

GIRL STARVED BY HER STEPMOTHER

Aged 15 Years But Weighed Only Thirty Pounds When Found by Police.

Paris, Aug. 19.—A terrible case of cruelty by a stepmother toward a small girl has been discovered here, the child's own father having been an accomplice to what is the almost incredible treatment of his daughter. The actors in the drama are fisher folk and the sordid setting is a cottage where the wife kept a low cafe while the husband was away with his boat.

OPERA HOUSE NOW PRESENTS FINE APPEARANCE

After being thoroughly cleaned, painted and repaired the Opera House now presents a much better appearance, and will re-open on Tuesday next, August 23, with five acts of refined vaudeville, with a complete change of programme every Tuesday and Friday. There will also be the usual serial at each change, Ruth Roland in "The Avenging Arrow" and Joe Ryan in "The Purple Riders," and as an added attraction there will be a special two-act comedy. We wish to impress upon our patrons the fact that this season they are assured of seeing even better vaudeville attractions than in the past, as arrangements have been made whereby Mr. F. B. Mack, who has been connected with Strand Theatre, which is the vaudeville house in Halifax, is now and will remain in New York to do the booking for both St. John and Halifax. Mr. Mack's years of experience in the vaudeville houses should prove of great value when selecting the acts for this particular territory.

TO PROSECUTE PEOPLE WHO SET FOREST FIRES

Ottawa, Aug. 19.—The department of lands and forests has decided to prosecute more than 100 parties who are alleged to have caused forest fires in the course of the last three months through their negligence and through the violation of the department's regulations.

LOCAL NEWS

E. J. Tighe left last evening for Winnipeg to attend the Trades Congress convention which opens at Winnipeg on Aug. 22. Mr. Tighe will represent the International Longshoremen's Association.

A broken trolley wire in Douglas avenue held up the entire street railway system in the city for about half an hour yesterday afternoon. The wire was said to have been broken by part of the road machine at work there catching in it.

The heavy rain last evening caused the Grand Bay Outing Association to postpone the dance which had planned to hold on Thursday evening in aid of the Red Cross at Westfield. The dance will be held on Thursday, August 23.

J. H. Brophy, chief fire warden, said last night that the rains of yesterday had about finished the forest fires in the Westfield districts, and, in his opinion, would remove all cause for worry on the part of the residents of the surrounding villages.

Fifteen children took advantage of the offer of free vaccination at the board of health office yesterday afternoon. Dr. E. Stanley Bridges, assisted by Mrs. Armstrong, performed the vaccinations and will continue to do so each afternoon from 2 to 4:30 o'clock, except Saturday, until the opening of the schools, Sept. 6.

Information has been received from the attorney-general's department, Ottawa, that a contract in the matter of expropriating land for right of way, near the municipal home, East St. John, N. B., which is being prepared by the cheque court, Inchee, Weyman and Hansen are appearing for the federal government and King, Kelly, K. C., and H. A. Powell, K. C., for the county.

A chase after a man in a stolen car, which started in Old Town, Me., recently, finally ended in this city, when the owner of the car, a Hudson Super Six, found it in Fleming's machine shop, where it was put by the thief for some minor repairs. It was discovered that the thief was in St. John sporting the stolen car. As soon as he found the owner was after him he departed for parts unknown.

The first session of the annual convention of the Christian churches of New Brunswick and Nova Scotia opened in the Douglas avenue Christian church last evening. Rev. F. J. M. Appleman and Rev. J. C. B. Appel welcomed the delegates. Rev. C. E. Armstrong brought greetings from the Churches of Christ of Prince Edward Island and Rev. W. R. Warren from the United States. Rev. W. H. Harding of Summerside, P. E. I., addressed the delegates on adapting the work of the church to modern conditions. His address was most timely and eloquent. Several resolutions were rendered by the McEasbern quartette.

BISHOP MANNING WARNS DR. GRANT

Priest May be Unfrocked if He Weds New York Divorcee.

Of the Rev. Dr. Percy Stickney Grant, rector of the Church of the Ascension, New York, carries out his announced intention to wed Mrs. Philip M. Lydig, he will act in the face of a warning from Bishop Manning of the Episcopal diocese of New York that such marriage would violate the canons of the church.

That such warning has been given Dr. Grant by his superior became known this week. It also became known that the noted rector announced his forthcoming marriage after receiving the warning.

Charges will be laid before Bishop Manning looking to the unfrocking of Dr. Grant if he marries the twice-divorced society leader, it was further said.

Of his own initiative Bishop Manning can go little further than he has done in issuing the warning to Dr. Grant. But if church leaders as trustees are charged with violation of the canons before him, the bishop would appoint a board of inquiry which could make recommendation that would result in Dr. Grant being relieved from priestly duties indefinitely, or being expelled from the church.

Mrs. Lydig is twice divorced, having been the wife of W. E. D. Stokes and of Dr. Lydig. She was married to the latter, which was obtained in France on the ground of incompatibility alone, it is said, would operate against remarriage under the Episcopal church law.

STARTED CAREER AS JUNIOR CLERK

Rudolphe Audette, President of La Banque Nationale Dead in Quebec.

Quebec, Aug. 19.—The death of Rudolphe Audette, president of La Banque Nationale, and head of the firm of Thibaudau Freres and Company, occurred here last night. Mr. Audette had a most remarkable business career. He was born in 1844 and entered employ of Thibaudau firm as junior clerk in 1868, became a partner in 1883 and senior member of the firm in 1894. He has been president of La Banque Nationale for many years and contributed largely to the building up of that financial institution.

WILL NOT ACCEPT ANY REDUCTION

Montreal Musicians Consider Proposal of 25 Per Cent Cut in Wages.

Montreal, Aug. 19.—Musicians union No. 406, at a special meeting held last night to consider the decision of the theatrical managers to cut wages 25 per cent, expresses a determination not to accept any reduction whatever.

SPAIN'S TASK IN MOROCCO

(Associated Press, by Mail.) Mellilla, Morocco, Aug. 1.—Ten thousand square kilometers of the Spanish zone in Morocco are being held by the Spanish troops in this section.

Such, however, was the situation, and the high commissioner with formal orders to make the best of things while trying to maintain Spanish ambitions with the report of an occasional victory.

Meanwhile, it is charged, the tribesmen are able to maintain their supply of food and arms either from French Morocco or through the international zone at Tangier.

By this means they are enabled to offer stern resistance to the Spaniards in their effort to take and hold the country lying between Melilla and Ceuta, a distance of 250 miles in a direct line, every inch of which must be fought for.

Much help cannot be expected from the small Spanish war vessels patrolling the coast, to which approach is very difficult and dangerous, while bombardments from the warships would probably prove ineffective, because of the impossibility of seeing the object aimed at owing to the roughness of the ground.

CERTIFICATES ARE WITHHELD

Montreal, Aug. 19.—At the conclusion of the enquiry into the second grounding of the Imperial Oil Company tanker Mina Brea at Sorel, Wreck Commissioner Demers stated that judgment would be taken on deliberation.

In the meantime, the certificates of Captain Owen of the Mina Brea and the third officer, with the certificate of Pilot Houde, of Quebec, would be withheld.

CAUSE FOR DIVORCE

The man whose wife serves him with poor bread is entitled to a divorce on the ground of ill treatment, for there is no excuse today whatever for even the poorest man having to eat bread that is not of the highest quality.

The invert of the "Regal" quality of flour has made good bread making easy, and the husband who is not satisfied with his wife's baking should plainly tell her so, and incidentally suggest that her next barrel of flour must be "Regal"—the brand that is known as "wonderful for bread."

It seems a pity that anybody these days should be eating bread that is not of the finest quality when finest quality is so easily made with "Regal." Ask for "Regal" and insist on getting it.

Correct. School Teacher (to little boy)—If a farmer raises 3,700 bushels of wheat and sells it for \$2.50 per bushel, what will he get? Little Boy—A motor car.

HON. G. P. GRAHAM MAY BE ASKED

Doubtful if He Will Accept Nomination in Leeds and Brockville—Already Candidate in South Essex.

