JEFFRIES CHOSEN AS SUCCESSOR TO EMBREE

Member of Staff of Jarvis Street Collegiate Wins Out Over D. A. Glassey at Board of Education—Many New Appointments Sanc- tioned.

The board of education, at a special meeting last night, appointed John Jeffries, a teacher of the staff, as principal of Jarvis Street Collegiate Institute. He succeeds Dr. L. E. Embree. In making this appointment the board turned down the recommendation of the management committee, who had approved of D. A. Glassey of Harbord Street Collegiate.

Trustee Boland moved that Miss Gertrude Lawler be appointed instead of Mr. Glassey. This motion was lost by a vote of 7 to 3.

Trustee Hopkins brought up the name of Richard Gourlay, but only had three supporters.

Trustee Steele moved that John Jeffries be appointed and Mr. Glassey's name be struck out. This motion carried.

Trustees: Houston, Noble, Ellis, Vokes, Dineen, Steele, Jackson, Boland—8.
Nays: Fairbank, McKay, McTaggart, Hopkins—4.

Miss Lawler Voted Down.

Trustee Boland brought up Miss Lawler's name again as opposed to Mr. Jeffries. His motion lost by 7 to 3.

The appointments and transfers of principals necessary to fill the places of those retired thru superannuation, as recommended by the management committee, were carried. A change was made in the case of J. N. Moffatt, who goes to Duke street instead of E. H. Elliott, who goes to Clinton street.

Many Transfers.

Following are the transfers:
New principals—J. A. Woodward, Alexander Muir School; D. W. Armstrong, Brook Avenue School; N. S. Macdonald, Dufferin School; H. S. Mott, Fern Avenue; J. E. Hunnissett, Glenside Street; Miss C. M. Hodgert, Eberhart; W. F. Kirk, Jesse Ketchum; S. Richardson, Park School; John Brennan, Queen Victoria; H. P. Carr, Winchester Street; J. F. Martinson, Regal Road; W. Bryce, Williamson Road; E. H. Elliott, Clinton Street; D. M. Davidson, Coleman Avenue; G. E. Rutledge, Cottingham Street; H. B. Wood, Crawford Street; W. W. Noble, Deer Park; A. G. Leitch, Leale Street; R. Roddick, McCaul Street; A. C. Dadds, Pynes School; A. W. R. Doan, Sackville Street; F. Pearson, St. Clair; G. F. Smith, Bolton Avenue; T. J. Wallace, Rose Avenue; W. H. Harwood, York Street; J. N. Moffatt, Duke Street.

STREETS OF WINNIPEG TO RUN BLOOD—PERHAPS

WINNIPEG, July 8.—The following is a copy of a letter, written in red ink, received by Chief Justice Howell this morning:

"To the Criminal Judge: I herewith wish to notify you that everyone connected with judgment due to criminals, that should J. Krafchick be hanged for the crime he is charged with that there is a secret society present moment a secret society who are determined and will physically ruin the street constables, shoot the executioner and give due punishment to all connected in the case, besides other city destructions, if the sentence be carried out.

"Please note this is no mere threat, for we are
"A Determined Mob.
"Per President."

RELATIVES SEEK DEAD MAN'S MONEY

Relatives of Frank Erick, the Jewish pedlar, who was killed on June 17 on the Danforth car line, state that also Erick left the house with quite a sum of money in bills on him, all they received from the police after the body was interred was fifty-five cents. The undertaker who took the body from the tracks also backs up the statement that Erick's purse contained a few bills.

All the police got among the dead man's belongings was fifty-five cents. That is what they have in their books and that is the amount for which they gave a receipt.

Events, Occasions and Weather.
Outing hats and caps. Fine light summer felts that will not lose their shape after a long amount of folding and crushing.

Cloth caps for motoring, yachting and outing generally, as fine a line of hats as ever were dedicated to the comfort of a man's head in summer time. Dineen's hat weather. 140 Yonge street, corner Temperance.

LIBERALS AND UNIONISTS TO UNITE AGAINST REDMONDITES

Canadian Press Despatch.
LONDON, July 8.—The Daily Telegraph today asserts, on high authority, that the government eventually will accept the bill as amended by the house of lords. It adds that there will be no difficulty regarding the abolition of the whole of Ulster. They will, however, the Telegraph declares, be out-voted on this point in the house of commons by a combination of Unionists and Liberals.

CROP PROSPECTS SPREAD CHEER THRU WEST

S. C. Burton, President of Regina Board of Trade, Believes Revival in Business Will Follow Rich Harvest—Live Stock Raising Makes for Prosperity.

That the Canadian west is not looking thru blue spectacles at the present time was the impression conveyed to The World yesterday by S. C. Burton, president of the Regina Board of Trade. Mr. Burton is in the whole-sale grocery business.

Speaking of the western crop outlook, he said: "The district around Regina for 75 miles promises the best crop on record. Wheat is well forward and heading out."

"As Regina is largely dependent on its agricultural surroundings," Mr. Burton went on, "you can readily see we feel quite cheerful as to the future. Of course, with the rest of the west we have experienced a slowing down in business, but this was only natural. In seven years Regina has grown from 8000 to 45,000 population, and the city is as well built as any in Canada."

Last Year's Crop Surpassed.

Speaking of the crops in other parts of the west, Mr. Burton stated that the results in southern Alberta and southern Manitoba would be below an average. He had met Mr. Acheson, grain agent for the C.P.R. recently, and his opinion was that the west would produce more grain than last year.

One of the most important things for the future of the west, in Mr. Burton's opinion, was the increase in hogs and other live stock. Regina was now out in the west was a great deal more optimistic that it was six months ago.

DOCTOR'S SPOUSE UNDER ARREST FOR MURDER

Authorities Accuse Mrs. Carman of Firing Bullet That Killed Patient in Husband's Office—Had Installed Dictaphone to Overhear Consultations of Doctor

FREEMONT, N.Y., July 8.—Florence Conklin Carman, wife of Dr. Edwin Carman, was arrested today, accused as the mysterious assassin who, a week ago last night, murdered Mrs. Louise Bailey, wife of a Hempstead manufacturer, by firing a bullet thru her heart, while she was standing in the physician's office. Tonight Mrs. Carman, at whom the finger of suspicion has been pointing since the discovery was made that she had installed a dictaphone in her husband's office so that she might hear what went on between him and his women patients, is locked up in Nassau County Jail at Mineola. There she will remain until Monday, when she will be taken out again and examined by the coroner, before whom she pleaded not guilty when arraigned today, after her arrest in the room where Mrs. Bailey died.

Mrs. Carman's iron nerves is shattered, for as the steel barred door of the Mineola jail closed behind her she pulled her heavy veil from her face and broke down. Her husband and the sheriff, who took her to the jail, assisted her to the top floor of the building.

Testimony of Eye-Witness.

The immediate cause of the arrest was the testimony given this morning by Ellwood T. Bards, an insurance agent, whom the authorities called the single reliable eye-witness to the crime. Bards is under lock and key also. He is being detained as a material witness, for his story is of great importance that the authorities said they feared an attempt might be made to get him out of the jurisdiction of the New York courts.

Saw Woman Near Window.

Bards' story, briefly told, is this: At 7:30 o'clock on the night of the murder, Bards said, he determined to pay a professional visit to Dr. Carman and allow him to dress a minor injury to one of his heels. He left his home and walked to the physician's house. Arriving, he decided he could dress the injury himself and thereby save a doctor's fee. So he walked to the house and then turned around to begin his journey home. At that instant he heard an explosion. He thought it was caused by an automobile fire, but when he looked for the machine, he could not find it. He turned his eyes toward the lawn at the side of Dr. Carman's home. A woman, tall, well built, hatless, wearing a light shirt-sleeve and a dark skirt, was moving away from one of the windows at the side of the physician's office toward the rear of the house. She was not running, not casually strolling around the lawn; she was walking "in a hurry," the witness swore.

FLYER WRECKED MANY INJURED

Disaster Overtakes Fast Electric Train Near Minneapolis—Hurt Number Thirty-Two.

Canadian Press Despatch.
FARIBAULT, Minn., July 8.—The "Dan Patch Flyer" on the Dan Patch Electric line between this city and Minneapolis, was wrecked shortly before 3 o'clock this afternoon, within the city limits, in a head-on collision with a freight train, in which 32 were seriously injured and seven probably fatally. Motorman Newcomer and Conductor Murray, in charge of the freight train, were seriously injured.

GOVERNMENT FOR CES CONFIDENT ROBLIN WILL SWEEP MANITOBA

Liberal Leader Claims There Will Be Change—Campaign Meetings Will Be Help Up to Eve of Polling—Woman Speaker Draws Crowds.

WINNIPEG, July 8.—The provincial election campaign reached its penultimate stage tonight, but in the city here public meetings will be carried on right up to the eve of the polling. Tomorrow night Mrs. Nellie McClung, whose personal campaign has been possibly the most noteworthy feature of the fight the opposition has put up is to address another meeting here. It is the first time that a woman has made any sort of mark in Manitoba politics and this fact alone, outside of her strong personality, attracts big mixed audiences wherever she speaks.

Government Confident.

The government forces are as confident as ever that they will sweep the province. One of the most conservative estimates they have yet put forward was when today a prominent Conservative said that at the worst they admitted the opposition might carry 17 seats, leaving 33 to the government. These 17 seats include every weak government constituency and allow the Liberals three of the six Winnipeg members. On the other hand the opposition claim they are going to win out. The government morning paper today featured a report that Mr. Norris, the Liberal leader, had privately admitted he stood no chance. Mr. Norris announced this afternoon that this statement is false. On the contrary he believes there is going to be a change.—The Roblin government is going to be beaten and badly beaten on Friday," he added.

WILL MAKE NORTH QUITE SANITARY FOR VISITORS

Provincial Board of Health Redoubles Attention to Conditions in New Ontario and Inland Lake Regions Which Hitherto Have Been Disease Laden.

With the advent of the tourist season, the provincial board of health is redoubling attention in the matter of sanitary conveniences used throughout the whole of northern Ontario and the inland lake region. It has been recognized in the past that the few months spent by city people in the newer districts have often resulted in a toll of death and disease which followed their return in the fall. In the majority of instances the trouble was traced to the careless disposal of garbage and refuse from summer hotels, and the board has determined to put an end, once and for all, to this nuisance.

Start Made Last Summer.

Last summer a start was made and many of the larger resorts co-operated with the department. There were instances where evasion of the law was noticed, and these will be closely watched from this date forward. The revised legislation makes it quite clear that the disposal of waste material must be conducted on approved sanitary lines.

Another matter which is under the direction of the local health officers is the enforcement of sanitary regulations concerning public health. Practically all the steamers on Lake Muskoka have installed storage tanks which are capable of disinfection with live steam from the boilers, and the board of health is seeing that all the boats plying on the inland lakes subscribe to the same system.

Regulate Boat.

Every boat entering an Ontario port is subject to the order of the board, and, although some opposition has been encountered, the regulations are recognized to be good ones. An instance of defiance was quitted from the French River district, but the threat of prosecution brought the desired results.

The persistent disregard of regulations by certain summer hotels has caused the board much annoyance in the past, and strict enforcement will be given this year. According to the report of inspectors the practice of many has been to clean up prior to an official's arrival, and allow things to slump afterwards. To counteract this inspectors are going unannounced this year, and the chief inspector himself will make a flying tour in the height of the summer season.

