Sir,-

In reply to your letter of the 11th instant, regarding the sale of the timber on the Long Lac Reserve, I have to state that this matter must be postponed until next year, when a majority of the Indians are present at the reserve.

You will then be supplied with the necessary documents and authority to submit the formal surrender to the Indians for their consideration.

Your obedient Servant,

P. J. O'Connor.
Acting In Charge Lands & Timber Branch.

AGREEMENT made the 9th day of September A.D.1925.

B E T W E E N:

THE MARTINS FALLS BAND OF IN INDIANS, herein represented by CHIEF GEORGE TAYLOR, hereinafter called the "Vendors",

of the First Part,

-and-

J.CAMPBELL, of the City of Port Arthur, in the District of Thunder Bay, hereinafter called the "Purchaser",

of the Second Part.

WITNESSETH that the Vendors agree to sell to the Purchaser all the timber and trees now standing, growing, lying or being on those certain parcels of land described as the MARTINS FALLS INDIAN RESERVE, which lands are Indian Reservations belonging to the said Vendors.

The consideration for the said sale shall be the following:-

For timber on the All/territory vested in the name of the said Band known as the Martins Falls Indian Reserve, containing miles square, situated adjacent to ~~Martins Falls~~ Long Lake

Payable as follows:-

Five hundred Dollars payable to the Band as soon as the Government ratifies said Agreement, the same to be applied on monies due the Band from the sale of the said Reserve.

Ten cents per tie for all No. One Jackpine ties.

Eight cents per tie for all No. Two Jackpine ties.

Four cents per tie for all No. Three Jackpine ties.

Fifty cents per cord for all spruce pulpwood.

Twenty-five cents a stick for all Piling above fifty feet, and

Ten cents a stick for all Piling under fifty feet.

The Purchaser agrees that the trees shall be felled with as much care as possible, and in a workmanlike manner, and that he will do no unnecessary damage to the said lands, or to the underbrush or crops, or to any road, building or [illegible] will repair any damage so done, or make compensation therefor, and for [illegible]

clearing,and erect such buildings as may be necessary to remove the said trees and timber.

The Purchaser agrees that he will cut down and remove all the said timber and trees,which he intends to cut and remove,not later than the 6th day of September, 1935,after which date all of the said timber and trees remaining upon the lands shall be forfeited to the Vendors.

The Purchaser agrees to employ members of the said Band to cut and remove the said timber and trees,providing same can be obtained at such times and at such rates as other labour can be procured;but in the event of not being able to procure sufficient labour from said Band,the Purchaser shall have the right to employ other labour sufficient to meet his requirements in taking off the said timber.All foremen, clerks,timekeepers and similar employees shall be employed at the discretion of the Purchaser.

And it is hereby declared and agreed that these presents and everything herein contained shall respectively enure to the benefit of and be binding upon the parties hereto,their heirs,executors, administrators and assigns.

IN WITNESS WHEREOF the Vendors have signed these presents through their duly elected officials and the Purchaser has hereunto set his hand and seal.

Honourable Charles Stewart,
Supt. General of Indian Affairs,
Ottawa, Ont.

LANDS BRANCH SEP 17 1925

DEPT. OF INDIAN AFFAIRS SEP 17 1925 RECORDS

Dear Mr. Stewart:-

In May last Mr. W. H. Arnold, of Port Arthur, made an application for the right to cut pulpwood ties etc. on what is known as the Gull River Indian Reservation on Lake Nepigon. At that time one C. W. Cox held these cutting rights under an agreement which expired on July 1st, 1925. Unfortunately this agreement was extended by the Indian Department for a period of two years, without Mr. Arnold being given an opportunity to press his claim.

Mr. Arnold, and an associate of his, are now applying for the right to cut ties and pulpwood etc. on what is known as the Martin's Falls Indian Reservation, adjoining Long Lake, east of Lake Nepigon. I am enclosing you an agreement made by Mr. Campbell with the Band of Indians residing on this Reservation. The agreement is signed by the Cheif (there being no councillors) and is witnessed by Mr. S. A. Taylor, the Hudson Bay Agent at Long Lake, who interpreted for Mr. Campbell.

I believe that the prices mentioned in this

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Honourable Charles Stewart.

agreement are very fair, Whilst the pulpwood price may seem low, it must be borne in mind that the freight rate on the C. N. R. will be from $3.50 to $4.00 per cord to bring the wood to the mills. This will make the wood much more expensive than other wood on Provincial limits closer to Port Arthur.

On the 14th of August last Mr. Campbell filed an application through Messrs Thompson, Burgess, Cote & Thompson, of Ottawa, for the right to cut pulpwood and ties on the Long Lake Indian Reservation. What he really intended to do was to file an application for the Martin's Falls Reservation. Messrs Thompson, Burgess, Cote & Thompson in reporting back, stated that under Departmental Regulations, competitive offers would be required. In this connection I wish to point out that no competitive offers were asked for by the Department when it approved of the agreement for the Gull River Reserve, nor were any competitive bids asked for when Mr. Cox's agreement was extended for a further period of two years. It seems to me therefore that Messrs Arnold and Campbell should receive the same treatment. No objection on this ground has ever been taken to the Gull River agreement, and I see no reason therefore why Messrs Arnold and Campbell should be treated any differently, as the Indians, who are principally interested are satisfied, and they are getting as good, and in some cases better prices, than the Gull River Indians.

I understand that there is a report on the files in the Department by the Provincial Fire Rangers that the fire hazard in this district is small. I do not agree with this, and

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Honourable Charles Stewart.

the best evidence of this is that the owners of the Long Lake limit (purchased from the Provincial Government), which surrounds this Martin's Falls reservation, have special fire rangers of their own engaged, in addition to the Provincial fire rangers. The C. N. R. runs through this area, and there is always a fire hazard from a railway. Furthermore the time is fast approaching when the owners of the Long Lake limit must commence cutting, and this will create a very serious menace for the whole territory. There is also the hazard which exists since the first of this month from prospectors as the area under the control of the Provincial Government has been thrown open for prospecting.

Yours very truly,

A. J. McCombe

Ottawa, September 25, 1925.

Sir,-

I beg to acknowledge the receipt of your letter of the 11th instant, referred to the Department in the absence of The Honorable, The Superintendent General, who is at present out of the city, advising that the previous application of Mr. W.H. Arnold, of Port Arthur, for the purchase of the timber on the Long Lake Indian Reserve was really intended to have reference to the Marten Falls Reserve, and that an agreement has been signed between Mr. J. Campbell, of Port Arthur, and Chief George Taylor, of the Marten Falls Band, whereby the Indians have agreed to dispose of the standing timber on the Reserve at certain prices and under certain conditions.

In reply I have to state that the timber on the Marten Falls Reserve cannot be disposed of without a surrender being first given by the Indians of the Band, unless the Indians themselves contract to cut and deliver the timber or unless such a proportion of the standing timber has been damaged by fire as to warrant an immediate sale under section 48 of the Indian Act.

The question of the sale of the timber on the Marten Falls Reserve, however, is being taken up with our local Indian Agent at Port Arthur, and should he report that it is in the interest of the Indians to dispose of this timber, the necessary documents and authority will be sent him to enable him to take the surrender required.

Your obedient servant,

A. F. MacKenzie.

A. F. MacKenzie,

Ottawa. Oct.1st.1925.

Sir:-

An application has been received for the purchase of the timber on the Long Lake Reserve owned by the Martin's Falls band, and an agreement has been filed with the Department between Chief George Taylor and Mr.J.Campbell of Port Arthur whereby the Chief undertakes to sell this timber at prices which are appreciably lower than those received from the sale of the Gull River timber.

The Department of course is not in a position to confirm this agreement, but is prepared to dispose of the timber by public advertisement after a surrender has been given in the manner provided by the Indian Act.

It is presumed that you will not have an opportunity of submitting such surrender until the time of treaty payment next summer, but if you believe you can get a majority of the members of the band to be present at a meeting before that time the necessary documents and authority will be sent you to take the surrender.

Your obedient servant,

A. J. Boudreau.

Sent over Dec 15/25

DIAND

Dec.14th.1925.

Dear Sir:-

I beg to acknowledge receipt of your letter of the 7th.inst. regarding the agreement between Messrs.Arnold & Campbell and Chief Taylor of the Marten Falls Band respecting the cutting of timber on the Long Lake Reserve at Marten Falls,and in reply to state that an examination of this agreement showed that the prices offered for the several classes of timber were considerably lower than might reasonably be expected.

It was therefore deemed advisable in the interest of the Indians to first secure their consent by way of surrender of the timber,and then offer it for sale by public tender.The local agent has already been authorised to submit the surrender to the Indians,and as soon as this is received,it will be in order to proceed with the sale.

Messrs.Arnold & Campbell will be duly notified when the timber is offered for sale,so as to enable them to submit a tender.

Yours very truly

Duncan C. Scott

RE: Alfred Quesnel -Longlac, Ont.,
Theft of Timber from Indian Res.

At the request of the Indian Agent, Mr. J.G. Burk, Port Arthur, while at Longlac on patrol on the 29th. inst., I investigated the case against the above named man, who it was reported had taken and cut timber from the Longlac I.R. No. 58.

On the 23rd. inst., I laid information before Magistrate J.J.O'Connor at Longlac, 'that Alfred Quesnel, on the 12th. July last, did unlawfully cut and carry away a quantity of timber from the Longlac Indian Reserve, No. 58, amounting to about six cords, stumpage value being about $1.25' Contary to Sec. 127 (b) Indian Act. 1906.

When the charge was read, accused pleaded 'Not Guilty'.

John Finlayson was sworn as interpreter in this case.

Chief Outiquam-witness for the prosecution -sworn, stated that he was an Indian and Chief of the Longlac Band of Indians. On the 12th. July last he went along the G.N.R. right of way, through the Longlac I.R. and saw defendant's hire d man, Bob Ross cutting green wood, well within the confines of the Reserve. He spoke and told Ross not to cut anymore wood, and Ross told hem that he was working for Alfred Quesnel who had told him to go there and cut some wood. Ross did not cut anymore wood but transported roughly six cords to the premises of A. Quesnel. The stumpage value of the wood would be about $1.25.

Joseph Ainwaunimay -witness for the prosecution - sworn-stated that he was an Indian and lived on the Longlac I.R. and he corroborated the evidence given by Chief Outiquam.

Case for prosecution closed.

Alfred Quesnel-sworn, gave evidence on his own behalf, stated that he asked Chief Outiquam if he could take od from the Reserve, to which request the Chief gave s consent, but pointed outthat he could only take dyy ood, and the wood that he had taken from the Reserve was ry.

Chief Outiquam was recalled and gave further evidence that he had given accused permission to take dry wood, but he had also taken green, growing wood.

The Magistrate was inclined to deal leniently with his case, asit was his opinion that the accused was mo ignorance of the law, and did not intend actually st timber. He fined the accuded $20.00 and costs, cos include $1.25 stumpage value of the wood, in defau ayment of fine, imprisonment for 30 days to be ed, The fine was paid.

ice costs. Collected.

Ottawa, February 8, 1926.

Dear Sir,-

I have before me your letter of the 20th ultimo, with further reference to the disposition of timber on the Gull Bay Indian Reserve.

Your present observations in this matter have been noted, and while it may be that no mention of fire-killed timber is made in the agreement with Mr. McEachern, nevertheless it was the existence of such a menace that prompted the Department to deal with the situation as it did. No doubt a considerable quantity of green timber remained on various parts of the reserve, but this stand would soon have been destroyed if allowed to remain subject to the pests which so quickly attack dead timber. It was never intended that only the fallen or dead timber should be removed. Naturally any operation would have to be one of clearing. The Department has authority by statute to deal with such situations, but ordinarily all timber must be sold by public competition after surrender by the Band.

It is proposed to request the Long Lake Band to surrender their timber, and if a release is given, tenders will be called for and Messrs. Arnold and Campbell will be given an opportunity to submit an offer. I may add that the Department considers the offer made some time ago by these two gentlemen unsatisfactory. In the meantime, Agent Burk has been instructed to discuss the question of surrender with the Indians of the Band at the first opportunity.

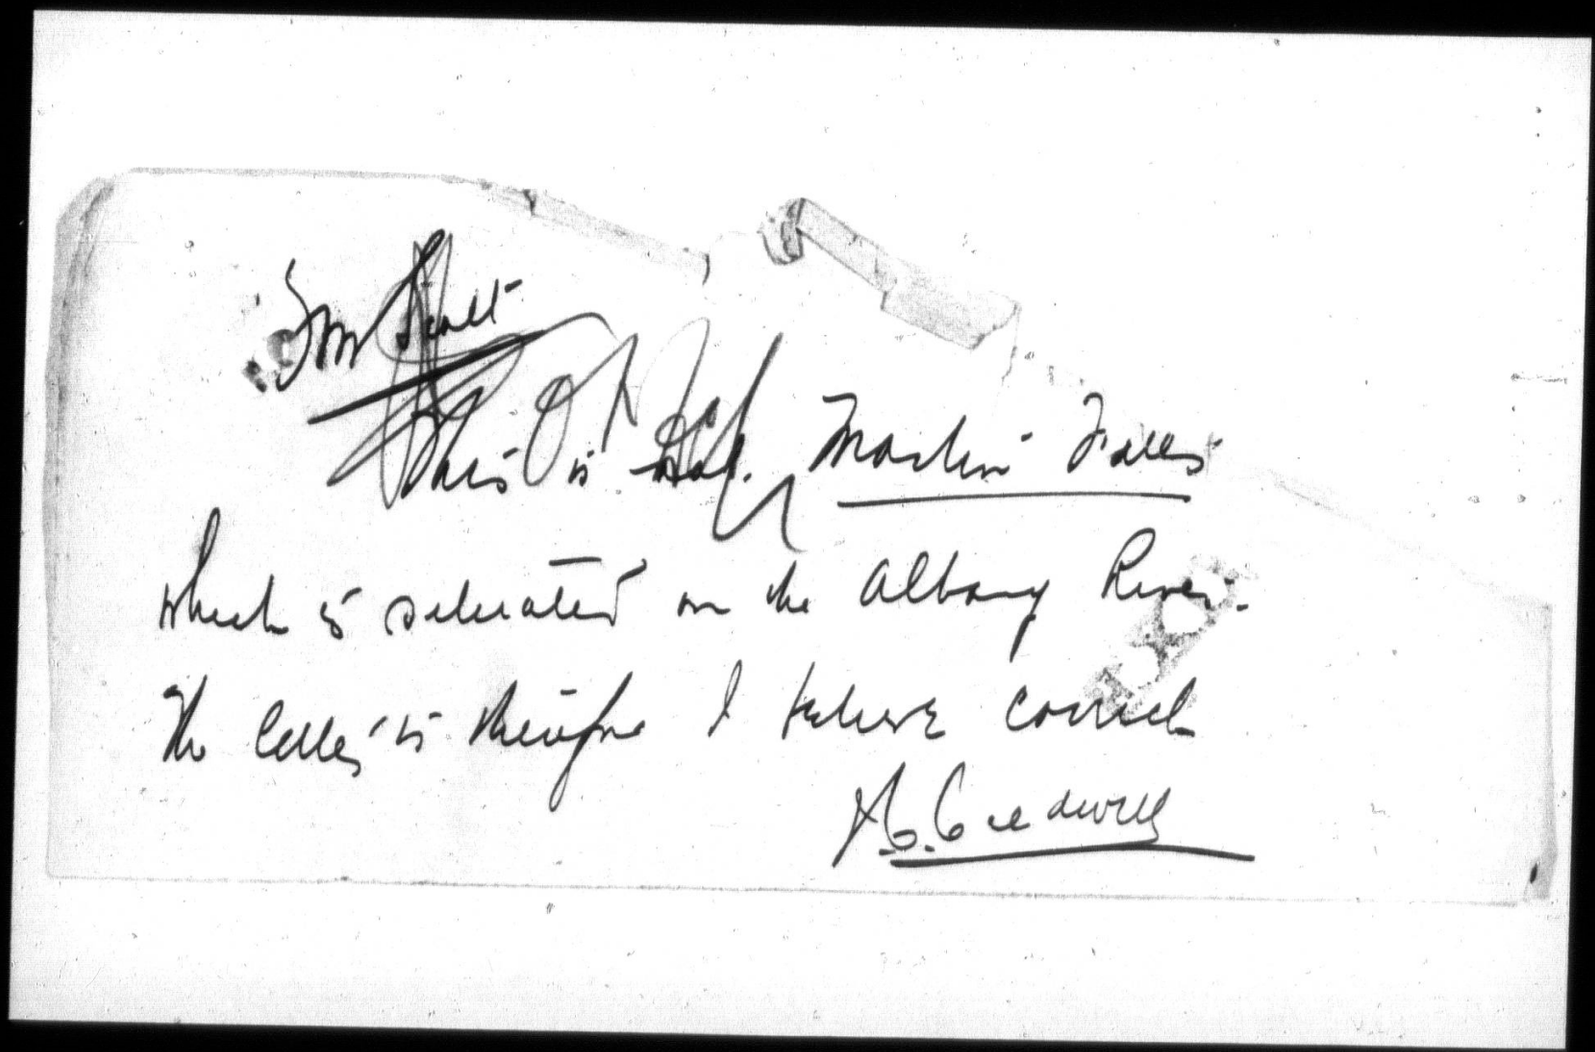

Yours faithfully,

I. L. Matthews, Esq.,
Port Arthur,

Ottawa. Mar 4th.1926.

Sir:-

I beg to advise that Mr.I.L.Matthews of Port Arthur recently interviewed the Department on behalf of Messrs.Campbell & Arnold regarding the agreement arrived at between them and the Chief of the Marten Falls Band at Long Lake,respecting the sale of the timber on that Reserve.It was explained to him that the Department was not in a position to approve of the said agreement in view of the fact that steps had already been taken to have the timber cruised and valued so that it may be disposed of by public sale as soon as a surrender is given in proper form by the Indians.

Under separate cover therefore,you will receive the necessary authority and documents to enable you to submit the surrender to the band at the next treaty payments.

Your obedient servant,

Asst. Deputy & Secretary.

Mar.5th.1926.

Sir:-

I enclose herewith draft of surrender in duplicate of the merchantable timber on the Long Lake Reserve which you are hereby authorised to submit to the Indians in accordance with section No.49 of the Indian Act.

If there is no opportunity of arranging for a general meeting of the Indians to consider this surrender you should arrange to submit it to them at the time of Treaty payments this summer.

Attached to the surrender documents are affidavits of execution which must be signed by yourself and the Chief of principal men of the band before any person who is commissioned to take oaths.

Instructions to agents regarding the taking of surrenders are enclosed herewith, and you should note particularly that a majority of the voting members of the band must be present at the meeting and that you should prepare a certified statement showing the number of Indians voting in favor of the surrender, those voting contra and the number of absentees.

Kindly note also that in accordance with the wishes of the Indians a clause has been inserted in the surrender document stipulating that the Indians shall receive 50% of the monies derived from the sale of the timber.

R

Sir,—

I beg to acknowledge the receipt of your letter of the 5th instant File No.F.30009-5 with enclosed Surrender in duplicate regarding the sale of timber on the Long Lake Reserve which I am authorized to submit to the Indians of the above Reserve under Section 49 of the Indian Act.

In reply I wish to report that I have carefully read the enclosed instructions and note contents therein.

Owing to the fact that the majority of the Band are away hunting, and will not return to their Reserve until the summer, it will be necessary for me to take this matter up at Treaty-payment Time at the latter end of June of this year.

I have the honour to be, Sir,

Your obedient servant,

J. G. BURK,
Indian Agent.

30009-5

Ottawa. Mar.11th.1926.

Sir:-

With reference to the question of the proposed sale of the timber on the Long Lac Reserve after a surrender has been given, I have to draw your attention to the fact that Mr.J.R.McDonell of Port Arthur who cruised and valued the timber two years ago, reported that there was a quantity of pulpwood estimated at 32.000 cords which he valued at $2.80 per cord.

In your letter of Nov.27th.1924 No.17A you state that $2.00 per cord more is realised if the pulpwood is sold to United States mills and that a sum of $50.000 more would be realised if the present prohibition of export of pulpwood from Indian Reserves in Ontario, was rescinded.

I have therefore to request you to make inquiry from Mr.McDonell if when establishing a value of $2.80 on the stump, he based this figure on the free export of this pulpwood or not, and secure if possible some documentary evidence from Canadian Mills and U.S. buyers that the difference in value of $2.00 per cord is approx. correct.

Your obedient servant,

Asst. Deputy & Secretary.

J.G.Burk Esq.
Indian Agent

Dear Sir:

x x x

I will be glad to hear from you at your convenience as to what steps are being taken for the disposition of the timber on the Martin Falls' Band Reserve at Hornepayne. If you find, after a careful survey, that there is a considerable quantity of burnt timber on this Reserve, and that you can dispose of it without tender, I would suggest that you name the price, which you think would adequately protect the Indians, and I am quite sure that Messrs. Arnold and Campbell would be prepared to meet you in any reasonable way.

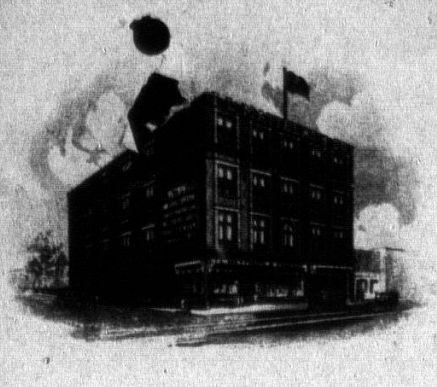

Yours very truly,

(Sgd.) I. L. Mathews.

Dear Mr. Scott:

Relative to my conversation with you some weeks ago, in connection with the application of Messrs. Arnold and Campbell for cutting rights on the Martin Falls Indian Reserve.

I would be glad to know what progress has been made towards the surrender of the Indian claims, or if the Department has made any survey of the timber to ascertain what areas are burnt over. Is there any possibility of your Department putting a price on this timber without putting it up for sale?

These young men are still camping on my trail, and are anxious to get the work, and I will b e glad to hear from you at your convenience.

Yours very truly,

J. L. Matthews

pd. with query

Ottawa, Ontario,
28th May, 1926.

R.

Memorandum:

Dr. Scott.

The following is an extract from a letter which has been forwarded here, regarding the question of surrender on the Marten's Falls Indian Reserve:

"I am informed that the Indian Agent here has received instructions from the Department of Indian Affairs at Ottawa, to secure a surrender of the timber rights from the Martins' Falls Band of Indians in favour of Arnold and Campbell. His instructions, however, do not state definitely that he is to take immediate steps to secure the Surrender, and in consequence of this omission, he is presently disposed to wait until Treaty time, along in July, before taking any action in this matter, as he points out that it will entail a long journey to round up the Indians at this time of year.

You will readily realize that if Arnold and Campbell are to wait until July or August before completion of the negotiations for the award of the cutting rights on the Martins' Falls area, that they will be prevented again from operating there this winter, with the attendant loss that this will be to them, as it will then be too late to secure a pulpwood contract for next winter.

In any case, one can hardly see the necessity for getting a Surrender from the Martins' Falls Band at this late date, as the Agreement between the Band and Arnold and Campbell was lodged in the Department by Messrs.

-Thompson-

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Thompson, Burgess & Cote, Solicitors, Ottawa, about 15th October last. This Agreement, copy of which I am enclosing for your information, was completed at a meeting of the Band held at Longlac on 9th September last, which was the best time of the year to secure a representative meeting, as the Indians were then outfitting for their winters' hunting. Mr. S. A. Taylor, Hudson's Bay Factor at Longlac, who has for many years acted as councillor and friend to the Martins' Falls Band, and who speaks Indian fluently, interpreted and explained the Agreement fully, and it was only after Mr. Taylor, as well as the members of the Band had been thoroughly satisfied that the Agreement was fair and equitable, that the Chief was instructed to sign on their behalf, his signature being witnessed by Mr. Taylor.

As it will be, as the Indian Agent claims, a very difficult matter to get a representative meeting of the Martins' Falls Band at this time, as practically every member of the Band is engaged in muskrat hunting, and they are scattered over hundreds of miles of territory in this district, I would suggest that the Minister accept the Surrender which the Indians have already granted to Arnold & Campbell, which is identical in form to Agreements which have been accepted by the Department from others, in order to allow Arnold & Campbell to get started to work."

Will you kindly let me have a report in this matter at your earliest convenience, setting forth the attitude of the Department in regard to this request.

June 1,1926.

Memorandum:

Mr.Pratt.

Indian Agent Burk is under instructions to take a surrender of Martins Falls (Long Lake) Indian Reserve timber. He will be there in the first week in July, and I have arranged, if the Indians consent to the surrender, to have the documents completed and forwarded from the locality immediately, in order that we may take the earliest opportunity, if the surrender is accepted by His Excellency in Council, to advertise the timber for sale. If the Indians consent, it will be quite possible for the successful tenderer to operate on the reserve next winter. If they do not consent, nothing can be done for the present. The so-called agreement between the band and Messrs.Arnold and Campbell is without effect, as the timber must be surrendered. It would be illegal to accept this agreement as a proper surrender. The only time when the members of the band get together is during treaty payments.

Ottawa, June 11, 1926.

Dear Sir,-

I have received your letter of the 5th instant, with further reference to the application of Messrs. Arnold & Campbell for timber cutting rights on the Marten's Falls Reserve.

It is not possible for the Department to dispose of this timber until formally surrendered or released by the Band, and Indian Agent Burk, of Port Arthur, has already received instructions to submit a surrender to the Indians early next month. If it is the wish of the Indians to dispose of their timber and a surrender is granted in the proper manner, there will be but very little delay in offering the timber for sale, and should Messrs. Arnold & Campbell be the successful bidders following public advertisement, they will have ample opportunity to begin operation this fall and winter.

The agreement which Messrs. Arnold & Campbell entered into with certain members of the Band cannot be accepted as a surrender, as it does not in any way meet the statutory requirements.

I have received letters from Dr. G. E. Hakins and Mr. A. E. Lapierre, M.P. in this matter, and have replied in substance to the above effect.

Yours faithfully,

(Chas. Stewart)

CANADA

Ottawa, June 11, 1926.

Dear Sir,-

I have to acknowledge the receipt of your letter of the 3rd instant, with reference to the proposed sale of timber on the Marten's Falls Indian Reserve, application to purchase same having been received from Messrs. Arnold & Campbell, Port Arthur.

Mr. A. E. Lapierre, M.P., and Mr. I. L. Matthews have both discussed this matter with me, and I have informed them that it is not possible to dispose of this timber except following a formal lease or surrender by the Band. The Department has already instructed Indian Agent Burk, of Port Arthur, to visit this reserve early in July, for the purpose of submitting the matter to the Band at a meeting called specifically for this purpose. There will be no avoidable delay in dealing with this matter, and should the Indians consent to release the timber for sale and Messrs. Arnold & Campbell be the successful bidders following public advertisement, there will be plenty of time for them to begin active operations this fall or winter.

It is not possible for the Department to consider the agreement which Messrs. Arnold & Campbell entered into with certain of the members of this band as equivalent to a surrender, as it does not in any way meet the statutory requirements in such matters.

Yours faithfully,

Duncan C. Scott

Lands and Timber Branch

Ottawa, June 16th.1926. 191

Memo. to the Deputy Superintendent General.

Examination of timber-LONG LAKE Reserve.

In accordance with instructions I visited the Long Lake Reserve in the Port Arthur agency and made an examination of the timber,giving particular attention to the question of damaged or burned timber.

The Reserve is situated at the northern extremity of Long Lake and extends for about 4 ½ miles along the eastern shore of the lake.Long Lac station on the C.N.R. is on the western shore almost opposite the reserve.The area of the reserve is 17.280 acres or 27 sq.miles and approx.10% of the area of 1700 acres consists of marsh and swamp,30% is covered with second growth mixed spruce,poplar,jack pine and birch timber of no commercial value,whilst the remaining 60% or approx.10.000 acres is generally timbered.There is a small area -500 acres,near the mouth of the Suicide river on the left bank which was burned over about 6 or 7 years ago.

The following kinds and quantities of timber are on the Reserve:-

Spruce pulpwood.....	27.000 cords
J.Pine ties.....	11.000
Poplar.....	200.000 f.b.m.
Birch cordwood.....	2.500 cords.

The chief value lies in the pulpwood and ties as both are readily saleable in view of the close proximity of the railroad to the Reserve.

If the present embargo on pulpwood cut on Indian Reserves in Ontario is maintained I would place a value of $1.60 per cord on this class of product,whilst if such embargo is lifted and the pulpwood sold in an unrestricted market,it should realise a price of at least $2.75.The large Canadian pulp and paper mills at the head of the great lakes,have enormous areas of pulp limits of their own,and they are in a position to dictate the price of pulpwood to the settler,if he is forced to sell his pulpwood in the Canadian market.The average price paid as stumpage by these large mills,to the Ontario Govt.is $1.40 per cord,and it is obvious that if the settler cannot meet this price or ## #### be compelled to sell his pulpwood for the actual cost of labour,he must refrain from cutting at all.

Poor Copy

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

The jack pine ties being close to the railroad are readily saleable and should realise at least 20 cents per tie.

Poplar although not saleable at present could possibly be utilised in a few years for stave or box material and this class of timber I value at $1.00 per M.f.b.m.

Birch cordwood has no value.

I would strongly recommend that steps be taken before this timber is sold, to lift the embargo on pulpwood in the same manner as practised by the Ontario Govt. for the difference in price paid for pulpwood sold in an unrestricted market, and sold to the Canadian mills only amounts in the case to $1.15 per cord or a total difference in the realisable value of the pulpwood on this Reserve would be $31.050.00

Attached is plan showing the distribution of timber and location of the burned over area.

Dear D. Scott

We were successful yesterday in obtaining the surrender but not without a good deal of explaining. The voting strength of the Band is 27 — 13 voted for" 8 "against" and 6 were absent. Of the latter 5 live at different remote points, do not reside on the reserve and their Treaty money is sent to them per cheque in care of Fur Traders. The cost of coming to Long Lake would far exceed what Two could draw — The sixth absentee is a son of Chief Geo. Taylor, and who unavoidably absent but undoubtedly would have voted with his Father "for" would have voted "against" did so, simply, because they feared that there would be no timber left for them to build houses with although I assured them that the Dept. would safe guard their interests in this respect — There were the younger men of the Band who contemplate building

houses— A clause should be inserted in the Lease allowing the Indians the privilege of cutting timber for the purpose of building their houses, but not for sale in order to keep faith with them.

Mr Taylor the H B Co. Post Manager acted as Interpreter & we were fortunate in having his services as he speaks the language fluently & the Indians have confidence in him—

If these Indians would cut the timber themselves and sell the Trist etc it would of course be much more profitable for them and we broached this phase of the question to them but they would not abandon the hunt to cut timber—

I met a Timber Operator at Long Lake who had the reserve cruised for his own information and intends tendering & he hopes it will be advertised for sale soon so that operations can be commenced in the Fall— His name is Cockburn brother of the Indian Agent at Sturgeon Falls, & lives at Horne Payne. East of Long Lake on C. N. Ry— He is supplying

Ties to the C. N. Ry & they are paying .72¢ per tie
Mospear delivered at the Ry. and the C.P.R.
is paying .92¢ per tie. As the Long Lake
Ikuberis in close proximity to the Ry.
these Indians should get considerably more
per tie than the Gull Bay Band is getting.
You can verify these figures by writing to
the Ry Tie Agents in Montreal - I believe
them to be accurate.

We made a record payment yesterday
paying the 2 Bands about 400. in all in the
morning between 10 and 1 P.M. $15.00 —
In the afternoon we took up the surrender
question and issued Blankets & Clothing
There seemed to be general contentment and
good health - The deaths & births about
offset each other.

There has been glorious weather and
we leave on Lake trip tomorrow Friday —
Hope supply has been furnished
and that all is well with you —

The Gull is suddenly the surrender
by this mail & I hope it will be found in proper
form - We brought a J.P. up from Horne-Payne

Yours
sincerely
[illegible] Ranger

Re File No. 30009-5, Mar.5th.1926.

Sir,—

I beg to enclose herewith surrender obtained from the Martin Falls Band at Long Lake, Ont. supported by the necessary sworn declaration, also is enclosed voters list shewing six (6) absentees, thirteen (13) in favor of the surrender and eight (8) against, of the absentees five (5) live at different remote points and do not make their headquarters at Long Lake, and their annuity money is always sent them in care of fure Traders.

Those who voted "against" the surrender did so because they feared there would be no timber left for them to build houses with, although they were assured that the Department would safeguard their interests in this respect.

A clause therefore should be inserted in the terms of the lease giving the Indians the right to cut timber for the purpose of constructing houses, but not for sale.

For the most part the timber will be cut for ties.

I have the honor to be, Sir

Your obedient servant.

J. G. Burk.

SYNOPSIS.

On the 7th.inst.the members of the Marten Falls Band of Indians,at a meeting called for the purpose,surrendered for sale the merchantable timber at Long Lake in the District of Tnunder Bay and in the province of Ontario.

The Indians desire to realise the value of this timber,and as the Canadian National Railway crosses their Reserve, thereby increasing the fire hazard,the Department deems is advisable to dispose of the timber as soon as possible.

The timber will be advertised for sale by public tender subject to a bonus or royalty over and above dues at tariff rates. It is estimated that there are about 27.000 cords of spruce pulpwood,11.000 j.pine ties 200.000 f.b.m. of poplar and 2.500 cords of birch on the reserve.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Ottawa. July 22nd.1926.

Memorandum.

Mr.Caldwell: Removal of pulpwood embargo
Long Lake Reserve.

The Indians of the Marten Falls Band have recently given a surrender of the timber on their Reserve at Long Lake,so that it can be sold for their benefit.

At present section No.16 of our Timber Regulations prohibits the export of timber from Indian Reserves in Ontario,which is suitable for pulp or paper manufacture and the effect of this prohibitory measure is that if the Long Lake timber is offered for public sale subject to the embargo,the price realised will be approx. $2.00 per cord less,than if such timber or pulpwood can be exported.

There is a quantity of 27.000 cords of pulpwood on this reserve and our agent at Port Arthur states that if the embargo is removed,the price of the timber will be increased by $50.000.

The Western Contracting Co.of Port Arthur who customarily purchase pulpwood from the Indians at outlying points state that the price offered by Canadian Mills is $2.00 per cord less than the market price.

I would therefore suggest that with respect to the Long Lake timber sale,section No.16 of the Timber Regulations be suspended.

Mr M.J.Caldwell
Land Branch Ind Dept
Ottawa Ont.

Dear Sir/

We would like to know when the timber on The Martin Falls reserve at Long Lac will be put up for sale. Mr Paget of your Dept when taking the surrender from the Indians at Long Lac refered us to you as we are prospective purchasers for said timber.

Is there any change of the tenders being accepted in time for to operate it this winter.

Also we would appreciate any Maps & etc the Hepartmrnt may have to spare of said reserve.

Thanking you which we will very much appreciate

Yours Truly

Cockburn Mercantile Limited

Ottawa, July 28, 1926.

Sirs:

In reply to your letter of the 26th inst. making inquiry with respect to the sale of the timber on the Long Lac Reserve, I have to state that in all probability tenders will be called for in the near future or, at least in sufficient time to permit of the successful tenderer operating this limit during the forthcoming winter. A plan of the Reserve, copy of the Regulations and form of tender will be mailed you at a later date, or as soon as a final decision is made respecting the sale of this timber.

Your obedient servant,

J. C. Caldwell,
In Charge Land and Timber Branch.

MEMORANDUM. August 3, 1926.

Mr. Chamberlain,-

I return herewith letter and other documents received from Hon. Dr. Manion, with reference to the question of the sale of timber on the Long Lake Indian Reserve in Northern Ontario.

It is the intention of the Department to dispose of this timber in the near future by public competition, provided some arrangement is made in the meantime with respect to export. Our timber regulations provide for the sale of timber on Indian Reserves by two methods. In the case of timber which is badly damaged, burned over or infested, the Department may dispose of same by private purchase in order to have the timber salvaged as quickly as possible. On the other hand, however, in all cases where these circumstances do not exist, our regulations explicitly state that the timber, if in excess of a valuation of $500, must be sold by public competition, and it is for this reason that the Department cannot enter into any private arrangement with Mr. Edmeston, whose letter accompanied the Minister's communication.

Mr. Edmeston, it appears, has taken over by assignment an alleged agreement made by Messrs. Arnold & Campbell, Port Arthur, with the Martens Falls Indians, with respect to this Long Lake timber. The Indians, of course, had no right or authority to enter into any private agreement with these individuals, and any such agreement without the approval of the Department is improper and illegal. The Gull Bay timber to which Mr. Edmeston refers was reported to the Department as very seriously damaged by fire, and for this reason was disposed of under the section of our regulations referred to above, in order that the remaining timber might be salvaged as quickly as possible. As the Long Lake timber is not damaged, and the necessity for immediate salvage does not exist, we are compelled to dispose of it by

Dcl.

ARCHIVES PUBLIQUES
CANADA

public competition, and provided the necessary arrangements can be made shortly to permit the export of this timber, an advertisement will be placed in the public press for this purpose.

As Mr. Kingston's letter is addressed to the Superintendent General of Indian Affairs, possibly you would have no objection to returning it to be attached to the official file.

Deputy Superintendent General.

Aug. 2nd. 1926

The Deputy Superintendent General of Indian Affairs,

Ottawa.

Dear Sir,

You will no doubt remember that I called on you some three or four months ago with reference to the sale of the timber on the Long Lake Reserve. You told me at that time that the consent of the Indians would have to be obtained, and on this being done the sale would be advertised in The Canada Gazette, and you also told me that the consent would be obtained, or asked for, at the time of the payment of the treaty money in July.

Will you be good enough to advise me if anything further has been done in the matter.

As I understand it the timber can only be sold to the highest tenderer after advertisement.

Yours truly;

W Langworthy

Mr Caldwell

J. D. MacLean Esq.,
Assistant Deputy and Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:

On 23rd inst I made formal application to your Department by mail for the right to cut the timber on the Martins' Falls Indian Reserve, situated adjacent to Long Lake in this district, but so far have had no official acknowledgement that my application has been received.

If you should have any doubts regarding my position with the Indians, I would refer you to Mr D. F. Robertson, Chief Surveyor of your Department, with whom I negotiated the purchase of a water main right-of-way on behalf of the City of Fort William, during my term of office as Mayor, from the Mission Band of Indians.

This proposition with the Martins' Falls Band of Indians is, in every way, as bona fide a proposal as I made with the Mission Band, and I shall, therefore, hope to hear from you in the matter soon.

With kind personal regards,

Yours very truly,

Newton Edmeston

Synopsis,- To waive the provisions of Order in Council No. 799, dated April 19th, 1901, and Section No. 16 of the Regulations governing the disposal of timber on Indian Reserves, in order to enable the Department of Indian Affairs to export for sale the timber of the Long Lake Indian Reserve in the Province of Ontario. The above mentioned Order in Council and Regulations placed an embargo upon the export of unmanufactured timber from Indian reserves in Ontario, pursuant to Provincial Legislation to like effect. The Province itself relaxed the operation of their embargo legislation in 1919 and 1920 and similar action is desired in the case of the Long Lake Indian reserve having regard to the financial interest of the band of Indians concerned.

Ottawa, August 9, 1926.

His Excellency

The Governor General in Council.

The undersigned begs to refer to Order in Council No.799, dated April 19, 1901, prohibiting the export from Ontario of unmanufactured timber cut on Indian Reserves which is suitable for pulp or paper manufacture. The Province of Ontario having prohibited at that time the export from the Province of unmanufactured timber cut on Crown Lands, it was deemed good policy to take like action with reference to unmanufactured timber cut on Indian Reserves.

By recent legislation of Ontario, namely, the "Poplar Pulpwood Export Act" 1919, and the "Pulpwood Export Act," 1920, the Minister of Lands and Forests has been empowered to suspend the operation of the Regulations governing "Manufacturing Conditions" at such times and in such localities as he may deem advisable.

The Martin's Falls Band of Indians on July 7,1926, surrendered for sale the timber on their Reserve at Long Lake, Ontario, which surrender was accepted by Order of Your Excellency in Council of July 20,1926. This timber consists chiefly of pulpwood to the amount of about 27,000 cords, and it is represented that if permission to export this pulpwood is granted, it will materially increase the value of the timber. As the Superintendent General of Indian Affairs is trustee for the Indian interest, it devolves upon the Department to dispose of the timber to the greatest advantage, and as the privilege of exportation will undoubtedly enhance the value to prospective purchasers, the undersigned has the honour to recommend that the application of the provisions of the aforesaid Order in Council number 799 of April 19,1901, and section No.16 of the Regulations governing the disposal of timber on Indian Reserves be waived with respect to the timber on the Long Lake Reserve as above mentioned.

Certified to be a true copy of a Minute of a Meeting of the Committee of the Privy Council, approved by His Excellency the Governor General on the 18TH AUGUST 1926

R

The Committee of the Privy Council have had before them a report, dated 9th August, 1926, from the Acting Superintendent General of Indian Affairs, submitting with reference to Order in Council P.C.799, dated April 19, 1901, prohibiting the export from Ontario of unmanufactured timbed cut on Indian Reserves which is suitable for pulp or paper manufacture. The Province of Ontario having prohibited at that time the export from the Province of unmanufactured timber cut on Crown Lands, it was deemed good policy to take like action with reference to unmanufactured timber cut on Indian Reserves.

By recent legislation of Ontario, namely, the "Poplar Pulpwood Export Act", 1919, and the "Pulpwood Export Act", 1920, the Minister of Lands and Forests has been empowered to suspend the operation of the Regulations governing "Manufacturing Conditions" at such times and in such localities as he may deem advisable.

copied EP.

The Martin's Falls Band of Indians on July 7, 1926, surrendered for sale the timber on their Reserve at Long Lake, Ontario, which surrender was accepted by Order in Council of July 20, 1926. This timber consists chiefly of pulpwood to the amount of about 27,000 cords, and it is represented that if permission to export this pulpwood is granted, it will materially increase the value of the timber.

August 30, 1926.

Dear Sir,-

In the absence of the Acting Superintendent General, I have been requested to reply to your letter of the 20th ultimo, with reference to the sale of timber on the Martens Falls Indian Reserve, and in this connection I note that you have obtained an assignment of an alleged agreement, dated the 9th of September, 1925, between certain members of the Martens Falls Band and Mr. J. Campbell, of Port Arthur, In the first place, I may explain that this agreement entered into between the Indians and Mr. Campbell, is improper and illegal, in that it did not receive the approval of the Department, and therefore disposition of the timber in this manner cannot be made.

The Indian Act provides that timber on an Indian Reserve may be disposed of by two methods; first, should the timber in question be sufficiently damaged by fire or otherwise to necessitate immediate salvage, the Superintendent General has the right to dispose of same by private sale in order to avoid delay. On the other hand, in all cases where circumstances of this character do not exist, we must, where the value of timber is in excess of $500, sell the same by public competition, and it is for this reason particularly that the Department cannot enter into any private arrangement based on any alleged agreement secured by Mr. Campbell. With reference to the Gull Bay timber I may say that a considerable portion had been very seriously damaged by fire, and it was necessary to salvage what remained as quickly as possible in order to avoid total loss.

It is our intention to advertise the Martens

COAT of ARMS.

SEALED TENDERS addressed to the undersigned and marked on the face of the envelope "Tender for Long Lake Timber" will be receivable up till noon of Wednesday, Nov.3rd.1926 for the purchase of the merchantable timber of six inches and over at the stump, on the Long Lake Indian Reserve No.77 in the district of Thunder Bay and province of Ontario.

TENDERERS should state the prices they are prepared to pay for each species of timber, either per M.f.b.m. or per cord of 128 cubic feet, over and above dues at the following rates:-

Spruce logs	$1.50 per M.f.b.m.	Pulpwood	$1.50 per cord.
Jack pine"	2.50 " " " "	Ties	.10¢ each
Poplar "	1.50 " " " "	Cordwood	.25¢ per cd.
Birch "	2.50 " " " "	Cordwood	.50¢ " "

Each tender must be accompanied by an accepted cheque on any Canadian Chartered Bank for the sum of $5000, such cheque to be retained by the Department as a deposit or security for the proper carrying out of the contract, and forfeited to the Department if the undertaking is not completed to the satisfaction of the Superintendent General.

Five years will be allowed in which the timber must be cut and removed under the regulations of the Department, and an annual license will be granted to the successful tenderer upon compliance with the regulations and the payment of rental $135 and license fee $4.00

Half the cost of adequate fire-guardianship of the timber must be paid by the licensee and the safe disposal of brush, tree tops and other debris resulting from the operations must be arranged for under the supervision of the Department. Preference by way of employment in the work of cutting and removing the timber must be given to the Indians of the band, and sworn returns must be furnished, based on the Doyle Rule, showing the kinds and quantities of timber cut each season.

The attention of tenderers is drawn to the fact that the timber on this Reserve, which is suitable for the manufacture of pulp or paper, is exportable under special authority of His Excellency the Governor General in Council.

Tenderers must submit their offer on the form of tender provided for that purpose, and such form together with plan of the Reserve and copy of the Timber Regulations may be had on application to the undersigned or to Mr.J.G.Burk, Indian Agent, Port Arthur, ONT.

Honourable Charles Stewart.

The quantity of timber on the Long Lake Reserve, Ont., is estimated to be as follows :-

158,000	ft.	B.M.	Large Spruce
136,000	"	" "	" Poplar
120,000	"	" "	" Birch
220,000	"	" "	" Jackpine
5,700	cords of Poplar		
2,100	cords of Birch		
32,000	cords of Spruce.		

I do not, unless directed by the Minister, give this information to intending tenderers.

Mr. J.G.Burk,
Indain Agent,
Port Arthur, Ontario.

Dear Sir:

Re "Tenders for Long Lake Timber"

We would appreciate having the following information;

In addition to the deposit, ground rent and license fee, ($5139.00), is your department asking that tenderers also state the cash bonus they are prepared to pay on account of the gross tender, before issuamce of license? Or is the above stated amount, ($5139.00) all the cash each tenderer must submit with his tender, and is the balance then payable as the wood is cut?

We would thank you for an early answer,

Yours faithfully,

THE WESTERN CONTRACTING CO. LTD.,

A.V.Chapman

Immediate
Sir!

I herewith enclose a letter from The Western Contracting Co. of this city, which is self explanatory.

Will you kindly let me have a reply by return mail.

Your obedient servant,

J. G. Burk,
Indian Agent.

The Secretary,
Dept. of Indian Affairs,

Ottawa. Oct.22nd.1926.

Sir:-

In reply to your letter of the 19th. inst. enclosing letter from the Western Contracting Co. making inquiry respecting mode of tender for Long Lake timber, I have to state that as indicated in the advertisement of sale, tenderers must make their offer in the form of price per M.f.b.m. or per cord etc. for the various species of timber on the reserve.

Their tender must be accompanied by a certified cheque for the sum of $5000 as a deposit and in the event of acceptance of tender, a further sum of $139 covering first year rental and license fee. Rental and renewal fee of $200 is payable each year during the course of the operation, and no other payments are to be made other than the price tendered for each species of timber as it is cut.

Half the cost of adequate fire-guardianship is also chargeable to the licensee.

It is not necessary for tenderers to fill out the columns showing estimate of timber and value of tender and no bonus is payable before issue of license.

Your obedient servant,

A. F. Mackenzie.

RE: "LONG LAKE TIMBER".

Sir:

I wired you this morning as follows:-

"SUCCESSFUL TENDERS FOR LONG LAKE TIMBER SHOULD BE COMPELLED TO PAY FOR ROUGH PULPWOOD -STOP- SOME FIGURING ON PUTTING IN ROSSING MACHINE CAUSING OUR DEPARTMENT TO LOSE ON MEASUREMENT -STOP- LETter FOLLOWING."

It has come to my attention that some of the Tenderers on this timber are figuring on either peeling or rossing the pulpwood in the bush. In doing so, they would without doubt have this done before piling it for measurement. It is therefore very apparent that unless the wood is piled in the bush with the bark on, the measurement, upon which the Indian Department are to receive payment will shrink considerably to the advantage of the Contractor.

I have made enquiries to ascertain if possible to what extent wood does shrink when peeled or rossed, and find that rossed wood will shrink approximately 30%, and peeled wood 15 to 20%.

It has appeared to me my duty to point out these facts to you for your consideration, in order that our Department may not be criticized later on, should the successful Tenderer adopt the practice of either peeling or rossing.

I strongly advise having the License stipulate that the pulpwood must be piled in the rough for measurement purposes.

Your obedient servant,

J. G. Burk,
Indian Agent.

Dear Sir. Mr. Ward manager and Treasurer of Detroit Sulphite Pulp and Paper Co. who called with me on spr two weeks ago has been taken ill at Port Arthur and has been unable to reach Ottawa as intended. On his behalf I therefore send for him Jas Kenneth Landing for the tenders of his Company duly signed. No estimated quantities have been filled in in view of the understanding arrived at in your office the other day re the Commission that same was not required and would not be taken into consideration but I think I may communicate the fact that his Cruisers have reported a very considerable larger quantity indeed of Pulpwood than

CANADA.

October 30th, 1926.

Duncan C. Scott Esq.,
Deputy Superintendent General,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir: Re Long Lake Indian Reserve No. 77

In accordance with your advertisement calling for tender for the timber on the above mentioned area, dated October 4th, 1926, we enclose herewith our tender on form required by the department together with certified cheque payable to your order for five thousand dollars ($5,000.00) as deposit.

We write this letter to direct your attention to the fact that we are in an especially advantageous position to handle the timber on this reserve to the complete satisfaction of your Department as we are lumbermen of may years experience in this particular District. If our tender is accepted we will be able to give preference by way of employment to the Indians of the band and can advance necessary and proper amounts of clothing, foodstuffs and money to assist them in carrying out subcontracts. We can also look after their welfare between logging seasons to better advantage, we believe, than any other tenderer by providing them with horses to work their land and with employment at other work than in the bush. In this connection we may say that should market conditions warrant, and we believe they will, that it is our intention to erect in connection with the operation of the reserve a wood preparing plant which would give employment the year round to local labour.

Trusting that you may act favorably upon our application and tender, we are,

Yours very truly,

ARROW LAND AND LOGGING COMPANY LIMITED.

W. H. Russell
President.

E. E. Johnson.
Secretary.

Memorandum:

Honourable Charles Stewart.

I beg to advise you that the necessary surrender of the timber on the Long Lac Reserve (Marten Falls) has been given by the Indians, and it was approved by His Excellency the Governor General in Council on July 20th, last. The reserve is not far from the town of Kenora and the cities of Fort William and Port Arthur. Would you kindly let me know the newspapers in which you desire that the advertisement of the sale of this timber should be inserted.

P.C. 1255

IH/3

PRIVY COUNCIL CANADA

Certified copy to be a true copy of a Minute of a Meeting of the Committee of the Privy Council, approved by His Excellency the Governor General on the 18th August, 1926.

The Committee of the Privy Council have had before them a Report, dated 9th August, 1926, from the Acting Superintendent General of Indian Affairs, submitting with reference to Order in Council (P.C. 799), dated April 19, 1901, prohibiting the export from Ontario of unmanufactured timber cut on Indian Reserves which is suitable for pulp or paper manufacture. The Province of Ontario having prohibited at that time the export from the Province of unmanufactured timber cut on Crown Lands, it was deemed good policy to take like action with reference to unmanufactured timber cut on Indian Reserves.

By recent legislation of Ontario, namely, the "Poplar Pulpwood Export Act", 1919, and the "Pulpwood Export Act", 1920, the Minister of Lands and Forests has been empowered to suspend the operation of the Regulations governing "Manufacturing Conditions" at such times and in such localities as he may deem advisable.

The Martin's Falls Band of Indians on July 7, 1926, surrendered for sale the timber on their Reserve at Long Lake, Ontario, which surrender was accepted by Order in Council of July 20, 1926. This timber consists chiefly of pulpwood to the amount of about 27,000 cords, and it is represented that if permission to export this pulpwood is granted, it will

The Superintendent General of Indian Affairs.

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

materially increase the value of the timber.

The Minister observes that as the Superintendent General of Indian Affairs is trustee for the Indian interest, it devolves upon the Department of Indian Affairs to dispose of the timber to the greatest advantage.

The Minister therefore recommends, as the privilege of exportation will undoubtedly enhance the value to prospective purchasers, that the application of the provisions of the aforesaid Order in Council of April 19, 1901, (P.C. 799), and Section No. 16 of the Regulations governing the disposal of timber on Indian Reserves be waived with respect to the timber on the Long Lake Reserve as above mentioned.

The Committee concur in the foregoing recommendation and submit the same for approval.

E. J. Lemaire

Clerk of the Privy Council.

November 15, 1926.

Memorandum

Honourable Charles Stewart.

I beg to submit herewith an analysis by the Timber Supervisor, approved by Mr. Caldwell, of the tenders received for the timber on the Long Lake Indian Reserve, Ontario. I join with the officers mentioned in their recommendation to award the tender to Charles W. Cox, who has offered the highest prices for the timber. Mr. Cox's tender works out more than $13,000.00 higher than the next lowest. Mr. Cox's offer would have been about fifty per cent lower if the exportation of the timber had not been sanctioned by Order of His Excellency in Council. This is a small limit, and the quantity to be manufactured in comparison with the aggregate output of the Crown Lands of Ontario is entirely negligible. It seems to me our duty as trustees to obtain the very highest price for any item of the Indian estate, and I therefore would recommend the acceptance of Mr. Cox's tender.

SEALED TENDERS addressed to the undersigned and marked on the face of the envelope "Tender for Long Lake Timber" will be receivable up till noon of Wednesday, Nov. 3rd, 1926, for the purchase of merchantable timber of six inches and over at the stump, on the Long Lake Indian Reserve No. 77 in the District of Thunder Bay and province of Ontario.

Tenders should state the prices they are prepared to pay for each species of timber, either per M.f.b.m. or per cord of 128 cubic feet, over and above dues at the following rates:—

Spruce logs	$1.50 per M.f.b.m.
Jack pine logs	2.50 " "
Poplar logs	1.50 " "
Birch logs	2.50 " "
Pulpwood	1.50 per cord.
Ties	.10 each
Cordwood	.25 per cord.
Cordwood (birch)	.50 per cord.

Each tender must be accompanied by an accepted cheque on any Canadian Chartered Bank for the sum of $5,000, such cheque to be retained by the Department as a deposit or security for the proper carrying out of the contract, and forfeited to the Department if the undertaking is not completed to the satisfaction of the Superintendent General.

Five years will be allowed in which the timber must be cut and removed under the regulations of the Department, and an annual license will be granted to the successful tenderer upon compliance with the regulations and the payment of rental $135 and license fee $4.00.

Half the cost of adequate fire-guardianship of the timber must be paid by the licensee and the safe disposal of brush, tree tops and other debris resulting from the operations must be arranged for under the supervision of the Department. Preference by way of employment in the work of cutting and removing the timber must be given to the Indians of the band, and sworn returns must be furnished, based on the Doyle Rule, showing the kinds and quantities of timber cut each season.

The attention of tenderers is drawn to the fact that the timber on this reserve, which is suitable for the manufacture of pulp or paper, is exportable under special authority of His Excellency the Governor General in Council.

Tenders must submit their offer on the form of tender provided for that purpose, and such form together with plan of the Reserve and copy of the Timber Regulations may be had on application to the undersigned or to Mr. J. G. Burk, Indian Agent, Port Arthur, Ont.

Mr. D. C. McLean,
Assistant Deputy & Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

About six weeks ago I tendered for the Long Lac timber, and enclosed an accepted cheque for the sum of Five Thousand Dollars ($5000.00) fully anticipating that a decision would be made at least within a reasonable time.

The cutting season is now on, and if any work is to be done during 1926-27 season any additional delay will absolutely prohibit an operation.

I do not want to appear unduly urgent, but think you will agree that six weeks is an unusually long time to await a decision regarding such matters.

Yours very truly,

Charles W Cox

Ottawa, Nov.15th.1926. 192

Memo. to the Deputy Superintendent General.

R

TENDERS FOR LONG LAKE TIMBER.

In response to the advertisement of sale of Long Lake Timber, the following tenders have been received with prices offered:-

Tenderer.	SPRUCE. Logs per M.	SPRUCE. Pulpwood per cd.	JACKPINE Logs per M.	JACKPINE Ties ea.	POPLAR Logs per M.	POPLAR Wood per cd.	BIRCH. Logs per M.	BIRCH. wood per cd.
Arrow Land & Logging Co.	7.76	3.07¼	7.51	.18¼	5.76	.40½	6.51	.66
A.B.Gordon.	3.50	2.25	3.50	.14	--	--	--	--
F.O.O'Brien.	10.50	3.60	9.50	.23	9.00	1.00	9.00	.75
Charles W.Cox.	10.00	4.10	9.00	.24	9.25	1.10	8.50	.65
Driftwood L.& T.	15.00	3.13	9.00	.22	2.50	.46	3.50	.71
Western Contrtg	5.00	1.61	8.00	.20	5.00	.25	2.50	.50
Detroit Supphite	15.00	2.59	9.00	.20	2.50	.46	3.50	.71
Arnold & Campbell	29.00	1.50	31.00	.15	3.00	1.25	31.00	1.00

Each of the above tenders was accompanied by certified cheque for $5000 with the exception of the Arnold & Campbell tender.

Before considering the various offers, it is advisable to point out that the Long Lake operation is essentially a spruce pulpwood and jack pine tie operation, and that the relative value of each tender should be judged mainly on the offers for these two species of timber.

In my opinion the Arnold & Campbell tender is obviously camouflaged to appear to be a valuable offer in view of the prices offered for Spruce, Jackpine and Birch logs, but as the manufactured lumber from these three kinds of timber is quoted on the Toronto market at prices of $35, $35 and $37 Mill Run it is obvious thatthe prices offered for these logs are fictitious and that no serious effort will be made to cut logs. This surmise is borne out by the fact that prices offered for spruce pulpwood of $1.50 and jack pine ties of 15 ¢ (the timber that will actually be cut) have been placed at very low figures.

Poor Copy

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Furthermore,the Arnold & Campbell tender not being accompanied by certified cheque for $5000 is not in order and should not therefore be given consideration.

A careful examination of the remaining tenders shows that the tender of C.W.Cox ranks the highest,and I would therefore recommend acceptance.

H. Berry

Supervisor Indian Timber Lands.

A.M.C.

I have personally checked the various tenders and saw Mr. Berry upon the matter. The tender of Mr. Cox is the highest. He has applied for the timber and his cheque is enclosed herewith.

Total value of each bona fide tender as based on departmental estimate,of 27.000 cords pulpwood,11.000 ties, 200.000 f.b.m. Poplar and 2.500 cords of birch wood is as follows:

Arrow Land & Logging Co.....	$87.617.00
A.B.Gordon.....	69.040.00
F.O'Brien.....	103.405.00
C.W.Cox.....	116.815.00
Driftwood L.& T.Co.....	89.205.00
Western Contracting Co.....	47.920.00
Detroit Sulphite Pulp & Paper Co...	74.405.00

OFFICE OF THE
DEPUTY SUPERINTENDENT GENERAL
OTTAWA

November 15, 1926.

Memorandum

Honourable Charles Stewart.

I beg to submit herewith an analysis by the Timber Supervisor, approved by Mr. Caldwell, of the tenders received for the timber on the Long Lake Indian Reserve, Ontario. I join with the officers mentioned in their recommendation to award the tender to Charles W. Cox, who has offered the highest prices for the timber. Mr. Cox's tender works out more than $13,000.00 higher than the next lowest. Mr. Cox's offer would have been about fifty per cent lower if the exportation of the timber had not been sanctioned by Order of His Excellency in Council. This is a small limit, and the quantity to be manufactured in comparison with the aggregate output of the Crown Lands of Ontario is entirely negligible. It seems to me our duty as trustees to obtain the very highest price for any item of the Indian estate, and I therefore would recommend the acceptance of Mr. Cox's tender.

Ottawa. Dec.28th.1926.

Sir:-

I beg to inform you that the timber on the Long Lake Reserve No.77 has been sold to the highest tenderer,Mr.C.W.Cox of Port Arthur and a license,No.208 has therefore been issued to him.

I enclose herewith tripliçate copy of this license which you should retain in your office records,which shows the prices he has agreed to pay for the different species of timber,and the annual rental.

With regard to your representations respecting rossed pulpwood,I have to state that all pulpwood cut from this Reserve must be measured in the "rough" or unrossed condition and payment of royalty must be based on the cord of 128 cubic feet i.e.a pile of wood measuring 8 feet in length,4 feet in width and 4 feet high.

Dr. Scott,-

Re - Martin Falls Band, Long Lake, Ont.
Timber Funds.

Under the terms of surrender the moneys received from the sale of timber are to be credited to the Band's account and interest thereon paid to the Band in the usual manner, and, provided, that 50% of the said moneys shall be duly paid to the Band in conformity with Section No. 89 of the Indian Act.

So far only $5,000.00 as bonus has been received from the Licensee, together with $319.00 for ground rent.

No further funds are expected to be received from the Licensee until next summer when he disposes of the timber cut.

Undoubtedly the Indians will expect to receive 50% of the funds accruing from the sale of the timber but it should not be given to them in large payments; otherwise it would do more harm than good.

The destitute vote should be relieved of all charges for this Band and those who desire to build houses on the reserve should be assisted. A few of the younger men of the Band signified their intention when the surrender was obtained last summer of building homes. No promises, however, were made at that time of assisting them from the Band Funds but it would be money well expended.

ACCOUNTANT'S BRANCH JAN 1927

After the next annuity payments, I think we will be better able to judge how these funds should be expended, in the best interest of the Indians in addition to giving them a reasonable cash payment.

Of the $5,000.00 at present paid in, the Indians might be given 50% which would mean a per capita payment of $8.00 to 161 Indians.

The

January 5th., 1927.

Poor Copy

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

The 50% payments should be spread over a term of years in reasonable payments.

Very few of these Indians live or have their homes at Long Lake on the reserve. They come in from their hunting grounds, north of Horne Payne on the C.N. Ry,, which is east of Long Lake, for the annuity money, and do not remain long.

Ottawa. May 17th.1927.

Sir:-

I beg to acknowledge receipt of your letter of the 5th.inst.the meaning of which is not quite clear,but it is presumed that you desire information as to a distribution of money to members of the Long Lac Reserve band from the proceeds arising out of the sale of timber on this Reserve.

In reply I have to state that as the timber was sold on a stumpage basis,and not for a cash lump sum, no royalties have yet been received,and a distribution can hardly be made until part of the timber is cut and royalties paid.

The Department holds the sum of $5000 as security for the proper carrying out of the undertaking and consideration is being given to the question of a distribution of half this amount.

If the timber had been sold for a bonus or cash lump sum,funds would have been immediately available for distribution purposes.

Your obedient servant,

Asst. Deputy & Secretary.

Mr. Ogilvie please explain.

Ottawa, June 5th, 1928.

MEMORANDUM

LANDS BRANCH
JUN 5 1928

Mr. Caldwell:-

I will be at Long Lake early in July and the Indians (Martin's Falls Band) will be making inquiries as to their timber. They will want to know why Cox does not operate under his lease. His inaction keeps the Indians out of any funds. Last Summer they were insistent that Cox should commence operations. If fire got into this timber it would destroy the best of it.

