### FOUR MILLION JEWISH BABES HAVE NEVER TASTED MILK, SAYS RABBI AT ROTARY LUNCHEON

Dr. J. H. Skirball Tells of Almost Unbelievable Conditions in Poland and Palestine—Campaign For \$25,000 Is Launched.

The Rotary Club will undertake the organization of a campaign here to raise \$25,000 for relief of Jewish children in Poland, Ukraine and Palestine. The cooperation of the Ministerial Alliance has been promised and it is likely the "Travelers' Club" will also lend its assistance. The cooperation of every other public body willing to help will be sought.

The work was undertaken at the noon luncheon today on the motion of a Christian clergyman, Rev. D. C. Macgregor of St. Andrew's Presbyterian Church, after Rabbi Dr. J. H. Skirball of Cincinnati had addressed the club.

The speaker has just recently returned from the countries devastated by the war. He told of almost unbelievable conditions there, declaring that there were four million Jewish babies between the ages of four and six who had never tasted milk in their lives and who considered a crust of bread a wonderful meal.

"It is almost a misnomer to call them children of experience and sorrow court for anything," said the rabbi. "The children six years of age there have suffered more than anyone here in their whole lifetime, no matter how old they are. The suffering is not among the Jews alone, millions of Poles are also starving."

Jews and Gentile, however, regard this situation, he declared.

Since the time of Abraham, he said, the Jews had had to fight for existence against ignorance and bigotry, and in Poland, where 95 per cent of the people are illiterate, the Jews are crushed by their oppressors. In one city, 50 or 60 Jews were placed in a box car and shipped out of the province. None of the other cities would allow them to stay, and they were kept in the car for five days. At the end of that time only one of them was living.

He appealed to the club to get behind a drive for this amount, as it would save 1,250 lives, \$200 hundred dollars. London's share of this is \$25,000. He appealed to the club to get behind a drive for this amount, as it would save 1,250 lives, \$200 hundred dollars. London's share of this is \$25,000.

"We may differ as to religion, but we are not all children of one God. God has never tasted before in its life. The children six years of age there have suffered more than anyone here in their whole lifetime, no matter how old they are. The suffering is not among the Jews alone, millions of Poles are also starving."

### SIR AUCLAND GEDDES RESIGNS PRESIDENCY OF MCGILL UNIVERSITY

Montreal, March 1.—On account of his appointment as British ambassador to the United States Sir Auckland Geddes has resigned his post as president of the university.

### GOVERNMENT CONSIDERING PLAN TO CONSERVE LUMBER FOREST RESOURCES OF THE DOMINION

Legislation To This Effect Likely To Be Passed At Present Session—Lumber and Newsprint Are Demanding Such High Rates In U. S. That Canadian Dealers Suffer As A Consequence.

[Special to The Advertiser.]

Ottawa, March 1.—Government legislation hinted at in the speech from the throne may be added to during the session by a government bill designed to conserve the forest resources of the Dominion. The present time the demand for lumber, newsprint and other manufactured products of the forests is terrific. On the other hand, while Canadian forests are extensive, they are not inexhaustible. There appears to be no limit to the prices which the United States is willing to pay for lumber and newsprint. Dealers here are tempted only by the prices offered, but by the additional percentage to be made out of exchange. As a consequence not only is it almost impossible to keep the 15 per cent of the newsprint output required for local consumption in Canada, but builders in the Dominion are finding it more and more difficult to secure lumber. In addition to the demand on Canada's forest resources from the United States, the Canadian government cannot go on for ever without serious impairment to the forest resources of the Dominion. It has been suggested that a complete and thorough survey of the Canadian forests be made with a view toward finding their extent and toward devising means for reforestation and conservation. In order to defray the cost of such a survey the Dominion treasury it has been further suggested that an excise tax be placed on manufactured products of the forest. The government is considering the matter.

### STEAMER DRIVEN ON SHORE, ALL ABOARD SAVED

Steamer Bohemian Runs On Sambro Ledges Off Halifax.

### SNOWSTORM TO BLAME

Passengers Placed Into Life-boats Are Later Rescued by Tug.

Halifax, N. S., March 1.—The passengers of the steamer Bohemian, which stranded on the Sambro Ledges off Halifax harbor, early this morning were landed here shortly after 8 o'clock this morning from the tug Roebing, which had delivered them from the open boats, wherein they had spent four chilly and somewhat anxious hours. These boats were safely anchored to the Bohemian herself, as she neared upon the shore, but the deadly "sisters," as this section of the ledge is known.

The Bohemian struck about 2 o'clock this morning. She was en route from Boston to Liverpool, and was putting into Halifax for coal, as the United States port could not furnish her with a sufficient supply. Thick weather and a heavy snowfall were responsible for the disaster, but there was practically no sea running. The Bohemian struck on the bow. Three hatches are full of water, and the vessel is settling evenly. If the weather holds the ship's agents in Halifax, A. C. Jones & Co., claim that there is every possibility of salvaging her.

No Panic Prevailed.

There was no panic when she struck. The passengers, who were taken to the deck in alarm, were told to go below and clothe themselves warmly. When the lifeboats were lowered the traditional rule of women and children first held, but husbands were permitted to accompany their wives to the boats. Blankets were also thrown in for warmth. The boats—there were four—put in their appearance up all the passengers and a number of the crew. The four intervening hours, though not frosty, were rather far from pleasant ones. The captain of the tug, Mr. A. C. Jones, is a portion of the crew are remaining on the Bohemian.

Clad in Nightgowns.

The Roebing brought the rescued ones to Halifax, landing them at Campbell's wharf. They came off in a motley assemblage, but in the most prompt wardrobe, night-clothes in almost every instance replacing underwear. A few clung to the sea in hand-luggage which they had hastily seized.

Women seemed to be in the majority, and there were a number of babies.

The passengers were conveyed to city hotels with a minimum of delay.

### ITALY BEGINS SIEGE AGAINST FIUME IN AN EFFORT TO DRIVE D'ANNUNZIO'S FORCES FROM CITY

Children From Disputed City Are Taken To Milan So As Not To Be Subjected To Hardships That Italian Government Will Impose To Compel the Troops of Occupation To Evacuate Place.

Fiume, March 1.—(By The Associated Press).—A siege of Fiume has begun, with a stringent blockade against commodities, including food stuffs.

"Perhaps we may appear to be lenient toward those occupying Fiume," said Gen. Cavaglia of the Government forces, "but it is not so. We shall exercise an iron blockade against the forces of Gabriele d'Annunzio. I am not offering them the slightest atom, but the children must be cared for. That is why I allowed two hundred children to come out of Fiume and proceed to Milan."

The correspondent has gleaned opinions of all sorts in Fiume.

"We are starving," said a prominent banker who previously had been a strong supporter of Italian annexation. "We are unable to go further. We are ready for an international city. We want the port reopened to commerce. We want the city occupied either by British or an American garrison. The present state is impossible."

### MODIFIED FORM OF PHYSICAL CULTURE INSTEAD OF MILITARY TRAINING IN PUBLIC SCHOOLS

Deputation Presents Plan To Ontario Minister of Agriculture—Hon. R. H. Grant Promises To Give Idea Consideration At Close of Legislature.

Toronto, March 1.—Substitution of a modified form of physical culture for the military training now in vogue in the public schools of Ontario was urged on Hon. R. H. Grant, minister of education, by a deputation from Hamilton Trades and Labor Council and the Hamilton and Wentworth Independent Labor party today.

"The ideals of the people of Ontario are against militarism or the propagation of military operations from any standpoint," said Winston Crickett, M.P.P. for South Wentworth, who introduced the deputation. "We believe that school children should get physical culture of such a nature that the next generation will be superior to those of the past."

Teaching of folk dancing and marching with counting, was recommended as an alternative to the system now in vogue. The minister promised to give consideration to the request of the deputation, although warning them that it would not be until after the close of the Legislature. The deputation consisted of Messrs. Jean Inglis, H. G. Foster, John Douglas, Lieut. Grindley and F. E. Colbourne.

### CABINET MINISTERS GO TO NEW YORK TO MEET THE PREMIER

Sir Robert Borden To Arrive On the Carmania This Afternoon.

