

FIFTY GIRLS BURNT TO DEATH IN CONFLAGRATION

BORDEN GOVERNMENT TO LOOK INTO OCEAN RATES

To Negotiate With Mother Country on Subject.

ACUTE PROBLEM TO BE DEALT WITH NOW.

Action for Improvement of Ocean Freight Conditions Will be Popular With All—Liberals Neglected Overtures of Mother Country.

Special to The Standard. Ottawa, July 22.—Action by the Canadian government looking towards more effective control of ocean freight rates is likely to be a development in the very near future. The Borden government at the beginning of next month will despatch to Great Britain a representative charged with the duty of opening negotiations with the British government looking towards a joint control of the charges levied by ocean carriers upon freight in transit between Canada and the Mother Country.

The problem with regard to which the government is about to take this important step has become acute within the last year or so, and has attracted much attention in the press and in parliament. Towards the end of last session Hon. Arthur Meighen, now the Solicitor General, brought the subject up in a speech marked by careful research, and was able to show that the rates on west going traffic had increased within a comparatively short period by fully 25 per cent. What renders the situation peculiarly annoying to Canadian interests is the fact that there has been a corresponding increase in an energetic and systematic campaign to control, and lessen, land freight rates.

RAILWAY CONFERENCE PROVING SATISFACTORY

Canadian Brotherhood Officers Meet Management Again Today—Increased Wages and Change in Schedule.

Moncton, July 22.—Representatives of the board of adjustment of the Canadian Brotherhood of Railway Employees had another interesting meeting with Messrs. Gutelius and Brady today, and they say that negotiations have proceeded very satisfactorily.

They meet the management again tomorrow. About a dozen representatives of the employees are present from different parts of the intercolonial system. They represent the clerk, freight handlers, roundhouse employees, station baggage masters, and other classes, about twenty in all.

TERRIBLE SCENES ENACTED WHEN CLOTHING FACTORY BURNED IN BINGHAMPTON

Terror Stricken Girls Jumped from Windows and Fire Escapes to Death on Pavement—Victims Were Caught in Horrible Death Trap.

SUDDENNESS IS OUTSTANDING FACT OF THE CATASTROPHE.

Binghampton Clothing Company's Building Proved Grave of Fifty Working Girls While Hospitals are Filled With Hundreds of Fearfully Injured People—Flames Burst Through Factory Spreading Death Everywhere.

Binghampton, N. Y., July 22.—Fifty persons were killed, according to late estimates and as many injured, a dozen of them mortally, in a fire which swept the four story factory building of the Binghampton Clothing Company this afternoon. The victims were chiefly women and girls.

Early tonight twenty-two bodies had been recovered. In the city hospital and in the private institutions are thirty injured. Some two score persons are known to have escaped, as by a miracle, from the building which burst into flames like a tinder box, and became a roaring furnace almost in no time after the first alarm was sounded. About 125 persons were in the factory when the fire broke out. The unaccounted for, or most of them, are believed to be still in the red hot ruins of the structure.

Around the scene of the catastrophe, the greatest city has ever known, thousands tonight watched the rescuers work in the glare of three big searchlights, many in the great throng being restrained only by closely drawn police lines from rushing into the ruins in an effort to find the bodies of relatives or friends.

Water in many streams is being poured into the fiery pit that a few hours ago was the cellar of the burned establishment. As the ruins were cooled a bit, from time to time, in a spot upon which the streams were centered men went forward to dig as long as human endurance would allow them to work. Occasionally a body was found and taken quickly away.

This work will go on all night and perhaps all day tomorrow, before the glowing mass gives up its last dead. It will take at least two days, the authorities believe, before the cellar can be cleared and the whole truth known.

A Terrible Catastrophe. Upper floors, except the chance of escape by jumping, and this many took, was a desperate and cramped affair with the heat.

Scarcely one of the survivors was able to give a connected account of what occurred on the upper floors of the factory when the employees, mostly women and girls, realized that the fire was sweeping down upon them. The coolest among them recalled that they were fainting by dozens, and that the scene of indescribable confusion occurred. Some of the men employed were on the fourth floor, and did their best to rescue the imperilled women.

The fire escapes were not big enough to hold all who rushed madly to the exits and there was a rush to the windows, the girls screaming with pain as the flames swept upon them from behind and seared their bodies.

Bodies Fell From Windows. Then from windows and fire escapes bodies began dropping. They fell convulsively among the ruins, but four stories high and many who jumped, even from the topmost floor, escaped with their lives, although most of them were badly maimed. It was on the fourth floor that most of the women operators were working, and it was among these that the loss of life and injury was greatest.

FINANCIAL OUTLOOK IS PROMISING IN CANADA

ITALY TAKES FIRST PLACE FOR WHEAT

Leads European Nations in Production—Spain Next in the List—General Increase Over Last Year.

Ottawa, July 22.—A cablegram received today by T. K. Doherty, chief officer from the International Institute gives the following official estimate of the 1913 European crops. The final estimates of 1912 crops are here given for purposes of comparison:

| | 1913 | 1912 |
|---|-------------|-------------|
| Bulgaria | 84,301,000 | 62,710,000 |
| Spain | 110,100,000 | 109,784,000 |
| Eng. and Wales | 55,980,000 | 55,980,000 |
| Italy | 196,417,000 | 165,721,000 |
| France | 21,964,000 | 22,519,000 |
| Spain | 25,024,000 | 18,867,000 |
| Spain | 62,742,000 | 59,994,000 |
| Eng. and Wales | 46,450,000 | 46,450,000 |
| Hungary (A) | 75,909,000 | 75,909,000 |
| Oats | 44,042,000 | 33,134,000 |
| Spain | 25,259,000 | 21,680,000 |
| Eng. and Wales | 56,378,000 | 56,378,000 |
| Hungary (A) | 21,322,000 | 21,322,000 |
| Italy | 37,170,000 | 26,042,000 |
| (A) Not including Croatia and Slavonia. | | |

The total wheat production of the countries so far reported to the institute, including those reported last month, is 1,961,505,000 bushels, or 100.2 per cent. of the total production of the same countries last year.

