committee of ways and means for the purpose of considering resolutions respecting customs and excise duties on ale, beer and porter made from sugar, corn and rice. This change is due to the doubling up of the malt duty which gave an advantage to Canadian produce of beer from sugar and other articles. A corresponding increase is made in the foustoms duty. The rate on beer made trom malt will now be six cents, while hat from sugar is ten cents.

Mr. Casey complained that the bill authorized the manufacture of beer from sugar. This was inferior beer, and the government change of duty would deprive the farmers of part of their barley market.
