BRITISH LOSSES SLIGHT

But Germans Lost Heavily, and Many Were Taken Prisoner.

[Canadlan Press.] Paris, Jan. 15 .- The Havas Agency has received a dispatch from St. Omer, dated January 10, which relates a British victory and an advance near La Bassee of one mile. The message follows:

"The British, by an impetuous attack, stormed the strongly-entrenched German position near La Bassee at 2 o'clock this afternoon, after a vigorous preliminary engagement. This is an in portant stategic point, and its occupation represents an advance of one mile. The British losses were slight, but the Germans lost heavily. Many Germans were taken prisoner."

Young Boy Sent First News of Disaster to Rome

Rome, Jan. 15.—A wagoner's apprentice, a boy of 13 years, was the first person to give the news of Avezzano to the outside world. He succeeded in getting back into the town a few minutes after the first shock. He found a railroad employee and persuaded this man, with his help, to rig up a telegraph instrument in a freight car and connect it with a wire that was still intact. Calling on the instrument, the railroad man, who is an operator, soon got Rome. The two together then sent the first news of the disaster

Probable Death Toll in Italy Now Placed at 20,000, With 35,000 Persons Injured --- Pope Gives Use of Hospital of 300 Beds.

AUTOMOBILES ARE AT WORK

(Canadian Press.)

Rome, Jan. 15.—Constantly shifting estimates, based on reports that continue to trickle in now, place the death toll from Wednesday's earthquake at 20,000, and the injured at a figure in excess of 35,000.

Hundreds, possibly thousands, of victims are still buried alive, imprisoned by the wreckage of their homes. while rescuers from every walk of life struggle desperately to dig them out. King Victor Emmanuel, who returned to Rome from Avezzano last night, personally superintended the release of a number of such unfortunates.

POPE LENDS HOSPITAL. The king reached the capital in his private car, to which were attached coaches bearing forty wounded. These, like the other hundreds who are slowly reaching Rome, were distributed about the hospitals, regular and extraordinary, in the city.

Pope Benedict this morning offered to the mayor of Rome the use of the hospital of Santa Marta, which he visited yesterday. The offer was gratefully accepted and its 300 beds served as a material relief for the difficult situation.

MUNICIPALITIES WIPED OUT. The principal loss of life, and probably the chief property damage, appears to have occurred in Avezzano and the town of Sora, fifteen miles away. Both of these municipalities were blotted out of existence and their populations virtually wiped out.

The latest reports place the number of dead in Avezzano at 10.000 and in Sora at 4,000. In at least sixty other towns affected, more than 6,000 have been killed. From these towns come the majority of the injured. In

High Prices For Produce.

A feature of today's session was the sale of the prize winning cheese and butter exhibited in the basement of butter exhibited in the the public library building, high prices being realized. September white cheese olored cheese 15% cents. October whi 15% cents, and October colored 15% cents. Nine Stilton cheeses sold at 1714 cents, 24 September flat cheeses creamery butter at 30 cents, 395 pound exes of October butter at 29% cents. Among today's speakers were Prof. airying in Manitoba; R. W. Brown, O.A.C., Guelph; G. G. Publow, George President-Elect Robert

A. Putnam, President-Elect Robert Myrick, and the retiring president, J. B. Muir, of Ingersoll. Home Market For Cheese. At the morning session R. W. Brown read a paper prepared by Prof. H. H. Dean, of Guelph, on "Developing the Home Market for Canadian Cheese." The death of a relative prevented Prof. Dean from attending. In his paper he pointed out how export conditions are very favorable at the present time, but were not likely to long continue so. Only three pounds of cheese are consumed annually in Canada per capita, but even at that rate one and a half million pounds are imported annually, chiefly of the fancy varieties, and costing nearly \$300,-There was no reason, he said, why the per capita consumption should not be increased to ten pounds yearly, or why nearly all the cheese at pres-

ent imported might not be manufac Would Advertise Cheese. Canadian cheese as a staple food. He also advocated a national brand for

cheese or butter scoring 93 points or higher. Efforts should also be made to maintain the present high level of part of the season of 1914. Pubbw. George A. Putnam, superintendent of dairying in Ontario, claimed

that the Ontarlo dairymen were leading other branches of agriculture in substantial progress made and in general prosperity. He advocated improvemens in cheese factory equipment and conditions, paid a glowing tril ute to the educational work of farmers and women's institutes, and, with patrioto references to Canada's place in the present imperial crisis, dwelt upon the present time as one calling for renewd and increased earnestness and dilignt endeavor.
The committee on resolutions ex-

CANADA FAILS TO The Bank of Toronto BRYAN PLEASED

Report of the Only Three Pounds Per Capita Fifty-Ninth Annual General Meeting

> The Fifty-Ninth Annual Meeting of the stockholders of the Bank of Toronto was held at the Head Office in Toronto, on Wednesday, 18th January, 1915. The chair was occupied by the Vice-President, Mr. W. G. Gooderham, the absence of the President, Mr. Duncan Coulson, on account of illness. Mr. Thos. F. How, the General Manager, was elected Secretary of the meet-

