## CLOSURE WILL BE SPRUNG TODAY UNLESS BORDEN'S ILLNESS PREVENT FORECASTS OF RESULT FAR APART

Some Conservative Members  
Gleefully Predict That the  
Amendments Will Be  
Adopted Before House Ad-  
journs, But Such Quick  
Action Is Improbable—  
Many Sharp Conflicts Are  
Likely.

**Would-be Mayor Held For  
Theft.**  
CALGARY, Alta., April 8.—  
H. E. Gillis, former city clerk  
and a candidate for mayor at  
the last election, was arrested  
tonight, charged with having  
embezzled \$4800 from the city.

OTTAWA, April 8.—(Special.)—To-  
morrow may witness one of the most  
sensational scenes ever witnessed in  
the parliamentary history of Canada.  
Again, it may not, because the most  
balded days on Parliament Hill  
sometimes unexpectedly flatten out.  
Tomorrow the amendments to the  
rules providing for closure will be  
pressed in case the prime minister,  
who has been confined to his home  
all day, by a troublesome carbuncle,  
is able to be present. Some Conser-  
vative members tonight are making  
the astounding statement that these  
amendments will be adopted before  
the house adjourns. They say that  
after a reasonable discussion, a motion  
will be made "that the question be  
now put." If this is declared car-  
ried by Mr. Speaker, the vote upon  
the main question will occur immedi-  
ately.

## FORESTERS' BILL GIVEN APPROVAL

Order's Powers in Insurance  
Field to Be Enlarged  
if Members so  
Vote.

OTTAWA, April 8.—(Special.)—The  
bill to consolidate and amend the acts  
relating to the supreme court of the  
Independent Order of Foresters passed  
the house tonight.  
Mr. Robb objected that a fraternal  
society which had 135,000 members  
and had accumulated funds to the  
amount of \$20,500,000 was to be changed  
to a straight-life insurance society.  
He said that the members had not  
been consulted, but A. C. Macdonell  
(South Toronto) explained that the  
legislation would only empower the  
society to make the change with the  
consent of the members on a one-third  
majority. He also said that the  
bill had been fully considered in com-  
mittee, when the officials of the or-  
ganization were present.  
Mr. Ames (Montreal) called attention  
to the fact that the bylaws provided  
that the change must be made at a  
regular session of the society, and the  
bill was reported from committee of  
the whole with a slight amendment,  
proposed by Mr. Macdonell, and was  
given its third reading without further  
opposition.

## LIBERAL SENATOR SAYS BORDEN MUST BE FORCED TO APPEAL TO COUNTRY

MONTREAL, April 8.—(Special.)—If Senator  
Choquette represents the sentiment of the Liberal majority in the upper house, the naval bill  
will be surely rejected. Today the senator, having been asked his opinion  
on the Ottawa situation, replied:  
"I am of the opinion that the solution is an appeal to the people. This  
was my attitude in 1910, and as a matter of fact, it is the policy adopted  
by the two parties in succession. Two years ago the Conservative party  
wanted to go to the country; today the Liberals are on the same path.  
If the prime minister does not submit his contribution to the electorate,  
it is the duty of the senate to force an appeal, if they have to refuse sup-  
plies."  
As for the closure, Senator Choquette thinks this is another reason  
why the senate should force an appeal to the people. The senator says  
he was in accord with Mr. Monk two years ago, and he does not see why  
the ex-minister of public works, who is completely recovered, does not  
go to Ottawa and allow himself to be heard on the question. He sus-  
pects, in fact, that there is an understanding between the prime minister  
and Mr. Monk.

## LIBERALS DENIE PROPOSED CHANGES

So Sweeping Are Alterations  
in Procedure Outlined That  
Opposition Profess to Re-  
gard Closure as Form of  
Scarecrow—Some Bitter  
Editorial Comments Made.

