WILLIAM A. HICKSON DIES IN MONTREAL

Aged Captain of Industry Passes Away Friday at Mount Royal Sanatorium.

There passed away on the 10th inst., at the Mount Royal Sanatorium, Montreal, whither he had lately gone for treatment, one of the best known business men of New Brunswick in the person of William Allen Hickson, of W. A. Hickson & Co., Newcastle.

Mr. Hickson was born at Bathurst, N. B., in 1841, and was of Irish descent, his grandfather, James Palmer Hickson, having emigrated to New Brunswick from County Down, Ireland. He lived in Chatham some years before going to Newcastle, and was employed by the New Brunswick Trading Co.

He was one of the largest and best lumber operators on the Miramichi, having for twenty-seven years manufactured lumber for both the European and American markets, at Newcastle, where he was a large employer of labor. He is survived by a wife, a daughter of the late Colin MacLennan of Prince Edward Island, and niece of senator Murdoch, whom he married in Chatham, and two daughters, the Misses Florence and Hazel.

He remains resided in Newcastle on the Maritime express Monday morning in charge of Mrs. Hickson and her daughter, who were accompanied by the deceased's brother, Robert, from Bathurst, and Mrs. Hickson's brother-in-law, Mr. Cecil Rippe, from Montreal. They were met at the station by Rev. Dr. Cousins, and a large number of the most prominent citizens, who followed the body to his late residence. The workmen of the

mill then entered to take a last look at the face of him who for so many years had been their employer.

The funeral was held from his late residence at 3 p. m. Monday, Rev. Dr. Cousins, assisted by Rev. William Macdonald, conducting a strict service at the house, and Dr. Cousins officiating at the grave.

The attendance was of the largest ever seen in Newcastle. Over seventy carriages containing the leading business men of Newcastle, Chatham and vicinity, and the deceased's late employees in a body and many others following on foot.

The pall bearers were: Hon. John P. Burchill, Hon. Allan Ritchie, K. A. McCurdy, F. E. Neale, Sheriff John O'Brien and Wm. Sinclair.

At the Baptist Church, of which the late Mr. Hickson was a devoted adherent, occupying the position of the building and other committees the pulpit on Sunday was draped in black and appropriate hymns were sung in honor of the deceased. Miss Jennie Tozer presiding at the organ. The opening voluntary was "Nearer My God to Thee," and at the close the audience rose to the strains of the "Dead March In Saul."

In his sermon Sunday evening Rev. Dr. Cousins referred feelingly to the great loss the church had sustained in the death of Mr. Hickson, who had always been a fine counsellor and a faithful friend.

Mr. Hickson's death leaves a wide gap among the business men of the Miramichi.

CHEAPER LIGHT, HEAT AND POWER

For the Miramichi Grey Rapids are Harnessed For Industrial Purposes

John A. Follansbee, who from April 1905 till April 1910 was superintendent and engineer of the Newcastle Water and Light plant, then going to New York and finally to Toronto where he has been the past eleven months, is home on a mission of great industrial importance to the Miramichi. He has interested Ontario capitalists in his plan to dam the Southwest Miramichi at Grey Rapids two or three miles above Indiantown and there generate electricity for heat, light and power to be transmitted to the whole Miramichi valley from Boiestown to Estunung.

Charles Quin, electrical engineer, of New York, will be here about the 15th, to investigate and report upon the project to the Ontario backers of the scheme.

Mr. Follansbee, who has been working on the plan for years is endeavoring to interest local capitalists in the work. An initial capital of \$300,000 is needed for the erection of dam and developing plant. If the local men take hold of the

matter in earnest sufficient Ontario capital to make it go is assured.

Newcastle electric light now costs 12 cents net per 1000 watts—15 cents with reduction of 20% for prompt payment—and in Chatham the cost is about the same. Mr. Follansbee claims that with power purchased from Grey Rapids these towns could cut their light charges in two. The power could be distributed all along the river, to the pulp mills and to all industries now raising steam, at a great saving of cost, the promoters declare. A twenty-four hour service could be guaranteed here, where coal is so distant and costly a revolution should be effected by cheap electric power. Legere's small developing plant at Bathurst has for several years been a great success, and much greater utility is prophesied for the Grey Rapids scheme. Even heat for dwelling houses could be supplied.

Mr. Follansbee is confident that the Government will grant a charter and the moment men of the Miramichi will promptly and effectively invest in the undertaking.

LAST MONTH THE BEST ON THE I. R. C.

