

MARGUERITE'S SECRET

long ago, Margaret, said Mrs. Helmsstedt, speaking with a playfulness strange and incomprehensible to her child, who, though her heart seemed almost breaking, and though these tender words and acts weakened and unnerved her, prepared to comply. Once more she lay down by her mother's side, and felt the gentle hand upon her neck, and the cooing voice in her ear, as that dying mother sought, as heretofore, to soothe her child to sleep.

They all arose from their knees, and Mrs. Helmsstedt pressed those joined hands to her lips before she released them. She was very much exhausted, and turning to Margaret, whispered, in a voice nearly extinct through faintness: "Doctor, I must live an hour longer—no hour longer, doctor—is there no potential drug that will keep life in this frame for an hour?"

SHAH IS MASTER

Parliament Buildings Bombaraded by the Cosacks Now a Mass of Ruins—Many Persons Killed—Prominent Nationalists Under Arrest.

Teheran, June 23.—After a bloody fight, which was waged around the Parliament buildings, the city was comparatively quiet to-day, although the Cosacks were camped in the streets and squares. Cosacks and soldiers early in the morning surrounded the Parliament buildings and demanded that a number of persons whose arrest the Shah had ordered be forthwith handed over to them.

Examine Your Chest. When it's hard to expand the chest, there is sure to be congestion and cold. Nothing draws out the inflammation faster than Nerville—it relieves congestion—breaks the cold—prevents pneumonia. Thousands use Nerville's for colds, coughs, sore throat and grippe. THE HAMILTON TIMES

WEDNESDAY, JUNE 24, 1908.

THE MAYOR'S ROLE.

The result of the clear presentation of the effect which government competition with private investment, instead of its just regulation thereof, is having upon capitalists in preventing them from advancing money to be used in the development of the country and its industries, has been to cause many to seriously ponder the situation in Hamilton.

Of course nobody expected that the latest offer, and the explanations thereof, of the local electric light company would have the slightest effect on the opinion of the Mayor or his organ; therefore, nobody has been disappointed by the announcement that his Worship's views have undergone no change.

Let us briefly consider them: First, and most important, his Worship pretends to fear that at the end of five years the company might attempt extortion, and then Hamilton would be debarred from getting Hydro power, except at much additional expense, because the other municipalities would shut us out.

His Worship attempts an arithmetical computation by which he seeks to influence opinion by the "additional expense" which we should have to incur if we joined this scheme later.

Gov. Henderson's views. Governor Henderson, of the Yukon, was in Victoria, British Columbia, a few days ago, and was interviewed by the Victoria Times on questions affecting that territory.

Relative to Mr. Pringle's attacks he said he could not understand why that gentleman, if he was as zealous as he represented himself to be in the cause of moral reform, had not co-operated with him (Mr. Henderson), in connection with the carrying out of the different measures of reform introduced into the council and put through.

GROVER CLEVELAND DEAD.

The death of ex-President Grover Cleveland at Princeton, N. J., this morning was not unexpected, as it was known that he had been suffering from a fatal malady for years.

The two outstanding features of his Presidency as it affected British affairs, were his dismissal of Sackville-West, the British Ambassador at Washington, because he had, in answer to a letter, expressed the hope that Mr. Cleveland would be re-elected, and the other incident, connected with Venezuela, which brought the States and Great Britain seemingly on the verge of war.

Sir Hibbert quits. Sir Charles Hibbert Tupper is gathering wisdom with the years.

Gov. Henderson's views. Governor Henderson, of the Yukon, was in Victoria, British Columbia, a few days ago, and was interviewed by the Victoria Times on questions affecting that territory.

Relative to Mr. Pringle's attacks he said he could not understand why that gentleman, if he was as zealous as he represented himself to be in the cause of moral reform, had not co-operated with him (Mr. Henderson), in connection with the carrying out of the different measures of reform introduced into the council and put through.

rying through of these measures, Mr. Pringle had never given him any assistance. No sympathy was ever expressed by Rev. Mr. Pringle nor did he manifest towards the Governor that he was prepared to co-operate towards the end of improving conditions in the north.

The Governor paid a tribute to Rev. D. Grant, who for many years was pastor of the St. Andrew's Church, Dawson, and who took such an active part in the affairs of the Good Samaritan Hospital.

