Four Hundred French Sailors Lost in Terrible Collision Which Shatters "Liberte"

Other Battleships in Toulon Harbor Were Damaged and Many Seamen Were Killed in Launches Giving Assistance - Fire Started in Oil Storerooms and Spread Too Quickly to Allow Ammunition Chamber to Be Flooded.

CLIMAX TO SERIES OF NAVAL DISASTERS

TOULON, France, Sept. 25.—The battleship Liberte was torn apart and totally destroyed by an explosion of her magazine to-day. Three hundred officers and men were killed. The battleship Republique was badly damaged and the battleships Democrat and Verite also suffered severely from the masses of twisted iron and armor-plate that were hurled upon their decks.

This is the greatest disaster that has ever fallen upon the French navy, and in magnitude is almost without precedent in the annals of the world's fighting ships.

Late to-night the naval authorities declared that the number of victims is greater than at first supposed. The official estimate is now given as between 350 and 400 dead or missing.

At 5.35 the first explosion occurred. It was followed by three others at one-minute intervals. Then came the final explosion, the terrific reverberation of which shattered the windows of the whole city and was heard for a radius of many miles. The Liberte was rent asunder. Her bows were thrown high in the air and then the vessel slowly settled down, and in nineteen minutes nothing was visible but the top works.

A Horrible Spectacle. Those still on deck were hurled skyward amid a shower of iron and steel. The boats of the rescuers were sunk and serious damage was done to the Republique, which lay at anchor close by. Two of her decks were stove in, and one of the Liberte's armor-plates was hurled against her port side and demolished the cabin of an absent engine.

For a few minutes after the final explosion an intense black cloud of smoke hovered over the harbor. When it shifted, a horrible spectacle met the eyes of the people of Toulon, who, awakened by the first explosions, had hurried to the shore. The twisted upper works of the battleship were protruding from a mass of formless wreckage, among which struggled the seamen from the rescuing boats that had been sunk by the flying debris or sucked down in the maelstrom.

The explosion, which wiped out one of France's newest and most powerful battleships, occurred at 5.03 o'clock in the morning. It was preceded by and was the result of an outbreak of fire. The flames spread rapidly in spite of all efforts to master them, and reached the magazines before there was time to flood them. The magazines exploded with tremendous violence, sowing death and destruction in every direction.

The fire was first discovered at 4 a. m., and the bugles immediately sounded the alarm. The crew rushed to quarters and fought desperately the spreading flames, but it was soon evident that the fire had obtained a firm hold. Signals of distress were flashed to the other ships, and these despatched steam pinnaces and launches at full speed to assist in the work of extinguishing the flames and rescuing the men. But their services were of little avail.

Sauve Qui Peut. The position of the fire made it impossible to flood the magazines at this time; nevertheless, efforts to do so were made, and finally the commanding officer, realizing that the ship was doomed, ordered the bugler to sound the "sauve qui peut" (Let him save himself who can), and shouted to the men to jump for their lives.

Exactly from what cause or where the fire broke out has not been established, but it is believed that it had smoldered for several hours. The vessel's full complement of 742 Capt. Jaures, brother of the Socialist leader, and the second officer in command were both ashore on leave, as well as 140 officers and men. The command of the ship devolved on the senior lieutenant, who perished.

The work of rescue was quickly begun in the arsenal, and Admiral Merlon-Darbel, maritime prefect, went to the wreck and superintended the work of extricating those imprisoned under the shattered steel. The first body recovered was that of an officer, which was hauled from under an awning with a boathook. Up to this evening forty

ANOTHER GAIN FOR BORDEN IN GASPE

Hon. R. Lemieux, Postmaster-General, Defeated in His Substitute Constituency - Chicoutimi Remains Liberal - May Be Protest in Russell County - Brockville Celebrates.

MONTREAL, Sept. 25.—The two deferred elections in Quebec, those in Gaspé and Chicoutimi-Saguenay, took place to-day and resulted in the return of the majority against the government.

In Gaspé the latest returns indicate the defeat of Hon. R. Lemieux, minister of marine, by Dr. G. P. Gauthier, who is leading by 558. Mr. Lemieux will, however, be a member of the new house, as he was elected last Thursday in Rouville.

In Chicoutimi-Saguenay there were four candidates in the field, the victor being J. Girard, the late member who was first elected as a Conservative, but who supported the government in the parliament. Mr. Girard's majority so far as heard from is given as 1200.

OTTAWA, Sept. 25.—The majority of Hon. Charles Murphy in Russell County is 1008. There is strong talk of his election being protested by J. W. Vincent, Conservative candidate, on the ground of irregularities. The majority of Honore Achin in Labelle is 98.

WINNIPEG, Sept. 25.—Latest bulletin from Humboldt gives Neely, Liberal, 4000, with twenty polls still to hear from.

SHERBROOKE, Que., Sept. 25.—W. H. Lovell, returning officer, to-day checked over the deputy returning officer's statements and declared Mr. Moore's majority to be 40. The result of the election is not certain, as there are seventy-four ballots rejected to be decided at a judicial recess.

Gleat Over Graham. BROCKVILLE, Sept. 25.—The great victory achieved by the Brockville Conservatives and the party throughout the country was celebrated here to-night with a big torchlight procession, in which electors from all parts of the riding joined, as well as excursionists from the constituencies adjoining.

Trains were run in from Smith's Falls and Gananoque, as well as from points on the D. W. and N. W. R. The parade was one of the biggest of the kind ever seen in the island city, and very heartily participated in. The successful candidate, John Webster, with some of his chief workers, was drawn thru the principal street in a trolley, from which he addressed his friends on Court House-square. At the conclusion of the parade hundreds of people repaired to the waterfront, where there was a grand display of fireworks. Bonfires burned thruout the town and together it was a night long to be remembered. Four bands furnished music and there were horns and other noise-making devices by the score.

Gouin Explains the Defeat. MONTREAL, Sept. 25.—"Sir Wilfrid Laurier was defeated by sentiment, and will be restored to power by reason," declared Sir Lomer Gouin to-day when interviewed on the result of the election.

Sir Lomer said he had no doubt that the Conservative regime was doomed to a premature death, and that the Liberal party would come to power, stronger than ever. Sentiments and prejudices had been worked efficiently against Sir Wilfrid and his colleagues, but the effects of such a campaign could not be of any protracted period. The provincial premier declared that he did not see how the result of the elections could affect his policy. If the time had come he would not hesitate to appeal to the people and would be sure of a victory.

Sir Lomer declared that nothing official had been decided about the next session of the legislature, but that it would most probably open in the beginning of January, like the last session.

Leaders Meet. OTTAWA, Sept. 25.—(Special).—Mr. R. L. Borden and Sir Wilfrid Laurier met for the first time since the election to-night at the banquet tendered the governor-general by the Rideau Club. Both leaders supported the toast to his excellency.

Commission on Spending Bureaus. The possibility of the appointment of

QUEEN'S OPENS SEPT. 27 GLASS BREAKS RECORD

New Men Join Staff From Oxford - Football Team Gets Britton For Coach.

KINGSTON, Sept. 25.—Queen's University will open on Wednesday. It is expected the attendance will reach 1700. Last year it was 1612. Principal Gordon will arrive from Scotland tomorrow. There will be half a dozen new men on the teaching staff. While in the old country Principal Gordon had two men for the classical department, Mr. Colville for the English department, and Mr. Small for the department of classics. Both are from Oxford, and will act as assistants. Mr. Hyde, Columbia University, New York, will be assistant professor of geology, and Mr. Schaub, Cornell University, assistant professor of philosophy.

A. V. J. Camie, aged 56, a prominent citizen, died suddenly to-day. Nicholas E. Granger, a prominent Orangeman, is dead, aged 65. He came here from Belleville 26 years ago.

George Bennett, aged 19, was caught stealing a ride on the Grand Trunk freight train, and was arrested. He was remanded for sentence. He said he lived at 99 Queen-st., Toronto, and was heading his way to Montreal.

Bertha Lovelace Godfrey had her finger caught in a milk separator and had to have the finger amputated at the hospital.

Russell Britton, Gananoque, has been secured as coach by the Queen's football team. The team had practice to-day and showed up well. It is a much stronger team than last year.

W. F. Kelley, who was injured by a fall from a C. P. R. train at Maberly last winter, is suing the company for \$5000 damages.

NEW STATION AT LONDON.

MONTREAL, Sept. 25.—London is to have a new C. P. R. station. The erection of which will be started at once. The new building will cost about \$10,000, and it will be a modern structure in every respect. The main building will be 65 feet long and a storey and a half high, and besides, there will be additions at either end, giving the building a total length of 121 feet.

Germany Acts for Peace Between Italy and Turkey

Germany's position is a delicate one, as she is bound by an alliance to Italy and by friendship to Turkey.

CHASSO, Sept. 25.—According to the latest advices received here the whole of Italy, with the exception of a section of the Socialists, now demands the speedy occupation of Tripoli. The Socialists argue that Italy is not sufficiently prepared to stand the heavy expenses required to enter colonial competition.

In the meantime the Italian Government is taking the present opportunity to experiment in the partial mobilization of the troops. The entire fleet is now ready for war, including the smallest and the oldest ships. The coast fortifications have been strengthened to meet any attack. Sixty steamers have been chartered for the transport of 35,000 soldiers, war material, and supplies. Austria-Hungary and the other powers might be drawn.

Germany advocates a solution of the question Turkish recognition of Italy's special interests and her abandonment of opposition to the economic development of Tripoli by Italy, and also of the recognition by the latter country of Turkish sovereignty.

Germany's position is a delicate one, as she is bound by an alliance to Italy and by friendship to Turkey.

CARL AHNRENS' PAINTINGS

Noble Exhibition of Canadian Pictures, October 17.

LT.-COL. Mercer has arranged to exhibit the M. S. Mercer collection of Carl Ahrens' paintings during the week of Oct. 17-24 in the art galleries of the public library, College and St. George-sts.

This is a unique exhibit of purely Canadian art. Mr. Ahrens' work having received special recognition in Europe for its distinctively national quality and high standard, and he has been invited to exhibit in Europe in consideration of the striking and original merits of his finest compositions.

Thirty or more canvases will be hung in the Mercer collection, and the exhibit will be entirely free.

TWO MEN NEARLY BURIED WHEN WALLS COLLAPSED

Partly Demolished Building Opposite Princess Theatre Crashed Down Without Warning.

With a deafening roar, the side wall and partitions of a partially razed building opposite the Princess Theatre, on West King-st., and immediately west of the Genesee Hotel, collapsed, and thousands of brick fell out over the street, crushing in the stout archway like an eggshell.

Joe Thatcher, 31 West Queen-st., had a narrow escape from being buried in the debris. In company with a friend, he was walking west on King-st. when he heard a loud crack, and a few loose bricks fell out over the street. He sprang back out of the danger zone, throwing his wheel down as he jumped. Then, with a roar, the avalanche came. The protruding arch was broken immediately under the weight of the collapsing walls. His bicycle was almost completely demolished.

The building, which is owned by Gibson Bros., 7 Toronto-st., was partially torn down, the front wall having been demolished. It was the purpose of the firm to build up-to-date stores and buildings on the site.