Ottawa, May 10—The I. C. R. has begun the fiscal year by breaking all records. April is the first month of the official year, and during last April the I. C. R. earnings totalled \$1,000,000, which is more than was earned during the previous April and is more than the road ever earned in one month.

REAL EQUALITY FOR SWEDISH WOMEN

New Bill Gives Them Same Rights to Vote and to Hold Office That Men Have.

Stockholm, May 7—The suffrage bill just introduced by the government indicates that Sweden will be the first independent country to grant women the fullest electoral privileges. The bill provides that women shall have the vote on exactly the same conditions as men.

Many interesting features are involved. The bill allows a husband to cast his wife's vote under certain circumstances, and an amendment is being prepared which gives wives of sailors, fishermen, soldiers, etc., who are absent on the day of election, the right to cast their votes for them.

Under the present Swedish law a man loses his vote if he is a bankrupt or a pauper or has not paid taxes for the last three years. Under the new bill, if a woman is living with a bankrupt, a pauper or a non-taxpaying husband, she loses her vote unless she has a separate marriage settlement. Otherwise she is to be treated exactly the same as a man and she may be elected to either chamber of parliament with the express condition that she may resign her seat whenever she pleases.

SUDDEN DEATH OF MRS. I. N. THORNE

Dropped Dead While Returning From Church Last Sunday Morning.

Mrs. I. N. Thorne, of Cody's Queens Co., a lady well-known in this county, her husband having been pastor for several years of the Baptist churches in Whitneyville and on the Little South West Miramichi, dropped dead Sunday morning returning from church. She had been in apparently good health up to the moment she was struck.

Rev. Mr. Thorne was absent preaching in Albert county.

Mrs. Thorne was formerly Miss Margaret Kirkpatrick, daughter of the late David Kirkpatrick, of Hoyt, Sunbury Co. She is survived by her husband, one stepson, George Thorne, of Cody's mother, who resides at Gasperaux; two brothers, Edward and George Kirkpatrick of S. John, and one sister, Miss Maure, of Denver. The funeral takes place at Hoyt, to-day.

Majority For Home Rule Is 101.

Second Reading Passed in Com- mons, 372 to 271.

London, May 9—The government carried the home rule bill on its second reading in the house of commons to-night by a majority of 101 as against 94 for the first reading. The vote was 372 to 271. It was the most largely attended house of the present parliament. Both sides had done their utmost to secure every available vote.

A Musical Treat in Store

Sackville, N. B. May 11—The Grand Musical Festival which is to be held on May 23rd and 24th in connection with the commence- ment exercises of the Mount Allison Ladies' College promises to surpass anything which has previously been attempted here.

The fact that Messrs. Jan and Boris Hambourg, famous musicians of Toronto, have been engaged to give concerts is a guarantee of something exceptionally fine. The first concert will be given Thursday night, the second Friday afternoon and the closing one Friday night. The Hambourgs will have as their accompanist Miss Mary Campbell, of Toronto, while Miss Lucie Fyell, Contralto, head of the Vocal Department of Mount Allison Conservatory of Music, will also assist.

Mr. Jan Hambourg is spoken of as a violin genius. He possesses a remarkable merit of taste and style, a most refined musical personality and with his delicate qualities of tone, his supple and elegant fingering and boxing and sensitive phrasing achieves a triumph wherever he appears. Mr. Boris Hambourg is one of the greatest living masters of the cello. He displays a fluent and thoroughly grounded technique, the style of the true virtuoso in true meaning of the word. The perfect elasticity of his bowing is a pleasure to watch as well as to hear; while the exactitude of his octaves and of the difficult left hand passages, he is nothing short of remarkable. The singing of Miss Fyell is something which lingers long in one's memory. She possesses a beautiful contralto voice, well controlled, and her notes are perfection itself.

Altogether the coming festival and the closing exercises of Mount Allison institutions promise to be of exceptional interest and will no doubt attract more than the usual number of visitors.

NEW BRUNSWICK GROWS ORANGES

The stories that reach us from some parts of Canada about the growth of flowers in the open during the winter season, are enough to almost make a New Brunswicker tired. During the past winter oranges have been successfully grown in Kings county and the man who raised them is starting in on his second crop. J. W. Perry, of Perry Settlement, brought the record a very good sample of a New Brunswick orange the other day. It was a novel, the same kind that they grow in California, of good size and of excellent flavor. The fruit, it may be said, was not raised for market, but for home consumption. It was grown during the past winter and the trees are now getting busy on a second crop. Mr. Perry hopes to have better luck with his next picking than with the last one. The record is not familiar with the orange business, and is not prepared to say whether two crops can be raised in a single season in California or Florida. The hard cold fact remains, however, that right here in Kings county, Mr. Perry has started two growths of oranges and good attempts he has made of it. In the face of this unmistakable evidence of the splendid climate of New Brunswick, there should be no further effort on the part of western friends to tell us that old flower story again.

