CONNIE MACK SAYS RED SOX WILL WIN IT

Breaks His Rule and Assumes Role of Prophet

LATE NEWS OF SPORT

Offer of \$50,000 to Johnston For Battles With Langford and McVey Likely to be Accepted

Philadelphia, Sept. 19.—Baseball fans here were somewhat surprised today to learn that Connie Mack, manager of the Philadelphia Athletics, had broken his hitherto invariable rule against making predictions by picking the Boston Americans as the likely winners of the approaching world's series, with the New York Yankees.

Chicago, Sept. 19.—W. J. C. Kelly, representative of Hugh McIntosh, Australian fight promoter, arrived yesterday, prepared to offer Jack Johnson \$50,000 to fight in the antipodes with Sam Langford and Sam McVey.

New York, Sept. 19.—Hugh Meghen, Australian lightweight champion who beat Matt Wells on a foul in London this week is expected in this country next month for a series of battles with the American champions.

Hong Kong, Sept. 19.—Pirates, who had planned to seize the steamer Kwai ping, while she was bound for Hongkong, at the mouth of the river, were thwarted today by the timely arrival of a warship.

Canterbury officials, having learned of the plans, got into communication by wireless with a gunboat lying in the West River. The naval officers boarded the Kwai ping and arrested several of the confederates on board the vessel. The men captured were fully armed.

An important gathering of the wholesale dry goods merchants of the Dominion is being held in St. John today.

CROSS CONTINENT TRIP OF THE ROYAL TRAVELERS ENDED

Duke of Connaught and Party in Vancouver — A Call on Sir Charles Tupper

Vancouver, B. C., Sept. 19.—With perfect weather Vancouver presented a brilliant spectacle, as the governor general, the Duchess of Connaught, and Princess Patricia made their entry here yesterday amid the cheers of the tens of thousands of people who thronged the streets through which the royal visitors proceeded on their way from the station to the court house where a civic address of welcome was presented.

The royal party were taken on a motor tour around Stanley Park after which the duke called upon Sir Charles Tupper at the residence of Sir Charles Herbert Tupper, tonight His Royal Highness will be the guest of officers of the Sixth Regiment, the Duke of Connaught's Own Rifles.

W. C. T. U. MEETING IN CAMPBELLTON

Proceedings of the Annual Provincial Convention — Membership and Finances

Campbellton, Sept. 19.—The annual meeting of the W. C. T. U. opened here yesterday afternoon with a large attendance of members and many matters of importance to be dealt with.

The president delivered an inspiring address in which she reviewed the world-wide progress of the W. C. T. U. She dealt at length with the opportunities presented for the advancement of the union, the welfare and general progress and mentioned particularly the need of the members lending a helping hand to foreigners arriving to settle in this country.

A farm of 180 acres with dwelling, barn and outbuildings, owned by J. Clark Hennessy at Belleisle Bay, has been purchased by Dr. Watson of New York through Alfred Burley & Co. The farm will be operated by Robert A. Watson of this city, formerly of Watson & Co., Charlotte street, who has been studying practical farming at Clifton this summer and will take a course in the scientific side of the business at the Nova Scotia agricultural college at Truro during the coming winter.

AN AWFUL MEMORY

They were at a Muskoka hotel, and the July moon was all that the heart of the summer girl could desire. He was reminding her of the happy holiday of a year ago, but the young lady seemed perverse and forgetful.

"Don't you remember," he asked reproachfully, "the night I kissed you good-bye?" "Why, so you did," she admitted, in a spasm of remembrance, "but I have the most wretched memory for faces."

RECENT OPINIONS ON ALCOHOL

(Halifax Recorder) It has been said that men have told more lies about religion and politics than about any other subject put together. Similarly it may be said that more nonsense has been spoken and written for and against the use of alcoholic liquor than on any other subject under the sun.

It is generally accepted that in the largest quantities of alcohol are consumed. Finally, Sir Alfred Pearce would and others claim that all things being equal, the liability of alcohol to cause cancer is definitely increased by the consumption of alcohol. Much, however, remains to be investigated in this connection. Finally, it is now universally accepted that all athletes involving especially endurance, demand the greatest abstinence or total abstinence. This drinking athlete is doomed to but a brief career of glory, if even this is attainable.

Much careful experimentation and observation have also been devoted to the effects of alcohol when used medicinally in diseased conditions and many old and accepted opinions reversed, even Sir Thomas Fraser, Professor of Therapeutics in the University of Edinburgh and one of the most strenuous advocates of spirituous beverages, having recently changed his views, very materially, so it is reported. From a scientific standpoint, though of course not from a moral, the fanatic who indulges in corbantic diatribes against "rum" is in the same category as the fellow who honestly shouts in a mazy tone from the gutter, "I've drunk barrels of it and I know all about it." The scientist takes no stock in the opinions of either, but pursues his researches uninfluenced by them, and thereby arrives at conclusions which, having nothing to do with prejudices, must ultimately bring about a revolution in respect to the use of alcohol by all those capable of understanding or caring.

SIR WILFRID'S POLICY

The province of Ontario welcomes Sir Wilfrid Laurier with his plan for wider markets. With his usual clearness of statement he pointed out to his hearers at Sturgeon Falls that the correct trade policy involved, first, inter-provincial trade; second, trade with the mother country; and third, trade with other countries.

In pursuance of this policy Canada had opened up means of inter-provincial communication and expended large sums on railways and canals. In order to encourage trade with the mother country Canada under Liberal rule had increased the British preference. The Liberal government had taken the next proper step in seeking a wider free market in the United States.