Brockville, Ont., Aug. 19.—When the Liberals of Leeds and Brockville federal riding held their convention here on Tuesday next to select a candidate to fill the vacancy caused by the resignation of Sir Thomas White, it is expected that an invitation will be extended to Hon. G. P. Graham, former minister of railways and canals, in the Laurier administration, to become the party standard bearer in the coming by-election.

CANADIAN RECRUIT SUNK IN COLLISION WITH MASKINONGE

Quebec, Aug. 18.—The steamer Canadian Recruit of the Canadian Government Merchant Marine, was sunk off Stone Pillars, at the Traverse, at 10:30 o'clock tonight, as a result of a collision with the steamer Maskinonge of the Dominion Coal Company service.

PAYMASTER IS ROBBED OF \$9,000

San Francisco, Aug. 19.—Three bandits yesterday held up Walter Marion and George Behan, paymaster and escaped with \$9,000 in an auto, the payroll of the American Can Co., which they were transporting from a bank to the factory here. The robbery occurred on a busy street in the Mission District.

HIGHER MATHEMATICS

The teacher had been explaining fractions to her class. When she had discussed the subject at length, wishing to see how much light had been shed, she inquired:

"Now, Bobby, which would you rather have, one apple or two halves?" "The little chap promptly replied: "Two halves."

"Oh, Bobby," exclaimed the young woman, a little disappointedly, "why would you prefer two halves?" "Because then I could see if it was bad inside,"—Queenslander (Brisbane, Australia).

AN EXAMPLE OF WIFE'S DEVOTION

Travels Two Miles on Knees to Carry Out Vow Made During Husband's Illness.

Lisbon, Aug. 1.—(Association Press by fall)—A curious sight was witnessed in the streets of Lisbon just after dawn recently. Maria Conception, wife of a workman, was seen dragging herself painfully on her knees from her home through the busy streets to the Church of Our Lady of Health, thus carrying out a vow during the illness of her husband, in case of his recovery. The distance from her home to the church was over two miles and long for the had accomplished one-half of the journey, her knees were torn by stones and her dress was stained with mud. Maria's husband, a young tinman, fell ill about six months ago and was given up by the doctors. His devoted wife tended him with untiring care and love and when it was thought that he should have his life, making a vow that if he recovered she would go on her knees, as a sign of thanksgiving, the shrine of The Lady of Health. The husband recovered and the wife's fulfilled her vow.

THREE STORES

FAREWELL TO CANON AND MRS. KUHRING

There was a large gathering of the members of the congregation of St. John's (Stone) church yesterday afternoon for the reception which was tendered to Rev. Canon and Mrs. G. A. Kuhring. Many came in from suburban resorts to see that last opportunity of greeting their rector and his wife, who are leaving the city after six years spent in the devoted service to the church. The school room never looked more beautiful. It was a veritable bower of flowers and ferns. Pink dahlias, sweet peas and snapdragons graced the tea tables and masses of golden glow were placed about the room.

The reception was arranged by the members of the vestry, working with the members of the various branches of the W. A. of the church. Mrs. George Warwick, Mrs. J. E. Secord, wives of the church wardens, and Mrs. Alfred Morchew, president of the senior W. A., received the guests. When all had assembled, Mr. Secord, as senior warden, presented to Canon Kuhring on behalf of the members of the congregation a feelingly worded address which had been beautifully illuminated on vellum. The address set forth the deep feelings of esteem and respect in which Canon Kuhring was held by the members of St. John's church. It paid tribute to his sympathy, never failing kindness and thoughtfulness for others, and wished him a full measure of happiness and prosperity in the years to come. The address was signed by the two church wardens, the superintendent of the Sunday school, the president of the W. A. and the president of the Girls' Association. In the morning the members of the vestry had made a private presentation to Canon Kuhring of a very substantial sum of money, the gift of his parishioners.

Mrs. Morchew, on behalf of the senior W. A., the Girls' Association and the Mothers' Meeting, presented to Mrs. Kuhring a handsome gold locket and chain and to Canon Kuhring a sumptuously bound copy of the Oxford edition of the Schofield Bible.

Both Canon and Mrs. Kuhring made charming replies, Canon Kuhring speaking most appreciatively of the strong ties of fellowship which came from sixteen years of close association and Mrs. Kuhring telling of the great benefits which had been hers in her fellowship with the many women of outstanding worth among the congregation.

When tea was served Mrs. John A. McAvity and Mrs. Blanchard Fowler presided over the tea table and members of the church, including Miss Margaret Kerr, daughter of Mrs. K. J. Jamieson, of that city, and the late Dr. John Jamieson, of Pictou (Ont.), was married to George Patrick Alexander Hamilton, son of the late Dr. and Mrs. G. A. Hamilton, of St. John (N. B.). Rev. Wm. Vance officiating. She was attended by her sister, Miss Winnifred Jamieson. Murray McAvity supported the groom. Immediately after the ceremony, Mr. and Mrs. Hamilton left for Seattle en route to Ellsworth Park, where the honeymoon will be spent. On their return to Vancouver they will take up residence in the Royal Mansions, Vancouver. The bridegroom is a grandson of the late Mr. and Mrs. Thomas Millidge, St. John.

RECENT WEDDINGS

Hamilton—Jamieson.
The Kittisano Methodist church, Vancouver, was the scene of a pretty wedding on Aug. 10 when Miss Margaret Kerr, daughter of Mrs. K. J. Jamieson, of that city, and the late Dr. John Jamieson, of Pictou (Ont.), was married to George Patrick Alexander Hamilton, son of the late Dr. and Mrs. G. A. Hamilton, of St. John (N. B.). Rev. Wm. Vance officiating. She was attended by her sister, Miss Winnifred Jamieson. Murray McAvity supported the groom. Immediately after the ceremony, Mr. and Mrs. Hamilton left for Seattle en route to Ellsworth Park, where the honeymoon will be spent. AYR-BARBOUR.

The marriage of Miss Lillian T. Barbour of Hopewell Hill, Albert county, and Allister A. Ayer of Sackville was solemnized on Wednesday at the home of the bride's parents by Rev. G. A. Selar. The wedding march was played by Alonzo B. Staples, M. M. Mr. and Mrs. Ayer left on a trip to Montreal and Toronto after which they will take up residence in Sackville where the groom is engaged in business.

St. John Mothers Allow Us to Introduce Jack O'Leather Suits For Boys

(Leatherized.)

Every mother of a growing boy will be interested in Jack O'Leather, the new patented boys' suit, which combines beautiful fabrics with soft, pliable, real leather linings at seat, knees, elbows and all pockets.

Jack O'Leather Suits have definitely solved the problem of keeping a boy well dressed at a moderate cost. These suits are built on proven, scientific lines. Tests have shown conclusively that half the wear from boys' clothes comes from the inside—so the soft, pliable, real leather, light in weight, is placed on the inside of hard used spots.

This leather lining doubles the life of the suit, for it takes all the inside wear and at the same time prevents stretching and bagging.

Jack O'Leather Suits are made from high quality fabrics and splendidly tailored with a snap and style that shows real character.

We have them in all sizes—6 to 18—and all the latest popular models, and we guarantee them to give complete satisfaction.

Prices are no higher than for ordinary suits. Leather inside, style outside.

HUSBAND KILLED WIFE.

Thought She Was Burglar and Fired Shotgun.
Detroit, Aug. 19.—Mistaking his wife, Leppa, for a burglar, Howard Swope shot and instantly killed her in the kitchen of their home in River Rouge village. He surrendered to the police, but was released after an examination.

Swope told the police neighbors had warned him of recent burglaries. He borrowed a shotgun and kept it in his bedroom. At 2 a. m. his wife roused him from sleep and told him she heard suspicious sounds. He told her to remain in bed, he said, and started to explore the house. When he reached the kitchen he saw a shadowy figure. Heceiving no answer to a challenge, he fired. He rushed to the home of Frank Gulbard, a special policeman. When they returned and switched on the light, Mrs. Swope was lying dead on the floor. She had received the full charge of the gun in the back.

BABY BURNED TO DEATH.

