CONTRACTORS TO TALK WITH UNION PAINTERS

But the Painters Say That Their Wage Scale Must Prevail. IF NOT THEY THREATEN TO WALK OUT ANY DAY. Both Painters and Carpenters Complain About the Low Wages.

The Master Painters' association held a meeting last night in the office of B. & Co. to discuss the demands made by the painters of Calgary for an increase in wages and a decrease in hours per day.

The meeting was well attended and did not adjourn until midnight. The painters refused to give anything but what they had already agreed to.

The meeting was well attended and did not adjourn until midnight. The painters refused to give anything but what they had already agreed to.

DAY LABOR BEATS OUT THE CONTRACT LABOR

The City Makes a Test and Finds That the Old System is the Best.

The City Wins Out by About Ten Per Cent. Tenders Called for on Request of Taxpayers Association.

Contractors have proved themselves unable to compete with the city when it comes to laying sewers and water mains, according to Commissioner Graves.

The lowest bid submitted was 30 cents a cubic yard for excavating loam, earth and loose gravel. The other three contractors bid on both the sewers and water main.

Sewers—John Breckenridge, Calgary, \$1.60; Davidson & Westaway, Edmonton, 90 cents; A. C. Stewart & Co., Winnipeg, 20 cents.

Water mains—John Breckenridge, \$1.55; Davidson & Westaway, 80 cents; A. C. Stewart & Co., 20 cents.

Commissioner Graves will make a report on the matter to the taxpayers' association, at the request of which the tenders were called for.

ANOTHER GUN POWDER PLOT.

Two Propositions for the Ratepayers. Mayor Rather Prefers the Franchise For Power Company.

Mayor Jamieson said yesterday afternoon that he is not inclined to think personally that it would be better for the city to grant a property guarded franchise to the Calgary Power company to furnish the city electric light and power for \$24 a horse power per year.

Both propositions are to be submitted to the ratepayers and their relative merits will probably be carefully discussed before the matter is decided.

Under its former agreement the company agreed to sell not less than 30 horse-power to any one customer, and it was to be confined in distributing to the district west of Fourteenth street west and east of the Elbow.

Under its former agreement the company agreed to sell not less than 30 horse-power to any one customer, and it was to be confined in distributing to the district west of Fourteenth street west and east of the Elbow.

THE INIQUITIES OF THE YELLOW PRESS

Mayor of New York Makes Very Bitter Attack on Mr. W. R. Hearst.

Mayor Grayson's address was a scathing arraignment of W. R. Hearst in which he charged that through his principal paper here, Mr. Hearst had been guilty of two felonies, forgery and falsification of a public document.

The mayor began his address by speaking generally of the power of the press for good. "Your power for evil is just as great as your power for good," he said.

At the evening meeting, Dr. Shearer, secretary of the temperance and moral reform committee, followed in a vigorous speech, criticizing the manner of Mr. Clark's appeal.

"I take issue with Mr. Clark at every point," said Prof. Pidgeon. "The work of the church has made that of all other organizations, easy and good the work with greater economy than independent organizations."

"I plead guilty to that charge. Evil agencies have hitherto carried on their work unimpeded just because the church was not organized. We have organized that the church may effectively join issue with evil forces seeking their overthrow."

"The entry of the church into public affairs is another of Mr. Clark's objections. The right to interfere is the historic position of the church, the church's chief concern being general ideas and doctrines it becomes a mere backwater or eddy and not a factor to be reckoned with in actual life."

CAPE BRETON STRIKE AT AN END AT LAST

It Has Been Under Way Since July of Last Year.

THE MEN DECIDE TO CALL STRIKE OFF. It is Believed That Miners Will Center on Frank Strike.

Halifax, N. S., April 28.—The longest strike in the history of the coal miners' strike in Cape Breton, that began early in July last, has been settled. The men met this afternoon after discussing the situation from every phase, and realizing that they had nothing to gain by longer remaining out, took a vote on the question of whether they should go to work or continue on strike.

Asked about the settlement of the trouble, a prominent miner stated tonight that a reason which he thought the United Mine Workers were anxious to get out of the fight now was that they were now entering upon a strike in Frank, B. C., where they were combatting a five per cent reduction, and he felt that they needed their capital to assist in fighting the operators in British Columbia.

General Manager Butler, in answer to a question tonight as to the accuracy of the report of the settlement of the strike, stated that he knew nothing of it except what he had read in the papers. There had been no conference with a committee of the men since the meeting last month. The formal conditions upon which the men would be taken back were then published.

Toronto, April 28.—According to a statement made today by D. B. Hanna of the Canadian Northern, that railway will spend in the near future about \$4,000,000 in improving terminals in Montreal.

London, April 28.—Lord Kitchener, asked regarding his inability to visit Canada, expressed regret that he had not had time to do so, as he was merely passing rapidly through the Pacific coast en route to San Francisco, New York.

THE SYNOD CENSURES MINISTER OF JUSTICE

And Regrets the Defeat of the Miller Bill in the House of Commons.

DISCUSSION ON THE CHURCH AND PUBLIC. Much Debate Follows Paper by Mr. Clark of Calgary.

Edmonton, Alta., April 28.—At the synod this morning the report of the committee on temperance and moral reform was presented and adopted by the synod. Referring to the defeat of the Miller bill, the report said as follows: "The synod deeply regret the defeat of the Miller bill for the suppression of the profession of race track betting, and officially protest against the inexcusable conduct of the minister of justice in bitterly attacking the measure and misrepresenting its supporters, and records its grateful appreciation of Mr. H. N. Miller and all members who did their utmost to secure the passage of the bill."

A copy of the resolution was ordered to be sent to Sir Wilfrid Laurier, the minister of justice and member of parliament for Alberta. Another copy of the report rightly commended the postmaster general for closing postoffices in Western Canada on Sundays.

Church and the Public. A paper prepared by Rev. J. A. Clark of Calgary on "The Church and Public Institutions" was presented to the synod. In a thoughtful and carefully prepared presentation of the subject, Mr. Clark deprecated the interference of the church in an organized and direct way in politics and commercial and industrial life.

At the evening meeting, Dr. Shearer, secretary of the temperance and moral reform committee, followed in a vigorous speech, criticizing the manner of Mr. Clark's appeal.

"I take issue with Mr. Clark at every point," said Prof. Pidgeon. "The work of the church has made that of all other organizations, easy and good the work with greater economy than independent organizations."

BRITAIN IS YOUNG AND FULL OF HOPE

Lord Kitchener Scouting the Idea That the Old Land is Decadent or in Need of Help.

London, April 28.—Interviewed in reference to Imperial defense, the Australian, Lord Kitchener said that for \$8,000,000 a year Australia will in due course have a complete system that makes her secure against attack, and will no longer need to look to the Mother Country for aid in danger.

At a number of points which seemed to be practically completed, in Alberta the weather has been very warm and dry, and rain would be beneficial to a number of crops.

Ottawa, April 28.—Senator Sullivan of Kingston took his seat in the senate yesterday afternoon, thereby saving this week as it was stated that he was in danger of losing it because of non-attendance for two years.

DR. DAWSON HAS ACCEPTED THE OFFER OF THE CITY WILL ACT AS MEDICAL OFFICER OF CALGARY.

Mayor Jamieson received a telegram yesterday afternoon from Dr. Thomas Dawson of Birmingham, England, saying that he accepted the offer of the city to become medical health officer at a salary of \$2,000 a year, the salary to be increased to \$2,500 when a laboratory is established. He will be here in June.

City officials believe Dr. Dawson has the training and experience to make an excellent man for the position, having been assistant health officer at Birmingham for some time.

TWO PROPOSITIONS FOR THE RATEPAYERS

Mayor Rather Prefers the Franchise For Power Company.

Mayor Jamieson said yesterday afternoon that he is not inclined to think personally that it would be better for the city to grant a property guarded franchise to the Calgary Power company to furnish the city electric light and power for \$24 a horse power per year.

Both propositions are to be submitted to the ratepayers and their relative merits will probably be carefully discussed before the matter is decided.

Under its former agreement the company agreed to sell not less than 30 horse-power to any one customer, and it was to be confined in distributing to the district west of Fourteenth street west and east of the Elbow.

ANOTHER MAN RUNS AWAY FROM COMMISSION

Faulkner Dodges a Summons and Lights Out for the United States.

Some Interesting Information Given. Some of the Cornwall Stock Was to go to Political Parties.

Winnipeg, April 28.—Frederick Emerson's evidence occupied the Alberta & Great Waterways investigation committee during the whole of the afternoon sitting today. He did not charge very much light on the matter immediately in hand, but he furnished some ammunition by describing how W. R. Faulkner avoided being served with a subpoena. He also told something about the movements of Mr. Parkin, the alleged organizer for Alberta, who got mixed up in the deal in a way that has not yet been made clear.

"When you were negotiating with Mr. Cornwall for the purchase of the charter did you understand he was sole owner of the property?" Mr. Emerson was asked by Mr. Walsh.

"I thought he was sole owner." "During your negotiations did you learn anything different?" "No."

THE SENATOR QUALIFIED

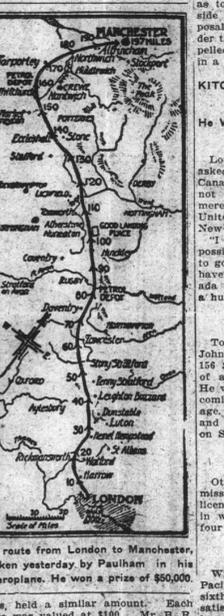

Ottawa, April 28.—Senator Sullivan of Kingston took his seat in the senate yesterday afternoon, thereby saving this week as it was stated that he was in danger of losing it because of non-attendance for two years.

Many Licenses Cut Off. Ottawa, April 28.—The license commissioners today cut off eight hotel licenses, four others three months in which to secure new permits, and four shop licenses were also cut off.