Dr. George Clinton is now making a sanitary survey of the hotels in Kawartha and Stony Lake districts.

ABLE SWIMMER DROWNED IN DON

Young Sheet Metal Worker Bathed After Heavy Meal and Sank Exhausted Before Aid Reached Him

A sad case of drowning occurred on the Don River at 4 o'clock yesterday afternoon when John Hutchinson, aged 22, of 72 Eastmount avenue, lost his life while bathing at the second bend of the river to the rear of Rivercourt. Hutchinson was a sheet metal worker and being out of employment left his home after dinner with the intention of going fishing, but instead went for a swim in the Don. He went out a considerable distance in the river and appeared to have exhausted himself in doing so. Boys bathing at the same place raised the alarm when they saw him struggling and calling for help. Their cries were heard by Jack Roberts and Frank Delevings, 37 Woodville avenue, who were near hand at the time, and without diverting themselves of their clothing the two young men dived to the rescue. Although their plucky efforts were too late to save his life, they succeeded in bringing him quickly to the bank, where they worked hard to resuscitate him without success. Dr. Lloyd Burns, Fairview boulevard, was telephoned for, and after working for almost an hour he pronounced life extinct. The body was taken to the Ellis undertaking establishment. Coroner Dr. Johnson did not consider an inquest necessary.

Hutchinson was a member of St. Barnabas' Anglican Church and was prominently identified with the cricket club in connection with it. His mother is prostrated with grief.

Hutchinson was known to be a strong swimmer, but it is thought that going swimming too soon after his dinner caused him to exhaust himself.

STUDY PROBLEM OF UNEMPLOYED

Controllers Will Confer With Ontario Government to Find Jobs for Idle.

Relieving the city of idle immigrants and finding work for the unemployed will be dealt with shortly when a conference between the board of control and the Ontario Government will take up the problem.

This is in effect was the statement made by Controller McCarthy at the meeting of the board of health yesterday. Dr. Hastings, M.O.H., declared that the hygienic development of city housing was hindered by the foreign element, who congested in certain areas and lived in unhealthy places, often having no work, but refusing to go to the farmers who were appealing for help.

Ald. Dunn suggested that a recommendation should be sent to the board of control urging that only men who had been in the city for more than six months should be given work by the city next winter if conditions demand the opening up of relief works. He suggested also that the government give municipalities power and assistance in connection with placing men on land in New Ontario and clearing it for farms or equipping settlers with a farming outfit.

"As soon as we get a report from the Social Service Commission we have an appointment with the government and will go into the whole question of dealing with unemployment," said Controller McCarthy.

BIG CHINESE SMUGGLING GANG HEADQUARTERED IN TORONTO

This is Belief of Investigators Who Have Unearthed Centre of One of Biggest Syndicates of This Profession at Saginaw—Ingenious Method Used.

Canadian Press Despatch.
SARNIA, Ont., July 8.—That Toronto is the clearing house of the Chinese smuggling traffic in Canada, with Sarnia, Windsor and Niagara Falls the shipping points, is the conviction here. The report from Saginaw, Mich., of the unearthing there of the headquarters of one of the biggest Chinese smuggling syndicates on the continent is credited in this city.

Sarnians are quite familiar with the smuggling methods locally. One of the Chinese agents arrives in the city and starts a laundry. In a few days five or six of his countrymen join him. These disappear in a day or two, powerful motorboats and big automobiles being as a rule called into play to land the "visitors" in Port Huron. The agent then gets out, selling his laundry to another, who repeats the trick.

The Celestials who desire to enter the United States are, it is reported, shipped from Hongkong to Vancouver, thence to Winnipeg and Toronto, everything being done in a most systematic and businesslike way. From Toronto they are sent in batches to either Sarnia, Windsor or Niagara Falls.

Borden Tour Uncertain

By a Staff Reporter.
OTTAWA, July 8.—Sir Robert Borden will return to Ottawa at noon tomorrow. It has not yet been decided definitely whether the premier will make a political tour of the west this summer or not. If he does there will be only a few meetings at the chief points in the west.

FARMER WAS KILLED BY KICK FROM HORSE

Special to The Toronto World.
GUELPH, July 8.—James Patton, a farmer who recently moved to the vicinity of Rockwood from Proton Township, sustained fatal injuries by a kick from a horse. It appears that Mr. Patton was at work in the fields with the horse hitched to a hay rake. The animal became unmanageable so Mr. Patton decided to take the beast to the stable. His wife saw him taking the animal to the barn. She perceived Mr. Patton pitch forward to the ground and was horrified to discover that he had been kicked in the groin. He lived only a short time.

FOOD CAUSED THE DEATH OF STARVED ROUMANIAN

Special to The Toronto World.
ST. CATHARINES, July 8.—A coroner's jury found that Pontu Toderaro, Rumanian, who mortgaged his home in the old land to raise funds to bring him to Canada, died at Thorold in a rude shack built by his own hands, from acute indigestion, when friends prevailed upon him to take some mush and milk after he had been without food for more than a week. Toderaro found but six days' work since April 4, although he had expected to find riches in the construction of the Welland Ship Canal.

As soon as he arrived he sent home the remaining \$26 of the amount raised on the mortgage for his trip.

MORE CONCESSIONS TO ULSTER IN PROPOSED EXCLUSION PLAN SECRETARY TO REPRESENT KING

Fears War is Imminent

Lord Lansdowne, who says outbreak in Ireland may occur in few days.

NORTH TO GAIN CHEAP POWER

Sir Adam Beck Announces French River Will Be Developed by Hydro Board.

Special to The Toronto World.
BERLIN, Ont., July 8.—The annual banquet of the board of trade was held tonight at the Bridgeport Casino, and attended by over 100 members. President L. J. Brethaupt presided. Many representatives from neighboring cities and towns were present. Sir Adam Beck was the chief speaker, but owing to the lateness of the hour was brief in his remarks. Speaking of the expansion of the hydro-electric system of the French River, he said the commission to develop power along the French River, and that they had recently received an order for 10,000 horsepower from the British-American Nickel Mining Corporation, and that he felt satisfied that when the waste waters of the French River were utilized it would prove a boon to northern Ontario in the way of cheap power.

MONTREAL HEAVY LOSER THRU SEWER CONTRACTS

Canadian Press Despatch.
MONTREAL, July 8.—In the opinion of Controller E. N. Hebert, millions of dollars have been lost in sewer contracts by the city within the past twenty-five years. The disclosure in the investigation now going on regarding the execution of sewer contracts in Notre Dame de Grace Ward are, it appears from remarks made by the controller, but a drop in the bucket, and it is only the expense and the labor which would be necessary that prevents an investigation of sewer contracts reaching back to 1890 and beyond.

BULL ATTACKS FARM HAND MAN'S CONDITION GRAVE

Canadian Press Despatch.
BELMONT, Ont., July 8.—Cecil Batsman, a farmhand in the employ of Wm. Legg near here, is in a critical condition as the result of being attacked by a ferocious bull. The man was charged upon by the animal while working in a field. He was knocked down and trampled on, his face being terribly lacerated. He was also injured internally and rendered unconscious.

One of the most conservative estimates they have yet put forward was when today a prominent Conservative said that at the worst they admitted the opposition might carry 17 seats, leaving 33 to the government. These 17 seats include every weak government constituency and allow the Liberals three of the six Winnipeg members. On the other hand the opposition claim they are going to win out. The government morning paper today featured a report that Mr. Norris, the Liberal leader, had privately admitted he stood no chance. Mr. Norris announced this afternoon that this statement is false. On the contrary he believes there is going to be a change.—The Roblin government is going to be beaten and badly beaten on Friday," he added.

Canadian Press Despatch.
SARNIA, Ont., July 8.—That Toronto is the clearing house of the Chinese smuggling traffic in Canada, with Sarnia, Windsor and Niagara Falls the shipping points, is the conviction here. The report from Saginaw, Mich., of the unearthing there of the headquarters of one of the biggest Chinese smuggling syndicates on the continent is credited in this city.

Sarnians are quite familiar with the smuggling methods locally. One of the Chinese agents arrives in the city and starts a laundry. In a few days five or six of his countrymen join him. These disappear in a day or two, powerful motorboats and big automobiles being as a rule called into play to land the "visitors" in Port Huron. The agent then gets out, selling his laundry to another, who repeats the trick.

The Celestials who desire to enter the United States are, it is reported, shipped from Hongkong to Vancouver, thence to Winnipeg and Toronto, everything being done in a most systematic and businesslike way. From Toronto they are sent in batches to either Sarnia, Windsor or Niagara Falls.

WINNIPEG, July 8.—The provincial election campaign reached its penultimate stage tonight, but in the city here public meetings will be carried on right up to the eve of the polling. Tomorrow night Mrs. Nellie McClung, whose personal campaign has been possibly the most noteworthy feature of the fight the opposition has put up is to address another meeting here. It is the first time that a woman has made any sort of mark in Manitoba politics and this fact alone, outside of her strong personality, attracts big mixed audiences wherever she speaks.

The government forces are as confident as ever that they will sweep the province. One of the most conservative estimates they have yet put forward was when today a prominent Conservative said that at the worst they admitted the opposition might carry 17 seats, leaving 33 to the government. These 17 seats include every weak government constituency and allow the Liberals three of the six Winnipeg members. On the other hand the opposition claim they are going to win out. The government morning paper today featured a report that Mr. Norris, the Liberal leader, had privately admitted he stood no chance. Mr. Norris announced this afternoon that this statement is false. On the contrary he believes there is going to be a change.—The Roblin government is going to be beaten and badly beaten on Friday," he added.

York County and Suburbs of Toronto

ALDERMEN'S WORK MUCH APPRECIATED

Ossington District Ratepayers Express Their Satisfaction.

BREATHE MORE FREELY

Think That Incinerating Plant Should Be Near Abattoirs.

At a special meeting of the Ossington District Ratepayers' Association, held in McMurich School last evening, the following resolution was adopted: Moved by Mr. A. R. Chessman, seconded by Mr. William Greer, "Resolved, unanimously, that the Ossington District Ratepayers' Association desire to express their hearty appreciation of the services of Ald. Meredith, supported by Ald. Graham and Ald. Dunn, for the very able manner in which they presented the objections of the local property owners and ratepayers to the incinerator scheme for Ossington avenue, which was proposed by the street cleaning department. The association further desires to record their appreciation of the consideration and support given to the deputations which approached the city council and commended the fair-mindedness of the members of the council who by their votes gave their support in defeating this scheme."

Mr. Blackburn, on behalf of the Property Owners' Association of the city, assured the meeting that all accounts were cleared up and that the incinerating plant and stables would be paid by them, as the matter vitally affected the property owners of the district, as well as the residents.

G. T. Wilson of Hattiesburg, Mass., U.S.A., in which city an incinerating plant is operated, said that before the City of Hattiesburg had sanctioned the erection of the plant the builders commenced operations, and they were worked satisfactorily, although it had a large smoke stack, which was supposed to carry off the odors. "When the wind blew from the stack it gives off a mighty strong smell." For months, however, no smell arises, but this is explained by the fact that that part of the country there is very little wind for considerable periods.