Child Was Alone When Oil Stove Exploded.
Toronto, Aug. 19.—Allan Jardine, the fourteen-month-old baby boy of Norman Jardine, was burned to death when the house was destroyed by fire at Trout Hill, near here.

Mrs. Jardine lit a fire in the coal oil stove and went out to a neighbor about 100 yards away to get some milk. She left the child asleep in its cot upstairs. While Mrs. Jardine was away, the stove, it is presumed, exploded, and the kitchen took fire.

How an Air Hero Has Landed

— in Love At First It Was Alexandra, Then Consuelo Appeared, and Now the Charming Irma Seems to Be the Destined Mate for Lieut. Louis F. Kloor!

Miss Consuelo Flowerton Was Reported to Be the Girl Who Won Lt. Kloor from Her Sister.

By Joseph H. Appelgate

IT IS a pretty difficult thing to land right. Particularly, when one is up in the air. It seems half the game to get one's feet down solidly. The earth feels mighty friendly. Lt. Louis F. Kloor of the United States Navy, one of the three naval balloonists whose trip to the Canadian wilds last winter in a gas bag made naval history, will tell you so. Lt. Walter Hinton and Stephen A. Farrell could corroborate him.

Lt. Kloor will tell you something else, also. He will assure you that making a landing in ventures outside voyaging about in the circumambient is just as much of an achievement. Particularly, when one is up in the air over a love affair. How he came to reach the haven of his heart's desire is that which concerns this narrative and the charming little Miss Irma Harrison of New York City.

The circumstances indicate that he landed right—in love—by applying the lessons he and Lt. Farrell and Hinton learned at the cost of the physical suffering in the great outdoors of pines and hemlock and unbroken snow up North. He was up against a stiff proposition when he made that mistaken landing from that balloon. The next time you go fishing or hunting up there ask the Indian guide to recount it. He'll point to his canoe, fashioned out of the expensive covering of Uncle Sam's wrecked gas bag, and assure you that it was a plucky fight. The chances are, too, that, having in mind the shortness of the span of life of a canoe of birch bark, he'll ask when the great White Father of the United States will send another bag up there.

Plunging ahead over all obstacles was the lesson taught Lt. Kloor in the "silence you must can hear." Out of that stumbling, staggering battle against the step-hindering snow, nights made hideous with the howling of wolves, days made terrible by the sense of loneliness in the vastness of trackless white, there came added will to go ahead full speed and damn the torpedoes, sir! Many times he and his companions turned attentive ear to the whispering invitation of the pines to sleep, just a bit, before pressing on. But ever the traditional spirit of the navy overcame the slow siren and added fresh strength to their heavy feet.

His Guiding Beacon Light

But Lt. Kloor had also a beacon light encouraging him every step of the way, the mental picture of a pretty girl at Rockaway, N. Y., with soft brown eyes and golden brown hair. She seemed to be with him in his most trying moments. She was his very present strength in time of trouble. The whole world knew of this before Lt. Kloor arrived home. It was gleaned out of the letters he sent to Miss Alexandra Flowerton, lines which first gave to millions who were awaiting word the first details of that stupendous and triumphant battle of three little men

Miss Alexandra Flowerton, Fiancee No. 1, Who Said She Could Not Live on an Officer's Pay.

print with a statement that she could not afford to become the wife of a man on the officer's payroll of the United States Navy. It wouldn't make ends meet, she declared. And when Lt. Kloor heard this, instead of weeping, or even crawling into the mouth of one of the big disappearing guns of the fort at Rockaway, he spiked her weapon with a cool and calm statement that he never was engaged to her.

And then it happened that a reporter, calling at the Flowerton home to investigate this refutation of the engagement by the naval hero, thrust his reportorial quill right through the romance, or alleged romance, of our hero and Miss Consuelo. But he inflated it, so as to speak, before he pricked it.

"I would be quite willing, in fact, am willing to share an officer's pay," said the charming Miss Consuelo, in the published interview. "In fact, I believe that love should not consider money." "Off had sped the reporter, certain that he had learned a secret, and in a few moments had rattled off the romantic story of how the gallant naval officer had spurned Miss Alexandra for Consuelo. It made an interesting story, too.

Consuelo's Naive Explanation

Love that shuts the eyes to wealth is indeed wonderful. Rare things generally are wonderful. But one may find such cases nowadays up in the woods, where Lt. Kloor floundered through snow last winter seeking the warmth of civilization, cold-hearted as it sometimes becomes. Lt. Kloor was a fortunate man. Also, it went a long way toward proving that all show girls are not flighty nor inclined to have a green cast to their thoughts. Some horrid folk have openly said as much. Shouted it, in fact.

And they shouted it again, with a few "I told you so's" thrown in, when Miss Consuelo, coolly, calmly, dispassionately, came forth with a sweeping denial of the whole report. Not a word of truth in it, she retorted to those who talked about the engagement. She assured them that her affection was in an entirely different section of the country.

"It was true that I said I would be willing to live on an officer's pay," she declared, when approached on the subject by the same bewildered newspaper reporter. "But I meant another naval officer. One out in San Diego!"

So it was that Lt. Kloor rose free again of love anchorage. His friends thought so, anyway. And they began to jibe him about the way he juggled the hearts and hopes of marryable girls. One suggested that he give a bachelor party in honor of the escape from married servitude.

"You got away lucky," spoke up a friend. "Look at all the poor swains who pay heart balm."

"But I never was engaged to either one of them," was his reply. When he said it the lieutenant was thinking of a different kind of engagement. It was a date,

Miss Irma Harrison, the Petite Maiden Whose Marriage to the Much-Sought-After Officer Is Now Expected

Miss Harrison Looks Like an "Old-Fashioned" Girl in This Beautiful Costume and Talks Like One When She Declares That Love Should Ignore Money Questions.

in other words, with a cute little brunette who lives with her mother at the Palace Hotel, New York City. Her name is Irma Harrison and her face is well known to thousands who have seen her in the pictures. She's just the right size, too, for the lieutenant, who is sort of saved off and hammered down. A Mary Pickford type of girl with a personality all her own and quite original. And the Man on the Street no doubt will be shocked to learn that the engagement—the really, truly, honest-to-goodness betrothal—of Lt. Kloor and Miss Irma Harrison is the latest announcement. It was a condition known to the closest of their friends all the time. And they'll be married—that is, unless—

"The kid is the grandest little man in all the world," volunteered Miss Harrison, when found in her apartment, where she laughingly shrugged her shoulders when informed that the secret of her engagement was out. "When will we get married? That's telling. Maybe never. Who

knows? But an officer's pay is big enough for me. I despise the girl—gracious, how she scowled—"who would permit dollars to come between her and her lover. Of course, I don't mean I would marry a really poor man. For we all know that when bills come in love flies out the window. But Lt. Kloor earns enough to well take care of a wife."

Thus ends the second runaway adventure series of Lt. Kloor. There were three in each; case, himself and two others. In both instances he wandered far before he found a landing. In both adventures he had to travel over rough ground before he reached the haven he desired. But he is confident that he landed right at last when he anchored in the affections of Miss Harrison. He ought to get three rousing cheers for his iron nerve. It is a feat to bump through such entangling places and escape without injury. But he's on solid ground at last and his friends wish him luck.

USE LETHAL GAS FOR THE DEATH SENTENCE

New Law Provides for Peculiar Form of Execution of Criminals in Nevada Prison.

Carson City, capital of Nevada, is building a new State Penitentiary which will contain a lethal chamber for the execution of condemned criminals. Arnold Krueckman recently wrote to the New York World, a law passed at the recent session of the State Legislature all persons sentenced to death in this state must die by the administration of lethal gas.