In view of the conditions as reported by so many responsible men, who would seem to have no reason to misrepresent them, and taking into account Rev. Mr. Pringle's refusal to avail himself of the means furnished to deal with the matters of which he complained, preferring to exploit them in a less effective but more sensational manner, people will be inclined to think that he has been very badly advised, if, indeed, he did not promulgate his sensational charges on very insufficient evidence.

EDITORIAL NOTES.

Mr. Armstrong, M. P., has bluntly declared that he is talking merely to kill time, by way of obstructing the business of Parliament.

Great fires have been recently very frequent. Let us hope that Hamilton may not be visited by any such disaster.

The Grit papers say the Hoopkins charges have "completely collapsed" and are rejoicing frantically.

Now the Hamilton Herald seeks to excuse its devotion to the war against the local electric light concern by expressing a fear lest it might some day pass out of the control of Hamilton citizens.

Is it altogether wise, while pressing for haste in getting the power and street railway by-laws before the people, to defer, until the night of the council meeting, all critical examination and discussion of their texts?

development of mankind as well as the intellectual; for its extinction is not only dependent, among other things, upon the production of wealth, but also upon its efficient distribution.

The Utopia of the future will not be a political one, built up and maintained by legislation. It will be an outgrowth of the ethical side of life—an evolution of morality.

But there is a prerequisite to either intellectual or moral development. The highest interest of the mind can be secured only by first of all administering to the body's well being.

There seems to be a general feeling that moral advancement is a higher thing than physical sustenance. But are we so stuffed with declamatory affectation that we no longer venture to say that before we can set about moral culture we must have the means of living?

Let us guard ourselves against these tendencies, which obstruct science, in wishing to pass for philanthropic we come to be truthful; for it is contrary both to reason and to fact to represent moral development, self-respect, the cultivation of refined sentiments as preceding the requirements of simple preservation.

Without going further we may conclude that every legislative measure which tells against the material well being of communities injures the moral life of nations.

CLEVELAND PASSES AWAY.

(Continued from page 1.)

Mr. Cleveland's condition was regarded as very serious. On May 1 a report became current, which was said to have come from one of the officers of the Equitable Life Assurance Society, that Mr. Cleveland was suffering from cancer of the stomach.

Mr. Cleveland remained at Lakewood for several weeks thereafter, and constant reports of improvement in his condition were issued from the hotel.

Yesterday it was reported again that Dr. Bryant had been called to Cleveland's home in Princeton.

The former President died in bed in the second storey front room. Those at the bedside when the end came were Mrs. Cleveland and three physicians.

MR. CARSON'S DEATH (Continued) The surviving Cabinet officers of President Cleveland are: Secretary of State Richard Olney, and Charles E. Fairchild, Secretaries of the Interior R. D. Francis, Hoke Smith and W. F. Elias, and Attorney-General Judson Harmon.

MR. CARSON'S DEATH (Continued) The following bulletin was issued to the Associated Press today: "The funeral of former President Cleveland will be held on Friday, June 26th, at Westland, Mr. Cleveland's residence on Bay and Lane, Princeton, and will be strictly private."

E. A. BARTMANN 40 JAMES ST. NORTH

GRAND DAMES WHO LOVE COUNTRY LIFE Two Duchesses and a Countess Who Care Naught For High Society.

London.—One of the most beautiful women in England is the Duchess of Portland, the only daughter of Thomas Yorke Dallas-Yorke, of Lincolnshire.

Among the smart women who are just now being talked about, few are more prominent than the Countess of Lytton, who, like Mrs. Asquith, is an American, and the Duchess of Bedford.

Beauty came to the Countess by right as her mother, who died a tragic death from the bite of a snake many years ago in India, was a beauty.

The Countess also shares with Mrs. Asquith the honor of having been among the very few unmarried women who were admitted into the once sacred society of "Souls" for at that time she lived in a set at once select and cultured, and among her intimates were statesmen, authors, artists and diplomats.

Next Lord Lytton came on the scene—handsome, a "belton" earl, and only 26, and the Countess' wit and beauty soon caught his heart and coronet and elevated her into a Countess.

The traditions of the family are against school, and he was educated at home in a circle of the most rigid exclusiveness.

