## THE PEOPLE DROWNED WHEN STEAMER SANK NEAR OTTAWA

### TWELVE THROWN INTO RIVER WHEN STEAMER HEeled OVER THREE OTTAWA MEN RESCUED

Bodies of Captain Parchier and Patrick O'Brien, Both of Combermere, Recovered, and Seven Others Are Missing—Victims Nearly All Renfrew County Residents—Three Survivors, Commercial Travelers, Drifted on Spars to Island and Suffered Great Privation—"Mayflower," Buffeted in Gale, Sank Near Shore.

OTTAWA, Nov. 13.—(Can. Press)—Nine lives are believed to have been lost in the Madawaska River last night soon after 7 o'clock, when the old wheel steamer Mayflower, a small 50-foot boat, capsized and sank three miles out of Barry's Bay, after springing a leak.

Of the twelve people aboard, ten of whom were passengers and two members of the crew, three passengers, namely, Gordon Peverley, J. S. Imlach and J. M. Harper, all of Ottawa, and commercial travelers, who rowed out from Barry's Bay on an island about three miles down the river, in a very exhausted condition.

They were immediately taken to a near-by farm house, and there they are receiving every possible care and attention.

The dead body of Captain E. Parchier of Combermere, skipper of the ill-fated boat, was picked up by the search party near the shore, where the steamer is supposed to have sunk. His body had a life-preserver on.

The body of Patrick O'Brien of Combermere, a passenger, was also found on the island, where he died of exhaustion and exposure to the cold, after being thrown ashore by the surging waters with little life left in his body.

From the brief story that could be obtained at midnight from the three survivors, they say that the Mayflower sprung a leak soon after she left Barry's Bay. Her hold rapidly filled with water, and those on board quickly realized that death was imminent. There was hardly a moment to decide on how their lives could be saved.

A howling wind was sweeping down over the river, which is nearly a mile wide at the point where the boat sprung a leak, and the water was lashing the sides of the ill-fated boat with a vengeance. All around was black. Not a light could be seen anywhere. The boat began to lurch a little, a little more, and then terribly; then the old coal oil lamps went out by being crazed to the floor, and in a few minutes, when all was in darkness, the boat keeled over broadside and sank suddenly, throwing passengers, crew, freight, and all, of which there was a good deal aboard, and machinery into the icy water.

The three survivors were able to discern some spars of timber floating near to where they had been hurled into the water. Each tried to cheer the other with words of encouragement, and half-perished in water that was clogged with ice, and almost numbed to the point of unconsciousness, they drifted ashore, but more dead than alive.

CAPTAIN ERIN PARCHIER, Combermere, married, body floated ashore.  
PATRICK O'BRIEN, Combermere, passenger, proprietor of the O'Brien House, Combermere, married, leaves a widow and grown-up family; body found on island by search party.

G. P. BOTHWELL, 103 Nepean street, Ottawa, traveler for F. J. Castle Company, aged 27 years.  
J. C. HUDSON, Combermere, owner of the boat, married.  
WM. BOEHM, Combermere, tailor, married, leaves wife and family.  
MRS. MCWHIRTER, Fort Stewart, near Combermere, aged 80.  
WM. M. MURPHY, Rockingham, Renfrew County.  
L. DELANEY, Barry's Bay.  
ROBERT PACHAL, Yorkton, Sask.

M. J. HARPER, Alden Apartments, Ottawa, traveler for Canadian Consolidated Rubber Company.  
GORDON C. PEVERLEY, 56 Second avenue, Ottawa, traveler for Corticelli Silk Co.  
J. S. IMLASH, 29 1-2 Thornton street, Ottawa, traveler for General Supply Company.

MISSING (PROBABLY DROWNED)  
G. P. BOTHWELL, 103 Nepean street, Ottawa, traveler for F. J. Castle Company, aged 27 years.  
J. C. HUDSON, Combermere, owner of the boat, married.  
WM. BOEHM, Combermere, tailor, married, leaves wife and family.  
MRS. MCWHIRTER, Fort Stewart, near Combermere, aged 80.

#### Toronto Harbor Plans

Extensive plans and maps, with detailed explanations, will be presented to the board of control this morning by Secretary Alex. Lewis of the Toronto Harbor Commission, showing Toronto's harbor as it will appear when the contemplated improvements are made at an expenditure of ten or fifteen million dollars. These are the plans which were approved by the Ottawa Government last week.

#### Resignations

N. B. Colcock, Ontario Agent in London, and Samuel Price, Mining Commissioner, Have Left the Government Service.

N. B. Colcock, who has been in charge of the provincial immigration office in London, Eng., has tendered his resignation to the government. Mr. Colcock has been in ill-health for about a year, and on this account has been forced to take a rest. Sir James Whitney announced yesterday that the government expected to fill the vacancy shortly.

Samuel Price, who for some time has been mining commissioner for the Ontario Government, has resigned. He will be succeeded by T. E. Godson, K. C., of Bracebridge. The premier stated yesterday that Mr. Price had resigned for private reasons. Sir James Whitney would not discuss the report that Mr. Price would be given other work by the government.

#### EAST END STUB MAY STOP TODAY

Unless City and Railway Company Reach an Agreement Before Four o'Clock This Afternoon.

Unless the city and the Toronto Railway Co. reach an agreement before 4 o'clock today the Queen street east stub line will not be operated. The Ontario Railway Board, consisting of two members instead of three, on account of the promotion of Mr. Letch, met yesterday to listen to argument on the question. Mr. Ingram was chairman. "The Toronto Railway Co. will continue to operate the stub line until tomorrow midnight, and the board will adjourn until 4 o'clock tomorrow to give the two parties further time to come to an agreement," stated the chairman at the conclusion of the proceedings.

Corporation Counsel Geary applied for an order compelling the company to operate the stub line until the city was ready to take it over. H. S. Oiler, representing the company, pressed for the city accepting the proposal of the company that the city operate the stub at a payment of 20 cents per mile.

"Would you be prepared to pay 20 cents per mile?" asked Chairman Ingram. "No," answered Mr. Geary.

Harry Wright, representing the Toronto and York Radial Railway, said that his company would be prepared to operate the line provided the board fixed the terms. Acting Chairman Ingram said that "grave points of law" must be considered. He realized that the act made it quite clear that the board had authority to compel the Toronto Railway Co. to operate the line.

"But it is unreasonable to expect the board to reach a decision offhand," he said. "What has been said today does not clear the situation. But if the citizens have to work tomorrow the board will act. The service will continue until tomorrow midnight, and the board will convene again at 4 p.m."

Greatest Farce Comedy of the Day.  
The Cohen and Harris production of "Officer 468," which comes to the Princess next week, is said to be the greatest farce comedy of the day. Edward Aheles of "Brewster's Millions" fame and George Nash head the excellent cast which will be seen here. The seats go on sale today.

#### PRIZE CHRYSANTHEMUMS

Three of the best blooms at the Flower Show now being held at the Exhibition. These flowers are pink, being a rare variety known as Tarrytown.

#### Tumult Drowns Debate On Home Rule Measure

#### Wild Epithets Hurlled

#### "Auld Lang Syne," Started by Labor Member, Averts Free Fight, After Turmoil Has Put End to Discussion—Unionists Determined to Prevent Asquith Following Unprecedented Course.

LONDON, Nov. 14.—(Can. Press)—The Times' parliamentary correspondent says that the Unionist leaders, after the adjournment of the house, held a private conference and decided that unless the government finds a parliamentary way out of the difficulty created by its defeat on home rule amendment, the opposition will refuse to permit a continuance of the proceedings of the house of commons.

It is stated that the Unionist leaders have the warmest support of their followers in this policy and in their determination to prevent debate on the premier's motion to rescind Sir Frederick Banbury's amendment.

LONDON, Nov. 13.—(Can. Press)—The house of commons, the popular house of the "mother of parliaments" was the scene tonight of a riot over Premier Asquith's proposal to rescind the action of Monday, when the Unionists carried by a majority of 22 Sir Frederick Banbury's amendment, defeating the most important financial feature of the home rule bill.

The Unionists refused to permit the debate, and the Speaker was forced to adjourn the session on account of the disorder. This is an extremely rare necessity, and the situation is considered a critical one.

The Unionists almost unanimously threaten that they will continue to make business in the house impossible unless the prime minister accept the amendment or drops the home rule bill. They declare that his action is unprecedented and will be obstructed by unprecedented measures. Their object is to force the government to resign.

The uproar far exceeded that which stifled Premier Asquith's speech when he introduced the home rule bill, and has not been equaled since the free fight over Gladstone's first home rule measure. The ministers were taunted with epithets like "traitors," "spies."

