German Industrial Leaders Favor Agreement With France

HOLD-UP REPORT ON DOUGLAS CAR

END URGED IN THE RUHR DEADLOCK

Industrial Leaders in Germany Favor Concessions to the French. ASK SOVEREIGNTY Population Admits Something Must be Done to End Situation.

(Canadian Press.)

Essex, Sept. 7.—If the government of Chancellor Stresemann decides to make direct overtures to France and Belgium to end the Ruhr deadlock, regardless of what Great Britain does, it will have the support of an overwhelming proportion of the industrial leaders and of the German population generally, provided German sovereignty in the occupied territory is guaranteed. Situation Desperate.

This opinion was expressed to the correspondent of the Associated Press yesterday by a prominent manufacturer, who requested that "for obvious reasons" his name be not mentioned. The manufacturer declared that there now was no use in hiding the fact that everybody felt it was time to begin to do everything possible to bring to an end an impossible economic situation.

A CONSPIRACY

Serious Charge Placed Against the Bulgarian National Agrarian League.

Sofia, Sept. 7.—Armed conspiracy against the state is the charge placed against the Bulgarian National Agrarian League and members of the Stamboulykhi Cabinet in the indictment on which the Government will base its prosecution of the ex-ministers in their forthcoming trial.

The document, made public by the state attorney, alleges that the Presidents of the Agrarian executive committees were instructed in orders issued last May to organize battle units everywhere which would constitute an army to be directed against all political opponents of the Government, rendering them ineffective for at least twenty years.

It is alleged that the units were called for May 17 to defend with their lives the principles of the Agrarian League and also all laws it might create. Minister of Justice Smiloff announced in Sofia on August 23 that eleven members of the Stamboulykhi Cabinet would be tried on capital charges including bribery, murder and incitement to riot.

Bulgarian Refugees Send Plea To League

Sofia, Sept. 7.—The congress of Thracian refugees in Bulgaria representing 600,000 exiles, has sent to the League of Nations a plea that it apply provisions of treaties for the protection of minorities, alleging that their condition is most miserable and they are unable to return to their homes which are occupied by hostile nationalities.

"All Gone But Faith In God," Bishop Wires

New York, Sept. 7.—Bishop John McKim, head of the Protestant Episcopal forces in Japan reporting the destruction of the denomination buildings, "all gone but faith in God." No members of his staff lost their lives. Salvation Army officials are becoming greatly alarmed about the army staff in Japan. They have had no specific word from any one of the 110 officers in the earthquake zone.

Union Congress To Continue Daily Herald

Plymouth, Sept. 7.—The trades union congress by a large majority decided today to continue the Daily Herald, the Labor organ, for another three months.

Announcement was made recently that owing to financial difficulties the Daily Herald would cease publication on Sept. 30 unless the trades congress decided that its life should be prolonged. In this connection it was stated that during the past year the congress had spent £76,000 on the Herald.

Cripples' Friend Dead In London

London, Sept. 7.—Sir William Purdie Treloar, former Lord Mayor of London, widely known as the "Cripples' Friend" died today.

Sir William Treloar, who was a prominent business man and was Lord Mayor of London in 1906-7, was founder of the Lord Mayor Treloar Hospital for Cripples, Hamptonshire; was an honorary Fellow of the British Orthopaedic Association and a member of the corporation of the City of London since 1880. He was an alderman for a number of years.

OLIVER AND PUGSLEY FIGURE IN RUMORS

Former May Go to Railway Board, Letter to Senate Sent.

(By F. C. Meas, Staff Correspondent of The Globe.)

Ottawa, Sept. 7.—Two "old-timers" on "the Hill" will return to Frederickton soon if persistent rumors become fact. It is generally accepted that Hon. Frank Oliver, Minister of Interior in Sir Wilfrid Laurier's Cabinet, will be appointed to the vacancy on the Dominion Railway Board caused by the death of Dr. J. G. Rutherford.

Then, the familiar figure of Hon. William Pugsley, recently Lieutenant-Governor of New Brunswick, and formerly Minister of Public Works in Sir Wilfrid's Cabinet, may be seen next session in the Senate, filling the present vacancy in the upper Chamber for New Brunswick.

No other name has yet been mentioned in connection with that seat, and many arguments have been advanced in favor of Hon. Dr. Pugsley. Someone will have to be found soon to take the place of Sir Charles Fitzpatrick, whose term as Lieutenant-Governor of Quebec will terminate on September 22 for London to attend the Imperial Economic Conference. Cabinet sittings will be resumed next week and the following week, when it is hoped to clear the boards.

All these appointments, it is expected, will be made before the Prime Minister leaves for London on September 22 for London to attend the Imperial Economic Conference. Cabinet sittings will be resumed next week and the following week, when it is hoped to clear the boards.

Western Lawyer Commits Suicide

Morse, Sask., Sept. 7.—F. G. Q. Quirk, lawyer, committed suicide in his office when two provincial police officers visited him in regard to his possession of an army rifle.

When the officers questioned him, Quirk withdrew to an inner room, drew a revolver from his desk and shot himself through the right temple. He died instantly.

WIRE BRIEFS

Washington, Sept. 7.—The San Francisco office of the United States Shipping Board reported to the board that the steamer President Grant, reported burned at Manila, is "safe in Manila harbor."

Ottawa, Sept. 7.—A Vickers Viking aircraft left Ottawa this morning at 7.15 a.m. for Victoria Beach, Lake Winnipeg, where it will be used for forest patrol and survey work. It was piloted by Major B. D. Hobbs.

Vancouver, B. C., Sept. 7.—The Vancouver Board of Trade has telegraphed Dominion and Provincial Governments pleading the whole machinery of its organization at the disposal of Japanese relief officials in Canada.

Rome, Sept. 7.—A message from Tirana, Albania, to the semi-official Stefani Agency, says an autopsy has established that the members of the Italian boundary mission, the massacre of which precipitated the present Italy-Greece crisis, were all killed by explosive bullets.

Cincinnati, Ohio, Sept. 7.—President August Hermann of the Cincinnati National League announced that a suit for \$50,000 damages would be filed by the club in behalf of Players Dunson and Bohne against "Collyer's Eye" in the U. S. District Court at Chicago today.

BRUTALITY OF KU KLUX TOLD COURT

Terrible Floggings Revealed in South in Probe by Governor.

WOMAN IS ABUSED

Elderly Man Lashed for Opposing School System in Oklahoma City.

(Canadian Press.)

Oklahoma City, Sept. 7.—Unfolding the story of Tulsa as gleaned from sworn testimony taken before a military court, Aldrich Blake, executive counselor, presented to the press last night an account of some of the brutal floggings that led Governor J. C. Walton to invoke martial law.

Detailing a series of whipping only a few of those that have spread terror for more than a year in many Tulsa county homes Mr. Blake said: "The whole story of Tulsa will never be told."

"Man flee from savagery and torture. Scores of Tulsa victims fled. The most famous whipping pasture, Strong man stagger away, rained for life." Mother Is Abused.

A mother roughly dealt with when a band of 20 men raided her home and beat her husband—a child born prematurely was the result. A member of a township school board abducted by floggers and coerced into voting for a school head when he opposed; an elderly man lashed for opposing the way the local school was run; a man and a woman routed out of their beds and taken to the whipping field where the strap was applied to both because the whippers charged they had been selling beer—these among the cases related by Blake from the testimony.

"That is exactly what happened in Tulsa not once, but many times, say fifty times or one hundred times, or perhaps two hundred times, in a little more than a year. "The weak rope is out of style," said Mr. Blake. "In Tulsa they use a leather strap. It is about three inches wide, perhaps four feet long. The end of the strap is 'cat tailed'—skied into three steps. Fifty lashes will tame the strongest man. A mile and a quarter southwest of Tulsa is Tulsa county's most famous whipping pasture. Strong men stagger away, rained for life."

Without warning the whole wall of sand came down on top of the two girls. The Davis girl, having been nearest the wall, was completely buried. The Donnelly girl was also completely covered but managed to wriggle her head free and gradually extricate the rest of her body.

Some of them got shovels while others rushed to the scene to dig with their hands. A telephone call was sent for Fire Truck 21, on Metropolitan avenue, Maspeh. Before the arrival of the apparatus, however, the men, with the assistance of Patrolman John Lynn of the Elmhurst precinct, brought out the body of the Davis girl after digging twenty minutes. She had been buried under more than seven feet of sand.

A hasty examination showed the skull had been gashed, presumably by a stone, from front to back. The child's back was broken. She was placed in an automobile and taken to the Wyckoff Heights Hospital. Surgeons there said she had died of her injuries and suffocation. The Donnelly girl was attended at her home by an ambulance surgeon for cuts and bruises and was put to bed. She will recover.

Three Tennis Players Quit Tournament

Greenwich, Conn., Sept. 7.—Three of the crack Australian tennis players withdrew yesterday from the annual invitation tennis tournament here, on account of the Tokio disaster. J. B. Hawkes, the first Australian having received word that his father was killed in the earthquake, sent word to the motor vehicle with his companions J. N. McInnes and W. B. Schlessinger, in deference to him, also announced their retirement.

The Times-Star

In future will make a special price to those seeking employment of one-half the regular classified rate. One cent a word for all such advertisements with a minimum of 15 cents. See page 8.

Thirteen Dead In Berlin Train Crash

Berlin, Sept. 7.—Thirteen persons were killed and 115 injured in the collision yesterday morning near Hannover of the Berlin-Amsterdam express with the Dresden-Amsterdam express.

Find Priceless Oil Masterpiece

San Francisco, Sept. 7.—The priceless oil masterpiece "The Entombment of Christ," which was stolen recently from the Crocker Art Gallery at Sacramento, has been received by the San Francisco Call, accompanied by an unsigned note, reading: "God has forgiven me. You will find my body in Slow Lake."

The painting was recovered by the Call in today's mail. The wooden panel of the picture has been broken, but the painting itself was not harmed.

SHOOTING BREAKS UP CARD GAME

New York Man Is Seriously Injured In Brawl At Montreal.

Montreal, Sept. 7.—After being shot through the head and hauled to the front of the premises by five men in a club in University street in the shopping section of this city, last night, James McBride, 35, who gave his address as 244 West 114th street, New York, was left on the door step of the club.

He was found there by a constable and removed to the Montreal General Hospital where his condition is reported as serious, the doctors diagnosing the case as one of protracted fracture of the skull.