The committee in charge of arrangements for the Independent Labor party convention, which meets here April 2, reported at a meeting held yesterday that Cabinet Ministers Borden and Miller, with all the L. P. members of the Provincial Assembly, will likely attend. Street railway matters were also discussed at the meeting, as well as consideration of proper labor representation on the local city council.

Yesterday 25 new membership applications were received for the local L. P. The special membership prize for February, donated by Organizer A. F. of L., was won by R. G. Carroll.

### Forty Teamsters Go Out On Strike

Asking Increase of \$15 Per Month—Granted At the L. and P. S.

Forty teamsters of the C. P. R., G. T. R. and M. C. R. are out on strike today, asking \$90 per month an increase of \$15 per month over their present salary. The walkout was decided after a meeting held on Saturday night. The London and Port Stanley Railway agreed to pay the higher wage, and so the men employed by it did not leave their employment. It was stated that the C. P. R. and G. T. R. offered \$85 per month, but that the men refused to accept it. A meeting of the teamsters, which was held this morning, but up to the time of going to press had not yet been held. The Shelden Forwarding Company offered the request of the men to be in addition to their present regular salary. It was reported that the men were said to be refusing to recognize the Teamsters' Union, the trades and labor council is backing the men to the limit. It is claimed by a representative of the council that the railways organization, which is affiliated with the American Federation of Labor.

### STRONG OPPOSITION TO PLAN TO ENLARGE CHANNEL OF RIVER

New York State, Montreal and Railways Object To St. Lawrence Project.

Buffalo, March 1.—The international waterways commission began here today hearings on the project of the enlarged ship canal in the St. Lawrence River from Lake Ontario to Montreal at the joint expense of the United States and the Canadian governments.

The proponents of the plan include Ontario, northwestern states, the province of Quebec, and the Great Lakes, their chief argument is lower freight rates to identify and cheap electric power from the improved channel. Opposed to them are the state of New York, the province of Ontario, the Canadian government, and the Erie Canal. The opposition has organized a selected former State Senator Henry W. Hill as their spokesman.

Senator Hill said the opposition expected to show that it would be unwise for the United States to spend the large amount of money involved on a problematic enterprise outside the confines of this country, when so many projects within are crying for attention.

Obadiah Gardner, chairman of the commission, before the opening of the session, said that the fate of the proposed canal must rest upon the verdict of the committee, which will be held in session at the end of the session. He said that the committee presented to the governments of Canada and the United States.

### GERMAN SOCIALISTS OPPOSE PROPOSAL TO COMPENSATE WILHELM

Threaten To Withdraw From Government If Such Action Is Taken.

Berlin, March 1.—Berlin Socialists have passed a resolution of protest against the proposal of the Prussian diet to compensate former Emperor Wilhelm for the loss of his throne. Warning was given that if the proposal is accepted the Socialists will withdraw from the German Government.

### FULL ATTENDANCE OF PARLIAMENT MEMBERS IS EXPECTED TODAY

Many Who Did Not Attend The Opening Ceremony Have Since Arrived.

Ottawa, March 1.—(By Canadian Press).—Judging from the arrivals on both sides of the House yesterday and today, the prospects are that while the Commons will be full, there will be practically a full House. Many of the members who were not here for the opening ceremony on Thursday have arrived in the meantime, and others who went home for the Thursday to Monday holiday have returned to the capital or are coming in on trains today.

### Crime Wave Hits Toronto the Good Over Week-End

Toronto, March 1.—No fewer than 31 arrests were made by the detective department over the week-end for indictable offences. The men were charged on theft charges, three on charges of fraud, two on obstructing the police, seven for housebreaking, and one for charges of gross indecency, one for receiving stolen goods, one for shop-breaking and one for criminal negligence.

### Kingston's Women School Teachers Threaten Strike

Demand a Flat Increase of \$300 a Year For Each Teacher.

[Special to The Advertiser.]

Kingston, March 1.—Kingston is threatened with a strike of women teachers in the public schools. They have presented an ultimatum to the board of education, signing a document tendering their resignations to take effect on April 1. The board at its last meeting granted an increase of 25 per cent under their salary schedule of 1918. Their demand was for a \$300 flat increase to each teacher. The board of education will hold a special meeting tonight to deal with the matter.

### STRIKE OF PAINTERS FOR HIGHER WAGES

Local Brush Wielders Want 75 Cents an Hour.

One hundred per cent of the painters of the city are out on strike, according to a report made by the committee in charge of the strike this morning. The strikers have asked for 75 cents an hour, instead of the 50 and 55 cents they are being paid now.

According to the agreement which expired at the end of the year, the painters were to receive a new wage schedule. This was done, but after considering the request of the men the firms of the city said that they could pay only a maximum of 55 cents an hour and could not meet the increased demand. The painters refused the offer.

The men in the city kept in touch with the master painters, who guided the policy of the local union. After several communications between the bosses and the painters, arrangements for a negotiating meeting were almost completed. The master painters took a hand, and ordered the men out on strike, which went into effect today. According to Mr. Way, the painting business is practically tied up, as there are no men on the job. The trades and labor council are reported by Mr. Way to be standing behind the men.

### YUDENITCH ALLOWED TO LEAVE FOR PARIS

Former Russian Commander Takes Fortune With Him.

Copenhagen, March 1.—It is officially announced that the Latvian Government has permitted Gen. Yudenitch to leave his private fortune, estimated at 100,000,000 Estonian marks. Of Yudenitch's army, it is said, there remain in Estonia 12,000 men who are suffering from spotted typhus.

The Berlinische Tidende's Revel correspondent says that Gen. Yudenitch is mobilizing flying the British flag. The correspondent states that Yudenitch is taking his private fortune, estimated at 100,000,000 Estonian marks. Of Yudenitch's army, it is said, there remain in Estonia 12,000 men who are suffering from spotted typhus.

### GENERAL STRIKE IS DECLARED IN MILAN

Trouble Follows the Killing of Civilians by Police.

Milan, March 1.—As a result of a collision between a crowd and the police here yesterday, in which the officers fired on the mob and two civilians were mortally wounded, a general strike was declared at midnight. Work was suspended throughout the city today.

The clash occurred in connection with a meeting of demobilized troops. The police fired when stones were thrown from the crowd. The two wounded men died during the night.

### DR. CHARLES HEWITT, NOTED ENTOMOLOGIST, DIES OF PNEUMONIA

Dominion Consulting Zoologist and Author Expires After Brief Illness.

Ottawa, March 1.—Dr. Charles Gordon Hewitt, D.Sc., F.R.S.C., Dominion entomologist and consulting zoologist, died of pneumonia at an early hour this morning at his home in Rockcliffe Park. He had been ill but a short time. He was but 35 years of age.

He was vice-president of the Ontario Entomological Society since 1910. Dr. Hewitt was the author of various contributions to zoology and entomological subjects in scientific journals. Dr. Hewitt was a great lover of his work among birds. When the migratory bird treaty was drawn up, Dr. Hewitt was one of the principals connected with its drafting.

### FRENCH RAILWAY STRIKE LEADERS UNDER ARREST

Greatest Excitement Prevails in Unionists' Ranks As Result.

THOUSANDS VOLUNTEER For Service On Railroads Crippled As Result of Walkout.

Paris, March 1.—Three active strike leaders in the Paris railroad unions were arrested this morning. They were M. Sirolo, M. Leveque and M. Sikanoff. Great excitement among unionists ensued when the news of the arrests became current.

Secretary Gen. Charvet of the Paris Lyons and Mediterranean unions and Union Houdeux were arrested last night. All those under detention are charged with "interference with the liberty to work and provoking disturbances."

Five thousand persons have volunteered for service on the railroads during the strike, and two hundred chauffeurs have placed themselves at the disposal of the Ministry of public works in carrying out the re-educating system according to the plan. Hundreds of students from the University of Strasbourg have been placed at posts on different railways, where they are being given practical instruction. Independent syndicalists in Alsace-Lorraine have appealed to railroadmen to remain at work.

### ATTEMPT MADE TO ASSASSINATE LORD ACTON IN FINLAND

Unsuccessful Effort Made To Kill British Minister.

London, March 1.—It is authoritatively learned that an unsuccessful attempt has been made to assassinate Lord Acton, the British minister to Finland, at Helsinki.

The minister was driving to the market place in the early morning when shots were fired at him, but he was not struck by any of the bullets. No arrests have been made. It is stated.

The motive for the attack has not been learned.