Unable to Find Precedent.  
The substance of Mr. Asquith's motion was that the Banbury amendment be rescinded, "notwithstanding anything in any standing order of this house," and that the order of the house in respect to the home rule bill take effect as the Monday's proceedings had not taken place.

There is Big Money Offered on Page 2 for a Little Clever Thinking. Look Into It.

#### SEEK TO FORGE G. T. R.'S HAND

Governors Pothier and Foss Co-Operate in Bringing Grievance Before President Taft.

PROVIDENCE, R. I., Nov. 13.—(Can. Press)—Governor Pothier sent a telegram to Governor Foss of Massachusetts inviting the Massachusetts Railway Commission to join the Rhode Island Public Utilities Board in a conference with President Taft and other officials at Washington next week regarding the Southern New England railway situation.

Governor Pothier's message said: "Meeting in Washington next week, national convention railway commissioners will delegate Rhode Island Utilities Board to confer with President Taft, Attorney-General Wickersham and Interstate Commerce Commission relative to proposed blocking of Grand Trunk extension from Palmer to Providence. Will you instruct Massachusetts Railroad Commission to join the Rhode Island board in presenting this matter to government officials above named? Please wire reply."

Governor Pothier this evening delegated Attorney-General Rand, chairman of the Rhode Island board, to New York tomorrow and see President Chamberlain of the Grand Trunk Railway. The governor said he desired a definite statement from Mr. Chamberlain as to whether work on the Southern New England Railway is to be temporary or permanent.

#### GOING TO WASHINGTON

Ontario Men to Attend International Waterways Convention.

Four Toronto authorities on sanitation will visit Washington on Monday to attend the conference of the joint commission on the pollution of international waters, which will be in session there. They are Prof. Amyot, Dr. J. W. S. McCullough, Dr. Charles Hastings, and Dr. Nasmith. These men, who have collected data at different points along the Great Lakes such as Sarnia, Toronto and Kingston, regarding the way the waters are contaminated by sewage, will state their case before the commission. Representatives from American cities will also be in attendance to give their views on the problem.

#### FUR-LINED COATS FOR MEN.

It would seem a very unwise thing to wait until the snow flies before purchasing a fur-lined overcoat, especially as the Dinsien Company is showing some exceptional values in new designs just received from the workrooms.

Prices for mink-lined overcoats at Dinsien's start at forty-five dollars and up to one hundred and twenty-five dollars, with mink-lined coats at one hundred to two hundred.

#### PAINTER KILLED WHILE AT WORK

James Bilton Fell From Scaffold While Painting a Building at King and Dufferin Streets.

James Bilton, aged 56 years, 256 Westmoreland avenue, fell from a scaffold at the Metallic Roofing Company's factory, King and Dufferin streets, yesterday, and as a result of injuries received died in the Western Hospital a few hours later.

Eagle & Sons are painting the building, and Bilton, who is a painter, was working on a scaffold. In some unknown manner he missed his footing or stepped off the planks by mistake and fell to the pavement.

He was taken in a police ambulance to the Western Hospital, where it was found he was suffering from a fractured skull and he did not recover. Bilton was married and leaves a widow and family. Coroner Dr. Elliott will open an inquest in the morgue today.

Filthy Conditions Found In Local Lodging Houses Described by Ald. Wanless

In One House 100 People Live and Owner's Net Profit is \$4800 a Year—Proposal to Sell Tax Land on the Instalment Plan—Limit Working Age of Children—Longer Term for Controllers.

Filthy conditions, both from a moral and sanitary standpoint, which are a disgrace to an uncivilized community, exist alone a city of Toronto's importance, are allowed to exist in lodging houses in certain districts of the city of Toronto, according to Ald. Wanless, who stated at the legislation committee, which met at the city hall yesterday afternoon.

His description of visits to these houses was enough to make the members of the committee positively ill. He told of one house, in which 100 people, members of both sexes, were allowed to live, rented to a foreigner for about \$400 per year by one of the big railway companies. This man charged the poor deluded countrymen \$1 per week for room rent, thus making \$5200 per year, or \$4800 profit. When visiting this house, the alderman declared that the dirt and filth was amazing. The sanitary arrangements, too, were a disgrace. The alderman declared that the house was demoralizing to an exceptional degree. He told of people of both sexes who slept in one room, which was destroyed by the fire of young children. He also spoke of seeing a one-roomed house in which five families lived.

Limit the Number. The alderman's investigations were the result of a motion asking that the city seek power to limit the number of people living in lodging houses, as he wanted to see human beings treated at least on a level with animals, because the city had already passed bylaws specifying the amount of cubic feet to be apportioned to a horse in its stable, also the alderman declared that so much air space per bird in their coops. It was decided to ask council to seek legislation permitting the city to license all lodging houses; to limit them to a certain number of inmates, and to make them subservient to the medical officer of health.

The alderman wants all tramps and vagrants placed under the control of the authorities, to be located in some institution where they can be reformed. He stated that they are a menace to the whole country, and such moral degenerates should be kept out of the city's way.

Sell Tax Land. As to the clause which asks that land be purchased and sold to the deserving poor; it was decided to ask the city to sell its land obtained by non-payment of taxes on the instalment plan to the poor already passed. The alderman also proposed that interest, thus obtaining the proper taxes on the land, instead of waiting until the land is enhanced in value.

Boys Should Learn. "I am not in favor of such legislation," said Controller McCarthy, "because the most dangerous age of boys is the age of 13 and 14, and what will become of them if they do not work? I am opposed to evening employment. A child should learn to work before it reaches the age of 16. In the city homes there is not sufficient work to be found for the children, and it is necessary to be developing a new urban generation which does not know how to work. A boy upon reaching the age of 14 should be taught some kind of trade or profession to earn his living at later on. These matters will be more fully discussed by council members directly responsible for its quality."

Term for Controllers. The committee dispensed with two of the three clauses which went to make up the motion of Ald. Wanless, which if passed would have made two years the term of members of the board of controllers, and the terms of office of the board of control, to three years, and the alderman in each ward dropping out each year.

Vote on Bylaws. The mayor was present, and spoke in support of this motion, giving tenants and leaseholders the right to vote on all money bylaws, which will create revenue producing systems.

Of think the men who have so much to do with the success of civic enterprises, should have some responsibility in the creation and financing," said he. "Tenants and leaseholders contribute towards the success of the civic car lines, the hydro-electric system and the waterworks, both directly and indirectly, and they have a moral right to vote on such products, when the city is to eventually become possessed of an increment from their operation."

TRYING TO PAINT OUT A BLACK EYE

CLERICAL ORGAN FORMERS LIBERALS

L'Action Sociale Charged With Trying to Hamper Educational Reforms in the Province.

QUEBEC, Nov. 13.—(Can. Press).—A Liberal caucus of unusual interest took place this morning. Discussion centered on the consideration of what attitude the party would assume with respect to the threats made recently by L'Action Sociale, the clerical organ, which is controlled by Mr. Roy, auxiliary to Mr. Begin, Archbishop of Quebec. Certain members of the provincial government are very indignant concerning the journal in question, as they intend that its opinion are reactionary, and that it would hamper the government, if it could, in the matter of a reform, especially in the domain of education. They also describe the line taken by L'Action Sociale as an attempt to intimidate the Liberal party in anti-clerical.

There is no doubt that a section of the government supporters is in sympathy with Godfray's suggestions, and that they may be heard from later. Mr. Langlois did not attend the caucus.

The cause considered the advisability of calling the attention of the clerical authorities to the attacks of the journal, and asking them to take steps to moderate these menaces.

Mr. Hare pointed out that the consummation in the city of the kind of weather. This summer circle members received from one to three cents more per dozen for all their eggs than non-members by the advantage gained in co-operative selling. The members of the circle paid in Ontario County in favor of the poultry-keepers in from four to six cents per dozen for their eggs, while the non-members received 45 cents per dozen at their doors, the circle calling for their eggs in the kind of weather.

Prof. W. R. Graham of Guelph, F. C. Hart, representative in Waterloo, and Hugh Duff, representative in Grey, he held a number of others, also spoke. Mr. Hare, deputy minister of agriculture, presided. Last night's meeting was the first important gathering of the kind since the formation of the union.

Mr. Hare pointed out that the consummation in the city of the kind of weather. This summer circle members received from one to three cents more per dozen for all their eggs than non-members by the advantage gained in co-operative selling. The members of the circle paid in Ontario County in favor of the poultry-keepers in from four to six cents per dozen for their eggs, while the non-members received 45 cents per dozen at their doors, the circle calling for their eggs in the kind of weather.