The debris on the car tracks was quickly cleared away, and traffic was not obstructed for long. The damage done was small.

TO ASSIST CROWN ATTORNEY

Edwin Bell Will Give Advice to Those Who Would Invoke Law.

Part of a long-felt and much needed advance has been made at the city hall, Edwin Bell of the firm of Crown Attorney Corley has moved into the crown attorney's office, adjoining the police court, and will be there during the day every day of the week. He will advise with those who come to lay criminal informations and to apply for warrants and generally conduct the office part of the crown attorney's business.

Whether Mr. Bell will be in his office on Saturday afternoons has not yet been decided. He will not be there in the evenings or Sundays.

NAZIMOVA A GREAT ARTIST.

Classed among the best of the world's great actresses is Mme. Nazimova, who begins a short engagement in this city Thursday evening at the Princess in "The Other Mary," the first American play in which the charming lady has appeared.

Jews Return to Kiev. KIEV, Russia, Sept. 25.—Three thousand Jews who left the city following the assassination of M. Stolypin, fearing that they might be the victims of racial riots, have returned here.

PRISON REFORM ON SOUND BASIS

Congratulatory Addresses on Great Work of Ontario Government's Prison Farm at Guelph Featured Founding of Administration Building—Distinguished Gathering Attended Ceremony.

Humanitarian work never got a greater boost than that which has been and is being accomplished by the Ontario Government in the matter of prison reform.

Less than two years ago the experiment of a prison farm at Guelph was put into operation. It has been an unqualified success, and yesterday Sir James Whitney laid the cornerstone of a splendid new administration building, but of stone cut from the quarries on the farm by the prisoners themselves.

A great work has been done at the Central Prison Farm at Guelph, a great work is now being done, and a still greater work will be done there in the future.

Things are shaping that way now. The experiment stage has passed, and the worth of the institution, which owes its existence in large part to the efforts of Hon. W. J. Hanna, the provincial secretary, has been proven.

It was a distinguished party that left the Union Station on a special train yesterday morning for Guelph. Parliamentary representatives of the people were there in plenty, as well as private citizens interested in the various phases of humanitarian work and in philanthropy.

A Distinguished Party. Among those present were: Sir James Whitney, Hon. W. J. Hanna, Hon. J. Foy, Hon. Dr. Pyne, Hon. Colonel Matheson, Hon. Dr. Reaume, Hon. Thomas Crawford, Judge Teetzel, A. E. Fripp, M.P., Andrew Broder, M.P., W. D. McCowan, M.L.A., Dr. Forbes Godfrey, M.L.A., Alex. McCowan, M.L.A., J. L. Englishart, Noel Marshall, Dr. Bruce Smith, E. R. Rogers, Dr. C. K. Clarke, Rev. Dr. Chambers, Rev. A. L. Hughes, Kelly Evans, J. S. Carstairs, John M. Lyle, the architect, and many others.

On their arrival at the farm, the visitors proceeded direct to the big dining-room, where the prisoners were at dinner. Escorted by some of the officials, Sir James Whitney went in and made a few remarks to the men just as they had finished eating. The premier's words of encouragement were received by the prisoners with hearty applause.

"My friends," said he, "the object of the government is to keep you comfortable and contented. That is being done now and it will be done in the future. All I want to say now is to give you a word of encouragement. You have met with obstacles, but in our lives no obstacles are insurmountable. You can overcome them and we want to help you all we can. I wish you happiness and prosperity when you leave this place and go elsewhere."

Laying the Corner Stone. Immediately afterwards, the visitors proceeded to the new administration building where the ceremony of laying the corner stone was conducted by Sir James. As the stone settled down into the wet mortar, the premier paid a compliment to the prisoners who had put the sub-structures in position. One tap with the silver trowel and the "level" showed that the stone was truly laid.

"My task has been an easy one," said Sir James. "That is on account of the good workmanship and just what I expected."

"In building this institution," concluded the premier, "the government—and when I say government, I mean the people of Ontario—puts into operation a scheme, not necessarily very

Continued on Page 7, Column 3.

THE FALL RACES.

The race season in Toronto either in spring or fall always marks the time when the hatters' stock for that season is most complete. With Dineen this year you will find some exceptional value, particularly in English hats that cannot be approached on the continent. Considered the only proper thing on Fifth-avenue to-day, and the stylish dressers there pay just twice what the same blocks are sold at in Toronto. Dineen is sole Canadian agent for Henry Heath of London, England, who makes hats for His Majesty, and is distributing agent for nearly all the other big makers. Call and look over the new stock of rough felt English Alpine hats for fall wear.

HAMILTON HAPPENINGS

ROAD LEADING TO RUIN

CHIEF SLEMAN'S VIEWS

Street Roaming, Cigarettes, and Dime Novels Among Factors—Political Pot Is Boiling.

HAMILTON, Sept. 25.—(Special).—At the evening session of the Canadian Conference on Charities and Correction Chief of Police Sleman of Brantford read a paper on the "Anti-Prison Logic of the Criminal," in which he pointed out some of the influences that tended to make criminals. Among these influences were roaming the streets, cigarette smoking, dime novel moving picture shows and pool rooms.

Chief Sleman was emphatic in his opinion that "red light" districts were unnecessary. "Give me reasonable assistance, say one police officer to each 1000 inhabitants, backed up by the right kind of citizens, and I will suppress such places," declared the speaker. False sympathy to law-breakers sometimes served to encourage crime. To prevent the making of criminals Mr. Sleman thought that all bad influences on children should be eliminated; the sale of trashy literature should be prohibited; the law should be strictly and impartially enforced.

Preserving the Home.
Father L. Minehan of Toronto, who recently attracted considerable attention throughout the province by his defence of the Ne Temere decree of the Roman Catholic Church, delivered an eloquent address on "The Home." The speaker dwelt on the importance of high ideals and spirituality in the home. Next to this was a thorough education and a sound physique.

Drinking Water.
Drawing upon his sixteen years' experience as warden of Central Prison, Dr. J. T. Gilmour to-night with great sympathy for the inmates of the institution, said the delegates to the Charities conference about prison life and the experiment which with the prison farm at Guelph, Dr. Gilmour explained that only a small percentage of prisoners were bad criminals, and that the great majority of the delinquents were handicapped by some mental or physical defect.

Political Campaign.
The general opinion prevails that the provincial elections will be brought on this fall. It is fairly certain that Allan Stuchville will again carry the Liberal banner in East Hamilton, and Controller Cooper is regarded as his most likely opponent in the Conservative interest. Acclamation for Col. John S. Hendrie is not regarded as improbable in West Hamilton. Col. J. J. Stuever is likely to be persuaded to fight the Conservative battle for Gordon Wilson's old seat in North Wentworth. Dan Reid will have the fight in South Wentworth.

Preparing for Sham Fight.
The biggest military field day ever held in the Dominion will be the military manoeuvres and sham battle, which will take place in the Dundas Valley next Thanksgiving Day. Extensive preparations are being made for the big event, which will be participated in by the entire garrisons of Hamilton, London and Toronto, as well as St. Catharines, Brantford, Dundas and Woodstock.

Canadian Farmer Wasn't Bluffed.
ELGIN, Ill., Sept. 25.—Canada's failure to ratify the reciprocity agreement was declared the chief reason of an increase of one-half a cent a pound in the price of butter on the Elgin Board of Trade today. The present quotation is 26 1/2c.

PRESS MUST KEEP DARK.
ROME, Sept. 25.—The government today issued another warning to the press, threatening severe measures under the penal code against journalists and correspondents who give publicity or information concerning the movements of the army and navy.

TO ROUT GERMS COMPLETELY

City Hopes Mr. Henning Can Carry Extermination Further.

There is another opportunity for Toronto's chlorinating expert, Arthur Henning, to do the city a good turn, for there will soon be need for a device by which all the germs in the sewage from the trunk sewer can be killed before the effluent escapes to the bay.

WOMAN KILLED ACCIDENTALLY

Coroner's Jury Exonerates G. T. R. in Regard to Mrs. Tolvark's Death.

After a number of witnesses had been examined, Coroner Brand's jury, which last evening concluded the inquiry into the death of Mrs. Anne Tolvark, who was killed in the G.T.R. yard at the foot of Tecumseth-street on Sept. 21, returned a verdict of accidental death.

75c a Week Buys a Piano.

Nothing more is needed—just agree to pay to the Old Firm of Heintzman & Co., 182-184 Yonge-st., Toronto, 75c a week and you may have installed in your home forthwith a fine square piano of such makers as Chickering, Steinway, Miller and others.

Dr. Martell's Female Pills

Eighteen years the standard prescribed and recommended for women's ailments a scientifically prepared remedy of proven worth. The result from their use is quick and permanent. For sale at all drug stores.

SOCIETY

Mrs. Walker Bell and Mrs. MacDougal sail in the Victorian from Montreal on Oct. 14 for England, where they will remain for the winter. Mr. Bell will go over later for some hunting.

Miss Carrie Crerar, Hamilton, who has been spending the summer in England with her sister, has returned home.

Miss Wright, Detroit, is visiting Mrs. G. E. Gooderham, whom she accompanied to the races yesterday afternoon. Miss Wright was looking very pretty in a tailor-made of grey corduroy velvet, and a hat with violet bows.

The engagement is announced of Miss May Wookley, daughter of the late Rev. C. A. and Mrs. Wookley, to Dr. D. Macdonald King, Ottawa, son of Mr. and Mrs. John King, Toronto. The marriage will take place very quietly on Oct. 18.

Mrs. Greening and the Misses Hattie and Edna Greening, Hamilton, are in Atlantic City.

The engagement is announced of Miss Frances Drumm, daughter of Mrs. Frances Drumm, Toronto, to Walter Shumton Primel, Chicago.

Mrs. and Mr. Thos. McFee, and Mrs. Russell McFee, Montreal, are guests of Mr. and Mrs. J. Walters, for a few days.

The Marchioness of Donegal was at the Royal Alexandra Hotel, Winnipeg, for a few days on her way to the coast.

Mrs. Frank Smallpiece will pay a visit to her parents, Dr. and Mrs. Sylvester, on her way from Montreal, to her new home in Calgary.

Mr. Frederick Robins was at the Windsor, Montreal, yesterday.

The Hon. R. L. and Mrs. Borden returned from Halifax yesterday.

FAVOR REGATTA COURSE FOR LAGOON AT ISLAND

Island Committee Decides to Have South End Filled In and Concrete Walk Built.

A regatta course will be built in the lagoon on the west side of Hamilton's Point. It was decided yesterday by the island committee. The superintendent of parks will be asked to go into the matter and make a report on it.

SCOTTISH ONTARIO WILL CLOSE FOR STOCK SALES

Perceptive Gold Claims Are in Demand—Burned Pulpwood To Be Marketed.

PORTURINE, Sept. 25.—Scottish Ontarians, pending the shifting of the property from the syndicate's hands to that of the big London company which is to take over the holdings as a stock concern, will close down for a period of 30 days. Part of the crew were laid off to-day. Stock will be put on the market by the London company. Recent sampling of property was found satisfactory.

