PREMIER ACCORDED FINE RECEPTION AT GRAND FALLS

Splendid Meeting Gives Him Hearty Endors-
ation and James Burgess Resigns Seat to
Him—Further Startling Exposures
are to Come

Hon. Walter E. Foster, premier
of New Brunswick, who is a candi-
date for the house of assembly
in the county of Victoria, received
a magnificent welcome from the
people of Grand Falls.

Not only was premier Foster
warmly received at Grand Falls
on Friday where he was one of
the speakers at a Liberal rally in
the Opera House, but during his
journey he was greeted heartily
at the principal places through
which he passed. This was true
not only of Victoria, but also of
York and Carleton. At McAdam,
Woodstock, Hartland, Florence-
ville, Bath, Perth, Andover and
Aroostook Junction delegations
met the new premier, who was
made acquainted with a large
number of electors. In all places
his reception was most cordial
and indicated that New Brun-
swick's business premier has the
people with him.

His Worship Mayor Collins
took the chair. The audience
entirely filled the large theatre
and gave the various speakers an
attentive hearing. Those who
spoke were Premier Foster, Hon.
J. F. Tweeddale, minister of ag-
riculture; James Burgess, ex-M.
P.P.; Hon. L. A. Dugal, M.P.P.,
and F. B. Carvell, M. P.

Hon. Mr. Dugal spoke in
French, in which language he is
very eloquent, and was given a
magnificent reception by the au-
dience.

Mr. Carvell also was given a
great reception. There is every
indication that there will be no
opposition to Hon. Mr. Foster
and Hon. J. F. Tweeddale in this
county.

Public opinion is decidedly
against a contest and the only
agitation for the nomination of
candidates against them comes
from a small clique of "die-hards"
which is not representative of its
own party. The openly expressed
intention of the government
supporters is to make any oppo-
sition candidate lose his deposit.
James Burgess, M. P. P., the first
speaker, informed the audience
that the object of the meeting
was to receive his resignation as
representative of Victoria and to
accept Hon. Mr. Foster as a can-
didate in his stead. If Victoria
would give to Premier Foster and
Hon. Mr. Tweeddale in the case
of a contest which was not likely,
the same support which had been

given on Feb. 24, the county
would never regret its action.

Hon. Mr. Foster in the course
of his address said:

"I am here as a stranger to
most of you and only here be-
cause of the generosity of the
Liberal party of Victoria county
which permitted one of its valued
members, James Burgess, to re-
sign his seat and provide a place
for me, his leader, called upon to
be the premier of the province.
I am glad to be here tonight to
bear tribute to that kindly spirit
of Mr. Burgess which prompted
him to say that a seat might be
found for me in this, one of the
most promising counties in the
province.

"Victoria county is envied to-
day because it has provided my
government not only with a splen-
did minister of agriculture, Hon.
Mr. Tweeddale, but also will, with
your permission provide New
Brunswick's premier with a place
in its legislature.

"I do not need to say to you
who are so conversant with pub-
lic affairs that too much time has
been lost since the people of New
Brunswick on Feb. 24 and Feb.
26 pronounced its verdict and said
that they wanted a new govern-
ment. Contrary to all precedent
in this province at least, the late
government took thirty-five days
to wind up their unfinished busi-
ness and permit the men who
had been elected by the people to
take charge of their affairs. Now,
I understand, there have been
and are some rumors of the by-
elections of the different minis-
ters being contested, and if these
rumors are correct it will be early
in May before the returning offi-
cers are enabled to make their
proper declarations as to the re-
sult of the contest. We do not
fear the result of any contests in
any county. The verdict that
was given on Feb. 24 will only be
emphasized no matter in what
constituency the question is asked
of the people.

"And it is quite proper that
this should be so. Many state-
ments were made during the cam-
paign by the opposition of which
I was then leader, concerning
transactions of the old govern-
ment, and while we have been
only a few days in office I want
to say to you in this, my first
public utterance to the people,

LEE CRANDLEMIRE HAS GIVEN HIS LIFE

"Greater Love Hath No Man"—
Reported Death of Murray
Montgomery Not Con-
firmed

Big, jolly, care-free Lee Cran-
dlemire has laid down his life for
his country. The people wonder
what manner of man it is that in
response to his country's distress,
will go willingly into a very hell
of high-explosives where sudden
and fearful death lurks for almost
every man. Jesus said: "Greater
love hath no man than this, that
he lay down his life for his
friends." Lee Crandlemire is
killed, and hundreds of other Car-
leton county boys—sons, brothers,
husbands, sweethearts—are hourly
exposed to the same inhuman
slaughter as was he.