The laws affecting the death penalty have been out of the ordinary in this state for a number of years past. Under the restrictions the condemned criminal has been able to choose his own method of execution. The last man to die at the hands of the state was one, David D. Boyle, "accepted shooting." A condemned man was seated in a chair in the prison yard with his back to a wall. A diagram was fixed upon the wall. A company of men were lined up to shoot at the living target. The rifles were expert marksmen. They entered the prison yard were loaded weapons. Some of the condemned were seated in a row of chairs. The rifles were aimed at the condemned man. that snuffed out the forfeited life it was found the figure "98" traced on his breast had been perfectly perforated by the bullets, which were found to have plugged the back of the chair in which he sat. The chair of state's "shooting gallery" is one of the gruesome objects of curiosity which you can see in the old prison yard. The figure "98" is very accurately outlined in the wood where the bullets lodged after they sped through the human body.

Those who witnessed the execution say that death was practically instantaneous. The physicians believe that shooting is the quickest, least painful and most humane method of execution.

The new law has precipitated much discussion. There are many lawyers in Nevada, who hold that a criminal may not be legally executed by lethal gas. They say it is unconstitutional because it violates the constitutional prohibition against cruel, barbarous and unusual punishment. There is sufficient weight to this contention in the minds of the members of the Prison Board so that they have carefully pre-

MUST REDUCE COST OF PRODUCTION

But Goods in First and Second Hands Must Also be Marked Down, Says Boston Report.

(Cor. N. Y. Evening Post.)
 Boston, Aug. 12.—Window dressing continues to be a leading occupation in this section, as elsewhere. Everyone is trying to put the best appearance possible on the situation, but, frankly, it is rather uphill work. Conditions are not essentially better than they were, and few persons appear really to believe that they will be for a good while yet. It is a common thing to hear business men put the improvement off at least twelve months, and some push it materially further away.

A well-known banker sized the situation up quite adequately this week. While trying to be cheerful, he admitted that business men have their hands full in solving three questions—paying their taxes, selling their goods, and minimizing their losses. To those whose knowledge goes beneath the surface this statement will appear rational.

Stocks Still to Be Liquidated.

Goods in first and second hands have been marked down heavily in price, but they have by no means all been sold to final consumers. Many a loss has been written off on the books of manufacturers and merchants without yet being liquidated. That is a fact of which the banks are not for a moment forgetful. The thing now is to sell goods against which losses have been written off at the written-off prices.

For example, large supplies of raw materials were accumulated by manufacturers to be put into finished products. Orders for finished products were received, only in an astonishing number of cases to be cancelled. In some instances the buyers were forced to accept delivery; in others, the orders were subsequently renewed. Yet the total of the orders not taken up was very large indeed. In some cases the raw material actually manufactured before the cancellations were received; in others just the opposite occurred. If the manufacturers did not have to write off losses on the finished articles, they had to do so on the raw materials.

It is probable that anything like the whole of these written-off losses has yet taken the form of actual cash.

Excess of Raw Materials.

The question now is: How soon can they be liquidated? General business is confronting contingencies both immediate and remote—this is perhaps the most immediate. It will not be until stores and stock rooms are much nearer depletion than they are at present that the future of general business can be predicted with any reasonable accuracy.

Even a surface survey reveals a very stagnant state of affairs, regardless of reports of improving orders in some of our important industries. Facts are stubborn things and it is unquestionably a fact that our industrial towns have a very dull appearance. Boston merchants report that they are selling as many goods as they were a year ago, but one will recall a year ago the "buyers' strike" was in force. Retail merchants all over the rest of New England report

NOURISHING AND APPETIZING

Good home made bread is the most palatable, wholesome and nourishing food in the world. It is far more economical than any other staple food. If people would eat less meat and other heavy foods they would feel better and help to keep down the cost of living. Bread made in the home with Royal Yeast Cakes is more nourishing and appetizing than any other. Nothing healthier for children and grown ups.

Royal Yeast Cakes

A fresh, rosy complexion indicates perfect health. To secure this in most cases all that is necessary is to take one to three Royal Yeast Cakes a day for a few weeks.

Yeast is a food. It supplies the water soluble vitamins which the diet may lack. Scientists tell us that this vitamin is essential to good health. Yeast is highly beneficial in many cases in which the system seems to be run down. The yeast cakes simply add to the diet.

Dissolve a Royal Yeast Cake in fruit juices or mix it with cereal and milk, and take it at meal time. The chances are in a few weeks the complexion will be clear. Constipation and other ills will be relieved. For children reduce the amount to one-half or one-quarter of a cake with each meal.

Loder Will Be Executed

(Canadian Press Despatch.)
 Ottawa, Aug. 18.—George Loder, condemned to be hanged at Pierson (N. S.) on Aug. 31 for the murder of Daniel A. Barry last winter, has been refused clemency. The order-in-council advising the governor-general not to accede to the request for commutation was passed today.

fact, but as individuals it is getting appreciably nearer to it. Still, the effectiveness of a further lowering of the cost of production is bound to be hampered pending the liquidation of the written-off losses of manufacturers and merchants previously alluded to. It is believed that the crux of the situation lies there.

A NEW CAPITALISTIC ENTERPRISE IN RUSSIA

Riga, July 28.—(Associated Press by mail.)—The first new private capitalistic enterprise on a large scale has just been authorized by the Soviet government, says the Riga Rundschau's Moscow correspondent. It is the work of equipping with machinery the landing places on the Volga river and the building of three steam mills, six elevators and various railway plants, all of which is to be done by a Russian industrialist.

The Soviet government, it is stated, does not stipulate any rights for controlling the affair, but agrees to ration the workmen.

BEER IN WATER TROUGH.

Canadian-Made Drink Seized Near Helena, N. Y.

Cornwall, Aug. 19.—Hidden at the bottom of a watering trough, where it was kept not only cool but out of sight, a quantity of thirty-three quarts of Canadian-made beer was confiscated by United States customs officials, accompanied by state troopers, when they visited the farm of John and Henry McIntyre, near Helena, across the river from here. All of the stock of beer was taken to Malone and stored at the customs office.

CHINESE MEMORIAL TO THE HERO OF TAIPIING

As part of the future observance of Memorial Day by Americans in China, annual pilgrimages are to be made to the grave of Gen. Frederick Ward, the American, who, while the civil war was being fought in America, conceived and put into execution the plans which suppressed the great Taiping rebellion.

It was when the Taiping rebellion, in which it is estimated that 20,000,000 persons were killed, was at its height that Li Hung Chang, foremost Chinese of that day, recruited the services of Frederick Ward, then a youthful American whose exploits as first officer on a Chinese gunboat had brought him fame. He was a native of Salem, Mass.

Under a commission of the Chinese government, Ward organized what afterwards came to be called by the Chinese the "Ever Victorious Army." City after city was taken from the Taipings by this army, which grew from a ragged nondescript force of 100 to 10,000.

On the morning of September 20, 1862, when Gen. Ward was directing an attack on the town of Tsz Ki, he was mortally wounded. His troops captured the town, but their leader passed away that night. He is buried in Sungkiang.

The respect and the confidence that the Chinese had felt for Gen. Ward in life were demonstrated by the honors they paid him after his death and by the monument they erected to his memory at Sungkiang. Here in the ornate language of old Cathay, they have thus immortalized him:

A wonderful hero from beyond the sea,
 The fame of whose deserving loyalty
 Enriches the world,
 Has poured out his azure blood upon the
 Soil of China
 A happy seat among the clouds and
 temples
 Lasting for a thousand springs
 Commemorate his faithful heart.

Some men owe their position in society to their wives, and everything else they have to their creditors.

GOLD DEPOSITS REPORTED IN NEW BRUNSWICK

A British Syndicate Being Formed to Develop Four.

Prospects in Four Counties—One at Coal Creek Shows Ten Pennyweights to Ton—Assays Made.

Fredericton, N. B., Aug. 19. — New Brunswick may soon see extensive gold mining development work being carried out on four prospects in the province and it was also learned that some assays have been made.

The four prospects which the syndicate headed by Mr. Walker proposes to develop are located in four different counties. One is in Charlotte county, being located north of Oranook Lake; a second is at Swan Creek on the St. John river in Sunbury county; a third is at Coal Creek, east of Chipman, in Queens county; and the fourth is on the head waters of the Wapkechagan in Victoria county.

