SEVEN HUNDRED THOUSAND PEOPLE HOMELESS IN FRANCE

Disaster from Floods is Overwhelming. Each Day They Continue Monetary Loss is Estimated at \$200,000.

Authorities Estimate Total Damage at \$200,000,000.

Paris Almost Completely Tied-Up. Water Supply is Threatened. Factories are Closed Down. Food Becoming Scarce

DAMAGE ESTIMATED THIS AFTERNOON AT \$200,000,000.

Paris, Jan. 26.—The government officials this afternoon estimated that the damage done by the flood in Paris and in the country exceeds two hundred million dollars.

Paris, Jan. 25.—The flood situation in Paris and throughout France, which until now has been merely menacing and inconvenient, became tonight so serious as to threaten a national disaster. Many thousands are homeless and the problem of providing for the sufferers has taken precedence of all other matters of state.

President Fallieres with the Minister of Public Works and their secretary today personally visited the flooded districts of Paris and the tributaries were overwhelmed by the scenes of suffering which he beheld. He contributed \$4,000 to the relief fund. Money is being given liberally in quarters.

For Relief of Sufferers. The senate today voted \$400,000. The private subscriptions will aggregate perhaps a million more. Special funds have been placed at the disposal of the prefects of police in the provincial districts for immediate use in caring for the homeless. The Rothschilds have given \$20,000. A Bank of France \$100,000 and the Banque de Paris and Ds Paris has \$100,000.

Although it has ceased raining buildings from the north and west say that a further rise of the Seine may be expected tomorrow. Already the point reached by the water has been exceeded only once in the history of the city. In some of the residences in portions of the city where the people are huddled together these are submerged to the first story. Soldiers are working night and day making the several localities have been reported.

Invasion Aristocratic Section. The water yesterday afternoon invaded the aristocratic residential sections and five hundred of the most prominent persons in Paris registered at the hotels.

Transit facilities are practically paralyzed. The Metropolitan has only one line running and that is expected to shut down soon. In this city factories are being shut down owing to the flooding of the electric plant; half of the telephones are out of commission and telegraph and railroad communication is demoralized. Electric light and gas is cut off in many sections. Paris is practically shut off from the south and west and if the present condition continues much longer the question of food supply will become alarming. Bread, meat, fish and other food stuffs already has been advanced and even more serious is the danger of a deficiency in the supply of drinking water, owing to the bursting of the mains.

Pumping Station Threatened. If the floods rise a few inches higher, the pumping stations will be put out of commission altogether. Many of the sewers also have been burst and this causes fears that a typhoid fever epidemic may ensue. Notices are being posted in all public places urging householders to boil all water before using it for drinking purposes. Almost the whole subterranean system of Paris, which is a city in itself, is flooded. Only two sections of the passenger subway are in operation and three fourths of the surface is wholly or partially tied up.

The minister of Marine has ordered the authorities of the ports to dispatch his boats and crews to Paris, and the military authorities have telegraphed to the generals in the provinces to hurry pontoons, bedding and awnings to the most dangerously affected points.

700,000 Are Homeless. Already more than 700,000 persons have been ruined and rendered homeless. It is estimated that as long as the floods continue it is impossible to even estimate the monetary loss. Whole villages have been submerged and the inhabitants in despair are hurrying for Paris. It is estimated that as long as the high water continues the loss will be at least \$200,000 a day.

The plains and lowlands lying between the serpentine bends of the river at the outskirts are deeply covered with water, and some of the small suburb villages have almost completely vanished beneath it. The authorities in Paris find themselves almost face to face with the necessity of blowing up certain of the bridges to prevent worse destruction, as the superstructures now practically stand as obstructions against the ever growing tor-

THE SEINE IS STILL RISING AND 30,000 PEOPLE ARE HOMELESS IN PARIS ALONE.

Paris, Jan. 26.—At noon today the River Seine was still rising. It is now four feet above low water mark, the highest point reached in the century. Thirty thousand are homeless in Paris, and two thousand persons, marooned in their homes, were rescued today by boats.

The city is cut off from the world by rail and telephone and few telegraph wires are working. They may go at any moment, and the electric lights appear to be doomed as they are almost completely tied up already. In the provinces the floods amount to a national disaster.

PUBLICITY OFFICER CHOSEN FOR PROVINCE

Otharis S. Hotchkiss, of Clarendon, will direct the investigation campaign with headquarters at Edmonton—Former Newspaper Man and Magazine Writer in United States.

The campaign which is to be waged by the Alberta government in order to secure a population of 400,000 people by the next Dominion census is a serious business. As a first step by the appointment of a publicity commissioner for the province. The selection has fallen on Charles S. Hotchkiss, of Clarendon, and he will enter upon his new duties next week. His headquarters will be in Edmonton and he will have control of the campaign under the direction of the Minister of Agriculture.

In the case of Mr. Hotchkiss it was the office seeking the man and not the man seeking the office. Hon. Mr. Marshall picked upon Mr. Hotchkiss and wired him to be in Calgary Monday. There a meeting took place and the final arrangements were made.

Well Qualified for Work. The new publicity commissioner is particularly well qualified for the position. He is a man of great energy and ability, a good organizer and a hard worker. He has had eight years experience in newspaper and magazine work which covers a wide field for such a position. He is also an old railroad man and was at one time assistant general manager of the Chicago and Grand Trunk railway line, which position he was compelled to resign because of ill health. Recently he has been liaison commissioner for the Clarendon district and last year did excellent work also in enforcing the grain act during the grain blockade.

He is a native of Ontario, but has spent most of his life in the United States. He is also very familiar with Alberta from north to south and his knowledge of the country has been increased by many trips between Edmonton and the south.

The appointment is only for one year because it is possible that the publicity campaign will not be continued much longer than that period. In the meantime the work of the license inspector of the district will be conducted from the headquarters.