A telegram to Mrs. John Cran-
dlemire was received on Sunday
evening from the officer in charge
of records at Ottawa. The mes-
sage reads:

"Deeply regret to inform you
of cable received today that states
Private Lee Wesley Crandlemire,
infantry, previously reported dan-
gerously wounded, is now official-
ly reported died of wounds at 24th
General Hospital at Etaples,
France, on April 12, from gunshot
wound in the eyes."

The saddened family have only
this meagre information, but they
are assured of a full measure of
sympathy from all the country-
side. There are many quaking
hearts fearing similar sad news.

On Saturday Mrs. Crandlemire
received a cable stating that her
son was wounded and ill, but
even this in no way softened the
hard blow of the later news.

Lee Crandlemire was a strap-
ping youth of 20 years, possessed
of a magnificent physique, an
abundance of good nature, and,
while here in training with Co.
D, 140th Batt., showed a spirit
eager to get at the foe. He en-
listed somewhat more than a year
ago, and from April 18 to June 14
was here in training with Platoon
15 under Lieut. McDougal. His
parents live at Middle Simonds
and he is also survived by three
sisters, Mrs. Fred Thornton of
Hartland, Eva and Hazel at home.

A report that Murray Mont-
gomery of Glassville was killed
which was current last week, is,
happily, without any apparent
foundation. The news is report-
ed to have come in a letter from
a member of the same platoon,
but The Observer has, since the
report was first given out, taken
pains to ascertain that no letter
received at Hartland had any re-
ference to Mr. Montgomery, and
his relatives at Glassville had up
to Tuesday received no messages
other than he was alive and well.

It is passing strange how such
reports originate, and still more
strange how unfounded reports
can be passed for absolute truth.

Sleepless Nights With Eczema

Mrs. Link, 12 Walker St., Hali-
fax, N. S., states:—"After three
years of miserable torture and
sleepless nights with terrible ec-
zema, and after trying over a doz-
en remedies without obtaining
anything but slight temporary re-
lief, I have perfectly and entirely
cured by using Dr. Chase's Oint-
ment. After the third or fourth
application of this grand ointment
I obtained relief, and a few boxes
were enough to make a thorough
cure.

Vol. VIII. APR. 19, 1917 No. 45

IN VICTORIA

Premier Foster received a hearty welcome from the people of Victoria county who are glad of the opportunity of having as a representative a personage of such importance in provincial affairs. There is not likely to be any opposition to his election, and it is certain that if candidates could be found to run against the premier and Hon. Mr. Tweeddale, Minister of Agriculture, that they could not secure votes enough to redeem their deposit. Hon. B. F. Smith, ex-Minister of Public Works, has been very active in attempting to stir up party strife in Victoria, but the Conservatives of that county are too wise to be led to the sacrifice by a crafty outsider. Excellent men have been coaxed and cajoled without avail. Dr. Guy and Fred W. Pirie of Grand Falls, Andre Jensen of Salmonhurst and J. J. Cote of Drummond have been among the ones importuned to run. It is stated that a campaign fund of \$10,000 was offered besides a fat federal office in case of defeat. All have turned down the propositions, seemingly not only aware that they would meet certain defeat, but not really desirous of having Premier Foster and Mr. Tweeddale opposed.

Next Monday is nomination day, and the election, if one is necessary, will be held a week later.

High Prices Go Still Higher

(St. John Times)

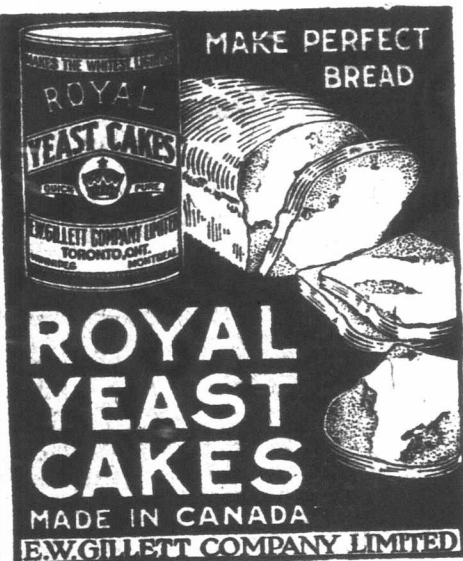

Keeping track of changes in their price lists has kept the grocery merchants busy ever since last week when the announcement that the United States was to enter the war caused a commotion in trade circles. Since then prices have been changing so rapidly that, in some cases there would not be time to prepare an amended list before additional changes were reported.