A pack of cards was found tightly clamped in McBride's hand when he was first discovered, waiting at the club is being held as a witness.

When the shooting took place the club was full and the inmates made hurried exits from the premises, some down into the street.

IS BURIED ALIVE BY 2 TONS OF SAND

Girl's Companion Also Caught As They Play In Pit.

New York, Sept. 7.—Two little girls were buried beneath two tons of sand at Fresh Pond Road and Pacific street, Maspeh. One was crushed to death and one died. The dead girl was Jessie Davis, 10 years old, the other is Anna Donnelly, 9 years old. Both girls, it was learned by the police, went to the sand pit where the accident occurred, to play, as was their daily habit. When the sand came down where the sand rose in a wall about twenty-five feet high. The Donnelly girl was farther away.

Without warning the whole wall of sand came down on top of the two girls. The Davis girl, having been nearest the wall, was completely buried. The Donnelly girl was also completely covered but managed to wriggle her head free and gradually extricate the rest of her body.

Some of them got shovels while others rushed to the scene to dig with their hands. A telephone call was sent for Fire Truck 21, on Metropolitan avenue, Maspeh. Before the arrival of the apparatus, however, the men, with the assistance of Patrolman John Lynn of the Elmhurst precinct, brought out the body of the Davis girl after digging twenty minutes. She had been buried under more than seven feet of sand.

A hasty examination showed the skull had been gashed, presumably by a stone, from front to back. The child's back was broken. She was placed in an automobile and taken to the Wyckoff Heights Hospital. Surgeons there said she had died of her injuries and suffocation. The Donnelly girl was attended at her home by an ambulance surgeon for cuts and bruises and was put to bed. She will recover.

Wool Markets Are Affected By 'Quake

Sydney, N. S. W., Sept. 7.—It is considered likely that the wool market in Australia will suffer in consequence of the earthquake in Japan. Japan annually purchases 200,000 bales of Australian wool, but as forty per cent of the Japanese mills are in the affected zone it is feared that this year's purchases will necessarily be curtailed.

Three Men and Boy Killed In Blast

South Amboy, N. J., Sept. 7.—Three men and a boy were killed and 27 persons were injured, fifteen probably fatally, by an explosion of thousands of cases of smokeless powder which was being transferred from barges to freight cars on the banks of the Raritan River last night.

ANTHRACITE STRIKE NEAR ITS CLIMAX

Mine Leaders and Coal Workers Are in Session This Afternoon

SOME AGREEMENT

Check-off System for Collection of Union Dues is a Barrier.

(Canadian Press.)

Harrisburg, Pa., Sept. 7.—Governor Pinchot's attempt to end the suspension of anthracite mining was today headed toward a climax. Nine leaders of the mine workers were scheduled to meet at three p. m. to decide whether a full acceptance of his settlement terms could be given.

For the mine operators a practically complete acceptance of the Governor's peace proposals had been guaranteed, and the Governor was expected to have the union's decision this afternoon.

Two days of bargaining between the committee of mine operators and the groups of union officials, in which Governor Pinchot acted both as mediator and transmitter of views, resulted last night in the framing of a partial agreement.

Operators' Group Agrees. The operators' group agreed in behalf of the employers to grant a ten per cent increase to all anthracite workers, to establish the full eight-hour day to recognize the union, and to concede the principle of collective bargaining, the four things which the Governor asked. They further agreed to interpretations of what collectively bargaining and union recognition would mean, and the interpretations in part corresponded with the understanding which the union officials held of the same terms.

However, John L. Lewis, president of the U. M. W., and his associates, who had been in the negotiations were still holding out on the two principal demands of the union, which are unshakable in the Governor's peace proposals.

"Check-Off" System. They asked the "check-off" system for collection of union dues, by which the employer would be required to hold out of payrolls the amount owed the union by each individual miner, and they asked that day workers in the anthracite region, who number nearly 100,000 men, be given more than a ten per cent increase in pay. They did not accept the ten per cent offer insofar as it applies to the rates per ton for mining coal, which governs the earnings of the contract miners, who number, perhaps, 60,000 of the total working force.

"Quake Is Over" Seismic Movement Has Greatly Diminished, A Japan Report Says.

Osaka, Sept. 7.—The Tokio central observatory reports that the seismic movement has been progressively diminished, and that no anxiety is felt as to any sudden renewal of violent shocks.

From Sept. 1 to yesterday at six p. m., 1,028 distinct shocks were felt; 886 on Saturday and Sunday, 289 Monday, 174 Tuesday, 148 Wednesday and 69 up to six o'clock last evening.

Refugees On Move. Shanghai, Sept. 7.—Refugees from the earthquake at Yokohama are proceeding to Kobe, the Japanese consulate here is advised. Three ship loads of them are expected to sail for China, arriving there probably this week end. Telegrams from Kobe urge the immediate dispatch of large quantities of medical supplies. The first Red Cross unit was due to leave Shanghai today. Others will follow. Besides these measures of the British colony, the Chinese are organizing relief units.

350,000,000 Bushels Is Wheat Estimate

Toronto, Sept. 7.—Three hundred and fifty million bushels is the estimate of the wheat crop in Australia in consequence of the earthquake in Japan. Japan annually purchases 200,000 bales of Australian wool, but as forty per cent of the Japanese mills are in the affected zone it is feared that this year's purchases will necessarily be curtailed.

Three Men and Boy Killed In Blast

South Amboy, N. J., Sept. 7.—Three men and a boy were killed and 27 persons were injured, fifteen probably fatally, by an explosion of thousands of cases of smokeless powder which was being transferred from barges to freight cars on the banks of the Raritan River last night.

Nice Little Kitty

Lon cub is nice pet, like kittens—sometimes. Miss Laura Meyers has made a pet out of "Skeezie" at the Longfellow Zoo in Minneapolis, as this picture shows. "Skeezie" allows no one else to hold him. And few try it!

Watching Beer Is Costly Pastime As Toronto Man Is Fined \$500 By Court

Toronto, Sept. 7.—"Watching the beer" was the explanation offered by George Mills, who was found by P. C. Masters seated on a pile of 50 cases of Cograve ale, full strength, in a garage in rear of 35 Oxford street. Mills was stated to have been employed by a stranger, unknown, to watch the pile while he (the stranger) went to fetch a lorry.

"Just think," said Mr. Horkins pathetically, "there he was seated on the beer pile smoking a cigarette, warming the beer, that shows he knows nothing about it."

Both P. C. Masters and Sgt. Grant, swore Mills told them he bought the 50 cases from the brewery for \$275. He also stated that he was the man who rented the garage.

Mills denied this is court today, saying he knew nothing about the beer is question. "Is it near beer or real beer," asked Judge Denton, "has it been analyzed?"

W. B. Horkins acknowledged it was the bona fide article, and his workshop promptly imposed a fine of \$500 and costs with a three months' alternative. "A very heavy fine. This poor fellow will have to go to jail," remarked counsel pathetically.

REVIEW GREAT LAKES PROJECT

Members of the St. Lawrence Waterways Council Meet At Chicago.

Chicago, Sept. 7.—Anticipating favorable action from Canada within the next six months plans for carrying this country's part in the Great Lakes-St. Lawrence waterway project through congress at the first favorable opportunity were reviewed and made to conform with the last few months developments at yesterday's meeting of the council of states of the Great Lakes-St. Lawrence Tidewater Association.

Official action in this country, delayed by the failure of the Dominion government to take any definite step in the proposed direct outlet to the sea, for Great Lakes shipping is expressed by association officials to meet with little forceful opposition in the next congress.

FINDS WIFE A SUICIDE. Husband Discovers Body on Return With Bullet Above the Heart. New York, Sept. 7.—Dominic Nutzo returned to his home at 187 Beorum street, Brooklyn, to find his wife, Lena, 22 years old, dead. She had shot herself just above her heart. He called a patrolman, who found that Mrs. Nutzo had used her husband's revolver. It was said that Mrs. Nutzo had been dependent. About two weeks ago she submitted to an operation. Some days later she attempted suicide by using gas.

M. LAMPERT SAYS CAR IS ATTACKED

Steering Wheel Seized and Automobile is Smashed Into Pole.

POLICE START PROBE

Lampert Invited to Court, But Fails to Appear Up to Two O'clock.

A hold-up, evidently inspired by the longing for possession of liquor, took place last night. Max Lampert of Duck street, who was in his auto there, said today that he had been attacked, when near Bentley street, and his car wrecked.

Says Car Attacked. One story told today was that Max Lampert was proceeding out Douglas avenue and when just past Bentley street a car full of men drove up alongside and ordered him to stop, emphasizing the order with a show of guns. One of the men in the attacking car was said to be so anxious to get in the Lampert car that he jumped from the running board, grabbed the wheel of the Lampert automobile and headed it for a telegraph pole, with the result that the car was badly wrecked.

Another version of the affair is that two automobiles were proceeding out the Avenue and that one was apparently bent upon forcing the other to stop. It is said that as a result of the chase one of the cars swerved to one side and crashed into a pole. While the men were in a heated altercation, it is said that spectators seized some liquor made off with one or more cases. One man was said to have been slipping a case behind a hedge and soon afterwards another followed him, seizing the case made off with it over the hill toward Chealey street. The affair was said to have been witnessed by a number of people and caused quite a mild sensation.

Inspectors Investigate. Word had reached the office of the sub-inspectors and Messrs. Crawford, Carson and Killen paid a visit to the scene of the attempted robbery and made a thorough search for liquor but they had no better success than those who had gone before them.

Detectives Power. Sergeant-Detective Piddis said today that he had Detective Bidsoncombe had gone to the scene last night and had found Mr. Lampert there. Mr. Lampert had said he had been held up supposedly for liquor but the detectives said there had been no liquor in the car when they arrived there. They had told Mr. Lampert to be at the police station this morning and make a statement, but he had not arrived there up to press time.

ASK INCREASE

Switchmen's Union of North America Are Seeking Boost In Pay.

Chicago, Sept. 7.—General Chairman of the Switchmen's Union of North America, in session here yesterday, voted to demand an increase in switchmen's wages amounting to 23.86 per cent over the present rate of pay. This, according to a statement by T. N. Gaskin, president of the organization, will be granted, giving switchmen's wages up to the level demanded in 1920.

The restoration of the differential between night and day work is also to be asked. The Brotherhood of Locomotive Firemen and Enginemen general chairman, who are also considering the formulation of new wage agreements were in executive session last night and will report this morning.