This is a clear statement of the Liberal trade policy. It is one which in their sober moments must commend itself to all the people of this country. Prejudice and passion may for a time obscure the realization as between the two parties, but in whatever direction these hear too hard upon them.

The Liberal leader pleads that the people of Eastern Canada consider fairly the situation of the western farmers. It is obvious that unless this is done there will be cleavage between east and west which would interfere very seriously with the growth of a national spirit.

The feelings of the western people were indicated by the recent Saskatchewan elections, and now also clearly expressed by the Grain Growers' Guide, from which this paper has recently made quotations. Those who will most object to the policy advocated by Sir Wilfrid Laurier are of course the silver interests, but why their views run counter to those of the great majority of the people, the will of the latter must finally prevail.

THE HIGH SCHOOL

It is said that it would be possible to agree between the Board of School Trustees and the directors of the Y. M. C. A. to provide the St. John High School with at least a small recreation ground. It will perhaps come as a surprise to some citizens to know that the girls who attend the high school practically spend their whole time in the school building, because the very small school yard is of no value as a recreation ground. If by any means a recreation ground could be provided large enough to permit the pupils attending the school to have some recreation during recess, the thing ought to be done. Everywhere the importance of having a playground around a school building is being more and more fully recognized, and St. John having made mistakes in the past should avoid making more of the same kind. In this matter of the high school it would be decidedly in the best interests of the high school to have a recreation ground which the yard room in connection with the building would be made larger.

Speculation is now busy as to the number of persons that will be shot in this take for big game this season.

The airship and aeroplane make it impossible for one army to stand a march upon another. The new conditions of warfare are puzzling the experts.

For downing a misrepresentation concerning the Laurier naval policy the St. John Standard is first, and there is no second.

The Borden government has been invited to consider the question of prohibition of the export of pulpwood from Canada. The task is not as easy as when Mr. Borden was in opposition.

The Standard says that "the Laurier naval policy did still-born?" Then why does the Borden government continue the use of the feeding-bottle? Why not decry it inter the remains?"

The St. John Railway Company are anxious to extend their line to East St. John. The city council are equally anxious. This joint anxiety will soon culminate in the past anniversary—perhaps by causing something to be done. Who knows?

The Borden government announces that competitive examinations for naval cadets in the naval service of Canada will be held on November 13th in St. John, Halifax, Montreal and other places. There must be a Canadian navy—what?

The Montreal Shareholder says: "There is no doubt that the tariff question is one of the biggest ones confronting the people of the Dominion at the present time, and the forthcoming fight on it will be even more interesting than the one last fall proved to be."

The Halifax Chronicle says: "When Mr. Borden was in opposition he moved a resolution in the House of Commons demanding that Canada should at once take action towards giving 'immediate and effective aid' to the Motherland in the shape of two Dreadnoughts. Mr. Borden has been in office for a year, and yet he has done nothing to put the Dreadnoughts in the water."

Health and Beauty Hints BY MRS. MAE MARTIN. B. Sister: It is right, that the patrons of your "beauty parlors" are on account of the danger of the great danger of the soap alkali ruining the texture of the hair. Try a shampoo made by dissolving a teaspoonful of castor oil in a cup of hot water, and after shampooing, rinse the hair as usual. Castor oil makes the most satisfactory shampoo imaginable and leaves no bad effects. It softens and cleanses the hair and makes it shine brightly, and it is the best and most thorough scalp-cleanser I have ever seen. It relieves scapularitis and leaves the hair soft, silky and easy to do up. This shampoo permits the hair to dry quickly, is very beneficial and causes faded, streaky or discolored hair to grow again. Soap and most shampoos are likely to do it.

### MANY MOTIONS IN QUEBEC ELECTION CASE

Quebec, Sept. 19.—Judge Malouin rendered judgment yesterday on four motions in the federal contested election case of Lottinier. On behalf of the sitting liberal member, Mr. Fortier, Hon. L. A. Taschereau had moved for the postponement of the case until after a decision was rendered in the supreme court on Fortier's preliminary objections, which had been dismissed in the superior court by Judge Dagen and a second motion to dismiss the case, alleging that the delays to proceed had expired.

Judge Malouin dismissed both these motions with costs. The case had been fixed for September 11 for final hearing on the merits of the case and on Wednesday of last week six key witnesses summoned by the petitioner, Mr. Bergeron, appeared in court, but none had been examined by Mr. Fortier, and when the case was called on, Mr. Taschereau presented the two motions and contended that the case could not be proceeded with, as the necessary notices had not been given.

Mr. Morand, attorney for the petitioner, and his counsel, E. J. Flynn, replied by presenting motions to have the case fixed for October 7, and that the member for the county be examined as a witness on September 24. Both motions were granted today, the evidence of Mr. Fortier to be taken on the 30th, the case to be proceeded with on October 7, costs on both these motions to follow the issue of the case.

When the young physician's motor-car reached the scene of the accident there was nothing to do; all the victims had been so slightly hurt that they were able to walk home. The young doctor was keenly disappointed, but his chauffeur spoke up cheerily: "Never mind, doctor. I'll run down some business on the way home."

### Cleverest Contributions From World Famed Milliners

The Highest Genius of Europe and America Represented in This Week-End Demonstration

The salon is ready for another week-end demonstration of Autumn's choicest millinery. The beauty and novelty of the creations from our own workrooms will appeal to all and while the hats are stylish to the extreme, they are not high priced.

Every lady in St. John should visit this department for ideas, even though not ready to purchase, for in addition to the products of our milliners, we show the handsomest of the season's models from the foreign style centres.

Magnificent Dress Hats—a wonderful variety of charming effects, undoubtedly the most exclusive showing in Eastern Canada of imported and domestic models.