Mr. Walker said he was convinced that New Brunswick has rich undeveloped mineral possibilities. Assays of ore taken from the Coxy Creek prospect, he said, had shown ten pennyweights to the ton, whereas from seven to eight pennyweights of gold to the ton of ore would pay.

PRISONER SENT UP FOR TRIAL

Theft Charge Disposed of in Police Court—More Evidence in Horse Stealing Case.

The case of James and Fred Moore, charged with stealing a horse and carriage, the property of McEneaney Bros. stables, was resumed in the court this morning. James Moore is also charged with having liquor in his possession other than his private dwelling. Police-Constable Chisholm corroborated Detective Biddiscombe's evidence, which was given at a former hearing. The case was postponed until Tuesday at 10 o'clock. Evidence was taken this morning in the case of George Doucey, who was arrested some time ago on a charge of assault and carrying concealed weapons and who later was charged with the theft of a watch. Max Schecterson, merchant in Mill street, was the only witness. He said that the defendant came to his store on the evening of July 16 and showed him a watch which he said he wished to get fixed. Upon further conversation the defendant confided to the witness that he was "hard up" and that he would sell the watch for \$2 or \$3. A bargain was finally struck when the witness offered Doucey \$2. The witness said he put the watch in the show-case and that Detective Biddiscombe came in later in the evening to get it. The prisoner was sent up for trial.

The case of Stanley Simonds, arrested on a charge of obtaining money under false pretences, which was to have come up in the court this morning was postponed until Tuesday at 10 o'clock.

PROVINCE TAKES UP UNEMPLOYMENT

Letter from Premier to Cities, Towns and Municipalities—To Discuss Matter at the Union of Municipalities Meeting.

Following up the suggestions made by the federal minister of labor, Hon. G. D. Robertson, that some information should be obtained regarding the unemployment situation in New Brunswick, Premier Foster has addressed a letter to the mayor of each city and town in the province and to the wardens and secretary-treasurers of each municipality, requesting such information as will enable the intelligent discussion of any problem of this nature in this province while the Union of Municipalities is in session in this city next week.

The Premier's letter was in part as follows—

Generally speaking, the same unemployment difficulties that prevail in the larger cities and manufacturing centres in Canada are not met with in New Brunswick, but in certain localities it is feared that the unemployment situation may become acute and render it necessary for steps to be taken to meet such conditions.

The Union of Municipalities meets in St. John very shortly. I hope that the representatives from the different municipal councils will come prepared with such information regarding the unemployment situation in their districts as will enable this representative body to discuss this important question with full information at hand and suggest the best means of meeting any emergency that may arise.

If you have no representatives attending the meeting of the Union of Municipalities, I would appreciate your views to whether the labor situation in your county calls for any action.

The Real Test of Value in Furnishing the Home

To do the thing that is right—quietly, unobtrusively—is but a natural act in perfect accord with the purpose and dignity of this house.

Every piece of furniture, every item of furnishing for the home, in this establishment is a true barometer recording normal price levels.

A proper valuation is placed on every article here with no preconceived idea of making an apparent reduction to inveigle the public into buying. When these prices are changed to reflect the immediate market it is done without loud acclaim of sacrifice.

And the value placed on every article in this one-price institution represents present intrinsic worth and carries with it no premium for the exclusiveness and distinction to be found here.

As a matter of principle—as a duty one owes to oneself—or even just to satisfy a natural curiosity—before making a purchase of house furnishings of any nature, it is suggested that first a comparison be made with the values to be found here.

Upon the result of such comparison this store is content to abide.

DRUGGISTS CLOSE CONVENTION

Taken for Sail on the River Today—Votes of Thanks—Invitation for Twin Cities for Next Year's Session.

The concluding business session of the annual meeting of the Canadian Pharmaceutical Association was held this morning. This afternoon the visiting delegates were the guests of the members of the New Brunswick society at a sail up the river on the steamer "Clamplain" from Indiantown.

Resolutions of thanks were passed to His Hon. Lieutenant-Governor William Pugsley and His Worship Mayor Schiefel for the great honor they had conferred upon the association in visiting and addressing the convention; to the ladies' committee; to the reception committee of the Pharmaceutical Society; to the press and to all others who have contributed to the success of the convention.

Many of the visitors privately expressed their gratification at the way arrangements had been made for their comfort and well being while in the city. Those who came from inland points were charmed with the opportunity afforded them to become conversant with the beauties of the St. John and Kennebec rivers and of other points of interest about a seaport city.

TAX AMENDMENTS UP AT WASHINGTON

Washington, Aug. 19.—Amendments to the tax revision bill were taken up in the house today, several proposed by Republican members of the ways and means committee being given priority in consideration.

Some of the proposed amendments deal with changes in phraseology only, but others propose substantial changes, including one for elimination of the suggested annual license tax of ten dollars on vendors of soft drinks.

Another would require individual tax payers to pay 1 1/2 per cent on profits from the sale of capital assets, if such profits and the taxpayers net income exceed \$25,000, whereas in the bill as reported they would pay 1 per cent on above forty thousand dollars.

FINES IN FIRE FIGHTING CASES

Three Men Who Refused to Assist Fined \$15 Each—Heavy Penalties for Game Law Violations.

(Special to The Times.) Fredericton, N. B., Aug. 19.—Chief Game Warden George Burden, Chief Forester G. H. Prince and J. B. Dickson have returned from Miramichi, where they have been in charge of the prosecution of several cases arising out of violations of the game laws.

Four cases against men who refused to turn out and fight forest fires were heard. One of these cases was dropped, as the defendant had been ill. Convictions were secured in the other three cases, and fines of \$15 were imposed. The maximum fine is \$50.

Two men were charged with carrying firearms in the woods during the close season and contrary to law. One of them pleaded guilty and was fined \$10. The other pleaded not guilty and was fined \$25 on a conviction being secured. Another offender was charged with having moose meat in his possession and was fined \$25. The same man was also charged with killing a moose out of season and fined \$100.

Mr. Burden announced today that new charges had been laid at Grand Falls. Two cases have also been settled in Grand Manan.

Why Is Carbonated Ice Cream the purest?

If you examined ice cream under a microscope you would find it full of tiny bubbles of air. In ordinary ice cream this is the common air which every one breathes, never perfectly pure. We make ice cream by substituting carbonation for the ordinary aeration, using an atmosphere 100 times more pure, sterile, germ free—the same atmosphere used in making carbonated water.

PURITY ICE CREAM

It costs us an enormous amount every year to give you this better ice cream, but we don't count the cost when quality and purity are at stake. Insist on getting only our CARBONATED ICE CREAM when you buy it.

ROCKEFELLER'S
HUGE FORTUNE

Is Subject of a Book by a
New York Man.

Henry H. Klein, first deputy commissioner of accounts of the city of New York, who in his book estimated the fortune of John D. Rockefeller, members of his family, and the funds established by him, at \$2,400,000,000, has given further figures of the Rockefeller holdings, tending to show that the estate of the elder Rockefeller is steadily decreasing as the result of distribution of his wealth among other members of his family, a practice which, Mr. Klein states, is not uncommon among wealthy men well along in years.

"This distribution of the Rockefeller estate has proceeded to such an extent that, Mr. Klein said, he is unable to give knowledge derived from a study of the Rockefeller wealth, that when Rockefeller dies his estate will not exceed \$800,000,000.

Mr. Klein's statement was in reply to a letter written by John D. Rockefeller, Jr., in which he said his father's estate had never reached \$1,000,000,000, and has been materially reduced by the large gifts from principal which he has made during recent years. Rockefeller's comment was the result of reviews of Klein's book, "Dynamic America and Those Who Own It," in which he made the statement as to the size of the Rockefeller holdings.

"Nowhere was it written or said that Mr. Rockefeller's net worth is a billion dollars or any other sum," said Klein today. "The statement made in the newspapers in reviewing my book was that I estimate the Rockefeller fortune at \$2,400,000,000. This, the newspapers explained, and my book states, is not correct as he was Under-Secretary of State for the department of posts, telegraphs and telegrams in the previous cabinet.

M. Deschamps says that the service needs an expenditure of 1,500,000,000 francs for improvement and extension and recommends the state, if it cannot see its way to this outlay, to hand the service back to private companies and let them reorganize it.