Since the first of the month Ontario flour has changed four times and Manitoba twice. The price is higher now than in the recollection of the present generation of merchants, the advance since the beginning of the war being eighty and ninety per cent.

Sugar jumped sixty-five cents the last week and has advanced \$1.05 per hundred in less than a month. It is almost double ante-war prices.

American clear pork, at \$49 to \$50, shows an advance of \$10 to \$11 since the first of the year and is just about double the list price when war was declared.

During the past week granulated cornmeal has advanced seventy-five cents a barrel; molasses has increased two cents a gallon; beans have gone up twenty cents a bushel; rice has advanced twenty-five cents a hundred; pure lard is one cent and compound two cents higher, and candied peel has jumped four cents a pound. Many other commodities have shown the same tendency, this influence being especially marked in all cereal products.

CENTREVILLE NEWS

The roads in all directions are certainly in an awful condition. One minute your horse is ploughing through mud nearly to his knees and the next he is creeping over a snow bank anywhere from three to 10 ft. deep where a misstep means removing your horse from the sleigh and procuring a shovel to dig a road through the drift. One horse of a team belonging in East Blaine broke his leg in a drift between Arch Tracey's and the Royalton road and had to be shot. Another horse was badly cut in the same drift last Sunday. With an improved road law such occurrences would not happen. All these drifts should be shovelled out wide enough for a waggon to go through. Now no one seems to have authority to have it done. And unless the farmers turn out of their own accord it is left to nature to do the work. We don't pretend to know more than our new Government. However there is one thing we do know and that is in each and every district there should be some one man on the job the year round with authority to look after all the roads in his particular district and keep them passable. Now, if one little plank breaks the hole has to remain until the local member is consulted and gives authority to have it repaired.

Quite a serious accident occurred Friday afternoon when Malcolm, youngest son of T. B. Thistle, had his foot very badly cut. A number of children were playing around some frozen sawdust. One had an axe with which he was breaking junks of sawdust. Malcolm put his foot in the way of the axe and it went through his boot and rubber, unjointing the big toe at the ball of the foot and almost severing all the rest of his toes. Dr. Brown was called and hopes to save the little child's toes. Moral: Children beware of edged tools.

Potatoes have taken another upward jump and are now worth \$7. The high cost of living is no dream. Flour, Sugar, Pork Products and Beef are soaring away up in price and the end does not yet seem to be in sight. Working men and salaried men are having a hard time to live and make ends meet.

Miss Marion White, student nurse at St. John, is spending some time at her home on account of the serious illness of her father, G. L. White. Mr. White still continues very sick. Mrs. Parlee, sister of Mr. White, is also here.

Miss Faye Burt spent Sunday at her home here.

By Purifying the Blood You Get Rid of Pain

Here is the Sworn Statement of a Lady Who Was Cured by Dr. Chase's Kidney-Liver Pills.

Poison causes pains and aches, tired, languid feelings and derangements of the vital organs of the body. By ridding the human system of poisonous impurities Dr. Chase's Kidney-Liver Pills cure rheumatism, headache, backache and pains through the body and limbs.

As an illustration, we would refer you to the sworn statement of Mrs. Bergland. It is just such experiences as this that has made so many thousands of people enthusiastic about Dr. Chase's Kidney-Liver Pills. This is why they are to be found in the great majority of homes.

Mrs. O. Bergland, Dunkirk, Sask., writes: "I can highly recommend Dr. Chase's Kidney-Liver Pills to all who are suffering from weak kidneys. I suffered from headache and backache, had heart troubles and my sleep was so broken and unrefreshing that it was with difficulty that

I could get any rest. I had rheumatism and always had a very feeling in the region of my kidneys. I was nervous and often dizzy. Reading about Dr. Chase's Kidney-Liver Pills led me to use them, and with the most highly satisfactory results, and I can recommend them to everyone who wants to be cured of kidney troubles."

Mr. W. E. Johnson, Commissioner to take oaths, writes: "This is to certify that I know Mrs. Bergland and believe her statement in regard to Dr. Chase's Kidney-Liver Pills to be true and correct."

Put Dr. Chase's Kidney-Liver Pills to the test when suffering from tired, sluggish action of the liver, kidneys and bowels and you will soon appreciate their value. One pill a dose, 25 cents a box, all dealers, or Edman, Bates & Company, Limited, Toronto.

Sheriff Albion Foster of Hartland passed thing Andover Friday afternoon enroute to Grand Falls.