OTTAWA, April 8.—(Special.)—  
The principal subject of conversation  
on Parliament Hill is the notice of  
closure which appears in the votes and  
proceedings today as a "proposed re-  
solution by Mr. Borden Wednesday  
next."  
Apart from the drastic procedure  
provided for rushing through govern-  
ment bills, the proposed closure takes away  
in part from the opposition the long-  
established right and much abused  
privilege of demanding redress of  
grievances before the house goes into  
committee of supply or into committee  
of ways and means. It has been the  
custom from time immemorial for the  
opposition to air any "scandals" it  
might get hold of upon motion to go  
into supply. Indeed, during the past  
ten years at least it is safe to say that  
the government has seldom succeeded  
in getting to supply without hearing its  
shortcomings and misdoings discussed  
at considerable length. Not only  
scandals but administrative matters,  
such as the gift to Mr. Fielding, the  
failure of the Farmers' Bank and simi-  
lar matters, have been very thoroughly dis-  
cussed upon motion to go into supply.  
Stormy Days of 1911.  
The house is not often moved into  
committee of ways and means, but in  
1911 the motion to go into ways and  
means was made over and over again  
by the Laurier Government, because  
only in such committee could the re-  
spective resolutions be discussed. The  
opposition of that day staved off the

## WHITE IS STRONGLY OPPOSED TO FIXED POLICY OF CONTRIBUTION NAVAL DEBATE REVIVES INTEREST

Finance Minister's Speech  
Draws From Dr. Clark Pes-  
simistic Utterance Concern-  
ing Economic Conditions in  
West—Cannot Afford Big  
Sums For Unproductive  
Works, He Contends.

OTTAWA, April 8.—(Special.)—  
The general understanding that the  
fight on the naval bill was soon to  
shift to a fight over the introduction  
of closure might have made the de-  
bate on the naval bill today somewhat  
perfunctory had it not been for the  
able speeches delivered by Finance  
Minister White and Dr. Clark, the  
Liberal member for Red Deer. Mr.  
Carvell, the Liberal member for Car-  
leton, N. B., followed Dr. Clark, and at  
the conclusion of his address Mr.  
Rogers announced that the closure  
resolutions would probably be taken  
up tomorrow.  
Mr. White repudiated the notion  
that the Borden government stood for  
a permanent policy of contribution,  
but said that no local navy could be  
effective unless the British navy was  
mistress of the seas. Dr. Clark re-  
peated his arguments in favor of a  
made-in-Canada navy, and said that  
the economic conditions now prevail-  
ing in western Canada made it im-  
possible for this country to expend  
\$35,000,000 in unproductive works in  
England. For the imperial squadron  
to travel around showing the flag as  
an advertisement of the empire's power,  
was, in his opinion, an objection-  
able as for a private individual to

## New C.P.R. Shops

NORTH BAY, Ont., April  
8.—(Can. Press.)—The C.P.R.  
have commenced operations  
on the erection of large addi-  
tional shops at North Bay to  
cost \$245,000. A large erection  
shop will be constructed where  
ten locomotives can undergo  
repairs at one time, with ac-  
cessories of machine shops,  
etc.

## PRISONERS DYING BY HUNDREDS EVERY DAY

"Turkish Troops Can March  
No More, Can No Longer  
Move, Nothing Can Save  
Them, and They Have Been  
Seized by Death While Still  
Living."