Seeding is Progressing. Winnipeg, April 28.—The Canadian Pacific railway has just issued their sixth crop bulletin, which shows that satisfactory progress with seeding has been made during the past week. In Saskatchewan, 80 per cent of the wheat has been sown, in Saskatchewan 80 per cent, and in Alberta 82 per cent.

Col. John I. Davidson Dead. Toronto, April 28.—Lieut. Colonel John I. Davidson died at his residence, 156 St. George street, after an illness of a year due to internal troubles. He was born in Aberdeenshire in 1855, coming to Canada when 18 years of age. A widow and two daughters are survivors.

Col. John I. Davidson Dead. Toronto, April 28.—Lieut. Colonel John I. Davidson died at his residence, 156 St. George street, after an illness of a year due to internal troubles. He was born in Aberdeenshire in 1855, coming to Canada when 18 years of age. A widow and two daughters are survivors.

The route from London to Manchester, taken yesterday by Paulhan in his Aeroplane. He won a prize of \$50,000.

The association of American Advertisers of New York has examined and certified to the circulation of The Albertan.

FRIDAY, APRIL 29, 1910.

THE GOVERNMENT KNEW

The evidence of the different witnesses appearing before the railway commission shows almost beyond doubt that Mr. Cornwall's company requested a guarantee of the provincial government of \$130,000 for a road 250 miles long at 4 per cent. In his evidence yesterday Mr. Cornwall said that though the government had been asked to make a guarantee of some amount, he did not know that any figure was mentioned. That seems rather unlikely.

However, the other witnesses are somewhat more definite in their statements. So we have this unusual business condition. The government was offered this very railway upon guaranteeing \$130,000 a year, and declined it. But the government yielded to the blandishments of Mr. Clarke and when asked to make the guarantee \$370,000 a year yielded without a murmur. Why?

A CALGARY HOTEL

The first move was made yesterday towards organizing a local company to build a large hotel in this city, something which is very much needed. Calgary is losing very much because it has not adequate hotel accommodations. The stay-at-home does not realize the volume of business that Calgary is really losing. Men who travel about know that Calgary's inadequate hotel accommodations is known practically the world over. Tourists shape their course so that they can pass Calgary by because they are told that they are not sure to get good accommodations if they stop. Men with money to invest, we are told, hesitate to come to this city to look it over, because they are told that there is no certainty that they will not be forced to sleep on the sidewalk.

The man who comes here intending to locate and do business, finding himself sleeping all night in a chair, sits himself in the morning filled with resentment. He does not look upon the death of accommodation, so much as the result of a great rush to Calgary as the lack of enterprise of Calgary people.

EDMONTON IS RIGHT

Edmonton is making an effort to discourage the settlement of colored people in that vicinity and is right in so doing. It seems that there is a large settlement in that part of the country, and as the Edmonton people say, it is becoming alarming. We do not want any settlers in this part of the country who cannot be assimilated and become strong, sturdy frontiersmen. The negro is one race which cannot be assimilated. This country will be better without his presence. He should be asked to stop away.

This is not race prejudice, but it is common sense. The negro is not adapted to this country. History shows that he does not make a good farmer. He is not a good colonizer and he just doesn't fit in with conditions here.

The Albertan has no sympathy with the anti-racial feeling in the Southern States. At the same time we do not want any mixing of the colors in this province. This is a white man's country and we do not want any black, brown or yellow coming in. The colored man, whatever the shade or that, should be induced to give this country a wide berth. There is no place for him. He is objectionable. He retards progress. Edmonton is right. Keep out the colored man.

THE CALGARY UNIVERSITY

Some have a reasonable hope that the Alberta university will yet be located upon the hills about this city. It is not impossible, but there is no very great probability of it. As long as Premier Rutherford holds the reins of office, the university will remain under the shadow of his own vine and fig tree. With the retirement of the premier, there is a reasonable hope that Calgary might succeed in getting the university.

But the gentlemen who are interested themselves in organizing an Alberta university would be very unwise to depend upon any change in the site of the university of Alberta, or be influenced in any respect by any such hope.

They should proceed as they have begun, in a vigorous manner to lay the foundation of a big organization, to prepare for a large independent institution. If the change is made and this city comes into its own, that will be well and good. But if the selfish policy of the premier is to have perpetual results, why Calgary university will proceed as planned.

It is possible that a provincial university has certain great advantages, yet a privately managed university is not without certain advantages, perhaps quite as great. It is doubtful if

Calgary would object to the suggested transfer. In fact possibly it would work for such a transfer. But that should not influence the Calgary people from bending every effort to organize the university.

EDITORIAL NOTES

As yet no Macleod has been known to give an interview declining the nomination there for the vacancy in the provincial legislature.

It is doubtful if any other legislative institution on earth is making the same vigorous effort to show the public that it really amounts to something, as the Dominion Senate is making.

How the parties are dividing! In Macleod they are talking about a Conservative candidate, a Bennett Conservative, an Independent Conservative, a Liberal, a Rutherford Liberal, a farmer's candidate and a few others.

The Calgary university is starting on a good and thorough basis. It is being organized by people who feel that the city needs such an institution and encouraged by people who feel a personal need of such an institution.

Premier Rutherford informs the visiting ministers in Edmonton that the commission will establish him in the confidence of the people, which is an

"Marvelous Recovery"

Montreal Man So Ill With Dyspepsia Thought He Would Die

Cured by Dr. Hamilton's Pills.

No more convincing evidence was ever put on paper than the following letter from one of Montreal's well-known citizens, Mr. D. R. Larose, of 338 Joliette Street.

"Permit me to write you a few words concerning Dr. Hamilton's Pills. I suffered from dyspepsia and indigestion for five years. I suffered so much that I could hardly attend to my work. I was weak and lost all courage. I enjoyed no rest until I decided to follow your treatment after having read your advertisement in the paper. To my great surprise I immediately began to feel better. I am now using the second box and I feel so well that I want to tell you that I owe this great change to your famous pills. When I recommend them to every person who is suffering from dyspepsia, your grateful servant, D. R. Larose, 338 Joliette St. Montreal, P. Q.

Let all who have weak stomachs and those who suffer with indigestion, headache, biliousness, know they can be perfectly cured by Dr. Hamilton's Pills. Successfully used for many ailments, mild and safe. 25c per box, all dealers or The Cataractes Co., Kingston, Ont.

JAPAN PEACEFUL

NO THOUGHT OF WAR

Prominent Japanese Prince Passing Through Canada on the Way to Great Britain.

Victoria, B. C., April 28.—Prince Tagugawa, of the Tagugawa family, which so long ruled Japan, and sixteenth heir of the Shogun Iyeyasu, who would have sat in the place of Emperor Mutsuhito on the throne of Japan now had the war of the restoration fought when he was a boy of five years of age, arrived by the Awa Maru this morning on his way to the Anglo-Japanese exhibition in London, where he will join Prince and Princess Fushimi.

He will leave Seattle on April 29, his plans being to proceed to Chicago and thence to Pittsburg, where he anticipates visiting the Carnegie steel works. From there he will proceed to Washington, and after a short stay will go to Philadelphia and New York, from where he will return to America via one of the steamers Mauretania.

In an interview, Prince Tagugawa said all the members of the Japanese mission were of friendship, "From time to time," he said.

"The newly gained phrase, 'The Japanese are peaceful,' is a foreign newspaper of Japan, but I personally cannot imagine such a thing taking place.

"America has assisted materially in Japan's progress and civilization, and is her benefactor with whom the best terms of cordiality and friendship exist.

"I sincerely hope, therefore, that the friendly relations which so happily exist between our two countries will remain unchanged for many years, and indeed I am convinced this will be the case.

"The object of my present journey is for pleasure to visit the Anglo-Japanese exhibition and to look at places of interest on the way.

"I have no other object in visiting America beyond desiring to see for myself the immense developments which have taken place there, and also to revise my recollections of the time when I passed there before I returned to Japan after being educated in England via America in 1878.

"My present journey has absolutely no official or political significance, and I am taking it in quite a private capacity, and only for personal enjoyment."

The development of Manchuria and Korea is proceeding, but beyond stating that the visiting prince declined to discuss the situation there nor would he speak in regard to the recent changes in hand ownership or, in fact, touch on any political or other matters of interest beyond his journey.

He was born in 1862 and is president of the Japanese house of peers.

ANOTHER LINK TO CHAIN OF EMPIRE

One of Royal Commission Refers to Trade Relations Between Canada and the United States.

London, April 28.—In speaking before the West India club today, Sir John Dickson Poynder, one of the royal commissioners appointed to investigate trade relations between Canada and the West Indies, emphasized the necessity of sugar merchants in the latter country employing modern methods. In referring to the prospect for reciprocity between the islands and Canada, he pointed out that, as a whole, would come into the scheme. He believed that the people of Canada and the islands realized the rare possibility was not to be missed to improve and increase their trade interests and to unite two important parts of the British Dominion, and add another binding link to the chain of the empire.

THE LORDS BOW TO THE INEVITABLE

They Submit to the Budget and Merely Grumble a Little—Now up for Royal Assent.

London, April 28.—In a quiet session lasting two and one-half hours this evening, the House of Lords, without division, passed the final stages of the finance bill, which awaits only the royal assent. There were a few peepers in the gallery, and a small attendance of peers.

THE INIQUITIES OF THE YELLOW PRESS

(Continued from page 1).

original draft, which I have also reproduced here for you to see, you see the date of it at the top in large letters, and the figures are December 31, 1906, which is before the present city government came into being. You examine the original further, you see that it is also bears plainly the date when the original voucher, which established the claim as a legal liability of the city, was recorded in the comptroller's office, namely, December 29, 1909. This date was so omitted in the newspaper copy, as you perceive. In plain English, the state prison felonies, namely, forgery and falsification of a public document, were committed in the eagerness of this publisher and editor to wrong the mayor of the City of New York.