Lord Acton, who formerly was the British consul-general at Zurich, was appointed minister to Finland on September 2 last. He began his career in the foreign office in 1884.

Great Britain recognized the independence of Finland on May 6 of last year.

Helsingfors dispatch of February 14 announced that during the previous few days more than fifty persons had been arrested in Finland charged with circulating Bolsheviki propaganda, and that in some cases the agitators were reported to have distributed arms and bombs.

The picnic de luxe. Replace the old-fashioned campfire with up-to-date electrical appliances. Cook with comfort beneath the shady leaves of Springbank's trees.

An effusion of this kind may be used as an advertisement for Springbank Park within the near future if a plan which General Manager E. V. Buchanan of the public utilities commission has in hand is carried out. The advertiser some time ago published an account of a device invented by Mr. Buchanan by which motor cars could be heated while standing on the streets. One of these devices is in use on the west side of the utilities building. A connection is provided on a pole, and a car with an electric heater can be attached to this plug while standing at the curb. The car is then at a proper temperature, when the owner wishes to use it again.

# ASK COUNCIL FOR GRANT OF \$75,000

Women's Christian Association Need Help.

## A WORTHY CAUSE

More Room for Incurables an Absolute Necessity in London.

One of the most important decisions to be made tonight by the city council will be in regard to the \$75,000 grant asked for by the Women's Christian Association to help in the construction of a new Home for Incurables in the north end of the city, on association grounds just east of the present Aged People's Home. The council has already shown itself favorable to this request, and it is confidently expected by both the association and its advisory board of local business and professional men, that the grant will go through.

It is a year ago since the Women's Christian Association, which body has the direction of both the Aged People's Home and present Home for Incurables on Dundas street east, decided that the time was ripe for the erection of a new \$175,000 building. For four or five years the need of a new building has been pressing, patients being continually turned away on account of lack of accommodation. The present home is in very poor repair and will house but 66 patients as against the contemplated new building, which will accommodate 100 patients.

A Reasonable Amount.

The association is asking the city for a \$75,000 grant, the association having funds amounting to \$50,000 which they propose to devote to this purpose, and property valued at \$20,000. The land on which the new building will be constructed is worth \$12,000, and is in the property of the association. Plans for the new building were submitted to the association last year and appeared in the local press at that time. One big reason for erecting the new home next to the Aged People's Home has to do with the question of economy in staff, heating plants, etc. It was also considered that the old site in East London had become valuable and might be sold to advantage.

History of Home.

The Home for Incurables was started by the association in 1875, in a small building on the Hamilton road, with three patients and \$35 in the treasury, and from that small beginning has grown step by step, occupying at the present time three residential buildings on Dundas street east. Any citizen who is in doubt as to need of such a work has only to visit the Victoria Home for Incurables to be everlastingly convinced in its favor. So well managed is the home that the cost of maintaining a patient per day is only 85 cents. Of course, this does not include clothing, medical care and attention.

The revenue from the home for 1919 was \$18,111, and the disbursements \$17,718. The revenue was made up of a provincial grant of \$3,157, board paid by patients, \$12,465 and interest and donations amounting to \$1,925. It has been seen that the home is in a flourishing condition at the present time, but must extend its capacity to meet the demands of the incurable sick, clamoring at its doors for entrance.

The new medical officer for the home is Dr. G. C. Hale, appointed on the death of Dr. Campbell, who for many years has cared for the patients there.

# TO ADDRESS C. OF C. ON DEEP WATERWAYS

Major A. C. Lewis To Speak Here Thursday.

Major A. C. Lewis, secretary-treasurer of the Canadian Deep Waterways and Power Association, will address the local Chamber of Commerce on Thursday at 12:30 o'clock, on the deepening of the St. Lawrence River. Because of the vital importance to this and other parts of Western Ontario it is expected that a large number of members and other citizens will attend the luncheon.

The possibilities of such an undertaking are being discussed at a sitting of an international commission in Buffalo today. At the request of the commissioners the many places that would be benefited by the scheme have been sent delegates to the meeting. London is represented by Mayor E. S. Little and Ald. John Bridge.

It is claimed by those who are interested in promoting the undertaking that if the stretch of the St. Lawrence between Montreal and Kingston is deepened fully 90 per cent of ocean-going freighters will be enabled to call regularly at the ports of the Great Lakes. As Port Stanley is one of the best harbors on the southern shore of Lake Erie it will in all probability be improved and become a regular port of call. London, because of the L. & P. S. R., will become almost an ocean port. Because of the large number who are expected to attend the meeting Thursday all who expect to be present have been asked by the executive committee of the Chamber of Commerce to communicate with it at that accommodation can be arranged for.

# CHINAMEN ARE FINED FOR HAVING OPIUM

Two Orientals Pay \$25 Each in Police Court.

Back Ten, an Oriental citizen, was set back two dollars in police court this morning for gambling on Sunday. Sam Hung was also fined \$2 for the same offence. Wong Sing, Sam Hing, Lee Sam and Lee Fong also contributed \$2 and costs. This was the result of a raid Sunday on 222 King street by Police Constables William McCubough, Louis McCaughy and Gavin Monahan. Tom Jung appeared for the prisoners and pleaded guilty on their behalf.

Lee Chung and Jung Hing each were fined \$25 and costs for having opium in their possession.

# WELL-KNOWN TRAVELER EXPIRES SUNDAY NIGHT

Charles E. Perry Falls Victim to Heart Failure.

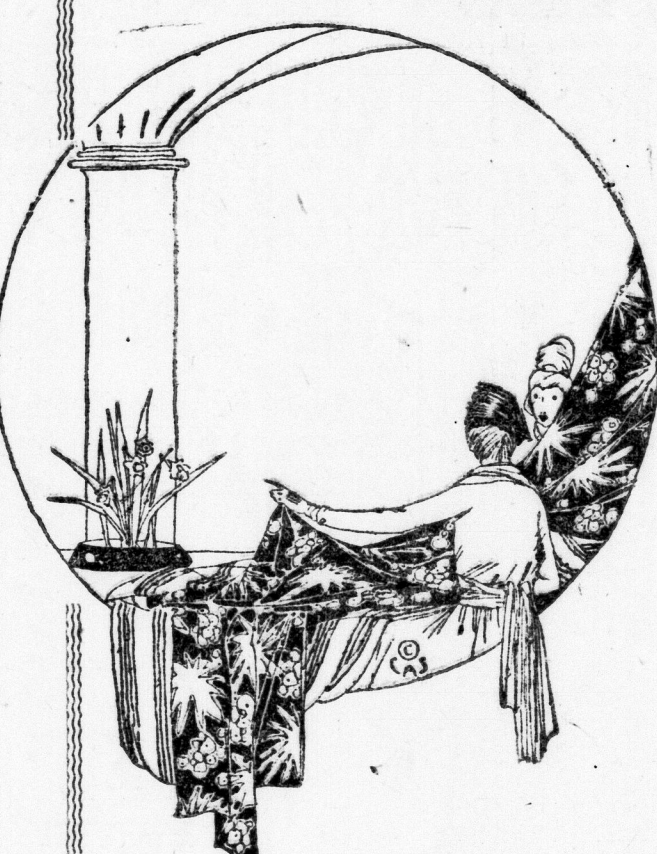

Charles Elgin Perry, for 36 years a traveler for the National Drug Company, died suddenly of heart failure last evening. He was at the top of his health, and was eating supper, and suddenly fell back in his chair and expired. Mr. Perry was in his 73rd year, and was ready to go out on the road this morning as usual, and had been in very good health right up to the time of his death.

Mr. Perry is survived by his widow, two daughters, Mrs. H. B. Mower of Toronto and Mrs. Scott Murray of Hamilton, and one son, Charles S. Perry, who has just recovered from a severe attack of pneumonia. The funeral will be held privately from his residence on Wednesday afternoon at 2:30 o'clock.

# SPRING OFFICIALLY PUTS IN APPEARANCE AT SPRINGBANK PARK

Robin Chirps Greeting to Passengers of Old 27 Today.