The Kiltie Concert that was given in the specialty last Friday night was indeed a great treat to the people of Andover and Perth. They were greeted by a full house. Every number of the lengthy program was a pleasure to all.

THE TONIC THAT BRINGS HEALTH

"Fruit-a-lives" Builds Up The Whole System

Those who take "Fruit-a-lives" for the first time, are often astonished at the way it builds them up and makes them feel better all over. They may be taking "Fruit-a-lives" for some specific disease, as Constipation, Indigestion, Chronic Headaches or Neuralgia, Kidney or Bladder Trouble, Rheumatism or Pain in the Back. And they find when "Fruit-a-lives" has cured the disease, that they feel better and stronger in every way. This is due to the wonderful tonic properties of these famous tablets, made from fruit juices. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

They left for Fredericton Saturday afternoon.

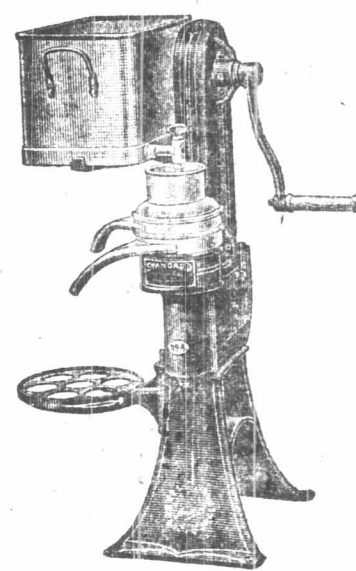

On Hillcrest

There is likely to be further building activity on Hillcrest avenue the coming Summer. A. A. Barter has purchased an additional lot and will build a house, while Harry Barter also has purchased a lot and will erect a dwelling. Since the Burt farm was purchased by a syndicate headed by S. S. Miller, and subdivided, a new village has sprung up in this location, which is only two minutes walk from the post office and station. High, dry, healthful and with magnificent outlook upon the river it is little wonder the lots went quickly. There reside on Hillcrest now about a dozen families, most of them with young children, and the freedom of space is greatly appreciated in contrast to the quarters of village tenements. Choice lots, with southern exposure, are still available. Ask Miller about them.

Frank Plummer of Waterville has rented the Hagerman store, formerly occupied by A. L. Baird, and on Saturday will open to the public with a fine new line of dry goods, groceries and furniture.

LISTEN TO THIS! SAYS CORNS LIFT RIGHT OUT NOW

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers. It is a sticky ether compound which dries the moment it is applied and simply shrivels the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of freezezone will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus. You are further warned that cutting at a corn is a suicidal habit.

A FRIEND'S ADVICE

Woman Saved From a Serious Surgical Operation.

Louisville, Ky.—"For four years I suffered from female troubles, headaches, and nervousness. I could not sleep, had no appetite and it hurt me to walk. If I tried to do any work, I would have to lie down before it was finished. The doctors said I would have to be operated on and I simply broke down. A friend advised me to try Lydia E. Pinkham's Vegetable Compound, and the result is I feel like a new woman. I am well and strong, do all my own house work and have an eight pound baby girl. I know Lydia E. Pinkham's Vegetable Compound saved me from an operation which every woman dreads."—Mrs. Nellie Pristack, 1521 Christy Ave., Louisville, Ky.

Everyone naturally dreads the surgeon's knife. Sometimes nothing else will do, but many times Lydia E. Pinkham's Vegetable Compound has saved the patient and made an operation unnecessary.

If you have any symptom about which you would like to know, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free.

The White Lead Behind a Paint Determines its Quality

ONLY a very real quality in a White Lead can give successful results in paint-mixing. A worthless compound masquerading as White Lead cannot impart to paint those essential qualities without which it never gives permanent satisfaction.

To avoid risk of failure in mixing your paint, make it a point to use only paint in which the White Lead used is

**Brandram's
Genuine B.B. White Lead**

It is absolutely pure, whiter than others; of great covering capacity and long life. Working under the brush with ease and freedom, it produces a tough, elastic film that does not crack, or peel.

Its real cost is less than that of seemingly cheaper white leads—because it produces a beautiful protective paint that lasts for many years. White Paint of unknown ingredients never looks well and rarely lasts two years.