In a day or two after, when he had heard that the members of the grand jury were taking notice of the matter, he published an excuse, that the dates were so faint in the original draft that the photograph did not reproduce them. Now, just look at this original draft again. The date at the top, as you see, is in larger and more pronounced letters, and figures than any other part of the draft.

"I had the draft photographed as a test that the members of the grand jury, all the rest, and here is the photograph. You see that shows the dates as plainly as you perceive. In plain English, the state prison felonies, namely, forgery and falsification of a public document, were committed in the eagerness of this publisher and editor to wrong the mayor of the City of New York.

"The annual joint dinner of the American Associated Press and the American Newspaper Publishers' Association, was thrown into long and riotous disorder tonight when Thomas T. Williams, business manager for Wm. R. Hearst was refused permission to speak, as he rose to reply to the biting criticisms Hearst cast upon him."

"I need not say to you that the indignities for which this draft was drawn were not 'giving' several years before the present members of the city government were elected, and that it was audited and made a fixed and legal obligation of the city, before we took office, instead of any of us fixing the award, as this is where it should be mentioned, and let me add that I have no objection to the publishers and editors of the recent newspapers, far more than it concerns me.

"If you can state any public things in your great profession, the rest of us can stand it, or will try to stand it, until the hour arrives when we shall make our minds to be destroyed. It is not let effective measures to that end. It is high time that these forgers and libelers were in states prison, and the

time is not far distant when some of them will be there.

"And just think of a man who is capable of doing things like this, being possessed of the notion that he is fit to hold any office from mayor to president of the United States. Merely speaking his mind must be a horrible wilderness. Never will the voters anywhere put such a man in office."

"The annual joint dinner of the American Associated Press and the American Newspaper Publishers' Association, was thrown into long and riotous disorder tonight when Thomas T. Williams, business manager for Wm. R. Hearst was refused permission to speak, as he rose to reply to the biting criticisms Hearst cast upon him."

"Mr. Hearst is not here. I am his friend, and have a right to be heard," shouted Mr. Williams, climbing on to the speakers table, and shaking his fist in the face of the mayor.

"Put him out," "Shut up," "Free speech," came from all parts of the hall. "Trustmaster, Nat C. Wright, of the Cleveland Leader, hammered in vain for order, while Mr. Williams stood impassive, but obstinate, and waited with folded arms to be begged to desist."

"This is a disgrace to the press of the United States, it must end," shouted Adolph S. Ochs, proprietor of

SALE OF MEN'S SHOES

ONE HUNDRED AND FIFTY PAIRS OF \$5.00 OXFORDS TO "QUICK MARCH" OUT OF THE STORE TOMORROW AT \$2.95.

It is little short of miraculous at such a season of popularity to find these dressy Oxfords priced so much below their ordinary value. But this is the balance of a "special" purchase by our eastern buyer, and they have been ordered to clear out in double quick time. And with so many men promising themselves just such shoes as these for the warmer weather, it won't take long to parcel these up and away—not when men see the splendid examples in today's window display.

These shoes represent some of the best examples of the best makers in the country and not a pair was made to sell for less than five dollars.

These are tan and patent Oxfords only, all of the newest and most correct shapes and latest styles to suit the man of particular tastes. Very dressy shoes indeed, and enough to go around to the first hundred and fifty men who are alive to their own interests tomorrow and make it a point to visit this store.

Regular price \$5.00 pair. Saturday - \$2.95

A Quartette of Economy Brevities from the Men's Store

There is little or no occasion to tell the ordinarily informed man about Calgary the advantages of shopping at this store for men. This store enjoys special purchasing advantages that very few stores do, besides buying the lion's share of its merchandise direct from the makers. This is one of the many advantages Hudson's Bay customers share in. For tomorrow, these 4:

- Men's Shirts—A quantity of men's negative shirts in dark grey, oxford and fancy stripe effects, with cuffs attached. Splendid value at the regular prices, 85c and \$1.00. SATURDAY 75c
- Men's Gloves—Strongly made, dressy brown and tan dog skin gloves, and grey suede street gloves, in sizes from 7 1-2 to 10. Regular \$1.25. SATURDAY 85c
- Boys' Wash Blouses—Just about ten dozen of these splendid blue and white blouses for boys, to sell tomorrow at much less. Sizes 2 to 6 years. Good value at our regular price, 50c each. SATURDAY 35c
- Men's Work Shirts in a good quality Oxford shirting in dark blue. A special from the old world to sell at 50c each. All sizes from 14 1-2 to 17. SATURDAY 35c

HUDSON'S BAY COMPANY

The Great Traders of the Great West. INCORPORATED A.D. 1670.

Power of Editorials
Dr. Woodrow Wilson of Princeton, spoke on the power of the editorial. The power, President Wilson believed, is growing less all the time, because of the multiplicity of newspapers and their opinions.
"We are beginning to judge what we read as we judge what we hear, by the character of the person who utters it," was his summing up of the situation.
George Ade, the humorist, himself a practical newspaper man, drew rounds of laughter with a humorous speech on the trials and tribulations of the editor. Throughout the dinner cable messages of greeting to the American press were read from rules-gram dignitaries of Europe.

Have you caught Savi-Icitis

It's a grand disease.

SATURDAY

Positively the last day of our FOURTH ANNIVERSARY SALE

OUR GIGANTIC FOURTH ANNIVERSARY SALE, WHICH HAS BEEN IN OPERATION FOR THE PAST TWO WEEKS HAS GREATLY PLEASED THE BUYING PUBLIC OF CALGARY. EACH AND EVERY CUSTOMER WENT AWAY PERFECTLY SATISFIED, WITH THEIR ARMS LOADED WITH BUNDLES. WE WILL CONTINUE OUR SALE THE BALANCE OF THIS WEEK. WE INVITE YOU TO GIVE US ONE MORE CALL AND TAKE ADVANTAGE OF THE CUT SLASH PRICES WE ARE MAKING. WE HAVE MANY HANDSOME BARGAINS TO OFFER YOU. OUR MERCHANDISE IS OF THE VERY BEST QUALITY AND YOU CAN DEPEND THAT EACH AND EVERY ARTICLE WILL BE SOLD AT EXACTLY THE SAME PRICE ADVERTISED.

ANOTHER MAN STEERS CLEAR OF COMMISSION

Mr. Tupper said he had learned that the firm of Hudson, Howell, Gunning & Mariat had succeeded his firm as advisors of the company. Witness did not know that W. R. Clarke was the actual owner of the construction company. This evidence concluded the evidence of the witness.

W. A. Faulkner was called, but did not answer his name. Frederick A. Emerson was next called and examined by Mr. Walsh. He said he was at the time a member of the firm of W. A. Faulkner & Co., stock brokers. This partnership ceased July 1, 1909.

J. K. Cornwall gave Mr. Faulkner an option on the Athabasca charter on October 29, 1906, witness being interested in the option. A syndicate was formed to take up the option on December 13, 1906, his firm being members of the syndicate.

Witness said he acted as secretary from the syndicate's inception down to when negotiations were started with Mr. Bowen. A minute book was kept of the proceedings, which he believed was in possession of Mr. Faulkner. On dissolving partnership witness said he assigned his interest in the syndicate to Mr. Faulkner. Witness said that he had no papers in connection with the syndicate other than those he had submitted to Mr. Walsh yesterday.

Counsel produced a letter from Mr. Emerson, dated November 9, 1906, addressed to Mr. Hawes in Toronto, which said that as the attorney general's department of the province of Alberta was interested in securing the charter the syndicate was hopeful that a cash subsidy and land could be secured for the syndicate.

Witness said that the letter was probably inspired by something that Mr. Faulkner had likely told him, but he had no personal knowledge which justified him writing as he did. Counsel produced another letter to Mr. Hawes under date of November 17, 1906, from Mr. Faulkner. This letter stated that the syndicate was applying for a guarantee of four per cent bonds by the Alberta government, and also a subsidy from the Dominion government. A guarantee of \$10,000 a mile was expected.

The letter to Mr. Hawes said that a strong syndicate of western men was to be formed, which would have influence with both governments. Amongst the members of the syndicate was Hon. Robert Rogers, minister of public works in the Manitoba government. Mr. Walsh said that from the little he knew of politics he could hardly imagine Mr. Rogers having much influence with the Alberta government.

Mr. Cornwall was engaged by the syndicate to secure a guarantee of the bonds from the Alberta government. Thirteen thousand dollars a mile was the amount to be secured. Mr. Davidson, Mr. Faulkner and Mr. Hawes cooperated with Mr. Cornwall in endeavoring to get the guarantee. A letter was read from Short, Cross and Biggar, under date of January 13, 1907, stating that they had had several consultations as to the best way to approach the government and house, and negotiations with the government would begin at once.

Witness said he went to Edmonton soon afterwards and met Hon. A. C. Rutherford and Hon. C. W. Cross, premier and attorney general respectively, and he drew from the interview that the government was favorably disposed to the proposal.

J. K. Cornwall was to receive in stock \$54,000 as his share in the railway company. This was out of a capital stock of two million dollars. This sum was to be paid provided Mr. Cornwall got a satisfactory bond guarantee. Witness said he could not say

whether Cornwall knew there was to be a construction company formed. In connection with the banking arrangements of the company he could not speak definitely without consulting the minute book, which Mr. Minty had turned over to president Clarke.

Mr. Walsh asked the witness what the banking arrangements were, and Mr. Tupper replied that at a meeting held in February an agreement was entered into with the Royal bank, in which certain advances were to be made; the proceeds of the bond issue of the Great Waterways railway was to be turned over to the Royal bank.