> ing, and Mesers. E. M. Chadwick and George R. Hargraft were appointed The Secretary then read the following report: The Directors of The Bank of Toronto beg to present their Report for the

Profit and Loss Account

year ending 30th November, 1914, accompanied by a Statement of the Bank's

The Balance at credit of Profit and Loss on Nov. 30th, 1914, was The Net Profits for the year, after making full provision for all bad and doubtful debts and deducting expenses, interest accrued on deposits and rebate on current discounts, amounted to the sum of

This sum has been appropriated as follows-

Red Cross Society
Toronto General Hospital Appropriation re depreciation in value of Stocks and Bonds held .. Carried forward to next year

The year has been the most eventful one in the financial history of the country. The outhreak of war, with its temporary destruction of the credit structure of the whole financial world, affected every country, and Canada shared in the derangement caused thereby. Owing to the prompt and judicious measures taken by the Finance Minister in consultation with Bankers, the situation was wisely dealt with, and the public showed their confidence in the country and in our financial institutions by the calmness with which they met the changed con-

dition of affairs. The volume of business throughout the country has necessarily lessened, and the spirit of conservatism with which the year opened has increasingly pre-vaised. The result has been that our profits for the year have been slightly less

The following new offices have been opened: Bronte, Ont.; Freelton, Ont.; Hamilton, Ont.; Woodrow, Sask.; and the office at Churchbridge, Sask., has The Head Office and branches of the bank have been regularly inspected by

our Inspection Staff. At the Head Office the usual verification of cash and secruties has been made by the Board of Directors. The Auditor appointed by the stockholders has made his examination into the affairs of the Bank, and his report upon the same will be found appended to the General Statement submitted herewith,

The name of Mr. G. T. Clarkson, C.A., will be submitted to the Shareholders at the Annual Meeting for re-appointment as Auditor. The securities owned by the Bank have been re-valued at the market value as of date of the 30th of November, and in order to make ample provision for the depreciation brought about by the present unsettled conditions, your Directors have set aside the sum of \$100,000 and deducted the same from our

Your Directors have also made subscriptions on behalf of the Bank to the National Patriotic Fund, Belgian Relief Fund, Red Cross Fund, and to the Toronto General Hospital, and Resolutions will be submitted to you asking for confirmation and approval of the Shareholders to these subscriptions. It is with sincere regret that we have to report the death of our valued Director, Mr. Nicholas Bawlf, of Winnipeg. His business experience and intimate knowledge of Western conditions made his counsels of great value to the Bank. He was very loyal to its interests, and the loss is deeply felt by his

fellow-directors.

All of which is respectfully submitted, D. COULSON, President.

AUDITOR'S REPORT TO THE SHAREHOLDERS. I have compared the above Balance Sheet with the books and accounts at the chief office of the Bank of Toronto, and with the certified returns received from its branches, and after checking the cash and verifying the securities at the chief office and two of the principal branches on November 30th, 1914, I certify that in my opinion such Balance Sheet exhibits a true and correct view of the state of the Bank's affairs according to the best of my information, the contraction of the state of the Bank's affairs according to the Bank.

the explanations given to me, and as shown by the books of the Bank.
In addition to the examination mentioned, the cash and securities at the chief office and two of the principal branches were checked and verified by me during the year, and found to be in accord with the books of the Bank.

All information and explanations required have been given to me, and all transactions of the Bank which have come under my notice have, in my opinion,

transactions of the Bank which the been within the powers of the Bank.

Acts. 1. 11), and Christians are en "love his appearing," for only when he comes will the swords and spears of the nations be beaten into plowshares and pruning-hooks. It is lamentable the ignorance and prejudice that exist in these days amongst the clergy of our portant truth. I am hearthy ashamed of a great many of them, and I speak not from outside of the church, but from the inside. The Apostle Paul warns us in II. Timothy, iv. 3, that "the time will come when people will not endure sound doctrine." That time is now! People have little patience with a preacher who gives them the naked truth nowadays; they want to hear from the lips of a popular man that the world is getting better, and that they can go on in their usual sinful way of living, with the assurance of getting to heaven at last. I attribute this condition of affairs to the negligence and timidity of many ministers who are downright afraid to proclaim the truth n case it might cause trouble. Of course, it will cause trouble! That is inevitable. The truth of God's Word never was popular at any time in this evil age, and never will be Christ comes, but all honor to the brave minority who are faithfully holding up the torch in the ever-increasing gloom, despite the cold shoulder, the look of scorn, and the voice of ridicule from the nominal masses. The reckoning day is coming, and at the judgment-seat of Christ many rewards will be given, and lost. I hope this letter will some to understand the truth as it is contained in the Word of God, although not according to popular opinion. It doesn't require our emphasis to assure you that now is the best time to have your spring suit made. The price this month is the lowest we have quoted for years for the making of a strictly man-tailored suit. Figure the cost of the material to \$13.75 and you have the cost of a suit complete. For example, a suit taking five yards of \$1 a yard material would cost just \$18.75. A suit taking five yards of \$1.50 material would cost just \$21.25, and the same rate for any priced material; you can figure the cost for yourself.