LONDON, April 8.—(Copyright.)—  
Luizi Barzani, a staff correspondent of  
The Daily Telegraph at Adrianople,  
sends a harrowing account of the  
plight of Turkish prisoners confined in  
the concentration camp on the bank  
of the Tundja. Hundreds, he says, are  
dying daily of cholera, dysentery, hun-  
ger and fatigue. The destruction of  
provisions, by orders of Chukri Pasha,  
and the blowing up of the bridge over  
the Arda, shortly before the surrender,  
has caused a great dearth of food sup-  
plies. Their motionless bodies, wrap-  
ped in rags, and huddled in wretched  
dens, find myself surrounded by  
these repugnant figures with spectral  
faces, with sunken eyes and hollow,  
livid cheeks. They regard me with an-  
gushing, feverish curiosity, without  
speaking a word, but uttering guttural  
inhuman sounds.  
"This is the crowd who have suffer-  
ed too much, who can march no more,  
who can no longer move, whom nothing  
can save and whom death has seized  
while they are still living to nail them  
to the ground which must swallow them  
one by one."  
"At one end of the encampment a  
line of bearers come and go con-  
tinually carrying corpses to the other  
side of the bridge, where a band of  
healthy prisoners are digging enormous  
trenches."  
Monstrous Morgue.  
"A group of tents in a corner should  
be a hospital, but men go there only to  
die. It is a monstrous morgue. The  
tents are inadequate, and they contain  
so much agony and so much death.  
The ground all round is covered with  
corpses, hundreds of human forms, a  
horrible disorder, dying and dead,  
from which groans arise. The dead  
and living, who closely resemble each  
other, that it is only possible to dis-  
tinguish between them by a slight  
movement of respiration."  
"This evening there will be 200  
deaths reported, perhaps more."  
A Bulgarian officer approaches an  
immense grave on the other side of  
the bridge and with a look of pity, re-  
gards the line of corpses arranged on  
the edge. "Two things," he says, "I  
behave to observe that one body is  
still breathing and they draw it  
aside to allow it to die, without trou-  
bling to return it to the camp."  
"Is it cholera?" I ask the officer.  
"Some of them die of cholera," he  
replied, "but others are exhausted and  
die of cold and hunger."  
Eating Bark.  
"Did you see the trees; some of  
them have eaten the bark."  
"Whoever is to blame for this atro-  
cious, inhuman massacre, will bear,"  
says the correspondent, "a terrible re-  
sponsibility in the judgment of his-  
tory."

## STRIKE LEADS TO BLOODSHED

Strike-Breakers, Police and  
Mob Clash on Buffalo  
Streets—Boy Probably  
Fatally Wounded.

BUFFALO, April 8.—(Can. Press.)—  
Riots and bloodshed followed an at-  
tempt on the part of the International  
Railway Co. to resume traffic on city  
and interurban lines with strike-break-  
ers in places of their motor men and  
conductors, who have been on strike  
since Sunday. Francis Murphy, a 13-  
year-old boy, was shot in the hip and  
probably fatally wounded in an ex-  
change of shots fired during a melee  
in which strike-breakers, police and a  
mob of several hundred took part.  
Two women were badly burned when  
a mob tore down an overhead trolley  
wire in the downtown section this af-  
ternoon. Incidents of stone-throwing  
were numerous and cars were stoned  
in all parts of the city when mobs put  
the crews to flight.  
Chief Regan's automobile was at-  
tacked by a mob in Broadway tonight.  
Several shots were fired, two of which  
struck the tonneau of the car in which  
the chief was riding, but neither he  
nor any of his men was struck. The  
police with drawn revolvers dispersed  
the mob.  
All efforts to bring the strike leaders  
and the officials of the company to-  
gether to discuss arbitration failed  
and there is little hope of a speedy  
termination of the tie-up, which again  
tonight was practically complete.

## MILITIA CALLED OUT AT BUFFALO

Police Are Unable to Afford  
Protection in Car Men's  
Strike and Troops Are  
Summoned.

BUFFALO, April 8.—(Can. Press.)—  
Orders were issued tonight for 3000  
state militiamen to report at once for  
strike duty here in connection with  
the carmen's strike on the Internation-  
al Railway Co.'s lines. In addition to  
the 74th and 65th Regiments, all the  
companies of the Third Regiment,  
Companies C and M, now on strike  
duty at Auburn, were ordered out.  
The Buffalo militiamen, the 65th and  
74th Regiments, were summoned by an  
order issued by Justice Charles H.  
Brown of the supreme court, upon ap-  
plication of the company's attorneys.  
"Whoever is to blame for this atro-  
cious, inhuman massacre, will bear,"  
says the correspondent, "a terrible re-  
sponsibility in the judgment of his-  
tory."

