## Action Against Brantford Police Opened To-Day

### POLICE TRIAL OPENED IN SIMCOE THIS AFTERNOON

Only Seven Residents of Town on Jury Panel.

Forty-Eight Called, But Majority are Farmers.

Simcoe is Curious as to What It's All About.

(From Courier Staff Correspondent) SIMCOE, Ont., April 15.—The Holmedale case opens here at 1 o'clock this afternoon, as the result of a change of venue from Brantford.

Contrary to expectation, none of the principals arrived here last evening.

Inquiry among the residents of the place resulted in diverse statements. In some cases there has been anticipation regarding the investigation. In other instances citizens averred they were not aware that any such case was to be ventilated, while still another prominent man made the statement that the feeling, as far as he knew, was merely one of curiosity.

At the Battersby House Mr. Justice Latchford, who tries the case, is staying and the defendants occupy seven rooms, including accommodation for themselves and counsel.

The inquiry takes place in the Court House, a commodious little structure, capable of seating about four hundred people.

Justice Latchford, who tries the case, is staying and the defendants occupy seven rooms, including accommodation for themselves and counsel. The jury panel includes the names of 48 men—seven residents of the town and the balance farmers living in the country. It is believed that there may be a good deal of jury challenging on the part of both sides, and as proceedings are not likely to commence much before 1.30, a late start is anticipated.

The witnesses are not numerous, but the addresses of judge and counsel are expected to be somewhat lengthy.

**Jury Picked.** At 1.15, when the court opened, there were about 60 people in attendance; most of them were on the jury panel.

Godfrey, in behalf of the plaintiff, announced that he applied for Mr. Robinette, and Mr. (Continued on Page 4)

THOS. BOYLAN. One of the Constables arrested to have made the arrest.

#### HISTORY OF CASE

The history of the Holmedale case is well known to Brantfordites. Last fall Mr. Ernie Walsh, Holmedale grocer, discovered the body of a new-born infant in the Grand river off West Mill street. An inquest was called, but revealed nothing. The police were called, and on the case, and finally Officers Chapman and Boylan paid a visit to the Slingsby mill in the Holmedale to question Gladys Meredith. It is alleged that the foreman, who had known of the girl's regular attendance at work, protested against the police taking her. Miss Meredith, it is alleged, was taken to the police station, and later to a doctor's office, where an examination ensued. Dr. Ashton, who acted in an announcement made some months ago, stated that the girl had requested a certificate of her character, which he readily granted. It is claimed that the girl acted voluntarily in the matter of the examination with her aunt, who accompanied her. At any rate, it is alleged that she was arrested without warrant by the police.

Following the news of the affair, on two occasions there were outbreaks against the police on the street when ordinary arrests of disorderlies were being made. The trial is the culmination of the entire affair, \$10,000 damages being sought by the plaintiff.

### "Disgraceful Conduct" Say Alderman About An Unknown Contrefere

The lid will soon be lifted! This announcement was made today relative to the proposed inquiry into Board of Works matters. The Mayor and Ald. Suddaby stated this morning what was doing. It is interesting to note the comment around the aldermanic board last night relative to the charges of graft, etc., insidiously made in a hit-and-miss sort of way against employees and officials. Some of the aldermen expressed themselves as follows:

Ald. McEwen: "I was surprised to see such a statement from an alderman in the Expositor, which contained a wholesale charge against civic officials. The alderman who gave out that information ought to be ashamed of himself."

Ald. Spence: "It was a most outrageous thing for information like that to be handed out, and an outrageous thing to publish it. If there was anything in it, it was a case of undoing things; if there was nothing in it, it was an insult to every man employed in the department."

Ald. Minshall: "I'll resign from the Council to-night if it can be shown that I gave out the information."

Then followed a discussion, during which the Mayor told Ald. Suddaby to call his committee together, and there would be a letter making certain allegations.

The question is, Who was the alderman that piped the story? Mayhap the Board of Works meeting may reveal his identity.

### Aviator Buys Brantford Car

Glen Curtis, America's celebrated aviator, has bought a Keeton motor car, an exact duplicate to the cars which are now being turned out in the Brantford factory. As an aeroplane artist Mr. Curtis is a mechanic who knows a good machine when he sees one. The style and make-up of the Keeton car was subjected to a thorough examination by the aviator, and he decided to have one. Directors of the Keeton Co. propose to make an advertising feature out of Curtis' purchase.

### POPE PIUS IS ANGRY AT DOCTOR

Calls Him Tyrant To-Day and Asks For Sunshine.

Patient is Improved and is Sitting Up.

(Canadian Press Despatch)

ROME, April 15.—The clearing up of the weather to-day, which was bright and sunny although cold, is taken here as a hopeful augury for the recovery of the Pope who himself became cheerful when his attendant drew the blinds this morning, the sunshine streaming into the room. Father Parolin, the Pope's nephew came into the bed chamber immediately afterward and helped his uncle through his morning toilet. He then gave him his first restorative, consisting of a cup of weak coffee and milk, the change from eggs and milk being greatly appreciated by the Pope, who repeated several times, "this reminds me of old times."

Father Parolin then called his uncle with Mr. Bressan, his private secretary and went to the telephone to give his aunts, the Pope's sisters, the satisfactory morning report.

In the meantime Dr. Andrea Amici notified Prof. Marchiafava of the Pontiff's condition.

Father Parolin who has installed himself in a small room in the Vatican adjoining the Pope's apartments did not even undress during the night in order that he should be able to watch the patient closely. He declared this morning that the Pope had suffered from only three coughing spells from midnight till morning and that the cough was much looser and caused less discomfort. His pulse, he said, was stronger and his respiration more regular.

When Prof. Marchiafava appeared the Pope was so cheerful that he joked with the physician in the same way as he was accustomed to do before his relapse. He congratulated the professor on the realization of his prediction in regard to his amelioration, whereupon Prof. Marchiafava answered:

"I will make another prediction. You will have a further relapse if you behave impudently, and if you do not patiently fulfill the doctor's commands."

At the request of the Pope, who had said frequently that he could not stand remaining in bed which renders him nervous, agitated and weak, Prof. Marchiafava authorized the pontiff to get up while his bed was being made, but would not allow him to walk.

At 11 o'clock the Pope was assisted from his bed and removed to an armchair close by. He had been there only a few minutes when he showed signs of dissatisfaction and began sighing. He finally said:

"That tyrant Marchiafava forbids me to walk. At least carry me to the window so that I may enjoy the sun."

This was done immediately to the great delight of the Pope.

At noon the Pontiff took some chicken jelly which seemed to refresh him greatly.

**Early Bulletin.**

ROME, April 15.—The Pope's condition appeared to be practically unchanged to-day. The morning bulletin issued by the Papal physicians, Prof. Ettore Marchiafava and Dr. Andrea Amici, was as follows:

"The holy father was again without fever this morning; his temperature (Continued on Page 7)

### Figures of Interest in Police Trial

JUSTICE LATCHFORD. Who is presiding at the Police Case in Simcoe.

T. C. ROBINETTE. Recognized as leading criminal lawyer of Canada, whose advice was secured for the plaintiff.

GLADYS MEREDITH. Who is Plaintiff for damages against the police for alleged false arrest and wrongful examination.

CHIEF SLEMM. One of the Defendants named in the Trial.

### Loft Building A Sure Thing

The new syndicate for the erection of a loft factory building in Brantford for use by infant industries is reported to be a sure go. It is understood that Messrs. Joseph Ruddy, Joseph Ham, J. S. Dowling, R. E. Ryerson, F. W. Ryerson and others are interested. Three properties for the erection of a big industrial building are under consideration, and it is expected that a deal will be closed very shortly and plans for a suitable building to accommodate several industries drawn up.

### BULLETIN ON LABOR IN CANADA

Wholesale Prices A Little Higher Than Last Year.

There Were Fewer Strikes During Month of March.

OTTAWA, April 15.—Wholesale prices in Canada in March were of the same general level as in February, and only a little higher than in March last year. The Department of Labor's index number stood at 135.5 for March, compared with 135.4 in February and 134.8 in March, 1912. These numbers are percentages of the average price level of 272 commodities during the decade, 1800-1810. A considerable decline in coke was offset by advances in furniture and carriages. The feature of the month occurred in animals and meat, boots and shoes, iron and steel bars, picks, crowbars, etc., gasoline and coal, and lumber. Decreases were reported in grains and fodders, dairy products, fresh vegetables, brass, copper, silver and zinc lined oil, and rubber. The feature of the month in retail prices was the general decline in eggs, and numerous advances in meats in Eastern Canada.

**Fewer Strikes During March** Industrial conditions were not very seriously affected by trade disputes during March, an improvement being evident as compared with the preceding month, while conditions were much the same as during the corresponding month of last year. There (Continued on Page 4).

**PROBS.** TORONTO, April 15.—Pressure continues low along the United States Atlantic coast. It is also low in the Northwest. The weather is fine throughout the Dominion.

**FORECASTS:** Moderate winds, fine to-day and on Wednesday with no decided change in temperature.

### GRAND OPERA HOUSE BRANTFORD

Tuesday, April 15.—The greatest light opera organization in the world, the Do Koven Opera Co. (Daniel V. Arthur, Mgr.), presents the greatest of all comic operas, "ROBIN HOOD," with the most wonderful cast of grand opera stars ever assembled for comic opera—BESSIE ABBOTT, Henriette Wakefield, Francis Lieb, Anna Bussert, Hallan Moxton, Herbert Waterous, Mischa Firzenzo, Sylvia Van Dyck, Anna Boyd, and Walter Hyde, with special grand opera orchestra. There are 110 artists, many of them grand opera stars, in this superb company. Prices: 14 rows, \$2 & 8 rows, \$1.50; balcony, \$1.50 and \$1; gallery, 3 rows reserved, 75c; balcony, 50c. Seats Saturday. Positively no free list.

Saturday, April 19.—By special arrangement with Chas. Frohman, the big London and New York comedy success, "PASSERS BY," by C. Hadson Chambers. The play begins when Peter Waverton, rich and well-born, invites the cabman and the derelict to his apartment, largely for his own entertainment; and then the "Woman" drifts in—the "Woman" who loved Peter and wandered away in the long ago, and next comes the boy, the beautiful boy, living evidence of that love. Come and see how it works out. An all-English company. Prices: 25c to \$1.50. Seats Thursday.

### MISS MEREDITH CONFIDENT IN JUSTICE OF HER CASE

DETECTIVE CHAPMAN. Defendant in the Case, Alleged to have made the Arrest.

### OVER THIRD ARE ON STRIKE

Belgium Is Facing Serious Industrial Crisis.

(Canadian Press Despatch) BRUSSELS, Belgium, April 15.—Over a third of the total number of workmen in Belgium have struck work and joined in the Socialist protest against the system of plural voting, which effectually prevents them obtaining a majority at the polls and which has permitted the clerical party to remain in power for the past twenty years.

Virtually complete figures gathered from all provinces except Antwerp and West Flanders show that there was a total of 250,000 strikers this morning, and the estimates from Antwerp and West Flanders, where the Socialists are weakest, indicate that there are another 14,000 strikers making in all 270,000 men who have quit in the entire country. The Socialists, however, assert that the total reaches 350,000, while the Clericals and the Government say they number 120,000.

Despite the fact that many of the laborers are idle, there is no violence and tranquility reigns everywhere, except that three or four men have been arrested for interfering with non-strikers. The strikers are evidently determined to respect the decision of their leaders that the strike shall be one of folded arms and not "raised fists."

### Temperance Campaign Planned as Announced In Courier Weeks Ago

Some weeks ago the Courier had an announcement pertaining to temperance plans in Brantford. It was followed up by barefaced denials from the Expositor. Here is what has ensued:

The Citizens' League held an organization meeting in the parlors of Wellington Street Church last evening. The meeting was called to ascertain the opinions of the members regarding the entering of another temperance campaign. Mr. C. F. Verity, ex-president of the League, officiated as chairman, and Mr. E. Danby acted as secretary pro tem.

A general discussion took place, the majority favoring the plan of not contesting the aldermanic seats. It was considered that the present Board of Aldermen would be in favor of submitting local option to the people if properly petitioned to do so.

A resolution was unanimously carried to enter into a temperance campaign, the form of campaign to be discussed at a later meeting.

The courses open are: (1) Reduction of licenses, (2) Canada Temperance Act, (3) Local Option.