Getting Out Literature. The government is now engaged in revising the handbook of Alberta and will also issue a large amount of new literature. It is also the intention to make exhibits at a number of the state fairs. The United States and it is altogether likely that some active agents will be sent to different parts of the country across the boundary as well as to the Old Country.

STRIKERS AND POLICE CLASH

One of the Strikers Shot in Shoulder By An Officer. Halifax, N. S., Jan. 25.—At the Caledonia Collieries of the Dominion Coal company yesterday the United Mine Workers strikers, numbering about sixty, mobbed the police a number of the latter being injured. Alex McDonald was shot in the shoulder, and severely wounded by Hennington, one of the company's police. The officer shot the strikers with his revolver in self defence, as his overcoat and uniform had almost been torn from his body, and he was forced to use the weapon. Hennington was arrested by the chief of the town police McEwan, on a charge of shooting, and was released on bail.

The troops will not be removed. An order for their return to Halifax has been countermanded and they will remain in Cobe Bronson until a strike is called off. There were also disturbances at other collieries.

Gambling House Proprietor Fined. Montreal, Jan. 24.—Erre Legault, arraigned before Judge Lest, charged with being the proprietor of a gambling house, pleaded guilty, and was sentenced to a fine of \$50 or thirty months in prison. He was fined \$200 and was fined \$20.

Parent and May Break at Any Moment Under the tremendous weight that is being hurled upon them.

Fully half of the population of Paris watches the river in the drizzling rain and at midnight many groups were still anxiously stationed along the course through the heart of the city. Some of the watchers reside in the houses adjoining the quays and fear to go to bed.

FARMERS ARE PLOWING IN SOUTHERN ALBERTA.

Lethbridge, Alta., Jan. 24.—The spring-like weather conditions since the first of the year and the especially mild weather of the past week is being taken advantage of by the farmers of the vicinity and district. Several farmers were spoken to this morning who stated that the ground is apparently free from frost.

Discing and harrowing have been going on in the neighborhood of the city for the past few days, and they state that if the present conditions continue for a couple of days longer it will be possible to plow as well.

Several farmers south of Bow Island were working on the land last week discing and harrowing. Work was also being done at Iron Springs, Hampshire, a general light fall and Barron and a report from Milk River states that some plowing has been done there.

COMMISSIONERS FOR CHILD CRIMINALS

Under the Provisions of an Act Passed at Last Session of the Legislature, Officials are Appointed by the Local Government in Edmonton, Calgary, Lethbridge and Medicine Hat.

In accordance with an Act passed at last session of the Legislature, and in order to provide for the protection of Neglected and Dependent Children, the local government has just appointed commissioners in various parts of the province who will have the powers of a police magistrate to hear and determine complaints against children apparently under the age of 16 years.

The commissioners for the City of Edmonton are Archibald Gray, Col. Belcher, C.M.G., John A. McQuillan, M.P.P., and Henry Gilbert. When any child coming before these commissioners appears to be under the age of 16 years he or she shall be deemed under that age for the purposes of the act, unless the contrary is proved.

Trials of children under this act shall take place as far as practicable in other premises than the law courts and at any time it is necessary to have the hearing in a regular court-house, the trial shall not take place until two hours have elapsed after the other cases of the day.

How Culprits Disposed Of. The commissioners have the power, instead of committing a child to prison, may hand over the child to their parents, or to a respectable child, or, if a boy, to the Industrial School or Children's Ladies Society, and the management of such children to a suitable trade. The parents of such child shall not remove or interfere with the child, except by permission.

Other Commissioners. In addition to the Edmonton commissioners in other parts of the province are as follows: Calgary—W. P. Taylor and J. W. Cechlo. Lethbridge—F. D. Shaw, J. S. Chivers, W. S. Galbraith. Medicine Hat—S. T. Hopper and D. Milne.

These will enter upon their duties at once and will be holding their first meetings on Monday, January 25. The duties of the commissioners will be to investigate and report on the cases of neglected and delinquent children.

Aldermen Scarc in Fernie. Nelson, B. C., Jan. 25.—Fernie board of trade has succeeded in inducing Mayor Houchman to appoint a C.P.R. snow plow as a council for election. Two other candidates have also been selected by the board. The recent municipal elections were a failure for lack of candidates.

C. P. R. Superintendent Injured. Vancouver, B.C., Jan. 25.—General Superintendent Busted appears to have been seriously hurt when his private car was carried down the embankment near Revelstoke by a snow slide. Mr. Busted was badly shaken up and believed to have two ribs broken. The car was badly smashed.

Orangeville Terrorist Averted. Sault Ste. Marie, Jan. 25.—Bob Cook, of Orangeville, a desperado who terrorized Dufferin last November, was arrested here today. He was taken into custody on crossing from the Michigan Soo. He will be taken to Orangeville and charged with stabbing a constable.

Parents Seek \$10,000 Damages. Woodstock, Jan. 25.—The parents of the Zuffels, brother and sister killed by a C.P.R. snow plow at Beachville, are claiming \$10,000 damages from the company. The coroner's jury found that a warning signal had not been given.

EARTHQUAKE AND TIDAL WAVE IN MEDITERRANEAN

ome, Jan. 25.—An earthquake last night shook the island of Uten in the Mediterranean. The damage reported is heavy. A rumor says Venice has been swept by a tidal wave.

BITTER FEELING RESULTS IN RIOT

No Cessation to Excitement in British Elections. Asquith Elected by Increased Majority.

London, Jan. 26.—At four o'clock this afternoon the party totals stood: Unionists 254, Laborists 232, Nationalists 72.

Two riots this afternoon broke out in the neighborhood of the approaching end of the miller at Wokingham, Berkshire, a general fight followed the announcement of the result of a Unionist gain. Hundreds of workmen marched in protest, fighting with the opposition. The police had difficulty in restoring order, as they did at Wokingham, Berkshire, where the Unionist candidate won without changing the relative standing of the parties. Partisan mobs gathered and a general riot started.