N. S. TEMPERANCE LEGISLATION

Introduced in the Provincial Legislature.
Amended (New.)
In the House of Assembly on Tuesday, 11th, Mr. McGeoghegan introduced a bill to amend the Nova Scotia Temperance Act. The bill provides, among other things, that the occupant of any place in which any sale, barter or exchange of liquor is carried on, or in which it is intended to be carried on, shall be personally liable to the penalty of imprisonment prescribed with respect to such sale, barter or exchange, notwithstanding such sale, barter or exchange was made by some other person who cannot be proved to have acted under the direction of such occupant.
Proof of the fact of such sale, barter or exchange shall be presumed in any case where such sale, barter or exchange was made in a place where such sale, barter or exchange is prohibited, and the burden of proof shall be upon the defendant.
Whenever, in any place where liquor is sold, contrary to the Nova Scotia Temperance Act, any person has drunk to excess of liquor furnished to him, and while in a state of intoxication from such drinking has come to his death by suicide or drowning, or perishing from cold or other accident occasioned by such intoxication, the keeper of such place and also any other person, for him, or in his employ, delivered to such person the liquor whereby such intoxication was caused shall be liable to an action for personal wrong at the suit of the legal representatives of the deceased person, if such action is brought within three months after such death and may recover such sum, not less than \$100 and not more than \$1,000 in the aggregate of any such action.
If any person in a state of intoxication assaults any person or injures any property, the person who furnishes him with the liquor which caused such intoxication, if such furnishing was in violation of law, shall be liable to the same action as the person intoxicated is liable to.
Any constable can be employed by the inspector-in-chief. The latter may cause an enquiry into the conduct of any inspector.
On information signed by ten or more ratepayers certifying that the N. S. Temperance Act is unenforced in any municipality, it shall be the duty of the inspector-in-chief to investigate the complaint.

MOTHERHOOD SUGGESTIONS

Advice to Expectant Mothers
The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitness for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a mother's life is a constant struggle.
There is nothing more charming than a healthy and healthy mother of children, and indeed child-birth under the right conditions should be no hazard to health or beauty. The merriest thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.
Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.
In many homes once children there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.
If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

THE LIGHT-HOUSE KEEPERS STORY.

FROM the lighthouse at Lobster Cove Head, Bonne Bay, Newfoundland, Mrs. W. Young sends her experience of Zam-Buk.
She says: "I suffered with eczema for seven years and to my great delight Zam-Buk had cured me. The disease started on my breast, and spread until it extended over my back. The itching and burning—especially when the affected parts were warm—was terrible; and yet when the eruption was scratched or rubbed, it turned to bad sores and caused great pain. I went to a doctor and tried various prescriptions, but could get no benefit from another doctor. Again I got no relief, so tried a third doctor, and then a fourth.
"Seven years is a long time to suffer, and I had got used to the thought that I never would be cured, when I saw a report in the Family Herald, telling how beneficial Zam-Buk was in cases of skin disease.
"I bought some Zam-Buk, and from the use of the very first box I saw it was going to do me good. I persevered with it, and the improvement it worked in my condition was really wonderful.
"It eased the irritation, stopped the pain, and the sores began to dry up and disappear. In short, I found Zam-Buk all that was claimed for it and within a very short time it worked a complete cure in my case.
"Since that time I have recommended it for several other cases, and in each it has proved its wonderful merit."

HAVE YOU A SKIN RASH?
Zam-Euk Will End It.

For skin rashes, eruptions, eczema, etc., either in adults or children, there is nothing known to science which cures so rapidly as Zam-Buk in the quickness and certainty of its curative power. Mr. Raymond Webber, of Allanburg, Ont., writes: "I have tried Zam-Buk for many ailments, and every time have found it successful. Some time ago I had a bad rash all over my body. I tried numerous salves, herbs, ointments, and these proved of no use, but when I tried Zam-Buk I was cured in a matter of the time that I had been experimenting in vain with other preparations.
"On another occasion I had one of my fingers cut, and in that case also Zam-Buk was the only remedy I used. It healed the wound splendidly.
"My boy had boils, and once again Zam-Buk brought about a complete cure. We have also used it as a household balm, for the injuries and skin diseases which are common to every person, and can say that in the experience there is nothing to equal Zam-Buk."
Zam-Buk owes its unique healing power to certain herbal extracts it contains. Unlike most ointments it contains no poisonous coloring matter, no animal fat, but is purely herbal. For eczema, piles, blood poison, abscesses, ulcers, cuts, burns, and all skin injuries and diseases it is without equal and should be in every household. Box at druggists and stores. Use also Zam-Buk Soap, 25c. tablet.