Witness said he took no part in the negotiations and did not know with what branch of the bank the arrangement was made. Witness said he did not know whether Mr. B. R. Clarke had paid for his shares or not, but he thought he paid something, as the company was in a legal position to do business.

Mr. Walsh asked witness if he was only a "nominal" director, and Mr. Tupper asked Mr. Walsh to define what that meant, which was done. Witness declined to state that he was only a nominal director.

Tupper to Be President Mr. B. R. Bennett started to cross-examine witness as to a letter he held, in which it was stated Mr. Tupper was to be president of a construction company to deal with the Alberta and Great Waterways railway.

Mr. Minty protested emphatically at the letter being put in, charging that it was one of the letters which he had submitted in confidence to Mr. Walsh. The commission, he said, had no power to admit such letters, and he protested at any such action being taken for political purposes. If the commission allowed such a procedure it would be irregular, and the confidence that existed between solicitors and clients would be encroached upon. He protested on behalf of Mr. Clarke and other members of the Great Waterways railway. Mr. Minty said that the commission, if such a scope was allowed, might just as well enquire into the doings of the Grand Trunk Pacific Construction company and any other construction company.

Every Person's Resigns to Clark The commission did not allow Mr. Bennett to examine witness along the lines he began on, stating that Mr. Minty and those present would have every opportunity to explain their side of the case.

In reply to Mr. Bennett, witness said he was largely guided in his actions in connection with the company by his partner, Mr. Minty. Witness got a stock certificate and assigned it on last Wednesday, when he resigned from the company. He assigned it to Mr. B. R. Clarke. Mr. Hollis likewise assigned his stock certificate to Mr. B. R. Clarke. Witness did not know who the shareholders were in the company last Wednesday, nor could he say how much stock had been issued.

Mr. B. R. Clarke subscribed ten per cent, required under the companies' act, fifty thousand dollars being subscribed. Witness could not say what was done with the money. Witness declined to state who took the chair at that meeting, but said he probably did. Mr. Clarke took \$49,500 worth of fully paid up stock. Witness said everything at the meetings went off very smoothly, causing a laugh in the court, as Mr. Bennett had endeavored to find out what had happened to the money. Mr. Bennett said that he quite appreciated the fact that everything went off very smoothly, but the point was what really happened to the \$50,000 subscribed. Mr. Bennett's reference to the great smoothness of the whole proceedings again drew a hearty laugh from the court and audience.

Mr. Tupper said that when he resigned from the directorship, Mr. Jas. MacMillan, manager of the Royal bank of Edmonton, and B. R. Clarke remained as directors. Witness could not say who succeeded himself and Mr. Hollis on the directorate, and so far as he knew the company had only two directors, Mr. B. R. Clarke and James MacMillan. Witness said he did not know of any stock certificates being signed by Mr. Clarke.

Mr. Tupper knew of no supply company being formed in his office, although he had heard of a proposed supply company.

Zam-Buk in 3 Accidents

It would seem that Zam-Buk, the famous healing balm we hear so highly spoken of everywhere, is particularly useful in the family circle. A report sent by Mrs. E. Davey, 736 Ellice Ave., Winnipeg, will illustrate this. She says: "My little boy, of three, while playing, fell from a high verandah to the ground, cutting his forehead badly. Instead of calling a doctor, who would undoubtedly have put in a number of stitches, I bathed the wound well, and applied Zam-Buk. The little fellow, although suffering keenly, soon had relief from his pain. In the course of three weeks by applying Zam-Buk daily, the wound in his forehead was nicely healed."

"Since then I have also used Zam-Buk for a boil which came on my cheek and which proved very painful and looked unsightly. Zam-Buk soon drew the boil to a head and it then quickly healed. "Another time my baby was scalded on her left thigh and calf of leg with boiling water. This was a severe scald and the pain was excruciating. Scrambling from pain. Directly it was done I thought to use Zam-Buk, as we had a box in the house, and spreading some on the place, it relieved the pain. The next morning she cried much easier and I applied a fresh bandage with Zam-Buk. I kept this treatment up daily and was rewarded by seeing a great improvement each time I dressed the wound. In a very short space of time the scalds were all nicely healed. "I cannot recommend this wonderful healing preparation enough for family use, and I have such great faith in its healing powers that my house is never without a box."

"For all skin troubles and diseases, like eczema, salt rheum and face sores Zam-Buk is absolutely unequalled. Use box all drug stores, or post free from Zam-Buk Co., Toronto, for price. Refuse all substitutes."

Witness said a certificate was produced from the Royal bank saying \$49,500 was to the credit of the Canada West Construction company. Mr. B. R. Clarke was appointed treasurer as well as president. Mr. Tupper could not say what disposition was made of the \$50,000. Witness could not say when Mr. B. R. Clarke resigned as president subsequent to the organization of the company.

Witness said everything at the meetings went off very smoothly, causing a laugh in the court, as Mr. Bennett had endeavored to find out what had happened to the money. Mr. Bennett said that he quite appreciated the fact that everything went off very smoothly, but the point was what really happened to the \$50,000 subscribed. Mr. Bennett's reference to the great smoothness of the whole proceedings again drew a hearty laugh from the court and audience.

Mr. Tupper said that when he resigned from the directorship, Mr. Jas. MacMillan, manager of the Royal bank of Edmonton, and B. R. Clarke remained as directors. Witness could not say who succeeded himself and Mr. Hollis on the directorate, and so far as he knew the company had only two directors, Mr. B. R. Clarke and James MacMillan. Witness said he did not know of any stock certificates being signed by Mr. Clarke.

Mr. Tupper knew of no supply company being formed in his office, although he had heard of a proposed supply company.

Women's Drawers, made of good cotton, fine finish, large full generous sizes, lace or embroidered trimmed, open or closed styles. These are very special value. Friday and Saturday, Special at, a pair 25c

H. B. AMES TRAVELS 6,000 MILES ON A STRETCHER

On Lower Nile in Search of Health When Attacked By Sciatica.

New York, April 28.—Six thousand miles on a stretcher from the lower Nile to his home near Montreal is the unique journey which Herbert B. Ames, a member of the Canadian parliament, took from "Antonie" division, Montreal, when he was attacked by sciatica.

Mr. Ames reaches here today on the steamship Adriatic. Developing sciatica while searching for health, Mr. Ames decided to start for home, though forced to travel on a stretcher. With his wife he left Cairo on April 8, and reached here in nineteen days.

London Woman Dropped Dead

London, Ont., April 28.—While running to catch a street car yesterday afternoon, Mrs. Jawood, wife of Morris Jawood, a contractor, dropped dead from heart failure.

Savi-icitis

Will attack every man, woman and child in Calgary. Watch this paper for the cure.

Do You Realize What an Important Work the Kidneys Do?

Do you know that every drop of your blood goes to the kidneys hundreds of times every day? Do you know why? To be filtered and purified from its impurities. That is the great work the kidneys have to do. They filter the blood. These impurities go to the bladder and are passed out of the body along with the urine.

Do you think it possible for you to be well, unless the kidneys do this work thoroughly? It is these impurities—the unfiltered blood—that causes backaches, headaches, rheumatism, diabetes, Bright's disease, etc. They poison and interfere with the whole system.

If you have any kidney trouble let Doan's Kidney Pills do for you what they have done for thousands of others. They cure all forms of kidney trouble, and they cure them to stay cured.

Mrs. Manice Deiron, Charlottetown, P.E.I., writes: "I was troubled with my kidneys for five years. They were so bad at times that I could not cross the floor for the pain. I went to a doctor, but he did me no good at all. I sent for the druggist and got five boxes of Doan's Kidney Pills, and I am glad to say that after taking them, I have had no trouble for nearly three years now."

Price 50 cents per box or \$ for \$1.25 at all dealers or mail order. Price by The T. Milburn Co., Limited, Toronto, Ont. In ordering specify "Doan's"

Save Two Hours of Dust Cloth Drudgery with Two Cents Worth of No-Mor-Dust

Don't wait to be taught by your neighbors what you can learn for yourself by a simple easy trial. Try it. You can't risk a penny—because you get your money back—a cash forfeit—if it fails.

Think what it means to you—think how much of your work and your strength and your time it will save—if No-mor-dust will really do for YOU what we promise here.

Read again this marvelous test—the test that all your neighbors are talking about.

DUST FIRST—SWEEP AFTERWARD

Dust your piano, your pictures, your mirrors before you sweep, THEN sweep the room with No-mor-dust. Then look at your piano, mirrors and pictures. You will find them free from dust and clean as before you swept.

Your work is going to be lighter. You'll spend less time in drudgery. You'll have more time to rest. That's what the No-mor-dust test means to YOU!

Isn't the sweeping that's so hard, it's the tiresome dusting—over and over and over every time you sweep. This wonderful test proves positively that with No-mor-dust you can sweep without raising any dust.

You can't do that with tea leaves—you can't do that with wet paper—you can't do it with anything else. But you can do it with No-mor-dust, and we are going to prove it to you with an offer that makes it absolutely impossible for you to lose any money by your trial.

Try it at Our Risk Get a 15c package of No-mor-dust before you sweep today.

Try it and if it does not do all that we say we refund your money and the trial will have cost you not one cent. You can sweep the dirt right out of carpets and rugs with No-mor-dust.

You don't have to break your back taking up and putting down your carpets—you don't have to beat your carpets and rugs to pieces. That used to be the main part of Spring housecleaning—the back-breaking taking up and putting down of carpets.

Renovates Your Carpets But not any mere. Now you do it with No-mor-dust.

Your rugs and carpets lie just where they are. No-mor-dust lifts the dust out of them, freshens their colors and leaves them clean.

Just to see it done will be a revelation to you.

For Any Floors For linoleum and oilcloth floors No-mor-dust is just as good as it is for wood floors and carpets. It takes the dirt off, gathers up the dust and freshens the colors.