BLAMED MR. FELLOWS

Controller Hocken Thinks Sinking of Intake Might Have Been Avoided

Not much worrying is being done by the city engineer over the sinking of the intake pipe 18 inches. The ball-joint and expansion joint permit it to move to a certain extent without damage, says Mr. Fellows.

Washers to Save Water.

Waterworks Engineer Fellows thinks that it would pay the city to hire a corps of men to go around putting washers on leaky taps, and by so doing save the city considerable water.

CRASHED INTO CROWD

So Policeman Grant Testified Regarding Alex. Tracey, Charged With Criminal Negligence.

Alexander S. Tracey, the Port Huron man, who drove an automobile into a crowd of people at the corner of Roncesvalles and Queen-street on Labor Day, appeared before Judge Winchester in the sessions court yesterday, on a charge of criminal negligence, occasioning bodily harm.

B. AND O. TELEGRAPHERS

Ask for Shorter Hours, Vacation and More Pay.

BALTIMORE, Sept. 25.—Following a recent conference between a committee of telegraphers and officials of the Baltimore and Ohio Railroad, at which demands made by the operators in matters of increases in pay, shorter hours of employment and adjustments of working conditions, the company claimed could not be met, the men, it was learned here today, are voting to empower the committee to further take final action in pursuing negotiations with the officials. Several conferences have been held in the matter of wage adjustments, and the course now being taken by the employees, it is said, is with a view to authorizing their representatives to reach an agreement with the railroad. It is understood that the demands, which include a request for fifteen days' vacation annually with pay, if conceded, would increase the expense of the company \$5 per cent.

APPLIED ART EXHIBIT.

An applied art exhibit will be held at the public library on College-st., by the Canadian Society of Applied Art, commencing Sept. 28 and closing Oct. 11. The object of the exhibition is to bring the industrial art of Canada up to the level of that of England. All of the examples of applied art which were shown at the exhibition will be on view.

Sued on Note for \$3000

Cyrus S. Eaton and Chas. A. Eaton, in July, 1906, gave Richard W. Neville a promissory note for \$3000, endorsed by the International Heating and Lighting Company of Cleveland, Ohio. Yesterday Mr. Neville brought a suit for payment of the amount before Chancellor Boyd in the non-jury sessions.

Sues Railway for \$5000

Wm. F. Fleming brought suit against the Toronto Street Railway before Judge Middleton yesterday for \$5000 damages as the result of an accident occurring on King-street near Prince-street, on Aug. 10, 1910, in which he sustained two fractured ribs and general minor injuries.

TIME FOR SHREDDED WHEAT AND PEACHES!

When you think of sliced peaches or other fresh fruit, think of

SHREDDED WHEAT BISCUIT

the cleanest, purest, most nutritious of all the cereal foods—combines most naturally with all kinds of fresh fruits—better than peach shortcake or peach cobbler and more easily digested—an Autumn delight for Canadians who like good things to eat and who know the value of fresh fruits.

Heat a Shredded Wheat Biscuit in the oven to restore its crispness, then cover with sliced peaches or other fruits and serve with milk or cream, adding sugar to suit the taste. A dish of Shredded Wheat with sliced peaches and cream is the bright spot in a dull day—it will keep the stomach sweet and clean and the bowels healthy and active.

Two Shredded Wheat Biscuits with milk and cream and a little fresh fruit will supply all the energy needed for a half-day's work or play.

Made only by Canadian Shredded Wheat Co., Ltd., Niagara Falls, Ont.

Second Day at Woodbine

Note and Comment

Monday was a genuine test of the mettle at Woodbine Park. The weather was dreary and as a consequence only the regulars attended. Thus you might imagine the speculation would continue as brisk as when the unsophisticated public attend on holidays. Not so, however. The place in the week-end of any day since the advent of the French pools.

However, no one cares as long as the Ontario Jockey Club does not complain. Those who attend could wager if they so desired, and the prices provided ample, all the way from 20 to 100 to 1 on the horses. The crowd of 32,000 was not an invader, as on other days, but a steady stream of old-timers and some new members, who were there to see the races rather than to bet on them.

An habitué of Ducrest Park looked up at the board and on seeing the meagre number of tickets sold on the third race, remarked that he had more business in the "synthetic" ring.

Of course there were losers, but they have the satisfaction of knowing that their money went to the other half of the public and not to the bookmaker, the layoff, or the wise owner, who goes back to-day, and it may be your turn.

President Seagram placed easy conditions on his cup that was contested yesterday for the ninth time. Any owner winning the beautiful trophy twice in succession takes it his own but as yet no one has tamed the trick. In fact no owner has entered the roll more than once, the following being the records: '02—Easy Street, N. Diment, 1-3-3-4 '04—Nameoki, M. J. Maloney, 1-4-8 '05—C. Hayward, Kirkfield Sta., 1-5-1-2 '06—Algonquin, J. Mackenzie, 2-3-3-3 '07—Pigaron, A. W. Maybee, 1-3-3-3 '08—Photographer, Adam Beck, 1-3-4-5 '09—Direct, G. D. McCallister, 1-3-4-5 '10—Ta-Nun-Da, Mrs. Wilson, 1-3-4-5 '11—Ganogue, D.L. McGibbon, 1-4-6

Patric Bill Day and his brother, Mike, have been fined by the Kentucky track by the State Racing Commission on the complaint of the veteran Edward Gorton, who charges that they manipulated the services of Jockey Wrisper, when he did not belong to them.

Patric Bill has been racing in a kind of a way for many years. He has managed to keep out of trouble on the New York tracks, but in Kentucky they have a way of their own. They fall out of the way a few years ago at Woodbine Park.

GRAND CIRCUIT HORSES RACING AT COLUMBUS

Miss Deforest in Straight Heats Wins Review Futurity, Feature of Card.

COLUMBUS, Sept. 25.—The fall trotting meeting of the Columbus Driving Association to-day brought out a small crowd. The event of the day was the tragic death of Pansy Silver, the chestnut mare, which won a six-hat race at Detroit last week. In the tedious scoring for the second heat she was in the bunch next to the rail, on the back stretch, when she suddenly jumped the fence and was dead in an instant. Her driver escaped uninjured.

The Horse Review Futurity, for three-year-olds pacers was the largest purse on the card and brought out a field of four. Fred Deforest was the favorite, but his half-sister, Miss Deforest, won in straight heats easily.

Uddie Archdale was made a strip favorite in the 2:07 trot, and the Geera mare won handsily in straight heats. The field of ten trotted out for the 2:10 trot, with Pansy Silver a big favorite. Hannah Louise, won two heats handily, and then Oaktide, which had finished far back, came with a rush and took the next heat and the race. The 2:06 pace was unfinished on account of darkness. Ella M. won the first heat in the fastest mile of the day—2:04.

Tuesday's card will have this unfinished 2:06 pace, a 2:10 pacing stake, a 2:10 trot, and both the two-year-old and the three-year-old trotting divisions of the Horse Review Futurity. Summary: Miss Deforest, br., by The Deforest (McDonald)..... 1-1-1 Fred Deforest, br., by J. J. J. (McDonald)..... 2-2-2 Fleeta American, br., (H. James)..... 3-3-3 Olive O'Brien, br., (Cox)..... 4-4-4

2:07 trotting, three in five, purse \$300: Uddie Archdale, blk.m., by Archdale (Geary)..... 1-1-1 Charlie Mitchell, chg. (Morphy)..... 2-2-2 Spanish Queen, br.m. (Maer)..... 3-3-3 Fair Margaret, br.m. (McDonald)..... 4-4-4 Nancy Royce, blk.m. (McCarthy)..... 5-5-5

2:20 trot, three in five, purse \$200: Didiroan Gay, br. (Shank)..... 1-1-2 Didiroan Gay, br. (Shank)..... 1-1-2 Didiroan Gay, br. (Shank)..... 1-1-2 Didiroan Gay, br. (Shank)..... 1-1-2

MISS CAMPBELL CALLED TO WIN THE GOLF HONORS

Royal Montreal Captures Team Competition—Rosedale Second

OTTAWA, Sept. 25.—(Special)—Talking over the chances for the golf finals, one of the veterans at the Ottawa Golf Club links calls Miss Campbell to repeat her decisive win of the Canadian honors. Miss Campbell, Miss Anderson, Miss Dick and Miss Phelps are picked to enter the semi-finals, and it will be in this round that either Miss Campbell or Miss Anderson is eliminated. This year, however, it is not expected that they will meet before the big final on Saturday and the posters are favoring the Hamilton lead.

TEICHMANN CHESS CHAMPION

Losses in Last Round, But Leads in Final Record by One Game

CARLEBAD, Sept. 25.—The final round of the Chess Masters' tourney was played here today. Teichmann took six places with 13 games won. An error was discovered in the previous count, which gave Teichmann 13½ winning games on Saturday. Rabinowitz and Schlechter finished with a score of 11 victories each. The results today: Lombard beat Teichmann, 2 to 1; Loevenfish beat Schlechter, 2 to 1; Rabinowitz beat Schlechter, 2 to 1; Rabinowitz beat Schlechter, 2 to 1.

T. & D. Soccerites Draw Up Schedules For Fall Season

ATHENAEUMS ARE READY ALSO THE GLADSTONES

Bowlers Will Start at Shuter St. Club on Monday Night—Overflow of Entries.

The annual meeting of the Athenaeum Bowling Association was held last night at the Athenaeum Club, and over sixty of the bowlers were on hand. The financial report showed \$13,110. The election of officers resulted as follows: Honorary president, Edmund J. W. Connersford; president, B. S. Williams; first vice-president, J. Wallace; second vice-president, R. Madigan; treasurer, W. S. Taylor; secretary, J. J. Chestnut; executive committee, J. E. Kelly, J. D. Flood, A. Balmer and J. Kaiser.

Two Leagues for Gladstones.

The Gladstones met last night and things look rosy for a bumper season at the west-end club. It was decided to divide the league into two sections this year, and they will be known as A and B Leagues, the latter for novice bowlers only. Eight teams have already entered, and it is expected that there will be six teams in each section. Another meeting will be held on Friday night at 8:30, when the officers will be elected and entries received. The teams that have already entered are: Diamonds, Keltars, Whitesides, Canadas, Eastmans, Maple Leafs, All Stars and Brownies.

American League Scores.

Boston-Boston took the second game of the series from the St. Louis Browns by another one-sided score, 9 to 0. Wood had the visitors well in hand. Score: Boston, 9; St. Louis, 0. Boston leads the series 2 to 1. Boston-Boston, 9-0; St. Louis, 0-9. Boston, 9-0; St. Louis, 0-9. Boston, 9-0; St. Louis, 0-9. Boston, 9-0; St. Louis, 0-9.

Bowling Clubs Are Reorganizing

MOST PROBABLE LINE UP OF VARSITY PLAYERS For Game Against Old Boys Next Saturday—New Price for Season Tickets.

Secretary John S. Galbraith of the Varsity Rugby Club announces that there is a change in the disposition and price of the season tickets for the coming year. On Thursday morning, at 9 o'clock, at 187 Yonge-street, names will be taken of those who desire season tickets, the price of which will be \$2.00 for single and \$5.00 for double with free tickets for two other persons.