SPECIAL SESSION FOR MARRIAGE CASE
Delay in Judgment in "Companies Case" May Defer Reference Concerning Amendment to Marriage Law.

Ottawa, May 7.—At the opening of the May term of the Supreme Court today Chief Justice Sir Chas. Fitzpatrick announced that in view of the fact that the British privy council had not yet given judgment in the "companies case," which will determine the right of the Dominion to submit a stated case in a matter affecting provincial law, the reference concerning the act to amend the marriage act would be deferred. If the privy council judgment is given during the present sitting of the Supreme Court, the marriage law reference will be taken up at once. If delayed till later, a special session of the Supreme Court will probably be called.

You Can Make Better Foods For The Children With "Beaver" Flour Than You Can Buy

Next to a returning Arctic Explorer, the hungriest mortal on earth is a growing boy. He is always ravenous. "He will eat anything". But why should he?

Right now is the time when his parent should be most particular about his food—to prevent injudicious eating and to protect him against unsuitable food.

Good, home-made bread, made of "Beaver" Flour—light, flaky biscuits made of "Beaver" Flour—these are real foods for growing children. "Beaver" Flour is a blended flour. That is, it is made of exact proportions of nutritious, beautifully flavored Ontario Fall Wheat and a smaller proportion of the stronger Western Spring Wheat.

It is both a bread flour and a pastry flour—and makes the real nutty flavored home-made bread and delicious pastry such as cannot be made with any purely Western Wheat flour.

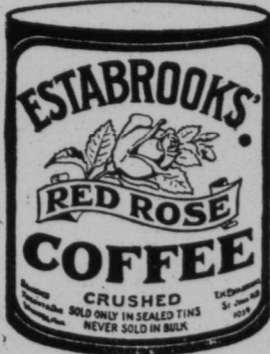

Just try "Beaver" Flour—and see for yourself how thoroughly satisfactory and dependable it is for all kinds of baking. Your grocer sells "Beaver" Flour or can get it for you. Dealers—Write us for prices on Feed, Coarse Grains and Cereals.

Touching Scenes On Board The Titanic

Captain and Engineers Stead To Their Post.—Mr. and Mrs. Straus Gie Together.

But for the unexplained efficiency and heroism of Capt. Smith and his officers, the sea would have claimed an even greater toll when the gigantic ship went down. From the bridge Captain Smith called through his megaphone "Be British," and that became the rallying cry of officers and crew.

Such was the graphic description of the conduct of men responsible for the saving of human souls on the stricken Titanic as told by survivors.

At the moment of the final plunge according to the firemen's story Capt. Smith jumped into the sea from the bridge deck of the Titanic with an infant clutched tenderly in his arms.

It took only a few strokes to bring him to the overturned life boat where a dozen hands were stretched out to take the little child from his arms and drag him to safety.

Capt. Smith was dragged on the overturned boat, said the fireman.

... on a life buoy and a life preserver. He clung there for a moment and then slid off again.

For a second time he was dragged from the ice water.

Then he took off his life preserver, tossed the life buoy on the ice and slipped into the water again, and the weeks. "I must follow the ship."

There was one scene, pathetic beyond all others, which seems to have remained unimpaired with many survivors. It was that of the death of Mr. and Mrs. L. Straus. The sign of the devoted couple disappearing beneath the waves together, hand in hand, a few minutes later, had refused to part to the entreaties of her husband to leave him, was one that he could describe without emotion.

An officer said: "Mrs. Straus, you must go." Turning around, I saw the Strauses talking to other. The officers were talking to Mrs. Straus. "No, no, I will not go," she cried to her husband. "I cannot leave you." Then someone said: "You both can go. There's room for both."

"As long as there is a woman on this vessel," said Mr. Straus, "I will not leave."

"You are an old man, Mr. Straus," someone said. "I am not too old to sacrifice myself for a woman," was his reply.

As the last boat moved away from the ship, we could plainly see Mr. and Mrs. Straus standing near the rail with their arms around each other.

One of the finest things in the whole disaster was the final glimpse of this old couple, hand in hand, awaiting the end together.