ACCEPT GIFT OF HALLOWED SPOT AT GRAND PRE
(Canadian Press Despatch.)
Grand Pre, N. S., Aug. 18.—Knocking here this afternoon about the statue of "Evangeline," the heroine of Longfellow's famous poem, on the ground once offered by the church in which their ancestors worshipped, 300 members of the Acadia national congress blessed the spot and rising, sang with evident emotion their national hymn, "Ave Marie," and then, in English, the formal acceptance by the Acadia race of a gift of the ground from the important Atlantic Railway. On behalf of the gift, Hon. Dr. D. V. Landry, of Buctouche, president, formally took possession of the land and undertook the management of building there a memorial church. After an eloquent address by Rev. A. D. Currier, of Shediac, subscription toward the project was begun immediately on suggestion of Hon. P. J. Veniot, of Grand Pre.

Give This to a Constipated Baby
Why Dr. Caldwell's Laxative Syrup Pepsin is the Favorite Constipation Remedy with so Many Mothers

YOUNG Mothers in the midst of bringing up a family of small children should consider the fact that the action of the various remedies for constipation. This is the ailment most common among children, and often leads to serious diseases. It is important for the mother to know the right remedy to give, for they differ widely in action.

Children do not take kindly to drastic drugs, salt waters, calomel, physics, castor oil, cathartics, mercury, and such things, and they find difficulty in swallowing these harsh medicines when disguised in sugarcosted tablets or pills. It is not only that the child does not like to take them, but they are so violent that they wrench the little system. They should not be given to children.

Thousands of wise mothers, after having tried many things, give up by a constipation remedy simple Berber with pepsin, known to druggists as Dr. Caldwell's Laxative Syrup Pepsin.

The formula is on the package. It is a mild, gentle remedy, free from all narcotics, that relieves constipation and its symptoms, such as headache, biliousness, colds, fever, indigestion, loss of appetite and sleep, and it does it without griping or weakening. A bottle of Dr. Caldwell's Laxative Syrup Pepsin can be bought at any drug store for sixty cents and is enough to last an average family many months.

Last year over eight million bottles of Dr. Caldwell's Syrup Pepsin were sold in drug stores, the largest selling liquid laxative in the world, and as the preparation has been on the market over thirty years the second generation of mothers are now giving it to their babies. No cure, full, well-regulated home will be without a bottle for a mild, safe constipation remedy like this may be needed by someone in the family any minute. WOMEN OF MIDDLE LIFE
A Dangerous Period Through Which Every Woman Must Pass
Practical Suggestions Given by the Women Whose Letters Follow

Afton, Tenn.—"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. During the Change of Life I was bedridden for eight months and had two good doctors treating me but they did me no good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound which I did, and in a short time I felt better. Had all kinds of bad symptoms of a nervous condition, and indicate the need for a special medicine. Lydia E. Pinkham's Vegetable Compound is a root and herb medicine especially adapted to act upon the feminine system, and enables a woman to pass this trying period with the least possible annoying symptoms.

Women everywhere should remember that most of the common ailments of women are not the surgical ones—they are not caused by serious displacements or growths, although the symptoms may be the same, and that is why so many apparently serious ailments readily yield to Lydia E. Pinkham's Vegetable Compound, as it acts as a natural restorative and often prevents serious troubles.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

FEATURE SHOW AT QUEEN SQUARE
Jimmie Evans and His Musical Revue Continue to Make Great Hit—Performers Compelled to Respond to Numerous Encores.

The popular Jimmie Evans Company put on the best programme, which they have displayed this season, for their week-end performance. The show was clean and snappy throughout and every item on the list was splendidly received by the specialists which they put on after the main sketch. The Clark family opened this section of the bill with a musical selection, and were followed by the trio, Messrs. Maxwell, Evans and Elworthy, in a popular song assisted by the entire chorus, who were dressed in specially attractive costumes for this number. This item on the programme was greeted with such applause that they had to respond to several encores before the audience was allowed to rest.

Dr. W. F. Roberts, minister of health, was in the chair.

Dr. Roberts explained that, following the war and the epidemic of influenza, there had come full recognition of the fact that public welfare was the most important endeavor in the interests of civilization both from an economic and from a humanitarian point of view. The people of New Brunswick had awakened to a sense of responsibility in the matter and in the province the Red Cross society was one of the great mediums which was enabling the department of health to work most effectively. He spoke of the necessity of education and publicity along the lines of health—without public opinion behind it, legislation would be worth little. PARIS TO NEW YORK
PHONE CONCEIVED
Paris, Aug. 19.—Experiments by two young French engineers indicate the day is not far away when two continents will be linked by a cable telephone system. The whole problem, it was disclosed, consisted of a cable with a special armature and conductor devices which are really applicable to land connections. But MM. Vincent and Duvenger claim they have succeeded in devising an apparatus suitable for maritime cable conversations of any distance.

The Tenasters and Chaffers Union, local 661, held its regular meeting last evening in the Trades and Labor Hall in Prince William street. The president of the union, Albert Kirkpatrick, occupied the chair.

DOG FOUND BODY OF MISSING MAN
Gruesome Discovery Made in Swamp Near Uxbridge.

Uxbridge, Ont., Aug. 19.—The mystery created by the disappearance on July 6 last of George Thomas Miller, aged twenty-one, from the farm of Robert Gregg, at Victoria Corners, was solved when Miller's body was located in a swamp bordering on the highway. The body was badly decomposed and the clothing was covered with Paris green, leading, in the opinion of coroner W. C. Shillington, to the conclusion that the deceased had committed suicide.

A prominent part in the recovery of the body was taken by the Lethal Every of 77 Kingsmount Park Road, Toronto, who was visiting in Uxbridge. He was motoring Sunday evening when a dog ran across the road, carrying in his mouth a human head. Mr. Anker immediately communicated with the coroner, and early Monday a search party of sixty members was organized.

The late Mr. Miller was a native of England and was brought to this country through the agency of the Dr. Barnardo Homes. He is believed to have a sister in Guelph.

HERE'S A RIVAL TO OUR ROCKWOOD
(Halifax Chronicle.)
Mayor Parker and City Engineer Doune have been delegated by the Garden Commission to draw up plans for the laying out of the commons as a recreation centre. A yearly grant of \$2,750 for a period of ten years is at the disposal of the commission for this purpose, and they intend to make of the Commons a spot second to none in the Dominion.

The plans will be drawn up immediately and work will be commenced next spring. They will provide for a number of ball diamonds, tennis courts and every facility for the playing of and enjoying different kinds of sports. In addition to the amusement facilities, it is also proposed to make the commons a thing of beauty and a spot of which the city may well be proud. The Commons amply large for the carrying out of those plans and the commission propose to utilize every advantage.

Influenza, Indigestion, Sleeplessness, Exhaustion, Nervous Debility, Neuralgia, Maternal Weakness, Premature Decay, Mental Exhaustion, Loss of Appetite, Lassitude, Neuritis, Fatigue, Brain-Pain, Anemia, Rheumatism, Malaria, Headache, Nerve Shock, Sciatica.

Phosferine has a world-wide repute for relieving disorders of the nervous system more completely and speedily, and at less cost than any other preparation.

SPECIAL BUSINESS AND TRAVEL NOTE
Phosferine is made in Liquid and Tablets, each sold in two sizes. The Tablet form is particularly convenient for business men and women, all outdoor workers, travellers, sportsmen, etc. It can be used by anyone, any time, anywhere, in accurate doses, as no water is required. The No. 2 table is small enough to carry in the pocket and contains no glass. Anyone affected by unhealthy localities or climatic conditions will be the better for Phosferine—always put a tube of Tablets in your coat.

