SEVEN

In seven days the United States has been crossed by a closed automobile, establishing a feat of significance to two industries—the automobile and the moving picture. Actual running time for 3,370 miles was 96 hours, 15 minutes. The car was a stock model Studebaker Standard Six Coach.

A remarkable feature of the run was that a trained endurance driver, a vegetarian living on California fruit, gave up the drive at Kansas City when his home state products ran out, and the rest of the run was made in record time by an amateur who never had attempted such driving.

This, with the fact the car was a stock model Studebaker Standard Six Coach taken off the sales floor at Los Angeles, made the record run more nealy akin to the experience of the average motor car driver than any similar run ever made.

Mike H. Newman, is the man who brought the Coach from Kansas City, where it was two hours behind schedule, into New York City two hours ahead of running time, after having rested 15 extra hours in Philadelphia.

The Coach carried the first prints of a Christie moving picture comedy, "Seven Days," for a preview showing in New York. Along the route time was taken for a number of preview showings in the larger cities, and this is expected to open a new era in motion picture exhibition.

New Feature For Movies

Heretofore, these first showings were made only in Los Angeles, San Francisco and New York. The rest of the country had to wait until the film had made its premier runs in these cities, not seeing the best films for several weeks later.

As a result of the success of this run, particularly with a driver untrained in endurance driving, the Christie Company plans to open the rest of the country to premier showings of their more important films hereafter, so that almost every principal city in America will have opportunity as soon as New York or Los Angeles, to see these previews before the film gets into general circulation.

Thus the films will not be "old" by the time they reach the principal centres of population, and the moving picture business will have a larger number of "first showing" centres which will result in increased patronage.

To do this by rail transportation would mean employment of a number of crews, whereas the automobile has been shown by this run capable of doing this work with one crew, moving when and where it will.

Trouble-Free Trip

The car left Los Angeles on August 26 on the shot of the starting gun fired by Mayor George Cryer. An immese crowd cheered the drivers on their way.

Mr. Newman arrived at the Colony Theater, New York City, 12.30 noon, day-light saving time, September 2, making his cross-country run accord with the name of the film "Seven Days" n which Lilyan Tashman, Lillian Rich, Natalie Joyce and Sallie Raid star.

No mechanical difficulty of any kind was experienced on the trip. Though it was a brand new Studebaker Coach, an average of 16-½ miles to the gallon of gasoline was achieved. The car arrived in New York in perfect condition, as did the driver, who enthusiastically proclaimed the Studebaker Coach the "sweetest running car" he had ever seen

For the Glory of Nova Scotia

The one high-class apple which is capable of beating the McIntosh Red for the Gold Medal at the Imperial Fruit Show in England, this fall, is our magnificent Cox Orange. Nova Scotia grows this apple to perfection which allows us to compete against McIntosh as grown in Quebec and Brtish Columbia.

Will Nova Scotian growers of high-class Cox Orange allow us to have the privilege of box packing them and trying for the Gold Medal.

My friend, Mr. Elliott Smith, of Wolfville, who represents Gerald DaCosta, the celebrated English Fruit firm, will advise us as to this exhibit and his firm will sell all our Cox Orange going to various markets.

Gerald DaCosta last year ran a large exhibit at the Imperial Fruit Show and they also kept the Nova Scotian exhibitors posted on various vital matters. I am confident our large (prospective) shipments of Cox to them will be sold for good prices —those arriving in time, at Wembley.

It is needless to say that it is expensive to box and pack apples to be fit to exhibit but the nett returns, after we deduct our expenses, are what count. We will add all money prizes to the best class of boxed Cox, and I think your cheques will please. Last year we returned $50.00 a piece, for four boxes each, of Cox Orange selected from those grown by F. M' Chute and Mr' Henry Watts of Waterville. (This is approximately $40.00 a barrel clear of all expenses). We do not hope to hit such extreme prices again.

PRETTY HOME WEDDING

The home of Mr. and Mrs. J. J. McCarthy, of 166 Elm Street, Timmins, Ont., was the scene of a very pretty wedding on Tuesday morning, August 25th, when their eldest daughter, Nevada, M., became the wife of Burton G. Rutherford, of Torbrook, N. S., the ceremony being performed by the Rev. Mr. Hall, of the Baptist Church.

The home was tastefully decorated with cut flowers. The arch-way, which was set aside for the ceremony was especially attractive, being framed in with wide, white satin streamers and banked on either side with pretty baskets of gorgeous gladiolo.

The bridal party entered the room promptly at ten o'clock, while Miss Fern McCarthy, sister of the bride, rendered the old, yet new, classic Mendelessohn's wedding march.