The lights were being all over the ship until shortly before the vessel went down. This is the testimony of the survivors of the Titanic. It was the engineers who kept the lights burning, and in the list of heroes who went down with the vessel the names of the men of the engineering force will have a high place. Not one of them was saved, although many of them were off duty, and these had a chance of clinging to the deck. Every one went back to his post instead of to the decks.

It is a tradition that when the engineers on a sinking vessel have done their duty to the last they gather in the engine room, clap hands while standing about the engines and so go down with their vessel.

Learn why PURITY FLOUR is unlike any other brand

PURITY FLOUR is unlike any other brand of flour. No two milling companies follow exactly the same process of milling. In fact, no two different brands of flour in the world are exactly alike in quality.

And here is another fact worth knowing: Every wheat berry contains both high-grade and low-grade portions.

The process of milling PURITY flour costs more than to mill ordinary flour. The low-grade portions are separated and excluded. PURITY is ALL HIGH-GRADE, hard wheat flour. It has greater strength, greater absorption, and greater expansion. It is a thirstier, more elastic flour. It drinks more water and expands into more loaves.

Use PURITY FLOUR for your next batch of bread. About the loaves. You'll find you have made "MORE BREAD AND BETTER BREAD" from PURITY than when you've used an equal weight of weaker and cheaper flour.

PURITY FLOUR

"More bread and better bread"

IMAGINE, if you can, how much whiter, and more toothsome, and more nutritious, the bread made from such a HIGH-GRADE flour must be.

And can you imagine yourself enjoying the flaky pie-crust and the light, delicate cake?—your reward for using PURITY flour

When making pastry, please remember to add more shortening than required with ordinary flour—for on account of its extra strength, PURITY FLOUR requires more shortening for best pastry-results.

Yes, PURITY FLOUR costs slightly more than ordinary flour. But use it once and you'll say it's worth more—much more—than the difference.

Add PURITY FLOUR to your grocery list right now.

REWARD.

WHEREAS five years ago the word Zam-Buk was unknown in Canada, and Zam-Buk is to-day admitted to be the finest cure for skin injuries and diseases;

AND WHEREAS it has been represented to us that there are still some good Canadians, and even some mothers and heads of families who have not yet tried this great balm, we hereby offer a REWARD of one free trial box of Zam-Buk to every person who has not yet tried this wonderful balm;

PROVIDED they send by mail to us this proclamation together with one-cent stamp to pay return postage of such box;

AND FURTHER PROVIDED that they address such application to our offices at Toronto.

Given under our hand this day.

NEWCASTLE N. B., MAY 15, 1912

Our esteemed contemporary, The Chatham Gazette, under issue of May 3rd, has the following comments to make with reference to the 'Union Advocate':—

"The Advocate seems to have been in new hands of late, editorially, too, for it has been taking editorial effusions of the Montreal papers and printing them without giving the paper they were taken from, any credit for them. This is a new departure from the unwritten laws of journalism that only an amateur newspaperman would be guilty of."

We can assure the Gazette, as well as the public generally, that our editorials referred to, are composed of original matter, and we regard it as a compliment to have them classed with those of the leading Montreal dailies.

Head of Railway Commission Dead
Toronto, May 6—Judge J. P. Mabey died at 3.15 p.m. this afternoon, following two operations for acute appendicitis. This first operation was performed on April 30. Probably no public official in Canada has been more conspicuously successful than Judge Mabey in gaining the confidence of the community since he was appointed to the chairmanship of the Railway Commission—the position which was first filled by Hon. A. G. Blair, the author of the legislation under which the transportation tribunal was appointed.

Teachers Salaries Raised in P. E. I.
Charlottetown, P. E. I., May 3—Among the principal measures of the P. E. I. Legislature lately prorogued was the new Road Act, in which the labor is restored, amendments to Public School Act increased teachers' salaries; bills taxing liquor travellers \$3.00; revision and consolidation of statutes, the issuing of additional debentures of \$280,000; amendments to Oyster Fisheries Act, to take advantage of arrangements concluded at between federal local governments.

Hon. Mr. Foster Honored by UNB
Ottawa, May 8—Hon. G. E. Foster is to receive the degree of doctor of laws from the University of New Brunswick. He will leave for Fredericton next week.

With the installation of a new concentration plant with a capacity of 1000 tons an hour, or 1000 tons per day of ten hours, the Drummond iron mine in Bathurst, N. B., will, this season, conduct operations on a larger scale than in the past. Preparations have been made for a big output, and within a short time the first shipment of the season will be removed from the mine to the quay at Newcastle, and Bathurst will see a season of great activity.
John J. Drummond, of Montreal, who is general manager for the Drummond mines in Gloucester and in Annapolis, N. S., was interviewed by a standard representative in St. John on Friday last. Mr. Drummond said that although the past year had been successful as regards the output, the present season will be marked by a large one. During the winter a number of additions in the way of improvements for increasing the quantity of ore to be taken from the mine, have been made.