I was informed that at the market price of Ties, etc., laid down at the Railroad at Long Lake Cox would not get what he has to pay the Department for the timber which explains why he does not operate the lease.

What can I tell the Indians?

W. Ogilvie

Dear Mr. Caldwell:

I am enclosing herewith copy of letter which I forgot to enclose in my last letter.

I just received a letter from Mr. Paget, who informed me he had communicated with you regarding Mr. Cox's operations on the Gull Lake Reserve, I wish to advise in this connection I wrote to Mr. Paget and enclosed a letter, received from Chief George Taylor, which I am enclosing herewith, which is self-explanatory.

As you will note the Chief is inquiring if there will be any extra payment this year from timber dues. They naturally will not receive any until Mr. Cox begins to operate on that Reserve.

Yours very truly,

J. G. Burk,
Indian Agent.

Dr. Scott,-

I observe that Cox was written on 9th June but has not replied. I would suggest wiring him so that I may be able to explain to the Indians, as they will expect some explanation at the payments.

Please see Chief Geo. Taylor's letter of 1st June.

We will be at Long Lake on 3rd July and a telegram care of Hudson's Bay Co., Longlac would get me if any word from Cox as to his intentions is received.

Chief Accountant.

Attention Mr. McKenzie.

Dear Sir:-

Wish to acknowledge your telegram of the 4th, to which I replied as follows:

"Re your telegram of the 25th, market and general conditions do not permit operatings at present however am willing to try and work out satisfactory solution."

Owing to the fact that we have considerable fire killed timber, we find it necessary to manufacture this first, also the market conditions will hardly permit extending our present operations. Under these circumstances I did not want to start on the Long Lac Reserve. However I am perfectly willing to co-operate with you in every possible manner and should you insist on it, I would be agreeable to commence, in at least a small way. As an alternative I might consider the purchase of the timber outright as it stands, according to the cruise. In this case would require a long period for the removal of same.

This matter was discussed by agent Peck and myself and he would interview Indians and report after paying treaty.

Yours very truly.

CWC/A

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

30009-5

Ottawa. Oct.30th.1928.

Sir:-

As you are doubtless aware,the Indians of the Long Lake band have been pressing for a distribution of timber money arising out of the proceeds of the sale of their timber,but such distribution cannot be made until after the commencement of logging operations by the timber licensee,Mr.C.W.Cox,and the resultant payment of royalties.

The licensee has reported that owing to adverse market conditions,he is not yet in a position to commence operations to advantage,and there does not appear to be any prospect in the near future of such operation being commenced.Meantime,the timber is subject to a serious fire risk,due to the railway traversing the reserve,and although the Department holds a deposit of $5000 on this contract,yet this sum would be inadequate to cover any possible loss due to forest fire.

The licensee has intimated that he would be prepared to purchase the timber outright,for a lump sum as bonus,provided he was given an extended period in which to complete the operation,and the Department is prepared to give this proposal consideration,as the fire risk would then be largely borne by the licensee,and the ~~Indians~~ Dept would receive the greater portion of the value of the timber,in cash,immediately.

You have doubtless had an opportunity of discussing this phase of the matter with the Indians last treaty time,and I have therefore to request you to report as to their attitude,and also what amount as bonus,the licensee is prepared to pay,provided an extension of 10 years is given in which the timber must be cut and removed.

Your obedient servant,

J.B.Burk Esq.
Indian Agent

RECORDS

Sir,—

Beg to acknowledge receipt of your letter of the 30th, with reference to the Long Lac Reserve.

At the time of paying treaty money in July, the Indians were pressing for some returns in connection with the sale of their timber, and expressed the desire to sell same for cash, as they were afraid it might be destroyed by fire. The Chief asked me to attend a meeting when the matter was discussed, and a resolution was drawn and partially signed, asking that the timber be dealt with in the above manner.

As this is close season for many fur bearing animals, they are naturally in need of some assistance.

As requested, I interviewed Mr. Charles W. Cox, the licensee, as to his intentions regarding the commencement of operations, and was informed that the present market conditions will not warrant cutting at this time. He expressed a willingness, however, to buy the timber as it stands and intimated he might be willing to pay $100,000.00 for same, providing he was given sufficient extension of time for removal.

I am,

J.D.MacLean, Esq.,
Deputy & Secretary,
of Indians Affairs.

Your obedient servant,

Indian Agent

Sir:-

In reply to your letter of the 30th.of July last in which you indicate that you might consider making an offer in the form of a lump sum for the timber on the Long Lac Reserve,provided you are given an extension of time in which to complete the cutting,I have to state that as the Department is desirous of realising the value of this timber,so that the interested Indians may be given some relief and assistance,if you will make an offer of the amount you are willing to pay as bonus,in addition to dues at tariff rates,such offer will be given consideration.

I enclose a copy of the tariff of dues which applies to the Long Lac Reserve,and would ask you also to indicate what period of time you would require in which to complete the operation.

Your obedient servant,

Asst. Deputy & Secretary.

Dear Sir:-

I have your letter of the 6th., referring to the payment of a lump sum for the timber on the Long Lac Reserve.

In replying, would state that I would consider paying $100,000.00 for same, including any dues; and I would require at least an additional five years time for removal.

The above paymant would be made after examining the property to ascertain what loss, if any, was sustained from the fire last summer. This would take only a short time.

If this offer meets with your approval, kindly advise and I will proceed with the examination immediately.

Yours very truly,

CWC/A

Lands and Timber Branch

Ottawa, Nov.17th.1928. 192

Memo. to the Deputy Minister.

Purchase of Long Lac Timber.

Two years ago the Department sold the Long Lac timber,after public advertisement to Mr.C.W.Cox on a royalty basis,but up to the present time owing to a depressed market,the licensee has not been in a position to start operating.

The Indians however have continually urged that they be given a distribution,as owing to their impoverished condition,they need immediate help,and it was for that reason that they gave the surrender.

The Department has constantly urged the licensee to commence operations,and he appears anxious to do so as soon as market conditions are favorable.The recent slump in pulpwood is,however quite likely to continue for some time,as the paper market is over-stocked.

The situation was explained to the licensee,and he now offers to pay in full for the timber provided he is given an additional five years in order to complete the cutting.He states in his letter hereunder that he would consider paying a lump sum of $100.000 after ascertaining the extent of the fire loss which the reserve sustained last year.

An examination of this offer is as follows:-

ESTIMATE and VALUATION made by J.R.McDonell,Ont.cruiser.1924.

MEMORANDUM

Hon. Charles Stewart -

I beg to submit herewith memorandum from Mr. H. J. Bury, Supervisor of Indian Timber Lands, supported by Mr. J. C. Caldwell.

The memorandum deals with the proposed adjustment of the purchase price of the timber on the Long Lac, Ontario, Reserve. The memorandum is self-explanatory. I think the recommendation is in the interest of the Indians and I would, therefore, recommend that Mr. Cox's offer be accepted. You will note that it is contingent upon examination of the timber to ascertain fire loss, and I am informed by Mr. Bury that he does not think the fire loss has been large although there is constant fire menace.

Lands and Timber Branch

Ottawa, January 21, 1929

Memo.

Deputy Superintendent General,-

I desire to report concerning an adjustment recently made with Mr. C. W. Cox, of Port Arthur, with respect to payment for the timber on the Long Lake Indian Reserve, for which he was, in December, 1926, the successful tenderer.

At the time of the acceptance of Mr. Cox' tender, he paid to the Department a cash deposit of $5,000, and an additional sum of $139 for ground rental and license fee. Owing to the condition of the lumber market, and the fact that Mr. Cox was carrying on extensive operations elsewhere, he was unable to begin operations at once on the Long Lake Reserve, and in the meantime the Indian owners were pressing the Department for some distribution of funds from their timber. The general situation was discussed with the Band by the local Agent, and when Mr. Cox was made aware of the anxiety of the Indians to receive some pecuniary benefit from the surrender of their timber, he intimated to the Department that, while not wishing to begin cutting operations for the present, he was prepared to pay in cash what might be considered the full amount which the Indians would ultimately receive for this timber. For an adjustment on this basis Mr. Cox offered $100,000, and this figure was considered satisfactory, both by the Long Lake Band and the Department.

On the 14th instant Mr. Cox came to Ottawa for the purpose of making a settlement on this basis, and as you were absent from the City, I took upon myself the responsibility of settling this matter upon the conditions previously agreed upon.

It was a condition of the surrender of this timber that 50% of the moneys received should be paid

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

to the members of the Band, in conformity with the provisions of section 89 of the Indian Act, and in discussing this matter, Mr. Cox stated that it would be a matter of considerable convenience to him if the Department would be satisfied to accept a cash payment of $50,000 and a twelve months' note for the balance. It appeared to me at the time that there was no particular reason why the Department should not accept such a settlement, particularly as the cash payment would more than meet the terms and conditions of the surrender, and the deferred payment would bring in some additional revenue to the Band, as we proposed charging him six per cent interest.

Subject to your approval, therefore, an adjustment of the matter was made on the following basis. Mr. Cox gave the Department a cheque for the sum of $50,000, which, together with the initial deposit of $5,000, made a payment of $55,000 in cash. A note was drawn up for twelve months, covering the balance of $45,000 plus one year's interest at six per cent, making the total amount of the note $47,700. Both the cheque and the note were at once handed over to Mr. Paget, the Chief Accountant. I may add that, while this arrangement was considered satisfactory, Mr. Cox indicated that, should for any particular reason the Department insist upon payment of the full amount in cash, he would make every effort to raise the necessary funds. However, I do not see that any such action is necessary, and in my opinion the entire transaction is one of advantage to the Band, as Mr. Cox now assumes full responsibility for any fire or other loss in so far as this timber is concerned.

Dear Sir:-

I have your letter of November 29th, with reference to the note of $47,700.00 (Forty seven thousand seven hundred dollars) which falls due on January 1st.

Would very much appreciate if you would accept $17,700.00 (Seventeen thousand seven hundred dollars) as payment on account and a six (6) months renewal covering the balance of $30,000.00 (Thirty thousand dollars).

The market conditions are such that none of the wood has been cut.

Please advise if this is satisfactory and I will arrange payment as suggested when the note falls due.

Yours very truly,

CWC/VA

Ottawa, December 18th. 1929. 192

Memo. Dr. Scott:

Transfer & Renewal of Timber License 208

Mr.C.W.Cox has filed certified copy of transfer of his license No.208 to Driftwood Lands & Timber Co. and has paid the regulation transfer fee of $54 also the current rental and renewal fee.

He has also agreed to assume full responsibility for the payment of the balance of bonus due, now amounting to $30.900, and I would therefore recommend acceptance of transfer and issue of renewal license.

As the timber on the reserve is intact, and renewals are only granted after full compliance with the regulations, the Indian interest is fully protected.

Herewith renewal license submitted for signature.

30009-5

Canada## Lumberman Dec.15th.1929.

He Uses Tractors to Advantage

C. W. COX, president of the firm bearing his name, with head offices at Port Arthur, Ontario, is one of the largest timber contractors in Canada. Mr. Cox started contracting general timber work several years ago, and is now one of the largest timber contractors in Ontario.

In the winter time, the general field of work of this company covers supplying ties to the railroads and logging pulpwood and poles. In the summer months when their camps are closed in the bush, the company contracts highway building.

Mr. Cox, through close supervision and management, has made his company show a substantial profit each year. In fact, the many different contracts that have been awarded this company prove that they are able to manage any good size job and make a success of it.

How Tractor Helped

Last winter C. W. Cox had a contract to supply the railroads with 450,000 jack pine ties. These ties were logged from their camps located seventeen miles north of Hudson, Ont. On this work, three thirty and two sixty horsepower tractors were used. As usual, this company organized their work so that it was balanced throughout. The thirtys were used to bring in the ties from the strip roads to the main makeup point. This distance on the average was 1½ miles. The thirtys on this short haul would bring in either one or two sleighs per trip, each sleigh carrying 250 ties.

At the makeup point large trains were made up to be hauled by the sixtys to the dump. The main sled road was ten miles long, crossing lakes, portages and rivers. This road was purely a snow one, and on this length of haul each sixty would make three swings every twenty-four hours, making the daily output per sixty 3,600 ties. With the two sixtys, 7,200 ties were hauled daily over this ten-mile snow road.

Tractor Kept Going

At the dump the tractor would be uncoupled from the train and coupled to an empty string of sleighs so as to immediately return to the bush. This operation continued night and day until the 450,000 ties were all in.

The ties, having been dumped on Lost Lake, remained there until the thaw came and were then towed by Diesel-powered boats to the loading point at Hudson. Here the ties were loaded into steel cars by a conveyor that brought them from the lake to the cars. This conveyor was also powered by a modern gasoline engine.

With the development of the Port Arthur section of the Great Lakes, many new grain elevators are being erected. At the same time that C. W. Cox, Ltd., were running their tie hauling operation they were also cutting 20,000 piles to be used in grain elevator construction. These piles were cut near Nipigon Lake, which lies east of Port Arthur.

For Road Building Too

This last summer C. W. Cox took a contract to build several miles of road between Fort Frances and Fort William. Tractors and elevating graders were used on this work.

Lands and Timber Branch

Ottawa, Dec. 31st. 1929. 192

Memo. Mr. Caldwell:

With regard to letter hereunder from the manager of the Canadian Bank of Commerce, Ottawa, enclosing settlement of C.W.Cox note for $47.700 due Jan.1st.1930, it will be in order to deposit the cheque for $17.700, but the note for $30.000 drawn at six months and bearing interest at 5% is not acceptable, as this note should be drawn for $30.900 which sum includes interest at 6% which is the correct rate of interest as provided in the timber regulations.

I would suggest that the $30.000 note be returned to the bank with an explanatory letter, and a request that note for the proper amount be drawn.

of

hereinafter called " The Contractor,"
of the one part,

AND

J.H.Beamish, of Port Arthur, Ontario,

hereinafter called "The Purchaser"
of the other part.

(1) Witnesseth that in consideration of the sum of one dollar, receipt of which is hereby acknowledged, the Contractor agrees to cut and deliver to the Purchaser F.O.B cars at
peeled Jackpine Poles.

25'	poles	}
30'	"	}
35'	"	}
40'	"	} and 10% Red Pine Poles
45'	"	} will be accepted.
50'	"	}

at seven (7) cents per lineal foot, according to the specifications hereinafter set forth.

(2) The said poles are to be cut from the standing timber on the following lands, namely:

Lot No. Con. No.
Township District Ontario.

(3) The specifications are as follows:

Tops:- Minimum 18½" circumference for 25 ft. and 30 ft. and 22" for all other poles.

Poles shall have minimum circumference 6 ft. from the butts, as follows:

25	ft.	poles	29	inches	in	circumference	6	ft.	from butt.
30	"	"	32	"	"	"	6	"	"
35	"	"	35	"	"	"	6	"	"
40	"	"	39	"	"	"	6	"	"
45	"	"	42	"	"	"	6	"	"
50	"	"	45	"	"	"	6	"	"

Soundness:-

Poles shall be sound, free from knots, wind shakes, cat faces, holes, rot, red-heart or other defect which will affect materially the strength of the poles. By way of interpreting this specification, a whirl of sound knots at a point where a pole is 8 or 9 inches in diameter and consisting of 4 knots, the equivalent of limbs having 1" diameter, shall account for the rejection of the pole. Similarly a pole will be rejected for two sound knots, the equivalent of limbs 2 inches in diameter.

Peeling:-

Poles, shall be, as far as possible, spring peeled. Poles must be free from bark which would account for waste or ... in impregnation. Poles should be peeled throughout and be trimmed to a smooth surface wherever sound knots occur.

Poor Copy

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Swept:-

Poles will be considered straight where any point on the nearest surface of the pole does not deviate more than 6" from a taut line drawn from any point on the top of the pole to any point at the bottom of the pole.

When poles are delivered at point of loading they must be piled in single tiers, so spaced that each pole may be thoroughly and accurately measured and inspected.

(4) The poles shall be delivered by the Contractor free from all liens (whether to Banks or for Wages, or for any other account) Crown Dues, Workmens' Compensation premiums, tolls or encumbrances whatsoever, and evidence to that effect satisfactory to the Purchaser must be produced before any payment is made.

(5) Said poles shall be inspected by the Purchaser's Inspector whose decision as to the measurements, and acceptance and rejection thereof, shall be final between the said parties, and the purchaser shall be bound to accept such poles as are accepted by him. All poles shall remain at the risk of the Contractor wherever piled or placed until final inspection by the Purchaser's Inspector.
No culls will be accepted on any account.

The purchase to make the first inspection of poles at the Railway siding on March 25th. and will within ten days thereafter advance approximately fifty per cent of the contract price.

Final payment to be made thirty days after poles have been loaded on cars.

Ottawa, Feb.2nd.1931.

Sir:-

With reference to your letter of the 26th. ult.regarding a timber contract which the Indians of the Martin's Falls band desire to enter into with Mr.J.H. Beamish for the cutting of 2000 jack pine poles,it is not clear from your letter,nor from the form of proposed agreement enclosed therewith,just what land or reserve these Indians propose to cut over.

As you are aware,the band surrendered the timber on the Long Lake reserve some time ago,and this was sold by public tender,and is not now under the control of the Department.

Your obedient servant,

Secretary.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

DEPT. OF INDIAN AFFAIRS
FEB 7 1931
RECORDS

510-2

Port Arthur, Ont.,
Feb., 5th, 1931.

Sir:

I beg to acknowledge receipt of your letter of the 2nd inst., file No. 30009-5, relative to previous correspondence regarding the proposed contract with the Indians of the Martin Falls Band, to cut 2000 jackpine poles on their Reserve, and in reply I wish to say the Martin Falls Band wish to cut the jackpine poles from their own Reserve.

Dealing with your second paragraph I wish to state the timber on the Long Lake Reserve has not been sold. The timber on the Martin Falls Reserve was sold by public tender to Mr. C. W. Cox of this City. Referring to this surrender I wish to state I was under the impression that Mr. Cox had entered into a second contract with the Band to sell their pulp wood for a lump sum. The Chief and members of this Band were under the impression the former contract would be cancelled. The Martin Falls Band are willing to allow the Long Lake Band to assist them with this contract if it would be possible for them to enter into contract to cut 2000 poles for J. H. Beamish of this City.

Referring to the jackpine on the Martin Falls Reserve, I wish to advise the timber is second growth and is not suitable for ties, but would meet all requirements for jackpine poles. Under the existing circumstances would it be possible to secure this contract for the 2 Bands in order to assist them, as they are in destitute circumstances owing to the scarcity of fur.

An early reply will be appreciated.

Your obedient servant,

J. G. Burk,
Indian Agent.

30009-5 Vol 1

Ottawa. Feb.10th.1931.

Sir:-

In reply to your letter of the 5th.inst. No.510-L you state in the second paragraph that the timber on the Long Lake reserve has not been sold.

This apparently is an error in transposition as such timber was duly surrendered,offered for sale by public tender,and sold to Mr.C.W.Cox,who later paid a cash bonus for it as indicated in your letter of Dec.5th.1928.

The Long Lake or Long Lac reserve has an area of 17.280 acres and is situated at Long Lake near the mouth of the Suicide river.

The Martin Falls reserve No.65 of 19.200 acres on the other hand has never been dealt with with respect to the timber,and it is doubtless this reserve to which you have reference,and which the Martin Falls band wish to cut under contract.

You may therefore proceed further in the matter of securing a contract for the Martin Falls band to cut 2000 jackpine poles from the Martin Falls reserve, and the Department would have no objection,provided the Martin Falls Indians are willing,to allowing the Long Lake Indians to assist them in their contract.

A band permit for 2000 poles may therefore be issued subject to the payment of dues at tariff rates.

Your obedient servant,

Secretary.

Lands and Timber Branch

Ottawa, NOV. 19th.1928. 192

Memo. to Mr.Caldwell:

With reference to the attached letter the lumbering operations referred to as being conducted on Indian Reserves in the vicinity of Hudson doubtless refers to those of the Keewatin Lbr.Co. and C.W.Cox,both of whom are engaged in taking out ties.

These two small operations are not sufficiently large in scope as to warrant the Department employing a scaler for any length of time, but it is possible that next season both these operations may be carried out on a larger scale,in which case the question of the employment of a scaler might be given consideration. In the meantime,should occasion arise for a check scale to be made,the name of Mr.Geo. Hynes of 224 Cameron St.,Fort William,can be noted.

Dear Mr. Heenan,-

I have received your letter of the 15th instant, recommending to the Department the services of Mr. George Hynes, of Fort William Ontario, as timber scaler in connection with operations now under way on certain Indian reserves in the vicinity of Hudson, Ontario

My Deputy informs me that the timber operations to which you refer are not at present of sufficient size to warrant the Department in employing a timber scaler, but it is possible that during the next season these licensees may conduct their timber cutting on a larger scale, and it might then be possible to employ Mr. Hynes for the purpose of checking up these operations. In any case, Mr. Hynes' name and address have been noted, and I can assure you that his services will be utilized should any suitable occasion arise.

Yours faithfully,

(Minister's Signature)

MEMORANDUM

March 18, 1929.

Mr. Pratt,-

Two timber operators are at present cutting on the Lac Seul Indian Reserve, namely the Keewatin Lumber Company and Mr. C. W. Cox, of Port Arthur. The Department considers it advisable to send a scaler in for the purpose of checking up both licensees, and the matter is submitted for advice as to who would be a suitable party to employ for this purpose.

Mr. George Hynes, of 224 Cameron St., Fort William, Ont., has written in to the Department making application for employment as a timber scaler, and it appears that he has for some time been working for the Provincial Government. Mr. D. J. Cowan, M.P., has also brought this matter to the attention of the Department, but has not recommended any particular individual. The reserve is I may say, partly located in Hon. Mr. Heenan's riding, and partly in the constituency represented by Mr. Cowan. The matter is, however, submitted for your advice and instruction.

J. D. McLean.
Acting Deputy Superintendent General.

Memorandum,-

Mr. Buskard

I return herewith letter addressed to the Minister by Hon. R. J. Manion, Minister of Railways and Canals, and written on behalf of Mr. George Hynes, Fort William, who wishes if possible to secure some employment as a timber scaler.

For your information I may say that in a letter dated the 17th September last year, Hon. Peter Heenan wrote to the Department in a similar manner on behalf of this man and in the month of February this year, the Department had practically decided to employ him as a check scaler in connection with the Lac Seul Reserve timber operations, but on instruction from the Minister's Office, Mr. John Harkins of Keewatin, Ontario, was subsequently employed for this purpose. Mr. Harkins completed his work in the month of April.

It is possible that we may consider it advisable to have the Lac Seul operations checked again this season but I cannot say definitely as we have not yet heard from the licensee with respect to the work which he proposes carrying on during the winter months. In any case, I shall discuss the matter with you further before any definite action is taken.

Lands and Timber Branch

Ottawa, Jan. 7th. 1931 ..... 192....

Memo. Mr. Caldwell:

As agent Edwards has reported that some operations (although not so extensive as last year) are being conducted on the Lac Seul Reserve this winter by both the timber licensees it would perhaps be well to hire a check scaler for the period of one month, commencing Feb. 2nd.

I consider that, this time will enable him to make a close survey of the winter operations, and [redacted] check the scale made from day to day.

The expense of hiring a scaler for a longer period is hardly warranted.

If the appointment of Mr. Hynes is approved, full instructions can be sent him. The rate of pay is $7.00 per day plus reasonable travelling expenses.

MEMORANDUM

May 23, 1931.

Dr. Scott.

I am sending you herewith a letter from Mr. George Hynes, of Fort William, Ontario, with regard to his employment as a scaler on the Long Lac Indian Reservation east of Fort William.

With the return of the correspondence will you kindly advise me if the services of a scaler are required on this Reserve.

Private Secretary.

Lands and Timber Branch

Ottawa, May 26th.1931. 192

Memo. Mr.Caldwell:

In regard to the attached correspondence respecting the employment of a check scaler on the Long Lac Reserve,I may point out that the timber on this reserve has been sold outright for a bonus sum of $100.000 to Mr.C.W.Cox of Port Arthur,who has already paid $75.000 of this amount plus accrued interest at 6% on the balance.The Department is therefore not vitally concerned as to the exact number of cords that are or will be cut,but in any event a correct tally can be readily secured by an inspection of the car loadings at Long Lac station,as there is no other way of shipping out this pulpwood.

MEMORANDUM.

Mr. Buskard,-

I return herewith letter dated the 20th instant, addressed to Hon. Mr. Murphy, by Mr. George Hynes, of Fort William, who makes application for employment as Timber Scaler in connection with the operations at present being conducted on the Long Lac Indian Reserve.

The timber on the Long Lac Reserve was sold outright in 1928, for a bonus sum of $100,000, to Mr. C. W. Cox, of Port Arthur. Mr. Cox has already paid the Department $75,000 of this amount, plus accrued interest at 6% on the balance. As this timber was sold for a certain stated sum, and is not subject, therefore, to the payment of dues, there is no necessity for the Department to employ a scaler, as we are not concerned in the quantity of timber which may be taken off this reserve.

I may explain that prior to the sale to Mr. Cox, the timber on this Reserve was very carefully cruised on separate occasions, by a qualified Ontario Timber Scaler and Mr. Bury, Supervisor of our Indian Timber Lands. Their estimates practically coincided, and the purchase price paid by Mr. Cox is considered a very satisfactory amount. As I have stated, the timber was purchased outright by Mr. Cox, and we are not concerned in any scaling operations. The employment of Mr. Hynes in any such capacity would, therefore, not be justified.

Duncan Scott

Deputy Superintendent General.

Dear Sir:-

We are cutting wood on the Long Lac Indian Reserve and are required by Custom's Officials here to furnish export clearances for same.

Would therefore appreciate your forwarding a letter to me stating that the dues have been arranged for and the pulpwood is exportable.

I might suggest that if it were addressed to "Whom It May Concern" it would be satisfactory.

Yours very truly,

Charles W Cox

Dear Sir:-

My note payable to the Department for the sum of Twenty Thousand and Six Hundred Dollars ($20,600.00) in connection with the Long Lac Reserve was due today.

I have forwarded cheque for Two Thousand and Six Hundred Dollars ($2,600.00) and a renewal note for Eighteen Thousand, Five Hundred and Forty Dollars ($18,540.00) which includes interest for six months.

Trust this arrangement is satisfactory. Will make an effort to pay the full amount when due next time. Depressed pulpwood conditions make it somewhat difficult to finance.

Yours very truly,

Charles W Cox

MEMORANDUM

C.

May 27th, 1932.

Mr. Williams.

In connection with the sale of timber on the Long Lac Reserve in the Thunder Bay District to Charles W. Cox, of Port Arthur, the Minister would like a memorandum containing the following:-

1. Copy of advertisement of Sale,
2. Names of tenderers,
3. Details of each tender,
4. Details of Government estimate of quantities before sale,
5. Name of estimator and information as to method followed in securing his services,
6. Copy of instructions to the estimator,
7. Details of returns to Indians from time Reserve was allotted to Cox and particularly name of officials who recommended the capitalization of amount due Indians. Copies of memoranda in respect to this matter.
8. Copies of Department's records, if any, dealing with the sale by Cox of timber to the Detroit Sulphite Company at the same time that he bought timber from the Indians.

Private Secretary.

Copy of memorandum from Mr.Duncan C.Scott D.S.G.I.A.

to Hon.Charles Stewart,Superintendent General,dated Nov.19th. '28

MEMORANDUM.

Hon.Charles Stewart.

I beg to submit herewith memorandum from Mr.H.J.Bury,Supervisor of Indian Timber Lands, supported by Mr.J.C.Caldwell.

The memorandum deals with the proposed adjustment of the purchase price of the timber on the Long Lac Reserve,Ontario. The memorandum is self-explanatory.I think the recommendation is in the interest of the Indians and I would therefore recommend that Mr.Cox's offer be accepted. You will note that it is contingent upon examination of the timber to ascertain fire loss,and I am informed by Mr.Bury that he does not think the fire loss has been large although there is constant fire menace.

Sgd.Duncan C.Scott
Deputy Superintendent General.

The above memorandum was approved by Hon.Chas.Stewart.

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.1)

Birch cordwood.....	2.500 cds.	nil....	.....

Total:- $ 77.850.00

Tender of C.W.Cox 1926.

Spruce pulpwood.....	27.000 cds....	$4.10...	$110.700
J.Pine ties.....	11.000	@ 24¢//....	2.640
Poplar.....	200.000 f.b.m....	9.25.....	1.850
Birch cordwood.....	2.500 cds...	.65¢...	1.625

Total:- $ 116.815.00

The value of the present cash offer appears as follows:-

Cash payment.....	$100.000
5% Interest in 10 years if money deppsited in Indian funds.....	50.000

Total:- $ 150.000

The advantages obtained by accepting cash offer:-

1. Money is immediately available for Indian relief.
2. The fire risk (which is serious) is borne entirely by the licensee.
3. No expense will be incurred by the Department in protecting the timber from fire.

As the agent reports that the Indians are desirous of having this cash settlement made,I would therefore recommend that the offer of payment in cash be accepted,provided such payment is made in full within thirty days from date of notification.

Sgd:- H.J.Bury.

Note:- The above memorandum bears the following endorsation:-

Copy of memorandum addressed to the Deputy Minister from Timber Supervisor, H.J.Bury and dated Nov.17th.1928.

MEMO. to the Deputy Minister.

Purchase of Long Lac Timber.

Two years ago the Department sold the Long Lac timber, after public advertisement to Mr.C.W.Cox on a rpyalty basis, but up to the present time owing to a depressed market, the licensee has not been in a position to start operating.

The Indians however have continually urged that they be given a distribution, as owing to their impoverished condition, they need immediate help, and it was for that reason that they gave the surrender.

The Department has constantly urged the licensee to commence operations, and he appears anxious to do so as soon as market conditions are favorable. The recent slump in pulpwood is, however, quite likely to continue for some time as the paper market is overstocked.

The situation was explained to the licensee, and he now offers to pay in full for the timber, provided he is given an additional five years in order to complete the cutting. He states in his letter hereunder that he would consider paying a lump sum of $100000 after ascertaining the extent of the fire loss which the reserve sustained last year.

An examination of this offer is as follows:-

Letter from Indian Agent J.B.Burk dated Nov.3rd.1928

addressed to J.D.McLean,Deputy & Secretary.

C O P Y

Port Arthur,Ontario.

Nov.3rd.1928.

Sir:-

Beg to acknowledge receipt of your letter of the 30th.with reference to the Long Lac Reserve.

At the time of paying treaty money in July the Indians were pressing for some returns in connection with the sale of their timber and expressed the desire to sell same for cash as they were afraid it would be destroyed by fire.The Chief asked me to attend a meeting when the matter was discussed and a resolution was drawn and partially signed asking that the timber be dealt with in the above manner.

As this is the close season for many fur bearing animals they are naturally in need of some assistance.

As requested,I interviewed Mr.Charles W.Cox,the licensee,as to his intentions regarding the commencement of operations,and was informed that the present market conditions will not warrant cutting at this time.He expressed a willingness however to buy the timber as it stands and intimated he might be willing to pay $100.000 for same,providing he was given sufficient time for removal.

I am

Your obedient servant,

Sgd.:- J.B.Burk

Copy of advertisement of sale

LONG LAC TIMBER

SEALED TENDERS addressed to the undersigned and marked on the face of the envelope "Tender for Long Lake Timber" will be received up till noon of Wednesday, November 3rd, 1926, for the purchase of the merchantable timber of six inches and over at the stump, on the Long Lake Indian Reserve No. 77 in the district of Thunder Bay and province of Ontario.

Tenderers should state the prices they are prepared to pay for each species of timber, either per M.f.b.m. or per cord of 128 cubic feet, over and above dues at the following rates:—

Spruce logs	$1.50 per M.f.b.m.
Jack pine logs	2.50 " "
Poplar logs	1.50 " "
Birch logs	2.50 " "
Pulpwood	1.50 per cd.
Ties	.10 each
Cordwood	.25 per cd.
Cordwood (Birch)	.50 per cd.

Each tender must be accompanied by an accepted cheque on any Canadian Chartered Bank for the sum of $5,000, such cheque to be retained by the Department as a deposit or security for the proper carrying out of the contract, and forfeited to the Department if the undertaking is not completed to the satisfaction of the Superintendent General.

Five years will be allowed in which the timber must be cut and removed under the regulations of the Department, and an annual license will be granted to the successful tenderer upon compliance with the regulations and the payment of rental $135 and license fee $4.00.

Half the cost of adequate fire-guardianship of the timber must be paid by the licensee and the safe disposal of brush, tree tops and other debris resulting from the operations must be arranged for under the supervision of the Department. Preference by way of employment in the work of cutting and removing the timber must be given to the Indians of the band, and sworn returns must be furnished, based on the Doyle Rule, showing the kinds and quantities of timber cut each season.

The attention of tenderers is drawn to the fact that the timber on this Reserve, which is suitable for the manufacture of pulp or paper, is exportable under special authority of His Excellency the Governor General in Council.

Tenderers must submit their offer on the form of tender provided for that purpose, and such form together with plan of the Reserve and copy of the Timber Regulations may be had on application to the undersigned or to Mr. J. G. Burk, Indian Agent, Port Arthur, Ont.

Details of Government estimate of quantities before sale

Estimate of JR.McDonell,Wood ranger,Port Arthur.
Sept.27th.1924.

158.000 f.b.m. log Spruce
136.000 " " " Poplar
120.000 " " " Birch
220.000 " " " JackPine
5.700 coords Poplar
2.100 " Birch
32.000 " Spruce.

Valued by J.R.McDonell at:-

Spruce pulpwood.....	$2.50	per cd.
Spruce logs.....	7.50	per M.f.b.m
Poplar logs.....	6.00	" " "
Birch logs.....	6.00	" " "
Jackpine logs.....	11.00	" " "
Poplar wood.....	1.00	per coord
Birch wood.....	no value	

As the timber was not offered for sale until 1926 and fire having visited the reserve since the McDonnell estimate was made,the D.S.G.I.A instructed Timber Supervisor H.J.Bury to visit the reserve and make an estimate of the timber prior to sale.

His estimate shows:-

Spruce pulpwood	27.000	cords
J.Pine ties.....	11.000	
Poplar.....	200.000	f.b.m.
Birch wood.....	2.500	cds.

The spruce pulpwood was valued at a minimum price of $2.75

5. Name of estimator and information as to method followed in securing his services.

First Estimate made by J.R.McDonell.

The Department wrote Mr.W.C.Cain Deputy Minister of Lands & Forests at Toronto if it would be possible to secure one of his officials to make this cruise and he requested Mr.J.H.Milway,Actg.Crown Timber agent at Port Arthur to select a man.

Mr.Milway selected Mr.J.R.McDonell to undertake the work.

Second Estimate. made by H.J.Bury.

Duncan C.Scott,Deputy Supt.General instructed Mr.H.J.Bury Timber Supervisor to make this estimate two years after the previous estimate had been made.

6. Copy of instructions to estimator.

Letter to J.H.Milway,Actg.Crown Tbr.Agent.

Sir:-

I beg to acknowledge receipt of your letter of the 9th.inst.(Sept.9th.1924) (in this letter Mr.Milway stated that one of his competent and reliable rangers was temporarily unemployed and would undertaje the cruise for the sum of $125)

regarding proposed arrangements for the cruising and valuation of the timber on the Long Lac Reserve,and in reply to state that the Department is prepared to accept of the proposed contract offer of a lump sum of $125 for this work.

It is not the intention to have a detailed cruise made but a sketch plan should be submitted showing the distribution of the timber,the main topographical features of the reserve,such as muskeg,swamp,rock and timbered areas.

The report should show the quantity and kinds of timber in B.M.feet orties,pulpwood,cordwood and saw timber but not in both.Notes should be submitted regarding the grade and condition of the timber,its accessibility to market and the value on the stump of the B.M.timber,ties,pulpwood and cordwood.

Form No.1 in duplicate should be filled out and returned with reportmand the cruiser should attach a statement to his report certifying to the correctness thereof,and needless to say his report should be strictly confidential.

Your obedient servant,

Sgd. A.F.MacKenzie
Acct.Asst Deputy & Secretary.

Dear Sir:

Further to your letters of October 3d and 11th, re ground rent and renewal fees for the year 1928-29.

We are having some difficulty checking over our records to satisfy ourselves that the amount referred to has not been paid. As these amounts have sometimes been included in other payments, it will take a little time in order to make a complete statement.

I am particularly anxious to get the Long Lac renewal as it stands in the name of the Driftwood Lands & Timber, Limited, therefore am enclosing a cheque in payment of renewal fee for this reserve. In the meantime we will complete the check of all the other reserves and if it is found that we have omitted the amounts for the season 1928-29, they will be forwarded to you.

Yours very truly,

Charles W Cox

Ottawa, January 26th. 1933 193.....

Memo. Dr. H. A. McGill

The attached timber licenses Nos. 181, 206 and 207 represent current renewals which have been held up pending payment by the licensee of arrears of rentals and fees.

These payments have now been received, and it is in order to grant renewal, as the licenses and now in good standing.

Owing to trade depression, no logging operations were carried on last season, nor are any active works being conducted this season, but the regulations stipulate that the annual rental and fee must be paid.

The licenses are therefore submitted for signature.

October 2, 3.

Deputy Superintendent General,-

Concerning our recent conversation in the matter, and as it has been decided to have a re-estimate made of the timber at present remaining on the Long Lac Indian Reserve No. 77, in the Thunder Bay District, and the amount which has been cut and removed since license issued to Mr. C. W. Cox, of Port Arthur, late in 1926, I have considered it advisable to set forth briefly the facts and circumstances in connection with this matter.

Following the surrender of this timber for sale by the Indian owners in 1924, the Department wrote to Mr. W. C. Cain, Deputy Minister of Lands & Forests, Toronto, inquiring whether it would be possible to secure one of his officials for the purpose of cruising this reserve and estimating the quantity of timber thereon. Mr. J. R. McDonell, Wood Ranger, of Port Arthur, was chosen and recommended for this work by Mr. J. H. Milway, Acting Crown Timber Agent at Port Arthur. Subsequently, Mr. McDonell, following necessary instructions from this Department, cruised the reserve, and his estimate of the timber thereon was as follows:-

158,000	f.b.m. log	Spruce
136,000	" "	" Poplar
120,000	" "	" Birch
220,000	" "	" Jackpine
5,700	cords	Poplar
2,100	"	Birch
32,000	"	Spruce.

As Mr. McDonell's cruise was made in 1924, and the timber was not offered for sale until 1926, it was at that time decided to have our Timber Supervisor, Mr. H. J. Bury, visit the reserve for the purpose of making an estimate of the timber, owing to the fact that it had been reported that in the interim considerable of the timber had been

Poor Copy

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

destroyed by fire. Mr. Bury's estimate was as follows:-

Spruce pulpwood	27,000 cords
Jackpine ties	11,000 "
Poplar	200,000 f.b.m.
Birch wood	2,500 cords.

On the 4th of October, 1926, this timber was advertised for sale, and in due course eight tenders were received, the highest of which was submitted by Mr. Charles W. Cox, of Port Arthur, whose tender, based on Mr. Bury's estimate, was equivalent to $116,815. The value placed upon the timber on this reserve in 1924 by Mr. McDonell, the Provincial cruiser, was $100,441.

In 1928, as Mr. Cox had not yet begun any operations on this reserve, the Indian owners were demanding some action in order that they might receive some benefit from the proceeds of the sale of this timber. As Mr. Cox was not at that time in a position to proceed with active cutting operations, he offered to purchase this timber outright from the Department for the sum of $100,000, cash. This was considered an advantageous offer in so far as the Indians were concerned, and on the basis of quantities estimated by both Mr. McDonell and Mr. Bury. In due course an agreement was entered into between Mr. Cox and the Department, to this effect.

For some time rumours have reached the Department to the effect that there is a much larger quantity of timber on this reserve than indicated in either of the estimates which the Department previously received, and the statement is made that already Mr. Cox, through a subsidiary organization, has cut and removed from the reserve a quantity equal to or nearly equivalent to the original estimate. The Department has been advised by our local Agent in Port Arthur, Mr. J. G. Burk, that the Indian owners of this reserve are very much disturbed over these rumours, and they have been led to believe that the quantity of timber on their reserve was originally under-estimated. It is for the purpose of ascertaining whether there is any basis of truth in these rumours that the Department now wishes to have the reserve re-cruised and the timber re-estimated.

Dear Dr. McGill,

This is to confirm our telephone conversation this morning, namely that this Service will be glad to undertake the check cruising of the small area of timber in Northern Ontario, about which you spoke to the Honourable Mr. Murphy yesterday.

If you will be good enough to let us have the details we will make the necessary arrangements through our Winnipeg office.

Yours faithfully,

Associate Director.

Dr. H. W. McGill,
Deputy Superintendent General,
Department of Indian Affairs,
Ottawa.

610-L

Sir:

With reference to the spring timber payments for the Martin Falls Band, I beg to advise that I have received $3050.00 and paid $10.00 per capita, as I considered the Indians would be able to secure fish and food supplies during the summer months, and consequently I am returning herewith $1140.00.

I would suggest that the Martin Falls Band be paid at least $15.00 per capita, and that a cheque for the fall payment be sent at the Department's earliest convenience, as the Indians are anxious to proceed to their trapping grounds. The Band sent in a request for $25.00 per capita, but I would not recommend such a large payment. I would, however, recommend $15.00 per capita, as this will enable the Indians to buy a grub stake in order to get out to their hunting grounds and catch.

I trust the Department will be able to forward a cheque by return mail.

Your obedient servant,

J. G. Burk,
Indian Agent.

Dear Sir:

I spoke to you over the telephone the other day about the rate of wages being paid to the men acting as compassmen and cook on the special survey which we have had at Longlac, Ontario, checking timber estimates. We have paid these men at the rate of $2.75 per day less 10 per cent with board, and in order to facilitate putting the accounts through our Department, so that a statement may be made up to you for the necessary refund, it is desirable that we should have your approval of the above quoted rates.

I would, therefore, be glad to have a letter from you authorizing payment to the two compassmen and the cook at these rates.

Yours very truly,

Director of Forestry.

MEMORANDUM - G. TUNSTELL

CHECK CRUISE ON INDIAN RESERVE NO. 77

In accordance with instructions from Head Office, I left Winnipeg for Long Lac by way of Port Arthur, Ontario, on the 16th of October. Thanks to the assistance of Mr. Foot of the Ontario Forest Service and Mr. Burke of the Indian Department, I was able to obtain two reliable men and the use of an outboard motor boat and cabin belonging to the Indians on the Reserve.

On arrival at Long Lac, I was met by Mr. Sisam and, through the services of Mr. Taylor of the Hudson's Bay Company's post there, engaged a cook. In view of the weather conditions and time of year, and the short period during which the boat might be of use, I commenced the cruise of the uncut portions immediately and was able to cover nearly all this area, together with considerable parts of the cut-over, before the formation of ice on lake and river obliged me to move to the Railway track. From here, I was able to do a little work but heavy snowfall for two days rendered any stump count work impossible and bush travel extremely difficult. Having obtained considerable information on the extent of the cut-over and unmerchantable areas from the woods foreman of the Company operating, I decided to break camp and return to Winnipeg.

The following is a brief account of the conditions as found and will be supplemented later by a more detailed report and estimate.

The original sale, held in 1926, was apparently for 32,000 cords of pulpwood, and, as I understand from Mr. Burke, was disposed of to Mr. W. Cox of Port Arthur for a price of $4.20 a cord. It would appear that the full purchase price was not paid and a compromise effected at around $100,000.00. Mr. Cox apparently later disposed of the sale, without cutting, to the Driftwood Land and Timber Company of Port Arthur, who are either connected with or a subsidiary of the Detroit Sulphite Company of Detroit, U. S. A. The former company have been and are operating on the area, largely by contract work with Mr. Oscar Steife of Port Arthur.

On purchase of the timber by the above Company, a complete cruise was made and I understand an excellent large scale map prepared. I was

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

unfortunate in not being able to see this as it had just previously been sent to the Company offices with the area of last year's cut marked up. It is reputed that the estimate then obtained was in the neighbourhood of 90,000 cords. If it is considered advisable, I believe that the Company would have no objection to allowing the Department to examine a copy of this map.

There have been five camps located on the area, two of a temporary nature. Cutting commenced some time in 1930 and the prevailing practice has been a summer operation, with the majority of the pulpwood peeled on the ground, and hauling to the spur at Camp No. 1 on the railway taking place during the winter.

Car loadings for the operation to date were obtained through the courtesy of the C.N.R. and are as follows. Approximate cordage is given on a basis of 20 cords of peeled pulpwood to the car.

Year	Cars	Cordage
1931	223	4,400
1932	835	16,700
1933	243	4,900
Totals:	1301	26,000

To this must be added the 1933 cut which is still piled in the woods. Varying estimates of the amount obtained locally ranged from 10,000-16,000 cords and, from a knowledge of the area cut over and class of timber, it would be reasonable to allow around 12,000 cords.

The total to date is then around 38,000 cords of Black Spruce, White Spruce and Balsam Fir pulpwood, of which approximately some 5-6,000 cords were unpeeled. Making an allowance of 10% for shrinkage on the peeled material, this represents approximately 40,000 cords of rough pulpwood cut from the area.

The standard of utilization has been high, stumps being taken to 4" diameter and tops to 3". This modifies somewhat a comparison with the original estimate if this was to a 6" d.b.h. and 4" top. A deduction of 10% would, however, seem adequate to take care of this.

With the exception of some 50-60 cars shipped during the first year direct to Port Arthur, the remainder have been rail-hauled diredt to the Company at Nipigon, re-loaded there on boat for shipment, presumably, to the United States.

Around 600 Jack pine ties werecut on the area, part apparently used locally by the C.N.R., part used on the Company's spur, and the remainder, 5 or 6 cars, shipped.

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Approximately half the available timbered area has been cut-over and, from observation, that remaining supports as good or if not better stands of pulpwood. Roughly speaking, therefore, about one-half of the available timber has been cut to date.

~~CONFIDENTIAL~~

Dear Sir:

I am enclosing herewith a copy of a preliminary summary statement of the results of the cruise of Longlac Reserve No. 77.

While these figures are subject to revision when the final report is compiled, they seem to indicate that the amount of timber cut to date is equivalent to 36,000 cords (40,000 cords less 10 per cent, being correction for more intensive utilization factor), this amount representing approximately one-half of the spruce pulpwood available on the area. The yield in jackpine has been small, as will be indicated by the figures of the original cruises.

This report is for your personal information, as I would prefer waiting until the final results are to hand before making any final submission of the results of the survey.

WINNIPEG, Manitoba,
November 24, 1933

MEMORANDUM: Mr. Tunstell,

Re: Check Cruise, Indian Reserve No. 77

As stated in a previous memorandum, through the courtesy of Mr. Burke, of the Indian Department at Port Arthur, I was enabled to make use of an outboard motor boat belonging to the Indians on the above reserve.

Due to a rapid freeze-up of the lake, I was obliged to move camp from the reserve proper to the track at Calong, a distance of one-and-a-half miles across the mouth of the Suicide River. During the early part of the journey in getting out into free water, two of the planks in the bow of the boat were cut into by the ice. By beaching the boat on a point, shifting the cargo towards the stern and temporarily caulking the holes, I was enabled to reach the shore line by the railway track, although the ice here had to be broken ahead for some distance with long poles.

The boat was then hauled up and the outboard motor stored in a house belonging to one of the Indians and I subsequently made arrangements with the acting chief of the Martin Falls Band (resident on the reserve), to repair this damage in the spring, and requesting him to submit an account to Mr. Burke.

It was therefore not possible to show this charge with the other costs of the survey and I would request that Mr. Burke be got in touchwith, so as to see that the repairs are done and accounts forwarded through the proper channels.

CHECK CRUISE ON INDIAN RESERVE NO. 77

LONG LAC, ONTARIO.

October, 1933.

Introduction.

This report covers a check cruise on Indian Reserve No. 77, at Long Lac, Ontario.

The purpose of the cruise was to determine:-

(a) The amount of merchantable-timber on the Reserve at present and an estimate of the amount of timber on the uncut area as of 1924.

(b) The amount cut subsequent to the sale in 1926 to Charles W. Cox, of Port Arthur, Ontario.

Area.

The area of the Reserve is approximately 27 square miles, and is laid out in unsurveyed territory.

Geographical Location.

Long Lac, a narrow lake of some 50 miles in length by 2 miles in width, lies about 25 miles to the north of Lake Superior and about 55 miles east of Lake Nipigon. The Reserve is situated on the east side at the entrance of the Suicide River and close to the mouth of the Lake, and is roughly oblong in shape, 8 miles by 4 with the western side cut at an angle.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Topographical Features.
Geology & Soil.

The underlying rock formation is Pre-Cambrian, overlaid with a varying burden of glacial till, considerably sorted in places. The topography is gently irregular, rising somewhat to the south boundry of the Reserve and with alternating ridges of lighter soil and poorly drained depressions. The Suicide River roughly bisects the whole area and swings to form half of the northern boundary. Numerous springs rise a short distance from the lake shore. The main line of the C.N. R. runs through the eastern half of the Reserve.

Silvicultural Conditions.

The area supports stands typical of the Northern Coniferous Belt of the Boreal Forest, that is with Black Spruce a component of the majority of associations and occupying a wide range of sites. Only on the better drained portions, where the soil deposit is of a heavier texture and greater depth, do White Spruce and Balsam assume any dominance. Extensive areas of poorly drained Black Spruce and Tamarack muskegs occur grading in general into Cedar swamps from which the main water movement takes place.

Ridges of lighter textured soil support mixed stands of Jack Pine and Black Spruce, but the majority of the Pine is not of a size for tie making.

The large majority of the uncut stands originated from fire around ninety years ago, with a later fire of some seventy years on the northern portion. Extensive areas on the east side of the Reserve were burnt

CANADA

into about fifty years ago and a younger burn of some twenty-five years of age occurs round the junction of the Suicide River and Rocky Shore Lake Creek at the northern boundary.

On the uncut-area in general the Black Spruce shows good height growth, dense stocking and general uniformity of cover.

Logging

The original purchaser of the timber, Mr. Cox, has done no cutting and apparently disposed of his holding around 1929 to the Driftwood Land and Timber Company of Port Arthur, connected with or a subsidiary of the Detroit Sulphite Company of Detroit, U.S.A. Cutting commenced by this company some time in 1930, and, in latter years, has been contracted out to Mr. Oscar Steife of Port Arthur, who formerly contracted for the hauling. The general practice has been a summer cut, peeling of the bolts and stacking, with hauling to the spur on the railway at Camp No. 1, in the winter. Five camps have been operated, two of which were of a temporary nature.

Hauling has been done with use of a Holt 10-ton tractor, which was also used for pulling down the piles in the yard. Loading was done by hand into automobile cars, as far as possible, which take a greater cordage, and the material, with the exception of some 50 to 60 cars sent during the first year direct to Port Arthur, shipped to Nipigon where it was unloaded and reloaded into boats for shipment, presumably, to the United States.

The standard of utilization is high, stumps being cut to a 4" diameter and tops to 3 inches. Only Black

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Spruce, White Spruce and Balsam Fir have been cut for pulpwood. In addition, some Jack Pine ties, partly needed for the Company's spur and partly disposed of either locally or shipped, have been cut. No saw-material has been taken out or is likely to be; neither is there any market for Jack Pine, Poplar or Birch cord-wood.

The cutting has been conducted in an orderly manner, commencing on the east side of the reserve and working in blocks westward. The remaining uncut portion is therefore in one solid area, west of the Suicide River and bounded by the lake shore. The southern part of this area was cut over during the summer of 1933 and the bolts were still piled in the woods at the time of examination. In the logged portion, there are two very small patches yet to be taken, whilst along the shore line in the uncut area, a part has been logged by the Indians for building material.

Fire Protection.

The company have outlined a system of protection, using two lookout towers, and regulations forbidding the building of fires or smoking in the bush are strictly enforced.

Cut-over Portion - 10,911 Acres
17,105 Acres

Estimate of Amount of Timber Cut Since 1926.

Owing to heavy snow fall and consequent difficulties in bush travel, it was not possible to obtain adequate stump counts on the cut-over areas to give by that means a rough estimate on the cut. However, car loadings were made available through the courtesy of the C.N.R. and these, combined with information obtained locally, allow a reasonably accurate estimate to be made.

The car loadings are as follows. Approximate cordage is shown on the basis of 20 cords of peeled pulpwood to the car. This figure is higher than would appear to be the experience in the west but was considered as correct by both the woods' foreman of the company and the shipping agent of the C.N.R. It must be remembered that the largest available cars, termed automobile cars, were obtained as far as possible by the Company.

Year	Cars	Cordage
1931	223	4400
1932	835	16700
1933	243	4900
Totals :	1301	26000

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

To this must be added the 1933 cut which was still piled in the bush. On the basis of local estimates, which ranged from 10,000 to 16,000 cords, and from a knowledge of the type of stands on the area cut over, a figure of 12,000 cords appears reasonable. Of the whole cut, some 6,000 cords were rough pulpwood, the remainder being peeled.

Total Cut to Date

1930-33	Rough	-	6,000
	Peeled	-	32,000
			38,000

Making an allowance of 10% for shrinkage on the peeled material, the total cut then becomes approximately :- 41,000 cords

In addition, the 6,000 Jack Pine ties already referred to have been cut.

Estimate of the Amount of Timber on Uncut Area as of 1924.

To obtain this, increment borings were taken to determine the rate of growth in the last ten years.

White Spruce and Balsam Fir represent only a small portion of the total volume. Examination o f borings of these two species shows that the growth rate is substantially the same as that for Black Spruce. This being the case, it was decided that no sacrifice of accuracy would be entailed by applying the growth rate of Black Spruce to these species.

The summary figures of growth by diameter classes showed practically the same diameter growth during the last ten years irrespective of diameter class,

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

this being one-half inch of diameter growth in ten years.

In discounting 1933 volumes to the year 1924, there are two main points to be considered, namely :-

1. The increase in growth.
2. Mortality.

(1) The growth on the trees now living during the period 1924-33 has been calculated in the following manner :-

(a) The number of trees per strip acre for each diameter class for the three species as above was plotted on cross section paper using number of trees and diameter classes as ordinates.

(b) The growth rate was applied to this curve, reducing all diameters by one-half inch for ten years, so that the curve for the number of trees ten years ago was parallel to that for 1933. From this latter curve, the number of trees for each even diameter class in 1924 was readily obtained. An adjustment was necessary to give the figures for any year during this interval. The following table gives the strip acre number of trees for the years 1933, 1931 and 1924.

DIAMETER DISTRIBUTION OF PRESENT STAND YEARS 1933-31-24

(c) From this table it was found that the volume relation of the years 1924-33 varied between 73 and 74%, for cordage 6-9" d.b.h. and f.b.m. 10" and over, and total cordage 6" d.b.h. and up, and that a figure of 73.25% was considered applicable to all.

(2) In the foregoing, consideration has been given only to the amount of wood added to trees now living during the interval 1924-33. Consideration must now be given to the mortality during the period as, otherwise, the calculated values for 1924 would be too low.

The gross increment during this period for the three species considered has been at the rate of 28 cubic feet per acre per annum. No figures are available on mortality but it would seem reasonable to assume a figure of 8 cubic feet per acre per annum. If this were done, the above volume relation must be rasied from 73.25 to 81.00 per cent.

In the above, volumes of Black Spruce, White Spruce and Balsam Fir have been dealt with. The volume of Jack Pine now present totals 7,870 cords including all trees 6" d.b.h. and over. Examination of the increment borings show that this species is growing at a slower rate than the other coniferous species dealt with. As Jack Pine is not being utilized to any appreciable extent by the owners, it has not been considered necessary to make any precise calculations of volumes as of 1924. If the same percentage relationship between volumes as for the Spruce and Balsam Fir is used only a slight error is introduced, tending to show a slightly less volume in 1924 than was actually the case.

The following table shows the volumes for the coniferous species in 1933 and 1924.

Estimate of Timber on Cut-over Area as of 1924.

As previously stated, the approximate amount cut from this area was 41,000 cords of White Spruce, Black Spruce and Balsam Fir, and 6,000 Jack Pine ties.

The prevailing utilization for pulpwood cut, that is tops to 3" and 4" d.b.h., with stumps of 1 foot or less, is comparable to utilization for Black Spruce as given in Form Class Volume Table 101, Dominion Forest Service.

In the instructions received for the cruise, estimates were to be based on a utilization as given in Table 105 (for trees 6" d.b.h. and over). Had this intensity of utilization prevailed, the amount cut would have been considerably less than was the case.

To calculate the amount that would have been cut on a lower intensity of utilization, it is necessary, in view of the inadequacy of the stump counts, to assume that the diameter class distribution on the cut-over areas was the same as on the uncut area. The amount cut has been pro-rated on the basis of the distribution of volumes by diameter classes on the uncut area and it was found that the difference in utilization amounted to 12,542 cords of Black Spruce, White Spruce and Balsam Fir: so that the amount that would have been cut is,-

41,000-12,542 = 28,458 cords.

The next step is to determine the volume present on the cut-over portion in 1924, of trees 6" d.b.h. and over and utilization of the intensity of Form Class Volume Table 105.

Cutting has taken place during the years 1930-33. For the purposes of this calculation, it is considered that

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

no appreciable error would be introduced if based on the assumption that all cutting was done in 1931.

The volumes of 1931 were reduced to volumes 1924 according to the ratio of the number of trees in the former to the latter year. This showed a reduction in volume from 28,458 cords to 21,869 cords.

To this latter figure must be added mortality for the period 1924-31. If this is calculated at the same rate as for the uncut portion, it amounts to 1,784 cords, which, added to the above, gives a total on the area now cut over as of 1924 of :-

23,653 cords of Black Spruce, White Spruce & Balsam Fir.

The best means to translate this cordage into f.b.m., for material 10" d.b.h. and over, and cordage for material 6-9" d.b.h., is to apply the ratios between these units as shown in the estimate of quantities on the uncut area.

No information is available by species for the cordage cut, and it is therefore further necessary to assume that the percentage relationship between species is the same on the two areas.

Attention is drawn to the fact that no Jack Pine was removed from the cut-over area other than some 6,000 ties. No estimate is available of the amount of Jack Pine left on the cut-over area, and in attempting an estimate of the amount of this species on the area in 1924, it again must be assumed that the same ratio between the two areas for this species pertains.

The following table shows the complete figures for the periods 1931 and 1924.

Statement of Survey.

The above check cruise was carried out by the writer with the assistance of Mr. Sisam of the Ottawa office and two labourers and a cook hired locally.

Thanks to the courtesy of Mr. Burke of the Indian Department at Port Arthur, a motor boat, belonging to the Indians of the reserve, was made available, which enabled the work to be carried out in a much shorter time than would otherwise have been possible. An unoccupied cabin right on the reserve was also placed at our disposal.

In view of the uncertainty of the weather and length of time during which the Suicide River and Lake would be free of ice, and also in view of the dense and uniform stocking of timber on the area, it was thought advisable to

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

run strips of 11 feet in width only, these being spaced approximately one quarter of a mile apart. This method has been very satisfactorily employed by the Ontario Forest Service in cruising large areas of pulpwood.

This decision turned out to be well advised as the uncut portion was covered and a part of the cut-over, before freeze-up on the river and lake and very heavy snowfall made it impossible to use the boat or to obtain further stump counts and rendered bush travel most difficult with the equipment available.

Considerable information was, however, obtained from employees of the Company operating, as to the area and disposition of cut-over and unmerchantable portions of the reserve.

The party arrived at Long Lac on the 19th of October and left on the 29th of that month.

Compiling has been done by the writer at Winnipeg. Many thanks are due to Mr. Tunstell of that office for his assistance, particularly with regard to the methods adopted to obtain an estimate of the volume on the area as in 1924.

DEPARTMENT OF THE INTERIOR

Forest Service

OTTAWA, 30th November, 1933.

DRC:E

Dear Sir:-

I am enclosing herewith report and map in connection with the check cruise on Indian Reserve No. 77, Longlac, Ontario. In discussing this report hereunder, please note that the figures I am using deal only with white spruce, black spruce, and balsam, as the other species are apparently of no economic importance, with the possible exception of jackpine, which has been used to a small extent for ties.

At the outset it must be remembered that the classification of merchantable timber as given in the instructions for the survey call for estimates of trees six inches in diameter at breast height or larger. It follows, therefore, that the figures given in the report are compiled on this basis. On the other hand, actual utilization has been much more intensive, the timber extracted including everything which would make a pulpwood stick three inches in diameter at the small end.

The information which you particularly desired to obtain may be summarized as follows:

(1) a. Timber stand on present uncut area as of 1924 ..... 35,875 cords

b. Timber stand on present cutover area as of 1924 ..... 23,653 cords

Total stand as of 1924 ..... 59,528 cords

(2) Timber cut to date ..... 41,000 cords

This, however, includes a lot of timber not six inches D.B.H.

If the cutting had been restricted to the timber of the same size as included in the estimate of this survey, the amount cut to date would be only 28,458 cords
(Intensive utilization therefore yielded a 44% increase)

To this must be added the timber remaining on the uncut area at the present time, namely ..... 44,291 cords

The total stand, on the basis of the utilization factor used in the survey estimates had no timber been cut to date, would therefore be ..... 72,749 cords

Dr. Harold W. McGill,
Deputy Superintendent General of Indian Affairs,
O T T A W A.

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.1)

Poor Copy

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

The difference, namely, 13,221 cords, therefore represents the growth on the area between 1924 and 1932.

As is pointed out in the report, however, the actual cordage obtained from the area under the intensive utilization practised amounts to 41,000 cords. Assuming that the same standard of utilization will be practised for future cutting operations and disregarding any future increment due to annual growth, the estimate given above of 44,291 cords of timber remaining uncut will have to be increased by 44 per cent or 63,780 cords still available. This calculation was not made in the report, but has been derived from the data therein.

It follows that the total amount of timber to be obtained by the company from the reserve will be about 104,760 cords on the present standard of utilization.

Yours very truly,

D. Roy Cameron,

for Director of Forestry.

File No. 30009-5A

1st March 1934.

Dear Sir:

I beg to enclose departmental file No.30009-5A with respect to the disposal of timber on the Long Lac Reserve in the Province of Ontario and refer you in particular to Mr. Bury's memo of this date to which is attached a copy of our Timber Regulations and a copy of the License in question.

It is proposed to make a demand upon the licensee for double the usual tariff under the provisions of the Timber Regulations in respect of the 18,040 cords that have been cut from timber of less size than 6 inches at the stump and in default of such payment to cancel the license but before doing so I should be glad to have your views as to whether we would be acting within our legal rights.

Yours truly,

H. W. McGill.

Re: Cancellation of C.W.Cox timber License
Long Lake Reserve - trespass dues.
Your file No.30009-5A.

I have the honour to acknowledge receipt of your letter of March 1st and return you herewith your file above numbered and that numbered 30009-5. The circumstances as divulged by the files suggest that timber of less size than six inches at the stump has been cut in trespass and that Regulation 14 applies. I note that under Regulation 7 a renewal of license shall not be granted unless the limit has been properly worked and it may be that this should be held in abeyance until adjustment is achieved, either by payment of your claim outright or, upon the institution of an action in the Exchequer Court looking to recovery of the penalty, payment into court pending the outcome of trial.