PRINCESS LOUISE, OF BELGIUM, AND HER DEBTS

Alleged Amount Over Three Million Dollars—Government Will Probably Offer Favorable Compromise.

Brussels, July 22.—Princess Louise of Belgium, the eldest daughter of the late King Leopold, it is understood, is evoking extra territoriality against her debts, which are alleged to amount to \$3,000,000. The value of Princess Louise's estate is estimated at about \$1,000,000. She has not repaid in Belgium for several years.

The situation is expected to influence the government to offer a favorable compromise in the matter of her inheritance from her father. Recently the court of appeals dismissed the claim of the three daughters of the late King to the entire Congo property left by him, valued at nearly \$1,000,000. The government, however, recognizes that they are entitled to some compensation.

Sir Thos. Shaughnessey Makes Cheerful Prediction.

EVERYTHING POINTS TO BIG ADVANCEMENT.

Present State of Affairs is Merely Temporary Says Head of C. P. R.—Growth of Country Has Demanded Large Expenditure.

Montreal, July 22.—Sir Thomas Shaughnessey, president of the C.P.R., in an interview today, asserted that the present economic situation in the Dominion is by no means such as to give cause for anxiety, and that he fully expects conditions to be quite normal again in the late fall.

"It cannot be denied," said Sir Thomas, "that in some lines business is not so active as it was a year ago." Banks are not encouraging investment in unproductive real estate by loaning money in that direction.

Canadian Banks Strong. Our Canadian banks realize their responsibilities as financial guides and guardians, and just now they are taking up a conservative attitude, which is both wise and timely. Likewise bankers in other countries, when there is a war feeling in the air, are strengthening their reserves, and I think that at the present time our banks are very strong in their reserves. So the situation in that respect is sound.

The existing general scarcity of money, or rather the high rate of interest demanded by lenders, has necessarily had the effect of restricting the issue of municipal and other securities, and there has been a consequent falling off in the amount of public work that is being done.

"But this state of affairs is merely temporary, due almost wholly to extraneous causes, and I can see no real reason for anxiety. The general trade of the country appears to me to be reasonably good and, with a fair crop, we have every reason to expect that conditions will be quite normal again in the late autumn."

Continued on Page Five.

BRITISH CRUISERS AT HALIFAX THIS FALL

West Atlantic Squadron Recently Established Sails from England in Autumn—Has Its Own Admiral.

Halifax, July 22.—Five British cruisers will be in Halifax in the autumn. They comprise the newly established western Atlantic squadron, with Bermuda as its base. So soon as the late King to the entire Congo property left by him, valued at nearly \$1,000,000. The government, however, recognizes that they are entitled to some compensation.

Senator Fall brought up his resolution, which would commit the government to full protection of the "constitutional rights" of American citizens in foreign countries. That the resolution was directed against Mexico, Senator Bacon declared, could not be concealed, and in moving to refer it to the foreign relations committee, he asserted that "words are very serious things sometimes and this is one of the times."

TERRIBLE SCENES ENACTED WHEN CLOTHING FACTORY BURNED IN BINGHAMPTON

Continued From Page One. Tended to and made as comfortable as possible. Most of them were badly burned and washed in bandages from head to foot.

Pathetic Scenes. One of the most pathetic cases at the hospital is that of Miss Ruth Croft, who is slowly dying with a broken spine.

When I first heard the alarm of fire, said Miss Croft, I jumped from my chair and started for the stairs, but when I reached them they were so crowded with the other operators that I could not get down and in another instant the whole story was ablaze.

Dropped Like Flies. Beside the glowing ruins of the factory lie the twisted irons of what were the fire escapes, from which victims dropped like flies, when the flames flared out of the windows and came billowing back along the walls under the impulse of the wind and back draft.

Jumped From Windows. Mrs. Ida Hotelling, of No. 22 Baldwin street, jumped from the third story window on the north side of the building.

Stairs All Ablaze. "The fact that there was but one stairway kept many back," she added. "The staircase leading from the fourth to the third floor was the only means of getting down when we reached the third floor, the rear staircase was a mass of flames, while the front stairs were burning rapidly.

Like Rats in a Trap. "When the fire alarm was sent in everybody thought they were 'fooling us' because they did it two weeks ago," she said. "But when I heard everybody shouting 'fire' and saw them running I got up from my chair and ran down the stairs.

President's Statement. Some salient features of the catastrophe were brought in a statement by Reid B. Freeman, president of the company which operated the factory.

Run Between Laymen and "Russellites" Did Not Materialize. Toronto, July 22.—Visitors to exhibition park today were disappointed in their expectation of a row between the Russellites, who are holding an international conference there, and the Toronto laymen, who turned up ready to display their banner inscribed with legends exposing "Pastor" Russell and his claims.

British Columbia Cases Will Be Taken to Privy Council. Victoria, July 22.—The British Columbia Court of Appeals gave a decision today in the litigation between former Governor James Dunsmuir and McKenzie and Mann, seller and purchasers respectively of Wellington and other Vancouver Island collieries at a price of eleven million dollars.

Grand Central Pete Had Many Victims. Buncoed People All Over United States and Was Seldom Arrested—Died in Bellevue Hospital.

Homey and Aged Faces Now Easily Beautified. I have seen the plainest women made beautiful and the complexion of good looking women improved—I've seen oldish faces made young and pretty, blemished and weather-beaten faces made spotless, white and satin.