Although spring does not make her official appearance with millinery 'til everything until March 21, yet the lady was unofficially ushered in this morning at 7:30 o'clock by all the passengers on old 27 as she swung around the loop at Springbank Park. Why? Because there on a tiny bench, close to the shelter, was little Mrs. Brown singing at the top of her voice. It brought a feeling of gladness and warmth to the passengers, for there have been many frost-bitten cars displayed to the public view at the loop this winter as the old submarine was half an hour late this morning on her first trip to Springbank. Visions of blown-out fuses and huge snowdrifts chased each other across the minds of the weary passengers as they huddled in the cold at the loop, but as before mentioned they cheered up considerably when Mrs. Brown chirped her 1229 greeting and when 27 finally arrived with Motorman Arthur Rockett at the helm their joy was complete.

The journey was claimed bitterly without it being long in the cold and

wanted to know why the "old girl" as 27 is affectionately known, was late.

"Just like any other female, got to keep a fellow waiting," said one passenger.

"Nothing of the sort," retorted Mr. Rockett, coming to the rescue of his pet. "You even blame the whole thing on John Ashton. He's the bird I held up at this morning. He didn't show up at the car yards at all, and it was some time before we could get another conductor to make the trip with old 27 and myself. Why she's working like a charm, and is the fastest thing on wheels that the street railway has."

Thus was 27 exonerated and the blame of keeping 27 late was fastened on Ald. John Ashton forever and a day.

# WILSON MAY KILL TREATY IF LODGE RESERVATION PASSES

Washington, Feb. 29.—An entirely new turn in the treaty fight will be manifest in the Senate tomorrow as the result of President Wilson's statement to a Democratic senator that he would pigeon-hole the treaty if the Lodge reservation on Article 10 should be adopted.

Urgent plans are being made by many of the "irreconcilable" Republicans to come in and vote for ratification with the Lodge reservations as a matter of party politics. The "irreconcilables" are being told they will be perfectly safe because the president will pigeon-hole the treaty anyway, but that if ratification by the Senate can be forced the president will be put in the position of killing the treaty because he could not have his own way.

## FOUR MILLION CHILDREN IN POLAND IN NEED OF BREAD SAYS CHICINNATI RABBI

Speaker For Jewish Relief Fund Tells of Conditions in War-Stricken Countries of Europe—Will Address Rotarians Today.

Rabbi Dr. J. H. Schickel of Cincinnati, Ohio, spoke on behalf of the Jewish relief fund at the Jewish synagogue last night. He visited the war-stricken people in Poland during the recent conflict, accompanied by Dr. A. H. Silver of the American committee of public information, and described conditions as he found them.

Poland alone had four million children who had not on an average one loaf of bread per week. The inhabitants did not know what shoes were. In certain towns with a population of twenty thousand food had been promised by the American war relief committee. When a train pulled into the town the population gathered around, but to their horror the train contained clothes instead of food. The weather at that time was like that in Canada in the winter-time. The walls that went up were pitiful to hear when the people saw that they were not to get food after all.

The people of Jerusalem were prosperous prior to the war, but now they were in a condition similar to that of the people of other war-stricken countries. They lived in the caves of the walls of the old city. There was only poor ventilation and no escape for the sewage. They had only the ruins that the Turks left them.

The children suffered the most for

## THE DREAD PYORRHEA BEGINS WITH BLEEDING GUMS

Pyorrhea's infecting germs cause many ills. Medical science has proven this. Dressed conditions, which not long ago doctors were unable to trace to a cause, are now known often to be the result of Pyorrhea germs that breed in pockets about the teeth. Rheumatism, anæmia, nervous disorders and other diseases have been traced in many cases to this Pyorrhea infection.

Don't let Pyorrhea work its wicked will on your body. Visit your dentist frequently for tooth and gum inspection. And watch your gums yourself. Pyorrhea, which afflicts four out of five people over forty, begins with tender and bleeding gums; then the gums recede, the teeth decay, loosen and fall out, or must be extracted, and the system of poisons generated at their base.

Forhan's For the Gums will prevent Pyorrhea—or check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums hard and healthy—the teeth white and clean. Start using it today. If gum-shrinkage has set in, use Forhan's according to directions and consult a dentist immediately for special treatment.

## STREET CAR MEN TO ASK AN INCREASE OF ABOUT 50 PER CENT

Decide To Demand An Addition of 21 Cents An Hour To Present Wage Scale—Decision Reached At Mass Meeting.

Street railwaymen will ask an increase of 21 cents an hour in their wages, they decided at a meeting last night Saturday.

At present, the men receive from 32 to 44 cents an hour. The increase, if granted, would give them 60 cents to 65 cents. At the beginning of 1919 they were receiving from 32 to 38 cents, and were granted a nine-cent increase in the spring. If this further increase is met it will mean a total increase of 30 cents within a year.

Decision to ask for an increase was made at a meeting of the street car men last week. No decision as to the amount was made at that time, but the men agreed to meet on Saturday night, when all members of the union could be present. The matter was fully discussed, and it was

## NO SCRIPTURAL BASIS FOR OBSERVING LENTEN PERIOD

Rev. T. G. Roy Deals With History of Lent.

In the Talbot Street Baptist Church on Sunday morning, Rev. Thomas G. Roy, pastor, presented a paper on "The History of Lent." Mr. Roy spoke of Lent as being a prolonged fast. The word Lent had its origin in the word "languor," meaning a lengthening of days. This period of fasting occurred in the time of the leprosy, and came to be called Lent. Formerly Lent was observed very rigorously and imposed upon the laity. But the rigors have been mitigated through the passing years with the result that it was considered a devotion today.

Going into the history of Lent, the speaker pointed out that the Scriptural basis for the observance of Lent as a special devotion, or as a special preparation for such an observance, nor did the early Christian churches practice it. The first Lenten devotion of the Christian era was the fast before Easter, which was very short, but very severe. It was not until the thirteenth century that Lent began on Ash Wednesday.

Mr. Roy spoke of Lent being a period given over to the deepening of the spiritual life. As such it had value, provided it was accompanied by an honest desire on the part of those observing for a deepening of their lives, and was not made a formal thing. The weakness of it lay in the danger of its emphasizing periodic religion—a religion that demanded that he live on a higher spiritual level than the average man. Another weakness lay in the fact that it was a mechanical devotion rather than a vital religion. The restraining from indulgence in certain foods or pleasures, the physical deprivations attendant upon Lent—were likely to induce the idea of storing up good deeds for the future. Religion thus became mechanical, a matter of habit rather than of faith. If religion meant anything, it meant the transforming of the life and the honest endeavor to live every day upon the highest level possible.

Back of Lent, however, was the fundamental idea of the necessity of taking the time to give ourselves to the deeper Christian life, that we might be able the better to serve God and our fellow men.

Thousands Finding Wonderful Benefit in a Simple Home Remedy That Costs But a Quarter.

Doctors say if people kept their bowels in proper order there would be no such disease as appendicitis. It is due solely to neglect, and is therefore preventable. If you have constipation, bad breath or headache you need medicine right away.

The moment you suspect your bowels are clogged, take Dr. Hamilton's Pills, the smoothest regulator of them all. They move the bowels and cleanse the liver so smoothly you scarcely notice the effect. But you can get the action just the same. Taken at night you wake up next morning, clear-headed, hungry, rested, energetic, feeling like a different man.

Why don't you spend a quarter today and try Dr. Hamilton's Pills. They work so easy, just as nature would order, never gripe or cause headache. Finest thing for folks that are out of sorts, depressed, lacking in color and spirits. Take one or two. Dr. Hamilton's Pills are never sick, never an ache or a pain—feel good all the time simply because their system is clean, regulated and healthy. This you can easily prove yourself.

Walker was the treasurer of the relief committee, he said.

Mr. Golberg, manager of the Canadian Relief Fund, with headquarters in Toronto, had given assurance that 100 per cent of the Canadian fund would go to its destination in the stricken countries. The appeal in this city was for \$25,000. The campaign in the Dominion was for \$1,000,000. The slogan of the Jews was "Humanity has no creed." It was explained that the money raised would be for the purpose of assisting the Jews, but the lives of all who can be saved would be, whether Jew or Gentile.

This was the critical time in Eastern and Western Europe. People were going back to their homes. They needed assistance to reconstruct their countries. People in this country did not know of the suffering that was going on in the devastated countries of Europe. If they did the money wanted would be forthcoming without murmur, concluded Mr. Golberg. Dr. Schickel will address the Rotarians at their luncheon in the Tecumseh House today.

## FEAR OF WHAT MAY HAPPEN IN SESSION DOGS UNION REGIME

Real Work of Parliament Commences Today.