Advertising spells quality. A man cannot advertise a fine article and give in its place a shabby one. He may try the trick once or twice, but his advertising pledges must be kept in Canada by Canadians at if his business is to grow, or Sale Prices for Next Ten even to remain as it is. Advertising also spells quantity. The more an article is advertised. A magnificent advertising the greater the production, and

on this and accompanying Today the manufacturers of will soon be on the lips of the district with this magnificent pages. In the first place, the Canada are realizing that to public, just as many of the display of patriotic advertising.

Therefore, today, a sentiment for manufacturers' advertising in newspapers is being created. The manufacturer wants to reach the buyer. In many lines he has done so, but in others he for London. It helps to keep has neglected to do so. There are many lines advertised in the accompanying pages, the names of which will be more familiar to Advertiser readers because of the "Made in Canada" display. And articles man-

advertisements appearing in make Canadians give their best known products, adverthis special "Made in Canada" goods an equal chance in trade tised day in and day out, have come to be household words.

> Is not this the best form of "protection" that Canadian manufacturers can have? If they will make an article just as good as an imported article, at a reasonable price, and with the advertised quality known to every one, there will not be much need for tariff walls.

> Such a display as today's helps to keep up business faith. It is good for Canada. It is good the wheels running. The Advertiser is proud of it.

Mr. Wegner is indeed a progressive merchant, and scould receive considerable commendation for his enterprise in goufactured in all lines of trade ing to the people of London and Union Made and Made In Canada

Extra heavy Pockets of a material that will not wear out, are one of the features in Big B Overalls. Made of an extra heavy fabric these overalls will give extraordinary long wear and will stand many washings without fading. Each pair is equipped with shoulder straps, part elastic, which "give" with every move of the body. Every seam is sewed doubly by a process used by us, which protects the garment from ripping. Strong buttons, riveted on the overalls by a special machine, protect the wearer against accident by flapping ends or braces.

The thing that makes better Overalls is quality. Have you considered what quality in Overalls means? It means: The strongest goods. The best threads. The greatest convenience of pockets, etc. Material enough to give freedom. The utmost of service. The lowest reasonable price. It means "Walker's Union-Made Overalls," because they have been examined in every particular, and passed with honors by laborer, trainman, and officials.

Attention!

What do you do with your wornout overalls?

Send to the Walker Pant and Shirt Company factory six pockets taken from wornout Walker Overalls and they will send you a new garment.

upheavals, on the suggestion of Chairman Donnelly, who declares that North London walks are badly in need of repair. Actions for damages against the city have been brought by persons who have been injured, they claim, through imperfect walks. Railroad crossings, in addition to the "deadly level," are bumps between the tracks, causing danger to traffic on the city roads, at the track crossings. These matters will be presented to the board of control as soon as possible.

Preparing General Aggressive Movement West and Southwest of Warsaw.

RUSSIAN STAFF BELIEF

portance to the Hungarian Situation.

[Canadian Press.]

p.m.—The Russian general staff has Francisco 'quake in April, 1906. reached the opinion that the Germans are preparing for a general aggressive movement to the west and southwest of Warsaw. Staff officers say that this opinion is borne out by the fact that the Germans have removed their sick and wounded from Lodz and Piotrkow nto Prussia, and have changed their ammunition bases. Furthermore, formation has been received here of the arrival of large bodies of German troops in Northern Hungary, and their distribution at points within striking disthe porthern entrances into Hungary and the principal passes of the Carpa-

thians now held by the Russians. Relaforcing Austrians. This is taken to indicate that the Germans are reinforcing the Austrian troops for a vigorous effort to free Northern Hungary and Bukowing frem the danger of further Russian advances. THE BANK OF TORONTO HAS LARGER DEPOSITS AND INCREASED PROFITS

"The duty that now lies before us as a country is that of giving attention specially to the increased production of commodities that have a ready market, and which will create a large exportable surplus," is the message of President Duncan Coulson, of the Bank of Toronto, delivered at the annual meeting of the directors in Toronto.

"We cannot turn unskilled labor on to new territory."

of Toronto, delivered at the annual anesting of the directors in Toronto.

"We cannot turn unskilled labor on to new territory, and by mere exhortation make grain grow. There is need for a wise co-operation between those who are willing to work and become producers, and those whe can direct and cid in making their labor productive. It is not enough that we should increase the acreage devoted to grain-growing, but greater attention should be hald to making the present acreage more productive. This is being done, we are glad to say in some districts, very successfully. The estimated value of the foliars, as compaged with that of a year age and lig an inlustration of what may be accomplised in this direction."

At the close of the general review the address stated, "We laok forward to the future with great confidence.

The reports as adopted were surprisingly good under the circumstances trade being dislocated by the war. Net profits amounted to \$25,528 which is equal to 16,59 per cent, on the paid-up capital of the bank. On the combined capital and rest the percentage of profit was 7.54 per cent.