Royal Blend. The name "Whyte & Mackay" has been for years as good a guarantee of Purity, Quality and Delicious Taste in whisky.

Philadelphia to Legalize All Spooning. Officials intend to encourage Communion of Fond Hearts—Will Punish Those Who Interrupt Sweethearts.

Philadelphia, Pa., July 22.—Do you know that, frightening sweethearts just when they are engaged in kissing is the meanest trick on earth? Well, it is, in the opinion of D. Hayes Duncan, captain of the guards in Fairmount Park.

Deaths. GODSOE—At his residence, 172 King street East, on the 22nd inst., after a brief illness, T. Amos Godsoe, in the 81st year of his age, leaving two sons and five daughters to mourn.

MARINE NOTES OF THE WORLD

STEAMERS SOLD.

Hungarian and Ontario, owned by the Allan Line Steamship Company, London, have been sold to the Cie des Chargeurs Reunis, Paris, which will continue to employ them in the Havre-River Plate trade under the name of Amiral Charner and Amiral Ganteaume. They are of 4,608 and 4,309 tons gross register, respectively, and were built in 1902 and 1900. The Allan Line is retiring from the River Plate trade altogether.

STEAMER NOTES.

The steamer Corsican, Captain Cook, reached Liverpool at 8 p. m. on Sunday from Montreal.
The steamer Shenandoah, Capt. Moore, arrived at Glasgow on Monday at 11 a. m. from Montreal.
The steamer Virginian was 830 miles west of Malta Head at midnight Monday and will be due at Liverpool Thursday night.
The Allan Line Victorian was 80 miles east of Cape Race on Monday night. She is due at Quebec early on Thursday morning and at Montreal on Thursday night or Friday morning.

ON DEAD RECKONING.

London, July 22.—Skies were so leaden all the way across the Atlantic during the past week that the steamship Kaiser Wilhelm Der Grosse, which arrived at Plymouth yesterday, made the entire voyage by dead reckoning. The weather was cloudy and misty, and for the entire 3,000 miles from New York not a glimpse could be caught of the sun for nautical observations. Primitive methods of navigation and wireless reports from other steamers served to keep the big liner from getting lost in the mist, and she reached port without mishap. Her experience, however, is a rare one.

DIGBY SHIPPING.

Digby, July 21.—The barque Edna M. Smith was towed here Saturday night from Bear River to complete loading lumber for Buenos Ayres. She will load from across in the stream, it being cheaper to handle the cargo in this way than to pay side and top wharfage at the steamboat pier, where it was first intended to dock the Smith. Clarke Brothers are shipping the lumber, which is being brought direct from the mills on the shores, instead of being sent in on cars. The schooner Edna Pickles, after discharging her cargo of hickory at St. John, will be towed across the bay to Annapolis, her home port, to load lumber for the West Indies.

STEAMER BOETHIC FLOATED.

Ottawa, July 22.—A wireless message received by the Department of Railways late yesterday afternoon said that the steamer Boethic, which went ashore at Point Rich, on the northwest coast of Newfoundland, while en route to the Hudson Bay, has been refloated and is proceeding on her voyage little the worse for her experience. The news of the accident was at first received with a good deal of apprehension by the department as the Boethic carried shipments of coal and food for the use of the survey ship Acadia, now at Saint Churchill. First reports indicated that the situation was serious and that the vessel might be a total loss.

FOREIGN PORTS.

Philadelphia, July 21.—Arrd stmr Pandosia, Cassandra, Montreal.
Boston, July 21.—Arrd stmr Paris, Glasgow.
New York, July 21.—Arrd stmr C. S. S. R., assisted by Rev. Joseph Horgan, C. S. S. R., as deacon, and Rev. Charles McCormick, C. S. S. R., as sub-deacon, and interment was made in the new Catholic cemetery. Among the many beautiful floral tributes were a large standing cross of cream roses from Mr. Burke's late associates in the Inland Revenue department, a large cross of white roses from the officials in the C. F. B. passenger office, a beautiful cross of pink roses from the freight department of the C. F. B., and many magnificent tributes from personal friends of the late Mr. Burke in St. John and in other parts of the province.

IN THE COURTS.

CHANCERY COURT.

In the Chancery Court yesterday morning, before Mr. Justice McLeod, evidence was taken in the suit of Bell, main vs. Boone. Some time ago the plaintiff obtained an injunction restraining the defendant from disposing of gravel on the plaintiff's land in Queens county. The defendant alleges that he operates under an agreement with the plaintiff, who in turn says that the agreement expired before the injunction order was granted. The plaintiff testified. Messrs. Weldon & McLeod appear for the plaintiff, and Messrs. Baxter & Logan for the defendant.

COUNTY COURT.

In County Court yesterday afternoon before Judge Jonah, under the Speedy Trials Act, John Jeffrey, an Englishman, who has been serving a sentence on a theft conviction, and who, while with the gaol gang made his escape but was recaptured, was allowed his liberty on the condition that he leave the city. The accused proved to the satisfaction of the court that he fought through the Boer war, and that he had a mother and family depending on him. In view of this His Honor decided to give him a chance, and accordingly he was given his liberty.

WHY LOSE YOUR HAIR?

From his late residence on Princess street the funeral took place yesterday afternoon of James Coll. The remains were conveyed to the Cathedral where Rev. A. P. Gaudet read the prayers for the dead. R. F. Quigley, Ph. D., James McDermott, Michael Driscoll, M. E. Agar, W. E. McIntyre and R. O'Brien were pall-bearers. Many flowers were received from friends. The funeral procession was lengthy.

JAMES CONNIE IS ILL IN ARIZONA.