Excursion was taken by the meeting to a photograph of the proposed incinerator site in an eventful manner, which does not show the property to advantage. This photo omitted three houses and an apple orchard, which were not included in the plan, and it was thought by the members, would considerably add to the \$75,000 estimated by the city council as the probable cost.

Beard Broke Promise. Another point also discussed was the failure of the board of control to pay a visit to the district, after stating they would do so. After considerable discussion the meeting decided that the incinerator plant and stables ought to be placed to the south of any of the wards, where the railway yards, abattoirs and works are situated, and not in the north, where people are building homes.

A letter was read from Sir Adam Beck in which he promised to try and arrange for Hydro accounts being paid at local banks.

Another letter was one from Geo. H. Gooderham, M.L.A., thanking the association for passing a resolution in support of his bill regarding city bylaws.

STOFFVILLE

Dr. Ira Freal is spending this week at St. John, N.B., attending the Dominion Medical Association. The doctor will be in his office again on Monday morning, July 13.

The road between Markham and Whitechurch townships is at last receiving needed attention and is now presents a very pleasing appearance.

Picnics are the order of the day, the Methodist S.S. holding their annual on Wednesday afternoon, and the Presbyterian S.S. today, at Musselman's Lake.

FAIRBANK PRESENTATION TO REV. A. K. GRIFFIN

At the combined annual picnic of St. Clement's Anglican Church, Eglington, and St. Clement's Mission, Bedford Park, the Rev. A. K. Griffin was presented with a gold watch and chain and illuminated with a mantle of esteem and in recognition of his valuable services during the years he has been connected with St. Clement's. As the college is to be removed to Brampton, Mr. Griffin will have to sever his connection with St. Clement's and the Bedford Park Mission, of which he has had charge since it was inaugurated five years ago.

The presentation was made by G. E. Hall and S. G. Robins, and Mr. Griffin, in a short address, expressed his regret at having to relinquish a field of work which had so many happy associations for himself and Mrs. Griffin.

NORTH TORONTO LADY FELL FROM RADIAL CAR

What might have been a serious accident occurred on Yonge street, at 10.35 last night when Mrs. Wenwick, 2109 Yonge street, was thrown heavily to the ground, sustaining a fracture of a north-bound Metropolitan car at Eglinton avenue.

It appears that the car started before she reached the ground and caused her to miss her footing. She was taken to the office of Dr. W. L. Bond, and after being treated for a scalp wound was taken to her home.

RUNNYMEDE

The Church of the Advent (Runnymede), held a very enjoyable picnic to Centre Island on July 7. About 120 children and parents took part in the affair. This is the second picnic run by this growing little church, and everyone voted it a great success. The party was in charge of Rev. F. J. Lynch and H. Newton Smith (assistant).

CORONER'S INQUEST HELD AT MARKHAM

Inquiry Into W. Lehman's Death Adjourned Till Monday.

AUTO RAN INTO BUGGY

Lehman Was in the Car and Was Hit by Shaft of Rig.

An inquest was opened at Markham yesterday night before Thomas Dr. J.A. Macdonald, into the death of William Lehman, who died yesterday morning from injuries received in a collision between a rig and an automobile, in the village at 10 o'clock on Monday night.

Mr. Lehman was seated on the rear seat of the automobile, and while the rig escaped the direct blow of the collision, one of the shafts hit him on the head, piercing his skull and propelling him from his seat. His body was found under the car after the accident and until the ground was discovered none realized that he was seriously hurt.

Dr. J. A. Macdonald did all that was possible to save the young man's life, but he died at 4 o'clock yesterday morning.

The auto belonged to Mr. Garland of the 7th concession, but R. McGill, a youth of sixteen, was driving when the accident occurred. Last night after the coroner's jury had viewed the body, the inquest was adjourned until Monday.

FUNERAL TODAY

William Lehman, whose father, Isaac Lehman, is a resident of Markham, was buried at 10 o'clock yesterday morning. The funeral will take place today at Markham Cemetery.

Yesterday County Constables Burns and Stevens visited the scene of the accident and took photographs of the place where it occurred, and secured other information and evidence for the crown.

EARLSCOURT NEWS

About seventy of the residents of the Earlscourt district, held an evening at the corner of Caledonia and Bant street to discuss the plan of putting down sidewalks and other improvements.

The following were appointed a committee to look upon the proposed plan: Messrs. Lewis, Swan, and other members.

Another point also discussed was the failure of the board of control to pay a visit to the district, after stating they would do so.

The road between Markham and Whitechurch townships is at last receiving needed attention and is now presents a very pleasing appearance.

Picnics are the order of the day, the Methodist S.S. holding their annual on Wednesday afternoon, and the Presbyterian S.S. today, at Musselman's Lake.

FAIRBANK NEWS

Messrs. Hood, Ellis, Arms and Kirkman were appointed a committee at the regular meeting of the Toronto Heights Social Club last evening, to make arrangements with the executive committee for a gala day to be held on the grounds Saturday afternoon, Aug. 15.

The secretary was also instructed to invite tenders from plasterers residing in the district for the plastering of the club house.

Old Fairbank Presbyterian Church will be sold at auction next Wednesday, July 15, together with a piece of land 100 feet by 211 feet, driving shed. The work on the new building is making good progress.

WESTON

The Weston Town Band will play from 8 to 10 this evening in the bandstand in the town hall park. A collection will be taken in aid of the band fund.

FAIRBANK

Fairbank Presbyterian Church Sunday School children, to the number of 125, held their annual picnic yesterday at High Park. Rev. Mr. Watson presided, and the picnic was most enjoyable.

DROWNED MAN WAS W. MICKIE, BAIN AVE.

The body recovered from the lake in front of the Exhibition grounds three days ago was identified at the morgue yesterday as that of W. Mickie, formerly of 85 Bain avenue.

PITTSBURGH FISHING PARTY

Members of the annual Canadian trip of the Keywaydin Fishing Club of Pittsburgh, Pa., spent nearly an hour in Toronto last night en route to Temagami, Ont., for six months' outing. The party, which included a five-car special train, arrived at the Union Station at 7.30 p.m., leaving at 8.30. The outing this year was declared, attracted more sight-seers than previously.

GRAIN IN STORE

WINNIPEG, July 8.—The following quantities are supplied by the railway companies, showing grain in store west of Winnipeg: Wheat, 2,895,490 bushels; oats, 1,558,410 bushels; barley, 352,880 bushels; flax, 294,180 bushels.

ROYAL TEMPLARS FORM NEW COUNCIL

Lodge Was Inaugurated in Runnymede District Last Night.

OFFICERS INSTALLED

J. E. Kerr Was Elected S.C., and Rev. T. J. Hind Warden.

The work of the Royal Templars of Temperance in Toronto West took another step forward last night when a new council was installed. The council was organized by Grand Secretary W. M. McMillan.

Runnymede Council No. 545, as the new lodge is named, commenced work with a membership of thirty-five, all of whom were secured during the past few months.

The following officers were elected and installed for the year 1914-15: S. C. J. E. Kerr; warden, Rev. T. J. Hind; V. C. Miss Pearl Workman; chaplain, Rev. E. B. Westhead; recording secretary, James H. Scudamore; assistant secretary, Miss May Workman; financial secretary, R. W. Donahue; treasurer, J. J. Mastrippe; herald, Wilfred Agg; deputy herald, Miss M. Laurie; pianist, Miss Fannie Ward.

The new council will join the Toronto Junction Council in a picnic in High Park on July 13.

A summons was issued yesterday by the police at No. 3 station against Thomas Johnston, a milk dealer of Downview, for cruelty to his horse. Johnston was driving past the intersection of Keele and Dundas streets yesterday afternoon, when F. C. Ide (17) noticed that both shoulders of both animals were raw and bleeding.

The officer stopped the horse and made the owner unharnessed, leaving the wagon in the corporation yards on Keele street.

SUNDAY SCHOOL PICNICS

The Sunday schools of two West Toronto churches held their annual picnics yesterday. The congregation of the High Park Methodist Church joined their Sunday school in an excursion to Niagara Falls, Ont.

The skul and portions of the skeleton of an Indian together with a piece of a building were discovered yesterday by Edgar Scott in the excavation for a building next to the Earlscourt branch of the Bank of Montreal.

Sunday School Picnics. St. David's Presbyterian Church united Sunday School and congregation picnic will be held at Bond Lake tomorrow, Friday.

Good program of sports has been arranged by the committee of management. A special feature will be the baseball match, to be played by the boys club against the St. David's Juniors, and the girls against the St. David's Girls. C. A. Mustard will accompany the party.

St. Chad's Anglican Church Sunday School children, with their parents and friends, held their annual outing at High Park yesterday. About two hundred were present. Sports and games were indulged in and refreshments were served by the ladies in charge. Rev. H. Smart accompanied the party.

TODMORDEN COUPLE CELEBRATE ANNIVERSARY

Mr. and Mrs. Alexander Miller of 142 Don Mills road, Todmorden, celebrated the sixty-second anniversary of their wedding yesterday. Both in excellent health notwithstanding their respective ages of 87 and 83 years. Mr. Miller came to Canada in 1847, and in 1850 and settled in Trenton, where he built a lumber mill. He lived there until nine years ago when he moved to Todmorden in Ontario. Both he and his wife might be near their children and grandchildren. Until 1899 Mr. Miller continued his active life as a merchant and lumber mill owner. He is now a resident of Gilmore's lumber mill, and later on had a farm near Trenton.

Congratulations were received by the happy couple yesterday from old friends and relatives. Mr. and Mrs. Miller had nine children, five of whom are now living. There are also four grandchildren and four great-grandchildren.

MIDWAY CONSERVATIVES DISCUSS ORGANIZATION

The matter of representation on the Central Conservative Association of Toronto was under discussion at the meeting of the Midway conservatives, held at the home of Mrs. C. A. Mustard, last evening. At this time, the organization maintains that it is entitled to representation on the central body. The Midway Association also decided to keep a list of names for any emergency which might occur, and are strengthening their ranks in preparation for a Dominion election. Joseph Russell, M. L. A., thanked the association for the solid support which they gave to his candidature.

EAST BUFFALO CATTLE

EAST BUFFALO, N.Y., July 8.—Cattle—Receipts, 100; active and steady; prices unchanged. Receipts, 75; active and steady; \$5 to \$11.50. Receipts, 1600; active; heavy, \$9 to \$10; medium, \$8 to \$9; light, \$7 to \$8; sheep, steady; lambs, higher; hogs, \$7 to \$8; yearlings, \$8 to \$9; weathers, \$6.50 to \$8; ewes, \$5.50 to \$6.50; sheep, mixed, \$5.50 to \$6.

PULP COMPANY PROFITS

The report of the Chicoutimi Pulp Company shows net profits in 1913 of \$260,178. In order to meet fixed charges and provide for the dividend for 1913, which total \$80,000, the credit balance from 1913 of \$95,555 was reduced to \$72,448.

Advised a Change

WASHINGTON, July 8.—A Chicago delegation headed by J. H. DeLoach, president of the Chicago Association of Commerce, interviewed President Wilson and urged that some changes be made in the administration of trust programs. DeLoach said that the administration had phases of industrial conditions were also discussed.

INTERESTING TALK ON OIL INDUSTRY

Torontonians Enlightened as to Possibilities of Calgary Fields.

Local Machinists Endorse Proposal to Avoid Clashes Between Unions.