Mr. C. F. Verity resigned the presidency, and A. L. Baird, K.C., was elected chairman pro tem. The meeting was then adjourned, to meet at the Y.M.C.A. Monday night next, when representatives of all the churches, Salvation Army and Royal Templars of Temperance will be present.

### Interview With Courier Representative To-Day.

Plaintiff, With Her Aunt Arrived Last Night.

Godfrey Takes Robinette's Place as Counsel.

(From Courier Staff Correspondent) SIMCOE, April 15.—It appears that Miss Meredith, with her aunt, Mrs. Emby, and Mr. Kyte, who has taken the leading part in working up this case, did arrive in the town last night. They got off the train so quietly that those on the watch failed to notice them. All three are located at the Cameron House.

The Courier representative this morning met Mrs. Emby and Miss Meredith as they were leaving the hotel for a walk. In response to inquiries, Miss Meredith replied, "I am feeling fine, thank you, and quite confident in the justice of my case."

Instead of Mr. Robinette, Mr. Godfrey, a member of that firm, is here for the prosecution.

Six special constables have been sworn in to keep the order of the court.

It is announced by the friends of the plaintiff that if the jury disagree there are enough funds on hand to carry the matter through to another trial.

### See Later Edition for Police Case

Chief of Police Arrested.

EDMONTON, April 15.—Chief of Police Gibson, in the town of Edson, has been arrested on a charge of maltreating a citizen while taking the latter into custody and the case is to be investigated by a judge of the district court. Chief Gibson is the third chief Edson has had in three months. Alexander, whom he arrested on Saturday, made his escape and afterwards brought a charge of using unnecessary violence.

REFORM THE SENATE
Says the Toronto Star (Liberal) "If we could feel quite sure the Borden Government would abolish the Senate, if the Senate the naval contribution bill Parliament had passed it, we be glad to see the Senate abolished. The bill, we think, needs killing. The Senate, we think, needs abolishing, and we would be glad to see the Borden or any other cabinet abolish it. These three days would be joyous ones to us if these two orders were to be in the order named."

The Star is partly right and partly wrong. The naval bill does not need killed and it won't be killed. The Senate on the other hand not need decapitation, but it is in need of reformation. As it is many men get in the cause they have done too much service to be ignored, but as wanted in the active arena. Others who have wealth and been big contributors to campaigns. It is very seldom, indeed, a man has got there solely on his own merits. In fact in nine-tenths of the when it is announced that a Senator has passed to the great beyond, people wonder who he was how he got there. The abuses outlined have been used by both parties, and both ties should join in changing the conditions of affairs. It is not desirable to have the the Upper Chamber a set of spones in so far as the people concerned. They should be made go to the polls just as those in seats in the Commons have to. A man thinks a whole lot more guard to his actions when he is that in a comparatively short of time he will again have to face voters. For instance at the end of last session upon the nod of Sir W. Laurier the Grit Senate majority ed some most important legis inaugurated by the Borden Government. That sort of thing should be ed and killed hard.

TWO OBSTRUCTIONIST FAHOODS.
The Liberal obstructionists, those Grit papers backing them, very well aware that they dare present the actual situation as they have resorted to the mature of two deliberate fabrications. 1. They assert that the B policy with regard to the E navy is one of continual cash outbuitions. 2. They allege that the B plan imperils Canadian auto and self respect. As to the first claim regarding "contribution" end of it. In no such thing has been proposed. Mr. Borden emphasized this most clearly in the House when he said: "I say, in the first place, that not a policy of contribution a and I say, in the second place, it is not a permanent policy." The Bill itself clearly bears on assertion of the Premier. The proposed Dreadnoughts will be to Canada and can be recalled to Dominion at any time on due to The Montreal Herald, one of few Liberal papers which has its head and told the truth, of the present embargo, is not to admit the facts and says of the course of an editorial: "No student of Canadian cal history but must have the most respect for Sir Wil judgment, based, as it is, on rivalled parliamentary exper and influenced by the highest ceptions of statesmanship. Y must confess that we find it cult to follow the reasoning which he reaches the concl in the fact of the declaration the Prime Minister and the F ce Minister, which we have q that the building of the ships Britain, and the leading v to the Admiralty until such as we may choose to recall to form part of a Canadian is the beginning of a policy of marest contributions that ma peril our autonomy."

Now as to the second falsehood regarding the alleged imperiling the autonomy of this Dominion. It is putting the matter very ly indeed to brand that as an

Narrow Escape
A serious and probably fatal accident was narrowly averted at the corner of Alfred and Colborne Sts. just as the whistles were blowing for twelve o'clock to-day, when a team of horses belonging to Wm. Holdrege became frightened at an approaching trolley car and bolted, throwing the driver, Wm. Davis, off the wagon. Mr. Davis hung on to the lines and the horses dragged him for a considerable distance, and it was a lucky thing for him that he kept hold of the lines, for the horses dragged him out of danger, and had he let loose of same he would probably been run over by the approaching car.

REFORM THE SENATE.

Says the Toronto Star (Liberal): "If we could feel quite sure that the Borden Government would abolish the Senate, if the Senate killed the naval contribution bill after Parliament had passed it, we would be glad to see the Senate kill it. The bill, we think, needs killing."

The Senate, we think, needs abolishing, and we would be glad to see the Borden or any other Government abolish it. These spring days would be joyous ones for us if these two events were to happen in the order named."

The Star is partly right and partly wrong. The naval bill does not need to be killed and it won't be killed.

The Senate on the other hand does not need decapitation, but it is sadly in need of reformation.

As it is many men get in there because they have done too much party service to be ignored, but are not wanted in the active arena. Also others who have wealth and have been big contributors to campaign funds. It is very seldom, indeed, that a man has got there solely on merit.

In fact in nine-tenths of the cases, when it is announced that another Senator has passed to the great beyond, people wonder who he was and how he got there.

The abuses outlined have been practised by both parties, and both parties should join in changing the conditions of affairs.

It is not desirable to have the men in the Upper Chamber a set of irresponsible in so far as the people are concerned. They should be made to go to the polls just as those having seats in the Commons have to do.

A man thinks a whole lot with regard to his actions when he knows that in a comparatively short space of time he will again have to face the voters.

For instance at the end of last session upon the nod of Sir Wilfrid Laurier the Grit Senate majority killed some most important legislation inaugurated by the Borden Government.

That sort of thing should be killed and killed hard.

TWO OBSTRUCTIONIST FALSEHOODS.

The Liberal obstructionists, and those Grit papers backing them, are very well aware that they dare not present the actual situation and so they have resorted to the manufacture of two deliberate fabrications.

They assert that the Borden Government with regard to the British loan is one of continual cash contributions.

They allege that the Borden Government imperils Canadian autonomy and will respect.

As to the first claim regarding the "contribution" end of it. In reality, which thing has been proposed.

Mr. Borden emphasized this fact very clearly in the House recently when he said:—

"The Bill in the first place, that it is not a loan of contribution at all; it is a permanent policy."

The Bill itself clearly bears out the words of the Premier. The three proposed Dreadnoughts will belong to Canada and can be recalled to the attention at any time on due notice.

The Montreal Herald, one of the Liberal papers which has kept its head and told the truth, during the present embargo, is not afraid to admit the facts and says during the course of an editorial:—

"The student of Canadian political history but must have the utmost respect for Sir Wilfrid's judgment, based, as it is, on unparalleled parliamentary experience and influenced by the highest conceptions of statesmanship. Yet we must confess that we find it difficult to follow the reasoning by which he reaches the conclusion, in the face of the declaration of the Prime Minister and the Finance Minister, which we have quoted, that the building of three ships in Britain, and the leading of them to the Admiralty until such time as we may choose to recall them to form part of a Canadian navy, is the beginning of a policy of permanent contributions that may imperil our autonomy."

Now as to the second falsehood regarding the alleged imperilling of the autonomy of this Dominion.

It is putting the matter very mildly indeed to brand that as an abso-

lute and unblushing untruth.

Both Premier Asquith, and Winston Churchill in the Old Land, have been most careful to emphasize the fact, that not even by so much as the slightest inference, does John Bull desire to interfere, or dictate, regarding this Dominion and the administration thereof.

Everyone, even those possessed of only a modicum of common sense, must realize that the building of three Dreadnoughts which will belong to her from the first, will not to the extent of a millionth part of a hair breadth, affect Johnny Canuck in the matter of running his nation within an Empire, after his own way.

Speakers and papers which pretend otherwise must think they are addressing their remarks to the inmates of asylums set apart for those unfortunates, the feeble minded and the idiotic.

NEW USE FOR THE MILITARY AEROPLANE

Hitherto the Aeroplane in connection with war has been simply regarded as a new engine of destruction and of increase opportunities for spying the situation and the resources of the enemy.

Now it has been shown that it can be also used as an implement of mercy.

Experiments in this regard have been conducted in France. Doctor Raymond during the autumn manoeuvres was authorized by the Army authorities to seek the wounded on the field of battle. Blackhocks, an English publication sent Mr. T. F. Farman, the noted aviator to note the results and he reports that groups of men and isolated soldiers were left on the field to appear as if stricken down in a real, instead of a sham battle. Some were clustered together under trees, others were hidden behind hedges, etc., but Doctor Raymond succeeded in locating them all. On one occasion he returned to camp rather cast down because though he had explored the whole district where the sham fighting had taken place, he failed to find any of the supposed wounded men. He was however soon consoled by the information that no men had been left on the field.

"The result of the experiment was so encouraging that the Minister of War, knowing well that so many brave wounded men are often left on the battlefield for many hours, and sometimes for days, before they are discovered by the medics, he decided to explore parties, in the Chief of the military Sanitary Service, studying the question of a flying search corps, which would, almost immediately after the fighting, indicate to the Ambulance Corps the exact spots where the wounded are lying."

"On its side the French Red Cross Society is examining the project submitted to it by Mayor Perret, of the Ninety-ninth Regiment of Infantry, the utilisation of aeroplanes in the evacuation of at least the most seriously wounded soldiers. Major Perret does not propose to send aeroplanes to the battlefield, but to hold them in readiness at the field ambulances. It is only after their wounds have been summarily dressed that he would place the men on aeroplanes, which could transport them rapidly and without any sort of jolting to hospitals in the rear, where they could be at once properly attended to. He contends that many valuable lives would be thus saved."

"Some of the most capable aeroplane constructors have assured Major Perret they could build machines to transport four wounded men in a flying position. That being the case, and as the ordinary ambulance wagon does not travel at an average of more than four miles an hour under favourable conditions, Major Perret calculates that one aeroplane could do the work of several ambulances cars, even bips ashboard ambulances cars, even were they automobiles. Moreover, the wounded men would be spared the long and painful journey, often lasting many hours. Indeed, in half an hour an aeroplane carrying four wounded soldiers could cover a distance of at least twenty-five miles, whereas an ordinary ambulance wagon conveying the same number of men in the same flying position, would take about six hours. Allowing half an hour for unloading etc., the aeroplane could make the voyage five times, and transport twenty wounded men in the time the ordinary ambulance car would occupy in transporting its first load of four soldiers. The ambulance car would then occupy another five hours to return for a second batch of wounded."

Mr. Monk's Trip

MONTRÉAL, April 14.—Hon. P. D. Monk, former minister of public works, will leave on a tour through the United States to-day, accompanied by his daughter. Mr. Monk said that while he was feeling well, his doctors had advised him to take a good rest. He will not likely be able to attend the House of Commons for some time yet.

Yesterday afternoon, Mr. Monk addressed St. Paul's Young Men's Own on the "parliamentary closure," and gave an exhaustive explanation of the origin and application of the measure in Great Britain.

MILEOD, Alberta, April 14.—Financial difficulties not unmixt with politics, pursued two local papers Saturday. J. T. McDonald, leading Liberal, acting for Toronto type foundry, instituted seizure by the sheriff of the plant of The Spectator (Conservative) for an indebtedness of twelve hundred dollars. Dal Grier, a prominent Conservative, advanced the cash to release the plant and in turn sent the sheriff to The Advertiser to collect \$200 due him on a note by the publisher of that paper. This was also cleared, and both papers made their appearance in the evening as usual.

Notes and Comments

Increased circulation—going to get it; got to have it.

Late Ottawa despatch: "The Grits gag at the gag."

Hon. W. S. Fielding, father of the reciprocity pact, has joined the blockers' brigade at Ottawa. These fellows out of office are desperate.

Any ordinary man outside of an office-seeker would not think that the Liberals would want an election while the ghost of reciprocity still walks.