CRONYN TO SPEAK

London Member Will Move Address in Reply to Speech From Throne.

OTTAWA, Feb. 29.—(By Canadian Press.) The real work of the Commons will begin tomorrow with the moving of an address in reply to the speech from the throne, when the House opens tomorrow afternoon at 3 o'clock. In the meantime most of the Ontario members made the best of their holiday from Thursday to Monday to return to their homes. Those who came to Ottawa for the session were practically the only ones here over the week-end. The absence included the chief whips of both parties.

Just what may transpire in the session on the basis of the questions which are at present much conjectured. Members on their arrival at Ottawa were all seeking information rather than imparting any. Many of them seemed to be of the opinion that the session is that of leadership and continuance of the unionist party.

There is still the expectation that these questions will be discussed in a Government caucus very shortly, but at the time of his departure after the opening of the session, Mr. Mackenzie King, said that no date had been set for a caucus of Government supporters. It was expected that it would not be held this week. The Liberals are holding their first caucus of the session on Tuesday morning, when it is stated there will be a general discussion as to policies to be followed.

There is a fear in some quarters that there may be a defeat of the Government on one of the questions which are to come before the House, but the average member appears to feel that the Government will weather the session. However, with the passing of a franchise act, as announced by speech from the throne on Thursday, it is expected that a new election might follow soon after the dissolution of the House.

In the Commons tomorrow the address in reply to the speech from the throne will be moved by Hume Brown of London, and seconded by R. McGregor.

Expect Warm Debates. It is anticipated that as the session progresses it will bring on some warm debates. G. Parent of Quebec has given notice that he will ask whether the Government intends abolishing the board of commerce or giving it sufficient powers to deal with the interest which at present appear to be challenging its authority. The answer to this question, it is expected, will provide material for further drives against the Government on this score later.

The franchise act is being awaited eagerly, as also is the bill incorporating the Government's mercantile marine and naval plans. On the former it is certain that there will be hot fight, but the contents of the proposed bill are, so far, being very closely guarded.

The tariff and racing and betting report is also to come before Parliament this session. A motion based thereon is expected to be in effect to govern most, if not all, of the spring racing meetings which have been advertised. The report of Dr. J. G. Rutherford, the commissioner, and the motion to recommend cutting down both the number of tracks and the total days of racing allowed in each district.

Confere In Washington. The departure of Hon. J. A. Calder, minister of immigration and colonization, for Washington, and the knowledge that Hon. J. D. Reid, minister of railways, was waiting in that city to meet Sir Robert Borden on his arrival from England have raised anew the gossip as to the contents of the Union Government and the leadership. It is expected that the subject will come before a caucus to be held very soon, but the date of that gathering has not yet been set, and in some circles it is anticipated that the subject will not be discussed until the return of Hon. J. A. Calder from his conference with the premier and Dr. Reid.

The latter is returning to Ottawa after spending some weeks in Florida for the benefit of his health. The members are fairly free in discussion of the leadership, and the feeling seems to be growing that Sir Robert Borden will not again don the mantle of leadership, but that he will continue to be the head of the party at present. It is anticipated that if a choice is made of a House leader, the choice will be the one likely to succeed Sir Robert whenever his resignation does take.

Charging Incision. Members of Parliament, who are outside of the House, are charged with the prime minister with incision, and also with having acted as he did in connection with the French situation. Some of them claim that Sir Robert has already chosen the man to succeed him, but they are not sure. It is with the ideas of certain other members in the cabinet. It is intimated in these circles that the man named is Sir Robert Borden, formerly the king-pin of Saskatchewan Liberals, who are now conferring with him in New York.

Other contenders for the premiership it is now stated, are narrowed down chiefly to Hon. Arthur Meighen, minister of the interior, and Sir Henry Drayton, minister of finance, but there is also Hon. Newton Wesley Rowell, president of the privy council, who is considered. In the case of Mr. Meighen

the work had steadily grown and now the work was being preached throughout the French provinces. Many features had been added. Institutions were operated where children were being looked after during the absence of their mothers, who were often the breadwinners. Boys and girls were taken care of after school, their playing, studying and religious worship were supervised. Sunday and Thursday schools were opened. Young people's societies and associations, boy scout organizations, sewing circles and others were organized and worked hand in hand with all the Protestant churches throughout the country.

If you have constipation, bad breath or headache you need medicine right away. The moment you suspect your bowels are clogged, take Dr. Hamilton's Pills, the smoothest regulator of them all. They move the bowels and cleanse the liver so smoothly you scarcely notice the effect. But you can get the action just the same. it is felt that, while he is the logical man for the post, he has too many men against him for past alleged offences of omission and commission. Sir Henry Drayton, on the other hand, is without political past, and if the choice of a leader can be delayed until he has time to prove himself in the House, there might be a strong drive in his favor.

Refused To Consider. The return of Sir Thomas White is hardly being hoped for by his friends. He has refused to consider the idea, it is stated, even if he were assured of the premiership, though, had he been a member of the Government at the time of retiring, he would have been the successor.

Should an election be precipitated by the defeat of the Government on any one of the questions coming before the Commons, the situation would be even more interesting. Either Sir Robert Borden would have to return or a successor be chosen on the spur of the moment, or the formation of a new government would have to be left to the parties defeating the Government. The call from the government-general might be given to Hon. W. Mackenzie King to form a government and go before the public for their approval.

## COMMUTERS' RATES TO STAND FOR MONTH, SAYS BOARD ORDER

MONTREAL, Feb. 28.—G. T. Bell, passenger traffic manager of the Grand Trunk Railway, received a telegram on Saturday from Hon. B. E. Carvell, chairman of the board of railway commissioners, instructing him to keep the rates on commutation and trip tickets in effect until the conclusion of the present investigation into the tariffs in this regard now being carried on by the railway commission.

Similar orders of the Canadian Pacific Railway, and instructions have been passed on to the other railways. The rates in the areas affected, notifying them that the old rates must stand. This is taken to mean that there will be no increase in commuters' rates for at least a month.

## Children's Coughs Quickly Cured

It is very hard to keep the children from taking cold. They will run out of doors not properly wrapped—play too hard and become overheated—get their feet wet—kick the bed clothes off at night.

There is nothing so good for children's coughs, colds, whooping cough or bronchitis as Dr. Wood's Norway Pine Syrup. It is so pleasant to the taste the youngsters take it without any fuss, and at the same time its promptness and effectiveness in loosening the phlegm, and healing the lungs and bronchial tubes and such that the cough is checked before any serious trouble can possibly develop.

Mrs. Harold Acker, Lake Pleasant, N.S., writes: "I have a child, the eldest eight years and the baby ten months old. They all had a bad cough. I knew of quite a few persons who had used Dr. Wood's Norway Pine Syrup with good results so I got three bottles. I am glad I did so as it is a sure cure for coughs and colds. A home where there are children should never be without it. I highly recommend it to those who need a quick cure."

Price 25c and 50c, at all dealers. Manufactured only by the T. Milburn Co., Limited, Toronto, Ont.

# PIANO OF THE GREAT ARTIST

A piano of Ye Olde Firme Heintzman & Co., Limited, will be used exclusively at the concert here, when a splendid array of artists of "His Master's Voice" will appear in person before a London audience.

The Heintzman & Co. Piano is in use today in homes of culture and refined musical taste in all parts of Canada and in increasing demand in Great Britain, Australia, New Zealand and South America. Orders received already in 1920 include shipments to Paris, France, and Santa Marie, South America.

A Heintzman & Co. Piano was the personal choice of the Prince of Wales during his recent visit to Canada, as it had been of His Majesty King George and Queen Mary, then Duke and Duchess of York, when they visited Canada.

This Is What Artists Who Have Used the Heintzman & Co. Say:

The rich quality of the tone made the rendering of my 'cello numbers a pleasure such as I have never derived from the accompaniment of any other piano.—Michael Cherniavsky.

I attribute a great deal of my success to the facility with which the emotions are expressed by the perfect response and brilliant tone of your piano.—Jan Cherniavsky.

The pure and even quality of the tone materially assisted to the success of my violin numbers. It surpasses any piano I have ever used.—Leo Cherniavsky.

These are the three brothers of the world-famous Russian trio.