"DON'TS" ABOUT HORSES. In spite of the automobile there are still 30,000 horses working today on the streets of Chicago. Fulfilling servants they are, whose lives are hard, but, particularly in the very hot weather, observes H. D. Roberts, secretary of the Chicago Anti-Cruelty Society, suggests the following "don'ts" to transporters here and in other cities: "Don't drive fast. The few minutes you may save cost you a horse. "Don't put on heavy loads. "Don't let your horse stand in the sun. Even if he has to stand for a few minutes pick out a shady place if possible to do so. "Don't fail to water your horse as often as possible. It will not hurt him if he is worked. If you are going to let him stand for a while only give him a small drink. "Don't wash your horse at night when he comes in from work. Wipe him off with a damp sponge. Let his coat dry. "Don't forget that your horse is a good friend and faithful servant. See that he gets all the care and attention to which he is entitled."

PHARMACISTS DINE.
The sixteenth annual convention of the Canadian Pharmaceutical Association was continued yesterday. Speakers in the afternoon included G. S. Gebhard and F. S. Meunier, who explained the progress of the association in relation to the sales tax. The lady members of the association were conducted through the new Brunswick Telephone building in the afternoon and later went to the Mayor's House for tea. In the evening they attended the first show at the Imperial.

The lady members programme concluded with a banquet at the evening at the Royal Hotel. G. O. Spencer, president of the New Brunswick Pharmaceutical Association, acted as toastmaster. Seated on his right were Mayor Schofield, Captain J. D. Stewart, E. W. Nisbet, J. Omond, T. McCouray, G. E. Gebhard, on his left, J. P. Tremble, William Hawker, Senator Hughes, S. McKennid, George Burditt and J. D. F. McKenney. Each member and guest was provided with a neat little menu booklet, containing the menu and toasts, printed on prescription forms. The name of each guest was printed on the outside in gold letters. Selections from an orchestra added greatly to the enjoyment of the evening.

After the menu had been enjoyed, toasts to the King and Canada were given by the singing of the National Anthem and O. Canada. The toast to the city of St. John was presented by G. E. Gebhard and responded to by Mayor Schofield, who was greeted by three cheers and "For He's a Jolly Good Fellow." Colonel J. B. D. F. McKenney proposed the toast to the army and navy, which was responded to by Captain J. D. Stewart and J. B. Tremble, who replied to the toast to the association. The toast to the province was handled by M. K. Pedlock and L. A. Myles, and to the craft by E. R. Ingraham, G. A. LaPointe and T. McCouray. The toast to the ladies was given by F. A. Foster and replied to by Audrey Thompson and to the press by F. L. Batty and P. L. Garter. The company then broke up with the singing of the National Anthem.

FURTHER COMFORTS FOR NURSES' HOME

At a meeting of the Women's Hospital Aid, held yesterday afternoon, Mrs. T. H. Carter, reporting reports submitted. The treasurer reported that from the total fundraising fund of \$13,677.81, there was on hand a balance of \$2,280.01, with outstanding bills which would probably equal the balance. In the general fund there was a balance of \$4,829.97. It was decided to buy a clock for the sitting room in the home. Mrs. Lester Mowry gave the report of the visiting committee. The offer of the exhibition association to have a stall provided where hospital convalescents could be on sale was gratefully accepted, and members of the Graduate Nurses' Association of the Terrace church and the Portland Methodist church, were appointed to sell. A resolution of sympathy was extended to Mrs. A. J. Mulcahy in her recent bereavement.

REAL BEST SELLERS.

(New York Evening Post.)
Trollope thought he did well when by a lifetime of toil, grinding out 2,900 words every day before breakfast, and a page every ten minutes on trains or in hotels, he had written 470,000. Mowbray Morris wrote proudly of Dickens' sales years after his death that his titles in England had sold 4,228,000 copies. Such records seem impressive when compared with certain statistics for the publishers that in 1920, Herbert F. Jenkins of Little, Brown & Co., before the American Library Association convention at New York, said that Harold Bell Wright had a total sale this far of 1,600,000 copies, and that Gene Stratton Porter had a sale of \$1,322,432 copies. He added that Zane Grey's books sold a million copies last year, and that the publishers put it if the public spent \$1,500,000 for his work. If Mr. Grey's royalties amount to \$100,000 per year, the reward for thirty-five years of drudgery looking feeble—and this without counting "movie" rights.

High Charges on Grain and Hay Have Stopped Production, Says Secretary Wallace.

Washington, Aug. 19.—United States railways must share with the farmers and others the burden of the present economic situation by reducing freight rates, Secretary Wallace said yesterday before the Interstate Commerce Commission, which is investigating rates on grain and hay.

FIRE DESTROYS FARM HOUSE AT PUBLIC LANDING

The house of George Day at Public Landing was destroyed by fire yesterday. Mr. Day was working at Musquash and Mrs. Day, with her six young children, was at home. The family saved practically nothing, as the house is some distance from neighbors. Not even clothing was saved. Mr. Day was sent for and meanwhile the family is being sheltered by a neighbor, Mr. Bonnell. Three of the children have been ill. It is said there was very little if any insurance. This is the second farm house burned at Public Landing this summer.

BRITISH FINANCE.

An increase of approximately £150,000,000 in the market value of the principal outstanding securities issued by the British government for war purposes was a feature of the past half year in Great Britain. Detailed figures received by the Bankers' Trust Company of New York from its English information service indicate the following appreciation of values in the period between January 1 and July 1, 1921, involving the most active issues:

SALES TAX FOR JOB PRINTERS

Ruling Handed Down by the Minister of Customs and Excise.

Ottawa, Aug. 19.—The minister of customs and excise, Hon. R. W. Wigmore, has issued the following ruling with regard to the sales tax for job printers: Goods made for stock or sold to customers for resale are held to be subject to the sales tax. Business houses covered by the first paragraph will not be required to secure sales tax license nor collect sales tax. This ruling is in effect from May 10, 1921, inclusive.

ONTARIO VIEW OF LUMBER SITUATION

(Toronto Globe.)

That curtailed production is likely to result in a shortage of lumber next year is the prediction of a local lumber dealer who states that the number of men being sent into the woods this year will be considerably reduced. Demand for lumber is expected to be maintained by manufacturers and wholesalers are unable to dispose of what stocks they have and they do not feel justified in adding to their holdings more than appears perfectly safe under present conditions.

Red Arrows Point the Way to Taylor's Studio.

"Business men have to be on their toes these days if they wish to forge ahead," says Reuben D. Taylor. "I don't have to keep my eyes open and I don't think one should hesitate to plow new fields as long as there is a chance to get returns to the money invested." This is the philosophy of the Red Arrow Studio, in Las Vegas, N. H., this young man has developed a remarkable business in seven months and, although his enterprise is still in its infancy, past records seem to be merely an indication of future possibilities.

Rotarian Told Club of New Inventions and Intentions.

(Montreal Gazette.)
At the Rotary Club luncheon, yesterday, Mr. A. J. Harries, president of the club, was heard in an interesting talk on the uses of the barrel. He has come to be put to the manufacture of boxes and containers for packing and shipping goods, with work of explanation as to the process of manufacture.

DAMAGE ACTION FOR \$1,000,000

Winnipeg, Aug. 19.—Damage actions amounting to \$1,000,000 are about to be launched against the government of Manitoba and a local contractor firm, according to information received at the chambers of commerce yesterday. The plaintiffs are farmers residing in drainage district two, in the vicinity of Springfield, Man., whose lands have been done to crops this summer through floods. The government is understood to decline any responsibility for loss to crops through floods in the district.

THE BUSINESS COLUMN

EDITED BY MANSFIELD F. HOUSE

This "Coupon Sale" Serves Two Purposes.

The L. A. Witherill department store in Syracuse, N. Y., believes in the value of the store the store the most good in sales over the counter. Each newspaper of course, will tell the advertising man at the store that his publication is the ideal one for the store. But Witherrill has a method of determining the facts for himself. The salespeople save these coupons and the store makes up a list of the names of the three newspapers a six-column advertisement, divided up into one-column one-inch sections. Every one of these coupons bears the name of the newspaper in which it appears as well as details about some special offering the store is making.

Charge It! Now Applies to Gas and Oil.