The local Rugby season will be opened next Saturday by a game between players who formerly were members of the Varsity and this year's university team. A number of the old boys have been practising faithfully for this game.

THIS ILLUSTRATION is an exact reproduction of one of our celebrated "Croft & Knapp" Alpine Soft Hats for Men.

It will be noticed that one side of the Varsity wing line remains intact from last year, that of Clark, Grass and Bob Thompson.

A few of the ex-Varsity players out last night in preparation for Saturday's game were: Billy Foulds, Jimmy Bell, Bob Thompson, Clark, Grass, Murray Thompson and Andy Duncan, once a star at outside wing.

The Argonauts had a welcome addition to their staff last evening, in the person of Arnold, the former M.C. middle wing of last season. He weighs 130 lbs. in condition, and should be a source of strength to the crimson and black.

T.A.A.C. start practices this evening at Moore Park. Players are requested to see to the transfer of their playing material, and to be on hand by 5 o'clock.

The Argonauts continue to have excellent turnouts, and last night at Moore Park, the number of players utilized by enthusiastic followers of the platoon. The Argos have picked up some new recruits, and have a very promising future in O'Connor, an outside wing from the same school as Lockhart. He has been given more of an opportunity recently, owing to the fact that Lockhart has been completely out of the line, on account of an injury to his shoulder. Connors' work has been very noticeable, and the management were delighted at picking up such a good boy.

While it has not been definitely decided, it looks like Binkley to captain the Argos in their battle for the championship. This player has put on weight, and is kicking the ball in excellent manner, aided by Alster and Williams.

The big Argos wing line are getting down to snags, and Wigle and Bancroft are working particularly well. The former has half-heartedly taken to the field, and when right is recognized as one of the best line plungers playing the game.

Bill Jarvis is cutting great capers at quarter, and should make the position on the senior team. He runs well, and has the look of a genuine taker, taking advantage of any loose play or mistake of the opposing line.

GEORGE WASHINGTON, JOHN RUSKIN and YOURSELF

George Washington fought under two flags, because HE CHANGED HIS MIND.

John Ruskin, the scholar and art critic, would not ride in a railway train at first, until HE CHANGED HIS MIND.

If you are a cigar-smoker, the

Davis "Perfection" 10c Cigar

WILL CHANGE YOUR MIND ON CIGAR VALUE. No matter what too cigar you may have tried, you will find Davis "PERFECTION" BETTER. It is made by experts of fifty years' standing, and is a blend of the world's choicest tobaccos—it is the poetry of smoking. We pledge the good name and reputation of over half a century that "PERFECTION" is a cigar of unrivalled value.

MILD, YET EXQUISITELY FRAGRANT.

TUESDAY MORNING, SEPT. 26, 1911

RECIPROCIITY AND U. S. POLITICS

From much of the comment offered by United States newspapers of the better class on the result of the Dominion general elections, strong justification can be obtained of the contention that President Taft's offer of reciprocity had as one of its main objects the postponement or possible prevention of general tariff revision.

FILLIP TO IMPERIAL TRADE

British Journalist Back From West Discusses Election Results. R. H. H. Baird, proprietor of The Belfast Evening Telegraph, and some half dozen other papers, was back in the city yesterday from his western trip with the British editors.

RAILWAY MEN IN THE ELECTION.

Editor World: I noticed in your issue of Sept. 22 where you were handing out credit for the defeat of the government, and am sorry to say you neglected to mention the railway men of Canada, who deserve no little credit for the part they played in winning or at least helping to win a number of seats for the Conservative party.

AN OPEN CONFESSION.

In its editorial yesterday The Globe unbentured itself to the following effect: The first and essential thing is the unreserved acceptance of the principles and program of Liberalism.

WE WON'T CONTEST A SEAT!

Sir James Whitney is urged in certain quarters to bring on a provincial election at once, the theory being that the Liberals of Ontario are demoralized by their defeat in the Dominion arena and have no fight left in them.

CANADA PERMANENT

Money deposited with this Corporation is always Available When Wanted. No depositor has ever been asked to wait an hour for any money at his or her credit.

GREAT LIBERAL VICTORY.

Liberals are congratulating themselves that outside Ontario they have a majority. After several weeks' denunciation of the Conservatives for the alleged attempt to set one part of the country against another, this is rather a cool proceeding.

AT OSGOODE HALL

ANNOUNCEMENTS. Judges' Chambers will be held on Tuesday, 26th inst., at 11 a.m.

Peremptory list for divisional court for Tuesday, 26th inst., at 11 a.m.: 1. Kohn v. Northern Navigation Co. and cross-appeal.

2. Boothman v. Smith. 3. Re Quigley and Bastard. 4. Ross v. Toronto Railway Co. 5. Krok v. Oskalyk.

Peremptory list for court of appeal for Tuesday, 26th inst., at 11 a.m.: 1. Meagher v. Playfair (two appeals) (to be continued).

2. Attorney-General v. Canadian Niagara Power Co. 3. Sandwith v. Windsor and Amherstburg Railway Co. v. Windsor. 4. Nelles v. Hasseleine. 5. Gault v. Laidlaw.

Master's Chambers. Before Cartwright, K.C. Master.

Before Saunders-Kocot (Coastworth & R.). Motion by plaintiffs for an order for substitution of service of writ of summons on wife of defendant, temporarily absent in Europe. Order made.

Edgar Allen v. Grand Valley Railway Co.—G. H. Sedgewick, for plaintiff. Motion by plaintiffs for an order for substitution of service of writ of summons on wife of defendant, temporarily absent in Europe. Order made.

Smith v. Smith, for plaintiff. Motion enlarged for two weeks subject to defendants facilitating a trial at present sittings. Defendants to serve process and appointment to be made on 28th inst. Costs in cause.

Campbell v. Taxicabs; Gibson v. Taxicabs—T. N. Phelan, for defendants in each case. H. M. East, for plaintiffs. Motion by plaintiffs for orders for medical examination by plaintiff in each case. Orders made for examination by Dr. W. P. Caven, at point, and places as he may appoint, and costs to be arranged at least three days before trial.

Davidson v. Williamson—R. B. Beatty, for plaintiff. G. Bell, K.C., for defendant. Motion by plaintiff for an order amending proceedings by adding certain parties as defendants, and for other relief. Order made for addition as added, and for issue of a concurrent writ for service on the added defendant. Statement of claim to be delivered on 28th inst. Costs in cause.

Swain v. Swain—H. Bradford, K.C., for plaintiff. W. L. Payne, for defendant. Motion by plaintiff for an order extending time for delivery of statement of claim in ten days. Defendant to have three weeks to plead. Costs to defendants in any event.

Field v. Richardson; E. Jones, for defendant. R. C. Leveson, for plaintiff. Motion by plaintiff for an order dismissing action for want of prosecution, and for costs to be paid by defendant. Order made.

McIntyre v. McIntyre—W. M. Hall, for plaintiff. Motion by defendants for leave to amend statement of defence and for further particulars and for further examination of plaintiff by discovery. Order made for amendment. Particulars to be given after further examination of plaintiff. Costs of further examination of plaintiff to be paid by taxing officer if not dealt with by trial judge.

Restall v. Allen—A. J. R. Snow, K.C., for plaintiff. J. M. Carthy, for defendant. Motion by plaintiff for an order setting aside ex parte order of Aug. 15, 1911. Reserved.

Reid v. Helm—H. S. White, for plaintiff. J. McCarthy, for defendant. Levett and Heather, F. Aylesworth, for other defendants. Motion by plaintiff for judgment under C. R. 602. Motion enlarged until 27th inst. for plaintiff to amend or supplement material. Leave to defendants to cross-examine.

Parsons v. City of London—C. A. Moss, for defendant. Royal Bank, E. C. Cattancher, for defendant. City, S. C. Wood, for plaintiff. An appeal by defendant, the Royal Bank, from an order of the master in chambers of Sept. 18, 1911, adding the attorney-general as a party plaintiff.

Judgment: The joinder of the two independent causes of action sought is not permitted by the rules. They are in no sense cognate. Appeal allowed and the action restored to its original plight. Parsons must amend by cutting down his statement of claim to that which he is prepared to stand by as a proper pleading in a class action. It was arranged that the plaintiff should be relieved from the term imposed by the injunction order as to a speedy trial. A clause to this effect may be inserted in the order. Costs to defendants in any event.

Single Court. Before Meredith, C. J.

Benner v. The Mail Printing Co.—C. Swaby, for defendant. H. S. White, for plaintiff. An appeal by defendant from the pleadings and admissions by the plaintiff on his examination for discovery for dismissal of action. Judgment: The action is for libel published in a newspaper, and the question for decision is whether or not the notice served by the plaintiff specifying the statements complained of was a sufficient notice to the defendants within the meaning and for the purpose of section 8 of the Libel and Slander Act. The notice is addressed to the printer, and the printer is the proprietor of it. Section 8 requires that notice in writing be given to the defendant, and the notice given in this case, as I read it, was not a notice

A Special Ale For A Special Purpose

O'KEEFE'S Special Extra Mild Ale is a distinct and special brew. It is more than a light ale. It is Special Extra Mild—so light that it agrees with the most delicate stomach and will not cause Bilioussness or Headaches.

The O'KEEFE Brewery originated this delightful Ale and gave it the very descriptive name—Special Extra Mild Ale.

If you have been drinking a Special Extra Mild Ale at all, you have been drinking O'KEEFE'S. Thus, you are familiar with the richness and delicious flavor of this masterly brew.

As there are now other ales bearing the title Special Ale, we caution you to specify O'KEEFE'S whenever you order Special Extra Mild.

Don't merely ask for Special Ale or Special Extra Mild—but give the full title—

O'KEEFE'S SPECIAL EXTRA MILD ALE THE O'KEEFE BREWERY CO. LIMITED, TORONTO.

case in which the indictment charged the defendants with neglecting to provide tenders for their cars, with over-crowding. The trial of other counts was adjourned until the next sitting, and the special case granted on this count, on which the verdict was given. By agreement between the counsel, case stands off list, to be retried upon two days' notice by either party. Messrs. Elvick & Co. v. Playfair, E. Hodgins, K.C., for James Playfair, F. King (Kingston) for Montreal Transportation Co. A. H. Clarke, K.C., for plaintiff. An appeal by defendants from the judgment of the trial judge of Feb. 23, 1911. This was an action by plaintiffs against defendant, James Playfair, claiming \$397.75 damages from him as captain of the steamer Mount Stephen for the breaking of the marine leg of his elevator at Seaforth in one of his launches of said steamer, and for consequential damages, alleging that the damage occurred thru the parting of the Mount Stephen's forward mooring cable, and that such parting occurred thru the negligence of those in charge of the steamer in failing to slacken the cable as the work of the unloading progressed. The claim was afterwards amended and damages also claimed from them for alleged negligence in navigating, manoeuvring and turning their steamer in close proximity to the moored steamer Mount Stephen. At the trial judgment was given plaintiffs against defendants for \$5700 damages and costs. Argument of appeal therefrom not concluded.

PAY FOR USE OF "EX" GROUNDS.

