

The Acadian

Vol. XXXIX. No. 40.

WOLFVILLE, NOVA SCOTIA, FRIDAY, JUNE 25, 1920.

\$1.50, payable in advance.

County Boys' Work

The formation of The Kings County Boys' Work Association is a definite step towards providing some adequate and permanent supervision over the Boys' Work of this county. Its slogan is the promotion of the "3 c's"—clean speech, clean sport, clean habits—by means of the Boy Scout and Tuxis programs.

The present executive is composed of E. B. Newcombe, president; H. G. Harris, secretary; G. C. Roy, treasurer; Dr. H. T. DeWolfe and Edson Graham.

The policy which they put before the men of the county for their support is simply to carry on and enlarge the work where it is already in operation, and to extend the field gradually until there shall be organized Scout Troops and Tuxis Squares in all our communities. A main feature of the program is to be a large annual county camp. The size of this undertaking should not be overlooked, as it is estimated that it will require about \$3,000 annually to carry out this policy in a manner worthy of the demands of so important a work. But the results of the work in promoting among our growing boys a better citizenship for "to-morrow" cannot be measured in dollars and cents. It is hoped to raise this amount annually on a Sustaining Membership basis.

The gratifying results of the Boy Scout Movement in Wolfville are surely too apparent to even require mentioning. This success has been due in a large degree to the continuous and untiring interest and efforts of one man, Mr. E. Percy Brown. With the exception of a few months this work has been carried on by him entirely gratis. The community owes him a debt which can never be repaid, and the County Association is at present extremely fortunate in being able to obtain his entire services at a very moderate salary. He is second to none in handling boys and with the supervision of the county work in his hands, as it will be if the present policy of the Association is supported, there should be no doubt about the permanent success of Boys' Work throughout this county.

As it is in Wolfville that this work has been given the most attention, so it is here, where people can judge of the work by its results, that support is to be first solicited. When we consider that the Wolfville Troop is one of the banner troops in Canada, it need scarcely be mentioned that the action of the Wolfville people in supporting this movement will have a great deal to do with the manner in which the policy will be received in the rest of the county.

The canvas in Wolfville is to be carried out during the coming week commencing Monday, when all will have an opportunity of showing in a practical manner their appreciation and support.

Methodist Conference at Liverpool made the following changes in the ministerial supplies for the Windsor district: Horton, S. W. Whitman; Kentville, B. J. Porter; Avondale, W. I. Croft; Newport, Boyd Parker. District officers—Chairman, Rev. F. Friggins, President of the Conference; Rev. S. W. Whitman, Financial Secretary; Rev. W. H. Watts, Sec'y of Religious Education.

Manager Mason Explains

Why is the Boston English Opera Company playing Kentville instead of Wolfville this year? This is the question that many Wolfville people are asking, and for the benefit of all we print the following statement which we have secured from Manager Mason, of the Opera House: The chief reason why the Boston English Opera Company is not playing at Wolfville this year is the fact that for the past two seasons the receipts were not sufficient to pay the Company's expenses. For instance our receipts were around \$570.00 of which the company received 80 per cent., but since their daily expenses were around \$500.00 they lost on the deal. Now this season the Company has been increased in number and higher priced artists are included. Mr. Beck, the manager, wrote me offering to play Wolfville for two nights if I would guarantee them \$1600. The Opera House seats 480 people and two full houses at \$2.00 a seat downstairs and \$1.00 for the balcony would only bring in \$1700.00. Out of that I would have to pay part of the advertising, also daily expenses, increased by extra help, and in addition pay for the film feature which would be put aside during the playing of the Opera Company. Therefore I could not see my way clear to take the risk.

Some few weeks ago I went to see Mr. O'Connell, manager of the Majestic Theatre, Halifax, to ascertain why the stock company played Kentville instead of Wolfville, and he showed me statements of receipts which were far greater than the receipts Wolfville could show. Naturally it is dollars and cents with these companies. Until recently there has not been a good theatre with the necessary stage accommodation in Kentville, and this gave Wolfville the preference with road companies.

I have already booked the Katzenjammer Kids Company for July 16th, a show based on the famous cartoons of the same name. I am making every effort to get all the road attractions that I can, and it all depends upon the attendance at these performances whether we will still be able to have these companies play Wolfville or go elsewhere.

Circus at Kentville

Flashing lithographs and banners are heralding the announcement in Kentville that the majestic Hagenbeck-Wallace Circus will exhibit there on Dominion Day, Thurs., July 1st. Many new and novel features are promised for the spectator this season. The trained animals will be seen in many new stunts, heretofore unknown, while among the equestrian features are numbered headline acts from Europe and famous performers from this continent.

A free street parade will be given at 10:30 in the morning and this is to contain many unique surprises.