Port Arthur, Ont., July 22.—A message from Prescott, Arizona, indicates a serious turn to the illness of James Connee, ex-M. P., who has been in the south since September, 1911. His wife and daughter have gone to be with him and his son, Arthur, is already there.

ONTARIO TO HAVE LARGE PRISON FARM

Representatives from Different Counties Met and Discussed Scheme—Much Enthusiasm Displayed.

Woodstock, Ont., July 22.—Representatives from the counties of Oxford, Norfolk, Elgin, Brant, Waterloo, Perth and Middlesex are meeting here today to discuss the practicability of establishing an industrial farm to take the place of jails in these counties. One idea is to take up about one thousand acres of waste land, establish the institutions and on the farm place all the prisoners who would otherwise be sent to jail for short terms, for minor offences.

ONE ON ST. JOHN.

I met a man from Halifax Who came to see St. John. He looked in dead bewilderment at all that's going on.

To me he was a stranger I'd never seen before. Yet we held a conversation For an hour, perhaps, or more

He gave a great description Of the Nova Scotia city. And wondered why New Brunswick Should look on it with pity.

COLOMBIA REPUBLIC PLEASED WITH ACTION OF UNITED STATES

President Carlos E. Restrepo Believes the Settlement of Panama Affair is Now in Sight.

Bogota, Colombia, July 22.—President Carlos E. Restrepo in his message to the Colombian congress which opened on July 20, said the new administration in Washington under President Wilson and Secretary of State Bryan had inspired the Colombian people with great hopes.
 After the arrival of the new American minister President Restrepo said he hoped to submit satisfactory terms for a settlement of the Panama affair to the congress.

HYDRAULIC POWER RATES WILL BE FIXED BY RAILWAY BOARD

Ottawa, July 22.—The government has decided that the rates of hydraulic power companies must be fixed by the Railway Board. This is the most important provision in a new railway act, which has been drawn and which will be presented to Parliament by Hon. Frank Cochrane at the opening of the next session. Power companies in the new bill are placed upon the same footing as railway companies. It has been since Hon. A. G. Blair created the railway commission ten years ago. The new provision is that all power companies which operate under federal charter or which transmit power from one province to another, or from Canada to the United States, shall have their rates regulated by the Railway Board. Another new provision declares that the consent of municipalities must be obtained before telegraph, telephone or power lines can be erected upon highways. This is also placing electrical companies on the same footing as the railway companies. The new bill provides a thousand dollar fine for a railway company removing without consent any spur line connecting it with an industrial establishment. The Railway Board is given authority to compel the opening of any new railway line. It can do so either on application or on its own initiative. The new act gives the chairman of the board full authority to say where and when sitings are to be held and authorizes him to assign to his associate commissioner the hearing of any cases. The new bill consolidates all amendments made to the original railway act of 1903. It has been drafted by Samuel Price, K.C., of St. Thomas.

OBITUARY

Elizabeth Bailey.
 Elizabeth Bailey, wife of James E. Bailey, aged 73 years, passed away at her home, Newcastle Creek, Queens County, on Saturday morning, July 19th. She had been ill about five months and death was due to paralysis.
 She was an active member of the Baptist Church of Newcastle and will be very much missed in her home and community.
 She leaves, besides her husband, two sons, Hollie and Thomas, and two daughters, Margaret and Lida, all of Newcastle. Interment was in Lower Newcastle cemetery.

CLOSING STOCK LETTER FROM RANDOLPH

(F. B. MURPHY & CO.)
 New York, July 22.—Activity in the minor industrials was the chief feature in the last hour. Many of these stocks continued strong, making further gains, while the more important issues were comparatively neglected and seemed to be in free supply whenever any rallying tendency developed. St. Paul, however, was in good demand and made a fractional gain in the final dealings, and Canadian Pacific reflected persistent buying for foreign account. In the last few minutes Wells Fargo sustained a loss of four points, selling at 91. This is a decline of nine points for the day.
 The tone at the close was irregular. The feature of yesterday's and today's markets has been the realizing sales. A good many profits have been taken on stocks bought considerably lower and we should have a better opportunity to judge the temper of this market by the way in which it acts tomorrow and the day following. The news from Europe is to the effect that every hour brings the cessation of Balkan hostilities nearer to hand.
 Sales 300,000; bonds \$1,864,000.
 E. C. RANDOLPH.

NEWS SUMMARY AFFECTING MARKET

(F. B. MURPHY & CO.)
 New York, July 22.—The stock market in London gains confidence on the outlook for early peace in the Balkans. Information channels expect to see continued improvement in the stock market. Tendencies toward an expansion of the betterment in some directions, with professional realizing during strong periods may be seen today. U.P., SP, RG, ACP and IS are well bought. C&N, ST, ST, Atch, Penna, NYC B & O, Con. Gas, BRT, Steel pfd and Can. pfd. are taken by investors. A prominent institution is reported to feel that the market's position of Southern Pacific is improved by the fact that under the dissolution plan all the Union Pacific holdings will not be added at any one time to the potential floating supply.
 N. Y. FINANCIAL BUREAU.

"A CORPORATION ISN'T SUCH A BAD THING AFTER ALL."

CLOSING COTTON LETTER FROM JUDSON & CO.

(J. C. MACKINTOSH & CO.)
 New York, July 22.—Cotton opened steady with prices two to five points higher. Liverpool was a seller of January. Weekly weather summary: In the cotton-growing states to the east of the Mississippi beneficial showers occurred in portions of all the states from Alabama, eastward, but in Mississippi and Tennessee there was practically no rain. Rain is badly needed in Tennessee and more is needed in Mississippi and parts of other states. In states to westward of the Mississippi temperatures continue higher. Light showers occurred in Arkansas, Louisiana and parts of Texas and Oklahoma. Rain is badly needed in all portions of these last two states and in much of Arkansas and Louisiana. Texas for the week was dry, with cool nights. Showers occurred at only one-quarter of the reporting sections. Mostly in the eastern third of the state and the amounts were generally small. Rain is badly needed in nearly all sections. July cotton in New Orleans had a bad break in mid-afternoon and this break started selling all along the line.
 JUDSON & CO.