TRYING TO BUY ROSEDALE FIELD COST OF DELIVERY RUNS UP COAL PRICES

Authority Gives Reasons Why Fuel Costs So Much More to the Consumer Than to the Dealer—Expects a Drop in the Price Early Next Year.

What The World hears is railway activity, but what operators declare is a residential subdivisional movement, is affecting several prominent properties in North Rosedale. Following the announcement of the consummation of the sale of St. Andrew's College comes news that a deal is all but closed for the Toronto Lacrosse Grounds.

The deal is not fully completed, so The World's informant says, for there are many things in its way. The company, or syndicate, that held it prior to the present owners got it by a deed of gift that prevented its sale. The prevention clause apparently has never been quite cleared away. With the grounds goes a liquor license that would have to be transferred. This is another obstacle. But the people after the property seem confident of ultimately acquiring it. There is a little to be said for the deal, as it would sell somewhere near \$14,000 an acre.

If secured, possession of the Rosedale field would probably be had next spring. Other smaller vacant properties in the near vicinity and which might be worked into a general subdivisional movement are under offer of purchase. The people negotiating refuse to give any light on their plans. The St. Andrew's College grounds, which are just to the north and adjoining the Rosedale field, were purchased by the Toronto Properties, Limited, for the purpose of building a school. The buyers are very reticent as to the purposes, but they say that they mean they will subdivide it in the spring.

John H. York Says He Gave E. B. Ryckman \$12,000 Security For Loan of \$1500.

John H. York, who was arrested on Tuesday at the instance of E. B. Ryckman, K.C., on a charge of obtaining \$1500 from Mr. Ryckman by fraud, appeared in the police court yesterday morning and was remanded for a week on \$3000 bail. To The World last night Mr. York stated that he will be able to vindicate himself in the trial, and will be able to prove that there was no fraud whatever in the deal between himself and Mr. Ryckman. He stated that he had a good many carloads already, and none of the fruit has sold for less than \$3 a barrel. By selling co-operatively farmers are able to put their fruit in the barrels of the parties that are paying the highest figures.

Mr. George A. Putnam, superintendent of Farmers' and Women's Institutions, was presented with a gold watch and chain by the former organization, for the 23 years of faithful service he has rendered the agricultural industry of the province. The presentation was made by N. Grose of Lefroy, and A. Grosh of Preston. Mr. Putnam, in replying, expressed appreciation of the work and support of the rank and file farmers in the institution movement.

In the course of a speech of a general character, directed more or less particularly to the attitude of the boyhood in the province, Mr. Putnam stated that the plan of reorganizing federal assistance to the provinces would be of a constructive nature, and that it would strengthen rather than weaken the individuality of the different institutions. He stated that he was a member of the Ontario Horticultural Society, and Miss E. Stover of Norwich also spoke.

OTTAWA DOESN'T RELISH CONTEST. The government is frankly annoyed by the unexpected contest in Hochelaga. The campaign, which it can last but a week, will cut into the time which the ministry had expected to devote exclusively to preparations for the coming session of parliament. There was no council meeting today.

OTTAWA, Nov. 13.—(Special).—The city deputation from Ottawa and Hull, which waited upon the prime minister at noon today, respecting the creation of a federal district, met with some plain talk, according to gossip current on the street tonight. Mr. Borden asked the press representatives to withdraw, and then told the civic deputation that he had a serious matter to bring to their attention. The government, he is reported as saying, was in receipt of representations from nearly every part of Canada, respecting the various epidemics which have raged there during the past five or six years.

WARNING TO CO-OPERATE

Hon. W. J. Hanna Declared That Middlemen Could Be Stripped of Unjust Profits if Farmers United.

The striking feature of the joint meeting in Convocation Hall last night of the delegates to the various agricultural conventions being held in Toronto, was the five minute address of Hon. W. J. Hanna, provincial secretary, in which he made a plea for farmers to unite in co-operative action to strip the middlemen of their unjust profits.

FAVOR POLICY OF HEALTH CENTRES

System of Caring for Children in English Cities Described by Miss McMillan to Local Council.

Miss Margaret McMillan of London, England gave an address yesterday afternoon before the executive of the Local Council of Women, at the Francis Willard Hall. Mrs. A. M. Heustis, president, was in the chair.

Miss McMillan described the new movement in England for the establishment of health centres in the large cities. It costs 76 cents a year per child to maintain the health centre. Last year the London County Council voted \$6000 to the health centre work.

It is his last budget Right Hon. David Lloyd George placed a vote of \$10,000 to aid in the establishment of the health centres.

The executive expressed sympathy with the work Miss McMillan had described. The treasurer's report showed a cash balance of \$29,077.

It was decided to follow up the work of last year for the changes in the Ontario Statutes to establish equal suffrage. The verbal changes in the various acts to substitute the word person for male, and adult for manhood, were specified, also that farmers' daughters should be placed on the same plane with respect to voting as farmers' sons.

A resolution, asking the board of education to place shower baths in the downtown schools, was adopted. A resolution was passed commending the action taken at the recent citizens' mass meeting, respecting the enforcement of the laws for the suppression of vice.

Rugby Practices in Heavy Going :: Bowling League Scores :: Hockey News, Gossip

Note and Comment

In two more weeks, or three at the most, Rugby will be a thing of the past for another year.

Next the hockey season will be with us, and we are making the ice this time.

Future athletic and concert events will be given in the Arena on a board floor.

While the big hero is being relegated to the background across the line, one of them was creating considerable interest.

Holland, the West End boy, started to box in the Y.M.C.A. at Brockton, Mass.

Many people have the idea that the scrappers must fight in their dressing rooms before and after their bouts.

Burke and Holland sure performed like mortal enemies while their conflict lasted Tuesday night, but it was different afterwards.

There was about a difference of twenty pounds in their weights, Holland scaling for the middleweight and Burke for the heavy.

John is not the first Holland prominent in local boxing circles.

George Bland, the B.U.A.C. instructor, who started to prepare the boxers for the benefit smoking concert.

Queen's Rugby Club, having been relegated to the scrap heap, it is now in order for the school of the year.

The two-year-olds which raced successfully in Kentucky up to June of this year were then taken to England.

The Hamilton Alerts have applied for permission to the O.H.A. to play in the senior and intermediate series.

The Penitents O.H.A. team met last night and the following officers were elected.

West Point Critics Say Thorpe, Arcasa and Guyon Are Stars of American Game.

WEST POINT, N.Y., Nov. 12.—After the great work of the Indian eleven here last Saturday, there are many who believe that the best all-around team of the year.

VARSITY BOATS LAST SHOW-OUT

Are Now Ready for McGill — Maynard in the Lime-light — Rugby Gossip.

Shipper Gosselin was at the helm of the good ship Varsity last night and steered her true thru the heavy sea.

It was a rough night at sea and every man of the good old vessel got a ducking.

The waves were not rolling, but the wetness was there all the same, and the squashed splashed up and down, thru the water and over it for a good hour under orders from the "Cap."

It was a grand workout for the blue and white crew, and Coach Griffith kept them at it despite the pools of water, which was inches deep.

Older hands were in the lead, and the little fellow, who was into every play with his old-time form and failed to show a sign of lameness.

The intermediates were out in force, and a lineup was set for Saturday's last workout before Saturday's game.

The wet ball was hard to handle, but there were few fumbles, and it was one of the best workouts of the season.

Varsity rosters are going to Ottawa in droves, and it is expected that 300 will make the trip.

Ottawa is taking kindly to the Intercollegiate play-off in that city on Saturday, and a big demand for seats has been made.

Varsity were not the only team to work a full turnout at the Annet's ground, and went at it hammer and tongs.

Coach Shaughnessy put the McGill squad thru a light workout yesterday afternoon at the Varsity stadium.

Ben Simpson has been agreed upon as referee for the Toronto-Alerts and McGill game at Varsity Stadium on Saturday.

The Penitents O.H.A. team met last night and the following officers were elected.

Steve Valc of Barrie, the well-known professional hockey and referee, is to referee the game at Varsity.

Hotel Kew-Forest, Ladies' and Gentlemen's Grill, with French, Imported German Beers, Plank Street, 113 p.m. Copied and sent to the O.H.A. Convention.

On a field upon which it was impossible to play football, Woodstock College representing Hamilton Collegiate.

A surprise was sprung at the stadium yesterday when it was rumored that P. J. Mackenzie had declined to act as referee.