The bride looked very charming as she left her father's side, to take her place beneath the cluster of rich, red roses which overhung the centre of the arch-way. Her gown of shimmering white satin, with tracings of shelled pearls, was esquisite; the new cape effect of sheer georgette being most girlish and very sweet. She carried a beautiful shower of tea roses, orchids, lilies of the valley and sweet peas, with gauzy streamers of chiffon threaded with rose buds.

The bride was attended by her sister, Miss McCarthy, who looked very lovely as bridesmaid in a soft shell-pink georgette with gulpure panels and carrying a nuge bouquet of shaded pink roses. Mr. Gordon Rutherford, brother of the groom, acted as 'best man.'

After the ceremony dainty refreshments were served; only the immediate relatives and close friends of the family being present.

The young couple left on the 11.30 train for Toronto, Hamilton, Niagara and other points South, amid showers of confetti and best wishes of their many friends.

On their return to Timmins they will take up their residence at 154 Elm Street, where already gifts have been pouring in for many days, testifying to the popularity of Mr. Rutherford and his bride.

The Valley is one of the most prosperous parts of Nova Scotia. Here for the most part, every person seems to have all they desire. The bountiful harvest is looming up large, and people are seeing their way clear to winter all right. Our harvest is scattered over the Valley, and if we can garner it we'll winter too. Who's first?

Miss Mona Parsons of Wolfville, a recent graduate of the "Curry School of Expression", Boston, left on Monday, the 7th, for Conway, Arkansas, where she will be in charge of the Department of Expression and Dramatic Arts" at Central College. October 29th—Dominion Election Day. Candidates are getting into the field fast. Mr. Short, Digby and Dr. Lovett, Bear River are the men nominated for this constituency of Annapolis-Digby. The geenral outcome is not very certain for either of the leading parties, on account of the many three-cornered fights that will be pulled in many seats from Quebec west. From close observers the opinion seems, that affairs are getting back to the old style of two parties, and gradually the third party coloring will fade and the men climb back into the fold from whence they came.

The Annapolis Regiment in camp here under command of Col. G. W. Harris, held open air divine service on Sunday, which was conducted by the chaplain, Capt. R. L. Carson, with address by Rev. W. I. Morse of Paradise. The regimental band from Annapolis was in attendance. G. O. C. inspection took place on Tuesday with the band in attendance. On Tuesday evening the band gave a concert on the grounds which was much enjoyed by the soldiers and also the many civilians who availed themselves of the opportunity to hear good band music. The camp marches out today.

Seeing the sights of Nova Scotia is one of the chief delights of Nova Scotians as well as all visitors to the Province. During the month of September everything seems to have a rare beauty that is only evident or at least at its best in this month. Last week a party consisting of the following motored to the east: Mrs. Louis Woodruf, children Francis and Frederick of Arlington Heights, Mass.; Mrs. Hilda Cochrane and sons, Jack and Edward, of Roxbury, Mass.; Mrs. Chas. Phinney, Mrs. Eva Bruce, Mr. C. N. Phillips, and Mr. and Mrs. G. N. Reagh of Middleton. At Granville they called on several friends, and at Annapolis spent the time pleasantly seeing the sights of the Fort. After taking in the sights the party turned to an other source of enjoyment in the form of a Corn Boil at V. A. Leach's restaurant in Annapolis. Mr. and Mrs. Leach are prospering very nicely in their new business, and they did all they could to make the party an enjoyable one while at the restaurant. In all it was an ideal trip enjoyed by every member of the party.

Nearing a Breakdown

A CONDITION THAT CALLS FOR A RELIABLE TONIC

Many women give so much of their time to the cares of their household that they neglect their own health and sometimes reach the verge of a breakdown before they realize that their health is shattered. Often the heart palpitates violently at slight exertion, the stomach fails to digest food and discomfort follows. The nerves become weak and headaches grow more frequent. The body grows weak and they are always depressed. This condition requires immediate treatment with such a reliable tonic as Dr. Williams' Pink Pills which enrich and build up the blood, carrying renewed energy to every part of the body. The value of Dr. Williams' Pink Pills in a rundown condition is proved by the following statement fom Mrs. Alex. McInnes, Bowsman River, Man., who says:—"About a year ago I had a serious illness which left me very anaemic. I was not able to get around to do my work; in fact I could scarcely walk. I was troubled with palpitation of the heart with the least exertion. One day a friend advised me to try Dr. Williams' Pink Pills as they had done her much good. I followed this advice and took the pills for some weeks when I felt as well as ever. I have since been able to attend to all my household duties. The dizziness and palpitation have left me and I bless the day I tried Dr. Williams' Pink Pills. They are just the medicine for those who are weak and rundown."

You can get these pills from any dealer or by mail at 50c. a box from The Dr. Williams' Medicine Co., Brockville, Ont.