I shall insist on having a Heintzman & Co. Grand Piano whenever I visit Canada.—Burmeister.

Surpasses in beauty of tone and delicacy of touch any piano I have used anywhere.—De Pachmann.

The piano used by Tetrazzini, Calve, Nordica, Albani, Plancon and other great artists.

### FRANCHISE QUESTION CAUSES DISSOLUTION OF JAPANESE DIET

Emperor Acts On Request of Premier.

WASHINGTON, D.C., Feb. 28.—(By the Associated Press.)—The Japanese diet has been dissolved by imperial decree as a result of a profound difference of opinion between the cabinet and the majority parties in the diet regarding the extension of the franchise.

This action was taken by the emperor last Thursday at the request of Premier Hara, according to cable advice received here today from Tokyo.

It followed the recent violent scenes in Parliament over the suffrage question.

HAS NO INFORMATION.

LONDON, Feb. 28.—In reply to inquiries relative to a statement printed in the Daily Telegraph this morning, that "serious information was received here Friday night regarding the situation in Japan," the Japanese embassy declared this forenoon that it had no information of anything untoward occurring in that country.

### ROLLO SPEAKS FOR LABOR-U. F. O. CHOICE AT COBALT MEETING

To Draw Up Campaign Plans Today.

COBALT, Ont., Feb. 29.—With a member of the Ontario Government as the guest, the first shot of the Temiskaming federal by-election, was fired here tonight. Hon. Walter Rollo, minister of labor and health in the Drury cabinet, addressed a public meeting in the interests of A. J. McDonald, Labor-U. F. O. candidate, in the fight. The minister dealt with the alliance of the parties and the results which have been attained, and he urged a continuation of this unity in the forthcoming election. Tomorrow the campaign plans will be drawn up at a meeting of the central executive to be held in Englehart.

TORY PROTECTIONIST LIKELY. COBALT, Ont., Feb. 29.—The purpose of the convention called for next Thursday in Englehart is not to select a Government candidate for the federal by-election in Temiskaming in April, but is to choose a Conservative protectionist, it was stated in local conservative quarters on Saturday.

### WAR ECONOMIES AGAIN IN FRANCE DURING STRIKE

Theatres and Cafes Ordered To Close Early To Save Fuel.

NO GENERAL STRIKE Millerand Says Only Partial Stoppage of Traffic On All Systems.

PARIS, Feb. 29.—Premier Millerand this morning convened the heads of the ministries affected by the railway strike and the directors of the companies who submitted reports of conditions on their lines. The directors of the Paris, Lyons and Mediterranean system announced that there had been a marked relaxation in the situation Friday, especially on the Paris-Marseilles line. He said the improvement was accentuated yesterday.

The directors of the Eastern Line, said that road's suburban service was in a critical condition, but showed signs of improvement. The directors of the Northern Line said that freight service on his road was not delayed, and goods sent to the markets were arriving regularly.

Ran Eleven Trains. The Orleans system, according to its director, ran eleven trains between Paris and Bordeaux yesterday, and food-supply trains are being moved satisfactorily. Isolated attempts to damage the lines had failed, he declared.

The conferees were agreed that the reports of the directors of the railways showed the situation as a whole to be rather favorable, with provisioning assured. In order to maintain the present stocks of coal, several economies in the use of fuel had been ordered.

Cafes and public establishments will be closed at 10 p.m., with the exception of theatres and moving picture houses, which are permitted to remain open until 11 o'clock. The subways will stop running at 11:30 p.m. Other coal restrictions in effect during the war will again be put into force.

Premier Millerand, receiving representatives of the press after the meeting said that henceforth the minister of public works would issue an official statement on the situation each morning and evening.

On the whole, 24 hours after the general strike was proclaimed, said the premier, "there is only partial stoppage of traffic. There is no total stoppage on any system, not even the Paris, Lyons and Mediterranean. In fact, a general strike does not exist."

SAYS ONE BIG UNION HAS 55,000 MEMBERS

COBALT, Ont., Feb. 29.—J. R. Knight, organizer of the One Big Union, addressed a public meeting here this afternoon. He told the audience that "the international was dead here," at the same time urging them to link up with the organization he represented. He claimed over 55,000 members for the One Big Union in Canada. He denied that there was any intention of building up funds for a strike, and declared the strike idea to be "all moonshine."

John Corbin, formerly prominent in international circles here, presided.

### PRICE OF TORONTO PAPERS ADVANCED TO THREE CENTS A COPY

Proprietors Claim High Cost of Newsprint and Higher Wages Are Cause.

[Special To The Advertiser.] TORONTO, Feb. 29.—Commencing tomorrow, March 1, the Globe, according to an announcement made a few days ago, will advance its price from two cents a copy to three cents, thereby following the example set a week ago by the Border Cities Star at Windsor. It is also reported that all the Toronto dailies, with perhaps one exception, will make the same advance in price.

As justification for the advance, the publishers point to the great increase in the price of newsprint paper; the heavy increases in the price of machinery, inks, oils and other necessities to the production of a newspaper. Incidentally, reference is also made to the increase of wages which have been demanded by the various mechanical departments, and which are now being sought by the editorial and clerical staffs of the papers.

### LINCOLN FARMERS CHOOSE SCULL FOR FEDERAL CANDIDATE

Labor Party Head Threatens To Buck.

ST. CATHARINES, Ont., Feb. 29.—Wm. Scull of Jordan was the choice of a convention of United Farmers here on Saturday as U. F. O. candidate in the next federal election for Lincoln County, including this city. Mr. Scull is president of the Lincoln County branch of the U. F. O. and a former Liberal.

President McAninch of the Lincoln County Independent Labor party took exception to the farmers bringing out a candidate without first consulting the labor party. He declared there was an organized attempt on the part of the United Farmers to cut away from the I. L. P. and threatened that if the convention chose a candidate without first consulting the labor party, the U. F. O. candidate could not be elected.

CAMPBELLFORD GIVES TEACHERS INCREASE

CAMPBELLFORD, Feb. 29.—The salaries of all the teachers here have been increased by the board of education. The principal of the high school is to receive \$2,750; the principal of the public school, \$1,500; assistant teachers in the high school a maximum of \$1,300, and in the public school a maximum of \$900.

NEW YORK, Feb. 29.—The Aero Club of America has received a cable challenge from the Aero Club of Belgium for the James Gordon Bennett international balloon trophy. It was won by the Aero Club of America in 1919.

### SOVIET TO ASK JAPAN TO HAND OVER ROSANOFF

Russian Zemstvo Wants Former Governor-General of Province.

DEMANDS BOATS ALSO Would Recover Orel and Yakut, According To Announcement Made.

VLADIVOSTOK, Feb. 29.—(By the Associated Press.)—Demand will be made upon Japan for the return of Gen. Rosanoff, former governor-general of the maritime province, to face trial on charges of alleged crimes committed when he was executive of the province of which Vladivostok is capital, according to an announcement by the official news agency of the revolution Zemstvo government here.

The announcement follows: Present Memorandum.

"The provisional government will present to M. Matsudera, Japanese diplomatic representative to the international mission at Vladivostok, a memorandum regarding the return of Gen. Rosanoff, believed to have been taken to Japan on a Japanese steamer, also for the return of the steamers Orel and Yakut.

"The former steamer is the property of the Russian Volunteer Fleet Association, and the Yakut is needed for navigation along the Siberian coast. There is property of the government aboard these vessels.

Criminal Action.

KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers To Eat Less Meat and Take Salts.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure, eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed, thus forcing the kidneys to do double work. They become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant effervescent lithia-water drink which helps overcome uric acid and is beneficial to your kidneys as well.

## RIGHT TOYS.

Colored crayons cost 10 cents a box, and for another 10 cents you can buy a good supply of wrapping paper from your grocer, which, cut into large

squares furnishes a background for much drawing and coloring by absorbed little people.

Trace your three-year-old's hand on such a sheet, with the fingers spread out, and hear her shout of joy when she sees the result. Teach her to trace it, and to trace around blocks and round lines and around her toy animals. You will have opened a new world of joy for her. I think I never saw a child so delighted as when I marked her fingernails upon such a tracing of her chubby hand. She fitted her hand to it again and again, and could not get over the surprise of it. This tracing, and its sequel of free-hand drawing, however crude, are excellent preparation for writing, that bugbear of education, and they fill excellently the child's needs to use her fingers in simple exercise. If crayons and paper are given a

corner of their own, one that the child can easily reach, it will be only part of the fun to keep them there between times, and it is only fair to remember that a child's handiwork is just as precious to her as ours is to us.