Many additional animals have been brought to this country for the big menagerie, which is said to be one of the largest collections in the world. The doors will be opened one hour before each performance, which begin at 2 P. M. for the matinee and 8 P. M. for the night show, so that a thorough visit through it may be enjoyed.

This is the largest circus and greatest wild animal show that has ever toured the Maritime Provinces.

A Pretty June Wedding

The Pleasant street Methodist church, Truro, was the scene of a very pretty wedding on Tuesday evening of last week, when Miss Beatrice Anita Stevens, second daughter of Mr. and Mrs. W. M. Stevens, became the bride of Kenneth Loring Palmeter, of Halifax, son of Mr. and Mrs. H. M. Palmeter, of Grand Pre. The church was beautifully decorated for the occasion with Easter lilies, hydrangeas, etc., and there was a very large attendance, every seat being taken. The officiating clergyman was the Rev. Walter J. Dean, pastor of the church.

The church choir preceded the bridal party up the aisle, singing "The Voice That Breathed O'er Eden." Miss Nellie Phillips, soloist, sang "O, Promise Me." The bride entered leaning on the arm of her father. She wore a travelling suit of brown broadcloth with hat to match and carried a shower bouquet of bridal roses. Her little niece, Katheryn Quinn, who was flower girl, carried a basket of white and pink carnations. The bride was given away by her father.

Immediately after the ceremony the happy couple left on the Ocean Limited for Halifax, intending to motor from there thru the Annapolis Valley. They will not be at home (at least) until July 1st when they will take up their residence at 26 Seymour street, Halifax.

The ushers were W. G. Stevens, of Bathurst, brother of the bride, and Hal Palmeter, of Halifax, brother of the groom. Among the out-of-town guests were Mrs. A. E. Prince, St. John; the Misses Blois, Halifax; Mrs. Herbert Shand, Windsor; Mrs. T. W. Quinn, Liverpool; Mr. and Mrs. R. N. Stevens, of Yarmouth, brother and sister-in-law of the bride; Mr. and Mrs. H. M. Palmeter, of Grand Pre, parents of the groom, and the Misses Evelyn, Blanche and Edith Palmeter, sisters of the groom.

Many beautiful wedding gifts received. Among them was a very handsome one from the firm of B. J. Rogers, Limited, and another from the staff of which the bride was formerly a member. There was a cut glass water set from the staff of the Metropolitan Life Insurance Company, Halifax, with which the groom is connected, and a cut glass bowl from the manager of the Halifax office.

Former Wolfville People

Wolfville friends are very glad to welcome a former valued citizen, Mr. W. H. Duncanson, who, accompanied by Mrs. Duncanson and other members of his family, arrived on Wednesday morning from San Antonio, Texas, where he has made his home for some years. They will spend the Summer visiting friends and relations and are delighted to get back. Mr. Duncanson says he failed to find any place on the way back which looked as good to him as Wolfville.

Miss Elizabeth Higgins arrived in Wolfville on Wednesday for a short stay en route to Sydney to visit her brother, Rev. M. C. Higgins, before she returns to her home at Honolulu. Miss Higgins will be at the home of Mrs. Faye C. Stuart, Acadia street, while here. It has been ten years since she left Wolfville, and she expresses herself much pleased with the improvements in our pretty town.

Bank Manager to Retire

AFTER LONG AND EFFICIENT SERVICE.

The news that Mr. G. W. Munro was resigning the managership of the Bank of Montreal, while not a surprise, was heard with real regret by patrons. Mr. Munro has been engaged in the banking business in Wolfville for the past forty-four years, having entered the old People's Bank here in 1876, when that bank—the only one in town—was under the management of Dr. A. deW. Bars. For many years he practically did all the work of the bank. He has been a wise and careful manager and has ever been ready to give the benefit of his advice to customers of the bank. He certainly deserves a holiday and a host of friends will join THE ACADIAN in wishing for him many years in which to enjoy the retirement he has so well earned. One of our best known and most highly esteemed citizens it is to be hoped that Mr. Munro will see his way clear to now give a larger interest to town affairs than he has been heretofore able to do. He expects to hand over his position on August 1st, his successor being a Mr. Phipps now holding a similar position in Newfoundland.

We have received from Mr. R. E. Harris a list of the names of those who have contributed to the up-keep of Willow Bank Cemetery this year. We are sorry that this was received too late to be published this week but it will appear in next week's issue of THE ACADIAN.

The Valley Real Estate Agency has recently made the following sales: S. C. Parker property at Berwick to C. V. Farrel, of Halifax; the O'Key place at Church Street to Dr. Zwicker, of Halifax; and the Purdy place at Lower Wolfville to Dr. Pearman, of Halifax.