Lady Lowther will be back in England for a short time soon, her husband, Sir Gerard Lowther, the diplomatist service, having been ordered from Egypt to Turkey.

## RAIN PREVENTED BALL GAME HERE.

### Yankees and Tigers Will Play Double Header This Afternoon.

Scores in the Big Leagues Yesterday—Many Entries For the Athletic Meet at Beamsville on Dominion Day.

#### International League Record.

It is officially announced that the Sunday games played by the International League teams are to be counted as championship games. Following is the corrected standing of the teams:

Team	Won	Lost	P.C.
Hamilton	15	12	.556
St. Thomas	16	15	.516
London	15	15	.500
Niagara Falls	13	17	.433

Games to-day:  
Hamilton at Hamilton.  
London at St. Thomas.

#### AMERICAN LEAGUE SCORES.

New York 6, Philadelphia 9. Detroit 6, Chicago 3. Boston 3, Washington 2. Cleveland 3, St. Louis 5.

#### FOUL TIPS.

First Baseman Jack Flynn, who was sold by the Toronto to St. Louis early in the season and later secured by Milwaukee, has finally given up his long fight for a bigger salary and will report to the Brewers at once.

New Haven, Conn., June 23.—As wild a scene of jubilation and as picturesque a mass of humanity as ever had a sitting on a baseball diamond, was that which the alumni of Yale University presented as a greeting to Secretary Wm. H. Taft this afternoon as he sat with his class of '78 in the stand on Yale field to see the annual game between the Blue and the Crimson. Yale whistled her rival by the score of 3 to 0. Never has a thirteen strike-out record of earlier in the season to his credit.

There isn't a chance in the world for any club to buy Jake Gettman. Toronto need him too badly themselves. Manager McGuire, of Boston Americans, has released pitcher, injured head, Providence (Eastern League) Club, on the strength of what the Sox did to Case Patten Thursday, that left-hander was turned over to New York, and has already joined Griffith's forces.

Toronto players still on the hospital list are: Larry Schaffly, injured head; Fred Mitchell, sprained ankle; Orville Kilroy, fractured rib; Myron Grimshaw, knee still bad; Elmer Pierce, broken thumb; Elmer Moffitt, arm injured by batted ball. Gettman and Phyle have practically recovered from their injuries. Some hard luck?

#### BIG LITTLE MEET

Many Entries For Sports at Beamsville.

Beamsville, June 24.—(Special.)—From all directions inquiries are coming into the Secretary for the big athletic meet to be held here in the Driving Park on July 1. The Prize Committee has decided to give prizes averaging from \$3 to \$1, besides the two cups valued at \$15 and \$10 respectively for the premier event, the five-mile road race. The third prize for this will be a bronze medal. Beamsville possesses one of the best half-mile tracks in the Niagara peninsula, and anything in the athletic line undertaken by the Social Club, with their seven years of record in sporting matters, is a criterion of the very best. The meet is to be purely athletic in every sense, and there will be no green trots or parade frills of a county fair. The top-of-war team of the 91st Highlanders, Hamilton, has expressed their intention of entering in this contest, and as they are one of the best in this line, a hot struggle is anticipated between them and the local aggregations.

#### WORD FROM FLANAGAN.

London, June 24.—(C. A. P.)—Tom Flanagan wires that if the rumor of Longhairs' rejection is confirmed then he will talk, and not till then. The rumors are contradicted officially.

The Canadian athletes are comfortably housed in 65 Sinclair road, Kensington, and they indulged in easy work this morning.

The Marathon runners went five miles under Sherring, and the sprinters and hurdlers with Crocker. The Canadians will have the exclusive use of a private dressing room in the Stadium. The Canadian athletes have been invited to the Dominion Day banquet.

#### TO RACE ON SATURDAY.

London, June 24.—(C. A. P.)—At the London Athletic Club games at Stamford Bridge on Saturday some Canadians have entered, thus: 600 yards—Parke, Buddo and Tait. 100 yards handicap—Kerr and Buddo. 300 yards, handicap—Kerr and Sebert. Relay race, team—Kerr, Sebert, Buddo and Lukeman.