I have the honour to be,

Sir,

Your Obedient servant,

W. Stuart Edwards.
Deputy Minister of Justice.

CHECK CRUISE ON INDIAN RESERVE NO. 77

LONG LAC, ONTARIO.

October, 1933.

Introduction.

This report covers a check cruise on Indian Reserve No. 77, at Long Lac, Ontario.

The purpose of the cruise was to determine:-

(a) The amount of merchantable-timber on the Reserve at present and an estimate of the amount of timber on the uncut area as of 1924.

(b) The amount cut subsequent to the sale in 1926 to Charles W. Cox, of Port Arthur, Ontario.

Area.

The area of the Reserve is approximately 27 square miles, and is laid out in unsurveyed territory.

Geographical Location.

Long Lac, a narrow lake of some 50 miles in length by 2 miles in width, lies about 25 miles to the north of Lake Superior and about 55 miles east of Lake Nipigon. The Reserve is situated on the east side at the entrance of the Suicide River and close to the mouth of the Lake, and is roughly oblong in shape, 8 miles by 4 with the western side cut at an angle.

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Topographical Features.
Geology & Soil.

The underlying rock formation is Pre-Cambrian, overlaid with a varying burden of glacial till, considerably sorted in places. The topography is gently irregular, rising somewhat to the south boundary of the Reserve and with alternating ridges of lighter soil and poorly drained depressions. The Suicide River roughly bisects the whole area and swings to form half of the northern boundary. Numerous springs rise a short distance from the lake shore. The main line of the C.N.R. runs through the eastern half of the Reserve.

Silvicultural Conditions.

The area supports stands typical of the Northern Coniferous Belt of the Boreal Forest, that is with Black Spruce a component of the majority of associations and occupying a wide range of sites. Only on the better drained portions, where the soil deposit is of a heavier texture and greater depth, do White Spruce and Balsam assume any dominance. Extensive areas of poorly drained Black Spruce and Tamarack muskegs occur grading in general into Cedar swamps from which the main water movement takes place.

Ridges of lighter textured soil support mixed stands of Jack Pine and Black Spruce, but the majority of the Pine is not of a size for tie making.

The large majority of the uncut stands originated from fire around ninety years ago, with a later fire of some seventy years on the northern portion. Extensive areas on the east side of the Reserve were burnt

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

into about fifty years ago and a younger burn of some twenty-five years of age occurs round the junction of the Suicide River and Rocky Shore Lake Creek at the northern boundary.

On the uncut-area in general the Black Spruce shows good height growth, dense stocking and general uniformity of cover.

Logging.

The original purchaser of the timber, Mr. Cox, has done no cutting and apparently disposed of his holding around 1929 to the Driftwood Land and Timber Company of Port Arthur, connected with or a subsidiary of the Detroit Sulphite Company of Detroit, U.S.A. Cutting commenced by this company some time in 1930, and, in latter years, has been contracted out to Mr. Oscar Steife of Port Arthur, who formerly contracted for the hauling. The general practice has been a summer cut, peeling of the bolts and stacking, with hauling to the spur on the railway at Camp No. 1, in the winter. Five camps have been operated, two of which were of a temporary nature.

Hauling has been done with use of a Holt 10-ton tractor, which was also used for pulling down the piles in the yard. Loading was done by hand into automobile cars, as far as possible, which take a greater cordage, and the material, with the exception of some 50 to 60 cars sent during the first year direct to Port Arthur, shipped to Nipigon where it was unloaded and reloaded into boats for shipment, presumably, to the United States.

The standard of utilization is high, stumps being cut to a 4" diameter and tops to 3 inches. Only Black

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Spruce, White Spruce and Balsam Fir have been cut for pulpwood. In addition, some Jack Pine ties, partly needed for the Company's spur and partly disposed of either locally or shipped, have been cut. No saw-material has been taken out or is likely to be; neither is there any market for Jack Pine, Poplar or Birch cord-wood.

The cutting has been conducted in an orderly manner, commencing on the east side of the Reserve and working in blocks westward. The remaining uncut portion is therefore in one solid area, west of the Suicide River and bounded by the lake shore. The southern part of this area was cut over during the summer of 1933 and the bolts were still piled in the woods at the time of examination. In the logged portion, there are two very small patches yet to be taken, whilst along the shore line in the uncut area, a part has been logged by the Indians for building material.

Fire Protection.

The company have outlined a system of protection, using two lookout towers, and regulations forbidding the building of fires or smoking in the bush are strictly enforced.

Total:					10911

Grand Total: Uncut Portion - 6,194 Acres
Cut-over Portion - 10,911 Acres
17,105 Acres

Estimate of Amount of Timber Cut Since 1926.

Owing to heavy snow fall and consequent difficulties in bush travel, it was not possible to obtain adequate stump counts on the cut-over areas to give by that means a rough estimate on the cut. However, car loadings were made available through the courtesy of the C.N.R. and these, combined with information obtained locally, allow a reasonably accurate estimate to be made.

The car loadings are as follows. Approximate cordage is shown on the basis of 20 cords of peeled pulpwood to the car. This figure is higher than would appear to be the experience in the west but was considered as correct by both the woods' foreman of the company and the shipping agent of the C.N.R. It must be remembered that the largest available cars, termed automobile cars, were obtained as far as possible by the Company.

Year	Cars	Cordage
1931	223	4400
1932	835	16700
1933	243	4900
Totals:	1301	26000

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

To this must be added the 1933 cut which was still piled in the bush. On the basis of local estimates, which ranged from 10,000 to 16,000 cords, and from a knowledge of the type of stands on the area cut over, a figure of 12,000 cords appears reasonable. Of the whole cut, some 6,000 cords were rough pulpwood, the remainder being peeled.

Total Cut to Date

1930-33	Rough -	6,000
	Peeled -	32,000
		38,000

Making an allowance of 10% for shrinkage on the peeled material, the total cut then becomes approximately:-

41,000 cords

In addition, the 6,000 Jack Pine ties already referred to have been cut.

Estimate of the Amount of Timber on Uncut Area as of 1924.

To obtain this, increment borings were taken to determine the rate of growth in the last ten years.

White Spruce and Balsam Fir represent only a small portion of the total volume. Examination of borings of these two species shows that the growth rate is substantially the same as that for Black Spruce. This being the case, it was decided that no sacrifice of accuracy would be entailed by applying the growth rate of Black Spruce to these species.

The summary figures of growth by diameter classes showed practically the same diameter growth during the last ten years irrespective of diameter class,

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

this being one-half inch of diameter growth in ten years.

In discounting 1933 volumes to the year 1924, there are two main points to be considered, namely:-

1. The increase in growth.
2. Mortality.

(1) The growth on the trees now living during the period 1924-33 has been calculated in the following manner:-

(a) The number of trees per strip acre for each diameter class for the three species as above was plotted on cross section paper using number of trees and diameter classes as ordinates.

(b) The growth rate was applied to this curve, reducing all diameters by one-half inch for ten years, so that the curve for the number of trees ten years ago was parallel to that for 1933. From this latter curve, the number of trees for each even diameter class in 1924 was readily obtained. An adjustment was necessary to give the figures for any year during this interval. The following table gives the strip acre number of trees for the years 1933, 1931 and 1924.

DIAMETER DISTRIBUTION OF PRESENT STAND YEARS 1933-31-24
WHITE AND BLACK SPRUCE, BALSAM FIR.

DIAMETER CLASS	NO. OF TREES PER ACRE 1933	1931	1924
4	78.7	82.4	95.0
5	104.3	103.5	100.1
6	95.7	92.0	75.0
7	54.2	51.0	39.8
8	26.8	25.0	19.0
9	11.5	10.6	7.5
10	3.7	3.4	2.4
11	1.3	1.2	1.0
12	.8	.7	.6
13	.3	.3	.2
14	.2	.2	.1
15	.1	.1	.1
16	.1	.1	.1
Totals:	377.7	370.5	340.9

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

(c) From this table it was found that the volume relation of the years 1924-33 varied between 73 and 74%, for cordage 6-9" d.b.h. and f.b.m. 10" and over, and total cordage 6" d.b.h. and up, and that a figure of 73.25% was considered applicable to all.

(2) In the foregoing, consideration has been given only to the amount of wood added to trees now living during the interval 1924-33. Consideration must now be given to the mortality during the period as, otherwise, the calculated values for 1924 would be too low.

The gross increment during this period for the three species considered has been at the rate of 28 cubic feet per acre per annum. No figures are available on mortality but it would seem reasonable to assume a figure of 8 cubic feet per acre per annum. If this were done, the above volume relation must be raised from 73.25 to 81.00 per cent.

In the above, volumes of Black Spruce, White Spruce and Balsam Fir have been dealt with. The volume of Jack Pine now present totals 7,870 cords including all trees 6" d.b.h. and over. Examination of the increment borings show that this species is growing at a slower rate than the other coniferous species dealt with. As Jack Pine is not being utilized to any appreciable extent by the owners, it has not been considered necessary to make any precise calculations of volumes as of 1924. If the same percentage relationship between volumes as for the Spruce and Balsam Fir is used only a slight error is introduced, tending to show a slightly less volume in 1924 than was actually the case.

The following table shows the volumes for the coniferous species in 1933 and 1924.

Estimate of Timber on Cut-over Area as of 1924.

As previously stated, the approximate amount cut from this area was 41,000 cords of White Spruce, Black Spruce and Balsam Fir, and 6,000 Jack Pine ties.

The prevailing utilization for pulpwood cut, that is, tops to 3" and 4" d.b.h., with stumps of 1 foot or less, is comparable to utilization for Black Spruce as given in Form Class Volume Table 101, Dominion Forest Service.

In the instructions received for the cruise, estimates were to be based on a utilization as given in Table 105 (for trees 6" d.b.h. and over). Had this intensity of utilization prevailed, the amount cut would have been considerably less than was the case.

To calculate the amount that would have been cut on a lower intensity of utilization, it is necessary, in view of the inadequacy of the stump counts, to assume that the diameter class distribution on the cut-over areas was the same as on the uncut area. The amount cut has been pro-rated on the basis of the distribution of volumes by diameter classes on the uncut area and it was found that the difference in utilization amounted to 12,542 cords of Black Spruce, White Spruce and Balsam Fir: so that the amount that would have been cut is,-

41,000-12,542 = 28,458 cords.

The next step is to determine the volume present on the cut-over portion in 1924, of trees 6" d.b.h. and over and utilization of the intensity of Form Class Volume Table 105.

Cutting has taken place during the years 1930-33. For the purposes of this calculation, it is considered that

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

no appreciable error would be introduced if based on the assumption that all cutting was done in 1931.

The volumes of 1931 were reduced to volumes 1924 according to the ratio of the number of trees in the former to the latter year. This showed a reduction in volume from 28,458 cords to 21,869 cords.

To this latter figure must be added mortality for the period 1924-31. If this is calculated at the same rate as for the uncut portion, it amounts to 1,784 cords, which, added to the above, gives a total on the area now cut over as of 1924 of:-

23,653 cords of Black Spruce, White Spruce & Balsam Fir.

The best means to translate this cordage into f.b.m., for material 10" d.b.h. and over, and cordage for material 6-9" d.b.h., is to apply the ratios between these units as shown in the estimate of quantities on the uncut area.

No information is available by species for the cordage cut, and it is therefore further necessary to assume that the percentage relationship between species is the same on the two areas.

Attention is drawn to the fact that no Jack Pine was removed from the cut-over area other than some 6,000 ties. No estimate is available of the amount of Jack Pine left on the cut-over area, and in attempting an estimate of the amount of this species on the area in 1924, it again must be assumed that the same ratio between the two areas for this species pertains.

The following table shows the complete figures for the periods 1931 and 1924.

Statement of Survey.

The above check cruise was carried out by the writer with the assistance of Mr. Sisam of the Ottawa office and two labourers and a cook hired locally.

Thanks to the courtesy of Mr. Burke of the Indian Department at Port Arthur, a motor boat, belonging to the Indians of the reserve, was made available, which enabled the work to be carried out in a much shorter time than would otherwise have been possible. An unoccupied cabin right on the reserve was also placed at our disposal.

In view of the uncertainty of the weather and length of time during which the Suicide River and Lake would be free of ice, and also in view of the dense and uniform stocking of timber on the area, it was thought advisable to

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

run strips of 11 feet in width only, these being spaced approximately one quarter of a mile apart. This method has been very satisfactorily employed by the Ontario Forest Service in cruising large areas of pulpwood.

This decision turned out to be well advised as the uncut portion was covered and a part of the cut-over, before freeze-up on the river and lake and very heavy snowfall made it impossible to use the boat or to obtain further stump counts and rendered bush travel most difficult with the equipment available.

Considerable information was, however, obtained from employees of the Company operating, as to the area and disposition of cut-over and unmerchantable portions of the reserve.

The party arrived at Long Lac on the 19th of October and left on the 29th of that month.

Compiling has been done by the writer at Winnipeg. Many thanks are due to Mr. Tunstell of that office for his assistance, particularly with regard to the methods adopted to obtain an estimate of the volume on the area as in 1924.

DRC:E

Dear Sir:

I am enclosing herewith report and map in connection with the check cruise on Indian Reserve No. 77, Longlac, Ontario. In discussing this report hereunder, please note that the figures I am using deal only with white spruce, black spruce, and balsam, as the other species are apparently of no economic importance, with the possible exception of jackpine, which has been used to a small extent for ties.

At the outset it must be remembered that the classification of merchantable timber as given in the instructions for the survey call for estimates of trees six inches in diameter at breast height or larger. It follows, therefore, that the figures given in the report are compiled on this basis. On the other hand, actual utilization has been much more intensive, the timber extracted including everything which would make a pulpwood stick three inches in diameter at the small end.

The information which you particularly desired to obtain may be summarized as follows:

(1) a. Timber stand on present uncut area as of 1924 ..... 35,875 cords

b. Timber stand on present cutover area as of 1924 ..... 23,653 cords

Total stand as of 1924 ..... 59,528 cords

(2) Timber cut to date ..... 41,000 cords

This, however, includes a lot of timber not six inches D.B.H.

If the cutting had been restricted to the timber of the same size as included in the estimate of this survey, the amount cut to date would be only... 28,458 cords
(Intensive utilization therefore yielded a 44% increase)

To this must be added the timber remaining on the uncut area at the present time, namely ..... 44,291 cords

The total stand, on the basis of the utilization factor used in the survey estimates had no timber been cut to date, would therefore be ..... 72,749 cords

Dr. Harold W. McGill,
Deputy Supt. General of Indian Affairs,
O t t a w a

PREVENT FOREST FIRES - IT PAYS

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

The difference, namely, 13,221 cords, therefore represents the growth on the area between 1924 and 1932.

As is pointed out in the report, however, the actual cordage obtained from the area under the intensive utilization practised amounts to 41,000 cords. Assuming that the same standard of utilization will be practised for future cutting operations and disregarding any future increment due to annual growth, the estimate given above of 44,291 cords of timber remaining uncut will have to be increased by 44 per cent or 63,780 cords still available. This calculation was not made in the report, but has been derived from the data therein.

It follows that the total amount of timber to be obtained by the company from the reserve will be about 104,760 cords on the present standard of utilization.

Yours very truly,

H. M. Jamieson

CHECK CRUISE ON INDIAN RESERVE NO. 77

LONG LAC, ONTARIO.

October, 1933.

Introduction.

This report covers a check cruise on Indian Reserve No. 77, at Long Lac, Ontario.

The purpose of the cruise was to determine:-

(a) The amount of merchantable-timber on the Reserve at present and an estimate of the amount of timber on the uncut area as of 1924.

(b) The amount cut subsequent to the sale in 1926 to Charles W. Cox, of Port Arthur, Ontario.

Area.

The area of the Reserve is approximately 27 square miles, and is laid out in unsurveyed territory.

Geographical Location.

Long Lac, a narrow lake of some 50 miles in length by 2 miles in width, lies about 25 miles to the north of Lake Superior and about 55 miles east of Lake Nipigon. The Reserve is situated on the east side at the entrance of the Suicide River and close to the mouth of the Lake, and is roughly oblong in shape, 8 miles by 4 with the western side cut at an angle.

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Topographical Features.
Geology & Soil.

The underlying rock formation is Pre-Cambrian, overlaid with a varying burden of glacial till, considerably sorted in places. The topography is gently irregular, rising somewhat to the south boundry of the Reserve and with alternating ridges of lighter soil and poorly drained depressions. The Suicide River roughly bisects the whole area and swings to form half of the northern boundary. Numerous springs rise a short distance from the lake shore. The main line of the C.N. R. runs through the eastern half of the Reserve.

Silvicultural Conditions.

The area supports stands typical of the Northern Coniferous Belt of the Boreal Forest, that is with Black Spruce a component of the majority of associations and occupying a wide range of sites. Only on the better drained portions, where the soil deposit is of a heavier texture and greater depth, do White Spruce and Balsam assume any dominance. Extensive areas of poorly drained Black Spruce and Tamarack muskegs occur grading in general into Cedar swamps from which the main water movement takes place.

Ridges of lighter textured soil support mixed stands of Jack Pine and Black Spruce, but the majority of the Pine is not of a size for tie making.

The large majority of the uncut stands originated from fire around ninety years ago, with a later fire of some seventy years on the northern portion. Extensive areas on the east side of the Reserve were burnt

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

into about fifty years age and a younger burn of some twenty-five years of age occurs round the junction of the Suicide River and Rocky Shore Lake Creek at the northern boundary.

On the uncut-area in general the Black Spruce shows good height growth, dense stocking and general uniformity of cover.

Logging

The original purchaser of the timber, Mr. Cox, has done no cutting and apparently disposed of his holding around 1929 to the Driftwood Land and Timber Company of Port Arthur, connected with or a subsidiary of the Detroit Sulphite Company of Detroit, U.S.A. Cutting commenced by this company some time in 1930, and, in latter years, has been contracted out to Mr. Oscar Steife of Port Arthur, who formerly contracted for the hauling. The general practice has been a summer cut, peeling of the bolts and stacking, with hauling to the spur on the railway at Camp No. 1, in the winter. Five camps have been operated, two of which were of a temporary nature.

Hauling has been done with use of a Holt 10-ton tractor, which was also used for pulling down the piles in the yard. Loading was done by hand into automobile cars, as far as possible, which take a greater cordage, and the material, with the exception of some 50 to 60 cars sent during the first year direct to Port Arthur, shipped to Nipigon where it was unloaded and reloaded into boats for shipment, presumably, to the United States.

The standard of utilization is high, stumps being cut to a 4" diameter and tops to 3 inches. Only Black

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Spruce, White Spruce and Balsam Fir have been cut for pulpwood. In addition, some Jack Pine ties, partly needed for the Company's spur and partly disposed of either locally or shipped, have been cut. No saw-material has been taken out or is likely to be; neither is there any market for Jack Pine, Poplar or Birch cord-wood.

The cutting has been conducted in an orderly manner, commencing on the east side of the reserve and working in blocks westward. The remaining uncut portion is therefore in one solid area, west of the Suicide River and bounded by the lake shore. The southern part of this area was cut over during the summer of 1933 and the bolts were still piled in the woods at the time of examination. In the logged portion, there are two very small patches yet to be taken, whilst along the shore line in the uncut area, a part has been logged by the Indians for building material.

Fire Protection.

The company have outlined a system of protection, using two lookout towers, and regulations forbidding the building of fires or smoking in the bush are strictly enforced.

Cut-over Portion - 10,911 Acres
17,105 Acres

Estimate of Amount of Timber Cut Since 1926.

Owing to heavy snow fall and consequent difficulties in bush travel, it was not possible to obtain adequate stump counts on the cut-over areas to give by that means a rough estimate on the cut. However, car loadings were made available through the courtesy of the C.N.R. and these, combined with information obtained locally, allow a reasonably accurate estimate to be made.

The car loadings are as follows. Approximate cordage is shown on the basis of 20 cords of peeled pulpwood to the car. This figure is higher than would appear to be the experience in the west but was considered as correct by both the woods' foreman of the company and the shipping agent of the C.N.R. It must be remembered that the largest available cars, termed automobile cars, were obtained as far as possible by the Company.

Year	Cars	Cordage
1931	223	4400
1932	835	16700
1933	243	4900
Totals :	1301	26000

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

To this must be added the 1933 cut which was still piled in the bush. On the basis of local estimates, which ranged from 10,000 to 16,000 cords, and from a knowledge of the type of stands on the area cut over, a figure of 12,000 cords appears reasonable. Of the whole cut, some 6,000 cords were rough pulpwood, the remainder being peeled.

Total Cut to Date

1930-33	Rough	6,000
	Peeled	32,000
		38,000

Making an allowance of 10% for shrinkage on the peeled material, the total cut then becomes approximately :- 41,000 cords

In addition, the 6,000 Jack Pine ties already referred to have been cut.

Estimate of the Amount of Timber on Uncut Area as of 1924.

To obtain this, increment borings were taken to determine the rate of growth in the last ten years.

White Spruce and Balsam Fir represent only a small portion of the total volume. Examination o f borings of these two species shows that the growth rate is substantially the same as that for Black Spruce. This being the case, it was decided that no sacrifice of accuracy would be entailed by applying the growth rate of Black Spruce to these species.

The summary figures of growth by diameter classes showed practically the same diameter growth during the last ten years irrespective of diameter class,

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

this being one-half inch of diameter growth in ten years.

In discounting 1933 volumes to the year 1924, there are two main points to be considered, namely :-

1. The increase in growth.
2. Mortality.

(1) The growth on the trees now living during the period 1924-33 has been calculated in the following manner :-

(a) The number of trees per strip acre for each diameter class for the three species as above was plotted on cross section paper using number of trees and diameter classes as ordinates.

(b) The growth rate was applied to this curve, reducing all diameters by one-half inch for ten years, so that the curve for the number of trees ten years ago was parallel to that for 1933. From this latter curve, the number of trees for each even diameter class in 1924 was readily obtained. An adjustment was necessary to give the figures for any year during this interval. The following table gives the strip acre number of trees for the years 1933, 1931 and 1924.

DIAMETER DISTRIBUTION OF PRESENT STAND YEARS 1933-31-24
WHITE AND BLACK SPRUCE, BALSAM FIR.

DIAMETER CLASS	NO. OF TREES PER ACRE 1933	1931	1924
4	78.7	82.4	95.0
5	104.3	103.5	100.1
6	95.7	92.0	75.0
7	54.2	51.0	39.8
8	26.8	25.0	19.0
9	11.5	10.6	7.5
10	3.7	3.4	2.4
11	1.3	1.2	1.0
12	.8	.7	.6
13	.3	.3	.2
14	.2	.2	.1
15	.1	.1	.1
16	.1	.1	.1
Totals :	377.7	370.5	340.9

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

(c) From this table it was found that the volume relation of the years 1924-33 varied between 73 and 74%, for cordage 6-9" d.b.h. and f.b.m. 10" and over, and total cordage 6" d.b.h. and up, and that a figure of 73.25% was considered applicable to all.

(2) In the foregoing, consideration has been given only to the amount of wood added to trees now living during the interval 1924-33. Consideration must now be given to the mortality during the period as, otherwise, the calculated values for 1924 would be too low.

The gross increment during this period for the three species considered has been at the rate of 28 cubic feet per acre per annum. No figures are available on mortality but it would seem reasonable to assume a figure of 8 cubic feet per acre per annum. If this were done, the above volume relation must be rasied from 73.25 to 81.00 per cent.

In the above, volumes of Black Spruce, White Spruce and Balsam Fir have been dealt with. The volume of Jack Pine now present totals 7,870 cords including all trees 6" d.b.h. and over. Examination of the increment borings show that this species is growing at a slower rate than the other coniferous species dealt with. As Jack Pine is not being utilized to any appreciable extent by the owners, it has not been considered necessary to make any precise calculations of volumes as of 1924. If the same percentage relationship between volumes as for the Spruce and Balsam Fir is used only a slight error is introduced, tending to show a slightly less volume in 1924 than was actually the case.

The following table shows the volumes for the coniferous species in 1933 and 1924.

Estimate of Timber on Cut-over Area as of 1924.

As previously stated, the approximate amount cut from this area was 41,000 cords of White Spruce, Black Spruce and Balsam Fir, and 6,000 Jack Pine ties.

The prevailing utilization for pulpwood cut, that is tops to 3" and 4" d.b.h., with stumps of 1 foot or less, is comparable to utilization for Black Spruce as given in Form Class Volume Table 101, Dominion Forest Service.

In the instructions received for the cruise, estimates were to be based on a utilization as given in Table 105 (for trees 6" d.b.h. and over). Had this intensity of utilization prevailed, the amount cut would have been considerably less than was the case.

To calculate the amount that would have been cut on a lower intensity of utilization, it is necessary, in view of the inadequacy of the stump counts, to assume that the diameter class distribution on the cut-over areas was the same as on the uncut area. The amount cut has been pro-rated on the basis of the distribution of volumes by diameter classes on the uncut area and it was found that the difference in utilization amounted to 12,542 cords of Black Spruce, White Spruce and Balsam Fir: so that the amount that would have been cut is,-

41,000-12,542 = 28,458 cords.

The next step is to determine the volume present on the cut-over portion in 1924, of trees 6" d.b.h. and over and utilization of the intensity of Form Class Volume Table 105.

Cutting has taken place during the years 1930-33. For the purposes of this calculation, it is considered that

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

no appreciable error would be introduced if based on the assumption that all cutting was done in 1931.

The volumes of 1931 were reduced to volumes 1924 according to the ratio of the number of trees in the former to the latter year. This showed a reduction in volume from 28,458 cords to 21,869 cords.

To this latter figure must be added mortality for the period 1924-31. If this is calculated at the same rate as for the uncut portion, it amounts to 1,784 cords, which, added to the above, gives a total on the area now cut over as of 1924 of :-

23,653 cords of Black Spruce, White Spruce & Balsam Fir.

The best means to translate this cordage into f.b.m., for material 10" d.b.h. and over, and cordage for material 6-9" d.b.h., is to apply the ratios between these units as shown in the estimate of quantities on the uncut area.

No information is available by species for the cordage cut, and it is therefore further necessary to assume that the percentage relationship between species is the same on the two areas.

Attention is drawn to the fact that no Jack Pine was removed from the cut-over area other than some 6,000 ties. No estimate is available of the amount of Jack Pine left on the cut-over area, and in attempting an estimate of the amount of this species on the area in 1924, it again must be assumed that the same ratio between the two areas for this species pertains.

The following table shows the complete figures for the periods 1931 and 1924.

Statement of Survey.

The above check cruise was carried out by the writer with the assistance of Mr. Sisam of the Ottawa office and two labourers and a cook hired locally.

Thanks to the courtesy of Mr. Burke of the Indian Department at Port Arthur, a motor boat, belonging to the Indians of the reserve, was made available, which enabled the work to be carried out in a much shorter time than would otherwise have been possible. An unoccupied cabin right on the reserve was also placed at our disposal.

In view of the uncertainty of the weather and length of time during which the Suicide River and Lake would be free of ice, and also in view of the dense and uniform stocking of timber on the area, it was thought advisable to

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

run strips of 11 feet in width only, these being spaced approximately one quarter of a mile apart. This method has been very satisfactorily employed by the Ontario Forest Service in cruising large areas of pulpwood.

This decision turned out to be well advised as the uncut portion was covered and a part of the cut-over, before freeze-up on the river and lake and very heavy snowfall made it impossible to use the boat or to obtain further stump counts and rendered bush travel most difficult with the equipment available.

Considerable information was, however, obtained from employees of the Company operating, as to the area and disposition of cut-over and unmerchantable portions of the reserve.

The party arrived at Long Lac on the 19th of October and left on the 29th of that month.

Compiling has been done by the writer at Winnipeg. Many thanks are due to Mr. Tunstell of that office for his assistance, particularly with regard to the methods adopted to obtain an estimate of the volume on the area as in 1924.

W. E. D. Halliday
Forest Engineer.

DEPARTMENT OF THE INTERIOR

Forest Service

OTTAWA, 30th November, 1933.

DRC:E

Dear Sir:-

I am enclosing herewith report and map in connection with the check cruise on Indian Reserve No. 77, Longlac, Ontario. In discussing this report hereunder, please note that the figures I am using deal only with white spruce, black spruce, and balsam, as the other species are apparently of no economic importance, with the possible exception of jackpine, which has been used to a small extent for ties.

At the outset it must be remembered that the classification of merchantable timber as given in the instructions for the survey call for estimates of trees six inches in diameter at breast height or larger. It follows, therefore, that the figures given in the report are compiled on this basis. On the other hand, actual utilization has been much more intensive, the timber extracted including everything which would make a pulpwood stick three inches in diameter at the small end.

The information which you particularly desired to obtain may be summarized as follows:

(1) a. Timber stand on present uncut area as of 1924 ..... 35,875 cords

b. Timber stand on present cutover area as of 1924 ..... 23,653 cords

Total stand as of 1924 ..... 59,528 cords

(2) Timber cut to date ..... 41,000 cords

This, however, includes a lot of timber not six inches D.B.H.

If the cutting had been restricted to the timber of the same size as included in the estimate of this survey, the amount cut to date would be only 28,458 cords
(Intensive utilization therefore yielded a 44% increase)

To this must be added the timber remaining on the uncut area at the present time, namely ..... 44,291 cords

The total stand, on the basis of the utilization factor used in the survey estimates had no timber been cut to date, would therefore be ..... 72,749 cords

Dr. Harold W. McGill,
Deputy Superintendent General of Indian Affairs,
O T T A W A.

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

The difference, namely, 13,221 cords, therefore represents the growth on the area between 1924 and 1932.

As is pointed out in the report, however, the actual cordage obtained from the area under the intensive utilization practised amounts to 41,000 cords. Assuming that the same standard of utilization will be practised for future cutting operations and disregarding any future increment due to annual growth, the estimate given above of 44,291 cords of timber remaining uncut will have to be increased by 44 per cent or 63,780 cords still available. This calculation was not made in the report, but has been derived from the data therein.

It follows that the total amount of timber to be obtained by the company from the reserve will be about 104,760 cords on the present standard of utilization.

Yours very truly,

D. Roy Cameron,

for Director of Forestry.

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

District Forest Inspector for Manitoba

Winnipeg, November 27, 1933.

Memorandum: Mr. Tunstell.

During my recent visit to Long Lac, Ontario, in connection with thecheck cruise on Indian Reserve No. 77, I was asked on several occasions by the acting chief of the reserve if I would take up certain matters relating to the extent of cutting and the class of material sold.

I naturally pointed out to the acting chief that this was not really within the scope of my assignment and that these matters should best go through the proper channels. However, I am outlining his requests so that you can deal with the subject as you think best.

The points brought up were, briefly:-

1. The question of retention of the timber on a strip one mile in length by a quarter of a mile in width, extending south down the lake shore from the existing Indian settlement at the mouth of the Suicide River. There are at present some ten cabins constructed on the settlement, from material on the reserve. It is only along the lake shore that stands of saw-timber size are at all common and the acting chief felt that should all this material be taken for pulpwood, there would be none available for the construction of further cabins or for the necessary repairs.

2. Considerable doubt was expressed as to actually what class of material had been sold, the prevailing impression being that only such as was suitable for pulpwood manufacture. Objections have been raised, I understand, by the Indians, to the disposal of firewood locally by the Company, which had been answered to the effect that the sale covered all the standing timber.

Dear Dr. McGill,

Encl. As will be apparent from the copy of a memorandum herewith, the local Chief of the band ran true to form and took the opportunity of advancing requests for things he wanted done. These matters, of course, have nothing to do with this Service, but the memorandum is being forwarded to you for your information.

Yours faithfully,

Associate Director.

Dr. H. W. McGill,
Deputy Superintendent General

Department of Indian Affairs

Canada

Lands and Timber Branch

Ottawa, December 6, 1933.

Memo.

Mr. Bury,-

Pursuant to instructions received from the Superintendent General, the Department lately made arrangements with the Forest Service Branch of the Department of the Interior to have a check cruise made of the timber on the Long Lac Reserve, for the purpose of obtaining an estimate of the quantity already cut under the license issued to Mr C. W. Cox, and the amount still remaining. This action was taken owing to the fact that the Indians of this reserve had complained that a much larger quantity of pulpwood has been or will be removed than was estimated at the time the Department sold this timber on a cash basis to Mr. Cox.

Mr. W. E. D. Halliday, Forest Engineer, of the Forest Service Branch, who conducted this re-survey, has now submitted a report, copy of which is attached. You will note from this report that there is a very great discrepancy between the estimate now made of the pulpwood on this reserve in 1924, and the estimate which Mr. McDonell, the Provincial Cruiser and yourself, made in or about that year. The following is a comparison:-

Mr. Bury .....27,000 cords

Mr. McDonell .....32,000 "

Forest Service Branch 59,528 "

The above estimates, I believe, are all made on the basis of six inches d.b.h.

Further, it will be noted from the present report that apparently, the parties now operating are cutting to a much smaller diameter than is permitted by our license, thereby increasing the output about 44%.

I have to request that you review very carefully

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

the report now submitted by the Forest Service Branch Engineer, for the purpose of offering your observations in general, and in particular with respect to the following:-

1. Why does the estimate which you made of this timber in 1926 differ so greatly from the estimate now made by the Forest Service Branch?

2. What explanation, if any, may be offered with regard to Mr. McDonell's estimate of 1924?

3. Do the conditions under which the license issued to Mr. Cox permit the Department to prohibit cutting under six inches d.b.h., and if so, what action is possible with respect to such cutting already carried out?

4. Could all timber other than pulpwood be retained for the use and benefit of the Band? What is the estimated value of this class of timber on the Long Lac Reserve?

5. In the interests of the Indians of this Reserve, what action would you recommend should now be taken in view of the situation as revealed in the Forest Service Branch report?

6. Such other observations as you may wish to make.

I should like you to give this matter your immediate attention.

Director.

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

Lands and Timber Branch

Ottawa, December 7th.1933. 192.....

Memo. Mr.Caldwell

Timber on Long Lac Reserve.

With reference to your memo.hereunder regarding the above subject,I have carefully reviewed the report submitted by the Forest Service Branch Engineer and desire to offer the following observations.

At the time I made my estimate of the Long Lac timber,prior to sale,I had to bear in mind that the pulpwood would have to be hauled out on railway cars a distance of 200 miles from Long Lac to the Great Lakes,and for that reason it did not appear to me to be reasonable that pulpwood could be profitably manufactured from trees of less diameter than seven inches DBH.as the cubic cordage of actual wood would be considerably less if such wood consisted of small size sticks.

Further,at that time,pulpwood stands were plentiful in localities closer to shipping points on the lakes and specifications called for large sound timber,and cruisers of that day would not consider that trees less than seven inches would be utilised.

My cruise was therefore based on a 7 in.diameter limit and the advertisement of sale specified that offers would be received for the timber of 6 inches and over at the stump,the allowance of one inch being made to cover occasional trees that were slightly less than 7 inches.

My opinion at that time was that the comparatively extensive areas of smaller growth would after a number of years provide another cut for the benefit of the Indians,and for that reason,a time limit of five years was specified in the advertisement and also restrictions were laid down for proper brush disposal and the elimination of the fire risk to the timber remaining on the reserve.

Dealing with your questions in their order,I wish to point out the following facts:-

1. The discrepancy in my estimate and that of the Forest Engineer can be accounted for by

   a. Intensive utilisation
   b. Incremental volume growth in 10 years.

a.

The diameter distribution table given by the Forest Engineer shows that there were in 1924 four times as many trees per acre of less diameter than 7 inches d.b.h. than over this diameter.

Intensive utilisation (i.e.cutting down to 4 inches d.b.h. has added 44 per cent in quantity.

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

Poor Copy

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

My original estimate of 27.000 cords would therefore be increased by 11.880 cords making a total of 38.880 cords, available on the land in 1924.

b. Page 9 of the Forest Engineer's report shows that the volume relation between the years 1924 and 1933 due to incremental growth was 81 per cent, so that an original stand as of 1924 of 38.880 cords would have increased by 31.928 cords during the 10 years, and would then represent a stand of 70.808 cords. in 1933.

The report shows that 41.000 cords have been cut, and this quantity deducted from 70.808 cords would leave a quantity uncut of 29.808 cords or approx. 30.000 cords.
The forest engineer reports that the quantity remaining uncut measures 44.291 cords.

2. I presume Mr. McDonell, when making his estimate in 1924, was governed largely by the same considerations which I had in mind.

3. The conditions of sale of the Long Lac timber were as specified in the advertisement, the only change that was made when the license actually became operative, being with respect to the mode of payment for the timber.
Timber of less size than 6 inches on the stump was never sold and was therefore not the property of the licensee and as the report shows that the proportion of pulpwood cut from under-size timber was 44%, then it follows that out of the 41.000 cords already cut, no less than 18.040 cords was cut from undersize timber, illegally.
Penalties are provided in the regulations for cutting timber under-size, ranging from the imposition of double dues to the cancellation of the license.

4. The license authorised the cutting of merchantable timber without restriction as to species and the report shows that apart from the spruce and balsam pulpwood there is a quantity of other species remaining as follows:-

Jack Pine.....	7.870	cords
Poplar.....	8.000	"
Birch.....	5.000	"

The value of the poplar and birch at present is nil, and although the jack pine would have some value as ties it would be difficult to establish this value without knowing if such jack pine existed in pronounced stands or was generally intermingled with other species. If the former, the jack pine when manufactured as ties would be valued at 10 cents per tie or approx. $1200.00.

5. I would recommend that the licensee be informed that an examination of the reserve reveals the fact that no less than 18.040 cords of pulpwood have been cut from timber of less size than six inches, which is liable to a penalty of double dues i.e. 80 cents per cord, amounting to the sum of $14.432.00 and that he should be called upon to pay this amount, or forfeit his license.
Should he dispute this claim, I would further recommend that the existing license be suspended forthwith, and that a stump tally be made next spring after the snow has gone, so as to establish definitely the number of trees that

Poor Copy

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

have been cut of less size than 6 inches d.b.h.

Conclusion.

I may observe that the price paid for this pulpwood at the time of sale of $4.10 per cord stumpage was the highest we have ever received and that the market at present would barely permit of a price of $1.50 being paid. The Department realised the sum of $100.000 for this timber at a time when the market was active.

Sir,

Included in the charges incurred on the Department of Indian Affairs are the following items of property and camp equipment purchased on October 20th from the Marshall Wells Company, which, in view of the fact that we are being reimbursed, rightfully belong to the Department of Indian Affairs, and should, therefore, be held available for transfer to them, or other disposition, of which they may advise us at a later date:-

2 air tight heaters
12 lengths 6-inch stove pipe
2 lengths 6-inch stove pipe (with dampers)
1 galvanized pail
1 four-hole camp stove (Teslin)
1 wash basin
6 drinking cups
1 alarm clock
1 set coll. pipe

The foregoing articles are included in the charge of $27.14, and the heaters, camp stove, and alarm clock are recorded on Property Form 100, No. 28499.

It is assumed that this property is stored at Winnipeg.

Yours faithfully,

D. Roy Cameron

Dear Dr. McGill,

Encl. I am forwarding you herewith accounts in connection with the check cruise of Long Lac Indian Reserve No. 77, carried out by this Service at your request, and totalling $390.44. The statement is in triplicate and one complete set of the original vouchers is attached to the original of our statement.

I would be glad if you would have a cheque issued payable to the Receiver General for the Director of Forestry and forwarded to this office.

Your attention is called to the fact that Mr. Halliday found it necessary to purchase some camp equipment which will be found included in the account of the Marshall Wells Company. There is enclosed a copy of a letter to Mr. Tunstell, our Chief Forest Officer at Winnipeg, advising him to hold this equipment for transfer to your Department. Will you please advise us as to your wishes in connection therewith.

Deputy Superintendent General,-

Pursuant to your instruction, I desire to submit certain observations concerning the report of the check cruise of the timber of Long Lac Reserve No. 77 in the Province of Ontario, as made during the month of October by an officer of the Forest Service Branch of the Department of the Interior.

The report submitted by the Forest Service Officer is quite detailed and the check cruise was, I believe, much more exhaustive than would be made under ordinary circumstances preceding sale by tender.

A period of ten years has elapsed between the two cruises and, of course, considerable of the figures given must, necessarily, be considered merely as estimates. Two facts, however, seem to be quite evident, first, that Mr. McDonnell, the Provincial Cruiser employed by this Department in 1924, underestimated the quantity of timber on this Reserve. Second, that the present operators are cutting under the size permitted by the terms and conditions of the original sale and this intensive utilization represents a considerable proportion of the incremental growth during the intervening period of ten years.

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

Poor Copy

I am attaching a report which has been made by Mr. Bury, our Timber Supervisor, and it will be of interest to note that at the time this Reserve was first cruised it was not the practice, for reasons stated, to cruise timber under a diameter of seven inches at the stump. The present operators appear to be cutting down to as low as four inches or less and, as the sale was made subject to the condition that six inches d.b.h. was the minimum, the present operators are, therefore, violating the terms and conditions of this sale and it is, I believe, within the power of the Department to prohibit further cutting pending adjustment of this phase of the situation by payment of double royalties for the timber cut below the stated limit and, if such payment is not made, then the License should be cancelled, as it was originally the expectation of the Department that this very heavy small growth would later be a valuable resource for the benefit of the Long Lac Band.

I am not in a position to deal technically with any phase of the matter, but would recommend that instructions issue at once to the present operators to cease cutting below the six inch limit and to call upon them to pay double dues upon such timber as they have cut in this manner, and that further, if an immediate adjustment is not made, that the existing License be cancelled pending further and complete settlement.

Enclosure.

Sale of timber.Long Lac Reserve.Ont.

In October 1926 the Department offered the timber of six inches and over at the stump,on the Long Lac Reserve,for sale by public tender,(copy of advertisement attached) and the successful tender was C.W.Cox of Port Arthur.

A timber license was issued to him in December 1926 but no cutting was undertaken until 1928,as the licensee insisted that the depressed market did not permit of profitable operation.

Meanwhile the Indians of the reserve were pressing the Department for assistance by way of a distribution of money arising out of the sale of the timber,and when the licensee was again urged to commence the cutting,he suggested paying a lump sum for the timber in place of royalties as it was cut.

This proposal was assented to by the Indians,and the Department therefore sold the whole of the timber on the Reserve as covered by the license,for the lump sum of $100.000.00,thereby releasing the licensee from paying any royalties.

Operations were apparently started in the winter of 1928-29 and the license was renewed yearly on payment of the annual rental and renewal fee,specified in the advertisement of sale.

Up to date Mr.Cox has paid the sum of $90.000 by way of principal and $6.690 by way of interest,and a note outstanding for the sum of $10.300.00

Last year reports reached the Department that the licensee was cutting and removing a much larger quantity of timber than the original estimate provided,and a careful inspection of the timber on the reserve and of the cutting operations was made by a forest engineer of the Forest Service.

His report shows that a quantity of pulpwood measuring 18.040 cords has been cut from timber of less size than 6 inches at the stump,and it is considered that the licensee having no right to this under size timber,should rightly pay trespass dues amounting to double the usual tariff,under the provisions of section No.14 of the Timber Regulations,(copy attached).

It is further considered that should the licensee refuse payment of such trespass dues,the Department would be justified in cancelling the license,besides recovering the balance of the purchase price still outstanding.

SEALED TENDERS addressed to the undersigned and marked on the face of the envelope "Tender for Long Lake Timber" will be receivable up till noon of Wednesday, November 3rd, 1926, for the purchase of the merchantable timber of six inches and over at the stump, on the Long Lake Indian Reserve No. 77 in the district of Thunder Bay and province of Ontario.

Tenderers should state the prices they are prepared to pay for each species of timber, either per M.f.b.m. or per cord of 128 cubic feet, over and above dues at the following rates:—

Spruce logs..	$1.50 per M.f.b.m.
Jack pine logs.. ..	2.50 " "
Poplar logs..	1.50 " "
Birch logs..	2.50 " "
Pulpwood..	1.50 per cord
Ties..	.10 each
Cordwood..	.25 per cd.
Cordwood..(birch).	.50 per cd.

Each tender must be accompanied by an accepted cheque on any Canadian Chartered Bank for the sum of $5,000, such cheque to be retained by the Department as a deposit or security for the proper carrying out of the contract, and forfeited to the Department if the undertaking is not completed to the satisfaction of the Superintendent General.

Five years will be allowed in which the timber must be cut and removed under the regulations of the Department, and an annual license will be granted to the successful tenderer upon compliance with the regulations and the payment of rental $135 and license fee $4.00.

Half the cost of adequate fire-guardianship of the timber must be paid by the licensee and the safe disposal of brush, tree tops and other debris resulting from the operations must be arranged for under the supervision of the Department. Preference by way of employment in the work of cutting and removing the timber must be given to the Indians of the band, and sworn returns must be furnished, based on the Doyle Rule, showing the kinds and quantities of timber cut each season.

The attention of tenderers is drawn to the fact that the timber on this Reserve, which is suitable for the manufacture of pulp or paper, is exportable under special authority of His Excellency the Governor General in Council.

Tenderers must submit their offer on the form of tender provided for that purpose, and such form together with plan of the Reserve and copy of the Timber Regulations may be had on application to the undersigned or to Mr. J. G. Burk, Indian Agent, Port Arthur, Ont.

DUNCAN C. SCOTT,
Deputy Superintendent General.

LICENSE TO CUT TIMBER

ON

INDIAN RESERVES IN THE DOMINION OF CANADA

EXCEPTING THOSE SITUATE IN

THE PROVINCE OF BRITISH COLUMBIA

By Authority of Chapter 81 of the Revised Statutes of Canada, and amendments thereto, and for and in consideration of the payments made, and to be made to the credit of Indian Funds:—I do hereby give unto

Driftwood Lands and Timber Limited

and unto their Agents and Workmen full power and License to cut

Merdhantable timber

upon the Location described upon the back hereof, and to hold and occupy the said Location to the exclusion of all others, except as hereinafter mentioned:—from May 1st.

1933 to April 30th. 1934, and no longer; with the right of conveying away the said Timber through any ungranted or waste Indian Lands.

And by virtue of this License the said Licensee has right by the said Statute to all timber cut by others in trespass on the ground hereby assigned, with full power to seize and recover the same anywhere within the Dominion of Canada.

But this License is subject to the following conditions, viz.:

That free export of pulpwood be allowed

That the dues to which the Timber cut under its authority are liable, shall be paid as follows, namely:—

Under a sworn return furnished by a licensed scaler and on or before the 30th of November following the season in which the timber is cut:

That all Lots sold prior and all Lots sold subsequently to the date hereof, and which have been settled upon and are being cleared for cultivation, shall be exempt from the operation of this License, excepting in so far as Pine and Spruce merchantable timber are concerned, which this License will continue to control until all conditions of sale have been fulfilled;

That any person or persons may, under authority of the Superintendent General of Indian Affairs, at all times, make and use Roads upon, and travel over, the ground hereby licensed;

That nothing herein shall prevent any person or persons, having authority from the Superintendent General of Indian Affairs to do so, from taking the standing Timber of any kind to be used for the making of Roads and Bridges, or for Public Works;

And that persons settling under lawful authority or title within the Location hereby licensed shall not in any way be interrupted in clearing and cultivating by the said Licensee, or any one acting for them or by their permission.

Sale of timber.Long Lac Reserve.Ont.

In October 1926 the Department offered the timber of six inches and over at the stump,on the Long Lac Reserve,for sale by public tender,(copy of advertisement attached) and the successful tender was C.W.Cox of Port Arthur.

A timber license was issued to him in December 1926 but no cutting was undertaken until 1928,as the licensee insisted that the depressed market did not permit of profitable operation.

Meanwhile the Indians of the reserve were pressing the Department for assistance by way of a distribution of money arising out of the sale of the timber,and when the licensee was again urged to commence the cutting,he suggested paying a lump sum for the timber in place of royalties as it was cut.

This proposal was assented to by the Indians,and the Department therefore sold the whole of the timber on the Reserve as covered by the license,for the lump sum of $100.000.00,thereby releasing the licensee from paying any royalties.

Operations were apparently started in the winter of 1928-29 and the license was renewed yearly on payment of the annual rental and renewal fee,specified in the advertisement of sale.

Up to date Mr.Cox has paid the sum of $90.000 by way of principal and $6.690 by way of interest,and a note outstanding for the sum of $10.300.00

Last year reports reached the Department that the licensee was cutting and removing a much larger quantity of timber than the original estimate provided,and a careful inspection of the timber on the reserve and of the cutting operations was made by a forest engineer of the Forest Service.

His report shows that a quantity of pulpwood measuring 18.040 cords has been cut from timber of less size than 6 inches at the stump,and it is considered that the licensee having no right to this under size timber,should rightly pay trespass dues amounting to double the usual tariff,under the provisions of section No.14 of the Timber Regulations,(copy attached).

It is further considered that should the licensee refuse payment of such trespass dues,the Department would be justified in cancelling the license,besides recovering the balance of the purchase price still outstanding.

Dear Sir,

I beg to enclose Departmental file No.30009-5A with respect to the disposal of timber on the Long Lac Reserve in the Province of Ontario and refer you in particular to My. Bury's memo of this date to which is attached a copy of our Timber Regulations and a copy of the License in question.

It is proposed to make a demand upon the licensee for double the usual tariff under the provisions of the Timber Regulations in respect of the 18.040 cords that have been cut from timber of less size than 6 inches at the stump and in default of such payment to cancel the license but before doing so I should be glad to have your views as to whether we would be acting within our legal rights.

enc.

Yours truly,

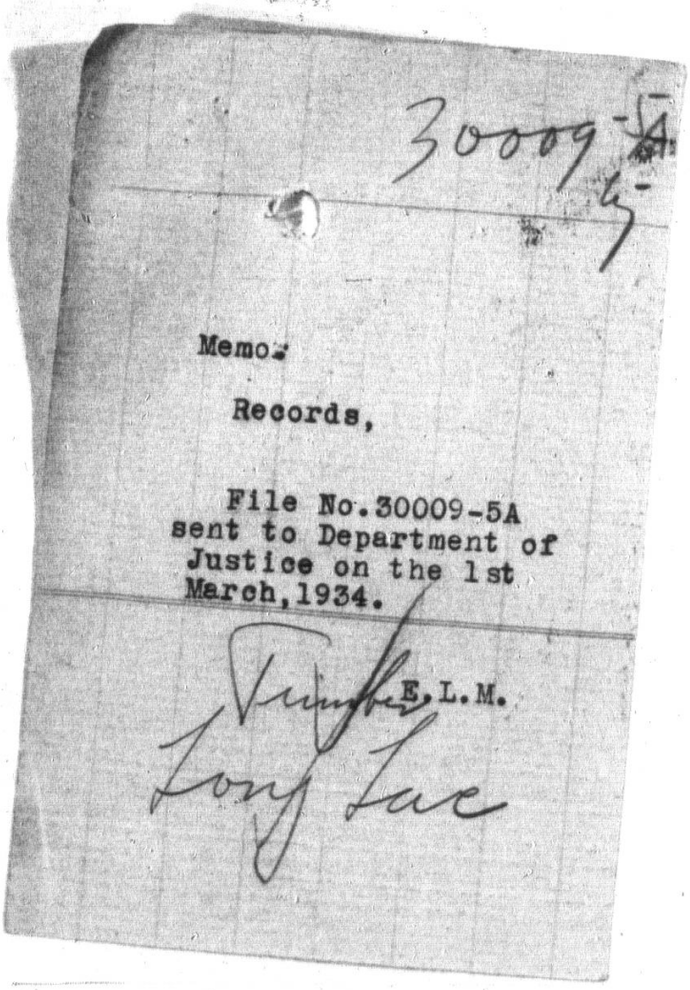

Deputy Superintendent General.

Re: Cancellation of C.W. Cox timber licence
Long Lake Reserve - trespass dues.
Your file No. 30009-5A.

I have the honour to acknowledge receipt of your letter of March 1st and return you herewith your file above numbered and that numbered 30009-5. The circumstances as divulged by the files suggest that timber of less size than six inches at the stump has been cut in trespass and that Regulation 14 applies. I note that under Regulation 7 a renewal of licence shall not be granted unless the limit has been properly worked and it may be that this should be held in abeyance until adjustment is achieved, either by payment of your claim outright or, upon the institution of an action in the Exchequer Court looking to recovery of the penalty, payment into court pending the outcome of trial.

I have the honour to be,

Sir,

Your obedient servant,

"Encl."

W. Stuart Edwards

Deputy Minister of Justice.

4X'U.

Ottawa. May 1st.1934.

Gentlemen:-

In November of last year, following complaints received from the Indians of the Long Lac Reserve, a comprehensive examination was made by a qualified forest engineer of the character and scope of the lumbering operations conducted under your timber license No.205 on the aforesaid Indian Reserve.

In accordance with the terms and conditions of the advertised sale of this timber, cutting was restricted to the merchantable timber of six inches and over at the stump, but the report of the forest engineer shows that a quantity of pulpwood measuring 18,040 cords has been cut from timber of less size than six inches, and as such timber has been cut illegally, penalty dues at the rate of 80 cents per cord must be paid before any further cutting is permitted.

These dues amount to the sum of $14,432 and as your license expired today, I have to notify you that it is not the intention to grant renewal of this license or permit any further cutting on the Long Lac Reserve until a satisfactory settlement is received.

Yours very truly,

A. F. MacKenzie

Secretary.

30009-5a Vol 2

Ottawa, May 14th.1934.

Sir:-

With reference to your representations respecting the alleged cutting of under-size timber on the Long Lac Reserve, it is noted that you claim on behalf of the licensee that the sale of the timber covered "merchantable timber" irrespective of diameter limit, and that you dispute the fact that a quantity measuring 18.040 cords of pulpwood has been cut from timber of less size than six inches in diameter.

Pending a satisfactory settlement of these two questions and in order not to inflict hardship on the licensee by the immediate cessation of all cutting operations during the present peeling season, the Department is prepared to grant an interim license to permit of such cutting, subject to the following conditions:-

1. That a sworn return be made of the timber cut during the period Nov.1st.1933 to April 30th.1934.
2. That rental and renewal fee amounting to the sum of $137.00 be paid for the current season.
3. That a bond in the sum of $20.000 be signed by two sureties for the due performance and fulfilment by the licensee of the conditions governing the said license.

A form of bond guarantee is enclosed herewith.

Mr.C.W.Cox
Port Arthur
ONT.

May 14th. 1934

MEMORANDUM

The Honourable the Superintendent General -

Mr. C. W. Cox visited the Department on the morning of the 12th. May in connection with the question of the timber on the Long Lac Indian reserve, Port Arthur Agency.

Mr. Cox registered two objections against the Department's action in making claim for compensation for excessive utilization of small timber in the cutting operations of the Driftwood Land and Timber Company.

Mr. Cox's first objection lay in his claim that legally he had purchased timber of all sizes without any restriction.

Secondly he protested that the information concerning this alleged over-utilization of timber of the regulation size of 6", supplied the Department by officials of the Forestry Branch of the Department of the Interior, was grossly inaccurate. He put forward the claim that the amount of 18,000 cords of under-sized wood was a figure far beyond that which would cover the amount actually utilized.

The Department made the suggestion to Mr. Cox that the Department issue an interim license to the Driftwood Land and Timber Company without prejudice and contingent upon a security bond being furnished by the operating company pending a final settlement of the Department's claim.

Ottawa, June 1st, 1934.

Dear Sir:-

A letter was written to you on the 29th January last asking for a settlement of your promissory note for $10,000.00. No reply was received from you and although the matter has since been brought to your attention, you have failed to even reply and as the Indians are pressing for the money to be made available, I am asking that you make settlement at once.

It is not pleasant to have to urge the settlement of this accommodation granted to you by the Department and I trust that it will not be necessary to make further demands upon you but, as intimated above, you must make immediate settlement.

You can readily understand that the Department must insist on prompt payment as the money, owing by you, belongs to the Indians and this Department is responsible for the administration of these trust funds and settlement must not be longer delayed.

Yours very truly,

D. S. Williams

Mr. A. F. MacKenzie,
Secretary,
Dept. of Indian Affairs,
Ottawa, Ont.

Dear Sir:

In answer to your letter of May 14, I enclose herewith a check for $137.00, being ground rental and renewal fee on the Longlac Reserve.

I also enclose affidavit covering amount of wood cut. You will note there was no wood cut between the dates you mentioned. The cutting was done prior to that time. Also enclosed bond as requested.

Trusting this is satisfactory, and that the license will be issued, pending adjustments, if any.

Yours very truly,

EX'D.

The Honourable the Superintendent General -

In accordance with your notation on my memorandum of May 14th. "no license to be issued until submitted", I am enclosing memorandum from Mr. Bury with regard to interim renewal of Long Lake timber license.

It is understood that the Driftwood Lumber Company has men already on the ground and as we have been furnished with the required bond, there would appear to be no reason for withholding the renewal of license.

I would respectfully ask for your concurrence in the recommendation that the license be renewed.

CHECK CRUISE ON INDIAN RESERVE NO. 77

LONG LAC, ONTARIO

October, 1933.

Introduction.

This report covers a check cruise on Indian Reserve No. 77, at Long Lac, Ontario.

The purpose of the cruise was to determine:-

(a) The amount of merchantable-timber on the Reserve at present and an estimate of the amount of timber on the uncut area as of 1924.

(b) The amount cut subsequent to the sale in 1926 to Charles W. Cox, of Port Arthur, Ontario.

AREA.

The area of the Reserve is approximately 27 square miles, and is laid out in unserveyed territory.

Geographical Location.

Long Lac, a narrow lake of some 50 miles in length by 2 miles in width, lies about 25 miles to the north of Lake Superior and about 55 miles east of Lake Nipigon. The Reserve is situated on the east side at the entrance of the Suicide River and close to the mouth of the Lake, and is roughly oblong in shape, 8 miles by 4 with the western side cut at an angle.

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Topographical Features.
Geology & Soil.

The underlying rock formation is Pre-Cambrian, overlaid with a varying burden of glacial till, considerably sorted in places. The topography is gently irregular, rising somewhat to the south boundry of the Reserve and with alternating ridges of lighter soil and poorly drained depressions. The Suicide River roughly bisects the whole area and swings to form half of the northern boundary. Numerous springs rise a short distance from the lake shore. The main line of the C.N.R. runs through the eastern half of the Reserve.

Silvicultural Conditions.

The area supports stands typical of the Northern Coniferous Belt of the Boreal Forest, that is with Black Spruce a component of the majority of associations and occupying a wide range of sites. Only on the better drained portions, where the soil deposit is of a heavier texture and greater depth, do White Spruce and Balsam assume any dominance. Extensive areas of poorly drained Black Spruce and Tamarack muskegs occur grading in general into Cedar swamps from which the main water movement takes place.

Ridges of lighter textured soil support mixed stands of Jack Pine and Black Spruce, but the majority of the Pine is not of a size for tie making.

The large majority of the uncut stands originated from fire around ninety years ago, with a later fire of some seventy years on the northern portion. Extensive areas on the east side of the Reserve were burnt into

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

about fifty years ago and a younger burn of some twenty-five years of age occurs round the junction of the Suicide River and Rocky Shore Lake Creek at the northern boundary.

On the uncut-area in general the Black Spruce shows good height growth, dense stocking and general uniformity of cover.

Logging

The original purchaser of the timber, Mr. Cox, has done no cutting and apparently disposed of his holding around 1929 to the Driftwood Land and Timber Co. of Port Arthur, connected with or a subsidiary of the Detroit Sulphite Company of Detroit, U.S.A. Cutting commenced by this company some time in 1930, and, in latter years, has been contracted out to Mr. Oscar Steife of Port Arthur, who formerly contracted for the hauling. The general practice has been a summer cut, peeling of the bolts and stacking, with hauling to the spur on the railway at Camp No. 1, in the winter. Five camps have been operated, two of which were of a temporary nature.

Hauling has been done with use of a Holt 10-ton tractor, which was also used for pulling down the piles in the yard. Loading was done by hand into automobile cars, as far as possible, which take a greater cordage, and the material, with the exception of some 50 to 60 cars sent during the first year direct to Port Arthur, shipped to Nipigon where it was unloaded and reloaded into boats for shipment, presumably, to the United States.

The standard of utilization is high, stumps being cut to a 4" diameter and tops to 3 inches. Only Black

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Spruce, White Spruce and Balsam Fir have been cut for Pulpwood. In addition, some Jack Pine ties, partly needed for the Company's spur and partly disposed of either locally or shipped, have been cut. No saw-material has been taken out or is likely to be; neither is there any market for Jack Pine, Poplar or Birch cordwood.

The cutting has been conducted in an orderly manner, commencing on the east side of the reserve and working in blocks westward. The remaining uncut portion is therefore in one solid area, west of the Suicide River and bounded by the lake shore. The southern part of this area was cut over during the summer of 1933 and the bolts were still piled in the woods at the time of examination. In the logged portion, there are two very small patches yet to be taken, whilst along the shore line in the uncut area, a part has been logged by the Indians for building material.

Fire Protection.

The company have outlined a system of protection, using two lookout towers, and regulations forbidding the building of fires or smoking in the bush are strictly enforced.

17,105 Acres

Estimate of Amount of Timber Cut Since 1926.

Owing to heavy snow fall and consequent difficulties in bush travel, it was not possible to obtain adequate stump counts on the cut-over areas to give by that means a rough estimate on the cut. However, car loadings were made available through the courtesy of the C.N.R. and these, combined with information obtained locally, allow a reasonably accurate estimate to be made.

The car loadings are as follows. Approximate cordage is shown on the basis of 20 cords of peeled pulpwood to the car. This figure is higher than would appear to be the experience in the west but was considered as correct by both the woods' foreman of the company and the shipping agent of the C.N.R. It must be remembered that the largest available cars, termed automobile cars, were obtained as far as possible by the Company.

Year	Cars	Cordage
1931	223	4400
1932	835	16700
1933	243	4900
Totals:-	1301	26000

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

To this must be added the 1933 cut which was still piled in the bush. On the basis of local estimates, which ranged from 10,000 to 16,000 cords, and from a knowledge of the type of stands on the area cut over, a figure of 12, 000 cords appears reasonable. Of the whole cut, some 6,000 cords were roughly pulpwood, the remainder being peeled.

	Total Cut to Date	
1930-33	Rough	- 6,000
	Peeled	- 32,000
		38,000

Making an allowance of 10% for shrinkage on the peeled material, the total cut then becomes approximately:- 41,000 cords

In addition, the 6,000 Jack Pine ties already referred to have been cut.

Estimate of the Amount of Timber on Uncut Area as of 1924.

To obtain this, increment borings were taken to determine the rate of growth in the last ten years.

White Spruce and Balsam Fir represent only a small portion of the total volume. Examination of borings of these two species shows that the growth rate is substantially the same as that for Black Spruce. This being the case, it was decided that no sacrifice of accuracy would be entailed by applying the growth rate of Black Spruce to these species.

The summary figures of growth by diameter classes showed practically the same diameter growth during the last ten years irrespective of diameter class, this being one-half inch of diameter growth in ten years.

