" lock holds the joints so rigidly that they cannot give or pull out of shape; and because we use nothing but large, strong, "live" wire—No. 8, heavily galvanized—they are able to stand the daily stress of wear and tear without breaking.

Maritime fence is always slightly, always straight, and always efficient. It's bull-strong and hog-tight, because it is made to withstand far greater strains than any it is likely to endure. It gives you all that you can expect in a wire fence at a reasonable price.

Before you buy or even select your fencing, learn first what the Maritime has to offer in the way of REAL fence service. A postal brings our illustrated catalogue with full particulars.

### McCURDIE-HAMILTON

A quiet but pretty wedding took place at Black Point, N. B., on Tuesday afternoon, March 14th, at the home of Mr. and Mrs. Peter Hamilton, when their daughter Catherine, was united in marriage to James A. McCurdie. The ceremony was performed by the Rev. F. L. Jobb. The bride was charmingly gowned in blue silk with white trimmings. They were unattended and entered the parlor to the sweet strains of "The voice that breathed o'er Eden", which was rendered very nicely by Mrs. F. L. Jobb. After the ceremony and the usual congratulations and good wishes, the guests repaired to the dining room, where a dainty wedding supper was awaiting them. The bride and groom are among Black Point's most popular young people, and will have the good wishes of many friends for their future welfare and happiness. They will reside at Black Point.

### HAS DONE HIS BIT

It was with feelings of the most intense sorrow that the citizens Tuesday, learned of the death of Lieutenant H. W. Ferguson of the 26th Battalion, "Somewhere in France". It seems only a little while since he left our midst filled with highest hopes, on a mission of duty in the cause of righteousness and truth. Truly "The paths of glory lead but to the grave", but in bidding our esteemed friend a long farewell, we wish to honor him for his devoted unselfishness and we take pleasure in giving evidence of the nobility of his young life. A true, manly young man gone in the pride of youth but leaving a record that all may envy and which it is hoped many will emulate. To his sorrowing friends we offer our most profound sympathy and trust that in their great sorrow—which is a town's sorrow—they will remember that when the summons came, he was as ever, in the path of duty, honourable, gentlemanly, self-sacrificing! What greater honour can be paid to one in the thick of the fight against oppression and savagery, wearied and spent with its awfulness, than to hear the voice of the Great Commander-in-Chief Himself, who with His idea of promotion, stooped down to our dear friend and said "Come unto me..... and I will give you rest."

### WE NEED A BRIDGE

We commend to the notice of the Campbellton Board of Trade in addition to their many other good works, the matter of agitating for a bridge across the river at this place. It seems doubtful that we can secure the services of a steamer on the route this season between Campbellton and ports

on the Quebec coast. If we had a bridge across the river, it would enable the citizens of the town to take advantage of the railway service along the coast much more cheaply than it is at present possible to do. It would increase trade between our town and towns and country places in Quebec and generally be of immense advantage. The counties along the St. John river have succeeded in having thousands and thousands of dollars expended to aid in the development of their section of the country. Is not our portion of the Province as productive as any part and for its development and progress we need the bridge across the river. Let us unitedly raise our voices for this much needed work.

### OUR NEXT COUNCIL

Now, in the matter of electing Councilors to represent us for 1916 and 1917. This is an important matter and only careful business men—men of integrity—should be chosen. There are men who take broad views of things, who manage their own business well, who are always on the side of fair-play and progress. Out of these men, let us select our rulers for the year. Perhaps some of the old Councilors will seek re-election. If re-election is sought, their former zeal and energy should be considered in their favour. But they should not be forced to continue the work. There are more men in town—Young men and untried—Why not permit them to have a "look-in" at the doings of the Town business. They are doing their "bit" in the town and as such should be considered. In every case, when a

young man has been selected for this work, he has made good. Our town affairs demand our best attention and as good citizens we will be expected to take a part.

### DO WE NEED LICENSE?

We are face to face with important issues just now, as citizens of the Town of Campbellton. In next month we will be called upon to select men to take charge of the Government of our Town. On the same day we will have an opportunity to answer the request of some men, whose zeal for making money overrides their interest in the welfare of the town—or of its young and growing citizens for permission for open bar rooms. Ward Three is sick of open bars. Their open bars have done the ward no good. Perhaps a few citizens have benefited by the change, but the Town should not be governed or laws made in the interests of a few, to the exclusion of the remainder of the citizens. To repeat—Ward Three is sick of open bars—no gain has resulted from their being open. Now, why should Ward Two ask to have bars made open in their ward? Do not let us be short-sighted or take a prejudiced or narrow view of the situation. It is hinted that if open bars are legalized in Ward Two, that a large new hotel will be built on the site of the Waverly. Reason this suggestion out to a conclusion. Will such a proceeding bring more money into the Town? Will outside capital come into Campbellton and be expended simply because there is a brick hotel in which liquor can be bought? Today, on the contrary, even drinking men, come to hotels which are quiet and around which there is no liquor sold. Let us ask ourselves fairly as business men—Will open bars in Ward Two bring more money into the Ward—if not, what will it bring? Ask the question and carefully listen to the answer. Doubtless there will be several answers. Look at the situation and decide. But decide, don't drift. Talk the situation over in the family and as in other momentous questions ask advice, good advice, which if proven satisfactory, accept and act upon. As leading men today all over the world are pronouncing upon this question, look at their decision.

### SAWDUST

Three hundred thousand Irishmen are fighting for the King. Some army. And who says that Ireland is disloyal or disrupted.