The members of the Brantford Fire Department have a right to smile today. The Courier believes that the fire department is the most efficient force in the city, and one that yields

a good return to every ratepayer.

Chief Lewis did not apply for a salary increase, but, on the other hand, presented the men's claims as strongly and persistently as he knew how. Brantford is fortunate in having a Chief such as Chief Lewis.

W. S. Fielding has arrived at Ottawa, but he failed to state whether he came over on the Niobe or the Rainbow, Canada's little navy of the Laurier type.

We don't know why they should have called that steam shovel on Dalhousie street "Marion," but Marion is surely some hustler working on that new post office.

Two more rural mail deliveries for Brant are announced to-day. It pays to have both representatives and a Government able to do things.

Canada has no use for a party the leaders of which read the American Declaration of Independence. The lesson handed by an incensed electorate in September, 1911, apparently has not gone home yet.

What the Other Fellow Thinks.

Brantford in it Also.

Galt Reporter: The Housing Reform Bill, laid before the Legislature this week by the Provincial Secretary, will prove a strong deterrent in the creation and maintenance of slums. Municipalities, even those of less than 10,000, must concern themselves with this question and prepare for co-operation with public-spirited citizens who are ready to assist in the construction of suitable dwellings for mechanics and those with moderate incomes. The slums can be abolished only by co-operative measures, and the Hanna bill—which is a Government measure from its first to its last line—is distinctly a step in the right direction. It will not only benefit the larger cities, but also communities of the size of Galt, Berlin, Guelph, Stratford and Brantford.

A Funny Development.

Hamilton Herald: One of the oddest and funniest developments of this odd and funny naval contribution bill is the assumption of the Liberals that Mr. Borden ought to have esteemed it an honor and privilege to be allowed to bare his breast to the steel of such a revered statesman and parliamentarian as Sir Wilfrid.

In a Business Way.

Ottawa Journal: The form of closure proposed by Mr. Borden with a view to limiting debates in the House of Commons will increase the efficiency of the Canadian Parliamentary machinery. For that reason it will be welcomed by many who think the work of Parliament should be carried out on business principles.

Compensation Bill.

Guelph Herald: The haste of the Opposition to have the Whitney Government pass its Workmen's Compensation Bill is suspicious. For a quarter of a century the Liberals sat in power with their hands quietly folded, and now they want everything framed up in a few months. The measure will be passed in good time without their aid.

LA GRIPPE COMING AGAIN.

Europe is now in its grasp, and in a short time America will be over run with this awful epidemic. Get ready, use preventive measures. Build up a surplus of vigor by Ferr-ozone, and inhale Catarhoxone three times each day. Nothing destroys the gripe germ like Catarhoxone. It cures the cold, breaks up the fever, relieves the headache and destroys every vestige of catarrh and sore throat. For Bronchitis, Grippe and winter ills Catarhoxone is best. Sold by all dealers 25c. and \$1.00.

TORTURED WITH TERRIBLE ECZEMA

Had To Wear Rubber Gloves Until "Fruit-a-tives" Cured Her.

GRANDE LIGNE, QUE., JAN. 2nd, 1910 "My wife was troubled for three years with Eczema on the hands, which made her hands almost useless. The doctor gave her several ointments to use, none of which had any effect. He also advised her to wear rubber gloves (she wore out three pairs).

I persuaded her, as a last resort, to try "Fruit-a-tives". The effect was marvellous. Her hands are now cured. We both attribute our present good health to "Fruit-a-tives".

"Fruit-a-tives" positively cures all Skin Troubles because it is the greatest blood purifying medicine in the world. See a box, 6 for \$2.50—trial size, 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

To The Editor

WORK NOT ABUNDANT

To the Editor of the Courier:

Sir,—Having read with interest in the Courier of to-day the report of the so-called "Boom of Work and Trade" that is at the present time raging in the city of Brantford, I should like to say, as one of the unemployed, that I fail to see or find where it comes in. I have been out of employment now for two weeks, having each day visited each factory and place of labor mentioned in your report—along with others—in search of employment, but always to receive either answers, "Full up" or "Not to-day," which proves to a willing and steady workman very discouraging indeed. To give an example, the places I visited to-day (Monday) for work are: The Brantford Motor Truck Co., late Watts Soap Co.'s building, Jarvis street, Holmedale; Schultz Bros. Co., Limited, timber yard, William street; I. Simpson Co., Limited, Carriage Works, corner Brant avenue and Johnson street; Hart & Nott Co., Limited, Elgin street; Brantford Carriage Works, Brandon Shoe Co., Keeton Motor Works, Whitaker Baking Co., Barber-Ellis Co., Gould, Shapley & Muir Co., Limited; Mickle, Dymont & Son, Colborne street; A. Spence, Dalhousie Works, Colborne street; George Foster, Wholesale Grocers, Colborne street; John Mann's coal store, Colborne street; Bixel's Brewery, Alfred street; Adams Wagon Works, Cock-shutt Plow Works; T. H. & B. station, for baggage man; new post office, for clothing labor; Ontario Portland Cement Co.'s office, George street; Canadian Express Co., George street.

Out of these the only bit of encouragement I received was at Gould, Shapley & Muir Co., who could give me work at 15c per hour, but I was told, when a married man has rent to pay and the big cost of food-stuffs, how can they expect anyone to live on that and work? Massey-Harris Co., Limited, and Waterloo Engine Works also pay the same, 15 to 16 cents per hour, which is not so bad. So I ask if you can inform me where I can get a day's work for a day's pay, and I shall be very pleased indeed. I have been in Brantford for three years—two years working at Massey-Harris Co.'s and one year at Watson Mfg. Co., Holmedale, and I have never seen work to be had, and it is at the present time. In the Old Country, Isle of Man, I was employed as letter-carrier for six years, and was at Knox's Engineering Works, Douglas, for some time. I understand engines and boilers and can do repair work, and I am willing to do anything that comes my way if I could get it to do. If you kindly know of anything in the form of work, either indoor or out, please phone 361 (Auto), and I should be obliged.

Yours gratefully, HARRY JONES, 9 Stirling St.

[Ed. Note.—What our correspondent says of present conditions may doubtless be true, but we do not think that prospective conditions in Brantford are anything but bright. The being scawnon work to be had, yet, and a number of factories are just in the off season. But the prospects for the future are generally regarded as excellent.]

Ice Breaks Up.

FORT WILLIAM, Ont., April 14. The hot sun yesterday started the ice disintegration. The Whalen has already made a path through the ice to both harbors, but there is still considerable apprehension about the state of things down around White Fish Point, whence reports come that the warm weather is having little apparent effect on the ice field.

McCarthy, on behalf of Mr. Henderson, that he appeared for the defence.  
There was no trouble at all in securing a jury, the first twelve men named being sworn.  
On request of counsel, his Lordship ordered all witnesses on both sides to be debarred from the room until called for.  
Miss Gladys Meredith is under cross-examination at time of wire.

### Late Wires

**Lost Their Children.**  
KINGSTON, Ont., April 15.—Mr. and Mrs. Joseph Brouse of Plevna, in the Frontenac, started the loss by death of their two children, a girl of two and a half years and an infant son of four months. It is thought their deaths were caused by milk from a cow which ate poison weeds. The children died within a few hours of each other and there was a double funeral in the little village on Monday.

**Answering Charges.**  
LONDON, April 15.—W. E. Hardenburg, the American civil engineer, who first disclosed the Putumayo, rubber field atrocities, said today he brought about the death of hundreds of Peruvian Indians, came specially before the Putumayo investigating committee to-day to answer the charges levelled against him by Julius Caesar Arana, former director of the Peruvian Amazon Company. Immediately after he took the witness stand he denied that he was either a blackmailer or a forger as had been asserted by Arana. He said he had made no offer to Peruvian Amazon Company to surrender his depositions in return for money. No charge of forgery or blackmail had, he swore, been made against him up to the time he left Iquitos in 1909.

**Writ Issued.**  
TORONTO, April 15.—A. H. Gilbert of Toronto, has issued a writ at Osgoode Hall against A. H. Chadwick, manager of the Church bus, to recover \$2000 which is alleged to be due for services as stockbroker in connection with the sale of the assets of Chadwick Bros.

**Anniversary of Titanic.**  
NEW YORK, April 15.—To-day the anniversary of the sinking of the Titanic is being commemorated by the Seamen's church institute at the lower water front to dedicate the Titanic memorial lighthouse tower erected to the memory of the men and women who went down with the ship. It stands on the corner of the institute building overlooking the harbor, and will have a range of 12 miles. It will be chartered by the government and a time hall will drop on the flag staff at noon daily for the convenience of masters of shipping.

**In Memory of Titanic.**  
HALIFAX, N. S., April 15.—The officers and crew of the liners in port to-day decorated the graves in Fairview and Mount Olivet cemeteries of the unidentified Titanic dead. There was no other local observance of the first anniversary of the catastrophe.

**Bench Warrants.**  
BRIDGEPORT, Conn., April 15.—Bench warrants for President Chas. S. Mellon and Vice-President E. H. McHenry of the New York and New Haven and Hartford Railroad were issued this morning by Judge Green in the Criminal side of the Superior Court. They charge the two officials with gross negligence and manslaughter in connection with the Westport wreck last October in which several lives were lost.

**Cheques Returned.**  
REGINA, April 15.—Regina's cheque for one thousand dollars for sufferers from recent floods in the States has been returned with a note saying no foreign contributions are now being accepted.

**St. Lawrence Ice.**  
MONTREAL, April 15.—All the ice in the River St. Lawrence was carried down towards the gulf last night leaving the way open for vessels to begin navigation season to this port.

**Time Limit Extended.**  
NEW YORK, April 15.—The time limit for filing damage claims against the Ocean Steam Navigation Company, Limited, for losses incurred by the sinking of the Titanic, was extended by United States Judge Holt to-day in the case of two attorneys representing nearly sixty claimants. One acting for seven residents of Switzerland was given thirty days. The other representing claims of over fifty immigrants was given one week. A total of \$1,774,604 has been claimed in 685 cases. No other claims can now be filed.

## \$4000 Grant to New Hospital

In the estimates brought down yesterday in the Ontario Legislature the sum of \$4,000 was granted towards the cost of the Sanatorium for the Treatment of Consumptives in Brantford.

### Bulletin on Labor

(Continued from Page 1)  
were in all fourteen disputes in existence, involving directly about 2,120 employees. The mining industry was considerably affected, disputes various points in British Columbia, being in existence in Cobalt, and Porcupine, Ont., Britannia Beach and Vancouver Island, B. C. A satisfactory feature of the disputes commencing during March was that the only ones which affected a considerable number of employees were of short duration. These included strikes of garment workers at Toronto, textile workers at Montmorency Falls, Que., and telephone employees at various points in British Columbia. The last named strike, after lasting more than a week, was settled through conferences between the parties arranged by the Department's fair wage officer stationed at Vancouver. The number of working days lost through trade disputes in March was approximately 46,000. Three boards under the Industrial Disputes Investigation Act were acting for the settlement of disputes during March. During the month of March, according to the record of the Department of Labor, 480 industrial accidents occurred, of which 93 were fatal, and 387 resulted in serious injuries. This is eight more fatal and thirteen fewer non-fatal accidents than occurred during the same month of the previous year. The greatest number of fatal accidents occurred to employees in steam railway service. Of the non-fatal accidents, 115 steam railway employees were injured. In the metal trades, 102 workmen were injured, while in the building trades 25 workmen were injured.

**Form Athletic Association.**  
A meeting was held in the Men's Institute last night after the parade at which it was decided to form an athletic association in connection with the regiment.

**The Apollo.**  
Kelly and Catlin "The Negro and the Chinaman" at the Apollo, this week are certainly a funny pair and provoke a lot of laughter.

### One Minute Interviews

**Mr. W. S. McFarlane.** Cockshutt Plow Co.—"All the plows and implements which can be made can be sold. Money, it is true, is a little tight, in the west, but this condition will, it is expected, be relieved soon."

**Arrests Will Follow.**  
MONTREAL, April 15.—Arrests will follow the death early this morning of 16-year-old Leonard Stratton, who died in the hospital a few hours after he had been knocked unconscious by an automobile before the eyes of his mother. It is declared that the chauffeur had no headlight on his car.

**Montreal Strike.**  
MONTREAL, April 15.—A call to strike issued this morning to union painters of the city, who are not receiving a minimum wage of thirty-five cents an hour, will affect from 400 to 500 men. Fifty men quit work to-day and the remainder will come out to-morrow.