WOODSORS HANG UP GOOD TOTAL

Spill the Wood For 1010 Count in First Game With Aberdeens — Bowling Scores.

There was some big pin-spilling in the Atheneum & League last night, when the Woodsors and Aberdeens hooked up.

The former went like a house after the first game and rolled up the big count of 1010.

They came back with a 510 game, and won the first two, but fell away the last, and the Aberdeens grabbed it out in a close finish.

The high score was put in by a close sponsor, who collected 618. Don Loose was second high, with 521.

In B League, Atheneums won all three from Bishops.

The Kodaks won two from the National Cash Register Company in C League.

In the Dominion Express Co. League, the Cracker Jacks won three straight from the Hiss Broom.

3. Seldon, 106 (Buxton), 12 to 1, 6 to 1 and 3 to 1.  
Time 1:45.4. Asconder, Montaigne, Cher Up, Henotic, Beach Sand and Granite also ran.  
THIRD RACE—Three-year-olds and up, purse \$200, selling, six furlongs:  
1. Sherwood, 114 (Small), 2 to 1, 6 to 1 and 3 to 1.  
2. Ruseaux, 108 (Minton), 2 to 1, 4 to 1 and out.  
3. Spohn, 111 (Turner), 2 to 1, 2 even and 3 to 1.  
Time 1:23.4. Chilton Squaw, Union Jack, Galilee, Thrifty, Elma, St. Regis, Cowd, Hoffman and Miles O'Connell also ran.  
FOURTH RACE—Lynnhaven Hotel selling stakes, value \$1000, all ages, one mile:  
1. Merry Lad, 116 (Gauz), 20 to 1, 8 to 1 and 4 to 1.  
2. Kormak, 116 (Glass), 7 to 1, 3 to 1 and 3 to 1.  
3. Hilarious, 113 (Small), 2 to 1, 1 even and 1 to 2.  
Time 1:40.2. Gates, Altamaha, War Horn, Iva, Blackford, Oro and White Wool also ran.  
FIFTH RACE—Lynnhaven Hotel selling stakes, value \$1000, all ages, fifty yards:  
1. Question Mark, 108 (Glass), 6 to 1, 3 to 1 and even.  
2. Nimbus, 112 (Turner), 3 to 1, 1 even and 1 to 2.  
3. Supervisor, 107 (Teahan), 2 to 1, 4 to 5 and 2 to 5.  
Time 1:42.4. First Peep, Lad of Langden and Haideman also ran.  
SIXTH RACE—Three-year-olds and up, 1 1/4 miles:  
1. Gardner, 106, 8 to 1, 11, 4 to 5.  
2. Donald Macdonald, 114, 4 to 5.  
3. Chester, 114, 9 to 5.  
Time 1:46.3. Manasseh, Plant, Deduction, Heize Rose, Lord Elam and Sir Cleges also ran.

**UNION STOCK YARDS HORSE DEPARTMENT.**  
The absence of trade from the northwest and demand from the lumber woods have a tendency to keep horse business almost at a standstill. Local demand being very light. Prices are also somewhat easier as a result of quiet markets. The unsettled state of the weather no doubt has some effect on business.  
However, a few odd lots are selling, among the buyers at Wednesday's sale being Canadian Express Company, City; Job Mullin, City; Wm. Leson, Max Croftan, Cochrane, Ont.; a pair of extra heavy draughts, at a fancy price; W. Menary, City; Jos. Bennett.

**NEW YORK STATE PACING  
MEN ELECTED TO CONGRESS.**

**NEW YORK, Nov. 13.**—At the office of the Jockey Club yesterday, and in racing circles elsewhere, there was great rejoicing at the fact that at the recent election in this state Mr. Robert H. Gitting, auditor of the bill last year which would have relieved directors from liability at race tracks where betting might be done, had defeated his opponent for congress by a large majority. Mr. Gitting ran ahead of both the national and state tickets, he received 8669 votes, while Mr. Butler received 2624 votes, and Mr. Butler received 818. Mr. Gitting's district embraces the so-called silk-stocking one taking in Buffalo, his majority was 1578. Mr. Lathrop Brown, also prominent in racing matters, was elected to congress from a district which took in a large part of Long Island and Staten Island.

Time 1:46.3. Manasseh, Plant, Deduction, Heize Rose, Lord Elam and Sir Cleges also ran.

**McGill Will Have  
Good Hockey Team**

That McGill is assured of a good hockey team again this winter was demonstrated at the annual meeting held yesterday. Ramsay Rankin, who played point last season, was chosen as the captain, and will have the majority of the old players back again. Norman Scott and Gray Mason are yet undecided as to whether they will turn out or not. Those who will be back are Billy Wilson, who played centre; Smith, who played right wing; Forman, who will likely catch a place on the team, while several likely boys will try for Goalkeeper. Warwick's position as he will not be back.  
L. Roberts, who coached the team a year ago, will be asked to do the same this season. He was largely responsible for the success, and under his direction the newcomers are sure to develop.  
The annual trip to the States was discussed, but no definite arrangements were reached. Several invitations have already been received, some of which will have to be passed up. The game with Harvard will be one of the fixtures.—Montreal Gazette.

**Windsor Boxer Is Outclassed  
by Frankie Burns and Lasts  
Only Three Rounds in  
New York Bout.**

**NEW YORK, Nov. 13.**—His jaw broken in a vigorous onslaught in the third round, Tommy Hudson, the bantamweight from Windsor, Ont., was unable to come out of his corner for the fourth round in his bout with Frankie Burns of Jersey City, at Brown's gymnasium.  
Hudson, short and stocky, and appearing heavier than the officially announced weight 118 pounds, had never before boxed in this vicinity. He was willing enough, but he was badly hurt, but he stayed out the round. Hudson asserted that Burns had, and not his punches, produced the fracture.  
Hudson, short and stocky, and appearing heavier than the officially announced weight 118 pounds, had never before boxed in this vicinity. He was willing enough, but he was badly hurt, but he stayed out the round. Hudson asserted that Burns had, and not his punches, produced the fracture.

**A SWORN STATEMENT.**

**MILWAUKEE, Wis., Nov. 13.**—The report of H. E. Justin and R. W. Reed as a committee to recommend salary limit legislation read in part as follows:  
"The number of players each club, regardless of its classification, may carry, already is fixed by the National Commission, and these restrictions are believed to be satisfactory. The important question is the amount that shall be set as a maximum for an individual player.  
It is recommended that a system be devised whereby each club president shall send to the president of his league three days after his semi-monthly payday a sworn statement of the amount distributed to players in salaries during the period. A league president, doubting that statement, should report to the commission the number of proof should be made.  
It is recommended and urged that the present system of requiring affidavits from players and club presidents as to the correctness of salary figures submitted, be continued and strict penalties be attached.

**TAFT ANNOUNCES  
PANAMA CANAL  
CHARGES**

**Merchant Vessel Rate \$1.20  
Per Net Ton Actual Carrying  
Capacity, With 40 Per Cent.  
Cut on Ships in Ballast —  
No Reference as to Ex-  
emptions.**

**WASHINGTON, Nov. 13.**—(Can. Press.)—President Taft tonight issued a proclamation fixing the rates that the foreign shipping of the world shall pay for passage thru the Panama Canal. The proclamation, made under authority of the Canal Act, passed by congress in August, establishes a merchant vessel rate of \$1.20 per net ton of actual carrying capacity, with a reduction of forty per cent. on ships in ballast.  
The provisions of the proclamation are as follows:  
1.—On merchant vessels carrying passengers or cargo \$1.20 per net vessel ton each 100 cubic feet of actual carrying capacity.  
2.—On vessels in ballast without passengers or cargo 40 per cent. less than the rate of toll for vessels with passengers or cargo.  
3.—Upon naval vessels, other than transports, colliers, hospital ships and supply ships, fifty cents per displacement ton.  
4.—Upon army and navy transports, colliers, hospital ships and supply ships, \$1.20 per net ton, the vessels to be measured by the same rules as are employed in determining the net tonnage of merchant ships.  
The secretary of war will prepare and prescribe such rules for the measurement of vessels and such regulations as may be necessary and proper to carry this proclamation into full force and effect.  
Exemption Goes into Effect.  
American coastwise shipping was exempted from toll payment by congress. It was to this provision of the act that Great Britain diplomatically protested, but no reference to the incident was made in the president's proclamation. American naval vessels are exempted without specific mention in the act of congress or the proclamation, because the authorities believed it unnecessary to explain the uselessness of payment from its navy department pocket to the one belonging to the treasury department. The rates named in the proclamation are practically the same as those which will be in force at the Suez Canal next year.  
The president based his declaration of rates upon the report of Prof. Emory Johnson of the University of Pennsylv-