The rioting in the Highlands and the Sutherland shore may not be known till tomorrow because of snow blockades.

The first returns yesterday showed three Unionist gains and one Liberal. The former were for West Staffordshire, in northwestern Staffordshire, Stowmarket, Suffolk. The Liberals secured Ashburton, Devonshire. Pre-Asquith was re-elected in East Devon and in the interior where there was great rejoicing at Liberal headquarters and clubs when this became known. Another member of the present cabinet, Minister of War, Haide, was re-elected at East Lothian.

London, Jan. 26.—The Portuguese and Spanish coasters are dotted with wrecks and fresh reports of the havoc wrought by the great storm come hourly. Floods in the interior have done much damage. The Spanish Trans-Atlantic liner Guipuzcoa was wrecked off Bilbao. Six persons were drowned; the remainder were marooned on the vessel. Aid was rushed to the vessel. Wrecks have also occurred off Santander, off Ferrol and Coruna, Spain.

Copenhagen, Jan. 26.—Many villages are isolated and great damage has been done by floods throughout Denmark. Shipping suffered severely from the great storm. The loss of life reported is heavy.

FALSE REPORT SENDS UP THE PRICE OF SCRIP

Statement From Winnipeg That Time for Making Selections Had Been Extended for Two Months, Caused Jump in Price from \$700 to \$750.

A report which obtained circulation in the city Tuesday to the effect that the time for making South African scrip had been extended for two years from next December. The date named for the extension was almost instantaneous jump of scrip from \$700 to \$750 each.

Later investigation reveals that the report had its origin in a foundation story published in a Winnipeg paper and wired to the vendors of the scrip in the city. The story is not correct and latest reports are that there will be no extension of the time for expiry in December next.

A Winnipeg dispatch received by the Bulletin Wednesday is as follows: A contemporary published a statement yesterday to the effect that time for locating South African veterans warrants had been extended two years giving the veterans, or those to whom they have sold their scrip until December 31, 1912, to select their land. The statement however has no foundation in fact. Enquiry made by your correspondent at Ottawa shows that the time for locating warrants has not been extended and is not likely to be. It expires on December 31st next.

Sir George Garneau Retires. Montreal, Jan. 25.—Nominations for the municipal elections take place here on February 15th and the election on February 21st. Most of the seats in the French-Canadian wards will be contested. As regards the mayoralty, Sir George Garneau is retiring and Senator Choquette will be a candidate, with good chances of success.

Two Aged People Succumb. Montreal, Jan. 25.—Mrs. Joseph Bidard, aged 70, 292 Plessis street, and Mrs. Tiliza Graham, aged 78, of Common street, were found dead in their respective homes today. Coroner McEachern disposed of the cases without a jury, heart-failure having been the cause of death.

Seek Federal Protection. Ottawa, Jan. 25.—Frank O. Fowler, secretary of the C.P.R., is here. F. W. Waters, of the C.P.R., are here arranging an interview with the Minister of Trade and Commerce for next week with respect of western elevator interests, no doubt the outcome of the policy of the Manitoba government in public ownership and operation of interior elevators.

CHRISTIANIZING OF CIVILIZATION

Rev. Dr. Chown in the McDougall Church Delivers an Eloquent Moral Reform Address.

"The Christianizing of Civilization." That is the goal of the Temperance and Moral Reform movement of the Methodist Church, described by its leader, Rev. Dr. Samuel Dwight Chown, who addressed an audience in McDougall Methodist Church last night on the aims and work of the society for Temperance and Moral Reform.

Dr. Chown left Toronto for the west the day after the people of Ontario had declared themselves on the question of local option. He told his audience last night how one hundred and sixty-one battles had been fought in the last campaign and how local option had won the day in one hundred and forty-one of these on a straight majority. The days had been a bitter one, but all the old ghosts that used to haunt the platform were absent. They were for ever dispelled.

Dr. Chown contended that under local option better hotel accommodations was provided and less liquor sold. Instead of local option being detrimental to business, the reverse was true. Property in Midland, an Ontario town, where things move slowly, had doubled in value in two years under local option. A drunken man was never seen on the streets of the town. Testimonials of the benefits of the by-law came from all sources in great abundance. The argument had been used in the campaign that farmers would not take their produce to market in a "dry" town. This argument had been brought up in the fight in Tielsonburg and Ingersoll. The farmers between these two places gathered together and passed a resolution that the liquor trade was stalling them by insinuating that they were the kind of men who needed a glass to tempt them to town and that they would take their produce to the town which carried local option.

Testimonial of Mayor of Barrie. The Mayor of Barrie took the platform in the campaign at Orillia and declared that Barrie was losing trade because the wives and mothers of farmers persuaded them to market their produce in Orillia, the local option town.

Sympathy was the great motive of the work of the reform movement. When established in the Methodist Church it was thought at first that the reform would be merely an act of piety for the finding out of ill. Its purpose had not been to stir up the people to sorrow for their suffering so widespread in the land and arising from intemperance "and immorality."

Parish for Reformation. Dr. Chown deprecated the jail confinement of youthful offenders, who were thus taught vice and crime by contact with hardened criminals. The old idea of punishment for vengeance had passed away. Now, in Canada, law-breakers were punished for correction and the protection of society. It should be borne in mind that when a man committed a crime he did not by his single offense lose every personal right in the world.

Study Evil Lovingly. Victor Hugo said "Study Evil Lovingly." His advice should be taken in the dealing with criminals. It is better for a government to put money into reformatory farms than into jails. The speaker said that the crime, but punishment should be made with a view to reformation.