God bless our soldier laddies. They carry all our hopes, for on their true manhood we are depending. How we delight in their appearance on our streets and hope and pray for their deliverance from all their enemies.

Verdun! After a three week's attack in vain by the Germans on Verdun, they find that it is a matter of nearly "All done" for them. And what next—they will probably make an aerial attack on the coasts of Britain and kill a few babies. "How have the mighty fallen!"

Stewart of Bathurst seems to have plenty of time on his hands and nothing to do. He might take a run up to Woodstock and see Ex-Premier Fleming. They would have several things in common and they could sympathize with each other. They might plan to get the nomination from Ottawa for Stewart.

Patriotic potatoes! Evidently the right kind—not so much for their profitability but for the large money yield even for a few barrels. Inquire of the Local Government.

Germany "going like a white streak." But Holland will be after her good and hard for this another act of piracy—the sinking of the Tubantia, unless she makes ample reparation. Germany! The name is anathema.

Wm. McD. Metzler's wall paper samples etc., are now complete for 1916.

As the store recently occupied by us has become too small to adequately serve our increasing trade we have taken the fine double store in the same building Dimock Block, and invite our friends to call and see us in our improved quarters.

We will be settled in a few days and will have our large new stock attractively displayed.

### TAKE OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a 25 cent bottle of Danderine right now--Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff--that awful scourge that is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die--then the hair falls out fast. A little Danderine tonight--now--any time--will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it

Seeks Information in Reference to Postal Affairs in Bonaventure.

### POSTMASTERS AND MUNICIPAL ELECTIONS.

Mr. MARCIL: Is there a rule in the Post Office Department forbidding postmasters from taking part in municipal elections as candidates, and from sitting as councillors and mayors?

Mr. CASGRAIN: An Order in Council was passed in 1893, prohibiting postmasters of incorporated towns from accepting appointment to representative positions as mayor, aldermen, or trustees of public or separate schools. It may be stated, however, that this Order in Council has only been strictly enforced as regards the larger cities. As regards the smaller incorporated towns and villages the department has not pressed the point, except where it was considered that the municipal duties might conflict or interfere with the duties of the postmaster.

### NEW RICHMOND POST OFFICE

Mr. MARCIL: 1. Is the post office at New Richmond West, Quebec, said to have been lately closed, to remain so closed, or is it to be re-opened?

2. Are rural mail boxes locked or do they remain open?

Mr. CASGRAIN: 1. The post office of New Richmond West, Quebec, was lately closed, following the inauguration of rural mail delivery in that locality. Requests had been received of the closing of the post office be reconsidered, and the same are now under investigation. 2. Not locked, as it might impede the efficiency of the service, especially in winter. However, to insure the safety of mail matter deposited therein, a penalty is provided by law for depredations on rural mail boxes or their contents, and the department undertakes to protect the boxes as much as possible and to inquire minutely in all cases of such depredation reported to them.

### MURCHIES CHANNEL PIER.

Mr. MARCIL: 1. Has a petition been received from the small fishermen of Pointe a la Garde, Quebec, asking for the erection of piers in Murchies channel, of the Restigouche river, for the safety of the fishermen and the protection of property?

2. If so, was anything done in the matter, and what was done?

Mr. ROGERS: 1. Yes. 2. The district engineer reports that it would require six piers, costing \$3,000, to hold the ice, but as the work is not in the interest of navigation, no action has been taken.

### ST. ALPHONSE DE CAPLAN MAIL SERVICE.

Mr. MARCIL: 1. Has the Postmaster General received any request to improve the mail service at St. Alphonse de Caplan, Quebec?

2. If so, has any action been taken, and what is it? If not, why not?

Mr. CASGRAIN: 1. Application was made to change the base of supply from Caplan River to St. Charles de Caplan.

2. The post office inspector having reported that the change would make no difference in the efficiency of the service, and would, moreover, involve a considerable increase in the cost, it was not possible for the department to grant the request of the applicant.

### CHIEF HUGHES.

As will be observed from the news columns of this paper of last week, the Chief of Police of the Town of Campbellton has tendered his resignation to take effect on April 30th, next. This news will be received with regret by right-thinking people of the town. Chief Hughes has always shown himself a capable officer and a good citizen. As a public man he has had his enemies and it seems to be a fact that if a man is of any force of character he will have enemies. But those enemies have been unable to lay any charge of serious import on Chief Hughes. He has stood shoulder to shoulder with public opinion in the enforcement of all laws of the Town and has earned the thanks of all well-wishers of good government.

We join with the many good citizens of the Town who are wishing the Chief prosperity and success in his new field of enterprise.

### OBITUARY

On the 14th of March, Mr. Walter H. Sharpe, a young man of great promise and worthy ambition, was taken from his sorrowing parents. The young man, who was the son of Mr. Harvey W. Sharpe of Riviere Du Loup, Quebec, and only 17 years of age, was in Montreal studying industriously at

All shoes look pretty much alike when new. Only wear will reveal their true qualities. The difference you could not see between the \$2.25 shoe and the \$3.00 or \$4.50 pair will often become annoyingly plain after a short while. Since we do not make "cheap" footwear, we can afford to put that sterling quality into Red T Shoes which ensures good wear, and to secure that kind of workmanship which produces good fit and style.

The new models are now being shown at your local boot shop. Men's Shoes from \$3 to \$4.50; Women's Shoes from \$2.50 to \$4.