**Worn in Waiting for Powers  
to Act, Turkey Appeals  
Directly to  
Bulgaria.**

**CONSTANTINOPLE, Nov. 13 (midnight).**—(Can. Press.)—That the Porte has entered into direct negotiations with Bulgaria for an armistice is confirmed by the Turkish press. The Turkish commander-in-chief, has received instructions to open communications with the Bulgarian generals and he has sent an envoy to the Bulgarian headquarters.  
The Porte appears resolved upon this course, owing on the one hand to the delay of the powers in handling the mediation proposal, and on the other hand, to the divergence of views the proposal has occasioned among the powers. The Porte, according to official circles, is unwilling to let the existing embarrassments of the powers.  
It is understood here that only four of the powers agreed to submit the mediation proposal while two others, Austria and Germany, abstained from participating. Under the circumstances the Porte elected to apply directly to the principal belligerent, Bulgaria, and there is reason to believe that the same course will be adopted in the negotiation for the terms of peace.  
Progress of Aviation.  
Gen. Sir John French, of the British army, talked to a reporter on the Lusitania about aviation.  
"Its mortality is dreadful," he said. "Such sacrifices, however, attend every human advance.  
"With a grim smile he added:  
"On an aviation field an aeroplane inventor said one day to me complacently:  
"See the aeroplanes looking down on the plodding motor cars! That is the general rule now. Aeroplanes everywhere are looking down on motor cars."  
"Yes, and falling down on them, too," said I.

It is built to carry a heavy load—1800 lbs. Has 1 1/4-inch axle, double collar; full-bedded wheels, 13 1/4-inch; extra quality tire, 13 1/2-inch by 3 1/2-inch, with rounded edges. The body is black, 8 feet by 38 inches, well ironed, and has extension sills, toe board, and drop end board, neatly striped dark red gear, and leather cushion. Regularly, with rack, \$88.00; Friday bargain, \$79.00. Without rack, regularly \$80.00, Friday bargain ..... \$69.00

**T. EATON CO LIMITED**

rate upon war vessels was fixed at 50 cents a displacement ton, and Prof. Johnson had this comment to make:  
"The tolls on merchant vessels should be fixed low enough to enable the Panama Canal effectively to promote the commerce of the United States and the world, but the United States Government is not called upon to make the Panama Canal tolls upon war ships low for the purpose of lightening the burden of foreign countries. In sending their warships thru the Panama Canal, they should pay tolls high enough to cover costs and risks incurred by the canal authorities in performing the service rendered."  
Taking the estimates of the canal commission for expenses of operation and maintenance of the canal and for the improvements held to be necessary at the end of a decade, Prof. Johnson figures that the rate per net ton can be reduced at the end of ten years to \$1. Even with this rate, which he says, probably will correspond closely with the rate that may then be enforced thru the Suez Canal, the United States will obtain enough revenue from foreign vessels to pay all fixed charges provide a sinking fund of one per cent. to retire the Panama Canal bonds, and still have a surplus balance.  
The Johnson report shows that a foreign traffic of about 9,000,000 tons may be expected thru the canal during its first two years of operation, at a traffic of more than 11,000,000 tons in 1920, and 14,000,000 tons in 1925. Altho not maintaining that his estimate is final, Prof. Johnson declared that an increase of 60 per cent. a decade in tonnage could be looked for, and that this would make the canal self-supporting in 20 years.

DELAYS IN TRANSIT CAUSE GREAT LOSS TO FRUIT GROWERS

Hard to Get Damage Claims Adjusted For Negligence on Part of Carrying Companies.

PILFERING OF PEACHES

Complaints of Petty Thefts Have No Results Except Impudence Say Ontario Fruit Men.

"Transportation Problems" was the principal subject discussed at the Fruit Growers' Convention yesterday afternoon in Victoria Hall.

"The fruit growers suffer great losses every season in transportation of their products, thru delays in transit, delays in getting cars, thru lack of storage accommodation and thru the difficulty of getting reasonably proper settlement of claims for damage to fruit, caused by negligence on the part of the carrying company," said G. E. McIntosh, transport agent of the association.

Pilfering of Peaches. There was considerable discussion about the alleged pilfering of peaches and other classes of fruit, either by the employes, or thru the negligence of the employes of the carrying company. It was stated also that when the men complain to the express company about this theft, they seldom get anything more than impudence for their efforts.

Class Co-operation. The president, Dr. Johnson, of Forest, in his address advocated closer co-operation among the fruit growers, as in Lambton County about 35 per cent. of the apple crop had gone to waste thru lack of handling and marketing facilities.

So great have been the plantings of orchards, that Mr. Johnson, "that we are now faced by the problem of over-production."

L. J. Casner, provincial entomologist, delivered an address on "Our Common Insect Pests and Diseases of the Orchard," and P. E. Angie, Simcoe, spoke on "Laying Out and Planting of Orchard Land."

J. W. Crow, horticulturist, O. A. C. Guelph, addressed the meeting on "The Fruit Stock, its Selection and Care."

The closing address was given by Dr. J. Gordon Hewitt, Dominion entomologist, Ottawa, on the subject of "Nursery Legislation," he discussed the "Nursery Legislation" of the Dominion Government concerning the importation of infested trees.

The meeting obliged principally to the law that obliges double fumigation of the fruit, Ontario to Nova Scotia, while those sent from United States to Nova Scotia are fumigated only once.

HAMILTON ELOPERS WEBBED AT FALLS

Charles Hastings and Mary Brehney Outwit Adamantine Parents - Got Dispensation.

NIAGARA FALLS, N. Y., Nov. 13.—(Special.)—Unable to obtain the consent of their parents to the union of Charles F. Hastings, a Hamilton business man, and Miss Mary Brehney, also of Hamilton, called on a local official and were married here yesterday, under a dispensation granted by Roman Catholic Bishop Colton of Buffalo. The story of their elopement became public this afternoon.

Thomas Brehney, who lives at 172 Simcoe street, Hamilton, had refused to grant his permission for the marriage of his daughter, and recently the consent to the marriage. Then it was that the trip to the States to have the ed. Miss Lettie Jackson, accompanied the young couple to this city, and acted as bridesmaid.

SORROW IN FRANCE Sincere Tributes Paid to Canadian Work as Statesman.

PARIS, Nov. 13.—(Can. Press.)—France was greatly shocked by the news of the assassination of Premier Canalejas, who was greatly admired here as a statesman and a political leader.

During the difficult Franco-Spanish negotiations concerning Morocco, which resulted in a practical agreement, Premier Canalejas, by his great tact, kept the friendly relations of the two countries warm, not impaired in any way. Premier Poincare, immediately after receiving news of the crime, called at the Spanish embassy to express his grief.

President Fallieres sent a member of his military household to the Spanish embassy to say on his behalf that he was unable to understand the crime, as the late premier was a man of distinctly liberal tendencies. There was, therefore, no logic in making him a victim of an anarchical outrage.

GUELPH'S WINTER SHOW Exhibit of Horses Expected to Surpass Previous Showings.

GUELPH, Nov. 13.—(Special.)—Executive John Bright of Myrtle Station, William Smith of Columbus, John Saunders of London, A. W. Tyson of Guelph, and A. P. Westervelt of Toronto, secretary of the Ontario Provincial Winter Fair, were in the city today on a visit of inspection to the winter fair buildings.

Mr. Westervelt stated the entries are only just starting to come in, but expect a big rush in a few days. He is of the opinion that the various classes will be well filled, especially the horses. It is expected that the horse show this year will be better than ever.

Warriors of a Warrior State.

SALE OF HONEY WAS DISCUSSED

Dealers Advised Not to Include Weight of Containers When They Sell Their Product.

The practice indulged in by some dealers who sell honey by weight and include the weight of the container to make up the total weight, was strongly condemned at the opening session of the annual convention of the Beekeepers' Association of Ontario, held in the York County building yesterday afternoon.

Secretary E. B. Tyrrell of the National Bee-keepers' Association, dealing with the matter, said: "I must confess the method of selling extracted honey and including in the weight the tin which contains it. You don't ask your customer if he wants to buy ten pounds of honey and tin, and yet that is really what you are selling him. When he believes that he is buying a certain number of pounds of honey, and then finds that part of it is tin, he is apt to feel that he has been taken advantage of, and that does not leave the proper feeling for future sales. It is all right where you tell him he is getting the pound weighed, but it is not always told, and he has the right to be dissatisfied if he buys ten pounds of honey and does not get it."