Weather Report

Synopsis—Pressure remains high over eastern Canada and also over the western half of the continent, while a depression which developed yesterday in the Mississippi Valley is passing northeastward across the Great Lakes. Showers occurred early this morning over most of Ontario. Elsewhere in the Dominion the weather has been fair.

Forecast—Lower St. Lawrence, Gulf and North Shore—Southerly winds; fair. Saturday, southwest winds; showery.

Shower. Maritime—Light winds; fine and warm. Saturday, southerly winds, becoming showery. New England—Cloudy tonight; showery probably Saturday morning; little change in temperature. Toronto, Sept. 7.—Temperatures: Highest during 8 a.m. yesterday, night, Victoria . . . 42 76 56 Winnipeg . . . 44 73 50 Montreal . . . 62 78 56 St. John . . . 68 88 48 Halifax . . . 58 74 48 New York . . . 70 74 48

SAILS FOR JAPAN. Vancouver, Sept. 7.—With 800 tons of supplies from Canada for the earthquake stricken people, the steamer Empress of Russia sailed yesterday for Japan. The cargo is consigned to the relief commission at Tokio.

THOUSAND SEE BLIND NEWSBOY IN NEW YORK WED

Many of Astor Place Vendor's Patrons Bring Checks.

New York, Sept. 7.—In a high hat and a swallow-tail coat, Oscar Hyman, known to thousands as the blind newspaper boy of Astor Place, was married to pretty 25-year-old Yetta Stecker, the sweetheart he never saw, at the Congregation Kithwar, 16 Pike street.

Four hundred invitations had been sent out, but so great was Oscar's popularity and the interest shown in his romance that more than a thousand guests crowded into the synagogue, where the marriage ceremony was performed by Rabbi Moses Skinder and Cantor Shapiro.

Annual Conference of A. M. E. Church

The fourth session of the Maritime Conference of the African Methodist Episcopal Church which convened at Sydney, C. B., recently, was reported one of the most successful ever held.

Francis & Vaughan Closed Tonight

Francis & Vaughan, like other leading stores, close tonight at six, but are open all tomorrow and tomorrow night.

Notices of Births, Marriages and Deaths, 50 cents

BIRTHS

MYERS—At the Evangeline Maternity Hospital on Sept. 7, 1923, to the wife of G. Lowell Myers, a son.

DEATHS

JEFFREY—At Coldbrook, on Sept. 6, 1923, Annie, wife of Wallace E. Jeffrey, leaving one son and five daughters to mourn.

IN MEMORIAM

NORTON—In loving memory of John C. Norton, who died on Sept. 7, 1919.

Education Can Mould A Nation

Former St. John Man Addresses Kiwanians in Victoria, B. C.

Education can change the viewpoint of a nation in a generation, and while it is true that it can save the world, so also is it true that the same power can destroy it.

Opening with the statement that he was associated with the work of educating boys in a residential school, Dr. MacRae said that between this type of institution and the public difference in viewpoint, each had its weakness and its sources of strength.

Science of Lifetime Kicked to Death

Upper picture—Indian guides and their families attended the opening of the Nipigon River bungalow camp.

THE Nipigon River, which empties into Lake Superior 65 miles east of Port Arthur, has been called the "Aristocrat of Troutdom," because it is the world's greatest trout stream.

Weight and Longevity

Health Service Advises 10 to 20 Pounds Below Adult Average. Mortality experience indicates that overweight at certain ages involves serious danger, the degree of danger increasing with the excess in weight over the average for height and age.

The Evening Times-Star

ST. JOHN, N. B., SEPTEMBER 7, 1923

The St. John Evening Times is printed at 27 and 29 Canterbury street every evening (Sunday excepted) by the New Brunswick Publishing Co., Ltd., J. D. McKenna, President.

OUR NEIGHBOR, PORTLAND.

The city of Portland, Maine, will decide next Monday whether to continue its present system of city government or choose one of two alternatives that are offered.

series of articles on the Klan in Maine, and in an editorial says: "Although this series will interest the residents of Maine most of all, it will not be without interest and value to the rest of New England, particularly New Hampshire, Vermont and western Massachusetts."

GHOST OF A ROSE.

(Roselle Mercier Montgomery in New York Sun.) They said that when they searched in that sealed room...

IN LIGHTER VEIN.

Ignorant of the Mechanism. Every time an old bachelor picks up a baby he bends it in a new place.

After The Wrong Game.

"Maud is forever fishing for compliments." "Perhaps that is why she doesn't land a husband."

Insult to Injury.

Willie—"Sorry I jabbed you in the eye with my umbrella, old man." Nills—"Ordinarily I wouldn't care, but that's my umbrella."

The Opportunist.

"Did Wilkins ever pay you back that dollar you loaned him?" "I forgot."

Another Killjoy.

Just as we were scolding under the August sun some killjoy advertises: "Now is the time to buy union suits," thus paving the way for an early organization of the Society for the Prevention of Cruelty to Readers.

A Profitable Game.

"I say, cook," said a five-year old I'm an aetnam OOB & Molly, feeling a bit hungry, "let's play I'm an awful-looking tramp. I'll ask you to give me a piece of pie, and you get frightened and give it to me."

Silent Evening.

Bees—"The trouble about Clarence is that every time he comes to see me he tells me everything he knows." Tess—"And then what do you do the rest of the evening?"

SOME C. N. R. TRAIN SERVICE CHANGES

Canadian National Railways announce that after Saturday, Sept. 8, the suburban trains 197 and 198 between Hampton and St. John will be discontinued.

C. P. R. SUBURBAN SERVICE.

The Canadian Pacific Railway announce a number of alterations in Suburban service, briefly outlined as follows:

SUSSEX PERSONALS.

Sussex Record.—Mr. and Mrs. Percy McEwen and children Madeline and Raymond, spent the holiday, guests of Mr. and Mrs. Harry Smith, West St. John.

BIKENHEAD SEES WORLD OF GLOOM

Says Allied Victory Did Not Restore International Law to Place.

(Montreal Gazette) Europe sunk into a state of savagery, with a helpless League of Nations standing by, helpless probably also even if the United States had joined in, and with little prospect of the restoration of humane warfare as recognized by the Hague conventions.

**RECENT WEDDINGS**

**Brown-Thorne.**  
 Mrs. Rhona Alice Snellen Thorne, daughter of Mrs. Mary Thorne and the late Ward Thorne, of St. John, was married on Tuesday afternoon at three o'clock, to Keith A. Brown, son of Mrs. Gilmour Brown and the late Gilmour Brown, in Toronto, at the Church of St. Mary the Virgin, by Rev. Canon Hart. The bride, who was given in marriage by Ian Maclean, wore a smart gown of grey and blue Canton crepe, with cape of blue, lined with grey and black picture hat and carried a bouquet of sweetheart roses and lilies of the valley. She was attended by Mrs. Ian Maclean, and the groom was attended by Kenneth Scott, of this city. Mr. and Mrs. Brown left for Niagara and will spend a short time touring before returning here, where they will reside. Mrs. Gilmour Brown, mother of the groom, was a guest at the wedding, with Toronto friends. Both young people are well known and have the best wishes of their many friends.

She was the youngest daughter of the late Rev. Lewis Jack, one of the pioneer Presbyterian ministers of New Brunswick.  
 She is survived by one brother, S. R. Jack, of St. John, N. B.; three daughters, Mrs. (Rev.) J. H. Hamilton, of Sydney, Mrs. Yorke C. Barrington, of Sydney Mines, and Miss Una, until recently one of the staff in the office of the Cape Breton Electric Company, Sydney; and one son, Rev. Wilmer B. Rosborough, minister of First Presbyterian church, Pictou, all of whom will have the deep sympathy of a wide circle of friends in their bereavement.

**ARE YOU THE WOMAN YOU WERE MEANT TO BE?**

Every woman was meant to be healthy, happy, and fill her sphere in life to the best of her ability; but, alas, how few have the health or physical endurance to live up to their ideals! Over-ambitious, many of them develop nervousness, irritability, headaches, backaches, irregularities, and often more serious ailments which retard their progress in life. Women in this condition should turn to Lydia E. Pinkham's Vegetable Compound, a root and herb medicine which has been proven to benefit 98 out of every 100 women who try it. Let Lydia E. Pinkham's Vegetable Compound make you well and strong, and the woman you were meant to be.

Black and navy will be called for generally, this coming season, while brown will be a favorite color with many.

**RECENT DEATHS**

**Mrs. Anna Stirling Rosborough.**  
 The death of Mrs. Anna Stirling Rosborough, widow of Rev. Samuel Rosborough, occurred on Sunday last at the home of her daughter, Mrs. Yorke C. Barrington, Sydney Mines.

**WASH DAYS GONE—COST CUT TO 60c**

The fussing and musing, the scrubbing and rubbing that turns the home into a factory around every Monday is over forever in thousands of St. John homes. Wash Day has vanished off the calendar and with it most of the expense, easily two dollars or it.

For 60c a family chases its laundry out the door to be back in a day more immaculate than any woman can accomplish. Eight sudsed and rinsing waters flow through every piece, the whites, the blacks and the colors all separate and your wash apart from any other. A purifying bleach and dry washed as ordered. Save yourself, and your money by phoning Main 1707.

**New Fall and Winter TOPCOATS**

**The Finest Selection We Have Ever Been Able to Show**

Men who believe in looking ahead will want to come in early to select their Winter Topcoats while assortments are at their best.

It takes unusual skill—careful workmanship—and fine materials to build Topcoats such as these. They are the kind that will hold up under the most severe tests.

There's a lot of style in these Topcoats too. Made in half belted or three piece belted models with notched or convertible collars. Cloths and colors represent the newest and best for the coming cold season.

You'll be proud to own an M. R. A. Winter Topcoat. It will help keep you on good terms with yourself—and with the world.

Assortments are comprehensive enough to meet the particular preference of almost every man.

"Society Brand" and other well known makes among them.

**BLOOD OF HENS NOW USED TO COMBAT CONSUMPTION**

Catalonian Doctor Tries Serum; Reports Fowls Suffer Little Discomfort

Consumption is being attacked by medical men and scientists from all sides. The wonder-working vaccine discovered by Dr. George Dreyer, Professor of Pathology at Oxford, which strips the deadly tuberculosis of its armor, the Spallinger serum, claimed to have cured many a sufferer, and the Diathermy electrical treatment, already installed with success at the Hall municipal tuberculosis sanatorium, are all directed against one of the most deadly foes of mankind.