REV. J. R. MacKAY CALLED TO ONTARIO
A call which is represented as being most hearty and unanimous, signed by 101 Communicants and 64 adherents and guaranteeing salary of \$880.00 a year, a free house and three weeks holidays, has been presented Rev. J. R. MacKay of Tabusintac by the Presbyterians of Middleville and Darling in the Presbytery of Lanark and Renfrew, Ontario. The Rev. J. M. MacLean, who was for eight years, previous to his coming to Chatham, a member of the Presbytery of Lanark and Renfrew, was appointed by that Presbytery to support the call before the Presbytery of Miramichi. Arrangements have been made to take the congregation of Tabusintac and Burnt Church, to appear for their interests, before an adjourned meeting of the Presbytery of Miramichi, to be held in St. John's S. S. Hall on Thursday evening, May 16th, at 8 o'clock.

GREAT CANVASSERS

Books—Well-known firm of London publishers require the services of country gentlemen to act as agents for the sale of books in the English-speaking countries of the British Empire. Members of good families younger sons who have been at the University or public schools, will find this a first-class career. Apple, etc.

Book-canssers.—A somewhat common and fairly well-known trick and the consequence is that some dealers have had a job of it. A well-known method of arranging with some well-known man or woman in "society" who is furnishing a new house, to decorate it with fine furniture, pictures, and plants, supplied free on the understanding that should a visitor inquire if they they are to be sold if the wife and that she is purchasing commission will be taken on the transaction. These are ordinary in society, many who add to their domestic incomes by either selling works of art themselves or acting as agents for dealers.

Family Poisons
Some Astonishing Facts About the Poisons We Are Always Eating in Our Foods. Even Salt Will Kill You.
When the doctor told me he was prescribing prussic acid for the pain in my stomach, I said I would rather have the pain than take such a poison. "You need not have the slightest fear," he assured me. "Why, you eat poisons every day. When the Chinese want to commit suicide, one of their favorite plans is to take half a cup of salt."

Silent Husbands
While Chinamen have risen in revolt against the Manchu dynasty, their women-folk—at any rate some of them—have come to the conclusion that the time has arrived when they should make a strong protest against the custom which forces a girl to be betrothed to a boy in her infancy and ultimately marry him, although they may be scarcely acquainted with one another and have nothing in common. Such is the determination of Chinese women to stamp out this custom that one year ago nine Cantonese maidens drowned themselves together one night in the Pearl River rather than accept the lot of wife under these conditions.

Enough Said
A noted lawyer had a case in which, among other things, he wished to prove that his client had no money, and to that end he cross-questioned one of the opponent's witnesses as follows:—"You asked my client for money, did you not?" "Well—yes sir." "Answer promptly, sir! Let us have no hesitations. You asked him for money. Now, what was his answer?" "I don't know as I can tell." "But surely you remember?" "Yes, sir." "The out with it! What was his answer?" "I'd rather not tell." "Ho, ho! You are on that tack, are you? You won't tell?" "I would rather not, sir." "But you must; and if you do not answer my question promptly and truthfully I shall call upon the Court to commit you for contempt!" "Well, sir, if I must tell tales out of school, here you have it. I asked him yesterday if he could lend me half a dollar, and he told me he couldn't." "And you believed him, did you not?" "Yes, sir, for he said you had robbed him of every cent of his ready money, and if he didn't get out of my hands pretty soon his wife and little ones would soon come to grief." "That will do, sir. You can stand down."

Silver Greyhounds
The King's messenger is termed "Silver Greyhounds" because his badge of office consists of a silver greyhound surmounted by an imperial crown attached to a red ribbon. The badge is always carried by a King's messenger, and in the times of war becomes part of his passport from one country to another. The salary of a King's messenger ranges from \$1250 to \$2000 a year. King's messengers, it might be mentioned, are nearly always Army men, who have their regiments to undertake the business of carrying the King's official messages to all parts of Europe.

SOCIETY DEALERS

Society People By Art Dealing Make Good Money on the Side and Many Make Their Living By It.
Although there are many dealers in art treasures and antiquities who are scrupulously honest and have never intentionally sold an object which was not exactly what they described it to be—and who to-day, in quite a number of cases, are prepared to give almost every article they have sold during the last ten years, so greatly has the value of these increased within that period—it is a fact that there are many others who, taking advantage of the modern craze for collecting, resort to all sorts of dodges in order to impose upon the ignorant.