## SALVATIONISTS' FINE GIFT TO RUSSIANS

General Booth Dedicates Five Motor Ambulances in Presence of Lord Mayor

London, Feb. 22.--At the Guild Hall to-day General Booth, in the presence of the Lord Mayor and a large company, dedicated five motor ambulances presented by the Salvationists of Canada for the use of the Russian forces. The ambulances were drawn up in the Guild Hall yard alongside, with his Lordship in the semi-State coach and Salvation Army Chaplains serving with the Canadians numerous representatives. The Salvation Army flag was in close proximity to the civic regalia. The Lord Mayor said it was the first occasion when a religious body working in a distant part of the Empire had sent Russia help in such a way. His Lordship mentioned he was a supporter of the Salvationist movement when it was not so fashionable as it was now. He also recalled personal friendship with the late General Booth, who received the freedom of London on the same spot on which the son was now dedicating the Canadian supporters' gift to an eastern ally.

General Booth described the gift as from one of the Empire's fairest daughters to her mother's friend. "It has been a feature of our work to assist men and women in poor circumstances here to go out to Canada and better their condition. That work has been very useful. We were building better perhaps than we thought when we sent thousands of those men whom we sent from poor circumstances here volunteering for the defence of the Empire. These ambulances have been contributed in no small proportion by the very men and women whom in the past ten years we assisted into better circumstances in Canada." General Booth finished by handing the British Red Cross Treasurer £2,000 from the British Salvationists for five ambulances on the lines of Canada's gift.

Sir George Perley voiced the pleasure of representing the Dominion Government on such occasions. There were a good many Russians, he said, in Canada, who made some of the country's best settlers. Many were serving now in the Canadian army.

The Russian Ambassador, owing to illness, was unable at the last moment to attend personally, but his Council or expressed the gratefulness of the Russian nation for the Canadian Salvationists' gift.

It is said that there are 50,000 Salvation Army members wearing the king's uniform.

College and preparing himself, we understand, so that finally he would enter the ministry. But God had other plans in reference to him and took him to Himself in early youth. His devoted mother went to Montreal to see him as soon as she heard from him reluctantly of his sickness. She found him still striving to carry on his studies with as much ambition as his failing health would permit. Observing that he was growing worse, she had him removed to the hospital and finally to his home, where he died.

In harmony with his own request, he was brought to Campbellton and buried

## HAS DONE HIS BIT

It was with feelings of the most intense sorrow that the citizens Tuesday, learned of the death of Lieutenant H. W. Ferguson of the 26th Battalion, "Somewhere in France". It seems only a little while since he left our midst filled with highest hopes, on a mission of duty in the cause of righteousness and truth. Truly "The paths of glory lead but to the grave", but in bidding our esteemed friend a long farewell, we wish to honor him for his devoted unselfishness and we take pleasure in giving evidence of the nobility of his young life. A true, manly young man gone in the pride of youth but leaving a record that all may envy and which it is hoped many will emulate. To his sorrowing friends we offer our most profound sympathy and trust that in their great sorrow—which is a town's sorrow—they will remember that when the summons came, he was as ever, in the path of duty, honourable, gentlemanly, self-sacrificing! What greater honour can be paid to one in the thick of the fight against oppression and savagery, wearied and spent with its awfulness, than to hear the voice of the Great Commander-in-Chief Himself, who with His idea of promotion, stooped down to our dear friend and said "Come unto me..... and I will give you rest."

## WE NEED A BRIDGE

We commend to the notice of the Campbellton Board of Trade in addition to their many other good works, the matter of agitating for a bridge across the river at this place. It seems doubtful that we can secure the services of a steamer on the route this season between Campbellton and ports

on the Quebec coast. If we had a bridge across the river, it would enable the citizens of the town to take advantage of the railway service along the coast much more cheaply than it is at present possible to do. It would increase trade between our town and towns and country places in Quebec and generally be of immense advantage. The counties along the St. John river have succeeded in having thousands and thousands of dollars expended to aid in the development of their section of the country. Is not our portion of the Province as productive as any part and for its development and progress we need the bridge across the river. Let us unitedly raise our voices for this much needed work.

## OUR NEXT COUNCIL

Now, in the matter of electing Councilors to represent us for 1916 and 1917. This is an important matter and only careful business men—men of integrity—should be chosen. There are men who take broad views of things, who manage their own business well, who are always on the side of fair-play and progress. Out of these men, let us select our rulers for the year. Perhaps some of the old Councilors will seek re-election. If re-election is sought, their former zeal and energy should be considered in their favour. But they should not be forced to continue the work. There are more men in town—Young men and untried—Why not permit them to have a "look-in" at the doings of the Town business. They are doing their "bit" in the town and as such should be considered. In every case, when a

## DO WE NEED LICENSES?

We are face to face with important issues just now, as citizens of the Town of Campbellton. In next month we will be called upon to select men to take charge of the Government of our Town. On the same day we will have an opportunity to answer the request of some men, whose zeal for making money overrides their interest in the welfare of the town—or of its young and growing citizens for permission for open bar rooms. Ward Three is sick of open bars. Their open bars have done the ward no good. Perhaps a few citizens have benefited by the change, but the Town should not be governed or laws made in the interests of a few, to the exclusion of the remainder of the citizens. To repeat—Ward Three is sick of open bars—no gain has resulted from their being open. Now, why should Ward Two ask to have bars made open in their ward? Do not let us be short-sighted or take a prejudiced or narrow view of the situation. It is hinted that if open bars are legalized in Ward Two, that a large new hotel will be built on the site of the Waverly. Reason this suggestion out to a conclusion. Will such a proceeding bring more money into the Town? Will outside capital come into Campbellton and be expended simply because there is a brick hotel in which liquor can be bought? Today, on the contrary, even drinking men, come to hotels which are quiet and around which there is no liquor sold. Let us ask ourselves fairly as business men—Will open bars in Ward Two bring more money into the Ward? If not, what will it bring? Ask the question and carefully listen to the answer. Doubtless there will be several answers. Look at the situation and decide. But decide, don't drift. Talk the situation over in the family and as in other momentous questions ask advice, good advice, which if proven satisfactory, accept and act upon. As leading men today all over the world are pronouncing upon this question, look at their decision.

