Bills, Public (Private Members); Introduction and First Reading

On May 2/80, when first list of Private Members Public Bills appeared for introduction on *Order Paper*, Madam Speaker stated that all such bills would be scrutinized for defects prior to second reading because Chair was not yet in a position to review them as to their acceptability under the rules and that all bills would be deemed to have been introduced and given first reading. Madam Speaker requests that the Deputy Speaker and Table Officers give the necessary instruction to insure that printing and distribution priorities will reflect the order determined in the draw and to that effect the word "Printed" will be added to the *Order Paper* entry for each bill when received by Distribution Branch, 110-1.

Speaker's Rulings and Statements -- Cont.

Bills, Public (Private Members); Introduction ... - Cont.

Madam Speaker stated that inadvertently Bill C-622 (Hazardous Products Recall) had been introduced and read the first time while in imperfect shape. She directed that the proceedings of Dec. 12/80 relating to the bill be declared null and void and that the notice should be carried on the *Order Paper* until the bill is drafted, 852.

Bills, Public (Private Members); Second reading

Order having been read for second reading of Bill C-205
(Unemployment Insurance Act amdt.), Mr. Acting Speaker stated that the bill infringed upon the financial initiative of the Crown as the bill called for an increased charge on the Consolidated Revenue Fund. Since there had been considerable latitude given in the past, the Chair allowed consideration of the bill but reserved the right to rule on its acceptability at end of debate. Notice now given that members should govern their requests to the office of the Law Clerk and Parliamentary Counsel for drafting of such bills, 244-5.

Privilege, Question of

Question of privilege raised by Mr. W. Baker re minister delivering "mini budget" during Address in Reply; Madam Speaker ruled that the House has set down rules and has built up a practice in regard to the proceedings of ways and means—or procedures in respect of taxation—and therefore from a procedural point of view, the complaint relates to the regularity of these proceedings and accordingly is a matter relating to order rather than privilege or contempt and that the basic criteria for a question of privilege are lacking in this instance. Regarding the order of speakers, Madam Speaker stated that if the House wishes to depart from the conventional principles regulating the process of debate, it should do so by a clear agreement or preferably by an order of the House, 86-8.

Question of privilege raised by Mr. Mackasey re newspaper article alleging that he was a paid lobbyist. Madam Speaker ruled that he had a prima facie case of privilege. Motion agreed to and matter referred to Privileges and Elections Committee, 5736.

Questions de privilège

Baker, M. (Nepean-Carleton) soulève une question de privilège se rapportant à des mesures fiscales ou avis de motion de voies et moyens concernant un mini-budget déposés par le ministre des Finances au cours du débat sur l'Adresse en réponse au discours du Trône. Madame le Président déclare que depuis 1969, une motion des voies et moyens peut être déposée par un ministre, n'importe quand au cours d'une séance, sans préavis, mais ne peut être mise en délibération qu'à une séance ultérieure, et sans débat. Le grief dont la Chambre est saisie reproche au ministre d'avoir présenté un mini-budget sans avoir suivi les procédures établies pour l'exposé budgétaire empêchant ainsi la tenue d'un débat.