Unhealthy germs are annihilated by No-mor-dust. All dust harbors germs. No-mor-dust does more than pick up the dust and dirt. It kills the germs. While No-mor-dust is pleasant and absolutely harmless, it has great germicide, disinfectant and purifying powers.

No injury of any sort can come to carpets, rugs or any kind of floors by cleaning them with No-mor-dust. No-mor-dust cannot hurt the colors or the texture. It has no injurious chemicals to fade the carpets or stain the floors.

Nothing Else Like It No-mor-dust is not like anything else you have used before. People who see it work are dumb with amazement.

It does not just "dry" the dust and keep it from rising. It picks up the dust and grit and carries them away.

That is not any exaggeration. That is exactly what No-mor-dust does. And that is what we are going to prove to you.

No-mor-dust picks up every tiny speck of dust and every grain of dirt—grits hold and keeps hold.

Used in Office Buildings Superintendents of big buildings use No-mor-dust because it saves constant dusting, and therefore saves labor, which means money. If the building superintendent can

save money in this way, isn't it worth while to save your time and labor? Isn't your labor worth money to you?

It "looks like green sawdust." It comes in a round green box. You don't have to wet it. No-mor-dust is ready to use.

The big 15c box of No-mor-dust is enough for a week in an average size house. It takes all the dust out and it keeps the rooms dustless.

No Trouble to Use Just spill it out of the box and make a line of No-mor-dust along one side of the room. Then sweep it across the room with an ordinary broom.

When cleaning carpets with No-mor-dust, sweep with the grain of the carpet.

Where to Buy It If your grocer has not No-mor-dust send a postal note to P. O'Brien & Co., 318 of Michigan street, Buffalo, and a package of No-mor-dust will be delivered at your door; 15c O. O. D.

Remember we will not let you risk one penny when you make this test of No-mor-dust. We want you to know—by your own experience, right in your own home—all that No-mor-dust will do for you.

Nothing that you read about No-mor-dust will give you such a clear idea of how it saves work, saves time, saves carpets, etc., like one single day's use of No-mor-dust in your own home.

Costs You Nothing if Test Fails If No-mor-dust, used in your own home, under your own broom, does not fulfill every statement made here, and if after you have given your first package of No-mor-dust a fair trial you are disappointed in any way whatever—you can write to us, just say that you tried it fairly and are disappointed—and we will refund you the money immediately. We will refund to you the price you paid for your first package, plus the postage you have used in writing to us.

A Careful "In making out of the sale of lots of goods, we wish to distinguish between the bona fide townsites, subdivisions, etc."

"We hear of 'and subdivisions' and 'additions' but they are not part, considered future development unimportant."

"We believe in LY GREAT opportunity to participate in the development of the tropics of North America."

"It is the best thing that will quicken the tropics."

Don't Buy Birdseye Views and Blue Sky

Fort George

is the only possible location for a townsite at or near the junction of the Fraser and Nechaco rivers, Central British Columbia.

WE WERE THE FIRST TO ADVERTISE FORT GEORGE LOTS. WE OWN THE REAL, LEGAL AND ONLY "TOWNSITE OF FORT GEORGE."

When we first put our lots on the market in October, 1909, we advertised as follows:

A Careful Distinction

in making our announcements of the sale of lots in Central Fort George, we wish to make a careful distinction between this sale and the promiscuous sale of townsites, subdivisions and additions.

"We hear of subdivisions here and subdivisions there, but we hear of new townsites and additions put upon the market."

"But they are, for the most part, considered in the light of future development—trivial and unimportant."

"We believe that we are offering to you one of the REALLY GREAT OPPORTUNITIES of the opportunity to participate in the beginning of the 'Last Great Metropolis of North America.'"

"This being the case, we are not offering to you an ordinary subdivision or addition; we are offering—as the introduction to our permanent work of development of Central British Columbia—is in a place destined to remain forever a village. Fort George is not the beginning of a town."

"It is the beginning of a city. It is the foundation of a place that will quickly become a metropolis."

WE KNEW THEN THAT THE ENORMOUS SUCCESS WHICH WOULD FOLLOW THE PUBLIC ANNOUNCEMENT OF THIS SALE OF LOTS IN WHAT WILL BE ONE OF THE LARGEST CITIES WEST OF THE ROCKIES WOULD ATTRACT A HOST OF TRAILERS, IMITATORS, AND A FEW BLACKMAILERS.

IT HAS

THE REAL THING, HOWEVER, IS FORT GEORGE. THERE HAVE BEEN NO LOTS FOR SALE IN THE REAL FORT GEORGE, EXCEPT BY US.

THERE ARE NO OTHER TOWNSITES OR TOWN LOTS ON THE MARKET WITHIN 150 MILES OF OUR REAL FORT GEORGE TOWNSITE, THROUGH WHICH THE RAILROAD LINES RUN AND WHICH HAVE WATER TRANSPORTATION.

If you would LIKE TO KNOW MORE ABOUT FORT GEORGE AND CENTRAL BRITISH COLUMBIA, LET US SEND YOU "BULLETIN OF FACTS," which is published solely in the interests of those who have invested or would like to know of OPPORTUNITIES FOR INVESTMENT IN "THE LAST GREAT METROPOLIS OF NORTH AMERICA"—FORT GEORGE.

A branch of the Bank of British North America has been opened at Fort George, B. C., under the management of Mr. L. G. MacGillivray.

"Brown's In Town"

"Brown's In Town" was presented by the Eckhardt theatrical company at the Lyric theatre last night, and was pronounced a huge success by the large audience which filled the theatre. It was the largest audience of the engagement, and a better pleased audience never left the theatre. The comedy was all that was claimed for it in entertaining qualities and brimful of remarkably pleasing comedy situations and lines. Besides being a laughable comedy and in keeping with the high standard established at this house by the Eckhardt company, it was lastly mounted with special scenery. The members of the company added no laurels to their credit and showed themselves well adapted to handle comedy drama or farce comedy, as well. All in all, it was a meritorious performance. "Brown's In Town" will run all this week and a matinee on Saturday.

"A Knight for a Day"

B. C. Whitney's stupendous production of the musical comedy success, "A Knight for a Day," under the direction of Wm. Cranston, is on tour toward the east and is scheduled to appear at the Lyric theatre on Monday, Tuesday and Wednesday, with the same identical cast and chorus which this season appeared in "The Royal Chase." It will be remembered by those so fortunate as to see the presentation of "A Knight for a Day," that a three-cornered love tangle has its inning in the comedy. The tangle has for its principals an awkward, simpering girl, college chore girl and an excitable French chef attached to the seminary, and a merry little sweetheart of the slavey, who, a waiter by profession, is posing as a knight, whose credentials he appropriates because the knight waited upon, failed to reward the waiter with a tip. The slavey finds it pleasant to encourage both suitors, and the squabbling that usually attend the dancing dalliance of two affines, become the experience of the trio.

Last Day of Roosevelt Pictures

Although the remainder of the program has been changed today, yet so great has been the wonder at the marvellous way in which these great pictures of the hunting trip were secured, so great has been the demand and so small Starland's seating capacity that the management has decided to keep over this masterpiece in order to give every one the opportunity of being able to say that they have seen the greatest wild animal pictures of the century. The price has been kept down to 15c and 10c. Today's change of program includes "Roosevelt," "A Story of a Leg," "Tearing their Love," and "Aerial Acrobat" pictures, all first-rate comedies and will make a strong program. Ladies' matinee from 2 to 4 P. M.

Diarrhoea should be cured without loss of time and by a medicine which like Chamberlain's Colic, Cholera and Diarrhoea Remedy not only cures promptly but produces no unpleasant after effects. It never fails and is pleasant and safe to take. Sold by all Druggists.

WIRELESS ACTIVITY IN THE PROVINCE OF ALBERTA

Dr. Forest Tells of Plans for the Near Future.

"It is quite possible that before next Christmas wireless telephone communication between Calgary and Edmonton will be an accomplished fact."

Thus spoke Wednesday night, Dr. Lee Forest, in the course of a most interesting address delivered at the Y. M. C. A. He is the inventor of the system of wireless telephony, which has so far attained the highest degree of commercial success. He is here to select a site for the erection of a long distance wireless telephone station, which will be one of the links connecting the Atlantic and the Pacific Ocean in the world. The Radio-Telephone Co. says Dr. Lee Forest, seeks to obtain a site from the city on a long term lease. In the doctor's opinion, the most advantageous site of all those he has inspected in the Sandstone City is on the east side of the Bow river, the station properly so called being on the bank of the stream. The tower itself would have to be erected on the top of the heights, 200 feet above the river, the height of the tower being 350 feet, this would make a total elevation of 550 feet. The wires extending from the station house to the top of the cliff will be 500 feet in length, and the station will have the finest aerial of any inland station in the world.

The Radio-Telephone Co. will equip this station with 15 horsepower transmitters, which with the immense height of wire will enable messages to be transmitted across the mountains to Seattle on the west, and to Winnipeg (and probably to Chicago) on the east. It will thus form the necessary link for the first transcontinental wireless telegraph system.

In addition to the wireless telegraph, the company will install the wireless telephone, with an immediate range of from 100 to 150 miles. "It is possible, in short," observed Dr. de Forest, "that wireless telephone communication between Calgary and Edmonton will be an accomplished fact before next Christmas."

The simultaneous construction of similar stations at Winnipeg, Moose Jaw, and Regina is contemplated; and later on, at Medicine Hat and Swift Current.

Chamberlain's Stomach and Liver Tablets assist nature in driving all impurities out of the system, insuring a free and regular condition and restoring the organs of the body to health and strength. Sold by all Druggists.

Will attack every man, woman and child in Calgary. Watch this paper for the cure.

