TOWN COUNCIL HELD MEETING

Meeting To Discuss Water Question Largely Attended—Citizens Take Part In Discussion

A meeting of the Hartland Town Council was held on the Council Chamber Monday evening. Mayor Boyer in the chair, Almer H. R. A. W. B. Nixon, C. W. McQuarrie, A. Y. Dickson, H. H. Hatfield, and Warren White answering the role.

Mayor Boyer called the gathering to order and stated the object of the meeting. Clerk read notification of meeting.

Ald. Dickinson read a communication from the Public Utilities Board advising the council that the Board meets on March 25 to consider rates, etc. Pointed out that old agreement was only effective to December 31, 1924, and that in all probability, the rates of electric current, as affecting town of Hartland would be taken up.

Ald. McQuarrie and Ald. Dickinson spoke on the advisability of sending a man to St. John to meet with the board and look after the interests of the ratepayers. Ald. White also spoke on the question and stated that he had certain information that he would be glad to place at the disposal of the delegate.

Moved by Ald. H. R. Nixon that a delegate be sent to St. John to attend meeting of Public Utilities Board. Carried.

Mayor then informed the Council that Rev. Mr. Lester had made an investigation of the pumping apparatus and the council agreed that he should be heard. Mr. Lester's preliminary remarks made plain to the audience that he had never been in a position like the present one and before he was through he would likely decide that he would never undertake a similar mission.

In another column will be found the report of his test.

Mr. Lester also spoke as to the condition of affairs at the reservoir which he found to be in a sad state of disrepair.

Conditions about the springs which augment the town water supply were very bad. The surroundings are not such that after inspection one would relish our town water. Mr. Lester was of opinion that it would not cost a fortune to fix up the springs so that we could have a gravity supply of water that would partially take the town out of the pump.

As to the condition of the reservoir he found a bad leak in one end and the building, particularly the roof was in a bad state of disrepair.

From his remarks and figures one would believe that without the item of labor being taken into consideration the pumping of water by crude oil was the cheaper of the two methods. The most interesting and perhaps the most astonishing statement made by Mr. Lester was in regard to the gravity supply. He felt certain that if the springs that flow into the reservoir were cleaned up and repaired in the right manner, the town would have a gravity supply that would save the ratepayers considerable money.

Discussion at this point became general. Mr. Faulkner spoke of leaks in the reservoir. Mr. Murdoch said that two years ago during a test the level of the water fell 1 1/2 inches in five hours or 12 inches in 24 hours. Moved by Ald. White that the report of Mr. Lester be accepted and placed on file. Carried.

Messrs. Ed. MacCollum, Amasa Plummer, M. L. Hayward and others entered the discussion and Ald. W. B. Nixon also submitted figures. R. Hagerman in the course of his remarks, submitted figures as to the relative costs of both systems of pumping, using either the crude oil engine or the electric motor as a standby.

Moved by Ald. White, that council extend to Rev. Mr. Lester a hearty vote of thanks for his trouble in making the numerous tests and investigations.

Mr. Lester fittingly replied after which the council adjourned.

HARTLAND BAPTIST CHURCH

Exceptionally fine services were held last Sunday at the Hartland United Baptist Church. The congregations throughout the day were large especially in the evening when the church was well filled with an appreciative audience. The music of the evening service was provided by the Philathea class of the Sunday School and consisted of two choruses by the class and a solo by Mrs. R. Harris.

The attendance at the Sunday School reached a total of 241, the largest in the history of the school. Of this number 25 were men and women with 39 men the Bar-a-class. The Sunday School is out for 300 with 100 in the adult department. Let us give the school one more push and over the top we go

On the coming Sunday the pastor will preach in the morning and evening and great services are anticipated. In the morning the subject will be "The Christian, A Church Member" and in the evening the subject will be "Him that is Ablest." On Wednesday evening of this week under the auspices of the Ladies' Missionary Society, the pastor will give a stereoscopic lecture on the Baptist Missionary Work.

Westport, Canada. A hundred pictures will be shown, not only illustrating the work of the church, but also showing beautiful scenes of our great western land. A silver collection will be taken.

SIR SYDNEY LEE who, at the request of King George, has written a book on the work and character of King Edward VII., which reveals many phases of the late King's life not generally known. Sir Sydney's writings are causing much favorable comment.

Today's Market Report

Potatoes, lowes, for season both in Canada and States. Hay dull. Oats weak.

Eggs, per dozen, 25 cents.

PRIMITIVE BAPTIST QUARTERLY MEETING

The Primitive Baptist quarterly meeting convened with the Church at Arthurette Friday evening, March 20 at 7.30 met for worship led by Licentiate Cole. This service was noted for its admonitions to prayer under all circumstances. Saturday, 9.30 a. m. meeting led by Licentiate R. Doody, subject Knowing Christ. This was a profitable and spiritual splitting service. 2.30 p. m. was our quarterly conference. A good representation was present. This service was led by Bro. G. A. Giberson in a few well chosen words with a sketch of the general history of the P. B. body which was attested to by many of God's people.

7.30, preaching service led by Bro. H. V. Bragdon from the subject The Master's Call to all classes for better living. His remarks were both instructive and appreciated.

Sunday, 9.30 a. m. prayer and social meeting led by Bro. Jas. Surge in a few stirring remarks after which the lady enjoyed a grand social service.

11 a. m. preaching by Bro. C. Gray subject, weighed in the balance and found wanting, which was full of scripture lessons.

2.30 p. m. preaching by Bro. G. A. Giberson, he being in his usual spiritual form. His discourse was fraught with inspiring thought for believers in Christ and the spiritual tide ran high through the after meeting. At the close communion was partaken of by a large number.

7.30 met for religious worship led by Bro. W. O. Shaw, subject Wrestling With God, which was strongly endorsed by the ministry, as well as by God's dear children. Thus ended a Sabbath Day's journey toward the Holy City.

Monday, 8 a. m. met in business session. Meeting opened in due form with H. V. Bragdon in the chair.

After hearing reports of committee and transaction of general business a resolution was unanimously passed that Rev. P. J. Quigg be dismissed from the Primitive Baptist Conference without recommendation either from the conference or from Hartland Church of which he was a member.

On motion meeting adjourned to meet in yearly conference where he is elected by comm.

The protracted meeting appointed for Hamilton, March 28, has been canceled for the present. A few of the ministers remained for the evening, the closing meeting of the most spiritual and profitable quarters of our people.

(Signed) By Order of Com.

OFFICIAL REPORT TO TOWN COUNCIL

Given at Meeting Held Monday—Was Cause of Considerable Discussion—Report Adopted.

The following is the official report of Rev. E. W. Lester, on the pumping situation in the town as given to the Town Council at the meeting on Monday night.

First Test Electric Motor

Measured water in the reservoir, 4 ft. in the South Side and 5 ft. in the North, metre reading 1222. Mr. Murdoch was three minutes starting motor and getting water pumping. At 12.22 noon, pump making 48% revolutions per minute. Stopped motor 2.20 p. m. water measuring 4 ft. in South side and 5 ft. in North side. Metre reading 1224.

Second Test Crude Engine

Mr. Murdoch was ten minutes fixing torch, 15 minutes starting motor and getting water pumping. 34 minutes from time of lighting torch before he left the pumping station. Started pumping 4.13 p. m. 2 ft. 9 in. of water in the South Side of the Reservoir when commenced to pump. 5.25 p. m. Mr. Murdoch was 10 minutes working on engine, oiling, etc., stopping engine at 6.02 p. m. water in reservoir measuring 6 ft. 9 in. in South Side of reservoir. Used two gallons and seven pints of kerosene oil for fuel for the engine. 5/8 of a quart of motor oil. 1/4 of a quart of lubricating oil. 1 pint of gasoline for torch, pump making 45 revolutions per minute, or on a two-hour test, the electric motor pumped 3 ft. 6 in. in the South Side and 1 ft. making 4 ft. 6 in. on one side of the reservoir using 2 units electrical energy and with the crude engine pumped 4 feet of water in the south side of the reservoir, using 2 and 7/8 gallons of kerosene. 7/8 of a quart of motor oil and 1 1/4 of a quart lubricating oil, and 1 pint of gasoline. Respectfully submitted.