COST OF NEWSPAPERS

Making a newspaper is a complicated business, and the list of ingredients in this commercial pudding may prove surprising to many. Rubber, drugs, carbonic acid, felt, cotton, glycerine, gum arabic, and metals of various sorts enter into the mess—all this outside the white paper, ink, the paste, and the wrappers. Some increases in the price of these ingredients may serve to convey an idea of the increased cost of newspaper production. The cost of white paper has increased. Postage has gone up 25 per cent., carbonic acid 700 per cent., gum arabic 80 per cent., ink 20 per cent., press felt 60 per cent., rubber 20 per cent., glycerine 100 per cent., metal 70 per cent., wrappers 51 per cent., whereas 67 per cent. Can any other line of business show increases in all its producing material to match these increases in the making of a newspaper? We do not think so. In addition wages and office expenses have gone up proportionately. Wages have increased 31 per cent., while office expenses have increased 35 per cent. And the end is not yet apparently.—Ottawa Citizen.

NEW HEALTH IDEALS

A Good Body, A Good Mind and Good Moral Objectives

Much interest was aroused in an address given in Winnipeg by Dr. Stewart Fraser, chairman of the provincial board of health. There were three essentials to good citizenship, Dr. Fraser said, a good body, a good mind, and good moral ideals. Two out of the three requisites had been taken care of by the British people and one essential neglected. "The schools are provided to take care of the mental development, the moral ideals are taken care of by the ministers in the churches and Sunday schools, but there has been no one here to preach the gospel of a sound body," Mr. Fraser said.

Stress was laid on the importance of arousing public opinion to the fact that the body as the home of the intellect and the ideals must be groomed, developed and cared for in order to be a suitable vehicle. The body is the jewel case which holds the twin jewels of mind and ideals, and it must be suitable or else they can only be "jewels in the rough." Dr. Fraser outlined the system being followed by the provincial board in sending nurses to the homes and to the schools in order that the children may be reached and through them the mothers. Statistics were not available for Manitoba so far, as to death resulting from preventable diseases but their number was appalling. Dr. Fraser has no sympathy with the old theory "of ill to which the flesh is heir," but states firmly that practically all the ills are preventable and that the human body, were it not for man's improvidence, "would run until worn out."

ON A CASH BASIS

Western People Are Urged to Discourage the Credit System

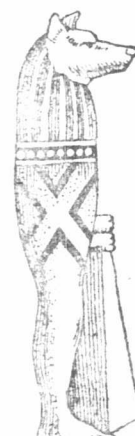

C. Vere Brown, speaking in Winnipeg, said that about 40 per cent. of farmers in Manitoba, Alberta and Saskatchewan were in a position to deal on a cash basis, but did not do so because they had formed the credit habit and because the average merchant did not require them, or make it worth their while, to pay cash. Out of 890 merchants in rural centres where the Bank of Commerce has branches, 703 allow no cash discount. Mr. Brown declared. The request of rural merchants to give discounts for cash was one of the main reasons for the success of the mail order business, he asserted. The banks were now attempting to give the service to the agricultural population, and greater co-operation was urged.

On Tuesday The Observer man was able to purchase a bag containing 50 pounds for \$2.30, and hopes by serving them only as a delicacy on Sundays and "when company comes," they last until a new crop arrives. Today dealers quote \$6 a barrel, and some farmers have been offered more during the past week. Eggs are more plentiful but the price is still good. Butter continues high. Oats bring around a dollar a bushel.

The revival services conducted in the Baptist church by Evangelist B. C. Bubar of Danforth, Me., which have been going on for several weeks, have been attracting widespread attention. Each evening the church has been filled to overflowing. Announcement was made that last Sunday evening's service would close the series, but such a general spiritual awakening developed that it was considered the work was not yet finished. Therefore the services continue all this week and over the coming Sunday.

At the service of last Sunday evening more than 60 people, including men, women and young people, expressed a desire to live the Christian life, and the meeting will long be remembered as one of great impressiveness.

Gin Pills FOR THE KIDNEYS

WHAT THE KIDNEYS ARE RESPONSIBLE FOR

The function of the kidneys is to purify the blood. Every three minutes, the entire blood stream passes through the kidneys and is relieved of its impurities by these busy organs. When the kidneys fail in their work, poison accumulates in the blood—poison which is felt in the back, the head aches, the urinary system is deranged, the joints and ankles are apt to swell and there is grave danger of rheumatism, sciatica, and lumbago.

Gin Pills restore the kidneys to their normal activity, and should be taken as soon as any of the symptoms indicated above are felt. Gin Pills soothe and heal the kidneys. Don't neglect kidney trouble—you will only suffer needless pain.

HARTLAND, N. B.

Appreciation of F. B. Carvell, M. P.