## The Donlands Swindle Ex- posed.

Some fifteen years ago W. F. Maclean, a  
former God-forsaken newspaper walf, knew  
of a chunk of neglected land out in York  
Township. It was called "The Ranch," in  
derision by the neighbors. He managed to  
buy it and two or three adjoining pieces,  
cleared it of stumps, fenced it, stoned it,  
drained it, plowed it, sowed it, put a herd of  
milk cows on it (and sells them from a lot  
of good clean milk to the citizens of Toronto  
at regular rates), made a fairly decent farm  
out of it, a pleasant home for himself and  
family—and found a friendly constituency.  
And today it is nothing but a farm and a  
home. On one occasion he entertained Mr.  
John Ross Robertson there; at another time,  
the Honorable Senator Jantzen—two of Tor-  
onto's most successful journalists. The one  
is the author of that stirring epic, "Land-  
marks of Toronto," an incentive to all the  
youth of the city and the other is the  
industrious, useful and patriotic life. The  
other has long been the eye and the pulsating  
red blood of The Globe, and the pilot of  
the Liberal ship in every storm, in every  
dangerous voyage.

## POPE'S ILLNESS IS EXTREMELY SERIOUS

Doctors Admit That Func-  
tional Heart Weakness,  
With Other Complications,  
May Have the Gravest Con-  
sequences—Attacks Follow-  
ed by Rise in Temperature.

ROME, April 8.—(Copyright.)—De-  
spite reassuring medical reports the  
condition of Pope Pius X. must be con-  
sidered grave; extremely grave.  
Dr. Marchisava denies symptoms  
of nephritis or organic heart disease  
have appeared, but he admits that  
functional heart weakness with other  
complications arising may have the  
gravest consequences.  
The effects of the recent attack of  
influenza were more serious than was  
made known, but the insistence of his  
holiness to leave his bed and resume  
audiences induced the doctors to yield  
when prudence dictated otherwise.  
Mgr. Ranzani, in accord with Car-  
dinal Merry del Val, then mapped out  
this weekly program to avoid the un-  
necessary fatigue: Tuesday and Fri-  
day, reception to pilgrimages; Wed-  
nesday and Saturday, complete rest;  
Monday, Thursday and Sunday, special  
and private audiences.

This program has been observed  
for a week, but last night a suc-  
cession of fatigue attacks were follow-  
ed by a rise of temperature. Dr. Anisi  
gave one injection of morphia, and  
when Dr. Marchisava visited him he  
ordered complete rest. Physicians re-  
main all night in an adjoining room  
as a matter of precaution.  
His holiness slept at intervals. The  
fever abated towards morning, but his  
weakness and irregular breathing  
continued somewhat marked.  
Many impending pilgrimages have  
been postponed indefinitely. Groups  
of pilgrims remained for hours today  
in the square in front of the Vatican  
during a dreaching rain, awaiting  
news from the sick room. A notable  
group from Venice exchanged greet-  
ings with the Pope's sister, station-  
ed at a window in their flat adjoining  
the Vatican. Tonight the Pope's con-  
dition is stationary, with a slight  
rise in temperature.

## MRS. PANKHURST STANDS IT WELL

Is Showing Only Very Slight  
Effects of Long Period  
of Voluntary Starva-  
tion.

LONDON, April 8.—(Copyright.)—  
The Daily Mail this (Wednesday)  
morning says that despite the rumors  
here of the imminent collapse of Mrs.  
Pankhurst, she was found by the doc-  
tors last night to be showing only very  
slight effects of her long period of  
starvation, and as far as could be seen  
then, she would be able to endure it  
for several days more.  
Her reserve strength is indeed a  
mystery to the prison doctors. Some  
think it possible that she took into the  
prison, concealed in her clothing, some  
tablets of highly concentrated nour-  
ishment, which she now is swallowing  
supercariously.

## COLLAPSED AFTER HEARING VERDICT

Prof. Olson Found Not Guilty  
on Charge of Murdering  
Wrecker of His  
Home.