The latest recruit to be enlisted in the fight is the discovery of Dr. Jose Maria Torres, a Catalonian doctor. He has tried a serum prepared from the blood of hens, and claims that it has met with success, according to "The London Daily Express."

The serum is prepared by a secret process, the hen's blood being "re-enriched" with the citrate and chlorate of sodium and calcium phosphate. Dr. Torres inclines to the view that the calcium is primarily responsible for the success of the serum, which is injected in the muscular tissue. Many Spanish doctors and Continental specialists have experimented with the serum with remarkably successful results.

Dr. Torres is a disciple of Pasteur, and his discovery is the work of unrelenting toil with success at the Hall municipal tuberculosis sanatorium. The greatest care has to be exercised in choosing the hens. They are prone to pulmonary and tubercular diseases, and also suffer from other complaints the bacilli of which are most injurious to human beings. It is stated, however, that their blood contains many resistive agents which manfully the human blood sufficiently to combat consumption.

The hens suffer little discomfort. Only a small quantity of blood is taken, and the hen usually lives to give more blood from time to time.

Sixty cases of consumption are under treatment by Dr. Dreyer's "anti-gen" method in the London Hospital. Doctors state that "the improvement in their condition is of an order that obviously exceeds that obtained by any other form of treatment." Most of the cases, had been under treatment for five years with other forms of "cures" without success. Miss Knox was pinned under the car for some time before help came to lift the car. She was badly bruised about the arms and back. Mrs. Linkelide and children escaped with a few slight bruises.

A raft used on the Pacific Coast recently held more than 5,000,000 feet of lumber.

An invention for heating a wheelbarrow for winter cement work has been completed.

**AUTO ACCIDENT.**  
 Sussex Record—Miss Ella Knox was quite badly hurt on Saturday night, when a car owned and driven by Mr. Linkelide, of St. John, turned over a short distance from Sussex. Miss Knox was pinned under the car for some time before help came to lift the car. She was badly bruised about the arms and back. Mrs. Linkelide and children escaped with a few slight bruises.

**A Feast of Fashion And a Day of Bargains**

**TWO** events draw you to Daniel's Tomorrow. The final Living Model Fashion Parade between 8 and 9 in the evening and the bargains that apply from early morning on.

The hundreds that have crowded previous Daniel Style Shows should put it in your mind to come early for a good seat. Music from seven o'clock right through the evening, and a chance perhaps to have a few peaks ahead. In Coats and Suits especially many fresh creations have come, in material, in trend of trimming and in design. Seize this last chance. Tomorrow Evening 8 to 9.

## NEW FIRE STATION FOR FAIRVILLE

Really Municipal Building is Structure Now Being Built.

Construction operations on the proposed new fire station building at Fairville were commenced last week. This fire station is in reality a municipal building which has been designed to fill the needs of a fire station as well. It is to be a combination of concrete, steel and frame construction with pre-cast concrete masonry walls. The main portion of the building will have a frontage of 28 feet on Church avenue, and 30 feet deep; it will have two stories and basement, the latter of strictly fireproof concrete construction throughout. In addition to housing the heating plant, it will be used as a jail, being equipped with cells and salarities. The ground floor of the main building is to be used for the fire apparatus only, and the second floor is planned for an assembly hall, which will

also serve as a court room, a firemen's rest room, a kitchen and a chamber, in addition to the salarities and showers.

The entrance to the second floor will be by means of an outside stairway on the north side of the building. Immediately back of the stairway will be the hose tower, and back of the hose tower a one-story annex 11 ft. 6 in. x 14 ft. 6 in., which will be used as a municipal office for the tax collector. Entrance to this office will be from Prospect street.

The foundation and the basement and motor room floors are to be of reinforced concrete; the second floor and roof of steel and frame construction. The main building will have a pitched and gravel roof, and the other portions will have patent roofing.

The interior of the building will be plastered, with the exception of the motor room, which will show channelled masonry walls and steel ceiling. The interior woodwork is all to be Douglas fir, with hardwood floors on the second floor and in municipal office.

The Maritime Construction Co. are the contractors on the building, and they expect to have it completed before Christmas. The architects are Fréchet & Feeney, 44 Sydney street.

The Methodist church, Fairville, is undergoing extensive repairs. A new concrete foundation is being laid, and a very massive and nicely constructed fence of concrete blocks has been built on either side of the front entrance to the church. The work was done by the Maritime Construction Company and was a gift to the church of the Fairville Highway Board. The trustees of the church sent a letter of appreciation acknowledging their very appropriate gift.

St. Columba Presbyterian church has also undergone repairs.

ST. STEPHEN PERSONALS.  
(St. Croix Coultier.)  
Gordon Nicholson of St. John spent the week end with Mr. and Mrs. W. F. Nicholson.

Ross Anderson of St. John spent the week-end with his family here.

Mrs. Arthur Smalley, her daughter Elizabeth and son Richard returned on Friday to their home in Toronto, after spending the summer with Mr. and Mrs. Joseph McVey.

Millidge Dyer of the Bank of Montreal, St. John, spent the holiday with relatives in town.

Mrs. Thomas Bedell and daughter, Phyllis, who were recent guests of Mrs. E. Mackenzie, have returned to their home in St. John.

Mrs. Samuel Scott has returned after a delightful visit with her sister, Mrs. Fred W. Bonnell in Fairville.

Miss Lella McVey is visiting Mrs. Mayes Case in St. John.

Miss Alice DeWolfe and Miss Olivia Maxwell of Moore's Mills, left this week for St. John, where they are on the teaching staff in the public schools.

Miss Edna L. Budd left on Friday night for St. John to attend the exhibition and will be a guest of Miss Florence Merryweather.

From St. George correspondents—Mr. and Mrs. Wm. L. Harding of St. John, Mr. and Mrs. Leo McDonald of Calais were in town to attend the funeral of the late Mrs. Dorcas McGee.

Miss Lena Spear arrived from St. John on Monday to visit her parents, Mr. and Mrs. George Spear.

Carl Coonan of the Bank of Nova Scotia, St. John, is spending a vacation here.

Rev. and Mrs. Ralph Sherman and son have returned from St. John where they were guests of Mr. and Mrs. Edward Taylor.

Miss Edith Knox of St. John spent the week end with Mr. and Mrs. Geo. E. Frauley.

### FOOD PAYS FEE IN GERMAN WEDDINGS

Pigs and Potatoes Also Buy Rings as Marriages Increase

Berlin, Sept. 7.—Cupid's game has not been hampered in Germany by the Government crisis, the currency famine, the occupation of the Ruhr or the shortage of food. Wedding bells still are to be heard above the clashing of the politicians, the crashing of the falling mark and the clamorings of the poor for bread.

The matrimonial agencies say business is particularly brisk just now, and the newspapers back up their statements by carrying columns of advertisements setting forth some of the longings and anticipations of individuals who take the means of advertising to realize their fondest hopes.

Ministers in the rural districts and the peasant villages have benefited particularly by the increase in weddings, profiting even in cases where the contracting parties suffered from lack of cash.

Among the peasants the practice has become popular for the bride and bridegroom to present the minister with a young pig, a few chickens or geese or ducks or lamb or fruit or potatoes instead of the prosaic paper mark. Country jewelers, keeping up with the times, are gladly accepting a goat, sheep or calf, or butter, eggs or fats in return for a wedding ring. Food, in fact, is much preferable almost everywhere to the constantly falling mark.

In Berlin and other cities, as well as in the country districts, the percentage of marriages, based upon population, is somewhat larger than in normal times. The latest engagement to cause a stir in society circles of two capitals was the announcement of the betrothal of the young Duke Philip Albrecht of Wurtemberg to the Archduchess Marie of Austria, daughter of Archduke Peter Ferdinand. Philip is a son of the Duke Albrecht of Wurtemberg, field marshal on the western front in the World War. The wedding will take place soon in Vienna.

At a meeting of the Queen Square Women's Auxiliary last evening Mrs. Nell MacLachlan presided. Plans were made for the conduct of the work this season and an excellent programme, participated in by Miss Beattie Thompson, Mrs. S. E. Logan and Mrs. MacLachlan, was rendered.

A meeting of the permanent home committee of the New Brunswick Orphans' home will be held on Monday, to open tenders, for the new wing on the Manchester property. At a meeting of the directors yesterday it was reported that all of the homes were filled to capacity.

### NOVA SCOTIA SEEKS ENGLISH TOURISTS

(Halifax Echo)

The interest of the Agent General for Nova Scotia in London, John Howard, has been aroused by the successful campaign instituted this year on the part of the Nova Scotia Government for the attraction of summer visitors. Mr. Howard has communicated with this matter with the Nova Scotia Tourist Association and says that there is an excellent opening in the Motherland for similar propaganda. As is well known the British people are keen on sporting matters and anything that has to do with fishing and shooting over new ground appeals to a considerable section of the community. It is thought that it would be quite feasible to form considerable parties to tour Nova Scotia and spend some time along our sea-side resorts and also at the camps of the interior. At the present time Switzerland, Norway and Sweden are favorite summer resorts for the British people. Many of these, however, now desire a change and could be made interested in Nova Scotia.

Matter descriptive of the scenic resources of the Province is now being specially prepared by the Nova Scotia Tourist Association and will, through the co-operation of the Agent General, appear editorially in certain selected mediums of the Motherland.

A dog was run over by a street car last evening in Prince Edward street and was shot by the police.

### LAYS 106 EGGS IN 106 DAYS

(Halifax Echo)

An official record of 106 eggs in 106 consecutive days has been made by a Barred Rock hen, bred and owned by Rupert Bligh, Lakeville, Kings County, Nova Scotia, and now competing in the fourth Nova Scotia egg laying contest conducted at the Dominion Experimental Farm at Nappan, Nova Scotia. This hen laid daily from April

14 to July 28, inclusive. This production of 106 eggs in 106 consecutive days creates a new record for long distance laying for a Barred Rock in both Canada and the United States; furthermore this hen has laid 155 eggs during the 160 days from March 22 to August 28, inclusive. The pen of ten hens which the above bird is an individual created a new record for a weekly production in Canada and the United States when during the week ending May 1, 1923, it produced 68 eggs in seven days.