Three hundred thousand Irishmen are fighting for the King. Some army. And who says that Ireland is disloyal or disrupted.

God bless our soldier laddies. They carry all our hopes, for on their true manhood we are depending. How we delight in their appearance on our streets and hope and pray for their deliverance from all their enemies.

Verdun! After a three week's attack in vain by the Germans on Verdun, they find that it is a matter of nearly "All done" for them. And what next—they will probably make an aerial attack on the coasts of Britain and kill a few babies. "How have the mighty fallen."

Stewart of Bathurst seems to have plenty of time on his hands and nothing to do. He might take a run up to Woodstock and see Ex-Premier Fleming. They would have several things in common and they could sympathize with each other. They might plan to get the nomination from Ottawa for Stewart.

Patriotic potatoes! Evidently the right kind—not so much for their profitability but for the large money yield even for a few barrels. Inquire of the Local Government.

Germany "going like a white streak." But Holland will be after her good and hard for this another act of piracy—the sinking of the Tubantia, unless she makes ample reparation. Germany! The name is anathema.

## TAKES OFF DANDRUFF, HAIR STANDS FALLING

Save your Hair! Get a 25 cent bottle of Danderline right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderline tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderline from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderline. Save your hair! Try it!

## HON. CHAS. MARCIL ASKS QUESTIONS

Seeks Information in Reference to Postal Affairs in Bonaventure.

### POSTMASTERS AND MUNICIPAL ELECTIONS.

Mr. MARCIL: Is there a rule in the Post Office Department forbidding postmasters from taking part in municipal elections as candidates, and from sitting as councillors and mayors?

Mr. CASGRAIN: An Order in Council was passed in 1893, prohibiting postmasters of incorporated towns from accepting appointment to representative positions as mayor, aldermen, or trustee of public or separate schools. It may be stated, however, that this Order in Council has only been strictly enforced as regards the larger cities. As regards the smaller incorporated towns and villages the department has not pressed the point, except where it was considered that the municipal duties might conflict or interfere with the duties of the postmaster.

### NEW RICHMOND POST OFFICE

Mr. MARCIL: Is the post office at New Richmond West, Quebec, said to have been lately closed, to remain so closed, or is it to be re-opened?

2. Are rural mail boxes locked or do they remain open?

Mr. CASGRAIN: 1. The post office of New Richmond West, Quebec, was lately closed, following the inauguration of rural mail delivery in that locality. Requests had been received of the closing of the post office be reconsidered, and the same are now under investigation. 2. Not locked, as it might impede the efficiency of the service, especially in winter. However, to insure the safety of mail matter deposited therein, a penalty is provided by law for depredations on rural mail boxes or their contents, and the department undertakes to protect the boxes as much as possible and to inquire minutely in all cases of such depredation reported to them.

### MURCHIES CHANNEL PIER.

Mr. MARCIL: 1. Has a petition been received from the smelt fishermen of Pointe à la Garde, Quebec, asking for the erection of piers in Murchies channel, of the Restigouche river, for the safety of the fishermen and the protection of property?

2. If so, was anything done in the matter, and what was done?

Mr. ROGERS: 1. Yes.

2. The district engineer reports that it would require six piers, costing \$3,000, to hold the ice, but as the work is not in the interest of navigation, no action has been taken.

### ST. ALPHONSE DE CAPLAN MAIL SERVICE.

Mr. MARCIL: 1. Has the Postmaster General received any request to improve the mail service at St. Alphonse de Caplan, Quebec?

2. If so, has any action been taken, and what is it? If not, why not?

Mr. CASGRAIN: 1. Application was made to change the base of supply from Caplan River to St. Charles de Caplan. 2. The post office inspector having reported that the change would make no difference in the efficiency of the service, and would, moreover, involve a considerable increase in the cost, it was not possible for the department to grant the request of the applicant.

### CHIEF HUGHES.

As will be observed from the news columns of this paper of last week, the Chief of Police of the Town of Campbellton has tendered his resignation to take effect on April 30th, next. This news will be received with regret by right-thinking people of the town. Chief Hughes has always shown himself a capable officer and a good citizen. As a public man he has had his enemies and it seems to be a fact that if a man is of any force of character he will have enemies. But those enemies have been unable to lay any charge of serious import on Chief Hughes. He has stood shoulder to shoulder with public opinion in the enforcement of all laws of the Town and has earned the thanks of all well-wishers of good government.

We join with the many good citizens of the Town who are wishing the Chief prosperity and success in his new field of enterprise.

## Ask your Cobbler what he thinks of Red T Shoes

All shoes look pretty much alike when new. Only wear will reveal their true qualities. The difference you could not see between the \$2.25 shoe and the \$3.00 or \$4.50 pair will often become annoyingly plain after a short while. Since we do not make "cheap" footwear, we can afford to put that sterling quality into Red T Shoes which ensures good wear, and to secure that kind of workmanship which produces good fit and style.

The new models are now being shown at your local boot shop. Men's Shoes from \$3 to \$4.50; Women's Shoes from \$2.50 to \$4.