CITIZENS WILL BUILD BIG CALGARY HOTEL

Prominent Calgary Men Are Interesting Themselves in the Scheme

THE HOTEL WILL COST OVER HALF A MILLION

A New Temperance Hotel to be Erected on Ninth Avenue

A movement was started yesterday afternoon for the organization of a half million or three quarters of a million dollar hotel, to be built to a great extent by the citizens of Calgary. It was held in the office of Mr. J. S. Skinner and was attended by several prominent citizens. In the beginning some reference was made to the need of such an hotel. It was pointed out that Calgary was losing much business through lack of hotel accommodation. Tourists arranged their plans so as not to stop over in Calgary because they feared that they could not get accommodation. Commercial men with money to invest did not come to look over Calgary unless they had to because they feared that they would have to sleep on the sidewalks. Reference was made to the answer given by the C. P. R. to the city, which was a definite announcement that the railway had no intention of putting up an hotel.

The question of approaching one of the other two transcontinental roads was considered. It was decided, however, that Calgary people should show their faith in the city, and it was believed that it would not be very difficult to get capital.

It was decided to apply for a charter for the Calgary Hotel company. It will be the aim of the company to get about a quarter of a million dollars subscribed and interest out of town capital in the balance. A large hotel with 150 rooms or so can be built for that amount of money.

Messrs. Burns, Skinner and Georgetown were appointed to interest local capital in the proposition.

A Big Temperance Hotel

A. A. Dick, the Calgary realty dealer, will erect a six story hotel on Ninth avenue, between First and Second streets east, on the lots adjoining the Scott stables.

The hotel will have a frontage of slightly over fifty feet, and will cost considerably over \$100,000, being modern in all details of construction. Some of the modern features will be two elevators, water hot and cold, and enamel basins in each room, and the arrangement of the rooms, two room suites with bath, attached, will be something new for Calgary.

In the basement will be a large pool room and barber shop.

The ground floor will be taken up with a large rotunda, dining room and kitchen. There will be no bar, as Mr. Dick intends to conduct it as a temperance hotel.

The five upper stories will be taken up with rooms and parlors, and the new establishment will have 130 bed-rooms at the disposal of their various guests.

Messrs. Burns, Skinner and Richards are the architects, and already have started the contractors on the excavation for the basement.

THE BOW IS RISING BUT IS STILL LOW

It Has Five Feet to Go Before It Reaches the Level Which it Reached Last Year.

The level of the Bow river has risen a foot within the last three days. This is earlier in the season and faster than it generally comes up. It is supposed the reason for it is that the warm weather of the last few days and the rain has melted a good deal of the snow in the mountains. It has been hoped that the spring freshet would be late, so as not to interfere with the construction of the dam by the Calgary Power company, near Horseshoe Falls. The river will have to rise five feet more before it reaches a high as the level it reached last year.

Every family and especially those who reside in the country should have a bottle of Chamberlain's Liniment. There is no telling when it may be wanted in case of an accident or emergency. It is most excellent in all cases of rheumatism, sprains and bruises. Sold by all Druggists.

THE CITY IS READY TO TALK TERMINALS

Has No Desire to Have Any Delay and So Instructs Mr. McGarthy.

The city and the C. P. R. have not yet agreed in regard to the bridge over the railroad's new yards at East Calgary. When F. W. Peters, assistant to the second vice president, was here Wednesday he said the railroad was willing to pay one-half of the cost of the bridge. Mayor Jamieson told him he did not think the city should pay more than one-third, and Mr. Peters intimated that he would leave the question to be settled by the railway commission.

At a meeting yesterday, at which the matter was discussed, Col. James Walker voiced the sentiments of Mayor Jamieson and other city officials in saying that he was opposed to a bridge with a jog in it, as has been suggested by the railroad. The railroad wants to divert the bridge from the road allowance, but the city officials do not see the necessity for it. It will cost a little more to follow the road and make a straight bridge, but the city officials think it worth while. Col. Walker owns the land on one side of the road and the C. P. R. the other. He takes the same view as the city officials.

"NO CANADIAN NEED APPLY"

Might Go Well—Old Country Newspaper Says Our People are Unfit to Hire in England.

London, April 28.—The publication of the advertisement, "No Englishman need apply," and the editorial repudiation thereof of the same paper in Western Canada, has aroused comment here. Pleasure is expressed at the latter, but regarding the former the "Globe" says: "We have met Canadians in Great Britain who were quite as unfitted to conditions of work here as Englishmen admittedly are at times in Canada. There is rather too much of what we call the 'Slow Old Country' pattern about a good many of our visitors, and assumption of superiority that is unconsciously amusing."

HANGED BY THE NECK.

WESTON WILL MAKE GRAND ENTRY TODAY

The Aged Pedestrian Only a Few Miles From the End of the Long Journey.

New York, April 28.—Mayor Gaynor himself a pedestrian of no mean ability, granted permission this afternoon for Edward Payson Weston to tramp triumphantly down Broadway with an escort of police when he arrives in New York the last of this week. Judging by his progress Weston will reach the upper part of the city late Friday, 75 days after his start from Los Angeles, 3,400 miles away and fifteen days ahead of his schedule. Weston will enter the city over the Old Boston and Albany post road, and will cross King's Bridge. Thence he will walk southward with an escort of mounted police.

who will meet him at the bridge under an authorization by the mayor and police commissioner.

At Broadway and 72nd Street the escort will be augmented by policemen on foot, old members of company B, Seventh Regiment National Guard, of which Weston was formerly a member, and by a band of twenty pieces. Efforts have been made to induce the authorities at the island to allow squads of infantry to join the escort, but no plan has been reached tonight.

Down Broadway Weston will make his way to the city hall, where he will be received by Mayor Gaynor. He will present to his honor a letter from the mayor of Los Angeles and his walk will have been officially completed. A purse subscribed by admirers will be then presented.

Prompt relief in all cases of throat and lung trouble if you use Chamberlain's Cough Remedy. Pleasant to take, soothing and healing in effect. Sold by all Druggists.

PERU AWAKES TO PRACTICAL NEEDS

Many Young Men Sent to the United States to Learn Science

New York, April 28.—Peruvians are gradually going in more and more for the education of their sons in the United States, according to J. Tenad Pomar of Lima, who is here. Senior Pomar makes a trip to Europe every year and always stops for several weeks in New York in going and coming.

Senior Pomar speaks English almost without accent. "It is considered necessary in Peru nowadays for a man to know at least four languages," he said. "To be well educated in Peru means that one must have traveled, and the more languages one speaks, the greater traveler one is supposed to be."

"Life in Lima is quiet, as compared with New York or Paris. Of course you do not see so many ladies of the better classes on the streets as you do here. And when a woman marries in Peru she devotes her time absolutely to the care of her household and her children."

"Many of our young men have been educated in Europe, but now the number that is being educated in this country is increasing. Until recently it was considered a disgrace for a young man to go to school in a foreign country. There used to be a tremendous lot of wealth down there and people spent without regard to the future. Now that the idea is spreading that work may be something as well as enriching there is a demand for practical education, and from the results that Americans have shown us in Peru we have acquired a notion that the best sort of practical education may be obtained in this country."

"As for the possibility of a war with Ecuador I do not believe in it. Peru does not want war. The time has come when the country has awakened to the importance of its resources and the need for developing them. To do this peace is necessary. But, mind you, Peru now has a standing army of 7,000 men who have been well trained by French officers and who are absolutely loyal to the government. Ecuador has not an army of this kind."

"The mineral resources of Peru have only been touched, in my opinion, and what we need down there is still more American capital and enterprise. One company has spent \$50,000,000 down there and has done a lot of good by building a railroad and developing mines."

"There seems to be a disposition on the part of English capital to get into Peru to a large extent nowadays, and the Germans are coming in in large numbers."

"Coming up we had an unfortunate experience with the quarantine. Our ship, one of the new Peruvian vessels, had stopped at Guayaquil on the previous trip up, though we made no stop this time, and there she took on board the priest who developed smallpox, and who later died on Culebra Island. Though we made the run to Panama in four and a half days, we were held there six days in quarantine, so that our speed coming up gained nothing. Still, everybody recognized the necessity of the government regulations."

"Down in Peru we have a very friendly feeling for the North Americans. Some agitators used to say that we ought to send our young men to Panama as an object lesson, to show them what the United States intended to do with the other Latin American countries, but I think there is a general feeling that this country does not cover anything we have."

QUEBEC STANDS FIRM ON ITS PULPWOOD POLICY

No Change of Any Change, United States is Informed.

Washington, April 28.—Efforts of the United States to have modified in some way the new pulpwood policy of the province of Quebec have been unsuccessful. United States Consul Foster at Ottawa has telegraphed to the state department that Premier Laurier yesterday informed him that Quebec province declined to modify the policy.

LAUGH COSTS A BOY HIS LIFE

Playmate's Joke Causes to Come in Range of Rifle Girl Shoots

Kankakee, Ill., April 28.—Laughing at a playmate's joke was the indirect cause of the accidental killing of John Hollenbeck, 15 years old, by Ruth Parks, aged 13, at her home this afternoon.

The girl was handling a rifle which she did not know was loaded. Pointing it at a picture on the wall, she pulled the trigger.

As she did so, Hollenbeck, who was sitting on a sofa beside her brother, laughed so heartily at something the latter said that he arose to his feet. His head was in the range of the rifle and the bullet entered his brain.

Are You Using An Oily Liniment?

Beware of Any Thick, Greasy Liniment That Contains Acids and Strong Ammonia.

No doctor would think of prescribing a greasy, thick, ammonia liniment—they can't penetrate and in consequence are unable to reach the source of pain. The best liniment for general household use is "Nerviline," which is the best under positive guarantee to cure pain.

Nerviline is sure to cure pain because it is "immediately stronger than other liniments, because it is more penetrating, because it relieves the congested condition that excites pain, because it restores circulation of the part. Now you understand why one person in three throughout the Dominion of Canada uses Nerviline. These people have tested it. They know how good it is, because in the hundred and one minor ailments that afflict us at odd times they found Nerviline always cured. Nerviline is an absolute antidote to pain, powerful, soothing, and certain in its action.