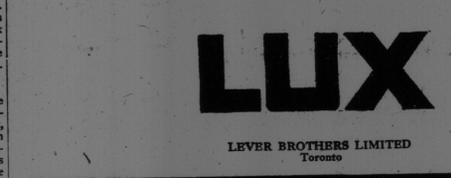

### Your Health is at Stake if You Suffer from Constipation!

Every man, woman and child who has constipation or constipation symptoms should leave no stone unturned to get instant relief! Keep away from the dangers of pills and cathartics, which are almost as much to be dreaded as constipation itself. Your physician will recommend Kellogg's Bran because it is ALL BRAN—and it is Kellogg's Bran that will give permanent relief if eaten regularly. Most cases of Bright's and diabetes can be traced to constipation; in its milder form constipation is responsible for sick headache, nausea, pimples, sour breath, etc. And, we say right here—and guarantee what we say—that Kellogg's Bran, if eaten regularly, will give you permanent relief. Kellogg's Bran is wonderful as a food as well as wonderful as a natural means of relieving constipation. Kellogg's Bran contains important mineral salts; it contains elements that are necessary in making bone, tissue and blood—yet, it acts as a sweeper, cleanser and purifier. Eat Kellogg's Bran as a cereal. You'll enjoy its fine flavor. Or, sprinkle it on your breakfast with hot or cold cereals. Like it cooked with hot coffee. Two tablespoonfuls of bran are added in each instance. You also missed much not to have eaten Kellogg's Bran made into muffins, raisin bread or many other bakery batches. Besides on every package. Prominent hotels, restaurants and clubs serve Kellogg's Bran in individual packages. All grocers sell Kellogg's Bran.

I just put a spoonful of LUX into the bowl

of warm water and work up a rich suds. The pure Lux suds are so pleasantly soft to the hands, and the China—well, we knew Lux was the only thing for dainty clothes, but really we had no idea how beautiful our China was till we discovered the virtues of a spoonful of Lux.

THE EVENING TIMES-STAR, ST. JOHN, N. B., FRIDAY, SEPTEMBER 7, 1923

**GOOD CROP CERTAIN,  
PRICE NEXT WORRY**

With Fair Profit Secured,  
Alberta Will Lift  
Debt Load.

(Staff Correspondent of Toronto Globe)  
Calgary, Aug. 28.—The further one goes West the more do crop prospects improve. No matter what mess man may make of disposing of the harvest, Nature has done her part in Alberta. Present prospects point to one of the best yields on record. In so far as

wheat is concerned the returns are almost assured, because cutting is general, while the coarse grains are now far enough advanced to make abundance of feed even should they have to cut on the green side. Weather, too, continues favorable. Another month without frost would be desirable, and according to the prophets, now that the full moon period has been passed safely, little danger need be feared for another few weeks.

**Various Estimates.**

The Provincial Department of Agriculture places the present wheat crop at 142,955,000 bushels or 24 bushels per acre. Local opinion varies, the general impression gathered around the offices of the United Grain Growers being that this figure is 82 million bushels too high, and around the newspaper offices that it is eight million too low. From what I have seen of the crop, I believe the Grain Growers estimate to be the more correct, but perhaps a little conservative. There has been considerable hail damage in the south and the yields in the north are not so good. For some reason or other the heads have not filled perfectly, though to the casual observer they seem plump. Putting the average for the south, or what has been known as the drought area, at 25 bushels and the north, or that country lying on the far side of the Goose Lake line at a little over 20, the total yield should run around one hundred and twenty million bushels.

True there is a strip of country five to eight miles wide, running from Calgary to the International border, which has been hailed out twice and in the north, drought was experienced, but on the other hand there are many fields south of here which will run over thirty bushels, and a few which will average fifty. Those below this, barring the hailed areas, are comparatively rare.

**LOST  
Chances,  
Pay,  
Doctor's  
Fees etc.  
All through  
ILLNESS**

Illness is one of the most costly things in the world. It means lost chances, lost pay, medicine bills.

But much illness is unnecessary—it comes from malnutrition, and the weakened body falls a prey to colds, chills and influenza. It is here that Bovril proves its great economy. By building up the system it enables you to resist the attacks of illness.

A little money spent on Bovril means a big increase in fitness and therefore in earning power.

**BOVRIL**  
is a  
**Great Economy**

Rust does not appear to have done much damage. At all events a record crop will be harvested, and although the 1915 average yield per acre of 22.67 may not be beaten, the total harvest, because of the greatly increased acreage, will be Fall wheat is not being considered and is not a popular crop. "The climate here is not suitable," one authority told me. "Our Chinook winds are liable to start the grain growing in

Procured by us from a maker of recognized quality hosiery at a big saving. A hose that you'd ordinarily pay \$1.25 and even then appreciate the value. At this price you'll be quick to buy them in half dozen lots.

Women's Shop—3rd Floor.

**OAK HALL**

**SCOVIL BROS., LTD.**  
King St. Germain St.

January, and you know what that would mean.

**Lots of Cattle Feed.**

The average in coarse grains shows but little increase, compared to the jump of nearly 200,000 acres in wheat, but this is explained by the suitability of the present season for sowing the most popular cereal. Oats and barley, too, were sown very late on this account, and unless the fall is especially favorable, much of these crops will have to be cut green. However, in a stock-raising province such as Alberta, this will not mean any great loss. Perhaps the best hay crop in the history

of Alberta has been gathered. Pastures, as a rule, are excellent.

The most favorable feature of the present situation is the magnificent harvest in the so-called drought or relief area. Here, for the first time since 1918, a favorable season has been reported, and it augurs well for the future. Experts claim that not only has the rainfall been sufficient for this year, but the yield 12 months hence is also assured by reason of the moisture secured in the land summer-fallowed. There is, too, the distinct possibility of a continuance of the wet seasons, as the law of averages warrants such a conclusion.

The financial effects of the present harvest depend entirely on the price of wheat. Provided this is fairly well above the cost of production, this year will see a goodly percentage of Alberta farmers lifted out of the mire of debt.

But, on the other hand, it will take eight good crops to lift the last 20 per cent. above water. With the present yield, however, and the somewhat definite assurance of a repetition next year, the majority of farmers will be clear. Calgary merchants already report an improvement in purchasing power. There are no expensive motor cars being ordered, it is true, but some badly needed necessities, such as shoes,

stockings and clothing are being bought by farmers who for the past few years have been perishing near the end of their tether.

**Bulls Sell Well**  
"The whole prairie country is going through a transition from straight grain-growing to diversified farming," says the Nor' West Farmer. The immediate result of the change, the same authority states, is an unprecedented demand for better sires of all kinds. As an illustration one case is mentioned of a breeder selling \$4,000 worth of dairy cattle while on this year's circuit of Western fairs.

**Goodyear Wingfoot Tires**  
A New Tire for a New Demand

There has developed a large demand for a medium priced tire. This demand has been largely supplied by inferior and unknown brands of tires.

GOODYEAR is entering the medium price market with a superior tire in its price class. It bears GOODYEAR's name, GOODYEAR quality, GOODYEAR workmanship and has GOODYEAR distribution.

This tire will give a consistent mileage in relation to price. Now you need not buy a tire of unknown or doubtful reputation. You can buy a GOODYEAR WINGFOOT made by a Company whose product is known throughout Canada for its superior quality.

GROWTH OF RADICALISM

From some of the committee reports it would seem that the American Bar Association is getting alarmed over the growth of radicalism in America and that considerable attention will be given to the subject at the Minneapolis convention. Some persons in this country hold the view that nothing is more promotive of radicalism than juggling of the law by lawyers. This is the most law ridden country on earth. About five years ago a compilation showed there were 1,078,000 laws and ordinances in this country. About 1 out of 1,000 is enforced. There is, according to the official records, more crime in one American city than in all England. What America urgently needs is less law, fewer lawyers, more common sense, and simple justice.—Richard Sellars, in Forbes Magazine (N. Y.).

LOST—A naturalist, who once accompanied him around Cape Horn in a ten ton vessel. His staff made up chiefly of natives, was without distinction, except for a cabin boy who boasted seven toes on each foot and six fingers on each hand. He is quite popular in Tahiti, which was used as the base for the expedition. "The most interesting thing about the expedition, from a scientific standpoint," said Mr. Beck, "is the fact that isolation had worked astonishing changes in the size and markings of birds of the same species. For example, a warbler on one island may be small and have a short bill. On an island eight miles away a warbler of the same species will have a longer bill; it may be larger and in addition this bird's markings will be different. Isolation, allowing the inherent tendencies to work out themselves, has

TO LET—The super-shimmy as practiced in Polynesia looked just a trifle raw to me. However, it seemed to rather bore the natives themselves.

WHAT'S GOING IN THE MONEY AND STOCK MARKETS TODAY

SELLING PRESSURE IN MARKET AGAIN

Wall Street Price Changes Narrow and Irregular at Opening.

New York, Sept. 7.—Narrow and irregular price changes took place at the opening of today's stock market. Selling pressure was again in evidence against some of the low-priced oils, while Baldwin, Studebaker and United States Steel yielded slightly on prokiting. General Electric advanced 1-2 points.

Noon Report.

New York, Sept. 7.—(Noon)—The market presented a rather spotty appearance during the dull morning trading. Profit-taking in some of the independent steel, food and textile issues brought about fractional recessions, while a few of the oils yielded a point or so on selling believed to be for the short account. Prices stiffened around noon on the reappearance of special strength in a few individual issues. Dupont and General Electric each extended their early gains of 3/4 points, buying of the former being attributed to speculative expectation of some sort of a melon for stockholders and the situation of the artificial silk industry expected to result from the Japanese disaster. Copper issues were firmer on reports of improvement in the metal market. Call money opened at 5 per cent.

Montreal Market.

Montreal, Sept. 7.—(10:30)—Extreme dullness marked the first half hour's trading this morning on the local market. Brazilian and Montreal Power accounted for most of the transactions. The former was up 1-2 to 43-1/4 while the latter was unchanged at 122. Albitri suffered an overnight loss of 1-2 to 63 and Spanish River was unchanged at 5 per cent.

Exchange Today.

New York, Sept. 7.—Sterling exchange irregular. Great Britain 4.62 1/2. France 5.56. Italy 4.81. Germany 0.000017. Canadian dollars 21.82-23 per cent, discount.

NEWS NOTES OF STOCK INTEREST

(McDougall & Cowans)

New York, Sept. 7.—Reynolds Tobacco Co. declared regular quarterly dividend of 75 cents on common and common "B" and 1.75 on preferred payable Oct. 1, record Sept. 10th.