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

In discounting 1933 volumes to the year 1924, there are two main points to be considered, namely:-

1. The increase in growth.
2. Mortality.

(1) The growth on the trees now living during the period 1924-33 has calculated in the following manner:-

(a) The number of trees per strip acre for each diameter class for the three species as above was plotted on cross section paper using number of trees and diameter classes as ordinates.

(b) The growth rate was applied to this curve, reducing all diameters by one-half inch for ten years, so that the curve for the number of trees ten years ago was parallel to that for 1933. From this latter curve, the number of trees for each even diameter class in 1924 was readily obtained. An adjustment was necessary to give the figures for any year during this interval. The following table gives the strip acre number of trees for the years 1933, 1931, and 1924.

DIAMETER DISTRIBUTION OF PRESENT STAND YEARS 1933-31-24
WHITE AND BLACK SPRUCE, BALSAM FIR.

DIAMETER CLASS	NO. OF TREES PER ACRE 1933	1931	1924
4	78.7	82.4	95.0
5	104.3	103.5	100.1
6	95.7	92.0	75.0
7	54.2	51.0	39.8
8	26.8	25.0	19.0
9	11.5	10.6	7.5
10	3.7	3.4	2.4
11	1.3	1.2	1.0
12	.8	.7	.6
13	.3	.3	.2
14	.2	.2	.1
15	.1	.1	.1
16	.1	.1	.1
Totals:	377.7	370.5	340.9

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

(c) From this table it was found that the volume relation of the years 1924-33 varied between 73 and 74%, for cordage 6-9" d.b.h. and f.b.m. 10" and over, and total cordage 6" d.b.h. and up, and that a figure of 73.25% was considered applicable to all.

(2) In the foregoing, consideration has been given only to the amount of wood added to trees now living during the interval 1924-33. Consideration must now be given to the mortality during the period as, otherwise, the calculated values for 1924 would be too low.

The gross increment during this period for the three species considered has been at the rate of 28 cubic feet per acre per annum. No figures are available on mortality but it would seem reasonable to assume a figure of 8 cubic feet per acre per annum. If this were done, the above volume relation must be raised from 73.25 to 81.00 per cent.

In the above, volumes of Black Spruce, White Spruce and Balsam Fir have been dealt with. The volume of Jack Pine now present totals 7,870 cords including all trees 6" d.b.h. and over. Examination of the increment borings show that this species is growing at a slower rate than the other coniferous species dealt with. As Jack Pine is not being utilized as to any appreciable extent by the owners, it has not been considered necessary to make any precise calculations of volumes as of 1924. If the same percentage relationship between volumes as for the Spruce and Balsam Fir is used only a slight error is introduced, tending to show a slightly less volume in 1924 than was actually the case.

The following table shows the volumes for the coniferous species in 1933 and 1924.

Compound Interest Rate ($1.0p^{r}$) = 2½%

Estimate of Timber on Cut-over Area as of 1924.

As previously stated, the approximate amount cut from this area was 41,000 cords of White Spruce, Black Spruce and Balsam Fir, and 6,000 Jack Pine ties.

The prevailing utilization for pulpwood cut, that is tops to 3" and 4" d.b.h., with stumps of 1 foot or less, is comparable to utilization for Black Spruce as given in Form Class Volume Table 101, Domonion Forest Service.

In the instructions received for the cruise, estimates were to be based on a utilization as given in Table 105 (for trees 6" d.b.h. and over). Had this intensity of utilization prevailed, the amount cut would have been considerable less than was the case.

To calculate the amount that would have been cut on a lower intensity of utilization, it is necessary, in view of the inadequacy of the stump counts, to assume that the diameter class distribution on the cut-over areas was the same as on the uncut area. The amount cut has been pro-rated on the basis of the distribution of volumes by diameter classes on the uncut area and it was found that the difference in utilization amounted to 12,542 cords of Black Spruce, White Spruce and Balsam Fir: so that the amount that would have been cut is,-

41,000-12,542 = 28,458 cords.

The next step is to determine the volume present on the cut-over portion in 1924, of trees 6" d.b.h. and over and utilization of the intensity of Form Class Volume Table 105.

Cutting has taken place during the years 1930-33. For the purposes of this calculation, it is considered that

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

no appreciable error would be introduced if based on the assumption that all cutting was done in 1931.

The volumes of 1931 were reduced to volumes 1924 according to the ratio of the number of trees in the former to the latter year. This showed a reduction in volume from 28,458 cords to 21,869 cords.

To this latter figure must be added mortality for the period 1924-31. If this is calculated at the same rate as for the uncut portion, it amounts to 1, 784 cords, which, added to the above, gives a total on the area now cut over as of 1924 of :-

23,653 cords of Black Spruce, White Spruce & Balsam Fir.

The best means to translate this cordage into f.b.m., for material 10" d.b.h. and over, and cordage for material 6-9" d.b.h., is to apply the ratios between these units as shown in the estimate of quantities on the uncut area.

No information is available by species for the cordage cut, and it is therefore further necessary to assume that the percentage relationship between species is the same on the two areas.

Attention is drawn to the fact that no Jack Pine was removed from the cut-over area other than some 6,000 ties. No estimate is available of the amount of Jack Pine left on the cut-over area, and in attempting an estimate of the amount of this species on the area in 1924, it again must be assumed that the same ratio between the two areas for this species pertains.

The following table shows the complete figures for the periods 1931 and 1924.

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

Statement of Survey.

The above check cruise was carried out by the writer with the assistance of Mr. Sisam of the Ottawa office and two labourers and a cook hired locally.

Thanks to the courtesy of Mr. Burke of the Indian Department at Port Arthur, a motor boat, belonging to the Indians of the reserve, was made available, which enabled the work to be carried out in a much shorter time than would otherwise have been possible. An unoccupied cabin right on the reserve was also placed at our disposal.

In view of the uncertainty of the weather and length of time during which the Suicide River and Lake would be free of ice, and also in view of the dense and uniform stocking of timber on the area, it was thought advisable to

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

run strips of 11 feet in width only, these being spaced approximately one quarter of a mile apart. This method has been very satisfactorily employed by the Ontario Forest Service in cruising large areas of pulpwood.

This decision turned out to be well advised as the uncut portion was covered and a part of the cut-over, before freeze-up on the river and lake and very heavy snowfall made it impossible to use the boat or to obtain further stump counts and rendered bush travil most difficult with the equipment available.

Considerable information was, however, obtained from employees of the Company operating, as to the area and disposition of cut-over and unmerchantable portions of the reserve.

The party arrived at Long Lac on the 19th of October and left on the 29th of that month.

Compiling has been done by the writer at Winnipeg. Many thanks are due to Mr. Tunstell of that office for his assistance, particularly with regard to the methods adopted to obtain an estimate of the volume on the area as in 1924.

T. R. L. MacInnes, Esq.,
Acting Secretary,
Department of Indian Affairs,
OTTAWA, Ontario.

Dear Sir:

Wish to acknowledge your letter of the 21st. I do appreciate the extention of time which the Department has given me and will endeavour to have the matter settled promptly at maturity, although needless to say it has not been so easy to raise money and not such a great deal of wood has been cut from the limits referred to yet.

Yours very truly,

CWC/JB.

Lands and Timber Branch

Ottawa, June 13th. 1934. 193

Memo. Dr.McGill:

Interim renewal of Long Lake Timber License.

The active operator with respect to the Long Lake timber license, Mr.C.W.Cox, has complied with the terms of our recent letter respecting the issue of an interim renewal license, in that he has furnished a joint bond in the sum of $20.000, has submitted a sworn return of the timber cut last season, and has paid the current rental and renewal fee.

It would therefore appear in order to grant the interim renewal of this license, but you will please note that a condition of this interim renewal shows that such renewal is issued pending settlement of the existing dispute concerning minimum diameter limit.

Such interim renewal is herewith submitted for signature.

MEMORANDUM

The Honourable the Superintendent General -

In accordance with your notation on my memorandum of May 14th. "no license to be issued until submitted", I am enclosing memorandum from Mr. Bury with regard to interim renewal of Long Lake timber license.

It is understood that the Driftwood Lumber Company has men already on the ground and as we have been furnished with the required bond, there would appear to be no reason for withholding the renewal of license.

I would respectfully ask for your concurrence in the recommendation that the license be renewed.

Sir:

ATTENTION LANDS DEPT.

I beg to enclose herewith resolution regarding the Martin Falls Band. As you will note the Band have expressed a desire that the contractors discontinue operating on their Reservation. When their timber was surrendered the Band were informed that there were approximately 32,000 cords of wood on their Reserve.

The Band informed me during Annuity payments the contractors have already cut approximately 40,000 cords, and there still remains a large quantity of uncut timber. I would be pleased if the Department would advise regarding the enclosed document.

Your obedient servant,

J. G. Burk,
Indian Agent.

Ottawa. July 11th.1934.

Sir:-

With reference to your letter of the 5th.inst.regarding the cutting of timber on the Long Lake Reserve,I have to state that the result of the inspection of this reserve last fall shows that a considerable quantity of timber was cut which was of less size than 6 inches at the stump.

The Department has therefore presented a claim to the timber licensee asking for payment at the rate of double dues on all timber cut from under-size trees.This claim is now in process of consideration by the licensee,but pending final settlement,and in order not to deprive the licensee of the privilege of cutting pulpwood during the peeling season,it was decided to grant an interim license after a bond in the sum of $20.000 had been deposited with the Department.

The original estimate of the timber only included trees of eight inches and over at the stump.

Yours very truly,

A. F. MacKenzie

Secretary.

Attention - Mr. A. F. MacKenzie, Secretary

Gentlemen:

We beg to acknowledge your letter of June 28th, together with the Interim Renewal of our Long Lac License No. 208.

We note what you have to say in your first paragraph, that the license was granted pending the settlement of the existing dispute on the size of the timber cut and that you think this phase of the matter should be dealt with as soon as possible. We agree with you in this matter; we think that it should be cleared up. However, we feel that you should have issued the license to us the same as in years gone by, inasmuch as there is no dispute whatever between your Department and ourselves, the Driftwood Lands & Timber Limited, as the Driftwood Company purchased all of the merchantable timber upon this limit and the Department have acknowledged that position for some years by issuing licenses to the Driftwood Company in that way, and we feel that you should continue to issue the same type of license to us from year to year, inasmuch as the Department's dispute is entirely with Mr. C. W. Cox, and we suggest that you take up this matter with him direct.

We shall be very glad to see the matter clarified, for, although we feel as above, we at the same time feel that the matter is of some embarrassment between your Department and the Driftwood Lands & Timber Limited.

Yours very truly,

DRIFTWOOD LANDS AND TIMBER LIMITED

RECORDS

Ottawa, July 25th, 1934.

Sir:-

I beg to submit the following report on my visit of inspection to the Fort William Agency on the 22nd - 27th ultimo.

X X X

The Long Lake timber deal is the topic of a lot of discussion and severe criticism of the Department in certain local circles. The consensus of opinion, freely expressed, seems to be that the interests of the Indians concerned have not been as fully protected as they might have resulting in a heavy financial loss to the band. The Indians I am informed are very much ipset and agitated over what appears to them to be an unfair deal and are looking to the Department for the protection of their interests.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Ottawa, August 17, 1934.

MEMORANDUM

Deputy Minister,-

In July, 1933, the Department accepted a promissory note for $10,000.00 from Mr. Chas. W.Cox in connection with timber license #208, Long Lac Reserve.

This note became due on 31st January, 1934, and Mr. Cox was written to regarding settlement on January 29th, May 14th, and June 1st of this year.

On June 9th, 1934, he forwarded a cheque for $2,000.00 plus interest together with a new note for $8,000.00 dated January 29th, 1934, due on 1st instant.

The acceptance of his proffered settlement and new note was approved by the Superintendent General, and Mr.Cox was advised on the 21st June last.

Mr.Cox was advised on 16th ultimo and 4th instant regarding his note due August 1st, it being pointed out to him that the acceptance of his last note was on the distinct understanding that the obligation would be met promptly at maturity.

No reply to either of our letters has been received from Mr.Cox although the note is now two weeks overdue.

Submitted in respect of any further action which the Department may desire to take.

for Representative of the Treasury.

Ottawa, October 1st. 1934.

Memo.

Mr. Mackenzie,-

Referring to memorandum hereunder from the Representative of the Treasury, I wish to inform you that I telephoned Mr. Cox this morning and he admitted that he had overlooked replying to our letter of the 17th ultimo concerning his note for $8,000.00, in connection with the Long Lac Timber License, which note fell due on the 1st of August last. Mr. Cox, this morning, promised to mail cheque for $3,000.00 at once, with a renewal note for the balance of $5,000.00 for a short period.

I spoke to Dr. McGill afterwards and he considers Mr. Cox's proposed action quite satisfactory.

MEMORANDUM

Dr. McGill,-

I wish to advise you that Charles W. Cox, M.L.A., of Port Arthur, Ontario, has to-day tendered the following settlement to retire his promissory note which became due on the 1st August last.

A promissory note at four (4) months for $5,000.00

An unaccepted cheque on the Canadian Bank of Commerce for $3,240.00

This cheque represents a payment of $3,000.00 on principal and six (6) months' accrued interest on his matured note for $8,000.00.

As you are aware considerable difficulty was experienced in having Mr. Cox meet his last promissory note and it was not until several letters were addressed to him that he forwarded the funds referred to.

Before accepting the new note or depositing his cheque I would ask your instructions.

P.S.

G.B. Hood

Representative of the Treasury.

Ottawa, October 4th, 1934.

Confidential

Dear Sir,

I have seen the "chief" of the tribe of Indeans living upon the Reservation, at Big Long Lac; and I was advised by him to write you and obtain your consent to negotiate with them the Right to cut the timber from the reservation at long 87 27 miles not included in the Lease a agreement the Company who are now removing the Pulp wood from same.

I have cruised this reserve and find that there is a great deal of Aspen which cannot be floated as Spruce or pine, directly from the forest to mill and as a great deal of pine is rotten there is not much value to some. I have decided however that if I can obtain a low stumpage value or rental per M feet that I may build a mill and now that there is a local demand from this unused product to account - I take it that the chief & the Councillors are inclined to have some Industry start here such as I propose

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

but that he desires to have your permission to discuss same, the matter as your disapproval would cancel any negotiations - Will you be good enough to permit me to deal with the Council and see if I can make a deal with them to cut the remaining timber suitable for lumber.

I assure you that the mill & other business which I establish here will benefit the Indians and I shall not use alcohol and other means of getting an advantage over their ignorance. I shall deal with them so as to benefit and not demoralize them as I know some are doing now in their dealings with them by the use of alcohol. Awaiting your reply

I remain Sir Yours truly
E. W. Roberts

TORONTO, ONT.

9125 W. Jefferson Ave.
Detroit, Michigan
November 12, 1934

Department of Indian Affairs
Ottawa, Ontario

Attention Mr. Harold W. McGill
Deputy Superintendent General

Gentlemen:

This will acknowledge your telegram of November 1st., advising us to go ahead under the present interim license which expires April 30th, 1935.

This company does not agree at all with the Department in its contention limiting us to cutting pulp wood 6" and up only. We have for years enjoyed licenses issued by you to us allowing the cutting of all merchantable timber without restriction. You have issued this type of license to us year after year until now without question, and we have relied upon this attitude of yours and have felt right along that there could be no question in your mind in connection with this type of license.

If the Department feels that there is a question, it is our belief that the matter is entirely between your Department and Mr. C. W. Cox for we have lived up to the terms of such a license and have gone ahead in all good faith and contend that we are entitled to a renewal the same as in previous years.

We have not changed our position at all from that outlined to you in our letter of July 10th, 1934.

Very truly yours,

DRIFTWOOD LANDS & TIMBER, LTD.

RECORDS

500-L

Sir:

Confirming your wire of the 12th inst. as follows:

E W.Roberts has advised Department he has made arrangements to employ Long Lac Indian to cut ties on longlac Reserve and that you are aware of his plans stop If he has got consent of licensee to cut timber on longlac Reserve he does not require sanction of Department to commence cutting".

I beg to report Mr. E. W. Roberts has frequently called at this office to obtain permission to stake claims on the Martin Falls Reserve at Long Lac.

Mr. Roberts distinctly informed me during his visits that he had purchased a boiler and engine in this District and intended shipping the machinery to Long Lac and opening up a sawmill next spring. He informed me he would employ Indians.

He further informed me he had interviewed Mr. Labengayer, of the Detroit Sulphite Company regarding the purchase of poplar and jackpine on the Martin Falls Reserve. I informed him I anticipated complications as the Indians would object to any further wood being sold from their Reserve. He intimated possibly arrangements could be made whereby a bond could be put up until satisfactory arrangements were made with the Indians. I told him he should write me a letter pointing out all details and I would forward same to the Department.

In conclusion I wish to state Mr.Roberts did not at any time mention the cutting of ties on this Reserve. The Department's wire came as a great surprise and I flatly contradict his report in connection with cutting ties.

Your obedient servant,

J. G. Burk,
Indian Agent.

Dear Sir,-

Some few days ago I was advised by Mr.Caldwell you had informed him over the telephone that you were forwarding a remittance in connection with your note in favour of the Department of Indian Affairs and which fell due on the 1st December last.

As I am unable to find any trace of a remittance since the above message was received, it is requested that you give the matter your immediate attention.

Yours faithfully,

N.C.A.

MEMORANDUM

Dr. McGill,-

I find it necessary to report to you that Mr. Charles W. Cox, M.L.A. of Port Arthur, has failed to meet his promissory note for $5,000.00 which fell due December 1st last, tendered on account of his timber operations on Long Lac Reserve.

No doubt you will recall the trouble we experienced in having Mr. Cox meet a former note due in August last on the same account.

This time, he has been requested in three letters to make payment and also I understand Mr. Caldwell telephoned him in this connection. The file indicates he has paid no attention to these notices and I submit this matter to you for whatever action you consider should be taken.

N. Caldwell

Representative of the Treasury.

MEMORANDUM

The Honourable the Superintendent General -

It has been reported to me by the Representative of the Treasury that Mr. Charles W. Cox, M.L.A. of Port Arthur, has failed to meet his promissory note for $5,000 which fell due December 1st. last, on account of his timber operations on Long Lac Reserve.

Mr. Cox has been written three letters with regard to the non-payment of this note, to none of which he has given attention. It seems necessary to make repeated demands upon him on each occasion of the renewal of his note. I would, with all deference, suggest that Mr. Cox be notified that in default of settlement the matter will be placed in the hands of the Department of Justice.

I should be glad to have your direction in this matter.

MEMORANDUM

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Dr. McGill,-

Mr. Charles W. Cox, of Port Arthur, called at the Department to-day and tendered his cheque for $2,650.00 drawn on the Bank of Commerce, at Port Arthur, Ontario, (unaccepted) and a promissory note for $2,575.00 at six months to retire his note for $5,000.00 which became due on December 1st last. The cheque represents a payment of $2,500.00 on principal and $150.00 accrued interest. The new note includes $2,500.00 principal and interest thereon to date of maturity.

Before accepting the new note and cancelling and returning the old note I would ask your approval.

Department of Indian Affairs

Ottawa, Dec.11th.1934. *19*

Memo.

Mr.Caldweal. Reason for inserting clause in advt. re 6 inch diameter limit.

At the time the Long Lac timber was sold (1926) the cutting of timber on pulpwood areas was not practised on timber of less size than 6 inches,and for that reason this minimum diameter limit was inserted in the advertisement.

In recent years,methods have somewhat changed,and most authorities insist on close utilisation of all timber that is cut,and although the license merely specified "merchantable timber" it was not anticipated that the actual minimum cutting diameter limit would be less than six inches in spite of closer utilisation.

The Long Lac operation however is reported to have included timber down to four inches in diameter and this simply means that closer utilisation was undertaken,than was originally anticipated,and that trees which were possibly four inches d.b.h.have been cut close to the ground where the diameter would be close to 6 inches.

Lands and Timber Branch

Ottawa, March 13th.1935. 193.....

Memo.

Financial statement of Long Lac Timber Sale.

Estimated value of C.W.Cox tender.....$116.815.
payable over a period of 10 years,(renewable),as royalty on the timber as it was cut each year.

Actual receipts arising out of cash sale:-

		Principal,	Interest
1926.	Cash paid in form of original deposit.	$5.000	
	Cash paid to date on principal	92.590	
	Interest paid by C.W.Cox to date on outstanding notes.....		$ 7.380
	Bal.of principal due.July 1st.1935	2.500	
	Bal.of interest payable " "		75
	Total proceeds from C.W.Cox	$ 100.000	$ 7.455

By the adoption of cash sale in lieu of payment of royalties as timber was cut,the funds of the Long Lac band were increased by the following amounts,representing Govt.interest at 5% on the amount at their credit at the commencement of each fiscal year.This increase is shown as follows:-

1926.	Apr.1st.	Int.on $5000	for 2	yrs....	$500
1929	Apr.1st.	Int.on$55.000	" 1	yr.....	2750
1930	Apr.1st.	Int.on$70.000	" 1	yr.....	3500
1931	Apr.1st.	Int.on$80.000	" 1	yr.....	4000
1932	Apr.1st.	Int.on$85.000	" 1	yr.....	4250
1933	Apr.1st.	Int.on$88.000	" 1	yr.....	4400
1934	Apr.1st.	Int.on$92.000	" 1	yr.....	4600
1935	Apr.1st.	Int.on$97.500	" 1	yr.....	4875
		Total Accrued Govt.int.			$ 28.875

Ottawa, May 8, 1935.

MEMORANDUM.

Deputy Superintendent General,-

The Department is being pressed for some definite decision, without further delay, concerning the Long Lac timber situation, in which is involved the question of cutting below the six inch diameter limit.

Mr. J. M Ward, Vice-President of the Driftwood Lands & Timber Limited, which firm has taken over this timber limit from the original purchaser, Mr C. W. Cox telephoned to Mr. Caldwell on Friday last, intimating that some immediate action was imperative, otherwise his Company would be prevented from operating during the present season, as the interim license issued last year by the Department expired on the 30th ultimo.

It is not likely that the Minister will return to Ottawa for at least ten days or two weeks, and in my opinion the Department would be justified in taking some action which would enable Mr. Ward's Company to resume cutting operations and at the same time fully protect any interests which the Department may have in the matter

As you are aware, the Department holds a bond from Mr. Cox for $20,000, covering our claim for under-cutting, and I am attaching a draft telegram which, following careful consideration and consultation with Mr. Caldwell, we have agreed might be sent to Mr. Ward. As I have stated, we hold Mr. Cox' bond for $20,000, to cover our present claim, if and when such a claim might be established, and further, if it should transpire that the Department succeeds in establishing such claim, then the sworn statements which we have requested Mr. Ward to furnish for the seasons 1934 and 1935, will constitute additional claims. Pending adjustment or settlement of this phase of the situation, I believe the Department would, subject to conditions outlined in this telegram, be quite justified in issuing a license to the Driftwood Lands & Timber Limited for the ensuing season.

Dear Dr. McGill:

Please refer to letter of May 16th, No. 3000905, from the Secretary of the Department of Indian Affairs, confirming your telegram to me of the 15th instant. I am pleased indeed that this renewal license has been granted and already the Company is under way with its programme for the season's cutting. It will employ 300 to 500 men and, in addition, will make a contribution of $60,000.00 to $75,000.00 in freight to the railway.

I have advised Mr. Ward of the Detroit Sulphite Company of the granting of the license and also of the current rental and renewal fee due.

Yours very truly,

C.C.McCrea.

Dr. H. W. McGill
Deputy Minister
Department of Indian Affairs
Ottawa, Canada

My dear Dr. McGill:

I was delighted to receive your wire this morning and to know that your Department has taken the attitude that it has in connection with our Long Lac lease. Our men have started into the bush this morning.

We assure you that we shall continue to do our part and we sincerely hope that there will be no further hitch of any kind in the future relations between our Company and the Department of Indian Affairs.

Enclosed please find cheque for $137.00, which we understand is the amount of the fee due you in connection with the issuance of the 1935-36 license.

Should by any chance Mr. Cox forward you his cheque for this amount, which he has done in the past once or twice, will you please return the cheque to us. In the future, with your permission, we shall be glad to handle this transaction directly with you.

Looking forward to seeing you in the not far distance future and with best personal wishes, I beg to remain,

Yours very truly,

DETROIT SULPHITE PULP & PAPER CO.

J. M. Ward, President.

June 29th, 1935.

310-F

Sir:

With reference to telephone communication regarding pulp wood strikers in the Port Arthur Agency, I beg to report Mr. C. W. Cox, M.P.P. for Port Arthur, and Mr. Walter Laubengayer, Manager of the Detroit Sulphite Company, and Mr. Ean of the Forestry Branch, called at this office and asked me to communicate with our Department regarding the advisibility of securing police protection for the following reasons:

They advised that pulp wood cutters were receiving $3.25 for 4 foot peeled pulp wood. This has been increased to $3.50. I have been advised the wood will average approximately 80 to 160 sticks to the cord. The price appears to be very fair and just.

There are approximately 300 Finns cutting wood on the Long Lac Reserve. The majority of these workers are apparently quite satisfied, but strike leaders arrive in the camp at night and have agitated the men, with the result a general strike was called. The Indians have been informed if they continued cutting that a fire might develop on their Reserve, which would not only destroy their homes, but also the timber. Unfortunately it is impossible for the police to secure any direct evidence.

At Nipigon, Ontario, 46 Indians were working for Mr. Clark and Mr. Falls. At these camps a general strike took place and the Indians continued cutting. Several of the strike leaders informed the Indians if they did not leave the timber berth a fire would undoubtedly develop which would destroy the timber area.

On the Long Lake Reserve the Detroit Sulphite Company have approximately 12000 to 15000 cords of peeled pulp which is being loaded into cars and transferred to Nipigon Bay. On the

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Dr. H. W. McGill.

27th a large quantity of waste was secured from the axles of boxcars, and one of the cars was set on fire. This was immediately put out.

Today Mr. Ean and Mr. Laubengayer called and advised me to communicate with our Department to ascertain if it would be possible to send down the Mounted Police in case anything serious occurred on the Reserve. They also asked what steps could be taken where Treaty Indians were cutting pulp wood off the Reserve, and where they were being interfered with by strike leaders. Mr. Ean and also the timber contractor informed me the situation is rather delicate. If the Indians remain on the timber berths the strike leaders would set fire to the timber. Consequently the Indians were obliged to leave.

In conclusion I would suggest that where pulp camps are operating on Indian Reserves that a special permit be secured from this office for every person who is allowed to go on the Reserve to cut pulp. In this way if a strike leader could not produce a permit he would be immediately arrested for trespassing.

I have the honour to be, sir,

Your obedient servant,

J. G. Burk,
Indian Agent.

MEMORANDUM.

The Honourable,
The Superintendent General,-

You will be interested, I am sure, in reading the attached copy of a letter which I have just received from Agent Burk, of Port Arthur, concerning labour difficulties on the Long Lac Reserve. I also attach copy of Departmental reply by telegram, instructing Agent Burk of the action to take, if necessary.

The subject matter of this letter is, in my opinion, of more than ordinary concern in view of the statement made in the House of Commons yesterday by the Prime Minister. I am attaching an extra copy, in case you should desire to direct the attention of the Prime Minister to this matter.

Memo

Mr. Williams,
Acting Deputy Superintendent-General

I find it necessary to report to you that Chas. W. Cox, M.L.A., of Port Arthur, has failed to meet his promissory note for $2,575.00 which became due on July 1st, and which covers his timber operations on the Long Lac Reserve.

He has twice been requested to meet this obligation by letters of June 28th and July 6th but, so far, no reply has been received from him.

I, therefore, submit the matter to you for whatever action you consider should be taken.

Representative of the Treasury.

Longlac. August 20th 1935

J.G.Burk Esq
Indian Agent.
Port Arthur.

[redacted] Sir:-

We (the undersigned Indians ,members of Martins Falls Band #2)do request that we shall receive a fall Timber Annuity of $ 20.00 per head in view of the small payment made us in July .

We also request that this payment be made not later than September 15th in order that all members of the band may receive their money before leaving for their wintering grounds. In the event that it is not convenient for you to come up at that time ,we would request that cheques be made out for each band number and mailed to the Hudson's Bay Company here for distribution.

In asking for the larger payment this fall we wish to point out that owing to the season on beaver and otter being now closed throughout the whole provinece to Indians ,our earning capacity will be greatly reduced ,and consequently we shall be able to secure very little credit from the merchants on account of our winter hunt .

We also wish to point out that at this season of the year we shall be requiring warm clothing and rubbers for our families,which is not the case during the summer months,hence it is of vital importance to us that we get a payment adequate to enable us to buy this clothing in addition to our provisions .

Trusting you will give this matter your favorable consideration,

We remain

Yours respectfully.

J. Chapais

Port Arthur, Ony.,
Sept., 5th, 1935.

DEPT. OF INDIAN AFFAIRS
SEP 7 1935

610-L

Sir:

I beg to enclose herewith letter forwarded to this office from the Chief of the Martin Falls Band, requesting that a larger Fall Timber payment be made in view of the small payment made in July. I may say the reason the Indians are asking for a larger payment in the Fall is to assist them to purchase food supplies to go out hunting.

For the Department's information I may say I persuade the Band during the spring payment, to be satisfied with a smaller payment, and receive a larger payment in the Fall in order to assist them to purchase supplies for their fall hunting. Under the circumstances I would recommend a payment of $15.00 per capita.

You will note the Indians desire to be paid not later than September 15th, in order to enable them to proceed to their hunting grounds, which are considerable distance north of their Reserve. Consequently I would be pleased to receive a cheque not later than September 12th, for the Martin Falls Fall Timber Payment.

Your obedient servant,

J. G. Burk,
Indian Agent.

The Secretary,
Dept. of Indian Affairs,
Ottawa, Ontario.

Sir:

I beg to enclose herewith duplicate pay lists covering distribution of Spring Timber Money to the Martin Falls Band, together with cheque for $975.00.

Payments were made as follows:

		$2000.00
Rec'd from Department	$1025.00	
Paid as per Pay Lists	975.00	
Amount Unpaid	$2000.00	$2000.00

With reference to the large refund I may say I did not pay the Indians the full amount, as I persuaded the Band it would be far better to receive a smaller payment in the spring and a larger payment in the fall in order to assist them to purchase supplies to enable them to go out hunting.

Your obedient servant,

J. G. Burk,
Indian Agent.

Dear Sir,

Reference is made to your letter of August 14th last in reply to an enquiry of this office respecting a voucher included in Mr. Sisam's expenses in 1933 covering a check cruise of the Long Lac Indian Reserve No. 77. In a recent letter Mrs. Gascon questions our statement that we have a bill from her for this charge of $2.00, and especially a receipted bill, and asks that the same be sent to her by registered mail so that she may see it for herself.

Would you please, therefore, have a photostat made of the voucher, which is sub-voucher 2 of voucher No. 2, J.W.B. Sisam's travelling expenses, as referred to in our letter of August 7th last, and forward the same to this office, unless you prefer to let us have the original voucher, which Mrs. Gascon promises to return. If you would rather that we deal with this matter, would you forward the original voucher to us, and a photostat will be obtained by this office and the voucher returned to you.

Department of Indian Affairs,
Ottawa, Ontario,

Dear Sir:

This is to introduce Mr.J.Sadlo who is making the trip to Ottawa on behalf of the Martin Falls band of Indians at Morrison River, who are receiving timber interest money. We would like to know why it is that our interest money had been declining each year.

In 1930 the interest money per head was $46.00 and we were told that it would be the same every year, but we find it is not the case, because it has been decreasing every year.

The last payment was on July 4, 1935 and we only got $5.00 per head and in September $15.00 per head, so we wish the Department whould be kind enough and let us know what we may expect to get as interest on timber money from now on.

Sirs:-

We, the members of the Martins Falls Band at Long Lac, Ont. are at a loss to know just what conditions our reserve was sold in regards to pulp-wood. At the time it was sold it was understood that just pulp-wood only was to be cut but unfortunately the contractors wants to work and cut railroad ties also to the number of approximately fifteen thousand (15,000).

We are unable to get information from ours Indian Agent at Port Arthur to this effect and on the strength of this we are writing to you.

We understood at the time the agreement were signed that there was to be thirty-two thousand cords of pulp-wood cut but there is now sixty-five thousand cut.

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

EX'D.

Ottawa. Mar.18th.1936..

Sir:-

A letter has been received from Chief Chapais of the Long Lac Reserve inquiring if the timber licensee has the right to cut ties as well as pulpwood, and you should inform him that the whole of the timber on the reserve was purchased,and the licensee is therefore entitled to cut such timber into ties,logs or any other form of bush material.

You should also advise him that settlement of the dispute between the Department and the licensee regarding the cutting of small timber has not yet been effected.

Yours very truly,

Secretary.

Re: License No. 208,
Driftwood Land & Timber Co.Ltd.
Longlac Indian Reserve.

Dear Mr. Caldwell,-

The last license which you sent us as we advised you would, according to the terms of it, expire in two years.

The first license which we had in 1930 was for a period of ten years from that date, May 1931, it was stated to be for thirteen years and then reduced a year for each succeeding year, when it was reduced from nine years to two years, one of which would include the present season.

This leaves us much too short a time in which to cut and remove the standing timber.

Since we acquired the standing timber upon this reservation we have each year conducted operations upon the same. Last year we cut about 9000 cords, which was low owing to labour conditions; there being a strike in the peeling season.

We have a considerable quantity of timber yet to remove.

We desire to make a formal application for an extension of this license for a period of five years from May 1st, 1936. We are preparing to carry on our usual year's operation this year of 12,000 to 15,000 cords, and intend to operate each succeeding year during the period of the extension for which we are asking or until the timber is removed.

We have carried out all the terms and conditions of the license held by us and trust that our

Indian Affairs. (RG 10, Volume 7805, File 30009-5 Pt.2)

ARCHIVES PUBLIQUES
CANADA

application will be favourably considered and that we will be advised in due course that the extension has been granted.

We might say that we will not ask for any further extension of time at the end of the five years extension for which we are now asking on the present license basis.

We would be glad if you would give us the same fire protection this year as you did in 1935.

Yours truly,

Lands and Timber Branch

Ottawa, April 24th.1936. 193

Memo. Mr.Caldwell:

Re extension of time limit for the completion of the cutting of the timber on the Long Lac Reserve,under license No.208 (Driftwood Lds Co.)

With reference to letter hereunder from Mr.J.M.Ward Vice President of the Driftwood Lands & Timber Co.Ltd. making application for an extension of five years in which to complete the cutting of the timber on the Long Lac Reserve, I may say that the time limit governing this license expires on April 30th.1938.

As the licensee is making an honest effort to complete the cutting,there would appear to be no objection to granting such extension,provided however that the six inch diameter limit shall govern the cutting during the 5 year extension period.

You will recall that owing to some misunderstanding,and different interpretation placed on the term "merchantable timber" the licensee is at present cutting timber below the six inch limit.

As the extension applied for,actually represents a contract distinct and apart from the original conditions of sale,I feel that in the Indian interest,the Department should insist upon this restrictive diameter limit.

I am of the opinion that this restriction will not deprive the licensee of any interest he may have in timber that was "merchantable" in 1926,when it was sold,but would on the other hand give him access to trees,today,which were not 6 inches in diameter at the time of sale.

The average annual incremental growth is one half inch every ten years,so that trees which were 5½ ins.in diameter at the time of sale,would be six inches,now,and therefore available for cutting.

H.J. Bury

Supervisor Indian Timber Lands.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

F. 30009-5 Vol 2.

DXD.

April 25th.1936.

Sir:-

With reference to your letter of the 23rd.inst.making application for a five year extension of the tenure of your timber license No.208 (Long Lac) which at present definitely terminates on April 30th. 1937,the Department is prepared to grant this extension subject to the proviso that on and after May 1st.1937 the minimum diameter at which trees shall be cut must be six inches.

You are aware of the fact that when the timber was sold,this diameter limit was specified,but owing to some uncertainty respecting the term "merchantable" the original licensee deemed that he was justified in cutting trees of less size.

In view of the fact that the license ceases and determines on April 30th.1937,this five year extension must be viewed as a distinct and separate contract,and provided you accept this condition,the five year extension will be duly confirmed.

The Deputy Minister,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir:

re Driftwood Lands and Timber Limited
re Long Lac License Number 208 -
Indian Reserve Number 77
Your file - 30,009/5.

We are replying to the letter of the Deputy Minister to Mr. J. M. Ward, of Driftwood Lands and Timber Limited, bearing date the 27th of April, 1936, addressed to Mr. Ward at the Port Arthur office of this company, dealing with the application of this company for an extension of its present license for a further period of five years.

In connection with this matter we desire to point out that this company has been securing a license from your Department for a number of years, and upon the license which was sent from year to year to this company it showed the number of years which this company had to cut upon this Indian reservation. Last year when the renewal license was sent to this company it arbitrarily reduced the years upon which this company had to cut, we think, from nine years to two years, and apparently that would mean that this company if it was correct to so reduce the number of years, would only be entitled to cut upon this reservation during this year and one additional year, and for that reason representatives of the company interviewed representatives of your Department at Ottawa, asking for a further extension of time within which to cut and remove the merchantable timber upon this reservation, for a period of five years, or to have the present license amended by inserting the number of years that it had to run in accordance with previous licenses issued to the company.

We note from your letter that upon the expiration of the present two years you desire to have this company agree

Fort William, Ontario

May 5th, 1936.

The Deputy Minister,

to a condition that it would only cut and remove after the expiration of the present two years timber of a diameter of not less than six inches. It is manifestly impossible for this company to agree to this condition, because you know it is cutting and removing standing timber to be used as pulpwood, and with such a condition attached it would be impossible to get any contractor to take a contract to carry on operations upon that reservation for the purpose of producing pulpwood. There is no necessity to elaborate upon this, but from a practical standpoint it is absolutely impossible.

We feel that possibly in writing that letter consideration may not have been given to the fact that if that is the final decision of the Department, it would simply force this company to carry on such extensive operations this year and next year as would result in the cutting of the standing timber upon that reservation, which otherwise would extend over a period of five years. If you will consider that phase of the matter, that there would be nothing gained by the Department insisting upon that condition, because it would simply mean that the operations of the company would be completed upon the reservation in two years instead of seven years, and the benefit which the Indians derive from the operations would be exhausted in two years instead of extending over seven years.

We would be glad therefore if you will reconsider the matter, because you can quite readily see that your demand in this regard so far as the diameter of the timber is concerned is absolutely impossible for very good and sufficient practical reasons, and that you may therefore see fit to grant the application of the company for this extension without attempting to apply any such condition as was mentioned in your letter, especially as you will see by endeavouring to do so the position of the Department, and the position of the Indians, will not in any way be improved at all. We shall be glad to hear from you in connection with the matter.

Yours truly,

May 12th.1936.

Sir:-

With reference to your letter of the 5th.inst.written on behalf of Mr.J.M.Ward, regarding Long Lake timber license,I may inform you that Mr.Ward was notified when he visited the Department recently,that the five year extension would be granted subject to this diameter restriction,and that the five year period would commence on May 1st.1938.

Yours truly,

Deputy Superintendent General.

H. W. McGill, Esq.,
Deputy Superintendent General,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir:

re Your File F.30009-5
Long Lac Indian Reserve.

We desire to acknowledge receipt of your letter of the 12th of May, and in reply to this letter we must say that Mr. Ward and I are compelled to take issue with the statement contained in your letter as to diameters of wood, because in our opinion this statement is not in accordance with the facts or discussion which occurred between officials of your Department and Mr. Ward and the writer personally when in Ottawa.

However, Mr. Ward advises me that subsequent to that, in a telephone conversation the next day, Mr. Caldwell did bring up with him the question of diameters, but was advised by Mr. Ward at that time this was absolutely impractical and therefore impossible, and Mr. Ward did not consider, as a result of that conversation, that the question of diameters therefore was to have any bearing upon the application of the Driftwood Company for an extension of its license.

If you will consider this matter carefully and look at the different licenses which have been issued in the past, you will see the situation is that the Driftwood Company has been misled for a number of years by licenses issued by your Department, as these licenses showed that the Driftwood Company had a great number of years left within which to cut all the merchantable timber off this Indian Reservation. The writer thinks that the number of years shown on the license in 1930 was thirteen years, in 1931 twelve years, in 1932 eleven years, in 1933 ten years, in 1934 nine years, and then in 1935 it was arbitrarily

H. W. McGill, Esq.,

reduced to two years, whereas it should have been for eight years.

These licenses were issued from year to year under the signature of the Minister or Deputy Minister of your Department, and were relied upon by the Driftwood Company. Surely the Driftwood Company, or any other company receiving licenses from your Department, or any other Department of the Government, under the hand of the Minister or Deputy Minister of the Department, would naturally assume that the licenses were in order, and would govern their operations accordingly, as the Driftwood Company did.

Now, last year, without any prior notification to the Driftwood Company, the schedule of time set out in the license was arbitrarily reduced by seven years, and it should be quite clear to you that the Driftwood Company cannot accept this reduction of time at this late date.

We attended upon your Department for the purpose of getting the schedule of time on the present license issued to this company, put back in accordance with the schedule of time set out in the prior licenses to this Company, and in our interview we could not find that there was any valid objection to so doing by the Department, but on the contrary, we were advised that it could be accomplished without difficulty by applying for an extension of the present licenses for a period of five years. This license and no other license under which the Driftwood Company operate has ever contained any reference to diameters of wood.

From a practical standpoint we desire to point out to you that we cannot see what difference it makes to the Department, because no other company or person could afford to operate upon these limits now, or for some very considerable time to come, except the Driftwood Company.

In conclusion, though it may be a reiteration, the writer desires again to say it seems almost inconceivable that a corporation or an individual is not able to rely

A

MEMORANDUM

August 22, 1936

DR. MCGILL,
D.S.G. Indian Affairs

R

I understand that the Detroit Sulphite Company have timber limits on the Indian Reserve at Long Lac, in Ontario. There are two points raised in connection with these limits at the present time: one is, that the present permit or lease should be extended for a further period of years; and the other is, that this Company should be given permission to cut timber under 6" diameter.

Would you kindly submit a brief report for the Minister's information as soon as possible, giving your recommendation in regard to these two points. I understand it is customary in practically all leases of this nature to allow the permittees to cut timber under 6".

Memorandum:

EX'D.

Hon.Superintendent General.

With reference to memo.of Aug.22nd.regarding timber license held by Driftwood Lands & Timber Ltd.(Detroit Sulphite Co.)covering the Long Lac Indian Reserve,the licensee recently made application for an extension of time in which to complete their cutting operations,and also for the removal of the 6 inch restrictive diameter limit.

As the licensee is making an honest effort to complete the cutting in the time originally allotted,which expires April 30th.1938,there would appear to be no objection to granting the extension asked for i.e.5 years from May 1st 1937.

Regarding the 6 inch diameter limit,the advertisemer of sale of the timber in the year 1926 specified this limit diameter,as it was considered at that time that operators would not consider that timber of less size would be "merchantable".

The timber license itself permitted the cutting of"merchantable timber",but forestry methods have since changed and a modified form of "clean cutting" is now considered the best practice,as this method appreciably lessens the fire risk.

The removal of this restrictive diameter limit would therefore appear to be an not unreasonable request,and with your approval the timber license will merely specify "merchantable timber".

Sir:

I beg to advise that I have just received a letter from the chief of the Martin Falls band advising that they expect to leave for their fall hunt in the very near future. I would appreciate very much if you would forward a check for their fall interest payment to this office as soon as possible.

In conclusion, I might add that I would suggest a payment of $10.00 per capita as the blueberry crop, this year, has been a total failure.

Your obedient servant,

J. G. Burk,

(C O P Y)

Auditor General,

CANADA.

Ottawa, February 23rd, 1937.

Dear Sir:- Timber License No. 208, Long Lac Reserve,
Indian Affairs Branch.

I would ask your attention to the following matters connected with timber license No. 208, Long Lac Indian Reserve

The license was first issued in December 1926. Under the terms of this license and subsequent amendments the sum of $100,000 cash was paid for the limit. No dues were to be collected. The timber regulation in force at the time, and the advertisements covering the sale, provided for a diameter limit. No diameter limit was set in the license and the licensee cut indiscriminately. This license which expired in 1937 has been recently extended to April 30th, 1942, without additional provision for bonus, dues or diameter limit.

It would appear that the original 1926 selling price was based on a cruise which took into consideration time and a specific diameter limit. If such is the case it would be reasonable to suppose that due to the elimination of the diameter limit and the natural growth of the trees over an eleven year period, the limit would be worth more in 1937 than in 1926. Were these factors taken into consideration on renewal of the license? Also as there seemed to be some doubt as to the imposition of a diameter limit in the original license, should not the opportunity have been taken at the renewal of the license to have imposed a diameter limit?

In this connection I would refer you to Licenze No. 160. The license at the time of issue of license, 1918, paid a cash price plus dues at tariff rates and the cut was subject to a seven inch diameter limit. In 1922 on abrogation of the diameter limit the licensee paid an additional bonus of $20,000.

Yours truly,

(sgd) Geo. Gonthier;

EX'D.

30009-5.

Ottawa, Ontario,
March 12th, 1937.

Dear Sir:-

I desire to acknowledge receipt of your letter of February 27th last in which you make inquiry concerning certain phases of timber license No.208, Long Lac Indian Reserve, in the Province of Ontario.

One of your auditors, Mr. Crawley I believe, recently reviewed exhaustively the records of the Department concerning this particular transaction and it was believed that he found the situation satisfactory.

The question of diameter limit and the matter of under-cutting have both received very careful consideration as our Departmental file indicates, and it has been considered inadvisable to continue the enforcement of any diameter limit in cutting operations, and further that the proposed claim for under-cutting should be abandoned.

Yours very truly,

Deputy Minister.

The Auditor General,
Ottawa,
Ontario.

The Secretary
Department of Indian Affairs
Ottawa, Canada.

Dear Sir:-

When I was at Long Lac the other day, Joe Chapues, the Chief and one of his Councillors, Jimmy Taylor, interviewed me concerning the cutting of timber on the Martens Falls Band Reservation. They were afraid that all the timber would be cut down at the way the work was being done. They wanted some of the timber left. I asked them what their Contract was and they did not know just how it was worded, as they had never received a copy and, as far as they could remember, it had not been explained to them in detail. I suggested that they should approach their Indian Agent. They replied that they had broached the matter to him more than once, but he seemed to ignore them and never took any trouble to tell them just what was to be done and how much timber was to be cut. I suggested that they should ask for a copy of the agreement, which they have a right to possess. And they requested me to apply for a copy of the agreement for them. These Indians come to me, because I understand their language. I shall be glad to have your reply. Best wishes. Yours Sincerely, John G. Moosonee

June 14th.1937.

Right Reverend Sir:-

I beg to acknowledge receipt of your letter of the 10th.inst.making inquiry on behalf of the Indians of the Long Lake Reserve regarding the timber contract on their reserve.

In reply I have to state that the merchantable timber on the reserve was sold in 1929 for a bonus sum of $100.000 and an annual license is granted on payment of a rental of $137.00.

This license finally terminates on April 30th.1942 and the licensee is carrying all the risk of forest fire damage.The Indian Agent at Port Arthur has a copy of the license in his office,which can be inspected at any time by the Indian chief.

Yours very truly,

Secretary.

EX'D.

Ottawa, July 23, 1937.

Sir:

I beg to submit the following report on my recent inspection of the Port Arthur Agency.

x x

(Martin Falls)

There is still a great deal of dissatisfaction among these Indians in regard to the Cox Timber Contract. This crops up on every occasion of an official visitng the reserve and nothing it seems can be done about it. The Indians claim they were told they only surrendered their pulpwood rights and were paid for 32,000 cords while already 75 or 80 thousand cords have been taken out as well as between 15 and 20 thousand railway ties which they claim they never intended should be included in the sale to Cox. They also complain that undersized stuff - 4" at stump - is being cut, destroying the chance of another stand coming on for a long period of years. I was unable to give them any satisfactory information in connection with this matter but promised them I would again bring it to the attention of the authorities at Ottawa.

Sept., 25th, 1937.

250-8

Sir:

Referring to the contract on the McIntyre Bay Reserve to cut 25,000 ties to be loaded in cars at Cox's Spur, I beg to advise I am enclosing herewith the approximate cost of delivery of same, including the cost of operations.

May I quote two paragraphs from a letter I have recently received from the Abitibi Power & Paper Company?

"It is essential that at each and every pulpwood operation you have not less that one thoroughly experienced foreman and one suitable clerk. We wish to emphasize this particularly because we will expect to receive from you each week proper statements of progress, and will not be prepared to make advances on undelivered wood unless we can have every confidence in the man who is in charge of your operation."

"If you have more than one pulpwood operation, and it is our understanding from casual conversation that you propose to have several, for other companies as well as ours, we would strongly advise you to employ a "walking boss" or superintendent because we are sure that such procedure will go a long way towards preventing unnecessary costs, and will also relieve you of considerable administrative detail, of which there will be a much larger amount than you might suppose."

I would strongly recommend that a foreman, or "walking boss", be appointed for this Reserve, who could supervise the Gull Bay, McIntyre, and Pic wood projects, and the cost of his salary would be divided between these three contracts. An experienced foreman could not be secured under $150.00 per month.

Your obedient servant,

J. G. Burk,
Indian Agent.

MEMORANDUM:

The Deputy Minister.

To assist the Indians of McIntyre Bay Reserve, in the Port Arthur Agency, to become self-supporting thus overcoming the necessity of furnishing direct relief, I beg to report that the local Indian Agent has obtained a contract from the Abitibi Power & Paper Company for 25,000 ties to be cut by these Indians from their reserve.

In order that they may undertake this project and be convenient to the scene of operations, request is made than an expenditure of $5,000.00 from the Band's interest money be made available. Payment for the ties will not be made until delivery starts and in the meantime, while operations are in progress, funds must be provided as it will be necessary to have camps, roads, a blacksmith, horses, harness, sleighs, etc. The funds will be recouped for the expenditure and also will be augmented from the sale of the ties and the Indians will be employed throughout the Winter.

In the meantime the interest funds of the Band will be credited during the Fall and Winter by remittances from the sale of lumber and boats built by the Indians.

Attached is copy of the statement prepared by the Indian Agent setting forth, in detail, the expense involved.

I would recommend, therefore, that the approval of the Honourable the Minister be obtained for the expenditure from the interest funds of the McIntyre Bay Band which amount to $5,444.00.

EX'D.

Ottawa, October 9th, 1937.

Sir:-

Referring to your letter of the 25th ultimo, requesting that the sum of $5,000.00 from the funds of McIntyre Bay Band be made available as an initial outlay on a project of getting out 25,000 ties from the reserve, I would advise you that this expenditure has now been approved. The money is now available and when you are prepared to begin operations an advance will be sent upon request.

Approval of this expenditure has been secured on the understanding that band funds will be recouped for the amount of the expenditure now authorized and that during the winter remittances will be received here for the credit of the account from the operations at the sawmill on the reserve.

When you were here recently the plan of carrying out these operations and the employment of temporary help was explained thoroughly to you and I think it is unnecessary to repeat this.

Yours truly,

G. A. Conley,
Chief, Trusts Div.

Sir:

I beg to enclose herewith a Joint Agreement for repairs and use of the Orient Bay Spur at Mileage 42.8, Lake Nipigon. As you will note the agreement is typed for the Minister, or Deputy Minister's signature.

In this agreement it is naturally understood that the cost of maintaining and occupying the Spur will be divided in proportion to the business that each project develops on Lake Nipigon. The Abitibi Power & Paper Company will naturally do a tremendous business, whereas we will only require the Spur for shipping and loading ties in the Spring.

I would appreciate very much if the Department will complete the enclosed agreement and return to this office at their earliest convenience.

Your obedient servant,

J. G. Burk,
Indian Agent.

The Secretary,
Indian Affairs Branch,
Dept. Mines & Resources,

Sir:

Referring to your letter of the 26th inst., file No. F. 30009-9, relative to previous correspondence in connection with triplicate document pertaining to joint contract for the use of the Orient Bay Spur, mileage 42.8, between the Abitibi Power & Paper Company, and the McIntyre and Gull Bay Bands, I beg to advise the former Band have recently received a contract to cut 20,000 ties. We have been assured, however, on completion of the contract we would receive a further contract for a much higher figure.

We expect to take out considerable piling during the winter months, but will not use the Spur more than approximately one month during the year, although we will be shipping supplies to the Spur for the various Reserves on Lake Nipigon during the summer months. The Abitibi Company on the other hand, however, have large scale operations, and will use the Spur 85% more than we will.

I presume if the document is signed by Dr. McGill, director, it will not be necessary for the Minister's signature.

Department of Indian Affairs
DEC 10 1937
RECORDS

Port Arthur, Ont.,
Dec., 8th, 1937.

Sir:

I beg to enclose herewith vouchers in favour of R. P. Mills.

Referring to the account for $37.77, I wish to advise that special dry lumber had to be purchased for the construction of pointers.

The account for $33.20 is hardware supplies in connection with the timber operations, and the accounts amounting to $78.56 and $552.41, cover food supplies purchased for the cookery. It was necessary to order considerable supplies for the cookery before the freezeup, as our only transportation facilities will be by dog team from now on.

In conclusion I may say the groceries were sent in care of Mr. Laidlaw who is acting as foreman.

Your obedient servant,

J. G. Burk,
Indian Agent.

The Secretary,
Indian Affairs Branch,
Ottawa, Ontario.

EX'D.

Ottawa, January 18th, 1938.

Sir:-

It is desired to remind you that of the $5,000.00 authorised for expenditure in connection with timber operations at McIntyre Bay Reserve, the sum of $4,431.94 has been paid out, thus leaving a balance of only $568.06 and you should govern your expenditure accordingly.

Of the advances of $2,500.00 made to you in connection with this project, you have submitted credit vouchers to the value of $2,028.00.

I shall be pleased to receive the remaining credit vouchers at your earliest convenience. The matter is brought to your attention so that there will be no over expenditure.

Yours truly,

C. C. Parker,
Superintendent Reserves & Trusts.

Sir:

I beg to acknowledge receipt of your letter of the 18th ultimo, No. 30009-9, which I received on my return today from Lake Nipigon. In reply I beg to point out the Indians have actually cut 22,000 tie logs. Of this number 14,000 ties have already been cut and piled.

As our contract calls for approximately 40,000 ties, it will be some time before the contract is completed. Consequently I would appreciate if the Department would forward by return mail an advance cheque for $2,000.00, in order that we may carry on with this work.

EX'D.

Ottawa, February 4th, 1938.

Sir:-

I have your letter of the 31st ultimo asking for an advance of $2,000.00 on the tie project on the McIntyre Bay Reserve.

You quote my letter of the 18th ultimo and surely you have not read it carefully. It is clearly set forth therein that the balance available is only $568.06 with a further advance of $300.00 to be taken from this. If this was clearly understood by you I do not think you would so coolly ask for a further advance of $2,000.00.

You have submitted vouchers for $5.58 and $20.50 which are being paid, thus leaving a balance available of only $262.48 for which amount a cheque is being sent to you.

Your cash-book shows that you have over $1,000.00 of special welfare money still on hand to be accounted for.

It was understood, when arrangements were made with you last fall to take out ties, that if $5,000.00, which was the largest amount which could be made available, were authorized you would be able to finance the project for then you would have sufficient ties ready. You now report that you have 14,000 ties prepared and it now rests on you to complete your undertaking by getting a credit on the output that is ready.

I would bring to your attention the fact that although a great deal of money is being spent in your Agency on various projects from which it was expected revenue would be received, that little or nothing has been remitted here to offset the large outlay.

Yours truly,

C. C. Parker,
Superintendent, Reserves & Trusts.

OFFICE OF
INDIAN AGENT

Port Arthur, Ont.,
Feb., 5th, 1938.

250-10

Sir:

I beg to report I have just returned from the McIntyre Bay Reserve, and wish to advise the Indians are making splendid progress with the tie contract. They have at the present time over 22,000 tie logs cut and piled on skidways. Of this number 15,000 ties have actually been made and piled on the shore ready for delivery next spring. They have cut out splendid landings and have made excellent main roads.

Department of Mines & Resources
Indian Affairs Branch.
FEB 7 1938
RECORDS

Mr. Cook, C.N.R. Tie Inspector, expects to visit McIntyre Bay Reserve in the near future, and I expect to receive a contract from him to cut any culled ties into boxcar doors, which will eliminate any waste. If this contract can be secured we could also use a great number of tops, which otherwise could not be used.

I regret the C.N.R. do not make any advances for ties which have been cut and piled on landings. Consequently it will be necessary for the Department to provide money to carry on with this project until our ties are actually piled in cars next spring. This question was taken up with the Department on my last visit to Ottawa, and it was presumed money could be secured from "Special Welfare".

I may say I epxect to receive an advance payment on pulpwood operations at Gull Bay in the near future. As the McIntyre Bay, Gull Bay, and other Reserves on Lake Nipigon, really come under "Lake Nipigon Bands", would it be possible to secured the necessary funds from the Gull Bay Band Funds and repay the amount when our ties are loaded on cars next May.

Mr. Conley informed me that all the Indians on Lake Nipigon, under "Lake Nipigon Bands", should really share in this fund. Consequently I presume it could be used to assist the McIntyre Bay Indians and be refunded at a later date, if funds are not available from "Special Welfare".

Your obedient servant,

J. G. Burk,
Indian Agent.

The Secretary,
Indian Affairs Branch,
Dept. Mines & Resources,
Ottawa, Ontario.

EX'D.

Ottawa, February 12th, 1938.

Sir:-

Your letter of the 5th instant has been received in reply to mine of the 4th.

In my letter I drew your attention to the fact that you should have over $1,000.00 Special Welfare money on hand and you have ignored this and neglected to state if any or all of this is still available. You were instructed that the sum of $8,000.00 from Special Welfare Vote would be available and $500.00 for handicraft. According to your statements you have expended $7,511.67 of this Special Welfare money from the 1st April to the 31st December inclusive.

Of the sum of $2,000.00 advanced to you there should be a balance, unexpended, of $996.14 on the 11th February. If you have this amount on hand and have not committed yourself to its expenditure the Department is favourable to this amount of $996.14 being used by you on the tie project on McIntyre Bay Reserve.

As indicated in my letter of the 4th instant the full amount of $5,000.00 as approved by the Minister has been drawn upon and as no revenue has been received from the project I cannot ask the Minister to approve of a further expenditure from the account.

I would ask you to read, carefully, the fifth paragraph of official letter of the 4th instant in connection with the tie project.

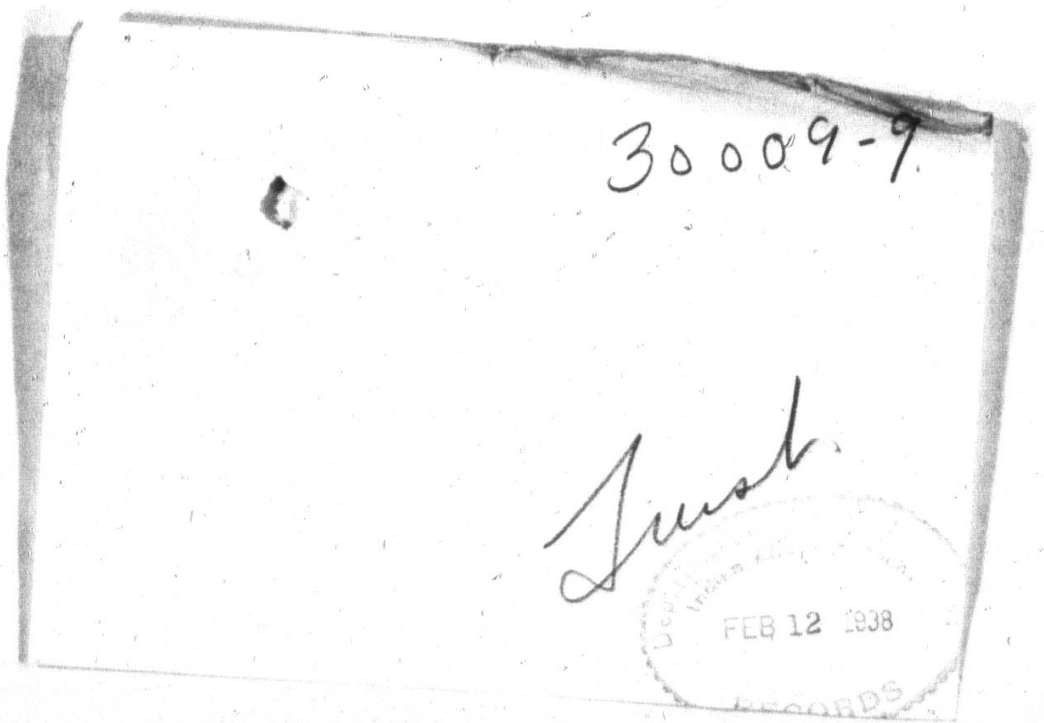

Yours truly,

C. C. Parker,
Superintendent, Reserves & Trusts.

PLEASE QUOTE
FILE 250-10

R

Port Arthur, Ont.,
Feb., 10th, 1938.

Sir:

Referring to the McIntyre Bay project, I beg to report we have up to the present date approximately 24,000 tie logs cut and skidded ready to be sawed. Of this number 18,000 have been cut into ties and are piled ready for shipment next spring. The total valuation of 24,000 ties is approximately $15,600.00.

At the present time we require further funds to carry on with our project. Would it be possible to forward an advance cheque for $2000.00?

The C.N.R. unfortunately do not pay any advances for ties. Consequently the contractor has to bear the costs of the operations until the ties are actually loaded in the cars.

In conclusion I may say some of the teamsters have not been paid for some time, consequently the money is urgently required.

Your obedient servant,

J. G. Burk,
Indian Agent.

Mr. R. A. Hoey,

Ottawa, February 16, 1938.

Dear Sir:

I wish to acknowledge receipt of your letter of the 10th instant, File 250-10, requesting a further advance of $2000.00 to finance your tie contract on the McIntyre Bay project.

The only funds that can be made available for this project have been ear-marked for other purposes, and to advance them at the present time will mean that accounts which would be paid during the present year, will have to be laid over until funds appropriated in the next fiscal year are available. You were allotted some $8000.00 of our Special Welfare Allotment of $20,000.00, which was provided for the whole Province of Ontario, therefore, you have already obtained much more than your share of this appropriation. Funds advanced to you now cannot be used after April 1st, therefore, when a refund is received, it will automatically be deposited to casual revenue and will be lost to us.

We are prepared to finance this project until March 31st, but after that time, we have no assurance that we will have any funds which can be drawn upon for the purpose. An accountable cheque for $1000.00 will go forward to you under separate cover at an early date. This advance will have to be accounted for as soon as expended, and no portion of it can be expended after March 31st.

Yours very truly,

R. A. Hoey,
Supt. of Welfare & Training.

RESERVES AND TRUSTS

DEPARTMENT OF MINES AND RESOURCES

INDIAN AFFAIRS BRANCH

Ottawa, February 28th, 1938.

MEMORANDUM:

Mr. Christianson,

I would report as follows in regard to expenditure from Trust Funds by Indian Agent Burk, of Port Arthur Agency, on the three projects under his supervision:-

The tie project on McIntyre Bay Reserve:

Amount authorized for expenditure $5,000.00
Advances made $3,041.98
Vouchers paid ..... 1,958.02 - $5,000.00
Nil.