Tailored Hats—in all shapes and in every shade to perfectly match Fall costumes. A most pretentious and effective showing.

Untrimmed Hats—practically every becoming shape of the season is offered in a wide range of the most popular colorings. There is a wealth of valuable suggestions in this complete array.

Also a fine exhibit of Soft Velour Hats, Plush Hats, Chenille Hats, Beaver Hats, etc.

Ostrich Feathers and Bandings, Fancy Feather Mounts and all the essential accessories for trimming.

WE MAKE ANY STYLE HAT TO ORDER AS YOU MAY SUGGEST.  
 Millinery Salon, Second floor.

THREE YEARS OF MISERY

Mrs. Burnside Escaped an Operation by Taking Lydia E. Pinkham's Vegetable Compound.

Mahoningtown, Pa. "For three years I suffered untold misery every month, and had to stay in bed the first two or three days. I also had a displacement and other ailments peculiar to women. I became so weak and run down I could scarcely walk across the floor. The doctor told me I would never be well unless I would undergo an operation, but I was advised by my mother to take Lydia E. Pinkham's Vegetable Compound and after I had taken four bottles I am strong and well. I have got others to take your medicine with the same good results and they can't say enough for it."—Mrs. J. A. BURNSIDE, Mahoningtown, Pa.

"Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound. Women who suffer from those distressing ailments should not lose sight of the fact that the ability of Lydia E. Pinkham's Vegetable Compound to restore health. If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co., 253 Central Bldg., Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence."

FREDERICTON MAN'S DEATH ALLEGED TO BE DUE TO HIS KEEPERS

Boston, Sept. 18.—Fred B. Sears and John Leather, attendants at the insane hospital of the Bridgewater State Farm, will be given a hearing Saturday on charge of causing the death of Charles E. Naves, formerly of Fredericton. Both attendants are in Plymouth jail in default of \$1,500 bonds. Naves is said to have roisted being moved from one ward to another last Friday, and it is charged he was beaten by Sears and Leather. He had several ribs fractured and bore marks on the throat, and other bruises. He lingered several days. Naves was fifty-six years old, and a paper hanger. He was born in Fredericton, son of Charles and Mary Naves. He was arrested in Boston July 27 as a vagrant and was in a pitiful condition from lack of food. It is said his mental weakness was due to a fall from a staging. He had never been arrested before, so far as known.

G. T. P. Annual Meeting

Montreal, Sept. 18.—The adjourned annual meeting of the directors and shareholders of the Grand Trunk Pacific Railway Company was held here today. The following officers were elected: E. Chamberlin, president; M. Donaldson, vice president and general manager; Wm. Winwright, vice president; J. E. Dalrymple, vice president; J. E. Dalrymple, secretary; Frank Scott, treasurer.

WHEN YOUR HAIR BRUSHES OUT Your hair is as sensitive as your skin—even more so. It stands up under heavy hats, curling irons, and diseases of the scalp, etc.—But there is a limit. When you comb and brush your hair in the morning, watch for the "TRAILERS" that turn grey, fall out, and comb out with the first morning brush. You MUST know that there's something wrong. If your hair is in good health, it wouldn't fall out or turn grey. It can't do it in any other way.—Do YOUR part. Use HAY'S HAIR TREATMENT.

CHARGES IN KAY CASE ARE SERIOUS

Statements From Petition Presented Against Moncton Magistrate

EVIDENCE BEING TAKEN Have To Do With Cash Returns From Court and Conduct of Cases—Much Interest is Aroused in the Railway Town

(Special to Times) Moncton, Sept. 18.—Interest is felt here in connection with the charges made against Police Magistrate Kay, in whose behalf temperance men and organizations, have adopted strong resolutions, intimating that the liquor interests are behind the prosecution because the magistrate enforced the Scott Act, as stated yesterday the enquiry was opened yesterday morning. Some Evidence John S. Magee, city clerk, was the principal witness when the enquiry resumed at 4 o'clock, and examined at length as to the returns made by Magistrate Kay to the city. Witness was questioned as to various items in the magistrate's returns for copies of proceedings in the police court, and said they were not there. During Magee's evidence Mr. Kay admitted there were no returns for executions or returns for costs of indictable offences, and there was increase in summons from thirty-four cents and expense from fifty to sixty cents. Mr. Kay, in cross-examining City Clerk Magee, dwelt on the custom of his predecessor regarding the returns for indictable offences and fees for copies of proceedings, but witness could not reply without going back through the records many years ago. W. H. Chapman, Deanechester, clerk of the county court, testified regarding indictable offences cases committed for trial by Kay since "estimating the magistrate's costs for each case at \$5.88, the total would be \$117, which counsel for the petitioners claimed should be taken from Kay's salary. Mr. Kay, witness did not remember the custom of Kay's predecessor. Albin W. Chapman, clerk of the circuit court, was examined regarding depositions from Magistrate Kay. The total number of cases was taken as \$48.80 per month average, the cost would give a total of \$87.75 since August, 1909. Antonio J. Legere, barrister, told of producing two copies of trial proceedings from Kay, paying \$1 each. Witness said he and the magistrate go along fairly well, but others had made statements that they were not altogether satisfied. Cross-examined by Mr. Kay, witness said he was friendly, but differed with Kay on his opinion as to a conviction in a Scott Act case. Roy Keith, police court clerk, testified regarding the practice of the office regarding the handling of money, making a pile of cases, and other office work. He handled the money over to the magistrate and got no money outside of his salary from the city. Fred LeBlanc testified to giving \$1 to Mr. Sherren for a copy of a case which was sent up to the supreme court, and the conviction quashed. This concluded the evidence for the evening. Counsel for the petitioners said they expected to finish by tomorrow noon. Commissioner Grimmer asked Mr. Kay to be ready to go on with the defence tomorrow. The magistrate said Messrs. Chandler and Hewson, barristers, would act as his witnesses, and perhaps more. The inquiry adjourned till tomorrow morning at 10 o'clock.