ST. PAUL, April 8.—(Can. Press.)—  
The jury in the case of Prof. Oscar M.  
Olson, formerly of the University of  
Minnesota farm school, charged with  
the murder of Clyde N. Darling, alleged  
wrecker of the Olson home, returned  
a verdict of not guilty at 8:55  
o'clock tonight.

As the words "not guilty" fell from  
the lips of the foreman, Olson, who  
had been bound to the court room,  
attempted to rise, staggered and drop-  
ped back into his seat. He recovered  
his self-composure and with tear-  
rimmed eyes, shook hands with the  
jurors, the judge and the newspaper  
men.  
Mrs. Olson appeared as a witness in  
her husband's favor and at the close  
of her testimony, she collapsed.

## MISS LUCY DODGE HAS BEEN LOCATED

Her Absence Caused a Sensation  
Among Friends in Lon-

Special Cable to The World.  
LONDON, April 8.—(Copyright.)—Miss  
Lucy Dodge, granddaughter of the late  
John Bigelow of New York, a former  
United States minister to France, whose  
sensational absence from the home of her  
stepfather, the Hon. Lionel Guest, had  
found late tonight in London with friends.  
"She is now safe, I'm glad to say," was  
the stepfather's response to a World cor-  
respondent's enquiry tonight.  
"She is with friends, and it will be do-  
ing Miss Dodge and me the greatest  
kindness if the press considers the inci-  
dent closed."

## RUSSIA WILL AGREE TO POWERS' WISHES

Scutari Difficulty Will Be Settled  
by Diplomacy, Says Dr.  
Dillon.  
Special Cable to The World.  
LONDON, April 8.—(Copyright.)—  
Dr. Dillon, in his St. Petersburg mes-  
sage to The Daily Telegraph this  
morning, takes a much more san-  
guine view of the international situa-  
tion. The Scutari difficulty, he says,  
will be settled by diplomacy, as Rus-  
sia is fully in accord with the policy  
of the powers and will agree to means  
for giving effect to their wishes.

WILSON A MAN, NOT A MACHINE TELLS CONGRESS SO HIMSELF HOARY TRADITIONS SHATTERED

President's Invasion of Congress Proved Pleasant, Informal Event That Proved Popular Innovation From Gallery Viewpoint—Visit Lasted Only Quarter of an Hour.

WASHINGTON, April 8.—(Canadian Press.)—President Woodrow Wilson today bridged the gap that for over a century has separated the pilots of public business, the executive and legislative branches of the government of the United States.

Not a cog in a machine, not as an impersonal political entity nor as a mere department of government, but as the human president, he went to Congress before the senate and house of representatives in joint session, as no other president had done for more than a hundred and twelve years.

At 12:58 o'clock the president entered the chamber. Members of the house and senate rose as Speaker Clark brought down the gavel.

President Wilson, escorted by Senator Bacon, bowed acknowledgment to the applause and mounted the Speaker's stand to the journal clerk's desk, directly in front of the Speaker.

King Nicholas Defiant. BERLIN, April 8.—(Can. Press.)—King Nicholas of Montenegro, answering a telegram addressed to him by The National Zeitung, today telegraphed as follows:

"We hold the profound conviction that our cause is just before the world. Scutari was the ancient seat of our kings, and it is indispensable to our national and economic development. Only brute force of numbers can compel us to give up this territory."

LIBERALS DERIDE PROPOSED CHANGES (Continued From Page 1.) reciprocity discussion many a time by adroitly offering some amendment to the motion that "Mr. Speaker do now leave the chair."

The Liberals profess to regard the notice of closure as a mere scarecrow put up by the government. They say it is a sign of weakness rather than of strength, "emanating," as Dr. Clark of Red Deer rather rudely put it this afternoon, "from a cabinet which has served four years under the present free and easy rules permitting almost unlimited debate."

The government, it is understood, is in receipt of many telegrams of encouragement and commendation from every part of the Dominion. Of the three local papers, The Journal (Conservative) says that Mr. Borden will be supported by many Liberals and a united Conservative party.