## SALVATIONISTS' FINE GIFT TO RUSSIANS

General Booth Dedicates Five Motor Ambulances in Presence of Lord Mayor

London, Feb. 22.—At the Guild Hall to-day General Booth, in the presence of the Lord Mayor and a large company, dedicated five motor ambulances presented by the Salvationists of Canada for the use of the Russian forces. The ambulances were drawn up in the Guild Hall yard alongside, with his Lordship in the semi-State coach and Salvation Army Chaplains serving with the Canadian army, were represented. The Salvation Army flag was in close proximity to the civic regalia. The Lord Mayor said it was the first occasion when a religious body working in a distant part of the Empire had sent Russia help in such a way. His Lordship mentioned he was a supporter of the Salvationist movement when it was not so fashionable as it was now. He also recalled personal friendship with the late General Booth, who received the freedom of London on the same spot on which the son was now dedicating the Canadian supporters' gift to an eastern ally.

General Booth described the gift as from one of the Empire's fairest daughters to her mother's friend. "It has been a feature of our work to assist men and women in poor circumstances here to go out to Canada and better their condition. That work has been very useful. We were building better perhaps than we thought when we see thousands of those men whom we sent from poor circumstances here volunteering for the defence of the Empire. These ambulances have been contributed in no small proportion by the very men and women whom in the past ten years we assisted into better circumstances in Canada."

General Booth finished by handing the British Red Cross Treasurer \$2,000 from the British Salvationists for five ambulances on the lines of Canada's gift. Sir George Perley voiced the pleasure of representing the Dominion Government on such occasions. There were a good many Russians, he said, in Canada, who made some of the country's best settlers. Many were serving now in the Canadian army. The Russian Ambassador, owing to illness, was unable at the last moment to attend personally, but his Council or expressed the gratefulness of the Russian nation for the Canadian Salvationists' gift.

It is said that there are 50,000 Salvation Army members wearing the king's uniform.

College and preparing himself, we understand, so that finally he would enter the ministry. But God had other plans in reference to him and took him to Himself in early youth. His devoted mother went to Montreal to see him as soon as she heard from him reluctantly of his sickness. She found him still striving to carry on his studies with as much ambition as his failing health would permit. Observing that he was growing worse, she had him removed to the hospital and finally to his home, where he died.

In harmony with his own request, he was brought to Campbellton and bur-

## CAPLAN RIVER

The weather for the past few days has been quite cold and stormy, but we sincerely hope for a change very soon.

We are glad to hear that our sick friends throughout the vicinity are again recovering from the grippe.

Messrs. Caldwell and Patterson, representing the Canada Flour Mills, passed through here on Thursday, enroute for down the coast.

Mrs. Robert McLellan of Black Cape is spending a few days with relatives and friends here.

Lieut. Murphy of New Carlisle, enroute for New Richmond by aeroplane, arrived in our midst on Thursday, owing to the high winds he was obliged to alight and remain for a few days until weather conditions proved more favorable.

We understand the honorable gentleman intends starting a recruiting station here, but he reports the males very backward in answering the call of the motherland. Mr. Murphy feels assured that the female recruits are far more willing in offering themselves for this great cause.

We sincerely hope that he will not be discouraged and we feel positive that after a few visits he will have gained the help of our young men, as well as the hearts of some of our young ladies.

Of course we wouldn't like to have Lieut. Murphy arrive every day, as he seems to arouse quite a sensation, but we would urge our young men especially, to come forward and stand by the flag which has so long waved over a free and contented people. Duty calls with a loud voice. Don't put off till tomorrow. Do it now.

## NEW RICHMOND

The fancy dress carnival held at the New Richmond skating rink on Saturday night was quite a success. A large crowd attended and in spite of the poor condition of the ice, everybody enjoyed themselves immensely.

There were some very nice costumes in evidence and the judges, Mr. Harry Willett of New Richmond and Mr. John Mill of Maria capably fulfilled their duties in the awarding of the prizes.

Miss Greta Starak, representing the Christmas Girl, winning first prize and Miss Maud Johnson representing Lavender and Old Lace, winning second, while Miss Doris Campbell as the Clown, winning the boys prize.

Among the other costumes worthy of mention were those of Miss Winnie Chisholm, representing Red, White and Blue; the Misses Ethel and Olive Howatson, representing the Haymakers; Miss Bella Johnson, representing the Japanese Lady; Miss Rita Henderson and Miss Doris Campbell, representing the Clowns; Miss Bertha Starak, representing Snowflakes; Miss Minnie LeBlanc, representing Red Cross Nurse; Miss Lucy LeBlanc, representing Last Rose of Summer; and Miss Eileen Campbell representing the Parlor Maid.

The Ladies Hockey Team had a good practice on Friday night, the Senior boys practicing both the ladies and the Juniors for their coming match on next Friday, St. Patrick's night, and if the ice is good, a close match is expected as both teams are in great trim.

## NEW CARLISLE WEST

We have had very cold and stormy weather for some time, but we are pleased to see it has taken a change to be fine, which we hope will continue for awhile.

Mr. Howard Garrett left two weeks ago for his home in Saskatchewan, after spending two months with relatives and friends here.

Miss Lena Starnes, teacher at Gascons, spent the week end at her home here.

Mr. John Huntington left last week for Campbellton on a business trip. Mrs. Walter Bond of Toronto spent Sunday the guest of Mr. and Mrs. A. Starnes.

Mr. and Mrs. Napoleon Babin spent Sunday with Mr. and Mrs. Emile Babin.