The Juvenile Act in force in Manitoba was one which the Minister of Justice had told the speaker he would like to see enforced all over Canada. Under this act no child under sixteen years of age could be sent to jail. The child was tried for his offense before a special magistrate, who endeavored to see things from the child's standpoint before passing judgment. The Neglected Children's Act of Alberta went a long way, but not far enough.

Care of First Offenders. First offenders ought not to be put in jail for a term of years, but should be placed under the care of a special board, consisting of a warden, physician and chaplain, who would decide when the prisoner was in a fit state to be released. He should then be let out, and if not found to respect the law, sent back again. Under the present system it was often the wife and child who had to bear the brunt of the husband's guilt.

The speaker thought that there should be government provision for the cure of drunkards. The Ontario government had no policy for the cure of drunkards, but he knew one member who had, and who would propose to introduce legislation. Some people ridiculed the idea of legislation in this direction; it would be encouraging drunkennes. He was not afraid of men getting drunk because the government would take them in hand. If you make drunkards by law, you ought to cure them by law, said Dr. Chown, who proceeded to indicate the difference between the modern treatment of years, but should be given in the days of the straight jacket.

Prohibition of Opium. The reform which had been effected by the Dominion Parliament in prohibition of public ownership and operation of interior elevators.

WITH THE FARMERS

THE EDMONTON MARKET.

There has been a big attendance of farmers on the local market square during the past week, the mild weather having resulted in an exceptionally large amount of produce being offered.

Prices in hay, meats and fish remain much the same as in past weeks, the large supply keeping the prices from rising.

A feature of the week has been an increase in prices of live stock, as shown by the quotations of the J. V. Griffin Co. In all lines of live stock there has been a slight raise.

FARMERS' MARKETS. Grain and Feed. Wheat at elevators, 80 to 82c per bus. Wheat to millers, 82 to 86c per bus. Rice at Elevators, 24c to 26c per bus. Feed wheat, 60c to 65c per bush. Bran, per cwt., \$1.15.

Dairy Products. Dairy Butter to dealers, 25c to 26c per lb. Creamery Butter, 25 to 30c per lb. Eggs, 38c to 40c per dozen. Cheese, local, 12 to 15c per lb. Good Calves, 200 to 300 lbs., \$1.25. Choice Calves, 125 to 200 lbs., \$1.25. Heddings, \$1.25. Timothy Hay, \$13 to \$17. Upland Hay, \$10 to \$12. Sleigh Hay, \$8 to \$9 per ton.

Live Stock. Choice hogs, 150 to 250 lbs., 8c. Roughs and heavies, 10 to 7c. Good fat steers, 1,200 lbs., 3 1/2 to 4 1/2. Good fat steers, 1,000 to 1,200 lbs., and up, 3 1/2 to 3 3/4. Good fat steers, 900 to 1,000 lbs., and up, 3 to 3 1/4. Extra good fat heifers, 1,000 lbs., and up, 3 to 3 1/2. Medium quality fat heifers, 900 to 1,050 lbs., 2 1/2 to 3. Extra good fat cows, 1,000 lbs., and up, 3 to 3 1/2. Medium quality fat cows, 900 lbs., and up, 2 1/2 to 2 3/4. Bulls and Steers, 1,000 to 1,200 lbs., 2 1/2 to 2 3/4. Light weight, poor and thin cattle, not wanted.

Good Calves, 125 to 200 lbs., 3 to 3 1/2. Good Calves, 200 to 300 lbs., 3c. Choice Killing Lambs, 5 1/2 to 5 3/4. Poultry and Dressed Meats. Young Turkeys, 20c to 25c per lb. Spring Chickens, 12 1/2 to 15c per lb. Dressed Geese, 18c to 19c per lb. Hindquarters of beef, 4 1/2 to 7 1/2 per lb. Front quarters, 4c to 5c per lb. Dressed Pork, 10c to 11c per lb. Vegetables. Potatoes, 50c to 60c per bush. Carrots, 60c per bushel. Turnips, 60c per bushel.

TUESDAY'S GRAIN MARKETS. Winnipeg, January 25.—The market opened weak this morning on lower cables and fairly good receipts, but the sentiment changed round caused by heavy buying in Chicago, which affected Winnipeg wheat, so much that it was soon on the upward trend. It was at noon and the close that the chief buying occurred, though for some time before the bell rang there was considerable profit taking.

The noticeable feature was heavy buying by exporters with European connections and the excellent demand for Winnipeg wheat, which closed at 1/2 to 3/4 higher. Winnipeg cash prices—No. 1 Northern, 1.02 1/2; No. 2 Northern, 1.06 1/2; No. 3 Northern, 98 1/2; No. 4, 94 1/2; No. 5, 93; No. 6, 85; rejected 1 1/2 Northern, 97 1/2; rejected 1 1/2 Northern, 96 1/2; rejected 2 1/2 Northern, 94 1/2; rejected 2 Northern for seeds, 96 1/2; rejected 2 Northern for seeds, 94 1/2. Oats—No. 2 white, 36 1/2; No. 3 white, 35. Bailey—No. 3, 47 1/2. Flax—No. 1 N.W., 1.83. Winnipeg options in wheat—January, 1.02 1/2; 1.03; May 1.05 1/2, 1.06 1/2; July 1.06 1/2, 1.07 1/2. Oats—January 35 1/2, 36 1/2; May 35 1/2, 35 1/2; July close 36 1/2. American options: Chicago—July 1.00 1/2, 1.01; September 96 1/2. Minneapolis—May 1.11, 1.12 1/2; July 1.09 1/2, 1.13 1/2.