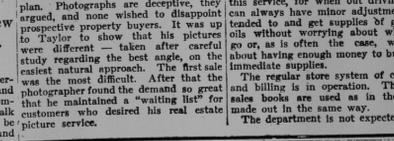

The service garage as a department of a retail dry goods store is not so much out of place as it would at first seem, and the opening and operation of one by the Calverton store in Spokane is in harmony with the accepted idea that a department store is very much of a public service institution, and when the opportunity arises to increase service to customers it should be taken up even if the best track has to be left in so doing.

Looking Backward.

"How did you get that scar?"
"I got that jumping through a plate-glass window in London on a train last night."
"Oh, I don't know. It seemed a good idea at the time."—T.H. Bits.

Freddie Welsh Wins

Calgary, Aug. 18.—Freddie Welsh, former lightweight champion, was given the decision on points in a ten-round bout here last night with Bert Forbes, of Vancouver. The bout was fast throughout, Welsh using his old left swing that made him famous years ago and his cleverness really earned him the decision, although Forbes proved a worthy opponent. The men fought at catchweights.

Cost-Per-Mile BARGAINS In Goodyear Tires

HERE'S a list of tire bargains every Canadian motorist can have. Over 4,000 Canadian Goodyear dealers offer them. They are Goodyear Tires, the biggest selling tires in the world. They all have the famous All-weather Tread and the other Goodyear features. See them today.

11,000 miles—and appear to be good for several thousand more. Frank A. Coput, Stratford, has this mileage from 32 x 4 Goodyear Cords on his McLaughlin. Each tire cost him \$67.85. Today you can buy one like it for..... \$54.50

9,846 miles—and still running—the record of a 35 x 5 Goodyear Cord on the Cadillac of F. Samson, Montreal. Cost \$97.45. Today's price for this size..... \$78.00

9,300 miles—and still in good condition. Dr. J. A. MacGregor, London, reports this mileage from a 34 x 4 Goodyear Tire costing \$56.55. Today's price..... \$47.50

9,000 miles—and still going—Goodyear Cords, 37 x 5, on Scott Estate's Cadillac. Were \$121.85. Sell now for..... \$81.50

8,000 miles—and still in service—Goodyear 30 x 3 1/2 Tire on Ford of C. F. M. Soperford, Edmonton. Cost him \$26.70, but costs you only..... \$20.00

The wonderful new Goodyear All-Weather Tread 30 x 3 1/2 is an even better tire than this. It is bigger, handomer, tougher, and renders greater mileage.

10,800 miles—and still running, 33 x 4 Goodyear Tire, which will be remarkable value for W. E. J. Dixon on his Chevrolet. Cost \$38.30, but to-day's price is only..... \$35.00

8,000 miles—and apparently good for another 2,000, is the report of A. Wackid, Ottawa, on the 33 x 4 Goodyear Cords on his Oldsmobile. He paid \$47.85, but you pay..... \$54.50

8,000 miles—still in use—32 x 4 Goodyear Tires which came on the Oldsmobile of A. Gauthier, 2136 Clark St., Montreal. Reduced to..... \$33.25

10,000 miles—and still going—34 x 4 Goodyear Tires on the McLaughlin of R. C. Hunter, St. Mary's, are a bargain at his price of \$38.70. This tire will cost you only..... \$36.25

9,000 miles—and more to come. J. A. Jones of London knows the 31 x 4 Goodyear on his McLaughlin are giving him low-cost-per-mile. They cost \$32.25. For you the price now is..... \$28.00

We could fill pages with a similar list from our files. The mileage is built into these tires. And the prices are right. Go to a Goodyear dealer's today.

The Goodyear Tire and Rubber Company of Canada, Limited

Special Value 30 x 3 1/2 The new Goodyear Non-Skid 30 x 3 1/2 tire for the man who does not need the strong road-grip of the All-Weather Tread. Full Goodyear quality for mileage. Rough, tough tread. Heaping value at \$16.50

BROUGHT FAMILY TO UNITED STATES

A Youthful Russian Dancer Earned Her Way Across Siberia and the Pacific.

New York, Aug. 16—Luna Nestor, sixteen-year-old Russian dancer, has succeeded in bringing her mother, grandmother and brother out of Russia to this city. It took them three years to make the journey. She conducted the party across Russia, Siberia, dancing for food enough to keep herself and family from starvation. Unable to speak English, she and her mother sought out the Bureau of Medicine in the State Department of Labor and Industry. This fact is set forth in a report Mr. Tracy delivered today to Commissioner Clifford B. Connelley of the Labor Department.

According to Mr. Tracy's report, the financial loss caused by strikes in the first six months of this year is greater than that for any full year since the bureau was established, in 1916. Mr. Tracy gave the following statistics on causes:

Wages, 184; hours, 14; union, 21; working conditions, 8; wages and hours, 89; wages and working conditions, 21; hours and union, 21; union and conditions, 2; and wages, union and conditions, 1.

GRAND BAY OUTING ASSOCIATION

J. Fifth Britain was elected president of the Grand Bay Outing Association at the annual meeting of that organization held recently. Frederick Shannon was chosen vice-president, and those officers constitute the directors, with the following: M. H. Dunlop, W. Charlton, George Moore, Arthur Dismore, U. V. Caulfield and R. D. Dole. The association erected a clubhouse this year and is planning for the construction of a landing stage for boats and a boat house. A rowing club will be organized.

NORWAY IS PLANNING MONOPOLY OF LIQUOR

Copenhagen, Aug. 15—Even in Norway the liquor question is being hotly discussed, though there is no immediate danger of that country going dry. The sudden interest in the question has been aroused by a report from Christiania that the government is proposing to monopolize the trade in spirits and to prohibit the importation of all kinds.

Halifax, N. S., Aug. 15—Among officers elected at the concluding session of the provincial convention of the Nova Scotia high court of the Independent Order of Foresters last night are as follows: High chief ranger, Dr. J. J. McNally; Lewis, high vice-ranger, R. L. Berwick; high vice-ranger, R. L. Berwick; high vice-ranger, R. L. Berwick; high vice-ranger, R. L. Berwick.

If It Only Had!

Desk—Do you believe in writing anonymously?
Quill—Well, I've often wished that one of my productions had been anonymous.
Desk—What was it?
Quill—A letter proposing to Mrs. Quill—Edinburgh Scotsman.

TOO EDUCATIONAL

(New York Times.)
The new state "movie" censors have done it again. Their official axe has fallen this time on a scene from a reel of "current events," submitted as "educational." It is a beach scene in Atlantic City to demonstrate the use of the Ostend type of portable bath houses. Incidentally, Miss Hope Hampton appears in a one-piece, seashore bathing suit.

The producers of the film, the Bath Exchange, Inc., might have won approval for the picture if the title had not read "Atlantic City," for the censor's objection to the picture, according to the "certificate of disapproval," which is all the producers have to show for their trouble and a \$3 fee, is not because of the bathing suit, but because wearing such a suit is "evidently in violation of the Atlantic City law."

The "holding average" of the Bath Exchange on beach scenes since the censor assumed its duties in the Candler building, 220 West Forty-second street, in January, two errors, two percentage, 200. Their first error was the submission of a scene from Dallas, Texas, showing "Daisy Dallas Divers Dare the Deep," or something of the kind. "Out!" ruled the censors, the minute they saw the picture.

THE PROUD COOLIE

He is Willing to Hang Himself to Save His Face.
(Sam Dean, in Asia)
Chinese workmen would rather endure any amount of physical pain than to lose face. I made that discovery through an experience we had with our gatekeeper soon after my arrival in China. We had dismissed him because he insisted on collecting 10 per cent. on some goods we had brought into the courtyard to be shipped to America.

A HONEYMOON TO MARS.
Kingston Whigs—If the aeroplane continues to grow in popularity and utility as it is doing now, it may soon be quite a regular thing for honeymoon couples to spend their wedding trip in an effort to travel to Mars. A French inventor has recently put on the market a light airship, capable of carrying two people with their baggage only, and traveling at fifty miles an hour. . . . But now that we come to think of it, even at the rate of fifty miles an hour, it would take so long to reach Mars that the couples would probably have reached a ripe old age before their return. Still, that would be one way of making the honeymoon last for the rest of their lives.