CHICAGO GRAIN AND PRODUCE PRICES

(F. B. MURPHY & CO.)
 Chicago, July 22.—Wheat—Steady cables and rains in South Dakota, with weather conditions none too favorable in the spring wheat country, had no effect on wheat which opened steady to a shade lower on very little trade either side. The market is some easier on the lower corn market, but otherwise is featureless. Outside business dull in all the pits. Primary run very large.
 Corn—Opened strong, but buying orders failed to follow the advance and while the news is still bullish southwest and west, much profit taking is in evidence and the market has suffered some from this. The forecast is for dry, but cooler weather west of the river. Showers east of it.
 Oats—Following the other grains and at the moment shows a little decline from early prices a roodly short interest was covered on the advance yesterday and also local profit taking by longs.
 Provisions—Easier with hogs and corn. Most of the trading has been inlard.
 A. O. SLAUGHTER & CO.

NEWSPAPERS ON THE MARKET SITUATION

(F. B. MURPHY & CO.)
 New York, July 22.—Journal of Commerce—One of the most favorable features in the disposition shown by the bond market to participate in the improvement.
 Herald—The temper of the market for both bonds and stocks is characterized by strength, indicative of a further rise.
 Tribune—The stock market seems to be a great deal on the mend and the outlook gives better promise.
 American—Union Pacific, U. S. Steel and Can. are expected to lead in strength and activity.

When Mr. Roberts Met Dr. Dewar

"BY the way, doctor, why did you decide on a McClary's Sunshine Furnace for your fine new home?"

"Well, Mr. Roberts, principally because the Sunshine's water pan is correctly placed over the fuel door, so that the moisture, as it is evaporated, immediately ascends into the pipes leading to the rooms. The air passing through the registers thus contains plenty of healthful moisture."

"Dry air is bad for anyone to breathe, Mr. Roberts. It parches the throat, lips and skin. It excites the nervous system. Makes people restless, irritable, without knowing why. Makes them subject to colds too, when they go out into the moister air of out doors."

"Great Scott! Doctor. You surprise me. I never dreamt the placing of a water pan in a furnace was so important."

"And there are other features about McClary's Sunshine Furnace that are conducive to good health, Mr. Roberts. There's the Automatic Gas Damper that provides for the escape of coal gas up the chimney instead of into the house when the pressure in the combustion chamber becomes too great. There's the dust-flue, too, that carries away all the dust from falling ashes. But I've got a case across the road, so you'll have to excuse me. Drop in, tonight, and I'll show my 'Sunshine' to you."

THERE'S a McClary agent in your locality, who will be glad to show you McClary's Sunshine Furnace and explain all its healthful, convenient and economizing features. If you would like to read the latest Sunshine booklet, write to our nearest office.

Budweiser

From an Immaculate Plant

The main plant of Anheuser-Busch requires 110 separate buildings. It covers 142 acres, equal to 70 city blocks. 6,000 people are employed here and 1,500 others in branches.

Home cleanliness is maintained in every nook and corner of this institution. One can't go through on a tour of inspection, as hundreds do each day, and not get a quality-impression.

W. HENRY BROOKS DEAD AT GAGETOWN

Old and Respected Citizen has Passed Away—Large Attendance at Funeral—Other Items.

Gagetown, N.B., July 21.—There passed to his eternal rest on Thursday last, one of the oldest and most respected residents of the parish of Gagetown in the person of William Henry Brooks, at the ripe age of 73 years.

The funeral took place from Duck Creek on Saturday last, where an immense gathering collected to show their last mark of respect. The funeral was conducted by the rector of the parish, the Rev. Wm. Smith, and after a short service at the house, the long yet sad procession went to the St. John's church.

Four heavy thunderstorms passed over here yesterday and the rainfall was very severe, especially around the Queenstown district. Prayers were offered last night in the Anglican church for fine weather as many farmers had quite a large amount of hay cut.

Whinchester, Ky., July 22.—Andrew Johnson was found guilty of complicity in the assassination of Ed. Callahan, former sheriff and noted figure of Breathitt County, and was given a life sentence here today.

MAJOR OTTER HONORED. London, Eng., July 22.—At the assembling of the Order of the Bath today at Westminster Abbey, under the personal chairmanship of King George, Maj. General Sir William Otter, who was invested with the first Knight Commander of Bath ever given to Canada, some weeks ago, in the King's birthday honors, was invested with the exclusive pageantry of the order.

TO PROTEST BANANA DUTY. New York, July 2.—A committee representing the planters of Jamaica is protesting to the government a protest against the duty on bananas arrived at New York today.

THE BOETHIC FLOATED. Ottawa, July 22.—A wireless received by the Department of Railways last afternoon said that the steamer Boethic, which went ashore on the northwest coast of Newfoundland at Point Rich, has been refloated and is proceeding on her voyage little the worse for the accident.

C. P. R. ELECTRIC ROAD. St. Catharines, Ont., July 22.—The C. P. R. will immediately commence operations for the construction of an electrical road from Hamilton to Niagara Falls, and on its completion will be in a position to handle traffic direct from Hamilton to Buffalo on their own right of way, and without being forced to run their traffic over the Toronto, Hamilton and Buffalo and the Michigan Central railroads.

PLES. Do not suffer another day with PILES. Dr. Chase's Ointment will relieve you at once.