Baseball News

WOLFVILLE WINS FROM BERWICK

The Wolfville boys went to Berwick Wednesday afternoon and played a league game with the Berwick team. The game was keenly contested and resulted in a win for Wolfville, the score being 7-4. The Wolfville boys took the lead from the very first and at no time was the outcome in doubt. Some changes were made in the Wolfville line-up: Fred Eagles played on first base, Paul Tingley on third and Raleigh Bishop at short stop. Herman Baird played in the field in place of George Waterbury.

The other games played on Wednesday resulted in a win for Middleton over Kentville by the score of 6-2, and a win for Annapolis over Bridgetown by the score of 2-0. The league standing is now as follows:

	Won	Lost
Middleton	4	0
Annapolis	2	1
Wolfville	2	2
Kentville	2	2
Bridgetown	1	3
Berwick	0	3

Wolfville plays Canning in the King's County Boys' Baseball League on Friday afternoon on the college campus. Saturday afternoon the Wolfville boys play the Kentville boys at Aldershot.

The Song Recital given at the Opera House on Thursday evening of last week, by Mrs. Helen Knowles Embree and Mr. A. J. Mason, was one of the musical events of the season. Every number showed great artistic ability, and the whole program was very highly appreciated by those present. The accompanists were Miss Ethel Hemmeon and Miss Marguerite Woodworth.

The Caledonia Gold Hunter, a weekly newspaper, has advanced its subscription rate to \$2.00 per year.

Wolfville's Big Day!

WEDNESDAY, 7
JULY

10 A. M. TO 10 P. M.

Minard's Liniment Lumberman's Friend

Utterly Helpless from St. Vitus Dance

THE SUFFERER RESTORED TO HEALTH THROUGH THE USE OF DR. WILLIAMS' PINK PILLS

St. Vitus dance is a disease of the nerves brought on by a morbid condition of the blood. It is a common disease with children, and attacks girls more frequently than boys. Irritability is frequently one of the first signs noted. The child frets, it is quarrelsome, and does not sleep well. The jerky movements that characterize the disease come a little later. The patient becomes pale, languid and often constipated. The limbs and sometimes the whole body jerks spasmodically, and in severe cases the power of speech is affected. Such a child should not be allowed to study, but should be kept quiet, given a nutritious diet, remain out of doors as much as possible, and above all things given a course of Dr. Williams' Pink Pills to build up the blood and restore the shattered nerves. Without this treatment the trouble may become chronic and the patient a life-long sufferer. The value of Dr. Williams' Pink Pills in cases of this kind is shown by the following statement by Mr. Frank J. Scriven, Acton, Ont., who says: "In January, 1917, when I resided at Milton, Ont., my daughter Gertrude, then aged fourteen, had a bad attack of rheumatic fever, which left as its after effects a severe attack of St. Vitus dance. For weeks she was confined to her bed under the doctor's care. She was entirely helpless, being unable to even hold a spoon to feed herself. For a time she lost the power of speech almost entirely, and only with great difficulty made herself understood. The twitching of her muscles was so bad that it was painful to see her. After a long time and taking a lot of medicine, she seemed to improve. But she did not seem to get along as she ought to. In November, 1917, we moved to Acton, and in January, 1918, she was again confined to her bed with St. Vitus dance. She was again in a terrible state and quite helpless. She was under a doctor's care, and while there was an improvement, she was still very nervous, did not look well and was always tired. In May, 1918, we decided to try Dr. Williams' Pink Pills, and see what they would do for her. She took them regularly according to directions, and after taking several boxes there was a decided improvement. After a further use of the pills she is now as healthy a girl as you would wish to see. She is fat, with a fine, healthy color and is strong and lively. The neighbors to whom she is well known, remark on the wonderful change in her appearance since taking Dr. Williams' Pink Pills. Both her mother and myself are convinced that the pills have done her a world of good as she is now far healthier than we at one time thought she would ever be."

For all trouble due to poor blood and weak nerves there is no other medicine can equal Dr. Williams' Pink Pills. You can get these pills from any dealer in medicine, or by mail, post paid, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Friendship is a strong and habit-inclination in two persons to promote the good and happiness of one another. Though the pleasure and advantages of friendship have been largely celebrated by the best moral writers, and are considered by all as great ingredients of human happiness, we very rarely meet with practice of this admirable virtue in the world.

Grow Your Own Clover Seed

We all know of the difficulty experienced this season in securing clover seed even at the high prices asked. The indications are that the shortage in clover seed will continue for some time and it will be not only wise but profitable for farmers to cut a portion of their best clover stand early to secure a good second crop growth for seed in the fall. Every farmer is doubtless in a position to set aside one acre for this purpose, and this should return 100 to 150 pounds of number one seed worth at prevailing prices from \$75.00 to \$110.00.