#### CONGRATULATES CANADA.

London, June 24.—(C. A. P.)—Billy Sherring, lengthily interviewed by Sporting Life, is optimistic regarding prospects of the Canadians; but he declined to prophesy. The Sporting Life congratulates Canada on her answer to the call to support the Olympic contest.

partnership. Billy thinks the Capitals have the best team in the league. Ottawa papers say that Cornwall will win all their home games and a few away from home, but Tecumseh will take good care to run Lally's men don't win at the Island on Saturday.

#### AT 1 TO 10.

#### Ballot Won the Equality Stakes Yesterday.

New York, June 24.—The Equality Stakes, at one mile, the feature of the card at Sheepshead Bay yesterday, resulted in an easy victory for Ballot. He so overwhelmingly outclassed his field that practically no price was laid against the Suburban winner. Rosimiro went to the front and set the pace, with Ballot second under double wraps. In the stretch Ballot easily went to the front and won pulled to a walk by three lengths in the fairly good time of 1:30. Live Wire was second, with Spooner third.

Helmet, the supposed best two-year-old in the Keene stable, yesterday made his first appearance and won easily.

#### LOUISIANA BETTING LOW.

New Orleans, June 24.—The Louisiana Senate yesterday passed the Locke anti-race track gambling bill by a vote of 21 to 10. One Senator died the other day, so that it required just 21 votes to pass the bill. It had already been passed by the House, and there is no doubt of the Governor signing it. The passage of the bill was attended with much excitement and oratory. The two chief Senators, Smart and Abbe, were present and voted for the bill. The missing Senator, Settee, who was left behind yesterday by the train, got to Baton Rouge in time to vote, and voted for the bill. His opponents denounced it as not preventing gambling, and insisted that cotton future speculations should be prohibited as well as race track bets.

#### KING BRYSON WON AGAIN.

Listowel, June 24.—The races opened here yesterday with a good crowd and a heavy track, from the very heavy storm last night. There was one heat in the 2:50 pace, which resulted in a heat to Capt. Mack, Crumley, of Chatham, 1; Ian Bars, Wm. Frank, Strathroy, 2; Deacon Pointer, J. S. Snow, Richmond, Quebec, 3; Perfection, Geo. Campbell, London, 4; Nettie Chimes, H. L. Westbrook, Brantford, 5. Time, 2:18.4.

#### WHY THE KING IS LOVED.

For all that he is the ruler of the greatest empire the world has ever seen, King Edward VII. is very human and democratic, and his people love him because he is one of themselves. A London paper's description of his wholesome enjoyment of racing and his courtesy in adding his congratulations to the other gratifications of successful owners, is illustrative of the grace and tact and nearness to themselves that have so endeared him to his people. This is an incident following the victory of Chevalier Ginstrell's Signoretta in the Oaks:

"That was the greeting bestowed by the crowd which thronged the course in front of the club enclosure, as the Chevalier Ginstrell, in incarnate smile, left the royal presence and crossed the lawn to return to the eighth room. Good old Macaroni! they cried, and he went to the royal box—it is not quite a box, but that will do—shook hands with the King and the royal ladies, and after a few minutes' conversation, retired from his Majesty into the room behind. The crowd guessed it at once. 'Come to 'ave a drink, I could do with one myself!' was the observation of one interested spectator; then out came the chevalier, and 'Good old Macaroni!' was the welcome bestowed upon him."

#### MR. LYON HOME.

Toronto, June 24.—George S. Lyon, Canada's golf representative for the Olympic tournament over the Sandwich, England, links, returned home yesterday. He earned the Olympic title for the second year, having captured it at St. Louis during the games there. While, however, the victory at St. Louis was a hard-earned one, the one at London this month was a bloodless affair, the contest being called off, as stated here last week, because Mr. Lyon was the only one who put his entry in properly. It was unsatisfactory to Mr. Lyon, and he did not accept the medal. He played in the British championships, but was defeated.

#### MR. LYON HOME.

It's when a fellow thinks he is out of sight that he feels all eyes are upon him.

#### MR. LYON HOME.

Since the victories over the Tecumseh and the Toronto, the C. L. A. champions have become very confident, and look upon Saturday's game as one they are bound to win. Of course they expect a good argument, and to make sure of good support from the stands, an excursion will be run from St. Kitts to bring the team's followers up to the game. This means that there will be just as much rivalry in the stands as on the field, and the warm old time is assured. The famous Melville will act as field captain for the visitors, while Hamilton promises to spring one that will be one of the sensations of the day.

