Mr. and Mrs. Frank Morton arrived in Middleton from a pleasant honeymoon trip, on September 30th and were guests at the home of Mrs. Morton's mother, Mrs. D. E. Dodge. The night of their arrival the young couple were serenaded by a number of their friends here. On Monday morning a fatal accident occurred, which resulted in the death of little Mary, the five year old daughter of Mr. and Mrs. Chester Harris. The accident occurred near the child's home, the car driven by Mrs. G. B. McGill striking the little one. At the coroner's inquest with Dr. S. N. Miller presiding, W. G. Parsons, K.C., representing the Crown and A. L. Davidson representing Mrs. McGill, it was found that the affair was entirely an accident and exonerated Mrs. McGill from all blame. Much sympathy is extended to the parents.

Owing to the uncertainty of the power situation we have kept our paper down to the minimum this week, and may have to do the same the next issue or two. After the new unit is installed, we will be back to normal again. During the interval, we ask our readers to judge not too harshly of our efforts. While necessary alterations are being made the lights will be furnished from an auxiliary at Rogers' Mill, which it is hoped will fill the requirements for lighting purposes. Residents are requested to use minimum lights to help the situation.

On October the 24th, 1924, near the lower sunny waters of Lone Cloud Lake was captured one of the largest moose of the forest. The estimated weight of this fellow would be between seven and eight hundred pounds. A dainty morsel to say the least for any hungry crew. The who were responsible for the down fall of the above mentioned moose were: Owen Necomb, Bloomington; Alman Johnson, Torbrook; Martin Uelman, Torbrook; and Handley Wheelock, Middleton. They were all of the one opinion that the hunt was one of the best in their experience. Not quite content with their sport of hunting, the gentlemen took a turn at target practice and out of a possible sixteen scored twelve bulls. How's that boys?

THE METHODIST CHURCH
Granville Ferry, Nova Scotia
September 27th, 1924

Mr. and Mrs. V. H. Amberman,
Granville Ferry, N. S.

Dear Mr. and Mrs. Amberman:—
It is not in the spirit of merriment that we gather here this evening without invitation. It is because we are feeling keenly the great loss we are sustaining as friends and church members by your departure from Granville Ferry.

Born and brought up in this community, and so closely identified all your lives with the work of the Methodist Church, as you have been; the severance of this relationship we exceedingly regret.

On behalf of the Methodist Church we desire to express to you our high esteem and invaluable services you have rendered to every department of church work by filling so long, so faithfully and so efficiently many positions of responsibility and trust in the church.

We sincerely wish that the future for you and the members of your family in your new home may be attended with much of prosperity in temporal and spiritual things, and that "The Blessings of the Lord, It Maketh Rich and He Addeth No Sorrow With It," may be yours.

Please accept this slight token of the high esteem in which you are held, and the warm place you have in the affections of the members and adherents of the Methodist Church in Granville Ferry.

As you use this chair from time to time, it may be a visible token of our wish that many days of rest and happiness may be yours.

On behalf of the Methodist Church.

Mr. Amberman had not returned from Middleton when the presentation was made, so Mrs. Amberman expressed Mrs. and Mr. Amberman's appreciation of a grocery business in Middleton. He was a successful merchant here for many years; and three years ago he sold his business to M. F. B. Wood, of Lakeville, who now conducts it.

LET US SWEETEN LIFE BY KINDNESS.

After all it does not take much to greatly brighten and beautify life, does it? A single word of kindness and appreciation has been known to glid a whole day with glory and fill it with songs that the angels would be glad to hear. We often dwell upon the fact of life's sensitiveness to pain and sadness and suffering, but the opposite and greater fact is much better worth thinking about. Why do we not think about it more than we do? And why, too, do we not make our thinking more effective? Life is so simple, when all is said, and its process so direct and easy, that we can hardly be forgiven for a failure to make it something like what it ought to be.

We often complain against life when one of the chief things the matter with it is that we and many others have failed to take the plain and easy road that was right in front of us. Really the way to vastly greater human happiness and satisfaction is so plain and easy a one that we can scarcely be forgiven for so stupidly refusing to enter it.