Local machinists last night voted in favor of a proposal which is now being submitted to all metal workers and machinists throughout the continent, the purpose of which is to solve the present problem of jurisdictional strife, by amalgamating all the metal trades into one grand union, with district or divisional forms of government, such as exists at present in France, Germany and England.

The new industrial union or federation of crafts is expected to obviate the factional strife such as that now in progress between the carpenters and sheet metal workers engaged on the Union Bank construction, or on other projects. It is urged that the union is raising in almost every city on the continent, and owing to the changes in the process of the industry, it is likely to be the most successful of the kind.

Referring to the Calgary field he said that geologists were agreed that the Torontonians could find there what is known as "seekers have learned long ago that stratified sedimentary rocks bear oil. There is no use drilling in any other place. It has been known for years that oil existed in Alberta," he continued. He spoke of the lighter grades in the north and the heavier grades in the south.

Pincher Creek was mentioned as having been one of the first sites for drilling. He said that the product of the oil fields has been called "crude oil." He drew attention to the fact, however, that it is amber color. This indication of a tremendous volume near by.

Wet gas was associated with this petroleum. One thousand cubic feet of gas will produce five gallons of gasoline. It tests 90 Baume A. He illustrated the process of compression. The Torontonians will be able to yield 3 1/2 to 4 million cubic feet of gas, he said. He explained the theory of the refined oil coming to the surface. The oil is heavier than water, and it stays where near the present.

Mr. Dunham bespoke a wonderful future for the Alberta fields. He gave it as his opinion that it would prove to be one of the greatest fields the world has ever known.

Mr. Shultz described from maps the petroleum fields in the west. He pointed out the geological formations. The oil is heavier than water, and it stays where near the present.

NEW VENTURES WERE CHECKED IN LONDON

LONDON, July 8.—Money and discount rates were steady. The Bank of England secured more of the \$4,500,000 new gold offered in the open market. Trades on the Stock Exchange were irregular. Grain prices moved irregularly. Great Trunks, the continental favorites, and Macdonald and Oil shares had a good time.

American securities opened quiet and showed a slight covering advance. The market was very irregular. The first hour, later Denver and Rio Grande was weak, and the rest of the market moved irregularly, but closed steady.

DEBENTURE HOLDERS ACCEPT PROPOSALS

LONDON, July 8.—Southern Alberta Debenture holders have unanimously accepted the proposal to borrow \$1,000,000 from the Canada Loan Co. sharehold-ers are asked to appoint an advisory committee.

SHOULD LINK WITH LONDON.

MONTREAL, July 8.—Edson L. Pease, vice-president and general manager of the Royal Bank of Canada, states that in his judgment Montreal should link up with London house and stay with it, as it is not advisable to hawk debentures or bonds from banking house to banking house.

CHEESE BOARDS

CAMPBELLFORD, July 8.—There was 440 boxes offered; all sold at 12 1/2c. STIRLING, July 8.—At the cheese board 475 boxes were offered; all sold at 12 1/2c.

PATROL QUE.

PATROL QUE., July 8.—St. Paul Dairy board 350 boxes of cheese; sold to Hodgson Bros., Montreal, at 11 1/2c; and 400 boxes butter, sold to the same firm at 22 1/2c.

PETERBORO, ONT.

PETERBORO, ONT., July 8.—At the local cheese board 2140 boxes boarded; all sold at 12 1/2c.

AMATEUR BASEBALL

The fans of the Toronto Senior League will regret to learn of the decision of Frank Hillman to resign his post as umpire. His voluntary retirement will be a severe blow to the hustling organization, and should be decided to accept the offer of Hillman in the Canadian League will take with him a host of good wishes from the players in the Senior League. The regular weekly meeting of the league will take place at the Police House, Toronto, on Saturday, July 11, at 8 o'clock.

All Wychwood players of the Vermont League are requested to attend practice at 6 o'clock tonight at Vermont Park in name of the Vermont League. Practice with Vermont at 8 o'clock on Saturday. A full turnout is looked for.

There are two good games of ball scheduled for Saturday afternoon at 3 o'clock at the Victoria Hotel. The first game will be called at 3 o'clock with Gotta Percha playing Canada. The second game will be called at 5 o'clock with Canadian Order of Oddfellows playing Vermont. The league will meet at 8 o'clock on Saturday.

MEETINGS OF METAL TRADES

Local Machinists Endorse Proposal to Avoid Clashes Between Unions.

Engineers Agree For Three-Year Term

Stationary engineers have signed an agreement with the master brewers which secures union conditions for 46 brewery engineers for 3 years.

The amalgamation of unions will include sheet metal workers, blacksmiths, boiler-makers, machinists, brass polishers, iron workers, carpenters and joiners, who are organized in metal trades, electricians, plumbers, steam fitters and elevator constructors, boiler makers and others—more than 100,000 workers all over the continent.

Sheet metal workers and others in Toronto have not yet voted on the proposition.

Engineers Agree For Three-Year Term

Stationary engineers have signed an agreement with the master brewers which secures union conditions for 46 brewery engineers for 3 years. At the meeting of the union last night C. Jones, who has held the office of president for the past 3 years, gave up his seat in favor of the newly elected president, B. Doy. Other officers in the union are: W. Bond, vice-president; J. Harris, financial secretary; W. J. Fairlie, recording secretary; W. Beach, warden; H. H. Scott was again elected recording secretary; J. Jones, J. Walsh and J. Harris are the trustees.

Blames the City For Sewer Fumes

Managers of the Consumers Gas Co. blame the city workmen for causing the gas leakage in the Agyle street sewer where Robert Strathairn died last Tuesday. According to him the gas mains have been broken five times near the scene of the fatality. For future protection Works Commissioner Harris is considering the advisability of placing oxygen-supplying equipment at each manhole for use of workmen descending into the sewer.

Further details of the fatality reveal the fact that a great deal of credit in the work of rescue is due to warden Engineer M. E. McDonald, who by his plucky work in rescuing Millon and Strathairn, saved their lives to one instead of three.

FUNERAL OF TORONTO VICTIM.

LONDON, Ont., July 8.—A public service in charge of Canon Tucker, causing the late report of the funeral of Miss Ella Walker, 18, daughter of Rev. Dr. C. Walker, principal of St. Paul's College, this city, who was killed in an automobile accident in Toronto on Monday. The bell of the cathedral was tolled during the service.

CAPT. McDUGALL IS DEAD.

CORNWALL, Ont., July 8.—The death of Captain John A. McDougall of the Fourth concession of Lanocaster, occurred at his home today. He was in his 80th year, and was a member of the county council for many years.

CHICAGO MARKETS.

Ericon Perkins & Co. (G. G. Bagley), 14 West Erie street, report the following fluctuations on the Chicago Board of Trade: Open. High. Low. Close. Wheat—80 80 79 79 80; Sept.—79 79 78 78 79; Dec.—81 81 80 80 81.

July—69 69 68 68 69; Sept.—68 68 67 67 68; Dec.—67 67 66 66 67. Pork—10.07 10.10 10.07 10.05 10.07; Sept.—10.07 10.10 10.07 10.05 10.07.

MEANWILE TONIGHT AND SATURDAY.

Popular moonlight dances are held on the steamer Cayuga every Thursday and Saturday evenings, rain or shine. These dances are under the direction of Mr. and Mrs. Mosher, and are attended by the better class of people. There is an excellent band, and a success of these outings is enjoyable way of spending the warm weather evenings. The boat carries a particularly fine orchestra—Shells—while the latest songs are demonstrated by Mr. and Mrs. Mosher, who are unfailing courtesy, tact and willingness to oblige have done not a little to ensure success of these outings. Tickets are 50 cents, and may be procured from the Canada Steamship Lines, 46 Yonge street, or at the ticket office on the Yonge street dock.

HAMILTON HOTEL

Hotel Royal, 116 Front street, Hamilton, Ont. The hotel is a first-class establishment, and is well equipped with every modern convenience. The dining room is particularly attractive, and the service is of the highest quality. The hotel is a popular resort for tourists and business men alike.

Canada's Welfare Rests Upon the Western Crop

The condition of the crops in the Canadian West is a barometer that indicates the kind of weather big and little business in this country is going to have next fall and winter. If there's to be plenty of work and money in Toronto, it will to an extent depend on how hard the harvesters must labor to gather in the grain.

The next ten weeks in the West are fraught with great interest to everyone whose personal prosperity is synchronous with Canada's prosperity. You want the straight facts of the condition of the crops. You want to know where you are at. Then read the weekly crop reports in the Sunday World. They give the straight facts.

ACTION, NOT TALK DESIRE OF ULLSTER

Little Attention is Paid to Debate Upon Amending Bill.

London Associated Press Cable. LONDON, July 8.—The Belfast correspondent to The Times writes: "I suppose the people in England think that Ulster must be following the debate upon the amending bill with intense interest. That is not so. These debates attract less attention here than they do in England. They are not regarded as having any influence upon the situation. The final and deciding word is rather with the Unionists at Westminster than with the Liberals. It is with Devlin and Redmond and Dillon.

Breaking Point. "I am asked every time I offer to discuss the proceedings in parliament, what is the use of these speeches and offers and amendments? They mean nothing so long as the prime minister is in the power of men openly hostile to his country. "Already the greater of the province is for all practical purposes governed by Unionist volunteers, in defiance of the supposed authority of Premier Asquith. They have become an unconstitutional army which marches illegally thru the province with arms brought in against the law, and the premier admits he can do nothing. What if, in addition to the reality of power, the form of power should be seized also? The strain, as I have said, grows more galling. The leaders want to get back to their professions, and business men are impatient. They have got their rifles; they are asking when they are to use them. It is impossible for the 'wait-and-see' period to last much longer. The three cabinet ministers are more tautly; the breaking point is near."

WILL FURTHER WORK TO ASSIST BOYS

Methodists Decide to Co-Operate in This Task Throughout Country.

At the general board meeting of the Sunday School Young People's Societies of the Methodist Church, it was decided to co-operate in boys' work throughout the Dominion. The plan suggested by the Y.M.C.A. at the International Sunday School Association, Toronto, is to hold boys' conferences, promote the Canadian standard efficiency test and aid in the gathering of statistics concerning boys. Taylor Statten, national boys' work secretary of the Y.M.C.A. gave a forceful address and urged the board to take a larger interest in boys' work. Rev. S. T. Bartlett, general secretary, reported increases in every department. The Sunday school membership is now 460,000.

27-31 West King St. 28 Melina St.

How do you find business? We find it plenty well, that's why we're here. Mignon saute, Prince Orloff, frog legs, Orlando.

U. C. TRACT SOCIETY HAS LOST VALUED EMPLOYEE

The death of Mr. E. H. Nesbitt, bookkeeper of the Upper Canada Tract Society, occurred in his seventy-third year at his late residence, 428 St. James street, yesterday. Mr. Nesbitt had been connected with the above society for 25 years, during which time his services have been most invaluable. He was courteous, genial, and ever ready to place his services at the disposal of anyone.

WILL WIDEN FRONT STREET AT NEW UNION STATION

Toronto's new Union Station will be situated 50 feet from Bay Street, 50 feet from York and 75 feet from Front, and the latter street is to be widened 25 feet in order that an approach worthy of the building may be made. The ticket lobby, which will be entered directly from Front street thru two 25-foot entrances, will be 50 feet long and 84 feet wide. From this room a large doorway will lead to the waiting room, 230 feet long by 100 wide. All accommodations and conveniences possible for the comfort of the traveling public will be installed, the railway companies instructing the architects that "the best solution of the problem should be arrived at irrespective of cost."