The Charges In the petition to the government signed by Moncton residents asking an investigation into the administration of Police Magistrate Kay it is alleged that "there has been, at different times since his appointment, dissatisfaction among the citizens of Moncton with the manner in which Mr. Kay discharged the duties of his office." Reference is made to the investigation into his administration by commissioners appointed by the provincial government in 1908. It was alleged that he kept the courts for, or did not make returns for costs of renewals of executions in the civil court, it is set forth in the petition that Mr. Kay paid to the city \$277, after the investigation, for costs of renewals of executions which should have been accounted for from time to time in his sworn monthly returns. The petition, continuing, says: "Your petitioners are advised to believe that since 1909 the said commissioner has made no returns for costs of renewals of executions, and that no account has been kept of them, which makes it impossible to tell how much the city has lost with respect to this item."

Another charge is made respecting fees for copies of cases in the police court taken for appeal and other purposes. The petition says: "Your petitioners are advised to believe that the fee should be paid to the city; that since the investigation a number of copies have been taken, which copies were made out on city stationery by the court clerk during court hours; that since the investigation all copies have not been accounted for, and in the year 1911 the magistrate did not account for, in his sworn monthly returns, one third of the copies taken and paid for to him."

The petitioners express their belief that the magistrate "has not accounted or made returns for costs for preliminary inquiries held before him in indictable cases for some years past."

It is alleged that "in a number of cases where persons have been sentenced for a common drunk to a fine of \$10 or ten days' imprisonment, they have not served their time, and no returns for their fines have been made to the city, nor, so far as your petitioners can learn, were there any penalties by the city council in the cases."

It is stated by the petitioners that about two years ago, without any change being made in the law to justify his action, he increased the costs for a summons from thirty cents to fifty cents. It is contended that "business has been driven from the civil court of Moncton." The petitioners "believe that the said James Kay is not a fit and proper person for the position he holds"; that "he is extremely impulsive, irritable and vindictive. When any person comes before him, either as attorney or litigant, against whom he has a dislike, his prejudice influences his judgment to such an extent that his decisions are not in accordance with justice."

"YOU'LL SUFFER ALL YOUR LIFE"

That's What the Doctor Told Him "Fruit-a-tives" Cured Him

Chesterfield, Ont., Jan. 25th, 1911 "For over twenty years, I have been troubled with kidney disease, and the doctors told me they could do me no good, and that I would be a sufferer for the rest of my life. I doctored with different medical men and tried many advertised remedies, but none of them suited my case. "Fruit-a-tives" I have been using the fruit medicine nearly all the time since, and am glad to say that I am cured. I give "Fruit-a-tives" the credit of doing what the doctors said was impossible. I am now seventy-six years old, and in first-class health." GEO. W. BARKLEY.

In all the world, there is no other remedy that has cured so many cases of so-called "incurable" kidney disease, as "Fruit-a-tives." This famous fruit medicine acts directly on the kidneys—helping and strengthening them—and ridding the system of the waste matter that poisons the blood. 50c. a box, 4 for \$2.50. Trial size, 25c. All dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

He alleges that the investigation of 1909 was a conspiracy of the hotel keepers and their friends to injure him, and he displays in his vindictiveness towards them. He places a person accused under this act on his defence on the finest evidence, and even when the circumstances in the world are proved, and the accused disproves the charge under oath, the magistrate continues to hold the accused in custody before the court are treated with scant courtesy," and that in sections of the city complain of the unfair manner in which they are treated by the magistrate. The petitioners, in conclusion, express the belief that an investigation should be held, and ask that, if the allegations they make are proven; "or other evidence of wrongdoing, irregularities or incapacity shown, the said James Kay be removed from said office, and some person properly qualified be appointed in his place." The petition is dated at Moncton March 18, 1912.

TALIANI WIN BATTLE. MANY MEN ARE KILLED Rome, Sept. 18.—The most sanguinary engagement of the war in Tripoli was fought yesterday near Derna, on the Mediterranean coast, 140 miles northeast of Benghazi. The Italians lost 61 men killed and 215 wounded. The Turks and Arabs left more than 800 dead on the field. Forty-one prisoners, including an Arab chief, fell into the hands of the Italians. The battle opened at daybreak when a force of Turks and Arabs surprised and attacked the Italian camp. General Rezzani, commander of the Italian army in Tripoli, in his report to the war office, estimated that the Turks and Arabs saved 1,000 men killed, including those who were carried off, and that more than 1,000 others were wounded.

CHILD COVERED WITH ECZEMA Zam-Buk Worked Complete Cure Mrs. A. J. Cameron, of Melita, Manitoba, writes: "When my little boy was six weeks old he had eczema. The sores simply covered his face and head, and I had to tie his hands to keep him from scratching and making them bleed. The doctor gave me several kinds of ointments, but they did no good. I then tried fourteen boxes of an advertised remedy. Still there was no improvement! I tried another ointment, and several medicinal soaps, but the poor little fellow still continued to suffer, and I began to fear nothing would do him any good. He suffered in this way for over a year, when one day a friend said, 'Why don't you try Zam-Buk?' "I began with this balm, and a week's treatment made a great difference. He recovered, and within a month every sore was healed! I feared that the sore healing balm was bad on his head, his hair would not grow, but thanks to Zam-Buk his scalp is perfectly healthy, and he has long curly hair now a-bloom." "For all skin diseases, cuts, burns and blood poisoning use Zam-Buk and Zam-Buk Soap. All dealers and stores, and Zam-Buk Co., Toronto.