To be sure of proper ripening before frost the cutting should be made not later than June 25th. This will give a good crop of prime quality hay and should return the above yield in seed this fall.

Arrangements have been made with the Provincial Department to place the clover hailer at the Experimental Station, Kentville, during the winter sometime without fail, and there need be no fear that it cannot be threshed.

The second crop clover last season at this Station in spite of the unfavorable fall for curing turned out 1800 pounds of seed.

This is an important matter, therefore do not let the opportunity go by for making sure of a clover seed crop. Besides this, it is a nice return from 1 acre of land.

W. S. BLAIR,
 Supt. Experimental Station,
 Kentville, N. S.

Canadian Photoplays

It is said that the first Canadian photoplay has been placed on the market and that the pictures of animal life in the Canadian wilds are both charming and amusing. Now that we are into the movie game on our own account the suggestion is timely that these pictures should be kept free from depicting the rise of evil minded men and women of whose existence we should prefer to be ignorant. The most successful film, as the most successful plays on the legitimate stage, are those which depict the cheery, happy side of life, that emphasize the beautiful in the common place, and that make humor stand out from disorder. There is a great field between the salacious and the prudish, between hooliganism and icy dignity, and that field should be explored so that Canadian pictures may cut a different swath to many of those which are being placed too often in the moving pictures of Canada today.

To Save Sugar

In cooking rhubarb much sugar may be saved by the use of baking soda. Dissolve the soda in boiling water, in the proportion say of a good-sized teaspoon to a quart, and pour it over the rhubarb. Let stand for about five minutes, and then turn into a colander to drain. Stew with not much more than half the quantity of sugar you have been accustomed to use.

PROMPT RELIEF
 for the acid-distressed stomach, try two or three
KI-MOIDS
 after meals, dissolved on the tongue—keep your stomach sweet—try Ki-moids—the new aid to digestion.

Women and the Cigarette

Mrs. Rodgers, Saskatchewan's earnest L.T.L. Secretary, writes very interestingly upon this subject. She refers to the cigarette smoking by women in England. We regret to say that this deplorable habit is not confined to other lands, but is all too sadly prevalent in our own Canada.

In my journeyings last year I spent various periods as a guest in hotels, and was shocked to see in some high-class hotels this habit indulged in at the tea-hour and in the evenings by young girls.

It was particularly sad to me because of the associations which

I have, in other days, seen connected with the cigarette. I have often thought if I could go to these dear girls and tell them where I first saw a young woman smoke a cigarette and describe the scene there witnessed, it would be somewhat of a shock.

The sad, pitiful picture is inescapably stamped upon my memory. A poor girl of the demi-modi class who was dying in a western city asked that I should visit her on my coming to the city to lecture upon Rescue and Prison Work. I rushed immediately from the train to do so. But the grim reaper had gathered her and all the sinful harvest of her life before I could reach her side. She died crying for some one to pray for her.

When I entered that house of shame, one of her companions in degradation was sitting with apparent careless air, her feet upon a chair, defiantly puffing the fumes of a cigarette!

If our women and girls who indulge this society fad could only know that this habit with the drink habit is always a part of the life of the courtesan class, that the worst types and forms of social evil are invariably linked with the indulgence of drugs and alcohol, I think surely they would not longer be a party to such demoralization of body, mind and spirit. —White Ribbon Bulletin.

"Such a darling blouse! How much is this one?" said the lady shopper.

"Fifty dollars—and so sweet for the price!"

"It's a dear—just exactly what I want, the color and everything. I believe I will take it—though fifty dollars."

"Pardon me, madam, I have made a mistake—this is marked only fifteen instead of fifty dollars."

"Oh, I see. Well, show me something a little better."

Would Not Be Without Baby's Own Tablets

Once a mother has used Baby's Own Tablets for her little ones she would not be without them. They are the ideal home remedy for the baby; being guaranteed to be absolutely free from opiates or other harmful drugs. They are a gentle but thorough laxative and have been proved of the greatest aid in cases of constipation, indigestion, colic, colds and simple fevers. Concerning them Mrs. Ernest Gagne, Beausejour, Que., writes: "I have used Baby's Own Tablets for constipation and colic and have found them so successful that I would not be without them. I would strongly recommend every mother to keep a box in the house." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Appointment of a Bee Expert

An inspector for the Province of Nova Scotia under the "Foul Brood Act, 1916," has just been appointed in the person of Mr. Anthony Birch, B. S. Mr. Birch will assist in the administration of this Act, which has for its purpose the treatment and eradication of this serious disease of bees. Mr. Birch is a recent graduate of Macdonald College, where he specialized in agriculture and allied subjects. He also spent a season as assistant to the Dominion Apiarist, Ottawa.