*How a cut led to 4 years of suffering*

Mr. J. E. Arsenault, a Justice of the Peace and station master at Wellington, on the P.E.I. Ry., says: "Four years ago I fell on a freight truck, sustaining a bad cut on the front of my leg. I thought this would heal, but instead it developed into a bad ulcer, and later into a form of eczema which spread very rapidly and also started on the other leg. Both legs became so swollen and sore that I could only go about my work by having them bandaged."

"I consulted two doctors, and tried all the salves, ointments and lotions I heard of, but instead of getting better I got worse."

*How Zam-Buk cured.*

"This was my condition when I got my first box of Zam-Buk. Greatly to my delight the first box gave me relief. I continued to apply it to the sores, and day by day they got better. I could see that at last I had got hold of something which would cure me, and in the end it did."

"It is now over a year since Zam-Buk worked a cure in my case, and there has been no return of the sores."  
"Purely herbal in composition, Zam-Buk is a sure cure for all skin diseases, eczema, sores, chapped hands, ulcers, blood-poisoning, various sores, piles, ringworm, inflamed patches, cuts, burns and bruises. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., Toronto, Ont."

Junior Ball. The junior city baseball meeting which was to have been held at the Y. M. C. A. last evening, did not take place owing to sufficient numbers not turning out. A meeting will be held next Monday evening.

Y. W. C. A. The Triangle club of the Y. W. C. A. are holding a banquet in the club rooms this evening. A splendid program has been prepared by the young ladies. Between fifty and sixty are expected to sit down.

At Alexandra. Rev. Mr. McClintock gave the Young People's Society of Alexandra Church a talk on "Power," at their regular weekly meeting last night. Miss Marlatt rendered a solo. Mr. Conway occupied the chair. About fifty attended.

Calvary Young People. The Calvary Baptist young people held their regular weekly meeting last evening. Mr. Emerson, the speaker for the evening, took for his subject "Our Redeemer." Miss Enid Marie rendered an appropriate solo. The meeting was well attended.

False Alarm. A false alarm rang in from box 63 which is located at the corner of Gilkison and Oxford streets, which gave the central fire department a run at 1.30 this morning. One of the firemen said this morning it looked as if some one wanted the department to earn their extra 15c per hour, which was granted by the city council last night.

A Bird in the Till. Jailor Brown, Turnkey Hogan and Jailor John Belyea were engaged in trimming one of the trees in front of the Court House. Jailor Belyea and looking very frightened. One of the other gentlemen present suggested that he come down to terra firma once more, as he was too good a man to lose. One of the jail birds was perched in the tree when the reporter left, and wood was fast coming "down."

Putting Grounds in Shape. The Dufferin Bowling and Tennis club are having their grounds put in shape for the coming season. Mr. Donald Galbraith, "the Highland piper," has charge of the work. The club will beautify their grounds this season with flowers and shrubs. The Parks board expect to get 300 feet of Government land for recreation purposes in the rear of the Dufferin club. The Dufferin Club have the promise of 100 feet which they will utilize for tennis courts.

Splendid Debate. What has been an annual affair for a number of years between St. Judes and St. Lukes was held last evening when St. Lukes A. Y. P. A. entertained the Boy Knights of St. Lukes, and as usual the evening proved a splendid success. The program for the evening was a debate: "Resolved

that war is justifiable." St. Lukes supporting the affirmative and St. Judes the negative. The speakers were: St. Lukes, Prof. Hunt, Master Robert Moore, H. D. Rogers; St. Judes, W. Kingery, W. Pelting and W. Kingery. The debating was far above the usual average. The speeches on both sides showing a grasp of the subject and much careful preparation. Robert Moore was especially good for a young debater, and it was great difficulty that the judges arrived at a decision, giving the verdict to the negative. St. Lukes won the two former debates. The ladies kindly served refreshments and speeches were made by a number of the older members on the work of the evening.

Temperature. Temperature for the last twenty four hours, highest 53, lowest 31; same date last year, highest 63, lowest 38.

Hydro-Electric. The Hydro-Electric expenditures in the city up to and including the 31st of March amounted to \$2751.62.

A Complaint. Mayor Hartman has received complaints that a number of residences in the city are not numbered and others not properly numbered.

Seeking Information. The Monetary Times of Toronto has written the City Clerk asking for information in reference to the sale of Brantford debentures.

New Rural Routes. Tenders for two new rural mail deliveries are being called for in this issue to-day, one from Burford, Fairfield Plains way and the other Fair to the South East.

Comic Song Contest. On Saturday night in the Men's Institute at the armories a comic song contest among the members of the regiment will be held at which Messrs Thomas Usher and C. B. Todd will be the judges.

Meeting at Toronto. Mayor Hartman has been advised of the meeting of the Grand River Improvement Association, which goes to Toronto to-morrow, but it is not known whether local representatives will be sent or not.

A Correction. The Mickle-Dymont Co. stated this morning that it was not one of their horses that stepped on the unfortunate little boy, Roy Hartley, on Saturday but a horse belonging to a farmer who was in their yard and had just secured a load of lumber and was starting for home.

License Commissioners. The board of license commissioners met Saturday night to consider applications for the year. The Commissioners Messrs W. J. Verity, J. Colter and Thomas Hendry, made their annual round of inspection yesterday with the Inspector. It is just possible that some minor changes will be ordered in connection with one or two of the hostleries.

Cadet Competition. Principal Burt received word from Ottawa yesterday that five of the B. C. I Cadets would be selected for Sir Thomas Dewar competition open to Great Britain United States and Canada. Fifty miniature rifle shots will compete for the prize. Brantford is fortunate in having five of the fifty chosen. Two will be chosen from Toronto and four from Hamilton.

A Runaway. Mr. Frank Cockshutt figured yesterday in what might have developed into a very serious runaway. It was reported that Mr. Cockshutt was driving down the South Mark street hill when it is thought the harness broke, which let the vehicle run against the horse frightening the animal. At the American Radiator Co. the horse was stopped by a party whose name could not be learned. The rig and harness was damaged.

Attended Church Opening. The young people of the Congregational church enjoyed an outing to Hamilton last night in place of their regular meeting. The visit was accompanied by the opening services in the new First congregational church in the Ambitious City. The young people were joined by some of the church members and the whole party numbered about fifty. The new church in Hamilton is a model of Greek architecture. The evening service was largely attended and Rev. Mr. Croft and his people are to be congratulated on the splendid success of their undertaking.

Fraternal Visit. A fraternal visit was made by Unity Lodge, Hamilton to Gore lodge of this city, when about 100 of the visiting Oddfellows came up on special car. Undoubtedly the first degree team ever seen in Brantford was brought by the visitors and the music furnished was grand, eight members

# FIREMEN GET INCREASED PAY

### Ald. McFarland Proves Some Financier - Committee Was Unanimous.

The increase in salary to the members of the Brantford Fire Department went through flying last night at the City Council on the recommendation of the Fire and Light committee. The fire and light members are evidently becoming some financiers. The increases will mean \$800 additional each year, but Alderman McFarland, the chairman, like many a good housewife, decided to spend less money on clothes and more on other things. Hence he was able to announce that the committee would be able to keep within the appropriation. The committee reports or in other words the deadly dull routine of the City Council is as follows:

Ald. Suddaby submitted the following report of the Board of Works: As per resolution of Council passed on the 31st of March, we submit herewith report giving names of foremen, assistant foremen and special duty men for streets and sewers department, giving wages paid and other particulars asked for.

That the application of John Clements of April 5th for permission to move building from Brighton Row to Edward street be granted, provided the clerk certifies the petition attached to the application to have the number of signatures required by By-law No. 1143.

That in view of proposed walk work on West street, between Terrace Hill St. and Henry street, the Water Commissioners and Gas Co. be requested to have all house connections made with their main.

That the Board of Works purpose making their rounds on Monday, April 21st.

That the City Solicitor be instructed to obtain deed from Wallace Van Every of a strip of land 20 feet in width to form the easterly half of Gordon street, on condition that the property owned by Mr. Van Every fronting on Gordon St., having frontage of 54 feet and being about 150 feet from Brighton Row, be exempt from local improvement taxes on sidewalk and sewers as long as he is the owner of this property.

Ald. Minshall wanted to state that the Board of Works had saved the city \$375 on the Gordon street matter.

Ald. Ryerson remarked that considering taxes, etc. it would require that amount, also interest.

The report was adopted.

## Fire and Light.

The Fire and Light Committee's report was as follows: That it is not the intention of the committee to install any new arc lights this year, having in view the installation of Hydro-Electric system all over the city, and on this account we cannot grant the petition of J. E. Howell and others for a light on Hart Avenue.

That the petition of G. E. Kingswell and others, members of the Central and East Ward Fire Departments for a raise in salary be granted as follows: First year men \$2.00 per day; Second year men \$2.20 per day; Third year men \$2.40 per day, and that in future every fireman shall receive one uniform cap, one suit and an extra pair of trousers each year instead of the two suits heretofore granted by this Council.

That the City Clerk be instructed to write the Bowser Co. who wish to install a Bowser gasoline tank in front of Mr. Ballantyne's hardware store, the names of persons and the cities where such tanks are installed, and how long such tanks are in operation.

That the sum of ten dollars be granted to Jordan E. Pickell, police constable being reward for fire alarm which was sent in without cause, and his communication of March 12th, be filed.

**The Disunion.** Ald. McFarland stated that Chief Lewis had reported that he would not undertake to approve of the proposed gasoline tank until he had made enquiries from other cities. It was proposed to pump the oil right into the auto from the tank under the sidewalk in front of the store. It was claimed that there was no exposure of gasoline and there was a minimum of danger in the scheme.

Ald. Suddaby objected to having gasoline under the sidewalk.

Ald. McFarlane said that the increase in salaries to the firemen would mean \$800, half of which was taken off by the reduction on the clothing. It was believed that the other items could be cut down and there would be no overdraft this year.

Mayor Hartman opposed the idea of a gasoline tank under the sidewalk on front street.

Ald. Hollinrake pointed out that other garages had the same privilege.

Ald. McFarland said it would be brought up again before the council before consent was given.

City Clerk Leonard said a tank was installed near the old Pottery without permission.

Ald. McEwen said that Mr. Ballantyne had the right to install a tank. He simply asked for permission to run a pipe under the sidewalk and put a standard out. There was an annual fee of \$10 under the by-law.

The report was carried.

# DEPARTMENT NOT A MONEY MAKER

### Police Finances Were Under Discussion at City Council Meeting.

At the City Council meeting last night Ald. Ward made a statement re police finances which Ald. McEwen questioned. Ald. Ward referred Ald. McEwen to a statement in the city treasurer's department, which shows that the actual money received by the city from the police was \$3,248.78. It has frequently been contended that the police department was self-sustaining, but this, Ald. Ward contended, was all wrong. The department costs \$18,000 per year, and it pays the city \$3,248.78.

Other aldermen expressed surprise at police bookkeeping. Ald. Hollinrake stating that he could not see why property recovered should be put in as revenue. A bicycle left on the street by the owner and brought in by the police is put down as so much to offset expenditure. The same wheel might be brought in a dozen times a month. In fact, there have been cases of this nature. Money removed from prisoners' pockets is put in the same column. Ald. Ward pointed out that in 1912 fines uncollected amounted to \$1,320.35.

The statement re police finances which is in the city treasurer's office, and which refers to real money, is as follows:

# GIVES A HOME TO WRITERS

### Announcement of an Unusual Gift By a Woman in New York State.

**SARATOGA, N. Y., April 15.**—In an address to the residents of Saratoga, the Right Rev. William Grosvenor, Bishop of Albany, announced to-day that on the death of Mrs. Spencer Trask, widow of the New York banker, her beautiful Mill-acre estate, Yaddo, will become a free home for writers, musicians and other devotees of the fine arts. The people of Saratoga will have access at all times to the grounds and the memorial room and the lectures and concerts which may be given there. The estate is valued at \$3,000,000.

The women adopted the method used by burglars for entering houses. They first spread papers covered with jam over the window so as to deaden the sound, and then smashed the large panes of glass with hammers, the jam preventing the broken glass from falling.

## Dragoon Orders

25th Brant Dragoons, Headquarters Brantford, April 15th, 1913. Regimental Orders by Lieut.-Colonel M. F. Muir, commanding.

Annual Officers' Meeting—A meeting of the officers of the regiment will be held at the Armories, Brantford, on Tuesday afternoon, April 29, next at 3 o'clock. Officers commanding squadrons will notify the officers of their respective units to attend this meeting.