The Canadian Liberal Monthly of Ottawa says the recent general election of 27 Liberals and 21 Conservatives indicates that after all, dishonesty, extravagance and maladministration in public affairs cannot endure. With 45 supporters to 3 opponents in the Legislature, the Conservative Premier, Mr. Murray appealed to the electorate, but the tide was too strong. The record of the Conservative Government in New Brunswick could not be endorsed. The banishment of ex-Premier

Fleming from the Provincial Government, the exposure of the worse forms of corruption and extravagance and the revelation of the squandering of the resources of the Province with a wantonness indicative of political insanity, could have but one result, viz. the overthrow of the Government.

Out of this long drawn contest against the bitterest opposition both from Provincial and Federal Governments, and in spite of the vilest calumny and vilification, there emerges one man to whom no small credit is due for the New Brunswick triumph, and that man is Frank B. Carvell.

DO YOU WANT A FARM?

FARM NO. 1

A 130 acre farm fronting on the St. John River and a splendid opportunity for any one wishing to go into potato raising. Beautifully located in the best sections of the banner county of New Brunswick and surrounded on all sides by prosperous farmers who are growing rich from the fruits of their toil because of the great productivity of the soil. Soil a rich, sandy loam well suited to wheat, grain, potatoes, other roots and fruit; 40 acres cultivated, 10 acres brook pasture, 80 acres woodland containing over 400,000 feet soft wood lumber, besides pulp and hard wood.

Crop last year 35 tons hay, 500 bushels potatoes, 300 bushels oats, 40 bushels wheat, besides other grain, roots and apples. Taxes about \$20. annually. Two houses, one comfortable, large 12 room house, stone foundation and frost proof cellar. The other, a 5 room house with shed and practically new. Barns 28x38, and 26x38, hog house and manure shed. Buildings all in fair condition. Insurance \$1400. Property well fenced, good well near dwelling. To school, 3-4 of mile, church 1 mile. C. P. R. station 1 mile. To village of Hartland 4 miles; daily RFD mail. Situated at Middle Simonds in Carleton county. Splendid view of river for 6 miles. Price \$4,500. Terms \$1000 down, balance to suit purchaser.

FARM NO. 2

A 182 acre farm fronting on main Becaguine river. A good large farm for a little money: 80 acres in cultivation, 30 brook pasture, 30 acres woodland, balance scrubby second growth. Soil is part rich loam and part clay subsoil, well adapted to raising grain, hay, roots or fruit. Buildings consist of two large barns, that could not be built for \$500, and a small shack, small amount of lumber and pulp, small orchard. Last year cut 30 tons of hay besides grain and apples. Post office and school half mile, station 7 miles, neighbours near, village of Rockland 2 miles. Price \$1200, \$200 down balance to suit purchaser.

Here are SIX unusual Bargains:

FARM NO. 3

Thirty acre farm, about 20 acres cleared, balance mixed growth. Soil good quality; buildings consist of small house and barn which are in need of repair but could not be built for twice the price of place; excellent spring 2 rods from dwelling. To Coldstream village, post office, Consolidated school and church 3-4 mile. To Hartland and C. P. R. station less than 6 miles.

A wonderful bargain for any one looking for this kind of a farm. Price \$175. Terms to suit purchaser.

FARM NO. 4

This splendid property considered one of the best and most profitable farms in the County of Carleton, has been placed on the market by the heirs of the late owner at a remarkable low figure. It is ideally situated in a well-to-do and prosperous community and is a great bargain for anyone wishing to go into potato raising. Plenty of good neighbours near, in fact three other residences are within 500 feet of dwelling. Farm contains 100 acres, 80 acres in good state of cultivation, soil an excellent quality, 20 acres of woodland mixed growth with small amount of lumber and plenty of hardwood. Buildings consist of a comfortable 9-room house on stone foundation with frost proof cellar, 2 large barns 40x60, besides shed, wagon house, hog house and granary, buildings could not be duplicated for \$2500, good orchard, water in yard and could be very easily run in dwelling. Taxes about \$20 annually, situated 3 miles from Florenceville 1 1/2 mile to school and church, daily mail R. F. D. Crop last year consisted of 60 tons of hay, 500 bushels potatoes, 500 bushels oats, 100 bushels wheat, besides other grains and roots. Price \$3500; terms agreeable.