Tenn. Copper and Chemical declared regular quarterly 25 cents payable Oct. 15th record Sept. 29th.

United Light and Railway Co. declared dividends of 8 p.c. on common and 1-4 p.c. participating preferred stocks and regular quarterly dividends of 1-4 on common and 11-2 on 6 p.c. preferred.

Goodyear Tire and Rubber declared regular quarterly prior preferred dividends \$2 payable Oct. 1, record Sept. 15th.

Tobacco Products declared regular quarterly 1.84 p.c. preferred dividend. United Pacific sells \$20,000,000 first lien and refunding mortgage five per cent bonds to a syndicate, will be offered 99-1-2 and interest.

Tenn. Copper and Chemical declared regular dividend.

U. S. Steel will soon announce wage adjustment for ten hour men, which will be equal to 10 per cent.

THE PRAIRIE WHEAT CROP.

(Montreal Gazette)

There is a reasonable prospect that when the final returns are compiled the Northwest wheat crop will equal that of last year, when the yield fell a little short of 400,000,000 bushels. Rust and the saw-fly have injured the crop in southern Manitoba and southern Saskatchewan, but in the central and northern portions of these provinces an average crop is being reaped, while the harvest in Alberta bids fair to establish a new high record. In the three provinces production of wheat last year was:—

Table with columns: Province, Bushels, Price per bush. Value. Includes Manitoba, Saskatchewan, Alberta.

Whatever shortage there may be in the Manitoba yield should be more than made up in Alberta, where an excellent harvest is being gathered, while Saskatchewan may not run seriously behind last year's production. Prices indeed are low compared with those of the war era, but not as compared with last year for high grades. Unfortunately there is a larger percentage than usual of low grade wheat, due to unpropitious weather.

Reports current a few months ago of a trek of farmers from the Canadian Northwest to American cities, lured by the abnormally high wages in the latter, are not borne out by the statistics of planting. In the prairie provinces the area of land sown was larger than in 1922, and in the case of wheat only one per cent less, the total being 20,998,700 acres. From what alone the western farmers will derive no less than \$200,000,000, very large sums of money, and while this may not leave a surplus with which to reduce outstanding debts to any great extent, it should suffice to enable the farmers to pay their way and so avoid taking on new liabilities.

FINANCIAL NOTES.

London, Sept. 7.—Bar Silver 81-8-8d. an ounce.

New York, Sept. 7.—Bar silver 63 1/2.

ECZEMA advertisement with text: 'You are an expert...'

FINANCIAL

WINNIPEG GRAIN MARKET.

Winnipeg, Sept. 7.

To twelve noon.

Table with columns: Grain Name, Open, High, Low. Includes Oct. wheat, Dec. wheat, etc.

OPINIONS ON THE STOCK MARKET

(McDougall & Cowans)

Houseman & Co.—"It seems to us as if we have a condition where a relatively narrow range of prices will obtain except perhaps in case of some few specialties."

Pincheon & Co.—"There is nothing which indicates that the constructive movement is completed."

Block Maloney—"We think a better market is near at hand and stocks are going into strong hands, and, subject to small set-backs, may be bought."

THE WOOL MARKET.

The New York Sun on Tuesday

Dec. wool cable the same day said: "The opening of the wool auction today was largely attended and offerings amounted to 19,886 bales. There was spirited competition. Home, French and American buyers were active. Secured merinos sold up to 4s. 6d., compared with the June sales. Prices were unchanged to five per cent. higher for all grades."

CITY CORNET BAND FAIR THIS MONTH

Will Open on Sept. 17—Getting New Set of Instruments.

The next big city attraction will be the City Cornet Band's around the world fair, which will open in St. Andrew's Park on September 17. This will be the 9th of these fairs held by this band. Every two years there is one but one was skipped in 1915, the second year of the war. It is twenty years since the first fair was held and they have been so well managed that general approval and support have been generous.

Last year the Band purchased new uniforms that cost over \$1,200, a new set of instruments is being made to order by the well known firm of T. Bisson & Co. of London, Eng. This set should have arrived several weeks ago, but shipment has been held up by the dockers' strike. The present set was supplied by the same firm and have been in use for 35 years.

The Anchor Donalson liner Cassandra is due at Quebec on Monday morning and Montreal on Monday evening.

The Manchester Merchant sailed from Manchester yesterday for this port direct.

The Manchester Port is due to leave Manchester on September 22 for this port direct.

The R. M. S. P. Chignecto will sail from Bermuda today for this port.

MORNING STOCK LETTER.

(McDougall & Cowans)

New York, Sept. 7.—I still believe in higher prices. There will be waves of profit-taking which will result in recessions such as happened at the close yesterday, but the time being we still recommend the purchase of good stocks on those breaks. It is true that the public so far has shown no inclination to come into the market but at the same time they also do not show any more inclination to sell stocks.

Pools that are operating have had to take very little stock on the way up. Therefore we would continue to buy good stocks on any small reactions. Ralls have not had any advance to speak of as yet and the higher loadings put them in a very good position. It is, of course, the political situation that is holding them back, while there will be a lot of noise in the next congress, no adverse legislation can be put through against the carriers.

LIVINGSTON & CO.

SYMPOSIUM ON BEER.

(Philip Hale in Boston Herald)

There came to our eyes when we read these headlines in The Herald: "Gather up beer in Nantasket raids."

Beer Cases of beer barrels of beer! Thousands of Bishop Still, J. Houseman, Hans Brettmann, Calverley's "beer and beer" rushed into the mind. We found ourselves repeating the verses of the gentle George Arnold:

Here With my beer While idle moments fit. Alas! They pass Unnoticed by.

We also recalled an evening at the Porphyry Club. Old Mr. Auger was reading from a newspaper an account of fishes killed in a river by stale beer poured from an adjacent brewery into the stream. "Fie! die old id!"

"Fie! die old id!" said Mr. Auger, "and yet you will undoubtedly continue to drink that poison." "Forbid that!" answered Mr. Golightly, flippantly: "I wish I had a barrel of it."

Last summer on the Cape we heard of an exploit that shows there are still heroes among the Cape Codders. Uncle Josh was telling at Nickerson's store how he and his crew once loaded ice at a brewery. They were mighty free-handed folk. About 10 in the morning they gave us a barrel of beer, me and the crew. Well, after dinner they gave us another barrel and shortly before we went home a third and we drank that all up. There was silence. As Artemus Ward put it: "It was so still that if a cannon had been fired it would have been distinctly heard. Then St. Eldridge had the courage to ask: "Uncle Josh, how many were there in the crew?" "One," answered Uncle Josh.

HOW LOS ANGELES MAN KEEPS WORKERS FIT

"In every large business organization," writes Roy Alden, in Forbes Magazine (N. Y.), "sickness among employees is generally cutting into operating efficiency. This is particularly so among office employees, the so-called brain-workers, who are more susceptible to ailments arising from their confinement and lack of exercise."

"Harold L. Arnold, Los Angeles automobile dealer, who operates in connection with his retail and wholesale business one of the largest automobile department stores in the United States, has adopted a very successful plan for keeping his employees in good health and thereby increasing their efficiency. Every effort is made to induce each employe to take a series of physical exercises every day at home. At frequent intervals the services of noted physical instructors are enlisted to give demonstrations on how to maintain physical fitness."

"When there are kinks in the limbs there are kinks in the brain," says Mr. Arnold. "We have been able almost to do away with a sick list since we inaugurated our present plan of showing our employes how to keep well."

THE ROYAL TRUST EXECUTORS AND TRUSTEES

AMERICAN CASE TO HIGHER COURT

Addresses by Counsel on Phases of Local Automobile Case.

Isadore Amdur, treasurer and managing director of the American Automobile Association, Ltd., an incorporated company doing business in the city, was this morning put upon his trial by Magistrate Henderson on a charge of conspiracy with the secretary of the New Brunswick Board of the Retail Merchants' Association of Canada, Miss Frances Alward, to defraud the \$1,000 each. The maximum fine on conviction is \$2,000. The charge is one of disposing, on or about June 30 last, of an automobile of model of skill or of chance or mixed skill and chance. W. H. Harrison, K. C., and W. M. Ryan, counsel for the prosecution, and Dr. H. Powell, K. C., appeared for the defence. Dr. Powell's argument was characterized by a mild attack on the conduct of the prosecution, and Dr. H. Harrison was present during the early part of the hearing. The case had been put over pending a decision by the referee as to whether they wished to proceed under summary convictions or in the nature of a preliminary hearing. Dr. Powell, after the matter taken up at preliminary hearing. Mr. Amdur Testifies. Thomas Gibbons, a city constable, and A. S. Emery, winner of the automobile, each heard their evidence taken at a previous hearing held over to the case and signed it. Mr. Amdur was asked the usual statutory questions and entered a formal plea of not guilty. Put on the stand, he said he had known like contacts to his own to have been conducted by Scott Bros. In the spring of 1922, he was in the employ of the Sun Rises... 6.33 Sun Sets... 9.58 (Time used is daylight saving.)

GOING WELL AT THE EXHIBITION

Outlook for Another Big Day—Several Accidents—Art Features.

The management of the St. John Exhibition, has received a letter from R. P. Allen, of Fredericton, secretary of the York County Poultry Association, commending highly all the features of this year's show and in particular the poultry department. He said that he was greatly impressed with the manner in which the poultry display was arranged and handled. He paid a tribute to the superintendent of that section of the exhibition, W. C. Littlewood, who in his opinion thoroughly understood the principles of the business and carried them out in commendable manner.

As the big fall show nears its end, its success is declared completely assured and the fine weather today should mean another large crowd. The programme today included, besides the free open air features, judging in the cattle classes, including the award of the Provincial Bank cup for dairy herds and the general manager's cup for sheep in pens. Further killing, plucking and canning demonstrations are scheduled in the poultry section.

Some Accidents. After going through the week without having to treat any serious accident cases, the V. A. D.s at the St. John Ambulance Association first aid station in the main building were called upon yesterday to treat three rather serious cases.

A young lady operating a wringer in one of the booths had her hand painfully injured, but was able to withdraw it before any bones were broken. She was given attention and was able to go back to work.

One man who is assisting in the main dining room had the top of one of the fingers on his left hand amputated in a bread-slicing machine. His injuries were attended to satisfactorily and he was back on the job this morning.

A lady in the crowd developed nervous spasms, somewhat akin to shell shock when the fireworks display opened last evening. She was carried into the building and the nurses attended to her case. She had recovered before being taken home. Several minor ailments also received attention.