The parks and exhibition committee decided yesterday to charge \$100 for the use of the exhibition grounds for meetings, etc., to all societies except philanthropic ones. They will have the use of the grounds for \$10. A charge of two cents per chair rental will also be made if they are called for.

TWO ERIE MEN.

A. C. Hilton, general agent passenger department of the Erie Railway, and Brother Priest, traveling passenger agent of the Erie Railway, both of Buffalo, were in the city Saturday. They are fine fellows.

Paid for Over-Speeding.

Frank W. Balle and George Beddingfield, speed fiends, appeared yesterday before Magistrate Kingford in the afternoon police court, to answer charges of running their cars at excessive speed. Both paid \$20 for their run.

ANOTHER GAIN FOR BORDEN N GASPE

Continued From Page 1. A royal commission to investigate the spending departments is being discussed in Ottawa. The Conservative opposition moved repeatedly for such a commission and it was refused.

Quebec Safe With Borden. MONTREAL, Sept. 25.—(Special.)—Hon. G. B. DeLoach, ex-premier of Quebec, and perhaps the leading Catholic layman in the province, was asked to-day what he thought of the theory advanced at Quebec that the Province of Quebec would have no show whatever in the face of the great vote Ontario gave to R. L. Borden.

Dr. Reid, M. P., Got His. MONTREAL, Sept. 25.—(Special.)—Dr. J. D. Reid, M.P., who was re-elected by double his former majority in Grenville, to-night at 6 o'clock of the night procession paraded the principal streets, headed by Prescott and Cardinal bands and veterans of 1866.

Port Hope Will Celebrate. PORT HOPE, Sept. 25.—An enthusiastic and energetic committee of prominent citizens are making elaborate preparations for a grand parade of triumph to be held here on Wednesday evening next, to celebrate the Conservative victory. There will be a monster torchlight procession, including 100 farmers on horseback from the adjoining townships.

Cheerful Sam Sharp. CANNINGTON, Sept. 25.—(Special.)—The Liberal-Conservative M.P. for Cannington, Ontario, Mr. Sam Sharp, commemorated the return of Major Sam Sharp, the Conservative member-elect for North Ontario, on a torchlight procession which was formed and a salute of 100 guns was fired at the centre of the town as the member-elect passed.

Stole From Brother. Jewelry and Mining Shares Said to Have Been Nightingale's Loot. Since Aug. 17 the police have been looking for Meredith Nightingale, a Jeweler and then journeyed to Hamilton, where he sold a part of the stock and pawned the rings. The Chicago police wired last night to say that Nightingale had been seen there and an officer will be sent to bring him back.

ODDS AND ENDS. Train tunnels for vehicles and pedestrians are being built under the River bridge at the corner of the city of Hamilton. A Boston man has invented an electric fountain small enough for a pocket, and is advertising it in the falling water supply used to change the color of the lights illuminating it.

Witness Tells of Explosion. An eye-witness of the disaster says: "While walking with my family this morning about half-past 5 o'clock I distinctly saw little flames darting out from the sides of the Liberté. Having heard a rumour that the vessel was on fire, I said to my wife: 'It will be better to go home; there is sure to be an explosion.'"

Prisoners Well Equipped. The temporary wooden building which has housed the prisoners up till the present time will be used until the completion of the new stone building. These will include dormitories, well-lighted and heated, and with the windows opening the possibility of escape for the prisoners. Libraries, gymnasiums and a school building are also being erected in addition to the workshops.

Prisoners Allowed Liberty. The prisoners are given every liberty possible and there are always a few guards stationed at points throughout the grounds, there is no need of new guards exercised that is perhaps a necessary but unfortunate part of prison management.

Excelsior Furniture Display. The large double window on the corner of Yonge and Queen-streets has been temporarily converted into a bedroom by the Robert Simpson Company. HURLED BOY FROM TRACK RESCUER ALMOST KILLED

Continued From Page 1. The boy, before Shank struck him young Hayes turned his head and received the full force of the weight of Shank's body in his face. And the impact knocked the boy under the freight car.

Caught Between Trains. Shank, still retaining his presence of mind, clutched the rod under the freight car when he struck the car and held himself from falling backward under the wheels. Crouching there in the narrow space between the freight car and the train, he waited until it had passed.

Engineer Davidson said afterwards that he was only 20 feet from the track when he appeared on the boy. He was sure the boy was going to be killed until he saw Shank knock him out of the way. Then the engineer thought he had killed Shank, because the engine was so close when Shank leaped that the scene was blocked from his view.

The engineer put on the emergency brakes and stopped his train within a few feet and went back. The boy had run away, but Shank was continuing on his way to work.

Shank was for some years a railroad man, and he lives at 111 Condon-ave.

AVIATOR KILLED. Dr. J. C. Clarke Fell From Monoplane—McCurdy Refuses to Fly. NASSAU BOULEVARD, Long Island, N.Y., Sept. 25.—The international aviation meet was marred this afternoon by the fall of Dr. J. C. Clarke, an amateur of New York, who was to fly for his license at 2:30 p.m. in his Queen Bliot monoplane, sustaining such injuries that he died at 7:30 o'clock to-night in the Nassau Hospital, where he was rushed after the accident.

Five of the most prominent entered for the meet this afternoon signified their intention of withdrawing from the contest, but their determination was not due to the fatal accident. Eugene Ely, George B. Sayer, Henry A. Atwood, Bud Mars and J. A. McCurdy, the Canadian, were those who decided to stay in the contest. Ely and McCurdy expressed dissatisfaction with the rules. Mile. Durieux also refused to fly to-day until he received more money.

In the speed contest for monoplane to-day, Graham Whitehead, the prize of \$500, flying a distance of ten miles at an average speed of 6 1/2 miles an hour. Dr. J. C. Clarke, the Canadian, flew a distance of ten miles at an average speed of 6 1/2 miles an hour. The contest was held at the Long Island Coliseum, carrying several sacks of United States mail in order to test for almost the possibility of aerial mail transportation.

CHILD LABOR LAW GAIN DURING THE YEAR. The next report of the National Child Labor Committee will give a review of the legislative work of the past year. In a number of states advance has been made in securing better inspection laws, and in some states, as in the east, the committee has met with defeat in its efforts to secure more particular enactments. But general legislative advances have passed favorable laws.

The eight-hour day for children under sixteen, was established in Colorado, Missouri and Wisconsin. In California and Washington the eight-hour day was established for women and girls. In several states, as in Massachusetts, a fifty-four-hour week for males under sixteen and a week for males under sixteen and mercantile establishments; Missouri, a fifty-four-hour day and fifty-four-hour week for all females; Utah, a fifty-four-hour week for boys under sixteen, girls under sixteen, North Carolina, a forty-four-hour week for children under sixteen, and Indiana established an eight-hour day for children under sixteen, with the exception of night work on application of parents and children under sixteen for more than eight hours a day.

Colorado, Indiana, Missouri, New Hampshire, New Jersey, South Carolina and Wisconsin passed laws forbidding the work of children under sixteen at night. California made the prohibition of children under sixteen at night in mercantile establishments, and Vermont restricted by the enactment of laws forbidding such employment under sixteen years of age. New Jersey, New York, Wisconsin and Utah. Four states established the eighteen hour age limits for night messenger service. Michigan, New Hampshire, Oregon, Tennessee, California by a general law forbids such employment under sixteen years of age, and Indiana under sixteen years of age secured to eliminate minors from the night messenger service was in New York last year.

The disposition to afford special protection to children against dangerous occupations was seen in the enactment of laws prohibiting children under eighteen in Connecticut, Colorado, Indiana, Michigan, Missouri, Tennessee and Vermont from specific lists of dangerous occupations. In Indiana the law prohibited girls to eighteen.

Colorado, Vermont and West Virginia passed laws fixing fourteen years as the age limit below which children may not work while Indiana, Missouri, New Jersey and Wisconsin made the new territory in the protection to other law or extended the protection to other industries. California and Oregon established a fifteen-year-old minimum age limit for general child labor with some exceptions.

It Wouldn't Do. Artist Boarder: Don't you want your dining room decorated with woodland scene again? Mrs. Hamanah-Mercy: No! The other boarders thought they were out in the country and their appetites increased.

Fostering Talent. "You refuse to allow your son to study spelling and grammar," said the teacher. "Absolutely," replied Mr. Groucher. "I want him to try his hand at current literature, and I don't propose to spoil his dialect and slang."—Philadelphia Record.

NEED BETTER SERVICE ON YORK RADIAL LINE

Application For More Switches Made by Railway Is Stoutly Opposed. After three witnesses had given their views on the application of the Toronto and York Radial Co. for permission to lay several new switches at North Toronto and to lengthen others, the Ontario Railway Board yesterday afternoon adjourned the hearing until Friday, when other witnesses will be present.

Edward F. Coleman, manager of the Hamilton Electric Railway, Martin Todd, manager of the Galt-Hespeler Radial Line, and Edward James, engineer of North Toronto, stated that the Radial Company did not require more switches, but a dispatch system and a different method in starting some of their cars from North Toronto.

The residents claim that business is interfered with by the cars running up Tongue-street, close to the west side wall, and that the charter calls for the removal of these tracks to the middle of the road, at the request of the ratepayers. They are afraid that if the new switches were approved by the railway board, it will be very difficult at a later date to have them transferred to the centre of the street. A new roadbed is shortly to be laid, and it is hoped by the ratepayers that the tracks will be moved before that time.

A better service is also requested by the patrons of this line. The Radial Company, however, claim that the proposed switches are necessary to allow more cars to be added to the present service and that until they are laid more cars cannot be operated. The railway board, on the other hand, claims that more cars are operated on Saturdays than any other day during the week and that the same number of cars could be run every day. This would give a ten-minute service between North Toronto and Glem-Grove.

J. H. White, K.C., and C. A. Marsh, K.C., are appearing for the York Radial Co., H. L. Drayton, K.C., is appearing for the city; T. C. Gibson and William Mulock are looking after the interests of the rate payers.

DEATH OF MRS. HAMILTON. Lieutenant Harold Hamilton of the upper Dundas-street, Toronto, has received many expressions of sympathy on the death of his wife, who passed away suddenly at their residence, 130 Gore Valley-street, on Saturday, as a result of an affection of the heart, due to pneumonia.

Mrs. Hamilton, who was 33 years of age, was a member of the West Presbyterian Church and had a wide circle of friends. She is survived by Mr. Hamilton and a son, Harold, aged 12. Lieutenant Hamilton has been in the service of the department for over 20 years, and a number of his comrades will attend the funeral services this afternoon. Numerous beautiful floral offerings have been received.

Suspicious Move. "That woman views me with considerable suspicion," said the petting policeman to a lady who was throwing his line into the same stream. "Yes, sir," he answered. "I s'pose I will some day, but I believe I'd rather say small and catch a few fish."—The Era.

SENATOR CLORAN MUST PAY

High Lace Dress and Coat Was Not a Gift. MONTREAL, Sept. 25.—A judgment involving the validity of a gift made to a senator in exchange for the latter's influence in securing a sub-contract, was rendered to-day by Mr. Justice St. Pierre in the case of David Savastre, plaintiff, vs. Senator Cloran, defendant, and Louis Hamon and Ernest Hess, intervenants.

