Introductory

To the Lot Owners:

It is the earnest desire of the Board of Managers to make the Hamilton Cemetery a quiet, beautiful resting place for the dead, where well kept turf and varied foliage of trees and shrubbery shall give a sense of repose.

Beautifully situated as it is, on the high land overlooking, on the east, Hamilton Bay, and on the west, the ravines and Dundas Valley, the ground is also of great historic interest, as there still remains, partly intact, the ramparts erected by the British troops just previous to their midnight attack upon, and defeat of, the American soldiers at Stoney Creek.

The Cemetery being a place of such interest, both from its natural beauty as well as its historic associations, it is most desirable that its care should be attended in a manner worthy of its importance.

In adopting, therefore, the following Rules and Regulations it is believed that no unnecessary restrictions have been imposed, the Board of Managers having aimed to provide, to the greatest extent for the preference of lot owners as well as to secure stability of improvements, and to secure this effect the hearty co-operation of every one interested is respectfully solicited.

All amounts received on account thereof shall be deposited by the City Treasurer at interest on the first day of each month in some