An Ingenious Method.
This is a somewhat common and fairly well-known trick and the consequence is that some dealers have had a job of it. A well-known method of arranging with some well-known man or woman in "society" who is furnishing a new house, to decorate it with fine furniture, pictures, and plants, supplied free on the understanding that should a visitor inquire if they they are to be sold if the wife and that she is purchasing commission will be taken on the transaction. These are ordinary in society, many who add to their domestic incomes by either selling works of art themselves or acting as agents for dealers.

The Remains arrive here on Thursday's Accommodation and were taken to the house of her grandparents, Mr. and Mrs. Dennis Ryan. The funeral took place Friday morning at 9 o'clock to St. Mary's R. C. church.

MISS ELLEN MORRISON
The funeral of Miss Ellen Morrison took place on the 10th inst., from her late residence in Tabusintac. Deceased was 71 years of age and died on Tuesday evening, May 7th, after a lingering illness of some two years. Deceased was a much respected lady and a member of the Presbyterian church. She is survived by the following brothers and sisters—Mrs. P. H. Loggie, Loggieville; Peter of Burnt Church, Ron. Donald, Newcastle; and Finlay of Iron Mountain, Michigan. The funeral was held at Burnt Church. Much sympathy is felt for the bereaved relatives.

THE ACUTE PAIN FROM NEURALGIA Permanently Cured Through the Use of Dr. Williams' Pink Pills.
Neuralgia is not a disease—it is only a symptom, but a very painful one. It is the surest sign that your blood is weak, watery and impure, and that your nerves are literally starving. Bad blood is the one cause—good, rich, red blood the only cure. There you have the real reason why Dr. Williams' Pink Pills cure neuralgia. They are the only medicine that contains in correct proportions the elements needed to make rich, red blood. This new blood reaches the root of the trouble, soothes the jagged nerves, drives away the nagging, stabbing pain and braces up your health in other ways. Among the sufferers from neuralgia, cared by Dr. Williams' Pink Pills, is Mrs. Chas. Brown, Durham, Ont., who says: "For months I suffered intensely from neuralgia. The pain in my head and face at times was so great as to be almost unbearable. I tried two doctors, and many remedies, without finding a cure, as these seemed to be no let-up to the pain. Finally I was advised to try Dr. Williams' Pink Pills, and I began their use. Soon I found the pain becoming less and after taking the pills for some weeks the trouble entirely disappeared and has not since bothered me."

OBITUARY

JAMES COLEMAN
The remains of James Coleman of Chatham arrived from Toledo, Ohio, Saturday morning, and were interred in St. Michael's Cemetery on Sunday. The funeral left the residence of Mr. Patrick Coleman at 2 o'clock in the afternoon.

MISS LAURA CURREY
A bright young life ended early Wednesday morning when Miss Laura Curry, eldest daughter of Mr. and Mrs. Ed. R. Curry, passed away at her home, 205 Paradise Row, St. John, having moved to that city last October, with the family from Newcastle. Miss Curry's illness began in October 1910, previous to which she always enjoyed fairly good health. She was a particularly smart pupil attending St. Mary's Academy, and was forced to give up her studies. Ever since she fought bravely against that dread disease—tuberculosis—and despite the best of medical advice and constant nursing she succumbed to the disease at the age of sixteen years. Throughout her long and trying illness she was displayed a bright and pleasing manner so characteristic of her health. She will be much missed by the home circle and her young friends are to be deeply grieved at her death. Besides her parents she is survived by one sister, Florence and five brothers, Fred, Chas., Wilfrid, Frank and Vincent. To the bereaved family and relatives the sympathy of the community is extended.

TRAINS TO RUN
ON SUNDAYS
Hon. Mr. Cochrane says that
beginning with the summer
schedule the I. C. R. will run
trains daily, including Sundays,
between Halifax and Montreal.
No change is proposed in this re-
spect between St. John and Halifax.
The reason for the daily service is
that the I. C. R. must fall into
line with the other railways and
that the traffic demands seven
trains a week.