I was so satisfied with the medicine that I was willing to be without a bottle of it in the house in case of emergency."

IMPORTANT MATTERS ARE TAKEN UP BY CANADIAN CLUBS

The Schools, Highways, Language and Other Subjects at Meeting of Federation

Fredricton, Sept. 18.—The fourth annual conference of federated Canadian Clubs was formally opened here this afternoon in the city council chamber. Hon. Joseph Wood, lieutenant-governor of the province delivered the address of welcome on behalf of the province of New Brunswick; City Clerk J. W. McCullough, on behalf of the city of Fredericton, and Rev. F. L. Carney, on behalf of the local Canadian club. C. R. McCullough, of Hamilton, replied.

Delegates from the Atlantic to the Pacific in attendance at the conference which had sessions morning, afternoon and evening today, and which will continue tomorrow. The afternoon session concluded at 4 o'clock when the delegates were taken by motor cars to the University of New Brunswick, where the greatest need demanded the teaching of some other language. It was pointed out that no antagonism was intended to the language of the French-Canadians but that in sections of the west, where the population contained a large French element, it was imperative that English be the language of schools. The matter of emphasizing the incidents of Canadian history in the schools was also touched upon but it was decided that it was too much matter of detail for the association to make any recommendation with regard to text books, an abundance of which exist. Dr. W. S. Carter, chief superintendent of education in New Brunswick, who presided, demonstrated the greatest need along this line was the extension of the system of free text books in order to encourage supplementary reading. At the evening session A. R. Doble, of Montreal, introduced the subject of improved highways, and read an interesting and instructive paper on the subjects pointing out that from the standpoint of farmers as well as motorists good roads would be a benefit and also that they would have direct military value from the point of view of defence of Canada. After a lengthy discussion a resolution was laid on the table to effect the construction of improved highways was one which should not be the subject of discussion on the part of the clubs. The resolution was passed in this form because the subject was considered to be one which involved the question of politics and the association should not place itself on record as favoring any particular method of improvement. Objection on account of the political aspect of the matter was made by H. A. Mann, of Vancouver. A resolution that the Canadian Club movement be extended by the establishment, wherever possible, of Canadian clubs in industrial centres and in industrial plants, was passed. It was pointed out that the Canadian Club movement for recognized reasons had failed to touch the laboring classes, and an effort to obviate the difficulty must be made, evidently by taking to the working man at the places where he works, the spirit of movement and an opportunity of hearing the great questions of the day set forth for individual clubs as well as for the Canadian Clubs already have been started with a promise of success. R. H. Smith, of Winnipeg, introduced the subject, stating that it was one of the most important of the day. Prof. Kyllie, of Toronto, put forward a resolution to the effect that a movement toward centralization and permanent organization of Canadian Clubs should be undertaken but objection was raised and the resolution was withdrawn.

Bark in Trouble Perth Amboy, N. J., Sept. 18.—Captain Mundeen, of the Norwegian steamer "Ragnarek," which has arrived here from Sydney (C. B.), reports that at 10 a. m. Sept. 17, the vessel was overtaken by a lock Rip light, passed Bark Hancock, of St. John (N. B.), with foretopmast, yards and rigging carried away. The captain wished to be reported and declined assistance, intending to bring the vessel to port under jib rig. The wind was light and the weather clear. The Hancock left New York Sept. 13 for Vermont (N. S.).

NEAL'S CURE DAY DRINK. EVERY CASE IS CURABLE. Write Neal Institute 46 Crown St. Phone 1685. B. H. Stevens, Mgr. It is now a settled scientific fact that alcoholism is not a disease, in any sense of the term, but poisoning that creates an appetite and superinduces a desire and craving for more liquor. The occasional or periodical drinker cannot escape into the system, it is taken up by the circulation. The distribution of this poison causes conditions of the brain, stomach, heart, liver, bowels and kidneys, through the specific action upon those organs. This theory is amply supported by the fact that the Neal Treatment never fails to effect a perfect cure, in any case, of the periodical, habitual or nervous drinker, no matter how long he has been drinking or to what depth of degradation he has fallen. It cures each and all in just three days, without hypodermic injections.

PROHIBITIVE EXPORT DUTY ON PULPWOOD Pressure on Government by Manufacturers, and it Will Have to Be Heeded

Ottawa, Sept. 18.—The government has before it the most important fiscal question it has had to deal with since assuming office. The proposal from the paper and pulp manufacturers, backed by the Canadian manufacturers and the moral support of the forestry and conservation interests of the country, has been renewed looking to the placing of a prohibitive export duty on pulpwood. It is understood the question is being seriously considered by the government, and it would not be surprising if legislation along this line were brought down next session. A royal commission to investigate the question is likely to be appointed if the government fails to take action without waiting for further long "consideration."