As the disease is confined almost entirely to the Cornwallis Valley district, Mr. Birch will make his headquarters at Wolfville, where a determined effort will be made to treat all cases of Foul Brood early in the season. While it will be necessary for Mr. Birch to spend the greater part of his time in the Valley, it is hoped that ultimately, as time permits, his services may be available to growers in other parts of the Province.

Boys and Girls Are More Valuable Than Men and Women

His Worship the Mayor of London, E. S. Little, has addressed the attached letter to pupils of the schools of the Dominion. The bulletin is going all over Canada, and is the second of a series of letters from prominent mayors addressed to school children:

Mayor's Office, London, Ont. To the Children of the Schools.

Dear Girls and Boys,—Do you realize that one of the greatest assets of any country is its manhood and womanhood? And do you realize that you are an even greater asset than the present "grown ups"? Their work is partly done, but yours is only beginning, and you have a wonderful opportunity to profit by their mistakes.

We "grown-ups" have tried to carry on the government of our country in order to provide "life, liberty and happiness" for all; but there will always be room for improvement. Our forefathers fought for these principles, and we look to the young people to do even better than they or we. In one particular, especially, you can perhaps do more than we can—

that is in the prevention of accidents.

Statistics show that in this country during 1919 there were more than three persons killed every day in the year and many more injured.

The fire losses in 1919 amounted to over twenty-three million dollars in this country—and most of these accidents and fires, we are told by the people who should know, were preventable. Will you want to stop this waste?

Children often run risks because they think it shows bravery, and more often because they are careless. Do you know that a truly brave man scorns boasters and reckless persons, and never runs risks "for fun"? Remember you have no right to take undue chances, for should you become maimed you are a charge on your parents or fellow citizens.

Two good slogans for you to bear in mind are—"Stop! Look! and Listen!" whenever you are approaching a dangerous place; and "it is my duty to protect the property and lives of others." If we keep this advice before us, we should make bigger and better Canadians. Yours sincerely,

E. S. LITTLE, Mayor.

Editorial Jottings

When you feel like complaining because of the "luxury tax" you want to remember that if the Germans had won it would not have been a luxury tax. It would have been plenty of tax without any of the luxuries. The luxury tax and the blood and brawn of the boys who fought for us is the price of the freedom we enjoy to-day. We are a fortunate people and we ought to thank God and our brave boys that to-day we enjoy our freedom and our "luxuries". Instead, in these days of prosperity, we appear to be forgetting both.

In British Columbia the new rule of the road—"turn to the right"—goes into operation on July 15th. An agitation for the application of the same rule in this province has been going on for a number of years, without any result as yet. The local government of Nova Scotia is maintaining its reputation as the most conservative government in Canada. "The mills of the gods grind slow" down here by the sea.

As regards the marketing of small fruits, etc., the law now is that no person shall offer for sale any immature or diseased fruit under a severe penalty. Those who will be marketing and selling strawberries and other fruit must also take heed that the law will be enforced this year compelling boxes to be marked with the name and address of the person responsible for the packing and all boxes must be full of berries.

Having Pleasant Trip

The many friends of Mrs. Faye C. Stuart will be pleased to learn that she is having a most delightful visit with her sister, Mrs. Tedford, at St. Louis. Mrs. Stuart leaves with her sister on July 3rd for the Pacific coast where they will visit their uncles, C.R., W.Y. and T. F. Higgins. Returning home by way of Vancouver, B.C., they will visit their aunt, Mrs. G. F. Baldwin.

Card of Thanks

Mrs. Hennessey and Edward Hennessey wish through THE ACADIAN to express their sincere thanks for all the kindness and sympathy of which they have been the recipient during their recent sad bereavement, and also for flowers.

The Kentville papers, the Advertiser and Western Chronicle, announced last week that their subscription rates would advance to \$2.00 a year on July 1st.

Reception to Minister

On Sunday evening, June 13th, a reception was given to Rev. McAvoy, the newly appointed pastor of the Aylesford Baptist Church. There were a large number present to join in the welcome. The speakers for the evening were Rev. MacWilliams, pastor of Lower Aylesford Baptist Church; Rev. Hayden, of Berwick; Rev. Raymond, also of Berwick, and the Rev. Mr. Hockin, of the Aylesford Methodist Church. Mr. McAvoy replied to the addresses of welcome in a very pleasing manner. Besides the choir, music was rendered by Miss Evelyn Neily and Cecil Selfridge, who each sang a solo. Later in the evening luncheon was served by the ladies.

North Grand Pre Notes

Miss Daisy Tucker, of Halifax, has been visiting Mrs. M. L. Dimock.