CHICAGO GRAIN MARKETS. Chicago, January 25.—Shorts in grain and provisions were obliged to pay the penalty. General liquidation by longs, followed by the putting out of short lines on Monday and early today, caused a general tightening up of conditions. Some of the shorts covered early, but when the buying became general late in the day, values mounted steadily upwards and resting spots were at the highest levels reached. May wheat sold up from 1.08 1/2 to 1.10 1/2 and July from 98 1/2 to 1.01 1/2, and closing showed net advances over today of 1/4 to 1/2 cents. May corn ranged between 66 1/2 and 67 1/2 and July 65 1/2 and 67 1/2, with best prices sustained. Oats were strong and higher. Provisions reacted from the lowest

point reached and lard was lower for the day. Pork and ribs were mainly higher.

The buying of the entire list was of the best character, while the selling was led by scattered interests. The advances in the various markets on the board today were natural. There was underlying strength in all the pits and those who took on the grain and provisions to change hands made the purchases in the one belief that the recent forced declines were the result of sentiment more than anything else. Word came from the spring wheat country that millers were good buyers of the cash article at fall farmer prices, but that the demand for flour was unabated.

There were declines of 1/4 to 1/2 in futures at Liverpool; Berlin was off 1 1/2 cents; Budapest lost 1 1/2 and Antwerp was unchanged. Paris wheat was 1/2c higher and flour was up equal 1/2 to 3/4c. The action in corn was very similar to that in wheat—heavy liquidation early, accompanied with plenty of short selling, followed by a sharp rally and general scramble to cover before the close. The country was selling more grain for shipment.

Oats values sympathize dearly with the weakness in the other grains and rallied proportionately. Elevator interests were buyers of M ayots with some country and professional selling. Shorts covered on the sharp rally.

Around the inside prices for hog products the large shorts at packing interests started belaying and the demand together with investment buying on outside orders gave prices a good rally, most of the list advancing above yesterday's close.

CHICAGO LIVE STOCK. Chicago, January 25.—Stock yard trade was demoralized today. While supply was lighter than last week, the bottom fell out of the price list. The cattle market was generally 25 cents lower than last week's close. The 40 hog lot had a mere smattering on top of the 25 cent decline of Monday came a fresh raid and the day's business was done on a 10 cent lower basis.

Hogs—Receipts 16,000. Mixed and butchers, 8.15 to 8.50; good heavy, 8.35 to 8.60; rough heavy, 8.10 to 8.30; light, 8.10 to 8.40; pigs, 6.75 to 7.90; bulk, 8.30 to 8.45. Cattle—Receipts 6,000; weak. Beves, 4.25 to 7.85; cows and heifers, 3.00 to 6.25; stockers and feeders, 3.25 to 5.55; Texans, 5.00 to 6.10; calves, 7.00 to 9.25. Sheep—Receipts 15,000; market steady. Sheep, 3.75 to 6.25; lambs, 4.80 to 8.60.

CHRISTIANIZING CIVILIZATION

(Continued from Page One.) Inhibiting the manufacture and sale of opium, except for medicinal purposes, was one which was brought about through the instrumentality of the Society for Temperance and Moral Reform. The United States has followed the example of Canada in this respect and at the great conference at Shanghai the total abolition of the opium trade in China would be considered.

In one year in Canada, 318,000,000 cigarettes had been sold. E. H. Harriman, the great railroad king, had said that he would as soon go to the asylums for employees as to the cigarette trade. C. E. Usher, general passenger agent of the C.P.R., said that when a man came to him for employment he asked him two questions: "Did he drink liquor? Did he smoke cigarettes?" He must have a distinct answer in the negative before engaging any man. The law prohibiting the sale of tobacco to any child under 16 years of age was a great boon. According to dispatches from Ottawa this law had resulted in the diminution of the sale of cigarettes last year by fifty million.

Organized Thieving. Race-track betting through bookmakers was characterized by the speaker as simply an organized system of thieving. Anti-gambling legislation in the United States was driving the bookies to Canada. At Victoria, during sixty days that people played the ponies, it was said that \$2,000,000 was squandered on the race track. This was probably an exaggeration, but it was generally admitted that at least half a million had been lost to American bookies. An extra quarter million had been taken out of the savings bank during the two race months. The Vancouver Board of Trade had recently discussed the situation and unanimously passed a resolution censuring race track gambling and requesting prohibitive legislation. The Merchants' Exchange of California the other day passed a similar strong res-

olution asking state prohibition by anti-gambling laws. Woodbine Receipts. The annual receipts of the Woodbine at Toronto were placed at \$255,000. The annual expenditure was estimated to be \$125,000. A great gambler had told the speaker that he would be willing to put up \$150,000 for the balance made in a single year. This was where the people's money was being squandered. Prohibitive legislation was being looked for. Sir Wilfrid Laurier had afforded the bill every opportunity it could have and was helping it through the House. In very strong terms the speaker decried the system of segregation in dealing with the social evil. No Christian could suggest such a remedy which puts women under conditions which accelerate their damnation. If they were cattle they should be herded, but if they had souls they were to be saved. Legislation had been asked to penalize the procurers of white slaves and Parliament had but raised the penalty

from two years to five—the penalty for killing a hop vine in a garden. The speaker trusted that an end would be put to the indescribable evil in Canada. People asked, why is the Church of Christ in such a work as this? His question was, how could it be the Church of Christ if it was not engaged in such a work? At the conclusion of Dr. Chown's address a vote of thanks was moved by Principal Riddell and seconded by Dr. Allin. It was presented to the speaker by the chairman, Rev. Dr. Hunter, who was chairman of the Montreal Methodist district when S. D. Chown was a younger member and who later was under Dr. Chown's chairmanship in the Toronto district.