It is hardly no more difficult, and when it is less expensive to give little children the right things to play with as the wrong. We no longer regard the playing years as times to be put in until the children can begin to learn. Rather we know that these playing years are, above all, the learning years, and that habits of mind and body are established by just that play, never to be entirely overcome, for good or evil.

Try your baby with colored crayons and plenty of wrapping paper.

## SOCIAL AND PERSONAL

The Cinderella ball given by the local staff of the Soldiers' Civil Re-establishment Saturday night proved to be one of the jolliest affairs that has been held this season. The Masonic Temple was brilliant with its myriads of colored lights, palms and ferns. An added beauty was a fish pond in the centre, illuminated and numberless little goldfish swimming in it. A young diving maiden was poised on the edge. Fox trots and the favorite one-step dances were enjoyed, but a novelty dance, the storm dance, was introduced. Some of the most wonderful effects were accomplished by electricity, rain clouds and sunshine being produced in a most realistic manner. The ballroom, too, proved a favorite of the evening.

Cosy little sitting out rooms were provided for the prettily frocked ladies, and punch was in plenty for the thirsty dancers. A. Morrison and A. Marvell were conveners of the committee in charge.

## WHAT'S IN A NAME

**MAGGIE.** Although Scottish in itself, the name Maggie is originally derived from the Persian, being of the same root as the name Margaret. To the lucky bearer of this name, the pearl is the jewel assigned. The delightful notion that the oyster, rising to the surface of the ocean at night and opening its shell in adoration, received in its mouth a drop of dew, conceived by the moonbeams, is responsible for this delicate fantasy of the pearl.

The name was brought to Scotland by Margaret Ethelburg, wife of Malcolm Cenneth, where it became the national Scottish feminine name. Because a pearl of price is associated with the name of Maggie—or, more usually, its original, Margaret—has been given to innumerable saints.

By wearing her natal stone, the pearl, the wearer of the name Margaret will fulfill the promise of the gods, which gives her purity, charm and softness. Her lucky day is set as Monday and seven is her fortunate number. For her to dream of pearls signifies faithful friends.

## Cynthia Grey's Mail-Box

## HEAD OF MAIL-BOX

Everyone's pockets are crammed with gold. Nobody's heart is worn with care. Nobody ever grows tired of old. And nobody calls you "Baby" there!

—Alfred Noyes.

## Cosy Corner Chats.

I thought it was about time I was writing to tell you I have received three copies of "A Widow By the Sea".

I thank you very much for sending them to me. Many thanks, Aunt Maud, Ethel and Little Snowdrop for sending them in. It was the right piece all right. I have also received a copy of "The Rich Merchant". I like the old-fashioned songs, and know quite a few.

Could any of the readers tell me why it is my geranium will never flower in the winter. The foliage is so green and healthy, yet never a bud. Find enclosed a dime for the children's hospital fund.

Little drops of water. Little grains of sand. Makes the mighty ocean. And the far off land.

So will. Every little penny. Every little dime. Will help the children's fund. Will help the children's fund.

—ALICE BLUE.

Received song copied by S. A. R. I thank very much for it. This is a hint which I find useful when making pies. If I could get the crust is made full of holes and the edges pressed firm and turned toward the centre, they will hold the filling over. Soon this baby will be here, and I find by putting on the sugar required and cooking in double-boiler before making pies it will seldom boil over. I like the sentiment at the head of your Page every day.

Happy, Healthy Babies.

I have ventured into the Mail-Box today hoping I could be of some assistance to Conscientious Mother in regard to her little 4-year-old son. I have a 4-year-old child that over lived. After trying everything I could think of, and all the suggestions of my relatives, without results, I finally took him to the doctor who advised that his tonsils and adenoids should be removed. He said they had affected his entire system. After they were removed and his throat had healed, we had an entirely different boy. Since then we have had no trouble with sickness or with temper.

I have now two small children, 2 and 4 years of age. They are perfectly healthy, but have their cross spells. When they get tired of their playthings and quarrelsome, I simply feed them. What a change there is then! They go back to their despised playthings and are happy. I never give them cake or pie for their lunch, but something simple, like bread and butter spread with sugar and cut into little squares, to make it last longer, or pieces of apple and I never give them more than they can eat. I put it on a plate on a little table or chair in the winter, and on a rug out of doors in summer. If they are very quarrelsome, I give them each a plate exactly alike.

I also let them help me in my work. They wash dishes sometimes, or set the

table, and they do it as well as the older children. They dearly love to do errands up and downstairs, and many other things too numerous to mention, all of which keep them good-natured.

I have hidden away all the useless bric-a-brac and the articles I use, and so save many cross words and hasty slaps on little fingers that love to handle pretty things.

As to whipping children, I can say that I have tried whipping them, and I have tried other punishments, and I find the less whippings and slappings there are the better natured and more healthy the children, and needless to say, the happier. I have found that if I am cross the children are cross. If I speak sharply, so do the children; if I am happy and smile, so will they do. A WOULD-BE HELPER.

I am enclosing 25 cents for fund, and please send 25-cent stamp. Honoring God will bless and prosper Dear Cynthia Grey is the prayer of LONELY GRANDMA.

As I have received some helpful suggestions from the Mail-Box I thought I might be able to give something in return, so I will tell you what I do with leftover scraps of meat. I run them through the chopper, then put through one small onion, and last a slice of dry bread, add a little sage, salt and pepper and suit. Add any gravy you may have, also some water and boil for a few minutes. Have a good dinner for anyone. It is made out of order it is the starting of blood in nearly every part of the body.

## LIVER TROUBLE AND HEARTBURN

All liver diseases of whatever character are diseases of the highest importance and demand close attention. The liver is the largest and one of the most important organs of the body. Its duty is to prepare and secrete bile, and serves as one of the filters of the body, cleansing it of all impurities and poisons. Therefore when the liver gets out of order it is the starting of blood in nearly every part of the body.

Keep the liver active by using Milburn's Laxa-Liver Pills, and you will have no heartburn, constipation, biliousness, sick or lullish headaches, dull, yellow eyes, brown blotches, sal-low complexion, coated tongue, jaundice, catarrh of the stomach, or the painful protruding internal or bleeding piles.

Mrs. John Kadey, Chipman, N. B., writes: "I have used Milburn's Laxa-Liver Pills for some time and can recommend them to anyone suffering from heartburn and liver trouble. I tried other remedies, but they only relieved me for a short time. I always recommend Laxa-Liver Pills to all sufferers, as I think they are a valuable remedy."

## BETTY AND HER FAMILY GO A-CRUISE

Betty's family was very young, not quite three weeks. They were the five prettiest little pups you can imagine. Betty was indeed proud of them. Betty was a particular mother dog, and did not like having her family disturbed. So when her master was away one day, she carried them one by one to a quiet little hiding place she had discovered.

You see, children, if people keep on coming to see you as they have been doing, one of these days someone is going to buy one of you, and you will be taken away from me. That's what happened to my last family, and I am going to make sure it does not happen to you," she explained to the pups. And the pups being just old enough to understand, they all agreed that their mother had adopted a wise plan.

**Basis Upon Which Mr. Watson Built His Business in the City of Galt.**

L. Leo Watson, who returns to his old home in London, where he went to school and where he first entered the wholesale men's wear trade, built up a splendid business in a very short time in the thriving city of Galt. Said Mr. Watson:

"When I first went to Galt they told me that I couldn't do business in this canna Scotch town. I'm Scotch myself, and I know that the Scotch want just what all Canadians ask for—quality and good value. My business was successful from the first. I have admitted another London boy to a full partnership with me. He remains in Galt, and I am like my old home town best, but chiefly because I believe that larger opportunities lie ahead for me here.  
"Quality and Service" will be my slogan, coupled up with guaranteed value.  
"I have been selling semi-ready tailored clothes for years. I know their standard value, and I know that every member of the firm believes with me that Quality and Service are the first essentials in business building."  
"I repeat that I expect to be open in good time for the Easter trade," he concluded.—Advt.

**HOSPITAL BOARD ACCEPTS RESIGNATION OF DR. MEEK**

Dr. Robert Ferguson Succeeds as Department Head.