DOLLIVER-BANKS

A very quiet, but pretty wedding took place at 9 o'clock on Sept. 24, at the home of Mr. and Mrs. W. A. Banks of Kingston Village when their only daughter, Alice Woodbury, was united in marriage to Mr. Milton Douglas Dolliver, second son of Mr. and Mrs. J. E. Dolliver, of Tremont. The ceremony was performed by the Rev. John G. Hockin of Middleton. The house was beautifully decorated with green trimmings and cut flowers.

The wedding march was played by Mrs. H. M. Bowby, while the groom supported by L. E. Distant of Kingston Methodist Circuit took their place beneath an arch of white and white from which a large white bell was suspended. The bride was attended by Miss Kizbro Dolliver, sister of the groom.

The bride was dressed in a suit of navy blue pique twill and large black hat, carrying a handsome bouquet of asters and maiden-hair fern. The bride's maid wore a navy and sand canton crepe with hat to match. After the ceremony a dainty lunch was served to the immediate relatives. The bride was the recipient of many nice gifts.

The young couple are very popular and have many friends who wish them happiness and prosperity.

Mr. and Mrs. Dolliver left for St. John amid showers of rice and confetti. On their return they will reside in their new home at Tremont. A reception will be given them at the home of Mr. and Mrs. J. E. Dolliver on Friday evening, October the 3rd.

Work Worn People

FIND RENEWED HEALTH BY IMPROVING THEIR BLOOD.

If you feel run down, it means that your blood is thin and watery, that your vitality is low. Your feet are easily chilled. You do not sleep well and you are tired when you rise in the morning. You find no pleasure in your meals and are listless and dispirited at your work. You have no energy to enjoy yourself.

Thousands of men are run down by anxieties of work. Thousands of women are broken down by their household toil, with tired limbs and aching backs; thousands of girls are pale, listless and without attraction. It all means the same thing—thin and watery blood, vitality run down, anaemia, poor appetite, palpitating heart, short breath.

Do not submit to this. Get new blood and with it new vitality. There is no difficulty in doing this. Dr. Williams' Pink Pills build up and enrich the blood, which brings with it new health and vitality. The man, woman or girl who takes Dr. Williams' Pink Pills is never run down. Their friends notice how energetic they are, what a fine appetite they have, and how much they enjoy life.

You can get these pills through any dealer in medicine, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The Boy Was Right

A young entrance pupil, writing on the June examination in composition at a certain Saskatchewan centre, contributed the following choice bit of literature.

"An editor is a man who edits a paper. Some editors use a pen to write with, but some use a sissors. Lots of editors get news from scribbles. Some editors are Fairies. All editors lie. An editor that can't lie ain't no good for an editor. An editor should like gossip. Women'd make good editors only editors must keep secrets. An editor never has any money. Once an editor got ten dollars and it made him crazy. An editor never wants any pay for his paper and some people never think of paying an editor. When an editor gets a free ticket, he has to give a dollar's worth of free advertising in advance. More people know how to edit the paper than the editors do. The only stumbling block is that they can't run them machines that cast the type. If the editor asks for his pay for his paper, the fellow gets mad, so it is cheaper to borrow his neighbor's paper. Some editors are not afraid of men. I once knew a woman that frightened an editor and made him crawl under a table. If you are nice to an editor he will say nice things about you in his paper."

We look before and after.
We pine for what is not.
Our sincerest laughter
With some pain is fraught.

—Shelley.

"Worth \$100 to Me Relieved Eczema and Piles"

Mrs. Peter A. Palmer, Saltburn, Sask., writes:

"Dr. Chase's Ointment has completely relieved me of eczema and piles. I also used this Ointment for my baby, who broke out in eczema. A few applications were all that was necessary in her case. Dr. Chase's Ointment has been worth a hundred dollars to me,—before using it I had spent a great deal more than that in unsuccessful treatment from doctors. We have also used Dr. Chase's other medicines, the Nerve Food having restored my health after suffering from severe nerve trouble when a girl."

Previous to the board taking over the work of managing, it was run as an individual concern, but now it is a public institution. Realizing this, the folks of Margareville are shouldering their share of the responsibility, and are endeavoring to keep the worthy object as a going concern.