Dr. Waddell, chief engineer of the Alberta and Great Waterways, returned to the city on Saturday. No announcement has yet been made with reference to the contracts for clearing the right of way to Lac la

JEALOUSY CAUSES TRAGEDY. Jos. Schell Attempts Life of Sweetheart and Girl Chum. Toronto, Jan. 22.—Crazed with jealousy because the girl whom he had been courting several months would have no more to do with him, having heard that there was Italian blood in his veins, Joseph Schell, said to be employed in the King Edward Hotel barber shop, this afternoon stabbed, perhaps fatally, both his sweetheart, Margery Harvey, and Nettie Bennett, her chum and room-mate, in their room at 75 Shuter street. The girls were entertaining several callers when Schell began protests and struck the Harvey girl. The Bennett-girl went to her assistance but was herself struck and thrown away. As she sat crying in a chair Schell tried to quiet her. Failing he suddenly drew a clasp knife and stabbed her in the arm and under the left shoulder blade. He then turned upon Margery Harvey and stabbed

her twice in the left forearm and in the breast. Blood spattered on the wall. The other men in the room did not interfere. A lodger downstairs came to the girls' assistance. Harvey fled, but was arrested tonight. The girls are waitresses. Strike and Lock-Out Statistics. Ottawa, Ont., Jan. 25.—Total number of strikes and lock-outs in existence in Canada during 1909 was 69, or exactly the same number as in the previous year. There was, however, a considerable increase in loss of time to employees occasioned by trade disputes. This was owing to the strikes in the coal mines in Nova Scotia, and a strike of coal miners in Alberta and Eastern British Columbia. There were approximately 17,881 employees involved in trade disputes, as compared with 26,232 in 1908. Of the disputes thirty ended in favor of the employees, and ten in favor of employers, while a compromise was reached in thirteen disputes.

PURIFIED HIS BLOOD

Dr. Morse's Indian Root Pills Healed Mr. Wilson's Sores. When the sewers of the body—bowels, kidneys and skin ducts—get clogged up, the blood quickly becomes impure and frequently sores break out over the body. The way to heal them, as Mr. Richard Wilson, who lives near London, Ont., found, is to purify the blood. He writes: "For some time I had been in a low, depressed condition, my appetite left me and I soon began to suffer from indigestion. Quite a number of small sores and blotches formed all over my skin. I tried medicine for the blood and used many kinds of ointments, but without satisfactory results. What was wanted was a thorough cleansing of the blood, and I looked about in vain for some medicine that would accomplish this."

C. F. HAYES, Business Manager

THURSDAY, JANUARY 27, 1910.

MR. BORDEN'S RACIAL POLICY.

It is abundantly apparent that either Mr. Borden's lieutenants and colleagues are running away with him or that he is engineering a double-faced campaign, calculated to cultivate racial disharmony in the country, in hope of undermining the Government's prestige in either one section or the other. Such campaign has been under way during the past summer and fall and still proceeds merrily with no sign of abatement. Promptly on the outbreak of the "war scare" in the Old Land many Conservative papers printed in English-speaking Provinces began to shout for a contribution of money or of battalions to the Imperial navy. Equally promptly, the Conservative papers in the Province of Quebec, printed in the French language, began to demand that neither this nor anything else to help the Old Land be done. While the English-speaking Province knew nothing of this Quebec campaign, the loyalist talking section of the party press was very careful not to take notice of it. Not only did they not rebuke it, they did what they could to keep the country from knowing that it was going on. Mr. Monk, however, let the cat out of the bag. He declared his views on the naval question, views thoroughly in accord with those previously expressed for months by the papers of his party in Quebec. But a statement by Mr. Monk was different from a statement by a newspaper limited to French reading Conservatives. Mr. Monk was the party leader for Quebec. He spoke on the eve of the Ontario elections. The next day all Canadian knew what he had said—including of course the electors in the contested constituencies. This made the promoters of the Ontario campaign exceedingly angry—angry, of course, at Mr. Monk's indiscretion, not at the fact that he agreed with the views of the party papers in his Province. The Toronto News undertook the task of lecturing him, and in the course of doing so admitted with inadvertence similar to that of Mr. Monk that he had said no more than others had said, but that he said it from a more conspicuous position and said it on an important occasion. The News made clear that it was displeased, not that the campaign had been carried on, but that it had become known that it was being carried on. On such excellent authority we have it therefore that a campaign of anti-Imperial character has been under way in Quebec from the first. That it is under way now no one needs to be told for it has been carried into the arena of the House of Commons.

Whether Mr. Borden is the victim or the strategist on this occasion is entirely satisfied that the two camps pursue should proceed. At least he is doing nothing apparent to stop the one or the other. There is some reason to suppose he is the victim rather than the designer of the plan. He was in Europe when it developed into a Canadian issue and when the English papers were shouting loudest for a contribution of money or ships. When he reached Halifax on his return, fresh from London, where the situation was better understood than here, he made a speech in which he declared warmly for the creation of a Canadian fleet. In preference to his declaration of cash or vessels, he imperially flung. This was not shot for the advocates of contribution. They did not take it "down." Some of them persisted with more energy than wisdom to hurl criticism and ridicule at the proposal to build a Canadian fleet. They were apparently not satisfied with the view apparently the position Mr. Borden occupied. The leader seems to have taken counsel with himself and considered the security of his position. At any rate he indicated the other day to the House that he favored an immediate contribution of cash. When he had finished Mr. Monk rose, repeated with emphasis:

"Many persons find themselves affected with a persistent cough after an attack of influenza. As this cough can be promptly cured by the use of Chamberlain's Cough Remedy, it should be allowed to run on until it becomes troublesome. Sold by all druggists."

THE GOVERNMENT PACKING PLANT.