E. W. LESTER.

Lower Windsor

Lower Windsor, N. B., March 24—Miss Helen Robinson spent the week-end with her sister, Miss Lillie Robinson at Rockland.

Our usual Sunday evening sing was held with Miss Mabelle Foster.

Mrs. Weltha Craig is visiting her sister, Mrs. E. Belyea at Caribou Maine.

Mrs. A. A. Kimball and Gordon Foster spent the weekend with Mrs. Kimball's daughter, Mrs. F. London at Lower Brighton.

Miss Mabelle Foster has recovered from a severe attack of tonsillitis.

A number of the ladies of this place gathered at the home of Mrs. C. S. Hallett on Saturday and held an old-fashioned quilting party.

Hattie and Lorne Seeley were visiting Mr. and Mrs. Manzer Mean at Knowltonville Sunday.

Clarence Laskey has been quite ill with lagrippe.

Miss Mabelle and Wilza Foster attended C. G. I. T. at Rockland on Tuesday evening.

Edward Craig and Lorne and Scott Seeley are employed at Clifford Pratt's lath mill at Carleton Place.

John Craig of Cloverdale is spending a few days with Mr. and Mrs. J. P. Belyea before going to Detroit.

Mr. Jack Downey spent Sunday at the home of Mr. Solomon DeLong.

Clarence and John Ellis returned home from the woods on Monday.

Bert Clair was calling on friends in this vicinity on Wednesday last.

AN EXPERT IN HIS OWN LINE

This is the title of a very interesting story written by M. L. Hayward, who is well known in this community. The story is one of local interest and is one you will read with thorough enjoyment. This story is printed in attractive pamphlet form and may be purchased at Estey & Curtis Co., Ltd., Hartland, Price 10 cts.

Tid-bits on the Tip of Everybody's Tongue

VOL. II, NO. XXIII Hartland, N. B., March 25, 1925 Free

SARKARA

was the Sanscrit name for sugar. In the Prakrit tongue this became Sakshara, in the Pervia Sakshar, in the Arabic Sakhar, in the French Sugar.

Sugar was imported to this country from India before the Christian era, but for many centuries later was used mostly as a medicine.

Even a hundred years ago the per capita consumption in America was only five or six pounds, where today we use nearly 100.

"Since coming here I haven't been satisfied with chocolate. I miss the pure sugar so much so that it is impossible to do without them. I can get them," Claude T. Olmstead, Rochester, N. Y.

CARE IN HANDLING IS URGED

Dep't of Agriculture,
Ottawa, March 16 1925

Mr. Harry Webb,
Sec'y N. B. Potato Exchange
Woodstock, N. B.

Dear Mr. Webb:

I have your letter of March 11, enclosing copy of article relating to shipping point inspection in the United States.

I feel you cannot impress too strongly upon those responsible for educational work in the province the necessity of impressing upon potato growers the need of greater care in the harvesting and handling of their crops. I feel quite satisfied that were it possible to devote sufficient time to go into the matter carefully, but could establish beyond all doubt the fact that careless handling from the time of digging has cost the New Brunswick growers thousands of dollars.

To satisfy my own curiosity I had a digest made of one hundred inspection reports. These showed that frost was responsible for 10.70 p. c. of defects, Dry Rot, 22.10 p. c., Scab 7.17 p. c., mechanical injury, 39.46 p. c., soft rot, 14.29 p. c., under-sized, 5.20 p. c., and mixed varieties, .64 p. c. According to these reports 18 p. c. of the dry rot and 13 p. c. of the wet rot originated from mechanical injuries, making a total therefore of 70 p. c. defects directly attributed to mechanical injury or bruising. This, I feel, is an alarming situation and anything which can be done to bring the grower to realize the possibilities to protect himself against loss will not only be a direct benefit to himself but to the industry as a whole.

We are working on plans for shipping point inspection service in accordance with suggestions made during my interview with Mr. Porter and yourself while in Ottawa the latter part of February. I expect to write you definitely in regard to this matter within the next few weeks and as soon as we are advised of the approximate number of cars for which inspection will be desired I will be able to decide just how far we will be permitted to meet your requirements. Believing that shipping point inspection service will be beneficial to both grower and shipper, you may rest assured that I will make a special effort to so organize the work that as many requests as possible will be taken care of.

Yours very truly,
G. E. MCINTOSH,
Fruit Commissioner, Ottawa.

Note: Mr. Potts, representing the Department of Agriculture at Ottawa was in town on Thursday and called on the shippers of this section. Mr. Potts had a whole grip full of complaints about violation of "The Grading Act." About 90 per cent of these violations were caused by rough handling during the harvesting season and mechanical injuries helped the matter of violation considerably. Today P. E. I. potatoes are selling at 25 cents more a barrel on all markets, while in Cuba they are bringing 50 cents more per barrel than our N. B. stock. It is up to New Brunswick farmers to take more care during the harvest season and at the various other periods when potatoes can be hurt or we are bound to lose the good name and the good market that our potatoes have enjoyed.

"DIAMOND DYE" IT A BEAUTIFUL COLOR

Perfect home dyeing and tinting is guaranteed with Diamond Dyes. Just dip in cold water to tint soft, delicate shades, or boil to dye rich, permanent colors. Each 15-cent package contains directions so simple any woman can dye or tint lingerie, silks, ribbons, skirts, waists, dresses, coats, stockings, sweaters, draperies, coverings, hangings, everything new.
Buy "Diamond Dyes"—no other kind—and tell your druggist whether the material you wish to color is wool or silk, or whether it is linen, cotton, or mixed goods.

ANDOVER

Andover N. B., March 23—Mrs. Remington Ward who has been spending part of the winter with her son in Providence, R. I., returned home last week.

Mrs. H. McAlary and Miss Jamer were visitors in Fort Fairfield on Friday.

The members of the "Board of Trade gave the townspeople a great pleasure on Friday evening when they extended free invitation to all to attend the moving pictures in the Specialty Theatre. These were of unusual interest to us as the first four reels were filmed by Mr. Burton Moore of Andover and taken around and about his hunting and fishing camps on the Tobique. The last six reels, taken by Mr. Harry Allen, the well known guide of Fredericton, on and about the Miramichi. Both consisted of beautiful scenery, fishing and animal life both large and small. Much credit is due these men for their excellent, instructive pictures which could not help being appreciated by those who saw them.

Miss Susie Watson left on Tuesday of this week to spend a short time in Woodstock. While there she is the guest of Mrs. Julia Sutton.

A meeting of the Andover Agricultural Society was held on Saturday afternoon in the Farmers' Hall to sell live stock, discuss an exhibition and do general business.

Edward Cameron, who has been spending the winter in Five Fingers, is home for a short time.

GRAND FALLS

Grand Falls, N. B., March 17—Master Burton Olmstead is quite ill with flu this week.

Mrs. Mary Jane Kelly had her foot amputated Saturday at hospital here. She is doing very well.

Dr. Boone of Presque Isle, was in town Saturday.

Mrs. Puddington returned from St. John Thursday morning. Her son Jack returned with her from Rothesay where he has been attending school. Jack has been quite sick but is improving the last few days. He will stay home till after Easter.

Mrs. Moses Holmes of Aroostook Junction spent the last week with her friend Miss Minnie Dixon.

Mr. Paul of Truro, N. S., was a business caller in town last week.

Mrs. O. B. Davis entertained a few friends Sunday to dinner, among whom were Mr. and Mrs. J. L. White, Mrs. J. Clark and Miss Mary Chapman.

F. L. Dixon and C. A. Estey are spending a week at their camp.

The Ladies' Aid of the Presbyterian Church met at the home of Mrs. O. B. Davis Thursday evening. A large attendance and good work done. A splendid lunch was served.

The Aid will meet this week with Mrs. C. F. Merritt.

Mrs. J. L. White returned Thursday from a short visit to St. Stephen. Miss Hazel Temple of Limestone is visiting Miss Emily Estey.

Christian Rasmussen who was kicked by a horse in the hospital here and is suffering severe pain.

ANOTHER BOOST FOR N. B.