NEWCASTLE BOARD OF TRADE MEETING

Preparing for Annual Convention of Maritime Board—Government Commended for Railway Grant.

Newcastle, July 22.—Newcastle Board of Trade met last night. Hon. Donald Morrison, president pro tem, and E. A. McCready, secretary.

The following delegates elected to the Maritime Board of Trade, which will hold its annual meeting here on August 20th next: Ald. W. H. Belyea, John Betts (Millerton), J. D. Creaghan, P. Hennessy, W. J. Jardine, E. A. McCready, St. W. Miller, Hon. Donald Morrison, Rev. E. S. Murdoch (Renou), George Staples, D. W. Stothart, and Ald. H. H. Stuart; alternates, W. A. Allan, M.L.A., Nguacu; Hon. John P. Burchill, Nelson; John Ferguson, Councillor H. H. Lamont, Douglas; Hon. H. H. Ritchie, and P. D. Swift, M.L.A., Doaktown.

DR. WALKER IN EDINBURGH. Dr. Thomas Walker, who went to Edinburgh for the fifth anniversary of his graduation from the Medical School of Edinburgh University, was one of the guests of honor at the jubilee exercises on July 11. He entered the convocation hall on the left of the principal and was given a seat on his left on the platform, while the president of the College of Physicians occupied the seat on the right.

MAJOR OTTER HONORED. London, Eng., July 22.—At the assembling of the Order of the Bath today at Westminster Abbey, under the personal chairmanship of King George, Maj. General Sir William Otter, who was invested with the first Knight Commander of Bath ever given to Canada, some weeks ago, in the King's birthday honors, was invested with the exclusive pageantry of the order.

THE WEATHER.

Forecasts—Maritime—Moderate southerly to southwesterly winds; fine and warm.

Toronto, July 22.—Pressure is high over the western provinces and northwest states and also on the Atlantic coast, while a trough of low pressure extends from Lake Superior to the southwest states. A few scattered showers have occurred in the west and also in the Lake Superior district, but otherwise the weather has been fine and warm throughout Canada.

AROUND THE CITY

Drunk and Profane.
Gerald Jeffrey was intoxicated and profane on Charlotte street yesterday afternoon, and was placed under arrest by Patrolman O'Leary.

Disturbance Quelled.
Patrolman Crawford was called into No. 85 St. Patrick street yesterday afternoon to quell a disturbance that Stephen Kane was creating.

A Feroocious Dog.
The police have reported Larry Lawson for keeping an unlicensed ferocious dog, which he allowed to run at large, whereby James McLaughlin was bitten.

Here for Convention.
C. D. Cliffe of the McLean Trade Papers Publishing Company is at the Royal. Mr. Cliffe will attend the annual convention of the Maritime Board of Trade.

Woodworkers Meet.
A meeting of the woodworkers employed in factories was held in the Carpenters' Hall last evening, and a considerable amount of business was discussed. It was expected that General Organizer Potts would be present and address the meeting, but he was not able to reach the city in time.

Big Timber Sale Reported.
It is reported that the Engel lumber properties, including 24,000 acres of land in New Brunswick on the St. John River, and 100,000 acres in Maine, have been purchased by James McNulty, Isaac Pierce and D. S. Townsend of Bangor. The amount of money involved in the transaction is said to be half a million dollars.

Secretary in New York.
The secretary of the Board of Trade left for New York last evening to attend the convention of furniture manufacturers and try to interest some of them in the advisability of starting a factory in St. John. The assistant secretary is busy preparing an article on New Brunswick for the American Cyclopaedia, and also an article on the province for the Maritime edition of the Canadian Grocer.

Gagetown Booming.
"Gagetown is enjoying quite a boom this summer," remarks Shewan Peters, who was in the city yesterday. "Nine houses are being built, and business conditions are good. Work on the Valley Railway is proceeding satisfactorily and the people of Gagetown are looking forward to an era of progress." Speaking of the outlook for farmers this year, he said that the crops this year would be about up to the average.

Reported Improving.
Allan McLean, the Foxboro, Mass., man who was run over by an automobile on Saturday afternoon last and very nearly killed, was reported at the General Hospital this morning as rapidly getting better. It is expected that in a few days he will be able to leave the hospital and resume his journey to Foxboro. Axel Dissen, the young man who was driving the automobile without a license, and ran over McLean, is still confined at the central police station where he has been since Saturday night.

JURY RECOMMENDS FIRST AID COURSE

Masters and Mates of Harbor and River Craft should Possess Necessary Knowledge to Assist Injured.

The recommendation of the Fredericton jury which held an inquest into the death by drowning of Fred Whitechurch, that instruction in First Aid be given to all officers of vessels or crafts operating on the St. John river, has caused considerable interest among the men employed on river and harbor boats.

It is said that the matter might be taken up by the public authorities and that proficiency in First Aid might be made a legal requirement of officers of river or harbor craft. Some years ago the Board of Trade in Great Britain and the Dominion Department of Marine made it compulsory for masters or mates to hold a First Aid certificate from the St. John Ambulance Society, or to pass an examination in First Aid before some properly qualified examiner.

MOUNTAIN CLIMBER KILLED.

Vancouver, July 22.—F. G. Bishop, president of the Vancouver Mountaineering Club and a well known merchant, was killed on Sunday by falling into a crevasse at Mount Baker where he was climbing.

VIOLA REID CASE HEARD YESTERDAY

Chief Rideout, of Moncton, Only Witness at Afternoon Session—Case Adjudged Another Week.

In the police court yesterday morning the hearing in the case of Viola Reid, charged with infanticide, was to have been continued, but owing to the absence of witnesses was postponed until the afternoon.

At 2 o'clock the case was taken up. The prisoner was represented by her counsel, P. A. Guthrie, of Fredericton, and H. L. Gerow appeared for the Crown.