Nerviline is inestimably the finest remedy for pain found in the world. Not an ache or pain anywhere that Nerviline does not cure.

Try Nerviline for neuralgia, headache, sciatica, lumbago, stiffness, rheumatism—wherever there is soreness or pain, rub on Nerviline and you'll be cured. Refuse anything offered you instead of Nerviline, large size bottle 50c, or sample size 25c. All dealers, or The Castarhezone Company, Kingston, Ont.

To do with the other Latin American countries, but I think there is a general feeling that this country does not cover anything we have."

JUVENILE ARTISTS WILL BE BARRED FROM QUEBEC STAGE

Unexpected Clause in Quebec Measure Places Age Limit at 15 Years.

Quebec, April 28.—An unexpected clause in Hon. Mr. Taschereau's bill for the protection of women and children, provides that no children under 15 years can act or sing on the stage of any theatre, moving picture hall, or similar place of amusement.

This is a feature that many societies have been requesting for years, but its incorporation in the government measure this session came without any previous announcement from the minister of public works.

The proposed law will affect many theatrical companies who have children in their casts, and will also abolish the practice of engaging juvenile singers.

The clause which reads as follows, makes it clear that it will not apply to charity concerts.

"No person or persons in charge of a theatre or a hall for moving pictures, where views are given by means of a cinematograph, or of any other establishment of a like nature, and in the case of a company, no manager or other person in charge of the establishment, shall cause, or allow, any child less than 15 years of age to act or sing in such theatre, hall, or establishment. This article does not apply to educational institutions, nor to entertainments for charitable purposes."

Other clauses in the bill give details of how child workers in factories are to be further protected from overwork and illiteracy. As already announced, the government proposes that instead of obliging child workers who cannot read or write, to attend night schools after their day's labor, that "no employer shall employ in an industrial establishment any boy or girl less than 16 years of age, who is unable to read and write easily and fluently. An inspector when he thinks proper may require children of less than 18 years of age to undergo an examination upon their education, and may dismiss them if they cannot read and write easily and fluently."

Under the present law boys and girls over 14 years, who cannot read or write, may be employed, but are forced to attend classes. This regulation is to be abolished.

Working Hours Reduced. The reduction of two and a half hours labor per week, for women and children in cotton factories, which was also announced previously, is provided for in the following clauses:

"In cotton or woolen factories, no boy less than 15 years old and no child, girl or woman, shall be employed more than ten hours in any one day or for more than 58 hours in any one week."

"An employer may, however, appropriate the hours of labor for the sole purpose of giving a shorter day's work on Saturday."

Get the Choice Oranges of Our 5,000 Groves

We pick, pack and ship 60% of the California Orange crop. These are of varying grades. The choicest selections are packed under the "Sunkist" label. To get the finest oranges you must insist on fruit that is wrapped in tissue paper with the word "Sunkist" printed thereon.

"Sunkist" Navel Oranges Are Seedless. They are delightfully sweet, juicy and fiberless. They are firm, thin skinned and deep tinted. "Sunkist" oranges and lemons are packed in gloved hands, wrapped in "Sunkist" tissue paper, packed carefully so as to eliminate chances of becoming bruised or soft. No bruised fruit or fruit that falls to the ground is put in a "Sunkist" wrapper.

Look for "Sunkist" on the wrapper. Ask your dealer for oranges and lemons with "Sunkist" label on the tissue paper wrapper. Oranges and lemons without "Sunkist" wrappers are not "Sunkist" brand. Be sure you get oranges and lemons in their original "Sunkist" wrappers.

Free: Rogers' Orange Spoon. To make it doubly interesting for you to insist on "Sunkist" in the original wrappers—either oranges or lemons—we will give you a beautiful Rogers' Orange Spoon. Just send us twelve wrappers and six 2c stamps for postage, packing, etc., and we will send the spoon by return mail. Get a dozen "Sunkist" and send today for your first spoon. Address:

California Fruit Growers' Exchange

THE EVIDENCE AT ROYAL COMMISSION

Further Verbatim Reports of the Testimony Given By the Different Witnesses.

(Continued From Yesterday's Paper.)

Mr. Biggar: They are here now. Mr. Walsh: Mr. Biggar has them here now. Mr. Biggar: This morning that he has received a telegram from Mr. Robson asking him to have the contents of that suitcase sent back to him right away. Well now, we don't propose that that should happen. There are in that suitcase many, very important documents that must be produced before this commission, and although there are a great many things in there which will not go in and should not go in, I intend to ask that the contents of that suitcase be impounded here in the meantime. I don't propose perhaps to put in one by one the documents which, on our examination of the contents of that suitcase should properly be exhibited before this commission, but I am not satisfied with that. I am going to ask, and I do now formally ask, that this suitcase and the contents of it be impounded by this commission until we get through.

Mr. Justice Scott: I understand you have the documents in court now.

Mr. Biggar: It is here. Perhaps I ought to explain that the only reason they were in my possession was for the convenience of my learned friends. When Mr. Minty went away on the first occasion, some safe place of keeping was required, and they were left in my vault as I state, for the purpose of allowing my learned friend, Mr. Walsh, to examine them, subject to subsequent discussion as to their admissibility and relevancy. So I have had no other instructions with regard to them subsequently to the telegram which my learned friend has referred to, and I merely say that in order that your lordships may understand how that matter happened to be in my possession and the terms upon which they are there.

Mr. Justice Scott: Have you any objection to handing them over?

Mr. Biggar: It seems to me unquestionably that your lordships—

Mr. Justice Scott: Of course, only those documents that Mr. Walsh and Mr. Johnston consider necessary for the purpose of the investigation, you understand.

Mr. Biggar: Yes, my lord. Of course, I don't know anything about the documents.

Mr. Justice Harvey: If they take exception to any of them being produced they will have to have some one here to represent them.

Mr. Justice Scott: There may be a question as to what certain documents tendered as evidence are admissible as such. This question will be determined at the proper time.

Mr. Bennett: It might make a suggestion to your lordships my learned friend could not possibly do that, owing to the fact that he and his colleagues are. The matter is not only before Mr. Minty and this commission it has a wider significance; it is a matter that affects the province as a whole, and occupying the position that I do as counsel for sixteen members of the legislature, it seems to me I should say to your lordships that in my opinion you should ask your counsel to send a telegram to Mr. Minty directing him to return that he was sworn before this tribunal that this tribunal expects him to return here. Then if Mr. Minty sees fit to take a further attitude in relation to it, the tribunal should further consider the position it should take in relation to it. While I am on my feet, I spoke of the circumstances incident to the withdrawal of Mr. Minty and Mr. Clarke with regard to this investigation, and during the interim I have had an opportunity of considering the matter, and I have discussed it with such of my clients as I have been able to communicate with, and also with counsel for the commission, and so far as Mr. Farlee and myself are concerned, it has been thought we would be desirous to our duty if we did not remain and give such necessary assistance as we can to the commission in relation to the matter. But I say once more frankly to your lordships that no intelligent examination of some of the witnesses can be conducted without the production of the documents expected from Mr. Clarke that were expected from him, and which were known to have been in his possession and can be proven to have been in his custody and control in the absence of the papers and documents referred to by Mr. Walsh. It would be a most difficult position not only for counsel for the commission, but for any counsel to cross-examine or examine and investigate the matters in relation with this transaction. Under those circumstances with your lordship's permission, we will continue to remain in this investigation.

Mr. Woods: So far as the premier of the province may be typified as representing any opposite interests to that represented by my learned friend Mr. Bennett, I have to say on his behalf and on behalf of the opposite interests that he represents, that nobody can regret, and in the nature of things there isn't anyone that can be said to regret more than he the absence of these witnesses from the commission, and he is here so far as I represent him, we are here to give whatever assistance to your lordships that we can give—so far as possible to investigate the matters before you, so far as it may be possible now to investigate them.

The commission here made an order for the impounding of documents of Mr. Minty in the hands of Mr. Biggar.

Mr. Mackenzie: As there has been some expression of opinion by other counsel, I think it would be only fair in behalf of my client to put myself on record, in saying that I am thoroughly in accord with the other counsel in feeling the disadvantage in which I, as well as others, am placed in reference to this, although appearing here only on behalf of Mr. Cornwall, but in undertaking to appear on behalf of Mr. Cornwall and watching his interests, I fully expected to find all the evidence of Mr. Cornwall corroborated from my instructions, by a witness who is here today, and I wish to say that I am in full accord with the remarks made by the other

FERROVIM

A Tonic Wine, pleasant to take. Gives strength. Makes new blood. Builds up the system. Throws off all weakness. A boon to those suffering from wasting fevers and long illness. Sold by all medicine dealers. Davis & Lawrence Co., Montreal.

Counsel: As far as I am concerned, I sincerely wish that Mr. Clarke were here.

Mr. Biggar: I have to join in that expression of opinion as far as Mr. Clarke is concerned.

James K. Cornwall, being recalled as a witness, having been previously sworn, was examined by Mr. Walsh and testified as follows:

Q. Mr. Cornwall, you told me, when you were examined before the commission a fortnight ago, that you were one of the incorporators of the Attabasca railway company.

A. Yes, sir.

Mr. Walsh: I might, for the purpose of the record, state to your lordships that the Attabasca railway company was incorporated by Ch. 58 of the Dominion Statutes of 1905.

Q. I understand that at that time you were largely interested in the north country?

A. It is true.

Q. In what shape were your interests there?

A. I was a fur trader.

Q. A fur trader?

A. Operating a fur business in that country.

Q. And was that the extent of your interests in the north country in 1905?

A. That was all, sir.

Q. 1905, I was just embarking in a steam boat business, as well as transportation business, about that year.

Q. You were on the point of doing that?

A. Yes, I had been planning it for a good many years and I thought the time had arrived when I should take some steps towards building some steamers.