At the regular meeting of the Victoria Hospital Board on Saturday, Dr. H. Meek, chief of the gynecological department, tendered his resignation, which was accepted by the board. Dr. Robert Ferguson was unanimously appointed in his place. Dr. Meek was placed on the consulting staff of the same department.

T. H. Heard submitted the monthly report for January as follows: Number of patients admitted, 372; discharged, 336; births, 18; deaths, 24; patients treated in the free dispensary, 402. The receipts for the month were \$10,726.50, and the disbursements \$10,726.50 were paid by the board.

The members of the board who were present were Col. W. M. Gartschore, James Gray, J. W. Laidlaw and T. H. Heard.

A resolution to send a letter of condolence to Mr. and Mrs. Robert Hoath on the death of their daughter, Margaret, a nurse-in-training at Victoria Hospital, was passed. The board attended Mrs. Hoath's funeral in a body on Sunday afternoon.

**DR. SPARLING ACCEPTS CALL TO THE FIRST METHODIST**

Church Has Had Extraordinary Good Year.

The third quarterly official meeting of the First Methodist Church was held Friday night. Rev. Dr. Peever reviewed the many activities of the church for the quarter and showed they had been extraordinary. The national campaign in its spiritualities had been at work for many months, and now the financial objective of \$25,000 had been transcended by \$1,000, and was still going on.

A letter was received by Mr. Chapman from Rev. Dr. Wm. Sparling, accepting the invitation to become pastor of the First Methodist Church for the next term.

Two members of the board had died recently, Mr. J. C. H. H. and J. C. H. H. These gentlemen for many years had been church stewards and had been most valuable, fine men, and honored leaders in the church. The board most feelingly recorded its deep sorrow at the loss and expressed its sincere condolence with Mrs. H. H. and Mrs. H. H.

The financial statement as presented by Rev. Dr. Wm. Sparling revealed a large increase in income for revenue for the quarter and for the year. An indebtedness of about \$2,500, which had been incurred on capital account and for repairs, was being gradually met by ordinary receipts.

In closing the pastor expressed the earnest wish that he might lead the great national movement, particularly for the next two months, closing this church year.

**STARTLING, THRILLING "The Still Alarm" COMING TO LONDON**

## At The Theaters

**AT THE GRAND.**

Does it pay to advertise? Bryant Washburn says it does. Mr. Washburn is at the Grand today (tomorrow and Wednesday) in a picturization of the recent Broadway success, "It Pays To Advertise." The Pathe Review, Topics of the Day and Kinggrams will be other film features.

Lottie Meyer, America's aquatic champion, and her bathing beauties will headline the all-feature vaudeville bill showing the first half of the week. Miss Meyer and her diving girls will present a musical fantasy entitled "The Beach Vamps." Whitfield and Ireland will present a rural satire, "The Belle of Bingley." Halliday and Burns have a most amusing offering in their military travesty, "The Battle of Waterloo." Kartell, an equilibristic marvel, and Josephine Lennard, singing and dancing comedienne, will make up a bill of unusual excellence.

**"THE OLD HOMESTEAD."**

"The Old Homestead," a Denman Thompson's great American Classic now on its thirty-third tour, will play an engagement at the Grand Thursday evening at 8:15. "The Old Homestead" has the proud distinction of having made the greatest run in the history of New York City, having played consecutively for three years, five months and eleven days, a record unequalled in the history of the drama. Seats are now on sale.

**"LISTEN LESTER" AT THE GRAND FRIDAY AND SATURDAY.**

"Listen Lester," which for an entire year has been the length and breadth of New York, brought into favor by John Cort's musical comedy success of that name which for an entire year was the attraction at the Knickerbocker Theatre in New York and which now comes to the Grand Friday and Saturday evenings at 8:15 and Saturday matinee at 2:30, with the entire New York cast, chorus, production and special company orchestra. It was originated by Harry L. Cort, Geo. E. Stoddard and Harold O'Neil. In the case of this play Lester listened to any number of people.

The entire New York company of artists of unmatched ability, including Mayme Gehrue, Miriam Polger, John Thomas, Cecil Williams, Virginia Watson, Frances Anderson, Florence Delany, Florida Bellare, Irving Brooks, Joseph Mack, Leon Guss Shy, John L. Lyons, Murray Heart, Mark Thompson and Andrew Leitch.

**DURRY LANE'S GREATEST MELODRAMA TO VISIT LONDON—GRAND OPERA HOUSE SECURES THIS WONDERFUL ATTRACTION.**

"Once in a while and only once in a while, there comes a photodrama production of such tremendous magnitude and of such intensely dramatic situations that it grips us, holds us, and will not let us go until the final scenes. What we have seen, just such an attraction is "The Still Alarm," which comes to the Grand Opera House for four days only, commencing Monday, March 8.

The story is taken from the Durry Lane melodrama of the same name which made its first appearance on the stage back in the eighties. Its success was instant, and since that time "The Still Alarm" has been packed theatres throughout the country as no other production of the American theatre.

This will be a big extra attraction in addition to the regular program of R. P. Keith's high-class vaudeville. Two shows will be presented at every performance, with a special feature every day with all seats 25c, no higher.

**NAOMI CHILDERS PRESENTED IN BASIL KING'S "STREET CALLED STRAIGHT" AT THE GRAND FRIDAY, TUESDAY, WEDNESDAY.**

Presented by the Allen today, tomorrow and Wednesday, is a special film adaptation of Basil King's "The Street Called Straight," starring the beautiful Englishwoman, Naomi Childers, who became so popular through her roles opposite Tom Moore, in his latest pictures of society life.

"The Street Called Straight" in book form was sufficiently strong to grip millions of readers, and it is very much more powerful presented on the screen.

Among the extra attractions will be the always interesting Allen Pictorial News, and a beautiful Outing Chester Picture.

The Allen eighteen-piece orchestra presents an overture, and the magnificent organ assure the patrons delicious music at all times.

**FILM DOM'S MOST DARING COWBOY IN HIS SENSATIONAL PICTURE "THE STREETS OF LONDON" TOMORROW AND WEDNESDAY.**

Louis Bonissim, known as the most daring cowboy in the movies, is the star of the sensational and thrilling screen production, "The Streets of London," which is shown at the Majestic today, tomorrow and Wednesday.

They say there is no stunt that this star is afraid to do, and his pictures are always delightful hair-raising thrillers.

Among the extra attractions will be comedy pictures, news reels and travel pictures.

**AT LOEW'S.**

The feature film attraction at Loew's for today, Tuesday and Wednesday, is the ever-popular screen favorite, "Charles Ray, in 'Cooked Straight,' a picture more powerful, varied, than any other in which Ray has appeared.

The Al Golem troupe of Persian marvels in daring feats of equilibrium art, James with an excellent team, and other Mack Sennett screen, "Ladies' Teller" and the Loew Weekly of Word Events to complete the program.

**AT THE PATRICIA.**

At the Patricia today, Tuesday and Wednesday, the peerless Theda Bara in the sweet Irish drama "Kathleen Mullen," the special production, inspired by the famous poem of the same name. The vaudeville portion of the bill will be provided by the "Tune Town Polies," with lots of comedy and music. All for Fun and Fun for All.

Other attractions will be a Century comedy and Fox News Weekly.

## FAIR BOARD TAKES UP THE MATTER OF EXTENDING GROUNDS

**Matter Is Left With Executive Committee.**

**EXTENSION NECESSARY**

**Board Agreed On This Point, But Differ As To Time To Make Move.**

Temporary expansion eastward by purchasing land held under option, or westward by purchasing property at the rear of the present grounds, was recommended at a meeting of the Western Fair Association Saturday.

Both propositions were referred to the executive committee. The plans would be adopted as a permanent measure, but would be intended to relieve the congestion for money. Let the plan be made. The majority of the board seemed agreed that new grounds must be obtained, but differed as to the proper time for commencing such a venture.

A report of the executive committee was read, in which it was recommended that all the options on land east of the grounds be purchased, and the finance committee instructed to consider means of financing the proposition.

George McCormick thought that this proposal, if carried out, would leave no room for improvement on the present one. "The immediate necessity is to get the grounds," he said, "and the board is tied up by the adverse vote on the matter and will not be able to help us much in the position of having to ask both the city and the Government for money."