Don Smith, who was on the hospital list last week, is back in the game as hard as ever, and Tammy, who was injured in the game at Brantford, is showing no signs of it now. Roy McNish, the big outside home man of the locals, pulled up lame after practice the other night, and is still limping a little, but will be all right by Saturday, and will help in the good work.

#### MR. LYON HOME.

It is likely that Jack Kearns, President of the C. L. A., will be selected to referee the big game on Saturday. Both teams are favorable to him, and if he cares to act, the job is his, while Woody Tegett will be the judge of play. Never in the history of lacrosse in this city was so much interest manifested in a game, and the management is preparing to accommodate a record crowd. The reserve seat plan will open at Hennessy's drug store to-morrow, and as there is sure to be a big demand, people desirous of getting a good seat will be wise in getting in early. The game will be played rain or shine.

## It's All in the Gear

Many motorists buy in the dark. The much advertised and so-called "hill climbing car" is the best. They fail to consider the fact that the engine that "glides up" would race itself to death on a flat, straightaway run. It is simply a question of gears. Any motor car can be equipped with a reduced gear adapted to hill climbing purposes. It is the car constructed for genuine service that gives genuine satisfaction in running up hill or down dale, across country or on the level, that proves its thorough dependability. Simplicity in construction and consequent ease of control demonstrates the RUSSELL to be your servant not your master.

## Comment and Gossip

Manager Richardson, of the Hamilton B. C. does not believe the story that every cloud has a silver lining. He says he is sure the clouds that hung over the ball park yesterday were devoid of silver, or even copper.

"Commodore" Fearnside reports that the V. Y. C. course, over which the L. S. S. A. races are to take place on Dominion Day, is very fast at present.

Quite a number of Hamilton horsemen will go to Listowel to-morrow to attend the closing day of the club's trotting and running meet. Mr. Richard Baird's Ideal will start in the 2:20 trial.

Tommy Burns writes a friend from England: "I am feeling good. I sail for Australia on July 3 on the steamer Mongolia. I arrive there on August 13 and fight on the 18th. Of course, I train on the boat going over."

The Canadian Olympic lawn bowling team left Toronto last night for Montreal, and will sail to-morrow for England.

A ten-round go between Captains Curtis and Bird would draw a bigger gate than a game between the Tigers and the Cherokee Indians.

From Toronto World: We omitted to mention that considerable of the success of the Hamilton meeting was due to the splendid officials in the different positions, some of them being particularly alert, no doubt, on account of their newspaper connections. Our paragraph in reference to the timekeepers was taken by the chief clocker in the spirit in which it was given; not so, however, by the stewards' valet, who seemed inclined to become rufous over the matter.

Some of the Tigers think if the Hamilton management can afford to pay \$50 a month for an official scorer, they should get an increase in wages.

Toronto Telegram: If Hamilton beat St. Kitts Saturday, just watch them swell up and tell folks they are a greater team than either of Toronto's N. L. U. bunches. Later they'll be sorry they ever promised to go to Montreal to meet Nationals.

London Advertiser: The manner in which St. Thomas is supporting its ball team is surprising. London never drew more than 300 at a Monday game. The Saints yesterday turned out 200 fans.

Tommy Burns is getting real "sassy" lately. In a letter to a London, England, newspaper he states that Jeffries was a pig when he was in the ring, and always insisted on at least 75 per cent. of the gate.

Some weeks ago Jeffries was quoted as saying that Burns acted like a chess for asking \$30,000 for a bout with Jack Johnson, and added that Burns should draw the color line or stop his bluffing. Next thing we know Jeff and Tommy will be matched. Most things pugilistic begin through the columns of the press.

While the races are going on at Latoria, everything is not as lovely there as the promoters would wish. It is understood that when the State Racing Commission ruled against the substitution of books for the pari-mutuel machines the track officials cut \$100 off the purses, so as to make a \$600 saving each day. The racing commission forbid their doing this and ordered that the purses be the same as before or the race meeting would be stopped. But the owners themselves, realizing that with conditions such as they were it would be impossible for the association to make money, united in a petition to the members of the commission, saying they were willing to race for the smaller purses, in order to give the track owners a chance to at least break even. The commission was moved by the fair spirit of the owners and recalled its edict insisting on the regulation purses.