The Commission appointed by the Provincial Government to look into the conditions of the hog raising industry and to report on the practicability of a packing plant started under Government auspices, recommended such project in a clause which is here quoted: "That when a sufficient number of hog growers give a reasonable assurance that they will supply at least fifty thousand hogs per year to a plant and that they will elect from among themselves officers and directors whose duty will be to look after the steady supply of hogs of suitable quality; and on the amount of money need from time to time to successfully operate the plant; to look after the conduct and abilities of the operators; your Commissioners would then refer the money to build, equip and operate a plant, as they and the directors deem most advisable, so constructed as to admit of enlargement, and the project to handle at least three hundred hogs at a time; that the management take in the farmers' hogs, and when time of delivery up to two-thirds of their estimated value, then at regular intervals as may be agreed upon when sufficient time has elapsed to place the product on the market, pay the producers the balance of the cost of curing and marketing the same and a sum sufficient to pay local working expenses, such as interest on tax directors' remuneration, etc., also a one-quarter cent per pound value of the hogs, and a one-quarter cent per pound value of the product to be applied to the purpose of paying back the Government their origin, in interest and interest thereon, and at the same time to allot shares to each patron equal to the amount paid on the one-quarter of a cent per pound on his product."

The Alberta Scottish Review is the name of a new monthly published in Edmonton. The first number is a very creditable one. It contains among other articles, a biographical sketch of Premier Rutherford, and an article on the Edmonton of twenty-three years ago by Rev. Dr. McQueen.

The London Times threw into the election campaign the monthly South American edition, the idea of which was to prove that British trade is being ousted from that continent by competitors—namely, Germany, the United States and Japan. The general trend of the statistics indicated in this table of statistics relating to the trade of the Argentine—

Table with 3 columns: Year, Value, and Change. Rows include 1877, 1898, 1900, 1901, 1902, 1903, 1904, 1905, 1906, 1907, 1908, 1909, 1910.

At the convention of the United Farmers the other day a form of contract proposed by the Government was adopted by the delegates as satisfactory. This contract binds every farmer signing it to supply a certain number of hogs to the plant per year. It is understood that an active canvass has been begun for signatures. The subject may therefore be considered under way and its completion to rest with the farmers.

MORINVILLE. It is with regret that residents learned of the death of Louis Ferras, a well-known resident of this town. The deceased was taken to Edmonton to have an operation performed, which proved fatal. He leaves a wife and two children to mourn his loss. The death of Delphine Bouchard took place on the 19th. Sincere condolences are being tendered to the relatives of the deceased.

On Saturday, the 22nd, a meeting of the representatives of the Fishermen's Catholic Public School was held to elect new trustees. Rev. J. A. Ehrler, St. Bonaventure and O. Lachance were elected.

Misses Albina and Cecilia Krauskopf, who have been sick for some time, are now recovering.

A party was held at Mr. and Mrs. M. Siefers on the 23rd. A very enjoyable evening was spent.

Mr. and Mrs. A. Gagnon returned last Sunday from their wedding trip. Morinville, January 22nd.

Chair for Dr. Barclay. Montreal, Jan. 25.—It is rumored that an important chair in the Presbyterian college will be offered to Rev. Dr. Barclay when he returns from the pulp of St. Paul's church in this city. Nothing definite is obtainable of the details of the offer.

Frightful injuries to Millman. Lethbridge, Jan. 22.—Yesterday afternoon Joe Birney, an employee of the Ellison flour-mills, was caught in the shafting while putting on a chain belt. Both his legs were broken and his left arm pulled off. He is still alive.

DISTRICT NEWS

BEVEDERE. Bellevue News Service. On Tuesday, January 11th, at Riviere Qui Barre, occurred the marriage of Miss Agnes Marie, eldest daughter of Mr. and Mrs. John Donnelly, to Mr. Peter Frederick Brant, both of Bellevue. The bride was attired in a princess gown of white tulle and silk. Miss Josephine, sister of the bride, acted as bridesmaid, and Thomas Donnelly acted as groom. After the ceremony the happy couple departed for Bevedere, where a dance was given Wednesday night at the home of the bride's parents. Over eighty people were present, and at the two hours of the morning departed for their homes after spending a very pleasant evening. The bride received a numerous lot of beautiful presents.

STURGEON VALLEY. Bellevue News Service. The annual meeting of the ratepayers of Sturgeon Valley School District was held at the school-house, Battenburg, on Thursday, January 13th, with only a very small attendance. John Milligan was the chairman. The secretary, W. Mason, read the minutes of the previous annual meeting, which were approved. The Chairman then called upon the secretary to read the reports as per the Education Act, which were read and approved. The school district is entirely out of debt with the exception of \$500 still owing on debenture coupons. The school has been in operation for seven years and is well furnished, and as there is about \$600 due to the board there is no wonder that the ratepayers are proud.

The Chairman called for nominations for trustees, in place of W. Mason, whose term had expired. Mr. Mason was re-nominated for the seventh time, and was again re-elected. The Chairman then declared his trust in the board and the nation through a message.

UNIONIST RED LETTER DAY. London, January 25.—By winning ten of the twenty-nine seats polled yesterday, the Unionists recorded their red-letter day of the pollings so far, and did much towards their declared ambition of getting a majority over the Conservatives. The situation is represented by the following table: The Unionists gained 10 seats, the Conservatives lost 10 seats, and the Liberals gained 10 seats.

Joseph Marot and Laredo Hoppi, are listed as missing.

Sudbury, Ont., Jan. 23.—Thirty-four are now known to be dead as a result of the Webbwood disaster on the Soo line of the Canadian Pacific railway, and the thirty-five from a collision car, of whom none is thought to have escaped totals sixty-nine. This taking into account only seventeen recovered from the first class coach, which is considered short of the mark. The number in this car as estimated at thirty, which means that some fifteen bodies are still missing from it. The total death list will not be under seventy-five. Drs. Cook and Arthur and the staff in charge of the hospital here, have been the hardest worked people in Sudbury since the accident. With already fifteen patients in the building and bed capacity for only thirty, they took in twenty-four of the injured and gave them beds by shifting some of the convalescents to cots. Five of the injured at the hospital have since died and Dr. Cook feels almost sure that several others cannot recover. Hon. Frank Cochrane was a visitor to the hospital today to see D. M. Brodie, of Sudbury, who is believed, will recover. The C.P.R. surgeon from Montreal is helping to attend to the patients.