The suit, which was taken on behalf of the house of Savastre, silk and lace merchants, of Montreal, sought \$25,000 being the value of an high lace dress and coat delivered to the defendant on the 30th of November, 1907, by Jules Blouin, agent of the company.

The suit was opposed on the ground that the transaction was not a sale, but a gift made by Senator Cloran in exchange for the senator's influence in securing for the house of Savastre a contract for work in connection with the Royal Victoria Museum at Ottawa.

Senator Cloran explained that after he had interested himself on behalf of the house of Savastre, he desired to commemorate the kindness, and invited himself and Mrs. Cloran to make choice of some Irish lace creations, as was the custom in Canada by the Savastres firm. Thus he had gone to the Russell House in Ottawa and under the impression that both were to be regarded in the light of gifts.

However, plaintiff represented that Senator Cloran had made the choice of some Irish lace creations, as was the custom in Canada by the Savastres firm. Thus he had gone to the Russell House in Ottawa and under the impression that both were to be regarded in the light of gifts.

Both were not their representative, as the transaction at the Russell House was not a sale, but a gift made by Senator Cloran in exchange for the senator's influence in securing for the house of Savastre a contract for work in connection with the Royal Victoria Museum at Ottawa.

At the evening session the missionary work of the board was explained in detail by Rev. Dr. Endicott of West Chita. Dr. Endicott said that the Christian work of the board was explained in detail by Rev. Dr. Endicott of West Chita. Dr. Endicott said that the Christian work of the board was explained in detail by Rev. Dr. Endicott of West Chita.

METHODIST MISSIONS. Annual Board Meeting Discusses Problems of Work. The Methodist Board of Missions opened the annual meeting at the Carlton-street Methodist Church yesterday; there being more than fifty representatives present from all parts of the country.

At the evening session the missionary work of the board was explained in detail by Rev. Dr. Endicott of West Chita. Dr. Endicott said that the Christian work of the board was explained in detail by Rev. Dr. Endicott of West Chita.

G.T.R. Telegraphers Dissatisfied. A delegation of telegraphers' union is meeting at the Palmer House to air the grievances of members of the union in the employ of the Grand Trunk Railway system. It appears that they are receiving less money than they were seven days a week, whereas the men on the other line work only six.

Dr. Chase's Ointment will relieve you at once and as certainly as you can apply it. It is the only ointment that cures all kinds of piles. Sample box free if you mention this paper and enclose 10 stamps to pay postage.

ENTERTAINED AT LUNCHEON

The visitors were afterwards entertained at luncheon in the commodious and airy restaurant building east of the administration building. A plentiful display of fruits, vegetables, etc. from the farm, and tables set for the luncheon, was on view and occasioned much favorable comment.

This is now an orchard of 1800 apple, cherry, pear and plum trees, as well as 1900 small fruits of various kinds planted on the farm during the past year. There is also a dairy herd of 135 Holsteins, and a thoroughbred dairy barn in course of erection, which will accommodate 200 cows.

Prisoners Well Equipped. The temporary wooden building which has housed the prisoners up till the present time will be used until the completion of the new stone building. These will include dormitories, well-lighted and heated, and with the windows opening the possibility of escape for the prisoners.

Prisoners Allowed Liberty. The prisoners are given every liberty possible and there are always a few guards stationed at points throughout the grounds, there is no need of new guards exercised that is perhaps a necessary but unfortunate part of prison management.

Day's Doing in York County West Toronto North Toronto East Toronto

IMPORTANT MEASURES IN N. TORONTO COUNCIL

They Don't Like Fixed Assessments Over the Sewer Easements—Mayor Talks Plain.

NORTH TORONTO, Sept. 25.—(Special.)—The town council to-night dealt with three or four important measures, among them those relating to sewer easements, the Crow & Son sewer contract, and the Wood Gundy debentures business, all of which were of considerable importance.

At Scarborough Junction two rollers are at work, one on the Kingston-road and one on the Kennedy-road. Yesterday Mr. E. A. James, engineer to the board, started two new outfits, one at Don Mills-road, and one on the Vaughan plank road, near Downsview Station.

The offer of Wood-Gundy Co. for the \$45,000 debentures for the parallel and cemetery roads voted upon a fortnight ago was under discussion, and a representative of the firm was present and urged acceptance of their offer of 88 1/2 bearing 4 per cent. interest, but council almost unanimously turned down the offer because they did not like the principle of selling the town's securities without first advertising them and giving everybody a chance to tender on them.

Personally I rather think the offer a good one," said the mayor, and so thought Councillor Munton, but Councillor Lawrence and Councillor Howe were strongly opposed to the scheme, and Councillor Reid as usual favored putting the matter over until next year. "No need for this year's council to trouble about that," said he, and among them it was shelved over for the present, and when they get ready to sell them eventually, the market houses will know about it and get a chance to handle them.

They next dealt with the sewer easement relating to the lot owned by Nicholas Garland, and after considering the several clauses as submitted by the solicitor, decided to turn the lot into a present shape, Mr. Garland wants a fixed assessment for ten years on an upward sliding scale. He owns a trifle over 4/10 acres, and asks for a fixed assessment of \$15,000 for the first three years, \$20,000 for the next three years, and \$25,000 for the next three years. In the event of any of the land being broken up into building lots, the amount of the assessment of the lands retained shall be reduced in the same proportion as the area of the lands broken up to the following years, up to and inclusive of the year 1921, from the amounts fixed in the same proportion as the area of the lands broken up to the lands retained.

They talked it all over and for the most part opposed Mr. Garland and his fixed assessment, and for a piece of land that is unsuited for building purposes. He wanted to hold the town up, and I consider it is contemptible." They decided to set the assessment cannot be broken up, if the fixed assessment ceases. Otherwise the deal will not go thru.

Engineer James, on the advice of the solicitor, paid the employees of Crow & Son their arrears of wages this morning, said to be about three weeks, and ordered them to report for work tomorrow morning at 7 o'clock. Council were somewhat concerned over the situation, and it was freely stated that the town has now taken over the contract and may not be able to collect the bond. Work was being greatly delayed, and the engineer was averse to allowing the men to disband, hence the action.

Merton-st. householders will get a drain that will enable them to find an outlet for the water in their cellars. Councillor Howe, who had a vigorous protest in their behalf, and succeeded in getting the matter straightened out.

WEST TORONTO. WEST TORONTO, Sept. 25.—(Special.)—The death occurred late last night of Almita McArthur, daughter of Mr. and Mrs. McArthur of Keele-street, corner Vine-avenue, 17 years of age. The funeral will be held at 10 o'clock, at Prospect Cemetery from the above address.

The athletic department of the Victoria Church Young Men's Bible class has organized a Rugby department and selected a team. Their first game will be with the Kew Beach team on Thursday afternoon next on the grounds of the Humberdale Collegiate.

Court Toronto Junction, No. 166, C.O.F., held a special business meeting to-night in their rooms, at the corner of Dundas and Pacific-avenue. After the business of the evening, including several initiatives, the members indulged in a little social time.

YORK TOWNSHIP PUBLIC NOTICE

Closing of Part of Jane Street on Plan M. 12 and M. 103 and Closing of Part of College Street on Plan M. 12, in the Township of York.

Notice is hereby given that at a meeting of the Council of the Corporation of the Township of York, to be held at their Council Chambers on the northeast corner of King and Jarvis-streets, in the City of Toronto, after one month from the date hereof, namely, on Monday, the 26th day of November, 1911, at three o'clock in the afternoon, or as soon thereafter as a meeting of the said Council shall be held, the said Council proposes to pass a by-law to close that part of Jane-street, west of the right of way of the Belt Line Railway, as shown on and contained within Plans M. 12 and M. 103, and that part of College-street, west of the right of way of the Belt Line Railway, as shown on and contained within Plan M. 12, both of which said plans are filed in the Office of Land Plans, at Toronto, and to open new streets in lieu thereof in the Township of York. The proposed by-law and plans showing the land to be affected may be seen at my office at the northeast corner of King and Jarvis-streets, in the City of Toronto.

W. A. CLARKE, Township Clerk.

Township Clerk's Office, Toronto, September 25th, 1911.

YORK GOOD ROADS.

Work is now making good progress on the roads under the York Highway Board. Over a mile of splendid roads is now completed at Lansing and about three-quarters of a mile at Weston.

At Scarborough Junction two rollers are at work, one on the Kingston-road and one on the Kennedy-road. Yesterday Mr. E. A. James, engineer to the board, started two new outfits, one at Don Mills-road, and one on the Vaughan plank road, near Downsview Station.

Lambton-road has a large force at work. This means that to date the board have seven road rollers at work, accompanied by air equipment necessary to keep this outfit at work every fine day.

The board are now arranging for work to commence on the Lake Shore-road at an early date.

Now that the board has succeeded in arranging for stone at less than one-half the price first asked, work will make good progress.

Streetsville Fair. Meet your friends at Streetsville Fair, Friday, Sept. 29. Special train leaves Toronto Union at 11:30 p.m. Special attractions in horse ring. High-class music. Grand concert at night. Everybody come to the best exhibition in the province.

SUTTON FAIR. Next Thursday and Friday the Sutton Fair takes place, and it looks as if all records with respect to entries and attendance would be broken. In addition to all the other features there will be some good racing.

CREDIT AUCTION SALE. Credit auction sale of 34 head of milch cows, springers and young cattle. The undersigned has received instructions from Mr. Jas. Hook, to sell by public auction at Bowser's Hotel, Cookville, Tuesday, Sept. 26, 1911, at 1 o'clock, sharp: 10 milkers, 18 springers, 8 head of young cattle. Most of these cattle are good enough for butchers. This is a first-class lot of large young cattle. The calves will positively not be sold until the sale. Sale to go on rain or shine.

Terms—6 months' credit on approved joint notes, 8 per cent per annum for each. Cash (Thomas, W. A. 325-12).

FINE JAIL RECORD

Chicago Man Got Three Months and Is Kept Two Years. CHICAGO, Ill., Sept. 25.—Pavel Macca was sentenced to three months in the county jail for contempt of court. That was two years ago. At the expiration of the sentence he received another three-month sentence, and when his case apparently was forgotten. He was found to-day occupying a cell in the county jail, still serving his sentence, apparently not knowing his sentence was there and making no effort to get out. Macca was sentenced for contempt when he said he was unable to pay his divorced wife \$120 alimony.

A writ of habeas corpus was filed in the superior court during the afternoon asking for his release.

JUDGE DENIES REPORT.

It was stated in an evening paper yesterday that an investigation would be made of the sanitary arrangements of the public schools by Judge Winchester. When asked last night whether or not that was the case, Judge Winchester said he knew nothing about it.

To Inspect C.N.R. New Line.

Chairman Mabee, accompanied possibly by another member of the railway commission, will, on Thursday, inspect the Toronto and Trenton line of the Canadian Northern Railway. A government engineer will also be of the party.

After Windsor Murderer.

Inspector Reburn was sent from the provincial police department yesterday to Windsor to investigate the death of Thomas H. Mills, whose body was found a week ago lying on the railway track a short distance from the town. Life apparently having been taken by the hands of a robber. Mills' remains were taken to Kingston for interment.