Editor Telegraph-Journal:

I would like to announce to the public through the columns of your paper that the flour from which the winner of the second prize in your recent raisin bread contest was made was from wheat grown in Carleton County and milled at Bristol by D. F. McLean. Surely this speaks vol-

umes for the soil and climate of New Brunswick to produce the wheat that will make a flour that can take even second prize in a contest covering two provinces. Also no small amount of praise is due to our miller, Mr. George Robinson, who is responsible for putting so fine a product on the market. No doubt the judges were puzzled as to which loaf should have first prize and it is only fair to as-

sume that both loaves were of the very best and that New Brunswick flour is as good as any imported from other provinces. I am asking you, sir, to publish this because of the numerous enquiries we have received as to what kind and grade of flour was used in making the bread.

Respectfully yours,

J. V. SHAW,

Bristol, N. B.

LETTERS TO THE EDITOR

Editor Carleton Observer,

Hartland, N. B.

Dear Sir:

I was somewhat amused at the spleen evidenced towards myself in an article which appeared in your issue of the 18th inst., signed "N. B. Potato Exchange."

It is possible that the cause for said spleen will be more evident to the public when the report of the investigation which some of the members of the N. B. Potato Exchange are now undergoing is published.

With regard to the request that the duty on American potatoes entering Canada should be raised to the same as the American duty on Canadian potatoes, entering the U. S., I am in hearty accord; and have made strong representations to the Government along this line for the past two years, but I am sorry to say without success.

I am well convinced, however, that there are other important and sinister factors that are more detrimental to the potato producers of this section of N. B. For instance it might be interesting to your subscribers to read the remarks of F. L. Estabrooks Esq., M. L. A., (who is himself a potato shipper), made in the Legislative Assembly of N. B. on March 19, 1925. The shipment he spoke of was made to Santiago, Cuba, either in October or early in November, 1924.

As reported in the Saint John Telegraph-Journal of March 20, 1925, he said: "In regard to that shipment, he would say that the potatoes netted him about \$1.80 F. O. B. Sackville, N. B. While at that time other N. B. shippers were paying only from .60 to .80 cents per barrel to the grower. He had every reason to believe that a trust had been formed among other Canadian shippers. Proof of that was furnished by a letter from his agent in Santiago who spoke of having been invited to a meeting of representatives of the trust and then informed that Estabrooks was not important enough to join it."

Mr. Estabrooks wrote me last autumn to enlist my assistance in securing better transportation facilities between Halifax and Cuba, giving me the above facts at that time.

On Feb. 14, 1925, I wrote Mr. F. W. Bishop, president of the United Fruit Co. Ltd., of N. S., and received the enclosed letter from A. E. McMahon, manager of the above company. As this did not give the desired information in full, I wired him on receipt of his letter copy of which I am enclosing, with his reply to same.

met Mr. McMahon in Ottawa later and he said the thirty-cent barrels which they used exclusively in their potato shipments this season, were second hand barrels, and that new standard barrels, cost thirty-eight cents each this season in the Annapolis Valley. This is also rather interesting to farmers who paid nearly double for barrels last fall.

In correspondence with Mr. McMahon, he shows that sections of N. S. have received less than \$1.05 and from that to \$1.45 per bbl. net for the potatoes the present season up to Feb. 19.

He indicates they were being shipped to the same market that our potatoes were. This may indicate to the public why the N. B. Po-

tato Exchange are so anxious to draw a red herring across the trail.

I wish also to speak of another item which appeared in a recent issue of your paper, saying that the potato investigation would possibly cost fifty thousand dollars. This article appeared the next day in the Fredericton Gleaner, and had made the remarkable growth of another fifty thousand dollars over night. In the Gleaner article it was estimated that it might reach a hundred thousand dollars. The following day, however, a telegram from the Minister of Labour appeared in The Gleaner, which read as follows:

Ottawa, March 9, 1925.
The Daily Gleaner,
Fredericton, N. B.

"I note special despatch to your paper of March 7th, suggesting that the investigation into an alleged potato combine will cost the country fifty or one hundred thousand dollars. Amounts quoted are simply bunk, as the cost will not in my judgment exceed six thousand dollars, although I hope the results secured may amply justify the cost."

(Signed) JAS. MURDOCK
Minister of Labour.

Another red herring!
I imagine the above correction in the Gleaner must have escaped your attention, or you would have published it, as I am convinced you do not wish anything published in your paper that would create such an utterly false impression as this article was evidently intended by the writer to do.

In this connection it is rather unfortunate that so many people have not the moral courage to sign their name to articles they write the press and I would suggest that it would be a good thing if reputable papers like your own would insist on this being done.

Yours sincerely,
T. W. CALDWELL.

TELEGRAMS
United Fruit Cos. of N. S. Ltd.
Kentville, N. S., Feb. 19, 1925.
T. W. Caldwell, Esq., M. P.,
House of Commons,
Ottawa, Ontario.

Dear Sir:
By request of Mr. F. W. Bishop I am answering the questions contained in your communication of the 14th inst. as to prices received by the producer for potatoes up to the present time for this season.

As you know we are a co-operative company, working through and in conjunction with our subsidiary companies. We opened the price at \$1.35 per barrel with 10c. commission, at the beginning of the season and then raised same with the exception of a few shipments to Havana, which only enabled us to give 5c. commission to our companies. The first of February the price was raised to \$1.50 with 10c. commission and we are now shipping heavily at \$1.75 and 10c. commission. The \$1.75 price at the present time does not cover the full amount we receive as prices have advanced very materially, but up to the present time our overhead has not been sufficiently well taken care of. We expect prices to be very firm for the balance of the season.

Yours truly,
United Fruit Cos. of N. S. Ltd.,
(Signed) per A. E. McMahon
Manager.

Ottawa, Feb. 21, 1925.
A. E. McMahon,
Kentville, N. S.

Does potato prices your letter include barrels? What is your rail freight to Halifax? What markets are you shipping to? Reply right letter, collect.

(Signed) T. W. CALDWELL.

Kentville, N. S., Feb. 21, 1925.
T. W. Caldwell, M. P.,
House of Commons, Ottawa.

Potato prices include barrels and net to producer. Rail freight Halifax thirty-two cents for export, practically all shipped to Cuba. Our average handlings sixty-five thousand barrels annually. Price of barrels 30 cts.

UNITED FRUIT,
A. E. McMahon.

Editor Carleton Observer,
Hartland, N. B.

Dear Sir:

In your issue of March 11 under the caption "Farmer's Guide is Riparian," a letter appears addressed to the Farmer's Guide, Carletonville, Quebec, dated March 3th. In the concluding sentence the writer asks the Guide to publish the letter.

Obviously there was no opportunity for The Guide to carry out the request. The letter dated March 9th published in your paper March 11th, reached the Guide on March 13th.

A lecture on ethics by one who employs such tactics is not likely to be seriously considered.

Your sub-title states that the "New Brunswick Potato Exchange takes exception to editorial in that magazine and answers charges."

In the first place The Guide editorial made no charges against the New Brunswick Potato Exchange. Its name was never mentioned. Yet Mr. Harry Webb, manager of this exchange used nearly two columns of your space in the first place in attempting to connect a Guide editorial cautioning the Maritime people against partizan treatment of the Maritime Rights agitation with a paragraph on the N. B. potato market. There was no connection either in thought or position between the two paragraphs.

Mr. Webb's assertion that The Guide published the letter in good faith will create no sensation in The Guide office. The suggestion that the editorial is wrong in fact and was published to serve a selfish partizan interest either of The Guide or "some selfish politician" unnamed and certainly unknown, is flatly denied. No information is accepted for publication in The Guide, except in the Open Forum, from any correspondent for whose reliability the Editor of The Guide does not take full responsibility.

The basis for The Guide editorial was the Cuban potato market reports issued by J. C. Manzer Company. These reports show not only the importer but the shipper of all potatoes into Cuba usually with prices in Cuba and general market conditions. Before quoting these reports in detail, a few mis-statements relating to the editorial itself may be referred to.