## MYLES-TENNIER

A very pretty wedding took place at Kenogami in the Lake St. John District, on Wednesday, February 23, when Miss Myrtle Emma Tennier, eldest daughter of Mr. and Mrs. Charles P. Tennier of this place, and formerly well-known on the North Shore of the Baie des Chaleurs, was united in the Holy Bonds of matrimony to Mr. Harry Balasille Myles, also of this place, and formerly of the town of Leuchars, Fifeshire, Scotland. The marriage ceremony was performed punctually at eight o'clock by the Rev. Hollis H. Corey, vicar of the Church of St. James the Apostle, Kenogami. The bride, who was very daintily dressed in bridal white, and veil, was given away by her father, and attended by her sister, Miss Olive Tennier, as bridesmaid. The bridegroom was supported by his friend, Mr. Daniel McKay.

The ceremony ended and the registers duly signed, the invited guests, to the number of sixty, amongst whom were Mrs. Tennier, grandmother, and Mr. and Mrs. Hocquart, uncle and aunt of the bride, sat down to a most sumptuous wedding supper. Mr. and Mrs. W. F. McLellan, their daughter Amy, and their sons, Snowden, Wesley and Eldridge, all of whom formerly resided on the coast, were also remarked among the guests, as were two Miss Hayes and Miss Kemper, the teachers of our school.

After supper, an enjoyable evening, which encroached far into the "wee sma' hours", was spent in dancing and other amusements.

The young couple, who were the re-

# ST. ADELAIDE CONVENT DESTROYED BY FIRE

Institution Entirely Burned Thursday Morning, 16th inst. Fire Caught in Basement

On Thursday last the 16th inst., our village was greatly afflicted by the conflagration of our convent directed by the "Sisters of Jesus", an institution that was making the honour of our parish and the pride of its inhabitants.

About 10 a. m. Thursday, fire was discovered in the basement of the convent, where there was a coal stove used for heating out pipes. The wind being very strong, the fire progressed to the different floors and walls of the building with the rapidity of lightning and at twelve o'clock our institution was entirely destroyed. Great work was done, which was successful, to save the St. Adelaide Hotel, property of David Dugay, Esq., and cottages next to the convent, at a distance of a few feet only.

During this great fire our devoted pastor, Rev. J. V. Cote, risked his life to save the Blessed Sacrament from the chapel. He staggered to the front door, being enveloped in fire and intense smoke, then broke the glass on same and jumped from the second story of the building, having cut his wrist in breaking through the door. The wound was dressed by Dr. Richard, M. D. of New Port, Que., who was passing at the time.

The boarders to the number of about twenty, lost all their clothing and school books, some of them could not even remain in the building long enough to properly clothe themselves. The heavier loss though, was on the Sisters, especially Rev. Mother M. of Carmel, as they lost in the fire three pianos, one organ, and all their personal belongings, among which were family treasures money cannot replace. Also a considerable sum of money.

The loss will be quite heavy, having hardly any insurance on the building, but the inhabitants have enough "Red Blood" not to get discouraged, and we hope that in the near future we will have another institution built, which will continue like the first one, now reduced in ashes, to make the honour of our parish and please our devoted pastor, who is very afflicted at this great misfortune.

## "A SUBSCRIBER"

ipients of many useful and beautiful gifts, entered immediately upon the duties and pleasures of housekeeping, in their new home.

The friends of the bride in her old home on the coast, will be glad to know that, though she has chosen a husband from a distant land, she has chosen well. Mr. Myles holds a responsible position in the employ of the Kenogami Paper Company, where he is highly respected, as indeed he is throughout the community. He has one sister, Mrs. Thomas Turnbull, who resides here with her family.

By this marriage, another link is forged in the chain which is gradually uniting the large "Old Country" element in our population, with the home born.

The heartiest good wishes and prayers for a happy and happy married life of the writer, as well as of all their numerous friends, go with Mr. and Mrs. Myles to their new home.

This department is conducted by the Editor, and is under the charge of an Editor appointed by them. This Editor assumes the responsibility for the statements and articles which appear in this column.

Dear Mr. Editor and Long-suffering Public:

An unjust and cruel attack on me has appeared in some of the papers from the south of the Province. Will you who can read the signs of the times, most truly than their editors, allow me space for my defence? I rejoice that at last my foes are driven into the open, and the weakness of their weapons exposed. You, Mr. Editor, do not read the signs of the times any more truly than the rumormongers, who paid a fabulous price for this scurrilous attack on me.

They say I am born of Hysteria. The liquor traffic makes beasts of men, murderers of kind fathers, thieves of honest men, slaves of free men, and fools of all. I aim to stop all this. Am I therefore hysterical? Is my heart therefore cruel? In the hunter, cruel, when he kills the wild beast which he has bettened on the blood of its innocent victim?

They say my eyes are blind to justice. I am awake to the injustice of starving women and children, in order that the men who take the money which should have bought their food should ride in automobiles, and wear fur-lined coats.

"I glory in jails." Yes, verily there is no fitter place for the rumrunner than the jail. I freely admit the charge. Intimidation is my best friend. Is not a revolver one's best friend when he holds it by the butt, and a would-be murderer stands before the muzzle? This is the position in which prohibition holds the liquor traffic today. Everything else has been tried, with no effect; now for the strong hand of the law.

They have claimed that I dethrone reason. Was ever anything more absurd? Did not Shakespeare lament that "men should put an enemy in their mouth to steal away their brains"? They accuse me of breeding hatred, strife and bitterness where peace and friendship should reign. Should there be peace and friendship between a man and the thing which destroys him, body and soul? I war on the traffic, not on the individual. I will harm no man who does not attempt that which the voice of the people has forbidden. If any one does, he begins the fight, not I.