ALDERMEN ARE CARELESS.

But little interest was taken in the meeting of the property committees yesterday, there being no quorum. Ald. O'Neill and May were present, while Ald. Baird, Weston, Mc'Brien, Chisholm and Hoy were absent. The matters which should have been dealt with were the recommended renewal of leases from the city to tenants.

The Morning World is delivered before breakfast to any address in Toronto or suburbs for twenty-five cents per month. Phone M. 8305.

INLAND NAVIGATION. Niagara River Line

Steamers leave Toronto, 7:30 a.m., 3 p.m. Steamers arrive Toronto, 1:15 p.m., 8:30 p.m. (Yonge Street Wharf). Ticket Office: 83 Yonge St. Traders' Bank Bldg. Tel. Main 4588.

JUVENILE COURT JUDGE

Wanted in Montreal for New Court There Established. MONTREAL, Sept. 25.—Judge Choquet interviewed the board of control to-day relative to the opening of the juvenile court that the city is establishing in Champ de Mars-st. He desired to know when the court would be opened, so steps could be taken to get the legislature to appoint a judge. In reply he was informed by the controllers that the building which had been bought for the new court had been extensively remodelled and completed. The building cost \$13,000. For a time it will be used both as a juvenile court, and as a house of detention for young offenders. Later on the legislature will be asked to build a special court, and if this is done, the civic building on Champ de Mars-st. will be used for detention purposes only.

To Contractors.

Tenders will be received until the 28th inst. for the different trades, including Brick, Steel, Carpenter, etc., works in connection with the erection of a large factory building in West Toronto. Plans and Specifications and all other information can be obtained at the offices of the architect. E. J. LENNON, 5282 164 Bay Street.

Sharp declines in Porcupine Issues Under N. Y. Liquidation

Disappointing Market in Initial Session of the Week

Porcupine Stocks Slump Violently Under Decided Lack of Demand—Hollinger Leads Decline, Losing 35 Points.

World Office, Monday Evening, Sept. 25. The mining market drifted into a period of weakness today, and under liquidation of a quiet but insistent nature, prices recorded sharp declines, which wiped out all the recovery made during last week.

The movement to prices was of a somewhat mysterious nature. Trading was decidedly apathetic, the volume of transactions for the session being the smallest in a long time. At intervals, however, there came an unexplained lack of demand, and on any signs of selling values slumped in short order.

It was currently reported that New York was selling the gold mining stocks and this action was taken as reflective of the depression existing on the big stock exchange in that city. Wall-street was in an apprehensive mood, and the liquidation in effect in the New York market carried prices down to new low records for the year. The copper mining issues listed there were particularly weak, and it was felt here that the Porcupine were being sold across the line to raise funds to protect holdings in the big exchange.

Stocks opened lower all round on the local market, recessions of one and two points being common. This naturally caused apprehension among weak holders and brought about a selling movement which resulted in the further decline.

At one period Dome Extension sold at 63-1/2, a loss of 4 points from Saturday's close. There was no active trading in the shares, but there was more to a lack of buyers than to a dearth of offerings. A half point rally was in evidence at the close, when bids were put in at 64.

The lower prices for Dome Extension were paralleled in the other cheaper Porcupines, Vipond being off 4 points to 38-1/2, Preston off 3 at 32-1/2, and Swastika off to about the like extent at 35-1/2. Foleys-O'Brien got down to a new low level at 75.

The bigger issues were weak with lower values through the day. Hollinger sold off to 111-70, a drop of 35 points from Saturday's close. It was relatively firm, losing only 3 points at 112-1/2. The market through was a decided disappointment to traders, and showed no inclination of any account to recover from its depressed attitude up to the close.

Kerr Lake Makes A Poor Showing

NEW YORK, Sept. 25.—The Kerr Lake Mining Co. held its annual meeting today. All the directors were re-elected. The financial report of the Kerr Lake Mining Co., the operating concern, showed a deficit of \$300,000 for the fiscal year ending Aug. 30 last. The balance sheet of that date shows cash on hand amounting to \$418,755, mining property \$50,000 and total assets over liabilities of \$388,755.

The holding company, the Kerr Lake Mining Co. of New York, reports total income for the fiscal year of \$1,844,415, an increase of \$292,000, and a dividend of \$111,482. Last year the surplus was \$134,428 and cash on hand \$557,000.

Another Townsite For Porcupine

Property Directly West of Timmins Laid Out Into Town Lots—Arthur Way in Charge.

PORCUPINE, Sept. 25.—(From Our Man Up North.)—The 80-acre lot directly west of the Campbell "C" townsite, has been surveyed and laid out into town lots. Arthur E. Way in charge, and on Oct. 1, the plan will be thrown open to the public for purchase.

The title and Trust Co. of Toronto hold the transfers, and as title to the property has been secured by the present owners, purchasers will be in a position to get the shares immediately on payment. The two 80-acre lots in the townsite were purchased two months ago by Way and associates, but for the present only one 80-acre lot has been surveyed.

Within another year it is expected that the railway will be built past the Timmins townsite to the river, and at this event, the line will run directly across the new townsite. Two lots lie between the Way townsite and the river.

The fact that two townsites are being laid out west of the Pearl Lake mining section, shows the confidence the owners of the property in that section have in the future prospects of the mines in Western Timmins. Chas. Fox.

A CORRECTION.

Editor World: An advertisement appeared in your issue of Sunday, Sept. 24, relative to Porcupine Contact which bears our name at the bottom as one of four brokerage firms connected with the syndicate.

As a firm, we have no personal knowledge of the launching of this underwriting syndicate, and we are therefore not responsible for any statements contained therein.

We wish you would kindly make this correction to the public in the columns of your paper at the earliest possible moment.

SCOTTISH-ONTARIO, THE TESTING OF VALUES

Over 800 Feet of Development Accomplished—Good Milling Ore on the Dumps.

PORCUPINE, Sept. 25.—(From Our Man Up North.)—Slowly but surely the hard rock, the Scottish-Ontario, the Hollinger of the Northern Whitney section, stands out as a particularly bright star in the Porcupine firmament.

Over 800 feet of underground work were completed with the last shot Saturday night. The work now being done by the Engineer McLaren is particularly interesting, as it shows the character of the driving of the north cross-cut from the main vein, a distance of 250 feet, to catch up a large vein as indicated by the surface outcroppings.

Should the vein when cut at the 100-foot level prove to be anything like what the surface indicates, the 250-foot cross-cut will have developed at the 100-foot level four good-sized veins, two of which were not seen on the surface. There are two other veins opened, but they worked to any extent. The main vein runs east and west thru a ridge of the Keewatin, where shearing of the rock was particularly heavy and the sheared zones that Engineer McLaren pins his greatest faith.

Along the main lead are two shafts, one a main opening, 110 feet deep, and the other a subsidiary shaft 45 feet deep. Drifting for 180 feet on a lead 28 feet to the north of the main vein has been done. This is on the blind vein, which was struck last winter while cross-cutting to the north. The width varies from 4 to 15 feet, while the main vein averages about 12 feet. The other veins are smaller in width.

Engineers Dempster and Thornton of the Forest-McArthur Engineering Company have just completed a voluminous report on the underground work and the mine in general. Not until this report has been received by the head office of the syndicate in Glasgow, Scotland, will any of the particulars be made public.

The report warrants the expenditure of half a million dollars, that amount will be spent forthwith.

And, should a mill be placed on the property, the Dundee plant would furnish a sufficiently large body of ore to start work. Tests show that the dump pile averages up better than the ore from the underground. A body of ore awaits them right now.

Charles Fox.

ROAD TO PEARL LAKE

PORCUPINE, Sept. 25.—(From Our Man Up North.)—The Tisdale township council have authorized the completion of the road from the Dundee plant to Pearl Lake from South Porcupine. A preliminary road was started by the provincial road department after the fire, and the sum of \$10,000 was expended. Not all the bad spots were cordoned up and under contract work the township council are completing the work now.

Chas. Fox.

HEAVY MARKETING OF WESTERN WHEAT

Enormous Run of New Crops to Minneapolis—Winnipeg Reports Wet Weather Damage.

J. P. Bickell & Co., from Logan & Bryan.

Wheat—Heavy and lower. Market closed on a low note, with many buyers in the local trade. Receipts in and possibly a fresh short interest created. Prices improved for May, and the trade was the enormous run of 1,061 cars for Minneapolis, an increase of 300,000 bushels in stock. Receipts in the west for a sharp break in prices in both the big spring wheat markets at opening. An enormous run of wheat to Minneapolis, a body of ore awaits them right now.

Charles Fox.

CATTLE HIGHER IN MONTREAL YARDS

Prices Up 15c to 25c Since Last Week—Hogs Lower on Liberal Supplies.

MONTREAL, Sept. 25.—At the Montreal Stock Yards west end market, the receipts for the week ending Sept. 23 were 360 head, 280 calves, 280 lambs, 280 hogs and 300 calves, while the offerings on the market this morning for sale amounted to 1100 cattle, 1400 sheep and lambs, 1400 hogs and 120 calves.

Robins Prepares to Build EXPORT TRADE BULL

Montreal Export Business Nil, Owing to Out-of-line Bids.

MONTREAL, Sept. 25.—Business in Manitoba springs wheat and oats for export account continues very quiet, owing to fact that prices bid are away out of line with values here. The foreign demand for spring wheat flour was fair, but not so good as for winter wheat. Exports for the week, 851 packages, against 328 a year ago. Eggs fairly active. Trade in provisions good. Demand for butter, 100 lbs. per 100 lbs. lower. Dressed hogs—Abattoir, 87 to 90 per 100 lbs.

Winnipeg Grain Market.

WINNIPEG, Sept. 25.—The tone of the Winnipeg market was again weak, with a decline for the day of 4c for October, 1 1/2c for December and 1 1/2c for January. Demand for spot cash was good for all grades, but the premiums were narrow. Export business was quiet, with a demand for spot cash was good for all grades, but the premiums were narrow. Export business was quiet, with a demand for spot cash was good for all grades, but the premiums were narrow.

Semi-Panicky Conditions Prevalent in New York Market

Most Extensive Slump in Stocks Since Present Decline Started

New York Market Flooded With Selling Orders, But Usual Recovery Comes Late in Day—Toronto Exchange Ignores the Movement.

NEW YORK, Sept. 25.—The most extensive decline in stocks which Wall Street has known since the long decline began last month occurred today. The selling was not so much confined to the market as a whole, but extended through the entire active list. Prices gave way in every quarter and the loss of most of the leading issues ranged from four to six points. In the late trading the market developed pronounced strength and stocks rose almost as abruptly as they had declined. The end of the session found losses greatly reduced.

The day began in comparative quiet, and although the market still showed signs of nervousness, the first hour witnessed no unusual fluctuations. Before noon, however, the selling increased to a point where the market was flooded with orders, which broke precipitately. All the leading issues with few exceptions fell to new low points of the year. Among the industrial stocks the most notable were General Electric, which fell 1 1/2 points, and Westinghouse, which declined 1 1/4 points. The market was particularly active in the afternoon, when a recovery set in and prices advanced to a point where they closed with only fractional losses.