The date the enquiry commenced is stated in the unreviced Hansard of February 25th, 1925, page 539 to be December 14, 1924. The members of the alleged combine, which Mr. Webb assumes to apply to his exchange, were notified to produce documents on December 17, and their lawyer relied on their behalf December 23rd, preliminary enquiries under the Combines Investigation Act began November 14th, 1924. Formal application for the enquiry was made December 4th, the newspapers of December 19 reported it.

Mr. Webb was therefore wrong and a man of his presumed intelligence must have known he was wrong when he stated that the enquiry started on January 22, in any case. The Guide referred to "the announcement of the authority for the enquiry."

In his letter, Mr. Webb states: "During December before the enquiry into the so-called potato combine commenced, prices to the grower were 60 to 80 cents per barrel and were selling Cuba on December 24 at \$2.30 per sack of 180 lbs. which left the shipper 64 cents per barrel."

The first part of this quotation confirms the first part of the Guide's editorial as completely as one could wish. The Guide stated that "before the enquiry farmers were getting from 50 to 60 cents per barrel for their potatoes. After the announcement of the authority for the enquiry December 14th, prices advanced to 80 cents per barrel, although in the mean time prices in Cuba had dropped from 60 cents to a dollar."

Now refer to the Manzer Company's reports on Cuba under date of November 30th.

"Owing to light arrivals the market is firmer and sales are being made to the trade \$4.25 to \$4.50 per sack of 180 pounds duty paid."

On December 7th.
"The market is depressed owing to heavy arrivals and sales are being made at \$3.00 per sack of 180 lbs. duty paid."

On December 14th, the date of announcement of authority, for the enquiry.

"There are four cargoes due to arrive here this week. This is double the quantity the market can absorb. Owing to large stocks on hand and 40,000 sacks due to arrive this week, the market is demoralized. Sales were made last week at \$2.90 per sack of 180 pounds, duty paid."

On December 21, "after announcement of authority for the enquiry."

"Market still continues in bad shape. Considerable quantity arrived unsold and was sold on arrival at whatever could be secured, some lots going as low as \$1.90 per sack of 180 pounds, duty paid."

"Owing to heavy stock on hand the market has shown little strength during the week and sales are being made to the trade at less than cost."

Until January 25th, there is no improvement in the tone of the reports. On that date the report states, "the market is slightly improved since last week and sales are being made to the retail trade at \$3.50 per sack of 180 pounds duty paid."

It is only fair to state that the prices given here are not on the same basis as the prices which Mr. Webb refers to. The Guide is not able to either confirm or deny Mr. Webb's

sale price but sticks as in the editorial to "prices in Cuba." In substance, we agree with him in his prices to the growers.

These prices show that from the latter part of November to the middle of December, prices in Cuba fell from the strong tone of November 30 at \$4.50 per sack to \$2.90 and the following week dropped as low as \$1.90. Surely this shows that prices in Cuba had dropped from 60 cents to a dollar while on Mr. Webb's own admission prices advanced from 60 cents to 80 cents to the growers.

Mr. Webb's reference to prices in Maine has no bearing on The Guide editorial. Neither has the editorial in the Wall Street Journal nor a discussion as to whether the buyer or retailer of produce is the worst offender in gouging the farmer.

Incidentally, however, although the United Fruit Companies of Nova Scotia, have shipped their potatoes through another party, they have returned to the growers \$1.30 per barrel at the lowest and as high as \$1.75 per barrel during the same period. These prices include barrels costing 30 cts. In conclusion let it be stated that The Guide editorial bears the caption "A Coincidence." No attempt is made to show the relative influence of the enquiry, the weather, conditions in Maine or anything else upon prices. They are simply set side by side. Carleton County intelligence will do the rest.

This letter is for publication.
EDITOR THE FARMER'S GUIDE
Gardenville, Quebec, March 18.

HIGHGATE

Highgate, N. B., March 22—Miss Hilda Hartin was calling on Mrs. Edwin Weston on Monday.

Darold Stockford and Ena Stockford and Julia Downey spent the week-end in Littleton, Me.

Thomas Clark was calling on Robert Hartin of Cloverdale on Wednesday.

Mr. and Mrs. Arnold Smith and son Paul of Littleton, Me., are visiting at the home of Thomas Stockford.

Eddie Weston is working for Chas. Furlong.

Julia Downey has returned to her home in Mainstream.

Eldon Buchanan was calling on his

HARTLAND, N. B.

SIMMONS BEDS Built for Sleep

No matter how simple or how elaborately furnished the bedrooms of your home may be—there is a Simmons Bed of a design and finish that will harmonize exactly. Artistic beauty, refinement of design and elegance of finish characterize every number. Simmons steel beds, in either "twix" or "double" widths, are masterpieces of beauty, and unlike beds of wood, they cannot warp, become loose jointed or decay. They are strong, correctly proportioned, serviceable, thoroughly sanitary and 100% comfortable. Let us show you these new designs.

Simmons Bed and Bedding made for sleep

With the above beds you need an OSTER MOOR MATTRESS and comfortable and refreshing sleep is assured. They are \$20 cheaper now than they were a few years ago and they last a life time.

House-cleaning has already begun in some homes. Besides beds and bedding, Congolium and Linoleum Rugs are in demand. Call and see our stock. If any wanted that we have not on hand, a wire will soon bring them.

John T. G. Carr

HARTLAND, N. B.

"Tired and Worried Nervous and Despondent"

Mrs. M. Chevalier, Belle River, Ont., writes:

"For eight years I suffered from despondency and nervousness.

Sometimes I could not sleep at night for worrying and the next day I would be so tired that my work was a burden to me. I began using Dr. Chase's Nerve Food and can say I am now entirely relieved of the nervousness from which I used to suffer, and things do not worry me as they used to.

"Dr. Chase's Ointment also relieved me of eczema on my arms, which had bothered me for three years. My house is never without Dr. Chase's Medicines."

Chase's Nerve Food

SOCIAL & PERSONAL

Miss Marjorie Golding of Peel is visiting her aunt Mrs. P. C. Barter. Mrs. C. M. Sherwood of Bath was in Hartland on Tuesday.

Rev. J. M. Mallory will hold service on Sunday 10.30 a. m., at Upper Brightham.

Farmers are still offering shoes and rubbers at bargains. Buy at home.

Miss Clara Hagerman is visiting her sister, Mrs. Henry Long at Lime-stone, Maine.

Alderman Warren White left Tues-day for St. John to attend a meeting of the Public Utilities Board in the interests of the Town of Hartland.

For sale a pure bred laying strain White Wyndotte rooster. Enquire of Mrs. P. C. Barter Hartland. Tel. 4-13. 41-1p.

Miss Hilda Nevers, who is a nurse-in-training in a hospital in Winsted Conn., is now taking a course at the Isolation hospital at Hartford, Conn.

Mrs. Robert Strain has a fine as-sortment of children's hats on dis-play in the Taylor building. Also an-other lot of ladies hats for spring and summer wear.

Car Certified Green Mountains will arrive next week. This car has passed field inspection 10 p. c. Also car Cer-tified True Type Cobblers. Apply to Hatfield and Co., Hartland, N. B.

Mr. and Mrs. Nathan Shaw and son and daughter, accompanied by Mrs. Shaw's mother, Mrs. Tompkins, left yesterday for Detroit.

An alarm was rung in yesterday morning at 5.30 for a box car on fire on the track very near the station. A prompt response by the firemen saved the car from very much dam-age and the town, perhaps, from a severe conflagration.

Joe Adair, who has been staying at the home of George Orser, and working in the livery stable was stricken with a severe stroke of pa-ralysis a week ago. He was taken to his home at Cloverdale when his condition is considered very serious.

The Unique Ladies' Aid of Clover-dale will have a sale and tea social at the home of Alonzo Jones, on the evening of April 9th. Don't forget the date. Come one, come all. 41-2p.

Mr. and Mrs. Arthur Tedford left on Monday for Houlton where Mrs. Tedford will enter Aroostook County Hospital for electrical treatment for throat trouble.

Mr. Charles F. Gallagher of Bath, H. H. Hatfield of Hartland, W. F. Anderson and Robert Carvell of Lakeville left for St. John on Tues-day to attend a meeting of the Public Utilities Board.