Mr. and Mrs. H. M. Palmeter and daughters motored through to Truro on Monday, June 14th, to attend the marriage of their son, Kenneth, to Beatrice Stevens, of that town.

Mr. Harry Low and son, of Halifax, spent a few days with Mrs. M. L. Dimock.

Muriel Palmeter spent a few days with her sister in Halifax.

Mr. and Mrs. Kenneth L. Palmeter have been spending part of their honeymoon with the groom's parents.

Mr. and Mrs. Robt. Chisholm, of Wolfville, are visiting Mrs. Chisholm's son, F. R. Welton.

MOTORS AND MOTORING: A Page Full of Interest to the Owner or Prospective Owner of an Automobile.

CANADA'S AUTOMOBILE INDUSTRY

Throughout Canada there is one automobile for every twenty-five people, the Dominion in this respect taking only second place to the United States, where there is one to every fifteen persons. Since the introduction of the car into Canada, the industry has made phenomenal strides. Just how remarkable the growth has been may be realized from the fact that whereas in 1905 there were but 220 car owners, in 1919 the number of registrations totalled 324,886. By provinces the registration of cars is as follows: Ontario, 129,238; Saskatchewan, 54,782; Alberta, 34,000; Quebec, 29,183; Manitoba, 29,183; British Columbia, 13,500; Nova Scotia, 9,900; New Brunswick, 4,061; Prince Edward Island, 999.

At the present time the sum of \$20,000,000 is invested in the Canadian motor industry, and its various lines account for the employment of more than 15,000 people. The estimated aggregate sale of cars in Canada last year was over \$100,000,000 and expert investigation has elicited the probability of a 35 per cent increase over these figures for the year 1920.

Ontario Canada's Motor Province. Ontario is the motor province of Canada in manufactures as well as ownership. Windsor, with its surrounding communities of Walkerville and Ford City, Oshawa and Toronto are the most important manufacturing towns. The Ford Motor Company at Walkerville employs 3,470 employees at the home office. The plant covering 9 acres. The recently completed plants of the Canadian Products, Ltd., division of the General Motors of Canada, constructed at Walkerville, cost \$6,000,000. Other large plants in the Windsor district are Maxwell's and the Studebaker Corporation, in addition to which there is a large number of plants turning out accessories and automobile parts. At Oshawa, the General Motors Corporation of Canada has three large plants, where McLaughlin, Chevrolet and Oldsmobile cars are manufactured. Last year between \$2,000,000 and \$3,000,000 was spent in this town on extensions and improvements in connection with the industry. In Toronto the Willys Overland is the principal plant, whilst London, Chatham, Kitchener, Hamilton and Brockville are also interested in the manufacture. Montreal, in Quebec, is also largely interested in motor industries.

Imports and Exports.
Canada is largely interested in both the import and export of automobiles. In 1919 the imports of cars, parts and accessories amounted to \$12,201,119, while exports for the same period were valued at \$10,831,234. The imports were practically all from the United States. The growth of the export trade can be seen from a comparison with the figures of 1917 and 1918 which were \$3,210,320 and \$4,418,976 respectively. Australia was the Dominion's best buyer last year the Commonwealth buying \$2,440,000 worth of cars. New Zealand came next with \$1,185,000 then the United Kingdom, \$721,000 and India \$664,000. Turkey took freight automobiles to the value of \$621,023, exports to the United States totalled \$329,068, mainly parts, and to the Argentine Republic \$552,400.

The British preferential tariff which went into effect on September 1st, 1919, is expected to impart a considerable stimulus to the Canadian automobile industry. It grants preference of one-third provided that not less than 75 per cent of the labor on the finished car shall have been done within the British Empire.

Seven possible causes of a motor overheating are; fan belt broken or slipping; gas mixture too rich; cylinders choked with carbon; too little water in cooling system; water circulation stopped, due to clogged pipe or pump not working; not enough oil in the motor; and the ignition coming too late in the cylinders.

AUTOMOBILES FOR SALE!

Several second hand Autos. and Auto Trucks. All thoroughly overhauled and ready for the road.

The Life of Your Car

Few persons realize that barring unavoidable accident the life of a car depends largely on the care and skill of the driver. In fact it may be said that 80 per cent of the life of an automobile is used up by the driver himself. If the car is built by a reputable firm—and there are practically no fly-by-night in the industry—and is properly inspected there is not the slightest reason why the car should wear out for a considerable number of years.

In the early years of the development of the automobile there were such constant changes and improvement from year to year that there was a wide difference between the up-to-date model and the cars that was two or even one year old. But the changes and improvements of to-day are to a large extent minor ones. It would be difficult to add more power to most of the modern engines or more grace to the bodies so that "this year's model" does not mean so much as it did five or ten years ago.