With the exception of the word "panic" which is not in the dictionary, there were no developments to throw light upon the clouded situation, which has unsettled Wall Street so completely. While to-day's break was a sharp one, it is not so general as some other speculative holdings were forced, and for a time the market was threatened with utter demoralization. Bear reports with no apparent foundation were circulated with effect. It was hinted that the government was about to bring proceedings against a large number of corporations. The declining movement in speculative holdings was forced, and for a time the market was threatened with utter demoralization.

NEW YORK, Sept. 25.—The Bank of Montreal is shipping \$500,000 in gold to Canada. European Bourses. BERLIN, Sept. 25.—The bourse opened weak, but later steadied. PARIS, Sept. 25.—Prices on the bourse were heavy, especially Turkish and Italian securities.

McNeill Elected Director. A Montreal despatch says: Mr. D. McNeill, vice-president of the C.P.R., was this morning elected a director of the Montreal Bank, to succeed Mr. J. P. Cleburn, who has resigned because of ill-health.

Maple Leaf Pay Dividend. The board of directors of Maple Leaf Milling Company, Ltd., have declared the regular quarterly dividend of 1 3/4 per cent. on the preferred stock of the company, payable Oct. 18 to shareholders of record Oct. 4, 1917. The transfer books will be closed from Oct. 4 to 17, 1917, inclusive.

Regular Dividends. Regular quarterly dividends have been declared on the common and preference shares of the Mexican Light & Power Co., 1 per cent. on the common and 2 1/2 per cent. on the preference, payable on Oct. 18 and Nov. 1, respectively.

C. P. R. Traffic. MONTREAL, Sept. 25.—C.P.R. traffic for week ended Sept. 14, was 22,215,000 for same week last year, 22,023,000.

British Consols. Consols for money 77 3/4. Consols for account 77 1/4.

Money Markets. Bank of England discount rate, 4 per cent. Open market discount rate in London for short bills, 2 1/2 per cent. New York call money, highest 2 1/2 per cent. lowest 2 1/4 per cent. ruling rate 2 1/2 per cent. Call money at Toronto, 3/2 to 3 per cent.

Sterling, demand... 48 1/2... 48 1/2...

New York Selling In London Market

Americans Lower on Liquidation From This Side—Turko-Italian Disputa a Factor.

LONDON, Sept. 25.—Money in good demand, and discount rates firmer. The Bank of England is expected to secure the bulk of the £50,000 of gold available in the market. The stock exchange was quiet, but steady, with home rails, gilt-edge securities and Kafirs generally improved, but foreigners were easy on the rumors of trouble between Turkey and Italy. Turkish unified securities sold 2 1/2 points lower. Copper stocks were weak.

The market for American securities was steady early, but weakened later on the realization of new offerings. The leaders declined over a point, and the general tone at the close was easy, except Amalgamated Copper shares, which were weak.

Montreal Market Turns Irregular. Reactions and Recoveries in Speculative List—Cement Issues Higher.

MONTREAL, Sept. 25.—Price movements on the Montreal stock market to-day were irregular, there being reactions throughout the list, which were followed by recoveries in some cases. The cement issues were active and strong. Cement common, which was the most active issue in the trading, was selling at 131 1/2, recovering to 131 1/2, recovering to 131 1/2, recovering to 131 1/2.

Dividend Problem Is Now in Order. Henry Clews, the New York broker, comments as follows on the financial outlook: The future course of the market is uncertain. Liquidation may carry prices still further, but it is quite certain that an accumulation of stocks, a sharp upward reaction will follow.

ON WALL STREET. Stocks rallied after a very depressing session with break extending to six points in Union Pacific and three to five points in others. A report was current that the American Tobacco plan is being completed, and that an announcement may be made next week. In some quarters there was also an impression that something is coming out on steel which will help sentiment. There was no evidence of this. Certainly the extreme weakness of U. S. Steel would indicate that the American Tobacco plan is being liquidated because they do not like the looks of things. This has induced a general selling of the industrial list did not look well to-day. The selling was the heaviest, except for steel of any day yet. We may not see such a change in sentiment, but it is not impossible that a forced bidding-up with a view to checking the decline and stopping some of the liquidation.

Charles Head & Co. to R. R. Bond. Market opened active and lower with selling orders reported all around the room. A concentrated attack on the copper shares was the principal feature, prices breaking easily. Amalgamated Copper sold down four points to 43 3/4. Utah Copper two points to 28. Anaconda two points to 30. Smelters was also especially weak. This was followed by sensational breaks and industrial stocks reaching a new low record. The railroads also participated in this break. In the last hour there was a substantial rally of about a point of the earlier losses, but throughout today there was but little investment buying and the general feeling in brokers' offices is not bullish. The report that the American Tobacco plan of reorganization had been accepted by the government was considered a bullish item, but beyond that there was no news. Closing was strong and active at the recovery. Business was in the greatest volume yet, totaling over 1,400,000 shares. We are still confident that the market will lack staying power, and look for a further recession after the short covering shall have run its course.

Bakeries Not Clean. Keeping an unsanitary bakehouse brought Ed Markovitz and Ed Eichler, bakers, into police court yesterday. The defendants were not ready to go on with their cases and both were adjourned until to-day.

Maple Leaf Mill

First Cargo of Wheat Reaches the Big New Plant.
PORT COLBORNE, Sept. 25.—The first cargo of Manitoba wheat for the new big Port Colborne mill of the Maple Leaf Milling Company is now being unloaded here in the company's own elevators. The big mill, which is regarded as the most modern constructed in the whole of Canada, has been undergoing various tests for the last few weeks, and is now operating with very satisfactory results. American engineers who have seen it regard the mill as probably the best equipped in the world.

NEWS OF THE NEW FALL SUIT

The sentiment that "it is time for a change" has been much in men's minds of late. On the whole, it is a healthy sentiment, and should be applied to *clothes* as well as to politics.

The man who starts into autumn with a *new suit* carries with him a confident spirit. If he is fortunate enough to get a good suit at a low price, he's just that much more confident of his ability to "do things."

Look at these suits for to-morrow. There are many twenty-dollar ones among them. Because they've been shown as FINE SAMPLES to the best clothing dealers in Canada, we're able to offer them at this saving price of *eight-seventy-five*.

All new Fall goods, the choicest selection of patterns, the entire line of samples of a leading wholesale tailor; the materials are imported English and Scotch tweeds, in the new brown and grey tones, also some Fall weights in fancy worsteds; only six suits to a pattern; cut on the latest single and double-breasted models; carefully tailored, with best trimmings; in the lot are sizes 23 to 44. Regular \$14.00 and \$15.00. On sale Wednesday at 8.75

Don't overlook the new shipments of Men's Hats that are in from England. The best kinds, at . . . 1.50 and 2.00

And we're offering you more than your money's worth to-morrow on these Neglige Shirts and Sweater Coats:

750 Men's Neglige Shirts, in a good variety of designs and colorings; some coat shirts, pleated or plain bosoms; made from good quality cambries and chambrays; all sizes. Regular 69c, 75c and \$1.00. Wednesday 50

180 Men's Sweater Coats, samples, in white and tan, scarlet, navy and red, grey and navy, grey and red, and plain grey; these are made from pure wool and worsted yarns; some have the new triplex collars; others high collars or V shaped necks; all sizes in the lot. Regular \$2.50, \$3.50 and \$4.50. Wednesday 1.98

(No phone or mail orders for these.)

10 Karat Rings 49c

500 10k Plain and Engraved Signet Rings, Birthday Rings, claw settings, any birth month stone, amethyst, turquoise, sapphire, ruby doublets, etc. Regular price \$1.00. Wednesday, each 49

Trunks, Suit Cases and Club Bags at Factory Prices \$5.00 Values for \$3.95

There are only 90 pieces, and they all come from one of the best factories in this country. (See window)

More Bargains For Buyers of Blankets, Flannels and Linens

(Phone to Linen Department, Second Floor)

There is a vast difference between a big, warm, fleecy blanket and a dainty Irish table cloth, but if they are from the Simpson Store they are exactly alike in one respect, i.e., the best obtainable for the money.

This gleaming from the department exemplifies what we mean. Read it over:

400 pairs Flannelette Blankets, largest size, white only; they make the best winter sheets; 70x84 inches. Wednesday, per pair 1.25

White Wool Blankets, unshrinkable, 7 lbs. in weight, soft deep napping. Regular \$3.95. Wednesday, pair, 3.18

White Saxony Flannelette, free from dressing, English made, 27 inches wide. Wednesday, per yard7

Down Comforters, reversible, with down proof, reversible cambrie covers, 6x6 feet for double beds. Wednesday 4.95

English Nainsook, 36 inches wide, delightful underwear cloth. Wednesday, per yard12

Table Cloths, finest satin damask, 2x2½ yards, finest bleached Irish linen, in dainty designs. Regular \$2.50 and \$3.00 each. Wednesday 1.93

To-day's Important Sales

\$9.75 for Women's Suits worth up to \$25.00.
Wide Taffeta Ribbons, per yard 10
Men's Sample Hats 1.00
Sample Underwear for Men, a garment 1.00
Boys' Suits for 2.49
Bargains in Gloves and Hosiery.

Dining-room Furniture

From the heavy selling of the past few weeks, we have a dozen Art Squares of best quality, in sizes 9x12 ft., 9x10½ ft., and 10½x12 ft. Slightly soiled from being used as samples; blue, rose and fawn, at Half Price

REMNANTS OF COCOA MATTING, 25c PER YARD.

Lengths of from two to four yards, all widths from 27 in to 6 ft., at 25c per square yard. Half Price and Less.

BEDSIDE RUGS, \$1.98.

Of Wilton, Brussels and Axminster Carpet, mitre sizes; the most wear possible for the least money. Worth \$3.50 each, for 1.98

In the Wash Goods Dept.

A Few Pieces Only Mercerized Foulards, 28 in. wide; black, navy, pink, green and brown grounds, with spots, stripes, squares and figured designs. Regular 35c. Wednesday 21

Remnants of All Black and Colored Muslins, with dainty designs of stripes, spots and figures. Regular 20c, 25c, 29c. Wednesday, per yard 10

The Sale of Lace Curtains Continues To-morrow

If you could buy the lace that goes into these beautiful curtains from the peasants who make it, you'd hardly get better prices than those we quote here for to-morrow. Windows that are decorated merely with blinds may now be made to bloom like the lily, with this fresh loveliness, that is so reasonably priced for Wednesday.

A huge new shipment of Lace Curtains to be sold at prices considerably below the usual. There are many thousand pairs, including the latest novelties from prominent European manufacturers. We specially mention the following lines, but on Wednesday dozens of others will be displayed.

Nottingham Lace Curtains, 50 and 54 inches wide, 3½ yards long, made of the finest hand-spun yarns, carefully bleached and perfectly dressed, at prices which mean a saving of from one-quarter to one-third. Sale prices .97, 1.17, 1.37, 1.67 and 1.97

Swiss Lace Curtains, that, artistically, are way ahead of the ordinary St. Gall market products, and at prices less than you'll pay for the latter. Sale prices, Wednesday 2.47, 2.97, 3.47, 3.97 and 4.97