Of the advance made credit vouchers have been submitted for a total of $2,759.57.

Project at Fort William Reserve:

Amount authorized from capital funds $6,000.00
Advances made $3,000.00
(Of which $1,000.00 was advanced only a few days ago.)
Vouchers paid ..... 1,539.29 - 4,539.29
Balance available $1,460.71

Pulpwood project on Gull Bay Reserve:

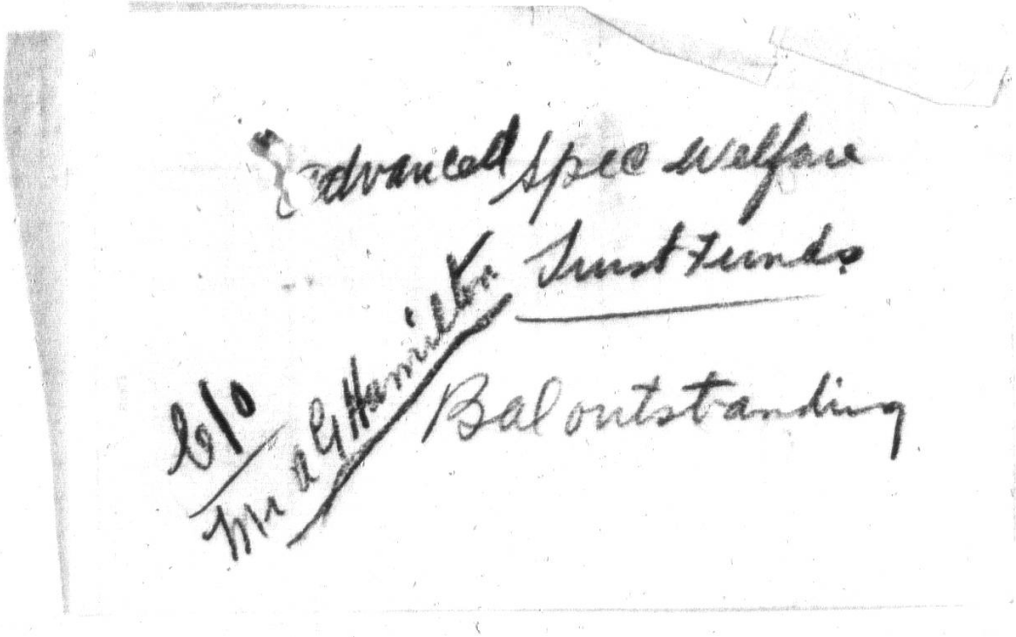

Amount authorized from capital funds ... $15,500.00
Advances made $7,000.00
(Of which $3,000.00 will go forward this week.)
Vouchers paid ..... 4,431.83 - 11,431.83
Balance available .....$ 4,068.17

Credit vouchers received total ..... $3,988.04.

G. A. Conley,
Chief, Trusts & Annuities.

Department of Mines & Resources
Indian Affairs Branch
FEB 26 1938
RECORDS

Sir:

With further reference to your letter of February 16th, No. 30009-9 in connection with advance for tie project at McIntyre Bay Reserve, I beg to report that the $1000.00 advanced us recently has been expended, and credit vouchers covering this expenditures will go forward to the Department within the next few days, and I would appreciate if the Department would forward another advance cheque to cover labour, etc., at your earliest convenience.

Your obedient servant,

J. G. Burk,
Indian Agent.

The Secretary,
Indian Affairs Branch,
Dept. Mines & Resources,
Ottawa, Ontario.

Indian Affairs. (RG 10, Volume 7805, File 30009-9 Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

30009-9

Ottawa, February 28, 1938.

Dear Sir:

I have to acknowledge receipt of your letter of the 24th instant, asking for an additional advance to cover labour cutting ties, McIntyre Reserve.

An advance cheque for $500.00 will go forward to you under separate cover, at an early date. This is all the money we have available. No further advance can be made during the present fiscal year, and possibly during the coming fiscal year. Out of $20,000.00 allotted for Special Welfare to the Province of Ontario, you will have received $9,500.00. If you consider the matter, I am sure you will agree with us that we have been more than generous with your Indians.

If the present advance is not sufficient to cover the cost of completing the tie contract, surely there is some possibility of you being able to pay the Indians in supplies, instead of in cash. If you do not wish to give them the full amount earned in supplies, they surely will be able to wait for the balance of their money until you are paid by the Canadian National Railway for the ties cut.

Mr. Christianson, General Superintendent of Indian Agencies, is making a trip to the West for an inspection, and proposes stopping off at your Agency on his return to investigate your numerous projects. If you have any representations to make, I suggest that you make them to him.

Yours very truly,

J. G. Bark, Esq.,
Indian Agent,
Port Arthur,
Ontario.

H. A. Hoey,
Supt. of Welfare & Training.

PLEASE QUOTE
FILE 250-10

Port Arthur, Ont.,
March 5th, 1938.

Department of Indian Affairs
MAR 7 1938
RECORDS

Sir:

In reply to your letter of the 28th ult., No. 30009-9, regarding additional funds for the McIntyre Bay contract, I beg to advise I just returned from McIntyre Bay Reserve, and am pleased to report the Indians will have 25,000 ties on the landing by this afternoon. We still have 10,000 ties to cut to complete our contract of 35,000.

I am enclosing herewith statement showing approximate cost to complete our tie contract and to cut logs for lumber at our sawmill during the summer.

Early next week I expect to leave again for our McIntyre Bay Reserve with the Manager of the Kaministiquia Lumber Company to ascertain if it will be possible to secure a contract from this Company to take our entire output of lumber, which will mean permanent work for the Indians.

For the Department's information I may say I interviewed the Manager of the Bank of Montreal, in Port Arthur, who advised they would be willing to advance the McIntyre Reserve $5000.00 until our tie contract was completed at the latter end of May. If the Department approves of this I would appreciate if they would wire me Monday, as the Bank Manager advised he would have to inform his head office at Winnipeg our Department approved of the loan.

I regret there is no way to issue supplies to the Indians for their labour, as we do not operate

a store. Mr. Mills, who has a large general store at MacDiarmid, operates a small store on the Reserve, which is managed by one of the Indians. Unfortunately he has not sufficient funds to finance our tie operations, and consequently it will be necessary to obtain a loan in order to continue with our contract on the McIntyre Bay Reserve.

Your obedient servant,

J. G. Burk,
Indian Agent.

Mr. R. A. Hoey,
Indian Affairs Branch,
Dept. Mines & Resources,

Ottawa, March 10th, 1938.

HY'D.

Sir:-

I have your letter of the 5th instant again making a request for funds to carry on the tie project on the McIntyre Bay Reserve.

To borrow money from the bank as you suggest is highly irregular and cannot be approved.

An advance of $1,500.00 from McIntyre Bay account is being sent to you and this amount, together with $962.37 as cash reported by you on hand on the 5th instant, should enable you to carry the work through the month of March.

This is positively the last money that can be advanced to you on this project during this fiscal year and I want an early accounting for all advances made to you during this fiscal year as the same is required as near as possible to the 31st of March.

Yours truly,

C. C. Parker,
Superintendent, Reserves & Trusts.

EX'D.

Ottawa, March 14, 1938.

Dear Mr. Christiansen:

Mr. Conley has forwarded you a statement of outstanding indebtedness to Indian Trust Funds. The following are the balances outstanding to Appropriation in the Port Arthur Agency:

Travelling Expenses, Annuity Trip — $548.67 — A refund has been received, but to date no voucher has arrived, covering expenditure made on the trip.

School Weed — There is a balance of $1,325.00 unaccounted for.

Special Welfare — There is a balance of $1,365.89 from this source unaccounted for.

Handicraft — $100.00 — This was an advance made to Mr. Burk to purchase handicraft from the Fort William Indians, no accounting as yet.

Breakwater — This account has a balance of $204.55 still unaccounted for.

Telephone Line — Mr. Burk was advanced $500.00 for the construction of a telephone line, to date, he has not accounted for the advance in any way.

General — Mr. Burk has been asked to report as to low pensioners in his Agency. The R. C. M. P. have brought a number of cases to our attention, stating that the Indians mentioned were low pensioners and were not receiving sufficient to live upon. Mr. Burk was asked to report fully, but has neglected to do so to date.

I would be pleased if you would advise us whether Mr. Burk receives copies of the R. C. M. P. reports. Lately, the

Credit Voucher No. 52-18.

In the examination of the above voucher, I find that Mr. R.P. Mills was overpaid to the extent of 33 cents on his account dated February 12th. The item, 2 pails of honey at 33¢ was extended as 99¢, whereas it should be only 66¢. You have therefore overpaid Mr. Mills, and should obtain a refund of 33¢, and forward it here to account for part of cheque No. 64159.

I trust the refund will reach this office before the end of the month.

Yours truly,

L.W. McCutcheon.
Chief Treasury Officer.

J.G. Burk, Esq.,
Indian Agent,
Port Arthur, Ont.

Sir:

I beg to submit herewith report for the month ending March 31st.

x x x

On the 25th Mr. Basford, Manager of the Kaministiquia Lumber Company, visited the McIntyre Bay Reserve to inspect our timber operations in order to secure a lumber contract, as our tie contract is nearly completed. The Band have over 37,000 ties cut. Of this number 35,000 are ready for shipment.

Ottawa, February 28th, 1938.

MEMORANDUM:

Mr. Christianson,

I would report as follows in regard to expenditure from Trust Funds by Indian Agent Burk, of Port Arthur Agency, on the three projects under his supervision:-

The tie project on McIntyre Bay Reserve:

Amount authorized for expenditure		$5,000.00
Advances made	$3,041.98	
Vouchers paid	1,958.02	$5,000.00
		Nil.

Of the advance made credit vouchers have been submitted for a total of $2,759.57.

Project at Fort William Reserve:

Amount authorized from capital funds		$6,000.00
Advances made	$3,000.00	
(Of which $1,000.00 was advanced only a few days ago.)		
Vouchers paid	1,539.29	4,539.29
Balance available		$1,460.71

Pulpwood project on Gull Bay Reserve:

Amount authorized from capital funds ...		$15,500.00
Advances made	$7,000.00	
(Of which $3,000.00 will go forward this week.)		
Vouchers paid	4,431.83	11,431.83
Balance available		$ 4,068.17

Credit vouchers received total ..... $3,988.04.

Sir:

Referring to the McIntyre Bay Tie contract I beg to report that our weekly paylists unpaid up to the present date amount to $2,093.25. The storekeeper has advanced the Indians groceries up to the full amount and is getting rather anxious regarding payment, as the wholesale dealers are pressing him for payment. Would it be possible to receive an advance check of $2,000.00 on our tie contract.

In conclusion, I may say, I am forwarding a complete statement of the tie contract in the very near future.

Your obedient servant,

J. G. Burk,
Indian Agent.

EX'D.

Ottawa, May 25th, 1938.

Sir:-

Your letter of the 16th instant, was received asking for an advance of $2,000.00 in connection with the McIntyre Bay tie contract.

Last year when this proposition was put before the Department, you gave us to understand that if the funds to the credit of the Band were made available, that you could finance the project. Not only were the funds to the credit last year paid out but other money was advanced to you and still you are clamouring for more money. There is positively no money in appropriation that can be advanced to you for the purpose asked but the funds to the credit of the Band, amounting to $500.00 will be sent to you as an advance.

I shall look for your early report on the tie project as well as an accounting of the advances made to you. No other advances can be made to you in connection with this project and it must be financed on the proceeds from the sale of ties.

Yours truly,

G. A. Conley,
Chief Trusts & Annuities Div.

JUN 2 1938
RECORDS

For draft reply
as requested.

Account of Robert Mills,
MacDiarmid, Ont., for
supplies to Indians.

I have a letter from Mr. Bennett, Private Secretary to the Minister of Transport, dated May 30, in the matter of an outstanding account of Mr. Mills. Mr. Bennett states --

"Mr. Mills is a grocer and supplies the Indians in the vicinity with provisions. I am not acquainted with the details of the system that is followed but I understand that Mills advances credit to the Indians and is later reimbursed by your Department.

"It would be appreciated if you would have this matter looked into, with a view to Mr. Mills' reimbursement at the earliest convenience".

Will you please have the matter given attention, and let me have a draft reply to Mr. Bennett.

Ottawa, June 5, 1936.

Dear Sir:

The office of The Honourable the Minister of Mines and Resources has written to us reporting that the Private Secretary to the Minister of Transport writes as follows, re outstanding account of Mr. Mills —

"Mr. Mills is a grocer and supplies the Indians in the vicinity with provisions. I am not acquainted with the details of the system that is followed but I understand that Mills advances credit to the Indians and is later reimbursed by your Department.

"It would be appreciated if you would have this matter looked into, with a view to Mr. Mills' reimbursement at the earliest convenience."

I would be very pleased if you would report immediately in this matter, informing us as to the amount that is owing to Mr. Mills and the time when you will receive necessary funds from the sale of ties to liquidate this indebtedness.

Yours very truly,

G. Armstrong

Attention-Supt. of Welfare & Training

Sir:

I beg to acknowledge receipt of your letter of the 3rd instant, file 30009-9.

I note that the Department has received a letter from the Honourable the Minister of the Department of Mines & Resources in connection with Mr. R. P. Mills a grocer and general merchant who has supplied the McIntyre Bay Indians with supplies since March 14th and amounting to approximately $2,600.00 in connection with the tie operations at McIntyre Bay reserve.

For the Department's information, I may say that Mr. Mills operates a small store at MacDiarmid, Ont. and also a small outpost store on the McIntyre Bay reserve, which is managed by one of the McIntyre Bay Indians. Mr. Mills has been good enough to advance the Indians credit on their weekly paylists.

With reference to the completing of the tie contract, I beg to report that my intention was to have the Abitibi Power and Paper Company's tug tow the ties to the loading point, but unfortunately they will not be able to do our towing until the latter part of September, as there has been a great deal of delay in the construction of their tug. At the present time our boat is still under repair and will not be launched for several days. We have all our boom timbers ready and will start to tow our ties with our own vessel. I do not believe however, we will be ready to load ties for another three weeks, consequently, would it be possible for the Department to forward a check for $3,000.00, which will enable us to pay our weekly paylists, which amount to approximately $2,600.00. The approximate value of the 37,000 ties we have ready for delivery amounts to approximately $18,000.00 and our expenditures up to May 14th amount to approximately $11,000.00.

Your obedient servant,

J. G. Burk, Indian Agent.

June 11th 1938.

Dear Mr. Burk,

With reference to the subject of our telephone conversation of yesterday I would say that I have canvassed every possible source of funds to assist you in paying merchants' accounts for goods supplied Indians on security of wages due them in connection with the McIntyre Bay tie contract.

The McIntyre Bay trust account shows a credit balance of $10.40 which amount is negligible in so far as your requirements are concerned. The Gull Bay account, of which we spoke, is a separate account and cannot be utilized for your purpose.

The merchant concerned is probably being pressed by his wholesalers. If you were to certify the accounts and give him a letter explaining the situation and setting forth the assets that are available for conversion into cash within the next few weeks, I think he would have little difficulty in obtaining the necessary advance from his bank.

Yours very truly,

Director.

Dear Mr. Bennett,

I have to acknowledge receipt of your letter of May 30th, re unpaid accounts of Robert Mills covering groceries supplied to the Indians of the McIntyre Bay Reserve.

Your letter was referred to the Indian Affairs Branch and by them to the Indian Agent for a report in the matter. He has reported that Mr. Mills advanced groceries to the Indians of McIntyre Bay to the value of approximately $2,600.00 since March 14th against their wages for cutting ties, at the request of the Agent, in connection with a tie cutting contract the Indians had received from the Canadian National Railways. They have cut some 37,000 ties valued at $18,000.00. No payment will be made to them until these ties are delivered, which should be during the next three or four weeks. As soon as delivery is completed, Mr. Mills' account will be paid.

On June 11, the Indian Affairs Branch wrote to Mr. J. G. Burk, the local Indian Agent, as follows:

> "The merchant concerned is probably being pressed by his wholesalers. If you were to certify the accounts and give him a letter explaining the situation and setting forth the assets that are available for conversion into cash within the next few weeks, I think he would have little difficulty in obtaining the necessary advance from his bank."

...ES AND TRUSTS

Ottawa. June 22nd.1938.

Memorandum.

The Director:

McIntyre Bay Tie Contract.

Agent Burk reports that he has 35,000 ties piled at McIntyre Bay, Lake Nipigon which were cut by the Indians last winter from the Innes Twp. limit and which he contracted to deliver to the C.N.R. on cars at Orie#nt Bay for a total purchase price of $18,565.00.

He had originally arranged with the Abitibi Pulp & Paper Co. to boom these ties to Orient Bay but this company are unable to do this work owing to present lack of equipment and it is therefore advisable to adopt some other plan of delivery.

The agent has been negotiating with Ontario Creosoting Co. whereby they will undertake to boom, transport and load these ties on cars at Orie#nt Bay immediately, at actual cost, (approx. 6 cents per tie) provided they are afforded an opportunity of handling 1,000,000 f.b.m. of logs to be cut by the Indians during the ensuing season from Innes Twp.

They also desire to have the privilege of using the Indian sawmill at McIntyre Bay for the manufacture of these logs into lumber, and will undertake to maintain this mill in proper condition to do this work, at their own expense, and pay a bonus of $1.00 per M.f.b.m. for all logs cut by the Indians, also all dues and royalty.

As it is important to complete this tie contract as soon as possible in order to avoid risk of fire and towing loss and to realise the value of these ties, I consider the proposed arrangement to be acceptable and would recommend that the agent be authorised to take the necessary steps to carry out the plan suggested.

H. J. Bury

Approved

30009-9

EX'D. June 23rd.1938.

Sir:-

With reference to your proposed plan of moving the ties cut last winter from the McIntyre Bay location to the car loader at Orient Bay, the Department is of the opinion that as it is highly desirable to have these ties loaded as soon as possible, the proposal offered by the Ontario Creosoting Co. is accepted.

It is understood that this company will deliver these 35,000 ties on cars at Orient Bay as soon as possible, and the Department will be responsible for the actual cost of this work, as shown by authenticated statement and vouchers.

It is further agreed contingent on the above project being satisfactorily carried out, that the aforesaid company will have the privilege of handling 1,000,000 f.b.m. of timber to be cut by the McIntyre Bay Indians during the ensuing season from the Innes Twp. limit, and of using the Indian mill at McIntyre Bay for manufacturing such logs into lumber or other saleable product.

The said company will undertake to maintain the mill in proper operating condition for this purpose, pay a bonus of $1.00 per M.f.b.m. on the total cut and be responsible for the payment of all dues etc. on the logs.

Yours very truly,

Secretary.
T.R.L.MacInnes.

JUL 18 1938
RECORDS

PLEASE QUOTE FILE 240

Port Arthur, Ont.,
July 16, 1938.

Sir:

Referring to McIntyre Bay Tie Project, I beg to report that a local store keeper at Macdiarmid has carried our payroll since February 26th, and as the delivery of the ties will not be completed until August 30th, and payment is generally delayed by the C.N. Tie Department from one to two months after delivery, it hardly seems fair to keep the store keeper waiting for this length of time for payment. Net proceeds of the tie contract will amount to approximately $20,000.00. Would it be possible to receive an advance cheque of $3,000.00 from the revolving fund to settle the account with Mr. Mills and incidental expenses?

In conclusion I may say that this project has provided work for every family on the McIntyre Bay Reserve and also several families from the Fort William band and other reserves throughout the Agency.

An early reply will be appreciated.

Your obedient servant,

J. G. Burk,
Indian Agent.

July 21, 1938.

Dear Sir:

I have to acknowledge receipt of your letter of July 16th, File No. 240, re outstanding accounts owing to Mr. Mills, storekeeper at Macdiarmid.

I am very sorry that it will be impossible to comply with your request and forward you an advance of $5,000.00 from the revolving fund to settle Mr. Mills' account and other incidental expenses. Regulations have to be formulated to cover this revolving fund, and then approved by Order in Council before any advances can be made therefrom. As Mr. Hoey, the Superintendent of Welfare and Training, is absent from the Department through sickness, these regulations are not being drawn up until he returns. I do not think that any funds will be available before October 1st, at the earliest.

This Band has no Band funds which can be used to assist you and, therefore, I am afraid there is no possibility of giving you an advance as suggested.

As no funds are available to make you an advance, I would be pleased if you would have Mr. Mills submit triplicate copies of the relief accounts which aggregate some $2,600.00 in detail. These relief accounts should show full information as to kinds, quantities, and unit prices of all articles supplied. They should be supported by pay-lists signed by the Indian recipients. When this voucher is received, the question of payment will be given consideration.

Yours very truly,

J. G. Burk, Esq.,
Indian Agent,
Port Arthur,
Ontario.

30009-9

Ottawa, September 12, 1938.

Dear Sir:

I have to acknowledge receipt of your vouchers amounting to $2,216.14 in favour of R. P. Mills, MacDiarmid, Ontario, for supplies furnished to the Indians of the McIntyre Bay Band for sundry labour expenditures on that Reserve.

I note that you quote our letter of July 21st, File 30009-9, as authority for these expenditures. Your letter of July 16th, in answer to which the above letter was written, stated you required a cheque for $3,000.00 to settle accounts which were outstanding to Mr. Mills covering labour on a tie contract received from the Canadian National Railways. On receipt of these vouchers, I was very much surprised to note that much of the labour for which supplies were taken had nothing whatever to do with the tie contract; in fact, one voucher covers the expenses for labour in connection with the operation of a community garden, or appears to me to be remuneration to Indians for planting their spring crop.

Before considering the question of payment of these accounts, I would be very pleased if you could inform me when you expect the ties will be delivered to the Canadian National Railways, and a payment of the $20,000 received from them. If this is going to take place in the near future, (and payment was supposed to be made last May, according to your first statement) there should be no reason for us having to

J. G. Burk, Esq.,

MEMORANDUM OF AGREEMENT

BETWEEN: McIntyre Bay Indians, represented by Mr. Gerrie Burke,

- and -

Northern Wood Preservers, Ltd., represented by Mr. Robert Prettie.

The Norther Wood Preservers agreed to purchase logs from The McIntyre Bay Indians at an established price and the McIntyre Bay Indians are now desirous of the Northern Wood Preservers not only handling the delivery of the 1,200 logs originally purchased but also the delivery of approximately 35,000 ties to cars on the Canadian National Railways spur at Orient Bay.

All costs and monies spent on the operation by the Indians up to the present, being approximately $12,000.00 would be lumped with the delivery costs (of approximately $3,000.00 as estimated, which the Northern Wood Preservers would finance) and these costs, including the dues of the (approximately $2,000.00 as estimated), would be known as the total cost of the operation.

All equipment used and all equipment purchased would belong exclusively to the party who made the purchase and it would be understood that this equipment, whether belonging to the Indians or to the Company, would be used without rental charge until the ties had been delivered.

The boat "Keego" would be charged against the operation at the rate of $4.00 per hour to include fuel oil and operating men's wages.

All returns(estimated at approximately $20,000.00 from the tie and log deliveries would be lumped under sales.

The difference between the value of the Sales and the cost of the operation would be known as the Profit or the Loss, and this sum would be shared equally on a fifty-fifty basis between the Indians and the Northern Wood Preservers.

Signed on behalf of

McIntyre Bay Indians

Sgd. J. G. Burk

Northern Wood Preservers

Sgd. Robert Prettie

Sir:

Referring to my recent visit to Ottawa regarding the Towing of 35,000 ties from the McIntyre Bay Reserve on Lake Nipigon to the Orient Bay Spur of the Can. Nat'l. Rlys., I beg to enclose herewith copy of the agreement between the McIntyre Bay Band of Indians and the Northern Wood preservers Ltd., represented by Mr. Robert Prettie, of Port Arthur, Ont.

The Company agreed to deliver approximately 35,000 ties from the McIntyre Bay Reserve and load same on cars at Orient Bay Spur. They also agreed to pay all the cost of handling the ties, and the profits would be evenly divided. It was also agreed that the Company would pay rental for the Departmental vessel M. S. Keego, at the rate of $4.00 per hour to include fuel oil and operating men's wages.

Your obedient servant,

J. G. Burk,
Indian Agent.

Attention-Supt. of Welfare & Training Div.

Sir:

I beg to acknowledge receipt of your letter of the 12th instant, file 300009-9.

It is regretted that delay is caused by the inclusion of vouchers other than the tie contract accounts. If you will return the voucher for gardening amounting to $93.75 I will re-voucher same.

As Mr. Mills has carried the payrolls since last February and his creditors are pressing him for payment, would it be possible to forward a check to him by return mail.

With reference to the payment of ties, I understand that there is considerable delay in payment, by the C.N. Rlys., even after delivery is made. We expect to make delivery during the latter part of this month and the first half of next month, but presume we will not receive a check until the latter end of November or December.

Your obedient servant,

J. G. Burk,
Indian Agent.

Memorandum-Re Agreement-Northern Wood Preservers

Owing to the lack of funds it was considered advisable to secure the services of the Northern Wood Preservers, Ltd. for Port Arthur, Ont. to tow and load our ties from the McIntyre Bay Reserve a distance of approximately 37 miles to the Orient Bay Spur, at Orient Bay, Ont.

Up to the present time this company has loaded approximately 3,000 ties on cars at Orient Bay. Two and a half booms of ties were lost in a heavy blow but have been salvaged again. It is estimated that only 100 ties were actually lost. (This statement has not been verified). The Company now refuse to continue with the contract but have agreed to load all the ties at a figure of 12½¢ per tie. This figure appears rather hight, but taking into consideration the cost of all their equipment, consisting of booms, boom chains, tie loader, etc. and the delay and cost which would be necessary to re-organize the operations ourselves, it is my opinion that it will be better to continue with this Company and pay 12½¢ per tie until the operation is completed.

Dear Doctor McGill.

I am mailing this memo to your Ottawa address for various reasons.

Temporarily the Parties did not turn out as I had hoped, my dealings were with Bob Parties (Jun) and dam sorry to say were not up to par.

When the ties are loaded I am through with this firm.

If funds were available I would like very much to take out the Balance of our ties, but I am afraid funds are Hard to get.

Our Auditor has been here for over a week and Has yet left, I have the Lord as it is very Hard to get any work accomplished when one is continually going through account.

With Very Kind to you all.

Sincerely
C.G. Bowe

DEPARTMENT OF MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

PLEASE QUOTE FILE 250-10

Port Arthur, Ont.,
September 17, 1938

Dear Dr. McGill:

The enclosed is a memo of the agreement with the Northern Wood Preservers regarding the towing of our McIntyre Bay ties.

Mr. E. H. Berthe, of the audit branch was in the office this morning when a representative of the Northern Wood Preservers Ltd. explained the detail of the loading and towing of the ties at 12½¢ per tie instead of the original agreement.

Referring to the continuation of this project, I regret it is impossible to carry on unless it is possible for us to secure funds to carry on from Oct. 1st of one year to July 31st of the following year and in the event that this is not possible I would suggest securing a first class timber operator, experienced with Indians, who has up-to-date equipment and funds to carry on. With this in mind, I have interviewed Mr. J. F. Dawson, District Forester in this district regarding this method of operation and am attaching herewith a letter from him.

As Mr. Ehn, has been very good to the Indians at Savanne, Ont. and has the necessary equipment on hand, I have suggested to him, as he intends to visit Ottawa, to call and see you, in the event that we are unable to get funds to carry on.

I am mailing memorandum regarding Gull Bay reservation the first of next week.

Yours very truly,

J. G. Burk.

Return to G.Armstrong

Ottawa, September 21, 1938.

Dear Sir:

With further reference to our letter of the 12th instant and your reply of the 17th instant, I have to inform you that it has now been decided to pass the R. P. Mills accounts aggregating $2,639.14 for payment from Vote 75. On examination of these accounts, we have classified them as follows:

Fish boxes	-	$ 423.00
Logging	-	350.70
Tie booms	-	120.90
Tie contract	-	1,670.79
Farming	-	95.75
Total	-	$2,659.14

The items of fish boxes and logging are being taken as covering your summer operations at the McIntyre Bay mill and are being marked "refundable". A remittance of $753.70 should be forwarded at the earliest possible date from the payments received for fish boxes to cover this amount.

The items of tie booms and tie contract aggregating $1,891.69, of course, are chargeable to your tie contract and will be recovered as soon as the Canadian National Railways pay for the ties which we cut.

The last item, farming, (community garden) is being charged to the amount provided in our appropriation for the clearing of land, etc., in your Agency. This work was done without Departmental authority and it is considered

.....that the

that the rates of remuneration, $3.00 per day to the foreman, $2.00 to some of the Indians, and $1.00 to the remainder, are entirely too high, when you consider that these Indians were planting their own gardens to obtain a food supply for the coming winter.

As stated before, the above mentioned accounts have been sent to our Treasury Branch for payment. Already, there have been a number of questions as to duplicate payments to certain of the Indians, or payments to Indians on the same weekly paylist for performing two services; both of which look like a full time job. Any such accounts will be returned to you at the earliest possible date, so that you may be able to either correct or explain each seeming mistake.

Yours very truly,

R. A. Hoey,
Supt. of Welfare & Training.

Indian Affairs. (RG 10, Volume 7805, File 30009-9 Pt.1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

File

30009-9

Ottawa, September 21, 1938.

Dear Sir:

With reference to our letter of even date, I return herewith the H. P. Mills account for $1,670.79. If you will note the two paylists for the week ending March 26th, you will find that Bernard Morriseau is shown as having worked 6½ days at the rate of $2.80 a day, on one paylist, and on the other as having cut 290 ties at .01¢ per tie. Abe Hardy is shown as having worked 6 days at the rate of $2.40 per day on one paylist, and on the other as having cut 340 ties. The Department feels that these Indians are being paid twice, and would like you to either amend the paylists or the account and recover the amount overpaid to these Indians, or explain how it was possible for a man to work 6 days on a job and still be able to cut 340 ties.

I would be very pleased if you could arrange to return this account as soon as possible. In some of the other accounts, we found similar cases and none of them can be paid until this one is returned with your explanation.

Yours very truly,

R. A. Hoey,
Supt. of Welfare & Training.

Ottawa, September 29th, 1938.

MEMORANDUM

Dr. McGill,-

re The McIntyre Bay Tie
Operation

The proposal submitted to you in writing by Mr. T. Ehn, of Fort William, a copy of which is attached, is, in my judgment worthy of further consideration. As I see it it depends wholly whether or not the Department can secure $30,000.00 at the least in order to finance the operation along the lines mentioned by Mr. Ehn. If this difficulty can be overcome I would recommend that his proposal be seriously entertained.

It should be kept in mind that we are faced by one of two alternatives, either to accept Mr. Ehn's proposal or something of a similar nature, or throw up the timber berth and absorb the loss that that will entail. If we intend going ahead with Mr. Ehn this would involve renewal of our arrangements in relation to the berth with the Province of Ontario.

Enclosure.

D. Scott

Attention-Supt. of Welfare & Training

Sir:

I beg to acknowledge receipt of your letter of Sept. 21st, 1938, file 30009-9 in connection with paylists on our tie operations at the McIntyre Bay reserve.

In reply I beg to report that the piecework or sawing shown on the week ending March 26th by B. Morriseau and A. hardy was done on Sunday. Overtime and Sunday work is frequently authorized by the foreman in order to clean up one week's work. The clearing out of strips and clearing of the tote roads is very often done after regular working hours and on Sundays so that there is no delay in the operations. I realize now, that this time should have been kept separately and designated as repairs, clearing or sawing etc., and our foreman is being advised to show it separately in the future.

I regret very much this delay and trust that a check to cover these accounts will be forwarded by return mail.

Your obedient servant,

Ottawa, November 8th, 1938.

EX'D.

MEMORANDUM:

The Deputy Minister.

The Indians of McIntyre Bay Band, Port Arthur Agency, were employed during the winter 1937-38 cutting railway ties on a timber limit secured from the Province of Ontario.

For the purpose of conducting these operations the Honourable the Minister approved of a memorandum dated 4th October, 1937, requesting that $5,000.00 be made available from the funds of the Band, a further sum of $500.00 was advanced from Band Funds and $8,980.50 from appropriation.

The following is a summary of the operations to date:-

Expenditures.

Advance from Band Funds	.....	$ 5,500.00
Vote	.....	$ 8,980.50
Accounts outstanding	.....	$ 9,772.94
		$24,253.44

Revenue.

Sale of Products	.....	$18,556.13
Products on hand	Estimated	5,555.23
Inventory of Equipment	.....	703.00
Refunded to Department	.....	156.44
Cash on hand	.....	205.85
		$25,060.65

Indian Affairs. (RG 10, Volume 7805, File 30009-9 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

The amount required to meet outstanding accounts of $9,772.94 less $205.85 in the hands of the Indian Agent is $9,567.09.

Some of the revenue has been received and the remainder will be paid in the near future as delivery of the ties has been made.

I would recommend that the authority of the Honourable the Minister be obtained to pay all outstanding accounts from the revenue as it is received in order to close out the operation.

OFFICE OF THE DEPUTY MINISTER

CANADA
DEPARTMENT
OF
MINES AND RESOURCES

Ottawa, November 16th, 1938.

MEMORANDUM:

Dr. H.W. McGill,
Dir. of Indian Affairs Branch.

Your memorandum of the 8th instant, file 30009-9, in reference to the operations being carried on by the Indians of the McIntyre Bay Band has been received. The matter will be brought to the Minister's attention on his return from the West.

From the summary of the operations carried on by Agent Burk it would seem that he required more money than what he originally anticipated. If you will refer to your memorandum to the Minister of the 4th October last, authority was given to make use of $5,000 from the Band's interest money for the purpose of financing the operations. It would appear that the Agent underestimated the amount that would be required to finance the operations, as it is noticed in your statement of November 8th that additional funds amounting to $8,980.50 were provided from one of your votes and notwithstanding this there are accounts outstanding exceeding $9,700.00. On whose authority was the amount used from the vote.

From the statement of revenue it would seem that there may be a possible loss in connection with these operations, unless the Agent is able to sell the products on hand for the amount estimated.

When Agent Burk was in the office last summer with the Honourable Mr. Howe's Secretary, he discussed at some length the various operations carried on by him in his Agency and he showed me at the time a number of financial statements in regard to them which did not in any way disclose the proper financial set-up. I asked him at the time if he would have his accountant prepare proper statements showing whether the operations were being carried on at a profit or a loss. He promised to do this.

I understand that Mr. Christianson has recently been at Port Arthur and has gone thoroughly into the different operations. Have you now received complete statements in reference to them?

C.W. Jackson,
Chief Executive Assistant.

IN CONNECTION WITH McINTYRE BAY TIE OPERATIONS

Last October, Mr. David Laidlaw came to the Agent's office here looking for work for his teams. I might say that Mr. Laidlaw came from the dried-out areas of Western Canada.

On December 18th, an agreement was entered into between the Indian Agent and the late Mr. Laidlaw, that the latter would take the responsibility of taking the ties out at McIntyre Bay. He had three teams of his own with whichhe was going to do the hauling and was to be paid at the rate of .27¢ for the ties laid down on the lakeshore. As Mr. Laidlaw had no funds, the Indian Agent was to supply the food for the cook camp and also hay and oats for the horses, and as soon as Mr. Laidlaw received advanced payments on the ties the cost of food and feed was to be refunded to the Agent.

Mr. Burk interviewed several lumber people around the City here, and they advised him that he was getting a good deal.

The agreement to this effect was drawn up at McIntyre Bay on or around December 18th, and was signed by Mr. Laidlaw and witnessed by Mr. Leroy, but as far as Mr. Burk and Mr. Leroy can remember, they are of the opinion that the agreement was never signed by Mr. Burk. There is no copy on file in the office here.

Some time in the month of February, Mr. Laidlaw and Mr. Burk in conversation, agreed that the agreement should never be put in force and Mr. Laidlaw agreed that he would take so much per month for his teams from the beginning which was $26.00 per month and feed. This we supplied. He also agreed to take $75.00 per month for himself and his board.

On the week ending April 9th Mr. Laidlaw's services were discontinued, as operations were completed, by the Agent.

On April 13th he left McDiarmid for McIntyre Bay as he had made arrangements to pasture his horses, and was going to bring them out the next day, and on his way to McIntyre Bay was drowned in the lake.

We still owe the Estate $699.37 for wages, team hire and meals.

McINTYRE BAY

Where Mr. Fred H. Fraser has been in charge.

The number of ties taken out last winter was about 33,000. These were all taken out by Indians.

From one to three white men were working there during the winter; one operating the tractor, another timekeeping and checking, and the third driving a team and repairing roads, etc.

The number of Indians working throughout the winter would average approximately twenty men per day. The Indians were paid at the rate of .08¢ per tie in the log on the skidway. Some Indians made as high as $100.00 per month, but Mr. Fraser thinks the average would be about $75.00.

After the ties in log on the skidway, they would be hauled from there to the mill, and this operation was performed by three hired teams and our own team, and a tractor. Therefore, the four teams did all the hauling from the skidway to the mill.

The three hired teams were paid at the rate of $26.00 per month, and the teamsters were paid $45.00 per month and board. Therefore, the team, teamster and feed averaged practically $145.00 per month. The average distance of hauling averaged about two miles.

These logs were dumped at the mill and the handling of the logs there was done by the tractor. The ties were all sawed in the mill, slabbed, and some of them squared, then hauled by the tractor down to the lake and piled there. This operation took seven men, six of which were Indians. The sawer received .01¢ a tie for sawing, the cantor and tail sawyer were paid at the rate of 3/4¢ a piece. The engineer was paid at the rate of $75.00 per month and board and the other three fellows were paid $2.85 a day and their board.

The next operation was the peeling, and in all, approximately 16,000 ties were peeled. This was paid for at the rate of .02¢ per tie.

The total cost of the ties landed on the bank ready for watering would be from .30¢ to .32¢

The watering of the ties, booming them and bringing them across to Orient Bay and loading them, if properly organized, should cost approximately .10¢ per tie, timber dues .10¢, or a total cost of approximately .52¢

Indian Affairs. (RG 10, Volume 7805, File 30009-9 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

What we are receiving at the present time from the C.N.R. is .52¢ for No. 2, .62¢ for No. 1 and .67¢ for No. 1 squares, and .25¢ for No. 3. Out of the 29,110 ties already loaded, there was 405 No. 3, 11,966 No. 2, 11,349 No. 1, and 5,400 squared. Some of the other No. 3 ties we have on hand will be sold to the Hydro Electric Company at .40¢

In conversation with an official of the C.N.R, we hoped to get a contract this year for about 50,000 ties to be taken out at McIntyre Bay. This would give employment to approximately fifty Indians, and would take care of the Indians at McIntyre Bay and the Fort William Reserve.

The approximate cost of taking the ties out, loading them on cars, would be .42¢, less the stumpage, or a total cost of $21,000.

The method that has been suggested of moving the ties another year, loading which should take place as soon as the ice leaves the lake, is to put them in a storage boom at McIntyre Bay, then hiring the Abitibi tug and boom, they would place their own boom which is made out of heavy timber around the ties, and take it across the Bay to Orient, which is the railway head, and they would be able to move approximately 25,000 ties in one trip or otherwise, 50,000 ties in two trips. In this manner this labour could all be performed by Indians, the ties could be put in the water or in the storage boom and after they were taken to Orient Bay the loading could all be done by Indians.

In taking on this work, the Department would have to be prepared to advance from $21,000.00 to $25,000.00 before any returns were shown.

RE SAWMILL AT McINTYRE BAY

At the present time they have one that is run by steam engine and there are three saws connected with this outfit, the main saw, butting saw and an edging saw. The steam engine and boiler are in a building but the rest of the equipment is outside.

Then we also have a portable sawmill which was sent to Mr. Burk gratis by the Department last winter. This is operated by the tractor and can be moved anywhere where they require.

Also, a steam boiler engine that was taken out of the "Dack", the old tug that was owned by the Agency. This is used for boat building. This runs a planer, a ban saw and a mortise machine.

The following boats were built at this land for the Lake Sulphite Company:

1 - 29 Ft. Pointer complete, powered with Gray Hvy. Duty Marine Engine.		$1,053.00	
1 - 29 Ft. Pointer, Galv. Sheeted powered with Star 6 engine, marine conversion		787.00	
4 - 17 Ft. Canvas Covered Canoes	@$80.00	320.00	
1 - 16 Ft. " " "	with floor	75.00	
1 - Skiff, Complete with oars & rollicks.		70.85	2,305.85

On April 26, 1938, Mr. D. M. McClelland, c/o Price, Waterhous and Company, Royal Bank Building, Toronto, chartered accountants who had the affairs of the defunked Lake Sulphite Company in hand, was billed with the above. On May 2nd a reply was received as follows:

"J. G. Burk, Indian Agent,
Department of Mines & Resources,
Port Arthur, Ontario.

Dear Sir:

Lake Sulphite and Pulp Co. Ltd.

I thank you for your letter of the 26th of April enclosing a Statement of Account for $2,305.85, against the Lake Sulphite Pulp Co. Ltd.

Yours very truly,

"B.L.Currie,"
Receiver & Manager."

Re Sawmill at McIntyre Bay

The boats built for this Company are at the Lake Sulphite Pulp Company's mill at Nipigon.

The funds used for building the boats, purchasing material and labour was all paid from welfare funds.

Mr. Burk also built for the Abitibi Pulp and Paper Company one pointer and one 17-Ft Canoe. The cost of the pointer and the canoe was $300.00. The funds used to pay for the material and labour was from welfare and Band funds, and this amount is also outstanding.

There is also a V-bottom boat that was built at the same time that is on hand at the Agency. This would be worth about $50.00.

The building of these boats and pointers was carried on by Mr. Wm. Fitzgerald, and experienced boat builder, and he was paid at the rate of $80.00 per month, and he boarded himself. The rest of the labour was all Indian.

The following is the cost of the two engines that were placed in the boats that were built for the Lake Sulphite Company: Large one - $481.64, other one - $157.65.

The $500.00 advanced to Mr. Burk for clearing land at McIntyre, Gull Bay and Pic will be accounted for in the course of a few days. This has all been spent.

Memorandum:

Dr. McGill.

I beg to submit a financial statement, attached hereto, of the tie project at McIntyre Bay in the Port Arthur Agency.

These figures were compiled from the records found in the Agency office and the statement was prepared with the assistance of the Clerk and Agent and certified as being correct by these two employees.

When the operation is finally completed, there may be a few changes as the figures regarding the ties included in the statement were received from the Inspector of Ties for the Canadian National Railways, as he had at that time already loaded 29,120 ties. 1,200 ties at Orient Bay were to be sold to the Hydro.

In bringing them across from McIntyre Bay, 2,500 ties were estimated lost, but when I was there the men were out picking them up, and I understand they hope to be able to get back about 1,500. Therefore, this may also cause a slight change in the statement.

Another alteration may be caused by the dues on the ties by the Provincial Government. While I was in Port Arthur, they were checking the figures, and those I have entered are as correct as I could estimate them.

You.....

You will note, "Additional products on hand, $5,185.23". This is mostly all lumber and valued at $10.00 a thousand. This lumber can be used to make fish boxes and grain doors for cars, and I think, should show a profit.

The apparent profit, accordirg to my statement, is $4,307.21, which as far as I know, is conservative, but in any event, when the material on hand has been turned into finished product, there should be a surplus. This material can be made into fish boxes this coming spring as there is a ready market for this commodity around Lake Nipigon.

One thing which must be kept in mind, also, is that between twenty and thirty Indians were employed all winter on this project and in that way were kept off relief.

General Superintendent

Memorandum:

The Deputy Minister.

In reply to Mr. Jackson's memorandum of the 16th of November in connection with operations at McIntyre Bay, I might state that some time ago Mr. Christiansen went to the Port Arthur Agency to endeavour to obtain a statement of the different projects which Mr. Burk, the Indian Agent, had undertaken. A copy of such a statement is attached hereto, together with Mr. Christiansen's covering memorandum.

It certainly is quite evident that when Mr. Burk was in Ottawa last fall outlining his scheme, he underestimated the cost of production.

For your information, I wish to say that the 29,120 ties, referred to by Mr. Christiansen, have all been loaded, and no doubt, in a short time settlement will be received from the Canadian National Railways.

I trust this is the information you require.

Dr. H.W. McGill,
Dir. of Indian Affairs Branch.

I have your memorandum of the 22nd instant enclosing Mr. Christianson's report in connection with the operations carried on at McIntyre Bay by Agent Burk. It is assumed that the cost of all the machinery and other equipment has been charged as an expenditure or that a proper allowance for depreciation has been made. It is noticed that there is an item of $3,500 - refund of deposit on limit - shown as an asset. Is there any possibility of this not being returned?

Will you please furnish report when the remainder of the ties on hand has been disposed of, in order that we may be advised as to the final outcome of these operations.

C.W. Jackson,
Chief Executive Assistant.

Attention General Superintendent of Agencies

Sir:

Confirming my recent visit to the Can. Nat'l. Rlys. tie department at Montreal, Can., I beg to report a contract has been secured for 35,000 ties. This will give employment to the McIntyre Bay, Whitesand and Gull Bay Indians and also any Indians from the Fort William band. However, as the season is getting on, it is rather doubtful whether any of the Whitesand band will move until after the freeze-up.

In conclusion, I may say that this contract will be transferred to Mr. D. A. Clark, of Port Arthur.

Your obedient servant,

J. G. Burk, Indian Agent.

MEMORANDUM

Mr. Allan,-

In reference to Agent Burk's recommendation that the Department operate in the Jack Pine timber on the Innes Township limit, having received the consent of the Great Lakes Paper Company who control this species of timber, and the approval of the Deputy Minister of Lands and Forests, I am of the opinion that this is a satisfactory arrangement.

The Department will be obligated to pay stumpage charges to Ontario of $6.60 per M F.B.M. for the jack pine which is estimated at 10¢ per tie, from the following data:-

1937-38 cut-- 31,348 ties were made from 462,080 F.B.M. or approx. 15 F.B.M. per tie.

$6.60 per M equals .66 cents per foot

Therefore stumpage per tie equals .66 X 15 equals approx. 10 cents.

This rate of 10 cents is not a prohibitive rate and I would, therefore, recommend approval of the proposed arrangement.

H. J. Bury,
Timber Supervisor.

Sir:

I beg to submit herewith, a report of my various activities during the month of September.

x x x

Mr. F. J. Dawson, of the Crown Lands Dept. was interviewed regarding the scale of logs on the McIntyre Bay reserve, as well as a reduction of dues on Jackpine ties. Mr. Dawson advised me he had been advised through the Deputy Minister's office, of the Dept. of Lands & Forests, that a substantial reduction of dues had been made.

The Northern Wood Preserves Ltd. was interviewed several times regarding our ties at McIntyre Bay reserve. This company are exceptionally lax in their efforts to complete our tie contract, which is most provoking.

F.30009-9

Ottawa. Dec.9th.1936.

Sir:-

With reference to your recent discussion with the Department regarding certain proposals for the employment of the Indians of the Lake Nipigon district and particularly for those of the McIntyre Bay Reserve it is desired to know for what reason the Innes Twp.timber limit cannot be operated this season in order to provide this needed employment.

The purchase of the white and red pine timber on this township from the Ontario Government was made at your insistence in order to provide employment for these Indians but apparently last season these two species were not cut,but only the jack pine,which the Department did not then control.

Recently,the Great Lakes Paper Company who controlled the jack pine,have agreed,with the approval of the Dept.of Lands & Forests,to allow the Indians to cut this species,and the Indians have now access to all species of pine on the township.

Please explain as soon as possible,why the employment question cannot be solved by cutting on Innes Twp.this season instead of seeking additional cutting rights on areas not under the control of the Department.

Yours very truly,

Director.

Dear Sir. I am enclosing my two statements of account which you will notice is addressed to Mr J.G. Burk Indian Agent Port Arthur. The reason I am forwarding them to you is on account of not being able to get any action from the local office, nothing but promises and more promises. So you will notice that this is for wages owing me from the early part of the years and also for boat hire during the past season.

I have made several trips to Port Arthur to see Mr Burk, but cannot get any settlement or satisfaction whatsoever from him in any way, only promises

If you could make an early settlement of these accounts it would greatly be appreciated. Yours truly

Dear Sir

Enclosed please find statements of my two accounts owing to me from the Indian Dept one covering wages and the other meals.

After a good deal of consideration I decided the only way to try and get these accounts paid is to forward them to you, as I cannot get any settlement from Mrs Burk the Indian Agent here, Every time I saw Mrs Burk and enquired regard payment she would make a continual line of promises.

I have spent a good deal of money going to Port Arthur to see Mrs Burk, but it has all been of not avail, so if you could do anything for me regarding payment of these two accounts it would be greatly appreciated Yours truly

R. P. MILLS

GENERAL MERCHANT

MACDIARMID, ONT.

Dec. 7th. 1938.

Department of Mines & Resources
Indian Affairs Branch.
DEC 9 1938
RECEIVED

The DeputybMinister,
Depprtment of Indian Affairs,
OTTAWA.

Dear Sir:

I have repeatedly during the past six months taken up the matter of several accounts owing me from your operations at Grand Bay last spring with your Indian Agent, Port Arthur. J. G. Burk.

You still owe me close to $500.00 all of which is now over six months overdue. I regret having to take this matter up with but I must insist that these accounts be cleared up this month.

At different times Mr. Burk has written me that these accounts would be settled innthe near future and the last one of these was dated Nov. 10th. almost a month ago. and nothing paid yet.

Kindly take this matter up with Mr. Burk at once and have these accounts squared away as quickly as possible.

Yours truly,

R. P. Mills

P.S. Mr. Burk requested me in his letter of ~~Burk~~ Nov. 10th. to render him a statement showing outstandings but this has been done so often during the past six months that I have come to the conclusion it is just another stall.

OFFICE OF
INDIAN AGENT
Fort Arthur, Ont.
Dec. 14, 1938

DEC 17 1938
RECORDS

Sir:

I beg to acknowledge receipt of your letter of the 9th instant, file F.30009-9, regarding my recent discussion with the Department in connection with the McIntyre Bay Band, and why the limits are not being operated this year.

In reply I wish to state that the C.N.Rly. tie Department will not accept Norway pine for ties in this District.

When in Montreal, recently, I was informed by Mr. W. E. Evans, Chief Tie and Timber Agent, for the Canadian National Rlys. that Norway pine is only accepted for ties in certain areas.

It appears that the balance of Jackpine on the Innes Township limit has a large percentage of Red Heart and stain, and consequently it is not adviseable to cut it for ties but can be cut in the summer months for peeled Jackpine pulpwood.

At the present time, there are a few families at the McIntyre Bay reserve taking out cull ties and logs for the manufacture of fish boxes and possibly car doors, that is, if the timber is not too faulty for this purpose.

I regret very much, that at the present time, there is no demand for Norway lumber, consequently, we are unable to cut the Norway, until the market improves.

With reference to creating permanent work for this band of Indians, I recently interviewed Mr. B. F. Avery, Woods Manager, for the Great Lakes Paper Co. at Fort William, Ont., who is very sympathetic towards the Indians. Mr. Avery informed me that it would be some time before they would be cutting pulpwood on their limits, which are adjacent to the McIntyre Bay reserve, but that in order to create work for the Indians, there company have agreed to allow the McIntyre Bay Band to cut Jackpine ties on their limits, outside of Innes Township. On my recent visit to Toronto, Mr. Avery gave me a letter to Mr. Height, General manager of the Great Lakes Paper Co., who was very agreeable to Mr. Avery's arrangement and promised to co-operate in every way possible to assist the Indians

He has written.....

Dr. Harold W. McGill,
Director,

He has written to Mr. Avery at Fort William advising that he will approve of setting aside a Jackpine area, to cut ties, for the McIntyre Bay Indians. He also further approved of giving the Indians yearly pulpwood contracts when their company start to operate on Lake Nipigon. When this is confirmed by letter I will immediately communicate with the Department. In the meantime, in order not to cause any distress, several families have moved to the Gull Bay reserve for the winter, but will return to McIntyre Bay in the Spring.

I have the honour to be sir,

Your obedient servant,

J. G. Burk,
Indian Agent.

Dear Sirs:

Attached herewith you will find statement of account covering the handling of ties for your Department on Lake Nipigon.

You will realize that we had very heavy expenditures in connection with this operation, which we have been out of pocket for some time and, if it would be possible to let us have a cheque on account, it would certainly be appreciated as we are not a large Company and must operate on a limited line of credit.

Thanking you for anything you can do in this connection.

Yours truly,

Dear Sir;

I would again draw your attention to the above account which covers the movement of one car of horses from the Nipigon area to the West and is outstanding on your period ending April 7/38 account.

Your Agent here, Mr. G. Burk advises me the account is with the Department and he is waiting the necessary authority and credit to make payment. Under the circumstances we would appreciate your making every effort to effect prompt payment of this item, as you can readily understand we are being pressed by our Audit Department to have this item cleared from the books as quickly as possible. I trust you will give this your prompt attention and arrange to have same pushed thru the proper channels due to the long outstanding of this account. Thanks.

Yours truly.

Attention-Chief, Trusts Division

Sir:

I beg to acknowledge receipt of your letter of the 28th ultimo, file 458810, with attached letter from the Can. Pacific Rly. Co. of Port Arthur, Ont., in connection with an outstanding freight account amounting to $175.75.

In reply I beg to report that our foreman at the McIntyre Bay reserve, on completion of the tie cutting, shipped two teams of horses from Lake Nipigon to the West. The late Mr. Laidlaw, our foreman, was going to pay for the shipping of the horses, at the completion of the bush operations at McIntyre Bay reserve, but unfortunately he was drowned.

For your information, I may say, I have informed Mr. Gibson, the local C.P.Rly. freight agent that the account will be settled, when an advance is received from our Department, in settlement of the tie contract.

Your obedient servant,

J. G. Burk, Indian Agent.

The Deputy Minister,
Department of Indian Affairs,
OTTAWA.

Dear Sir:

On Dec. 7th. I wrote you reggrding accounts in connection with your Port Arthur Agency which are many months overdue and requesting that payment be arranged before the end of December.

My letter was not acknowldeged nor have the accounts been paid.

I have today written your Port Arthur Agent advising him that I will be Port Arthur on Jan. 16th. and demanding that these accounts be settled at that time.

Kindly be good enough to advise your agent to either settle these accounts at that time or, if they are to be made out in any different manner, I can do so then. In any case they must either be paid then or placed in line for immediate payment.

I think you will agreewith me when I say that eight months is a long time to wait for payment of any account.

Please acknowledge this letter.

Yours truly,

R. P. Mills

Attention - Supt. of Reserves and Trusts

Sir:

I beg to acknowledge receipt of your letter of the 20th instant, file No. 30009-9, relative to previous correspondence of the 16th instant, dealing with tie operations on the limit adjacent to the McIntyre Bay Reserve, in Innes Township.

In reply, I beg to report that the total number of ties loaded on cars, and for which we have been paid are as follows:

Oct.	15/38	Can. Nat'l Rlys.	3,005 ties	$ 1,311.50
"	31	"	7,470 "	3,275.95
Nov.	25	"	18,645 "	8,022.50
"	30	H. E. P. C.	1,404 "	561.60
			30,524	13,171.55

The balance of the ties on hand are as follows:

Piled at Orient Bay Spur ready for loading next spring	600
Frozen in booms at Orient Bay Spur	200
Estimated ties to be salvaged on Lake	899
Finished ties	1,699 @ 50¢

Tie blocks on skidway, McIntyre Bay reserve, which can be made into No.3 ties and sold next spring to the Hydro, for spur ties at .40¢ per tie. 2,500 @ 40¢

In conclusion, I may say, a statement was given to Mr. M. Christianson during his visit to this office in November.

Your obedient servant,

J. G. Burk, Indian Agent.

, January 24th, 1939.

Sir:-

Application has been made to the Honourable the Minister for authority to expend $9,567.09 from the McIntyre Bay Trust Account for the purpose of paying all outstanding indebtedness in connection with the tie cutting operation.

In the statement which you supplied to Mr. Christianson, you showed the following revenue accruing from this operation:

Revenue from sale of ties (29,120) C.N.R.	-	$16,977.90
Revenue from sale of cull ties 2,000 @ 40¢ (hydro)	-	800.00
Revenue from sale of 700 ties at approx avge. of .50	-	350.00
Logs sold N.W.P. unpaid	-	680.25
Additional products on hand	-	5,185.25
Making a total of	-	$23,993.36

The revenue received by the Department to date is as follows:-

October, 1938	-	$ 1,511.50
November, "	-	3,275.95
November, "	-	8,022.50
December, "	-	361.60
Total	--	$13,171.55

In addition to this I understand that the C.N.R. are retaining 10% until the timber dues have been paid. The

total revenue, therefore, to date received and withheld is $14,488.15.

Acct. Before approving of any further expenditures from Vote 75 on account of this project, the Minister desires to be furnished with a report when the remainder of the ties on hand have been disposed of in order that he may be advised as to the final outcome of these operations.

I shall be pleased, therefore, if you will advise me by return mail what amount of revenue is still due from the C.N.R. and when it is expected this will be paid to the Department. If there is no other source of immediate revenue, what is the estimated value of the products on hand which it will be possible to dispose of at some future date.

Please give this your immediate attention as several of the persons to whom monies are still owing are continually writing to the Department for payment of their accounts.

Yours truly,

T. R. L. MacInnes,
Secretary.

RETURN FILE TO

Ottawa, January 24th, 1930.

Dear Mr. Bennett,-

Referring to your letter of January 18th, regarding an account for $800.00 due to R.P. Mills by the Indian Affairs Branch for provisions supplied in lieu of wages in connection with the tie cutting operations at McIntyre Bay, I wish to advise you that these operations are being closed out and steps are being taken to make available sufficient funds to meet the outstanding accounts from the revenue from this project. It is expected that all the returns will be in shortly when sufficient funds will be forwarded to Indian Agent Bank to pay the accounts which are still outstanding.

Yours very truly,

G.P.

Port Arthur, Ont.

Dear Mr. Burk,-

Following our conversation yesterday in my office in regard to the price settelement for the ties as covered by the 1936-37 contract, and which was extended and delivery made this year.

Your request for settlement on the higher price basis has been carefully considered, and while you intimated the ties were produced by mill operation, we understand, hosever, that - as in the case of settlers - the Indians do not have any Crown dues to remit, as has a contractor cutting on Crown lands, and he not only has Stumpage Dues to remit, but also tax for Compensation.

In view, there fore, of these conditions, it has been considered that the price settlement already made is fair and reasonable.

Yours very truly,

Sgd. (W. E. Evans)
General Tie and Timber Agent.

Dear Mr. Evans:

Your letter of the 8th instant received on my return to Port Arthur.

In reply, I note you are under the impression the Indians come under the same ruling as settlers and for this reason you are unable to pay them a higher rate on our ties delivered this season.

For your information, I may say we are not cuttin on the Indian reservation, but are cuttin on a limit in Innes Township and we are obliged to pay the same crown dues, stumpage, compensation and fire protection as any other white contractor. The stumpage was $10.00 per thousand but was reduced this summer to $6.60, as it was impossible to operate at $10.00 per M. Under the existing circumstances, I hope you will be able to forward a check before the end of the month.

Trusting you have a Merry Xmas and a Happy New Year, I am,

Yours very truly,

J. G. Burk, Indian Agent.

January 28, 1939.

Sir:

I beg to acknowledge receipt of your letter of January 24th, file 30009-9, in connection with the tie project at McIntyre Bay Reserve, Lake Nipigon, Ont.

In reply, I beg to attach herewith, a statement, showing the number of graded ties delivered in cars at Orient Bay Spur, Lake Nipigon. As you will note we were paid for these ties, at 1936-7 prices, as quoted on our original contract, but owing to the lateness of the season, we were unable to start cutting that year. In a verbal conversation at the C.N.Rly's tie department, in Montreal, it was agreed that we would receive 1937-8 tie prices.

As you will also note, by copies of correspondence with the C.N.R. attached herewith, they were under the impression that we were cutting on the reserve under settler's tie rates, and consequently were paid on that basis. They evidently did not realize that we had a sawmill at this point, and were cutting off the reserve.

If we had been paid at 1937-8 prices instead of 1936-7 prices, which we had anticipated, there would be an additional revenue still owing from the C.N.R. amounting to $861.45, including dues.

With reference to additional revenue still to be derived from this project, I beg to advise that negotiations are pending with Mr. D. A. Clark to take over the entire project and after Mr. Clark's scaler has carefully gone into the, the whole proposition, which is

extremely hard to estimate the exact amount of revenue that canbe derived from materials on hand. Mr. Clark is sending his scaler in to McIntyre Bay during the next two or three days, and I will be pleased to forward the results of his investigation at a later date.

In the meantime, I trust the department will forward a check by return mail in order that the creditors can be paid.

Your obedient servant,

J. G. Burk,

RECORDS

Sir:

I beg to enclose herewith, letters received from creditors in connection with the Fort William canoe project and also the McIntyre Bay tie project. All of the claimants have threatened to take action, if their various accounts are not settled in the very near future.

I am at a loss to understand why these accounts have not been settled as a resolution was forwarded the Department on April 23rd, 1938 in connection with a further expenditure of $3,000.00 for the Fort William Canoe Factory. Full remuneration has been received from the Can. National Rly's tie Department and forwarded our Department under the following remittances:

Oct.	15/38	Rem. No.	10	$1,311.50
"	31	" "	11	3,275.95
Nov.	25	" "	12	8,022.50
Nov.	30	" "	13	561.60 (H.E.P.C.)

13171.55

In conclusion, I may say, it has been very hard to explain, why these accounts have not been settled.

Your obedient servant,

J. G. Burk, Indian Agent.

Memorandum:

THE DEPUTY MINISTER

I wish to refer to Mr. Jackson's memorandum of November 25th, 1938, in which he requested to be advised when the remainder of the ties on hand in connection with the McIntyre tie cutting operation had been disposed of.

In reply, I would say that the total number of ties cut was 31,348. Of these, the following have been sold and paid for:

C.N.R.	29,120	$14,011.00
H.E.P.C.	1,404	561.60

The revenue from these sales has been received with the exception of $1,401.05 held back by the C.N.R. until the timber dues are paid to the Province of Ontario.

In addition to this, logs to the value of $620.23 have been sold to the Northern Wood Preservers Limited, for which payment has not yet been received.

According to statements produced by Indian Agent Burk, there are still on hand 824 ties valued at $370.80, and additional products valued at $5,185.25. Mr. Burk reports that he is negotiating with Mr. D. A. Clark to take over all the remaining materials as soon as Mr. Clark's scaler can place a valuation on them.

Ottawa, February 10th, 1939.

MEMORANDUM:

Dr. H.W. McGill,
Dir. of Indian Affairs Branch.

I have your memorandum of the 4th instant, file No. 30009-9, in reference to the McIntyre tie cutting operations in the Port Arthur Agency. Your attention is drawn to the fact that Agent Burk, in his statement which accompanied your memorandum of the 22nd November last, estimated that the revenue from the sale of ties to the Canadian National Railways would amount to $16,977.90, whereas it would appear the actual amount received including the holdback will only amount to $15,412.05. Again he estimated that $800 would be received from the sale of ties to the Hydro, whereas only $561.60 was received.

As you know, the Minister was interested in these operations and it is requested, therefore, that when a final disposition is made of the other assets, a statement be furnished showing whether the operations resulted in a loss or a profit.