I am to be found only in small towns, never in large cities. Dear me, and I was beginning to feel quite at home in Petrograd, Moscow and Paris, and Marseilles, not to mention the many towns of the U. S. Quite recently I have been offered a home in Regina. Just what is its population?

Zambuk is a skin food, that not only keeps the surface skin smooth and soft, but, being of unusual penetrating power, reaches and feeds the underlying tissues. I wonder? Must I move, if it be over ten thousand?

"Where I am there is always trouble." The liquor traffic can safely bank on that. It is my business to make trouble for it. There was no trouble for the cannibals of Fiji in their heathen orgies, where they might murder at will. But the British flag has stopped that; and native and beach comber alike must behave better since 1874. Therefore British law is a trouble-maker. Truly yes—for the cannibal. And Prohibition is trouble-maker—for those who set it at naught.

"When I speak Fanaticism is glad." The fanaticism which thinks that a man's wife and family has the first right to his earnings. Oppression shouts for joy at Freedom weeps. Oh, liberty! how many crimes are committed in thy name.

"I feed upon false statistics." Kindly cite an instance, and disprove the figures which my friends have given. "I cause bankruptcy, etc." Did not the traffic which I seek to destroy speak here of itself? When I prevail against the traffic, where my foe is uppermost, his agent the saloon-keeper waxeth fat, and his pocket swells.

"I have turned ministers into the crooked paths of politics." If by politics is meant the governmental institutions of our country, then think God bless our ministers as heading the demand for clean and pure and sober government. And we do not wrest Scripture when we say that every mountain and hill of crime shall be brought low, every valley of perdition shall be filled up; every crooked way shall be made straight, and the rough places of the country's way be made smooth. As for the minister's influence on the masses, it will be in no danger, despite this crocodile wall. Not but that the friends of liquor would discount that influence if you could. It is telling too fearfully against their business.

"I weaken the weak and destroy the strong." Will you tell me how? I seek to remove a stumbling-block from their path. Must I leave it to promote their strength, though a stumble over it may hurt them into the horrible depths of hell?

"I promote temperance with a policeman's club." Precisely; it is the only argument which the supporters of the liquor traffic understand. They are deaf to the appeal of righteousness, to the prayer for mercy; then let the policeman's club rule.

"I breed sneaks, liars, hypocrites, and petty criminals." We admit that some of these are engaged in the illicit liquor business. Is the law to blame for that? It is not so very long since some of the licensed liquor dealers of Campbellton were attacking those who sought to remove a stumbling-block from their path. Was Prohibition to blame for these? They call the boot-licker my darling offspring. Oh, no! There is just as much boot-licking under license as under prohibition, and I am the unwilling enemy of either. If you doubt me, witness the police records of Campbellton for the past two years. But I do prefer the boot-licker to the legitimate criminal, for I am willing to see my friends share in the blood-soaked profits of the trade.

"I rob the city of revenue and I increase taxes." It is not true. Witness the experience of towns and provinces and states which have adopted me, and who would today go back to the old criminal partnership. I cannot trespass on space sufficiently to quote figures, but I will produce them at anyone's challenge, and defy contradiction.

Is the portrait drawn by the liquor advertisers a true one? It is not even sufficiently near the truth to be a caricature. Nay, with but one or two exceptions, it might stand for the portrait of the liquor traffic itself.

The truth is, these men have heard the warning trumpet, they have seen the handwriting on the wall. They are seeking by every means in their power, to prop up the tottering walls of their stronghold, but in vain. The liquor traffic is doomed. It cannot stand, for its foundations are rotten with the blood of its victims. The tears of the widows and orphans whom it has made are rising as a flood around it, while the prayers of the righteous against it have risen to heaven, and return as a mighty rushing wind, to level its reeling walls in the dust. And the armies of the living God are marching to the attack, and will not halt until the last vestige of the poisonous thing

### WHITE ACRES.

BY EDWINA FAXON

"I hope," shivered Kathleen, "that the corporation lawyer has a warmer coat than mine. This blue serge suit never was any too warm, and since the nap has worn off, there isn't much left but the name."

A sense of humor did much to take the edge off a stinging wind, but in spite of her bravery tears welled up in her eyes. She had turned a corner and come in sight of the old house desolate and deserted in the midst of a dreary late November landscape and the house brought back recollections that were hard to bear. How her life had changed in the last year!

She looked around for some sign of another arrival, a car of some sort, or footprints in the light snow, but there was no sign of life about the place. Kathleen turned a key in the front door and pushed it open. The furniture had been removed and the carpetless, curtainless rooms seemed like sepulchres of good times that were gone.

"I believe I'll wait outside after all," she faltered. "He ought to be here soon and the house is unbearable. There! I believe I hear a machine now!"

A touring car stopped at the gate and a man got out. Miss Lowell, I believe," he said, lifting his hat as he came near. If this were the corporation lawyer he was not only warmly but exceedingly well dressed and good looking besides. But Kathleen stole her heart.

"Yes!" she answered, abruptly. He came up on to the veranda beside her. "I am Horace Davidson, and I represent the Burlington and Hartwell Road. But I've no doubt you have already guessed my identity. I'm sorry if I kept you waiting. We had a blowout. Deucedly cold, isn't it? Shall we go inside?"

"It is colder in there. Besides, our business is outside, I believe."