Chicago Tribune: The passing of George Siler, the veteran pugilistic writer, to the great beyond, and the many tributes which followed his death, are well worth the study, not only of sporting men, but of every one interested in honesty and uprightness. Although to some persons pugilism and its environments are repugnant, George Siler elevated the sport and made it respectable wherever he was connected with it. He subordinated its objectionable features and treated it as one would treat any other occupation supported by public interest. And finally, when his career as a referee and writer was ended, from one end of his broad country to another came tributes all with the same fervor of the sterling honesty and sincere purpose of the man who upheld the honor of a sport frequently tainted with shady doings and trickery. In a field open to temptation and where it was easy to play for hire, Siler showed the world what honest effort meant. His example and memory will live.

A Bargain. Fred-Kitty didn't marry that millionaire duffer after all, did she? Jack-No; he backed out and she sued him for breach of promise.

Fred-Clear case of \$25,000 off for cash, wasn't it? I didn't think Kitty was so sharp at driving a bargain.—Comfort.

## OUR MODEST MR. LONG.

I do not like to throw bouquets, Especially where I'm concerned; But still I think a little praise Is due me for the trick I turned; No base on balls I handed out, My mastery was simply grand; They could not find me—there's no doubt I had them eating from my hand.

The heavy stickers looked at me Like kids upon some vacant lot; My curves were breaking to a T, I did not fear a mighty swat; One little "bingle" they amassed, My fingers could not understand; They fanned the air; from first to last I had them eating from my hand.

I showed my old-time form to-day; Of foolers I had quite a stock; They'd come to bat, then fade away, 'Which proves that I'm not going back. 'Twas up to me to win the bout, I had to do it or get canned; Now from the housepots I can shout, I had them eating from my hand.

## JERSEYVILLE

The Women's Institute of the village held their regular meeting at the residence of ex-Warden Vansieckle. The attendance was large and the programme varied and profitable. Addresses were given by Mrs. Ashbury and Miss H. Morrison, of Toronto. Ice cream was served up to the company by the hostess, Mrs. W. C. Vansieckle.

Flower Sabbath was a decided success, stirring mornings morning and evening, appropriate music by the choir, and a good attendance, were the features of the day. The church was tastefully decorated with blooming flowers and variegated foliage, peering out through verdant fern banks.

Mr., Mrs. and Miss Gertrude Stone, M. Frank Reid and Mr. Lloyd Dodman, of Brantford, visited with relatives on Sunday.

Mr. and Mrs. Jesse Vansieckle spent Sunday at a quiet evening.

Rev. Mr. Roberts, Mrs. H. Miss Lena and Master Ray Folger, of Cainsville, were entertained on Sunday by Mr. and Mrs. Robert Markle.

Miss Black, of Lynden, spent Sunday with Mr. and Mrs. Roy Black.

Mr. and Mrs. Ezra Wilson and family spent Sunday with their son, Jesse Wilson.

Rev. Mr. and Mrs. J. Aude spent the week end and Sunday at Grimsby Park.

Messrs. Allan and William Vansieckle have gone to Niagara Camp.

Mr. and Mrs. Lewis Marchant spent Sunday with Mrs. Marchant's parents at Weir.

The Ladies' Aid Society and Epworth League united to hold a strawberry social on Wednesday evening, June 24, at Maple Grove Farm, the residence of Mr. E. U. Howell, Jerseyville East; choice literary and musical programme, an abundance of refreshments, and a good chairman, in the person of Rev. A. F. Welster, of Ancaster.

Mr. W. Scott Wait, Jerseyville, will be the Reeve of Ancaster for the remainder of 1908, in place of Mr. E. J. Guest, resigned.

Mr. Nelson Smith and family spent Sunday with friends at Wellandport.

### NO PROVISION BEING MADE

For House Lighting in the Municipal Plant

And Manufacturers Will Not be Supplied.

Some Facts Which Will Surprise a Good Many.

Judging by opinions heard in municipal circles a lot of people are laboring under the delusion that as soon as Hamilton builds its municipal lighting plant house lighting can be done for almost nothing. Mayor Stewart to-day admitted that he had no idea how much it would cost the city to instal equipment for house lighting, and that no provision is made for that in the plant the city proposes building. His idea, he says, has always been to consider that phase of it later, and make a check-up with the Cataract for its lighting plant. If the company does not see fit to sell a by-law would be submitted giving the ratepayers the option of voting the necessary amount for a house lighting plant.