Issue of Clothing. — Permission is given to officers commanding squadrons to issue clothing to their respective commands.

Spring Drills—"A" and "D" squadrons will parade dismounted at the Armories, Brantford, on Thursday, May 1st, and each succeeded Thursday until further orders.

"B" and "C" squadrons will parade dismounted at their respective armories on dates to be fixed by the officers commanding these respective units.

L. A. LAPIERRE, Captain and adjutant.

## Presentation

Mr. C. M. Smith, who has severed his connection with Mr. D. D. Taylor to go in business for himself in the West, was presented with an address and pipe by the members of the Brantford Poultry and Pet Stock Association, in the office of Mr. H. S. Peirce last evening.

Mr. John Cameron, president of the Association, read the address and Mr. T. M. Raines made the presentation. Mr. Smith replied suitably. For a number of years Mr. Smith was secretary of the Association. He leaves to-morrow for the West. The address:—

Brantford, April 14, 1913. To Mr. C. M. Smith: We, the members of the Brantford Poultry and Pet Stock Association, wish to express to you our regret at your severing your connection with us.

We trust you will like the West, and wish you every success, and as you to accept this pipe as a token of our regard.

Signed on behalf of the members of the Brantford Poultry and Pet Stock Association.

# SUFFRAGETTES BREAK OUT AGAIN

### More Damage is Reported in Old Land To-Day.

**HASTINGS, Eng., April 15.**—Militant suffragettes to-day destroyed the handsome seaside mansion at St. Leonards-on-Sea belonging to Arthur Philip Du Crea, Unionist member of Parliament for Hastings. The women not only set fire to the house, but placed explosives in many of the rooms. The residence had only recently been vacated.

The women adopted the method used by burglars for entering houses. They first spread papers covered with jam over the window so as to deaden the sound, and then smashed the large panes of glass with hammers, the jam preventing the broken glass from falling.

When the flames were noticed by a passer-by the fire brigade was summoned, and soon after the firemen had begun the work of extinguishing the flames a loud explosion occurred in one of the rooms, and a fireman was struck on the head by a piece of metal. Other explosions followed in various sections of the house.

A large quantity of suffragette literature was found in the vicinity.

**BATH, Eng., April 15.**—Sympathizers with the militant suffragettes cut the telegraph and telephone wires at the entrance to the Box tunnel on the Great Western Railway near here this morning. Great inconvenience was caused to the train service.

**LONDON, April 15.**—Annie Bell, the suffragette sentinel, who was arrested outside Holloway jail on the night of April 9th, during the imprisonment of Mrs. Pankhurst, and found to be in the possession of a revolver, was brought up again in the police court to-day and further remanded without bail, in order that physicians may make a report as to the state of her mind. The police magistrate said he doubted her sanity.

When she was first brought up at the police court, Miss Bell told the magistrate that she carried a revolver for self-protection, but with the full intention of using it if personal violence were offered to her. She said: "If any man had interfered with me I would have shot him."

## Big Rush

### For Patrol Wagons in Denver City Last Night

**DENVER, Colo., April 15.**—The supply of patrol wagons of the Denver police department proved inadequate to convey to jail all of the Industrial Workers of the World arrested on the outskirts of the city last night, so Chief of Police O'Neill impressed a passenger train into service.

When nearly 100 Industrial Workers alighted from a freight train upon reaching the intersecting boundaries of Englewood, Petersburg and Denver, they were met by two detachments of 25 patrolmen.

A passenger train was flagged and the prisoners crowded into a car from which the passengers were advised to move.

In this fashion police and prisoners reached the city terminal, where a special street car awaited and took them to the county jail.

"I intend to jail every man who even looks like an Industrial Worker of the World in this town," declared Chief of Police O'Neill. "These men have been telling what they are going to do to the Denver police, but I will show them just how tight every cell in this city can be packed and stuffed with their unwashed bodies. There won't be any overflow of prisoners, and all of these fellows who come here can expect stern treatment."

# Square Deal Campaign Offers Great Chance

### Opportunity Knocks at Your Door. This Journal Pays Its Way For Every Service Rendered To It.

Anybody taking the Brantford Courier gets full value and running over. No money or effort has been spared on the part of the company to bring each department up to the very top notch of efficiency, and the combined result is a paper in this community which is "Supreme in Everything."

That the public fully realize this is abundantly shown, not only by the many congratulatory comments, but by reason of greatly increased sales and the success of the "Square Deal" Campaign.

Under the latter scheme competitors get paid right off the reel in cash for each new subscriber or renewal brought in. It is not skippy pay, either, but a most liberal allowance.

And in addition to all this there are the many handsome special prizes for the top-notchers.

It makes no difference as to when you enter in the matter of cash payments, and should not make any difference, if you hustle, with regard to winning one of the extra inducements.

OBEY THAT IMPULSE!

## HAIR TURNING GRAY OR FALLING? JUST MIX SAGE TEA AND SULPHUR

It's Grandmother's Receipt for Dandruff and Restoring Color to Hair.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, tinged or gray; also cures dandruff, itching scalp and stop falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays skilled chemists do this better than ourselves. By asking at any drug store for the ready-to-use product—called "Wyeth's Sage and Sulphur Hair Remedy"—you will get

a large bottle for about 50 cents. Some druggists make their own but it's usually too sticky, so insist upon getting "Wyeth's" which can be depended upon to restore natural color and beauty to the hair and is the best remedy for dandruff, dry, feverish, itchy scalp and to stop falling hair.

Folks like "Wyeth's Sage and Sulphur" because no one can positively tell that you darkened your hair, as it does it so naturally and evenly, says a well-known druggist. You dampen a sponge or soft brush and draw it through your hair, taking one small strand at a time. This requires but a few moments, by morning the gray hair disappears and after another application or two is restored to its natural color and looks even more beautiful and glossy than ever.

The tender for the new fer around Mt. Hope cemetery awarded to Mr. Wm. Kilgour, \$262.

Ald. McFarland submitted the Hydro-Electric account since the 1st of the year. It was \$2,751 for "just a size of a good cigar bill," said Hydro- chairman. Ald. Spence remarked that he would be tickled to have a few cigar customers as good as that. He objected to the far office in the Commercial Block more than anything.

Ald. Charlton kicked on Mr. Clerk McAuley getting an increase in salary from \$58.60 to \$65.00 a month. His duties formerly were onerous and his salary less. The market clerk got his increase when McEwen's report was adopted.

The Brantford Cordage company was given permission to build a warehouse having 9 instead of 14 walls.

Ald. McEwen asked for permission to get plans out for a new small hospital. It was granted.

The finance committee fixed assessment of the Deanery at St. Paul's church at \$4,000 in view of fact that it was used largely for educational and school purposes. A Spence remarked that the building was a very handsome one. It was assessed at \$7,500 and contained convocation hall and other features not used as a residence. Only 10 priests and a housekeeper res there.

The Salvation Army band received a grant of \$100. The band offered give concerts in the parks, gratis, though it was prevented from entering into contracts for such purposes.

Ald. Hollinrake suggested that account of Engineer Somerville \$460, at \$50 per day, might as well be paid sooner as later. He was willing to carry it on the spot. Ald. McFarland thought Ald. Quinlan was getting extravagant, hiring a man \$50 a day. Ald. Hollinrake thought it was worth the money to have man independent. It was hoped secure Engineer Cousins whose charges were \$100 a day. Ald. Spence said the city had the money to pay but was with bad grace. Ald. McEwen wanted to know if Somerville's port was of any use and it was stated that he had acted in an advisory capacity to Engineer Jones.

## Breezy Notes of Proceed

Ald. McFarland had a resolution for Hydro-Electric installation in front of city property. Residents of Colborne Street from Lorne Bridge to Clarence; on George from Colborne to the Post Office; on Market from Colborne to Nelson had signed. It was believed the remainder of Market street would sign and it was hoped to get it on South Market street to the T. H. and B. King Queen and Dalhousie street resident were also signing up. The resolution was carried, as it is desirable to test the city act with the residents. Ald. McFarland replied to Ald. Suddaby re the list. It would be 32 cents per foot.

Ald. Hollinrake said he knew what was being done re street railway, and nothing could be done, it was with City Solicitor and publicity would do any good.

On motion of Ald. Charlton, seconded by Ald. Spence, the motion was carried. Ald. McFarland and Ald. Picher were appointed to interview Mr. W. S. Brewster, re the arrangement a meeting with Premier Whitney and Hon. W. J. Hanna re the proposed removal of the Gas Co. books to Buffalo. Ald. Ward said he knew that the books in question had been out of the country. Perhaps he shouldn't say, because there was a tendency to keep the lid on.

Ald. Hollinrake wanted to know what was wrong with the Ward file. Ald. Ward took it? He had not known of any removal of the Gas Company books, and not knowing anything about it, could not assume responsibility. The motion was carried. City Clerk Leonard explained that the report mentioned as led by Ald. McFarland had gone to Finance committee.

Mr. Geo. H. Wilkes appeared before the Council and said that trouble with the East Ward crew was that it was half filled with rubbish. He thought it could be cleaned a foot or 18 inches. That would make everything satisfactory.

Wilkes suggested having a man round the creek every week. It would really make an impression, it as the "kids" were great on throwing things back into the stream which had been previously fished.

Every little bit of obstruction raises the water, and Mr. Wilkes estimated that 100 acres of land was affected by the creek's overflow. Mayor Hartman assured Mr. Wilkes that the Board of Works made the rounds, the matter would be looked into.

The tender for the new fer around Mt. Hope cemetery awarded to Mr. Wm. Kilgour, \$262.

Ald. McFarland submitted the Hydro-Electric account since the 1st of the year. It was \$2,751 for "just a size of a good cigar bill," said Hydro- chairman. Ald. Spence remarked that he would be tickled to have a few cigar customers as good as that. He objected to the far office in the Commercial Block more than anything.

Ald. Charlton kicked on Mr. Clerk McAuley getting an increase in salary from \$58.60 to \$65.00 a month. His duties formerly were onerous and his salary less. The market clerk got his increase when McEwen's report was adopted.

The Brantford Cordage company was given permission to build a warehouse having 9 instead of 14 walls.

Ald. McEwen asked for permission to get plans out for a new small hospital. It was granted.

The finance committee fixed assessment of the Deanery at St. Paul's church at \$4,000 in view of fact that it was used largely for educational and school purposes. A Spence remarked that the building was a very handsome one. It was assessed at \$7,500 and contained convocation hall and other features not used as a residence. Only 10 priests and a housekeeper res there.

The Salvation Army band received a grant of \$100. The band offered give concerts in the parks, gratis, though it was prevented from entering into contracts for such purposes.

Ald. Hollinrake suggested that account of Engineer Somerville \$460, at \$50 per day, might as well be paid sooner as later. He was willing to carry it on the spot. Ald. McFarland thought Ald. Quinlan was getting extravagant, hiring a man \$50 a day. Ald. Hollinrake thought it was worth the money to have man independent. It was hoped secure Engineer Cousins whose charges were \$100 a day. Ald. Spence said the city had the money to pay but was with bad grace. Ald. McEwen wanted to know if Somerville's port was of any use and it was stated that he had acted in an advisory capacity to Engineer Jones.

Strike Bullitens

Strike Increases. LIEGE, Belgium, April 15--The number of men who stopped work in the mines and factories in the vicinity was greater to-day than yesterday.

Only Partial. ANTWERP, Belgium, April 15--Work was more general in the northern sections of this seaport to-day. In the other parts of the city, the situation was unchanged.

Half Empty Trains. BRUSSELS, Belgium, April 15--The suspension of work in the manufacturing suburbs of the Belgian capital, was to-day on about the same scale as yesterday.

Police Called Out. LA LOUVIERE, Belgium, April 15--Gendarmes were carried on board the electric street cars running to the suburbs to-day to guard them against a possible attack by strikers.

Not a Miner Worked. CHARLEROI, Belgium, April 15--The strike greatly extended here to-day. Not a miner is working and nearly all the metal workers have laid down their tools.

ANTWERP, April 15--The general commanding the troop patrols was requested to-day by the manager of the gas works in the suburb of Hoboken to send troops as a guard.

A whole battalion was marched there but the mayor insisted on their withdrawal, and this was done by the commander.

No Wonder. This Girl Fainted Twice--Heir to Big Russian Fortune.