The wind was screaming so he had to stand quite close to catch her words. "An uncommonly pretty girl, by Jove," he said to himself. "Not what I was expecting quite. This is no meek little milk-and-water country girl I have to deal with. Her wit promises to be as good as her looks. What a color! And what hair!"

A shrill whistle sounded in the distance and both turned quickly. A big interurban trolley car appeared around the curve of the road and sped on a raised track across the open space below them. Both were silent until it disappeared.

"The suit comes up next week, I believe," began Kathleen.

"Unless you change your mind and have it withdrawn."

"Why should I?"

"To begin with, I don't think you have much chance."

"Is there no justice in the world, then? What are courts for?"

"Justice," he answered. "No Judge can see why a strip of track should do any damage to a farm."

"Perhaps he can see it if it is explained to him that the road gets its right of way under false pretences, that the track cut my father's farm in two to begin with, and that the raising of it made it impossible to pasture a herd of cows on one side with the barn on the other. A culvert would have cost us two thousand dollars, and the company wouldn't pay it. Further, when he saw in despair that his big dairy farm was ruined—began to have visions of a summer hotel and petitioned the company for a station. But that was refused, too. He was ruined financially and in health. He was too old to stand the blow, and he died."

Horace Davidson was silent awhile. Then, "Why didn't you sell the place?"

"I would if I could. No one will have it with that ugly raised track in the wrong place."

He saw that she was shaking with emotion and cold. "Miss Lowell," he said more kindly, "after all it was foolish of me to ask you to meet me out here. We can talk better in my office in town. What I really want is to get a survey of the land, and I sent for Dawson to meet me here. I think he may have come on that last car, so I'll go over and meet him. There is really no need for your staying, and if you will permit me I shall be delighted to take you to the station."

Kathleen accepted his offer and they rode away in silence.

"Thank you, Mr. Davidson!" she said as she got out of his car. "Of course, it is your duty to the people whose interests you represent to fight my case in court. But I cannot help

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

"Not lawyers, I hope!" put in Horace quickly.

"They are a necessary evil," answered Kathleen, evasively. "Thank you and good bye."

The next evening Horace Davidson was having trouble about a button, which had disappeared from his overcoat.

"Evelyn," he begged his married sister, "will you sew a button on my overcoat if you happen to have anything at all that will match?"

"Such shiftlessness!" "Where's your tailor? Take it up to the sewing room, the proper place for such operations. You'll find someone there."

So Horace went upstairs and along a hall to a remote corner of the great house, where he had a vague idea the sewing room was. An open door, through which a light shone and the faint whirr of a machine were his guides, and he soon found himself watching a girl, her head and shoulders bent over the machine, a dark island in billows upon billows of snowy white stuff.

"I beg your pardon," said Horace.

The whirr stopped and the girl looked around. It was Kathleen Lowell. She sprang up, instantly recognizing him. "Mr. Davidson! How you startled me! We are not used to men here, you see. Won't you sit down?"

"Thank you, Miss Lowell. We seem destined to meet in white acres, although I must say this landscape is warmer than the last one. To explain my errand this time, I was told to come here to have a button sewed on. May I beg the favor?" He held out the coat he had been holding on his arm.

Kathleen flushed. "Certainly, I'll do it right away. Have you the button?"

"No. I thought maybe there might be one around that would match."

"I'm afraid not. They are very odd. Oh, I believe—why, yes. I found one in the station yesterday and put it in my bag. It's up in the schoolroom with my things. I'll get it. You see, I'm the children's governess."

He looked his surprise and inquiry. "This is extra,—you see?" she explained. "I teach days and new nights when Mrs. Briggs can stay with Rolly."

## WHY WOMEN WRITE LETTERS

To Lydia E. Pinkham Medicine Co.

Women who are well often ask "Are the letters which the Lydia E. Pinkham Medicine Co. are continually publishing, genuine?" "Are they truthful?" "Why do women write such letters?"

In answer we say that never have we published a fictitious letter or name. Never, knowingly, have we published an untruthful letter, or one without the full and written consent of the woman who wrote it.

The reason that thousands of women from all parts of the country write such grateful letters to the Lydia E. Pinkham Medicine Co. is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and suffering. It has relieved women from some of the worst forms of female ills, from displacements, inflammation, ulceration, irregularities, nervousness, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never suffered to realize how these poor, suffering women feel when restored to health; their keen desire to help other women who are suffering as they did.

"Is Rolly the little brother?"

"Yes." "And all this because the road ran through your farm and ruined it?" She looked away and didn't answer. A new look had come into the man's eyes, stern and determined. "Give me that coat, Miss Lowell. I'll sew on my own button." She handed it over, wondering.

"You go home now and stay with Rolly the rest of the winter. When spring comes take him and move back into your home in the country. I'll answer for the road. I'm a big stockholder myself. I am going to make it my business to see that you are treated properly."

There was no lawsuit, but there was a wedding.

## HEADACHE?

Thousands of persons who have never known a day's sickness in any other form are subject to frequent attacks of Headache that almost drive them mad.

Whatever the nature may be and the cause, the immediate condition that produces the pain is a congestion or filling up of the blood vessels of the brain with blood, thus causing a pressure on the brain cells and nerve filaments.

In treating all forms of Headache the first thing to do is to relieve the congestion of the blood vessels of the brain. Abbey's Effervescent Salt in laxative doses does this promptly.

Sold everywhere at 25c. and 60c.  
Full blooded people who are subject to frequent attacks of Headache can be entirely relieved by taking laxative doses of the Salt every morning. Headaches from Indigestion and Biliousness are also entirely banished by continuing the use of the Salt until the normal action of the liver and stomach is restored.