Yet the average driver takes but little care of his car. Watch him as he starts the motor and lets it run long enough to get into gear, drops in the clutch and is off. Usually he drops in the clutch with a bang and the car leaps half way across the street with a bang. If he handled the clutch as he should and started slowly he would add many thousand miles to the life of his car.

A car is a delicately adjusted piece of machinery and not merely the produce of a group of blacksmiths and rough carpenters. When the clutch is let in carelessly the universal joints take up some of the strain but most of it is transmitted direct to the pinion gears and the master gear in the

differential. The fact that cars stand up under constant ill-use and constant wear and tear over a number of years speaks volumes for the care with which every part is built.

Holland is to be linked up with England by a regular air service, which will shortly commence. The machines will leave Croydon, which is a suburb of London, three times a week, and will land at an aerodrome in Holland, about twenty minutes' run from Amsterdam. A regular automobile service from the aerodrome and Amsterdam will be maintained. The distance of the air flight is about 260 miles.

The best way to remove dust from the polished surface of a car is first to use a soft dust brush. When all the loose dust is off, wash the car. Never wipe off the car with a rag as this will cause the dust particles to scratch the paint surface.

One type of motor plow of French manufacture is equipped with mirrors that enable a driver to see the ground ahead of him and the work he is doing at the same time.

Repair small tire cuts. Dirt and water will not harm the outside of a tire, but they will damage the inside. Watch for small cuts and repair them.

One of the causes of a disclutch taking hold suddenly is because of insufficient lubricant in which the clutch turns, or because the oil is too thin.

It is estimated that no less than 5,000 persons are riding about New York City in stolen automobiles.

Keep Minard's Liniment in the house.

Where the Gasoline Goes

What a boon it would be if somebody would discover how to utilize the heat from the engine of the automobile—utilize it in connection with driving the car. Power is but a form of heat. A gallon of gasoline contains sufficient energy to raise the temperature of water from 62 degrees to the boiling point. Those of us who have watched a kettle of water heating on a gas stove will be able to obtain some idea of the tremendous energy stored in four quarts of liquid which is helping to "move the world". But all of this energy contained in a gallon of

gasoline is not available for power at the rear wheels. If it were, mileages of from 100 to 200 on a gallon of fuel would be as common as are those of 10 to 20 today. Sufficient heat to bring 40 gallons of water from normal temperature to the boiling point is lost in the average automobile; the heat required to bring 25 gallons of water to the boiling point is lost through the radiation of the engine under the hood, and on a warm day goes toward making the driver's compartment more or less uncomfortable; and an equal amount of energy, sufficient to boil another 25 gallons of water, is wasted in the heat of the exhaust gas.

Prest-O-Lite Battery Service

Service on All Makes of Batteries

No matter what make of battery you now own, bring it to us occasionally for such minor attentions as it may need—we'll test it and add distilled water if needed, free of charge.

If it requires a recharge or repair, we are equipped to do the work at right prices. A service battery is at your disposal so your car need not be laid up.

When you need a new battery, we have the correct size for your car—a Prest-O-Lite, built by "the Oldest Service to Automobile Owners in America."

Remember, we give service on all makes of batteries—drive around and let us look yours over.

Nazimova
THE GREAT RUSSIAN ARTIST'S MODEL COMING TO THE OPERA HOUSE, FRIDAY AND SATURDAY, JUNE 25-26

Metro's great special production de luxe, "Revelation," is a revelation in fact as well as in name. It reveals the art of the great Nazimova in a way unprecedented. "Revelation" is a mighty drama of the screen, based on a powerful story, that reaches the heights of sublimity, and descends to the profoundest depths of the human heart. In "Revelation," the great Russian at last has a vehicle worthy of her genius and worthy to head the list of her wonderful series of Metro features.

"Revelation" provides Nazimova with a role that demands the full sweep of her abilities. As the Parisian grizette, whose soul is laid bare in this gripping story, Nazimova is gay and fascinating, capricious and wilful as a summer storm, cold and calm one minute, tender and pure with the serenity of an Arctic sunshine, the next. She is selfish, mad, passionate,—she is noble, and self-sacrificing. She is first the mad-cap grizette of the Latin Quarter; then she is the Madonna of the Battlefields.

From grizette into saint she is changed by the sun of revelation. The gay, mad music of the Paris dance halls merges into the crash and roar of battle, and after, all comes the still, small voice by which Joline's grizette soul is saved. Mme. Nazimova plays Joline, the adorable grizette by whom a miradorable grizette by whom a miracle is unconsciously wrought. The miracle then blossoms in her own heart.