THE OLD CHURCH IN THE SQUARE

Last evening the third of the Wednesday night open-air services in Trinity square was held by the rector of the church service and the hymns were shown upon a sheet stretched across the east end of the church, as was the several pictures appearing during the Rev. D. T. Owen's address. Enough members of the congregation were present to make the singing go with a swing, and the audience, which was in front of Yonge street, was reverent and attentive. Mr. Owen will speak during July.

AUCTION SALE OF USED AUTOMOBILES

Runabouts, Roadsters, Touring Cars, a Limousine, an Electric. All well-known makes, including the McLaughlin, Oakland, Overland, Regal, E.M.F. and Detroit.

Every Car in Good Running Order

They are taking up valuable space and MUST be disposed of WITHOUT RESERVE

An opportunity to secure a GOOD car at YOUR OWN PRICE.

The Sale takes place on Saturday, July 11th, at 10.30 a.m.

CHAS. M. HENDERSON & CO., Auctioneers.

MILITIA MINISTER LAUDED FOR STAND

Rev. Dr. McKay Approves Prohibition of Military Escort for Cardinal.

Hon. Sam Hughes, minister of militia, was commended yesterday for his attitude in the Cardinal Begin matter by Rev. Dr. McKay, editor of The Canadian Baptist. He said: "I recognize the full rights of the Roman Catholics to organize a procession to welcome their distinguished leaders, but it is an utterly unsound principle to use the country's troops for that purpose. I am sure that our Roman Catholic friends would have protested if, for example, the military had been called out to welcome Dr. Herridge home after he had been elected moderator of the Presbyterian Church in Canada at the general assembly at Woodstock. "The Presbyterians number less than half the Roman Catholics of Canada, but in a principle of this kind the difference between one million and two millions does not count. The situation is the same in each case, for Cardinal Begin is now the head of the Roman Catholics in Canada, and for the time being Dr. Herridge occupies the same place among the Presbyterians. "If the troops of Canada should constitute a guard of honor in the one case neither should they in the other, and it is idle for the Catholic papers of Quebec to claim that as a prince of the church, Cardinal Begin has a right to expect this honor. "Canada does not recognize any religious leader as having any right to special state recognition in the capacity of a prince of the church. "At the very beginning of the new cardinal's career our Catholic friends had better come to understand this, and the sooner they understand it the better it will be for the peace of the country."

COURSE DEFENDED BY ALD. MEREDITH

Stood to Gain by Laundry License, But Action Not Reprehensible.

While admitting that he had stood to make about \$154 if the city council granted a laundry license for the property he was trying to sell, Ald. Meredith thought yesterday that the mayor had made a ridiculous statement when he characterized his action as reprehensible and one that should be discouraged, because he had lobbied the members of the city council on behalf of the property owner. The alderman also said that while it might be true that he had attempted to obtain a situation as inspector in the street cleaning department for his father, he averred that almost every member of the city council had used their influence to secure civic positions for their relatives. The alderman will not ask for a judicial inquiry into the laundry license matter as far as he is concerned the whole matter will be dropped.

KINGSTON'S GALA DAY

KINGSTON, July 8.—The civic finance committee is arranging a special program for home-coming of Toronto old boys on civic holiday, July 27. The Kingston Kennel Club will have a dog show in Macdonald Park.

DROWNED WHILE FISHING

KINGSTON, July 8.—Henry Willard, son of Heaman Willard, Amherst Island, was drowned in Buck Lake, Alberland, when the boat in which he was fishing upset.

COL HUGHES AT BARRIEFIELD

KINGSTON, July 8.—Hon. Sam Hughes will inspect the cadet camp at Barrieheld tomorrow. He will then leave to inspect the cadet camp at London. There is a total registration of 1,828 at the local camp.

DR. COLEBRIDGE IS DEAD

Ingersoll ex-Mayor Passed Away at Woodstock.

WOODSTOCK, July 8.—The death took place here this morning at 8 o'clock of Dr. James Bruce Colebridge, former mayor of Ingersoll, and a lifelong resident of Oxford County. Dr. Colebridge had been ailing for some weeks and his death has been expected for some time. He was in his 36th year and survived by a wife, a ten-year-old son and a sister, Mrs. J. W. McDonald, of Ingersoll, and one brother, Dr. J. G. Colebridge of Detroit.

SAILING FROM HONGKONG

The C. P. R. steamer Empress of Russia sailed from Hongkong yesterday.

Muskoka Lakes

Rest, recreation, health--for all! There is no greater contrast to the hot, dusty and congested city than this wonderful "land of lakes and islands" with its cool, bracing air which serves as a tonic to the city dweller, or just restful lounging on shady verandahs. For the ladies--social gaiety, dancing, or again, just rest and ease. For children, wide, sandy beaches and romps in cool pine woods. For all, good fare and the boon of dreamless sleep in the bracing northern air.

The Royal Muskoka Hotel Leads

In all that makes Muskoka enjoyable. Fine golf links and tennis courts. Just 5 1/2 hours from Toronto. For rates, etc., write B. E. Laclair, Royal Muskoka P. O., Lake Rosseau, Ont.

ALLAN LINE ROYAL MAIL STEAMSHIPS To Liverpool - Glasgow - London - Havre. Take the Allan Line if you wish to enjoy the Ocean Voyages. These fine modern steamers are equipped with every convenience and luxury conducive to comfort and pleasure while travelling. A delightful journey from the commencement of the trip to the last hour on board. For rates, sailing dates and beautiful photographs booklets apply to local agents or THE ALLAN LINE, 86 King St., West, Toronto.

ATLANTIC CITY Cape May, Sea Isle City, Ocean City, Stone Harbor and Wildwood. \$15.25 July - 24 August - 21 Children Half-Fare - 28 Return in 15 Days including date of Excursion. Spend your vacation at the seashore--the most economical and most enjoyable you can have. Hotels and boarding houses from a dollar a day up. Tickets good for two weeks. Stop-over allowed at Philadelphia on return trip. Lehigh Valley Railroad See Ticket Agent at 48 Yonge St., Toronto.

CANADA STEAMSHIP LINES LIMITED TICKET OFFICE 46 YONGE ST. AND YONGE ST. DOCK. POLICE OFFICERS UNABLE TO FIND PUNGENT ODORS. Abattoirs are not the sole cause of the smells in West Toronto, and so, when Ald. Fyding asked the board of control that a health officer should be stationed all the time in Ward Seven he was told that policemen had so far failed to notice any pungent odors. The board is attempting to catch the smell when it comes and trace it to its source, and then curb the process of smell-making. The controllers decided to visit the baby clinics. DIED WHILE AWAITING TRIAL. While awaiting trial on a charge of vagrancy Tuesday night, Frank James, 32 years old, died of Bright's disease. The death was discovered yesterday morning when the man's name was called in the police court.

NEWS OF SPECIAL INTEREST TO WOMEN

MRS. PANKHURST AGAIN ARRESTED

Suffragette Leader Held Command of Her Forces for Only Brief Time.

COADJUTORS GO DOWN

Display Usual Violence and Hysteria When Arraigned in Court.

Canadian Press Dispatch. LONDON, July 8.—An end was put today to the brief respite in the militant suffragette agitation when Mrs. Emmeline Pankhurst, the leader, resumed command of the forces of the Women's Social and Political Union at their London headquarters. Mrs. Pankhurst, who reoccupied the offices at noon, was not molested by the police who they knew of her intention, and had threatened on duty in the vicinity.

Simultaneously with the reappearance of Mrs. Pankhurst a violent scene was created in the Central Criminal Court, where Mrs. H. P. Alice Hall, Miss Grace Roe, Miss Julia Jameson and Miss Ellen Armes, were brought up for trial for conspiracy. The charge against them was that of conspiring with others maliciously to commit damage and injury and to spoil certain real and personal property of the King subjects of our King.

The prisoners had been arrested on a raid on a street and at 11 o'clock, and in their rooms were found a new shrapnel grenade of very ingenious manufacture, coils of fuse, and plans of houses, with instructions how to reach them, and as to the usual movements of the police in the vicinity.

Made Violent Resistance. Miss Roe and Miss Hall, when brought into court, surrounded by women warders, refused to plead. They threw papers from the prisoners' enclosure and shouted a running commentary on their treatment in Holloway Jail. Also both of these prisoners complained of having been forcibly fed they made a violent fight, and it took two policemen and five women attendants to carry them out of court to the cells below.

When the judge decided to proceed with the trial in the absence of the two women Mrs. Hall threw herself to the floor and kicked several policemen, and it took some minutes to remove her. The other prisoner pleaded guilty.

Mrs. Pankhurst was, however, permitted to remain in active command of the militants for only a very brief period, as when she emerged from her headquarters to go to lunch the police pounced on her and took her to Holloway Jail.

Two Were Sentenced. Mrs. Hall and Miss Roe were sentenced to three months in prison, each. Miss Armes was found not guilty, and Miss Jameson was discharged for lack of evidence.

The accused created further disorder while Sir Horace Avory, the judge, was summing up, and friends of the prisoners shouted "You coward, you ought to be hanged." The court was, therefore, cleared.

Sydney Drew, the publisher of the "Suffragette," who had been found guilty earlier in the week of publishing articles inciting to acts of violence and arson, was sentenced to two months in jail.

ALGONQUIN PARK.

The attractions that are found in the Algonquin Provincial (Ont.) Park, situated 200 miles north of Toronto, and 176 miles from Ottawa, are an appeal to Canadians who desire to summer out in a district where health and pleasure abound.

Algonquin Park is 2000 feet above the sea level, has the best fishing in Ontario, including small-mouthed black bass, salmon trout, lake trout and speckled trout.

The "Highland Inn" accommodates 150 people and is situated on one of the most beautiful lakes in the park. If a more restful place is desired, "Nominigan Camp," situated on Smoke Lake, seven miles from the railway, is available, or "Camp Minnie" on beautiful Island Lake, 10 miles from the railway.

These camps are built of cedar logs, accommodate sixty people each, and offer unrivaled attractions in the way of fishing.

Those who require rest and city comforts in the wilderness are also recommended to these camps. Get a copy of the Algonquin Park folder, issued by the Grand Trunk, and see the nearest Grand Trunk agent and make your reservation for the summer, or write C. E. Horning, district passenger agent, Union Station, Toronto, Ont.

DUNNVILLE SCHOOL PRINCIPAL.

DUNNVILLE, July 8.—At a board of education meeting, H. C. Branford of Brownsville was appointed to the vacant principalship of the Dunnvill Public School.

(ADVERTISEMENT.)

To Overcome Sunburn, Tan, Freckles, Wrinkles

If your skin is unduly reddened, freckled or tanned, a liberal amount of mercuriol was on the face and allow it to remain over night. When you wash off the wax in the morning the skin is almost invisible particles of cuticle come with it. Repeating this daily, the entire outer skin is absorbed, but so gradually there is not the slightest hurt or inconvenience. Even the stubbornest freckles are removed, the underlying skin which forms the new complexion is so fresh and youthful-looking, you'll marvel at the amazing result. It's the only thing known to actually discard an aged, faded, muddy or blotchy complexion. One ounce of mercuriol was procurable at any drug store, is sufficient in most cases. If sun and wind make you squint and frown, you're bound to cultivate wrinkles and crow's feet. To overcome these quickly, bathe the face in a solution made by dissolving an ounce of powdered azoite in a half pint of water.