(Canadian Press Despatch) MONTREAL, April 15--Hanka Etrepainik, a hard-working Polish domestic servant, was placidly washing dishes last night when a messenger handed her a telegram.

Another foreigner, James Kejuri, charged with assaulting Geo. Keizer, to which he pleaded guilty.

Fixing the Diamond. The Park Commissioners have a number of men at work fixing up the Agricultural Park grounds.

Made a Dash. The horse attached to Dymond's fish wagon participated in a lively run from the East end of Darling street to C. J. Mitchell's garage.

BETTER THAN SPANKING. Spanking will not cure children of wetting the bed, because it is not a habit but a dangerous disease.

More Evidence of It. OTTAWA, April 15--Evidence as to the increase in the cost of living as compared with wage advances was given before the old age pensions committee of the Commons to-day.

Hotel Fire. COLUMBIA, S.C., April 15--A fire which started here early to-day destroyed the Columbia Hotel and the large hardware and grocery store of Lorick and Lawrence.

Shot in the Back. BISMACK, N.D., April 15--Clarence E. Funk, cashier of the First National Bank of Washburn, N.D., was shot in the back and instantly killed last night while standing in the yard at his home.

Still Mysterious. LONDON, April 15--The gold watch chain belonging to Joseph Wilberforce Martin, the missing millionaire of Memphis, Tenn., which he found a few days ago and then lost, has been recovered by the police.

NICE, France, April 15--Louis Gaudart, a well known French aviator, was drowned while making a flight on a hydro-aeroplane near here this morning.

POLICE CASES

Foreigners Again Keep Things Lively on Queen Street.

Another lengthy session was held at the police court this morning, and is generally the case when the foreigners pull off their stunts.

The first case was one of assault on a foreigner by the name of Madrakovitz charged his foreman, G. James with assault.

John Windle appeared in court this morning charged with boozing within a year of being billed.

Mr. Eacrett took the box and stated he saw Windle on Colborne St. Saturday night about seven o'clock and he was decidedly under the influence of liquor.

When asked what he meant, by his Worship, Windle said: "He would have to give in to Mr. Eacrett. He guessed he was drunk."

Where did you get your whiskey? asked His Worship.

He got it in Hamilton on Friday and Saturday," said Windle.

Windle said he got \$2.75 from Burnley Bros. for work and went to Hamilton and bought it there.

Foreigners at it Again. The foreigners cannot keep out of court evidently. This morning Antonio Sardiniski charged Mary and Joe Hoke with using abusive language, and judging from some of the expressions heard in court, they are all pretty well versed in foreign epithets of a naughty nature.

The rumpus took place at 32 Wadsworth street, when the plaintiff, who was trying to sleep, got up and went in and asked the defendants to keep quiet.

Another foreigner, James Kejuri, charged with assaulting Geo. Keizer, to which he pleaded guilty.

Fixing the Diamond. The Park Commissioners have a number of men at work fixing up the Agricultural Park grounds.

Made a Dash. The horse attached to Dymond's fish wagon participated in a lively run from the East end of Darling street to C. J. Mitchell's garage.

KINGSTON MAN IS MISSING

Well Known Doctor Who Was Sand Bagged Has Disappeared Strangely.

(Canadian Press Despatch) NEW YORK, April 15--Wounds received a month ago when he was sand bagged and robbed near his home in Kingston, Ontario, were recalled to-day to explain the mysterious disappearance of Lewis W. Hoppin, a prominent young physician.

Dr. Hoppin has been missing since yesterday noon, shortly after he had visited a physician's office for treatment for these injuries, and again an alarm was circulated by the police.

His wife, who accompanied him on his trip to New York, said that since the hold-up in Kingston, he had suffered spells of dizziness.

Dr. Hoppin, together with his wife was visiting his brother, John Hoppin, in South Orange, N. J. Before leaving the home of his brother yesterday morning, the physician arranged with his wife to meet her at noon in the lobby of a Broadway hotel.

They had planned to lunch together and later attend a theatre.

A few minutes before the appointed time, Mrs. Hoppin appeared in the hotel lobby. She waited until one o'clock. Her husband not appearing, she went to the office of Dr. J. B. Shannon, where her husband had the first appointment, thinking he might have been detained there.

She was informed Dr. Hoppin received temporary treatment and left an hour before the time he had appointed to meet her.

Mrs. Hoppin communicated with the home of her brother-in-law in South Orange, and was told Dr. Hoppin had not returned. She went back to South Orange. The offices of Dr. Shannon were later communicated with. Dr. Hoppin had not again been there.

It is thought probable by Mrs. Hoppin that her husband after visiting Dr. Shannon may have been seized with a spell of dizziness and become lost.

The officers in charge of each police station were instructed to make inquiries at each hospital, public and private in their precinct, and to determine whether Dr. Hoppin had made his appearance at any of them.

The missing physician is 35 years of age. Besides being licensed to practice in Kingston, Ontario, he is also licensed to practice in this city. He is a graduate of Queen's University in Kingston, Ontario. He had in his possession at the time of his disappearance \$100 in cash, a check for \$200 and a gold watch and chain and a small diamond ring of a total value of \$150.

2000 STRIKE IN HAMILTON

Garment Workers Decide Last Night To Walk Out On Strike.

(Canadian Press Despatch) HAMILTON, Ont., April 15--Failure on the part of the employees to meet the demands for a general increase in wages resulted in nearly 2000 garment workers, pressers and other employees of Hamilton clothing shops striking this morning.

The local branch and the success of the evening is due to the untiring efforts of the president, W. E. Lonetto, and the committee who worked hard to make their guests feel at home.

Rev. Dean Brady was present and on behalf of the officers and members of the order wished those present a hearty welcome and a merry evening.

Progressive euchre was indulged in the prize winners being Miss M. Conboy and Mr. Brennan.

After the euchre games a dainty lunch was served by a smart corps of waiters under the direction of the president, W. E. Lonetto, and it may be said that the president and his waiters were by no means stingy.

It was a banner night for the C. M. B. A. members and the ladies will look forward with joy to any future "at homes" which the lodge may see fit to hold.

The committee in charge were—W. E. Lonetto, C. I. Henderson, C. Carling, J. O'Connor, H. Kratzmeyer.

Cure all the afflicted members of your family, then tell your neighbors.

Mr. Bryce's Report.  
LONDON, April 15.—The report sent by James Bryce, British ambassador to the United States, on the results of a recent conversation with President Wilson foreshadows, it is understood, a favorable termination of the controversy between the two countries over the question of the Panama canal tolls. The Manchester Guardian understands that President Wilson will shortly make an important statement on the question.

The managers of the different teams will have their players out practices a couple of evenings this week to get them in the best possible condition for the first game, as they are all anxious to get away to a good start.

Mostly all the teams will be meeting this week when a heart to heart talk will take place between the players and their captains.

From the outlook at the present time the season of 1913 will be the greatest in the history of football in this city and some rattling good games should be in store for the football fraternity. By the time the first of the year comes around Brantford should be able to select one good football team that should be able to clean up some of the supposed fast teams in the surrounding places. It would give football a good boost if eleven players could be selected.

### The Sordid Life

By WALT MASON

To gather chink, to eat and drink, still grasping, seldom giving; to get more rocks and bonds and stocks—we call this process living! And when we brag about the flag, and warble "Yankee Doodle," and when we talk of Plymouth Rock, our thoughts are still of boodle. We twang our lyres and sing our sires, this mighty nation's builders, but as we raise our song of praise, our thoughts are all of guilders. We think him great who has a crate of bullion in his attic; with bow and beck we bend the neck to all things plutocratic. To nail the dust we strive and bust our gulluses and collars; to swell a roll we'd soak a soul, our one delight is dollars. And so we miss a lot of bliss, and life is far from funny; we dream of plunks when in our bunks, and waking rave of money. We talk of art, but in our heart it has no place abiding; the money might, by days and night, upon our back is riding. Man talks of books and, talking, looks around, as in a pickle; he fears he'll fail, perhaps, to nail another dime or nickel. To yearn and dream, to plan and scheme for dollars in the distance, to get more rocks, more bonds and stocks—we call this thing existence!

### Big Opening Here on Saturday Next

Local Football Clubs Will Get Away to a Good Start—Only Good Weather Required.

Weather permitting the opening of the City Football League will take place on Saturday next when the different teams will line up for the fray and much interest is being taken over the outcome of the grand opening. The managers of the different teams will have their players out for practice a couple of evenings this week to get them in the best possible condition for the first game, as they are all anxious to get away to a good start. Practically all the teams will hold meetings this week when a heart to heart talk will take place between the players and their captains. From the outlook at the present time the season of 1913 will be the best in the history of football in this city and some rattling good games should be in store for the football fraternity. By the time the fall of the year comes around Brantford should be able to select one good fast team and some of the supposed fast teams surrounding places. This would give football a good boost as eleven players could be selected from the Brantford City League that could go away from the city and trim some of the topnotch teams in the province. With the Canadian Baseball League closing early in September, it is a rattling good Brantford team could be chosen it would leave plenty of time before the snow flies to have some fast teams play exhibition games in the city. To make the game boom and become popular in this city it is up to the players to play good, clean football and keep the sport free from suspicion. S.O.E. Meeting. A meeting of the Sons of England Football club will be held in the Roberts and Van-Lane shoe store on Tuesday, April 15th at 8 o'clock. The committee hope to see every player and member out. The Hamilton Herald pays the following bouquet to a former Brantford player: "Malcolm Barry has been turned over to Jersey City in the International League. What else could be expected, when he had Frank Chance and Hal Chase, the greatest first basemen in the game to beat out for the job? It is evident that Barry's ability is appreciated, otherwise they would not have a string attached to him." In their last two seasons together this great pair has been at bat 1,906 times for 739 hits—a combined average of .387. Cobb and Crawford of Detroit follow with 2,299 times at bat, 881 hits and an average of .385 for the same two seasons. Coffins and Baker of the Athletics come next, 757 hits from 2,205 times at bat and an average of .343. Doyle and Meyers of the Giants are below .330 for the two seasons, but in 1913 Evers and Zimmerman reached .360. The two-man combination that can average .387 as Lajoie and Jackson have done since 1910, is not yet in sight against the gray horizon of the base-hitting future. Despite the unpopularity of one, Charles Webb, Murphy, Chicago owner, who ruthlessly fired Frank Chance, over 18,000 crowded into his ball park Sunday to watch the game. Guess a winning team is worth more than popularity. Mr. Nelson, we commend you to the advice of your Anonymous Correspondent. What you say is very true and is recognized. As for the dope you like just watch. Remember, "Rome wasn't built in a day." Thanks.

### Soft Ball

Exponents of a New Game Will Meet Wednesday Evening at Y.M.C.A.

An open meeting of those who are interested in the formation of a soft ball league in the city will be held in the parlors of the Y.M.C.A. tomorrow night when the players and baseball fans are cordially invited to attend. Teams who are contemplating entering the league should make it a point to see that their representatives are on hand. The officers of the new league will either be nominated or elected at the meeting to-morrow night and it is up to those interested to pick out a good set of officers to handle the affairs of the league. It is rumored that four teams, viz., the Dufferin Rifles, Y. M. C. A., Gould, Shapley and Muir and the Ham and Nott Co., will place strong teams in the league. A number of old time ball players are interested in the formation of the league and with a good strong executive the league should be placed on a strong foundation and the game become a fixture in the city. It is the intention of those behind the scheme to have the games played in the evening, so as not to interfere with the Canadian or City League games. Some of the old "Has Beens" are taking an interest in the game and think now that they are too old to run around the long bases can scrape up enough wind to skip around the shorter ones. It is rumored that ex-Alderman, ex-President, ex-Manager, ex-Captain, and ex-most-everything in baseball Thomas Lyle of East War fame is one of the prime movers in the formation of the league. Loss of Appetite is also loss of vitality, vigor, tone. To recover appetite and the rest, take Hood's Sarsaparilla—that strengthens the stomach, perfect digestion, makes eating rich and pure, and steadies the nerves.

### Lacrosse

Brantford Will Launch Intermediate Team in C. L. A.