There is no doubt that a lot of people voted for the Hydro by-law before under the impression that provision was made for house lighting and giving manufacturers competition in power. As a matter of fact, when Hamilton has spent its \$340,000 neither the private house users or the manufacturers will benefit one iota. Should the city later decide to instal a plant for incandescent lighting, even aldermen who are favorable to the Hydro project, admit there is no doubt that the Cataract would begin a cut rate war which would leave the city's expensive plant on its hands, without any promise of returns, because there is no doubt that the great majority would take the power where they could get it the cheapest.

### BARKER QUILTS.

Could Make Nothing Out of the Hodgins Charges.

(Special Despatch to the Times.) Ottawa, June 24.—The Commons Special Committee which investigated Hodgins' charges will bring in a unanimous report to Parliament. Messrs. Barker and Lennox, the Opposition members on the committee, have decided to withdraw from their attitude of demanding a further investigation of the charges of over-classification, and have wisely concluded that the quietest way out of the fiasco is the best. The evidence will, therefore, be reported to the House in the course of a few days.

### COLLINS' JOB.

Dr. T. Millman Will Hold It Temporarily.

(Special Despatch to the Times.) Toronto, Ont., June 24.—The Executive Council of the Independent Order of Foresters met this morning, and selected Dr. T. Millman, Supreme Physician, to discharge the duties of the late Harry Collins, Supreme Treasurer, until July 6, when the Council will meet again to appoint a new Treasurer. Eventually it is said the office of Treasurer will be merged and vested in one person. This cannot be done for some time, however, because such questions must be submitted to the Supreme Court of the order, as several changes in the constitution are involved.

### KILLED BY TRAIN.

One Man Dead and the Other Expected to Die.

Toronto, Ont., June 24.—With their heads pillowed close to the track and their bodies stretched down the bank, David Gilmore, of Stronness, Ont., and Thos. O'Leary, of Syracuse, N. Y., were found on the Grand Trunk Railway northern division near Black Creek bridge, one mile north of St. Clair avenue, about 1 o'clock this morning. Gilmore was dead and O'Leary so badly injured that his death is expected any time at Grace Hospital.

### DIED OF BURNS.

(Special Despatch to the Times.) Ottawa, Ont., June 24.—Mrs. Proulx, 350 St. Andrew street, while lighting the fire last night, was so badly burned that she died in the Water Street Hospital to-day.

### GERMS, GERMS, GERMS.

Something Concerning the Growing Dread of Bacteria.

Radium destroys germs, but radium costs 3,000 times as much as gold. If a barber put a fresh towel under the head of each customer he raises the price of a shave. If he were compelled to sterilize his instruments in the manner undertaken by one medical barber shop in Paris, his fee would approach the dollar mark.

Every man who smokes put a generous allowance of germs between his teeth.

Uncooked food, like saals, has the bacteria of the water with which it is prepared.

Not only are we unable wholly to avoid the deadly germ, but many unskilful methods of outwitting him cost too much in time, money or abstention. Some there be who avoid cars, and others the public carriage, from dread of exchanging germs with occupants.

There are even those who, at the theatre, prefer a box because it promises a species of bacteria superior to what is offered in the stalls. At the opposite extreme are thousands who gaily drink from any vessel, and many who by the use of public towels and soap exchange honest toil for insidious beasts.

The number of deaths caused by carelessness probably surpasses that of the number encouraged by worry, but both are great. The best chance belongs to the man who takes what precautions are easy and within his means, and omits the rest without lurking thought.

### FOR BANK INSPECTION.

Bill to Increase the Bounties on Lead.

Hon. Mr. Fielding Explains—Amount to be Paid Out.

Macoun's Bill for Furnishing Supplies to Departments.

(Special Despatch to the Times.) Ottawa, Ont., June 24.—In the Commons this morning Hon. Mr. Fielding stated that the question of organizing a government inspection for the banks of Canada was an important one and worth study. However, financial men were by no means agreed as to what the result would be. It would be studied in connection with the general revision of the Bank Act for next session, though the government did not think it would be possible to introduce a measure this session.