C.W. Jackson,
Chief Executive Assistant.

NOV 8 1938
DEPUTY MINISTER

Ottawa, November 8th, 1938.

MEMORANDUM:

The Deputy Minister.

The Indians of McIntyre Bay Band, Port Arthur Agency, were employed during the winter 1937-38 cutting railway ties on a timber limit secured from the Province of Ontario.

For the purpose of conducting these operations the Honourable the Minister approved of a memorandum dated 4th October, 1937, requesting that $5,000.00 be made available from the funds of the Band, a further sum of $500.00 was advanced from Band Funds and $8,980.50 from appropriation.

The following is a summary of the operations to date:-

Expenditures.

Advance from Band Funds	.....	$ 5,500.00
Vote	.....	$ 8,980.50
Accounts outstanding	.....	$ 9,772.94
		$24,253.44

Revenue.

Sale of Products	.....	$18,558.13
Products on hand	Estimated....	5,535.23
Inventory of Equipment	.....	703.00
Refunded to Department	.....	158.44
Cash on hand	.....	205.85
		$25,060.65

Indian Affairs. (RG 10, Volume 7805, File 30009-9 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

The amount required to meet outstanding accounts of $9,772.94 less $205.85 in the hands of the Indian Agent is $9,567.09.

Some of the revenue has been received and the remainder will be paid in the near future as delivery of the ties has been made.

I would recommend that the authority of the Honourable the Minister be obtained to pay all outstanding accounts from the revenue as it is received in order to close out the operation.

approved

March 1st, 1939.

Dear Sir:

I wish to advise you that the Honourable the Minister has approved of the expenditure of sufficient funds from the McIntyre Bay Trust Account to meet the outstanding accounts in connection with the tie cutting project. The following accounts have been paid by the department:

Province of Ontario	$5,098.50
" " "	49.91
Mrs. G. Cresse	109.90 ✓
Tourtelot Hardware	20.21 ✓
($10.21 of this is for the tie project and $10.00 for fish boxes)	
Tourtelot Hardware	51.45 ✓
Wells & Emmerson	81.94 ✓
R. P. Mills	2.25 ✓
Imperial Oil Limited	486.34 ✓
" " "	76.60 ✓
	$5,977.10

We have on hand a voucher in favour of the Abitibi Power and Paper Company, Limited, for $90.00 for work performed on this project, but it is noted that this company apparently owe us $300.00 for a pointer and a canoe which you sold to them in connection with the Fort William Canoe and Snow Shoe Factory. This account is, therefore, being held pending the payment of the amount owing the department.

The department also has record of an account of $175.75 owing to the Canadian Pacific Railway for transportation of horses belonging to the late D. Laidlaw, an account of $160.80 owing to the Imperial Oil Company, Limited, and an account of $5,787.13 owing to the Northern Wood Preservers, Limited, for which no vouchers have been received from you. Funds are now available to meet any further accounts you have in your office, and I shall be pleased if you will outline these, giving the amounts and stating the total advance you will require to meet them. Kindly give this your immediate attention, in order that all outstanding indebtedness in connection with this project may be cleared up as soon as possible.

Yours truly,

George Patrick,
Chief, Trusts & Annuities Division.

Port Arthur, Ont., Feb. 28, 1939.

Memo/ Re December Diary.

An appointment was made with Mr. G.F. Clarkson, Receiver and Manager for the Abitibi Power and Paper Co. and also Mr. Height, General Manager of the Great Lakes Paper Co., Ltd., by wire on November 30th, 1938, regarding the possibility of securing continuous cutting rights on their limits on Lake Nipigon, for the McIntyre Bay and Gull Bay reservations. Both Mr. Clarkson and Mr. Height were interviewed on December 1st and were both agreeable that contracts be given to the McIntyre Band and Gull Bay Band of Indians to create continuous work for them.

Mr. Clarkson advised me to call on Mr. Davidson, their woods superintendent, which I did, and he reported that an area would be mapped out by Mr. A. J. Auden, Woods Superintendent at Port Arthur, for the Abitibi Company for an area of timber land adjacent to the Gull Bay reserve.

Mr. Height dictated a letter to his General Manager at the Great Lakes Paper Co. at Fort William advising that he was willing to co-operate and informed him that the McIntyre Bay Indians were to receive a continuous wood contract, when their Company started to operate on Lake Nipigon. At the present time the Gr. Lakes Paper Co. are securing their pulpwood on the Black Sturgeon some forty miles west of Lake Nipigon.

Mr. Clarkson, of the Abitibi informed me that he would write to Mr. W.C. Cain, Deputy Minister of the Dept, of Lands and Forests, that their Company would be willing to allow the Gull Bay Indians to cut tie timber on their limits, if the Ontario Government would consent.

An appointment was made also with Mr. Fraser assistant Deputy Minister of Lands and Forests, of the Ontario Government who advised that he was very much in favor of allowing the Indians to cut tie timber which would be cut by the Indians and the tie contract transferred to Mr. D.A. Clark, of this city.

Mr. Height of the Great Lakes Company advising that tie timber was included in their limits and they were quite willing to allow the McIntyre Bay Indians to cut tie timber next fall, if a contract was secured by Mr. Clark.

A meeting was held in Dr. H.W. McGill's office attended by Mr. M. Christianson, Mr. D.A. Calrk, and myself, in connection with the transfer of timber contracts to Mr. Clark, which was approved by the Department.

The Secretary,
Indian Affairs Branch,
Dept. of Mines & Resources,
Ottawa, Ont.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

On Dec. 7th Mr. Clark and myself interviewed Mr. W.E. Evans, C.N. Rly. tie inspector at Montreal regarding the cutting by the McIntyre Bay and Gull Bay Indians and also future contracts for these bands.

During the month Mr. Clark and myself called on Mr. A. J. Auden of the Abitibi Power and Paper Co. here, and also Mr. B.F. Avery of the Great Lakes Paper Co. at Fort William regarding timber contracts for the Indians on Lake Nipigon, which were very satisfactory.

During the month several trips were made to the Department of Highways at Fort William where considerable snowshoes were sold. Also Mr. Paterson was interviewed regarding the possibility of securing work for the older members of the Fort William band tramping down some of the Ski Trails for the Dominion Ski meet which is to be held during the latter part of February.

Mr. Smith of the Department of Highways was also interviewed regarding the plowing of the Squaw Bay road, Fort William reserve.

Arrangements were made with several members of the Fort William band to transfer pulpwood cutters to Gull Bay reserve after the herring fishing was over.

Your obedient servant,

J.G. Burk.

Indian Agent.

March 11, 1939.

Attention - Chief Trusts and Annuities Div.

Sir:

Referring to previous correspondence and also your letter of March 1st, file 3,0009-9, regarding an outstanding account of the Northern Wood Preservers, Ltd., I may say that a statement and account has been received from this company which appears to be incorrect. For example, they have charged us $200.00 damages for a canoe and outboard motor which apparently ran into our boom on Lake Nipigon, causing damages amounting to $354.65. The Northern Wood Preservers, Ltd. settled for $200.00 before investigating the case. I have, however, since investigated this case and find that the owner of the canoe and a woman companion were both under the influence of liquor. The person who was operating the canoe at the time informs me that neither the canoe nor engine were damaged.

On further investigation we find that all the charges made on the Northern Wood Preservers' account appear to be incorrect, consequently I am going into the matter further before making settlement.

Your obedient servant,

J. G. Burk, Indian Agent.

The Secretary,
Indian Affairs Branch,

Attention-Chief, Trusts & Annuities Div.

Sir,

I beg to acknowledge receipt of your letter of the 1st instant, file 300009-9, and note that funds are now available to meet outstanding accounts etc. in connection with the tie operations on McIntyre Bay reserve.

In reply, and referring to your second paragraph I may say that I have been informed by the Abitibi Power & Paper Co. that a check will be mailed in the near future in connection with an outstanding account which they owe us for a pointer and a canoe supplied their firm.

Referring to your last paragraph regarding various outstanding accounts, one for $175.75 owing to the C.P.Rly. Co. covering transportation of horses by the late Mr. D. Laidlaw, I may say that this account is in connection with the Laidlaw estate and I have just recently got in touch with a firm of lawyers in Fort William, who represent the estate and it is hoped that settlement will be made in the very near future.

Referring to the account mentioned in your letter of $3,787.13 owing to the Northern Wood Preservers, Ltd. I am enclosing herewith, a separate letter in this connection.

In conclusion, I would be pleased if the Department would forward a check fo $700.00 in order that some of the outstanding items for labour etc. may be paid.

Your obedient servant,

J. G. Burk, Indian Agent.

To Mr. R. D. Prettie- Ottawa. From Mr. W. E. Plunkett.

Subject _____

When you are in Ottawa, it might be an opportune time to call on the Department of Indian Affairs to ascertain what is delaying the payment of our account covering the Orient Bay operation of last fall.

The balance owing us at November 1st, amounted to $3,679.42. As no payments have been received since the account was opened in August of last year, interest of $89.39 was added at the end of February, making the total outstanding $3,768.81.

Anything you may do to speed up the payment, will be appreciated.

W. E. Plunkett.

Sir:

I wish to acknowledge receipt of your letter of the 5th instant, file No. 30009-9 regarding my letter of March 11th in connection with the McIntyre Bay tie project.

In reply, as stated in previous letters the statement submitted to this office by the Northern Wood Preservers, Ltd. was incorrect. I found when checking the account that a charge of $200.00 covering damage to a canoe by our boat the M. S. Keego when towing ties on Lake Nipigon was incorrect and also various other items. A statement is being prepared which will be presented to the Norhhern Wood Preservers Ltd. for final adjustment before forwarding their account to the Department.

Your obedient servant,

J. G. Burk, Indian Agent.

Dear Sir:

Re: Your file No. 260.

I wish to refer you to your letter of January 28th, and request that, if you are now in a position to supply the Department with a report as to what disposition is to be made of the supplies on hand in connection with the McIntyre Bay tie cutting operation, in order that a statement of the complete results of this operation may be prepared for the Minister's information.

I shall also be pleased to be advised if you have received a remittance from the Abitibi Power and Paper Company for the canoe and pointer sold to them, as the Department is withholding payment of your Voucher No. 73-18 in their favour, for $90.00, until this revenue has been received.

Yours truly,

George Patrick,
Chief, Trusts & Annuities Division.

Dear Sirs:

With reference to your telegram of to-day's date, I wish to advise you that your account is still with Mr. Burk, Indian Agent, Port Arthur, and cannot be paid until it is forwarded to the Department by him.

Mr. Burk advises that he is disputing certain items in the account, and that he has endeavoured to get in touch with you in order to adjust these, but so far has been unsuccessful. Mr. Burk is in Ottawa at present, and states that he will call on you on his return to Port Arthur, and take up the matter of your account.

Yours truly,

George Patrick,
Chief, Trusts & Annuities Division.

Dear Sirs:

We wish to acknowledge your letter of April 19th, but wish to point out that we cannot quite understand why there should be any items in our account which are still disputed by Mr. Burk, as we came to complete agreement on the matter on February 9th, with the understanding that Mr. Burk was immediately approving the account for payment.

However, the account has been outstanding for over six months now, and we cannot see any reason for holding up payment of at least the major portion of it, and inasmuch as we have been seriously inconvenienced perhaps you will make arrangements to mail a cheque for at least $3,000.00 on account, until such time as we can come to another settlement with Mr. Burk.

Yours very truly,

Attention - Supt. of Welfare & Training

Sir:

Referring to previous correspondence, in connection with outstanding accounts in favor of the Northern Wood Preserves, Ltd. under your file 30009-9, I beg to report there is still a number of the accounts still in dispute and which have not been settled up to the present time. I expect to have a final settlement in the near future but would appreciate, if, in the meantime the enclosed vouchers could be passed for payment and a check forwarded to this company.

Your obedient servant,

J. G. Burk,

Dear Sirs:

Attention: Mr. T. R. MacInnes

Replying to your letter of May 2nd, we wish to advise that we have been in touch with Mr. J. G. Burk in connection with our account.

Owing, however, to the necessity of preparing for the Royal visit, Mr. Burk will be unable to go into the matter for several days.

He has intimated that he has already authorized payment of certain items on our account amounting to approximately $2,100.00, for which he expected we would be receiving a cheque.

It would be very much appreciated, therefore, if you would mail us a cheque for at least $2,000.00 immediately; payment of the balance of our account can then be delayed until Mr. Burk is free to go into the disputed items.

Yours very truly,

NORTHERN WOOD PRESERVERS LIMITED,

T. M. Scarffe.

Dr. H. W. McGill,
Department of Indian Affairs,
OTTAWA, Canada.

Dear Dr. McGill:

Yesterday our Mr. Scarffe wrote your Mr. MacInnes in connection with an account which has been outstanding for a long time. It seems that Mr. Burk disputes part of the account but has O.K.'d up to the sum of $2,100.00. Mr. Burk has been very busy in connection with the King's visit and has arranged a very nice Indian encampment on the banks of the McIntyre River. He is, as you know, intensely interested in these things and, therefore, it is very hard for us to get ahold of him so as to straighten out the balance of our account.

We are a young Company, as you know, and the collection of these small accounts means a lot to us. We will appreciate very much indeed if you could see that a cheque on account is forwarded immediately. It would help us a whole lot.

Port Arthur and Fort William have both put up a very wonderful display of decorations for the visit of the King and Queen and everybody is looking forward to seeing them. Of course, we have a tremendous influx of American tourists and this latter is all to the good, as it not only helps business locally, but it also has a wonderful international effect. I see by the New York papers that the visit of the King and Queen to this side of the Atlantic has already had the effect of allaying the business "jitters" which have been so noticeable in the States in recent months.

With many kind regards,

Yours sincerely,

Ralph D. Prettie.

Attention - Supt. of Reserves and Trusts

Sir:

In connection with the settlement of the Laidlaw Estate and the McIntyre Bay tie contract, I beg to report I have just received a letter from Mrs. Laidlaw's solicitors who advise that the statement mailed them from this office meets with their approval. Consequently, I would be pleased if the Department would forward an advance check for $1,947.82 to this office in order that we may settle the indebtedness in this connection.

Your obedient servant,

J. G. Burk, Indian Agent.

Port Arthur, Ont.,
August 19, 1939.

Sir:

With further reference to my letter and memorandum of August 9th, regarding a proposal to create work for the McIntyre Bay band of Indians, I beg to report that Mr. McDevitt informed me he interviewed the manager of the Sand River and Leitch Gold Mines, situated near Lake Nipigon and that he informed him that he only had a limited amount of timber at their disposal and would welcome another source of supply. Their requirements are approximately ninety thousand feet, board measure, per month of sawn timber, in addition to a considerable amount of round timber. This quantity would be secured from the McIntyre Bay reserve and also the Gull Bay reserve.

The mines are prepared to give a continuous contract, provided they can be assured of yearly delivery, and would provide continuous work for both the Gull Bay and McIntyre Bay reserves.

The lumber would be delivered rough sawn as follows:

Approx. requirement Sand River Mine, 40,000 ft. f.b.m. 3 x 8, 3 x 6, 3 x 4 inch, assorted lengths.

Leitch Mine, 50,000 ft. f.b.m., 3 x 8, 3 x 6, 3 x 4 inch, assorted lengths.

They prefer poplar lumber, but will take Jack pine etc. at a price of $20.00 f.o.b. mine.

On a recent visit to the McIntyre Bay reserve, I visited the Sand River and Leitch Mines and found the above statement to be correct.

Mr. F. J. Dawson, acting District Forester of this District, informed me he was not in favor of extending any further cutting permits to the mines as they can secure their requirements from the McIntyre Bay and Gull Bay limits and reserves.

Mr. McDevitt has assured me he is prepared to get sufficient funds through the Dominion Bank at Fort William to carry out this operation. This statement has also been confirmed by the manager of the bank.

I have the honour to be, sir,

Your obedient servant,

J. G. Burk, Indian Agent.

Sir:

Referring to your wire of August 12th, which read as follows:

"Operation as detailed in your letter not "approved stop if you can devote attention to a salvage "operation making fish boxes or ties out of timber already "cut would advance necessary money to put mill in "operating condition.

I beg to report that it will require approximately $1,000.00 to salvage the fish box lumber and deliver 2,500 No. 3 ties to the Ont. Hydro Electric Power Commission in cars at Orient Bay.

I would be pleased, therefore, to receive an advance check of $500.00 in order to carry out these operations.

It will require an additional $300.00 to put the mill into operating condition and I would be pleased to receive the necessary authorization to purchase supplies etc.

I have the honour to be, sir,

Your obedient servant,

J. G. Burk

O/S $175.75 - Re Laidlaw Estate:

Dear Sir:

Please refer to your file 30009-9 inconnection with the above outstanding for a shipment of Horses from this station to Wolseley, Sask, and charged to Mr. G.Burk, Indian Agent, Port Arthur. Ont.

This item has been referred to Messers, Kennedy & Hord, Barristers, Wolseley, Sask., for the Laidlaw Estate, and I am in receipt of information to the effect settlement is to be made by Mr. Burk as soon as funds are made available by Order-in-Council.

As this account is now well over a year old, anything you can do to assist in prompt settlement will be greatly appreciated.

Trusting you will gave same your prompt attention and oblige.

Yours truly.

August 25th, 1939.

Sir:-

Ref. Your file No. 260.

I have your letter of July 29th, in which you request that you be supplied with an advance of $1,947.82 for the purpose of settling the Laidlaw Estate claim against the McIntyre Bay project. Before this amount is sent to you, you are requested to supply the details of the account.

I have before me a statement issued from your office to Mr. Christianson, approximately a year ago, giving a statement of outstanding accounts for materials and labour on the McIntyre Bay project. The accounts outlined in this statement have all been paid with the exception of $90.00 owing to the Abitibi Power and Paper Co., Ltd., and $387.37 owing to the Laidlaw Estate for meals and team rental. The amounts outstanding for labour have also been paid excepting -- J. Belanger - $143.00 -- A. Donio - $2.25 -- Joe Hardy $114.85. In addition to the payments already stated, you have paid the following for wages which do not appear in this statement:-

G. Creese	- $35.10
F. Fraser	- 55.10
C. Neelin	- 93.60
Sam Pervis	- 22.75
Morris Pellitier	- 21.00
L. Bell	- 26.00

The only other accounts known by the Department to be outstanding in connection with these operations are an account from the C.P.R. for the transportation of horses belonging to the late D. Laidlaw and the balance owing to the Northern Wood Preservers.

From this it will be seen that the statement you supplied to Mr. Christianson was not a complete statement of the amounts outstanding.

D. LAIDLAW ESTATE

Memo - Re Outstanding Accounts etc.

R.P. [redacted]s - $114.50 - This amount covers labor performed by the Indians of the McIntyre Bay reserve for the week ending Apr. 2/38. Acheck was issued by this office in favor of the late Mr. D. Laidlaw for $216.40, which covered this payroll and also the late Mr. D. Laidlaw's payroll for that week, which amounted to $101.90..The arrangement with him was that, as he was returning to MacDiarmid, Ont. the next day he would pay over to Mr. R. P. Mills, the amount of the Indian payroll($114.50) in lieu of provisions supplied the Indians, by Mr. Mills. On the late Mr. Laidlaw's return to MacDiarmid, he gave Mr. Mills a check for $114.50. Before Mr. Mills had time to come to Port Arthur and cash the check, Mr. Laidlaw's death had occurred and as the check then became invalid, he turned it over to this office. This check was taken by a member of the Laidlaw family sometime later, and according to a statement received from Mr. Mills, this amount is still outstanding.

R. P. Mills - $122.62 - This amount covers an account rendered by Mr. R. P. Mills on Apr. 30/38 for supplies furnished the late Mr. D. Laidlaw in connection with the operation of the cookery and which is still outstanding.

Can. Pacific Rly. Co. - $175.75 - On Apr. 2/38 the late Mr. D. Laidlaw shipped two team of horses to a Mr. Howard Mitchell at Wolseley, Sask. The railway Company granted this credit to him with the arrangement that he would settle as soon as settlement was made to him by our Department for team rental. This account is still outstanding.

Indian Affairs Branch- The Department paid for supplies for the cookery which was to be refunded at the time of final settlement. These amounts were paid to Mr. R. P. Mills and are as follows:

Invoice	Nov. 17/37	$ 78.56	
"	" 18/37	552.41	
"	Feb. 14/38	118.76	$ 749.73

The Department also paid the cook's wages, Mrs. G. Creese, for the whole period she was employed, Nov. 6/37 to Apr. 9/38, amounting in all to $258.38. Of this, $223.28 was paid to the late Mr. D. Laidlaw and the balance of $35.10 was paid direct to Mrs. G. Creese. The full amount is to be refunded to the Department.

J. G. Burk, Esq.- On Dec. 10th, 1938, a cash loan was made by Mr. Burk for the amount of $10.00, to the son of the late Mr. Laidlaw, Mr. Harold Laidlaw. The understanding being that settlement would be made with Mr. Burk at the time of final settlement, of the estate.

Payroll ending Apr. 2/38 - As mentioned above under R.P.Mills memo, the amount of the late Mr. D. Laidlaw's payroll for this week was $101.90. The persons employed by Mr. Laidlaw during this week and whose names appeared on the payroll were as follows: G.Creese $11.70, D.E.Laidlaw $5.25, F. Sikes $17.40, C. Neelin $11.70, Joe Escuaga$1.80, Sam Purvis $8.75 Morris Pelletier $10.50, F. Fraser $17.40, D. Laidlaw $17.40-So far as can be ascertained by this office, the only person who received his share of this payroll up to the time of Mr. Laidlaw's death was Mr. Fred Fraser. In view of this the balance of this payroll is still outstanding and owing to all of the above named persons.

D. LAIDLAW ESTATE

Memo - Re Outstanding Accounts etc.

R.F. [redacted]s - $114.50 - This amount covers labor performed by the Indians of the McIntyre Bay reserve for the week ending Apr. 2/38. Acheck was issued by this office in favor of the late Mr. D. Laidlaw for $216.40, which covered this payroll and also the late Mr. D. Laidlaw's payroll for that week, which amounted to $101.90..The arrangement with him was that, as he was returning to MacDiarmid, Ont. the next day he would pay over to Mr. R. P. Mills, the amount of the Indian payroll($114.50) in lieu of provisions supplied the Indians, by Mr. Mills. On the late Mr. Laidlaw's return to MacDiarmid, he gave Mr. Mills a check for $114.50. Before Mr. Mills had time to come to Port Arthur and cash the check, Mr. Laidlaw's death had occurred and as the check then became invalid, he turned it over to this office. This check was taken by a member of the Laidlaw family sometime later, and according to a statement received from Mr. Mills, this amount is still outstanding.

R. P. Mills - $122.62 - This amount covers an account rendered by Mr. R. P. Mills on Apr. 30/38 for supplies furnished the late Mr. D. Laidlaw in connection with the operation of the cookery and which is still outstanding.

Can. Pacific Rly. Co. - $175.75 - On Apr. 2/38 the late Mr. D. Laidlaw shipped two team of horses to a Mr. Howard Mitchell at Wolseley, Sask. The railway Company granted this credit to him with the arrangement that he would settle as soon as settlement was made to him by our Department for team rental. This account is still outstanding.

Indian Affairs Branch- The Department paid for supplies for the cookery which was to be refunded at the time of final settlement. These amounts were paid to Mr. R. P. Mills and are as follows:

Invoice Nov. 17/37	- $	78.56	
" " 18/37		552.41	
" Feb. 14/38		118.76	$ 749.73

The Department also paid the cook's wages, Mrs. G. Creese, for the whole period she was employed, Nov. 6/37 to Apr. 9/38, amounting in all to $258.38. Of this, $223.28 was paid to the late Mr. D. Laidlaw and the balance of $35.10 was paid direct to Mrs. G. Creese. The full amount is to be refunded to the Department.

J. G. Burk, Esq.- On Dec. 10th, 1938, a cash loan was made by Mr. Burk for the amount of $10.00, to the son of the late Mr. Laidlaw, Mr. Harold Laidlaw. The understanding being that settlement would be made with Mr. Burk at the time of final settlement, of the estate.

Payroll ending Apr. 2/38 - As mentioned above under R.P.Mills memo, the amount of the late Mr. D. Laidlaw's payroll for this week was $101.90. The persons employed by Mr. Laidlaw during this week and whose names appeared on the payroll were as follows: G.Creese $11.70, D.E.Laidlaw $5.25, F. Sikes $17.40, C. Neelin $11.70, Joe Escuaga$1.80, Sam Purvis $8.75 Morris Pelletier $10.50, F. Fraser $17.40, D. Laidlaw $17.40-So far as can be ascertained by this office, the only person who received his share of this payroll up to the time of Mr. Laidlaw's death was Mr. Fred Fraser. In view of this the balance of this payroll is still outstanding and owing to all of the above named persons.

Attention - Supt. of Reserves & Trusts

Sir:

I beg to acknowledge receipt of your letter of August 25th, file 30009-9 in connection with our request for the sum of $1,947.82, for the purpose of settling the Laidlaw Estate claim against the McIntyre Bay project.

With reference to your first paragraph regarding payments to J. Belanger for $143.00, A. Donio for $2.25 and J. Hardy for $114.85, I beg to report that these accounts were paid direct from Ottawa and are not still outstanding as you state in your letter. no evidence in Dept that these have been paid

Donio

Medical
Vote

The payments to G. Creese, F. Fraser et al, which you state were not contained in our statement, were paid previous to the preparation of the statement for Mr. M. Christianson and are included in the amounts for advances and accounts paid, but were not outstanding at that time and therefore were not shown as such.

I am enclosing herewith, a copy of the statement with attached memorandum, which was forwarded to the executors of the Laidlaw Estate, and which outlines our indebtedness in this connection.

I am also attaching herewith, a copy of the statement given to Mr. M. Christianson during his visit to this office last fall.

I trust that the advance will be forwarded in the near future in order that settlement of this long outstanding account may be made without further delay.

Your obedient servant,

J. G. Burk, Indian Agent.

EX'D. A.

30009-9

October 11th, 1939.

Dear Sir:

Re: Your file No. 260.

I have your letter of August 30th, enclosing a statement of the D. Laidlaw Estate, and requesting a cheque for $1,947.82 to settle this account.

From a study of this statement, it appears that the Department owes Laidlaw

Team rental ----	$ 312.00
Meals ----------	1,635.82
Wages ----------	52.20
Total -----	$2,000.02

Against this, Laidlaw appears to owe the Department $1,008.11, which leaves a balance owing to Laidlaw by the Department of $991.91. The amounts owing to R. P. Mills - $237.12; Canadian Pacific Railway - $175.75; J. G. Burk - $10.00; and pay-roll - $67.10, would not appear to be any concern of the Department, unless we have assumed some liability; in which case, if we undertake payment of these latter accounts, the amount owing Laidlaw would be $501.94, as shown on your statement. This is assuming that you also have to pay the item of $52.20 for wages, which is not included in your request for $1,947.82. If this is not to be paid, the balance owing to Laidlaw will be $449.74.

It is ....

J. G. Burk, Esq.,
Indian Agent,
Port Arthur, Ontario.

FAM

Indian Affairs. (RG 10, Volume 7805, File 30009-9 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

It is not understood why you issued a cheque for $216.40 to Mr. Laidlaw, which included $114.50 owing to Indians by the Department for labour, and which was in turn owed to R. P. Mills by the Indians. The proper course would have been to give Mr. Laidlaw your cheque for $114.50 in favour of R. P. Mills for delivery to him, instead of confusing this amount with the pay-roll of $101.90 owing to Laidlaw himself. As it is, Laidlaw appears to have drawn $114.50 belonging to the Indians in addition to $101.90 earned by himself, and the Indians still owe R. P. Mills.

Before any advance is made to you for the settlement of this account, you will please submit to the Department for examination all outstanding accounts, including labour returns or pay-rolls, owing to the Laidlaw Estate, in order that they may be checked. The only account the Department appears to have on file is that of the Canadian Pacific Railway Company for $175.75.

Please give this your immediate attention and forward the information requested by return mail.

Yours very truly,

T. R. L. MacInnes,
Secretary.

EX'D

Dear Sir:

I have your letter of August 19th, requesting that $1,000.00 to salvage logs cut last year on the Innes Township timber limit, and $300.00 to re-condition the McIntyre Bay sawmill, be made available from McIntyre Bay Band Funds. This is a continuation of last year's McIntyre Bay operations with a view to realizing on the item placed in your financial statement of this project under the heading - "Additional products on hand - $5,185.23".

From the information on file, there still appears to be outstanding on this project an amount owing to -

1. Northern Wood Preservers
2. Laidlaw Estate
3. Abitibi Power and Paper Company, Limited

and until these accounts and any others still outstanding have been presented for payment and finally settled so that a complete statement of revenue and expenditure can be compiled, it is not considered advisable to advance any further funds for this project.

Furthermore, before the Minister is asked to approve of any further advances, you will require to submit -

J. G. Burk, Esq.,
Indian Agent,
Port Arthur, Ontario.

1. An accurate estimate of the cost of salvaging the materials in question.

2. A detailed statement of the repairs required to the sawmill and their cost.

3. A statement of dues payable on the timber involved, if these have not already been paid.

4. Permission from the Great Lakes Paper Company Limited to dispose of jack-pine, which they hold under license from the Ontario Government, if this is not already included in the previous permission.

Please understand that the Department will not undertake any further operations in connection with this project until the accounts incurred in the previous operations have been settled.

Yours truly,

Director of Indian Affairs.

October 27th, 1939.

Dear Sir:

Re: Your file No. 260.

With reference to your letter of August 30th regarding the settlement of the claim of the Laidlaw Estate against the Department, I wish to advise you that I am enclosing four copies of a release, to be signed by the executors of the Laidlaw Estate or their solicitors on their behalf. Attached to this release is a statement of the account.

It is proposed that the Department will pay to the Laidlaw Estate $461.44, and will also undertake the payment of the account of the Canadian Pacific Railway - $175.75; R. P. Mills - $237.12; J. G. Burk - $10.00; and a payment of $67.10, being the balance owing on the pay-roll for the week ending April 2nd.

I am returning to you a statement of meals supplied to Indians by the Laidlaw cook house. You are requested to obtain a similar statement for the amount of $877.80, covering 2508 meals for the period from December 20th, 1937, to December 27th, 1938, and return all five statements to the Department to support the voucher in settlement of the claim.

I am also enclosing the account of the Canadian Pacific Railway in triplicate. A voucher for this should also be forwarded to the Department, in addition to a voucher in favour of R. P. Mills for $114.30 and $122.62, one in favour of J. G. Burk for $10.00, and one in favour of the Laidlaw Estate for $461.44, to which should be attached the statement of account and signed release.

When these various documents have been received, cheques will be drawn for the amounts owing and an advance of $67.10 will be sent to you to pay the remainder of the wages for the week ending April 2nd. This will complete your pay-roll for that week, which totals $101.90, for which a credit voucher will then be required.

Yours truly,

George Patrick,
Chief, Trusts & Annuities Division.

J. G. Burk, Esq.,
Indian Agent,

Dear Sir:

Re: Your file No. 260.

With reference to your letter of August 19th, I wish to advise you that a cheque for $500.00, from McIntyre Bay Band Funds, is being forwarded to you to pay for wages in connection with salvaging some of the materials left after the tie-cutting operations on the Innes Township timber lease.

This advance should be accounted for promptly by forwarding credit vouchers as soon as the work has been completed.

The revenue derived from the sale of the salvaged materials should also be forwarded to the Department as soon as it has been received, for deposit to Trust Account No. 73.

Yours truly,

George Patrick,
Chief, Trusts & Annuities Division.

Attention-Chief, Trusts & Annuities Division

Sir:

With reference to your letter of October 27th, file No. 30009-9, with enclosed release and statement in connection with the Laidlaw Estate, I have to return same herewith.

The amount owing by the Estate for wages paid by us to Mrs. G. Creese amounts to $258.38 and not $246.68 as shown in your statement. This amount was shown on the statement to the Department and it is not understood why the amount was changed. However, it has been noted that the wages for the week ending April 2nd, 1938, amounting to $11.70 has been omitted, and which is the amount of the difference. Although this amount is being deducted from the Estate, so that payment may be made to Mrs. Creese, as the cookery was operated by the late Mr. Laidlaw during the period from Nov. 6/37 to April 9/38, and the cook's wages were paid by us, until final settlement was made, the full amount of $258.38 is refundable by the Estate.

Your obedient servant,

J. G. Burk, Indian Agent.

Dear Sir:

EX'D.
A.

Re: Your file No. 260.

I have your letter of November 10th, with which you returned the release agreement in connection with the settlement of the Laidlaw Estate claim against the Department.

As you state in your letter, $11.70, representing wages for the week ending April 2nd, has been deducted from the amount owing by Laidlaw, for wages paid Mrs. Creese; but you will note that this amount is included in the deduction made for wages for the week ending April 2nd, 1938. The reason that the wages for this week are not included in the amount paid, but are being included in the amount payable, is that the pay-roll for this week is not in the Department; and further, you state, in the memorandum accompanying your letter of August 30th, that the only person paid for this particular week was Mr. Fred Fraser and presumably, since he drew the money, Laidlaw himself. The following is a quotation from the memorandum which accompanied that letter:-

"Payroll ending Apr. 2/38 - As mentioned above under R.P.Mills memo, the amount of the late Mr. D. Laidlaw's payroll for this week was $101.90. The persons employed by Mr. Laidlaw during this week and whose names appeared on the payroll were as follows: G. Creese $11.70, D. E. Laidlaw $5.25, F. Sikes $17.40, C. Neelin $11.70, Joe Escuaga $1.80, Sam Purvis $8.75, Morris Pelletier $10.50, F. Fraser $17.40, D. Laidlaw $17.40--- So far as can be ascertained by this office, the only person who received his share of this payroll up to the time of Mr. Laidlaw's death was Mr. Fred Fraser. In view of this the balance of this payroll is still outstanding and owing to all of the above named persons."

It seems

J. G. Burk, Esq.,
Indian Agent,
Port Arthur, Ontario.

Indian Affairs. (RG 10, Volume 7805, File 30009-9 Pt.2)

Poor Copy

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

It seems to me that it makes no difference to the final answer whether Mrs. Greese' wages are included in the amount the Department has paid or in the amount the Department proposes to pay. In either case we deduct it from the payment being made to the Laidlaw Estate and if, as you state, she has been paid, we simply retain the money.

In the statement of claim, accompanying your letter of August 30th, you take credit for having paid Mrs. Greese for the week ending April 2nd in the amount of $258.38; and you are also deducting this from the amount owing to the Estate in the item $67.10, being the balance of the pay-roll for the week ending April 2nd, so that the cook's wages for that particular week are being deducted twice.

The agreements are being returned to you, in order that you may have them executed.

Yours truly,

George Patrick,
Chief, Trusts & Annuities Division.

Sir:

Referring to your letter of October 27th, file No. 30009-9 regarding settlement of the Laidlaw Estate, I beg to report I am enclosing four copies of a release which has been signed by the administrator, Mrs. Mary Habkirk Laidlaw.

As you will nte I am also enclosing herewith the following vouchers:

J. G. Burk	Vr. 104-7	- $ 10.00
Can.Pac. Rly Co.	104-8	- $ 175.75
R. P. Mills	105-28	- 122.62
" "	106-25	- 114.50

Vouchers covering meals, and requested in the third paragraph of your letter, are also enclosed herewith. I was unable to obtain the cook's signature, Mrs. Creese, as she declined to sign same, as she was extremely annoyed at the long delay in settlement. It is hoped this will not cause any further delay.

Your obedient servant,

J. G. Burk, Indian Agent.

INDIAN AFFAIRS BRANCH

TREASURY OFFICE

Ottawa, December 13, 1939.

MEMORANDUM: SUPERINTENDENT, RESERVES AND TRUSTS,-

Attention - Mr. Patrick

I regret to have to return the requisition for cheques and the vouchers in connection with the accounts of the Laidlaw Estate.

There is an apparent duplication of the charges for meals. If you will examine the statement of meals amounting to $877.80 you will find meals charged for the week ending December 18, and if you examine the statement of meals charged, amounting to $343.97, you will note it includes meals for the same individuals up to and including December 19th. Without details of the meals charged on this latter statement it is not definitely possible to say that this is a duplication. I would suggest, however, that the Indian Agent be asked either to explain or provide corrected statements.

If a deduction on account of this over-charge were made it would have the effect of reducing the amount payable to the Estate of David Laidlaw and which had been agreed on in the amount of $461.44.

Also note the vouchers do not indicate any receipt of payment for wages paid D.Laidlaw, $17.40, and F.Fraser, $17.40.

Your attention will be appreciated.

L.W. McCutcheon

Chief Treasury Officer.

EX'D.

December 18th, 1939. A.

Dear Sir:-

Ref. Your file 260-.

I wish to acknowledge receipt of your letter of December 7th, enclosing agreements signed by the administrator of the Laidlaw Estate and accompanying vouchers.

I am returning these documents to you, herewith, as it has been noted that on the statement of meals there appears to be a duplication of payments for the week ending December 18th. If you will examine the statement of meals charged at $377.80, you will note that it includes meals for the week ending December 18th. The statement for meals charged at $343.97 also includes meals for the same individuals up to and including December 19th so that there appears to be a duplication of the charge for meals of eight days.

I shall be pleased if you will examine these statements and have the necessary corrections made in order that this long outstanding claim may be settled.

The agreements and vouchers are to be returned to the Department with your reply.

Yours truly,

George Patrick,
Chief Trusts and Annuities Division.

This Agreement made in quadruplicate this 31st day of October, 1930

Between MARY HABKIRK LAIDLAW, of Wolseley, Sask., Administratrix of Estate of David Laidlaw, late of Wolseley, Sask., deceased, of the first part

-AND-

His Majesty the King, in the right of the Dominion of Canada, as represented by the Minister of Mines and Resources, of the second part.

WHEREAS there have been divers accounts outstanding and various dealings and transactions between the deceased David Laidlaw and the Department of Mines and Resources, and there is now outstanding to the credit of the Estate of David Laidlaw the amount of 461.44 Dollars, as shown on the statement of account hereto annexed, which statement is accepted by both of the parties hereto as correct.

AND WHEREAS the parties hereto have agreed to settle all the claims and accounts between them by the payment of the said sum of 461.44 Dollars by the party of the second part to the party of the first part and by the execution of mutual releases in manner hereafter appearing:

NOW THEREFORE in pursuance of the said agreement and in consideration of the sum of Four hundred and sixty one Dollars and forty four cents (461.44) upon the execution hereof paid by the said party of the second part to the party of the first part (the receipt whereof is hereby acknowledged) and of the premises, each of them, the said parties hereto respectively, doth hereby release the other, his heirs, executors, administrators and assigns, estates and effects from all sums of money, accounts, actions, claims and demands up to including the date and execution of these presents.

IN WITNESS WHEREOF the said parties hereto have hereunder set their hands and seals.

Signed, Sealed and Delivered in the presence of
Winfred Churchill
and in presence of

Harold McGill
Director of Indian Affairs
for Minister of Mines and Resources.

Alfred H. Hood

Mary Habkirk Laidlaw

Sir:

With reference to your letter of Dec. [illegible] file 30009-9 with enclosed vouchers etc. in connection with settlement of the Laidlaw Estate, I beg to report that a duplication was made in the accounts for meals for the week ending December 18th, and it will be necessary therefore to deduct 147 meals @ .35¢, a total of $51.45. Rather than make out new statements and documents, and in order not to cause any further delay in settling this account, the deduction has been shown on the original statements and are being returned herewith, for your approval.

Your obedient servant,

J. G. Burk, Indian Agent.

December 28th, 1939.

Dear Sir:-

Ref. Your File 260.

I have your letter of December 22nd, returning the agreements and vouchers in connection with the settlement of the Laidlaw Estate.

In reply I have to advise you that I am enclosing the following cheques:-

R. P. Mills	—	$ 237.12
David Laidlaw Estate	—	409.99
J. G. Burk	—	10.00
Port Arthur Indian Agency Trust Account.	—	67.10

These cheques should be delivered by you to the payees. The cheque payable to the Canadian Pacific Railway Company has been turned over to the local Freight Agent at Ottawa, on his request. He states that the Freight Agent at Port Arthur, will be notified by telegraph that this cheque has been paid in to the Ottawa Office.

A credit voucher supported by the pay roll for the week ending April 2nd, 1938, should be forwarded to the Department. This pay roll will require to show the payments of $17.40 each already made to D. Laidlaw and F. Fraser, in addition to the wages included in the advance of $67.10 now being forwarded to you.

I am enclosing the fourth copy of the agreement with the executors of the Laidlaw Estate and supporting documents, together with a copy of the requisition for cheque showing the disposition of the monies

Dear Sirs:

-Re: Your Agent, J. G. Burk and
Port Arthur Office and the David
Laidlaw Estate.-

On November 10th last J. G. Burk, Agent at Port Arthur sent four copies of an Agreement of Release to be executed by the administratrix of the estate of David Laidlaw, in consideration of which she was to receive the balance due her late husband, namely $461.44. It will soon be two years since this man was drowned and we have been negotiating ever since for payment. The four copies were duly signed and returned to Mr. Burk and we presume have reached your office some weeks since. Mrs. Laidlaw is very anxious to have the affairs of the estate wound up and we would certainly like to have a cheque for her in the near future.

Yours truly,

KENNEDY & HORD

RES[redacted]ND TRUSTS

CANADA

DEPARTMENT
OF
MINES AND RESOURCES

INDIAN AFFAIRS
BRANCH

Ottawa. Jan.8th.1940.

Memorandum.

Mr.Patrick:

With reference to account hereunder for $1515.09 representing crown dues and scalers wages for timber cut on Innes Twp.Limit season 1938-39,I would point out that the material shown in the detailed statement of account does not represent any jack pine tie timber which was included in the original McIntyre Bay Tie Contract of 1937-38.

The Ontario statement of material scaled can be summarised as follows:-

6,278 f.b.m.of Pine logs @ $10.00
81.240 " " " Pine booms " " "
19,614 " " " Spruce long logs @ $8.50
58,805 " " " Jack Pine logs @ $6.60

Agent Burk has previously reported that the 1938-39 cut (which included logs left in bush and also drawn to mill) was as follows:-

33,000 f.b.m. W/Pine.
29,000 " " R.Pine
49,000 " " Spruce
9,000 J.Pine logs.

I would also point out that the Crown dues rate of $10.00 on Pine and $8.50 on Spruce is very high,and although the Innes license stipulates that $10 is the rate to be paid on Pine,the agent has assured us on several occasions that Ontario would reduce this high rate.Spruce is not included in the license but the agent appears to ignore this fact,nor has he secured any consent from the owner of the Spruce timber,to cut this species.

I think therefore that the agent should be asked to have the rate on Pine reduced and explain why the Spruce species was cut,apparently without any proper permission either from Ontario or from the company who control this species.

January 9th, 1940.

Memorandum:

M. M. CORY,
DEPARTMENTAL SOLICITOR.

In connection with a tie cutting operation on a timber license held by the Department, certain work was let out to the Northern Wood Preservers, Limited, Port Arthur, whose account, together with the covering letter and enclosures from Indian Agent Burk, is attached hereto.

Among the charges made by this company is one for $200.00, said to have been paid by them for damage to a canoe, and another for interest at 6% on the accounts outstanding from time to time as the work progressed and for the time the final account remained unpaid.

Indian Agent Burk's letter and enclosures accompanying it explain the circumstances of the damage claim. The accident occurred while the said company was under agreement to transport ties across Lake Nipigon. The towing was done by the Department's boat, which was rented to the company at a rate per hour for the work.

I shall be pleased if you will advise me whether you consider that the Department or the company are responsible for the damage to the canoe, and whether or not the claim should be allowed. Will you also please advise whether, considering that the total amount owing could not be ascertained until the operation was completed, and that the final adjustment has been delayed owing to certain information not being available and charges being under dispute, the Department is liable for the interest charges included in the account.

Also included in the account of the Northern Wood Preservers, Limited, is a contra account, giving the Department credit for timber the company purchased and for rental of the Department's boat. If we are expected to pay interest on the

Mr. J. G. Burk,
Indian Agent,
Port Arthur, Ontario.

RE: Claim for Canoe Damage

Dear Sir:

Attached you will find statement of claim in connection with canoe owned by Geo. R. Steeves which was damaged on Lake Nipigon during September, 1938.

Our Mr. Scarffe reported this matter to us, advising that insofar as he could learn the Captain of the Keego had not set out running lights on the boom and there was also the question of the sobriety of all concerned. Unquestionably the canoe had been damaged and the cargo lost, with the result that the party could not continue on his way. He was obviously going to make an attempt to fix the responsibility on the owners of the tug or of the ties.

Apparently Mr. Scarffe talked the matter over with Mr. Steeves and the latter was agreeable to accepting the sum of $200.00 in full settlement of his claims, provided this settlement were made immediately. Prospecting was his only form of livelihood and he must return to this work without delay. We held off as long as possible to make our investigations, but when Mr. Steeves came up to Port Arthur from Nipigon and made appointment with his solicitor, we decided that his claim whether just or not at least had a nuisance value and any defence would probably cost well over $200.00. As a matter of fact, we had a previous experience with this same solicitor, where he took over an obviously unjust claim from certain sub-contractors and forced a ridiculously settlement for no other reason than it's nuisance value. Hence we knew what to expect.

We felt that it was our responsibility to protect you as owner of the ties and owner of the Keego just as far as we possibly could and being unable to get in touch with you, we had to make this decision which, under the circumstances, I think you will see was quite warranted.

This letter is written without prejudice. Unfortunately, Mr. Scarffe is out of town today, so I cannot check

STATEMENT OF CLAIMS - GEO. R. STEEVES

Canoe	$ 95.00
Motor	120.00
Supplies	15.00
Gas and Oil	6.50
Paddle	3.00
Flashlight	1.75
2 days loss time	20.00
Train Fares & Expenses	3.30
	$ 364.55

The above is a true statement of claim for damages to canoe, motor and loss of supplies sustained throught collision with boom being towed by "Keego" on Lake Nipigon.

Providing I receive the sum of Two Hundred Dollars, ($200.00) by Sept. 28th, 1938, I am prepared to waive all further claim and consider this sum in full settlement.

Any amount advanced on this sum of Two Hundred Dollars($200.00) to be deducted from final payment.

Sept. 24th, 1938. (Signed) Geo. R. Steeves.

Mr. J. G. Burk,
Indian Agent,
Port Arthur,
Ont.

Dear Mr. Burk I.A. Dp.T,Te.

Mr. R. P. Mills, J. P. of the Village of MacDiarmid, Ontario, has wished for me to give the ture particulars in referance to a proposed damaged canoe & motor outboard, owned by a Mr. William Gorden, alias William Gorden Fergeosen. I am willing to declair that I was operating same motor the night of the collison of same motor & canoe as to raft of timbers at Orient Bay Ont. on Lake Nipigon being towed by Indian Dept. towing Boat, I will mention operators had several drinks of Gov vendor Beer and feeling the affects, further more I did proceede on to MacDiarmid under the same motor and to my best knowledge the motor running in good order, if the said motor or canoe had been damaged I myself would not venture out with same, I have no hesitation if called upon to declair these facts to be true and in caused affected.

Yours truly,

Sgd. (Prospector J. W. Lawrence)

PLEASE QUOTE FILE 260

Port Arthur, Ont.
Dec. 27, 1939.

Attention - Supt. of Reserves & Trusts

Sir:

I beg to enclose herewith, vouchers etc. with regard to making final settlement with the Northern Wood Preservers, Ltd., of this city, for their work in connection with the delivery of ties cut on the McIntyre Bay-Innes Limit, during the season 1937-8.

Settlement has been delayed for various reasons, and in explanation, of one of these, I beg to state that included in their Invoice of January 25th, 1939, and attached to our voucher No.108-19, there is a charge of $200.00 for damage to a canoe, supposedly by the Departmental vessel M. S. Keego. According to the Northern Wood Preserver's statement, a canoe owned by a prospector by the name of Geo. R. Steeves, and powered by an outboard motor, ran into a raft of ties, being towed by our boat on Lake Nipigon. As the raft at the time was showing no light, the prospector claimed damages to his canoe and motor, and, threatened suit with the Northern Wood Preservers. To avoid further trouble, presumably, the Company settled with him for the sum of $200.00.

As the Company did not support their account with a receipt from Steeves, and did not offer any further explanation in the matter, other than to forward me a copy of a claim sent them from Steeves(a copy of which is attached hereto) I made a further investigation. According to our Engineer-in-charge, of the Keego, Mr. Percy Page, the night the accident was supposed to have taken place, the Keego was enroute from McIntyre Bay reserve to Orient Bay Spur with a raft of ties, and that no light was shown on the raft, although it was late in the evening. He further stated he did not know anything of the incident until about two weeks later.

I also interviewed.....

The Secretary,
Indian Affairs Branch,
Dept. of Mines & Resources,
Ottawa, Ont.

Indian Affairs. (RG 10, Volume 7805, File 30009-9 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

I also interviewed a prospector, and resident of MacDiarmid, Ont., by the name of James Lawrence, who stated that he was operating the canoe the night of the accident and I am attaching a copy of a letter from Mr. Lawrence, which I have on file at this office, which is self-explanatory. He further informed me verbally, that a Mr. Wm. Gordon alias William Gordon Ferguson, in company with a woman of doubtful character was lying intoxicated in the bottom of the canoe, at the time of the accident and that the damage was so slight that they proceeded on to MacDiarmid, without any danger.

Neither George R. Steeves, who apparently received settlement from the Company nor Wm. Gordon alias Ferguson can be located up to the present time. However, information which I received yesterday from Mr. R. P. Mills, merchant at MacDiarmid, Ont. is as follows:

"George R. Steeves is the party who is supposed to "have smashed his canoe on boom being towed by Keego. William "Gordon Alias Ferguson lives at Ozone, and I understand his "mail is addressed William Ferguson at Ozone via Nipigon. "Steeves and Gordon are different men and I understand Steeves "was working for Gordon at the time the canoe was supposed to "have been smashed on the boom".

From this it would appear that George R. Steeves was not in the canoe at the time of the accident and that he was not even the owner, although settlement was made to him.

However, as previously stated, I have been unable to obtain any further information up to the present time and rather than delay further, any effort in making settlement with this Company, I am forwarding this information on to the Department. Before passing for payment, any of these accounts I should be pleased to hear from you.

With reference to interest charged us in their invoice of October 16th, 1939, amounting to $159.21, and also included in our voucher No. 108-19, this has been taken up with this Company, but they are satisfied that this is a just charge, and that same should be honoured. Before the Department honours this account, I should be pleased if the Department would inform me regarding charges of this nature.

With reference to the amount owing this Company for $104.00 and included in their Invoice of Nov. 1, 1938, and which was erased from their account before passing for payment, on our voucher No. 90-17 of May 6th, 1939, I beg to

state, that we have..

Indian Affairs. (RG 10, Volume 7805, File 30009-9 Pt.2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

state that we have a credit Invoice from the Imperial Oil, Ltd, on file at this office for 13 empty barrels, returned in error by our engineer and credited us instead of this Company. We have delayed making settlement, through the Imperial Oil, in this matter until a final settlement could be reached, but as soon as negotiations are completed we will have the Imperial Oil credit the Northern Wood Preservers Ltd. with $104.00 less freight on the empty barrels which amounts to $1.82, as per the attached statement.

Their account for $33.00 submitted herewith, under our voucher No.108-18 has been withheld also, until a final settlement could be agreed upon.

Attached to the enclosed statement is the Northern Wood Preservers credit note for $1,383.00, and which covers their portion of the dues for timber cut on the McIntyre Bay-Innes Limit during 1938, and is the correct amount owing by them, according to the Crown Timber office here. I have endeavoured to obtain a cheque from the Company for this amount but they have contra-accounted this amount against our indebtedness to them.

Voucher No.108-17 amounting to $1,515.09 in favor of the Department of Lands and Forests, and covering dues for timber cut during 1938 on the McIntyre Bay-Innes limit is also enclosed herewith.

Your obedient servant,

J. G. Burk

January 9th, 1940. 228-2

Memorandum:

M. M. CORY,
DEPARTMENTAL SOLICITOR.

In connection with a tie cutting operation on a timber license held by the Department, certain work was let out to the Northern Wood Preservers, Limited, Port Arthur, whose account, together with the covering letter and enclosures from Indian Agent Burk, is attached hereto.

Among the charges made by this company is one for $200.00, said to have been paid by them for damage to a canoe, and another for interest at 6% on the accounts outstanding from time to time as the work progressed and for the time the final account remained unpaid.

Indian Agent Burk's letter and enclosures accompanying it explain the circumstances of the damage claim. The accident occurred while the said company was under agreement to transport ties across Lake Nipigon. The towing was done by the Department's boat, which was rented to the company at a rate per hour for the work.

I shall be pleased if you will advise me whether you consider that the Department or the company are responsible for the damage to the canoe, and whether or not the claim should be allowed. Will you also please advise whether, considering that the total amount owing could not be ascertained until the operation was completed, and that the final adjustment has been delayed owing to certain information not being available and charges being under dispute, the Department is liable for the interest charges included in the account.

Also included in the account of the Northern Wood Preservers, Limited, is a contra account, giving the Department credit for timber the company purchased and for rental of the Department's boat. If we are expected to pay interest on the

balance owing to the company from time to time, is it not reasonable that, by the same token, the company should be charged interest on the amounts owing to the Department covering the period for which they remained unpaid.

As this account has been outstanding for considerable time already, an early reply would be appreciated.

Please return the enclosed account and correspondence with your reply.

MEMORANDUM:

Mr. Allan.

Re - Northern Wood Preservers, Limited, Port Arthur, and ties cut on McIntyre Bay-Innes Limit.

I should think the liability for damage to a canoe would depend on the arrangements made with the Northern Wood Preservers Limited. If they simply agreed to take the ties even though our equipment was used for towing purposes, I cannot see that we are liable for anything that may have occurred as I would take it the crew in charge of the towing were acting under the direction of the company. If the Department had arranged to do the towing then there might be liability that in such a case the company had no authority to intervene; the claim should have been passed on to the Department for such action as might be necessary. The company having intervened and made the payment without reference to the Department so that a long time has elapsed and it would be difficult for us to establish the justice or otherwise of the claim I can again see no liability on our part.

From various hints in the correspondence you sent me I gather that a number of people have the impression that the claim is almost completely fictitious but it would be difficult to establish it at this late date.

With regard to interest on the accounts outstanding, unless some arrangement were made in the contract between the government and the company, I would not think that interest would begin to run until all accounts were settled and that then the rate would be 5% rather than 6. If the company could show that the reason the accounts had not been settled was entirely due to neglect by the Department, they might have some claim but that is certainly not the case at the present time.

J.

30009-9

January 25th, 1940.

Dear Sir:

Re: Your file No. 260.

I wish to acknowledge receipt of your letter of December 27th, submitting the following vouchers:

Voucher No. 108-17, in favour of the Department of Lands and Forests, $1,515.09, for timber dues and scalers' wages in respect to the timber cut on the Innes Township timber limit during the season 1938-39.

Voucher No. 108-19, in favour of Northern Wood Preservers, Limited, $1,284.96, for delivery of ties from McIntyre Bay to Orient Bay.

Voucher No. 108-18, in favour of Northern Wood Preservers, Limited, $33.00, labour unloading sawmill equipment.

As you were advised in Departmental letter of January 16th, voucher No. 108-17, in favour of the Department of Lands and Forests, has been paid.

It is not understood why you submit a voucher in favour of Northern Wood Preservers in the amount of $1,284.96, when the documents accompanying this voucher would appear to indicate that the total amount owing to this company by the Department, even after allowing the claim of $200.00 for damage to a canoe and $159.21 interest charges, is $38.57. This amount is confirmed by a statement received from the company, dated December 31st, 1939.

The Department does not recognize the liability for the $200.00 canoe damage claim, nor the right of Northern Wood Preservers to the interest charges included in their account.

If the ...

J. G. Burk, Esq.,
Indian Agent,
Port Arthur, Ontario.

Indian Affairs. (RG 10, Volume 7805, File 30009-9 Pt.2)

Poor Copy

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

If the 'Keego' was rented to Northern Wood Preservers, and under their control, they would appear to be responsible to see that navigation regulations were complied with, and, consequently, liable for any damage done due to negligence. If, on the other hand, your arrangement with Northern Wood Preservers was such that the Department could be considered liable, the Department does not recognize the right of Northern Wood Preservers to settle the claim against us without our knowledge and consent.

With regard to the interest charges, if it is the practice of this company to charge interest at a monthly rate, as shown on their statement, they should expect to pay their own accounts promptly, instead of permitting them to accumulate, and allowing a credit balance without interest, as they have done with the amounts owing the Department for timber dues on the timber they cut on the Innes Township timber limit.

With regard to the remainder of the charges covered by this voucher, the following information is required:

In connection with their account No. 4, folio W-2-11a, January 25th, 1939 --

1. Unit prices for 132 bales of hay and 66 bags of oats.

2. Details regarding the quantities and rates in connection with the item "Salvaging lost ties, $333.43".

3. An explanation of the item "Compensation on payroll for peeling, sawing, and salvaging, $35.87". Why is there any charge for compensation, when a stated price is charged for the work?

4. An explanation of the item "10% on cost of extra work, peeling, sawing, salvaging, $86.20".

5. In the credit note for $829.74, details are required for the item "Use of 'Keego' for hauling logs from Grand Bay to Orient Bay, $682.00". This should consist of the rate per hour or day, and the number of hours or days, as the case may be.

6. In connection with the credit note for $384.90, details are required for the items "Chain rental, $22.40" and "Additional charge for use of 'Keego', $299.00".

The management of this company's accounts is far from satisfactory as, in the statement accompanying your letter dated August 30th, you show an amount of $4,326.25 owing to the company, against which you show an

account ...

Indian Affairs. (RG 10, Volume 7805, File 30009-9 Pt.2)

Poor Copy

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

account of $680.23 payable by the company for logs, or a total indebtedness of $3,646.02. In addition to this, the company repeatedly sent forward accounts to the Department showing the total amount due as $3,768.81. No mention was made by you or the company that there were such heavy credits to be set off against their account. The net result is that, after disallowing the claim for the canoe damage and interest, the Department will have over-paid Northern Wood Preservers $320.64. In order that at least a portion of this debit balance may be secured, the credit note for $104.00, less $1.82, which you hold from the Imperial Oil Company, should be retained by you.

With regard to voucher No. 108-18, you are requested to advise who owns this sawmill. Does it belong to the Department, the McIntyre Bay Indians, or the Gull Bay Band? What funds should the account be paid from, if it is in order?

Vouchers No. 108-19 and 108-18 are returned to you, herewith. You are requested to put these vouchers in order, prepare them for the proper amounts due, if any, and supply the information requested in this letter without delay.

The Minister is pressing for a statement of the receipts and expenditures in connection with these tie cutting operations. You will, therefore, see that all accounts outstanding against them are forwarded to the Department, and as soon as the salvaging operations, for which you were given an advance of $500.00, have been completed, all further revenue is to be forwarded to the Department. Please understand that it is desired to close these operations out completely, in order that the statement requested by the Minister may be prepared.

Yours very truly,

T. R. L. MacInnes,
Secretary.

J.

January 27th, 1940.

Memorandum:

THE DEPUTY MINISTER.

As requested by Mr. Jackson in his memorandum dated February 10th, 1939, I am enclosing a detailed statement of receipts and expenditures in connection with the McIntyre Bay tie cutting operations. This statement shows -

Total expenditures -----	$17,497.67	
Accounts payable -------	338.57	
Total --------		$17,836.24
Revenue ----------		18,199.85
Net Profit ----------		$ 363.61

It will be noted, however, that included in the expenditures are the following items which, while they were made in connection with the timber limit on which the ties were cut, do not pertain to the tie operation proper, as the Department holds a license for cutting red and white pine only, and the ties were made from Jack pine, cut under the license held by the Great Lakes Paper Company Limited, who hold the license for this species on the same tract:

Deposit with Province ------	$ 3,500.00	
Ground Rent & Fire Charges -	136.80	
Ground Rent ----------	68.40	
Ground Rent ----------	68.40	
Total ----------		$ 3,773.60

making a total expenditure, including accounts payable on account of the tie operations proper, of $14,062.64; or, disregarding these items, the net profit on the tie cutting operations is $4,137.21.

It will ..

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

It will be noted that under the heading of "Salvage operations" a further advance of $500.00 was made to Agent Burk on October 27th, 1939. This was for the purpose of paying wages for the recovery of timber cut during these operations, which was not disposed of, and from which a further revenue will be obtained.

From the foregoing it will be seen that, while Indian Agent Burk is still carrying on some minor operations on this limit, the main tie operation has been completed, and shows a substantial profit in addition to the fact that during these operations a number of the McIntyre Bay Indians were employed, who would otherwise, in all probability, require to have been given relief.

As further evidence of the financial success of this undertaking, the Band Funds of McIntyre Bay Band showed a balance of $5,444.00 in October, 1937, before the project commenced, and the present balance is $9,167.00. While there were certain other receipts and disbursements passed through the McIntyre Bay Trust Account during that period, I think it is safe to say that considerable of the accretion can be attributed to the proceeds of this project.

It is not possible to make a comparison of the amounts expended on relief for this group of Indians over the period of these operations because the relief accounts of the entire Port Arthur Agency are shown as a single item, and those pertaining to the McIntyre Bay Indians would be extremely difficult to segregate from the remainder of the Agency.

It will be appreciated that it is difficult to draw a definite line where these operations could be said to have been concluded, as Indian Agent Burk is always anxious to keep his Indians employed whenever possible; but I think, for all practical purposes, we can say that this project has now been completed.

H. Howard

Director of Indian Affairs.

OFFICE OF THE INDIAN AGENT

CANADA
DEPARTMENT OF MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

PLEASE QUOTE FILE 260

Port Arthur, Ont.,
Jan. 5, 1940

Attention-Chief, Trusts & Annuities Div.

Sir:

I beg to acknowledge receipt of your letter of December 28th, file 30009-9 with enclosed agreement and vouchers etc. in connection with the settlement of the Laidlaw Estate.

With reference to your second paragraph, the contents have been noted and the cheques will be handed over to the parties listed in your letter.

With reference to your third paragraph, I beg to advise that a credit voucher covering the payroll of April 2nd, 1938 and amounting to $101.90 has already been forwarded the department to support the original expenditure and a copy of same is being attached herewith, for your information.

Your obedient servant,

J. G. Burk

J. G. Burk, Indian Agent.

Ottawa, Ontario,
March 30th, 1940.

Memorandum to: File.

Agent Burk, Fort William, phoned Saturday, March 30th, 1940, at 10 A.M. He explained that one McDeavitt is operating a "Tie Camp" at McIntyre Bay. He is negotiating a contract for a sale of Norway Pine which if concluded will mean that he will conduct operations Burk said, I think, for the year round taking off the Norway Pine from the McIntyre Bay concession that will guarantee full time work for the Indians concerned.

We have a small planer at McIntyre Bay which is either not big enough, or unsuitable for a Norway Pine operation. For some years we have had under our control another planer at Fort William. This was recently returned to Salvage and by them offered for sale by tender - tenders to be opened March 28th.

