hic Notes/Notes techniques et bibliographiques

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

L'exemplaire filmé fut reproduit grâce à la générosité de:

Thomas Fisher Rare Book Library,
University of Toronto Library

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

ESELJAY'S LIVER LOZENGES

FOR MEN, WOMEN AND CHILDREN.

A New Invention that will be Welcomed by the Millions!

No more Nauseous Pills Necessary.

FOR THE COMPLETION
OF ESSELJAY'S LIVER LOZENGES are pleasant to take. They are perfectly harmless, and efficient in action

The discovery of ESSELJAY'S LIVER LOZENGES was the outcome of years of study in the extraction of the properties of medicinal vegetables. The result has amply repaid the toil of experiment and research.

They contain no Mercury or Calomel, or other injurious or nauseous drugs such as pill manufacturers are apt to resort to.

They do not purge or gripe like pills, but simply assist nature in the production of the necessary secretions to promote a healthful habit of the organs of digestion.

Not only the sick, but persons in moderate health are benefitted by these simple, pleasant and effective Liver Regulators. If your tongue is coated it indicates that you require them.

Eseljay's Liver Lozenges will cure Headache, Dizziness, Nausea, Biliousness, Constipation, Dyspepsia, Indigestion, Torpid Liver, Lassitude, Offensive Breath, Heartburn, and the after effects of La Gripe.

Eseljay's Liver Lozenges Purify the Blood, Clear a Sallow Skin and Tone the Complexion.

Eseljay's Liver Lozenges will prevent Cholera by regulating the system and keeping the organs of the body in a normal and healthful condition.

PRICE 25 CENTS A BOX

AT ALL DRUG STORES.

(OVER)

ESELJAY'S LIVER LOZENGES.

Are a new combination of the medicinal properties of certain articles of the vegetable kingdom that are so prepared as to be agreeable to the most sensitive palate. They are perfectly safe to use and thoroughly effective. They are more than an ordinary cathartic remedy. They are a stomach and liver tonic of wonderful value. They do not purge and gripe like pills, but promoting a healthful flow of the biliary secretions, they assist nature to do its own work in the most natural possible manner. They produce no bad effects on the constitution; but tend to strengthen and improve the organs of digestion and impart new life and energy to the entire body.

GENERAL DIRECTIONS.

For Headache, Dizziness, Nausea, Biliousness, Lassitude, Drowsiness, Offensive taste, Loss of Appetite and other results of Sluggishness of the Liver, accompanied by constipated bowels, take from two to three lozenges at bedtime, and if the bowels are not easily moved take two or three on the following morning. Repeat this dose if necessary on retiring. When the object of free motion is attained, you may continue to eat one or two Lozenges each evening, or every second evening, with good results. As the Lozenges are quite harmless and as different constitutions require different amounts of medicine to act upon them, considerable latitude may be allowed in quantity used; but their benefits are more pronounced when a fairly free and regular condition of the system is procured, and to obtain this, their use should be continued in small doses for some time.

FOR CHILDREN from 6 to 10 years, 1 to 3 Lozenges is an ordinary dose. Other ages in proportion.

FOR ADULTS, 3 to 6 is a general cathartic dose.

FOR THE COMPLEXION.

There is no more certain proof that the liver and bowels are not properly performing their functions than that the skin is cloudy or sallow. The organs of digestion are clogged and there is no remedy that so efficiently strikes at the root of the evil as Eseljay's Liver Lozenges.

Take two or three every night before retiring. This if continued for some weeks will probably be found sufficient; but should a constipated habit exist, it may be found necessary to take a larger dose occasionally, or should they be found to act too freely, their use may profitably be discontinued for a short time. For pimples on the face the use of two lozenges after each meal, continued for a few weeks, is generally found an absolute cure. While these lozenges are a powerful remedy to cleanse and improve the system, they are composed of such safe ingredients that the matter of varying the dose as one may think proper, is not calculated to result in injury. To cultivate beauty is simply to adopt means to improve the health. If you would improve your personal charms take brisk out-door exercise, bathe frequently, to keep the pores open, and keep the bowels regular with Eslejay's Liver Lozenges.

FOR SICK-HEADACHE

Which is always the result of derangement of the digestive organs, take two or three lozenges and repeat the dose in a few hours if found necessary. The lozenges will be found to prevent this common trouble if taken when the attack is expected. The continued use of these lozenges in small doses will tone up the system so as to make it capable of resisting sick-headache.

FOR INDIGESTION

Apparent from a sense of depression after eating; one or two lozenges taken after meals will be found to work wonderfully beneficial results.

Remember these Lozenges are an entirely new invention, and though so pleasant to take, are capable of curing every complaint for which pills have unsatisfactorily been employed, and that no blood purifier, costing many times more, is equal to them. Don't be deceived by assertions that other remedies are just as good. When you have tried these you will see from the manner in which your system is freed from biliousness, without the weakening process of pills and other poisonous cathartics, that there is no preparation equal to Eseljay's Liver Lozenges.

Never be without them in the house.