The only witness heard during the afternoon was George Rideout, chief of police of Moncton. His testimony referred to the visits made to the accused woman's home, her arrest, and statements made to him, and identification of the child's clothing made by inmates of the Evangelina Home.

Chief Rideout, called to the stand, said he had been engaged by the attorney general to investigate the case. On the 24th of May he called at the Reid home at Tracy Station and talked with Viola Reid, the accused. She told him she had no child. As he was about to leave the house, however, she called him back and asked him why he came there. On May 26th he met her again at Fairville. As the train was going out she left it. He got off at the next station and came back and took the Boston train. She was also on this train. She afterwards told him she was in the toilet.

He went to her home next day and arrested her and took her to Fredericton. At the Queen Hotel she made a statement in which she said of going to the Dufferin Hotel on April 16th from the Evangelina Home. She met there a Mr. and Mrs. McClure who asked if they could adopt the child. She consented and they took it to Michigan. He later made inquiries at the hotel and found that no one by that name or by the name of McClure was registered there on that date, or for some time previous to that.

Witness was questioned by P. A. Guthrie, counsel for the accused, regarding the identification of the child's clothing by the people at the Evangelina Home. He said that at the time he showed the clothing there were several present. The general remark of those who saw the garments was "They are Annie's baby's clothes."

In answer to Mr. Guthrie he said he laid the first charge in Sunbury County. The second one laid in St. John because of further information which he had gathered in the meantime.

After hearing of Chief Rideout's testimony the hearing was adjourned for a week.

TRICKY YOUNGSTER CAUGHT IN THE ACT OF REMOVING SILVER, TAKEN BEFORE MOTHER AND WHIPPED.

A tricky youngster of the North End yesterday tried to defraud a merchant of some small change but he was caught in the act and the scene which followed will likely prevent the lad from attempting to repeat his action.

The boy entered the store of a well known grocery man who conducts a business at the lower end of Main street and while waiting in the store, apparently imbued with the idea that he could make an easy haul, the youngster stealthily slipped his hand round the counter and started helping himself to the contents of the till. When he thought the little game was working nicely and without notice, the young fellow was in the act of emptying the till but the attention of the clerk was attracted and the little rascal was detected in this bold and open piece of robbery.

The boy was given a sharp lecturing by the clerk, but thinking that not enough to restrain him from again trying to work the same trick, he marched the guilty lad to the home of his mother, and after relating what the boy had done requested that she give him a good licking for his actions. Full of sympathy the mother did not like to whip the lad, but told the merchant that he had better administer the punishment. The presence of the mother did not prevent him from doing so and setting a heavy stick he gave the lad a thrashing which ought to go a long way towards preventing a repetition of the act.

Some days ago the same boy was caught in the act of robbing the till of another merchant in this section of the city and was allowed to go with a warning.

TRUE BLUE ORANGE LODGE ANNIVERSARY

Commemorates Founding Sixty-nine Years Ago—Record of Great Progress Reviewed.

True Blue Lodge No. 11, Loyal Orange Association, celebrated its 69th anniversary last evening. Past Master R. J. Anderson presided, and an interesting programme of speeches, songs and musical selections was carried out.

Wellington Turnbull, county master of St. John West, delivered an able address, reviewing the progress of the order. Interesting addresses were also made by Past Grand Master David Hipwell, Past County Master J. B. Baxter and County Master Harry Sellen. Other features of the programme included a duet by the Misses Smith, a musical selection by Miss George Maxwell and Mr. Grinnell, a piano solo by Mrs. George Maxwell, and a clarinet solo by Mr. Grinnell.

Refreshments were served and an enjoyable evening was spent.

EXTENSION OF WATER SYSTEM DISCUSSED

Commissioners Hear of Work Done by Department of Water and Sewerage.

At yesterday's meeting of the commissioners Com. Wigmore stated that tenders had been called some time ago for 265 tons of pipe for renewal work. Instead of six-inch pipe, as intended, it had been decided to use eight-inch pipes. Additional work had been decided upon, and in consequence, instead of 265 tons, 390 tons of pipe had been ordered and most of it was already in the city. He asked that the order-in-council authorizing the purchase of 265 tons be increased to 390 tons. This resolution was adopted by the council.

Councillors Goulding, Bryant and Long were present, and Commissioner Wigmore asked that the commissioners approve the city-assessment book. This was done, and the Lancaster councillors signed the Lancaster assessment book. The council then adjourned.

Interesting figures connected with the service of the Water and Sewerage Department were submitted by Com. Wigmore to his colleagues. An estimated population of 50,991 people is served in the city proper and Lanarkshire. There has been an increase in practically every variety of service during the year. The table compares the service in 1912 with that of the present year, and is as follows:

| | | |
|---------------------------|--------|-------|
| Families | 1912 | 1913 |
| Water closets (city) | 10,286 | 9,837 |
| Water closets (Lancaster) | 8,428 | 7,878 |
| Baths | 3,590 | 3,213 |
| Wash basins | 4,210 | 3,850 |
| Urinals | 109 | 111 |
| Boarding houses | 84 | 75 |
| Horses and cows | 1,250 | 1,214 |
| Stores and restaurants | 1,007 | 1,009 |
| Offices | 414 | 407 |
| Barber chairs | 116 | 116 |
| Workshops | 413 | 413 |

Estimated population supplied with water: St. John, 46,281; Lancaster, 3,710; total, 50,991. This estimate is based upon an allowance of 4.87 people to the family. This does not include the population of non-Lancaster beyond Moore's Hill, which is not in the assessment district.

PERSONAL

Among the guests at the Royal are Edward Graham and H. B. Ivers of Bangor.