Q. And how far in 1905 had your plans gone in that direction?

A. I think I had bought the hull of a ship that had been constructed by McDougall and Secord for the same purpose and they had abandoned the idea.

Q. That was the foundation of your navy then in 1905?

A. That was the foundation of my navy; that was my dreadnaught.

Q. Was it your interests in the north country that led you to become one of the incorporators of this railway company?

A. I wanted a railroad built into that country because I felt—well, because I make that statement, I can answer you that by giving you some idea of what led up to the railway, my idea of it.

Q. Well, I would like to get that; I would like to find out your idea in embarking in the business of a railway contractor or promoter?

A. Mr. Walsh, I would be very glad to let you know and your honor. I went into that country in 1898. I was a hunter and a trapper for about a year, and I followed the vocation of a river man during the Klondike rush. In these years I became familiar with the waterways and some of the physical features of the inland country. I went into the fur business, and in pursuing my occupation as a fur trader, I gathered from time to time a great deal of data regarding the country.

Q. And it was not until you had made an inquiry and reading as to some thing of the resources of that country, and knowing as I did the remoteness of the waterways from the then existing points of railroad, that a railroad would have to be built to the waterways in order to do anything with the resources of that country; it gave me the idea of trying to get a charter and preaching the gospel of the north, and interesting somebody in the railroad charter so that road would be built. That is, roughly, about my idea.

Q. And what you were particularly concerned about was the development of the north country?

A. That was my only interest in railroads.

Q. And I suppose any glory or money that might be incidental to the promotion of a railroad company?

A. Well, I haven't up to date got any money out of it, and I don't see where there is very much glory in my position.

(Continued on page 11.)

To Be DYSPEPTIC Is To Be MISERABLE.

Dyspepsia is the prevailing malady of civilized life. It is largely due to gross errors in diet, over-eating, too free indulgence in stimulants and over-taxing the stomach with indigestible food, eating too rapidly without chewing the food sufficiently, indulging in hot liquors, pastry, pickles, confectionery, etc.

Burdock Blood Bitters has an established reputation, extending over thirty-four years, as a positive cure for dyspepsia in all its forms, and from all diseases arising from it.

***** Mrs. Herman
+ Can Eat + Dickenson, Benton,

THE CALGARY HERALD, WEDNESDAY APRIL 27th, 1910.

"Offers Free Use of Building for University"

"Dr. Blow, who is one of the chief movers in the new University scheme, has now come forward with an offer of free quarters for the first year. He has offered the use of the top floor of his new building on Eighth Avenue for a year, and the building would be ready in time to open classes at the next session, and there will be absolutely no charge.

Additional offers of land for the endowment fund have been received, and there is every indication that there will be more offers and that the University will be a go is now becoming almost an assured fact."

THE MORNING ALBERTAN, THURSDAY APRIL 28th, 1910.

"The Presbyterian Synod Declines to Define Location"

"STRATHCONA NOT PERMANENT SITE"

"There was considerable discussion upon the question this morning. The present political conditions were referred to and it was urged and tacitly admitted that despite the fact that a site had been purchased in Strathcona for the university, that there was no definite location yet, and that the ultimate location was not yet settled.

It was decided unanimously that a motion be presented to the assembly urging that a Theological College be established in Alberta, but no reference or recommendation was made regarding the location of such an institution. Affiliation with the Provincial University was favored, but in the motion which had been presented reading "The Provincial University at Strathcona" the words "at Strathcona" were struck out.

In other words, it was decided to recommend the establishment of a Theological College in connection with the Provincial University, but to make no declaration as to the location of the Provincial University."

FIGURES SHOW GROWTH OF EMPIRE

British Subjects Now Estimated to Exceed in Number 388 Millions.

London, April 28.—An official volume crowded with interesting figures, entitled "Statistical Abstract for the British Empire in each year, from 1884 to 1908," has been issued. The book deals with area, population and trade.

The following table indicates the growth of the population:

Year	Population
1881	208,894,000
1891	225,194,000
1901	258,357,000
1908	308,894,000

Large cities and towns are taken separately and appear in the following order:

Year	Population
1891	4,835,938
1901	10,014,438
1908	17,921,000
London	4,835,938
Calcutta (India)	1,014,438
Glasgow	872,021
Liverpool	760,337
Manchester	652,435
Birmingham	563,628
Dublin	398,359

The course of trade, exports and imports, with foreign countries and the colonies, is thus indicated:

Year	Exports	Imports
1897	\$2,518,940,000	\$3,834,710,000
1905	7,490,140,000	11,986,745,000

Detailed analysis shows that the foreign trade in 1908 was 74.8 of the total; the other being with the various parts of the British empire.

The number of sailing and steam vessels on the register has increased:

Year	Tonnage
1894	10,512,272
1902	11,986,745
1908	13,265,354

Your tongue is coated.
Your breath is foul.
Headaches come and go.
These symptoms show that your stomach is the trouble. To remove the cause is the first thing, and Chamberlain's Stomach and Liver Tablets will do that. Easy to take and most effective. Sold by all Druggists.

Gomez Elected in Venezuela.
Caracas, April 28.—Juan Vincente Gomez was today elected constitutional president of Venezuela for a term of four years by congress. The election was unanimous. He will assume the presidency next month. In honor of the election of President Gomez all political prisoners have been released.

His Downfall.
He was good in mathematics
And I've heard his fellows praise
Wondrous mental acrobatics
He'd performed in other days;
He was master of a knowledge
That is given unto few,
Was the idol of the college
Where he'd gathered what he knew.

He long held a good position
Where no one had thought that he
Furnished reason for suspicion
Of his inability.
He was envied much by many
And he never sought to share.
It was said there wasn't any
Problem that he could not work.

GUARANTEE WAS NOT SUFFICIENT

Government Will Probably Not Build Packing Plant Immediately

Strathcona, April 28.—According to Mr. Stevens, the Provincial Life Stock Commissioner, who was in the city almost the entire day yesterday, the proposed pork packing plant to be established by the government upon a sufficient supply of hogs guaranteed by the farmers of Alberta, is now inevitably doomed to be held over for another year. This unpleasant termination of the movement, recently promoted actively by the executive of the U. F. A. and members of the department of agriculture has resulted from diversity of circumstances, according to Mr. Stevens, who expresses genuine regret that some more thorough study of the project could not be put into action this year.

In the first place Mr. Stevens says the canvass for signatures to the guarantee amongst the farmers did not meet with the success that ought to be expected, but he feels confident that when the matter is gone into more thoroughly with the organized branches of the association there will be found signers in plenty, but this cannot now be before next season.

Then again the difficulty that beset the government at the opening of the canvass for signatures to the guarantee amongst the farmers did not meet with the success that ought to be expected, but he feels confident that when the matter is gone into more thoroughly with the organized branches of the association there will be found signers in plenty, but this cannot now be before next season.

ENJOY YOUR MEALS

By Simply Eating a Little Pleasant Tablet After Each of Them.

A Tablet Digests a Meal. Trial Package Free.

When digestion is perfect the fluids necessary to this process come naturally to the aid of the stomach. They are of right proportion and do their work speedily and well. When indigestion and dyspepsia are prevalent, these same juices come slowly if at all, and are weak and insufficient or are filled with strong acids and alkalies.

When such a condition exists each meal is a hardship upon the digestive organs. The meal should strengthen them, but on the contrary it weakens them, so that man by the very act of eating, causes conditions to arise which of themselves bring him pain and loathing for the next meal.

By eating one of Stuart's Dyspepsia Tablets you mix the tablet with your saliva and it goes into your stomach a strong, vigorous fluid, many times more powerful than the natural digestive juices. These tablets are made up from natural vegetable and fruit essences and are composed from Hydrastis, Golden Seal, Lactose, Nux, Aseptic Pepsin and Jamaica Ginger.

There is the formula and one grain of it will digest 3,000 grains of food in any stomach. Beside digesting the food it will give the blood the power to enrich the digestive fluids so after a time nature will take care of itself. Though you have no stomach trouble one of these tablets after each meal is a powerful assistance to nature and is an excellent habit to make.

Go to any druggist and ask his opinion of Stuart's Dyspepsia Tablets. We will abide his advice if he be an honest man. They sell for 50c per package. Send us your name and address and we will send you a trial package by mail free. Address P. A. Stuart, Co., 150 Stuzar Bldg., Marshall, Mich.

PARI-MUTUELS NOT ALLOWED AFTER ALL
Information Received by Vancouver Horsemen Incorrect According to Author.

Ottawa, April 28.—That Mr. Geo. E. Powell, who claimed to represent the British Columbia horsemen before the Anti-Gambling Committee, made a slight mistake when he wired Vancouver that the new Miller racing bill legalizes betting by the Pari-Mutuel system without any time limit, was made very clear by Mr. H. H. Miller, when seen here.

"Oh, no," laughed Mr. Miller. "They tried to get me to consent to legalize the Pari-Mutuel device specifically, even just during the fourteen days allowed. They were afraid it would not be lawful even under the time limit. But I said: I told them we would allow the Pari-Mutuel system just as another form of betting on the track, but only for the fourteen days in the year. No betting of any kind is allowed for more than fourteen days. The Pari-Mutuel is package by mail free. Address P. A. Stuart, Co., 150 Stuzar Bldg., Marshall, Mich."

Another lot of fine singing imported canary birds are offered for sale at very reasonable prices. These are not the ordinary singing birds, but are the kind that trill and roll out the peculiar notes that sound like flute, water and bell tones. Never become too harsh and are far admired above the ordinary songster. Come in and hear our prize singers. An unusually good opportunity to secure a highly bred songster at a remarkably low price at