The question has been before parliament for four or five years, but owing largely to the influence of the tens of thousands of Quebec electors, especially on the south side of the St. Lawrence, who now find a ready and accessible market for their pulpwood in the neighboring American states, the proposal to prohibit the export and require its manufacture into pulp or paper in Canada has made little progress. Last year the total cut of pulpwood in the dominion was 1,520,227 cords, valued at \$6,678,616, or an average price of \$6.37 per cord. Of this amount 44.2 per cent, or 672,288 cords, was manufactured in Canada, while \$7,500 cords, or 3.8 per cent, valued at \$5,940,992, were exported in the raw state, practically all to the United States. Of the total amount exported, 73 per cent, valued at \$3,033,423, went from Quebec; 14.5 per cent, valued at \$800,809, went from New Brunswick, and 10 per cent, valued at \$570,900, went from Ontario. All of the exported pulpwood came from privately owned lands, the domestic supply coming from crown lands in consequence of the regulations now in force in Ontario, Quebec and New Brunswick prohibiting the export of wood cut on crown lands. If the pulpwood exported had been first manufactured into pulp Canadian producers would have received three times as much for it, or about \$10,000,000 more. Thus the advocates of prohibitive export duty are making a very strong case for their duty, making the change from present conditions gradual; second, a royal commission to pave the way and avoid trouble for a year or so at any rate.

Charlotte street	10	4	70.9
Arville Baptist	11	5	68.8
Ladlow Baptists	9	11	45.4
Fairville Methodists	2	11	14.9

The winners of this league have played the Victorias four games for the city championship and have split even 2-2. They will play the final game on the Marathon grounds on Saturday afternoon at three o'clock. A large crowd is expected, as the teams are well matched. They have played a couple of good games so far, with very close scores, 1 to 0 and 2 to 1. Eddie Ramsey is expected to umpire.

##### The World's Series

Cincinnati, O., Sept. 18.—Chairman August Hermann of the National Baseball Commission announced yesterday that the commission would meet in New York on next Wednesday and arrange for the next championship series.

##### Mr. Hermann said all matters pertaining to the games would be placed in the hands of the National Commission. He believed the arrangements for the distribution of tickets as made by the Boston American League management was premature. He is rather in favor of obliging managers as much as possible.

##### Boston Clinches Championship

Boston, Sept. 18.—The Boston Red Sox today clinched the American League pennant. All possibility of the Red Sox being overtaken was disposed of when Philadelphia lost at Chicago today the first game of a double header.

##### Release For McDonald

Boston, Sept. 18.—Edward J. McDonald, third baseman of the Boston Nationals, has been notified of his release to the Sacramento Club. He was ordered to report immediately, but objected to the change and said he would not go to the coast. McDonald came to the Boston club from Buffalo two years ago.

##### Harmony Counts Much

Cleveland, Sept. 18.—Steady and consistent playing and with every member of the team trying his very best since the opening day, is what won the pennant for the Red Sox, said Jake Stahl, I do not want any of the credit as manager of the club. What praise there is to be given goes to the players. I was one of them, but I want to say as long as I have been in baseball, I have never been associated with a more conscientious family than mine.

### TWO POSES OF JIM DRISCOLL, ENGLAND'S CLEVEREST BOXER

JIM DRISCOLL

New York, Sept. 18.—Jim Driscoll, one of the best boxers that ever put on a glove, is due to arrive at this port on September 21. If he is anybody on this continent that Jim is not willing to battle will be James Egan, of course being a headliner, himself, Jim will only fight with topnotchers. He is anxious to tackle Ad Wolcott for the lightweight title in a twenty round fight. For the champion, Driscoll will make 133 pounds ring side. Again, the Brits will have the privilege of entering the ring at 133 pounds. The featherweight champion can go along pretty good but would have to improve to equal Driscoll. This is Driscoll's second visit to this country. Three years ago he outpointed Abe Attell in easy fashion and also defeated other cracks.

St. Louis, Sept. 18.—First Baseman Joe Kutina and Outfielders Walter Jantzen and Willie Brown have been released by the St. Louis American League club. Brown will return to Wichita Falls (Texas-Oklahoma League) and Kutina and Jantzen go to the Montgomery (Southern League) club.

A Great Pitch Hitter.  
"Moose" McCormick of the New York Giants is one of the greatest pitch hitters the game has known, and his work as a pitcher has been remarkable. He recently made eight pitch hits in ten innings at bat, and made four straight in the Philadelphia series. McCormick has been sure for him a full slice of the world's series pie. Perhaps his most noteworthy pitch hit of the year was made while the Giants were in Cincinnati on their second swing through the west. On this occasion McCormick broke up an extra inning game by cleaning up a full house over in the 11th.

These three runs were needed, as the Reds came back with two in their half of the 11th. McCormick, when not playing regularly, is another fine pitcher, and the same can be said of Oney Crandall and Arthur Wilson. Easy in the race, it was almost uncanny how Shaffer would draw bases on balls when used in the pinch. At one stretch he drew four straight passes, while acting as a pinch hitter, and scored after each pass.

Wrestling  
Tremblay Defeated.  
Montreal, Sept. 18.—Eugene Tremblay, holder of the lightweight wrestling championship title for the last seven years, met Gus Waterloo in Solomons Park last night. Waterloo is a Greek lightweight, took two falls out of three from the French-Canadian, Tremblay, however, still retains his title as the match was at catch-weights. The first fall came after thirty minutes, with a body and arm hold. The second came in the same manner with a leg hold on the left foot and both hands working on Tremblay's right foot. Waterloo probably will receive a chance at the belt in the next few months.

Constant Lematin, a European Greco-Roman champion, also made his debut last night, taking an ankle Mungus, who, conceding pounds to the newcomer, could do nothing but stall off the inevitable. A driver by Jack Leonard, with Leonard up,

### THE PITCHERS OF THE RED SOX

These are Catcher Bill Clifton's views of the Boston Red Sox pitchers:—  
You take Joe Wood, I never saw Amos Russett work but if he had more speed than Joe, then he sure was a wonder. Joe was a raw youth when he joined us, but it didn't take him long to master the game, until now he is without a superior and that goes for all the pitchers. Wood will beat the Giant sure if we only get one run for him.