SEX HYGIENE IN SCHOOLS OPPOSED

Prominent Educationists of U. S. Fear Lowering of Standard of Morality.

Canadian Press Dispatch. ST. PAUL, Minn., July 8.—The teaching of sex hygiene will never be delegated to the American teacher, it can be prevented by the National Education Association. This was evidenced at today's session when speaker after speaker denounced such a course, and found themselves greeted with ringing applause.

"We should have nothing but the strongest condemnation for the wealthy clubwoman who has not time to teach her child the fundamental truths of life, and would throw the responsibility upon a teacher or a football coach," shouted Dr. Charles K. Kane of Minneapolis, supervisor of hygiene and physical training. "Such shiftness is outrageous."

Knowledge is Harmful. When the tumultuous cheering had subsided, he went on:

"Sex instruction placed on the same plane with spelling and arithmetic will rob it of all its sacredness."

"We talk about the inability of the poorer mothers to teach their children personal hygiene, but it is not for these children that we need to have all the fear."

"Knowledge never will compel purity. Sex instruction in schools will but tend to lower the standard of morality."

"If we take up sex hygiene in our schools, the homes of America will continue to be ground and will give up the few privileges they now have to train the children."

TRIED TO DESTROY BURNS' COTTAGE

Two Militant Suffragettes Endeavored to Desecrate Poet's Birthplace.

Canadian Press Dispatch. GLASGOW, Scotland, July 8.—An attempt to destroy the cottage at fish post, was born Jan. 25, 1873, was made just before daylight today, by two members of a militant suffragette arson squad.

The two women were surprised by a night watchman as they were in the act of placing bombs against the doors and windows of the poet's birthplace, which is venerated as a shrine by the Scottish nation. The man captured one of the militants, but the other escaped.

The women wore stockings over their shoes in order to deaden the noise and hide their footprints. The arrested woman gave her name as Janet Arthur. She created a noisy scene when arrested at the police court, fighting the wardens and using quotations from Burns' poems. She was remanded.

CHILD MORTALITY CONTINUES HEAVY

Greatest Havoc Wrought by Death in Institutions for Infants.

Despite the vigorous attempts that are being made by the local board of health to cope with infant mortality in this city, no less than 129 babies of less than one year died in June this year, as compared with 111 the same month last year. The total number of people who died in June this year was 45, as compared with 44 in June, 1913. Pneumonia claimed the largest number of grown folk and children. Institutions are the last home for one-third of the number of infants who die.

During the first half of this year 254 Toronto people died of tuberculosis, and all causes gathered in a harvest of 2586 from January to July, 1914. Contagious diseases have decreased their toll by more than 50 per cent. this year as compared with last. Congested homes for workers, lack of motherly knowledge, and female factory work contribute to the death list, according to the report issued by the board of health.

NEARLY ALL TUBERCULOUS SAYS SIR WILLIAM OSLER

LONDON, Eng., July 8.—Sir William Osler, regius professor of medicine at Oxford University, yesterday startled the huge audience attending the conference of the Association for the Prevention of Consumption by telling them that they were practically all tuberculous. He said:

"If with the aid of radium and a microscope I could look at the chests of the audience I am addressing, 99 per cent. of us I should discover a small focus or area of tuberculosis."

Sir William demanded in the interests of the state the establishment of rigid control over consumptives.

POLICEMAN RECEIVED A STRANGE REWARD

A hug and a kiss were the rewards bestowed upon Constable Harry Jones yesterday by a woman for services rendered in recovering her purse, containing fourteen dollars. The woman was Mrs. Sarah Friedlander. While being fruit from Joseph Pitocia, an Italian, the purse was missed. Mrs. Friedlander notified the officer, who located the Italian in an Adelaide street rooming house and recovered the pocketbook.

Upon receipt of the missing article Mrs. Friedlander threw her arms around Jones' neck and kissed him. Pitocia was sentenced to twenty days in jail.

DOCTORS TO WAR ON ALL QUACKERY

Medical Council Adopts Definition of Practice of Medicine.

IS WIDE IN ITS SCOPE

Legislation to Be Applied for to Enact it in Statutes.

The main item on the agenda of the afternoon session of the Ontario Medical Council of the College of Physicians and Surgeons yesterday was to resolve on a committee appointed at the morning session, to look into the question of the actual definition of the practice of medicine. The report read in part:

"Any person shall be held to practice of medicine within the meaning of this act, who shall:

(a) By advertising, sign a statement of any kind, allege ability or willingness to diagnose or treat any human disease, ill, deformities, defects, or injuries;

(b) Or who shall advertise, or claim ability or willingness to prescribe or administer any drug, medicine, treatment, or perform any operation, manipulation, or apply any electrical appliance for the cure or treatment of any human disease, defect, deformity or injury;

(c) Act as agent, assistant or associate of any person, firm or corporation in the practice of medicine as hereinbefore set out.

"Provided always that this section shall not apply to the practice of dentistry, or pharmacy, or the business of opticians, or vendors of dental or surgical instruments, apparatus or appliances, or the ordinary calling of nurses, or to the ordinary business of chiropodist, bath attendant or proprietor of such bath."

The report was discussed and adopted by clause and adopted by the council. A vote of congratulation was passed to Dr. Roddick of Montreal, for being knighted by H.M. the King.

Use of Term "Doctor." At the morning session the question as to whether anyone should be allowed to use the title "Doctor" caused a very heated discussion. Several of those present denounced "quacks" with much vigor.

"Why should we allow every Tom, Dick or Harry to assume the title of doctor and work to the disadvantage of the community?" was the question that Dr. Varden asked. He dealt extensively with the question as to what was the best method to be adopted in order to do away with this harmful practice.

Dr. Ryan complained of the way the question had been treated by the council in the past, stating that it either had no power or lacked backbone. He thought the council should be a commission was appointed by the government to examine the qualifications of all persons using the title.

Dr. Merritt, supported Dr. Ryan, pointing out that the time to act was now, as the trouble was spreading to large proportions. He stated, however, whether the medical profession was suffering very much from these unauthorized "doctors," but contended that the council should protect the public.

Dr. Gibson blamed the legislators for the trouble rather than the Medical Association, as they did not have the necessary power to stop the practice. He considered that the council should wait on the members of parliament, or appoint a committee to do so.

The officers of the council for this year are: President, Dr. J. H. Arthur, London; vice-president, Dr. J. S. Griffin, Hamilton; registrar, Dr. J. S. Bray, Toronto; solicitor and counsellor, H. S. Orlmer, Kitchener; secretary, John Fyfe, Toronto; official stenographer, George Angus, Toronto; treasurer, Dr. Wilberforce Aikens, Toronto.

ABOLISH TAXES ON MORTGAGES

PITTSBURG, July 8.—The abolition of taxes on mortgages and the establishment of an interest rate not exceeding five per cent. on mortgages thru the co-operation of the several states, was the subject of the seventh annual convention, which opened here today. Approximately 100 cities in the United States and Canada are represented. The convention will adjourn July 11.

A Real Flesh Builder For Thin People

A New Discovery. Thin men and women—that big, hearty, filling dinner you ate last night. What became of all the fat-producing nourishment it contained? You haven't gained in weight one ounce. That food passed from your body like unburned coal through an open grate. The material was there, but your food doesn't work and stick and the plain truth is you hardly get enough nourishment from your meals to pay for the cost of cooking. This is true of thin folks the world over. Your nutritive organs, your functions of assimilation are rusty out of gear and need reconstruction.

Cut out the foolish foods and funny savoury diets. Omit the flesh carrying rub-ons. Cut out everything but the meals you are eating now and eat with every one of these single Sargol tablets. In two weeks note the difference. "Stay there," fat should be the net result. Sargol charges your weak, stagnant blood with millions of fresh, red blood corpuscles—gives the blood the red blood power to deliver every ounce of fat-making material in your food to every part of your body. Sargol, too, mixes with your food and prepares it for the blood in easily assimilated form. An enrolment of gain all the way from 10 to 25 pounds a month while taking Sargol, and the new flesh stays put. Sargol is a scientific combination of six of the best fat-producing elements known to chemistry. They are 40 tablets to a package. They are pleasant, harmless and inexpensive, and do not produce indigestion or acidity. They are subject to an absolute guarantee of weight increase or money back.

THE NEW HOUSEKEEPING

BY MRS. CHRISTINE FREDERICK

TRAVELING WITH CHILDREN

WHILE traveling with children is difficult at any season, it is particularly trying in the heat of summer. Then the red plush seats are so hot, the dust and glare are hard on little eyes, the scenery and the choo-choo may interest the little folk for a time, I have found that it pays to carry with one tangible help for amusement. A set of very small wooden blocks, a box of wax crayons and sets of colored pictures to cut out, accompanied by their blunt-pointed scissors, will give employment to little fingers. Indeed if the trip is long it is best to get a table for a porter and let the child build and cut and color on this just as if it were at home.

A magazine or another toy easily slipped into the handbag, and there are many kinds of pictures with paste already on the back which will keep a child employed with delight.

Too many children are allowed articles of food when traveling that a strict home diet would certainly forbid. The ubiquitous peanut, popcorn and chocolate should not be given every time the train boy passes the seat. The motion of the car, the heat and the unusual excitement are in themselves enough to make a child fretful without trying to appease its stomach with such food between meals. But it should be allowed to have all the water it can drink. And so the first article for mother's handbag should be a collapsible drinking cup so that little Johnny will not take the risk of drinking from a public cup if there should be one on the train, in waiting room or elsewhere.

Next, if the journey is at all long a small hair pillow will do much to make a restless child comfortable, not feathers, because they are too hot, but a light, cool pillow which will help make uncomfortable seats more comfortable for fretful little people. Such a pillow can be slipped either in a linen case on the outside of the suit case, or carried in the suit case itself.

The various vacuum bottles are excellent also for containing milk and other beverages which cannot be secured along the route. Small alcohol lamps too would be excellent to warm food on occasion. Try in every way to keep the children from getting excited and do not make the mistake of thinking that they can remain seated comfortably a long time. A little walk thru the car, few minutes in the vestibule, will repay the trouble. If they are used to definite maps and eating hours, try to keep the schedule; change the regular routine as little as possible.

The various vacuum bottles are excellent also for containing milk and other beverages which cannot be secured along the route. Small alcohol lamps too would be excellent to warm food on occasion. Try in every way to keep the children from getting excited and do not make the mistake of thinking that they can remain seated comfortably a long time. A little walk thru the car, few minutes in the vestibule, will repay the trouble. If they are used to definite maps and eating hours, try to keep the schedule; change the regular routine as little as possible.

THE VARDEN CONDUCTED BY R. T. TOULD

FLAME FLOWER

Red-Hot Poker Plant. Flame flower always goes into polite society under the botanical name "Tritoma pinnatifida," a name which probably does not convey so much to the amateur as "red-hot poker plant," or flame flower will convey.

It is yet too early in the season to see the torch lily, another name by the way—in flower, since the bloom-time is from late in August, thru September and late into October.