Grand carnival in Roller Rink, Har-tland, March 27. Don't forget the date. Don't miss the carnival and you are assured of a good time. 39-2c.

Died at her home in Bloomfield, Car. Co., N. B., on March 17, after a linger-ing illness, Mrs. T. D. Stokoe. She leaves to mourn her husband, one daughter and four sons.

Baby's restless nights might be avoided

Scalded skin and other skin troubles are common causes of restlessness, and often could be avoided by careful bathing with Baby's Own Soap.

Its fragrant lather cleanses and keeps Baby's skin, and prepares for restful sleep.

"Best for you and Baby too" 22-23

M. L. Hayward left yesterday for St. John.

Rev. O. W. Shaw will hold services as follows on Sunday, March 29, Ban-non, 10.30; Cloverdale, 3.00.

The date placed for the play being staged by the I. O. O. F. is April 17. "Look Out For Paint."

Grass-seed in abundance and prices to please the most exacting customers at C. M. Sherwood's, Bath.

Mrs. Coulthard of Fredericton was visiting her daughter, Mrs. B. Taylor for a few days this week.

Mrs. Macintosh was hostess on Sat-urday afternoon at a ladies' bridge, three tables being played.

The Sunshine Helpers are going to give a short Red Cross concert Fri-day, March 27, at 3.30 in the Assem-bly Hall. Admission 10 cents.

There's going to be another carni-val in the Hartland Roller Rink Fri-day, March 27th. Don't miss it! 39-2c.

A. W. Grant of Southampton ar-rived in Hartland on Monday en route to Waterville to visit his daughter, Mrs. M. Tompkins.

Mrs. Robert Strain has a fine as-sortment of children's hats on dis-play in the Taylor building. Also an-other lot of ladies hats for spring and summer wear.

Mrs. Amasa Plummer and Mrs. H. N. Boyer intend leaving tomorrow for Boston to spend a fortnight with Miss Helen Plummer.

The B. Y. P. U. of the U. B. church will give a concert in the vestry of the church on Monday evening, Mar. 31, at which a silver offering will be received. The program will consist of a short play, song in pantomime, music and readings.

George, the eldest son of Mr. and Mrs. Howard Cox of Rosedale was operated on yesterday in the Fisher Memorial Hospital for appendicitis. Dr. and Mrs. McIntosh having charge of the operation. Reports to-day state the operation is successful.

Through a regretted inadvertency correspondence last week from River-bank, Fielding, Cloverdale, Perth, Bath, and Grand Falls did not reach The Observer office until after the paper went to press, therefore it could not be published.

Farmers have just opened a hog-s-head of the cleanest, brightest, sus-cious molasses the manager has ever seen. Price only 75 cents gallon. 40-2c.

Large assortment new spring ging-ham, 20 x 25. Floor oil cloth, two yds. wide, \$1.10. Choice molasses, 75 c. A good bulk tea, 60c. Partridge shoes 39 x 3 3/4 \$6.50. Tubes, \$1.50. Martin-Senour Paints and Varnishes. Just ar-rived Five Crown Flour. ALVA O. PHILLIPS, Bristol, N. B.

41-2c.

Mrs. S. S. Miller entertained the teaching staff and a few other friends at dinner Friday night. Those in-vited were Mr. and Mrs. W. B. Nixon, Mr. and Mrs. E. W. Laskey, and Miss Dorothy Laskey, Miss Annie Kingston, Miss Mary Pringle, Miss Harvey, Mrs. J. J. Keswick, Harris Chapman, Kil-burn Smith, C. G. Anslow, W. D. Chestnut, M. D.

The Farmers Store, Hartland wish to call attention of farmers that if they will write, phone or call and give their orders for any kind of seed we will give lowest price quoted by the trade. Also protect you on price not only in March but April and May and June. Order now while supply lasts. 40-2c.

A Sweet Breath at all times!

Keith and Plummer, Ltd., have now at their warehouse, the car of timothy, clovers and seed wheat which will be sold at so low a price that you will lose money by not buying this month. We have the best grades in all kinds of seed. 40-2c.

The Ostermoor is the pioneer cot-ton felt mattress—for over 70 years it has been the finest mattress made. Everything that goes in it is the best that money can buy. That is why it is economical—why it costs (per night of service) but a fraction of the cost of a daily newspaper. All over Canada, in the best hotels and finest homes, Ostermoors are giving fine sleep comfort after 10, 20, 30, years' service. Use the guarantee. For sale by J. T. G. Carr.

Master Harold Howells entertained a number of his young friends on Saturday, the occasion being his eighth birthday. A pleasant time was spent with games and music and each guest presented Master Harold with a gift. Those present were Leighton Ellis, Eleanor Noddin, Frank Noddin, James Miller, Jack Howells, Billie Parsons, Florence Howells and Mag-gie Parsons.

An exceptionally strong sermon was given in the Methodist Church Sunday evening by the pastor, Rev. J. K. King. The text was "Crowned with Many Crowns," and was taken from Revelations. The speaker showed how Christ was being crowned by the many works of Christianity, mentioning the elevation of woman, the freeing of the slaves and other reforms. He regretted that prohibi-tion was not as yet a crown. He stated that there must be the crown of international fellowship and good will before world peace was assured.—that it was only through the prin-ciples laid down by Christ that this could be brought about. He ended his discourse by an eloquent plea for the individual crowning of Christ by each one accepting salvation.

SPRING IS HERE

The smell of fertilizer permeates the atmosphere.

The roads are getting bare.

The wagons are out, likewise the cars; with old license tags.

Children come home every night with wet feet.

Mothers are administering sul-phur and molasses.

The ice in the river looks very sick. Housekeepers are starting on their spring rampage.

Green grass is showing through the ground.

The townsfolk in general are be-

A RILL FROM THE TOWN PUMP

The purpose and object of this ar-ticle is not that of criticism or de-nunciation of the actions of the town fathers, but rather that of ever grow-ing harder and more difficult task of suggestion and approval; together with a few points of interest to each and every rate-payer of the town. At the meeting held on Monday evening Rev. Mr. Lester made a report on the best of his ability on the water situation in the town. We are taking for granted that the figures that he gave at that meeting were arrived at accurately and that they are indica-tive of the conditions as they really are at the present time. Your hum-ble servant in order to augment the report that Mr. Lester made, went to the reservoir yesterday afternoon and found several other figures nec-essary for the completion of the fig-ures that are to be found in the re-mainder of this article. We will not guarantee that the figures are accu-rate to the last place of decimals but they are accurate enough to give us some idea of the facts of the case as they are today. The size of the re-servoir was found to be 31 ft 8 in. by 38 ft 9 in., and the amount of wa-ter that could be put into the reser-voir till the water reached the bot-tom of the overflow pipe was 11 ft. 6 in. This gives the cubic capacity in gallons of the reservoir, which is about 88,000. We next investigated the flow from the spring which is running into the reservoir and found by careful measurement that at five o'clock there were 900 gallons an hour running into the tank. This was measured very carefully and there is little doubt that there was less. Now according to Mr. Lester's report the amount of water in the tank was increased 4 ft 6 in. in two hours. It is very simple to figure that there were 17,344 gallons more in the tank at the end of two hours' pumping, than before that is 8,672 gallons more in the tank after one hour's pumping even with the water being used all over town. Now according to Mr. Lester the level of the tank fell one foot in three hours with all inlets closed. This must have been used by the consumers in the town for we investigated and at the level of the water yesterday afternoon there was no perceptible loss of wa-ter through leakage in the tank. The town then used 2,556 gals. of water with all inlets closed. (This is not an average figure so cannot be used as a basis for the 24. Not as much water is used at night as in day.) These tests were made at almost the same time but on different days so they can be taken as average inputs and outputs. Therefore the pump puts into the reservoir 11,228 gals. every hour it runs, on an average. That is, a total of the amount pumped and amount used. We have to take into consideration the amount of water that the spring puts into the tank. This was 900 gals. an hour. According to Mr. Murdock, who has been looking after the pump and should know what he is talking about, the pump runs on an average of five hours a day at this time of the year. Therefore the pump puts five times 11,228 gals. into the reser-voir in one day or a total of 56,140 gals. To this we must add the amount of water that we get from the spring which amounts to 21,600 gals. a day, making a total of 77,740 gals. of water that the town uses al-together during the course of twenty-four hours.