Some may think that the youngster can not stand the tight spots, but he showed how he can travel the day we beat Walter Johnson, 1 to 0. No one ever pitched a more clearly perfect game than Joe that afternoon. It was a treat to see him whipping that fast one across and fooling the batters whenever he was in danger.

His fast one is a dandy. Speed, though, is not all Joe has. If he wants to he can throw in the spring. He wants to be a slow ball, too. I won't say that Joe is the greatest pitcher in the league, because there are a couple of others with me and I consider each a star.

I don't know how good Marquadt is, or any other National southpaw, but if they can stop Ray Collins, then I'm willing to quit. Here's a boy they all overlook in the spring. He wants to be right in the early part of the season but he is going at top speed right now and should be in great shape for us. I believe it.

When you start to talk about spitball pitchers don't forget "Buck" O'Brien. I don't wonder why the batters can't hit him. I do it to signal for a certain kind and if it is up to our pitchers to win this world's championship, then we have it. I am glad that I am one of the catchers, and can help them out.

The best part about "Buck" is that he is full of nerve. You can't rattle him, and when the "spitter" is going as it should you can't touch him.

Charlie Hall didn't need any developing when I first saw him. With a little more luck he'd have all the topsters writing about his record, too.

Without doubt, I consider Hall the greatest pitcher in the game today to go in the fish.

They say Ed Walsh starts in the fish, but I'll take Hall for mine. He has saved many games for us. I hope that he does not show in his record either.

For a youngster who has been in the big league as long as time as Hugh Bennett you don't find them any better. I really can't tell what he has. Everything I know is the best answer. And he isn't finished yet. He is just coming.

I never saw a bunch of more developed than our pitchers. Every time they have gone in without handing out any talk of slings. They're always ready to go on the job and that's why we have been at the top so long.

If it is up to our pitchers to win this world's championship, then we have it. I am glad that I am one of the catchers, and can help them out.

### IN DEATH CHAIR PLEADS FOR LIFE

#### Negro Murderer, Executed in New York State Prison, Makes a Scene

Auburn, N. Y., Sept. 18.—James Williams, a negro murderer, just before he died in the electric chair in the state prison here delivered a rambling volucrant.

"Gentlemen, don't kill me," he pleaded as he entered the chamber at six o'clock. After taking his seat he looked over all the witnesses, as if counting them, and then started to rise to make a speech, but he was held down by the attendants. "I don't want to die," he said, "I want to live."

He began to curse his lips, raising electrician Davis, who tried to smother the noise. "If I am going gentlemen, but don't kill me," he shouted. "I don't want to die, I want to live."

Williams killed an aged farmer, James Duffy, with a club, near Honono, N. Y., in 1911, and later attempted to assault his victim's granddaughter. He was originally sentenced to be electrocuted during the week of July 1, 1911, but the execution was stayed by an appeal. Eventually the court

## LOCAL NEWS

**A SHOWER.**  
A delightful time was spent last evening at the home of the Misses Goggin in White street, when some fifty friends assembled and gave a linen shower in honor of Miss Celia Donovan, who is to be a principal in a happy event next week.

**NOVELTY SHOWER.**  
Lady friends of Miss Nellie Duffy called at her home 9 Chealey street last evening and tendered her a novelty shower in anticipation of a happy event which is to take place in the near future. She received many presents which will be of use to her in her married life.

**STRUCK BY TEAM.**  
Last evening about tea time in Main street, opposite Albert, a heavy delivery sloop was proceeding along past a few youngsters who were playing about the spot, when one of them, a little fellow named Douglas Days, was struck and knocked down. He was slightly bruised but fortunately received only a glancing blow.

**I. C. R. INSPECTION.**  
F. P. Brady, J. T. Caron and J. T. Hallisey of the I. C. R. management are in the city today on an inspection trip, looking over the property here in anticipation of the winter work which is expected to be very heavy this season. They went to Coldbrook this morning in company with L. R. Ross, terminal agent, and inspected the site for the new sidings and other facilities there.

**DRIVE TO LORNEVILLE.**  
A pleasant outing will be held this evening when some twenty five young ladies and gentlemen, members of the W. H. Thorne & Co. staff will give a drive to Lorneville in honor of Miss Jennie Ritchie, a former member of the staff but now a resident of Winnipeg. She is at present in St. John on a visit. At Lorneville the evening will be spent at the home of Rev. and Mrs. W. W. Malcolm.

**ABOUT THE GAMES.**  
A letter received today by a friend in north end from Fred McGoover, the popular catcher for the Marshbros, gave a few points to those planning on going to Boston to take in the "big games" of the world's series. "Mac" said that local fans who are going from here might get a reservation of one seat if they wrote to the league office and asked for a check against them to it, provided they followed their request with the cash required for the privilege. It was possible to secure only one seat as the management wished to give all who desired a chance to get a reserved space. The letter stated that the writer thought there would be a great many standing in line all night before the games opened to get in on the rush seats.

## POLICE ON GUARD OVER HORSE FOR HALIFAX MEET

Races Ending Today Have Been Marked by Much of the Sensational

Halifax, Sept. 19.—The exhibition race meeting will close today with the 2,222 trot and pace and the free-for-all trot, with Barrington and Billy C. ruling respective favorites. It has been a most sensational meeting, one that will go down in the track history. The death of Albie W., the suspension of Rockford, minor accidents recorded by Billy C., and the two year old record by Barrington's Comet, the dethroning of Dr. Jaeger's Krenmet, and Jack Leonard's putting him in line for first money, demands for identification of horses, etc., all contribute to stamp this meeting as the most sensational the provinces ever knew. Krenmet was taken from his owner and driver and guarded by the police last night. He finished sixth in 2:27 1/4 in the first heat, and in the second heat he was an outside position a winner in 2:24 1/2.