Farm No. 5

A 300 acre farm at \$9 per acre; not a dead run-out, worked-to-death farm, but a live-going profit-paying proposition and an excellent chance for stock raising; 150 acres in good state of cultivation; 30 acres in pasture; 70 acres woodland, mixed growth; property well fenced; nearest railroad at Hartland a distance of 10 miles; nearest store 3 miles, post office and church 1 1/2 miles, school 1 mile. Taxes about \$25 annually; good water at dwelling, two orchards. Buildings consist of a 6-roomed house with shed, frost proof cellar, 3 barns 30x43, 28x38 and 24x30 (with sheds attached). Crop last year 80 tons of hay, 300 bushels of potatoes, 1100 bushels of grain, besides fruit. Price \$2700.

Terms \$1000 down balance on mortgage. This price includes considerable personal property.

Farm No. 6

This farm well equipped with buildings, all of which are in good repair, and now carry \$1000 fire insurance. The dwelling alone could not be built for considerable more than the entire price of property. This farm, situated in a well-to-do community, is on the market because the owner has a large amount of other property and is offering to sacrifice this. Farm contains 50 acres, 25 of which is cleared and in an excellent state of cultivation and well adapted for potato raising, situated 5 miles from Hartland and railway, 1 1/2 miles to nearest village and church, 1 mile to school, mail three times per week, R. F. D. Good well near dwelling. Buildings consist of 10 room house and good sized barn and hog house all in good repair, good frost proof cellar. This property is well fenced and includes a good orchard. Woods is a mixed growth and contains some pulp wood. Crop last year 500 bushels potatoes, 250 bushels oats, 8 tons hay, besides fruit and roots. Price \$1100. Terms: \$500 down, balance on mortgage. Should the purchaser want more land I have two other properties within 1 1/2 miles distance, on which there is no dwelling, both of which I consider a good bargain.

TASTEFUL SATISFYING

You'll Like the Flavor

(Continued from first page)
that what investigations we have made into the public business have justified fully, not only any and every statement that was made but have led us to believe that there are many transactions not in the interest of the province which we did not dream of when in opposition.

"My ministers are making discoveries in their different departments every day of the extravagance and recklessness with which your money was spent in the conduct of the public business. I may refer particularly to many transactions in the public works department, especially since it has been under the control of Hon. B. Frank Smith. During his regime a sum aggregating nearly \$160,000 was, I consider, spent in a most wasteful manner upon the roads of the province at a season of the year up to the time of falling snow when but little benefit could accrue to the highways. Huge shipments of machinery were purchased and stored all over the province. Some of it was paid for but much of it was not. It was piled in barns, it was left in the open, exposed to weather and deterioration, and none of it, even when housed, was insured. I have a particular case of this in mind in the county of St. John where a road plant which cost between \$10,000 and \$12,000 was placed in sheds in a somewhat dangerous location and left there without a cent of insurance. The people of this county, in fact the people of the province, will hardly credit my statements when I say that according to my books of the auditor-general which I have personally examined, this large expenditure of \$160,000 was intended to be made a part of the permanent bonded debt of this country. In addition to this I have discovered partially from documents on the files in the public works department that Hon. Mr. Smith ordered ten large motor trucks costing in the city of Cleveland, Ohio, the tremendous sum of \$5,700 each. To this must be added the freight and duty at 4 1/2 per cent so that the truck when landed here in New Brunswick would cost this province between \$8,000 and \$9,000 each. In addition to this order Mr. Smith also ordered from the same company ten smaller trucks so that the whole amount to be expended in this direction was nearly \$120,000. And when do you think this order was given? Just eight days before election day, or in other words on Feb. 16. The people can draw their own conclusions, but I can assure you that the matter will be fully investigated and ventilated as soon as possible.

"While I am speaking about the roads and the reckless expenditure upon them and the mismanagement in connection with them, let me assure you that I hope the day is past when there will be any graft or such reckless expenditures in this new department. I have every confidence in the new minister of public works. He is energetic and practical and will meet the views of the people so far as the public interests are concerned.

"I know that I can say that with respect to every member of my government. I believe that Hon. Mr. Tweeddale, the minister of agriculture, is already meeting with some problems which no doubt he will acquaint you with himself, but I have every confidence also that he will be able to grapple with the difficulties that present themselves and act always in the interests of the agriculturists of the province.

"My government is going ahead with the construction of the Valley railway, but I trust we are going to do it more honestly and economically than the work has been carried on in the past. I regret to inform you that so far my investigation into the affairs of the railway have not been very satisfactory. More money will have to be provided to complete

the road, both from Gagetown to Westfield and from Centreville to Andover. With another government in power at Ottawa and a renewal of the subsidy from Andover north, I hope the day will come when the government can make that long promised connection with the Transcontinental which at the beginning was the principal object in view in constructing this important road.