McDeavitt does not want to buy this equipment but he wants us to secure it from the Salvage Department and if we do he will undertake to place it in repair, move it to McIntyre Bay, and install it, we retaining ownership. McDeavitt expresses the view that this will cost him approximately $200.00 or more.

Agent Burk wants us to try to stop the sale by the Salvage Officers and have the planer transferred back to Indian Affairs. The equipment is described as one Matcher T.H.24, tender G.S. 3616. The writer phoned this proposal to Mr. Bailey, purchasing agent, who promised that he would get in touch with the Salvage Officers and try to have the matter of sale held in abeyance at least until Monday. Mr. Bailey further expressed the view that the arrangement suggested is a possibility provided the Salvage Officers could be assured that the Norway Pine deal with McDeavitt would go through. I could not authorize Mr. Bailey to give this assurance.

In concluding the telephone conversation with Agent Burk it was understood that he would place the whole proposition before us in writing and put it in today's mail so that by Monday we should have the letter which could be checked against the writer's understanding as received over the telephone.

Later, same day, assurance from Salvage that Planer had been sold. Agent B— advised by wire — Probably ends business

D.J. Allan.

Dear Sir:

Will you be good enough to let me know if the Indian Reserves at Fire Steele River and Lac De Mel Lacs are open for bidding on the timber or to buy outright. This winter should be alogical time to cut as there are men here who would be glad of a winters job.

Awaiting the favor of a reply from you I remain.

Yours truly,

Maylor Hayne

Ottawa.

Dear Sir; re Timber on LacDes Milles Lacs and Fire Steel River, Reserves.

I beg to acknowledge your favor of the 8th. Inst.

We have had a talk with the chief and he takes quite kindly to the proposition of sale of the timber as it will provide work for the Indians in cutting and also give them money at the time they most need it.
We are ready to go ahead and will take the matter up further with the chief as soon as we hear from you.

Yours very truly,

Maylor Hayne

Sir:-

In reply to your letter of the 12th. inst.regarding the disposal of the timber on the Lac des Milles Lacs Reserve and the reserve at Fire Steel River, I have to state that the requisite surrender cannot be submitted to the full band of Indians,as provided in the Indian Act,until next year at Treaty time.

The matter will then be given consideration and our local agent,advised to ascertain the wishes of the Indians.

In any event,it is not considered a suitable time to sell standing timber,owing to the lack of demand at the present time.

Your obedient servant,

A. F. Mackenzie

Secretary

Dear Mr. MacKenzie:

Mr. C. H. Moors of Fort William, will, I understand, be shortly putting in an application for the right to purchase timber on the Lac des Mille Lacs or Fire Steel River reserves.

I can speak in the highest terms of Mr. Moors and strongly recommend him for any consideration you can give to his application.

Yours very truly,

A. F. MacKenzie, Esq.,
Secretary,
Department of Indian Affairs,
Ottawa.

P.S. I understand Mr. Moors has received the consent of the Indian Band to make this application.

Ottawa, October 5, 1931.

Dear Mr. Manion,-

I have your communication of the 2nd instant recommending Mr. C. H. Moors, of Fort William, should the timber on the Lac des Mille Lacs reserve be put up for sale.

For your information I may state that the requisite surrender of this timber cannot be submitted to the full band of Indians until next year at the time of paying treaty money. It is the intention of the Department to instruct the local Indian Agent to ascertain the wishes of the Indians with respect to the sale of this timber. In the meantime your recommendation on behalf of Mr. Moors has been noted.

Yours very truly,

A. F. MacKenzie.
Secretary.

Gentlemen:-

I write to apply for the right to cut the Spruce, Balsam and Jackpine timber on the Lac des Mille Lacs and Fire Steel River Reserves.

I secured the consent of the Band which has been forwarded to your agent at Kenora (Mr. F. Edwards) today and hope it will reach your department without delay.

In applying for this right I have in mind the amount of dues for this timber as being the same as charged for similar timber off the Mission Reverve near this city.

I would thank your department for your very early and favorable consideration of this request.

Yours very truly,

C. H. Moore

Kenora, Ontario.
September, 30th. 1931.

Chief John Peters,
Savanne,
Ontario.

Dear Chief;

Re Pulpwood on your Reserve. The Department would be willing to sell this, provided the Indians are agreeable to surrender it, but it would have to be put up to Public Tender, so as to secure the best prices.

We could give the Indians permits to cut and sell, without going to this treuble, but we do not think there would be enough Indians willing to cut without having white men to help them.

Please ask Mr. Meers to write us and make an offer.

As regards relief to your Daughter, Mrs. Parenteau, we sent a quantity of Flour, Pork and Tea a short time ago, to help out the old and destitute through the Winter, and the Department will not authorize us to give anything more at present.

When the Road Camps start up your Indians should be able to get employment the same as white people, but they must stick to the job, asthey will not employ Indians if they will only work for a short time. They are much better off than white people in this district.

Yours faithfully,

Indian Agent.

Dear Sir;

Replying to your letter of 28th. inst. we have received a letter from the Chief of the Lac des Mille Lacs Band, informing us that you wish to cut wood on this Reserve and we presume you mean Pulpwood.

Our Department does not usually give permits to white men to cut on a Reserve, unless the timber is put up for bid by public tender, but permits can be given Indians through this Office to cut themselves for sale.

We shall be glad therefore if you will write us by return mail informing us if you wish the Indians to cut for you, or if you wish to employ white men, and also if it is Pulpwood only or all merchantable timber you wish to get.

The Chief writes us that all the Indians are willing to sell the timber, but the usual procedure is for us to get a surrender from the Indians, and to do this, we would have to make a trip to Savanne when they are gathered together.

Yours faithfully,

Indian Agent.

Ottawa. Oct.13th.1931.

Sir:-

With reference to your letter of the 30th.ult.regarding the application of Mr.Moors for the purchase of the timber on the Lac des Milles Lacs and Steel River Reserves,you are correct in assuming that no sale of this timber to white men,can be made without a surrender being given in the first place,and a subsequent sale by public tender.

It is reported that the timber on these two reserves is not extensive,although the Department has no reliable information on the subject,but it is thought that if the Chief was capable and willing to undertake a contract to cut the spruce for sale under the usual permit, relief might be afforded the Indians in this manner.

You will understand that the Department cannot sanction the sale of timber at the present low prices, unless it is shown that the Indians themselves will get full employment in the work of cutting and removing the timber.

Your obedient servant,

Secretary.

Dear Sir:-

Your letter of the 30th received.

We had a meeting with the Indians on the Lac des Mille Lacs reserve when they granted our request for the cutting rights of this timber and at this meeting we told them that they were to have the right to do the cutting but they informed us that their band was small and that they might not be able to cut all this timber and we had in mind to suggetst to you that if there were Indians near there that would be willing to cut that they might be allowed to do so in case it is in order.

It would be bad business on our part to bind ourselves to this small band unless we could be assured that they could cut this timber fast enough.

We believe however that this matter can be arranged with your department to their satisfaction.

As to the timber we wish to cut. As this area is small and as far as we can find out it consists of Spruce and Balsam we would want the right to cut it all if it is saleable and also to include any pine that there happened to be.

We have not had a report as to what is there but will have a cruise made immediately.

The only information we have is from the Indians and they report. No pine of any account.

As soon as we hear from the men that go up to cruise this for us we will report to you.

In the meantime kindly get our request before the department.

Yours respectfully,

Lt. Moore

OFFICE OF
INDIAN AGENT

132-4

Kenora, Ontario.
October, 6th. 1931.

Dear Sir:

With further reference to our letter of the 13th. ultimo re application of Mr. C. H. Moors to cut timber on the two Lac des Mille Lacs Reserves, we inclose further letters received from him, also a form signed by the Chief and Councillor and by Peter Alex, Fred Peters, Frank Shekago, May ning kah tay kejick and Chee Peters, agreeing to supply Mr. Moors with all the Pulpwood on the Reserves.

Apparently Mr. Moors wishes ~~white men~~ to cut all timber that is saleable, but we do not think there is any Pine to speak of on Reserve 32 A1, but we believe there is some on Reserve 32 A2, this however would be difficult to take out.

There are not enough Indians belonging to the Band to do the cutting, and very few Indians of other Bands living in this neighbourhood, and we understand that the only way white men can be permitted to cut, is to call for tenders, and have the firm pay a bonus and regular dues.

We do not know if permission could be granted to Mr. Moors unless this was done and the surrender taken from the Band, so if you wish this done, and will send the necessary papers, we could go down immediately, as we would have to do this before the Indians leave for their trapping grounds.

We also understand that several firms have cruised these Reserves but have made no offers.

Your instructions will be appreciated.

Memorandum.

Mr.Caldwell.

TIMBER
Lac des Milles Lacs Reserve.Ont.

With regard to the timber on the Lac des Milles Lacs Reserve,the Department has no estimate of the kinds and quantities,but Indian agent Edwards states that there is very little pine,and not a large quantity of pulpwood.

The agent has forwarded a resolution signed by the Chief of the band(John Peters) and councillor Geeziokoka also five other Indians asking that they be permitted to supply Mr.C.H.Moore with all the pulpwood on this reserve at a price set by the Department,but agent Edwards appears to be of the opinion that the Indians are unable to do the cutting,in which case a formal surrender of the timber must first be given by the Indians,before a license can be granted to a white man to cut the timber.

Further,as the timber is valued at more than $500 the sale of it,after surrender has been given,must be by public advertisement.

Agent Edwards,further intimates that as the Indians will be away trapping,it would not be feasible to submit a surrender at the present time.

There would be no objection to granting the Chief a permit to cut pulpwood for sale to Mr.Moors,but the cutting must then be done exclusively by the Indians,and Mr.Moors would then be responsible for paying the Indians a satisfactory price per cord,plus dues at the usual tariff permit rate of 40 cents per cord.

MEMORANDUM.

The Honorable,
The Superintendent General,-

Referring to your telephone inquiry of this afternoon, and in particular your Secretary's memorandum of the 31st ultimo, I attach copy of a report submitted by our Timber Supervisor, dealing with the timber situation on the Lac des Milles Lacs Reserve. Mr. Caldwell regrets that inadvertently this matter was overlooked, but I would direct your attention to the substance of the recommendation made by Mr. Bury, and which is concurred in by Mr. Caldwell.

It would be, I believe, impossible to get a sufficient number of these Indians together at this season of the year to consider a surrender, but, on the other hand, as pointed out, the Chief might be granted a permit to cut a quantity of pulpwood for sale to the applicant, Mr. C. H. Moors, if such action is considered advisable.

Deputy Superintendent General.

Lands and Timber Branch

Ottawa, Aug.30th.1933. 193

Memo. Dr.McGill:

In reference to the attached correspondence the petition of the Lac des Milles Lac Indians is not quite clear as to whether or not it is their intention to make a contract with Mr.Moors by which they would deliver pulpwood cut by themselves,or if they desire to sell their standing timber on this reserve,outright, with the Indians being given merely the preference by way of employment in the work of cutting pulpwood.

If it is the intention for the Indians to do all the work of cutting pulpwood for sale to Mr.Moors, instructions can be sent to agent Frank Edwards at Kenora authorising him to issue a band permit to the Chief,to cut pulpwood for sale,subject to the payment of the usual dues , at the permit rate of 40 cents percord.

If on the other hand these Indians have no ability, inclination or equipment to cut this pulpwood themselves, and their intention is to merely sell the timber standing, then a formal release or surrender must first be given by these Indians in accordance with the provisions of section No.50 of the Indian Act,before the question of sale can be given consideration.

Any doubt as to the intentions of the Indians could be dissipated by making inquiry of the local agent Mr.Frank Edwards of Kenora,and with your approval such agent will be asked for a report on the matter.

Honourable,

T.G. Murphy,
Dept. Of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

In September of 1931 I made an application to your department for permission to enter into a contract with the Indians to cut the timber on the Lac Des Mille Lac reserve near Savanne.

Just at that time I was not able to complete a sale for this wood so did not bother further with it, but I have hopes now that I can carry out this sale and have had another request fully signed by the Indians. (This document is enclosed herewith)

I would like your department to issue a permit to the Chief to cut and sell this wood to me.

I have just returned from the Reserve and the Chief and his band are ready to proceed.

Your letter to the Honorable R.J. Manion of Nov. 19 1931 outlines the manner in which I presume the sale will be carried out.

I would like permission to get started as soon as possible.

Yours very truly,

M/M

Lands and Timber Branch

Ottawa, Aug.30th.1933. 193

Memo. Dr.McGill:

In reference to the attached correspondence the petition of the Lac des Milles Lac Indians is not quite clear as to whether or not it is their intention to make a contract with Mr.Moors by which they would deliver pulpwood cut by themselves,or if they desire to sell their standing timber on this reserve,outright, with the Indians being given merely the preference by way of employment in the work of cutting pulpwood.

If it is the intention for the Indians to do all the work of cutting pulpwood for sale to Mr.Moors, instructions can be sent to agent Frank Edwards at Kenora authorising him to issue a band permit to the Chief,to cut pulpwood for sale,subject to the payment of the usual dues , at the permit rate of 40 cents percord.

If on the other hand these Indians have no ability, inclination or equipment to cut this pulpwood themselves, and their intention is to merely sell the timber standing, then a formal release or surrender must first be given by these Indians in accordance with the provisions of section No.50 of the Indian Act,before the question of sale can be given consideration.

Any doubt as to the intentions of the Indians could be dissipated by making inquiry of the local agent Mr.Frank Edwards of Kenora,and with your approval such agent will be asked for a report on the matter.

Sir:-

The Indians of the Lac des Mille Lac Reserve have petitioned the Department to be allowed to cut or sell all the merchantable timber on their Reserve and have also asked that they be allowed to make a contract with Mr.Clarence Moore of Fort William.

Please advise if these Indians are able to cut this timber themselves for sale under the usual permit,or is it their intention merely to sell their standing timber. The petition is signed by Chief Sausa, Ex chief Peters and Councillor Fred Peters and eleven other Indians.Kindly also advise as to the approx.quantity of timber on this reserve and if there is an unusual fire risk.

Yours very truly,

T. R. L. MacInnes

DEPT. OF INDIAN AFFAIRS 1932

Dear Sir:

Replying to your letter 30130-4 of 5th. inst. re Indians cutting wood on Lac des Mille Lacs Reserve for Mr. Clarence Moors. Mr. Moors wrote in October 1931 and we informed him we would give a permit to the Indians to cut, and if they agreed that if there were not enough Indians belonging to the Band to get treaty Indians from some other Band to assist them. Since that time till now we have heard nothing further, about the matter. If they wish to cut we suggest we give a permit, providing we get a reasonable price for the timber, but we do not think that Mr. Moors could pay a reasonable price. He could make us an offer but it would have to go up for tender, if it was meant to log it by white men.

There is very little timber on the Reserve at Lac des Mille Lacs, but there is some on the Reserve further south but we are of the opinion it would be too expensive to take this out. We have no record of the merchantable timber on these Reserves, but understand Mr. Bury has this information. The fire hazard is no more than in the surrounding district.

Your obedient servant,

Jack Edwards

MEMORANDUM.

Mr. Buskard,-

I should like to refer to your memorandum dated August 26th last, and addressed to me, in which you refer to the application of Mr. Clarence H. Moore, of Port William, for permission to enter into a contract with the Indians of the Lac des Milles Lacs Reserve to cut pulpwood. The Department is in a position to issue cutting permits to the Indians of this Band through our local Agent, Mr. Edwards, of Kenora, for the purpose of permitting them to cut pulpwood for sale to Mr. Moore. Should such action be approved, I would strongly recommend, however, that the Department be supplied with a copy of any contract that Mr. Moore enters into with the Indians, in order that we may at all times be in a position to safeguard the interests of our wards.

I should like you to discuss this matter with the Minister and advise me of his decision.

Merchant

Savanne, Ont., November 14th, 1933

Frank Edwards, Esq.,
Indian Agent,
Kenora, Ontario.

Dear Sir:- Re. #132-4.

The Chief says they do not want to cut any wood on the Reserve while prices are so low as they are now. He has no copy of the agreement which he signed with Mr. C. Moors but he says he thinks the dues were to be 40¢ per cord. Very hazy as to what was in the agreement.

Have asked some of the other Indians from the Reserve if they wished to cut wood this winter and they seem surprised to hear that they were expected to do so. I told them they had signed a paper to that effect or were supposed to have done so. They say they did not understand it so, in fact, did not know what they signed. It was presented to them by Mr. John Hogan, representing Mr. C. Moors and they were told to sign or touch the pen. There was no council held to consider the matter but they were looked up singly where they happened to be at the time, that is those of them who signed. Some were fire-fighting east of here. The Councillor, Fred Peters, was ranger at Upsala. Says the Chief and Mr. Hogan went there to see him and he was just told that they had sold out and to sign the paper, which he did.

They all say that the matter was not properly explained to them and they had no time for consideration of the offer, even the Chief not being able to tell them exactly what the agreement contained, so they wish to repudiate it and maintain that a matter so affecting all of the band should be considered in full council.

Yours truly,

Frank Edwards

Dear Mr. McIvor,-

I have received your letter of the 3rd instant, to which was attached one addressed to you by Mr. John D. Hogan, of 123 W. Amelia Street, Fort William, in which he asks for permission to cut pulpwood on the Lac des Mille Lacs Indian Reserve at Savanne.

I regret to have to advise that the privilege requested cannot be granted, in view of the fact that such cutting rights could not be given except following the consent of the Indian owners by way of formal surrender.

Mr. Hogan's letter is returned herewith.

Enclosure.

FRANK EDWARDS

General Merchant

DEALER IN RAW FURS

Savanne, Ont., April 16th. 1937

Frank Edwards, Esq.,
Indian Agent,
Kenora, Ontario.

Dear Sir:-

Pulp wood camps are now in operation four miles west of here and the Indians are wanting me to try and find a market for the spruce pulp wood on the Lac des Mille Lacs part of their Reserve and I now have assurance of a contract for the wood.

The long sleigh haul, with eight miles of road to cut, makes it rather hard to handle but think it can be done.

With returns from trapping steadily declining the Indians are not able to sustain themselves by that alone and getting out this wood will furnish work for them in summer as well as in winter, cutting peeled wood in summer and rough in winter.

The Ontario Government is charging $1.00 per cord of spruce wood adjoining the railway but this wood on the Indian Reserve will necessitate a ten mile on part of it hence I propose paying 75¢ per cord of spruce and paying the Indians the prevailing wages for cutting.

The Band is small and there are not many able bodied men among them nor are they experienced wood cutters and their own cut would probably be too small to meet the expense of keeping the winter road open.

I would think that at least three or four thousand cords a year would be as small an operation as could be economically handled.

If the Indians could not cut this amount by themselves I would wish the privilege of putting some white men on to complete the amount but the Indians at all times to have the preference.

I submit the proposition to you for your consideration. There is considerable prospecting being done about the lake. The Indians fear bush fires may destroy the wood and they want the work.

Yours truly,

Frank Edwards

RECORDS

Dear Sir:

Inclosed please find letter we have received from Frank Edwards, General Merchant, Savanne, re cutting pulp wood on Lac Des Mille Lacs Reserve 22A1. You will note that Mr. Edwards says they should cut 3000 to 4000 cords each year.

The Reserve is not very large, and we are afraid the pulp would soon be cut off at that rate, but it looks a good opportunityto dispose of it, as they may not have another opportunity for some time again.

We are afraid there ~~are~~ few Indians of the Lac des Mille Lacs Band who would be willing or able to cut, therefore to cut at all, white men would have to be employed.

Reserve 22A2 Seine river, is too far away to be cut at the present time.

We do not know if authority can be given, without putting the Reserve up for tender, but will await your instructions.

Yours very truly,

Frank Edwards

Ottawa. April 29th.1937.

Memorandum.

The Director:

Sale of Lac des Milles Lacs Timber.

Agent Edwards has reported that the Indians of the Lac des Milles Lacs band wish to realise the value of the timber on their reserve No.22A1,as they fear that bush fires may destroy their only source of wealth,They have no band funds and the agent reports that he has had a tentative offer to purchase the timber.

The area of the reserve is 3750.7 acres but we have no record of the quantity and kinds of timber.

If you approve,the agent can be authorised to submit a surrender to the Indians at Treaty time,and some time during the summer I can arrange to cruise and value the timber on the reserve.

Pulpwood operators are reported to be working within four miles of the reserve and the construction of another large paper mill at Nipigon will tend to improve the value of pulpwood timber.

Ottawa. Sept.15th.1937.

Memorandum.

The Director:

Approved

Further to my memo.of April 29th.last in regard to the surrender,examination and sale of the timber on the Lac des Milles Lacs Reserve,Ont. the surrender has been given by the Indians and accepted by Council.

I propose to visit the Reserve shortly for the purpose of making a cruise and valuation of the timber,and with your approval,can at the same time,call on Mr.Thos.Sutherland,Deputy Minister of Mines at Toronto and discuss with him a proposed plan of co-operation with respect to administration of mining permits and leases in the Province where his Department are jointly interested.

Mr.Sutherland's letter on this subject is attached.

Memorandum.

The Director.

Cruise & estimate of timber

LAC DES MILLES LACS RESERVE No.22A1

In accordance with instructions I recently visited the Lac des Milles Lacs Reserve No.22A1 and made a cruise and examination of the timber for purposes of sale.

The reserve is situate about 7 miles south of Mile 75 on the Kenora division of the C.P.R.and has a total area of 3.750 acres.

The area of the various timber types is as follows:-

Spruce pulpwood.....	500	acs.
Mxd.Spruce & Balsam p'wood	800	"
Mixed Pine,Poplar,Spruce Birch and Cedar.....	1.250	"
Birch and Poplar.....	900	"
Treeless swamp.....	300	"

The estimate of timber is as follows:-

Spruce pulpwood.....	10.000	cds,	@1.00	$10.000
Balsam " "	7.000	"	@ .50	3.500
W.Pine logs.....	150.000	f.b.m.	$6	900
Spruce "	800.000	"	"@ $3	2.400
Balsam "	700.000	"	"@1.50	1.050
Cedar.....	150.000	"	"@4.00	600
Poplar.....	700.000	"	.....	nil
Birch.....	8.000	cds	.....	nil

Proper utilisation of the timber would involve the use of a small portable mill on the reserve for sawing the pine and large spruce into lumber,whilst the smaller spruce and balsam would be cut for pulpwood.There is only a seven mile haul to a siding at mile 75 on the railway and the demand for pulpwood at the present time is fairly steady.

The Indians of the band are anxious to have the timber sold as soon as possible,as they have no funds and there is a serious fire hazard.

I would therefore recommend that the sale of the timber be advertised in the Kenora weekly paper and also the Globe and Mail at Toronto.

H. J. Bury

Supervisor Indian Timber Lands.

A plan showing the timber distribution is attached.

COAT OF ARMS .

SEALED TENDERS addressed to the undersigned and marked on the face of the envelope "Tender for Lac des Milles Lacs Timber" will be received up till noon of Wednesday, November 3rd. 1937 for the purchase of the merchantable timber on the Lac des Milles Lacs Indian Reserve in the Thunder Bay district of the province of Ontario.

Tenderers should state the prices they are prepared to pay for each species of timber, either per M.f.b.m. Doyle Rule or per cord of pulpwood, inclusive of dues at tariff rates, and offers must be submitted on the form of tender provided for that purpose.

The area of the reserve is 3,750 acres and is reported to contain approx. 6 million f.b.m. of mixed spruce, balsam, pine, poplar, cedar and birch.

Each tender must be accompanied by an accepted cheque on any Canadian chartered bank for the sum of $2000 on in lieu thereof, bonds of the Dominion of Canada or the Canadian National Railways for the same amount, and such deposit will be held as security for the proper carrying out of the undertaking, and forfeited if the contract is not completed to the satisfaction of the Minister.

Three years will be allowed in which the timber must be cut and removed under the regulations of the Department and an annual license will be granted to the successful tenderer upon compliance with the said regulations, and the payment of a yearly rental of $40 and license fee of $4.00.

Half the cost of adequate fire-guardianship must be paid by the licensee and the safe disposal of brush, tree-tops and other debris resulting from the cutting operations must be arranged for, under the supervision of the Department. Preference by way of employment in the work of cutting and removing the timber must be given to the Indians of the band, and sworn returns showing the kinds and quantities of timber cut each season, must be furnished.

Form of tender, plan of the reserve and copy of the timber regulations may be had on application to the undersigned or to Mr. Frank Edwards, Indian Agent, Kenora, Ont.

Ottawa. Nov.4th.1937.

Memorandum.

The Director: Tenders for Lac des Milles Lacs Timber.

In response to the advertisement of sale of the timber on the Lac des Milles Lacs Reserve No.22 A1, two tenders have been received,one from Frank Edwards of Savanne,Ont.and the other from O.A.Knights of Port Arthur.

The timber on this reserve is strictly a pulpwood proposition and a comparison of the prices offered by the two tenderers for pulpwood shows that the tender of Frank Edwards $1.51 & 76¢ is much higher than that of O.A.Knights .90¢ and.40¢.

In the analysis of tenders attached,it will be seen that Frank Edwards does not make any offer for the Balsam logs,Cedar or Poplar and yet in spite of that,the value of his tender is nearly $7.000 greater than Knights' tender.

I would therefore recommend acceptance of the tender of Frank Edwards for the purchase of the pine,spruce and balsam only.

Dear Sir:-

I regret very much that I have not been able to place any pulp wood off the Indian Reserve for this winter as the mills had their contracts for this seasons supply all made in the early fall. Some of the contractors have already finished cutting operations and are closing their camps though they had expected to have their contracts enlarged and keep cutting for some time longer.

I am practically assured of a contract for peeled wood to be taken out next summer for export to the United States.

I am told that the wood off Indian Reserves is exportable but I would like official assurance of this.

Dear Sir.

The Indians at Savanne are very anxious for me to take out their pulp wood this year. I have a contract for Sap peeled wood, and if the Department will give me a permit to take out their wood I would be glad to do so. They claim they have about seven thousand cords more or less on the reserve.

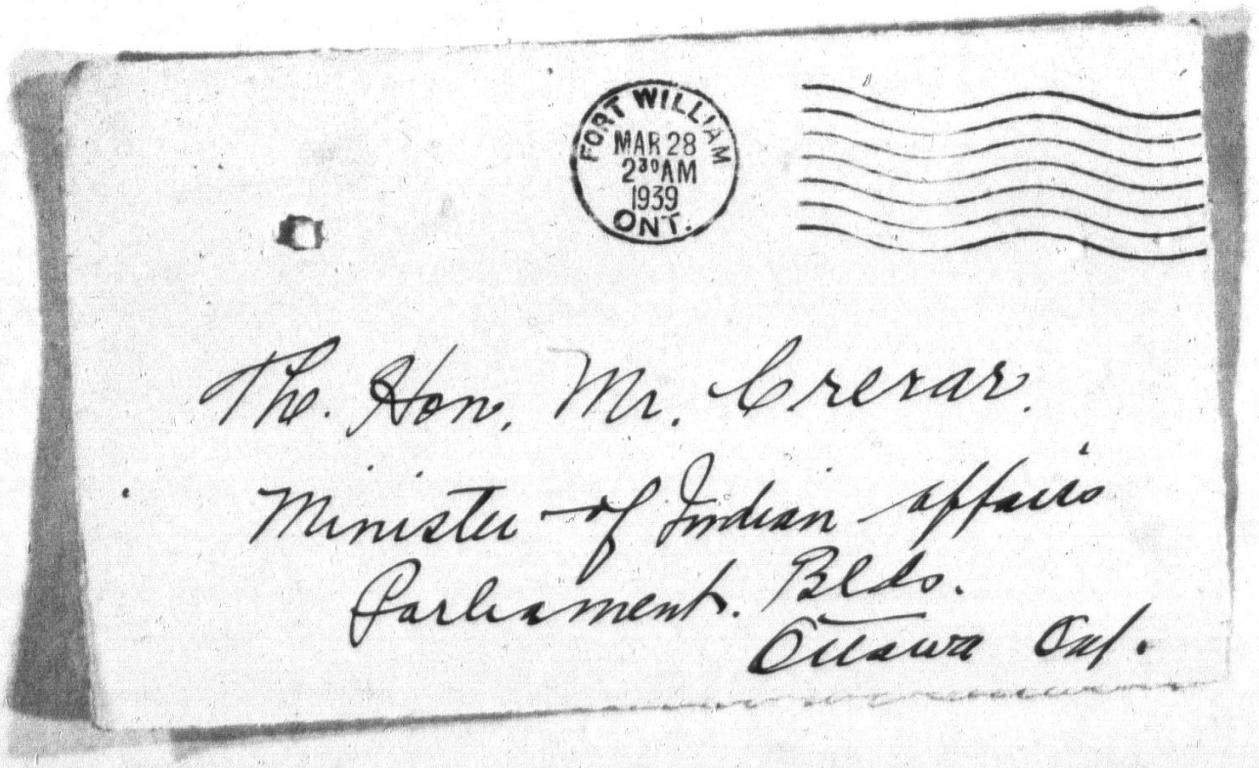

The sap peeling season commences early in May, so it will be necessary for me to get the permit to cut as soon possible. Iam well acquainted with the Indians as I have known them for a number of years.

This Timber is about seven miles from the railway and about seventy-five miles rail haul to Fort William. Iwould appreciate very much if I can secure a permit to take out this wood.

Attention-Supt. of Reserves and Trusts

Sir:

I beg to report that last summer the Chief and Councillors of the Lac Des Milles Lac band at Savanne Ont. requested that similar arrangements be made for their band to those made for the Fort William band, whereby the Indians could cut pulpwood on their reserve each year.

For the Department's information I wish to state the Mr. S. D. Cashmore, a local storekeeper in the vicinity of the Fort William reserve has been given small pulpwood contracts on the Fort William reserve, from year to year. The arrangement has been that Mr. Cashmore advances the Indians supplies on their cutting and in this way the majority of the money earned by the Indians is spent on food supplies instead of unnecessary articles. The contracts awarded Mr. Cashmore, in the past, have been very small and were merely to create work for the Indians. As the pulpwood on the Fort William reserve is nearly exhausted, it would be very beneficial to the band, if similar arrangements could be made with Mr. Cashmore on the Lacs Des Milles Lac band, as a number of families from the Fort William reserve could secure work there. Savanne is only approximately sixty miles west of Fort William and I would suggest that Mr. Cashmore be given permission to cut on this reserve, for sufficient wood only, to give the Indians employment during the winter months.

Your obedient servant,

J. G. Burk, Indian Agent.

Dear Sirs:-

Re. wood on Indian Reserve 22A1.

License to cut the wood on this Reserve was granted to me on November 5th. 1937.

It was then too late to get a contract for that winter as all winter wood is contracted for in the early fall.

As conditions in the paper industry during the winter of 1937-38 became gradually worse some of the contracts were cut down during the winter.

There was still less demand for pulp wood during the season of 1938-39 so there was very little wood cut and that only on the different mill companies own limits.

Toronto papers a few weeks ago said 165,000 to 175,000 of peeled export wood would probably be cut this summer but inquiry at the Head of the Lakes seems to indicate only 35,000 cords are likely to be taken out in this district and that amount divided between the Detroit Sulphite and Hammermill Companies and cut on their own limits so it would seem that if the Toronto estimated amount is to be taken out for export the bulk of it must be coming from other parts of the province.

There is, however, a possibility that a contract might be secured if the wood on the Reserve was not handicapped by dues, long sleigh haul and freight rates.

The freight rate to the Head of the Lakes is 4¢ per 100# on rough wood which weighs about 4500# per cord - $1.80. On peeled wood the rate is 6½¢ per 100#, and the wood weighs about 3500# per cord - $2.28, being 47¢ above the rate on rough wood.

The dues handicap on the Reserve wood is 51¢ per cord on spruce as the Ontario Government dues is $1.00 instead of $1.50.

If the dues could be reduced to the Ontario Government price I think I might be able to compete with others and so open up some work in which the Indians would have the preference and they are in dire need of work to carry them through till next

EXD.

Ottawa. April 26th.1939.

Dear Sir:-

I wish to acknowledge receipt of your letter of April 21st.regarding the pulpwood situation at the head of the Great Lakes and note your request that the price you agreed to pay for spruce pulpwood cut from the Lac des Milles Lacs Reserve No.22A1, be reduced to the provincial rate of $1.00 per cord.

In reply I would point out that when you tendered a price of $1.51 in October 1937,you undoubtedly gave proper consideration to the question of cost of operation,comprising sleigh-haul,freight rate etc.and were also fully aware that the rate of dues was $1.50 per cord.

If temporary conditions preclude active operation at the present time,that does not necessarily mean that such conditions will continue for any length of time.

A term of three years was allowed in your contract,to complete the cutting of this timber,and such contract expires on April 30th.1941 provided the license is renewed each year.

You have deposited the sum of $2000 with the Department as security for the proper carrying out of the terms and conditions of your license,and no change in such terms or conditions can be considered while the license is in force.

I regret therefore that your request for a reduction in the price of spruce pulpwood cannot receive favorable consideration.

Yours very truly,

Director.

Mr.Frank Edwards

Memorandum: **File.**

Re Lac des Mille Lac Reserve
No. 22A1. Timber License No.
240, Frank Edwards, Savanne, Ont.

Mr. Burk has discussed a proposal with me which affects the above contract. He reports that the Fort William Band by arrangement with the Lac des Mille Lac Band have an opportunity of cutting pulpwood on the latter's Reserve. On investigation it appears that the wood in question is covered by the above numbered license to Frank Edwards under which he undertakes to cut the pulpwood at $1.51 per cord, contract to be completed by April 30th, 1941. Mr. Edwards has on deposit the sum of $2,000., which will of course be forfeited if he fails to carry out his contract. Mr. Burk suggests that Mr. Edwards would relinquish his contract if the deposit were returned to him.

As there is an estimated volume of 10,000 cords of pulpwood in addition to other material on the land covered by the license, it was explained to Mr. Burk that this has a potential value to the Lac des Mille Lac Band of $15,000. He asks us to surrender this advantageous arrangement made on behalf of the Lac des Mille Lac Band in order to supply work for the Fort William Indians who have no rights in the timber whatever, and who will pay only the basic rate of dues, that is $0¢ for any pulpwood so taken. We are not prepared to sacrifice the interests of the Lac des Mille Lac Band in order to benefit the Fort William Band and possibly to allow Frank Edwards to escape from a contract which it would appear he is very willing to do.

Mr. Edwards entered into the contract with his eyes open in 1937 when conditions were not vastly different, and Mr. Burk was advised that Mr. Edwards would have to abide by the letter of his contract.

As.....

Indian Affairs. (RG 10, Volume 7806, File 30009-12)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

As Mr. Edward's contract does not expire until April 30th, 1941, no action can be taken at the moment save to advise him that he will be expected to live up to the terms of his contract.

Mr. Burk was obviously displeased that the Department would not consider his proposal.

This memorandum is placed on the file in order to clarify the situation should it come up for further discussion.

EXD. A.

Dear Sir:

I wish to point out to you that your License No. 240, on Lac des Mille Lac Reserve, expired last April 30th, and to date you have taken no steps to make application for renewal thereof.

The regulations governing renewal of timber permits stipulate that a sworn return of the quantity of timber cut during the previous season must be submitted and the current rental and renewal fee paid. If no operations were conducted last season an affidavit to this effect must be submitted giving reasons for non-working of the limit, and if such reasons are considered satisfactory, renewal will be granted on payment of the current rental and renewal fee amounting to $42.00.

I have further to remind you that this license finally terminates on April 30th, 1941, and as your contract provided that the timber should be cut and removed before that date it is highly desirable that operations be commenced.

Yours truly,

D.J. Allan,
Superintendent,
Reserves and Trusts.

Dominion of Canada

PROVINCE OF ONTARIO

~~District~~ District of Thunder Bay

TO WIT:

In the Matter of Timber License No. 240 on Lac des Mille Lacs Reserve

I, Frank Edwards of the Village of Savanne in the ~~District~~ District of ~~County~~ of Thunder Bay

Do Solemnly Declare that

No timber has been cut under this license to date.

The reasons for this is that the pulp mills at Port Arthur and Fort William are over-stocked with wood in their stock piles at the mills and and have also further stocks of wood in the lakes and streams so they have not been in the market for wood and especially for rail wood as that goes direct to the machines and they wish to use first the wood in their stock piles which does not improve with age.

No pulp wood was cut last season west of the Head of the Lakes and none is being cut this season because rail wood is not wanted till stock piles are depleted. Any wood being cut this season by Head of the Lakes mills is from their own limits east of there and is taken by water to Lake Superior and delivered to the mills next summer.

Also adversely affecting the local pulp wood market is the wood taken out two seasons ago by the defunct Lake Sulphite Co. The Ontario Government is pressing the Head of the Lakes Mills to take this wood.

Forwarded Acct. Noted

And I make this solemn declaration conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of "THE CANADA EVIDENCE ACT."

Declared before me at Upsala in the ~~County~~ Dist of Thunder Bay this 26th day of October A.D. 29

Savanne Ont., October 28th. 1939

D. J. Allan, Esq.,
Superintendent, Reserves and Trusts,
Ottawa, Ontario.

Dear Sir:

I am enclosing the required affidavit covering Timber License No. 240 on Lac des Mille Lacs Reserve, also the current rental and renewal fee amounting to the sum of $42.00.

I very much regret being unable to get a market for pulp wood at the Head of the Lakes for the reasons stated in the affidavit. This is the second year in which no wood whatever is being taken out west of Fort William as the mills can not, at present, handle rail-hauled wood.

With over-seas wood supplies now cut off from the mills in the United States it is possible a market may develop there for peeled wood next summer though the long land and rail haul is a big handicap to overcome when in competition with wood from the north shore of Lake Superior which can be driven down the streams to the side of the boats.

I am naturally anxious to get the wood disposed of and am constantly in search for a market for it.

Yours truly,

Frank Edwards

The Director:

RENEWAL OF TIMBER LICENSE No.240
(Lac des Milles Lacs Reserve 22A1)

Mr.Frank Edwards of Savanne,Ont.has made application for renewal of his timber license No.240,and has paid the current rental and renewal fee.

He has filed an affidavit stating that no timber was cut last season,for the reason that there is a surplus of pulpwood at the Head of the Great Lakes, already cut.He states that he is anxious to get this timber cut and is constantly looking for a market.

I would recommend that the reason given be accepted as satisfactory and that the license be renewed.

Renewal license,in duplicate,herewith submitted for signature.

Dear Sirs:

The receipt today of an interest cheque from the Dominion Treasury reminded me that the Dominion Bonds to the amount of $2,000.00 and which are in your hands as my deposit on the wood on Indian Reserve No. 22A1, have matured on the 1st. of this month.

If you have not turned these in for cash I would like to have you exchange them for bonds of the new Dominion loan about to be issued.

Yours truly,

(Sgd.) Frank Edwards.

Dear Sir:-

Contractor's Security.

You have been holding for this Branch since November 30, 1937, a security deposit of $2,000.00 from one, Frank Edwards of Savanne, Ont., in the form of Government Bonds. These are described as follows: Dominion of Canada, Series E4, M1 9046 and M1 9047, each for $1,000.00, fully registered in the name of Frank Edwards. Duly executed instruments of transfer accompanied these Bonds when they were accepted as security.

The principal became due on the 1st. of September last and Mr. Edwards wishes to have these converted into the new Dominion of Canada Second War Loan and I am enclosing herewith his original request. I presume he would desire two $1,000.00 Bonds fully registered, similar to the ones which matured. Any adjustments in connection with the transfer could be made direct with Mr. Edwards as this Department is interested only to the extent of the security deposit of $2,000.00.

I will be glad to have your assurance that this request can be taken care of and when the new Bonds are duly issued, that you advise me of the description of the new Bonds representing this security deposit.

Yours truly,

With Cheque.

Dear Sir:-

Security Deposit
Lac des Milles Lacs Timber.

Your request of September 2nd. to have your $2,000.00 Dominion of Canada 4½% Bonds, due September 1st., exchanged into Bonds of the Second War Loan, has been referred to the Department of Finance.

I am to-day in receipt of advice that the following Dominion of Canada Second War Loan Interim Certificates have been issued in lieu of the Bonds you submitted as security.

Series K.L.E. 174111-12. 2 @ $1,000.00 - $2,000.00.
Payable October 1, 1949/52.
Dated October 1, 1940. Interest 3%, April 1, October 1.

I presume these will be replaced by regular Dominion of Canada Bonds in due course.

The difference between the value of your Bonds at maturity and the cost of the new ones which was slightly below par amounts to $30.00, and I am enclosing herewith Bank of Canada Cheque No. 22654 for that amount in your favour.

I trust you will find this transaction satisfactory.

Dear Sir:

Re: Licence to Cut Timber No. 240,
Lac des Milles Lacs Reserve No. 22A1

The last renewal of this Licence covered the period May 1st, 1939, to April 30th, 1940, and therefore, automatically lapsed after the 1st day of July, the time limit set by the Timber Regulations.

Our records indicate that no operations for removing the timber were carried on during the past season, nor is there any application for a renewal.

The yearly ground rental is $40.00 and renewal fee is $2.00, which should accompany any application for renewal; also a sworn statement, form attached, as to why no operations were carried on, must be submitted before any consideration may be given to a further extension.

Please note that by the terms of your Licence the timber must be removed from this Reserve by the 30th April, 1941, in order to protect your deposit.

Encl.

Dear Sir,-

With reference to your letter of September 6, 1940, we have to advise that the $2,000. Dominion of Canada 3% Interim Certificates due 1949/52 held for Frank Edwards as Contractors' Securities have been exchanged for the definitive bonds at the Bank of Canada, Ottawa.

We enclose herewith our receipt covering the new bonds issued and would ask you to have the transfer form enclosed signed by Mr. Edwards and guaranteed by a Canadian Chartered Bank. This transfer form when completed, is to be returned to this office to be lodged with the bonds.

Yours very truly,

R L Casselman

Chief of Securities Deposit Division.

Ottawa, February 21st., 1941.

Dear Sir:-

Security Deposit -
Lac des Milles Lacs Timber.

The Director informed you under date of October 3rd., that your matured Dominion of Canada Bonds were being exchanged for Bonds of the Second War Loan. At that time two Interim Certificates, Series K.1.E. 174111-12, 2 @ $1,000.00 - $2,000.00, had been received. These Certificates have now been exchanged for Bonds which may be described as follows:

Dominion of Canada Second War Loan Bonds.
Fully Registered in name of Frank Edwards.

Payable October 1, 1949/52.

Series K.1.M. 31672-73 2 @ $1,000.00 - $2,000.00
Dated October 1, 1940.
Interest 3%, April 1, October 1.
Payable at any of the Agencies in Canada of the Bank of Canada.

These Bonds are being held by the Finance Department as security and in order to make them negotiable I am enclosing a transfer form which I would ask you to sign in the place provided, after which it should be returned to this office. It will then be placed with the Bonds. When your contract is completed, this transfer will be cancelled and the Bonds transmitted to you fully registered in your name.

I trust you will realize the necessity of having this form filled in and that it will be returned without delay.

Yours truly,

Enc.

Dear Sirs:

Re. Timber License on Indian Reserve 22A.

It has been till now impossible to take the timber off this area in competition with water borne wood from areas north of Lake Superior for the drive is as low as 15¢ per cord as against $2.00 per cord by rail from here.

The price of wood in the summer of the year 1937 would have made it possible to get a contract for a winter cut but the sale by tender closed on November 3rd. and contracts were already let for that winters cut. The prospects in the paper industry became so bad that by the end of November that the mills were then already cutting down on their contracts where this was possible add the freight rate has since then made wood from here unmarketable.

I am now offered a contract for 5,000 cords of peeled wood by The Great Lakes Paper Co, Fort William, The season for peeling wood starts shortly and extends for about three months. The price offered is $9.00 per cord loaded on the cars.

The cost of wood, loaded on the cars next winter, figures as follows -

Cutting	4.12
Dues	1.51
Skidding to main road	.65
Hauling and loading on cars	.85
Icing road	.30
Overhead, Building Main Road 8 miles, Workmen's Compansation, Insurance on wood in bush, Foreman, Blacksmith, Depreciation on equipment, &c	1.25
	8.68

Should hauling conditions be bad on account of excessive snow-fall cost would be slightly higher and there is very little left foe supervision but if you will grant me an extension of cutting rights

INDIAN AFFAIRS
BRANCH

Ottawa, April 8, 1941.

MEMORANDUM:

The Director

Re: Licence to Cut Timber No. 240,
Frank Edwards,
Lac des Milles Lacs Indian
Reserve No. 22A1

The original "Licence to Cut Timber" was issued under date of November 24, 1937. The Licence was granted after Surrender had been duly obtained and accepted and the timber sale advertised. Two tenders were received, Mr. Edwards being the highest bidder his was accepted at the following prices:-

Pine logs	$9.50	per M
Spruce "	9.50	" M
Spruce pulpwood	1.51	per cord of 128 cu. ft.
Balsam "	.76	" " " 128 " "
Spruce piling	.05	" lin. ft.

The period stipulated in the Licence was three years. The final renewal expires on the 30th day of April, 1941. M r. Edwards also made a deposit of $2,000.00 which is now held by the Finance Department as a guarantee that his contract would be satisfactorily carried out.

Each year Mr. Edwards has paid the required renewal fee and annual ground rental and by statutory declaration has stated that it was impossible, owing to the state of the market and the location of the timber, to market the same at a profit, and these reasons were considered satisfactory. No timber whatever has been cut under this Licence.

Mr. Edwards now applies for an extension in order that he may accept a contract for 5,000 cords

Indian Affairs. (RG 10, Volume 7806, File 30009-12)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

of pulpwood, which he has been offered.

It is recommended that a renewal extension be granted for one year, that is until the 30th April, 1942, on the understanding that Mr. Edwards send in the sum of $42.00; $2.00 renewal fee and $40.00 to cover ground rental, and that he guarantees to dispose of the slash and debris resulting from the operation in a manner satisfactory to the Department; that he will be responsible for the protection against forest fires and the fighting of any forest fires that originate in his cutting operation.

It is to be understood also that no further renewal of this Licence will be granted unless there be a continuation of the cutting operation during the next winter season and the continuation of the same thereafter until all the timber is removed.

Dear Sir:

Re: Extension of Licence to Cut
Timber No. 240, Lac des Milles Lacs
Indian Reserve No. 22A1

In reply to your letter dated April 3rd in regard to the above, I have to advise you,-

That an extension of this Licence to Cut Timber will be granted for a period of one year from May 1st, 1941, to April 30th, 1942, on the payment of the renewal fee of $2.00 and the $40.00 annual ground rental, and subject to the following conditions:-

1. That cutting operations will start not later than May 1st to remove the 5,000 cords of pulpwood, as mentioned in your letter;

2. That the returns of the timber cut shall consist of a sworn declaration by a qualified Ontario scaler, who shall measure the timber, as well as a sworn declaration by the licensee as to the quantities, species and types of product cut and removed;

3. That all the sawlogs shall be properly piled with an even face on skidways, and pulpwood shall be properly piled in rows for accurate measuring;

4. That all tree tops remaining after cutting will have the limbs cut off and all the slash and debris resulting from the operation shall be scattered to lie flat to the ground at the time of cutting, in order to reduce the forest fire hazard, and that this

slash disposal must be satisfactory to the Department on inspection;

5. That preference in the way of employment in the work of cutting and removal of the timber, as far as is consistent with the economical progress of the operation, shall be given to the Indians of the Band owning the Reserve;

6. That the licensee will be responsible for protection against forest fires and for the fighting of any forest fires that originate in his cutting areas;

7. That in order to be eligible for further renewal or renewals bona fide cutting operations must be carried on during each and every year on a sufficient magnitude to insure the removal of all the timber within a reasonable length of time, at the discretion of the Minister;

8. That failure to fulfil all the terms of the original Licence and the modifications of them as above stated will be sufficient cause for the cancellation of the Licence and forfeiture of the deposit held by the Department as a guarantee;

9. That the undertaking will be completed to the satisfaction of the Minister in accordance with Clause 5 of Timber Regulations.

Yours very truly,

Director.

Dear Sir:

I have concluded a contract with the Great Lakes Paper Company Limited of Fort William for 5,000 cords of peeled pulp wood from Indian Reserve 22A1.

The Company now wishes to increase this amount to 10,000 cords and I have contracted for the additional 5,000 cords subject to your approval.

The peeling season usually starts about the 15th. of May and larger camps will be required for housing more men if the contract is raised to 10,000 cords.

If there is no objection to taking off the increased amount of wood this summer please wire me collect to Upsala, Ontario, so that arrangements may may be made to have everything in readiness for the beginning of the peeling season.

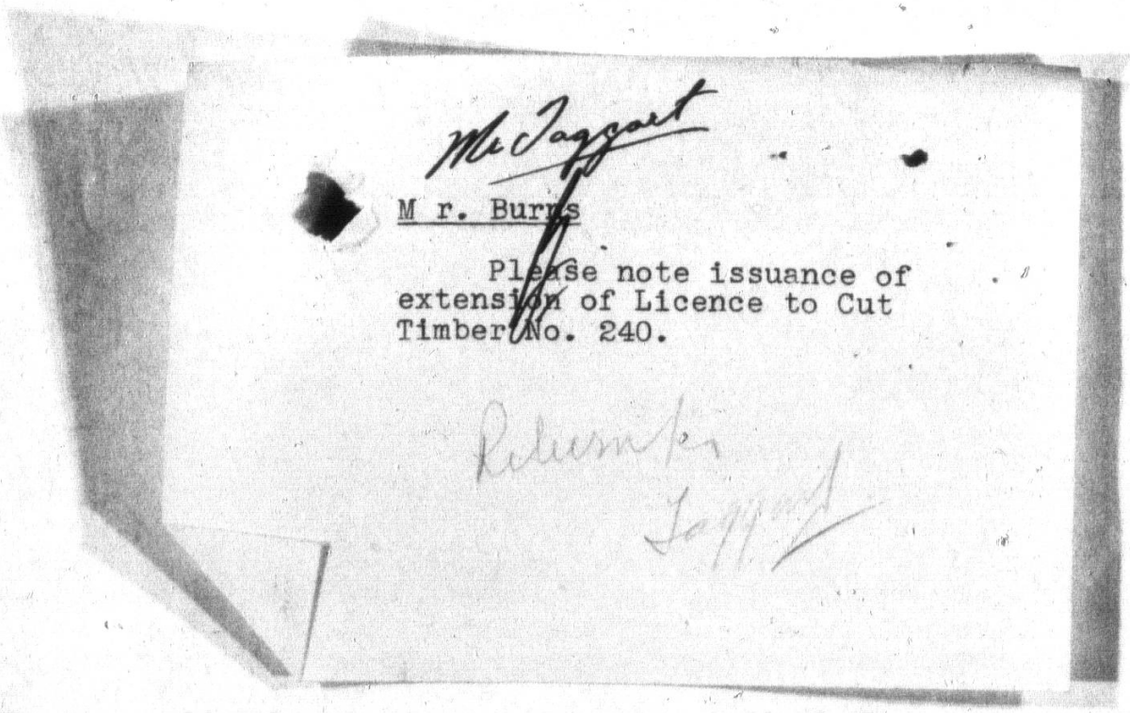

Yours truly,

Frank Edwards

Savanne, Ont., May 23rd. 1941

Department of Ind. MAY 27 1941 REGISTERED

The Director
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ontario.

Dear Sir:

The extension of License No. 240 was received on the 16th. and I did not immediately notice, because it was not in the license of the previous year, the condition in the following paragraph,

But this license is subject to the following conditions, viz:

That no Pine will be cut with a smaller diameter then twelve inches; Spruce and Balsam eight inches, measured breast high, and special conditions as appended hereto".

In this district, where black spruce predominates, it is customary on Ontario Crown Lands to cut down to six inches on the stump and the tree is cut as near the ground as practicable so that none of the tree be wasted.

The twelve inch minimum on Pine is quite in accordance with the usual pratice in this district and my impression is that the minimum of eight inches on spruce, breast high, is possibly intended to apply to white spruce when taken off for lumber and not to black spruce pulp wood.

I would like to have your ruling on this point so there will be no chance for any misunderstanding.

I want to cut this timber to your complete satisfaction and in such manner that fault can not be found by the Inspector in that I have just taken the best and left a lot of merchantable timber standing which should have been cut and not left to blow down and become a fire hazard.

Yours truly,

Frank Edwards

Dear Sir:

Re: Licence to Cut Timber No. 240,
Lac des Milles Lacs I.R. No. 22A1

I have for acknowledgment your letter dated May 23rd in regard to the diameter dimensions of timber to be cut under the extension of your Licence No. 240.

In reply I have to advise you that the diameter limits stated in this renewal have become a general policy of this Service in the removal of timber from Indian Reserves and has been adopted in order to preserve the on-coming growth of timber and in the interests of conservation. However, we recognize the fact that black spruce growing in wet swampy places is an exception and should be harvested to the full merchantable value in a pulpwood operation.

This, therefore, will be your authority to make the exception in the case of black spruce, which may be taken to any diameter of merchantable value. A copy of this letter should be attached to your Licence.

Yours very truly,

Director.

CRUISE ON LAC DE MILLE LAC INDIAN RESERVE NO. 22 - A1

The purpose of this cruise was to obtain an estimate of the merchantable wood left remaining on the reserve, in as short a time as possible.

The party consisted of R. Silversides - cruiser, and Don Whistle - compassman.

The north boundary of the Indian Reserve was well cut out and this line was chained off and used as a base line. Cruise lines were run at 20 chain intervals from this line south to thelake and the cut over so that all the areas outside the perimeter of the cut were thoroughly covered.

To cruise area within the perimeter would have taken another five to six days so that an estimate was obtained for this area. The cut over takes in the south west half of the Reserve. The country is similar to the eastern portion of the Reserve except that there is not as much young mixed wood and more unmerchantable spruce muskeg.

The cutters at present are cleaning up within the cut, and have been for several weeks. The foreman estimates that there is still a thousand cords left within the cut over. Having been scaling and stripping, he has seen the whole area, and from what has been seen by the cruiser, along the cutters' trails, this estimate does not seem to be particularly conservative. There is a good deal of timber that won't be cut. This wood is found on small softwood islands within the swamp where the windfall was extremely heavy - other small islands where the average d.b.h. was 5" with an occasional large tree. The cutters will not stay in this timber.

ESTIMATE

The following is the estimate by types for the uncut areas on the Reserve:

Type No.	Type Class	Area Acres	Volumes		
			Spruce	Balsam	Total
1	BSS-2	24.1	110	10	120
2	M	7.8	60	60	120
3	BSS-2	11.6	70	--	70
4	BSS-2	80.9	680	180	860
5	BSS-2	27.1	310	20	330
6	S	14.7	40	150	190
7	S	16.0	70	110	180
8	BSS-2	45.0	470	--	470
			1810	530	2340

THE GREAT LAKES PAPER COMPANY LIMITED

FORT WILLIAM, ONTARIO

November 12, 1941.

Mr. Frank Edwards,
SAVANNE, Ontario.

Dear Sir:

In accordance with our promise to you, we have had the Indian Reservation cruised by a competent cruiser, to determine the amount of wood outside of the cutting area within the Indian Reservation.

The cruiser was Mr.Silversides and his report and map are attached.

Mr. Silversides is now occupied in determining how much wood there is inside of the cutting area.

The report from the foreman of the camp is that there are about 1,000 cords remaining to be cut within the cutting area. Your contract with this Company and with Earle Greer gives permission to cut 10,000 cords only. Winnipeg Cartage Company, the operator, is within 500 cords of completing the 10,000 cord contract.

It is obvious that if you do not wish to have the contract quantity exceeded, cutting operations will have to terminate this week. We are prepared to accept additional wood under our contract with you and with Mr. Earle Greer, provided you give the authority to continue the operation to clean up the area inside of the cut boundary.

We would recommend to you that in the light of the small quantity of wood remaining outside of the cut boundary, it would be desirable from your point of view to have the wood cut at this time if the contractor is prepared to complete the operation. The Great Lakes Paper Company is prepared to accept the wood if produced.

Immediate action is required as the operator, Winnipeg Cartage Company, will need to be advised whether to stop cutting or whether to continue with the operation.

Mr. Godden will deliver this letter to you and will take such action as you authorize with respect to the continuation of the operation.

Ottwaw, Ontario.

Dear Sir:

I have today received from Mr. B. F. Avery, Manager, Woods Department, Great Lakes Paper Company, Fort William, the report of a cruise, which he had made at my request, showing the pulp wood remaining on Indian Reserve No. 22A1.

I am enclosing both map and estimate made by the cruiser also a letter from Mr. Avery in which he suggests that the amount remaining is so small that it would be better to clean it up this winter.

Leaving it till next year means getting in another camp outfit and building up another iced road about eight miles long and there is no assurance of a market for the wood then.

The camp expects finish cutting the 500 cords that remain to complete their 10,000 cord contract by the middle of next week.

I would like to have your permission to get these small areas that remain cleaned up while the operation is in progress.

Please wire your decision to me at Upsala, collect.

Yours truly,

Frank Edwards

Re: Licence To Cut Timber No. 240,
Lac des Milles Lacs Indian
Reserve No. 22A1

This will acknowledge receipt of your letter dated November 13th, in which you enclose a letter from the Great Lakes Paper Company Limited together with a report on a cruise giving the estimate of the remaining quantity of timber and a plan of the Reserve showing the cruise, and requesting that you be given authority to remove the remaining timber in accordance with the estimate.

To day we wired you as follows:-

"AUTHORITY GRANTED COMPLETE CUTTING OF MERCHANTABLE TIMBER INDIAN RESERVE TWENTYTWO A ONE LICENCE TWO HUNDRED FORTY."

In this connection I would refer you to our letter dated April 10th last and particularly to paragraph 7. Your licence No. 240 is dated to expire April 30th, 1942.

Yours very truly,

Harold W. McGill

Dear Sir:

Re: Licence to Cut Timber No. 240,
Frank Edwards, Lac des Milles
Lacs Indian Reserve No. 22A1

The above mentioned licence to cut timber was issued on the 24th day of November, 1937, and will expire April 30, 1942, the same having been extended one year in order to give Mr. Edwards an opportunity of removing all the timber.

During the past summer Mr. Edwards has been busily engaged in taking off pulpwood and according to latest reports has cut the major portion of the stand but is still operating.

You have been supplied with a copy of the last renewal of this licence in which there are special conditions. It seems desirable, since this operator will shortly have completed the operation, to have an inspection of the same to see that all the clauses have been carried out, particularly the one with respect to slash disposal.

We will be glad to have you make such an inspection and report on the same at your earliest convenience.

Yours very truly,

D. J. Allan,
Superintendent,
Reserves and Trusts.

Dear Sir:

The Great Lakes Paper Co. has just brought up the question of the scaling of wood cut off Indian Reserve No. 22A1 under License No. 240.

The wood goes by rail to the Great Lakes Paper Co. and all their wood is scaled on arrival at the mill by a licensed Ontario Government scaler.

Will a sworn statement by this scaler be satisfactory to you.

Yours truly,

Frank Edwards

Dear Sir:

Replying to your letter dated December 8th in regard to the measurement of wood cut under authority of Licence to Cut Timber No. 240 from Lac des Milles Lacs Indian Reserve No. 22A1, I have to advise you that according to Clauses 2 and 3 of the "Special Conditions" of the last renewal of your licence, the wood is to be properly piled in rows for accurate measurement and the scaling is to be done by a qualified scaler. This means that all the wood cut is to be measured before it leaves the Reserve.

You will readily understand that in order to protect the Indian owners of this timber against loss in transit or otherwise it is necessary for us to insist that it be measured before it leaves the Reserve.

Yours very truly,

D. J. Allan,
Superintendent,
Reserves and Trusts.

THE GREAT LAKES PAPER COMPANY LIMITED

FORT WILLIAM, ONTARIO

December 22,
1 9 4 1.

Mr. J. G. Burk,
Department of Indian Affairs
PORT ARTHUR, Ontario

Dear Mr. Burk:

Enclosed please find copies of letters from Mr. Edwards to this office and from the Superintendent of Reserves and Trusts at Ottawa to Mr. Edwards.

This is the matter about which I called you today.

We are about to begin to haul the wood purchased from Mr. Edwards and cut upon the Indian lands at Lac des Mille Lac. We had intended, as is our practice, to scale the wood on board cars at the mill where a scaler, licensed by the Ontario Government, will be on duty and will take affidavit as to the scale of the wood from the lands in question.

The wood purchased from Mr. Edwards and cut upon the Indian lands is essential to the operation of this Company's mill this winter and spring and any delay in the hauling and delivery of the wood will jeopardize the continued operation of this plant. There is a great scarcity of scalers and I doubt that you or Mr. Edwards will be able to obtain a licensed Ontario scaler to scale the wood in question before hauling is undertaken.

Under the circumstances we recommend that you give consideration to permitting the scale of the wood at this Company's mill to serve for the payment of stumpage.

In our experience the scale on cars at the mill always exceeds the scale of Ontario licensed scalers who have scaled the same wood in the bush.

If a bush scale is essential then it will be necessary for you and/or Mr. Edwards to appoint a scaler and put him on the job immediately, as the haul is expected to begin not later than Saturday, December 27th.

We shall be very glad to agree to pay stumpage on any wood that may not be hauled and to send a scaler, after the haul is complete, to measure any wood that may have been left in the bush.

Yours very truly,

B. F. Avery

Attention-Mr. D. J. Allen, Supt. of Reserves and Trusts

Sir:

With reference to recent correspondence under your file 30009-12, with regard to the cutting of timber under authority of Licence to Cut Timber No. 240 from Lac des Mille Lacs Indian Reserve No.22A1, I beg to enclose herewith, letter from Mr. B. F. Avery, Manager, of the Woods Department of the Great Lakes Paper Co., Ltd. at Fort William, Ont. in which he requests permission to scale the wood on the cars at the Fort William mill.

I have interviewed the District Forester here, and he advises that it is impossible at the present time to secure the services of a licensed scaler. In view of this, and the fact that Mr. Avery states in the last paragraph of his letter, that any wood left in the bush will be scaled, after the haul is completed, and the stumpage paid on it, I would be pleased if the Department would wire approval on receipt of this letter.

I might add that, it is generally found by timber operators in this District that the scale on cars always exceeds the scale of licensed scalers, who have scaled the same wood in the bush.

Your obedient servant,

J. G. Burk

Re: Licence to cut Timber No. 240
Frank Edwards-Lac des Mille Lacs
Indian Reserve No. 22A1

Dear Sir:

Referring to your letter of the 3rd ultimo file 30009-12 and previous correspondence regarding the above noted Licence, I wish to report as follows:

1. The cutting operations consisting of peeled and rough pulp started May 1st, 1941.

2. The return of timber cut will be scaled by a qualified Ontario timber scaler as at the end of the hauling season in April, next month.

3. No saw logs are being cut on this limit. The pulpwood is neatly piled and is scaled on flat cars.

4. The pulpwood is cut in strips. The tops and slash and small ends are piled in two rows at each side of the strip. The operation appears to be very satisfactory.

5. Preference is given to the Lac des Mille Lacs Indians in cutting, skidding and as teamsters, also all Treaty Indians can secure work.

6. It was explained to Mr. Frank Edwards, the licensee that he would be responsible for fire protection and for fires that might originate on the wood project.