Concerts by the City Cornet and St. John Enslers bands are on the programme for this afternoon and evening.

Special visitors yesterday were the members of the St. Vincent's and Good Shepherd orphanages and the men from the D. S. C. R. hospital, Lancaster. The girls were under the care of four of the Sisters and they had a wonderful time. Luncheon was supplied by the Women's Institute tea room and ice cream by Purdy Ice Cream and T. J. Phillips. They were also taken to the side shows and all enjoyed the day immensely.

The men from the Hospital were brought over in motor cars supplied through the New Brunswick Automobile Association, who also supplied cream and cigarettes for them.

Art Exhibits. Keen interest has been manifested in the art exhibits and many visitors have shown a fine appreciation of this section of the show. The gathering of four of the late Alexander Watson proved a happy inspiration. That Mr. Watson could have, in his short lifetime, accomplished so much is a cause of wonder to the citizens. Forty-five unframed paintings belonging to Mrs. Watson were titled and priced yesterday and already nine have been disposed of.

One of the most interesting in the collection is a painting of the Prince of Wales Elm at Harding's Point and a subscription has been started to purchase the picture and leave it, properly framed, in one of the city public buildings.

A water color which is attracting a lot of attention is a composition by

Engagements Announced. Mr. and Mrs. W. A. McColgan, of Fairville, have announced the engagement of their daughter, Miss Ethel May McColgan, to Frederick John Emerson, son of Mr. and Mrs. W. E. Emerson, West St. John, the latter part of this month.

Captain T. W. Wyman has announced the engagement of his daughter, Miss Ethel May Wyman, to Roland Joseph Hart Smith, the wedding to take place the latter part of next month.

Something of the taskmaster, the general and the diplomat, and a lot of the doctor must be hidden away in the man who would be the coach of a successful football or track team.

Emergencies of all kinds are his daily routine. His thorough knowledge of first aid is as essential as a knowledge of the game played by his men.

Bumps, bruises, strained ligaments and muscles are every day happenings, but the coach never becomes contemptuous of them. He knows that if he places the latter part of this month.

Trainers everywhere keep Absorbine Jr. in their lockers. They use it not only for sprains, cuts and bruises, but for the skin and blood protection of its disinfecting properties. In one convenient container it combines the functions of a number of preparations.

It is the first of all the First Aid requisites in use in all of the leading athletic clubs.

And there are just as many everyday uses for Absorbine Jr. in the homes of Canada as there are in the training camps. Always keep it in the home where you can "jump to it" in case of emergency. \$1.25 at your druggist.

THE COACH'S JOB

Something of the taskmaster, the general and the diplomat, and a lot of the doctor must be hidden away in the man who would be the coach of a successful football or track team.

Emergencies of all kinds are his daily routine. His thorough knowledge of first aid is as essential as a knowledge of the game played by his men.

Bumps, bruises, strained ligaments and muscles are every day happenings, but the coach never becomes contemptuous of them. He knows that if he places the latter part of this month.

MISS A. BEAUDRY SAYS SHE BECAME DESPERATE

"When I started taking Tanlac I weighed only 119 pounds, but now I weigh 140 pounds, and so I am a strong believer in the medicine," said Miss Beaudry, "and from not being able to eat other than very light foods, as well as from the inability to digest even the small amount of food that I was able to eat, my strength and weight, both strength and weight, soon disappeared. The contrast between now and one year ago, when I first took Tanlac, is almost too wonderful to be put into words. My first bottle of Tanlac made such a big difference I kept getting one bottle after another till I had used nine. At the end of I had gained 21 pounds, and was feeling stronger and better than I had in years. The sourness of stomach and burning, as well as my nervousness quite disappeared. The contrast between now and one year ago, when I first took Tanlac, is almost too wonderful to be put into words. My first bottle of Tanlac made such a big difference I kept getting one bottle after another till I had used nine. At the end of I had gained 21 pounds, and was feeling stronger and better than I had in years. The sourness of stomach and burning, as well as my nervousness quite disappeared. ## GREB VICTORY SPUR TO GAME

Fans Expect Him to Keep Up Habit of Frequent Milling.

(New York Tribune.)

A stimulus is expected in the ranks of middleweights, now that Harry Greb holds the title. Greb himself is a tireless ring worker—tireless in action in individual bouts and tireless, too, in the number of bouts in which he has been his custom to engage. It is hoped that Greb will continue his habit of boxing often. If he does he will be a different champion from Wilson. The title he has just won has been practically non-existent for two years. Like the featherweight championship which Johnny Kilbane preserved until the fatal meeting with Crigoli, the middleweight title has been, to all intents and purposes, out of competition.

Possibly with Greb as champion and defending his title against all comers who qualify, this particular division of boxing will experience a stimulus which will lift it from the semi-obscure to which it has fallen. Explaining the present sad plight of the middleweight class is difficult, but there is no gaining that lack of incentive has been one of the primary causes for the condition of mediocrity which surrounds

Don't blame your Pen!

Call for CARTER'S Fountain Pen Ink

Made in Canada

this division of pugilism today. It rests with Greb to revive interest in this class and make it what it has been in the past and what it should be—one of the most popular of boxing's eight classes. Greb can be instrumental in bringing about this desirable end through being "a fighting champion."

The bout in which Greb won his title was of itself the greatest indication of the sad condition of the middleweight ranks. Greb won his title from a mediocre boxer who held the championship for so long only because he was under suspension and could not defend the honor. Wilson was not even remotely comparable to others who have been leaders in this ring division. As a matter of cold fact, Greb is not much of an improvement, when it is remembered that among the middleweight champions of the past were Bob Fitzsimmons, Tommy Ryan and Stanley Ketchel. Nevertheless Greb is an improvement and that is encouraging. He must improve his style of boxing, however, if he is to gain that distinction and popularity associated with middleweight champions of the past. This improvement in Greb must amount practically to a complete change of his style, too. His only attributes just now are speed and tireless energy. There is little to recommend the new champion. He violates accepted rules of boxing in every bout, unintentionally, if the charitable view is taken, but he commits the violations nevertheless. Greb repeatedly was warned for violations last Friday night. He held and hit, hit on the breakaway and was interrupted several times in

Jooke

both hands. His victory was evidently a popular one and he was accorded hearty applause. The second bout of the evening was between Billy Groff and Gordon Paris and was declared a draw after eight rounds of hard boxing.

ST. PETERS GET A BAD BEATING

Eleven to One in Fredericton Contest—Close Series Here Tomorrow.

Fredericton went into the lead in the championship series yesterday when they defeated St. Peter's by a score of 11 to 1.

The series to decide the championship of the Two-League will be brought to a close on St. Peter's Park on Saturday when two games will be played one in the afternoon at 3 o'clock and the other in the evening at 6:15 o'clock.

Table with 4 columns: Player Name, St. Peter's, Fredericton, P.O.A.E. Scores for various players like Dever, Stafford, Gibbons, etc.

(Game called because of darkness with two out in the seventh inning.) Summary—Two-base hits, O'Brien, Dean, Houllhan, Home runs, Noonan and Bolster. Double plays, Clancy and O'Brien; McBeth, Dillon and Clancy; Markham and McGovern; Stolen bases, McBeth, Kenyon (2), Dillon. Struck out, by Noonan, 6; by Houllhan, 4. Bases on balls, by Noonan, 6; by Houllhan, 4. Passed balls, Doherty. Hit by pitcher, Houllhan (Muirrey). Left on bases, Fredericton, 9; St. Peter's, 7. Time of game, 1 hour, 58 minutes. Umpires, Knowlton and Donovan.

FOOTBALL LEAGUE FOR BOY SCOUTS

There will be a meeting of all scout masters at East St. John in the hall of 24th avenue Sunday school on Monday evening for the purpose of opening a football league amongst the Boy Scouts of St. John.

TROJANS PLAY

The Royals and the Trojans are to meet this evening at 6:45 o'clock in what is scheduled for the last game of the season for these two teams.

TRACK RECORD AT MOOSEPATH

Bud Hal Goes Mile in 2:14 and Wins the Free-for-All.

A new track record was established at Moosepath yesterday afternoon, when Bud Hal, owned and driven by Billy Hood of Sydney, negotiated the mile in 2:14 flat.

The 2:14 class event was won by Jennie H. on August 2. Bud Hal not only established a new record, but also won the free-for-all in straight heats.

AS PEACEFUL AS IS LIFE IN N. B. VILLAGE

New Brunswick in Russia Says Reports About Country Untrue

Life in Russia is as peaceful as in Burton, New Brunswick.

This is the assurance given by Roscoe A. Fillmore, a New Brunswick man who arrived there last April, has traveled 5,000 miles, and is now in Central Siberia.

Mr. Fillmore will be remembered as the manager of the St. John Valley Fruit Farm, established some years ago by a company at Burton, Sunbury County. The information he gives is in a letter to E. R. Machum of this city, and mailed from Central Siberia early in August.

Mr. Fillmore went to Russia on the invitation of the government of that country, to experiment on the cultivation of experimental fruit farms, and expects to be so engaged for several years. This is what he says about conditions as he found them in Russia: "Practically nothing is known in America as to the actual state of affairs in Russia, yet there is a poor excuse for that lack of knowledge. I have traveled some 5,000 miles in Russia, have visited Petrograd, Moscow, Ekaterinburg, Novo Nikolaiosk, and other large cities, and am now located in Central Siberia, and have seen no chaos, murders, riots or torture. I have not seen a blow struck since I entered Russia on April 28, and have not seen half a dozen drunks. Life is as quiet and orderly and law-abiding as in Burton, N. B. There is absolutely no foundation for the lurid stories continually circulated in America as to conditions in Russia. The government is functioning, the railways and industries are functioning, as in other countries; and when a newspaper man promises another revolution in Russia for next week or next month he is simply hoping to sell the paper. His stories are manufactured from whole cloth."

PROPERTY SALES

Recent property transfers have been recorded as follows—

St. John County.

R. Mannett to W. Jackson, property in St. Martins.

H. B. Schofield to A. F. Blake, property at the corner of Seely and Victoria streets.

G. S. Duncan to Mary Duncan, property in Uplham.

Wm. McKendry to P. T. Hatfield, property in Rothsay.

Wm. McKendry to Fred Shelby, property in Rothsay.

F. M. Sproul to Baptist church, property in Hampton.

R. N. Stockford (per mtg) to F. M. Sproul, property in Hampton.

Extras. of S. H. White to J. Clark & Son, property in Sussex.