The Brantford Intermediate lacrosse club was organized at a meeting of enthusiasts in the Belmont Hotel last night when it was felt that there was enough good material available to launch a team in the C.L.A. In fact it was felt that it was only a matter of a short time before the national game would come into its own again. The supporters and players are not imbued with the idea of making money. They wish to keep the game going and keep it strictly amateur. Mr. Ed. Slattery presided as chairman of the proceedings. The following officers were then elected. Hon. Presidents—J. H. Fisher, M. P., W. F. Cocksbutt, M.P., J. W. Westbrook, M.P., W. S. Brewster, M.P., T. H. Preston, John Kelly, T. J. Nelson, F. Frank, Hugh Howie, Lloyd Harris, Harry Cocksbutt, R. H. Reville. Hon. Vice-President—T. Hendrie, Duff Adams, J. O'Reilly, R. E. Ryerson, W. J. Muir, E. Boulds, A. T. Whitaker. President—Principal J. S. Rowe, Ryerson School. First Vice-President—W. J. Hamburg. Second Vice-President—W. Ness. Third Vice-President—J. Kelly. Manager—Ed. Slattery. Secretary-Treasurer—W. J. Phillips. Honorary Coach—J. Kelly. T. Lawton, A. Duncan, A. E. Plows, the president, secretary-treasurer and manager will form the executive. The teams colors will, as ever, be red and black, and the players expect to win another championship under those colors. The Brantford Indians expect to be grouped with Seaford, St. Marys, London and another town by the O. A. L. A.

### GOLFERS SCHEDULE

At a meeting of the match committee of the Brantford Golf Club held yesterday afternoon, the following schedule was drawn up for the coming season:— May 30—Park Club, Buffalo, at Brantford, Wilkes Trophy. May 31—Qualifying round for the Fitton Cup. June 7—Monthly cup and qualifying round for Cocksbutt trophy. June 14—Brantford at Galt, Webbing Trophy. June 26—Galt in Brantford, Webbing Trophy. July 1—Brantford at Buffalo, for the Wilkes Trophy. July 5—Monthly Cup and qualifying round, Yates Cup. Sept. 1—Brantford in London. Sept. 6—Monthly Cup. Sept. 20—Brantford in Galt, Webbing Trophy. Oct. 2—Galt in Brantford, Webbing Trophy. Oct. 11—Monthly Cup. In addition, home and home matches will be arranged with Hamilton. The season promises to be an unusually busy one for golfers. A large number of enthusiasts are playing on the links.

### ISAACS AND KUBAT GO TO SCRANTON

Manager Kelley Starts Cutting Down His Squad of Players.

NEW YORK, April 15.—Not until today's game in Toronto was the manager there, Dick Smith, the man who sold Larry Doyle to the Giants after developing him at Springfield in the Three I League. Smith won the pennant at Springfield last year and the preceding year and the Leaf youngsters are in good hands. Manager Kelley made the definite announcement that the Toronto battery in the opening game at Newark will be Maxwell and Bemis. The Leafs will work out to-day morning and afternoon at Newark, and again on Wednesday morning. The Scranton trip was disastrous, the team remaining there four days without a game owing to the pouring rain.

### Brantford Players Here Next Tuesday

Transportation Sent By President Nelson—Ball Season Soon Will Open.

"Hail, Oh Hail the gang's all here" will be the merry tune that the Brantford base ball fans will sing next, Tuesday unless something goes wrong, for that is the day that the boys who are to represent the famous Brantford Red Sox this season, are billed to arrive in the Telephone City, and it is with open arms and tidings of joy that the fans will welcome them. Upon the 1913 Red Sox all hopes are staked to carry the championship. Look Who's Coming. Among the crowd of players whom the fans will welcome to our city and offer the glad hand will be Buster Burrill, the old reliable "pinch pitcher" and stalwart centre fielder, who has made many a fan jump in his seat and holler. He has pulled down many a difficult and seemingly impossible catch of a line drive that was labelled home run, and often has he rapped out a single, double, three-bagger and home run in the time of need, that fairly sent the fans screaming with delight. Del O'Leary, who time and again by his lightning work around third base and his timely smash brought rounds and rounds of applause from the occupants of the stands and loyal bleachers. "Chubby" Coose, "the great," and Donovan, the ever reliable, who have more than once, and once again brought victory to the Telephone City team, are among the string, and it is with smiling faces and glad hands that these two gladiators of the pitching arena will be received when they land here next week. Collins, the left-hander, who made such a favorable impression toward the latter end of the season, and by his good work in the box won himself into the hearts of the fans, will not be missing when the aggregation step off the train. O'Reilly, another pitcher with a good record, will be among the merry crowd.

Four catchers are billed for a try out. Matty Lamond, who has made good, and the readers are familiar with his work, so he needs no introduction. Then there is McCarthy, probably Irish, and Chapdelaine, presumably French and English, evidently not from merry old England, but a much touted jolly good chap, who is a dark horse and one who is looked upon to make a name. We must not "stop-short," or "short-stop" for there are three candidates who are negotiating for the position recently held by Louis Courtney. To make good in Louis' place, the coming shortstop will have a hard task ahead of him! Shea has the call, and comes with a reputation as long as a tail on a kite, and it is up to him to make good. Shea will have to fight it out with two other candidates, Ahern and McCauley, who come here well recommended, with ability as fielders and hitters, so it looks like a merry race for the coveted position, but may the best man win. Andrew, a young pitcher, has been wired transportation by T. J. Nelson, and will report at once. This chap comes very highly recommended and is expected to make a good showing, but whether he will be fast enough to catch a place or not remains to be seen. Of course Wagner has been in the city practically all winter, and is ready to go over to the park for practice in ten minutes' notice. Great things are expected of "Wag," this season, and he has the chance of his life to jump in and make good, and show the public that he is capable of holding down second base and is there with the goods whenever occasion may demand.

Manager Amby Kane, the hero of many a hard fought battle, and the general manager of the team, will come to the city, Thursday in advance of the 1913 champions, to get everything in readiness and apple pie order when they arrive. Amby is full of confidence that his 1913 aggregation will be at the head of the class when the curtain is rung down in September. Gabby Ivers will not be missing next week when the bell sounds. He lives somewhere down in Connecticut, and will travel here alone.

Seventy-five cents per week with two dollars down will buy a good square piano at H. J. Smith & Co's, 112 Colborne street. FILES CLEARED IN 4 TO 14 DAYS. Your druggist will refund money if PAZO OINTMENT fails to cure any case of Itching, Blind, Bleeding or Protruding Piles in 4 to 14 days. 50c.

# LATEST COMMENTS ON OLD COUNTRY SOCCER

The British soccer season is fast drawing to its close. The international tournament is completed, and the much vexed question of the Scottish cup has been settled at the first attempt. Both the English and Scottish league championships are also practically settled. The one great event that is still undecided is the English cup, which event takes place next Saturday in London, England. Without the least shadow of doubt this year's final is the most interesting in the history of the cup competition for the simple reason that the two most classical clubs in the land have won their way into the final round. The year 1913 in English football has been the propagator of a true consistency. Granted ideal conditions and favorable weather, the contest will go down in the annals of history as the greatest games of its kind. 'Twill be a battle of the Midlands and the North, and he would be a very hard man to please who would not wish to see the two teams, after viewing the sights, come away with his appetite for the simple reason that the contest will go down in the annals of history as the greatest games of its kind. 'Twill be a battle of the Midlands and the North, and he would be a very hard man to please who would not wish to see the two teams, after viewing the sights, come away with his appetite for the simple reason that the contest will go down in the annals of history as the greatest games of its kind.

That Falkirk are deserving of hearty congratulations in winning the Scottish cup last Saturday, even their opponents would be loath to deny. During this last four years Falkirk has steadily and persistently forged ahead. Some three seasons ago prior to Jack Simpson's departure for Blackburn, the club sprung a sensation on Scottish football owing to the player mentioned scoring thirty odd goals from the position of outside right. Blackburn Rovers paid a stiff price for him, but he's been worth every cent of it, to his new employers from an investor's point of view. Nothing daunted by the departure of such a great artist, the Falkirk men kept on persevering, until at last they won one of the most coveted of Scottish trophies, the result of which conforms to the remarks the writer has made from time to time as to the manner in which championships are very often won. Robertson, who is well known to local men, scored the opening goal, while in the second period Logan is said to have scored a beauty from a return drive. The Rovers of Raith, although beaten pointlessly, had many chances of scoring only to throw them away through being afflicted with streaky flight. That was the ailment the Raith men suffered from, and although finally on the losing side, are deserving of more than an ordinary amount of credit. They were the surprise of the competition, and through the piece, and on that fact alone one cannot but either extend to them the hand of sympathy. It is to be hoped they will be able to keep their men together, so that in the future, after gaining more mature experience, they may be able to sport a chance of coming into their own.

It will be remembered that in Friday's issue of the Herald I pointed out the fact of Bolton's puzzling form, and that a result in circumstances favored the Villa, even though the game was scheduled to take place at Burnden park. Had the Wanderers behaved in any way consistently they would have been exceedingly dangerous rivals to Sunderland themselves, and if proof is necessary let those who wish peruse the Wanderers' past results, and there they will find what I say to be correct. As most people are aware the Villa were to be commiserated last week end, when on their own pitch they succumbed to Liverpool minus the services of Hardy Wallace and Hampton. That this circumstance had much to do with the adverse result, Saturday's victory of Bolton supplies proof of a very substantial nature, and further suggests that the final tie 'twixt themselves and Sunderland next Saturday is going to be one of the greatest drawing cards that ever happened.

Chelsea, whose management have created a storm in the world of football by having serious charges laid to their door regarding games with Liverpool, accomplished a good performance in defeating the Hotspurs of Tottenham. Outside of the pale of their trouble, it is playfully apparent they are best on making their position safe, their victory on Saturday practically abolishing whatever harassing of mind they may have been subject to of late. They know best themselves what has taken place and also whether they are in possession of a perfectly easy conscience. Sunderland's Liverpool 2. What would be more convincing than this result that their vigor is still unimpaired? Such a score gives one the impression that not the least bit of stability is visible in their ranks, and that they possess a magnificent chance of bringing off the double event, and that Charlie Buchan, who assisted the Harvesters in the H. and D. tourney during his holiday here last summer, seems to be in a fair way of gaining the greatest double-barred distinction it is possible for any player to attain. It is this important fact alone that is responsible for local fans taking such a keen interest in the doings of the Sunderland club.

The Citizens of Manchester and Wednesday of Scheffield game was as I predicted re the supply of choice fare for Manchester patrons. A tie score of two goals each suggests that those in attendance obtained good value for their money. The encounters between these two clubs whenever they meet at Hyde Road have always provided very close issues, it being very rare that more than a goal separates them at the finish.

tion in the league table also played a very good performance to their credit in making a goalless draw at St. James park Newcastle. As is generally the case, the clubs who find themselves in the unenviable position of being relegated to the second division die hard in the closing stages. When too late, success very often comes tauntingly forward, and is, I suppose, but one of the ironies of fate.

Oldham Athletics also triumphed over Middlesbrough at Boundary park, which result just about fulfilled expectations. West Bromwich and Everton at the Hawthorns provided another blank score sheet, and occasioned very little surprise. Woolwich, however, were not strong enough Derby County on their own field, going down by the narrow margin of 2 to 1.

Birmingham struggled home in the second division and obtained a winning decision by the odd goal in favor of Watford on the latter's ground. Crystal Palace disappointed their followers by allowing Gillingham to defeat them by the odd goal of the game at home; not a bad performance at all for Gillingham. Portsmouth and West Ham both did well in the former defeating Stoke 4 to 1 while the Hams at the expense of Bristol Rovers got home comfortably by 3 to 1.

In the four Scottish league games reported, two visiting teams were successful, Kilmarnock gaining victory by only goal of the game, while the Hibs, subjected the Queen's to still another defeat, the score being 5 to 3 in favor of the Hibs. The other two games produced nothing of a startling nature, Clyde overcoming Morton 2 to 1, Hearts accounting for Morton by 4 to 2.

# BOOK TICKETS ARE NOW OUT

Ball Club Has Very Handy and Attractive Tickets For Sale.

A limited number of season book tickets, 40 tickets in a book at \$10 has been secured by President Nelson and are available for those desirous of this very handy form of gate transportation at the Agricultural park yard during the present Canadian League season. The tickets are detachable and transferable. In other words if the office boy has done a good turn for his employer and the latter wants to be a good fellow, the boy doubtless would appreciate one of the detachables. The Brantford club this year is under an expense of \$1,500 before opening day. It is felt that this form of revenue is not only giving excellent value but in a measure protects the club which will give Brantford's good ball and it is hoped a championship.

# MUSIC and DRAMA

"Passers By" No play of the year is comparable in workmanship, literary quality and observation of life to "Passers By," which comes to the Grand on Saturday, April 19. It is a drama that cannot fail of the highest degree of popular success if there remain in the frenzied days of the theatre a taste for what aims at such a high standard and attains it so completely.