PLACING THE BUOYS
Mr. James Bryenton has placed

A DAILY SERVICE BY
OCEAN LIMITED EXPRESS

Commencing with the summer
change of time on June 2nd, the
Intercolonial Railway will put the
famous through Ocean Limited
Express on the route between
Montreal and Halifax as a daily
train leaving Montreal at 7:30 p.
m. and departing from Halifax at
8 a. m. The "Ocean" will go on
the route this season with re-
newed and refurbished equipment
of luxurious sleeping cars and
easy riding first class coaches, and
colonist cars. In point of equip-
ment the "Ocean" is quite the
equal of any of the best through
trains on the continent, especially
in regard to the excellence of the
fining and sleeping car arrange-
ments. Traversing a route of
wonderful scenic beauty the
"Ocean" enjoys a popularity with
the travelling public that is an-
nually increasing the traffic be-
tween East and West. Via the
"Ocean" is the shortest best and
most comfortable route between
Montreal and points along the
lower St. Lawrence, New Brun-
swick, Nova Scotia, and Prince
Edward Island. The train ar-
riving at Montreal at 7:35 a. m.
enables west bound travellers to
make the most convenient connec-
tions by the through trains leav-
ing Beauport station daily for
Ottawa, Toronto, Buffalo, Detroit,
Chicago, and other points.

Synopsis of Canadian Northwest Land Regulations.

Any person who is the sole head of a family, or any male over 18 years old, may be interested in a better section of available Dominion land in Manitoba, Saskatchewan or Alberta.

Duties: Six months residence upon and cultivation of the land in each of three years.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead for \$3 per acre.

Duties: Must reside upon the homestead on pre-emption for a period of six years from date of homestead entry including the time required to earn (homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead rights, may obtain a pre-emptive right to a purchase of homestead in certain districts for \$3 per acre.

"AN AMAZING INDISCRETION"

(Eastern Argus, Portland, Me.) The amazing indiscretion of the President in making public the paragraph in his letter to Mr. Roosevelt stating that Reciprocity would make Canada "only an adjunct of the United States," is having its effect in England as well as in Canada.

Meantime the London paper are further enflaming public opinion by referring to President Taft's letter as "a most unfriendly act." The effect of all this "upon British and Canadian sentiment toward the United States must be unfortunate, and will give added force to the policy for Imperial Preference against American trade.

TEMPERANCE MEN ARE DISSATISFIED

Temperance Federation Threatens to Oppose Local Government Unless G. F. Menzies is Made Inceptor.

A meeting of the St. John Temperance Federation was held May 7th, with the vice-president, R. H. Cother, in the chair. A resolution was adopted setting forth the dissatisfaction of the federation with the provincial government in connection with the recommendations of the federation that Rev. W. B. Robinson be appointed a member of the liquor license commission and that G. F. Menzies be appointed liquor license inceptor in place of J. B. Jones.

Rev. H. R. Beyer of Fairville submitted a report on the interview with the government in which the representatives of the federation asked for the adoption of a measure prohibiting the sale of liquor in any part of the province.

Fragrance
WHEN you open a tin of Red Rose Coffee, you will surely be pleased with its unusual fragrance, and you will note particularly the small, even grains, free of the yellow flake or chaff which you have always been accustomed to see in the ground coffee you have used. This is the result of our new crushing process. The small grains settle quickly, so the coffee is never muddy, but always bright and clear. You will be convinced before you taste it, that it is a coffee of unusual quality.

United States Government Takes Action Against the International Harvester Co.

Suit against the International Harvester Company charging it with being a monopoly in restraint of the trade and asking that it be dissolved has been filed by the Government in the U. S. district court last week. In a petition in equity this \$140,000,000 corporation, popularly called the harvester trust is declared to exist in violation of the Sherman law, and its dissolution is sought. To accomplish the disintegration of the so-called trust the Government asks the court to issue injunctions to bar from interstate commerce the products of the International Harvester Company, or the International Harvester Company of America, its selling agency is also to the appointment of receivers to take charge of the property and wind up the business. "If the courts showed the opinion that the public interests will be better thereby," is suggested. The government alleges that the company has advanced the price of its products "to the grave injury of the farmer and the general public," and is extending its business into all lines of agricultural implements with the purpose of monopolizing them. The government alleges that the International Harvester Company controls at least 90 per cent. of the trade in the United States in harvesters or grain binders, 75 per cent. of the mowers, and more than 50 per cent. of the binders. There are only three or four manufacturers of harvesting machinery in the United States other than the International Harvester Co.

GOOD AS A DOCTOR IN THE HOUSE

Baby's Own Tablets are as good as a doctor in the house. They never fail to relieve the little one from stomach and bowel troubles to expel worms, make teething easy and promote healthful sleep. Concerning them Mrs. J. H. Turner, Fredericton, Ont., says: "I always recommend Baby's Own Tablets to my friends. I have used them for a long time and find them without equal. They relieve baby of the feverishness and restlessness while cutting teeth and have made her one of the most healthy babies there is. I always keep them in the house and consider them as good as a doctor." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