Every resource known to the art of motion photography has been devoted to making "Revelation" one of the greatest screen productions of the age. George D. Baker directed the picture, which is sufficient guarantee of its being handled in an artistic manner, and Richard A. Rowland, president of Metro Pictures Corporation, has placed upon it the stamp of his approval. The great star, Nazimova, has fairly revealed in the remarkable opportunities offered by the rainbow changes in the personality of charming Joline. The great production has mystery, witchery, charm, it has the magic of a thousand years ago and the grim, dynamic reality of the present moment. "Revelation" rolls the ages into one. It brings the past to illuminate and pay tribute to the present.

Holiday Wear

What are you going to wear during your holiday?

Before the war, when clothes were cheap, men and maids procured new and gorgeous apparel for seaside wear. Yet there is no place like the seaside for playing havoc with clothes!

Why wear good clothes at all? You are only a bird of passage. No one knows you—you know no one.

Your board residence will cost you more than ever this summer, so why not save money by wearing your old clothes? Or, better still, why not imitate the very wise man who, last summer at a season resort, wore blue overalls.

If overalls don't appeal to you, then note that there is a way of wearing old clothes which quite—if you are sensitive—does away with the notion that you must be very poor and have nothing better to wear.

Shed the waistcoat, wear a belt and a tennis shirt with the collar unfastened. No tie, either. Divest yourself of socks, and wear tennis shoes. Cram, with studied carelessness, an old soft hat on your head, and then you have created an ensemble which people will envy.

A little girl was asked to go for a loaf of bread and was given the money. "Is that enough, mamma?" she asked. "Yes, dear, that is exactly the right amount." "Well, you'd better give me a little more, 'cause the bread may go up 'fore I get there."

O. McPherson,
Furniture Dealer, Undertaker,
Armstrong, B. C., June 11th, 1919.
Minard's Liniment Co., Ltd.
Yarmouth, N. S.

Dear Sirs—Since the start of the Baseball season we have been hindered with sore muscles, sprained ankles, etc.; but just as soon as we started using Minard's Liniment our troubles ended. Every baseball player should keep a bottle of your liniment handy.

Yours truly,
W. E. McPHERSON,
Secretary Armstrong High School,
Baseball Team.

Our own rights we may often be at liberty to waive. The rights of others are another matter. As far as they are in our keeping we are bound to protect. We cannot be generous with other people's property.

Love one [human] being purely and warmly and you will love all. The heart is in this heaven, like the wandering sun, sees nothing; from the dew drop to the ocean, but a mirror which it warms and fills.

One reason at least why men pass through this world chafing, fretful and dissatisfied with their lot in life is just this—they have formed an overwhelming estimate of self and they find that neither God nor man treats them as they think they deserve.

It takes twenty years for a mother to make a man of her son, but a pretty vamp can make a monkey of him in twenty minutes.

"How's this, waiter? You've charged me two dollars and a half for planked steak!" "Sorry, sir, but lumber's gone up again."

MUFFINS and POPOVERS

From the NEW ROYAL COOK BOOK

BREAKFAST is too often eaten as a duty rather than a joy. The success of the day may depend upon the spirit of breakfast. The Royal Educational Department presents some breakfast dishes that will send the children to school with a hip hip hurrah and his majesty man to his daily duties with the "up and doing" feeling which knows no discouragement.

Muffins
2 cups flour
2 teaspoons Royal Baking Powder
1 tablespoon sugar
1/2 teaspoon salt
1 cup milk
2 eggs
1 tablespoon shortening
Sift together flour, baking powder, sugar and salt; add milk, well-beaten eggs and melted shortening; mix well. Grease muffin tins and put two tablespoons of batter into each. Bake in hot oven 20 to 25 minutes.

Eggless Muffins
2 cups flour
4 teaspoons Royal Baking Powder
2 tablespoons sugar
1/2 teaspoon salt
1 cup milk
2 tablespoons shortening
Mix and sift dry ingredients, add milk and melted shorten-

ing and beat until smooth. Bake in greased muffin tins in hot oven 20 to 25 minutes.

Corn Muffins
1/2 cup corn meal
1 1/2 cups flour
4 teaspoons Royal Baking Powder
1/2 teaspoon salt
1/2 cup milk
2 tablespoons shortening
1 egg
Sift together corn meal, flour, baking powder, salt and sugar; add milk, melted shortening and well-beaten egg; mix well. Grease muffin tins and drop two tablespoons of mixture into each. Bake about 35 minutes in hot oven.

Popovers
1/2 cups flour
1/2 teaspoon salt
1 egg
2 cups milk
Sift together flour and salt. Make a well in flour, break eggs into well, add milk and stir until smooth. Pour into hot greased gem pans and bake 25 to 35 minutes in a very hot oven. If taken out of oven too soon they will fall.