Dealing with the question of improved methods of selling honey, Secretary Tyrrell declared that wherever it was possible he would advise a "direct to the consumer" trade in honey, where that is not possible, the bee-keeper should get as near that as he could.

It was brought out that approximately 70,000 pounds of honey are annually produced in Toronto and the immediate vicinity, and that there are upwards of a thousand hives in the city itself.

The convention is of three days' duration, concluding on Friday. The association is to be addressed this afternoon by Hon. J. S. Duff, minister of agriculture for Ontario. The election of officers is also to take place this afternoon.

Next Lehigh Valley to Move. Next Saturday will be moving day at the Toronto office of the Lehigh Valley Railroad, when they will move from their present office at 8 East King street, to 33 Yonge street, Traders' Bank Building. In the offices recently occupied by the Niagara Navigation Company. The increase in business has made a move to new quarters absolutely necessary. Much of this increase is due directly to the able efforts of Mr. W. Jay Hamilton, Canadian general passenger agent, who has been connected with the Toronto office for the past year.

Low Rates to Southern Points. Florida, Georgia and Virginia offer special attractions to the traveler at this season of the year, and the Canadian Pacific Railway is offering reduced rates. The following train service will be in effect, via Detroit: Leave Toronto 5 p. m. daily, arrive Detroit 11:25 p. m., and arrive Jacksonville, Fla., 8:40 a. m. the third day.

This is the fastest time between Toronto and the South, and the service not only embodies the utmost comfort and convenience, but in addition has the advantage of through sleeping cars from Detroit.

Cheaper to Get In Winter's Supply Of All Vegetables

President Delworth of Ontario Vegetable Growers' Association Speaks on High Cost of Living

CONSUMER IS TO BLAME Premier Borden Will Be Asked to Allow Ditchers to Enter Canada Duty Free.

Coincident with the exhaustive report on the increased cost of living submitted by a special committee at the board of trade meeting yesterday, was the argument advanced by Thomas Delworth in his presidential address before the Ontario Vegetable Growers' Association, that the consumer himself is largely to blame for the unfortunate situation, of which he is the chief victim. The big prices which Toronto purchasers are forced to pay for all table necessities, certainly do not go to the producers. The amazing difference between the growers' selling price and the cost to consumer can only be explained by the middle-men who operate between. But these too much rope. The consumer has grown to depend too much upon his grocer and butcher. He should do a certain amount of the handling himself. Particularly in this case, said Mr. Delworth, in respect to the purchasing of vegetables. By setting in a winter's supply, any head of a city family can save a considerable percentage on this item. It would mean, he believed, a great saving, for it would entail less work, less handling and less expense in the business of the middle-men, and thus the benefit of higher prices would go to the producer, and the consumer even at that would pay less money.

Weights and Measures. The president urged the association to continue its efforts to obtain legislation by parliament for a standard of weights and measures over the entire Dominion.

J. Locke Wilson, secretary-treasurer, in his report gave a resume of the year's work, mentioning particularly the work in connection with field crop competition at the Canadian National and Central Canada and Western National exhibitions in 1912 at these three exhibitions he has a sum of \$2000 was offered for garden products, including flowers. For 1913 he advocated the display of the province into three sections to show at Toronto, Ottawa, and London respectively, and thus to give the long transportation of perishable articles as existed in 1912. Grants were given to the Canadian industry and London branches in order to make a good display at these shows. The experience in New Ontario had not been conclusive owing to wet weather conditions, but were fairly satisfactory nevertheless. He advocated more extensive growing of winter vegetables, and showed how vital to the Dominion Government would admit ditching machines free, the farmer would be benefited, and the Canadian industry injured, as they are not manufactured in this country. About 400 bags of seed potatoes from New Ontario are being shipped to the members at the cost of \$175 per bag. Reports from the branches showed increasing interest and growth of membership. Reports on tests of seeds from member and Co. were to the effect that the results were very good. The co-operation was good in nearly every case and the annual report of the association about 100 per cent. The demand for the annual report of the association exceeds the supply.

A motion by W. J. Kerr, Ottawa, seconded by W. J. Robb, St. Thomas, was carried, asking the Dominion Government to admit free of duty traction ditching machines, which are not manufactured in Canada and which would be of inestimable benefit to the farmer, in view of the present scarcity of labor and great cost of operation, and the much cheaper results from the use of the machines.

CANADIANS DO WELL AT OXFORD

Dr. Parkin Says That Rhodes Scholars Exert a Very Distinct Influence at the Present Time.

"A group of Toronto University men exert a very distinct influence at the present time in one of the foremost colleges of Oxford," said Dr. George R. Parkin, formerly principal of Upper Canada College, and now organizing representative of the Rhodes Scholarship Trust, yesterday. Dr. Parkin said that he was very proud of the scholars that Canada has sent to Oxford. There were now 24 Canadians in residence at Oxford, and they are thrown among 3500 students. The Canadians as a group have done as well as any group of students at Oxford. A few have won distinction and nearly all have done well.

Dr. Parkin is spending some months on this continent in an endeavor to establish the scholarship system on a solid basis. He has recently visited the United States and some cities in the United States. Dr. Parkin will at 1 o'clock today address the Empire Club on "The Educational Problems and Responsibilities of the Empire," and he will address the students at Convocation Hall on Friday afternoon.

MISSION TO LEPERS. The regular monthly meeting of Toronto auxiliary of the mission to lepers held in Toronto Bible College, 110 College street, on Monday afternoon, Nov. 13, at 3:30 o'clock. Miss Elizabeth G. Taylor, who is home on furlough from Kiangsi, China, will give an address.

EXPECTED DEATH FROM DAY TO DAY

Another Case Where Life Was Saved and Health Restored by Nerviline.

We have all read and heard of the agonies of sciatica, but only those who have been tormented by this dread malady can fully appreciate what it may mean to be cured after years of suffering.

It is because he feels his solemn duty to tell to the world his faith in Nerviline that Victor P. Hires makes the following declaration: "For three years I was in the Royal Mail service, and in all kinds of weather had to meet the night train. Dampness, cold and exposure brought on sciatica, which affected my left side. Sometimes an attack would come on that made me powerless to move. I was so nearly a complete cripple that I had to give up my job. I was in despair, completely cast down, because the money I had spent on trying to get well was wasted. I was speaking to my chemist one day and he recommended 'Nerviline.' I had had the good ointment rubbed on several times a day, and got relief. I continued this treatment four months, and was cured. I have used all kinds of liniments, and can truthfully say that Nerviline is far more penetrating and infinitely better than anything else for relieving pain. I urge everyone with lumbago, neuralgia, rheumatism or sciatica, to use Nerviline. I know it will cure them."

Get Nerviline today, large family size, 50c; trial size, 25c. All dealers or The Catarhozone Co., Buffalo, N.Y., and Kingston, Canada.

INSPECTORS THINK A SPECIAL SCHOOL AND STAFF SHOULD BE USED TO INSTRUCT MENTAL DEFECTIVES.

How to deal with the mentally defective children at the public schools, was one of the questions on the order paper for today's meeting of the board of education management committee.

According to the inspectors' report, there are 32 pupils who should not be placed in the regular classes, but should be placed in some special institution. There are also 120 mentally defective pupils, who should be taught in special classes. The board of inspectors think such suitable school, established by the Government of Ontario.

The inspectors recommend that the case of the board of directors, decide on establishing a special school for such children, a principal for such school, that the children be collected at their homes in the morning and returned in the evening in motor buses, and that they be supplied with a midday meal.

M'INTYRE RESIGNS CITY SOLICITORSHIP. KINGSTON, Nov. 13.—(Special.)—The resignation of D. McIntyre, K. C., as city solicitor was received today by Mayor Hoag. Mr. McIntyre returned here last night from Toronto. He intimated that he would enter upon the duties of chairman of the Ontario Railway Board on the first of December.

UNIVERSITY LECTURE. Dr. George R. Parkin, C.M.G., secretary of the Rhodes Scholarship Trust, will speak on Friday, Nov. 15, at 5 o'clock, in the west hall of the main building. The subject of the address will be "Ten Years of the Rhodes Scholarship." The lecture is open to the public.

EDWARD HENDERSON'S DEATH. (Special.)—Edward Henderson, born in Lindsay, Ont., 62 years ago, and formerly rather prominent in Toronto, died in a local hospital today. Besides his wife, two sons, Arnold, this city, Mer, Mrs. D. Dates of this city, survive. They will be away from Toronto for a month.