P. Giffins, general manager of the D. A. E., is at the Royal.

Miss Helen F. Shea, Simonds street, has returned from Glouce Bay.

George D. Ellis went to Fredericton yesterday.

Miss Edna Niles of St. John is visiting her cousin, Miss Ethel Moore, of Fredericton.

A. J. Grass of St. John, superintendent of the Railway Mail Service, was in Fredericton yesterday.

W. M. Jarvis was in Fredericton yesterday.

INSPECTOR BRIDGES

A. R. Wetmore, engineer of the Provincial Department of Public Works, arrived in the city yesterday and will inspect the work in connection with the new bridge at the Reversing Falls today. Mr. Wetmore said the Provincial Department of Public Works was building quite a number of new permanent bridges this year, and that the various jobs were proceeding satisfactorily.

TRIED TO ROB TILL, AND GOT A THRASHING

A tricky youngster of the North End yesterday tried to defraud a merchant of some small change but he was caught in the act and the scene which followed will likely prevent the lad from attempting to repeat his action.

The boy entered the store of a well known grocery man who conducts a business at the lower end of Main street and while waiting in the store, apparently imbued with the idea that he could make an easy haul, the youngster stealthily slipped his hand round the counter and started helping himself to the contents of the till. When he thought the little game was working nicely and without notice, the young fellow was in the act of emptying the till but the attention of the clerk was attracted and the little rascal was detected in this bold and open piece of robbery.

The boy was given a sharp lecturing by the clerk, but thinking that not enough to restrain him from again trying to work the same trick, he marched the guilty lad to the home of his mother, and after relating what the boy had done requested that she give him a good licking for his actions. Full of sympathy the mother did not like to whip the lad, but told the merchant that he had better administer the punishment. The presence of the mother did not prevent him from doing so and setting a heavy stick he gave the lad a thrashing which ought to go a long way towards preventing a repetition of the act.

Some days ago the same boy was caught in the act of robbing the till of another merchant in this section of the city and was allowed to go with a warning.

LABOR EXPERT HERE TO ADDRESS UNIONS

G. Plant, of Department of Labor, Spoke Before Woodworker's Union Last Evening.

G. Plant, of the Department of Labor, Ottawa, is in the city. The object of his visit to St. John is to interest members of organized labor in the Labor Gazette. Last evening he addressed a meeting of a meeting of factory woodworkers, pointing out the purposes of the Labor Gazette, and asking for suggestions as to enlarging its usefulness. He will remain in the city a few days and will address meetings of various unions and solicit subscriptions for the Labor Gazette.

Mr. Plant said the Labor Gazette had a considerable circulation among members of trade unions and that it was the object of the department to get the publication into the hands of as many workers as possible, and to make it as useful as possible to workmen.

Speaking of the Canadian labor movement he said that during the past year there had been a great increase in both the number of unions and the membership.

INCINERATOR ON BROAD STREET NOT POPULAR

Much Outspoken Criticism of Scheme—Property Owners Likely to Organize to Oppose the Plan.

The proposal of the city commissioner to erect an incinerator at the eastern end of Broad street will meet with opposition from the property owners in the neighborhood. Yesterday there was a good deal of outspoken protest against the proposal, and it was said that a meeting of the property owners interested would be held shortly to make a formal protest to the city council, and to organize an association to prevent the commissioners carrying out their present plan for the incinerator.

NOTICE TO TAXPAYERS.

The collectors of taxes for the parishes of Simonds and Lancaster No. 1 will be at the county treasurer's office, 42 Princess street, on Wednesday 23rd, from 10 a. m. to 3 p. m., to accommodate tax payers who wish to take advantage of the 5 per cent discount.

The collector of Lancaster No. 1 will be at the engine house, Fairville, on Tuesday and Wednesday evenings from 7 to 9 for the same purpose.

F. A. Dykeman & Co. carry in stock the most popular lines in corsets that are being made at the present time. They are the celebrated E. V. LaDeesse, D. & A. and LaDiva. They sell large quantities of these goods because their prices are well known to be less than other stores. They have a lot of other lines which have become slightly soiled through handling, and are now on sale at 25 and 50 cents. Some in this lot are worth 75c to \$1.00.

The holder of a solitary diamond pin will be rewarded by leaving the same at The Standard or Nickel Theatre office. The pin is particularly valued as a presentation gift.

MORE BERTHS NEEDED HERE, SAYS EXPERT

"If the facilities for handling steamships are provided at St. John the trade will come here," said W. I. Gear, of the Robert Reford Company, who arrived from Montreal yesterday and is registered at the Royal. "Although the money stringency may have affected speculative business, the shipping business at the present time is good and there is every reason to suppose that the shipping business will continue to be good throughout the winter coming. If St. John wants more of the winter traffic it must provide better facilities for handling it. In Montreal we are handicapped by lack of adequate accommodation for shipping, but conditions are no as bad as they are in St. John."

Gear was over to Sand Point yesterday and inspected the facilities there and showed much interest in the plans for the improvement of the facilities on the West Side.

"More facilities are needed for handling grain at St. John," said Mr. Gear. "The people of St. John should urge the government to construct grain conveyors to No. 5 and No. 6 berths. If the grain conveyors to these berths are in operation next winter conditions here will be materially improved."

The new wharves at Sand Point cannot be completed too soon," added Mr. Gear. "Every effort should be made to hasten the new construction. The problem of securing more traffic for the port of St. John is mainly a problem of providing more facilities."

LABOR EXPERT HERE TO ADDRESS UNIONS

G. Plant, of Department of Labor, Spoke Before Woodworker's Union Last Evening.

G. Plant, of the Department of Labor, Ottawa, is in the city. The object of his visit to St. John is to interest members of organized labor in the Labor Gazette.