On first glance this looks like a tremendous amount of water and one would wonder how we have been pumping this as cheaply as we have. We are not starting any argument as to which method of pumping is cheaper. We leave that to the Town Council. We elected them and we are certain that they are competent to decide which is the cheaper. I understand on good authority that there are several springs on the top of the hill that are capable of supplying a great amount of wa-ter. How much we do not know. That remains to be shown. These springs are situated 60 feet above the top of the reservoir and there is a pos-sibility that there is sufficient water available there to supply the town with water continually. We must find out whether there is or not. There is only one way to find out how much water we have available for a gravity supply and that is to hire a man who knows the business and let him make a careful investigation and make his report to the council. Then we have something to work on. At the present time the one small spring that we are using is supplying 900 gals. per hour. If we divide the number of gals. we use in a day by 24 we get the number of gals. that are necessary every hour to keep the town going on a basis of 77,740 gals. per day. This figure is 3,234 gals. per hour that we need from the pres-ent gravity supply. We have an indefinite amount of water. We are at present using water from one small spring. This supply could be great-ly increased by fixing up the remain-ing springs and so protecting them as to conform with the regulations of the Board of Health. Is it not pos-sible that if one of the smaller springs could supply 900 gals., the remaining springs could supply the remainder of the 3,234 gals.? If this can be done, we will have a true, honest to goodness gravity supply of the best water in the country and it will not cost the town near what the present pumping arrangement is costing. Never try and work against nature. It would be better to spend a few dollars and find out for once and for all if we have any grounds for our belief that there is a gravity supply than to go on as we are do-ing, working against nature and spending money that we may find out is unnecessary.—Ed.

coming more active.

BATH

March 17—Wendall Wilson, accom-panied by his mother, left here on Thursday last, for Woodstock where he will be employed as junior clerk in the Bank of Nova Scotia.

Mrs. John Commins has gone to a sanatorium in Banfor where it is hoped that she will recover her health, which has been good for some time.

Mrs. Harry Giberson is away from home again, attending on her mother, Mrs. Melissa Derrah, who is somewhat better.

The girls in training now have regu-lar weekly meetings, the last of which was held on Friday evening at the home of Miss Marion Crain. These girls have real business sessions, devo-tional programs, and practical al-truistic endeavor in aid of missionary work and or relaxation, refreshment and a social time to wind up.

Mrs. Parker is slowly recovering from her recent illness.

A tea and social was held at the

home of Miss Lister, in connection with the Hospital Aid on St. Patrick's day.

Mrs. John Dugan is still on the sick list, but it is hoped by her many friends that she will soon begin to recover her health.

KEITH & PLUMMER

Mothers especially like it for children as it takes the place of internal medicines.

Local Druggists Have Modern Remedy for Colds

A Vaporizing Salve which is Rubbed Over Throat and Chest for Colds.

When Vicks VapoRub, the "external" method of treating sore throat, bronchitis, deep chest colds, or croup, is applied over throat or chest, the ingredients are released as vapors by the body heat.

These vapors, inhaled with each breath carry the medication directly to the affected air passages, loosening the phlegm and relieving the congestion. At the same time Vicks acts as a counter-irritant, stimulating the skin, and thus helps the vapors inhaled to break up the inflammation.

Colds are usually relieved over night.

VICKS VAPORUB
Over 17 Million Jars Used Yearly

PERTH

Perth, N. B., March 17—Franklin Morehouse made a business trip to Montreal last week.

Captain Nixon and General Anderson of St. John were in town from Tuesday till Thursday inspecting the signalling corps.

The Senior boys basketball team and the girls' team from Plaster Rock came down Friday and played games with the Perth teams. Perth teams won in both games, the score being 46-19 in boys' game and 25-10 in the girls' game.

Mr. and Mrs. Benjamin DeMerchant of South Tilley have the sympathy of many Perth friends in the death of their son, Nimrod, aged 29 years, who was killed on Saturday, March 5, while hauling railroad ties to Tobique Narrows siding. The funeral took place at Lerwick on Saturday afternoon and was very largely attended, many friends going up from here.

Mrs. H. M. Robertson of Fort Fairfield is visiting her sister, Mrs. A. D. Campbell of Arthurette and mother

TIRED OUT ALL THE TIME Nerves Gave Little Rest

Relieved by Lydia E. Pinkham's Vegetable Compound

Harrowsmith, Ontario.—"I took your medicine before my baby was born and it was a great help to me as I was very poorly until I started to take it. I just felt as though I was tired out all the time and would take weak, fainting spells. My nerves would bother me until I could get little rest, day or night. I was told by a friend to take Lydia E. Pinkham's Vegetable Compound, and I only took a few bottles and it helped me wonderfully. I would recommend it to any woman. I am doing what I can to publish this good medicine. I lend that little book you sent me to any one I can help. You can with the greatest of pleasure use my name in regard to the Vegetable Compound if it will serve to help others."

Mrs. HARVEY MILLIGAN, R. R. No. 2, Harrowsmith, Ontario.

In a recent canvass of purchasers of Lydia E. Pinkham's Vegetable Compound over 100,000 replies were received and 98 out of every 100 said they had been helped by its use. This medicine is for sale by all druggists.

Mrs. Elizabeth DeMerchant of Tobique Narrows.

Mrs. J. Barnes and Mrs. H. White of Fort Fairfield were dinner guests of Mrs. B. C. Palmer on Friday.

Messrs. F. D. Sadler and Ralph Sadler entertained their friends at a stag party on Tuesday evening.

Mrs. B. C. Palmer was called to Kilburn on Sunday by the illness of her parents, Mr. and Mrs. E. W. Cox. She returned home Thursday afternoon. Miss Emma Palmer their granddaughter is now spending a few days with them.

George E. Armstrong returned last week from a business trip to St. John. Messrs. H. F. Stewart and B. R. Stewart attended the funeral of Nimrod DeMerchant at Tilley on Tuesday afternoon.

Mr. and Mrs. H. Murphy of Aroostook Jct., were in town one day last week.

Mrs. George Morehouse returned last week from Caribou where she had been on account of the illness of her little niece, Annie Gardiner, who was operated on for appendicitis.

STICKNEY

Stickney N. B., March 21—Charles Stevens of Hartland is still working in the potato house here.

Lorne Campbell went to Houlton Tuesday for a few days.

Frank Hanson spent Thursday at Mr. and Mrs. George Campbell's.

An oyster stew was given Friday evening at the home of Mr. and Mrs. Roy Canaan. The guests were the Misses Leota Montgomery, Tilly Shaw and Messrs. Ford and Wiley Tompkins.

A number of people from here attended the church services at Peel Friday evening the Rev. G. F. Bolster officiating. He will be there again in the Baptist House Friday evening, April 3. The Rev. Mr. Bolster is a very entertaining speaker and his discourse was much enjoyed.

Mr. and Mrs. Allison Chase of River Bank are moving into the bungalow formerly occupied by Bill Pat. Aiton Tompkins is quite ill.

Mr. and Mrs. Howard Sargent of Bridgewater, Me., were visiting friends here Friday.

On Wednesday evening a stag party was held at the home of Mrs. Agnes Campbell. The guests of honor were Edmund Ebbett of Simonds and Frank Tompkins of this place.

The farmers in this vicinity are loading their hardwood logs which they have sold to Randolph Hatfield of Simonds. The inspector of polls, Mr. Domers, is also here.

Wagons are being used to haul the logs here now.

Mary Ebbett of Peel was calling on friends here Friday.

Rube Rideout was a caller here on Friday evening.

A SCHOOL GROUNDS COMPETITION

A competition in the ornamental planting of rural school grounds is being inaugurated by the Canadian Horticultural Council. The purpose of the competition is to encourage the planting of such ornamental and hardy shrubs as will not suffer from lack of attention during the vacation period. The abundance of native shrubbery available locally in many parts of the Dominion, and the finer things, equally as hardy, obtainable from the nurserymen, give encouragement to the Council and the promise of a charming transformation in the school grounds of the country.