Premier Takes Holiday. Sir James Whitney and Hon. Dr. Pyne Going to England. Sir James Whitney, accompanied by Hon. Dr. Pyne, minister of education, will leave Toronto this afternoon for New York, and will sail by the Cunard steamer on Saturday for England. Neither Sir James nor Hon. Dr. Pyne are able to take a holiday during the summer. They will be away from Toronto for a month.

right. Barnard, 2 Dundas. Telephone 400.

STANDARD SALE-Twenty

\$2000 worth of furniture, 100 lbs. of clothing, 100 lbs. of shoes, 100 lbs. of hats, 100 lbs. of coats, 100 lbs. of suits

BIG RECEIPTS AT UNION YARDS

Good Cattle Were Steady and Common Grades Easier - Hogs Sold at \$8.

Receipts of live stock were again large, 10,120 cars, comprising 200 to 175 hogs, 14,500 sheep and lambs and 154 calves.

There was no actual change in the condition of the market for cattle as compared with Monday. A few loads of really choice steers were offered, but others or packers did not seem to want them.

Chicago Live Stock. Market for choice live stock, receipts steady. Receipts, 10,120 cars, comprising 200 to 175 hogs, 14,500 sheep and lambs and 154 calves.

Representative Sales. Wholly sold 20 carloads of stock, 100 to 125, best hedges, 50 to 100 lbs.

Market Notes. The market for live stock at this time is not unpropitious. The original total amount was \$1,700,000.

INDIANAPOLIS, Nov. 13.—(Can. Press).—At least fourteen persons were killed and fifteen seriously injured at 2 o'clock this morning when an inbound Cincinnati, Hamilton and Dayton passenger train ran into an open switch.

MR. CHERRY'S ESTATE. Mrs. Charles R. Cherry of Toronto left an estate valued at \$800,000, of which \$700,000 was invested in real estate.

CATTLE IN POOR DEMAND

Several Loads Had to Be Held Over, The Poorer Grades Sold Readily.

MONTEBEAL, Nov. 13.—At the Canadian live stock market the receipts for the week ended Nov. 9 were 200 cattle, 400 sheep and lambs, 200 hogs and 100 calves.

Chicago Live Stock. Market for choice live stock, receipts steady. Receipts, 10,120 cars, comprising 200 to 175 hogs, 14,500 sheep and lambs and 154 calves.

Representative Sales. Wholly sold 20 carloads of stock, 100 to 125, best hedges, 50 to 100 lbs.

Market Notes. The market for live stock at this time is not unpropitious. The original total amount was \$1,700,000.

# Mining Stocks Show indications of Making for Higher Prices

## WHEAT MARKET DROPPED TO STILL LOWER LEVELS

Nothing in Situation to Inspire Bulls, and Prices Declined Steadily—Balkan Crisis Less Alarming—Domestic Conditions Were Bearish.

CHICAGO, Nov. 13.—Wheat today made the lowest close of the season. Demands that Argentine crop conditions had become less promising turned the market heavy. Final prices were a half, but 1-2c to 5-8c under last night's latest trading level from 1-4c to 2-8c down, oats off 1-4c to 1-3c and provisions at an advance of 10c to 20c.

A leading house here stood sponsor for statements that the reports of hot winds and excessive rain in Argentina had originated in this country and that neither Buenos Ayres nor Liverpool could confirm such unfavorable tidings. On the contrary, the outlook for the harvest was declared excellent.

Selling was increased by huge receipts at primary points in the United States, notice of an advance in freight rates to the east and rumors that Austria had conceded an Adriatic outlet to Serbia.

Corn weakened with wheat. Nearly all reports were favorable concerning the new crop.

In oats the record stood the same as for wheat—the lowest close of the season. Slackness of demand was responsible.

Provisions ruled stronger through on account of diminished receipts of live hogs.

Receipts of wheat at northwest points, with usual comparisons, follow:

Table with columns: Northwest Receipts, Week, Year, Chicago, Minneapolis, Winnipeg, Duluth.

European Markets. The Liverpool market closed 1/4c to 3/4c lower on wheat and 1/2c to 3/4c lower on corn. Berlin wheat closed 1/2c lower, antwerp unchanged, Budapest 1/2c lower, and Paris unchanged.

ST. LAWRENCE MARKET. On account of the rain there were no deliveries on the farmers' market. Prices given are nominal.

Wheat, No. 1, bushel, \$1.00 to \$1.05; Rye, bushel, 0.85 to 0.90; Oats, bushel, 0.65 to 0.70; Corn, bushel, 0.45 to 0.50; Beans, bushel, 1.00 to 1.10; Potatoes, bushel, 0.10 to 0.15.

## BIG WHEAT RESERVES BEING ESTABLISHED

Broomhall Says Large Shipments From Exporting Countries Are Easily Absorbed.

Broomhall's weekly review of the world's wheat situation, issued last night in Liverpool, follows: During the past week the international wheat market has been dull, with cargo prices rather higher and continental markets mostly heavy. The chief factors have been the political situation, the heavy North American receipts and shipments, both at the present time and prospective, and lastly the favorable outlook for the Argentine crop.

The Australian, Argentine and Indian crops all promise to be unusually large, and the heavy shipments are likely to continue for some time, and I expect that the American quota will exceed 8,000,000 bushels.

The demand for wheat and there is no doubt a large amount of wheat and there is no doubt a large amount of wheat and there is no doubt a large amount of wheat.

Local grain dealers' quotations are as follows: Ontario oats—New, 30c to 40c per bushel, outside.

Manitoba oats—No. 3 C.W., 42c; No. 3 C.W., 41c, lake ports.

Ontario wheat—New, 56c to 60c, outside. Inferior grades down to 70c.

Rye—No. 2, 78c to 80c per bushel, outside, nominal.

Peas—No. 2, \$1.10 to \$1.15, nominal, per bushel, outside.

Buckwheat—50c to 55c, outside, nominal.

Manitoba wheat—No. 1 northern, 80c; No. 2 northern, 78c, track, lake ports; feed wheat, No. 1, lake ports.

Manitoba flour—Quotations at Toronto are: First patents, 87c, in cotton 10c; more; second patents, 85c, in cotton 10c; more; strong bakers', 85c, in cotton 10c; more.

## MARKET COMES IN FOR MORE BUOYANT ACTION

Ore Shipments From Gowganda

The shipments of silver ore from the Gowganda camp from the first of January, 1912, to the first of November, in tons by months are as follows:

Table with columns: Month, Tons, January, February, March, April, May, June, July, August, September, October, November.

Previous year's shipments out of the Gowganda and Gowganda include the following: 1909, 20,000 tons; 1910, 20,000 tons; 1911, 22,000 tons.

Standard Stock and Mining Exchange. Open High Low Close Sales.

Table with columns: Name, Price, Beaver, Brierley, Gifford, La Rose, Chambers, City of Cobalt, Porcupine, Ophir, Lake, Nipissing, Timiskaming, Trethewey, West Dome, Miscellaneous.

COMFORTABLE GAINS DEVELOPED. Holdings reached 5 1/2 per cent yesterday, a net gain of 20 points, and the close at 14.50 showed a comfortable gain for the session.

Both the Porcupine and Cobalt lists showed signs of stimulus at the least, and the fact that a round half dozen issues wound up at good advances for the day plainly bore out the optimistic sentiment which animated the trading.

## JUPITER PLANS TO ERECT SMALL MILL IN SPRING

Porcupine Hears Report to that Effect—Development Is Proceeding Favorably on All Levels.

Development is still in progress at the Jupiter mines. At the present time the work is being confined to the 100, 100 and 200 foot levels, where the good results. Almost 400 feet of drifting has now been done on the 300 foot level, and the greater part of this work has been done in a body of good rock.

The No. 2 shaft is being used for the development of the lower level, and it is the intention of the management to connect the Nos. 1 and 2 shafts. This work is expected to be accomplished within the next two months.

While no official information is given out, it is nevertheless rumored that the Jupiter will erect a mill in the near future, and the properties that have furnished much of the special equipment, free gold, attracting the attention of mining men the world over.

## NEW VEIN FOUND AT BEAVER PROPERTY

COBALT, Nov. 12.—Another important find has been made at the Beaver Consolidated. In a crosscut west of the main vein a three-inch vein, carrying 250 lbs. of ore, has been discovered. The find is in virgin territory. The new vein has been opened for a distance of 10 feet.

Erickson Perkins & Co. wired: Highest prices of the day for stocks were reached in the last hour, and the result of more favorable advices from abroad regarding the Balkan war situation. British consols were firm and the western of our exchange on London was taken as a good sign.