7. The licensee, on my recent inspection reports that all timber will be cut and removed in the 1942-43 season.

In conclusion, I wish to report a final inspection will be made before the season is completed.

Yours truly,

J. G. Burk, Indian Agent.

Dear sir,-

re Licence to cut Timber No. 240,
Lac des Mille Lacs Indian
Reserve No. 22 A 1.

Licence to cut Timber No. 240, authorizing the cutting and removal of pulpwood from the above mentioned Indian Reserve, automatically expired on the 30th day of April last, and as no further extension is allowable, the authority contained therein is null and void after that date.

So far we have not been supplied with any returns as to quantities and species of timber cut, although your operations have been in progress for more than a year.

We must now request you to make a return of all the timber sealed to date, accompanied by a remittance covering the same. The remaining tally may be made at a convenient time before November 30th.

Please note that there is an interest charge provided in the Timber Regulations on all moneys owing after the 30th day of November in any year.

Yours truly,

D. J. Allan,
Superintendent,

INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE 500

Port Arthur, Ont.,
July 16, 1942.

Attention-Mr. D. J. Allen, Supt. of
Reserves and Trusts.

Dear Sir:

Referring to your letter of the 3rd instant file 30009-12, addressed to Mr. Frank Edwards of Savanne, Ont.; copy of which was forwarded this office, and in connection with Lease No. 240 covering the cutting of timber on the Lac des Mille Lacs reservation, I note that this lease expired on April 30th last.

For the Department's information I wish to state that Mr. Edwards just called at this office and informed me that owing to the fact that a large part of the Indian reservation was flooded last September, due to heavy rains, it was impossible to cut the timber on the low ground, with the result, the better timber on the high ground was cut.

It was understood that the poorer grade timber on the low ground, which could not be cut last year would be cut at a later date, unfortunately owing to the fact that it is almost impossible to get cutters there is still approximately from four to five thousand cords to be cut. This timber is in isolated spots and more scrubby than the wood on the higher ground and naturally is more expensive to remove. Mr. Edwards discussed this matter with Mr. B.F.Avery, Woods Supt. of the Great Lakes Paper Co. last fall, at the time of the high water, and he promised to clear up all the wood on the limit, but he could not guarantee to get it out by April 30th due to the labour situation. Under the existing circumstances I would strongly recommend that Mr. Edwards' lease be renewed for a further period of one year.

The Secretary,
Indian Affairs Branch,

Ottawa, July 25, 1942.

MEMORANDUM:

The Director.

Re: Licence to Cut Timber No. 240,
Frank Edwards, Lac des Mille Lacs
Indian Reserve No. 22 A 1.

Mr. Frank Edwards of Savanne, the licensee as above, has applied to the office of the Agent for a further extension of one year from May 1, 1942, to April 30, 1943. (See Agent Burk's letter dated July 15th.)

In this connection please refer to memorandum dated April 8, 1941, and our letter dated April 10, 1941.

Under the circumstances as stated by Agent Burk, it is recommended that a further extension of one year from May 1, 1942, to April 30, 1943, be granted.

Approved

D. J. Allan,
Superintendent,
Reserves and Trusts.

Dear Sir:

We have for acknowledgment your telegram of November 4, 1942, requesting a cheque to cover a distribution of $10.00 per capita from the timber payment to the Lac des Mille Lacs Band.

In this connection a cheque was mailed as soon as possible after receiving your wire to cover the distribution. It is pointed out to you that much inconvenience and the necessity of sending a telegram would have been avoided if you had sent a letter sufficiently in advance of the time you intended making the distribution. As you are aware in the interests of economy the sending of telegrams except in very exceptional cases is to be avoided. Further it is the customary procedure for Agents to submit in writing a request for the necessary money. May we ask you, therefore, to keep this in mind for the future.

Yours truly,

T.R.L.M

With further reference to your file No. 30009-12 with regard to Lease No. 240 in favor of Mr. Frank Edwards of Savanne, Ont. authorizing the cutting of Pine, Spruce and Balaam timber on the Lac des Mille Lacs reservation, I have to advise that I am in receipt of a letter from Mr. Edwards requesting renewal of the lease, which expired on April 30th.

Under today's date I have forwarded the sum of $42.00 in our Receiver General Payment No. 1, which was forwarded by Mr. Edwards to cover Ground rent and license fee.

I will forward an affidavit from the Great Lakes Paper Co. covering the amount of wood cut last year, under this lease, in a few days time but the approximate cut this winter was only 2,500 cords pulpwood and 700 saw logs. You will notice the amount is small but due to labour shortage etc. it was difficult to operate.

If a renewal is granted; which I would strongly recommend, it is the intention of the Company to permit the Indians cutting, to continue with their work, through this summer and next winter. This will provide them with continuous work for several years to come.

On my last inspection of the operation I found the work being carried out in accordance with the terms of the above mentioned lease and I would be pleased if this could be renewed for a further term of one year.

Ottawa, May 11, 1943.

Mr. J. G. Burk, Indian Agent, Port Arthur, Ont.

In accordance with the request contained in your letter dated May 6th, recommending a further extension of Licence to cut Timber No. 240, authorizing Mr. Frank Edwards to cut and remove timber from Lac des Milles Lacs Indian Reserve No. 22A1, I am enclosing herewith two copies of renewal Licence No. 240, duly executed, for the period, May 1st, 1943, to April 30th, 1944. Will you please forward one copy to Mr. Edwards, retaining the other copy for your records?

It is noted in the third paragraph of your letter that an affidavit covering the amount of wood cut last year would be forwarded to this office in a few days. This affidavit we will look forward to receiving shortly.

When passing to Mr. Edwards his copy of the licence renewal for the current year, kindly request from him a remittance in accordance with dues shown on Licence, and covering the amount of pulpwood and timber cut last year, that is, provided remittance has not already been forwarded.

Director.

Ottawa, May 18, 1944.

Mr. J. G. Bürk, Indian Agent, Port Arthur, Ont.

We have received a request through the Minister's office for information on behalf of a Mr. Naylor Haine, regarding the present stand of timber on Lac des Milles Lacs Reserve.

It would be appreciated if you would submit a full report as soon as possible on this situation at the present time, giving information on the following points:-

1. What progress has been made with cutting operations during the past year, 1943-44, under Timber Licence No. 240, which expired on April 30th?

2. How many cords of pulpwood and what quantity of timber in f.b.m. were cut during the past season?

3. When may we expect to receive final returns from the licensee covering operations during the season just closed?

4. Is there any likelihood of an application being submitted by Mr. Edwards for a further extension of Licence?

5. Please furnish us with an approximate estimate of the quantity of timber suitable for pulpwood , and logs to be cut into lumber remaining on the reserve.

In connection with question number five, I would draw your attention to paragraph 4, your letter of May 6th, 1943, reading as follows:-

(over)

Indian Affairs. (RG 10, Volume 7806, File 30009-12)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

"If a renewal is granted, which I would strongly recommend, it is the intention of the Company to permit the Indians cutting to continue with their work through this summer and next winter. This will provide them with continuous work for several years to come."

From these remarks it would appear that there is quite a quantity of timber on the reserve still to be cut.

You might also advise if the licensee has complied fully with operations, in accordance with conditions set out in the Director's letter of April 10th, 1941, to Mr. Edwards, copy of which was sent to you.

If you have any further information which may be of interest in this case, please do not hesitate to furnish it in your report.

D. J. Allan,
Superintendent,

Indian Affairs Branch, Dept.Mines & Resources, Ottawa,Ont.

I have for acknowledgement your letter of the 18th instant, file 30009-12, with regard to a request through the Minister's office for information regarding the present stand of timber on the Lac des Milles Lacs reservation.

With regard to the questions contained in your letter I wish to reply as follows:

1.(The cutting operations for the year 1943-44 have now
2.(been completed and an affidavit of the cut forwarded
3.(you on May 24th.

4. Mr. Frank Edwards, the licensee does not intend to make application for a further extension of his license.

5. There is between three and four thousand cord of scattered timber left on the reservation, which the Indians desire to cut,themselves, and sell to the Great Lakes Paper Co. Ltd. of Fort William, from time to time, as they are in need of employment. This is what I had reference to in my letter of May 6th, 1943.

With regard to the remarks in your second last paragraph, I may say that Mr. Edwards has complied fully with the regulations set out in the Director's letter of April 10th, 1941.

If the Department requires any further information with regard to the timber on the above mentioned reserve, I will be very pleased to forward same.

MEMORANDUM.

Mr. Pratt:

Reference Lac des Mille Lacs I. R.,
Timber Licence 240.

In reply to the inquiry of Mr. McIvor, M.P., on behalf of Mr. Naylor Haime, I have to advise that our Agent has reported that Mr. Frank Edwards does not intend to apply for a further extension of his licence. He also reports that there are only three or four thousand cords of scattered timber left on the Reserve. The Indians wish to keep this and cut and sell it as they need employment.

File 30009-12

Ottawa, ~~July~~ Aug 23, 1944.

Mr. J. G. Burk, Indian Agent,
Port Arthur, Ontario.

Re Lac des Milles Lacs I. R. No. 22A1.
Edwards Timber License No. 240.

No application for the extension of the term of this license has been received. However, your ~~receipt~~ no. 20608 was for $42. for ground rent and renewal fee is noted.

It was understood that the Indians wished to retain the scattered timber remaining in the Reserve. (Yours report May 27/44)

Please advise if you recommend a renewal of the license, or if you consider that the licensee has ample opportunity to cut the timber. His original license was issued in 1937.

A cruise of the timber made for the Department in 1937 indicated timber on the Reserve as follows:

Spruce Pulpwood	10,000	cords
Balsam	7,000	"
Birch	8,000	"
White Pine	150,000	F.B.M.
Spruce	800,000	"
Balsam	700,000	"
Cedar	150,000	"
Poplar	700,000	"

At the prices of Mr. Edwards' tender and license, the spruce, Balsam, and Pine had a value of $29,445.00.
Dues payments have been: Oct. 1942,-$16,978.58, August 10, 1943-$3716.00, and statement of June 14, 1944, still owing,-$264.16, a total of $20,960.77.

The original license in 1937, was renewable yearly for a period of three years. In April 1941, an extension until 30th

Indian Affairs. (RG 10, Volume 7806, File 30009-12)

Poor Copy

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

April, 1943 was approved. In May, 1943 an extension to April 30, 1944 was issued.

The estimate in 1937 included 150 M ft. of Pine and 800 M. ft. of Spruce log timber. At $9.50 per M. this Spruce should have paid $7,600 in dues. Converted into cords of pulp at the rate of 1M. Bd. ft. = 3.836 cords, it would pay only $4,563. The measuring of the Spruce log wood as pulp wood has resulted in a shrinkage of 41% in the amount payable as dues.

Of the Pine timber, dues have been paid on only 26.340 F.B.M., amounting to $250.23, instead of the $1425. which might have been expected from the cruise.

Should the Ontario District Forester at Port Arthur be requested to inspect the area, and to report if Edwards has left it in a satisfactory condition?

If Mr. Edwards' license is not to be renewed, do you consider that his deposit of $2000. should now be returned to him?

Savanne Via Upsala, Ontario

October 25th, 1944.

Mr. J. G. Burk,
Indian Agent,
Port Arthur, Ontario.

Dear Gerry:

Our Via Upsala mail is very uncertain.

In reply to your letter of the 18th, about the timber on the Indian Reserve, I wish to say that if the Indians want to retain the balance of the wood, estimated at between three and four thousand cords and take it out themselves, I have no objection to make.

During a conversation several weeks ago with Rev. Dan McIver, he told me that he had been talking to Mr. Crerar a short time ago and Mr. Crerar had said that he wanted to have the timber and other resources on the Indian Reserves worked by the Indians.

If this is the desire of the Department of Indian Affairs, I agree to the cancellation of the current with the return to me of my deposit and the fees and ground rental. No wood has been cut yet on this seasons license.

Yours truly,

Sgd. (Frank Edwards)

CLERK BRANCH
DEC 20 1892

I have the honor to submit the question of protection of timber on South and Georgina Island from the White Men. I have had very great trouble and annoyance to keep the White Men from trespassing on the park. I have been well backed up however to regulations I fear that unless some steps are taken soon the timber is destroyed. Lumbermen are taking it off every day. Board is very scarce in both townships upon these Islands which the Saw mill and they will be inclined to make terms with the Indians there is plenty of dead wood and trees which the Indians can cut and sell. but they must consult their agent in this. If you think proper I will be very pleased to give the protection of your attention.

To The Secretary

Department of Indian Affairs,

Ottawa, 21st Dec 1892

Approved
A. M. Burgess

With regard to Mr. Stevenson's letter of the 16th Instant, the undersigned would state that it seems necessary that the Department should avail itself of Mr. Stevenson's offer to prevent trespass on the timber on Sucker Georgina Islands, and it would be advisable to request him to warn White men against cutting the timber. As regards the Indians, they can only be allowed to cut on their locations by Permit issued under special instructions from the Department.

DEPARTMENT OF INDIAN AFFAIRS
DEC 27 1892

I have the honor to acknowledge your letter No 133444 dated 22nd inst. respecting trespass on the Georgina Island Reserve

The tenor of your letter would appear simply a misapprehension of my letter therein referred to. There has not this season (so far as I know) been any increase My intention in writing was to warn the Department of this possible Contingency & ask for the views on therein stated.

I beg to direct attention to the line of shore on the mainland, stated along the Townships and as it is not generally known that I am no longer Indian Agent. that a short simple warning be placed in the local papers which I can state among the very people intended to be warned to the effect that any such trespass & its intended consequences. This would cost only a trifle perhaps $1.00 or less.

I have the honor to be

Ottawa January 27th 1893

Permits will issue to cut timber

When I paid the Indians on Georgina Island on the 11th inst. they pressed me very hard for permission to cut a certain quantity of green timber into two feet cord wood for sale. I told them I had not the power to give them such permission, when they asked me if I would ask the Department to give them the permission. I told them that if they put their request in the form of a resolution of the Council I would bring it to the attention of the Department. I beg to attach a copy of their resolution signed by Chief Charles Big canoe. I believe it to be a fact that in the section of the country in which the Georgina Island Reserve is situated crops were generally very poor. I heard cases where the white farmers found that their crops after harvesting them, were not worth threshing - there were large quantities of straw, with little or no grain. From the peculiarly exceptional weather of the season of 1892 the crops became blighted. The Indians say they have no

need for the next ~~spring~~ farming operations, and would be unable to get it unless given the permission asked for. They purpose to confine their cutting to their respective locations. Under the exceptional circumstances it seems their request is worthy due consideration. They purpose to cut 30 cords of two feet wood to each location. Such wood, cut & del^d, would be worth about $1.50 a cord, and the 30 cords would bring about $45.00. Perhaps some arrangement might be made, if the season is not too far advanced, to give them special permits confining them in each case to a certain area on condition that it be cleared fit for cultivation. I beg to submit their request for the consideration of the Department for such action as may be deemed wise in the matter.

Sir I saw the home Secretary, your letter to 134827. dated July 13/93 Re Johnson desired to Cut timber in process of Clearing. he is on a new lot & I recommended him to apply for license as I knew it was against the rules to Cut without license or permission as reminded in your letter of the 21st Dec to 133444 and during my Agency the rule was to pay 1$ for license. In sending this to the Department - I was acting for him out of kindness. and taking no responsibility. Conceiving that it was for the Department to accept or otherwise and whatever my decision was I was to report to Johnson - This was done before I received instructions to issue permits as set forth in your letter referred to (to 134827 dated 31 Jany) and besides the permission granted under authority of this letter would not meet the requirements of Johnson. That permission was restricted to the Cutting of 30 Cords 8 feet wood equal to 15 Cord 4 ft wood this Can be cut out of 1 tree. 12 or 15 feet sizes trees. which would not allow Johnson to clear much land - his quantity might be Cut off about 1/4 acre or a little more. Johnson wanted leave to clear 3 4 or 5 acres and this permission would not meet his requirements What ever the Department desires or

133444

LAND BRANCH
FEB 1899

Sir. 206849

I have the honor to acknowledge the receipt of your letter No 133444 bearing date 17th February 1899. The wood William Charles cut and sold to John Prosser light house keeper was 10 cords of hard wood 22 inches long for use at the light house. Mr Prosser needs the wood badly and thinks he paid enough for the wood as it is so short but if the Dept. has any charge he will pay it if not to high in order to release the wood. The wood was seized by Mr McGee Indian agent about the time of my appointment. I learn that William Big sale another Indian on Snake Island has cut and sold considerable wood on Snake Island I asked the chiefs son why Big sale was allowed to sell wood and Charles not allowed and he said Big sale had a permit from the Agent but Charles had none this looks as if there was some feeling against Charles. There is a number of Indians on Georgina Island selling wood; as I have not received my instructions yet I dont know whether they are doing right or wrong. When I get full instructions I will keep as close to them as possible and treat all the Indians alike

Jan Bigcanoe one of the chiefs sons wanted me to try and get him appointed light house keeper in stead of Mr Prosser, so it seems to me that their is some cause for Wm. Charles and John Prosser to complain as no other wood was seized but theirs.

Your obedient Servant

John Gales.

M E M O R A N D U M

To the Secretary-

Ottawa 22nd February 1899-

In regard to Memo of the 17th Instant by Mr. McKenna in relation to a quantity of soft wood purchased by Mr. John Prosser, the light house keeper at Fox Island, from Wm. Charles, an Indian of Snake Island, I beg to state that, as instructed, the local Agent was asked to investigate and report on the matter, and I now beg to submit his report.

I may state that there is no record of any Permit having been given William Charles to cut and dispose of the wood in question and, under the provisions of the 27th Section of the Indian Act, as enacted by 50 and 51 Vic Cap 23, Sec. 4, such disposition by him would be contrary to the provisions of the Act.

I may say that it is the practice of the Department to issue Permits to Indians to cut timber on the Reserve of their Band, provided the Band give their consent thereto and the local Agent recommends the granting of the Permit, the question of payment of dues being dealt with accordingly as recommended by the Band.

Rxd

Ottawa,23rd February,1899-

Sir,

In reply to your letter of the 20th Instant,in relation to the ten cords of hardwood cut by William Charles,and sold to John Prosser,and placed under seizure by the late Indian Agent McPhee,I beg to inform you that in view of the fact that the Light house Keeper paid for the wood in good faith,the Department is disposed to be lenient in the matter,and you may,therefore,release the wood,upon payment by Mr.Prosser of 20 ¢ double per cord,being single dues thereon,and also upon payment of any charges that may have been incurred in connection with the seizure.

For your guidance in relation to timber on thelands within your Agency,I would beg to refer you to the 27th Section of the Indian Act,as enacted by 5o & 5I Vic.Cap.23,Sec.4,under the provisions of which an Indian is forbidden to cut any timber for sale,unless under permission obtained through you,from the Department.

Indians may only cut without permission ~~in actuality~~ for building,fencing and fuel .

If an Indian desires to cut timber for sale, you should lay his application before the Band in Council, and forward their Resolution in the matter to the Department with

John Yates,Esq-
Indian Agent,
Bachell,
Ont.

Indian Affairs. (RG 10, Volume 7806, File 30010-1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

with your report thereon and recommendation.

You will kindly notify any parties dealing with Indians in regard to wood ,that in all cases,they should see you,before purchasing,in order to ascertain whether the Indian selling,has the right so to do.

In case,at any time,you may find any timber cut without authority,you should at once place the same under seizure,and report the matter fully to the Department for instructions.

In dealing with applications for permits you should obtain an expression from the Band as to whether the party receiving the permit is to pay any dues on the timber cut,which of course would go to the credit of the Band.

All permits issue by you under instructions from the Department,must expire on the 30th April after the date of such issue.

Your obedient servant,

J. D. McLEAN

Sir

I beg to submit a list of applicants for permits to cut wood for sale on the Georgina and Snake Island reserve also the resolution passed by the Band limiting each one to the amount set opposite his name; some of them wants to buy sleighs, some harness and one a stove and the majority want to get provision for their families. a great many of the Band do not raise enough to bread themselves, while quite a number of them are making baskets and will get through the winter that way. and dont ask to cut any wood. I know that most of them are hard pressed for provision or will be before spring and I therefore recomend the Dept. to grant permits to the applicants.

I have the honor to
remain your obedient servant
John Galet.

Ottawa 24th January 1900-

Sir-

I beg to acknowledge the receipt of your letter of the 19th Instant, enclosing a copy of Resolution passed by the Georgina and Snake Island Band of Indians on the 18th Instant, asking, on behalf of eighteen Indians, whose names are given therein, for permission to cut 160 cords of wood for sale, free of dues, and in reply to inform you that in view of your statements and recommendation, Permits may be issued to members of the Band for the quantities shown opposite their names.

If this timber is to be taken from their respective Locations, you will require to see that the area cut over is cleared next season and seeded with grass and clover seed, or put under cultivation, and if on the Reserve or unsettled part, a certain and definite area should be allotted to each to cut upon. Care should be taken that no trees under 9 inches in diameter at the stump are cut and your personal attention to this matter should be given.

Fifty Permits will be sent you under separate cover, one of which, stating the particulars, should be issued to each of the applicants, if a member of the Band.

If there is any dead and fallen timber on the Reserve, it should be disposed of before the green timber is cut.

Your obedient servant

MEMORANDUM:

For the SECRETARY.

Alfred Bigcanoe, son of Chief Bigcanoe of Georgina and Snake Islands, wishes to sell to other members of the Band, two or three thousand feet of the lumber which he accepted from Indians as payment for hauling lumber for them, but the Agent has advised him that he cannot do so.

Alfred is one of the few on the island who has a team: and he did most of the hauling required in connection with the portable mill which worked there this summer. He accepted lumber, and now he has 2.000 or 3.000 feet more than he can use, and wishes to dispose of it to other members of the Band who have use for it. It would be a mistake to prevent him from doing so, as he can not possible use all that he received. He is a single man, and is living with his father, and did the hauling to accommodate those members who have no horses.

I may add that Alfred is a most intelligent, industrious young man and an experienced navigator, his summers being

Sir

When the Indians of Georgina Island were getting out saw logs, to cut lumber for their own use a number of them had to hire their logs drawed to the mill. Two or three of the Indians drew a good many logs for those that had no team; after getting their own in, and had to take logs or lumber for their pay, and they now have a little more lumber than they want and would like to sell a few thousand.
Albert Big Canoe wants to sell two thousand, Alfred McCue two thousand if the Dept. will permit them to sell that amount it would help them to employ skilled laborers to repair their buildings.

Ottawa 24th August 1900-

Sir-

I beg to acknowledge the receipt of your letter of the 20th Instant,reporting that the Indians of Georgina Island had made Sawlogs to provide lumber for their own use,which had been drawn to the Mills by two or three of the Indians for those who had no teams,and for this service they received payment in lumber that they now desire to sell. In reply,I have to inform you that Albert Big Canoe and Alfred McCue,two of the Indians who hauled the Logs, may be allowed to sell the surplus lumber they have,and apply the proceeds in repairing their buildings.

It is assumed by the Department that these Logs were cut on the Indians' Locations,as it does not appear that application was made for permission to cut Sawlogs on the Reserve in the usual way. You will have the goodness to state whether this assumption is correct or otherwise.

Your obedient servant

Sir

I beg to report as follows, Last week a man named C. H. Amey came to the Island and bought from the Indians a little over 6000 feet of lumber, getting it from several parties. He told me he had got £5-00. I told him it would have to be left on the Island till I wrote to the Supt. as the Indians were not allowed to sell their share of the lumber we had cut, but the first calm morning he started with a small steamer landing about seven miles from my landing, but I was there when it was brought to shore, and placed it under seizure. I find he got the lumber on debts that had stood for a long time in some cases for furniture and some cash. In one case the Indian had got an organ and in all cases the debts were honest and the Indians are willing to pay in the way they have done. They got a good price for the lumber. While I have often advised the Indians to pay their honest debts I have also told them they must not sell any timber of any kind without permission from the Supt. But they have been selling timber so long, I find it hard to restrain them. I might mention that in two cases the Indians had sold to the same man on the same debt some young cattle which they keep now; the lumber in question was cut from logs cut by each Indian on his own lot by

134 827-

Ottawa 8th November 1900-

Sir-

I beg to acknowledge the receipt of your letter of the 5th Instant reporting that certain Indians had sold lumber to Mr.C.H.Amey,which they had cut on their Locations under Permits and that you had seized the same.

In reply I have to state that inasmuch as the quantity sold is small,6165 feet B.M.,that in some cases furniture,which the Indians needed,had been received from Mr.Amey in exchange for the Lumber and considering that the Indians admitted his claims and were willing to pay him,the Department is not disposed to be severe in the matter.

You may,therefore,release the lumber to Mr.Amey and inform him that the decision made in this instance must not be held to form a precedent for future transactions between him and the Indians,who have no legal right to dispose of timber unless authorized to sell by the Permits issued to them by the Agent under the instructions of the Department.

In issuing Permits in future you should restrict the Indians to such specific quantities as in your judgment are required to supply what may be found necessary for build ing,repairing,fencing and fuel.

The Indians should be told that any repetition of this illegal selling of lumber is liable to be severely dealt with.

Your obedient servant

Sir

A number of the Indians Georgina Island has on their some swamps elm. that they would like to sell it grows in the swales and is of no use to them as it is never used for building or fencing. the trees are pretty large and often blows down and some spoils. The only desire is to cut some on their own lots. I think it would be as well to let them cut a limited quantity that stands in or near their clearing as the trees exposed to the wind is very apt to blow down. and it would enable them to use the lumber. they now have for building to better advantage as they would make a little ready cash out of the elm to buy nails and hire skilled labor. If permitted they intend to cut the logs into plank and after paying for the sawing sell the rest.

The Secretary of

Sir.

In connection with the enclosed resolution I beg to state that the mill we had on the Island last winter broke down, and it was idle for one month and left over three hundred logs not sawed; we will have to cut them this winter or they will spoil and as the mill will have to be brought back to cut the logs that is all ready out; some of the Indians wants to cut some more. Isiah Johnson is very anxious to get a horse; if he was permitted to make forty or fifty dollars in that way he could get one. John E. Bigbeanoe did not get all his timber for his barn and several others would like to cut a small quantity. I may say that a number of the Indians have improved their buildings and built several new stables and kitchens during the last two years with lumber cut on their own lots. Therefore I can heartily recommend the present application.

I remain your obedient servant

Ottawa 30th January 1902-

Sir-

I beg to acknowledge the receipt of your letter of the 27th Instant, enclosing copy of a Resolution passed by the Georgina Island Band, asking permission for Isaiah Johnson and eight other Indians to cut Cordwood for sale.

In reply, I have to state that you may issue Permits to the applicants for the quantities stated in the Resolution, subject to the payment of Crown Dues at Tariff rates under sworn Returns.

You should indicate in the Permits the locality and area of land where the cutting is to be done and it will be incumbent on you to see that operations are confined to the limited area, that all trees fit for wood shall be cut clean; and that the resulting brush is so piled as to incur as little danger from fire as possible.

Sir-

I beg to acknowledge the receipt of your letter of the 15th Instant, enclosing copy of a Resolution passed by the Chippewa Indians of Georgina and Snake Island at a special meeting of Council, asking for permission for Thomas Port, Arthur Selleby and Daniel Big Canoe to cut wood on their Locations for sale, and in reply to inform you that Permits may be issued to the applicants to cut the quantities stated on the conditions that sworn Returns shall be furnished and that the land cut over shall be cleared and fenced in Spring and made ready for cultivation, or seeded with sufficient grass and clover seed to prevent the growth of noxious weeds. You should collect dues on the wood which will be refunded when the conditions shall have been properly carried out. It is not usual to collect dues on dead and fallen timber for sale, but the cutting of all kinds of timber should be done under the supervision of the Agent after the passing of a Resolution by the Band, specifying the names of applicants and quantities applied for. This Resolution should be submitted to the Department for sanction with or without your recommendation that Permits should be given them, as circumstances may warrant.

OTTAWA, 27th November 1902-

Sir-

I beg to acknowledge the receipt of your letter of the 24th Instant, enclosing copy of a Resolution passed by the Council of the Georgina and Snake Island Bands, asking for permission for certain Indians to cut wood on their Locations for sale, the total quantity being 234 Cords.

In reply, I beg to inform you that Permits may be issued to the applicants to cut the quantities specified, on the conditions that the land cut over shall be cleared and fenced next Season and made ready for cultivation, or seeded with grass seed and clover in sufficient quantity to prevent the growth of noxious weeds and brush.

Dues should be collected under sworn Returns on the quantity cut and sent to the Department, which will be refunded when the conditions shall have been duly carried out.

If there is dead and fallen timber on the Reserve it should be taken out first and may be sold free of dues. You may issue Permits to cut such limited quantities of it as you think proper, if applied for by any of the Indian members of the Band.

It does not appear that you have complied with the instructions given you in letters of the 20th January, 15th and 19th and 28th of February last, and

Ottawa, I6th December, I902-

Sir,

In reply to your letter of the I3th Instant, asking, the rate of dues on cordwood, I beg to inform you that hardwood is subject to the tariff rate of 30 ¢ per Cord and 50¢ but if in wood 20 Cents advantageous localities the rate for the former is 40 ¢ per cord, and the latter 25¢. When Timber is cut on Reserves, it is usual to charge the rate of dues quoted above, and I00% additional, representing the value of the Timber, which belongs to the Band in equal shares, but as this wood is to be cut on Locations, single dues will be suffice. You will require to indicate, by blazing, the limits to be cut over by each Indian, in order to prevent indiscriminate cutting, and also to enable you to determine and identify the area to be cleared next Season.

DEPARTMENT OF INDIAN AFFAIRS
FEB 17 1903

256803

Sir

with reference to the enclosed Resolution I beg to say that I have allways tried to indure the Indians to submit to the Regulations of the Dept. but in some cases I dont make out very well. they say that they havent been made pay dues for 20 years, and they seem to think that I am in some way to blame, and it is a fact that most of the wood will be cut in wet swaley places that cant be cleared. but I have got along pretty well as to keeping them from wasting the timber. and geting them to cut the down timber as much as posable. I cant well refuse to send their Requests to the Dept. when an Indian gets located for a lot. he thinks it is his in every way, and it is hard to make him belive that he has any right to pay dues. May also say the Battle Indians dont pay dues in wood

OTTAWA, 24th March 1903-

Sir-

I beg to acknowledge the receipt of your letter of the 16th Instant, enclosing statements of wood cut and sold Winter of 1902, also a copy of Resolution passed by the Indian Council of Georgina Island Band, protesting against paying dues on wood cut on Indian Locations, and requesting the Department to allow the wood cut on wet places to be ~~held~~ sold free of dues.

In reply, I have to inform you that the Department does not impose dues ~~under Permits~~ on wood cut on Locations for sale under Permits made subject to the condition that the land cut over shall be cleared the following season and put under cultivation, or seeded with sufficient grass and clover seed to prevent the growth of noxious weeds and brush.

The Indians represent that much of the land on which the wood is cut is ~~swamp~~ swet that it cannot be cleared, and assuming this to be correct, why should ~~the~~ they prefer to cut it there instead of on land that would be available for cultivation.

The fact that a part of the Reserve is located to an Indian of the Band does not give him an absolute right to do as he likes with the timber thereon, without the consent of the Band and the sanction of the Department.

pxE

OTTAWA, 1st April 1903-

Sir-

In reply to your letter of the 26th Ultimo relative to the clearing and cultivation of land from which the Timber has been removed by the Indians under Permits, I beg to inform you that you should insist upon the conditions of Permits, as to clearing, fencing and cultivating the land cut over being fully complied with.

If you find that this is not being done in cases where the land is adapted for the successful growth of grain or grass, you should not issue further Permits until the conditions shall have been duly complied with.

The Department is not disposed to furnish Teams to Indians to enable them to clear and work their land, and it is thought Indians who have no teams should arrange with those who have them to do the Team work required on the best terms procurable, such for instance, as an exchange of work.

Where green timber is cut on Locations in places so wet that it cannot be cleared it would be well to charge dues thereon under sworn Returns as per Tariff for the benefit of the Band.

Your obedient servant

J. D. McLEAN

Ottawa, 11th January, 1904.

Sir,-

I beg to acknowledge the receipt of your letters of the 17th and 18th ult., inclosing copies of resolutions passed by the Indians of Georgina Island requesting permission to cut and sell wood on their respective Locations free of dues on the usual conditions of clearing the land for cultivation, also to cut on the reserve and dispose of some Elm trees for the purposes of obtaining lumber and shingles for building.

In reply I have to inform you that permits may be issued to members of the Band, who have fully complied with the conditions of previous permits, to cut wood on a limited area adjoining their clearances which should be fully described in the permits.

It will be incumbent on you to see that the land cut over is properly cleared and made ready for cultivation next season, or sown with grass and clover seed in sufficient quantity to prevent the growth of noxious weeds.

With regard to the Elm trees, you should not issue permits to the Indians to cut any green standing trees while there are any fallen ones on the Reserve going to waste.

DEPARTMENT OF INDIAN AFFAIRS
MAR 8 1904

Sir, 269549

I understand that Wm Johnson of Pefferlaw received permission from the department to remove certain elm logs from this Island. Will you kindly let me know the terms? I hear very conflicting reports concerning these. One states that Johnson is to give timber only in exchange another that he is to give cash & timber. As a matter of fact I find he is paying cash to some. Is this according to his contract?

I learn also that in company with one, Coverwell, a hotel keeper of Pefferlaw, Johnson brought liquor to the Island and furnished it to his men. Some of them Indians. These were noticeably under its influence. Is this a lawful act?

BRANCH MAR 10 1904

Indian Affairs. (RG 10, Volume 7806, File 30010-1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

269549

Johnson contracted to take from the Island certain pieces of timber & logs for lumber and supply them to Donald Ego. Esq. of Virginia. He then sub-let this contract to Allie McCue who is now busily engaged in getting out the material. Has Johnson the legal right to make such contracts?

If you will kindly furnish me the above information desired I shall be greatly obliged.

Yours truly
Hugh L. Tweed

PRT

OTTAWA, 22nd. April, 1904.

Sir,-

I beg to acknowledge the receipt of your letters of February 8th & 15th submitting statement of green-wood cut on Georgina Island and sold by Indians during the season of 1903-04, and explaining that several of the members of the Band have no dry land to cut on within their Locations &c...In reply I have to state that you should retain the amounts due by James Ashquabe and James Part from the next payments coming to them and remit the same to the Department.

In cases where timber cut is for sale on places that there is no dry land, dues may be collected at the ordinary tariff rate, as explained in the letter sent you under date of 30th April 1903.

Where the land is fit for Agricultural purposes the Department prefers that Permits should be given covering small areas adjoining clearings say 1 & 2 acres, instead of allowing promiscuous cutting subject to payment of dues.

If the conditi ons are not complied with no further permits should be issued to Indians in default until compliance has been fully made.

Your obedient servant,

J.D. McLEAN

Sir:-

I beg to acknolwedge the receipt of your letter of the 2nd Instant inclosing copy of a resolution passed by the Indians of Georgina Island Band applying for permission for nine Indian Locatees tp cut wood on their Locations for sale, and in reply to inform you that Free Permits may be issued to them on the usual conditions as to fencing, clearing and cultivating the land cut over in spring.

You should see that no timber suitable for building and fencing is cut, and the Permits should embody this prohibition.

Your obedient servant,

Sir

One of the Indians of Georgina Island has traded some stock for a horse and wants to sell some timber for another so he will have a team. This Indian James Ashquabe has hay to keep the team and needs it very much in fact there is a great scarcity of horses on the reserve. It wont take very much timber to pay for the horse, as trees is worth from $1.50 to 3.00 and I will see that a fair price is allowed and that the horse is worth the price. The man that proposes to sell the horse cant take the timber this winter but wants to know that he can get it next winter. an early answer in this case would much oblige the parties. Ashquabe would have plenty of timber still on his own lot for his own use.

Sir

Stephen La Rond one of the Georgian Island Indians wants to dispose of a few dead trees to get some timing done. This Indian has not staid much on the reserve since I was agent for the band. Some years ago he lost his wife, up till that time he was one of the best and most industrious of the whole band. I have allways been trying to get him to stay home and work his farm He now consents to do so he is one of the Indians that got liberty a short time ago to have some logs sawed to repair the buildings he has on his place a log house, a log stable, and frame barn, all need some repairs his logs are cut but has to be hauled to one place to be sawed and some shingle timber taken to be cut; he will only sell a small quantity of down timber to get his hauling done I would like very much to have La Rond settle down and work his farm; the chief and councillers fully approves of him getting permission to sell a little timber to help start again. 10 or 12 down trees would pay for drawing his logs together to be sawed.

Sir I have a little trouble sometimes with a few of the Indians selling timber with out a permit - Albert - Ashqualbe has sold with out my consent or knowledge about fifteen pieces of Elm most of them are short sticks 9x9 inches some of the trees were down but not all of them. I think the price paid was about right. I have notified the man that bought the timber Mr John Evans that I was reporting the matter to the Department. Mr Evans says Ashqualbe told him that he had a right to sell the timber. while Ashqualbe done wrong in selling timber with out first obtaining a permit I am aware that he was forced to sell something as he dont raise much grain and he has a family of five small children two of them twins that will be put on the paylist next payment. It is evident that he cant go far from home to work out. In the summer he can get work near home. The small children prevent Ashqualbes wife from helping support the family as most of the Indian women do. These are the facts of the case. As the timber in question is near by and not of great value - I deemed it best to report the matter and ask for instructions I would like some dues charged to Evans to prevent him and others doing the like again.

RECEIVED
55

Sir

I beg to acknowledge receipt of your letter of the 15th inst no 133.444. In reply I beg to report as follows with reference to the timber sold by Albert Ashquabe and William Ashquabe to John Evans. I have placed the timber under seizure. It consists of square sticks making 1300 ft. when reduced to board measure. Mr Evans paid $14.00 per 1000 feet; also 60 pieces cedar from 8 to 14 feet long and about 8 inches through at the top end. This timber was burned down many years ago and was black. Mr Evans paid 25 cents each for them and bought them from William Ashquabe. The timber they contain would about equal five or six cords of wood. The square timber Albert Ashquabe took from his own location or rather his fathers which is given over entirely to him now. The small pieces William Ashquabe cut on his own location. None was taken from the unappropriated part of the reserve. Mr Evans states to me that these Indians were going to him all fall wanting money, that he had seen the chief and he told him that it would be all right for him to buy a small quantity as Albert Ashquabe was very hard up. The price paid the Indians was rather above the market price. I was shown square timber at Mr Evans that he bought later at

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

two different mills for less money, that was better than that bought from Ashgnabe. Mr Evans is an extensive farmer and lives in sight of Georgina Island and lost all his farm buildings except the house recently by fire. The timber he got from those two Indians is only a small part of what he requires to rebuild. Mr Evans only error seems to be in not making himself sure that those two Indians had al right to sell the timber before he bought it. I do not think there is any danger of him or his neighbors making the same mistake again. Mr Evans would like this matter settled as soon as convenient as he wants to have his ~~barn~~ completed by haying time.

I33 444-

MEMORANDUM.

Ottawa,3rd July,I905-

To the Deputy MINister,

On the 9th February last,Agent Yates of Vachell reported that Albert Ashquabe,Indian,had sold about 85 pcs. of Elm cut without authority,and was instructed to seize the Timber,which was done.

The quantities reported as having been seized are as follows;-

7 Square Sticks = I300 feet B.M.

60 pcs.Cedar,8 to I4 feet by 8 inches top diameter.

The contents of same the Agent reports to be equal to 5 or 6 cords of wood.

On the 20th March the Agent reported that Arthur Sellebey,Indian,sold 30 pieces small cedars, which were cut without authority,to Mr.John Evans,who will not make a claim,as he prefers to buy it when sold.

On the 8th April the Agent was instructed to sell the Timber first seized,for the best price obtainable,and he sold it at auction for $5.00,as people were unwilling to bid upon Timber which Mr.Evans had bought.

The Agent was told that Indians should be prosecuted under Sec.27 of the Ind.Act,not for the purpose of imposing the highest penalty,but as some punishment for the offence,and a warning to others.

HE reports that there is no Police or Stipendiary Magistrate within 25 or 30 miles,and the County Magistrates refuse to act,as they say it is not part of thier duty.

The Indians refuse to lay information,and advice is requested by the Agent who states that he cannot act as Plaintiff and Magistrate.

Geo. L. Chitty.
Timber Inspector.

W. Holborn J. P.

OFFICE OF THE INSPECTOR OF INDIAN AGENCIES AND RESERVES.

Department of Indian Affairs.

290814

Ottawa, 23rd Oct., 1905. 189

ADDRESS REPLY TO
Inspector of Indian Agencies
OTTAWA.

Sir,

LAND BRANCH. OCT 25 1905

In connection with memo. of Mr. G. L. Chitty, dated Ottawa, 3rd July, file 133,444, I beg to inform you that on the 6th instant I visited Sutton and was there met by Agent Yates, of Vachell, with whom I fully discussed the difficulty experienced in successfully prosecuting violators of the Indian Act.

The case which caused attention to be directed to this difficulty was that of Albert Ashquabe, who sold 15 pieces of elm cut without authority, which timber was subsequently sold at auction for $5.00.

Mr. Yates' opinion as stated to me is that Ashquabe should not be prosecuted.

With Mr. Yates I visited W. Holburn, J. P., and from him learned that he was quite indisposed to take cases against the Indians for the reason that, being a storekeeper, and the Indians being good customers of his, he did not wish to encounter their ill-will, which he would do if he tried and punished members of the band. He considers that it is nonsense to treat Indians as we do with respect to timber; that green timber on common lands should be preserved, but the timber upon lands they own should be allowed to be cut by them.

With

Indian Affairs. (RG 10, Volume 7806, File 30010-1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

With regard to the thirty small cedars cut by Arthur Selleby and sold to Mr. John Evans, both Mr. Yates and Mr. Holborn say the cedars were cut in the middle of a potato patch and were wisely removed from ~~where~~ where they stood. The difficulty of getting magistrates to act appears to be that they consider it unreasonable to prevent Indians from cutting down timber upon their own locations, particularly if the timber is not ~~valuable~~. They are quite willing to act where timber is cut in trespass upon common grounds; and the Council of the Band, too, will complain of those committing this offence to the Agent, who then is competent to try it.

It is also felt that certain needs of whites which can only be supplied by the Indians should be supplied by them, and that the Agent should be empowered to give permits to cut timber to supply such wants, and ~~also~~ to cut down timber, without having to write to headquarters.

A new Commission of the Peace has just issued and Mr. Yates is now satisfied that he will be able to find magistrates who will aid with any cases at all, as one or two of those appointed in the neighborhood are men who are entirely independent of such considerations as Mr. Holborn pointed out affect him. Mr. Yates thinks that the exercise of the jurisdiction of these magistrates and of his own jurisdiction in cases in which the Council complains will altogether do away with the difficulties he has experienced in the past and that he will have no difficulty in taking such future action as will secure the preservation of the timber on the reserve in the manner desired by the Department.

Your obedient servant,

Frank Pedley, Esq.,

Deputy Sup't General
of Indian Affairs,

Ottawa.

133 444-

MEMORANDUM

To the Deputy Minister-

OTTAWA, 27th October, 1905-

With reference to the communication of Mr. Inspector Macrae hereunder, concerning the unwillingness of Justices of the Peace to take cases against the Indians of Mr. Agent Yates' Agency for reasons stated, etc., I beg to state that the Indians are not debarred from cutting Timber on their Locations, as would appear from the statements made.

They may cut and sell, with the approval of the Band and the sanction of the Department, on areas prescribed, on the conditions that they shall clear the land cut over the following year and either cultivate it or sow thereon sufficient grass and clover seed to prevent the growth of Noxious weeds.

The inspector says "that it is felt that
" certain needs of Whites which can only be sup-
" plied by the Indians should be supplied by them
" and that the Agent should be empowered to give
" Permits to cut timber to supply such wants and
" to cut down Timber, without having to write to
" headquarters."

Concerning these rather peculiar representations, I may remark that if such a policy were adopted the Indians would speedily dispose of every kind of wood saleable and leave themselves without building timber or fuel for their future wants, and the Locations, where timber in quantity has been cut, would become a positive injury as they would be allowed to grow noxious weeds and brush

Indian Affairs. (RG 10, Volume 7806, File 30010-1)

Rx'd

OTTAWA, 2nd November, 1905.

Sir:-

I beg to inform you that Mr. Inspector Macrae has reported that he discussed with you on his recent visit the difficulty experienced in getting Magistrates to act in prosecuting Indians for cutting and selling timber without authority of Permits, and that you are now satisfied that you can find Magistrates, recently appointed, who will act in such cases.

With regard to the foregoing, I may state that it is now too late to press for prosecution in the cases against Ashqube and Selleby and you need not take any further action thereon.

Indians have not the right to cut timber on their Locations for sale except under Permits authorized by the Band, or Council; sanctioned by the Department and issued on the express condition that the area to be cut over,-say one, two, or more acres, adjoining clearances, if any there be, shall be cleared and fenced the following season and placed under cultivation, or sown with sufficient grass and clover seed to prevent the growth of noxious weeds.

W.M.D.

L.S.

The Inspector further reports that it is felt that certain needs of whites which can only be supplied by the Indians should be supplied by them and that you should be empowered to

to issue Permits to cut timber without reference to headquarters.

The Department does not concur in these views, which, if adopted, would tend to deplete the Locations speedily of every kind of wood that is saleable and leave the Indians without timber or fuel required to supply their future wants, and the land would be suffered to grow noxious weeds and brush without any prospect of being cultivated, and in addition would entail a loss of all control over the operations of the Locatees and prove subversive of the established practice of the Department in such cases.

Sir

13482

292165

With reference to the enclosed resolution proposing to sell some dead timber to Mr Sandy Sedore on the locations on Georgina Island I hardly know what to say. I did recommend the Indians to ask to have some down timber that is on the unalloted part of the reserve sold. as it was losing in value and it was in great danger of being destroyed by fire. but the Indians do not want to sell it now. There may be more down timber on some of the locations than the owner can handle before it would. If the Department decides to let Locatees that have a large quantity of down timber sell some Mr Sandy Sedore would be the best person I know of to sell to. In a short time now as soon as it freezes up I can go and see just how much down timber there is on each location. I think it would be well for the Dept to press the sale of the down timber on the unalotted part of the reserve. There is a good deal of it and it is in fair condition yet especially the cedar it was burnt down years ago. Sedores offer is about right.

Sir

You will please find enclosed an application from the Indians of Georgina Island to cut and sell some wood, also some cedar fence posts; and a small quantity of saw logs and shingle timber for their own use, nearly everything to be dead timber. The cedar is all done except small second growth that grows round the fences. The list is pretty big but judging from the past there wont be more than half of those applying that will cut any. If they can get through the winter without hard work they will do so. The crops were not good this year owing to the heavy rains in May and June last. It is quite necessary for those Indians that stay on the reserve to get permits to get provisions. There is three or four young men that are starting to clear land for a home. Mrs Blackbird wants to get a cow. Alfred McCue has to reshingle his barn, others wants to repair stables and houses.

your obedient servant
John Gales.

OTTAWA, 2nd January, 1906.

Sir:-

I beg to acknowledge the receipt of your lettems of the 4th & 5th ultimo, the former requesting that Sandy Ledore be allowed to cut and remove dead timber from the Indian Locations on Georgina Island Reserve on pay-ment of $2.50 Per M.ft B.M. for sound dead hemlock and $3.50 per M. ft B.M. for sound dead cedar; and the latter applying for permits to cut saw-logs, posts and wood on their Locations, the sawlogs and shingle timber to be used for repairs to buildings on the Reserve.

In reply I beg to inform you that permission may be given to the applicants to cut dead and down timber on their Locations for the purpose of repair-ing their dwellings and other buildings, in such quantities as they severally require, but it must be clearly understood that green trees must not be taken until after the dead and fallen shall have been utilized.

The surplus of dead wood taken out by Indians on their Locations may be sold to Ledore or others, but no white labour must be employed in cutt-ing it or hauling it from the Locations to the Res-erve boundary.

All cedar should be reserved for building and fencing purposes.

Your obedient servant,

John Yates, Esq.,
Indian Agent,

Sutton West, Jan'y 31 [illegible]

The Superintendent General
Indian Affairs
Ottawa.

Dear Sir,

LAND BRANCH FEB 3 1906

I understand some 13 or more Indians of Georgina Island Reserve have applied for licenses to cut wood and each and all have been refused. The Indians are at a loss to know why this should be. They have been getting licenses and it appears strange to them that they should be shut out altogether. I am told that some of the Indians are clearing land and they have more wood than they can use for their own purposes and to prevent them selling this simply means so much wood gone to waste & they must live.

Would it not be possible to give a license restricted in terms so as to cover such cases and your agent here could see that the license was strictly complied with? On behalf of the Indians I would like to know why the Department has taken such a decided stand. Such is the case and what brought this about. These have limited means of getting a living at the best. An early will oblige.

Yours truly,
A. Crozier

134,827.

H.I.X.a.

OTTAWA, 5th February, 1906.

Sir:-

I beg to acknowledge the receipt of your letter of the 31st ultimo, asking on behalf of the Indians of Georgina Island why they have been refused Licenses to cut timber for sale, as usual, and in reply to state that in November last they passed a resolution requesting permission for 24 Indians to cut timber and wood on their Locations; the timber to be used for repairs on the Reserve, and only wood and fence posts to be sold.

The Agent in transmitting the resolution reported that nearly all the timber was to be dead and fallen, and that not one half of the applicants would work.

The Department replied on the 2nd ultimo, and instructed the Indian Agent, Mr. Yates, that permission might be given to the applicants to cut dead and down timber on their Locations for the purposes of repairing their dwellings and other buildings in such quantities as they severally require, but it must be clearly understood that green trees must not be taken until after the dead and fallen timber shall have been utilized.

A.Crozier, Esq., B.A. LL.B., He
Barrister &c.,
Sutton West,
Ont.

Poor Copy

Indian Affairs. (RG 10, Volume 7806, File 30010-1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

He was also informed that the surplus of dead wood taken out by the Indians on their Locations may be sold to Mr. Ledore, or others, but no white labour must be employed in cutting or hauling it from the Locations to the Reserve boundary and all cedar should be reserved for building and fencing purposes.

It will be seen from the foregoing that the Indians are perfectly aware that the statements they have made to you are in-correct and untrue.

If any Indian is desirous to clear land, the Department will sanction any resolution that the Band may pass in favour of his being given a free Permit to cut and sell the wood, but it must be on the distinct understanding that he shall clear the land and put it under crop the following season, or sow grass and clover seed thereon in sufficient quantity to prevent the growth of noxious weeds, and the Indians are well aware of this regulation.

Your obedient servant,

J. D. McLEAN

Secretary.

Sir I find that one of the conditions in your Letter of the 22nd January No 134827 in regard to the Indians cuting dead or down timber, is very hard on all Indians that has no teams, haul the timber to the Reserve boundary or to one place to be sawed for their own use there is only five teams on the Reserve and the charge the highest price and allways wants the cash when they work for the other Indians, but farmers will take the tops of the trees or any down timber for pay. any surplus that they get out that they may sell will bring about as much on the Reserve where cut as it would at the boundary of the Reserve. a number of the Indians is cuting dead timber in to logs to get sawed in to lumber. we have very little snow yet to haul the logs to one place. and a number of the Indians wants to hire white men to haul when snow does come. otherwise the cant do but very little. there is four or five Indian families that is very hard up for food this winter

Sir:-

In reply to your letter of the 7th instant, regarding the regulation that White labour must not be permitted to cut or haul timber from within the boundary of the Reserve, I beg to point out that the Department is not disposed to allow white men to trespass on Reserves for such purposes, and the Indians should arrange to have the hauling done to the border of the Reserve by their own teams.

With reference to the report that there are four or five Indian families that are hard up for food this winter, you should apply in the usual way for relief, and you should state the cause of these unfortunate circumstances, and add your opinion as to whether or not it might have been avoided if they had cultivated the land last season.

Your obedient servant,

J. D. McLEAN

G Island, February, 12th 1906.

Mr. A. Crozier,

Barrister, Sutton West.

Dear Sir:-

We thank you of getting a prompt answer from the Indian Department for those things we did not understand, as the Indian Agent, John Yates will not issue no permit to no Indian under his supervision.

We would further ask through you to the Department to allow those that has no teams to draw away their stuff by white men; such is wood and fence posts.

All the timber will be drawn to the saw mill for our own immediate use for buildings and repair. Now we agree the Indian Department that we will not allow no white man to come and work or cut timber or wood in our Reservation.

Further I will say those parties applied for wood and post fence, to buy themselves seed grain and some of them for food, and it will cause a hard times to us of those who depend mostly on a sale of few cord of wood and few posts to buy themselves the necessaries for their immediate use; food and seed grain.

The Indian Agent has not reported right when he stated the Department that half the Indians will not work.

Those Indians apply for little wood and few fence

Indian Affairs. (RG 10, Volume 7806, File 30010-1)

Sir

The Bigsail family that allways lives on Snake Island consists of three men and three woman all pretty well up in years. They till about two acres of land by hand with spade and hoe. They want to enlarge their plot by about three quarters of an acre. They raise all kinds of vegetables to sell to the campers at Morlons park. They mostly live in that way. There is a few small trees on the piece they want to clear that will make eight or ten cords of wood that they wish to sell; as they have no team and lives twelve miles from the rest of the Indians they would like to have the purchaser of the wood haul it themselves. It would be cut about fifty rods in on the Island. This ~~resolution~~ application is included in a resolution passed nov. 24th 1905 for six cords. The Bigsail family never give any trouble and makes what money they get go as far as possible.

your obedient servant.

John Yates.

Georgina Island, February, 19.06.

A. Crozier, Esq., B.A. LL.B.
Barrister, Sutton West.

Dear Sir:-

I wish to inform the Indian Department at Ottawa, through you, that there are Indians on Georgina Island who work their land properly and derive good and comfortable living therefrom. I would be safe in stating that two thirds of the Locatees of this Reserve are thus happily situated; those Indians have spent years in working themselves in this comfortable state, but there are others who have only recently settled on their Locations; several of them only beginning to clear a little land, and two or three just settled this last year; those are young men and have no capital to start with, and every body knows how little a man could derive from a newly cleared land of perhaps two or three acres between stumps and roots. A person can only hope to raise turnips and potatoes, perhaps a little lay of very inferior quality not fit for market. Even if it was saleable it would not maintain an Indian and his family very long. I wonder does the Indian Department at Ottawa expect that an Indian and his family to subsist entirely on hay and turnips. Those last mentioned Indians who have saleable wood and posts must dispose of them regardless of consequences which may follow. In previous years when the Conservatives were in power we never experienced any such difficulty in obtaining privilege to cut and sell timber or wood, This party is the friend of the Indian at the General elections

elections of 1896 when we had the privilege of enjoying the franchise the then representative of this County gave us great and good promises what his party would do for the Indians if they were in power. His solicitations and glowing promises drew the majority of the then electors to his support, but the promises never materialized- worse- we find things just the reverse. Trusting you will convey at your earliest convenience to the Indian Department, the contents and meaning of my letter.

Yours truly,

(Sgd.) Chas. Big Canoe.

DXTH

OTTAWA, 24th February, 1906.

Sir:-

In reply to your communication of the 20th instant, inclosing a letter addressed to you by Chas. Big Canoe explaining the difficulties which new locatees have to surmount and alleging that when the Conservatives were in power the Indians did not experience any such difficulty in obtaining privileges as at present obtain, etc. I have to state that the same regulations are in force to-day as were operative prior to 1896, and the treatment of the Indians is quite as kind and considerate as formerly, and, therefore, the statements made by Mr. Big Canoe are incorrect and untrue.

The letter is returned herewith, as requested.

Your obedient servant,

J. D. McLEAN

Secretary.

Ex'd.

OTTAWA, 3rd March, 1906.

Sir:-

In reply to your letter of the 22nd instant, submitting copy of a resolution passed by the Indian Council of the Georgina Band relative to white men being employed to haul timber cut under permits, I have to refer you to Section 26 of the Indian Act as substituted by 53 Victoria, Chapter 29, Section 3, by which you will see that white men on Reserves are regarded as trespassers, and may be punished severely for removing timber therefrom without the License of the Superintendent General.

Indians should not be allowed to cut down trees on Reserves and sell them at the stump, as it has a bad tendency, and as you should be aware is not in their best interest.

MEMORANDUM.

OTTAWA, 6th March, 1906.

To the Deputy Minister:-

With reference to Mr. Inspector Macrae's Mem. hereunder, stating that he would like to know from the Lands Branch whether there are any Regulations prohibiting whitemen from hauling wood from the Reserves of the Chippewas of Snake and Georgina Islands, I beg to state that the Department has been corresponding on this subject with Mr. Agent Yates for some time past, as shown by this file.

There is no special regulation affecting these Bands, but the Agent was informed that white labour must not be permitted to cut or haul timber from within the boundary of the Reserve and the letter of 3rd instant, turned out, refers the Agent to Section 26 of the Indian Act, which shows that white men are regarded as trespassers on Reserves, and they may be punished severely for removing timber therefrom without the License of the Superintendent General.

He was also advised that Indians should not be allowed to cut down trees on Reserves and sell them at the stump; as it had a bad tendency and, as he should be aware, is not in their best interest.

If Mr. Inspector Macrae has any communications on the subject, I respectfully submit that they should appear on the official file, which is the proper place for such; in order that the Department may be in a position to deal with them.

Geo. L. Gritty

Timber Inspector.

Sir

with regard to the enclosed resolution I beg to report that the Indians is in need of some Lumber and in great need of shingles as many of the buildings needs re shingling, it will cost about $2.75 per 1000 ft for sawing lumber and $1.00 per 1000 for cuting shingles, the mill owner to take his pay in lumber at full market value, there was some saw logs cut last winter most of them were left in the bush for the want of snow. I will send the exact terms as soon as I can find a man to do the work. the prices noted above will be about right. most of the wood that the Indians proposes to cut is down timber and some of them has to do something to get through the winter but they want cut much wood most of the young men works out in the shantys

Ottawa, 3rd December, 1906-

Sir,

I beg to acknowledge the receipt of your letter of the 26th Ultimo, enclosing copy of a Resolution passed by the Georgina Island Band requesting permission to employ a saw mill and shingle machine to saw lumber and shingles for the use of the Band, also for permission for 13 Members to cut wood on their Locations for Sale.

In reply I have to state that you may issue free Permits to Members requiring them, to cut sufficient of the fallen Timber to do the necessary repairs, and to pay the Mill Owner for sawing on terms stated.

You may also issue Permits to cut wood, on the condition that the land cut over adjoins existing clearances, and that the holders shall clear and fence and put the land under cultivation the following Season, or sow sufficient grass and clover seed thereon to prevent growth of noxious weeds. It will devolve upon you to see that these conditions are fully carried out.

DEPARTMENT OF INDIAN AFFAIRS
MAR 16 1908

Sir

with reference to the enclosed resolution I beg to explain that there is only five teams on the reserve and the owners hardly ever cuts wood so it is the poor men that has to do the hard work and I state only the truth when I say ther are very poorly fed a good deal of the time, the owners of the teams allows them a stated price per cord and taks the rest for hawling, so if those that cuts the wood has the dues to pay they cant make enough to half keep their familys. I wish the Department would give them off the dues, it is at this time off the year that the Indians are hardest pressed for food, the land where the cut any green timber is no good, and there is plenty fuel on the reserve the second growth at least maks up for that cut each year.

Ottawa, January 25, 1909.

Sir,-

I have to acknowledge the receipt of your letter of the 21st instant, inclosing list of applicants for permission to cut and sell wood and Sawlogs as hereunder stated, [redacted], which was approved by the Band of Georgina Island, and in reply to inform you that this application should have been made early last fall, when the work could have been done with much less labour than at present.

The quantities in some cases appear to be much larger than may be necessary, although the Department is not possessed of sufficient knowledge as to the supply of timber, standing or down, on the Reserve to determine exactly what should be done.

It is thought that a reduction of one-half the quantities should be made, and you may act accordingly, and the words "a few" in application may read "five."

White men cannot be allowed to work at making or hauling timber, logs or wood of any kind, and Indian teams must be employed to haul what may be cut beyond the boundary of the Reserve.

It will be necessary to see [redacted] in every case where wood may be cut that it adjoins existing clearances; and that the conditions set forth in the letter sent you on the 13th of January, 1908, are strictly carried out.

If

If the land is suitable for agricultural purposes, the Indians should be impressed with the necessity that exists for cultivation of the soil in order to afford them a living during the inclement season, and to prevent actual starvation when the supply of wood shall have been exhausted, which may not be very remote.

If you have not sufficient blank forms for permits, they will be sent to you on application and it will be incumbent on you to see that in every case the quantity authorized to be cut is not exceeded.

Should there be any case of actual want among the applicants, you may use your discretion in allowing an increase in quantity of timber authorized to be cut and you should see personally that sawlogs are not sold and that the sawed lumber made therefrom is used for building and not otherwise.

Sir.

During my recent visit to Georgina Island Reserve There was an urgent request at a band meeting for me to lay before the Dept- a complaint of the band that they consider a hardship Some permits have been given for the cutting of wood. a number have made their cut and desire to get it to market-, but claim the agent- says his instructions from Dept- are not to allow any white people to cross over to Island to remove this wood for them-

Now as these men I speak of are very poor and have no horses they are in a bad way. The ice is now good and these people very much I would urge on the Dept the necessity of instructing the agent- to allow them to get their wood teamed away at once

Ottawa, February 8, 1909.

Sir,-

I beg to acknowledge the receipt of your letter of the 27th ultimo, in regard to timber cutting by Indians of the Georgina Island Band, and in reply to state that Mr. Inspector Ramsden, who recently visited the Reserve, has reported that the Indians urgently requested him to lay their complaint before the Department, namely:- that you have told them white people will not be allowed to cross over to the Island to remove the wood they cut under permits.

If the Indians remove the wood to the Lake, Shore, there would not be any objection to its removal therefrom by white men.

White men without the authority of the Supt. General are regarded by the Indian Act as trespassers on Reserves, and it is not desirable that Indians should cut trees and sell them without further labour thereon to white men, which would tend to the rapid destruction of the wooded parts of the Reserve. The aim of the Department is to give employment to the Indians, not only at the felling of the trees but also at the skidding, piling, hauling, etc.

Mr. Ramsden's report says that the Indians are very poor and needy; that they have no horses and are in a bad way.

You

John Yates, Esq.,
Indian Agent,

You should arrange that Indian teams be employed to haul the wood to the shore, which was cut by Indians who have no teams, and if this means proves ineffectual and inadequate you should report as soon as may be found practicable so that, if considered necessary, the request for permission for white men's teams to haul the wood from the bush may be submitted to the Superintendent General for approval as a measure of relief in this case, but not to be held as a precedent for the future.

You should arrange that Indian teams be employed to haul the wood to the shore, which was cut by Indians who have no teams, and if this means proves ineffectual and inadequate you should report as soon as may be found practicable so that, if considered necessary, the request for permission for white men's teams to haul the wood from the bush may be submitted to the Superintendent General for approval as a measure of relief in this case, but not to be held as a precedent for the future.

Your obedient Servant,

J. D. McLEAN

Secretary.