"I do not want to take up too much of your time upon matters which may be discussed more fully in the near future, and particularly in the legislature. I am here more for the purpose of meeting and greeting you, of making the acquaintance of those whom I hope will be my new constituents, than entering into a discussion of public affairs to any length. However, there is one point I wish to make, the government of which I am premier intends to give the people of this province a business administration. We are not going to place our own personal interests before the welfare of the country. We are going to take up each and every question upon its merits and not place legislation upon the statute books that will be for the benefit of private individuals and contrary to the public good. There is great natural wealth and many opportunities in this province of New Brunswick. We must not waste our resources. We must preserve the crown lands of our province; in fact we must guard very jealously every portion of our public domain. The ruined fields, the splintered forests of France and Belgium and Russia impress the fact more strongly upon us of what great need there will be in the world for such natural wealth as exists in the province of New Brunswick."

The premier said that one of first acts of the new government had been to raise \$100,000, to pay estimates and wages for the work on that railway during February. That fact gave an indication of the condition of the railway affairs. It was a bad mess but the present government would see the matter through. To make the railway the least burden upon the people connection must be made with the Transcontinental line. The extension to Andover also must be considered. It might not be done at once but would be as soon as possible.

Speaking of the returned soldiers, Premier Foster said that New Brunswick was the only province which had done nothing toward caring for those affected by tuberculosis. He was pleased to be able to announce that arrangements were being made by the new government to have such soldiers cared for in properly equipped institutions at River Glade and East St. John.

Premier Foster in conclusion promised his best attention to the interests of Victoria. It had been said that it would be an honor for Victoria to be represented by the premier of the province but it really was an honor to the premier to represent a constituency with such water powers, such agricultural lands and such natural resources.

"We must economize. The war for freedom which has assumed such tremendous proportions, the war in which so many thousands of our New Brunswick sons are engaged, has placed upon the people of New Brunswick as well as upon the men and women of all portions of the empire a responsibility for economy that cannot be ignored. Governments as well as individuals must respond to the demand that every bit of wealth and resource that we have shall be treasured and guarded most carefully. Therefore it is that the new government of New Brunswick has a greater task before it than perhaps any administration in the history of our province. We shall need everything we have, every dollar we can raise, not only to help those who are at the front but to assist in providing

for them when they return. I feel so strongly upon this point that I think we should economize even in our public services.

"The loyal and patriotic men of the party in power should see to it that every dollar of public money spent honestly is spent well."

Hon. Mr. Dugal followed, his remarks being in French.

Hon. J. F. Tweeddale, minister of agriculture, followed Mr. Dugal. He thanked the electors for the magnificent vote given him and Mr. Burgess on February 24. He denied point blank the statement of certain conservative newspapers that he and colleagues had used an anti-conscription canvass. At no time was conscription mentioned. In having Hon. Mr. Foster come to Victoria to secure a seat the high honor had been given the country. The premier had selected Victoria out of a number of available constituencies. In Mr. Burgess the country had possessed a valuable representative who had done much for his constituency. His connection with the Blue Bell tract purchase was particularly creditable and it was regrettable that during the past nine years that those lands had not been properly administered.

Hon. Mr. Tweeddale strongly criticized the policy of the late government with regard to the St.

John & Quebec Railway. A connection with a trunk line was imperative if a burden of direct taxation to meet interest charges was to be avoided.

Mr. Tweeddale said there were rumors of a contest in Victoria although public opinion was against one. He did not believe that the electors would stand for a contest.

F. B. Carvell, M. P., was given a rousing reception when called upon. He said he had no intention of making a lengthy speech. He did, however, wish to take the opportunity of dealing with a statement of Titus J. Carter to the effect that a man had said at Grand Falls that he (Carvell) had employed an anti conscription canvass in the recent provincial election. His informant was that the statement never had been made at Grand Falls. So far as Mr. Carter was concerned if he wished to follow up that line of conduct let him run in the by-election and he would lose his deposit. (Applause).

To Mr. Burgess the speaker referred in most complimentary fashion on account of his manly act in offering his seat to Hon. Mr. Foster.

Speaking of conditions discovered at Fredericton, he said that the people would be given some amazing information within the next few weeks which would

show the conditions into which affairs had got in the past nine years.

Hon. Mr. Foster's government would begin office with an empty treasury for it was a fact that but \$4,000 was left by the old government and that was to pay salaries of the members.

The National Anthem and cheers for the King, Premier Foster and Hon. Mr. Tweeddale concluded the meeting.
