BOARD OF WORKS.

Improving Edward—A Street Railway for the Northwest Portion of the City—Following the Plan, etc.

The board of works met yesterday afternoon. Ald. Downey appeared on behalf of citizens living in the neighborhood of Edward street, to say that that thoroughfare was in a disgraceful condition.

A deputation appeared to urge the board to use its influence to have a street railway from the northwest part of the city, the street down Simcoe street, and thence east on Front as far as the market.

Ald. Hallam appeared to get the board to take up the question of crowding the street cars. Ald. Hallam's proposed to have the commissioner and solicitor were appointed to look up the matter.

The tender of Mr. Trimble for Lumley street pavement was considered. Mr. West, an internal tender for the work, asked the board if he could not be given the contract.

Ald. Turner referred to an insinuation paragraph which appeared in the Telegram, throwing doubt on the actions of the board.

Ald. Turner called a special meeting without inviting the press and the board denounced the way it had acted.

MANITOBA LEGISLATURE.

How Governor Canham Preceded in State to Open It—A Stick Show.

At 3 p.m. the lieutenant-governor proceeded in state from his residence to the house of assembly. He was attended by the adjutant-general and his aides-de-camp.

He arrived punctually at the palatial pile of public buildings on Main street and having cautiously picked his footsteps up the stairs, he entered the hall.

The provincial members having scraped the mud off their shoes and thrown it over the state leading were in their seats and prepared to receive his honor.

Upon the floor of the house were seated many Winnipeg's fairest maidens and most gracious matrons, whose radiant beauty and sunny smiles lit up the hall.

The members of the legislature were placed in the newspaper with white paper patches over the cracks and holes in the floor.

RAILWAY NEWS.

The Great Western has 216 engines and 5711 cars of all kinds. A business car is being built for the C.P.R. western division.

Mechanical Superintendent Blackwell of the C.P.R. is in Montreal, Quebec. Work is being pushed on vigorously on the old C.P.R. line via Stonewall.

A Pennsylvania locomotive made 164 miles in 14 minutes the other day. There are over 6000 tons of freight for Winnipeg between St. Vincent and Chicago.

The new Great Western passenger cars have been fitted up with seats, fairs and buckets. Portage la Prairie town council has notified the C.P.R. to repair all street railway crossings within the corporation.

There is no foundation for the report of Assistant Traffic Manager Harder's approaching resignation on the C.P.R. The Excelsior company of Montreal has completed the contract for the supply of the C.P.R. telegraph line on the C.P.R.

The Grand Trunk receipts for the week ending April 22 were \$227,371, an increase of \$106,788 compared with the corresponding week of last year.

The appointment of a superintendent of construction for the C.P.R. has succeeded. He is now under General Manager Van Horne's consideration.

The Southern Pacific railway had reached on the 16th inst. a point 245 miles from El Paso, and the Mexican Central railway was reported out 110 miles from Paso del Norte.

The Grand Trunk railway has completed arrangements for two through trains each way daily between Chicago and New York, connecting with the Erie, beginning May 14.

Chief Engineer Arthur of the brotherhood of locomotive engineers has arranged terms for the engineers of the Canadian Pacific with General Manager Van Horne's consideration.

The set earnings of the Lake Shore and Michigan Southern railroad last year were \$6,918,000, a decrease of \$2,313,000 as compared with the previous year. The deficit 1881 is \$814,000.

The Kingston and Pembroke railway has a new time table. Three trains from Kingston will run daily both north and south as far as the Mississippi. Two trains will pass over the northern extension each day.

Negotiations are in progress with a view to securing a special railway man to manage the Portage, Westbourne and Northwestern railway. An official of a Canadian railway is mentioned in this connection.

About half of the locomotives being made for the C.P.R. are now on this side of the Atlantic. The others have gone to the Northwest and the others are being set up. The company are importing thirty new engines, most of which are for use in the Northwest.

The brakemen on the G.J.R. division of the Midland railway struck for higher wages on Monday morning. Some of them were not so successful in their demands. The strikers will be dismissed as soon as men can be found to fill their places.

Canada First says: Mr. F. H. Torrington is the hardest worker in the cause of good music in Canada, and has accomplished untold good in Toronto, where his efforts have placed the Philharmonic society—musically and financially—aboard of all kindred societies in the country.

The Winnipeg fire. WINNIPEG, May 2.—The fire which will open to-morrow, when it will be shown that Clemm's block was burned through a slight which arose in a convoluted pipe, which a real estate agent, hotel-keeper and another man, with Olla Mead, a kept mistress of the late John D. Rockefeller, Toronto, and another respectable woman participated. The burning of the Dundee block is now believed to be incendiary.

The council of the Russian empire has been instructed to draw up a law defining the position of the Jews in Russia. The water famine continues in Victoria, Australia, the rainfall being below the average for the past twenty-four years.

THE SCIENCE OF ENGINEERING.

From the St. Catherine's News of Victoria. The passengers of a Great Western train going west yesterday were brought face to face with the triumph of engineering skill in a most pleasing way.

At a rapid rate of speed they passed through the aqueduct under the new canal at the very moment when an upper lake barge was passing over their heads laden with corn from Toledo. It is nothing particularly new, but the fact was startling as well as amusing. The dream of the engineer was realized, and the world has the best evidence of the fact.

Dr. Wild an eloquent Minister. (Canada News.) Rev. Dr. Wild of the Bond street church, Toronto, is considered by the people of that city as one of the most eloquent ministers of the day. The sacred edifice is thronged every Sunday with a very attentive congregation, both morning and evening. Immediately under the pulpit are generally to be seen three shorthand writers reporting the evening services.