But several correspondents have been inquiring about this plant, and so I wish those amateurs who are not acquainted with this entirely out-of-the-ordinary plant, to be on the lookout for its meteor-like beflowered spikes.

The plant is one of our very best choices for the garden, and may be grown from seed. In time long arching leaves, stiff and lance-like form a thick tuft, from the centre of which rise several spikes two, three and four feet high, each one of these stems crowned by an eight or ten-inch spike of tubular blossoms hanging downwards. The flowers are of a scarlet-red color, and are very showy.

This cylindrical spike of blazing blossoms forms one of the oddest sights of the late garden, and is entirely unique in its effect.

When the plant is grown in clumps the effect of the gleaming torches, stiff amid the lance-like leaves, is unforgettable.

Torch lily is not by any means so well known among our gardeners as it should be. For lighting up corners or shady spaces beneath trees, it has no equal. As a clump plant at the back of the herbaceous border it has no equal. As a plant for spectacular effect it has no equal. And as a plant for tickling the observant eye it has a fascinating air of mystery that coaxes a close study of the whole plant.

The roots should have the best kind of mulching from early winter until late in the spring.

When these plants are planted in especially favorable situations where the full benefit of sun and air and rich soil can be utilized, the startling effects produced cannot be described.

DANCING AT HANLAN'S.

One of the most popular features at Hanlan's is the Palais de Danse. Every lover of dancing should pay a visit to this establishment, where a most enjoyable evening may be spent.

TWO YEARS FOR ROBBERY.

Two years in the Kingston Penitentiary was the sentence imposed yesterday upon Michael Ryan for breaking into the shop of William Conlin, 183 1/2 West King street, Tuesday night. The man, the police say, had a record for breaking into liquor shops. The shop he entered, the police said, was next door to a liquor store.

FOREST SCHOOL.

The Forest School in High Park will have temporary accommodation completed by Monday. A gang of workmen are rushing the building. Dr. Struthers is expected back from St. Paul in time to officiate at the opening ceremonies.

HEBREW PRESIDENT.

At the organization meeting of the Hebrew Citizen Alliance of America, held at Brooklyn, N.Y., Rev. S. B. B. hold of Toronto was elected president.

J. F. Babcock of Dallas Chamber of Commerce Visits Toronto. SEES MUCH ENTERPRISE

Texas-Says Municipal Offices Are Better Than in United States.

Toronto is far more enterprising than American cities of similar population, according to J. F. Babcock, secretary of the Dallas, Texas, chamber of commerce.

The fact that Toronto is building two new skyscrapers at Yonge and King streets suffices to show the financial conditions must be above the average.

Today I visited the municipal buildings and the public offices of the city. I found them equal to if not many instances better than those in the United States for cities of the same size.

BROOKVILLE REGATTA.

BROOKVILLE, Ont. July 8.—The Brookville Rowing Club has just concluded a very successful midsummer regatta, in which nine crews competed. The final narrowed down to the four stroked by Adiel Stacy and J. Curran, and after a beautiful race the trophies were captured by the former, who had a length and one-half to spare at the finish. In the boat with Stacy were Walton, Condit, and White. Curran was supported by Garrett, Morrison and Graham. In all winners took six heats in the regatta, including a disputed one which was raced a second time.

The new working boats were used for the first time and gave great satisfaction. The club will likely be represented at Canadian Henley with a couple of fours.

KENTUCKY HORSE TAKES THE DERBY

Dr. Samuel, at Long Price, Beat the Cracks at Fort Erie.

FORT ERIE, July 8.—One of the largest crowds of the meeting turned out today to witness the running of the Canadian Derby. The race was won by a Kentucky horse, Dr. Samuel, owned by W. T. Croftwell. He was one of the outsiders in the betting, 5 furlongs, from his field at the end, to win easily by two lengths from Tippecanoe, who was a length and a half in front of David Craig. The winner ran the race in the good time of 2:04 3/5. Black Tony, fresh from Linton, was made favorite by the books, and heavily backed by the Kentuckians, who looked upon him as a sure winner. In the race Black Tony was first to show and set a merry pace to the middle of the back stretch, where he began to tire. Dr. Samuel took up the running from there and set sail for home, with Tippecanoe and David Craig close up. The latter was shut off on the top turn when he tried to go thru and lost many lengths. Looking for a pull up and go around his field. Turning into the stretch Dr. Samuel was still in front and had his field well beaten and Jackey Connolly had only to sit still to win, going away, by two lengths. The surprise of the field was the good race run by Tippecanoe. This colt has improved in each race that he has started in and was the second best in the derby today at the weights. David Craig, under his heavy impost, ran his usual honest race, but could not give the weight today. He had no excuse. Black Tony was fourth and Water Bars and Sand Bar were beaten off.

Cleaning and Pressing - THE TORONTO Dyeing, Pressing and Finishing Co., 164 Yonge, Phone 260.

MONEY EXCHANGE BONDS STOCKS COMMERCE METALS EXCELLENT CROP REPORT HAS LITTLE INFLUENCE ON STOCKS

STOCKS DID NOT RALLY ON REPORTS

Crop Report and French Loan Have No Influence Locally.

MORNING WAS BUSY

Nipissing Goes Down—Pressure on General Electric—Banks Active.

Weakness in two foreign issues featured the local market yesterday. This characteristic was not confined to these issues entirely, however. General Electric was down. The morning session was quite busy. Not so this afternoon session. Most of the trading in the three stocks mentioned was done in the former sitting.

BRASILIAN DOWN

Barcelons continued weak. It touched a new low record. Selling at 19 indicated a loss of 2-8 from the opening figure. General sales were made at 3-4, but the close was at 19 1-2. Some 500 shares changed hands.

MINING STOCKS

In the mining stocks selling was confined chiefly to Nipissing. This issue declined 20 points from the opening, which was 600. After a small lot sold at the price, 550 prevailed. Hollinger sold in small lot at 1200. Dominion Steel brought 23 1-8. Twin City held at 165.

RAILWAY EARNINGS

Detroit-United—Change Third week June 22,000 Jan. 1 to date 232,700 Ont. and W. Ont. 201,961 Net for May 113,914 Southern Railway 201,961 Third week June 24,387 Month of June 23,985 Decrease. Increase.

EXCITED DEMAND FOR TWO LEADERS

Tramway and Power Were Features on Montreal Exchange.

MONTREAL, July 8.—An excited demand for Tramway and Power in the unlisted department overshadowed all features of today's business. Increasing confidence in the franchise agreement and the belief that an early settlement will be reached between the city and company were apparent. The influences still at work in the market, for the shares and stock were well on in the afternoon, when profit-taking checked the advance after the price had touched 52.

TRANSACTIONS LARGE

Transactions were on a larger scale than in any stock in the market this year, the turnover being only 750 shares short of reaching the 10,000 share mark. Tramways common, the security of the operating company, concurrently rose 11 points to a new high of 280 in the big market.

COPPER ON HAND

Copper Producers Association reports stock on hand July 1 \$106,110,662 against \$84,712,541 a month ago.

U. S. Government Estimates Big Increase in Wheat Acreage.

WASHINGTON, July 8.—The department of agriculture today issued its July crop report as follows: Winter wheat, area planted, 36,387,000 acres, compared with 31,499,000 acres last year. Condition 84.1 per cent of a normal, compared with 82.7 per cent, 1.48 per cent on July 1, 1913, and 1.54 per cent on July 1, 1912. Indicated yield 18.5 bushels per acre, compared with 16.5 bushels last year and 15.5 bushels the average for the past five years. Estimated total production 655,000,000 bushels, compared with 525,000,000 bushels the June forecast, and 441,000,000 bushels the average for the past five years.

CORN YIELD HEAVIER

Condition of Crops is High Percentage of Normal—Oats Under.

WASHINGTON, July 8.—The department of agriculture today issued its July crop report as follows: Spring wheat, area planted, 17,900,000 acres, compared with 18,485,000 acres last year. Condition 92.1 per cent of a normal, compared with 95.5 per cent on June 1, 75.8 per cent on July 1, 1913, and 84.4 per cent on July 1, 1912. Indicated yield 15.3 bushels per acre, compared with 13.0 bushels last year and 13.3 bushels the average for the past five years. Estimated total production 275,000,000 bushels, compared with 252,000,000 bushels the June forecast, and 239,519,000 bushels last year and 245,000,000 bushels the average for the past five years.

MOVEMENT SPREAD

Usual Leaders Inclined to Break Away—Bonds Were Easier.

NEW YORK, July 8.—Persistent selling of the various securities which represent the Gould system of railroads, at heavy recessions, was the outstanding feature of today's stock market. Missouri Pacific issues, including the stock and four per cent collateral and five per cent convertible bonds, sold at lowest quotations reported in many years—some selling at absolutely the lowest records.

PRICE OF SILVER

In London yesterday bar silver closed 1-16d lower at 25 7-8d per ounce. In New York commercial bar silver was 55 1-4c. Mexican dollars, 44c.

MARKED EX-DIVIDEND

Hollinger Mines, 3 per cent.

NEWSPAPER DIGEST

NEW YORK, July 8.—Times—The financial community is giving more thought to favorable possibilities.

AMERICAN STOCKS IN LONDON

Canadian Pacific to acquire Lake Erie and Northern Railway. Leather manufacturers convention says prosperity is nation-wide.

MONEY AND EXCHANGE

Glasebrook & Cronyn, Exchange and Bond Brokers, report exchange rates as follows: Buyers' Sellers' Counter.

PREDICTS DECISION THIS WEEK

NEW YORK, July 8.—According to information of one of the most powerful of the eastern sources of knowledge, there is a chance of the rate decision being handed down this week.

TRUST COMPANY WILL BE DECIDED ON SOON

OTTAWA, July 8.—No choice has yet been made by the government of the trust company which will act as trustee for the bondholders in connection with the \$41,000,000 guarantee of bonds for the Canadian Northern voted by parliament last session. The trust deeds and guarantees have been framed and the other formalities are closed up. A decision as to the trust company which will act in the matter is likely to be ordered in a few days.

Predicts Decision This Week NEW YORK, July 8.—According to information of one of the most powerful of the eastern sources of knowledge, there is a chance of the rate decision being handed down this week. This authority does not believe that any advance in coal or coke rates will be conceded. It is also believed that the reason for the last delay in the issue of the decision has been due to the necessity of adjusting it to the new powers and limitations of the commission involved in the recent supreme court decision.

FARMERS BANDED TO RAISE STOCK

North Battleford Men Found
Co-Operative Enterprise
for Purpose.

ARE BACKED BY BANKER

Bank of Commerce Will
Advance Money to Concern
for Development.

The farmers of North Battleford, Sask., have founded an enterprise to promote the raising of stock. The organization is called the North Battleford Live Stock Company, Limited, and its purpose is to supply the farmer with stock, and to supply the farmer with stock, and to supply the farmer with stock...

The company is capitalized at \$25,000 with \$20,000 subscribed. Only five per cent of the subscriptions are paid up, but on the strength of the stock subscription the bank has agreed to loan \$10,000 cash against a \$20,000 subscription. This loan will be used for the purchase of live stock in carload lots.

A series of meetings have been arranged by the company throughout the district. Persons conversant with the lines of stock raising will speak, after which applications forms will be filled out by those farmers who desire to obtain stock. In this way it will be possible for the farmers to purchase live stock on extended credit.