ERA OF DESPOTISM DAWNS. "The Hon. Robert Rogers has at last succeeded in forcing the hands of Premier Borden. Formal notice has been given of the fatal step that will deprive Canada of free and untrammelled government by the people for the people."

ST. CATHARINES Medical Health Officer Advises That Smallpox Epidemic at Falls Necessitates Step.

ST. CATHARINES, April 8.—(Special.)—A memorandum from Dr. King, medical officer of health, to the city council, declaring that a proclamation for a general vaccination is necessary on account of the prevalence of smallpox at Niagara Falls, has had a sensational effect here.

Dr. King was sent to Niagara Falls this afternoon to learn if there was sufficient reason for such a precaution. If he insists on maintaining the stand he has taken the council will be compelled under the new health act to have the proclamation issued.

Major Merritt is endeavoring to have this situation avoided if possible. Not one case has yet developed here.

Mr. White said after some loose references to the Liberal speeches made during the famous day and night sittings, said that the whole question was a matter of aid. A local navy would be of no use unless the imperial navy was supreme.

STRIKE THREATENED. It is probable that the coat pressers of the United Garment Workers' Union will add their names to those of the other unions who are out on strike in this city at the present time, unless their demands for a raise in salary of \$2 per week is not granted soon.

GRAND TRUNK WILL INAUGURATE THRU TRANSCONTINENTAL SERVICE

Official Stated That Route Will Be Via Sarnia and Steamer to Fort William—Line Is Not Yet Built Across British Columbia.

A thru-passenger service from Quebec and Montreal over the Grand Trunk and the Grand Trunk Pacific to British Columbia, early this summer. This is the intention of the executive of this railway as outlined by W. S. Cookson, assistant passenger manager of the Grand Trunk System, in an interview with The World last night.

Mr. Cookson stated that it had been decided to inaugurate the new service at the beginning of the summer and that passengers could proceed over the Grand Trunk from Montreal and Quebec to Sarnia, by way of Toronto. At Sarnia they would take the Northern Navigation steamers to Fort William and from there travel over the Grand Trunk Pacific to Winnipeg and the west.

ALD. WICKETT WILL ADDRESS COMMITTEE. Alderman S. Morley Wickett will explain to the Board of Trade, One Hundred, at luncheon, in the St. Charles today, his ideas on "The Local Improvement Applied to Street Railway Extension."

will mean a vast increase in business of this road. Although the G. T. R. is not completed thru British Columbia to the coast, the new service will be able to handle all passengers bound for points in all the other provinces of Western Canada and to points in Eastern British Columbia.

In connection with the inauguration of the new service it is planned to put into use a number of additional trains between Montreal and Toronto, but to what extent this is done will depend on increase in business. As the increase in business demands it, the Grand Trunk official prophesied that the new Union Station at Toronto would see completion before the new station to be erected by this system in Montreal. The Grand Trunk plan to put up in Montreal a station along similar lines to the union station to be erected in Toronto.

WEDNESDAY MORNING, APRIL 9, '13.

GOOD ALL ROUND.

The Telegram once more wriggles and squirms, and instead of meeting the issue raised yesterday goes back to another answered month ago.

The Telegram prefers to select Donlands as an illustration of the unearned increment rather than the corners of Bay and King or Bay and Melinda streets.

The whole manoeuvre was executed by Ald. McBride to show his influence in council. If the aldermen are satisfied to mark time on city business or to retard the progress of civic affairs, Ald. McBride is the man to lead them.

It may be taken for granted that the Coady regime of finance at the city hall is ended. The showing at the private bills committee yesterday was no credit to Toronto, and the board of control must see that what is necessary shall be done in putting the affairs of the treasury department in such a shape that no more surprises and no death of information may be feared in future.

The city depends more and more on the strength of the heads of departments. It cannot be too often repeated that the so-called cabinet system contemplates only the acquisition of information about the city affairs and involves in no way administrative control of departmental affairs.