The competition, though Dominion-wide, is divided provincially. Nine silver cups have been secured for award, one in each province to the rural school accomplishing the greatest degree of beautification in its grounds during the year. The cup will become the property of the school winning it three times, not necessarily in succession. With each cup the council will also give an award of merit certificate, which may be framed and kept by the school as a permanent record.

To enter the competition the schools are required to submit a photograph of the building and grounds and an application of entry to the chairman of the provincial committee or to Mr. L. F. Burrows, Secretary of the Canadian Horticultural Council at Ottawa. Details of the competition which will be conducted under the immediate charge of the provincial Department of Education, are available from the Secretary of the Canadian Horticultural Council at Ottawa, or from any chairman of provincial committees, in New Brunswick, A. G. Turney, Provincial Agriculturist, Fredericton, N. B.

CHARLESTON

Charleston, N. B., March 23—Mrs. George Baker made several calls here on Saturday morning. Mrs. Baker was formerly of this place, both she and little daughter, Doris, leave on Wednesday for Detroit, Mich., to join her husband who went some time ago. We shall all miss them, but wish them success.

Mr. and Mrs. John Guest, Holmesville, spent a part of last week at Mr. Daniel Rice's.

Mrs. Henry Perkins has been quite ill lately, but is now some better. Messrs. Dan and John Rice drove to Richmond last Wednesday on receiving word of the death of their aunt, Mrs. Frank Travis.

There was a birthday party held at Gordon Prosser's on Tuesday night in honor of their son, Clarence, who celebrated his eighteenth birthday.

Mr. and Mrs. Charles Gardiner spent one evening last week at Mr. D. Rice's.

Harry White and Arthur Fewer were visiting at Ernest Fewer's Deer-ville, Sunday.

Cecil Hourihan, Avondale, was calling at both Dan and John Rice's on Wednesday.

Ray Gardiner is working for Robert McLean this week.

Mrs. Frank Crouse and daughter, Theresa were in Houlton, Me. on Saturday.

WHAT WM. PEACOCK, ASST. SECY. TREAS. POTATO ASSOCIATION OF AMERICA SAYS

THE ECONOMY OF PLANTING CERTIFIED SEED POTATOES
Good seed potatoes produce larger yields, tubers usually more uniform in size and shape, and the demand for such stock is better and consequently brings higher prices than that raised from common seed. It never pays to plant poor seed for such is always dear at any price. Why plant from 12 to 15 acres of potatoes with ordinary seed if the same number of bushels of a better quality can be grown on 10 acres with certified seed? The writer can refer to authentic reports to justify the above statement.

It has been learned through crop surveys and farm cost accounting methods that approximately 100 hours of man labor and the same number of hours of horse labor are required to produce an acre of potatoes. Furthermore, horse labor means the use of equipment, and planting, spraying and harvesting machinery are expensive; also, it takes more seed and fertilizer to grow from 12 to 15 acres than 10 acres of potatoes. With these facts in mind it should not be difficult to figure whether it is more economical to plant certified or common seed potatoes.

Seed potatoes as well as commercial stock of the 1924 crop have been selling at low prices. Potato growers who have been planting ordinary seed, or who have had good seed which has become diseased, or who wish to grow a larger yield of potatoes per acre and of a better quality, should take advantage of the opportunity to buy seed at the present prices. Growers who live in a region favorable for good seed production and who can not financially buy enough seed for their 1925 commercial stock, should purchase enough certified seed for foundation stock even though they do not wish to produce certified seed for sale, and not wait till the last moment because the supply may be exhausted at that time.

NOTICE OF SALE

To Burns F. Lockhart of the Parish of Kent in the County of Carleton and Province of New Brunswick, farmer, and Nellie A. Lockhart, his wife, and to whom else it shall or may concern:

Notice is hereby given that there will be sold at public auction in front of the Court House in Andover in the County of Victoria and Province of New Brunswick, on Thursday, the twenty-third day of April next, 1925, at the hour of two o'clock in the afternoon, all those tracts or parcels of land, situate in the said Parish of Kent and County of Carleton and bounded as follows:

First: Beginning at a post standing on the Eastern side of a reserved road at the Northwestern angle of the lot granted to William McDougall in Block 19, thence running by the magnet south 89 degrees East 50 chains to a hemlock tree, thence north one degree, east, 20 chains thence north 89 degrees west 50 chains to another post standing on the eastern side of the above mentioned reserved road and thence along the same south one degree west 20 chains to the place of beginning containing 100 acres more or less in Block 19 granted to William S. Wortman the first day of October A. D. 1880, and being the same land conveyed to the said Burns F. Lockhart by Charles E. Gallagher by deed registered in the Carleton County Records in Book "P No. 4" numbered 44049.

Second: Commencing at a corner of a lot of land granted to Thomas Hamilton, thence running 200 rods easterly to a stake, thence running 30 rods southerly to a stake, thence running westerly 200 rods to a stake, thence running northerly 30 rods to the place of beginning, being the same land conveyed to the said Burns F. Lockhart by Elbridge Lockhart by deed registered in said Records in Book K. No. 4, numbered 47234.

Third: Bounded on the west by lands owned by William McDougall, William Wortman and Steadman Lockhart, on the east by lands of John "Donnell, on the south by Crown Lands, being the same lands conveyed to the said Burns F. Lockhart by Jane Smith and others by deed registered in said Records in Book "K No. 4" numbered 47235.

Fourth: Commencing at the highway road at the north line of the land owned and occupied by Isaac McDougall, thence running east along said line 200 rods to a cedar stake thence south 20 rods to a certain stake, thence west 200 rods to the said highway road, thence along said highway road to the place of beginning, containing 25 acres more or less; also a tract described as follows: On the east side of the River St. John in the McDougall Settlement on the West corner of land granted to William McDougall and on the west by land granted to William Kearney, and on the south by land granted to John Cox, 30 rods wide running up Maplehurst Stream, said stream to be one side line supposed to contain three acres more or less; the last two mentioned tracts having been conveyed to said Burns F. Lockhart by Elijah M. Kinney and wife by deed registered in said Records in Book "L No. 4" numbered 47877.

Fifth: The south half of a lot of land granted to one Steadman Lockhart by Grant, bearing date the 10th day of May, A. D. 1880, described as follows: Beginning at a post standing on the Eastern side of a reserved road at the southwest angle of the lot purchased by Edward Dougherty on the southern side of the line dividing the Counties of Victoria and Carleton in Block 19. The said south half of the before mentioned lot is bounded as follows: Beginning at a certain post on the eastern bank of the Bumfrau Brook, so called, which runs across said lot at a distance of ten chains from the before mentioned southwest angle of Edward Dougherty's lot and running in a parallel line by the magnet south 89 degrees east along the south line of the North half of the so-called grant lot to the rear of said lot, thence south one degree west ten chains thence north 89 degrees west to the Bumfrau Brook, thence along the Bumfrau Brook in a northern direction ten chains to the place of beginning, containing 50 acres more or less being same land conveyed to said Burns F. Lockhart by Victoria Hawthorn and husband by deed dated the thirteenth day of January, 1920.

The above sale will be made pursuant to power of sale contained in an indenture of mortgage bearing date the second day of May A. D. 1904 made between the said Burns F. Lockhart and Nellie A. Lockhart, his wife of the first part and Benjamin Kilburn late of the Parish of Perth in the County of Victoria and Province of New Brunswick, merchant, of the second part, and registered in the said Carleton County Records in Book "No. 4" on pages 237 and 238, numbered 46046, the 23rd day of May 1904, and also pursuant to a power contained in a mortgage dated the fifth day of February 1914 made between the said Burns Lockhart and wife of the first part and Alice M. Kilburn, Bessie E. Kilburn (now Bessie Kilburn Ogilvy) and Abram E. Kupkey, executors of the last will and testament of the said Benjamin, deceased, of the other part, registered in the said Carleton County Records in Book "D No. 5" on pages 785, 786 and 787, numbered 57148, the 17th day of April, 1914, also pursuant to a power in a mortgage dated the 1st day of April, 1913, made between the said Burns F. Lockhart and wife of the first part and the said Benjamin Kilburn of the second part, registered in the said Carleton County Records in Book "Z No. 4" on pages 335 to 338, numbered 44821, the 13th day of April 1912, and also pursuant to a power of sale in a mortgage dated the 26th day of July, 1920, made between the said Burns F. Lockhart and wife of the first part, and the said executors of the last will and testament of said Benjamin Kilburn, deceased, of the second part and registered in the said Carleton County Re-

CORNS

THE GREATEST PLEASURE IN LIFE IS LOVE

The greatest treasure, contentment, the greatest ease, sound sleep and the best washing compound is KLEAN-ALL, sold in one-pound tin cans, one of which will make two gallons of strong fluid, a little of which added to water will prepare it for washing floors, woodwork, walls and ceilings. For washday it has the world trimmed, if used according to directions. Ask your grocer.