NOTABLE INTERNATIONAL CONGRESS ON SCHOOL HYGIENE AT BUFFALO AUGUST 25-30.

All the leading nations, every state in the Union, every college and university of note in this country, and various other leading educational organizations, will be represented at the Fourth International Congress on School Hygiene at Buffalo, N.Y., August 25-30, according to a preliminary statement issued by Dr. Thomas A. St. John, secretary-general of the Congress.

FROM HALIFAX TO VANCOUVER. Women Are Praising Dodd's Kidney Pills.

Novas Scotia Mother Tells How They Cured Her Aches and Pains, and Made Her a Well Woman Again. ECUM SECUM BRIDGE, Halifax Co., N.S., April 14.—(Special)—From Vancouver to Halifax come daily reports of the splendid work Dodd's Kidney Pills are doing for the suffering women of Canada, and this little place can show a splendid cure of its own. Mrs. Orastus Pace, the mother of a large family, was a sufferer from those aches and pains only women know. To-day she is a strong, healthy woman. Dodd's Kidney Pills did it.

Suspension Complete. CHARLEROI, Belgium, Apr. 14.—The suspension of work at the coal mines in this district was complete this morning except that sufficient men remained at their posts to keep the machinery in good order and the pumps in working condition, but it is understood that to-morrow the remainder of the men in the district will lay down their tools.

# PARADE SCORES

Every mother should realize that the skin of her baby is so tender that the secretions of the body often lead to rashes, eruptions, etc., all of which may be removed by Zan-Dak. Scores of mothers, crying babies, upon examination, are found to be suffering from some form of skin irritation or "heat." Don't let the little one suffer when Zan-Dak will cure it.

Mr. E. H. H. of St. Alexander Avenue, Windsor, Ont., writes: "I have proved the value of Zan-Dak when applied to my child's rashes. Some rashes broke out around my baby's mouth, and despite the preparations used, they refused to heal. I took him to St. Boniface hospital and he remained there for two weeks. At the end of that time he was no better, and we again took him home. When I had a supply of the first-aid supply, I finished with the use of the balm. A little perseverance resulted in a complete cure. Zan-Dak cures eczema, rashes, stings, chapped hands, scurf, and all skin irritations and diseases. See how all druggists and stores have it in stock, for you can't take the risk of using harmful imitations."

## Love Letters

By HOWARD L. RANN

LOVE letters are a delicious display of temporary insanity which never repeats itself. He who writes them is a man who has regained his composure and lost his hair. They contain a great many expressions of endearment which a woman never forgets, and in some cases it is the first and last time she hears them.

When a man writes a love letter for the first time, he is under such deep stress of emotion that he manages to misspell about every third or fourth word. If he writes on ruled paper, he will leave footprints of the setting hen. The woman who can receive a batch of these missives without firing back the engagement ring collect deserves a better fate than having to support a bald widower with a relay of indisposed sons.

The feminine love letter is a hectic proposition which starts off in a cool and contained manner and winds up. A woman can write four love letters a

with Cupid sitting on the safety valve. day and never repeat the same enrapture to haunt a man long after he has regained his composure and lost his hair. They contain a great many expressions of endearment which a woman never forgets, and in some cases it is the first and last time she hears them.

The most dangerous and harassing form of love letter is the kind which bobs up in a breach of promise suit and then appears in the evening paper, which is careful not to omit any of its honeyed terms. This is a revolt against practice, and every man should guard against it by calling in his old love letters and cremating them in the furnace. Many a man has had to curtail his honeymoon and take back a new full dress suit because of a few thoughtless, cayenne pepper remarks on scented note paper which were intended to be read out loud to the jury. The only safe way to write a love letter is to begin with "Dear Madam" and end up with "Yours truly."

Women preserve their husbands' love letters with jealous care, after first destroying several bushels of bubbling blarneyments from other suitors. Men seldom keep any but the last installment, and then tuck these away where nobody can find them but the children and the hired girl.

## DETECTIVE CHAPMAN GAVE CITY COUNCIL SOME FIGURES

### Emoluments Which He Received Consisted Largely of Expenses - A Plain Statement Showing That There Was Much Aldermanic "Ado About Nothing."

Detective James A. Chapman started quite a discussion at the city council meeting last evening when he appeared and asked to be heard in reference to a report recently prepared by City Clerk Leonard, dealing with the detective had received for collection of poll taxes and criminal justice. Mr. Chapman contended that a big percentage of the money he received had been paid out of his own pocket, and it was unfair that this should not have been stated in the report which had been sent broadcast throughout the city.

In connection with the poll taxes he had turned in \$59 to the city, and it was his contention that he should be entitled to the credit of poll taxes received by the city, whether he actually collected the money himself or was responsible for the person going to the city hall and paying it.

In regard to criminal justice, Mr. Chapman received \$289.70, and he paid out \$249.82. He proceeded to read a list of cases on which he had worked, and in some instances the Detective had lost money. His expenses, he informed the council, did not include cigars, and there was no constable who could get away with a smoke on the city. In the heroic but futile chase for Jack Bennett, Mr. Chapman showed that he had received the munificent sum of \$2 for himself. His receipts for that case were \$136, and his expenses \$134. Besides that he had to wait three months for his money, although he had previously spent it out of his own pocket.

His account: Circulars, \$4.20; G.N.W. \$24.46; livery, \$15.00; Bell Telephone, \$2.00; Constable Kerr, \$90.00. The latter amount covered Mr. Kerr's expenses.

Mr. Chapman took it that the report recently published was a slur on his character. Giving added force to his remarks, he proceeded to read The Courier, but it was found that while the report was published in The Courier, the very explanation Mr. Chapman was giving to the council, was given as well.

"They were giving you a boost there."

CARTER MEDICINE CO., NEW YORK.  
Small Pill. Small Dose. Small Price.

Well, it's the only paper I ever read," said the Detective, and the Council immediately became penitent for the injustice which had been done to Mr. Chapman.

**The Discussion.**

Ald. Ward said he did not think there was any intention to reflect upon Mr. Chapman. Certain information was desired, and was secured. In spite of the fact that Chief Slemin said the police department was self-sustaining, the city only received three or four thousand, outside of the \$1,800 spent in the department. With the figures as shown by the City Treasurer, \$1,600 was spent on police emoluments. What for and where did the money go. There was no detailed statement. The people had a perfect right to know, Ald. Ward said the amount of unpaid fines in Brantford was \$1,600. Instead of going out on county cases why didn't the police collect this money?

Ald. McEwen wanted to know what Ald. Ward meant by \$1,600 unaccounted for around the police department. The present auditing system didn't apparently cover affairs, and he advocated a monthly audit. He thought that an injustice had been done Mr. Chapman, by handing up the papers which had not been verified.

Ald. McFarland submitted that it would have been easy to have secured Mr. Chapman's explanation, and to avoided a lot of unnecessary unpleasantness.

Ald. Broadbent said that Mr. Chapman's explanation certainly put things in a different light.

Ald. Spence observed that it was planned to have Mr. Chapman appear before the council rather than before committee, so that he could give his version publicly. Ald. Spence agreed with Ald. McEwen in having a monthly auditor. Matters of detail had to be looked into constantly, and he urged the appointment of a strong committee to go into the matter, into the purchasing end of the different departments. Ald. Spence said he would not take any responsibility for what the press would say, and he went on to refer to The Expositor report of an investigation into the board of works, as the most outrageous proceeding.

**Get Down to Business.**

Ald. Ryerson said he was glad that Mr. Chapman appeared. Various committees had started out to investigate, and everybody thought there was a lot of graft around the hall. It was time the council had got down to business, and cut out finding fault with everybody.

**Lectured the Press.**

Ald. Hollinrake lectured the newspapers. He did not believe they should publish reports of committee meetings. As far as Mr. Chapman was concerned, he did not think any one intended to cast a slur upon his character. The city clerk secured the report from the police clerk, and the latter should have made it plain that Mr. Chapman was under big expense. Ald. Hollinrake endeavored to unravel police finance, but he had to give it up.

Ald. Suddaby was sorry that the Expositor didn't have enough sense of shame to keep such a report from publication.

**First in misrepresentation.**

Ald. Sutcliff said that he had never acted as a school boy when he walked out from the committee room. He had read the sign, "First in Everything," and it was inclined to think that it meant "First in Misrepresentation." Ald. Sutcliff remark-

ed that it would do Detective Chapman credit for the people to hear his explanation.

Ald. Pitcher said he proposed, as a member of the finance committee, to investigate things, whether it suited Ald. Ryerson or not.

**The Mayor Speaks**

Mayor Hartman was surprised at the Expositor publishing a report of such a nature on the board of works. He believed in investigations when they were necessary, but he believed that charges should be formulated first before suspicion was cast upon any body of officials. If a matter came up in writing, it was the duty of the board to hold an inquiry. He believed a communication would be sent in.

Ald. Suddaby was on his feet in a second. "Give us a charge of some kind, not hearsay, and we will look into things."

The Mayor—"All I can say is, call your committee together, and there will be some documents there."

Ald. Suddaby—"I'll call the committee, believe me."

Ald. Spence said the finance committee, as the first committee of the council, had no antagonism against any other committee. It was simply doing its duty, and fault which had been found had thus far brought forth good results.

### Artistic Display Wall Papers!

You may not know that you are indeed a true lover of Art—you unconsciously have a feeling that you are not satisfied with the hangings of your rooms, and when you see an effect that is the something that appeals to your ideas of what is pleasing, you say—"Now, there is the style I have wanted for a long time, but it must be very expensive and difficult to make." Yes, perhaps you are right, but then, again, you may not be—there are many very elaborate effects attained by simply knowing how. We make a specialty of "knowing how," and will be pleased to give any person the benefit of our advanced knowledge of the proper styles in paper hangings, and also of a stock that is right-up-to-now-in correctness.

Mr. Kite's Evidence

Mr. Kite swore that he had seen a copy of notice of action on four defendants.

Under what circumstances did you take action?

I thought a poor girl alone a friendless should be helped.

Gladys Meredith.

The plaintiff, Gladys Meredith, looking neat and attractive in a white waist with blue skirt, was fresh color when she entered the box. She was somewhat nervous. After stating that she was 18 years old and was born in Lancashire, she stated that

### Cross Examination Meredith but not So Evidence Sensation coe--Girls Examination Highly of the Witne

Mr. Godfrey's Address.

Mr. Godfrey for the plaintiff, Mrs. Meredith recited the circumstances of the case. She was a young English girl who had come to Canada to work in the mill to help her widowed mother and her brother and sisters. She had been wrongfully charged as the mother of a child found in the river. Detective Chapman and Constable Boylan took her to the police station, where she was fully charged as the mother of a child found in the river. They also charged her with the maternity of the child and that she had put her child in the river. They also charged that she had threatened suicide. She must go to the police station, they said, to be examined by a doctor. Chief Slemin on board the car. They sat one on each side of her and she was taken to the police station. There she was told that she had the mother of a child and placed in the river. She persisted in her full view of her associates. She was examined by a doctor. She was examined without her consent. She was never told that she needed to submit. She was under that examination fifteen or twenty minutes. Then she was told that a further examination was necessary. Detective Chapman took them to the office for that examination, and Mr. Palmer, not a defendant in the action acted with him. Both doctors after examination declared that Meredith could not have been the mother of the dead child, and a certificate was given to that effect. The charge was first, false arrest, assault and second for conspiracy. The defence would claim that the plaintiff and her aunt asked for examination. What did they know? "If that was true, about the law and why were they not told the law? Was the girl asked or was she that she must go to the police station? Did she ask for a personal examination or was she told that she had to be the case. His Lordship would tell them in his charge that no person could lay hands upon a one without justice or excuse, they found for the plaintiff, he asked for such damages as the indictment to Miss Meredith warranted.

## GRAND OPERA HOUSE BRANTFORD

Saturday, April 19—By special arrangement with Chas. Frohman, of big London and New York come success, "PASSERS BY," by C. Hartson Chambers. The play begins with Peter Waverton, rich and well-to-do, invites the cabman and the derelict his apartment, largely for his own entertainment; and then the "Woman" drifts in—the "Woman" who loves Peter and wandered away in the last act, and next comes the boy, a beautiful boy, living evidence of the love. Come and see how it works out. An all-English company. Prices: 2 to \$1.50. Seats Thursday.