MORE BREAKS IN WATER MAINS

The old adage "It never rains but it pours" was well exemplified for the Water and Sewerage Department these last two days, as they have had four further breaks in the main.

Early yesterday morning it was found that leaks had developed in the 16-inch main to East St. John and the No. 2 14-inch main at the One-Mile House, and last night the 16-inch main leading to the pulp mill and the 12-inch main to Spruce Lake both went out of commission.

In both of the latter cases a joint of pipe was blown out, and new joints will have to be installed. The cost of making the repairs at the pulp mill will be borne by the company, as this is a private line. The East St. John break has been repaired and the water turned on again, but the men are still working on the others. It will take some time to complete the job.

As Hiram Sees It

"Well, sir," said Mr. Hiram Hornbeam to the Times reporter, "me an' Hanner was talkin' last night about how thankful we ought to be that we're livin' in Noo' Brunswick. We don't hev no airthquake, we don't hev no floods like they hev in China—we ain't got a Government that's alwuz lookin' fer a fight with some other country—we ain't all upside down like Rooshie—we ain't got no Koo Klux Klan. Out to the Settlement we're gittin' in the crops, an' puttin' some new tetches on th' Community Hall fer next winter's meetin' an' dances fer the young folks. The school is gittin' along fine—an' the Babbists an' Prisybterians ain't hev a clinch over who's right about babbism fer years an' years. We took some prizes down to the Exhibition, too—an' when Hanner gits her electric range—an' I gits a little motor to cut wood—an' do things like that about the place—we won't hev nothin' to holler about but Sile Jones's brachy steers. Yes, sir—we don't hev to look across the line nor nowhere else fer the comforts o' life. We got 'em right here. Hanner says you kin come out an' git that punkin pie any time now." "Hiram," said the reporter, "your last remark clinches the argument. New Brunswick is the home of the best. Expect me tomorrow."

LOCAL NEWS

TO AWARD CONTRACTS. The Civic Power Commission is holding a meeting this afternoon. The principal business is the awarding of contracts for line material.

CHURCH MEETING. The quarterly board of Centenary church met last evening in the church parlour. Business was of a routine character.

TEAM HOME. The members of St. Peter's baseball team arrived home today from Fredericton where they played the capital team last evening.

MADE TRAIN LATE. C. N. R. train No. 9, which was due here from Halifax at 7.40 o'clock this morning did not arrive until 1.08 this afternoon. The delay was occasioned by the wreck at Thomson Sliding, N. S. yesterday.

RED CROSS AWAITS WORD. No word had been received up to noon by the local office of the Red Cross as to what part they would be asked to take in providing relief for Japan. It was said no action would be taken until C. B. Allan, who is in Toronto at present, was heard from.

CONDITION THE SAME. No change was reported in the condition of Mrs. R. C. McLean, seriously injured in the automobile accident at Blagdon, on Monday night, from the General Public Hospital today. Her daughter, Miss Maisie, is improving rapidly.

BRUSH FIRE SMOKE. Quite dense smoke was pouring in over Fawcette this morning and caused uneasiness to many. So far as could be learned the smoke was from a brush fire which has been burning for some days at Musquash, but which is said to be now under control.

C. N. R. VISITORS. A. T. Weidman, passenger traffic manager of the C. N. R. Atlantic region, accompanied by his wife and P. W. Robertson, general passenger agent, also A. Lindsay, advertising agent of the C. N. R. arrived in the city last evening from Boston and are attending the exhibition today.

UNDERWENT OPERATION. Friends of Daniel Connolly of Mill street will regret to learn that he is ill at the Infirmary, having undergone an operation for appendicitis this week. His condition this morning, however, was said to be greatly improved, and he is now considered on his way to recovery.

HELPED THE STRICKEN. The funds of the Home for Incapables is richer by \$4, through the efforts of two little North End girls, who on Saturday held a bazaar on the Indiantown Square at which this sum was realized. The girls are Emma McElwaine, daughter of Charles McElwaine and M. Angel, daughter of Albert Angel.

CREDITORS' MEETING. A meeting of the creditors of Patrick Blagden, of St. Basile, N. B., was held yesterday afternoon, at the office of the Canada Permanent Trust Co., and the trustee was given authority to dispose of the estate to the advantage. S. F. Jamieson, of the G. E. Barbour Co., was appointed liquidator.

GIVEN SHOWER. Miss Catherine Fitzpatrick was tendered a kitchen shower last evening at the home of Mr. and Mrs. George Campbell, Adelaide street. The guests of honor, who is to be a principal in a nuptial event in the near future, was the recipient of a large number of useful presents. During the evening games and music were enjoyed and refreshments served.

BUYS DRUG BUSINESS. Thomas A. McMenamon, a well known young man of the North End, has purchased the drug store of the late J. F. MacLaughlan, at the corner of King and Ludlow streets, West St. John. While serving as a clerk in a local drug store at the beginning of the war he enlisted and went overseas and after serving some time in France was sent to the Dardanelles and later to Saloniki.

DANGEROUS DRIVING. Coming in from Westfield last evening in a motor car a member of the staff of this paper noted half a dozen cars met on the way that did not dim their lights. Some were met on sharp curves, some on hills, and some on straight road. Other cars met dimmed their lights and kept well to their own side of the road, but at least a dozen invited trouble by their failure to do the right thing. It is not at all surprising that many motor accidents occur.

PRESENTATION. Last evening at the home of Mrs. Isabelle Murray, 206 Sydney street, Miss Evelyn Fowler of Westport, Mass., was tendered a surprise party. During the evening refreshments were served and music and dancing enjoyed. Miss Fowler was the recipient of a beautiful ring with opal setting and numerous other gifts. She will return to her home in Westport on Saturday evening. While in the city she is the guest of Mrs. Murray.

CHOOSES SPEEDY TRIAL. Allan McDonald of Antigonish, charged with theft from Frank Coleman of Hampton, appeared before Judge J. A. Barry in County Court chambers this morning and elected to be tried under the Speedy Trials Act. The date of the hearing has not been set, but it is not expected to be next week. It is said that witnesses will be brought from Cape Breton. C. H. Ferguson appeared for the Crown and W. M. Ryan for the defense.

JURY EMANELLED

The jurors empanelled to inquire into the circumstances surrounding the death of Thomas McCarthy were sworn in before Coroner H. A. Peter today at noon. They then proceeded to the Royal Hotel, where they inspected the steam plant and had an interview with the chief engineer, after which they viewed the body at P. J. Fitzpatrick's undertaking rooms. The inquest will be held on Tuesday evening at 7.30 o'clock in the Court House, Germain street. The jurymen are: Charles E. Farrand, foreman; James J. Merryfield, David J. Stockford, Robert H. Simpson, Robert T. Worden, Emmanuel B. Dever, and John L. Cambridge.

WANT M'GOWAN TO TRAIN GORMAN

Plan to Have Everett Remain Here for the Winter.

Everett McGowan, professional skater and formerly international and national champion, who played centre field for the G. W. V. A. baseball team of the Two I League, is still in the city. A movement is on foot to have him remain here and act as trainer for Charles Gorman, the Canadian skating ace, who intends to make a strong bid this season for International honors. In conversation with a reporter for The Times this morning Mr. McGowan said that he had been spoken to in connection with the matter and was quite willing to do all in his power to assist Gorman or any other local skater. He said he likes St. John very much and is very much impressed with the people, who have treated him in so friendly a manner.

LAW-SCHOOL PLANS

Judge H. O. McInerney, K. C., who has been appointed permanent professor on the faculty of the Law School here, said that it was the intention of the Senate of the U. N. B., now that the Law School had been affiliated with that body, to raise the standard of the school, making it a bigger and better institution, and one that would be attractive to all young men of the province, who wished to follow a course in law. In making the appointment, they desired a man who could devote a considerable part of his time to the work of the school, lecturing several times a week, and keeping in touch with the progress of the studies and students.

PARIS GOING AFTER WELTER CHAMPIONSHIP

Gordon Paris announced this morning that he was going into hard training and was now out after the welterweight championship of the Maritime Provinces. Paris was given a draw at the Arena last night when he met Billy Groff, from Winnipeg. He also was given a draw when he met Nedder Healey, of Halifax, welter champion, in their bout at the Arena several weeks ago.

RECALLS FIRST DREDGING WORK AT SAND POINT

Capt. J. S. Mowry, of the St. John Dry Dock Company's tug Margaret Blackett, said to the Times-Star this morning that he remembered the first scow-load of mud taken from the site of Berths No. 1 and 2 at Sand Point. It was lifted from the site of the famous Connolly wharf by a dredge owned by Michael Conolly, on Oct. 4, 1892. That was the beginning of the development of wharves at Sand Point which paved the way for the coming of the Beaver Line steamers and the inauguration of the winter port business at St. John. Captain Mowry was on the tug Maggie M., which towed the first scow-load of mud from the dredge.

THREE LEAVE TO JOIN SISTERS OF GOOD SHEPHERD

Miss Mary Josephine Walsh, daughter of Mrs. Elizabeth and the late Richard Walsh, left this morning for Halifax to enter the Monastery of the Good Shepherd. She is a graduate of St. Vincent's High School and of Mount Carmel Business College, and for some time was employed in the office of the Imperial Tobacco Company.

Miss Margaret McCarthy, daughter of the late Dennis and Elizabeth McCarthy, who has been making her home with her sister, Mrs. Edwin T. McCluskey, 65 Clarendon street, also left today for Halifax to enter the new English novitiate of the Monastery of the Good Shepherd. Miss McCarthy was a stenographer in the office of the Canada Brush Company. A family reunion was held last evening at the home of Mrs. McCluskey, at which only the immediate family were present. Miss McCarthy will be met at Sackville by her sister, Mrs. Casey, the latter's husband, Frank Casey of Charlottetown, who will accompany her to Halifax.

Miss Marie Doucette, formerly of West St. John, but who, since the death of her parents, has been boarding at Rosary Hall, left this morning to enter the novitiate in Halifax.

REMEMBER WHEN—

The Robin Hood Opera Company opened an engagement in the Opera House on September 10, 1894.

Ned Harvey and Jim Flood, went eight rounds in a draw in the Mechanics Institute on Monday, September 24, 1894.

A polo league was opened in the Singer Roller Rink on Tuesday October 10, 1894.

The New electric street railway was opened in St. John on Saturday October 6, 1894.