STEEL NET DEFICIT.

NEW YORK, July 8.—The Lackawanna Steel Company reports for the quarter ended June 30 a net deficit of \$284,478 after all charges and expenses.

UNFAVORABLE SEASON CAUSES DELAY OF SALE

The midsummer sale of Holsteins held by the Belleville Breeders' Club last week was postponed until a future date. On account of the dry weather and uncertainty of the hay crop farmers are not anxious to add to their herds at this time of the year. There was to have been some ninety head of cattle put up for sale, but only about twenty-five were sold, the rest being held over until a more favorable occasion. The attendance was fairly good, but the sale in the afternoon drove a number back to town.

BALANCED RATION BEST FOR ANIMALS

A balanced ration is one in which each of the nutrients or the different food materials is present in just the right proportion and amount to meet the needs of the animal, says Prof. Francis of the Illinois College of Agriculture. If there is too much of either carbohydrates or protein, the excess becomes a waste; if there is too little, the need of the others present will not be used to the best advantage. There is a large difference in the amount of milk produced from a balanced ration. Dairymen fail to understand that quantity of feed cannot be made to take the place of quality and that there is a necessary connection between the nutrients in the feed and those in the milk; hence they are inclined to look on the cow as a machine which can turn out any kind of feed which she will eat into the constituents of milk. She can no more do this than a mason can build a house with sand and brick without lime or cement. She may and does change the form of the nutrients of the feed, but she cannot put into her milk what she does not receive in her feed. She will just so far as the material supplied her will permit, or up to the limit of her capacity.

The cow keeps the proportions of the constituents of her milk practically the same, and when one material is lacking the milk flow is limited by the need of this one material, no matter how much of the other nutrients may be present. With unbalanced rations the cows do not keep in good physical condition, and therefore cannot consume as large quantities of feed nor produce as much milk.

EXPRESS RECEIPTS.

NEW YORK, July 8.—American Express operating receipts from March show a decrease of \$252,528, the March deficit after the expenses increase being \$54,717. For nine months of the fiscal year the operating receipts show a decrease of \$2,100,595, the same nine months' operating income increased \$168,615.

SCOURS IN CALVES ARE PREVENTIBLE

Over-Feeding Greatest Cause
for Failure of Skim
Milk as Food.

The greatest difficulty experienced in raising calves on skim milk is to prevent indigestion, commonly known as scours. It had case of scours gives the calf a setback from which it recovers very slowly. It is much easier to prevent scours than to cure them. Certain precautions should be taken: Feed sweet, warm milk; do not overfeed; keep the feeding pails and mangers clean; keep the calf in clean quarters.

The calf's growth will be stunted if any of the above rules are violated. Often the first sign of common scours is foal-smelling dung. The bowels are usually very loose. The feed should be immediately cut back to one-half the usual amount. For two or three days add a teaspoonful per pint of milk of a mixture of one-half ounce of formalin in 1.5 ounces of water. After two or three days the milk given may again be increased to the usual quantity. When a severe case of scours appears, a pinch of 2 ounces of castor oil in a pint of milk may be given with advantage. This should be followed with the formalin mixture for several days.

Over-feeding is probably the greatest cause for the failure many farmers experience in feeding skim milk. It may cause scours and troubles that set the calf back for two or three months. Milk should be fed at the same temperature every day. If the milk is separated immediately after milking, it does not have to be warmed for the calf. It should be fed as near the temperature of 100 degrees F. as possible, especially with the young calf. Often severe cases of scours develop from feeding milk cold one day and warm the next.

Never feed sour milk to a calf accustomed to getting sweet milk. It is better to miss a feed or two than to upset the calf's stomach by such a change. Calves do not well on buttermilk if they are fed in it, although any change in kind of milk fed should be made gradually, and the calf watched for any diarrhea that may arise.

GETS PROMOTION.

C. C. Gambia, who has had charge of the coupon department of the bank of Montreal for a number of years, has been promoted to the accountancy of the branch at Fort William, Ont.

TRADE WAS SLACK PRICES DECLINED

Dulness Continued at Union
Stock Yards The Receipts
Were Light.

LESS MEAT IS WANTED

Only Offerings Holding Firm
Were Choice Cattle —
These Were Scarce.

Receipts of live stock at the Union Stock Yards yesterday were 89 carloads, comprising 972 cattle, 1787 hogs, 2911 sheep and lambs, and 222 calves. The fresh arrivals of cattle, of which there were fully 1000, together with those left over from Tuesday's market, would make up about 1400 all told. The bulk of them consisted of commons, medium quality, many of which should have been left on the grass for several weeks to come.

Good to choice steers and heifers sold at about steady prices, but common grass-fed steers and heifers, as well as cows, were slow sale, from 15c to 25c per cwt. The chief cause of this is the hot weather, which not only decreases the consumption of meat, but also ripens the many seasonable fruits which, to a large extent, takes the place of meat.

Choice butchers' steers, \$2.25 to \$2.45; good, \$2 to \$2.25; medium, \$1.75 to \$2; common grassers, \$1 to \$1.75; choice cows, \$1.75 to \$2; good cows, \$1.50 to \$1.75; medium, \$1.25 to \$1.50; common, \$1 to \$1.25; canners, \$1.50 to \$2; bulls, \$1 to \$1.50.

VEAL CALVES.

Prices were very firm, as the demand was greater than the supply. Choice calves, \$10 to \$10.50; choice extra new, \$8.50 to \$9; good cows, \$8.25 to \$8.75; medium, \$8 to \$8.50; common, \$7 to \$7.75; interior, \$6.50 to \$7.

REPRESENTATIVE SALES.

MOTION PICTURE PRODUCTION

One of the greatest of modern industries, that is world wide in its scope, whose field of usefulness is practically unlimited, that is of compelling interest to every one, and whose future possibilities can only be vaguely estimated.

Motion Picture Making is attracting the attention of capital everywhere.

The Analyst of June 22nd, the weekly supplement of The New York Times, one of the most conservative of the New York dailies, says: "The millions of persons who daily pay five or ten cents to go to moving picture shows do not realize that they have been instrumental in opening a new field for financial speculation or investment."

Recently three film companies with an aggregate capitalization of \$4,500,000 were floated by a stock exchange house. A few days ago a single enterprise was incorporated for \$2,000,000—an alliance between a large film production concern and some of New York's most powerful theatrical interests.

Wall Street's view of the new field was summed up by a member of one of the stock exchange banking houses that has had much to do with the financing of these enterprises. He says: "The Motion Picture business has grown tremendously, immense sums of money have been made in it. Therefore it is only natural that bankers should recognize the field as an inviting one. I cannot see why a business of this kind, if it is put on a good substantial basis, should not be regarded in the same light as an investment in the automobile or any other comparatively new but rapidly growing industry."

CENTURY FILM COMPANY

THE CENTURY FILM COMPANY of New York, recognizing the fact that there is plenty of room for another first-class producing company, patterned along the proper lines, have surrounded themselves with men of ability and experience, who expect to bring the new company to a most successful outcome. The company will specialize in feature films for which there is a wide and ready market. Its experts are scouring Europe and other countries for proper subjects. With its present equipment the company can produce two feature films a month, which alone should be sufficient to pay good profits on the small capitalization.

The Capitalization of the Company is \$300,000, All Common Stock

The officers and managers will serve without salary until the company is earning profits, and it is the

First Film-Producing Company

to offer its shares to the public at the popular par value of \$5.00 per share.

We invite subscriptions to the shares of this company at five dollars

Personal Information From the Alberta Oil Fields

Mr. Fred A. Schultz, Director of the Power Cities Investments, Limited, and of the Calgary, Alberta, Petroleum Company, Limited, Calgary, Alberta, is in the city, and is registered at the Queen's Hotel, room 202, where he will be pleased to give first-hand knowledge regarding the Alberta Oil Fields, and to supply complete data relative to investments throughout the whole section. Alberta is now a proven oil field. The most prominent geologists state that the field is not only proven, but that the general indications are so apparent that the results of development are beyond human estimate.

Mr. Schultz is here to give legitimate proof of the field. He is supplied with samples of Alberta Oil and full information regarding the field. This information is at your disposal, and no obligation whatever is attached. Owing to the fact that time is limited for this visit, he would appreciate it if you made a definite appointment by telephone.

RICE'S INDESTRUCTIBLE ANGLE STEEL FENCE

CHEAPER THAN WOOD
T. G. RICE WIRE MFG CO., 231 KING STREET EAST
TORONTO

calves, 150 to 180 lbs., at \$8.50 to \$9; 25
lambs at \$9.50; 30 sheep at \$8.50 to \$9; 1
doek hogs, \$5.40, fed and watered.

The Swift Canadian Company bought
220 cattle:
Medium to good, \$7.50 to \$8.15; good
cows, \$8 to \$8.80; medium cows, \$5 to
\$5.50; 60 calves at \$9 to \$10.50.

W. J. Neely bought on Tuesday and
Wednesday 100 cattle for the Matthews,
Blackwell Co.

Steers and heifers, \$7.50 to \$8.45; cows,
\$6 to \$7; bulls, \$6.50 to \$7.40.

Alexander Levrack bought for Gunn's,
Limited, 125 cattle:
Steers and heifers, \$7.55 to \$8.45; cows,
\$6.25 to \$7.25; bulls, \$6.75 to \$7.50; 123
lambs at \$9.25 to \$9.50; 50 sheep at \$8.50
to \$9.50; 60 calves at \$9 to \$10.50.

W. J. Neely bought on Tuesday and
Wednesday 100 cattle for the Matthews,
Blackwell Co.

Steers and heifers, \$7.50 to \$8.45; cows,
\$6 to \$7; bulls, \$6.50 to \$7; 100 lambs on
Tuesday at \$10 to \$10.50; sheep at \$8 to
\$8.50.

H. Puddy bought 1 doek of hogs at \$8.10
L. B. care.

Charles McCurdy bought 15 butchers'

choice steers selling at from \$8.50 to
\$9.75; good at \$8 to \$8.25; fair at \$7 to
\$7.50 and the lower grades at from
\$5.50 to \$6.50 per 100 pounds. The demand
for butchers' cows was better
than usual, and sales of choice stock
were made at \$7.50 to \$7.75 and the
more common grades at from \$5.75 to
\$7, while bulls ranged from \$5.50 to
\$7.75 per 100 pounds.

In sympathy with the decline of 5c
per 100 pounds for hogs in the Toronto
market, an easier feeling was evident
and prices ruled 1c to 2c per hundred
dressed lower. Demand was fair, and
sales of selected lots were made at \$9
per 100 pounds, weighted off cars. The
trade in small meats was fairly active,
and the tone of the market was steady
with no change to note in prices.

Sales of yearling lambs were at
\$6.75 to \$7 and ewe sheep at \$5.25 to
\$5.50 per 100 pounds, while spring
lambs sold readily at \$5 to \$7 each, as
to size and quality. The demand for
calves was good, with sales of milk
fed at \$2 to \$3, and good grass fed
at 54c per pound live weight.

LIVE STOCK PRICES STEADY, UNCHANGED

MONTREAL July 8.—At the C.E.R.
live stock market prices were steady
and unchanged today. Demand for
butchers for small lots was fair,