Appalling scenes greeted the eyes of many heartbroken relatives and hundreds of sightseers at the Spanish river bridge, when it bodies of the wreck victims were fished from the first class coach. The bodies were spaded with pointed poles, giving a gruesome effect. Vice-President McNeil and many lesser C. P. R. officials were present. Little information is allowed to leak out as to the identity of the bodies recovered. Many newspaper men with cameras are on the spot. There are over 20 bodies in Sudbury tonight. Several are not identified. Several persons arrived on the 8 o'clock train from the west in search for friends, but they could not get into Henry's undertaking parlors, where the five unidentified bodies lay.

Much criticism is heard regarding the brutal manner of separating the bodies, instead of raising the car by cranes or employing divers.

Bodies in Diner. Three bodies were recovered from the dining car Friday night, and brought to Sudbury. The car was raised out of the water by means of a crane. Today 200 men are on the job aiding in the work of rescuing the bodies and repairing the track. The

submerged first class coach broke in two when it was partly hauled out and the water after several bodies had been taken from it.

The last body taken from the first class coach before it broke was that of Rev. Stephen Childerhose, of North Bay, Childerhose, who was superintendent of Presbyterian home missions, was on his way to visit the posts along the Soo line. He leaves a wife and a son, 12 years old. He was a native of Cobden, Ont. For 12 years he was stationed at Madoc and 12 years at Parry Sound, moving to North Bay a year ago.

Anxious Friends at Nairn. Many anxious friends of missing people are at Nairn and the bridge waiting for the recovery of the bodies. It is feared many are doomed to disappointment. The opinion is general that the current has carried many away and that they will never be recovered. Nothing has been heard of Allen McLeilan, veterinary, of Sudbury. His brother and his father-in-law are at the scene. Sudbury people, who were saved, are sure they saw McLeilan on the train at Nairn, and he is believed to have been in the day coach. Several people, who viewed the unidentified bodies, think one is that of Ben Allen, a horse dealer, well known hereabouts, and supposed to have hailed from Gederich. Mr. Sanderson, on the train at Nairn, and he is believed to have been in the day coach. Scenes of Anguish Indescribable. The cause of the accident seems to have been a truck of the colonist car jumping the track. The impact of the colonist car against the steel girders had been taken from either of the two sunken coaches. All in these have

perished, except the dining car attendant and the brakeman. The Pullman car lies on its side, a wreck. Presentation of Disaster.

Toronto, Jan. 23.—One of the injured in the wreck at Sudbury is Byron J. Pearce, of 807 Queen street, west. Word of the accident reached his home about five o'clock this morning, a telegram having been sent to his brother, Mr. Claude Pearce, captain of the Irish Canadian C.

News that their son was injured was kept from the parents, Mr. and Mrs. George Pearce, the brother taking the first morning train to Sudbury.

Claude Pearce had a strange premonition last night. He was assisting manager at the meeting held in the Excelsior rink and went home with J. Corkery, who was also interested. The two talked over the events of the night and went to bed together. About two o'clock this morning Mr. Pearce began screaming at the top of his voice, calling his brother, Yon. This woke Corkery up, and he in turn aroused ePearce.

When asked what was the matter Mr. Pearce stated that he had a dream that something terrible had happened to his brother, just what he could not tell. He then went to sleep, and forgot about the dream until he received the telegram, conveying the news of the accident.

Great anxiety is felt here concerning Mr. Pearce's condition. The Victoria Lumber company, who left Toronto on Thursday for Webbwood to go into the bush.

YOUNG MEN OF CANADA PRAISE PSYCHINE

The Thirty years' successful record of Dr. Secum's PSYCHINE in Canadian homes has been due alone to its great merits.

The following are a few of the many thousands of testimonials that are continually being received

Testimonials from young men: Mr. Thomas Wylie (Box 254), Galt, says: "I must say my son Wilbert was a consumptive..."; Mr. M. E. Harron, of Newton, Ont., writes: "I must say my son..."; George Pratt, of Clarkson, Ont., says: "Four years ago my son Wilbert was a consumptive..."; Mr. G. D. Colwell, of Walkerville, Ont., was stricken down with La Grippe in 1906...; Thomas P. Macdonald, a prominent singer of Teeswater, says: "Six years ago I became a victim to La Grippe and had it in its worst form..."; "One day I saw in the paper what PSYCHINE had done for others and thought I would give it a trial..."; "To-day he is a robust young fellow, stronger than the brothers..."; "I cannot speak too highly of PSYCHINE. It certainly saved my boy and made a man of him."

WHAT BETTER PROOF OF MERIT THAN UNSOLICITED TESTIMONIALS FROM YOUNG MEN

PSYCHINE is a medicine everyone needs, old or young, the Blessing of Good Health is possible for everybody. In the great majority of cases, with reasonable exceptions, disease, especially throat and lung trouble, is contracted either through carelessness or needless exposure. Coughs, Colds, La Grippe, Bronchitis, Catarrh are serious in themselves, but more so when we remember that they are preliminary stages of more serious troubles, and should be promptly and effectively checked in their earliest stages. PSYCHINE, that wonderful remedy for building up a strong, healthy body and restoring and quickly curing all throat, lung and stomach troubles is what you need. Weariness and Disease cannot exist where PSYCHINE is used. It is the Greatest of All Tonics and gives vim and energy to the spiritless and listless. Worn-out and weary toilers obtain speedy relief, and a whole mankind of men and women are daily lifted above depression and general lag into life becomes Joy and a Blessing. PSYCHINE is, without doubt, worthy of the praise that is given so spontaneously by everyone, and well worth the expression we often hear "Greatest of All Tonics." All druggists and dealers at 50c and \$1.00 per bottle.