Once the danger is over in Europe gold will be in good demand, and prices will be advanced. It is expected that the stock market outlook will be at once improved.

Liverpool Cotton. Nov. 13.—Cotton futures closed 5 1/2 per cent yesterday, a net gain of 20 points, and the close at 14.50 showed a comfortable gain for the session.

Improved European Outlook Had Favorable Effect on Sentiment in Toronto Stock Exchange.

## BRAZILIAN THE LEADER

General List Was Comparatively Firm, But Speculation Continued in Moribund Condition.

Speculation continued at a very low level in the Toronto Stock Exchange yesterday, but the dominant firmness to prices plainly manifested the improved status of sentiment. This was due entirely to the more favorable European outlook, as evidenced by despatches indicating that the great powers were working more in agreement over the Balkan question. The alternative ups and downs of the diplomatic end of the problem have become so pronounced of late, however, that financial circles were disposed to await a clearer view of the probable outcome, consequently the market did not respond to the extent which otherwise might have been expected. There is no idea that there is more than a remote possibility of a general conflagration, but in the event that the European crisis will entail many a bad quarter hour for the stock exchange, traders are making commitments only with the greatest caution.

The money situation poses almost as a greater factor locally than the European diplomatic imbroglio. Funds are decidedly tight, and this has occasioned not a little hardship among the lenders. Loans have been called from time to time during the last month, and on almost every occasion there has been a scurrying to locate private funds available on call. Meanwhile, of course, the market has been devoid of speculation, and as long as this condition continues, there is little prospect of any material improvement in stock prices.

Brazilian was the leader in the movement yesterday, in fact that issue was the only one to maintain even a semblance of activity. The shares rose 7-8 to 81 7-8, and closed at practically the top level of the day. At the same time other securities which had advanced, the trading was so dead that the action to prices was not viewed as the specially significant. The latter might be made concerning a number of smaller declines which occurred. Bread which dropped to a new low record at 78 3/4 for a five cent loaf, Telephone, Toronto Railway, and London and Canadian Loan being prominent among these. The latter is seen to have lost a full point, making a net decline of a point from the recent top record. Bank stocks were quiet and generally fractionally weaker.

## QUIETEST TRADE FOR LONG TIME IN MONTREAL MART

Stocks Were Featureless and Volume of Speculation Small—C.P.R. Showed Firmness.

MONTREAL, Nov. 13.—Local stocks were featureless today, price movements being inconsequential and the volume of trading the lightest since the dull period in the latter winter. Exclusive of mining stocks less than 1000 shares changed hands. C. P. R. showed the general dullness and while the tone of the general market was at an advance of 3-8 for the day, closing bid, 28 1/2, showed an easier feeling. Montreal Power, in which the turnover was largest, declined 3-4 to 238 3/4. Dominion Steel sold at an advance of 1-2, but closed at a point higher at 112. Nova Scotia Steel was heavy at 85.

## BIG SHORT INTEREST IN NEW YORK MARKET

Charles Head and Co. to J. E. Osborne. The short interest is now so large that any good news might easily cause a sharp rally, and, in fact, the foreign reports have all been of a ternous and stocks have held firm or advanced. The outlook would seem to favor a further gain in values for the time being and should the foreign advances continue favorable we should expect a material advance in prices.

## THE ROYAL BANK OF CANADA

WITH WHICH IS UNITED THE TRADERS BANK OF CANADA INCORPORATED 1869  
Capital Authorized \$25,000,000

290 Branches throughout Canada.  
Savings Department at all Branches.  
LONDON, ENG. OFFICE Bank Bldg.—Princes St.  
NEW YORK AGENCY Cor. William and Cedar Sts.

## RECORD EARNINGS OF U. S. STEEL CO.

Present Indications Point to Realization of Recent Predictions—Earnings for This Quarter Likely to Reach \$35,000,000, Which Would Be Largest Since 1909.

NEW YORK, Nov. 13.—The record-breaking production of the U. S. Steel Corporation in the month of October indicates a heavy increase in earnings in the fourth quarter over the third quarter. Estimates have placed the earnings for the current quarter around \$35,000,000, but from present indications they may be in excess of \$35,000,000, which would enable the corporation to report a surplus of approximately \$2,000,000.

## TRUST BUSTING CAMPAIGN SOON IN FULL SWING

Many Suits Under Sherman Act Pending Across the Border—Big Factor in Wall Street.

Among the many factors now overhanging the Wall Street market, one that should not be lost sight of is the trust-busting campaign, which will soon loom up as a market influence of no small importance. True, the bearing of the many suits now pending will probably not come off until next spring, but financial interests will begin to prepare for their effect long before the actual occurrence of the event. The department of justice of the United States is making unusual efforts to push the pending anti-trust suits, and the arguments will be completed just as soon as possible, so that the hearing may commence. The cases against the United States Steel Corporation and the International Harvester Co. will probably be ready for decision about March 4 next. Other important anti-trust suits now pending are the civil suits against the American Sugar Refining Co., Keystone Watch Case Co., National Register Co., and the United Shoe Machinery Co.

## LONDON MARKET SHOWS FIRM TONE

Improvement in Diplomatic Outlook Reflected in Capel Court—Dividend Increase.

LONDON, Nov. 13.—Money and discount rates were firm today. The satisfactory improvement in the diplomatic outlook in the near east gave the stock market a firm undertone and induced further continental and local buying. Consols gained a quarter of a point, but later on an eighth. Continental favorites moved higher. Shipping shares were firm features on the increased dividend of the Peninsular and Oriental Steamship Company. The speculation section closed a fraction below the best on profit taking. The closing was steady.

## BANK FIASCO MAY BE BAD FOR CANADA

A good deal of comment is being heard on the fact that the Parisian shareholders of the Banque Internationale of Canada were so glad to get out of their bargain at any price that they have accepted \$5 a share for their stock. Only the first instalment of \$10 a share had been paid on this, so that their loss on the transaction is 50 per cent. In the first negotiations they were offered \$6, but held out for \$7. The incident will not help Canada in the minds of foreign investors, and is particularly restorable in view of the recent Quebec Railway episode, which the French lost so heavily.

## BERLIN EXPECTS A RISE IN BANK RATE

BERLIN, Nov. 13.—The market opened firm today. The market reacted on the advance in the private rate of discount, which is supposed to indicate an early advance in the rate of the Imperial Bank of Germany. The closing was steady.

## SPECULATION WAS AT VERY LOW LEVEL

Professional Traders Wary About Taking on New Commitments—London a Moderate Buyer.

## PRESSURE ON STEEL

Trade Reports Concerning Steel and Iron Industry Are Encouraging.

NEW YORK, Nov. 13.—By reason of its extreme dullness, the course of today's stock market hardly merits detailed comment. Price changes were irregular for the greater part of the session, with a steadier tone in the final hour when best prices of the day were recorded. Trading lost none of its professional character, but even that fact seemed averse to taking on new commitments.

## ECONOMIST HAS NOTE OF WARNING FOR INVESTORS

Edmund Thery Compares Situation to That of 1870—Big Decline in Stock Market May Be Imminent.

Edmund Thery, the great French economist and student of financial conditions, has issued a warning note in regard to the present situation and investors to dispense with great caution, saying present conditions warrant fears as to the break of Franco-Prussian war. He notes at that time Europe's financial capitalization totaled 200 milliards of francs, while at present capitalization is 750 milliards of francs, with only 40 milliards in gold. Mr. Thery deduces that a tremendous increase in security values threatens if political horizon does not clear.

## AMMUNITION OF BULLS ON C. P. R. WAS EXHAUSTED

Attribution of Decline to Balkan Crisis May Be Very Wide of Mark—Berlin Sold Heavily.

"Berlin was apprehensive over affairs in the Balkans and sold Canadian Pacific." Something like this has recently appeared on several occasions in the foreign cables. Why Berlin should sell Canadian Pacific over the relations of Austria and Serbia, or the possible fall of Constantinople, is not very clear; but the probability is that the liquidation of Canadian Pacific for quite a while has been in progress. The stock had a very large rise, and the announcement some weeks ago of valuable rights seemed to exhaust the bull ammunition. Since that time there has been liquidation on every favorable opportunity, and the market position of the stock has suffered considerably.

## SYDNEY LOAN OVERSUBSCRIBED

LONDON, Nov. 13.—In view of the lukewarmness shown to recent Canadian issues, it is noteworthy that the City of Sydney \$500,000 4 per cent. loan debentures at 97 have been considerably over-subscribed.