The land in the city grows in value even more rapidly than the land outside it, and there should be an unearned increment to be levied upon in downtown real estate quite as much as on farm lands.

The great point about The Telegram's present position is that it has committed itself to what Sir James calls the socialistic platform of Lloyd George. We do not believe with Sir James that The Telegram has thus entered on a campaign for the ruin of domestic felicity and the overthrow of religion, but we do believe that if The Telegram is logical it cannot now refrain from advocating all that is involved in the Lloyd George policy.

LAND APPRAISEMENT.

An example of scientific assessing is to be made at Weston, where the council has decided to have an appraisal of the property of the town made by the Manufacturers' Appraisal Company of Cleveland.

NOT LACK, BUT MISUSE.

It should be clearly understood that the annexation of Leaside was defeated on a jockey vote. Aldermen Wanless and McBride talked the measure out practically, the not technically.

Those who paired, among them Controller Church, are responsible for the lack of a quorum.

CITY FINANCES.

It may be taken for granted that the Coady regime of finance at the city hall is ended. The showing at the private bills committee yesterday was no credit to Toronto, and the board of control must see that what is necessary shall be done in putting the affairs of the treasury department in such a shape that no more surprises and no death of information may be feared in future.

SMALL'S POND NOW BEING FILLED UP

After Considerable Delay by City, Private Owners Are Causing Lake to Disappear.

After considerable backing and filling by the city over the proposal to buy Small's Pond for a park, dump-carts are now doing some backing and filling. Signs that intimate that earth may be dumped thereabouts dot the borders of the pretty pond and it is slowly being filled in. The city had an opportunity of acquiring five acres on the east side at \$25,000, but let the chance go by. Now the owners are hoping to have the main part of the pond filled in completely, so that they may utilize the land created for building purposes.

EIGHT-STORY FACTORY PERMIT FOR KING EAST

Two large factory permits were taken out yesterday. The Toronto Brown Company received a permit to build a \$200,000 eight-story addition to their plant, to be erected at King and Frederick streets. J. H. Fisher and Ross are the contractors, the building to be of steel, stone, brick and concrete.

TWO G.T.R. PROMOTIONS

PRICE WENT UP LIKE SKY ROCKET

Assessment on North End Property Increased Eighty Thousand.

ALL WITHIN TWO YEARS Owner Had It Reduced One-Half by Court of Revision.

In 1911, two years ago, 20 acres of land in North Toronto on Yonge street was assessed at \$4000; in 1913 an assessment of eighty-six thousand dollars was placed upon the 20 acres by the city assessment department. This indicates how rapid has been the increase in land values on Yonge street within a short time. Mr. Charles McBride, the owner of the 20 acres, said at the court of revision yesterday at the city hall that his property had already been a farm.

As assessed as farm land at a small acreage assessment department. This indicates how rapid has been the increase in land values on Yonge street within a short time. Mr. Charles McBride, the owner of the 20 acres, said at the court of revision yesterday at the city hall that his property had already been a farm.

William Croft's assessment showed a phenomenal increase, jumping from \$4000 to \$43,000, but the court held that the land was worth only \$1500. Mr. Croft's property on Robinson and Fisher avenues was assessed at \$15 a foot. The court confirmed the assessors' valuation in all cases.

The property owned by C. W. Kerr on Alexandra boulevard was assessed at \$2500. Mr. Kerr stated that the property was unreasonably assessed in January when he paid \$377 for it.

When Arthur Lawson, 216 Woburn avenue, answered to his case he exhibited a pair of very muddy boots as evidence. Mr. Lawson testified that the condition of Woburn avenue "last week a lady got stuck in the road and had to be pulled out," he told the court.

TERAULAY AND ALBERT CORNER TRANSFERRED

The northwest corner of Teraulay and Albert streets has been sold by Mrs. C. S. Peters to S. Weber thru J. T. Locke & Co. for \$23,000. The property, which is opposite the city hall, 69 feet of Teraulay and 62 feet on Albert street. Total assessment is \$24,192.