## FATHER OF HECTOR MCGINNES FALLS OVER WHARF TO DEATH

Mistake Way on Leaving Train in Dark—Rescued, But Dies of Shock

Halifax, N. S., Sept. 19.—Lanchlan McGinnes of Scotch Hill, four miles from Pictou, father of Hector McGinnes, K. C. bar, of Halifax, died at four o'clock this morning as the result of falling over a wharf at Pictou last night. Mr. McGinnes arrived at Pictou in a late train after a visit to his son here. Instead of going up town from the station he walked down the wharf and overboard into the harbor. The crew of the steamer Lady Shill heard his cries as he struggled and rescued him. He was taken to a hospital, where he died from shock.

## PAY \$50 OR GO TO JAIL FOR THIRTY DAYS

That is Harry Duke's Choice For Buying Liquor for Indian

Three prisoners were arraigned in the police court this morning. One charged with drunkenness was fined \$5 or two months in jail, and one other got off with a fine of \$2. Daniel Brien, charged with lying and lurking in a C. P. R. box car off Mill street last night was remanded to jail. Harry Duke of Fairville, who was arrested yesterday morning on charge of supplying liquor to an Indian, was also brought in this morning and was fined \$50 or thirty days in jail. His Honor told him that under the Dominion Act he could fine him \$50, but that he would let him off easy this time. Duke met the Indian in Main street yesterday morning and asked him if he wanted to buy some liquor. The Indian gave him an \$1 bill to buy the liquor, which it was said cost fifty cents. Duke bought the liquor and gave the Indian forty cents change. He was arrested by Sergeant Kilpatrick in Elm street.

## COUPLE OF BIG DEALS IN CITY REAL ESTATE

Also Good News of Financing of Million Dollar Hotel

DOCK STREET TRANSFER

Ferguson Property Sold—Lot in Germain Street Added to Pugley Holdings—Rumor of Exchange of Sites For Hotel and Garage

The construction of the new million dollar hotel in this city, which was promoted by T. L. Morrison, of Montreal, is now assured. According to an announcement made today the required capital has been secured and the company is prepared to commence operations this fall. The hotel is to be on a larger and handsomer scale than this city has known, and its erection will add one of the finest to the number of large buildings in St. John. J. A. Pugley & Co. have now secured the complete block in Germain street between Princess and Horsfield streets. First they acquired the Sears lot on the corner of Germain and Prince, and then, as announced in the Times last week, purchased from E. W. Williams the adjoining property with a frontage of forty feet in Germain street. The latest addition is property adjoining this and situated on the corner of Germain and Horsfield streets. The land was purchased from J. G. Willett, who took it under an option which he has had for some months, and the buildings were bought from W. Tremblay.

Another real estate deal, which will rank among the largest transfers of city property, was completed today. This transfer involves the block in Dock street, including half a dozen properties, which was purchased by T. M. Nagle from the Ferguson estate last month ago. Mr. Nagle has now sold the property to E. Roger Owen, an insurance manager of England, and the deal was completed today. The price paid for the property by Mr. Nagle was about \$75,000, and it is understood that the Ferguson estate was valued at between \$80,000 and \$100,000.

## LAY REV. MR. MCKIEL AT REST IN CEMETERY OF CHURCH HE SERVED

Impressive Services in Church of Good Shepherd at Funeral of Anglican Clergyman

The funeral of Rev. LeBaron W. McKiel took place this afternoon at 2:30 o'clock from his late home in Fairville, N. B., by an impressive ceremony. This morning at a quarter past seven o'clock the body was removed from his home to the Church of the Good Shepherd, where for many years he was the rector. At eight o'clock Holy Communion was celebrated by Rev. Dr. Street, assisted by Rev. G. F. Scovill, and the rector of the church, Rev. Walter F. Dunham. After the service the body was laid in state in the church, and several of the local clergymen and a number of students kept watch until the time of service, half-past two o'clock this afternoon.

The funeral services were conducted by Rev. G. F. Scovill, assisted by Rev. Dr. Street, Rev. W. O. Raymond and Rev. Walter F. Dunham. The choir of the church sang several hymns, including, On the Resurrection Morn, Peace, Perfect Peace, and Now the Laborer's Task is O'er. Rev. Dr. Street gave a short address, in which he briefly reviewed the career of the deceased and spoke in words of the great loss the church had sustained through his death.

Interment was made in the Church of the Good Shepherd cemetery on the Manswognish Road. The funeral was attended by many citizens. The pall-bearers were Cecil, Medley and Rudolf, sons of the deceased; Edward McKiel, a brother; Hiram Zicker, a grandson, and Dr. Morehouse, a son-in-law.

The funeral of Mrs. Mary Perry took place yesterday morning at 7:30 o'clock from her late home in Main street, Fairville. The body was taken to St. Rose's church, where requiem high mass was celebrated by Rev. C. Collins. Interment was in the Sand Cove cemetery. The six sons of the deceased acted as pall-bearers.

The funeral of William Palmer took place yesterday afternoon from his late home in Kingsville. Funeral services were conducted in St. Rose's church by Rev. C. Collins, and interment was in the Sand Cove cemetery.

The funeral of Andrew J. O'Leary took place this morning from his late home in St. James street. Requiem high mass was celebrated in St. John the Baptist church by Rev. W. F. Chapman, V. G., and interment was in the old Catholic cemetery. Relatives acted as pall-bearers.