F. HAGERMAN

Public Announcement And Invitation

The public generally, and particularly those interested in motor cars are requested to accept this notice as an invitation to attend our opening April 1, 2, 3, 4, next at our show-rooms 4-6 Connell Street, Woodstock, N. B.

A full line of the new 1925 series McLaughlin-Buick and Star models will be exhibited for your inspection. The McLaughlin-Buick 1925 line consists of twenty different models, including open roadsters, and touring, enclosed roadsters and touring, two coach models, two and four passenger coupes, five and seven passenger sedans, sport models, broughams and limousines.

All of the mechanical features of the Master Six Buick, which for years have been "Canada's Standard of Comparison," many of which are found only in other cars selling thousands of dollars more, are incorporated in every model of the 1925 production.

These include the famous McLaughlin-Buick automatically lubricated valve-in-head motor; a completely sealed chassis; torque tube drive; multiple disc clutch; cantilever rear springs; a heavy, rigid, substantially reinforced frame; and in the closed models, Fisher-built bodies with ducos finish.

We shall be pleased to demonstrate the merits of the new models to all. Come and see the new models whether a prospective purchaser or not.

Card of Thanks

We wish to thank our friends of Lakeville for their help and sympathy on our sad bereavement. Also the Lakeville Red Cross Society, Baptist Sunday School and L. O. B. A. Lodge, No. 626, for the beautiful flowers.

MR. and MRS. HARTLEY GEE and FAMILY.

Card of Thanks

The family of the late George A. McGuire wish to thank all the kind friends who assisted them during the illness and death which has brought sorrow to their home.

Card of Thanks

Mr. and Mrs. H. M. Bunker wish to thank their friends and neighbors for their kindness and assistance during their recent bereavement.

The Friendly Food

OXO Cubes are cook's first aid. They give zest and goodness to warmed-over meat-dishes—make stews and sauces more nourishing and tasty—and help you to economize on meat by making left-overs appetizing.

In line of 4—15c. and 10—30c.

OXO CUBES

EDMUNDSTON

R. D. Cyr of Grand Falls of the Provincial Bank staff, was home recently. Fred Armbruster was laid up with the flu over the week-end.

J. M. Stevens, K. C., is in Augusta, Maine this week.

J. W. Hall went to Montreal last week arriving home Tuesday middle of the week.

C. Gordon Anslow of Hartland was a visitor in town last week, arriving on Thursday and returning Friday.

W. B. Belyea of St. John, formerly of Edmundston, was in town this week.

There has been a lot of illness amongst the scholars of the public school this past week or two.

Mrs. Jessie Birnie, 21st Ave., is planning to sail for Scotland some time next month.

Edmund LaChance who was a patient in St. John, arrived home a week or so ago. We all hope for Mr. LaChance a happy and quick recovery.

Mr. Hallett, representative of Felix Charette, automobile dealer, Grand Falls was a visitor here on business on Wednesday, and was registered at the Madawaska Inn.

W. F. Gesner of Amherst, N. S., with the Willis Piano Company of Canada, who has been here in connection with his firm, co-operating with the Willis agents, Messrs. J. F. Rice and Sons, was called home to Amherst on Wednesday on account of the sickness of Mrs. Gesner.

Mrs. G. I. Theriault returned recently from Woodstock, where she was a patient at the hospital. Mrs. Theriault underwent an operation there two or three weeks ago, which was very successful. She has nothing but praise for the staff of the Woodstock Hospital, especially for the surgeon, Dr. Rankin. We trust that Mrs. Theriault will continue to improve in health.

Mrs. S. E. Burpee entertained at three tables of bridge on Saturday afternoon, those playing being Mrs. Murphy, Mrs. Brebner, Mrs. Matheson, Mrs. McCabe, Mrs. Sergin, Mrs. Rideout, Mrs. Murchie, Mrs. Main, Miss Wheeler, Mrs. J. M. Stevens, Mrs. J. W. Hall, and Mrs. Lockhart.

The first prize was won by Mrs. J. M. Stevens and the consolation by Mrs. Rideout. Other ladies bringing their fancywork were, Mrs. Armbruster, Mrs. Douglas Stevens, Mrs. Alex. Dunbar, Mrs. T. L. Goode, Mrs. F. Griffin, Mrs. A. Lawson, Mrs. M. Anon, Mrs. R. W. Hammond and Mrs. (Rev) Franchetti. Mrs. Franchetti poured tea and Mrs. Ralph Murchie, Miss Helen Stevens and Miss Beth Rideout served.

Dayton Hammond was laid up with lagrippe a day or two this week.

Andy Brebner was sick with a severe cold this week.

Miss Phyllis Hall, who has been spending a couple of weeks in Boston is expected home this week.

Congratulations to Mr. and Mrs. Nathan Miller on the arrival of a daughter last Saturday.

Miss Helen Murchie arrived home last week from Mt. Allison Ladies College, Sackville.

Miss Jeanne LaPorte who has been visiting in Montreal and Quebec has returned home.

Charles Edmunds, who was recently a patient at the St. Basil Hospital, and who came back a week or so ago, we regret to hear is ill in bed again.

Mrs. Harry Yorke who has been visiting in Woodstock for the past week or two returned home on Wednesday.

Mrs. S. E. Burpee entertained at bridge on Saturday evening last. Those present were Mrs. D. H. Van Wert, Mrs. J. McKennie, Mrs. Merritt, Mrs. Morton, Mrs. Scott, Mrs. R. Murchie, Mrs. Vassour, Mrs. White, Mrs. Pickard, Mrs. Reith, Mrs. Sherwood, Mrs. Seeley, Mrs. Sullivan, Mrs. Grady, Mrs. Landers, Miss Reith, Miss Matheson, Miss Helen Stevens, Miss A. Rideout, Miss Helen Murchie. The first prize was won by Mrs. Morton, and the consolation by Miss Matheson. Mrs. McCabe poured and Mrs. R. Murchie and Miss A. Rideout served the delicious refreshments.

Mr. and Mrs. W. E. McCain were tea guests of Mr. and Mrs. T. A. McCain on Tuesday.

OBITUARY

George A. McGuire

On Friday, March 13, at his home in Wakefield, George A. McGuire aged 73 years, passed away after a lingering illness, covering almost two years. Mr. McGuire's condition has been slowly becoming worse until his demise. He was well known throughout this district, being born in Rockland where he lived for a number of years. The funeral took place on Thursday and interment was made in the Methodist burying ground at Waterville.

A. T. Downing

Hazen Hayward received the sad news of the death of his grandfather, A. T. Downing at Albert, Albert County, N. B., last week. Mr. Downing has been in the service of the C. N. R. for forty-five years and was well-known by every one in Albert County. In the death of Conductor Downing, the Albert Baptist Church loses a faithful supporter and the town of Albert a good resident.

IF I SHOULD DIE

If I should die before you pass
Into that land of the eternal rest
Try to think well of me
For I have lived my earthly life
Battling against great odds
Endeavoring to serve my fellow-men
Knowing their frailties, their temptations
and their needs
Because I, too, am human—
Never doubting for a moment God is good,
And that eventually Right shall conquer wrong.

Trusting His mercy and His grace
He knows wherein I have failed
Only remember that I have tried to
live aright.
